Note: The figures in non-statutory section are based on consolidated financials unless otherwise stated

Forward-looking statement

In this Annual Report we have disclosed forward-looking information to enable investors to comprehend our prospects and take informed investment decisions. This report and other statements - written and oral - that we periodically make contain forward-looking statements that set out anticipated results based on the management's plans and assumptions. We have tried wherever possible to identify such statements by using words such as 'anticipates', 'estimates', 'expects', 'projects', 'intends', 'plans', 'believes', and words of similar substance in connection with any discussion of future performance. We cannot guarantee that these forward looking statements will be realized, although we believe we have been prudent in assumptions. The achievement of results is subject to risks, uncertainties and even inaccurate assumptions. Should known or unknown risks or uncertainties materialise, or should underlying assumptions prove inaccurate, actual results could vary materially from those anticipated, estimated or projected. Readers should bear this in mind. We undertake no obligation to publicly update any forward-looking statements, whether as a result of new information, future events or otherwise.

A culture called Bettering

At Greenlam, we believe that bettering indicates a cheerful willingness to keep improving.

This willingness is not an erratic response; it is an institutionalised approach to making whatever is good even better.

The effect of this culture works better than competition; it helps us raise our game before the marketplace compels us to.

The result is that when the consumer sentiment weakens, we continue to stay liquid and positive. When consumer sentiment revives, we are among the first to outperform.

The evidence of this Culture of Bettering was reflected in our FY2018-19 performance. Revenues grew 11.9%, while profit after tax strengthened 19.3%.

The
Company
at a glance

At Greenlam, our 'bettering' culture is best manifested in a desire to evolve, graduate and transform.

This desire to keep bettering and evolving represents the core personality of our company.

Nowhere is this transformation more visible than in the transformation of Greenlam - from just a laminate manufacturer into a surface solutions provider.

Our 'bettering' culture is visible in our evolution – from where we started to where we are now

The Company commissioned a 1.32 mn laminate sheets manufacturing facility at Behror, Rajasthan in 1992 and commenced commercial production in 1993. In the space of more than twenty five years, the Company ventured into compact panels, exterior and interior cladding solutions, restroom cubicle and locker solutions, decorative veneers, engineered wooden flooring and engineered wooden door sets, in addition to providing the comprehensive range of decorative laminates addressing different product and price segments.

Our 'bettering' commitment is championed across the management

Greenlam is helmed by Mr. Saurabh Mittal (Managing Director & CEO), who possesses more than two decades of rich experience in the business of laminates. The Company is professionally managed, employs a strong sales team that has widened its Indian and global footprint and a design team that introduces new designs in line with market dynamics. To enhance organisational effectiveness, Greenlam relocated its corporate headquarter to a modern open-plan office environment.

Our 'bettering' enthusiasm is reflected in our manufacturing competence

Greenlam works out of two state-of-the-art manufacturing facilities – at Behror in Rajasthan and Nalagarh in Himachal Pradesh. The Company's Behror plant possesses a manufacturing capacity of 5.34 million laminate sheets; the Nalagarh plant possesses a capacity of 8.68 million laminate sheets per annum. The Behror plant also manufactures melamine-faced chip boards, decorative veneers, engineered wooden flooring and engineered wooden door sets.

Our 'bettering' eco-system is reflected in our leadership

Greenlam's holistic manufacturing competence makes it the largest laminate manufacturer in Asia and among the top three globally. Besides, Greenlam is India's largest laminates exporter for the last eight consecutive years, India's leading decorative veneer brand, India's only engineered wooden flooring manufacturer and India's first organized manufacturer of engineered wooden door sets.

Our 'bettering' culture is reflected in the soundness of our financials

Greenlam has focused consistently on de-leveraging its Balance Sheet, strengthening its working capital management, faster realisations from customers, increasing the proportion of value-added products and effective cost management. The result is that Greenlam has emerged as a cost leader with demonstrated competitiveness across market cycles.

Our 'bettering' obsession is evident in a wide and deep market footprint

Greenlam is present wherever consumers need to buy its products. The Company's products are marketed within India through 11 large regional distribution centres, 22 branch offices, 5 warehouses as well as 14000+ distributors, dealers and retailers, the largest footprint within the industry. The Company's products are available in more than 100 countries. Greenlam's export is operated through 14 international offices with more than 100 employees. The Company has subsidiaries in US, UK, Switzerland, Thailand and Singapore, among others.

Our 'bettering' culture has been validated by our valuation

Greenlam is listed on the BSE Limited and National Stock Exchange of India Ltd. The Company enjoyed a market capitalization of ₹2288 crore as on March 31, 2019 (based on NSE closing price), making it 504th among leading companies listed on National Stock Exchange.

Greenlam's 'bettering' effectiveness is driven by its culture

Greenlam's effectiveness is driven by its culture of empowerment, emotional ownership, responsiveness and openness to change. The Company employs 4,000+ people (including contractual employees) across various functions.

Greenlam's 'bettering' culture is an extension of its environment responsiveness and best practices

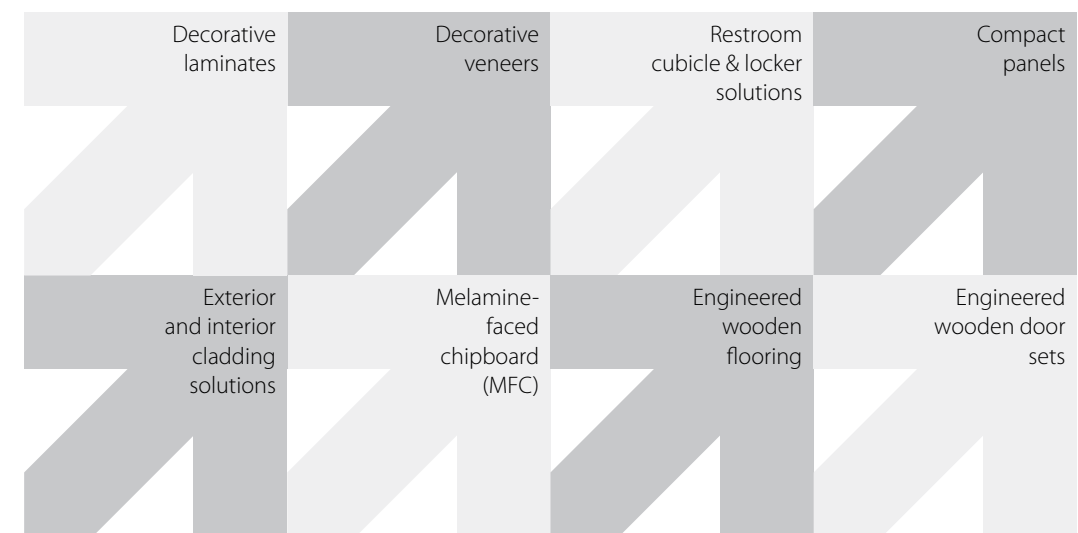

Greenlam's environment commitment is showcased in confidence-enhancing certifications like FSC, PEFC, ISO 14001 and OHSAS 18001. The Company also enjoys product-specific certifications like ISO 9001, CE, UL, NSF, SEFA, Greenlabel, Greenguard, NEMA (US and BS), reinforcing its respect as a quality-driven company. The Company also has SEDEX certification for Ethical Trade Initiatives.

Our 'bettering' focus is reflected in our widening range of branded products

Greenlam's recall is driven by the success of its market-leading brands.

Greenlam (laminates & compact laminates)	New Mika (laminates)	Greenlam Sturdo (restroom cubicle and locker solutions)	Greenlam Clads (interior and exterior cladding panels)

Transforming over the years

The core values that make Greenlam a trusted brand and company

Trust

TRUST PEOPLE TO BE RELIABLE AND RESPONSIBLE AND EARN THEIR TRUST SIMILARLY.

Our dealings as an organisation with the environment including individual employees, vendors, business partners, investors, customers and society at large would be in a premise of good faith. We would trust others and strive to earn the trust of others. We would thereby not deal with anybody who breaches our trust or the trust placed on us by our environment. We empower our employees by placing trust in them to take decisions in the best interests of the organization and as per promulgated norms.

Performance

WE VALUE PERFORMANCE ACROSS PRODUCTS, PEOPLE AND PROCESSES.

Performance is valued as the core ingredient for sustainability and would therefore be the underlying metric for selecting people, products or processes for the organization. Other values would be additional to performance. Performance would mean delivering on commitment in every parameter. It would also entail effort and a continuing endeavour to improve the status quo in order to achieve excellence.

Learning

WE ENCOURAGE LEARNING, CREATING AND NURTURING TALENT.

Our organization facilitates the learning of our employees and continuously transforms itself. We also support formal learning through structured programs to empower people outperforming their individual potential.

Speed and agility

WE ARE QUICK TO DECIDE, RESPOND AND EXECUTE.

We value decisions being made without undue procrastination and being implemented within the shortest possible time because we value this as a source of competitive advantage. Individuals will therefore be held accountable wherever any delays are attributable to them either in the decision making or implementation process. Similarly we shall respond to the market proactively rather than reacting when the situation reaches a point where inaction becomes unaffordable.

Team work

WE ACHIEVE MORE BY COLLABORATION WITH ALL STAKEHOLDERS – INTERNAL AND EXTERNAL.

Given the inter-linkage of output of others with our performance, we nurture a sense of collective destiny with our environment. Internally, if a peer fails, the team cannot succeed and individual success means little in a failed team. Also, our customers, partners and investors need to succeed. Therefore, organisational goals precede departmental goals. Also, dealers, distributors and vendors are our partners.

Greenlam's
'bettering'
commitment is
drawn from a
rich culture

Where the Company combines the passion of a start-up with the experience of a heavyweight

Where the more that people are empowered the better the results

Where everyone focuses on raising their game when the market slows

Where the operative response to every challenge is 'There must be a better way!'

Where the most frequently used line is 'Is it sustainable?'

Where the one term everyone detests is 'status quo.'

Where the base line is 'If it is a Greenlam initiative, it must be the best!'

Where new product development budgets are sacred.

Where the overarching focus is 'Can we strengthen our position as a single-stop surface solution provider?'

Where the focus is on creating new markets over increasing market share.

Where the word 'transaction' has long been replaced by 'relationship.'

Where the Company's focus is on 'cash flows' than 'cash profits.'

Where the objective is to leave the world cleaner and greener.

'Bettering'.
A culture of
superior financial
management

FOR ANY SUCCESSFUL COMPANY, FINANCIAL ROBUSTNESS REPRESENTS THE FOUNDATION.

This is no different at Greenlam, where we believe that a robust financial foundation, liquidity and profitability across market cycles are core to business sustainability.

Over the years, the Company strengthened its financial management through various initiatives.

The Company selected to manufacture value-added products that enhanced overall profitability.

The Company provided a range of products that maximised cross-sale, strengthening offtake.

The Company focused on improving terms of trade. The Company moderated debtor days to 50 in FY2018-19 from 54 in FY2017-18, the sluggishness within the economy notwithstanding. The Company stocked inventory in view of circumstantial opportunities. Thus, inventory days increased from 82 in FY2017-18 to 88 in FY2018-19. As a result, every rupee of working capital generated ₹4.04 of revenues in FY2018-19.

The Company protected its liquidity without stretching the Balance Sheet. The cash profit of the

Company stood at ₹105.22 cr; the total cash on the books was more than ₹10 cr as on March 31, 2019.

The Company repaid ₹11.29 cr of debt, reducing long term debt to ₹110.74 cr. The result is that Greenlam's debt-equity ratio strengthened from 0.71 in FY2017-18 to 0.63 in FY2018-19. The average cost of debt stood at 6.3% during the year.

The Company's financial efficiency was reinforced in its margins and profitability. EBIDTA margin was 12.4% in FY2018-19 compared with 13% in the previous financial year; Return on Capital Employed was 17.2% compared with 18.3% in the previous year.

Greenlam will utilise its prospective cash flows for debt reduction, business re-investment and timely resource purchases, strengthening its overall competitiveness.

The Company was listed under the category of companies with healthy cash flows by Value Research in its Wealth Insight edition.

 A consistent
 commitment to put
 our best face forward

AT GREENLAM, WE BELIEVE THAT THERE IS NO FINISH LINE IN PRODUCT MARKETING.

What's good must be presented better.

What's unknown must be articulated.

What's unique must be focused.

What's pushed must be pulled.

At Greenlam, before we marketed a single square ft of product, we marketed ourselves.

Starting with five principal ideas.

One, single-stop interior surface solution provider.

Two, focus on building the business for long-term.

Three, focus on winning consumer trust.

Four, driven to sustainably enhance stakeholder value.

Five, global company headquartered out of India (reinforced through international acquisition).

The results

Greenlam operates the world over out of 7 subsidiaries.	Greenlam products are marketed across 100+ countries.	Greenlam generates 43% of revenues from outside India.
Greenlam launches new range collections periodically; enhancing customer confidence	Greenlam commissioned 42 shop-in-shops and a company operated experience centre in kolkata	Greenlam invested in its brand building through digital promotional campaigns.
Greenlam's portfolio broadbasing increased non-laminate revenues from 11% of turnover to 15% in five years.

**Making the world
 a better place**

GREENLAM IS NOT ONLY GOOD FOR CONSUMERS; IT IS GOOD FOR THE EARTH AS WELL.

The Company does not just focus on minimising costs; it focuses on minimising carbon footprint as well.

This sensitivity is drawn from an institutionalised discipline.

Using sustainable resources. Making enduring products. Conducting energy audits. Implementing audit recommendations. Investing in cutting-edge equipment. Training workers. Targeting high standards.

The Company replaced CFL lamps with LED equivalents. Invested in a reverse osmosis reject water recovery system (Behror). Commissioned a solar energy unit.

Its modern high pressure hot water

system deployed at Nalagarh unit conserves water resulting in minimum ground water withdrawal.

The Company uses husk as fuel for heat generation, saving carbon dioxide emission. Greenlam's FSC certified products have been contributing towards responsible forestry and conservation of environment since 2012.

The result: Greenlam annually saved 54,878 trees from being felled. Reduced carbon emissions by 13.90 lac kilograms. Saved 2.7 lac litres of fuel.

Reinforcing its position as a responsible corporate citizen.

Building a sustainable
platform through
investments in cutting-
edge technologies

AT GREENLAM, WE RECOGNISE THAT THERE IS NO ASSURANCE ABOUT THE FUTURE.

Over the years, we reinforced our insurance through a proactive investment in cutting-edge technologies.

Technologies that accelerate.

Technologies that educate.

Technologies that elevate.

Greenlam invested in SAP S/4HANA with the objective to enhance process efficiency. The project went live in April 2019 and is expected to enhance awareness, working capital efficiency and responsiveness.

Greenlam invested in ERP to manage its inventory through systematic procurement, stock ageing and consumption. Superior material and resource planning, available-to-

promise-based material availability checks and system-driven safety stock-based procurement planning optimized inventory at lower costs.

Greenlam implemented an automated product pricing methodology. Greenlam reinforced quality control and visibility. Greenlam automated the gate-in and gate-out process for vehicles to strengthen supply chain management. Greenlam invested in Cloud technology to enhance application platform.

The impact: deeper customer focus, superior cost control, faster information access and efficient dealer engagement.

Enhancing overall competitiveness.

Greenlam's deep
'bettering' culture
 has translated into
 continuous improvement

Managing working capital cycle

Greenlam maintained its working capital cycle at 90 days even while business scale increased

We intend to maintain the integrity and robustness of our Balance Sheet, which will ensure sustainable future growth.

Overview

I am pleased to present our performance for FY2018-19 for a number of reasons.

The year under review was one of the most challenging in recent years, marked by a visibly weaker consumer sentiment and corresponding decline in offtake from the second half of the financial year.

Despite this unforeseen reality, the management at Greenlam Industries responded with speed

and effectiveness. The Company reported profitable growth; revenues increased 11.9% while profit after tax strengthened 19.3% during the year under review.

This improvement in the face of diverse challenges – intense competition, tentative global consumption, currency volatility, trade wars and uncertain political developments – was a testimony to the Company's overarching culture called bettering.

Culture called Bettering

A number of observers are likely to ask: what is this culture called Bettering at Greenlam?

This is how I have always explained it: whenever there is a slowdown in the marketplace or an unexpected increase in resources costs, it would be naïve to believe that we would be able to pass these cost increases to our consumers.

At Greenlam, during these junctures we have generally tended to enhance our internal focus. We believe that by looking within, we are able to exercise a deeper grip on factors within our control; this deeper insight inevitably enhances our understanding of prevailing realities; this understanding provides us valuable cues on how

we may improve processes to shrink time, enhance quality and reduce costs.

At Greenlam, this culture is not invoked in the face of sectoral downturns; it represents our reflex system across all market cycles. The result is that this constitutes Greenlam's natural body language and core personality. At our company, what is good must be made better. This sustained commitment is derived from the ability to challenge the status quo, consistently believe that there is always a better way to do things, and that in this journey of continuous improvement, the sky is indeed the limit.

At Greenlam, we refer to this as our Culture called Bettering.

How this culture played out in 2018-19

During the year under review, our Culture called Bettering played out visibly.

At Greenlam, we have always believed that a slowdown represents an attractive opportunity to deepen our competitive advantage and outperform the sectoral average. This was visibly demonstrated during the last financial year: even as the broad interior products sector registered subdued growth, Greenlam's revenues grew 11.9% .

During this challenging year, a number of players were compelled to absorb the increase in costs in the face of a slowdown in the

reality sector and deferment of interior refurbishing by a number of players. This reality affected the margins of most players.

At Greenlam, we consistently believed that during these market junctures, the distance between Greenlam and the other brands would widen. This conviction was validated: by a prudent leverage of our various intangible strengths – brand, portfolio complement and distribution reach – we were able to pass on the cost increase, which strengthened our revenues and validated our sectoral leadership.

Besides, we strengthened our laminates product mix by

By a prudent leverage of our various intangible strengths – brand, portfolio complement and distribution reach – we were able to pass on the cost increase, which strengthened our revenues and validated our sectoral leadership.

Although, we could have generated higher volume sale by undertaking a price revision, we chose to grow sustainably by protecting our margins and maintaining a healthy Balance Sheet.

plugging product gaps, introduced new designs, strengthened the weightage of value-added products and reinforced our positioning as a premium non-commoditised player. The result is that our laminates revenues grew 10.2% (4.3% growth within India and 17.2% globally). Average realization per sheet was increased by 10.25% in comparison to the previous year. Although, we could have generated higher volume sale by undertaking a price revision, we chose to grow sustainably by protecting our margins and maintaining a healthy Balance Sheet.

Our decorative veneers and allied business reported a healthy growth of 22.3% for the year. The decorative veneer segment grew 10.6%, engineering wooden flooring business grew 64.3% and engineered door set business

grew 39.6%. Although the floor and door businesses registered a loss at the EBITDA level, the growth momentum is expected to accelerate.

The result is that we did not just grow our business during the year under review; we ensured that our margins were not highly impacted. Although overall EBITDA margins declined from 13% in FY2017-18 to 12.4% in FY2018-19, the margins from our laminate business, which accounts for nearly 85% of our revenues, stood at 13.65% during the year. Net profit margins improved by 40 bps to 6% compared to 5.6% in FY2017-18. The RoCE and RoE stood at an attractive 17.2% and 18%.

The Company's US and APAC subsidiaries performed better than in the previous year; the UK subsidiary reported profit in FY2018-19.

Strengthening the core

At Greenlam, we have always believed that slowdowns create attractive opportunities.

Such markets make it possible for companies like Greenlam to leverage their longstanding competencies: economies of scale translating into cost leadership; wide global footprint making it possible to move from countries experiencing pricing pressure to markets affording superior realisations; deeper ability to invest in technologies with the objective to enhance operating efficiencies.

The other big advantages of slowdown is that the resource costs get cheaper (generally), people retention is higher and it becomes easier to enhance mind share when most players are holding back on brand investments.

Over the last decade, one of the ways the Company differentiated itself was through its wide global footprint. As part of a hub and spoke approach, the Company selected to acquire/establish subsidiaries in large countries or contiguous to a number of country markets. The result was that the Company's product

enjoyed a presence across 100+ countries and exports accounted for 43% of the Company's revenues in FY2018-19.

We made a decisive investment related to our European footprint. We acquired Decolan SA., a distribution and marketing company in Switzerland (acquired through our Singapore subsidiary on 14th May, 2019). This acquisition was in line with the Company's conviction that progressive investments in tangible assets will drive the Company's revenues, market share and competitiveness.

What made the Decolan SA acquisition attractive is that the Company has been an importer and distributor of laminates and allied categories (compact laminates, façade products, etc.) for seven years, servicing growing Central European demand in Switzerland, Italy, The Netherlands, Belgium, France and Sweden etc. This acquisition will deepen our presence in a market where we do not have a distribution arrangement, strengthening our exports.

Strengthening investments

At Greenlam, we continued to plug business gaps with timely investments during the year under review.

One, the Company engaged in capital expenditure with the objective to generate larger throughput by modernising and debottlenecking capacities.

Two, the Company made investments in the S/4HANA version of SAP, which represents a superior digital platform generation that will mine data deeper and enhance the quality of our decision-making.

