CHAIRMAN'S MESSAGE

Dear Shareholders,

With immense happiness and pride, I would like to mention that FY16 has been the best ever year for your Company since inception.

This has been possible due to growing confidence of customers, focused technology & product development, proactive & energetic people engagement and sound financial management.

This is strongly backed by the re-entry of Igarashi, Japan as Promoter during the year, with a significant investment to buy the shareholding from Blackstone in the Holding Company. During the tenure of Blackstone, they have played a vital role in improving all aspects of your Company's performance along with the team. I express sincere gratitude to the Blackstone team for the strong backing of your Company.

Your Company continues to add products and customers in the Automotive Torque Actuator Motor space in Power Train applications, arising out of the growing demand for such products in the Market.

Together with Igarashi Global infrastructure, your Company continues to work on electric motors for new applications which is growing at more than twice the rate of vehicle growth.

Over the last five years, your Company's team has endeavored to continuously improve manufacturing engineering and operational performance improvement which is evidenced in the financial performance improvement over the last five years.

I would like you to join me in complimenting your Company's team and Igarashi for creating a business model to drive towards being the lowest cost producer in the world in the chosen niche application. This is well recognized by the Global Tier-1 Customers and with the re-entry of Igarashi, Japan as Promoter Shareholder in the Company, larger opportunities are being addressed by customers.

I remain as always, grateful to you our dear shareholders for continued patience and confidence in the Company. I am very happy to announce that this has been well rewarded by the highest dividend paid so far since the beginning. I continue to believe that there is much more value in the business opportunities being prospected in the future.

Yours sincerely

K K Nohria
Chairman

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

GLOBAL AUTOMOTIVE TRENDS

Intense macro discussions with our key Global Tier-1 customers who constantly scan the global automotive industry environment highlight the following salient points :

- ✓ Global Automobile production trend is envisioned as below :

Year	2015	2020E	2025E
Vehicle Volume (in Million)	90	112	125

- ✓ The current volume of 90 million vehicles per annum is expected to reach 125 Million by 2025 out of which, Internal Combustion and Hybrid Vehicles are expected to constitute more than 90%. Big investments are being made in development of pure electric vehicles and industry is constantly assessing drivers to higher penetration of such vehicles in the Market.
- ✓ The main growth in Automobile Production over the last few years was seen in China, followed by North America in recent times due to oil price reduction and higher SUV demand.
- ✓ Future trends in the global automobile industry indicate a significant investment in Hybrid and Electric Vehicles with emphasis on connectivity, electro mobility and automated driving.
- ✓ Technology and innovation dynamics with significant value addition to the consumer is expected to remain on top priority in the years forward and Performance to economics ratios are expected to be key drivers in the automotive offering to consumers.

OUTLOOK, OPPORTUNITIES & THREATS FOR ELECTRIC MOTORS

Actuation by electric motors to manifest Higher Fuel Efficiency, better Emission Control, Driving Safety and in-vehicle comfort are proliferating due to consumer preference and regulatory issues.

This is leading to increasing usage of electric motors in vehicles, which is expected to increase from a level of 25 electric motors per vehicle to a level of 40 electric motors per vehicle in next 4~5 years.

The Power Train space continues to remain of high importance and fluid / air management in the engine, exhaust, Turbo Chargers and Thermal Management spaces continue to be on Tier-1 technology development radars for features of higher fuel efficiency, better emission control and stronger engine power.

Key applications in this space, will continue to be Electronic Throttle Valves, Exhaust Gas Recirculation Valves, Waste Gate Valves, Bypass Valves and Fluid Control Valves for Thermal Management Applications.

Stringent targets for CO2 emission reductions have been set by automotive industry / regulators. The CO2 emission target in US for year 2025 has been fixed as 109 grams / km as compared to the current 183 grams / km likewise European Union and China are also driving strong reduction targets.

Global Tier-1 customers see strong thrust in downsizing of electric motors for aforementioned applications and are engaging intensely with electric motor manufacturers.

The key relevant players in power train actuator space is in the chart below :

Besides of Power Train Actuators, significant traction is visible in the comfort application space, for actuators in seats, trunks and steering etc. The usage of electric motors is seen to grow substantially due to which customers will expect reduction of costs and tempering of prices.

