Chairman and Top Management Team

From the desk of the Chairman

Dear Shareholders,

I take the pleasure in presenting the 29th Annual report along with the audited accounts of your company for the year ended 31st March 2014.

Though last few years were sluggish for automotive sector, we see growth in near future with the stability expected in Indian economy. Subros has invested in new facility at Chennai, to take care of the expected growth in demand. The company is also investing in New Tool Room as part of backward integration.

I would like to express my special thanks and deep appreciation to all the employees of Subros for their commitment and dedication to meet the Company's goals. I would like to express my gratitude to my customers and JV partners for their continued support and guidance. Finally, I would also like to express my deep appreciation to you, our shareholders, for your continuing interest in Subros business activities and assure you that your company will, as always, live up to your expectations.

Ramesh Suri
Chairman

From the desk of the Managing Director

Dear Shareholders,

This year has a special significance as it marks 25 years of your company being listed. Subros has come a long way since then and it would not be possible without the support of all the stakeholders of the company. So I would like to begin by extending my gratitude to all and seek your continuous support in the future.

The year 2013-14 continued to be very difficult and challenging, due to Macro-economic factors of inflation, rising interest rates and currency volatility, leading to a stagnant economy, low profit margins and low capacity utilization. In order to minimize the impact of these external factors, your company made suitable adjustments in decisions related to capacity expansion and shifted focus to backward integration to save costs. These initiatives coupled with drive for efficiency improvement across the Company's value chain and aggressive Value Engineering activities, we were able to reduce material costs and improve gross margins. As a result, our EBIDTA improved to 11.49% thus leading to partial recovery of losses due to lower Sales turn over and higher costs of Interest & Depreciation.

At the same time, and in line with our overall mission of "Growth with Profitability", your company has tied up some significant new businesses in the year from both existing as well as new customers such as Renault Nissan. Further, our plant that was set up in Chennai is now operational and is catering to Ashok Leyland Nissan, Indian railways, Renault Nissan, FML and the aftermarket.

Further, Subros is working closely with Denso as part of a joint program to optimize capacity utilization thro' sharing unutilized manufacturing Infrastructure, which will involve supplies to Denso group Companies. We have started supplies as per this program for RS Evaporators.

More such programs are underway to improve Capacity utilization.

Your company has also invested in a high quality Tool Room, which will cater to all our in-house, needs and has also potential for commercial usage. We have already started supplying specialty Tools to our group Companies in India. We are proud of this achievement and would like to take this opportunity to thank our internal team who has made this highly skilled diversification happen. We also thank M/s Denso for their continued support and co-operation.

The year also saw some significant recognition from our customers; we were given the "Overall Excellence Award" from Maruti Suzuki along with the awards in quality and various other areas. We were also recognized by ACMA for manufacturing excellence. Subros was rated at level V on TCM (Total Cost Management) maturity model, a recognition awarded by CII - TCM division. Subros is the second company in India to achieve such recognition. A big thank you to our team both at the centre and the plants.

The year 2014-15 will pose its own challenges as the issues of the previous year will remain, though there is a sense of normalcy and stability which is being felt both at the macro-economic as well as the political and national level. This has already resulted in small improvements in business sentiments and we hope that this will continue, not withstanding other Global disturbances. We on the other hand realize that we need to Evolve with the changing times, and our belief is that Agility and Continuous Innovation will enable us to be more competitive as it will enable flexible cost structures.

Before I conclude, I would like to first thank our people, as it is their dedication and handwork that makes us what we are. I would also like to thank our esteemed Customers for continuously supporting us and reinstating their belief in us by giving us more business, I would also like to thank our partners, M/s Suzuki corporation Japan and M/s Denso Japan, our bankers and most importantly our shareholders. We will continue to strive for enhancement of Shareholder value for the best benefit of all stake holders thru continuous improvement and sustainable growth.

Management Discussion and Analysis 2014

1. Industry Outlook

- 1.1 The year 2013-14 was marked by extremely poor sentiments in Indian Economy due to issues of Policy paralysis and impact of Global economic factors. The Indian economy grew at a dismal sub-5% for second successive year. The auto sector was impacted severely due to overall market sentiments making customers defer their purchases and has virtually stagnated. This in effect impacted Indian Auto ancillary sector. The business scenario is likely to continue to be cautious in 2014-15 due to expected changes in political environment, but with a sense of optimism of new government.
- 1.2 During the year 2013-14, the Auto Industry de grew by 5% due to overall poor economic outlook, which impacts high value purchases like automobiles. However, the Company's biggest Customer Maruti-Suzuki has maintained its Sales with a marginal 0.3% growth in Sales.
- 1.3 The 2014-15 outlook for the Indian auto industry is expected to continue to be under stress, driven by the expectation that the credit metrics of most companies, though may weaken, will continue to be in line with values expected during a cyclical downturn. The big cause of concern will be poor utilization of Investments already made in the Industry.
- 1.4 However, inflation rates, Foreign Exchange fluctuation, rationalized fuel price scenario and changed political economic scenario may impact favorably to the industry during coming years. Also new government focus on infrastructure development may give boost to Indian Automobile industry especially commercial vehicle segment.
- 1.5 While the industry is struggling to realize its growth pace, at the same time auto ancillaries are struggling to meet its profitability targets due input cost pressures, low capacity utilization. This makes it imperative for the Industry to drive costs down and work on improvement of internal efficiencies thru' manufacturing excellence.
- 1.6 The labour situation in the country may play a big spoiler to Industry's growth prospects with reported instances of Industrial strife at many of Auto Majors across the country and at Auto-ancillaries. Managing expectations of young and restless workforce will be one of the big challenges facing the India Auto Industry.
- 1.7 The commercial vehicles (CVs) segment continues to be stable for the Company with good and stable performance from Force Motors. The segment is likely to register overall volume growth of 5-6% in 2014-15, driven largely by the sales of light commercial vehicles (LCVs). This high volume will come as CVs are more dependent on consumer non-discretionary activities and less on industrial activity.