Three, we invested in the customised development of products (laminates, veneers and doors) for specific markets, the benefits of which will begin to reflect from the current year.

Four, we relocated our headquarters from downtown New Delhi to Aerocity, which provides us with superior access to modern infrastructure, inter-departmental co-ordination and excellent connectivity.

Five, we commissioned an Experience Centre in downtown Kolkata with the objective to provide consumers with a modern experiential environment in which to appraise the entire range of our products and simulate their application into their desired interior environment. We believe that this form of consumer engagement is futuristic; Greenlam was possibly the first within the country's laminate business to commission an Experience Centre of this standard.

Investing in responsibility and sustainability

At Greenlam, we believe that the sustainable companies of the future will be those that reconcile their growth with the protection of the environment. As global standards and regulations become increasingly stronger, it will be binding on companies to moderate their carbon footprint.

Greenlam took a number of proactive initiatives towards making this a culture even before this became a sectoral standard. For instance, the Company introduced Green Guard Certification of its products from FY2006-07, which validated that the products of the Company meet rigorous third-party chemical emissions standards, helping

reduce indoor air pollution and the risk of chemical exposure. The Company invested in cutting-edge technologies that moderated material consumption and achieved product quality right the first time.

Besides, the Company moderated water consumption across its manufacturing process and installed renewable energy (solar power) generation capacity of 955 kilowatts. We believe that this priority will only strengthen our recall as a responsible brand that is not only about being good to look at but also good for the earth and its environment.

Overview

At Greenlam, we foresee a stronger performance across the foreseeable.

We expect that demand will progressively revive; we possess adequate capacity and capability; we are present across a diverse range of products; we will focus on enhancing a cross-sale of products; we expect to enhance the proportion of value-added

products in our portfolio; we intend to control receivables and inventories with the objective to maximise cash flows, margins and profits. We intend to maintain the integrity and robustness of our Balance Sheet which will ensure sustainable future growth.

Saurabh Mittal
Managing Director & CEO

We believe that this form of consumer engagement is futuristic; Greenlam was possibly the first within the country's laminate business to commission an Experience Centre of this standard.

Greenlam's culture of 'bettering' is reflected

Definition

Growth in sales net of taxes

Why this is measured

It is an index that showcases the Company's ability to maximise revenues, which provided a basis against which the Company's success can be compared with sectoral peers.

What this means

Aggregate sales increased

11.9% to ₹1280.7 crore in FY2018-19 due to the introduction of value added products

Value impact

The growth in revenues will enhance the confidence of the Company in continuing with its existing strategy and providing innovative value-added products.

Definition

Earning before the deduction of fixed expenses (interest, depreciation, extraordinary items and tax)

Why this is measured

It is an index that showcases the Company's ability to generate a surplus after optimising operating costs, providing a base for comparison with sectoral peers.

What this means

Helps create a robust growth surplus-generating engine that enhances reinvestment.

Value impact

The Company reported a 6.5% increase in EBITDA in FY2018-19, an outcome of initiatives in improving operational efficiency.

Definition

Profit earned during the year after deducting all expenses and provisions

Why this is measured

It highlights the strength of the business model in enhancing value for shareholders.

What this means

This ensures better returns to shareholders.

Value impact

The increment in net profit by 19.35% indicates that profitable growth was achieved by the Company.

Definition

Cash profit is a profitability measure to ascertain a company's profit gross of non-cash expenses

Why this is measured

Cash profit provides an indication of how much a company actually earns.

What this means

Signifies financial robustness and ability of the Company in maintaining adequate liquidity while enhancing shareholder returns.

Value impact

The Company reported a 12.90% increase in cash profit in FY2018-19.

in its growth story across market cycles

Definition

This is a financial ratio that measures efficiency with which capital is employed in the Company's business

Why this is measured

ROCE is an insightful metric to compare profitability across companies based on their respective capital efficiency

What this means

An enhanced ROCE can potentially drive valuations and market perception.

Value impact

The Company reported a 110 bps decrease in ROCE in FY2018-19.

Definition

This is the ratio of debt to net worth (less revaluation reserves)

Why this is measured

This is one of the defining measures of a company's financial solvency.

What this means

This indicates whether the Company enhances shareholder value by keeping the equity

side constant and progressively moderating debt.

Value impact

The Company's gearing stood at 0.63 in FY2018-19 compared to 0.71 in FY2017-18. This ratio should ideally be read in conjunction with net debt/net worth (a reduction indicating greater ease in terms of servicing debt).

Definition

This is derived through the computation of the average cost of the consolidated debt on the Company's books.

Why this is measured

This indicates the Company's ability in convincing debt providers of the robustness of our business model and negotiating a lower debt cost

(leading to higher margins).

What this means

This translates into enhanced cash flows and strengthens credit rating leading to successive declines in debt cost

Value impact

The Company's debt cost declined from 7.2% in FY2017-18 to 6.3% in FY2018-19.

Definition

This is derived through the division of EBITDA by interest outflow

Why this is measured

Interest cover indicates the profit buffer available within the Company to service interest – the higher the better.

What it means

A company's ability to meet its interest obligations, an aspect of its solvency, is arguably one of the most important measures in assuring shareholder returns.

Value impact

The Company strengthened its interest cover from 8.25 in FY2017-18 to 9.35 in FY2018-19.

'Bettering'
is about producing
a quality benchmark
that the consumer is
not even aware of

GREENLAM'S PRODUCTS PLAY AN IMPORTANT ROLE IN ENHANCING THE LOOK OF INTERIORS. SINCE OUR PRODUCTS ARE USUALLY APPLIED ON THE SURFACE OF FURNITURE, THERE IS A PREMIUM ON THE NEED FOR DURABILITY.

At Greenlam, we have progressively built a productisation culture comprising constructive dissatisfaction.

The shopfloor worker is never satisfied, the quality assurance team feels we can always do better and our internal customer is demanding to the point of rejecting products around standards that extend far beyond what is needed by the consumer or specified by regulatory requirements.

One of the most decisive transformations to have transpired at Greenlam is that product quality is not something that transpires at the 'end of the pipe'; it is something that is invested at every point of the manufacturing journey. Greenlam strengthened its quality commitment around a structured approach. The Company invested in the most

advanced infrastructure; it invested in cutting-edge equipment that represented the next technology generation; it trained extensively to consistently achieve a desired benchmark; it raised end product screening standards; it strengthened process discipline through the implementation of SOPs, safety, health, product attributes, applications, fabrication practices and complaints handling; it collaborated with vendors with respect to quality management system, resources and capabilities.

The result is that our process acceptances are far higher than the prevailing standard across all product categories the Company is operating in.

'Quality means doing it right when no one is looking.'

'Bettering'
is about generating
more from the same
capacity

OVER THE YEARS, GREENLAM INVESTED IN ONE OF THE LARGEST MANUFACTURING CAPACITIES WITHIN THE SECTOR OF ITS PRESENCE.

This increased investment was done with a number of objectives: beat inflation, possess adequate capacity to address unforeseen market upturns, exercise positive pressure on the team to maximize offtake and enhance assurance among trade partners about the volume of available material.

The Company's proactive investment in a large manufacturing capacity was complemented with a capability to manufacture diverse sizes and variants addressing marketplace requirements.

Greenlam didn't just commission large capacities; it focused on maximizing output as well. During the year under review, the Company upgraded the standard Mikasa Doors & Frames through the installation of a painting and lacquering line with the objective to enhance output in FY20.

The Company developed and launched kitchen surfacing solutions comprising worktops, breakfast bars, upstands and backsplash around the do-it-yourself concept in Europe; the corresponding finishes comprised AFX, AFX Unicore and Tera etc.

The Company developed industrial grade phenolic sheets compatible with foil finish lamination for European OEMs.

The Company introduced non-halogenated FR products that are environment friendly and is also implementing process modification for fume free resins.

The Company launched internal cladding with customized aluminium profiling; it introduced new compact variant to address the needs of cubicles and partitions.

The Company launched new range collections of New Mika laminates, Clads, Compacts, Sturdo, New Point eight, Decowood Veneers, etc.

The Company participated in international exhibitions to enhance brand visibility.

The Company intends to commission another line of 1.6 million laminate sheet production to address the increasing demand. With this addition, the total installed capacity for laminate will become 15.62 million sheet per annum.

'Bettering'
means enhancing
the consumer
experience

AT GREENLAM, THE EXPERIENCE CENTRE REPRESENTS THE NEXT GENERATION OF CONSUMER EXPERIENCE.

This inaugural centre in Kolkata provides consumers with a sensory feel of products, the opportunity to appraise all brands and all products within the brand, emphasizing the Company's 'spoil for choice' positioning.

Advantages of the Experience Centre

- Singular focus on the Company's products (no distraction)
- Enhances consumer experience over a relatively smaller dealer outlet
- Extends beyond the limitation of the product catalogue
- Showcases the complete range of products under one roof
- Environment created to inspire architects, interior designers and opinion makers
- Enhances the Company's recall beyond laminates (to veneers, designed partition panels, office cubicle panels, floorings, doors etc.)
- Showcases the use of cutting-edge technologies (anti-fingerprint laminates, heat-resistant products, shock-resistant products, internal cladding etc.)
- Conduct events each week around specific stakeholders (architects, interior designers, dealers and end-customers) to enhance a sense of customization
- Empower consumers to select products that are sold by channel partners (win-win).
- Engages the Company with marketplace trends, inspiring product upgradation or customization
- Enhances the Company's brand as one that is futuristic

"I lost count of the number of times a client exclaimed, 'Aap yeh bhi banaate ho?'"

"We function like a 'support-centre' for dealers, architects and interior designers. They send their clients to our Experience Centre and we inform them of the product chosen by their client. Designers do not need to accompany their clients from dealer to dealer any longer!"

Manager,
Greenlam Experience
Centre, kolkata

"I am redesigning my jewellery shop and residence. I went to the Greenlam store to buy laminates. When I saw the range of compacts (cubicles, lockers, partitions etc.) I bought products worth ₹5 lakh that was not on my agenda. I came away feeling 'Paisa vasool ho gaya.'"

'Bettering' means contributing to a stronger community

Overview

Greenlam commenced corporate social responsibility even before the concept became popular.

The Company's spending on community social responsibility was in line with the national and regional priorities.

At a time when the areas proximate to its operations were marked by malnutrition, inadequate primary health care, poor educational support, the Company recognized its duty to the location.

Today, Greenlam's broad

interventions cover education, healthcare and community development. The Company contributed ₹1.23 crore in 2018-19 (₹0.68 crore in 2017-18) for the development of communities around its plant sites.

BEHROR

Maternal and neo-natal health

This programme is being executed by NGO Mamta and focuses on delivering meaningful outcomes for issues related to reproductive, maternal, neonatal and adolescent health in the community. In the past year, the Company has been able to:

- Establish six youth info centres to provide safe spaces for the local youth in terms of right information, choices and security.

- Set up a smart parenthood club for first-time parents to interact with each other.
- Promote behavioural change communication overseen by peer leaders and facilitated by the Mamta staff.
- Conduct orientation workshops in collaboration with Asha and anganwadi workers towards ensuring inclusive delivery

of governmental healthcare services and combine these with the behavioural change communication sessions, going forward.

- Hold sensitisation meetings to bust myths and build awareness on topics like preconception care, pregnancy and post-pregnancy care.

Education

These interventions are being executed by Pratham across 15 villages to improve the foundation skills of community children in language and math. In the past year, the Company was able to:

- Organise the Balvachan programme for the development and growth of the child in the pre-primary stage and the initiation

of basic literacy and numeracy skills in first and second standard students.

- Identify key learning gaps and work on them to build foundational skills via baseline and end-line assessments.
- Set up children's groups in communities, where books are provided to foster a habit of

reading.

- Conduct community mobilisation events.
- Installed cost-effective playscapes in six schools in collaboration with End Poverty to encourage enrolment and retention of children.

NALAGARH

Education

The Society for All Round Development has been driving the Company's educational interventions in these communities. In the past year, the Company was able to:

- Maintain child resource centres replete with grade-wise teaching

and learning materials, reading corners, activity corners, and thematically-decorated walls.

- Build capabilities of teachers based on assessment and evaluation.
- Reduce learning gaps by

holding remedial classes for children.

- Installed cost-effective playscapes in five schools in collaboration with End Poverty to encourage enrolment and retention of children.

Healthcare

The Society for All Round Development has been driving the Company's healthcare interventions in these communities. In the past year, the Company was able to:

- Organise counselling and health check-up camps focusing on women, the elderly and other vulnerable individuals.
- Build capacities of anganwadi and Asha workers as well as

auxiliary nurses and midwives.

- Undertake independent and focused drives like tree plantations and pulse polio campaigns, among others.

GHAZIABAD

Foster care for girls

The project is being managed by Udayan Care, supported by Greenlam and providing support to 12 primary beneficiaries. In the past year, the Company was able to:

- Provide holistic foster care in a homely environment to girls to

ensure that they grow up to be independent adults.

- Provide them with good education, adequate learning opportunities and mentoring in times of need.
- Continued academic support

for girls admitted to private school.

- Conduct regular field trips and exposure visits along with various workshops on skill-building, education, hygiene and healthcare.

*Including Other Income

Operations and State of Affairs of the Company

During the financial year 2018-19, your Company outperformed with an excellent growth of 11.56% in total income to ₹1,19,813.76 lacs as against ₹1,07,395.87 lacs in the previous year and growth of 9.94% in net profit to ₹6,508.25 lacs from ₹5,919.69 lacs in the previous year. This performance is driven by price improvements, better product mix, focused operational efficiency and a disciplined approach in commercial operations. This needs to be viewed against the backdrop of a challenging business environment, namely, weak real estate sales and subdued consumer sentiments.

Moreover, the building material sector witnessed muted performance and this year was no different.

Laminates and allied products constitutes around 83.5% of our sales and in financial year 2018-19, sales grew by 11.0% to ₹99,974.84 lacs. The veneer and allied products contributes 16.5% to our total sales. Veneer sales grew by 10.6% to ₹13,068.10 lacs in financial year 2018-19. In the engineered wooden flooring business, your Company clocked sales of ₹4,311.00 lacs for financial year 2018-19, growing by 64.3%. In the engineered wooden door sets business, sales grew by 39.6% to stand at ₹2,245.00 lacs.

During the financial year 2018-19, your Company recorded a growth of 21.66% in export turnover from

₹35,316.88 lacs to ₹42,966.12 lacs and export incentive increased from ₹2,001.14 lacs to ₹3,508.03 lacs.

As per the Consolidated Financial Statements, total income and the profit after tax for the financial year 2018-19 stood at ₹1,28,223.22 lacs and ₹7,711.23 lacs respectively.

During the financial year 2018-19, your Company intensified its efforts in the area of product integration and market penetration. Your Company continued to expand its export markets for Laminates and allied products.

The overall performance of the Company during financial year 2018-19, amid a challenging economic scenario, vindicates the effectiveness of the initiatives undertaken by Greenlam's Management so as to exploit better business opportunities.

Dividend

Your Directors recommend a final dividend of ₹3.00 per equity share (previous year ₹2.50 per equity share) on the Company's 2,41,36,374 equity shares of ₹5.00 each for the financial year 2018-19. The final dividend on the equity shares, if declared as above, would entail an outflow of ₹7,24,09,122.00 towards dividend and ₹1,48,87,315.00 towards dividend tax, resulting in a total outflow of ₹8,72,96,437.00.

The dividend payment is subject to approval of members at the ensuing Annual General Meeting. The dividend pay-out is in accordance with the Dividend Distribution Policy of the Company adopted by the Board of Directors in their meeting held on October 26, 2018. The Dividend Distribution Policy of the Company is annexed herewith as "Annexure-I" to this Report.

Outlook and Expansion

The Company's outlook remains favourable on account of its product integration capabilities, growing brand popularity and the continuous support from its employees, shareholders, creditors, consumers, distributors, dealers and lenders. The Company's vision is to be a one-stop solution for all decorative surface products (in its field of operation). The Company's pan-India distribution network ensures easy availability of products in almost every part of India. The Company has a presence in over 100 countries, either directly or through its overseas subsidiaries.

Increasing urbanisation, growing nuclearisation, revival of real estate, increment in office spaces, urban

development like Housing for All and Smart Cities, tourism and hospitality are expected to catalyse the demand for laminates in the country.

Your Company being the largest laminate manufacturer in the country is poised to capitalise on these opportunities while benefitting from economies of scale on one hand and demand on other.

During the financial year 2018-19, the Board of Directors of your Company in their meeting held on February 13, 2019 has approved to acquire 100% shares of Decolan SA, (a company incorporated in Switzerland) through Greenlam Asia Pacific Pte. Ltd., wholly owned subsidiary of the Company in Singapore.

Greenlam Asia Pacific Pte. Ltd. has on May 14, 2019, acquired 100% shares of Decolan SA and consequently from that date Decolan SA has become a wholly owned (direct) subsidiary of Greenlam Asia Pacific Pte. Ltd. and a wholly owned (step-down) subsidiary of Greenlam Industries Limited.

The name of 'Decolan SA' post its acquisition by Greenlam Asia Pacific Pte. Ltd. has been changed to 'Greenlam Decolan SA'.

Also, the Board of Directors of your Company at their meeting held on March 20, 2019, has decided to expand capacity to manufacture an additional 1.6 million laminate sheets per annum. With this addition to the existing manufacturing capacity, the total installed capacity for laminate will become 15.62 million laminate sheets per annum. The estimated capital cost for this brownfield expansion would be approximately ₹25.00 crores. The expanded capacity is expected to be operationalised by third quarter of 2019-20.

In view of the above, your Directors are confident of achieving better results in the coming years.

Credit Rating

During the financial year 2018-19, CARE Ratings Ltd. has reaffirmed the credit rating "CARE A+; Stable" in respect of long term bank facilities of ₹241.55 crores and "CARE A1+" for short term bank facilities of ₹230.00 crores.

DIVIDEND DISTRIBUTION POLICY OF GREENLAM INDUSTRIES LIMITED

The Board of Directors (the "Board") of Greenlam Industries Limited (the "Company") has adopted the Dividend Distribution Policy (the "Policy") of the Company as required in terms of Regulation 43A of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (the "Listing Regulations") in its meeting held on October 26, 2018.

EFFECTIVE DATE

The Policy shall become effective from the date of its adoption by the Board i.e. October 26, 2018.

PURPOSE, OBJECTIVES AND SCOPE

The Securities and Exchange Board of India ("SEBI") vide its Notification dated July 08, 2016 has amended the Listing Regulations by inserting Regulation 43A in order to make it mandatory to have a Dividend Distribution Policy in place by the top five hundred listed companies based on their market capitalization calculated as on the 31st day of March of every year. The Company, being one of the top five hundred companies listed with National Stock Exchange of India Ltd. (NSE) on the basis of market capitalization of the Company as on March 31, 2018, therefore it requires to comply with the requirements of Regulation 43A of the Listing Regulations. Considering the provisions of the aforesaid Regulation 43A, the Board of Directors (the "Board") of the Company recognizes the need to lay down a broad framework for considering decisions by the Board of the Company, with regard to distribution of dividend to its shareholders and/or retaining or ploughing back of its profits. The Policy also sets out the circumstances and different factors for consideration by the Board at the time of taking such decisions of distribution or of retention of profits, in the interest of providing transparency to the shareholders.

The Policy is not an alternative to the decision of the Board for recommending dividend, which is made every year after taking into consideration all the relevant circumstances enumerated hereunder or other factors as may be decided as relevant by the Board.

Declaration of dividend on the basis of parameters in addition to the parameters of this Policy or resulting in amendment of any parameters of the Policy will

be regarded as deviation. Any such deviation on parameters of this Policy, when deemed necessary in the interests of the Company, along with the rationale will be disclosed in the Annual Report by the Board of Directors.

The Policy reflects the intent of the Company to reward its equity shareholders by sharing a portion of its profits after adjusting for accumulated losses and unabsorbed depreciation, if any, and also retaining sufficient funds for growth of the Company pursuant to Section 123 of the Companies Act, 2013. The Company shall pursue this Policy, to pay, subject to the circumstances and factors enlisted hereon, progressive dividend, which shall be consistent with the performance of the Company over the years.

The Policy shall not apply to determination and declaring dividend on preference shares as the same will be as per the terms of issue approved by the shareholders.

A. GENERAL POLICY OF THE COMPANY AS REGARDS DIVIDEND

The general considerations of the Company for taking decisions with regard to dividend payout or retention of profits shall be as following:

Subject to the considerations as provided in the Policy, the Board shall determine the dividend payout in a particular year after taking into consideration the operating and financial performance of the Company, the advice of executive management including the Chief Financial Officer (CFO), and other relevant factors.

B. CONSIDERATIONS RELEVANT FOR DECISION OF DIVIDEND PAY-OUT

The Board shall consider the following, while taking decisions of a dividend payout during a particular year:

Statutory requirements

The Company shall observe the relevant statutory requirements including those with respect to payment of dividend distribution tax, transfer of a certain portion of profits to reserves, which may be applicable to the Company at the time of taking

decision with regard to declaration of dividend or retention of profits.