For the last decade and for next 5 years, the technology of such motors is anticipated to remain Permanent Magnet Brush DC Motors, although active dialogues with technologists in Global Tier-1s indicate a growing degree of interest in Brush Less DC ('BLDC') motors. While the cost economics of BLDC motors is quite unfavorable today, certain key performance features related to mechanical and electrical noise are driving the engineers to look for BLDC solutions.

PERFORMANCE 2015-16

In the year 2015-16, the Company saw a better growth in volumes compared to the previous years due to the new programs /new market launches.

New customers and new programs with existing customers will continue to remain active. During the year, two new platforms with leading Tier-1 players were launched and growth in volumes due to these expected from calendar Year 2017.

Foot prints have been laid on two more platform programs for validation in calendar year 2016 which will add to the volumes from calendar year 2018.

Traction for volumes combined with higher performance and lower cost are clearly visible from all leading Tier-1s with strong emphasis on quality.

Increasing offerings of new products with platform concepts in mind and strengthening the operational efficiencies will continue to be key drivers to target higher growth rates in volumes in the forward years.

While technology development is a key driver, our main business is manufacturing and the strategy of establishing high depth of manufacturing in house, has substantially helped us in driving the four levers of development time, capacity creation, quality and costs.

This strategy will continue to be strengthened in the forward years with a stronger play in Tier-4, Tier-3 and Tier-2, with a clear focus on global Tier-1 players as Customers.

The chart below summarises the multi-tier play in value chain and its Holding Company in India.

The financial performance remains strong with a EBIDTA growth of 35% over previous year and PAT growth of 30% over previous year. Your Company is in close discussions with customers for higher volume growth than what was experienced over the last three years. With the return of Igarashi Electric Works Ltd, ('IEWL') Japan as Promoters an acceleration in new opportunities is expected.

Your Company's efficient operations and business chain management, have contributed to the improved financial performance and plans are being put-in place to utilize the existing assets more efficiently, while new investments are judiciously made, keeping in mind the ramp-up time as 3~ 4 years. Your Company targets to grow at about 20% annually in the next four years in Power Train Actuator space.

New applications and new growth strategies are constantly under discussion with customers and parent IEWL.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF IGARASHI MOTORS INDIA LIMITED

REPORT ON THE FINANCIAL STATEMENTS

We have audited the accompanying financial statements of Igarashi Motors India Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2016, the Statement of Profit and Loss, the Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information.

MANAGEMENT'S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate Internal Financial Controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on these financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143 (10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

OPINION

The discrepancies noticed on verification between the physical stocks and the book records were not material.
- (iii) (a) The Company has granted an unsecured loan to a Company covered in the register maintained under Section 189 of the Companies Act, 2013. According to the information and explanations given to us and based on the audit procedures conducted by us, we are of the opinion that the terms and conditions of the grant of the loan are not, *prima facie*, prejudicial to the Company's interest.
- (b) The schedule of repayment of principal and payment of interest has been stipulated between the Company and the borrower and the borrower has been regular in the repayment of principal and payment of interest.
- (c) There are no amounts overdue for more than ninety days as at March 31, 2016. Accordingly, reporting under clause 3 (iii)(c) of the Order does not arise.
- (iv) According to the information and explanations given to us, the Company has not advanced any loan, given any guarantee or provided any security to the parties covered under Section 185 of the Companies Act, 2013. According to the information and explanations given to us, and the records of the Company examined by us, the provisions of Section 186 of the Companies Act, 2013 have been complied with, in respect of the investment made by the Company.
- (v) According to the information and explanations given to us, the Company has not accepted any deposits within the meaning of Sections 73 to 76 or any other relevant provisions of the Companies Act, 2013 and the rules framed thereunder. Accordingly, reporting under clause 3 (v) of the Order does not arise.
- (vi) We have broadly reviewed the books of account and records maintained by the Company pursuant to the rules prescribed by the Central Government for the maintenance of cost records under sub-section (1) of Section 148 of the Companies Act, 2013, and are of the opinion that, *prima facie*, the prescribed accounts and records have been made and maintained. However, the contents of these records have not been examined by us.
- (vii) (a) According to the information and explanations given to us and on the basis of our examination of the books of account, in our opinion, the Company is generally regular in depositing undisputed statutory dues including provident fund, employees' state insurance, income-tax, sales tax, service tax, duty of customs, duty of excise, value added tax and other statutory dues applicable to it during the year with appropriate authorities. According to the information and explanations given to us, there were no undisputed amounts payable in respect of provident fund, employees' state insurance, income-tax, sales tax, service tax, duty of customs, duty of excise, value added tax and other statutory dues outstanding as at March 31, 2016 for a period of more than six months from the date they became payable.
- (b) According to the information and explanations given to us and the records of the Company examined by us, dues in respect of income-tax as at March 31, 2016, which has not been deposited on account of disputes pending is as under:

(₹)

Name of the statute	Nature of disputed dues	Total demand	Amount deposited	Amount not deposited	Period to which the dispute relates	Forum where disputes are pending

ANNEXURE 'B' TO THE INDEPENDENT AUDITOR'S REPORT

[Referred to in paragraph 2(f) of our Report of even date]

REPORT ON THE INTERNAL FINANCIAL CONTROLS UNDER CLAUSE (I) OF SUB-SECTION 3 OF SECTION 143 OF THE COMPANIES ACT, 2013

We have audited the Internal Financial Controls over financial reporting of Igarashi Motors India Limited ("the Company") as of March 31, 2016 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The Company's management is responsible for establishing and maintaining Internal Financial Controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate Internal Financial Controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 ("the Act").

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on the Company's Internal Financial Controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Act, to the extent applicable, to an audit of Internal Financial Controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate Internal Financial Controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the Internal Financial Controls system over financial reporting and their operating effectiveness. Our audit of Internal Financial Controls over financial reporting included obtaining an understanding of Internal Financial Controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's Internal Financial Controls system over financial reporting.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

A Company's Internal Financial Control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles.

A Company's Internal Financial Control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

Because of the inherent limitations of Internal Financial Controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and

not be detected. Also, projections of any evaluation of the Internal Financial Controls over financial reporting to future periods are subject to the risk that the Internal Financial Control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

In our opinion, the Company has, in all material respects, an adequate Internal Financial Controls system over financial reporting and such Internal Financial Controls over financial reporting were operating effectively as at March 31, 2016, based on the Internal Control over Financial Reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Note 1 Significant Accounting Policies

a) Basis of presentation

The Company maintains its accounts on accrual basis following the historical cost convention, in accordance with the Accounting Principles Generally Accepted in India, ["GAAP"], and in compliance with the provisions of Companies Act, 2013 ("the Act"), including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. Further, the guidance notes / announcements issued by the Institute of Chartered Accountants of India (ICAI) are also considered, wherever applicable except to the extent where compliance with other statutory promulgations override the same requiring a different treatment.

b) Use of estimates

The preparation of financial statements in conformity with GAAP requires that the management of the company makes estimates and assumptions that affect the reported amounts of income and expenses of the period, the reported balances of assets and liabilities and the disclosures relating to contingent liabilities as of the date of the financial statements. Examples of such estimates include the useful lives of tangible and intangible fixed assets, allowance for doubtful debts / advances, future obligations in respect of retirement benefit plans, etc. Difference, if any, between the actual results and estimates is recognized in the period in which the results are known.

c) Revenue recognition

Revenue is recognized based on nature of activity when consideration can be reliably measured and there exists reasonable certainty of its recovery.

- (i) Revenue from sale of products is recognised when the significant risks and rewards of ownership of the products are transferred to the customer under the terms of the contract and no significant uncertainty exists regarding the amount of the consideration that will be derived from the sale of products. Sales include excise duty and adjustments made towards liquidated damages and price variation, if any. Sales exclude sales tax / value added tax. Escalation and other claims, which are not ascertainable/ acknowledged by customers, are accounted in the period in which they are ascertained / acknowledged.
- (ii) Interest income on deposits and loans is recognised at the applicable interest rate on time proportion basis.
- (iii) Other items of income are accounted as and when the right to receive arises.

d) Tangible fixed assets

- (i) Tangible assets are stated at original cost net of tax/ duty credits availed, if any, less accumulated depreciation and cumulative impairment.
- (ii) Administrative and other general overhead expenses that are specifically attributable to the construction or acquisition of a fixed asset or bringing the fixed asset to its working condition are allocated and capitalized as part of cost of the fixed asset.
- (iii) Tangible assets which are not ready for the intended use as on the date of the Balance Sheet are disclosed as "Capital work-in-progress".

e) Depreciation

- (i) Owned assets

Depreciation on assets including buildings constructed on leasehold land is provided for under the straight line method based on the useful lives prescribed in Schedule II to the Act. However, in respect of the following fixed assets, the Company has reviewed and revised the useful lives based on internal technical evaluation.