2 Financial & operational Performance

- 2.1 Company's Gross Sales has reduced to Rs.1314 crores in 2013-14 from Rs.1,435 crores during 2012-13, largely on account of drop in Sales at other Customers and Pricing adjustments with Customers as per Forex based pricing adjustment policies with its major customers with lag effect. The profit before tax of the company was also impacted due to commodity price and foreign exchange fluctuation, by which Costs are based on current prices and Sale prices are based previous quarter / period.
- 2.2 In view of fluctuating foreign exchange scenario, the Company has continued with its efforts to improve the level of localization of various imported parts, in addition to having a more stable Forex hedging policy. Various VA/VE activities were initiated along with active participation with supplies to improve efficiency of operations. During the current year the company has localized Tube Fin Evaporator and also extended use of new generation RS Evaporators in Tata and M&M application.
- 2.3 The company has received many prestigious orders from its customers during the year and the Company has started investments to meet the Target milestones against these orders. These cover businesses for HVACs, Condensers, Hose & tubes and Compressors from its existing customers and also new customers like Renault-Nissan. The commercial supplies against these Supplier Nomination letters / LOIs will start from 2014-15 onwards.
- 2.4 The Company is also continuing to invest in more localization projects for key Compressor parts and Heat exchanger parts with the strong technological support of our partner Ms/ Denso Corporation of Japan. These projects will go on stream during the year 2014-15 onwards.
- 2.5 Company is witnessing continuous improvements in operation activities and has been continuously receiving various awards and recognition from the Customer and other external agencies. The details are mentioned herein below
- a) MSIL- Gold Trophy for Best Vendor Award for overall performance
 - b) MSIL- Shield for Quality
 - c) MSIL- Shield for System Audit Rating
 - d) MSIL- Certificate for Inner part Localisation
 - e) Economic Time Platinum Award- Manufacturing Excellence
 - f) ACMA Gold award for Manufacturing Excellence.
 - g) Frost and Sullivan - Ranked by among Top 5 Companies in Innovation Adaptation (Ranked 1) and Customer focus (Ranked 3) by Frost and Sullivan
 - h) Excellence award in various Quality Circle initiatives.
- 2.6 Subros continues to build and maintain sustainable relationships with it's supply chain

particularly in relation to long-term strategic direction of the business. Vendor management is critical to Subros, as nearly 69%-70% of the Net Sales is currently made up of material cost.

3. Information Technology

- 3.1 Core business processes of production, logistics, upstream and downstream supply chain operations of the Company are integrated thro' a robust IT-ERP system using SAP.
- 3.2 The Company has strong Information Technology deployment for Decision Support System such as SAP, PLM, CAD, CAE, Project Management system, Vendor extranet etc. It has helped generate process efficiencies and lean operations. It also helps manage complexity and scale, both in house and with vendors.
- 3.3 The Company's Vendor Management System using Information Technology tools enhanced its coverage across the network of Vendor throughout the country. The system enables the Company and its Vendor to have real time access to information on Vendor operations, Vendor information and feedback.

4. Internal Controls and their Adequacy

- 4.1 Company has in place systems of internal control which are commensurate with its size and nature of its operations. These have been designed to provide reasonable assurance with regard to recording and providing reliable financial and operational information, complying with applicable statutes, safeguarding assets from unauthorized use or losses, executing transactions with proper authorization and ensuring compliance of corporate policies. Further Internal audit and management reviews are conducted regularly and the reports are regularly submitted for review to the Audit Committee of the Board of Directors.
- 4.2 Company's Audit Committee reviews all audit reports submitted by the Internal Auditors; follows up on the implementation of various recommendations, meets the Company's statutory auditors to ascertain their views on the adequacy of internal control systems; and keeps the Company's Board of Directors informed of major operations from time to time.

5. Risks and concerns

- 5.1 The Company is exposed to external and internal risks associated with the business. The operations of the Company are directly dependent on the growth of Indian Automotive industry. General economic conditions impact the automotive industry, and, in turn, the operations of the Company. To counter these risks, the Company continues to broaden its product portfolio, increase customer profile and geographic reach. In view of this, the company has made expansion plan in commercial vehicle segment to de-risk its dependency on Car Segment.