Agreements with lending institutions/ Debenture Trustees

The decision of dividend pay-out shall also be affected by the restrictions and covenants contained in the agreements, if any, entered into with the lenders/Debenture Trustees/Bond holders of the Company from time to time.

Other Agreements

The decision of dividend pay-out shall also be affected by the restrictions and covenants contained in the agreements that the Company shall generally enter into during the course of business, if any.

This provision shall apply mutatis mutandis to agreements already executed before the commencement of the Dividend Policy of the Company.

Long term strategic objectives of the Company as regards financial leverage

The Board may exercise its discretion to change the percentage of dividend or to otherwise take decision of retention or distribution of profits where, the Company is planning to go for expansion, restructuring, reorganizing, diversification, investment, etc.

Prudential requirements

The Company shall analyse the prospective projects and strategic decisions in order to decide:

- to build a healthy reserve of retained earnings;
- to augment long term strength;
- to build a pool of internally generated funds to provide long-term resources as well as resource-raising potential for the Company; and
- the needs for capital conservation and appreciation.

Proposals for major capital expenditures etc.

In addition to plough back of earnings on account of depreciation, the Board may also take into consideration the need for replacement of capital assets, expansion and modernization or augmentation of capital stock, including any major capital expenditure proposals.

Extent of realized profits as a part of the IND AS profits of the Company

The extent of realized profits out of its profits calculated as per IND AS, affects the Board's decision

of determination of dividend for a particular year. The Board is required to consider such factors before taking any dividend or retention decision.

Expectations of shareholders

The Board, while considering the decision of dividend pay-out or retention of a certain amount or entire profits of the Company, shall consider the expectations of the shareholders of the Company who generally expects for a regular dividend payout.

C. FINANCIAL PARAMETERS

In addition to the aforesaid parameters such as realized profits, proposed major capital expenditures, etc. the decision of dividend payout or retention of profits shall also be based on the following:

Operating cash flow of the Company

If the Company cannot generate adequate operating cash flow, it may need to rely on outside funding to meet its financial obligations and sometimes to run the day-to-day operations. The Board will consider the same before its decision whether to declare dividend or retain its profits.

Net sales of the Company

To increase its sales in the long run, the Company will need to expand its manufacturing capacity as well as increase its sales, marketing, advertising expenses, etc. The amount outlay in such activities will influence the decision of declaration of dividend.

Return on invested capital

The efficiency with which the Company uses its capital will impact the decision of dividend declaration.

Magnitude of earnings of the Company

Since dividend is directly linked with the availability of earning over the long haul, the magnitude of earnings will significantly impact the dividend declaration decisions of the Company.

Cost of borrowings

The Board will analyze the requirement of necessary funds considering the long term or short term projects proposed to be undertaken by the Company and the viability of the options in terms of cost of raising necessary funds from outsiders such as bankers, lending institutions or by issuance of debt securities or plough back its own funds.

Obligations to creditors

The Company should be able to repay its debt obligations without much difficulty over a reasonable period of time. Considering the volume of such obligations and time period of repayment, the decision of dividend declaration shall be taken.

Inadequacy of profits

If during any financial year, the Board determines that the profits of the Company are inadequate, the Board may decide not to declare dividends for that financial year.

Post dividend EPS

The post dividend EPS can have strong impact on the funds of the Company, thus, impacting the overall operations on day-to-day basis and therefore, affects the profits and can impact the decision for dividend declaration.

D. FACTORS THAT MAY AFFECT DIVIDEND PAYOUT

External Factors

Taxation and other regulatory concern

- Dividend distribution tax or any tax deduction at source as required by applicable tax regulations in India, as may be applicable at the time of declaration of dividend.
- Any restrictions on payment of dividends by virtue of any regulation as may be applicable to the Company at the time of declaration of dividend.

Macroeconomic conditions

Considering the state of economy in the Country, policy decisions that may be formulated by the Government and other similar conditions prevailing in the international market which may have a bearing on or affect the business of the Company, during uncertain or recessionary economic and business conditions, the Board may consider retaining a larger part of the profits to have sufficient reserves to absorb unforeseen circumstances.

Capital Market

When the markets are favorable, dividend pay-out can be liberal. However, in case of unfavorable capital market conditions, Board may resort to a conservative dividend payout in order to conserve cash outflows.

Statutory Restrictions

The Board will keep in mind any restrictions on payment of dividends by virtue of any regulation or loan covenant, as may be applicable to the

Company at the time of declaration of dividend.

Internal Factors

Product/ market expansion plan

The Company's growth oriented decision to conserve cash in the Company for future expansion plan impacts shareholders' expectation for the long run which shall have to be considered by the Board before taking dividend decision.

Past performance/ reputation of the Company

The trend of the performance/ reputation of the Company that has been during the past years determine the expectation of the shareholders.

Working capital management in the Company

The current practice for the management of working capital within the Company also impacts the decision of dividend declaration.

Age of the Company and its product/market

The age of the Company and its product or the market in which the Company operates will be one of the most significant determining factors to the profitability of the Company and dividend declaration or retention.

Amount of cash holdings in the Company

In the investor's point of view, in the absence of any major expansion plan or capital investments or other strategic investment plans in the hands of the Company, the investors may not appreciate excessive cash holdings in the Company. The Board shall have to consider the same before taking decision of dividend declaration.

E. CIRCUMSTANCES UNDER WHICH DIVIDEND PAYOUT MAY OR MAY NOT BE EXPECTED

The Board shall consider the factors provided in this Policy, before determination of any dividend payout after analyzing the prospective opportunities and threats, viability of the options of dividend payout or retention etc. The decision of dividend payout shall, majorly be based on the aforesaid factors considering the balanced interest of the shareholders and the Company.

F. MANNER OF DIVIDEND PAYOUT

The discussion below is a summary of the process of declaration and payment of dividends, and is subject to applicable regulations:

In case of final dividends

1. Recommendation, if any, shall be done by the Board, usually in the Board meeting that

considers and approves the annual financial statements, subject to approval of the shareholders of the Company.

2. The dividend as recommended by the Board shall be approved/declared at the annual general meeting of the Company.
3. The payment of dividends shall be made within 30 days from the date of declaration to the shareholders entitled to receive the dividend on the record date/book closure period as per the applicable law.

In case of interim dividend

1. Interim dividend, if any, shall be declared by the Board.
2. Before declaring interim dividend, the Board shall consider the financial position of the Company that allows the payment of such dividend.
3. The payment of dividends shall be made within 30 days from the date of declaration to the shareholders entitled to receive the dividend on the record date as per the applicable laws.
4. An interim dividend declared by directors shall be confirmed in the ensuing annual general meeting of the Company.
5. In case no final dividend is declared, interim dividend paid during the year, if any, will be finally regarded as the dividend paid during the year.

G. MANNER OF UTILISATION OF RETAINED EARNINGS

The Board may retain its earnings in order to make better use of the available funds and increase the value of the stakeholders in the long run. The decision of utilization of the retained earnings of the Company shall be based on the following factors:

- Market expansion plan;
- New acquisitions & investments;
- Product expansion plan;
- Increase in production capacity;
- Modernization plan;
- Diversification of business;

- Long term strategic plans;
- Replacement/up-gradation/modernization of capital assets;
- Investment plans in long term/short term strategic joint ventures and/or partnerships and/or subsidiary companies;
- To retire expensive debt, if any;
- Such other criteria as the Board may deem fit from time to time.

H. PARAMETERS FOR VARIOUS CLASSES OF SHARES

1. The factors and parameters for declaration of dividend to different class of shares of the Company shall be same as covered above.
2. The payment of dividend shall be based on the respective rights attached to each class of shares as per their terms of issue.
3. The dividends shall be paid out of the Company's distributable profits and/or general reserves, and shall be allocated among shareholders on a pro-rata basis according to the number of each type and class of shares held.
4. Dividend when declared shall be first paid to the preference shareholders, if any, of the Company as per the terms and conditions of their issue.

AMENDMENT

The Managing Director & CEO and the Chief Financial Officer of the Company shall be jointly/severally authorized to review and amend the Policy to the extent of any change/amendment required in terms of any applicable law. Such amended Policy shall be placed before the subsequent Board Meeting for noting and necessary ratification immediately after such changes. Any other changes apart from those required in terms of the statute, shall be made in consideration and approval of the Board.

***Details of Implementing Agency:**

a) Udayan Care, A Charitable Trust

Udayan Care is a registered Public Charitable Trust since 1994. Udayan Care's initiatives are focused towards regenerating the rhythm of life of the disadvantaged. Through the power of mentorship, it nurtures children who are orphaned and abandoned in the warmth of a family at Udayan Ghars, its long-term foster homes; ensures young girls higher education through our education fellowships; enables underserved youth and adults to improve their employability skills in its IT & vocational training centres; and creates long term buddies through Big Friend Little Friend Programme for these children.

b) MAMTA-Health Institute for Mother & Child

Mamta-Health Institute for Mother & Child is a Non-Government Organisation registered under Societies Registration Act, 1860. Mamta works for the cause of community development and is engaged, *inter alia*, amongst other activities in capacity building, community action, system strengthening, research and evidence building with a gender and rights perspectives in a cost effective and sustainable approach that empowers the marginalised and vulnerable communities in resource-poor settings of India.

c) SARD-Society for All Round Development

SARD is a Non-Government Organisation registered under Societies Registration Act, 1860 at New Delhi, established with a mission to empower the deprived section of society, especially women, through the promotion of education, health care, skill development and sustainable economic activities.

d) PRATHAM Education Foundation

PRATHAM was established in 1995 by UNICEF, the Municipal Corporation of Greater Mumbai and several prominent citizens to provide preschool education to children in the slums of Mumbai. Over the years, it has developed an in-house pedagogical approach called CAMaL (Combined Activities for Maximised Learning) that amalgamates doing, speaking, reading and writing around each learning activity so that 'learning to read' and 'reading to learn'

stimulates better learning, comprehension and retention. This approach is a departure from the textbook-limited route learning method prevalent in India. CAMaL splits the school curriculum into activities that can be adopted rather quickly to achieve a visible impact in writing, reading and comprehension and above all, on the confidence of the child.

e) END POVERTY

End Poverty is a civil society organization registered in 2009 with a purpose to contribute towards poverty reduction in India. With a mandate to work across the country, so far End Poverty has been working in the state of Rajasthan, Haryana, Karnataka and Delhi with a focus on creating sustainable livelihood. End Poverty is engaged in sustainable poverty alleviation by creating and supporting the poor for laying a strong life, learning and economic foundation with the objective of eradicating the cycle of poverty. It also aims at socio-economic empowerment of the most disadvantaged groups in its area of operation and contributes to their active inclusion in all aspects of their life so that they may be enabled to strengthen their community development role and contribute to the elimination of poverty within their communities.

6. In case the Company has failed to spend the two per cent of the average net profits of the last three financial years or any part thereof, the Company shall provide the reasons for not spending the amount in its Board's report:

The Company has spent the required amount on CSR activities.

7. A responsibility statement of the CSR Committee that the implementation and monitoring of CSR Policy, is in compliance with CSR objectives and Policy of the Company:

SECRETARIAL AUDIT REPORT

FOR THE FINANCIAL YEAR ENDED ON 31ST MARCH 2019

To,
The Members,
Greenlam Industries Limited,
Makum Road, Tinsukia,
Assam-786125

I have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **Greenlam Industries Limited** (hereinafter called "the Company"). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the Company has, during the audit period covering the financial year ended on **31st March, 2019** complied with the statutory provisions listed hereunder, adhered to good corporate practices and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter.

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on **31st March, 2019** according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings made by the Company;

(v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-

- (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
- (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
- (c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009 (**Not applicable to the Company during the audit period**);
- (d) The Securities and Exchange Board of India (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999/Securities and Exchange Board of India (Share Based Employee Benefits) Regulations 2014 (**Not applicable to the Company during the audit period**);
- (e) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008 (**Not applicable to the Company during the audit period**);
- (f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client to the extent of securities issued.
- (g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009 (**Not applicable to the Company during the audit period**) and
- (h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998 (**Not**

applicable to the Company during the audit period)

I further report that, having regard to the compliance system prevailing in the Company and relying on the representation made by the Company and its officers, the Company has complied with other applicable laws, as informed and certified by the Management of the Company, which are specifically applicable to the Company;

1. Environment Protection Act, 1986
2. Water (Prevention and Control of Pollution) Act, 1974
3. Air (Prevention and Control of Pollution) Act, 1981
4. The Explosives Act, 1884
5. Hazardous Waste (Management, Handling and Trans boundary Movement) Rules, 2008
6. The Indian Boilers Act, 1923 and rules and regulations thereunder
7. The Petroleum Act, 1934
8. Legal Metrology Act, 2009 and rules and regulations thereunder
9. The Rajasthan Factories Rules, 1951 and The Himachal Pradesh Factory Rules, 1950
10. Indian Forest Act, 1927, Rajasthan Forest Act, 1953, The Rajasthan Forest Produce (Establishment and Regulations of Saw Mills) Rules, 1983

I have also examined compliance with the applicable clauses of the following:

- (i) Secretarial Standards issued by The Institute of Company Secretaries of India.
- (ii) The Listing Agreements entered into by the Company with BSE Limited and National Stock Exchange of India Limited pursuant to the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as applicable.

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

I further report that:

1. The Board of Directors of the Company is duly constituted with proper balance of Executive

Directors, Non-Executive Directors and Independent Directors. However, during the financial year 2017-18, the name of Ms. Sonali Bhagwati Dalal, Independent Director of the Company was published by the Ministry of the Corporate Affairs (MCA) on its website in the list of disqualified directors under Section 164(2) of the Companies Act, 2013. Subsequently, a petition was filed by her before the Hon'ble High Court of Delhi and the Hon'ble High Court of Delhi has stayed the impugned list of Disqualified Directors to the extent it includes her name. Further, to avail the Condonation of Delay Scheme (CODS), 2018, she has filed an appeal before the National Company Law Tribunal (NCLT) for revival of the concerned defaulting company and the same is pending for disposal. In view of the pendency of the said appeal before NCLT, the Hon'ble High Court of Delhi has vide its order dated May 07, 2018 has extended the stay till disposal of the said appeal by MCA.

Thereafter, the NCLT has issued an order dated March 19, 2019 for restoration of the name of the said company in the register of Registrar of Companies (ROC) and also directed the said company to file all the annual returns and balance sheets as well other compliances statutorily required to be made under the Companies Act, 2013. Accordingly the said company has already submitted the requisite forms and documents with concerned ROC and also submitted Form e-CODS 2018 on April 16, 2019 for Condonation of Delay which has already been approved by the MCA.

The changes, if any, in the composition of the Board of Directors and Board Committees that took place during the period under review were carried out in compliance with the provisions of the Act.

2. Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.
3. Majority decision is carried through while the dissenting members' views are captured and recorded as part of the minutes of the meetings of the Board of Directors or Committees of the Board, as the case may be.

I further report that based on review of compliance mechanism established by the Company and on the basis of the Compliance Certificate(s) issued by the Company Secretary and taken on record by the Board of Directors at their meeting(s), I am of the opinion that there are adequate systems and processes in place in the Company which is commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

As informed, the Company has responded appropriately to notices received from various statutory/regulatory Authorities including initiating actions for corrective measures, wherever found necessary.

I further report that during the audit period, the Company has no specific events/actions having a major bearing on the Company's affairs in pursuance except as under:

1. The Wholly Owned Subsidiary of the Company in Singapore namely Greenlam Asia Pacific Pte.

Ltd. has, on May 14, 2019, acquired 100% shares of Decolan SA and consequently Decolan SA has become a wholly owned (direct) subsidiary of Greenlam Asia Pacific Pte. Ltd. and a wholly owned (step-down) subsidiary of the Company.

2. The Board of Directors of the Company has approved expansion of manufacturing capacity of laminates to manufacture additional 1.6 million laminate sheets per annum.

(Suhita Mukhopadhyay)
Place: New Delhi Practising Company Secretary
Date: 30th May 2019 C P No.: 14738

Annexure-VII

Information required under Section 134(3)(m) of the Companies Act, 2013 read with Rule 8(3) of the Companies (Accounts) Rules, 2014 pertaining to Conservation of Energy, Technology Absorption, Foreign Exchange Earnings and Outgo

(A) Conservation of Energy

(i) Steps taken or impact on conservation of energy:

- Replaced all the sodium and CFL lamps with LED lights in both the manufacturing units. Estimated saving of energy would be 40,000 KWH per annum.
- Installed R.O. Reject water recovery system at Behror Unit. There is a huge saving in ground water withdrawal to the tune of 1250 KL/month. This is a great environment contributor as well as saves pumping costs of water by 18000 KWH per annum.

(ii) Steps taken for utilising alternate sources of energy:

- Installed Solar Energy Plant at Behror manufacturing unit having capacity of 955 KW which would contribute for 10 lacs KWH per annum.

(iii) Capital Investment on energy conservation equipment:

- The expenditure incurred for installation of Solar Energy plant at Behror manufacturing unit is approximately ₹4.0 crores.
- The expenditure incurred for installation of R.O. Reject Water Recovery System is approximately ₹12.0 lacs.

(B) Technology Absorption:

i. Efforts made towards technology absorption:

- In house development and introduction of:
- New dimension has been created in compact laminates to bring new range that is used as Kitchen tops, breakfast bars, splash back panels and upstands. This product range is introduced for UK markets in attractive finishes, AFX and Unicore variants.
 - Interior Compact range with installation support is introduced in domestic markets which is a quick partition solution for studio type spaces.
 - Introduced new compact variant to meet the

increasing demand of higher door and cubicle requirements.

- Two premium grain matching textures have been introduced, viz., Olmo & Synchro to set a new trend in décor appeal and product is well accepted and is in demand.

ii. Benefits derived like product improvement, cost reduction, product development or import substitution:

- Environment & Safety:
 - Wet Scrubber installed on the flue gases emitted from Hot Water generator and Thermic flit heater.
 - 15000 CMH capacity HVAC system installed at Laminate manufacturing unit of Behror Plant at cutting and sanding sections to improve the quality of air and temperature at work place. The cost incurred was ₹36 Lacs.
 - Three sets of spark detection and extinguishing systems installed at various dust collection units to mitigate fire accidents.

- Installed Finger Jointing machine to reuse the waste wood at Engineered Wooden Flooring manufacturing unit at Behror Plant.

- Extension of building of Engineered Wooden Door sets manufacturing unit at Behror Plant has been taken up for installing new modern machinery that would help in enhancing the productivity, with more product features and capacity.

- New impregnator with 12 zone capacity is under installation. The expected speed of the machine is 120 M/ minute.

iii. Information regarding technology imported, during the last 3 years:

- Details of technology imported: Technical

Know-how for manufacturing and improving the product interior clads using Compact Laminate as cladding material from Frankonia Systems of Germany.

b. Year of import: 2017-18

c. Whether the technology been fully absorbed: Yes

d. If not fully absorbed, areas where absorption has not taken place, and the reason thereof: Not applicable

iv. Expenditure incurred on Research and Development:

a. Capital: Nil
b. Recurring: Nil

C) Foreign Exchange Earnings and Outgo

The details of foreign exchange earned in terms of actual inflows during the year and the foreign exchange outgo during the year in terms of actual outflows are as under:

Management Discussion and Analysis

Global economic overview

Following robust growth of 3.8% in 2017 that extended into the first half of 2018, the global economy slowed in the second half of 2018. The reasons for this decline comprised a confluence of factors like the failure of Brexit negotiations, tightened financial conditions, geopolitical tension, trade wars and higher crude oil costs.

Global economic growth is estimated at 3.6% in 2018 and projected to decline further to 3.3% in 2019. Crude prices remained volatile since August 2018 as a result of multiple factors including the American policy pertaining to Iranian exports and softening global demand. Oil prices dropped from a four-year peak of US\$ 81 per barrel in October 2018 to US\$ 61 per barrel in February 2019. (Source: World Economic Outlook)

Overview of key global economies

United States of America: Economic confidence and sentiment indicators remained at near-historical highs, despite a wide range of tariff hikes and build-up of trade tensions that intensified during 2018. The impact of ongoing trade disputes on the domestic economy were offset by the fiscal stimulus measures undertaken in 2018, including a 200 bps drop in income tax rates, steep decline in the corporate tax rates and a rise in federal government consumption spending (especially on defence). Unemployment is at its lowest level in nearly five decades, and inflation is hovering slightly below the 2-percent target. In light of muted inflation, heightened risks from the external environment, and unresolved policy issues, the Federal Reserve has signaled a more gradual pace of tightening. U.S. growth is expected to slow to 2.5 percent in 2019 and further decelerate to 1.7 percent in 2020 and 1.6 percent in 2021, as the effects of recent fiscal stimulus wane.

Emerging Asia: Emerging Asia's GDP is expected to grow at 6.4% in 2018, on the back of improved performance in China, India and ASEAN countries. Growth in emerging and developing Asia is expected to moderate to 6.3% in 2019 and 2020, while inflation is projected to be subdued. Strong and broad-based global growth and trade are expected to support Asia's exports and investment, while accommodative financial conditions should support domestic demand.