Asset category	Useful life as per Schedule II (in years)	Revised Useful life adopted based on internal technical evaluation (in years)
Plant and equipment - Tools	15	5
Furniture and fixtures – Welfare assets used by the employees	10	5

The Company has carried out an assessment of useful lives of the above assets and based on technical justification, different useful lives have been arrived at in respect of the above assets.

The justification for adopting different useful life compared to the useful life of assets provided in Schedule II is based on the consumption pattern and performance of the assets duly supported by internal technical assessment.

Assets costing less than ₹.5,000/- are depreciated fully in the year of purchase. Extra shift depreciation is provided on a location basis.

Depreciation charge for impaired assets is adjusted in the future periods in such a manner that the revised carrying amount of the asset is allocated over its remaining useful life.

(ii) Leased assets

Assets acquired under finance leases are depreciated on straight line method over the lease term. Where there is reasonable certainty that the Company shall obtain ownership of the assets at the end of the lease term, such assets are depreciated based on the useful life prescribed under Schedule II to the Companies Act, 2013.

f) Intangible assets and amortisation

Intangible assets are stated at original cost net of tax/ duty credits availed, if any, less accumulated amortisation and cumulative impairment.

Intangible assets are recognized when it is probable that the future economic benefits that are attributable to the assets will flow to the enterprise and the cost of the asset can be measured reliably.

Product development expenses on new products are capitalised as intangible assets, if all of the following can be demonstrated:

- i) The technical feasibility of completing the intangible asset so that it will be available for use or sale;
- ii) The Company has intention to complete the intangible asset and use or sell it;
- iii) The Company has ability to use or sell the intangible asset;
- iv) The manner in which the probable future economic benefits will be generated including the existence of a market for output of the intangible asset or intangible asset itself or, if it is to be used internally, the usefulness of the intangible asset;
- v) The availability of adequate technical, financial and other resources to complete the development and to use or sell the intangible asset; and
- vi) The Company has ability to measure the expenditure attributable to the intangible asset during its development reliably.

Other development costs that do not meet above criteria are expensed in the period in which they are incurred.

Intangible assets are amortised over their useful lives on straight line basis in the following manner:

- i) Product development expenses on new products are amortized over a period of 60 months from the date of commencement of commercial production of the relevant product.
- ii) Product design expenses in respect of future products are amortized over a period of 36 months from the date of approval of design by the customer.
- iii) Specialised software are amortised over a period of 6 years from the date of capitalisation.

Intangible assets not ready for the intended use on the date of the Balance Sheet are disclosed as "Intangible assets under development".

Amortisation charge for impaired assets is adjusted in the future periods in such a manner that the revised carrying amount of the asset is allocated over its remaining useful life.

g) Impairment of assets

As at each Balance Sheet date, the carrying amount of asset is tested for impairment so as to determine:

- i) the provision for impairment loss, if any; and
- ii) the reversal of impairment loss recognized in previous periods, if any,

Impairment loss is recognized when the carrying amount of an asset exceeds its recoverable amount.

Recoverable amount is determined:

- i) in the case of an individual asset, at the higher of the net selling price and the value in use; and
- ii) in the case of a cash generating unit (a group of assets that generates identified, independent cash flows), at the higher of the cash generating unit's net selling price and the value in use.

(Value in use is determined as the present value of estimated future cash flows from the continuing use of an asset and from its disposal at the end of its useful life.)

h) Investments

Trade investments comprise investments in entities in which the Company has strategic business interest.

Investments, which are readily realisable and are intended to be held for not more than one year from the date of acquisition are classified as current investments. All other investments are classified as long-term investments.

Long-term investments are carried at cost, after providing for any diminution in value, if such diminution is other than temporary in nature.