- 5.2 The Company is expected to face strong competitive pressures both domestic and overseas. The Company is also exposed to financial risk from changes in interest rates, foreign exchange rates and commodity prices. The company also faces challenges with regard to fast changing technology, reducing life cycle of new vehicles, supply constrains from Tier II suppliers, sustaining cost efficiencies brought into the system and planning capacity expansion in the wake of changing patterns.
- 5.3 Risk management is reviewed by the Company on a regular basis in addition to monitoring for any new risks that may arise due to changes in the external or business environments. While the possibility of negative impact due to one or more of such risks cannot be totally ruled out, the Company proactively takes conscious and reasonable steps, making efforts to mitigate the significant risks that may affect it.
- 5.4 Intensity of competition has increased in almost all the segments of the Indian automotive market-due to entry of new players and expansion plans of existing Competitors. The Company is aware of the increasing competition and is taking measures to remain competitive in the market place.
- 5.5 R&D Centre at Noida is fully used for product development for new model launches with assistance from the collaborator, Denso Corporation Japan. The Joint Venture Company DSEC (Denso Subros Thermal Engineering Services) is taking care of application design and allied services for new models to be launched by our OEM's. This is bringing expertise and experience of Denso engineers to work with Indian talent and develop high technology solution at low cost with short lead time for Indian market.
- 5.6 The Company is undertakings various new projects ranging from development of new models and new segments also. These projects are at various stages of planning & execution. Though the Company employs sophisticated techniques and processes to forecast the demand of new products, yet the same is subject to margin of error. Timely introduction of new products, their acceptability in the market place and managing complexity of operations across various manufacturing locations would be the key to sustain competitiveness.

6. Future Plan

- 6.1 In view of the growth opportunities in domestic market and proactively observing the cost pressure of the market, your company has made extensive Localisation plans and VAVE plans for the key components. The objective is to develop capabilities to provide latest technology product to the customer with low cost. Further, this will help the company to sustain growth profitably and minimize the impact of fluctuation in economic indicators.

- 6.2 Your Company considering the growth in the Automobile sector in general, has planned its capacity expansion at its existing facilities at Noida, Manesar and Pune, to cater to the increased demand from existing as well as new Automobiles manufacturers in India. Further, the company is expanding its business at Chennai to take care of manufacturing parts for commercial segment and after-market.
- 6.3 The Company is also expanding its facilities of Tool Room and focusing on in house development of all Molds/ Dies which are required for its New Product Development. This will help the company to shorten the lead time of product development and also save cost. New Tool Room shall be operational by middle of 2014-15.
- 6.4 The company is fully equipped with the capacity to meet the demand of its Customers for the current year and finalized plan for capacity expansion to meet future demand of the industry.

7. Human Resources

- 7.1 The Company is taking fresh initiatives for continual improvements in employee engagement towards developing company's human capital. This has resulted in reduction of employee turnover & better productivity.
- 2.2 Company is also taking professional service support from E&Y for improving employee engagement activities and strengthening employee satisfaction areas.
- 7.3 Employee training activities are well emphasized in the company. This is in line with competency matrix and training needs identified thru performance review of each employee. This will give focus approach for individual skill enhancement.

Cautionary Statement

Statements in this Management Discussion and Analysis describing the Company's objectives, projections, estimates and expectations may be (forward looking statements) within the meaning of applicable laws and regulations. Actual results might differ substantially or materially from those expressed or implied. Important developments that could affect the Company's operations include a down trend in the automobile sector, significant changes in the political and economic environment in India, exchange rate fluctuations, tax laws, litigation, labour relations and interest cost.

Directors' Report

To
The Members

Your Directors are pleased to present the 29th Annual Report of the Company together with the Audited Accounts for the year ended 31st March, 2014.

FINANCIAL RESULTS

	Current year 2013-14 (Rs. in Lacs)	Previous year 2012-13 (Rs. in Lacs)

DIVIDEND

Your Company has earned a net profit (after tax) of Rs.2026 Lacs as against Rs.2057 Lacs in the previous year. Your directors recommend a dividend of Rs.0.70 per share i.e. (35%) on the paid-up equity share capital for the year ended 31st March, 2014 as against Rs.0.70 per share i.e. (35%) declared in the previous year. The dividend, if approved by the shareholders at the ensuing Annual General Meeting, shall absorb a sum of Rs.420 lacs exclusive of Dividend Tax.

BUSINESS OPERATIONS

Your Company has invested significantly for Technology upgradation, New product development and Localisation to sustain its market leadership in future years. However, the adverse Market situations, delayed Product launches has led to decline in sales and non-realisation of complete benefits from the investments made and higher finance cost.

The Indian Auto Industry on account of many economic and industrial reasons has shown slower trend and has consequently de-grown by 5%, where as our main customer i.e. Maruti Suzuki has grown positively by around 0.3%, but other customers like Mahindra & Mahindra and Tata Motors has de-grown substantially. Your company recorded a decrease of 8% in the gross turnover of Rs 1314 crores during the year as against Rs.1435 crores in the previous year, due to lower sales and impact of Sale Price adjustments based on Forex levels of previous period. During the year under review the company has sold 917349 nos. of A.C. systems as against 955850 nos. in the previous year. However, your company has continued its efforts for reduction in the raw material cost, thru VA/VE and other localization programs.

The performance of the company is also discussed in Management Discussion and Analysis, as stipulated under clause 49 of the Listing Agreement with the Stock Exchanges, which forms part of the Directors' Report.

EXPANSION AND FUTURE PROSPECTS

Your Company, considering the growth in the Automobile sector and proactively observing the cost pressure, has planned extensive localization plans & capacities at its existing facilities at Noida, Manesar and Pune, to cater to the demand from existing as well as new Automobiles manufacturers in India. The Company in the current year will expand its business in Chennai to take care of Southern India based OEM customers.