Eurozone: In 2018, growth remained subdued among the advanced economies in the eurozone and the UK with growth being pegged at 1.8%. This is projected to slow down to 1.3% in 2019 and rebound to 1.5% in 2020. Activity in emerging and developing Europe in 2019 is expected to weaken more than previously anticipated, despite generally buoyant and higher-than-expected growth in several Central and Eastern European countries, before recovering in 2020.

Indian economic overview

India is the sixth-largest economy and retained its position as the fastest-growing trillion-dollar economy. After growing 7.2% in 2017-18, the Indian economy was expected to grow at 6.8% in 2018-19. The principal developments during the year under review comprised a sustained increase in per capita incomes, decline in national inflation, steadying interest rates, and weakened consumer sentiment starting from the second half of the financial year.

The weaker sentiment was on account of a large non-banking financial company announcing its inability to address liabilities. This affected credit expansion, financial markets and consumer sentiment, which resulted in a slower GDP growth of 5.8% in fourth and 6.6% in the third quarter of the year under review compared with 8.2% and 7.1% GDP growth in the first and second quarter of FY2018-19.

In 2018, the country attracted more foreign inflows than China ~US\$ 38 billion, higher than China's US\$ 32 billion. India witnessed a 23-notch increase to 77th position in the World Bank's report on the ease of doing business. The commencement of the US-China trade war opened a new opportunity for India. Inflation (including food and energy prices) was pegged at 2.6% on an annual basis, one of the lowest in years. The rupee rebounded after touching a low of ₹74.45 to a USD to close the financial year at ₹69.44. During the fiscal under review, the Indian Government continued to invest deeper in digitalisation, renewable energy capacity generation and infrastructure building. (Source: CSO)

Outlook

India is expected to grow at 7.4% in FY2019-20 with a projected economic rebound following the 2019 general elections, capitalizing on the next round of structural reforms. (Source: CSO, Fitch, Economic Times, Business Standard, IBEF, Business Today, India Today)

Indian furniture segment overview

The Indian furniture segment (which consumes laminates, Greenlam's principal product) was estimated at ₹120,000 crore. The major part of this industry, ~85%, is accounted for by the unorganised sector. The furniture sector in India makes a marginal contribution of ~0.5% to India's GDP, indicating attractive headroom for sustainable growth.

The domestic home furniture segment accounts for bulk of the demand (65%), followed by office furniture (20%) and contract furniture (15%). The contract furniture niche primarily comprises the hospitality sector, reporting strong growth in the past couple of years. A rise in disposable incomes has catalysed sectoral growth. Moreover, people are showing a growing preference for ready-to-assemble and readymade furniture with innovative designs that can be bought online. GST implementation benefited organised players in terms of better pricing across markets. (Source: Financial Express, Red Seer Consulting, Finance Intellect)

Growth drivers

- **Increasing urbanisation:** India is the second-largest urban community after China. It has been estimated that by FY20, 35% of India's population could be living in urban centres and contributing around 75% of India's GDP.
- **Growing nuclearisation:** ~74% household have five or fewer members according to the 2011 Census. A fall in the average household size with higher disposable incomes could lead to a higher spending on home interiors.
- **Real estate revival:** The real estate sector in India is expected to reach a market size of US\$180 billion by 2020 and US\$1 trillion by 2030, contributing 13% of the country's GDP by 2025.
- **Office spaces:** Services sectors such as IT and ITeS, retail, consulting and e-commerce registered high demand for office space, driving real estate services growth in the country.
- **Urban development:** Initiatives such as Housing for All and Smart Cities are catalysing growth of urban infrastructure and construction development. PMAY, the Central Government's flagship scheme launched in June 2015, aims to build 20 million urban homes and 30 million rural houses by 2022.
- **Tourism and hospitality:** Tourism catalyses the development of multiple-use infrastructure including hotels, resorts and restaurants. By 2030, India is expected to be among the global top five business travel markets. International hotel chains are increasing their presence in the country, accounting for ~47% share of the tourism and hospitality sector of India by 2020 and 50% by 2022.

- **Increasing incomes:** India's nominal per capita income rose by 11% to ₹125,397 in FY2018-19, resulting in increased disposable incomes and spending power.
- **Smart cities:** Between January 2016 (when the first batch of 20 smart cities were chosen through a competitive process) and January 2018, projects worth ₹33,970 crore were tendered. This grew 270% in a year to ₹126,000 crore by February 2019. Even the number of projects completed increased manifold, showing progress in one year what had not been achieved in the previous two years.

Outlook

By 2022, India's furniture industry is expected to grow substantially on the back of a revival in India's real estate and hospitality sectors.

Industry review

Global laminates industry overview

The global market for laminates is estimated at ₹50,000 crore and growing at 3-5% per annum. On a regional basis, the US leads the market with a share of ~20%. With rising population and improving standards of living, there has been an increase in the demand for modern housing, particularly in the emerging nations, which have grown the market. Advancements in printing technology and introduction of innovative designs have been other drivers of the global laminates market. The high-pressure laminates market is sub-divided in terms of surfaces, applications and end-users.

Indian laminates industry overview

The Indian laminates industry is nearly half the size of the US market and estimated at ₹5,700 crore, with exports contributing ~₹1,500 crore. The industry remained unorganised for long, but the share of organised players has seen a rise in recent years. The organised segment accounts for a ~69% share of overall revenues. An improved economic and business scenario has helped organised players grow in terms of volume and carve

out a larger share of the market. The imposition of 18% GST has narrowed the price gap between organised and unorganised players, enhancing the appeal of branded laminates for consumers.

About Greenlam Industries

Greenlam Industries has emerged as a one-stop solution provider for surfacing products. The Company has evolved as the largest laminate manufacturer in Asia and among the three largest in the world. The Company is also India's only manufacturer of engineered wooden flooring and first organised manufacturer of engineered wooden doors.

Greenlam's products are produced in two state-of-the-art manufacturing facilities in Behror, Rajasthan and Nalagarh, Himachal Pradesh with a cumulative manufacturing capacity of 14.02 million laminate sheets per annum and an installed capacity of 4.2 million square metres per annum of decorative veneers. Greenlam enjoys an export presence in >100 countries.

The Company's entrenched presence, qualitatively consistent products, wide variety, unique designs, professionally-managed team and experienced sales personnel have allowed it to carve out a organised domestic market share of 19.2% in the laminates segment and 11% in the decorative veneers segment.

Laminates and allied segment

- Manufacturing facilities: Behror, Rajasthan and Nalagarh, Himachal Pradesh
- Installed capacity: 14.02 million sheets per annum
- Leading brands: Greenlam, New Mika, Greenlam Clads and Greenlam Sturdo
- Production during FY2018-19: 13.68 million sheets
- Capacity utilisation: 98%
- Sales, FY2018-19: 13.58 million sheets
- Revenues, FY2018-19: ₹999.7 crore
- Contribution to total revenues, FY2018-19: 83.5%
- Revenue growth, FY2018-19: 11.0 %

Market overview

During the year under review, growth in the Indian laminates market remained flat due to subdued real estate growth, tightened liquidity and decelerated infrastructural development in the lead-up to the 2019 general elections.

Greenlam outperformed the market by growing revenues 11.0% during the year (supported by two

price increases), retaining its position as the largest Indian laminates manufacturer.

Highlights, FY2018-19

- Grew sales 11.0% to ₹999.7 crore.
- Capacity utilisation stood at 98% in FY2018-19.
- Reported export revenues of ₹443.3 crore (44% of revenues).
- EBIDTA margin stood at 12.8%.
- Added a super stockist in Kolkata.
- Commissioned an experience centre in Kolkata showcasing its entire product range with a virtual reality experience.
- Introduced revolutionary AFX (anti-finger print) laminate collections for the first time in India. Launched new collections of Greenlam Clads – Exterior Grade Compact Laminates and New Mika – decorative laminates.
- Conducted pan-India dealer meets; launched multiple sales promotion and incentive schemes for various stakeholders.
- Launched the 'My 5' (Mere Paanch Architect) campaign as a part of which plant visits were organised for architects to enhance their awareness of Greenlam's state-of-the-art technology.
- Introduced full display sheets in 42 centres.

Strengths

- More than twenty five years of sectoral experience.
- Consistent cost optimisation and qualitative improvement.
- Best-in-class product generation on the back of superior technological expertise.
- Establishment of brand recall based on quality products at competitive prices.
- Installed capacity of 14.02 million sheets per annum, the largest in Asia, ensuring economies of-scale and cost-competitiveness.
- A global footprint spanning >100 countries, with exports accounting for > 44 % of revenues.
- A portfolio comprising >10,000 products and SKUs.

The result: Greenlam is a preferred brand and one of the three largest laminate players in the world.

Sectoral optimism

GST implementation and an enhanced government focus on infrastructure development could strengthen home furnishings demand. India's median age (28 years) is one of the lowest in the world. A consistent rise in per

capita income is strengthening the aspiration for better lifestyles. India's office space absorption is witnessing an uptick with IT & business parks leading the growth. With the cost difference between organised and unorganised manufacture declining following GST introduction and increasing consumer preference for branded products, India's organised segment is expected to grow faster.

Outlook

- The outlook is optimistic, with the Company likely to perform better aided by capacity expansion, market growth, increasing preference for value-added products, increased exports and a wider geographic footprint.
- Market presence is expected to be strengthened following an investment of ~₹25 crore towards enhancing laminate capacity by 1.6 million sheets per annum, the results of which would become visible by FY21.
- Leveraging R&D to accelerate the introduction of innovative value-added products.

Decorative veneers and allied products segment

A. Decorative veneers

- Brand: Decowood
- Manufacturing facility: Behror, Rajasthan
- Installed capacity: 4.20 million square metres per annum
- Production, FY2018-19: 1.75 million square metres
- Production growth: 12.7 %
- Sales during FY2018-19: 1.75 million square metres
- Sales volume growth: 9.5%
- Revenues earned during FY2018-19: ₹130.7 crore
- Contribution to total revenues during FY2018-19: 10.9 %
- Revenue growth during FY2018-19: 10.6 %

Market overview

The decorative veneer market was valued at ₹2,000 crore with organised players accounting for a ~60% share.

Greenlam is India's largest decorative veneer manufacturer with an installed capacity of 4.20 million square metres per annum. The veneer segment is largely driven by demand from the residential, HNI and hospitality segments.

The fiscal gone by saw muted growth in the real estate sector, which had a ripple effect on veneer offtake. Consumers selected to stagger their investments. The product faced competition from cheaper alternatives.

The Company responded to market developments with speed and sensitivity, reporting a growth of 10.6 % by value and 9.5 % by volume during the year under review.

Highlights, FY2018-19

- Improved y-o-y revenues 10.6%.
- EBIDTA margin stood at 17%.
- Undertook tactical initiatives to enhance awareness of veneer superiority over alternatives.
- Generated a sizeable downstream demand from commercial developments (buildings, hotels, governmental projects).
- Addressed brand-enhancing clients, improving the overall customer-mix.
- Undertook sales personnel training.
- Conducted knowledge trips, hosted design contests, commenced doorstep product demos and dispatched e-catalogues to help architects gain product knowledge.
- Introduced the impression category, painted series, dyed series and other exotic items
- Tapping the organised carpentry segment with different substrate.

Strengths

- More than twenty five years of rich sectoral experience.
- More than 20 dedicated relationship managers were deployed each of them to interact with ~60 key architects and designers by leveraging the 3S (service, sample and solutions) tenet.
- Ability to launch 15-20 new design each quarter.
- Launch of innovative engagement programme with specifiers in terms of knowledge series, design contest and product creation. Madera hub, a modern veneer display centre and material hub within the factory premises, visited by architects and interior designers.

The result: Greenlam retained its position as the largest decorative veneer manufacturer in the country.

Sectoral optimism

The resurgence of the real estate sector will lead to a rollout of inventory and help manufacturers set up new capacities or utilise existing ones better. The implementation of RERA will result in more transparent dealings. Likewise, rising incomes and consumerism will propel customers to vie for premium offerings.

Outlook

- The Company expects to leverage its pricing power while introducing more premium and value added products
- Focusing on value-engineering and product innovation by identifying new raw materials that offer better proposition than existing inputs
- Promoting mid-range products as viable and cost-competitive alternatives

B. Engineered wooden flooring

- Brand: Mikasa Floors
- Manufacturing facility: Behror, Rajasthan
- Production, FY2018-19: 0.18 million square metres
- Production growth: 55.6 %
- Sales during FY2018-19: 0.17 million square metres
- Sales volume growth, FY2018-19: 45.9%
- Revenues earned during FY2018-19: ₹43.1 crore
- Contribution to total revenues during FY2018-19: 3.6 %
- Revenue growth during FY2018-19: 64.3 %

Market overview

The wooden flooring market in India is largely dependent on the commercial sector, which accounts for >50% of consumption. Sales are driven by recommendations from architects, carpenters and contractors. The market is expected to more than double in five years on the back of urbanisation and industrialisation. Greenlam is the only Indian manufacturer of engineered wooden flooring with an installed capacity of 1.0 million square metres per annum.

Eco-friendly material sourcing, state-of-the-art manufacturing processes and a variety of styles and designs have empowered Greenlam to grow faster. The product is engineered to withstand

the climactic vagaries typical to India. With a unique product positioning, wide range and up to a 30-year warranty, Mikasa flooring affordable and technologically-superior than most imported brands.

Highlights, FY2018-19

- The Company expanded its reach to Tier II and III Indian cities.
- Grew revenues 64.3% over the previous year by banking on the growing trend of wooden flooring in high-end master bedrooms, luxury hotel rooms and business complexes.
- Highlighted product superiority and product awareness through demonstrations and presentations.

Strengths

- Greenlam is the only Indian engineered wooden flooring manufacturer.
- The Company's experience of more than twenty five years in providing interior surfacing solutions and expertise in transforming interiors lends it with a strategic edge in the wooden floorings business.

Sectoral optimism

With India emerging as the fastest-growing major economy marked by growing discretionary spending, the demand for niche products is expected to increase. Engineered wooden flooring is gaining popularity with the rate of adaption accelerating in the residential and hospitality segments. The product installation is also less labour-intensive compared to marble flooring. Growth expected in the hospitality segment specially in renovation/replacement segment & co-working space.

Outlook

- The Company intends to drive growth on the back of an innovative product range.
- The Company is increasing the dealer network.
- The Company will continue to engage with high-end developers, designers and architects, widening the appeal of its products.

C. Engineered wooden door sets

- Brand: Mikasa Doors and Frames
- Manufacturing facility: Behror, Rajasthan

- Installed capacity: 1.2 lac doors per annum
- Production, FY2018-19: 21,233 units
- Production growth: 24.9 %
- Sales during FY2018-19: 25,694 units
- Sales volume growth, FY2018-19: 31.3%
- Revenues earned during FY2018-19: ₹22.5 crore
- Contribution to total revenues during FY2018-19: 2%
- Revenue growth during FY2018-19: 39.6 %

Market overview

The Indian market for doors is expected to double to ~₹19,600 crore or >9.5 million units by 2024. Wooden doors continue to be preferred across India, with other doors being employed for specific purposes such as bath cubicles and temporary structures.

Greenlam Industries was the first Indian organised player to launch engineered, factory-finished doors with a manufacturing capacity of 120,000 units per annum. The Company concurrently developed project management skills and site management capabilities.

Consumers are showing a growing preference for factory-finished doors that can be installed with speed. This has increased the importance of the supply chain to prevent product damage during transit. The year under review resulted in a decline in demand due to a general slowdown resulting from the hesitation of banks and NBFCs to extend loans to builders.

Greenlam strengthened its terms of trade approach while engaging with large construction groups. The qualitative consistency of factory-finished doors provided Greenlam with a competitive advantage in a segment marked by the emergence of alternatives like fire-proof, acoustic and designer doors.

Highlights, FY2018-19

- Introduced dura collection - economical laminate decor sets and 120 minutes fire rated door sets.
- Engaged with major builders in Metro cities.

Strengths

- Greenlam is the only organised manufacturer of factory-finished doors.

- The Company's qualitative excellence, manufacturing efficiency, logistical superiority and economies-of-scale have allowed it to carve a niche.
- High-end equipment was sourced from Taiwan and France.
- The Company ventured into UK and is exploring opportunities in Sri Lanka and other Asian markets.

Outlook

- The Company intends to strengthen relationships with existing customers to carve out a larger wallet share while connecting with new prospective customers.
- The Company is investing in plant automation to improve competitiveness.
- The Company is targeting robust revenue growth by focusing on growing sectors (healthcare and hospitality).
- The Company is increasing the production of fire-proof and acoustic doors.
- The Company is venturing into untapped areas to engage with developers, designers and architects.

Procurement

The Company has a strong procurement and supply chain mechanism. All resource material is procured from GST-compliant vendors. To ensure transparency in procurement, Greenlam initiated a bidding process with an emphasis on MSME suppliers.

The Company has been using SAP since 2007 and has now graduated to SAP S/4HANA, enhancing control and transparency while reducing manual intervention and streamlining process efficiency. The process of planning, indenting, purchase requisitioning and ordering has been automated, resulting in accurate and timely planning.

Since ~80% of Greenlam's raw material (phenol, methanol and melamine) and the entirety of its décor paper requirements need to be imported, crude oil prices and currency fluctuation pose challenges. The Company's sizable export business serves as a natural hedge against the risk. By engaging in advance material booking from overseas vendors during favourable market conditions, the Company countered risks

emanating from forex fluctuations.

The Company utilises free trade agreements with various countries for the prudent sourcing of key raw materials. Greenlam strengthened its people strength by hiring employees possessing in-depth sectoral knowledge. A focus on governance validated by regular audits strengthened functional efficiency and procurement.

Operations

Greenlam is not just the largest laminates manufacturer in the country but also the most technologically advanced. Various initiatives undertaken towards automation helped optimise costs, improve efficiency and enhance qualitative consistency. The Company undertook measures to make processes energy-efficient and sustainable, which helped grow competitiveness, market share and margins.

Information technology

Information technology is potent a business enabler for Greenlam, strengthening its procurement, inventory and supply chain management while facilitating customer acquisition/retention, order processing, business partner engagement / collaboration, production management and financial controls (credit management, pricing, discounting, accounts payable and accounts receivable).

IT has also helped Greenlam expand its footprint from the B2B to B2C segments in addressing the growing demand for doors, cubicles and engineered flooring. Some initiatives undertaken by Greenlam in strengthening its IT capabilities comprise:

- Implementing the latest ERP System S/4HANA from SAP AG with a scalable structure for the ease of incorporating expansions.
- Embracing concepts like material and resource planning, available-to-promise-based material availability / checking and systems-driven safety stock-based procurement planning to ensure optimal inventory at lower costs.
- Deploying customer credit management to minimise risk exposure.
- Automating product pricing methodologies to exert stronger control and visibility across the value-chain.
- Ensuring faster turnaround in making availability of

critical masters such as material and customers by eliminating manual interventions.

- Maintaining a stringent compliance; improving supply chain management by automating gate-in and gate-out processes.
- Adopting Cloud-based technologies and platforms to enhance management ease.

The result: Greenlam has delighted more customers, controlled costs better and accessed actionable market information faster, strengthening its responsiveness.

Outlook

Greenlam is the first laminate Company to have installed SAP's latest S/4HANA 1809 ERP system, creating a strong technological foundation to support business initiatives. The Company will strengthen its cyber security and focus on supply chain optimisation to streamline dealer management, customer relationship management and data management.

Quality control

Since Greenlam's products appear on the surface of decorative furniture, the durability and quality aspects associated with these are primary. These implied attributes and specified properties help address customer expectations. Productivity from each process is a combined measure of quality assurance and output. Every process is monitored with respect to specified quality parameters, building assurance at each step. In view of this, a culture of encompassing quality control has been inculcated across the organisation.

Highlights, FY2018-19

- Operationalised energy-efficient equipment.
- Introduced high-value products like readymade kitchen worktops, breakfast bars, and splash-backs, among others
- Launched internal cladding with customised aluminium profiling.
- Launched new compact variant to address the need of cubicles and partitions.
- Registered as a SEDEX member by demonstrating responsible supply chain activities, including labour rights, health and safety, environmental conservation and business ethics.

Outlook

- Undertaking an in-depth assessment of vendors with respect to quality management systems, reducing

the cost of testing product quality.

- Implementing new records in productivity and quality excellence.

Human resources

Human capital, the second-largest expense head on Greenlam's Profit and Loss Statement, is just not seen as a 'head' at Greenlam. The Company believes that this is the only resource where investments can offer an unprecedented upside. Greenlam manages its people strength in a way that each one is aligned with its core values and addressing a larger purpose.

Highlights, FY2018-19

- Recruited talented personnel from across industries; honed their skills and encouraged them to challenge the status quo.
- Undertook exhaustive product knowledge interventions for field sales personnel to inculcate confidence in addressing clients.
- Improved and automated key HR processes like goal-setting and the review mechanism; went 'live' with the SAP S/4HANA base module for HR.
- Expanded investments in creating a modern workplace directed at raising productivity.

Outlook

Greenlam will focus on profitable and sustained growth by pursuing holistic HR as a culture rather than a one-off initiative. The adoption of the SAP-based HR module will ensure real-time feedback generation and analysis, offering opportunities to take corrective actions on-the-go and enhance systemic agility. Developmental initiatives focusing on value addition and business ethics will be the two crucial aspects of this journey in FY2019-20. Greenlam aims to undertake the following initiatives:

- Training, retraining, evaluating and classifying employees based on their competencies.
- Leveraging the power of automated HR processes
- Inculcating organisational values and Code of Conduct among employees.