The determination of carrying value of such investments is done on the basis of weighted average cost of each individual investment.

i) Inventories

Inventories are valued after providing for obsolescence as under:

Raw materials and components, packing materials, stores, spares and tools	At lower of weighted average cost and net realizable value. However, these items are considered to be realizable at cost if the finished products in which they will be used, are expected to be sold at or above cost of such finished products.
Work-in-progress	At lower of cost of raw material and components including related overheads and net realizable value.
Finished goods	At lower of cost and net realizable value. Cost includes raw materials, components and related overheads.

j) Cash and cash equivalents

Cash and cash equivalents represents cash on hand and demand deposits with banks and include short-term and highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

k) Employee stock options schemes

In respect of stock options granted pursuant to the Company's Stock Option Schemes, the intrinsic value of the options (excess of market price of the share over the exercise price of the option), is treated as discount and accounted as employee compensation cost over the vesting period. The amount recognized as expense each year is arrived at based on the number of grants expected to vest. If a grant lapses after the vesting period, the cumulative discount recognized as expense in respect of such grant is transferred to the General Reserve.

l) Leases

The determination of whether the agreement is, or contains, a lease is based on the substance of the agreement at the date of inception.

(i) Finance leases

Assets acquired under leases where the Company has substantially all the risks and rewards of ownership are classified as finance leases. Such assets are capitalized at the inception of the lease at the lower of the fair value or the present value of minimum lease payments and a liability is created for an equivalent amount. Each lease rental paid is allocated between the liability and the interest cost, so as to obtain a constant periodic rate of interest on the outstanding liability for each period.

(ii) Operating leases

Assets acquired on leases where a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. Lease rentals are charged to the Statement of Profit and Loss on accrual basis.

m) Foreign currency transactions, forward contracts and derivatives

(i) The reporting currency of the Company is Indian Rupee.

(ii) Foreign currency transactions are recorded on initial recognition in the reporting currency, using the exchange rate at the date of the transaction. At each balance sheet date, foreign currency monetary items are reported using the closing rate. Non-monetary items which are carried at historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction.

(iii) Exchange differences that arise on settlement of monetary items or on reporting of the Company's monetary items at each balance sheet date at the closing rate are recognised as income or expense in the period in which they arise.

(iv) Forward contracts, other than those entered into to hedge foreign currency risk on unexecuted firm commitments or highly probable forecast transactions, are treated as foreign currency transactions and accounted accordingly as per Accounting Standard (AS) 11 "The Effects of Changes in Foreign Exchange Rates". Exchange differences arising on such contracts are recognized in the period in which they arise. Gains and losses arising on account of roll over/ cancellation of forward contracts are recognized as income/expenses of the period in which such roll over/ cancellation takes place.

(v) All the other derivative contracts, including forward contracts entered into to hedge foreign currency risks on unexecuted firm commitments and highly probable forecast transactions, are recognized in the financial statements at fair value as at Balance Sheet date, in pursuance of the announcement of the Institute of Chartered Accountants of India (ICAI) dated March 29, 2008 on accounting of derivatives. The Company has adopted Accounting Standard (AS) 30 "Financial Instruments : Recognition and Measurement" for accounting of such derivative contracts, not covered under Accounting Standard (AS) 11 "The Effects of Changes in Foreign Exchange Rates", as mandated by the ICAI in the aforesaid announcement.

Accordingly, the resultant gains or losses on fair valuation / settlement of the derivative contracts covered under Accounting Standard (AS) 30 "Financial instruments : Recognition and Measurement" are recognized in the Statement of Profit and Loss or Balance Sheet as the case may be after applying the test of hedge effectiveness. Where the hedge in respect of off-balance sheet items is effective, the gains or losses are recognised in the "Hedging Reserve" which forms part of "Reserves and Surplus" in the Balance Sheet.

The amount recognised in the "Hedging Reserve" is transferred to the Statement of Profit and Loss in the period in which the underlying hedged item affects the Statement of Profit and Loss. Gains or losses in respect of ineffective hedges are recognised in the Statement of Profit and Loss in the period in which such gains or losses are incurred.

(vi) Premium paid / received on a foreign currency forward contract is accounted as expense / income over the life of the contract.

n) Employee benefits

(i) Short-term employee benefits:

All employee benefits falling due wholly within twelve months of rendering the service are classified as short-term employee benefits. The benefits like salaries, wages, short-term compensated absences, etc. and the expected cost of bonus and ex-gratia are recognized in the period in which the employee renders the related service.

Igarashi Motors India Limited

(ii) Post-employment benefits:

1) *Defined contribution plans*

The Company's state governed provident fund scheme, employees' state insurance scheme and employee pension scheme are the defined contribution plans. The contribution paid/ payable under the schemes is recognized during the period in which the employee renders the related service.