The Company is also expanding its facilities of Tool Room and focusing on in house developments of all molds / dies for new product development, which will help in reducing the lead time for product development and also save cost. The Company will also focus on Sales of specialized Tools on commercial basis.

The Company has now strategically diversified into other Thermal Engineering Products for Automobiles Sector or for other industrial uses like Refrigerated vans, radiators, Engine cooling modules, Bus Airconditioning and Rail Airconditioning etc.

The Company expects growth in coming years due to increased share of business from its existing Customers and expansion of business in new business domains like Bus Airconditioning, Truck Refrigeration and Radiators.

AWARDS AND RECOGNITIONS

The working of your company has always been recognized for improvement in operational efficiencies, cost control, delivery etc. The Company was awarded following prestigious awards in the following categories:-

- a) Overall performance Gold Trophy from MSIL
- b) Shield for Quality from MSIL

- b) Further, new 90 cc Compressor (10SL09) is under in-house development including Thermal fuse integration in clutch. Tooled up proto parts for Product evaluation have been delivered for Renault-Nissan. SOP will be in the beginning of 2015.
- c) Variable Displacement Piston Compressor (5SL12) is being evaluated for MSIL diesel car application thru technical support from Denso Japan.
- d) The company has successfully localized Tube and Fin evaporator which is being used in Ertiga model of MSIL during the year.
- e) Bus & Commercial Vehicle Compressor series, New Technology Development has been started.
- f) Supplies of ultra slim (12 mm) latest step-4 condenser has started for Customers.
- g) New Technology Radiators are developed in-house and under technical promotion for M&M - FML as a part of ECM (Engine Cooling Module) and for Swaraj application.
- h) BRS (Beneficial Refrigerant Stream) Evaporator Technology introduction study under DNJP technical assistance started for MSIL model as new evolution.
- i) The Company has also successfully launched new technology (SLC) for development of Hose and Pipe , which is light weight and high efficiency product and SOP has started for MSIL.
- j) Application Engineering for :
 1. FML T1 in-house VAVE kit, Heater, Demister, Trax Cruiser AC System
 2. In-house Reefer kit
 3. M&M U301 HVAC
 4. New HVAC RFQ (DICV, AL, NALT, Volvo-Eicher)
 5. After Market Condensers and Home AC condensers
 6. YL1 HVAC project for MSIL.

1.2 Systems & Infrastructure :

1. Project Management System reinforcement has started organization-implementation-training point of view based on current NPD process. "Schedule Manager", which is newly ordered Team Center application, to visualize project activities data for all team members and managements, as one of the first steps to improve the project management performance.
2. In the year 2013-14, Chennai product engineering center has started to install its product & system validation facilities corresponding to its product line, Bus AC. Pune Product Engineering Centre has reinforced its product & system validation facilities like Air Flow Bench and Vehicle NVH Bench.

1.3 VA/VE, Localization efforts:

Implementation of New VA/VE ideas & localization in the field of

1. HVAC
2. Heater core
3. Radiator
4. Condenser
5. RS Evaporator
6. Fin Tube Evaporator
7. Piston and Swash Localisation for compressor.
8. Compressor Swash Plate coating for heavy duty use
9. Compressor Shaft raw material localization.

BENEFITS DERIVED

- i) Development of new models for existing customers has resulted in continuity of our relationship with key customers.
- ii) Development of new in-house and localized product has resulted in convincing new customers.
- iii) Localization and VA/VE ideas have resulted in reduction in product weight, keeping same performance on product and vehicle level, ultimately reduction in material cost and reducing the number of part thus bringing down the cost of final product. CII has recognized the efforts of the company in the area of Cost Maturity Model as Level 5, which is the highest level. Also our customer, Maruti Suzuki has recognized our efforts in Inner Part Localisation.
- iv) Focus on continuous upkeep and up gradation of R & D test facilities resulted in significant data quality improvement which is leading to more reliable and efficient product validation.
- v) Regular OJTs, Monthly R&D symposium with a recognition system and NTDs are stabilizing engineers retention which should contribute the effective company growth strategy.

FUTURE PLAN OF ACTION

1. Continue development of new generation more efficient Heat Exchangers Heaters, Charge Air Coolers, Radiators and CRFM (Condenser Radiator Fan Module)
2. To develop, design and tooling development for tractor radiator
3. Installation of testing facility for Inter cooler and engine oil cooler which can be applied to both Off Highway and Turbo Charge Diesel Engines.
4. Design and Development of Compressors for SUVs, Mid-Bus and Large Bus AC Application
5. Expand the development of reefer application from small range to large
6. New power train cooling system related innovations.

TECHNOLOGY ABSORPTION, ADAPTATION AND INNOVATION
In case of Indigenously Developed Technology

The Company has filed for 4 Indian patents applications (www.ipindia.nic.in) in the areas of compressors and Heat Exchangers.