Finance review

The Company's revenues grew by 12.7 % to reach ₹1,196.0 crore in FY2018-19 following an improvement in sales volumes. EBIDTA stood at ₹138.5 crore compared to ₹136.6 crore in the previous year. Interest cost decreased to ₹15.5 crore in 2018-19 compared to

₹16.0 crore in the previous fiscal. The Company reported a post-tax profit of ₹65.1 crore in FY2018-19 compared to a post-tax profit of ₹59.2 crore in the previous year. Consequently, the Company proposed a dividend of ₹3 per equity share worth ₹5 (fully paid-up).

Note: Return on net worth is lower for the year ended March 31, 2019 due to lower rate of growth in Profit After Tax.

Internal control systems and their adequacy

The Company has established internal control systems in line with its size, operations and complexity. These systems are verified and tested routinely by certified auditors as well as internal audits, which cover all the key areas of the business. The internal control system ensures measurability and verifiability, reliability of accounting management efficiency and management information. The system also ensures compliance with all applicable laws and regulations, protection of the Company's assets and identification of critical risk areas to address them effectively.

Risks and concerns

Competition risk: There is a risk of market share erosion because of increased competition.

Mitigation: The implementation of GST has resulted in the formalisation of the sector and has reduced the price differential making branded laminates a preferred choice for consumers. Greenlam's strong distribution network and wide bouquet of products across laminates, veneers, engineered wooden floors and

engineered wooden door sets categories will enable it to deepen market penetration.

Product risk: The Company's products might lose relevance and weaken offtake, leading to inventory pileup and declining revenues.

Mitigation: The products manufactured by Greenlam enjoy widespread acceptance both domestically and globally, growing at a decent rate. With consumers opting for aesthetically-pleasing options instead of conventional products, the Company's diversified offerings ranging from engineered wooden floorings to engineered wooden door sets has cemented its reputation as a complete home décor solution provider.

Finance risk: Inability to manage finances effectively could impact operational sustainability.

Mitigation: The Company has a robust receivable and payable management mechanism. The result: during the fiscal gone by, Greenlam's cash position stood at above ₹ 10 crore, ensuring optimal financial stability.

Quality risk: Inability to maintain qualitative consistency could impact product sales and brand image.

Mitigation: The Company's state-of-the-art facilities manufacture products of the highest standard ensuring maximal resource utilisation and minimal wastage.

Distribution risk: An inefficient distribution network could restrict the Company's market access.

Mitigation: Greenlam's wide and robust logistics network comprising > 14,000+ distributors, dealers and retailers spread across the country helps it to address customer needs with speed. Besides, its presence in >100 countries around the world allows it to cater to a wide customer base.

Technology risk: Technology obsolescence could dent the Company's competitiveness.

Mitigation: Greenlam has recently upgraded its IT infrastructure to the latest edition of SAP S/4HANA, aiding decision-making, improving efficiencies and ensuring accessing to real-time information.

INDEPENDENT AUDITOR'S CERTIFICATE

To
The Members,
Greenlam Industries Ltd.

We, D. Dhandaria & Company, Chartered Accountants, the Statutory Auditors of Greenlam Industries Limited ('the Company'), have examined the compliance of conditions of Corporate Governance by the Company for the year ended on March 31, 2019, as stipulated in Regulations 17 to 27 and clauses (b) to (i) of Regulation 46(2) and para C and D of Schedule V of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (the Listing Regulations).

Managements' Responsibility

The compliance of conditions of Corporate Governance is the responsibility of the Company's Management. Our examination was limited to procedures and implementation thereof, adopted by the Company for ensuring the compliance of the conditions of the Corporate Governance. It is neither an audit nor an expression of opinion on the Financial Statements of the Company.

Auditor's Responsibility

Our responsibility is limited to examining the procedures and implementation thereof, adopted by the Company for ensuring compliance with the conditions of the Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.

We have examined the books of account and other relevant records and documents maintained by the Company for the purposes of providing reasonable assurance on the compliance with Corporate Governance requirements by the Company.

We have carried out an examination of the relevant records of the Company in accordance with the Guidance Note on Certification of Corporate Governance issued by the Institute of the Chartered Accountants of India (the ICAI), the Standards on Auditing specified under Section 143(10) of the Companies Act, 2013, in so far as applicable for the purpose of this certificate and as per the Guidance Note on Reports or Certificates for Special Purposes issued by the ICAI which requires that

we comply with the ethical requirements of the Code of Ethics issued by the ICAI.

We have complied with the relevant applicable requirements of the Standard on Quality Control (SQC) 1, Quality Control for Firms that perform Audits and Reviews of Historical Financial Information, and Other Assurance and Related Services Engagements.

Opinion

Based on our examination of the relevant records and according to the information and explanations provided to us and the representations provided by the Management, we certify that the Company has complied with the conditions of Corporate Governance as stipulated in Regulations 17 to 27 and clauses (b) to (i) of Regulation 46(2) and para C and D of Schedule V of the Listing Regulations during the year ended March 31, 2019, subject to the following:-

"That on the basis of the written representations received from the directors taken on record by the Board of Directors, none of the directors is disqualified as on March 31 2019 from being appointed as a director in terms of Section 164 (2) of the Act. However, during the financial year 2017-18, the name of Ms. Sonali Bhagwati Dalal, Independent Director of the Company was published by the Ministry of the Corporate Affairs (MCA) on its website in the list of disqualified directors under Section 164(2) of the Companies Act, 2013. Subsequently, a petition was filed by her before the Hon'ble High Court of Delhi and the Hon'ble High Court of Delhi has stayed the impugned list of Disqualified Directors to the extent it includes her name. Further, to avail the Condonation of Delay Scheme (CODS), 2018, she has filed an appeal before the National Company Law Tribunal (NCLT) for revival of the concerned defaulting company and the same is pending for disposal. In view of the pendency of the said appeal before NCLT, the Hon'ble High Court of Delhi has vide its order dated May 07, 2018 has extended the stay till disposal of the said appeal by MCA.

Thereafter, the NCLT has issued an order dated March 19, 2019 for restoration of the name of the said company in the register of Registrar of Companies (ROC) and also directed the said company to file all the annual returns and balance sheets as well other compliances statutorily required to be made under the Companies Act, 2013. Accordingly the said company has already submitted the requisite forms and documents with concerned ROC and also submitted Form e-CODS 2018 on April 16, 2019 for Condonation of Delay which has already been approved by the MCA."

We state that in respect of investor grievances received during the year ended March 31, 2019, no investor grievance is pending against the Company, as per the

records maintained by the Company and presented to the Stakeholders' Relationship Committee.

We further state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the Management has conducted the affairs of the Company.

REPORT ON THE AUDIT OF THE STANDALONE IND AS FINANCIAL STATEMENTS

OPINION

We have audited the accompanying Standalone Ind AS financial statements of Greenlam Industries Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2019, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended and notes to the Standalone Ind AS financial statements including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "Standalone Ind AS Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Ind AS financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including the Indian Accounting Standards ("Ind AS"), of the state of affairs of the Company as at March 31, 2019, its profit including other comprehensive income, changes in equity and its cash flows for the year ended on that date.

BASIS FOR OPINION

We conducted our audit in accordance with Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Ind AS Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the Standalone Ind AS financial statements under the provisions of the Act and Rules there under and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

INFORMATION OTHER THAN THE STANDALONE IND AS FINANCIAL STATEMENTS AND AUDITOR'S REPORT THEREON

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the standalone Ind AS financial statements and our auditor's report thereon.

Our opinion on the standalone Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone Ind AS financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

RESPONSIBILITIES OF MANAGEMENT AND THOSE CHARGED WITH GOVERNANCE FOR THE STANDALONE IND AS FINANCIAL STATEMENTS

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including Ind AS specified under section 133 of the Act, read with relevant rules issued there under. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone Ind AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of Directors is also responsible for overseeing the Company's financial reporting process.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE STANDALONE IND AS FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the Standalone Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this Standalone Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Standalone Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143 (3) (i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Standalone Ind AS financial statements or, if such disclosures are

inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the Standalone Ind AS financial statements, including the disclosures, and whether the Standalone Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone Ind AS financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

- (1) As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of section 143(11) of the Act, we give in "Annexure 1", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
- (2) As required by section 143(3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;

However, During the year 2017-18 the name of Ms. Sonali Bhagwati Dalal, Independent Director of the Company was published by the Ministry of the Corporate Affairs (MCA) on its website in the list of directors disqualified under section 164(2) of the Act. Pursuant to her petition, the Hon'ble High Court of Delhi had stayed the impugned list of Disqualified Directors to the extent it included her name. Further, to avail the Condonation of Delay Scheme (CODS), 2018, she had filed an appeal before the National Company Law Tribunal (NCLT) for revival of the concerned defaulting company and the same is pending for disposal. In view of the pendency of the said appeal before NCLT, the Hon'ble High Court of Delhi has vide its order dated May 07, 2018 has extended the stay till disposal of said appeal by MCA.

- f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, we give our separate report in "Annexure 2".
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid / provided by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act;

- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the

Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

- (i) The Company has disclosed the impact of pending litigations on its financial position in its Standalone Ind AS financial statements – Refer Note 36, on Contingent Liabilities, to the Standalone Ind AS financial statements;
- (ii) The Company did not have any long-term contracts including derivative contracts. Hence, the question of any material foreseeable losses does not arise;
- (iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

ANNEXURE 2 TO THE INDEPENDENT AUDITOR'S REPORT

[Referred in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' in the Independent Auditor's Report of even date to the members of Greenlam Industries Limited on the Standalone Ind AS financial statements for the year ended March 31, 2019.]

REPORT ON THE INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO FINANCIAL STATEMENTS UNDER CLAUSE (I) OF SUB-SECTION 3 OF SECTION 143 OF THE COMPANIES ACT, 2013 ("THE ACT")

We have audited the internal financial controls with reference to financial statements of Greenlam Industries Limited ("the Company") as of March 31, 2019 in conjunction with our audit of the Standalone Ind AS financial statements of the Company for the year ended on that date.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control with reference to financial criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information as required under the Act.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on the Company's Internal Financial Controls with reference to the financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing specified under section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both issued by the ICAI. Those standards and the Guidance Note require that we comply with the ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with

reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to the financial statements and their operating effectiveness.

Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operative effectiveness of internal controls based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

MEANING OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO FINANCIAL STATEMENTS

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as

necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO FINANCIAL STATEMENTS

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

In our opinion, the Company has, in all material respects, an adequate internal financial controls with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2019, based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal controls stated in the Guidance Note issued by the ICAI.

SIGNIFICANT ACCOUNTING POLICIES for the year ended 31st March, 2019

1.01 DISCLOSURE OF ACCOUNTING POLICIES:

1.01.01 CORPORATE INFORMATION:

Greenlam Industries Limited (the 'Company') is a public limited company domiciled in India incorporated under the provisions of the Companies Act 1956. Its shares are listed on two recognized stock exchanges in India i.e. NSE and BSE. The registered office of the company is located at Makum Road, P.O. Tinsukia, Assam - 786 125, India.

Company is engaged in the business of manufacturing laminates, decorative veneers and allied products through its factories at various locations and branches and dealers' network spread all over the country. It has two wholly owned subsidiary companies operating in overseas countries, viz., Greenlam Asia Pacific Pte Ltd and Greenlam America Inc. It imports raw materials for manufacturing. Manufactured goods are sold both in domestic and overseas markets. The overseas subsidiaries of the company are mainly engaged in marketing and distribution of company's product.

Statement of Compliance

These Financial Statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as prescribed under section 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 as amended by Companies (Indian Accounting Standards) Amendment Rules, 2016.

The financial statements of the Company for the year ended 31st March, 2019 are authorized for issue in accordance with a resolution of the Directors on 30th May, 2019

1.01.02 BASIS OF PREPARATION OF FINANCIAL STATEMENTS:

The financial statements have been prepared under the historical cost basis, except for following assets and liabilities which have been measured at fair value.

- a. Derivative Financial Instruments – Fair Value
- b. Net Defined Benefits (Assets)/ Liability- Present value of Defined benefit obligations via actuarial valuation.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use. The Company's management evaluate all recently issued all revised accounting standards on an on-going basis.

Functional and Presentation Currency

The standalone financial statements are presented in Indian Rupees ('INR') which is also the company's functional currency. Where changes are made in presentation, the comparative figures of the previous year are regrouped and re-arranged accordingly.

1.01.03 ACCOUNTING ESTIMATES AND ASSUMPTIONS:

The preparation of the financial statements in conformity with Ind AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. Management believes that estimates used in the preparation of the financial statements are prudent and reasonable.

Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements

SIGNIFICANT ACCOUNTING POLICIES for the year ended 31st March, 2019

1.02 PROPERTY, PLANT AND EQUIPMENT:

1.02.01 Property, Plant and Equipment are carried at cost less accumulated depreciation and accumulated losses, if any. Cost includes expenditure that is directly attributable to the acquisition of the items.

1.02.02 Property, plant and equipment acquired after the transition date are stated at cost net of tax/duty credit availed, less accumulated depreciation and accumulated impairment losses, if any. Cost includes expenses directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

1.02.03 Assets which are not ready for their intended use on reporting date are carried as Capital work-in-progress at cost, comprising direct cost and related incidental expenses. Capital work-in-progress includes cost of property, plant and equipment under installation / under development as at the balance sheet date. Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date is classified as capital advances under other non-current assets.

1.02.04 Subsequent expenditures relating to property, plant and equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the Company and the costs to the item can be measured reliably. Repairs and maintenance costs are recognized in net profit in the statement of profit and loss when incurred. The cost and related accumulated depreciation are eliminated from the financial statements upon sale or retirement of the asset and the resultant gain or losses are recognized in the statement of profit and loss.

1.02.05 Property, Plant and Equipments are depreciated and/or amortised on the basis of their useful lives as notified in Schedule II to the Companies Act, 2013 except in case of assets costing less than ₹5000 which are depreciated over their useful life as assessed by the management. The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

1.02.06 Depreciation in respect of additions to assets has been charged on pro rata basis with reference to the period when the assets are ready for use. The provision for depreciation for multiple shifts has been made in respect of eligible assets on the basis of operation of respective units. Where the historical cost of a depreciable asset undergoes a change due to increase or decrease in long term liability on account of exchange fluctuations, the depreciation on the revised unamortised depreciable amount is provided prospectively over the residual useful life of the asset.

1.02.07 Assets acquired under finance lease are depreciated over the shorter of the lease term and their useful lives unless it is reasonable certain that company will obtain ownership by end of lease term.

1.02.08 An asset's carrying amount is written down immediately on discontinuation to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount. Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in Profit/Loss on Sale and Discard of Fixed Assets.

Useful lives of the Property, Plant and Equipment as notified in Schedule II to the Companies Act, 2013 are as follows :

Buildings - 3 to 60 years

Plant and Equipments - 15 to 25 years

Furniture and Fixtures - 10 years

Vehicles - 8 to 10 years

Office Equipments - 3 to 10 years

1.02.09 At each balance sheet date, the Company reviews the carrying amount of property, plant and equipment to determine whether there is any indication of impairment loss. If any such indication exists, the recoverable amount of the assets is estimated in order to determine the extent of impairment loss. The recoverable amount is higher of the net selling price and the value in use, determined by discounting the estimated future cash flows expected from the continuing use of the asset to their present value.

SIGNIFICANT ACCOUNTING POLICIES for the year ended 31st March, 2019

1.02.10 Leasehold land (includes development cost) is amortised on a straight line basis over the period of respective lease, except leasehold land acquired on perpetual lease. Depreciation methods, useful lives and residual values are reviewed at each financial year end and adjusted as appropriate.

1.03 INTANGIBLE ASSETS:

1.03.01 Internally generated intangible asset under development stage is recognized when it is demonstrated that it is technically feasible to use the same and the cost incurred for developing the same is ascertained. Technical Know-how so developed internally is amortised on a straight- line basis over its estimated useful life.

1.03.02 Intangible assets acquired by payment e.g., Goodwill, Trademarks, Computer Software and Technical Know-how are disclosed at cost less amortization on a straight-line basis over its estimated useful life.

1.03.03 Intangible assets are carried at cost, net of accumulated amortization and impairment loss, if any.

1.03.04 Amortisation is calculated to write off the cost of intangible assets less their estimated residual values over their estimated useful lives using the straight-line method, and is included in depreciation and amortisation in Statement of Profit and Loss.

Intangible assets are amortised on straight-line method as follows :

Goodwill - 5 years

Trademarks – 5-10 years

Computer Software - 5 years

Technical Know-how - 3 years

1.03.05 At each balance sheet date, the Company reviews the carrying amount of intangible assets to determine whether there is any indication of impairment loss. If any such indication exists, the recoverable amount of the assets is estimated in order to determine the extent of impairment loss. The recoverable amount is higher of the net selling price and the value in use, determined by discounting the estimated future cash flows expected from the continuing use of the asset to their present value

1.04 IMPAIRMENT

1.04.01 Impairment of financial instruments: financial assets

Financial assets, other than those at FVTPL, are assessed for indicators of impairment at the end of each reporting period. A financial asset is 'credit- impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

The Company recognizes loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognized is recognised as an impairment gain or loss in Statement of Profit and Loss.

An impairment loss in respect of other assets for which impairment loss has been recognised in prior periods, the Company reviews at each reporting date whether there is any indication that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. Such a reversal is made only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation if no impairment loss had been recognised

At each balance sheet date, the Company reviews the carrying amount of intangible assets to determine whether there is any indication of impairment loss. If any such indication exists, the recoverable amount of the assets is estimated in order to determine the extent of impairment loss. The recoverable amount is higher of the net selling price and the value in use, determined by discounting the estimated future cash flows expected from the continuing use of the asset to their present value.

SIGNIFICANT ACCOUNTING POLICIES for the year ended 31st March, 2019

1.04.02 Impairment of non-financial assets

The Company's non-financial assets, other than inventories and deferred tax assets, are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

For impairment testing, assets that do not generate independent cash inflows are grouped together into cash-generating units (CGUs). Each CGU represents the smallest group of assets that generates cash inflows that are largely independent of the cash inflows of other assets or CGUs.

The recoverable amount of a CGU (or an individual asset) is the higher of its value in use and its fair value less costs to sell. Value in use is based on the estimated future cash flows, discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the CGU (or the asset).

The Company's corporate assets (e.g. corporate office for providing support to various CGUs) do not generate independent cash inflows. To determine impairment of a corporate asset, recoverable amount is determined for the CGUs to which the corporate asset belongs. An impairment loss is recognised if the carrying amount of an asset or CGU exceeds its estimated recoverable amount. Impairment losses are recognised in the Statement of Profit and Loss.

Impairment loss recognised in respect of a CGU is allocated first to reduce the carrying amount of any goodwill allocated to the CGU, and then to reduce the carrying amounts of the other assets of the CGU (or group of CGUs) on a pro rata basis.

An impairment loss in respect of other assets for which impairment loss has been recognised in prior periods, the Company reviews at each reporting date whether there is any indication that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. Such a reversal is made only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired.

Non-current assets or disposal group held for sale

Non-current assets, or disposal groups comprising assets and liabilities are classified as held for sale if it is highly probable that they will be recovered primarily through sale rather than through continuing

Such assets, or disposal groups, are generally measured at the lower of their carrying amount and fair value less costs to sell. Any resultant loss on a disposal group is allocated first to goodwill, and then to remaining assets and liabilities on pro rata basis, except that no loss is allocated to inventories, financial assets, deferred tax assets, employee benefit assets, and biological assets, which continue to be measured in accordance with the Company's other accounting policies. Losses on initial classification as held for sale and subsequent gains and losses on re-measurement are recognised in

Once classified as held-for-sale, intangible assets and property, plant and equipment are no longer amortised or depreciated.

1.05 INVENTORIES:

1.05.01 The cost of inventories have been computed to include all cost of purchases, cost of conversion and other related costs incurred in bringing the inventories to their present location and condition. The costs of Raw Materials, Stores and spare parts etc., consumed consist of purchase price including duties and taxes (other than those subsequently recoverable by the enterprise from the tax authorities), freight inwards and other expenditure directly attributable to the procurement.

SIGNIFICANT ACCOUNTING POLICIES for the year ended 31st March, 2019

1.05.02 Stock of Raw Materials, Stores and spare parts are valued at lower of cost or net realisable value; and of those in transit and at port related to these items are valued at lower of cost to date or net realisable value. Slow and non-moving material, obsolete, defective inventories are duly provided for and valued at net realisable value. Goods and materials in transit are valued at actual cost incurred upto the date of balance sheet. Material and supplies held for use in the production of inventories are not written down if the finished products in which they will be used are expected to be sold at or above cost.

Goods-in-process is valued at lower of cost or net realisable value.

Stock of Finished goods is valued at lower of cost or net realisable value.

Stock-in-trade is valued at lower of cost or net realisable value.

Waste and scraps are accounted at estimated realisable value.