2) *Defined benefit plans*

The Company's obligation towards gratuity is a defined benefit plan. The present value of the obligation under such defined benefit plan is determined based on actuarial valuation using the Projected Unit Credit Method, which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

The obligation is measured at the present value of the estimated future cash flows. The discount rate used for determining the present value of the obligation under defined benefit plans is based on the market yields on Government securities having maturity periods approximating to the terms of related obligations as at the balance sheet date.

The fair value of the plan assets is reduced from the gross obligation under the defined benefit plans to recognise the obligation on a net basis.

Actuarial gains and losses are recognized immediately in the Statement of Profit and Loss, and gains or losses on the curtailment or settlement of the defined benefit plan are recognized when the curtailment or settlement occurs.

Past service cost is recognised immediately to the extent that the benefits are already vested, and otherwise is amortised on a straight-line basis over the average period until the benefits become vested.

(iii) Long-term employee benefits

The obligation for long-term employee benefits such as long-term compensated absences is recognized in the similar manner as in the case of defined benefit plans as mentioned in (ii) (2) above.

o) **Borrowing costs**

- (i) Borrowing costs include interest, commitment charges, amortization of ancillary costs, amortization of discounts/ premium related to borrowings, finance charges in respect of assets acquired on finance lease and exchange differences arising from foreign currency borrowings, to the extent they are regarded as an adjustment to interest costs.
- (ii) Borrowing costs that are attributable to the acquisition, construction or production of a qualifying asset are capitalized as part of cost of such asset till such time the asset is ready for its intended use or sale. A qualifying asset is an asset that necessarily requires a substantial period of time (ordinarily, a period of twelve months) to get ready for its intended use or sale.
- (iii) All other borrowing costs are recognised as an expense in the period in which they are incurred.

p) **Taxes on income**

- (i) Tax on income for the current period is determined on the basis of taxable income and tax credits computed in accordance with the provisions of the Income Tax Act, 1961 and based on the expected outcome of assessments / appeals.
- (ii) Deferred tax is recognized on timing differences between the accounting income and taxable income for the year and quantified using the tax rates and laws enacted or substantively enacted as on the Balance Sheet date.
- (iii) Deferred tax assets relating to unabsorbed depreciation/business losses are recognized and carried forward to the extent there is virtual certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized.

- (iv) Other deferred tax assets are recognized and carried forward to the extent that there is a reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized.

q) Operating cycle for current/ non-current classification

Operating cycle for the business activities of the Company is taken as twelve months for classification of its assets and liabilities into current/ non-current.

r) Provisions, contingent liabilities and contingent assets

Provisions are recognized for liabilities that can be measured only by using a substantial degree of estimation, if

- i) the Company has a present obligation as a result of a past event,
- ii) a probable outflow of resources is expected to settle the obligation; and
- iii) the amount of obligation can be reliably estimated.

Reimbursement expected in respect of expenditure required to settle a provision is recognized only when it is virtually certain that the reimbursement will be received.

Contingent liability is disclosed in the case of

- i) present obligation arising from a past event, when it is not probable that an outflow of resources will be required to settle the obligation;
- ii) a present obligation arising from past events, when no reliable estimate is possible;
- iii) a possible obligation arising from past events, unless the probability of outflow of resources is remote.

Contingent assets are neither recognized, nor disclosed.

Provisions, contingent liabilities and contingent assets are reviewed at each balance sheet date.

s) Commitments

Commitments are future liabilities for contractual expenditure. Commitments are classified and disclosed as follows:

- (i) Estimated amount of contracts remaining to be executed on capital account and not provided for; and
- (ii) Other non-cancellable commitments, if any, to the extent they are considered material and relevant in the opinion of management.

Other commitments related to sales/procurements made in the normal course of business are not disclosed to avoid excessive details.

t) Cash Flow Statement

Cash Flow Statement is prepared segregating the cash flows from operating, investing and financing activities. Cash flow from operating activities is reported using indirect method. Under the indirect method, the net profit is adjusted for the effects of :

- (i) transactions of a non-cash nature
- (ii) any deferrals or accruals of past or future operating cash receipts or payments and
- (iii) items of income or expense associated with investing or financing cash flows.

Cash and cash equivalents are reflected as such in the Cash Flow Statement