Independent Auditors' Report

To The Members of
Subros Limited

Report on the Financial Statements

We have audited the accompanying financial statements of **SUBROS LIMITED**, ("the Company"), which comprise the Balance Sheet as at 31st March, 2014, the Statement of Profit and Loss and the Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the Accounting Standards referred to in sub-section (3C) of section 211 of the Companies Act, 1956 read with the General Circular 15/2013 dated 13th September 2013 of the Ministry of Corporate Affairs in respect of Section 133 of the Companies Act, 2013 and in accordance with the accounting principles generally accepted in India. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the financial statements give the information required by the Companies Act, 1956 in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:

- a) in the case of the Balance Sheet, of the state of affairs of the Company as at 31st March, 2014;
- b) in the case of the Statement of Profit and Loss, of the profit for the year ended on that date; and
- c) in the case of the Cash Flow Statement, of the cash flows for the year ended on that date.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2003 ("the Order") issued by the Central Government of India in terms of sub-section (4A) of section 227 of the Companies Act, 1956, we give in the Annexure a statement on the matters specified in paragraphs 4 and 5 of Order.
2. As required by section 227 (3) of the Companies Act, 1956, we report that:
 - (a) We have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - (b) In our opinion proper books of account as required by law have been kept by the Company so far as appears from our examination of those books;
 - (c) The Balance Sheet, Statement of Profit and Loss, and Cash Flow Statement dealt with by this Report are in agreement the books of account;
 - (d) In our opinion, the Balance Sheet, Statement of Profit and Loss, and Cash Flow Statement comply with the Accounting Standards referred to in sub-section (3C) of section 211 of the Companies Act, 1956 read with the General Circular 15/2013 dated 13th September 2013 of the Ministry of Corporate Affairs in respect of Section 133 of the Companies Act, 2013;
 - (e) On the basis of written representations received from the directors of the Company as on 31st March, 2014 and taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2014 from being appointed as a director in terms of clause (g) of sub-section (1) of Section 274 of the Companies Act, 1956;

Annexure to Independent Auditors' Report

REFERRED TO IN PARAGRAPH (1) UNDER THE HEADING OF "REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS" OF OUR REPORT OF EVEN DATE ON THE ACCOUNTS OF SUBROS LIMITED FOR THE YEAR ENDED 31ST MARCH, 2014

1. (a) The Company has maintained proper records showing full particulars including quantitative details and situation of fixed assets.

(b) As explained to us, physical verification of the major portion of fixed assets was conducted by the management during the year. In our opinion, the frequency of physical verification is reasonable having regard to the size of the Company and the nature of its assets. No material discrepancies were noticed on aforesaid verification.

(c) There was no substantial disposal of fixed assets during the year which may affect the going concern.
2. (a) In our opinion and according to the information and explanations given to us, physical verification of inventory has been conducted at reasonable intervals by the management.

(b) In our opinion and according to the information and explanations given to us, the procedures of physical verification of inventory followed by the Management are reasonable and adequate in relation to the size of the Company and the nature of its business.

(c) On the basis of our examination of the records of inventory and according to the information and explanations given to us, we are of the opinion that the Company is maintaining proper records of inventory. No material discrepancies have been noticed on verification between the physical stocks and the book records.
3. The Company has neither taken any loan from nor granted any loan to companies, firms or other parties listed in the register maintained under section 301 of the Companies Act, 1956. Accordingly, clause (iii) of paragraph 4 of the Order is not applicable.
4. In our opinion and according to the information and explanations given to us, there are adequate internal control systems commensurate with the size of the company and the nature of its business with regard to purchase of inventory and fixed assets and for sale of goods and services. During the course of our audit, we have not observed any continuing failure to correct major weaknesses in internal control system.
5. (a) To the best of our knowledge and belief and according to the information and explanations given to us, we are of the opinion that the contracts or arrangements referred to in Section 301 of the Companies Act, 1956 have been entered in the register required to be maintained under that section.

- (b) In our opinion and according to the information and explanations given to us, transactions made in pursuance of such contracts or arrangements and exceeding the value of rupees five lakhs in respect of any party during the year have been made at prices which are prima facie reasonable having regard to prevailing market prices at the relevant time.
6. The Company has not accepted any deposit from the public within the meaning of Sections 58A, 58AA or any other relevant provisions of the Companies Act, 1956 and rules framed there under.
7. In our opinion, the Company has an internal audit system commensurate with the size and nature of its business.
8. We have broadly reviewed the books of account maintained by the Company in respect of manufacture of Automotive Airconditioning Systems and parts thereof pursuant to the Order made by the Central Government, for maintenance of cost records prescribed under Section 209(1)(d) of the Companies Act, 1956, and are of the opinion that, prima facie, the prescribed accounts and records have been made and maintained. We have not, however, made a detailed examination of the records with a view to determine whether they are accurate or complete.
9. (a) According to the information and explanations given to us, the Company is generally regular in depositing with appropriate authorities undisputed statutory dues including Investor Education & Protection Fund, provident fund, employees state insurance, income tax, sales tax, wealth tax, service tax, customs duty, excise duty, cess and other material statutory dues applicable to it during the year.
- (b) According to the information and explanations given to us, no undisputed amounts payable in respect of income tax, wealth tax, sales tax, service tax, customs duty, excise duty, cess and other material statutory dues were in arrears, as at March 31, 2014 for a period of more than six months from the date they became payable.
- (c) According to the information and explanations given to us, details of dues of income tax, sales tax, service tax, wealth tax, custom duty, excise duty and cess which have not been deposited on account of any dispute are given below :

Notes Annexed to and Forming Part of the Balance Sheet as at 31st March, 2014 and Statement of Profit and Loss for the year ended on that date

Note 1 - Significant Accounting Policies

i) Basis of Preparation of Financial Statements

The financial statements are prepared under the historical cost convention on accrual basis of accounting in accordance with the generally accepted accounting principles, Accounting Standards notified under the Companies (Accounting Standards) Rules, 2006 prescribed by the Central Government of India and relevant presentational requirement of the Companies Act, 1956 (to the extent applicable) and the relevant provisions thereof.