Cost of inventories is ascertained on the 'weighted average' basis. Goods-in-process and finished goods are valued on absorption cost basis.

1.06 CASH FLOW STATEMENT:

1.06.01 Cash flows are reported using indirect method, whereby profit before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flow from regular revenue generating, financing and investing activities of the Company is segregated.

1.06.02 Cash and cash equivalents in the balance sheet comprise cash at bank, cash/cheques in hand and short term investments (excluding pledged term deposits) with an original maturity of three months or less.

1.07 MEASUREMENT OF FAIR VALUES

1.07.01 A number of the Company's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities.

1.07.02 The Company has an established control framework with respect to the measurement of fair values.

The management has overall responsibility for overseeing all significant fair value measurements and it regularly reviews significant unobservable inputs and valuation adjustments. If third party information, such as broker quotes or pricing services, is used to measure fair values, then the management assesses the evidence obtained from the third parties to support the conclusion that these valuations meet the requirements of Ind AS, including the level in the fair value hierarchy in which the valuations should be classified.

Significant valuation issues are reported to the Company's audit committee.

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.

- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

1.07.03 When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire

1.07.04 The Company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

SIGNIFICANT ACCOUNTING POLICIES for the year ended 31st March, 2019

1.07.05 FINANCIAL ASSETS:

The Company classifies its financial assets as those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and those to be measured at amortised cost using effective interest rate method.

The Company measures all equity instruments at cost initially and also on subsequent recognition.

Trade receivables represent receivables for goods sold by the Company upto to the end of the financial year. The amounts are generally unsecured and are usually received as per the terms of payment agreed with the customers. The amounts are presented as current assets where receivable is due within 12 months from the reporting date. They are recognized initially and subsequently measured at amortised cost.

The Company assesses the expected credit losses associated with its assets carried at amortised cost. Trade receivables are impaired using the lifetime expected credit loss model under simplified approach. The Company uses a provision matrix to determine the impairment loss allowance based on its historically observed default rates over expected life of trade receivables and is adjusted for forward looking estimates. At every reporting date, the provision for such impairment loss allowance is determined and updated and the same is deducted from Trade Receivables with corresponding charge/credit to Profit and Loss.

A financial asset is derecognised only when the Company has transferred the rights to receive cash flows from the financial asset, or when it has transferred substantially all the risks and rewards of the asset, or when it has transferred the control of the asset.

Investments that are readily realisable and intended to be held for not more than a year are classified as Current investments. All other investments are classified as Non-Current/Long-term Investments. Current investments are carried at lower of cost or market value on individual investment basis. Non- Current Investments are considered at cost, unless there is an "other than temporary" decline in value, in which case adequate provision is made for the diminution in the value of Investments

1.07.06 FINANCIAL LIABILITIES:

Financial liabilities are classified as measured at amortised cost or FVTPL.

Borrowings are initially recognised and subsequently measured at amortised cost, net of transaction costs incurred. The transaction costs is amortised over the period of borrowings using the effective interest method in Capital Work in Progress upto the commencement of related Plant, Property and

Equipment and subsequently under finance costs in profit and loss account.

Borrowings are removed from balance sheet when the obligation specified in the contract is discharged, cancelled or expired.

Borrowings are classified as current liabilities unless the company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period.

Trade Payables represent liabilities for goods and services provided to the Company upto to the end of the financial year. The amounts are usually paid as per the terms of payment agreed with the vendors. The amounts are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognised initially and subsequently measured at amortised cost.

Financial assets and Financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

SIGNIFICANT ACCOUNTING POLICIES for the year ended 31st March, 2019

Derivative financial instruments are in the nature of Forward contracts and Interest rate swaps. Forward contracts are executed to hedge the foreign exchange rate with respect to liabilities for goods and services in foreign currencies. Interest rate swaps are executed to hedge the interest rate with respect to borrowings in foreign currencies.

Derivative financial instruments are recognised initially and subsequently at fair value through mark to market valuation obtained from banking partners. Gain or loss arising from the changes in fair value of derivatives are debited to the foreign exchange fluctuations in the statement of profit and loss.

1.08 EQUITY:

1.08.01 Equity Shares are classified as equity. Incremental costs directly attributable to the issue of new shares are shown in equity as a deduction from the proceeds.

1.08.02 Provision is made for the amount of any dividend declared and dividend distribution tax thereon, being appropriately authorised and no longer at the discretion of the entity, on or before the end of the reporting period but not distributed at the end of the reporting period.

1.08.03 The share issue expenses and expenses related to Scheme of Arrangement are written off in five equal annual installments in accordance with the provisions of Section 35DD of the Income Tax Act, 1961. In case, where the specific amortisation is not stipulated in the scheme or agreement, such expenses are charged in the year in which it is incurred.

1.09 REVENUE RECOGNITION:

1.09.01 Effective, April 1 2018, the Group Adopted IND AS 115 "Revenue from Contracts with Customers" using the modified retrospective approach, the modified approach will allow the standard to be applied to existing contracts beginning with current period. No reinstatement of comparative period will be required under this approach. However Group is recognizing the cumulative effect of initially applying IND AS 115 as an adjustment to the opening balance of equity at the date of initial application.

1.09.02 Revenue is recognized upon transfer of control of promised products or services to customers in amount that reflects the consideration we expect to receive in exchange for those products or services. Arrangements with customers for selling of goods are all fixed price contracts.

1.09.03 Revenue from fixed price contracts where the performance obligations are satisfied over time and where there is no uncertainty as to measurement or collectability of consideration, is recognized as per percentage of Completion method.

1.09.04 Revenue in excess of invoicing are classified as contract assets while invoicing in excess of revenues are classified as contract liabilities.

1.09.05 For allocating the transaction price, the group has measured the revenue in respect of each performance obligation of a contract at its relative standalone selling price. The price that is regularly charged for an item when sold separately is the best evidence of its standalone selling price. In case where the group is unable to determine the standalone selling price, the group uses the expected cost plus margin approach in estimating the standalone selling price.

1.09.06 The Company accounts for volume discounts and price incentives to customers as a reduction of revenue based on the allocation of discounts/incentives to each of the underlying performance

The Company assesses its role as an agent or principal for each transaction and in an agency agreement the count collected on behalf of the principal are excluded from revenue.

1.09.07 The adoption of IND AS 115 didn't have any material impact on the results for the financial year ended 31st March 2019.

SIGNIFICANT ACCOUNTING POLICIES for the year ended 31st March, 2019

- 1.14.02 A related party transaction is a transfer of resources, services or obligations between a reporting entity and a related party, regardless of whether a price is charged. Close members of the family of a person are those family members who may be expected to influence, or be influenced by, that person in their dealings with the entity. Compensation includes all employee benefits i.e., all forms of consideration paid, payable or provided by the entity, or on behalf of the entity, in exchange for services rendered to the entity. It also includes such consideration paid on behalf of a parent of the entity in respect of the entity. Key management personnel are those persons having authority and responsibility for planning, directing and controlling the activities of the entity, directly or indirectly, including any director (whether executive or otherwise) of that entity.

Disclosure of related party transactions as required by the accounting standard is furnished in the Notes on Financial Statements.

1.15 LEASES:

- 1.15.01 The determination of whether an arrangement is, or contains a lease is based on the substance of the arrangement at the inception date, whether fulfillment of the arrangement is dependent on the use of a specific asset or assets or the arrangement conveys a right to use the asset, even if that right is not explicitly specified in the arrangement.
- 1.15.02 Finance leases that transfer substantially all of the risks and benefits incidental to ownership of the leased term, are capitalised at the commencement of the lease at the fair value of the leased property or, if lower, at the present value of the minimum lease payments. Lease payments are apportioned between finance charges and a reduction in lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognised in finance costs in the statement of profit and loss.
- 1.15.03 A leased asset is depreciated over the useful life of the asset. However, if there is no reasonable certainty that the Company will obtain ownership by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term.
- 1.15.04 Assets acquired on leases where a significant portion of the risks and rewards of ownership are retained by lessor are classified as operating leases. Lease rentals are charged to the statement of profit and loss on straight line basis.

SIGNIFICANT ACCOUNTING POLICIES for the year ended 31st March, 2019

1.15.05 Other Current assets includes prepaid lease rentals on account of initial payment with respect to leasehold land for manufacturing units. The same being operating lease in nature, is amortised as an expense over the period of lease.

1.16 DIVIDENDS

1.16.01 Final dividends on shares are recorded as a liability on the date of approval by the shareholders and interim dividends are recorded as a liability on the date of declaration by the Board of Directors of the Company.

1.17 EARNINGS PER SHARE:

1.17.01 Basic earnings (loss) per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

1.17.02 For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

1.18 ACCOUNTING FOR TAXES ON INCOME:

1.18.01 Tax expenses comprise of current tax and deferred tax including applicable surcharge and cess.

1.18.02 Current Income tax is computed using the tax effect accounting method, where taxes are accrued in the same period in which the related revenue and expenses arise. A provision is made for income tax annually, based on the tax liability computed, after considering tax allowances and exemptions. Provisions are recorded when it is estimated that a liability due to disallowances or other matters is probable.

1.18.03 Deferred tax is provided using the balance sheet approach on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date. Deferred tax liabilities are recognised for all taxable temporary differences. Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profits against which the deductible temporary differences, and the carry forward unused tax credits and unused tax losses can be utilised.

1.18.04 The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax assets to be utilised. Unrecognised deferred tax assets are reassessed at each reporting date and are recognised to the extent that it is become probable that future taxable profits will allow the deferred tax asset to be recovered. Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on the tax rates and tax laws that have been enacted or substantively enacted at the reporting date.

1.18.05 Deferred tax is recognised in the statement of profit and loss, except to the extent that it relates to items recognised in other comprehensive income. As such, deferred tax is also recognised in other comprehensive income.

1.18.06 Deferred Tax Assets and Deferred Tax Liabilities are offset, if a legally enforceable right exists to set off current tax assets against current tax liabilities and the Deferred Tax Assets and Deferred Tax Liabilities relate to taxes on income levied by same governing taxation laws.

1.18.07 MAT (Minimum Alternate Tax) credit is recognised as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. In the year in which the MAT credit becomes eligible to be recognized as an asset in accordance with the recommendations contained in guidance Note issued by the Institute of Chartered Accountants of India, the said asset is created by way of a credit to the Statement of Profit and Loss and shown as MAT Credit Entitlement. The Company reviews the same at each balance sheet date and writes down the carrying amount of MAT Credit Entitlement to the extent there is no longer convincing evidence to the effect that Company will pay normal Income Tax during the specified period.

SIGNIFICANT ACCOUNTING POLICIES for the year ended 31st March, 2019

1.19 PROVISIONS, CONTINGENT LIABILITIES AND CONTINGENT ASSETS:

1.19.01 Provisions are made when (a) the Company has a present legal or constructive obligation as a result of past events; (b) it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation; and (c) a reliable estimate is made of the amount of the obligation.

1.19.02 Provisions are determined by discounting the expected future cash flows (representing the best estimate of the expenditure required to settle the present obligation at the balance sheet date) at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability.

1.19.03 Contingent liabilities are not provided for but are disclosed by way of Notes on Accounts. Contingent liabilities is disclosed in case of a present obligation from past events (a) when it is not probable that an outflow of resources will be required to settle the obligation; (b) when no reliable estimate is possible; (c) unless the probability of outflow of resources is remote.

Contingent assets are not accounted but disclosed by way of Notes on Accounts where the inflow of economic benefits is probable.

1.20 CURRENT AND NON-CURRENT CLASSIFICATION:

1.20.01 The Normal Operating Cycle for the Company has been assumed to be of twelve months for classification of its various assets and liabilities into "Current" and "Non-Current". In accordance with criteria set out in the schedule III of the Companies Act 2013.

1.20.02 The Company presents assets and liabilities in the balance sheet based on current and non-current classification.

An asset is current when it is (a) expected to be realised or intended to be sold or consumed in normal operating cycle; (b) held primarily for the purpose of trading; (c) expected to be realised within twelve months after the reporting period; (d) Cash and cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period. All other assets are classified as non-current.

An liability is current when (a) it is expected to be settled in normal operating cycle; (b) it is held primarily for the purpose of trading; (c) it is due to be discharged within twelve months after the reporting period; (d) there is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period. All other liabilities are classified as non-current.

1.20.03 Deferred Tax Assets & Liabilities are classified as non current assets & liabilities. Current Liabilities include current portion of non current financial liabilities.

1.20.04 Operating cycle is based on the nature of business and time between the acquisition of assets for processing and their realization in cash and cash equivalent

1.21 EXPENSES FOR CORPORATE SOCIAL RESPONSIBILITY:

1.21.01 In case of CSR activities undertaken by the Company, if any expenditure of revenue nature is incurred or an irrevocable contribution is made to any agency to be spent by the latter on any of the activities mentioned in Schedule VII to the Companies Act, 2013, the same is charged as an expense to its Statement of Profit and Loss.

1.21.02 In case, the expenditure incurred by the Company is of such a nature which gives rise to an asset, such an asset is recognised where the Company retains the control of the asset and any future economic benefit accrues to it. A liability incurred by entering into a contractual obligation is recognised to the extent to which CSR activity is completed during the year.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS for the period ended 31st March, 2019

40.2 Market Risk

Market Risk is the risk of loss of future earnings, fair values or future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign exchange rates, equity prices and other market changes that affect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments including investments and deposits, foreign currency receivables, payables, and loans and borrowings.

The company manages market risk through the corporate finance department, which evaluates and exercises independent control over the entire process of market risk management. The corporate finance department recommends risk management objectives and policies, which are approved by Board of Directors. The activities of this department include management of cash resources, implementing hedging strategies for foreign currency exposures, borrowing strategies, and ensuring compliance with market risk limits and policies.

40.3 Foreign Currency Risk

The Company operates internationally and portion of the business is transacted in several currencies and consequently the Company is exposed to foreign exchange risk through its sales and services in overseas and purchases from overseas suppliers in various foreign currencies. Foreign currency exchange rate exposure is partly balanced by purchasing of goods, commodities and services in the respective currencies. The Company evaluates exchange rate exposure arising from foreign currency transactions and the Company follows established risk management policies, including the use of derivatives like foreign currency forward contracts to hedge exposure to foreign currency risk.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS for the period ended 31st March, 2019

40.4 Credit Risk

Credit Risk arises from the possibility that counter party may not be able to settle their obligations as agreed. To manage this, the Company periodically assesses the financial reliability of customers, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of accounts receivable. Individual risk limits are set accordingly.

The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period. To assess whether there is a significant increase in credit risk the company compares the risk of default occurring on the asset as at the reporting date with the risk of default as at the date of initial recognition. Trade Receivables are impaired using the Life time Expected Credit Losses (ECL) Model. The company uses a provision matrix to determine the impairment loss allowance based on its historically observed default rates over expected life of trade receivables and is adjusted for forward looking estimates.

Financial Assets are written off when there is no reasonable expectation of recovery, such as a debtor failing to engage in a repayment plan with the Company. The company categorises a loan or receivable for write off when a debtor fails to make contractual payments in normal course of business. Where loans or receivables have been written off, the Company continues to engage in enforcement activity to attempt to recover the receivable due. Where recoveries are made, these are recognised in statement of profit and loss.

Financial assets where Life time Expected Credit Losses (ECL) is used:

	₹ in Lacs	
	31 March, 2019	31 March, 2018
Trade Receivables	14651.32	14478.58
Less : Expected Credit Loss	744.01	918.41
Trade Receivables	13907.31	13560.17

40.5 Liquidity Risk

Liquidity Risk is the risk that the Company will not be able to settle or meet its obligations on time or at reasonable price. The Company's corporate finance department is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related to such risks are reviewed by the Board of Directors. Management monitors the Company's net liquidity position through rolling forecasts on the basis of expected cash flows.

Financial Liabilities as reported in the Balance Sheet are segregated into current and non-current. Non-current financial liabilities have a maturity period of more than one year, whereas the current financial liabilities have maturities within one year.

40.6 Capital Management

For the purposes of Company's Capital management, capital includes issued capital and all other equity reserves. The primary objective of the Company's Capital management is to maximise shareholder value. The company manages its capital structure and makes adjustments in the light of changes in economic environment and the requirements of the financial covenants. The company monitors capital using gearing ratio, which is total debt divided by total capital plus debt.

41. ACCOUNTING CLASSIFICATIONS AND FAIR VALUES

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidated sale.

The following methods and assumptions were used to estimate the fair values:

Fair value of cash and short term deposits, trade and other short term receivables, trade payables, other current liabilities, working capital loans from banks approximate their carrying amounts largely due to the short term maturities of these instruments.

Financial instruments other than above are carried at amortised cost except certain assets which are carried at fair value.

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1 : Quoted prices in active markets for identical assets or liabilities

Level 2 : Other techniques for which all inputs which have a significant effect on the recorded fair value are observable.

Level 3 : Techniques using inputs having significant effect on the recorded fair value that are not based on observable market data.

42. FLUCTUATION IN LONG TERM FOREIGN CURRENCY MONETARY ITEMS

The Company has exercised the option available to it under Rule 46A of the Companies (Accounting Standards) (Second Amendment) Rules, 2011 in respect of accounting for fluctuations in foreign exchange relating to "Long Term Foreign Currency Monetary Items". Accordingly, it has adjusted a loss/(gain) of ₹21.09 lacs (Previous year Gain ₹14.58 lacs) during the period to the cost of its fixed assets on account of such difference arising during the current period and has provided for depreciation thereon over the balance useful life of the respective assets. Consequently, the charge to the Statement of Profit and Loss is effected to that extent.

INDEPENDENT AUDITOR'S REPORT

To
The Members of
Greenlam Industries Limited

REPORT ON THE AUDIT OF THE CONSOLIDATED IND AS FINANCIAL STATEMENTS

OPINION

We have audited the accompanying consolidated Ind AS financial statements of Greenlam Industries Limited (hereinafter referred to as "the Holding Company"), and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group") which comprise the Consolidated Balance Sheet as at 31 March 2019, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Cash Flow Statement for the year then ended, and notes to the Consolidated Ind AS financial statements including a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated Ind AS financial statements").

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of reports of other auditors on separate Ind AS financial statements and on the other financial information of the subsidiaries, the aforesaid consolidated Ind AS financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including the Indian Accounting Standards ("Ind AS"), of the consolidated state of affairs of the Group as at March 31, 2019, their consolidated profit including other comprehensive income, consolidated changes in equity and their consolidated cash flows for the year ended on that date.

BASIS FOR OPINION

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Ind AS Financial Statements section of our report. We are independent of the Group in accordance with the Code

of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the consolidated Ind AS financial statements under the provisions of the Act and Rules thereunder and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

KEY AUDIT MATTERS

The Group's wholly owned overseas subsidiaries considered in the Consolidated Ind AS financial statements are not listed with any Stock Exchange in India or abroad and it does not have any subsidiary in India. So, the Key Audit Matters were not addressed in the context of our audit of the consolidated Ind AS financial statements as a whole.

INFORMATION OTHER THAN THE CONSOLIDATED IND AS FINANCIAL STATEMENTS AND AUDITOR'S REPORT THEREON

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Corporate Governance and Shareholder's Information, but does not include the consolidated Ind AS financial statements and our auditor's report thereon.

Our opinion on the consolidated Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated Ind AS financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude

that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

RESPONSIBILITIES OF MANAGEMENT AND THOSE CHARGED WITH GOVERNANCE FOR THE CONSOLIDATED IND AS FINANCIAL STATEMENTS

The Holding Company's Board of Directors is responsible for matters stated in Section 134(5) of the Act with respect to the preparation and presentation of these consolidated Ind AS financial statements in terms of the requirements of the Act that give a true and fair view of the consolidated state of affairs (financial position), consolidated profit or loss (financial performance including other comprehensive income), consolidated changes in equity and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including Ind AS specified under section 133 of the Act, read with relevant rules issued thereunder.

The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Consolidated Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated Ind AS financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated Ind AS financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis

of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are responsible for overseeing the financial reporting process of the Group.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED IND AS FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the consolidated Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company and its subsidiaries, which are companies incorporated

in India, have adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated Ind AS financial statements, including the disclosures, and whether the consolidated Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated Ind AS financial statements. We are responsible for the direction, supervision and performance of the audit of the Ind AS financial statements of such entities included in the consolidated Ind AS financial statements of which we are the independent auditors. For the other entities included in the consolidated Ind AS financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of the Holding Company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated Ind AS financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

OTHER MATTERS

We did not audit the Ind AS financial statements of two foreign subsidiaries (including 4 step down subsidiaries), whose Ind AS financial statements reflect total assets of ₹9215.66 Lacs as at March 31, 2019, total revenues of ₹32890.10 Lacs and net cash inflows amounting to ₹(34.09) Lacs for the year ended on that date, as considered in the consolidated Ind AS financial statements. These Ind AS financial statements have been audited by other auditors whose reports have been furnished to us by the management and our opinion on the consolidated Ind AS financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, and our report in terms of section 143(3) of the Act, in so far as it relates to the aforesaid subsidiaries, is based solely on the reports of the other auditors.