ii) Fixed Assets

Fixed Assets are stated at cost less accumulated depreciation. All expenses incidental to the purchase/construction/ installation and commissioning including borrowing costs are added to the cost of the fixed assets. Where any part of the cost of fixed assets is either recovered by way of grant or borne by any other person, the same is deducted from the gross value of relevant fixed assets.

iii) Investments

Investments in subsidiary and joint venture companies are considered as Long Term Investment and are stated at Cost. Provision for diminution in the value of long term investments is made only if such a decline is other than temporary.

iv) Inventories

Inventories are valued at lower of cost or net realizable value. Cost is arrived on weighted average basis and is inclusive of taxes and duties paid/ incurred (other than those recovered/recoverable from the Taxing Authorities). Adequate provision is made in respect of non-standard and obsolete items based on management's estimate.

v) Revenue Recognition

- a) Sales are accounted on dispatch of products against orders of customers and stated net of trade discounts, returns and sales-tax.
- b) Income from services is recognized as they are rendered, based on agreements/arrangements with the concerned parties.
- c) Duty Drawback Income and other export incentives in respect of eligible exports is recognized in the year of export on the basis of provisional/ estimated tariff rates informed by the appropriate authorities.

vi) Provisions, Contingent Liabilities and Contingent Assets

The Company creates a provision when there is present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made. Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimate. If it is no longer probable that the outflow of resources would be required to settle the obligation, the provision is reversed.

Contingent assets are neither recognized nor disclosed in the financial statements. However, contingent assets are assessed continually and if it is virtually certain that an economic benefit will arise, the asset and related income are recognized in the period in which the change occurs.

vii) Depreciation

- a) Leasehold land is amortized over the period of lease.
- b) Cost of specialized software is amortized in three years on straight-line method on pro rata basis.
- c) Technical Know-how is amortized in six years on straight-line method on pro rata basis.
- d) Product Development Cost is amortized in six years on straight line method on pro rata basis.
- e) Individual items of fixed assets costing up to five thousand rupees are fully depreciated in the year of purchase.
- f) Depreciation on other assets is provided on written down value method at the rates prescribed in Schedule XIV to the Companies Act, 1956 on pro-rata basis.

viii) Intangible Assets

Intangible assets are recognized if they are separately identifiable and the company controls the future economic benefit arising out of them. All other expenses on intangible items are charged to the Statement of Profit & Loss Account. Intangible assets are stated at cost less accumulated amortization / impairment. Intangible assets include Software Licenses, Technical Know-how and Product Development Cost etc.

ix) Borrowing Cost

Borrowing costs directly attributable to the acquisition or construction of qualifying assets are capitalized till the date on which the asset is ready for its intended use. Qualifying assets are those which take substantial period of time to get ready for its intended use.

Other borrowing costs are recognized as an expense in the period in which these are incurred.

x) Employee Benefits**a) Defined Contribution Plan**

The Company makes defined contribution to Provident Fund and Superannuation Scheme, which are recognized in the statement of Profit and Loss on accrual basis.

The Company's contribution to State Plan, viz. Employees' State Insurance scheme is recognized in the statement of Profit & Loss on accrual basis.

b) Defined Benefit Plan

The Company's liabilities under Payment of Gratuity Act and compensated absences are determined on the basis of actuarial valuation made at the end of each financial year using the projected unit credit method. Actuarial gain and losses are recognized immediately in the statement of Profit and Loss as income/expenses. Obligation is measured at the present value of estimated future cash flows using a discounted rate

that is determined by reference to market yields at the Balance Sheet date on Government Bonds.

Gratuity obligation is funded with the Life Insurance Corporation of India through a Gratuity Trust.

c) Short Term Employee Benefits

Amounts paid under Voluntary Retirement and Separation Schemes are charged to statement of Profit and Loss in the year of payment.

Other short term employee benefit obligations are measured on an undiscounted basis and charged to the statement of Profit & Loss on accrual basis.

xi) Research & Development

Revenue expenditure on research and development are charged to statement of Profit and Loss in the year in which these are incurred except for certain cost incurred on development of new products e.g. air conditioning systems and related products which are capitalized when it is probable that a development project will be a success. Capital expenditure on research and development are considered as an addition to Fixed Assets.

xii) Foreign Currency Translation

- a) Transactions in foreign currencies are recorded at the exchange rates prevailing on the date of transaction.
- b) Assets and Liabilities receivable/payable in foreign currencies are translated at the year end exchange rates.
- c) Any income or expense on account of exchange difference either on settlement or on translation is recognized in the statement of Profit and Loss.
- d) In case of forward contracts, difference between forward rates and spot rates on the date of transaction is recognized as income or expense over the life of contract. Exchange difference on such contracts. i.e. difference between the exchange rate at the reporting/settlement date and the exchange rate on the date of inception / the last reporting date, is recognized as income / expenses for the period.

xiii) Taxes on Income

Provision for current tax is made on the basis of estimated taxable income under the Income Tax Act, 1961. Minimum Alternate Tax (MAT) credit is recognised where there is convincing evidence that the assets can be realised in future. Deferred tax on account of timing differences between taxable income and accounting income is accounted for by applying tax rates and laws enacted or substantially enacted on the balance sheet date.

xiv) Lease asset- Operating lease

Lease assets where risk and rewards incidental to ownership of an assets substantially vests with the lessor are recognized as operating lease.

Lease payments are recognized as an expense in the Statement of Profit & Loss on the straight line basis over the lease term. However, the lease rents pertaining to the period up to the date of the commissioning of the assets are capitalized.

Independent Auditor's Report - Thai Subros Limited

To the Shareholders of Thai Subros Limited

I have audited the accompanying financial statements of **Thai Subros Limited** which comprise the statement of financial position as at 31 March 2014, the statements of income and changes in equity for the year then ended, and a summary of significant accounting policies and other explanatory notes.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the Thai Financial Reporting Standard for Non-Publicly Accountable Entities, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with Thai Standards on Auditing. Those standards require that I comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Opinion

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position as at 31 March 2014, and the financial performance for the year then ended of **Thai Subros Limited** in accordance with the Thai Financial Reporting Standard for Non-Publicly Accountable Entities.

13. APPROVAL OF FINANCIAL STATEMENTS

These financial statements were authorized for issue by the authorized directors of the Company.

Independent Auditors' Report - Consolidated

To The Board of Directors of
Subros Limited

Report on the Consolidated Financial Statements

1. We have audited the accompanying consolidated financial statements of Subros Limited (The "Company") and its subsidiary and joint venture (collectively referred to as "the Group"), which comprise the Consolidated Balance Sheet as at March 31, 2014, the Consolidated Statements of Profit and Loss and the Consolidated Cash Flow Statement for the year then ended and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Consolidated Financial Statements

2. Management is responsible for the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group in accordance with accounting principles generally accepted in India; this includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

3. Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.
4. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditors considers internal control relevant to the Group's preparation and presentation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

5. In our opinion and to the best of our information and according to the explanations given to us, and based on consideration of the reports of the other auditors on the financial statements of the subsidiary and joint venture as noted below, the consolidated financial

statements give a true and fair view in conformity with the accounting principles generally accepted in India:

- (a) in the case of the Consolidated Balance Sheet, of the state of affairs of the Group as at March 31, 2014;
- (b) in the case of the Consolidated Statement of Profit and Loss, of the profit of the Group for the year ended on that date; and
- (c) in the case of the Consolidated Cash Flow Statement, of the cash flows of the Group for the year ended on that date.

Other Matters

6. We did not audit the financial statements of the subsidiary company whose financial statements reflect total assets(net) of Rs.170.86 lacs as at 31st March, 2014 and total revenues of Rs.175.01 lacs and net cash flows amounting to Rs.23.56 lacs for the year then ended. These financial statements have been audited by other auditor whose report has been furnished to us by the management, and our opinion, insofar as it relates to the amounts included in respect of the subsidiary, is based solely on the report of the other auditor.

7. We have relied upon the unaudited financial statements of the Joint Venture which reflects the Groups' share in total assets(net) aggregating to Rs.269.44 lacs as at 31st March, 2014 and total revenues of Rs.435.73 lacs and net cash flows amounting to Rs.15.09 lacs for the year then ended and our opinion, insofar as it relates to the amounts included in respect of the joint venture, is based solely on the provisional financial statements prepared by the Management of the joint venture.

Our opinion is not qualified in respect of other matters.

Notes Annexed to and Forming Part of the Consolidated Balance Sheet as at 31st March, 2014 and Consolidated Statement of Profit and Loss for the year ended on that date.

NOTE 1 — SIGNIFICANT ACCOUNTING POLICIES

i) Basis of Preparation of Financial Statements

The consolidated financial statements of Subros Limited, its subsidiary and its joint venture (“the Group”) are prepared under the historical cost convention on accrual basis of accounting in accordance with the generally accepted accounting principles, Accounting Standards notified under Companies (Accounting Standards) Rules, 2006 prescribed by the Central Government of India and relevant presentational requirement of the Companies Act, 1956 (to the extent applicable) and the relevant provisions thereof.

ii) Principles of Consolidation

The financial statements of the subsidiary company used in the consolidation are drawn up to the same reporting date as of the Company.

The financial statement subsidiary company has been combined on a line-by-line basis by adding together like items of Assets, liabilities, income and expenses. Inter-company balances and transactions and unrealized profits or losses have been fully eliminated, as per Accounting Standard 21 on 'Consolidated Financial Statements' issued by the Institute of Chartered Accountants of India.

The financial statement of Joint Venture company has been consolidated on proportionate consolidation method as prescribed in Accounting Standard 27 on 'Financial Reporting of Interest in Joint Ventures' on a line-by-line basis by adding together like items of Assets, liabilities, income and expenses to the extent of company's holding (26%) in Joint Venture Company.