Our opinion on the consolidated Ind AS financial statements and our report on the Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial information certified by the management.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

As required by section 143(3) of the Act, we report, to the extent applicable, that:

- a) We have sought and obtained all the information and explanations which to the best of our

knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated Ind AS financial statements;

- b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated Ind AS financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors;
- c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows dealt with by this report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated Ind AS financial statements;
- d) In our opinion, the aforesaid consolidated Ind AS financial statements comply with the Indian Accounting Standards specified under section 133 of the Act read with relevant rules issued thereunder;

On the basis of the written representations received from the directors of the Holding Company as on March 31, 2019 taken on record by the Board of Directors of the Holding Company, none of the directors of the Group companies in India is disqualified as on March 31, 2019 from being appointed as a director in terms of section 164(2) of the Act.

The Group does not consist of any domestic subsidiary company incorporated in India and as such the question of directors becoming disqualified for appointment, consequent thereto, in terms of section 164(2) of the Act does not arise.

- e) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197 (16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid/provided by the holding Company to its directors during the year is in accordance with the provisions of section 197 of the Act;

- f) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The consolidated Ind AS financial statements disclose the impact of pending litigations on the consolidated financial position of the Group Refer Note 36 to the consolidated Ind AS financial statements;
 - ii. The Group did not have any material foreseeable losses on long term contracts including derivative contracts;
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Holding Company.

for the year ended 31st March, 2019

1.01 DISCLOSURE OF ACCOUNTING POLICIES:

1.01.01 CORPORATE INFORMATION:

Greenlam Industries Limited (the 'Company') is a public limited company domiciled in India incorporated under the provisions of the Companies Act. Its shares are listed on two recognised stock exchanges in India i.e. NSE and BSE. The registered office of the company is located at Makum Road, Tinsukia, Assam - 786 125, India.

Company is engaged in the business of manufacturing laminates, decorative veneers, Engineered Wood Flooring, Engineered Door Sets & Door Leaf and allied products through its factories at various locations and branches and dealers' network spread all over the country. It has two wholly owned subsidiary companies operating in overseas countries, viz., Greenlam Asia Pacific Pte Ltd and Greenlam America Inc. It imports raw materials for manufacturing. Manufactured goods are sold both in domestic and overseas markets. The overseas subsidiaries of the company are mainly engaged in marketing and distribution of company's product.

Statement of Compliance

These Financial Statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as prescribed under section 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 as amended by Companies (Indian Accounting Standards) Amendment Rules, 2016.

The financial statements of the Company for the year ended 31st March, 2019 are authorized for issue in accordance with a resolution of the Directors on 30th May, 2019

1.01.02 COMPANIES INCLUDED IN CONSOLIDATION :

Greenlam Asia Pacific Pte Ltd., Singapore and its four step down subsidiaries viz. Greenlam Asia Pacific (Thailand) Co. Ltd., Thailand, Greenlam Holding Co. Ltd., Thailand, PT. Greenlam Asia Pacific, Indonesia and Greenlam Europe (UK) Ltd, United Kingdom and Greenlam America Inc., Florida (U.S.A), continued to be the wholly-owned subsidiaries of the Company, Greenlam Europe(UK) Ltd is an wholly owned subsidiary of Greenlam Asia Pacific Pte Ltd and minority interest in the step-down subsidiaries viz. Greenlam Asia Pacific (Thailand) Co. Ltd., Greenlam Holding Co Ltd and PT Greenlam Asia Pacific is 2 5% 1% and 1% respectively

1.01.03 BASIS OF CONSOLIDATION:

The consolidated financial statements comprise the financial statements of the Group as at 31 March 2019. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has ability to affect those returns through its power over the investee.

The consolidated financial statements of the parent and its subsidiaries are combined on a line by line basis by adding together like items of assets, liabilities, income and expenses. Intragroup balances and intragroup transactions and resulting unrealized profits (losses) are eliminated in full. Consolidated financial statements are prepared using uniform accounting policies for the like transactions and other events in similar circumstances.

1.01.04 BASIS OF PREPARATION OF FINANCIAL STATEMENTS:

The financial statements have been prepared under the historical cost basis, except for following assets and liabilities which have been measured at fair value.

- a. Derivative Financial Instruments – Fair Value
- b. Net Defined Benefits (Assets)/ Liability- Present value of Defined benefit obligations via actuarial valuation.

Accounting policies have been consistently applied except where a newly issued accounting standard is

SIGNIFICANT ACCOUNTING POLICIES FOR CONSOLIDATED FINANCIAL STATEMENT

for the year ended 31st March, 2019

initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use. The Company's management evaluate all recently issued all revised accounting standards on an on-going basis.

Functional and Presentation Currency

The financial statements are presented in Indian Rupees ('INR') which is also the company's functional currency Where changes are made in presentation, the comparative figures of the previous year are regrouped and re-arranged accordingly.

1.01.05 ACCOUNTING ESTIMATES AND ASSUMPTIONS:

The preparation of the financial statements in conformity with Ind AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period.

Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements

1.02 PROPERTY, PLANT AND EQUIPMENT:

1.02.01 Property, Plant and Equipment are carried at cost less accumulated depreciation and accumulated losses, if any. Cost includes expenditure that is directly attributable to the acquisition of the items.

1.02.02 Property, plant and equipment acquired after the transition date are stated at cost net of tax/duty credit availed, less accumulated depreciation and accumulated impairment losses, if any. Cost includes expenses directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

1.02.03 Capital work-in-progress includes cost of property, plant and equipment under installation / under development as at the balance sheet date. Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date is classified as capital advances under other non-current assets.

1.02.04 Subsequent expenditures relating to property, plant and equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the Company and the costs to the item can be measured reliably. Repairs and maintenance costs are recognized in net profit in the statement of profit and loss when incurred. The cost and related accumulated depreciation are eliminated from the financial statements upon sale or retirement of the asset and the resultant gain or losses are recognized in the statement of profit and loss.

1.02.05 Property, Plant and Equipments including continuous process plants are depreciated and/or amortised on the basis of their useful lives as notified in Schedule II to the Companies Act, 2013 except in case of assets costing less than ₹5000 which are depreciated over their useful life as assessed by the management. The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period

1.02.06 Depreciation in respect of additions to assets has been charged on pro rata basis with reference to the period when the assets are ready for use. The provision for depreciation for multiple shifts has been made in respect of eligible assets on the basis of operation of respective units. Where the historical cost of a depreciable asset undergoes a change due to increase or decrease in long term liability on account of exchange fluctuations, the depreciation on the revised unamortised depreciable amount is provided prospectively over the residual useful life of the asset.

SIGNIFICANT ACCOUNTING POLICIES FOR CONSOLIDATED FINANCIAL STATEMENT

for the year ended 31st March, 2019

- 1.02.07** An asset's carrying amount is written down immediately on discontinuation to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount. Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in Profit/Loss on Sale and Discard of Fixed Assets.
- 1.02.08** Assets acquired under finance lease are depreciated over the shorter of the lease term and their useful lives unless it is reasonable certain that company will obtain ownership by end of lease term.
- Useful lives of the Property, Plant and Equipment as notified in Schedule II to the Companies Act, 2013 are as follows :
- Buildings - 30 to 60 years
 - Plant and Equipments - 15 to 25 years
 - Furniture and Fixtures - 10 years
 - Vehicles - 8 to 10 years
 - Office Equipments - 3 to 10 years
- 1.02.09 Relating to Greenlam Asia Pacific Pte. Ltd.**
- Depreciation on fixed assets is calculated to write off the cost of the assets on a straight-line method over its estimated period of use.
- Buildings - 15 years
 - Plant and Equipments - 3 to 15 years
 - Furniture and Fixtures - 3 to 15 years
 - Vehicles - 3 to 6 years
 - Office Equipments - 3 to 8 years
- 1.02.10 Relating to Greenlam America Inc.**
- Depreciation on fixed assets is provided for on Straight Line Method .
- At each balance sheet date, the Company reviews the carrying amount of property, plant and equipment to determine whether there is any indication of impairment loss. If any such indication exists, the recoverable amount of the assets is estimated in order to determine the extent of impairment loss. The recoverable amount is higher of the net selling price and the value in use, determined by discounting the estimated future cash flows expected from the continuing use of the asset to their present value.
- 1.02.11** Leasehold land (includes development cost) is amortised on a straight line basis over the period of respective lease, except leasehold land acquired on perpetual lease. Depreciation methods, useful lives and residual values are reviewed at each financial year end and adjusted as appropriate.
- 1.03 INTANGIBLE ASSETS:**
- 1.03.01** Internally generated intangible asset under development stage is recognized when it is demonstrated that it is technically feasible to use the same and the cost incurred for developing the same is ascertained. Technical Know-how so developed internally is amortised on a straight- line basis over its estimated useful life.
- 1.03.02** Intangible assets acquired by payment e.g., Goodwill, Trademarks, Computer Software and Technical Know-how are disclosed at cost less amortization on a straight-line basis over its estimated useful life.
- 1.03.03** Intangible assets are carried at cost, net of accumulated amortization and impairment loss, if any.
- 1.03.04** On transition to Ind AS, the Company has elected to continue with the carrying value of all of its intangible assets as at 1st April 2016 measured as per the previous GAAP and use that carrying value as the deemed cost of the intangible assets.

SIGNIFICANT ACCOUNTING POLICIES FOR CONSOLIDATED FINANCIAL STATEMENT

for the year ended 31st March, 2019

- 1.03.05** Amortisation is calculated to write off the cost of intangible assets less their estimated residual values over their estimated useful lives using the straight-line method, and is included in depreciation and amortisation in Statement of Profit and Loss.
- Intangible assets are amortised on straight-line method as follows :
- Goodwill - 5 years
 - Trademarks – 5-10 years
 - Computer Software - 5 years
 - Technical Know-how - 3 years
- 1.03.06** At each balance sheet date, the Company reviews the carrying amount of intangible assets to determine whether there is any indication of impairment loss. If any such indication exists, the recoverable amount of the assets is estimated in order to determine the extent of impairment loss. The recoverable amount is higher of the net selling price and the value in use, determined by discounting the estimated future cash flows expected from the continuing use of the asset to their present value
- 1.04 IMPAIRMENT**
- 1.04.01 Impairment of financial instruments: financial assets**
- Financial assets, other than those at FVTPL, are assessed for indicators of impairment at the end of each reporting period. A financial asset is 'credit- impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.
- The Company recognises loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognised is recognised as an impairment gain or loss in Statement of Profit and Loss.
- In case of trade receivables, the Company follows the simplified approach permitted by Ind AS 109 Financial Instruments for recognition of impairment loss allowance. The application of simplified approach does not require the Company to track changes in credit risk. The Company calculates the expected credit losses on trade receivables using a provision matrix on the basis of its historical credit loss experience.
- When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating expected credit losses, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Company's historical experience and informed credit assessment and including subsequent information. Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets
- The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Company determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Company's procedures for recovery of amounts due
- 1.04.02 Impairment of non-financial assets**
- The Company's non-financial assets, other than inventories and deferred tax assets, are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.
- For impairment testing, assets that do not generate independent cash inflows are grouped together into cash- generating units (CGUs). Each CGU represents the smallest group of assets that generates cash inflows that are largely independent of the cash inflows of other assets or CGUs.

SIGNIFICANT ACCOUNTING POLICIES FOR CONSOLIDATED FINANCIAL STATEMENT

for the year ended 31st March, 2019

The recoverable amount of a CGU (or an individual asset) is the higher of its value in use and its fair value less costs to sell. Value in use is based on the estimated future cash flows, discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the CGU (or the asset).

The Company's corporate assets (e.g. corporate office for providing support to various CGUs) do not generate independent cash inflows. To determine impairment of a corporate asset, recoverable amount is determined for the CGUs to which the corporate asset belongs. An impairment loss is recognised if the carrying amount of an asset or CGU exceeds its estimated recoverable amount. Impairment losses are recognised in the Statement of Profit and Loss

Impairment loss recognised in respect of a CGU is allocated first to reduce the carrying amount of any goodwill allocated to the CGU, and then to reduce the carrying amounts of the other assets of the CGU (or group of CGUs) on a pro rata basis.

An impairment loss in respect of other assets for which impairment loss has been recognised in prior periods, the Company reviews at each reporting date whether there is any indication that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. Such a reversal is made only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation if no impairment loss had been recognised

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired.

1.04.03 Non-current assets or disposal group held for sale

Non-current assets, or disposal groups comprising assets and liabilities are classified as held for sale if it is highly probable that they will be recovered primarily through sale rather than through continuing use.

Such assets, or disposal groups, are generally measured at the lower of their carrying amount and fair value less costs to sell. Any resultant loss on a disposal group is allocated first to goodwill, and then to remaining assets and liabilities on pro rata basis, except that no loss is allocated to inventories, financial assets, deferred tax assets, employee benefit assets, and biological assets, which continue to be measured in accordance with the Company's other accounting policies. Losses on initial classification as held for sale and subsequent gains and losses on re-measurement are recognised in profit or loss.

Once classified as held-for-sale, intangible assets and property, plant and equipment are no longer amortised or depreciated.

1.05 INVENTORIES:

1.05.01 The cost of inventories have been computed to include all cost of purchases, cost of conversion and other related costs incurred in bringing the inventories to their present location and condition. The costs of Raw Materials, Stores and spare parts etc., consumed consist of purchase price including duties and taxes (other than those subsequently recoverable by the enterprise from the taxing authorities), freight inwards and other expenditure directly attributable to the procurement

1.05.02 Stock of Raw Materials, Stores and spare parts are valued at lower of cost or net realisable value; and of those in transit and at port related to these items are valued at lower of cost to date or net realisable value. Slow and non-moving material, obsolete, defective inventories are duly provided for and valued at net realisable value. Goods and materials in transit are valued at actual cost incurred upto the date of balance sheet. Material and supplies held for use in the production of inventories are not written down if the finished

SIGNIFICANT ACCOUNTING POLICIES FOR CONSOLIDATED FINANCIAL STATEMENT

for the year ended 31st March, 2019

products in which they will be used are expected to be sold at or above cost

Goods-in-process is valued at lower of cost or net realisable value.

Stock of Finished goods is valued at lower of cost or net realisable value.

Stock-in-trade is valued at lower of cost or net realisable value.

Waste and scraps are accounted at estimated realisable value.

Cost of inventories is ascertained on the 'weighted average' basis. Goods-in-process and finished goods are valued on absorption cost basis.

1.06 CASH FLOW STATEMENT:

1.06.01 Cash flows are reported using indirect method, whereby profit before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flow from regular revenue generating, financing and investing activities of the Company is segregated.

1.06.02 Cash and cash equivalents in the balance sheet comprise cash at bank, cash/cheques in hand and short term investments (excluding pledged term deposits) with an original maturity of three months or less.

1.07 MEASUREMENT OF FAIR VALUES

1.07.01 A number of the Company's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities.

1.07.02 The Company has an established control framework with respect to the measurement of fair values. The management has overall responsibility for overseeing all significant fair value measurements and it regularly reviews significant unobservable inputs and valuation adjustments. If third party information, such as broker quotes or pricing services, is used to measure fair values, then the management assesses the evidence obtained from the third parties to support the conclusion that these valuations meet the requirements of Ind AS, including the level in the fair value hierarchy in which the valuations should be classified

Significant valuation issues are reported to the Company's audit committee.

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

1.07.03 When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

1.07.04 The Company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

1.07.05 FINANCIAL ASSETS:

The Company classifies its financial assets as those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and those to be measured at amortised cost using effective interest rate method

SIGNIFICANT ACCOUNTING POLICIES FOR CONSOLIDATED FINANCIAL STATEMENT

for the year ended 31st March, 2019

The Company measures all equity instruments at cost initially and also on subsequent recognition.

Trade receivables represent receivables for goods sold by the Company upto to the end of the financial year. The amounts are generally unsecured and are usually received as per the terms of payment agreed with the customers. The amounts are presented as current assets where receivable is due within 12 months from the reporting date. They are recognised initially and subsequently measured at amortised cost.

The Company assesses the expected credit losses associated with its assets carried at amortised cost. Trade receivables are impaired using the lifetime expected credit loss model under simplified approach. The Company uses a provision matrix to determine the impairment loss allowance based on its historically observed default rates over expected life of trade receivables and is adjusted for forward looking estimates. At every reporting date, the provision for such impairment loss allowance is determined and updated and the same is deducted from Trade Receivables with corresponding charge/credit to Profit and Loss.

A financial asset is derecognised only when the Company has transferred the rights to receive cash flows from the financial asset, or when it has transferred substantially all the risks and rewards of the asset, or when it has transferred the control of the asset.

Investments that are readily realisable and intended to be held for not more than a year are classified as Current investments. All other investments are classified as Non-Current/Long-term Investments. Current investments are carried at lower of cost or market value on individual investment basis. Non-Current Investments are considered at cost, unless there is an "other than temporary" decline in value, in which case adequate provision is made for the diminution in the value of Investments.

1.07.06 FINANCIAL LIABILITIES:

Financial liabilities are classified as measured at amortised cost or FVTPL.

Borrowings are initially recognised and subsequently measured at amortised cost, net of transaction costs incurred. The transaction costs is amortised over the period of borrowings using the effective interest method in Capital Work in Progress upto the commencement of related Plant, Property and Equipment and subsequently under finance costs in profit and loss account.

Borrowings are removed from balance sheet when the obligation specified in the contract is discharged, cancelled or expired.

Borrowings are classified as current liabilities unless the company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period.

Trade Payables represent liabilities for goods and services provided to the Company upto to the end of the financial year. The amounts are usually paid as per the terms of payment agreed with the vendors. The amounts are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognised initially and subsequently measured at amortised cost.

Financial assets and Financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

Derivative financial instruments are in the nature of Forward contracts and Interest rate swaps. Forward contracts are executed to hedge the foreign exchange rate with respect to liabilities for goods and services in foreign currencies. Interest rate swaps are executed to hedge the interest rate with respect to borrowings in foreign currencies.

Derivative financial instruments are recognised initially and subsequently at fair value through mark to market valuation obtained from banking partners. Gain or loss arising from the changes in fair value of derivatives are debited to the foreign exchange fluctuations in the statement of profit and loss.

SIGNIFICANT ACCOUNTING POLICIES FOR CONSOLIDATED FINANCIAL STATEMENT

for the year ended 31st March, 2019

1.08 EQUITY:

1.08.01 Ordinary Shares are classified as equity.

1.08.02 Provision is made for the amount of any dividend declared and dividend distribution tax thereon, being appropriately authorised and no longer at the discretion of the entity, on or before the end of the reporting period but not distributed at the end of the reporting period.

1.09 REVENUE RECOGNITION:

1.09.01 Effective, April 1 2018, the Group Adopted IND AS 115 "Revenue from Contracts with Customers" using the modified retrospective approach, the modified approach will allow the standard to be applied to existing contracts beginning with current period. No reinstatement of comparative period will be required under this approach. However Group is recognizing the cumulative effect of initially applying IND AS 115 as an adjustment to the opening balance of equity at the date of initial application

1.09.02 Revenue is recognized upon transfer of control of promised products or services to customers in amount that reflects the consideration we expect to receive in exchange for those products or services.

Arrangements with customers for selling of goods are all fixed price contracts.

1.09.03 Revenue from fixed price contracts where the performance obligations are satisfied over time and where there is no uncertainty as to measurement or collectability of consideration, is recognized as per percentage of Completion method.

1.09.04 Revenue in excess of invoicing are classified as contract assets while invoicing in excess of revenues are classified as contract liabilities.

1.09.05 For allocating the transaction price, the group has measured the revenue in respect of each performance obligation of a contract at its relative standalone selling price. The price that is regularly charged for an item when sold separately is the best evidence of its standalone selling price. In case where the group is unable to determine the standalone selling price, the group uses the expected cost plus margin approach in estimating the standalone selling price

1.09.06 The Group accounts for volume discounts and price incentives to customers as a reduction of revenue based on the allocation of discounts/incentives to each of the underlying performance obligation.

The Group assesses its role as an agent or principal for each transaction and in an agency agreement the count collected on behalf of the principal are excluded from revenue.

1.09.07 The adoption of IND AS 115 didn't have any material impact on the results for the financial year ended 31st March 2019.

1.09.08 Services: Revenue from Services are recognized as and when the services are rendered.

1.09.09 Interest: Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable.

1.09.10 Dividends: Dividend from investment is recognized when the Company in which they are held declares the dividend and when the right to receive the same is established.

1.09.11 Insurance Claims: Insurance Claims are accounted for on acceptance and when there is a reasonable certainty of receiving the same, on grounds of prudence.

1.09.12 Export Incentives: Benefit on account of entitlement to import goods free of duty under the Advance

Authorisation Scheme, Merchandise Export Incentives Scheme (MEIS), are accounted for on accrual basis at estimated realisable value, as and when exports are made i.e., in the year of export. Profit or loss arising on utilisation of the same and/or sale thereof are accounted for in the year in which either the imports are made against the said Advance License MEIS and/or the same are sold

SIGNIFICANT ACCOUNTING POLICIES FOR CONSOLIDATED FINANCIAL STATEMENT

for the year ended 31st March, 2019

1.09.13 Sums receivable under the Central Government's "Scheme of budgetary support under Goods and Service Tax Regime" to compensate the loss on account of denial of exemption from payment of Central Excise Duty is recognised in the profit or loss of the period in which it becomes receivable, if there is no unfulfilled condition and other contingencies attaching thereto.