Accounting policies between Group companies are generally consistent and in case of inconsistency, the same has been adequately disclosed.

iii) Fixed Assets

Fixed Assets are stated at cost less accumulated depreciation. All expenses incidental to the purchase/construction/ installation and commissioning including borrowing costs are added to the cost of the fixed assets. Where any part of the cost of fixed assets is either recovered by way of grant or borne by any other person, the same is deducted from the gross value of relevant fixed assets.

iv) Inventories

Inventories are valued at lower of cost or net realizable value. Cost is arrived on weighted average basis, except in case of inventory of subsidiary company which is arrived at on FIFO basis, and is inclusive of taxes and duties paid/incurred (other than those recovered/recoverable from the Taxing Authorities). Adequate provision is made in respect of non-standard and obsolete items based on management's estimate.

v) Revenue Recognition

- a) Sales are accounted on dispatch of products against orders of customers and stated net of trade discounts, returns and sales-tax.
- b) Income from services is recognized as they are rendered, based on agreements/ arrangements with the concerned parties.
- c) Duty Drawback Income on eligible direct exports and exports through other parties is recognized in the year of export/sale to other parties on the basis of provisional/ estimated tariff rates informed by the appropriate authorities.

vi) Provisions, Contingent Liabilities and Contingent Assets

The Group creates a provision when there is present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimate. If it is no longer probable that the outflow of resources would be required to settle the obligation, the provision is reversed.

Contingent assets are neither recognized nor disclosed in the financial statements. However, contingent assets are assessed continually and if it is virtually certain that an economic benefit will arise, the asset and related income are recognized in the period in which the change occurs.

vii) Depreciation

- a) Leasehold land is amortized over the period of lease.
- b) Cost of specialized software is amortized in three years on straight-line method on pro rata basis.
- c) Technical Know-how is amortized in six years on straight-line method on pro rata basis.
- d) Product Development Cost is amortized in six years on straight line method on pro rata basis.
- e) Individual items of fixed assets costing up to five thousand rupees are fully depreciated in the year of purchase.
- f) Depreciation on other assets is provided on written down value method at the rates prescribed in Schedule XIV to the Companies Act, 1956 on pro-rata basis.
- g) In respect of fixed assets owned by the subsidiary company and Joint Venture, depreciation is charged on straight line basis over the estimated useful life as follows:

Assets	Number of years	
	Subsidiary Co.	Joint Venture
Machinery & Equipments	10	5
Office Furniture	5	5

viii) Intangible Assets

Intangible assets are recognized if they are separately identifiable and the company controls the future economic benefit arising out of them. All other expenses on intangible items are charged to the Statement of Profit & Loss. Intangible assets are stated at cost less accumulated amortization / impairment. Intangible assets include Software Licenses', Technical Know-how, and Product Development Cost etc.

ix) Borrowing Cost

Borrowing costs directly attributable to the acquisition or construction of qualifying assets are capitalized till the date on which the asset is ready for its intended use. Qualifying assets are those which take substantial period of time to get ready for its intended use.

Other borrowing costs are recognized as an expense in the period in which these are incurred.

x) Employee Benefits**a) Defined Contribution Plan**

The Company makes defined contribution to Provident Fund and Superannuation Scheme, which are recognized in the Statement of Profit and Loss on accrual basis.

The Company's contribution to State Plan, viz. Employees' State Insurance scheme is recognised in the Statement of Profit and Loss on accrual basis.

b) Defined Benefit Plan

The Company's liabilities under Payment of Gratuity Act and compensated absences are determined on the basis of actuarial valuation made at the end of each financial year using the projected unit credit method. Actuarial gain and losses are recognized immediately in the Statement of Profit and Loss as income/expenses. Obligation is measured at the present value of estimated future cash flows using a discounted rate that is determined by reference to market yields at the Balance Sheet date on Government Bonds.

Gratuity obligation is funded with the Life Insurance Corporation of India through a Gratuity Trust.

c) Short Term Employee Benefits

Amounts paid under Voluntary Retirement and Separation Schemes are charged to the Statement of Profit and Loss in the year of payment.

Other short term employee benefit obligations are measured on an undiscounted basis and charged to the Statement of Profit and Loss on accrual basis.

xi) Research & Development

Revenue expenditure on research and development are charged to the Statement of Profit and Loss in the year in which these are incurred except for certain cost incurred on development of new products e.g. air conditioning systems and related products which are capitalized when it is probable that a development project will be a success. Capital expenditure on research and development are considered as an addition to Fixed Assets.

xii) Foreign Currency Translation

- a. Transactions in foreign currencies are recorded at the exchange rates prevailing on the date of transaction.
- b. Assets and Liabilities receivable/payable in foreign currencies are translated at the year end exchange rates.
- c. Any income or expense on account of exchange difference either on settlement or on translation is recognized in the Statement of Profit and Loss.
- d. In case of forward contracts, difference between forward rates and spot rates on the date of transaction is recognized as income or expense over the life of contract. Exchange difference on such contracts. i.e. difference between the exchange rate at the reporting/settlement date and the exchange rate on the date of inception / the last reporting date, is recognized as income / expenses for the period.
- e. For the purpose of consolidation, income and expenses are translated at average rate and the assets and liabilities are stated at closing rate. The net impact of such changes is accumulated under Foreign Currency Translation Reserve.

xiii) Taxes on Income

Provision for current tax is made on the basis of estimated taxable income under the relevant laws of respective countries. Minimum Alternate Tax (MAT) credit is recognised where there is convincing evidence that the asset can be realised in future. Deferred tax on account of timing differences between taxable income and accounting income is accounted for by applying tax rates and laws enacted or substantially enacted on the balance sheet date.

xiv) Lease asset- Operating lease

Lease assets where risk and awards incidental to ownership of an assets substantially vests with the lessor are recognized as operating lease.

Lease Payments are recognized as an Expense in Statement of profit & loss on the straight line basis over the Lease term. However the lease rent pertaining to the period up to the date of the commissioning of the assets are capitalized.