1.10 FOREIGN CURRENCY TRANSACTIONS:

1.10.01 The Group's consolidated financial statements are presented in Indian Rupees ("INR"), which is also the parent Company's functional currency. For each company, the Group determines the functional currency and items included in the financial statements of each company are measured using that functional currency.

1.10.02 Foreign currency transactions are recorded on initial recognition in the functional currency, using the exchange rate at the date of the transaction. At each balance sheet date, foreign currency monetary items are reported using the closing exchange rate. Exchange differences that arise on settlement of monetary items or on reporting at each balance sheet date of the Company's monetary items at the closing rate are recognised as income or expenses in the period in which they arise

1.10.03 Non-monetary items which are carried at historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rate at the date when the fair value is determined.

1.10.04 On consolidation, the assets and liabilities of the foreign subsidiary are translated into INR at the rate of exchange prevailing at the reporting date and their statements of profit and loss are translated at average rate during the year. The exchange differences arising on translation for consolidation are recognised in Other Comprehensive Income. On disposal of a foreign subsidiary, the foreign exchange differences recognised in Other Comprehensive Income is reclassified to the Statement of Profit and Loss.

1.10.05 The Company has exercised the option available to it under Para 46A of the Companies (Accounting Standards) (Second Amendment) Rules, 2011 in respect of accounting for fluctuations in foreign exchange relating to "Long Term Foreign Currency Monetary Items". On transition to Ind AS, aforesaid option is not available for loans availed after 1st April 2016.

Non-Integral Foreign Operations

1.10.06 In case of its wholly owned subsidiary company, being non-integral foreign operations, the items are translated by applying (a) actual rates for items of income and expenses in the Statement of Profit and Loss and (b) closing rate in respect of both monetary and non-monetary items in the Balance Sheet. The resulting exchange differences relating to long-term monetary items are charged off to the Other Comprehensive Income recognised in the Statement of Profit and Loss

1.11 EMPLOYEE BENEFITS:

1.11.01 Short-term employee benefits are recognized as an expense at the undiscounted amount in the Statement of Profit and Loss of the year in which the related service is rendered.

1.11.02 Post Employment and Retirement benefits in the form of Gratuity and Leave Encashment are considered as defined benefit obligations and is provided for on the basis of third party actuarial valuation, using the projected unit credit method, as at the date of the Balance Sheet. Every Employee who has completed five years or more of service is entitled to Gratuity on terms not less favourable than the provisions of The Payment of Gratuity Act, 1972.

1.11.03 The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of reporting period on government bonds that have terms approximating to the terms of the related obligation.

SIGNIFICANT ACCOUNTING POLICIES FOR CONSOLIDATED FINANCIAL STATEMENT

for the year ended 31st March, 2019

1.11.04 The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation. This cost is included in employee benefit expense in the statement of profit and loss.

1.11.05 Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions of the defined benefit obligation are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

1.11.06 Employee benefits in the form of Provident Fund is considered as defined contribution plan and the contributions to Employees' Provident Fund Organisation established under The Employees' Provident Fund and Miscellaneous Provisions Act 1952 is charged to the Statement of Profit and Loss of the year when the contributions to the respective funds are due. The Company pays provident fund contributions to publicly administered provident funds as per local regulations. The Company has no further payment obligations once the contributions have been paid

1.12 BORROWING COSTS:

1.12.01 Borrowing costs are interest and other costs (including exchange differences relating to foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs) incurred in connection with the borrowing of funds. Ancillary costs incurred in connection with the arrangement of borrowings are amortised over the period of borrowings.

1.12.02 General and specific borrowing costs that are directly attributable to the acquisition or construction of qualifying assets are capitalised as part of the cost of such assets during the period of time that is required to complete and prepare the asset for its intended use. A qualifying asset is one that takes necessarily substantial period of time to get ready for its intended use.

1.12.03 Investment income earned on temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowings costs eligible for capitalisation.

1.12.04 All other borrowing costs are expensed in the period in which they are incurred.

1.13 SEGMENT REPORTING:

1.13.01 Operating Segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker (CODM). The CODM assesses the financial performance and position of the company, and makes strategic decisions. The CODM consists of Managing Director & CEO and Chief Financial Officer.

1.13.02 The Company's operating businesses are organized and managed separately according to the nature of products, with each segment representing a strategic business unit that offers different products and serves different markets. The identified segments are Manufacturing and Sale of (a) Laminate and Allied products; and (b) Veneer and Allied products.

1.13.03 The analysis of geographical segment is based on the geographical location of the customers. The geographical segments considered for disclosure are (a) Sales within India include sales to customers located within India; (b) Sales outside India include sales to customers located outside India.

1.13.04 Common allocable costs are allocated to each segment according to the ratio of their respective turnover to the total turnover.

1.13.05 The Unallocated Segment includes general corporate income and expense items, which are not allocated to any business segment.

(b) An entity is related to a reporting entity if any of the following conditions applies; (i) the entity and the reporting entity are members of the same group (which means that each parent, subsidiary and fellow subsidiary is related to the others); (ii) One entity is an associate or joint venture of the other entity (or an associate or joint venture of a member of a group of which the other entity is a member); (iii) Both entities are joint ventures of the same third party; (iv) One entity is a joint venture of a third entity and the other entity is an associate of the third entity; (v) The entity is a post-employment benefit plan for the benefit of employees of either the reporting entity or an entity related to the reporting entity; (vi) The entity is controlled or jointly controlled by a person identified in (a); (vii) A person identified in (a)(i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity); (viii) The entity, or any member of a group of which it is a part, provides key management personnel services to the reporting entity or to the parent of the reporting entity.

1.14.02 A related party transaction is a transfer of resources, services or obligations between a reporting entity and a related party, regardless of whether a price is charged. Close members of the family of a person are those family members who may be expected to influence, or be influenced by, that person in their dealings with the entity. Compensation includes all employee benefits i.e. all forms of consideration paid, payable or provided by the entity, or on behalf of the entity, in exchange for services rendered to the entity. It also includes such consideration paid on behalf of a parent of the entity in respect of the entity. Key management personnel are those persons having authority and responsibility for planning, directing and controlling the activities of the entity, directly or indirectly, including any director (whether executive or otherwise) of that entity.

Disclosure of related party transactions as required by the accounting standard is furnished in the Notes on Financial Statements.

1.15 LEASES:

1.15.01 The determination of whether an arrangement is, or contains a lease is based on the substance of the arrangement at the inception date, whether fulfillment of the arrangement is dependent on the use of a specific asset or assets or the arrangement conveys a right to use the asset, even if that right is not explicitly specified in the arrangement.

1.15.02 Finance leases that transfer substantially all of the risks and benefits incidental to ownership of the leased term, are capitalised at the commencement of the lease at the fair value of the leased property or, if lower, at the present value of the minimum lease payments. Lease payments are apportioned between finance charges and a reduction in lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognised in finance costs in the statement of profit and loss.

1.15.03 A leased asset is depreciated over the useful life of the asset. However, if there is no reasonable certainty that the Company will obtain ownership by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term.

1.15.04 Assets acquired on leases where a significant portion of the risks and rewards of ownership are retained by lessor are classified as operating leases. Lease rentals are charged to the statement of profit and loss on straight line basis.

1.15.05 Other Current assets includes prepaid lease rentals on account of initial payment with respect to leasehold land for manufacturing units. The same being operating lease in nature, is amortised as an expense over the period of lease.

for the year ended 31st March, 2019

1.16 DIVIDENDS

1.16.01 Final dividends on shares are recorded as a liability on the date of approval by the shareholders and interim dividends are recorded as a liability on the date of declaration by the Board of Directors of the Company.

1.17 EARNINGS PER SHARE:

1.17.01 Basic earnings (loss) per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

1.17.02 For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

1.18 ACCOUNTING FOR TAXES ON INCOME:

1.18.01 Tax expenses comprise of current tax and deferred tax including applicable surcharge and cess.

1.18.02 Current Income tax is computed using the tax effect accounting method, where taxes are accrued in the same period in which the related revenue and expenses arise. A provision is made for income tax annually, based on the tax liability computed, after considering tax allowances and exemptions. Provisions are recorded when it is estimated that a liability due to disallowances or other matters is probable.

1.18.03 Deferred tax is provided using the balance sheet approach on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date. Deferred tax liabilities are recognised for all taxable temporary differences. Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profits against which the deductible temporary differences, and the carry forward unused tax credits and unused tax losses can be utilised

1.18.04 The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax assets to be utilised. Unrecognised deferred tax assets are reassessed at each reporting date and are recognised to the extent that it is become probable that future taxable profits will allow the deferred tax asset to be recovered. Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on the tax rates and tax laws that have been enacted or substantively enacted at the reporting date

1.18.05 Deferred tax is recognised in the statement of profit and loss, except to the extent that it relates to items recognised in other comprehensive income. As such, deferred tax is also recognised in other comprehensive income.

1.18.06 Deferred Tax Assets and Deferred Tax Liabilities are offset, if a legally enforceable right exists to set off current tax assets against current tax liabilities and the Deferred Tax Assets and Deferred Tax Liabilities relate to taxes on income levied by same governing taxation laws.

1.18.07 MAT (Minimum Alternate Tax) credit is recognised as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. In the year in which the MAT credit becomes eligible to be recognized as an asset in accordance with the recommendations contained in guidance Note issued by the Institute of Chartered Accountants of India, the said asset is created by way of a credit to the Statement of Profit and Loss and shown as MAT Credit Entitlement. The Company reviews the same at each balance sheet date and writes down the carrying amount of MAT Credit Entitlement to the extent there is no longer convincing evidence to the effect that Company will pay normal Income Tax during the specified period.

for the year ended 31st March, 2019

1.19 PROVISIONS, CONTINGENT LIABILITIES AND CONTINGENT ASSETS:

1.19.01 Provisions are made when (a) the Company has a present legal or constructive obligation as a result of past events; (b) it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation; and (c) a reliable estimate is made of the amount of the obligation.

1.19.02 Contingent liabilities are not provided for but are disclosed by way of Notes on Accounts. Contingent liabilities is disclosed in case of a present obligation from past events (a) when it is not probable that an outflow of resources will be required to settle the obligation; (b) when no reliable estimate is possible; (c) unless the probability of outflow of resources is remote.

Contingent assets are not accounted but disclosed by way of Notes on Accounts where the inflow of economic benefits is probable.

1.19.03 Provisions are determined by discounting the expected future cash flows (representing the best estimate of the expenditure required to settle the present obligation at the balance sheet date) at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability.

1.20 CURRENT AND NON-CURRENT CLASSIFICATION:

1.20.01 The Normal Operating Cycle for the Company has been assumed to be of twelve months for classification of its various assets and liabilities into "Current" and "Non-Current" In accordance with criteria set out in the schedule III of the Companies Act 2013.

1.20.02 The Company presents assets and liabilities in the balance sheet based on current and non-current classification.

An asset is current when it is (a) expected to be realised or intended to be sold or consumed in normal operating cycle; (b) held primarily for the purpose of trading; (c) expected to be realised within twelve months after the reporting period; (d) Cash and cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period. All other assets are classified as non-current

An liability is current when (a) it is expected to be settled in normal operating cycle; (b) it is held primarily for the purpose of trading; (c) it is due to be discharged within twelve months after the reporting period; (d) there is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period. All other liabilities are classified as non-current.

1.20.03 Deferred Tax Assets & Liabilities are classified as non current assets & liabilities. Current Liabilities include current portion of non current financial liabilities.

1.20.04 Operating cycle is based on the nature of business and time between the acquisition of assets for processing and their realization in cash and cash equivalent

1.21 EXPENSES FOR CORPORATE SOCIAL RESPONSIBILITY:

1.21.01 In case of CSR activities undertaken by the Company, if any expenditure of revenue nature is incurred or an irrevocable contribution is made to any agency to be spent by the latter on any of the activities mentioned in Schedule VII to the Companies Act, 2013, the same is charged as an expense to its Statement of Profit and Loss.

1.21.02 In case, the expenditure incurred by the Company is of such a nature which gives rise to an asset, such an asset is recognised where the Company retains the control of the asset and any future economic benefit accrues to it. A liability incurred by entering into a contractual obligation is recognised to the extent to which CSR activity is completed during the year.

1.22 CONSOLIDATED FINANCIAL STATEMENTS

1.22.01 The consolidated financial statements of the parent and its subsidiaries are combined on a line by line basis by adding together like items of assets, liabilities, income and expenses. Intragroup balances and intragroup transactions and resulting unrealized profits (losses) are eliminated in full. Consolidated financial statements are prepared using uniform accounting policies for the like transactions and other events in similar circumstances to the extent practicable and in case of difference the same is disclosed

1.23 NEW PRONOUNCEMENTS

1.23.01 Note on IND AS 116:- On March 30,2019, Ministry of Corporate Affairs has notified IND AS 116, Leases. IND AS 116 will replace the existing lease standard, IND AS 17 Leases and related interpretations. The Standard sets out the principles for the recognition, measurement, presentation and disclosure of leases for both parties to a contract i.e. the lessee and lessor.

1.23.02 IND AS 116 introduces a single lessee accounting model and requires a lessee to recognize assets and liabilities for all leases with a term of more than twelve months, unless the underlying assets is of low value. Currently operating lease expenses are charged to the statement of Profit & loss. The Standard also contains enhanced disclosure requirement for lessees. IND AS 116 substantially carries forward the lessor accounting requirement in IND AS 116

The effective date for adoption of IND AS 116 is annual periods beginning on or after April 1,2019.

1.23.03 IND AS 12, Appendix C, Uncertainty over Income Tax Treatment- On March 30,2019, Ministry of Corporate Affairs has notified IND AS 12 Appendix C, Uncertainty over Income Tax Treatments which is to be applied while performing the determination of taxable profit (or loss), tax bases or unused tax losses, unused tax credits and tax rates. When there is uncertainty over income tax treatment under IND AS 12.

1.23.04 Accordingly to the appendix, companies need to determine the probability of relevant tax authority accepting each tax treatment or group of tax treatments, that the companies have used or plan to used in their income tax filings which has to be considered to compute the most likely tax amount or the expected value of tax treatment when determining taxable profits(tax loss), tax bases, unused tax losses, unused tax credits and tax rates

1.23.05 IND AS 12- Income Taxes – Amendment- On March 30, 2019 Ministry of Corporate Affairs issued amendments to the guidance in IND AS 12, "Income Taxes", in connection with accounting of dividend distribution tax.

1.23.06 The amendment clarifies that an entity shall recognizes the income taxes consequences of dividend in profit or loss, other comprehensive income or equity according to where the entity originally recognized those past transactions or events.

The guarantees given to related party is made in the ordinary course of business and on terms at arm's length price. The commission on such guarantees have been recovered at arm length price as per safe harbour rules of Income Tax Act.

39. FLUCTUATION IN LONG TERM FOREIGN CURRENCY MONETARY ITEMS

The Company has exercised the option available to it under Rule 46A of the Companies (Accounting Standards) (Second Amendment) Rules, 2011 in respect of accounting for fluctuations in foreign exchange relating to "Long Term Foreign Currency Monetary Items". Accordingly, it has adjusted a loss/(gain) of ₹21.09 lacs (Previous year Gain ₹(14.58 lacs)) during the period to the cost of its fixed assets on account of such difference arising during the current period and has provided for depreciation thereon over the balance useful life of the respective assets. Consequently, the charge to the Statement of Profit and Loss is effected to that extent. This loss/(gain) is on External Commercial Borrowing which was fully repaid in July 2018.

40. LEASES

The company has taken certain vehicles under non-cancelable operating lease arrangements. The future minimum lease payments in respect of such non-cancelable leases as at 31st March, 2019 are summarized below:

	₹ in Lacs

41. FINANCIAL RISK MANAGEMENT

The Company's financial risk management is an integral part of planning and executing its business strategies. The Company's financial risk management policy is planned, approved and reviewed by the Board of Directors. The Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS for the period ended 31st March, 2019

41.1 Interest Rate Risk

Interest rate risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of change of market interest rate

Interest Rate Sensitivity

The Following table demonstrate the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected. With all other variables held constant, the Company's profit before tax is affected through the impact on floating rate borrowings, as follows:

Particulars	₹ in Lacs	
	Impact on profit & Loss 31 March, 2019	Impact on profit & Loss 31 March, 2018
Interest Rate Increase by 50 basis point	(131.61)	(122.60)
Interest Rate decrease by 50 basis point	131.61	122.60

41.2 Market Risk

Market Risk is the risk of loss of future earnings, fair values or future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign exchange rates, equity prices and other market changes that affect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments including investments and deposits, foreign currency receivables, payables, and loans and borrowings.

The company manages market risk through the corporate finance department, which evaluates and exercises independent control over the entire process of market risk management. The corporate finance department recommends risk management objectives and policies, which are approved by Board of Directors. The activities of this department include management of cash resources, implementing hedging strategies for foreign currency exposures, borrowing strategies, and ensuring compliance with market risk limits and policies.

41.3 Foreign Currency Risk

The Company operates internationally and portion of the business is transacted in several currencies and consequently the Company is exposed to foreign exchange risk through its sales and services in overseas and purchases from overseas suppliers in various foreign currencies. Foreign currency exchange rate exposure is partly balanced by purchasing of goods, commodities and services in the respective currencies. The Company evaluates exchange rate exposure arising from foreign currency transactions and the Company follows established risk management policies, including the use of derivatives like foreign currency forward contracts to hedge exposure to foreign currency risk.

Hedged Foreign Currency Exposures:

Particulars	₹ in Lacs	
	March 31, 2019	March 31, 2018
Purchase (Hedging of Trade Payables)	2,773.31	3,753.94

Unhedged Foreign Currency Exposures:

Particulars	₹ in Lacs	
	March 31, 2019	March 31, 2018
Foreign Currency Term Loans	-	679.26
Trade Payables	3363.00	2830.34
Advance to Vendors	615.71	684.68
Trade Receivables	7770.47	8100.87
Advance from Customers	19.34	-

41.4 Credit Risk

Credit Risk arises from the possibility that counter party may not be able to settle their obligations as agreed. To manage this, the Company periodically assesses the financial reliability of customers, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of accounts receivable. Individual risk limits are set accordingly.

The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period. To assess whether there

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS for the period ended 31st March, 2019

is a significant increase in credit risk the company compares the risk of default occurring on the asset as at the reporting date with the risk of default as at the date of initial recognition. Trade Receivables are impaired using the Life time Expected Credit Losses (ECL) Model. The company uses a provision matrix to determine the impairment loss allowance based on its historically observed default rates over expected life of trade receivables and is adjusted for forward looking estimates.

Financial Assets are written off when there is no reasonable expectation of recovery, such as a debtor failing to engage in a repayment plan with the Company. The company categorises a loan or receivable for write off when a debtor fails to make contractual payments in normal course of business. Where loans or receivables have been written off, the Company continues to engage in enforcement activity to attempt to recover the receivable due. Where recoveries are made, these are recognised in statement of profit and loss.

Financial assets where Life time Expected Credit Losses (ECL) is used:

	₹ in Lacs	
	31 March, 2019	31 March, 2018
Trade Receivables	18407.72	18014.22
Less : Expected Credit Loss	745.43	959.32
Trade Receivables	17662.29	17054.90

41.5 Liquidity Risk

Liquidity Risk is the risk that the Company will not be able to settle or meet its obligations on time or at reasonable price. The Company's corporate finance department is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related to such risks are reviewed by the Board of Directors. Management monitors the Company's net liquidity position through rolling forecasts on the basis of expected cash flows.

Financial Liabilities as reported in the Balance Sheet are segregated into current and non-current. Non-current financial liabilities have a maturity period of more than one year, whereas the current financial liabilities have maturities within one year.

41.6 Capital Management

For the purposes of Company's Capital management, capital includes issued capital and all other equity reserves. The primary objective of the Company's Capital management is to maximise shareholder value. The company manages its capital structure and makes adjustments in the light of changes in economic environment and the requirements of the financial covenants. The company monitors capital using gearing ratio, which is total debt divided by total capital plus debt.

	₹ in Lacs	
	31 March, 2019	31 March, 2018
Total Debt	26970.87	25169.39
Total Equity	42841.21	35613.30
Capital and Net Debt	69812.08	60782.69
Gearing Ratio	38.63%	41.41%

42. ACCOUNTING CLASSIFICATIONS AND FAIR VALUES

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidated sale.

The following methods and assumptions were used to estimate the fair values:

Fair value of cash and short term deposits, trade and other short term receivables, trade payables, other current liabilities, working capital loans from banks approximate their carrying amounts largely due to the short term maturities of these instruments.

Financial instruments other than above are carried at amortised cost except certain assets which are carried at fair value.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS for the period ended 31st March, 2019

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1 : Quoted prices in active markets for identical assets or liabilities

Level 2 : Other techniques for which all inputs which have a significant effect on the recorded fair value are observable.

Level 3 : Techniques using inputs having significant effect on the recorded fair value that are not based on observable market data.
