MANAGEMENT DISCUSSION & ANALYSIS

Surana Telecom and Power Limited was incorporated as a Private Limited Company on 14.08.1989 as Surana Petro Products Private Limited and was engaged in the business of manufacturing of Petro Products such as Petroleum Jelly and Telecom products such as Jointing Kits. Thereafter, the Company was converted into a Public Limited Company on 09.07.1993. In 1994, the Company ventured into the Telecom sector with the production of Optic Fibre Cables and consequently, name of the Company was changed to Surana Telecom Limited on 05.08.1994. In 2007 the Company diversified into the power sector with the manufacturing of low tension and high tension power cables and setting up of 1.25MW wind power generation facility. In order to reflect the diversity, the name of the Company was again changed to "Surana Telecom and Power Limited" on 11.10.2007. In 2008, taking cue from the increasing recognition for non-conventional energy and anticipating demand primarily in the field of Solar Photovoltaic cells, the company ventured into manufacturing of Solar Modules and other Solar photovoltaic products.

During the year 2009-2010, a Scheme of arrangement was entered by the Company with M/s Surana Ventures Limited which was sanctioned by Hon'ble High Court of Andhra Pradesh on 28.06.2010 and became effective from 28.07.2010, pursuant to which the "Solar Undertaking" was merged with M/s Surana Ventures Limited (the name has been changed to Surana Solar Ltd). The Company is into the business of generation of solar energy. In the year 2011-12, the Company had set up 5MW Solar Power Project in Gujarat, with this it has successfully ventured into Solar Power Generation. Currently, the total installed and under execution capacity is 23MW in the Company and through its subsidiaries in the states of Gujarat, Uttar Pradesh and Telangana. The Company has wind power with installed capacity of 1.25MW in the state of Karnataka.

1. SOLAR ENERGY:

- a) **Industry Structure and Developments:** Solar power in India is a fast developing industry as part of the renewable energy in India. With about 300 clear and sunny days in a year, the calculated solar energy incidence on India's land area is about 5000 trillion kilowatt-hours (kWh) per year. Renewable sector has shown remarkable resilience in the face of multiple challenges. But it is important to acknowledge that the record high numbers in FY2022 came mainly because of COVID spillover effect from the previous year. India added 13,549MW of renewable energy capacity in 2021-22, which is 128 per cent higher than that in 2020-21. This included 12,438MW of solar (10,217MW of utility-scale and 2,221 of MW rooftop) and 1,111MW of wind. The record addition was mainly due to the completion of projects delayed from the previous year. Rajasthan (5,806MW) and Gujarat (2,469MW) together accounted for 61% of the total RE

capacity addition. The nation now has 96.2 GW of cumulative installed renewable capacity, excluding small hydro and biomass. The record installation in 2021-22 was mainly due to the completion of projects delayed from the previous year, even as the sector faced challenges like rising input costs, delay in imported module shipments, and an environmental directive from the Supreme Court on transmission lines in most of Gujarat and Rajasthan.

- b) **Business Outlook:** Solar power in India at current levels is already cheaper than electricity generated through coal, natural gas or other fossil fuel options. Support from various central and states government for solar power industry is continuously increasing. The Government of India has set an ambitious target of achieving 175GW of renewable energy capacity by 2022 which includes 100GW of solar power and 60GW of wind power. With this the market players in India now have enough incentive to move to clean sources of energy. In view of the huge demand for solar power and company having considerable market in this line of activity, the company expects to benefits by the same.

2. WIND POWER:

- a) **Industry Structure and Developments:** India added 1.45GW of wind capacity in 2021, a 30% year-over-year (YoY) increase compared to 1.11GW installed in the previous year, according to the recent data released by the Ministry of New and Renewable Energy. India had over 40GW of installed wind capacity at the end of 2021. However, capacity additions declined 58% YoY in the fourth quarter (Q4) of 2021 with 212MW, compared to 500MW in 2020. Quarter-over-quarter, installations fell by 45% compared to 384MW installed in Q3 2021.

According to the recently published Global Wind Energy Council's (GWEC) report, India has set a target of 140GW of installed wind capacity by 2030. As of 2021, the country has achieved 28% of the target. The report notes that the wind industry was mostly affected by the Covid-19 pandemic causing difficulties in supply chain logistics, import of raw materials, and movement between states for workers. The government has, over the period, taken steps towards unlocking the potential of the wind sector, with interstate transmission systems (ISTS) set up, bundling with other renewable energy sources, and state-level wind energy policies. In recent times, NTPC Renewable Energy invited bids for the development package of the interstate transmission system-connected wind energy projects up to the capacity of 720MW. The projects can be developed anywhere in India.

b) **Outlook:** The Government is committed to increased use of clean energy sources and is already undertaking various large-scale sustainable power projects and promoting green energy heavily with a target to reduce the emissions intensity of GDP by 33% - 35% below the 2005 levels and increase share of non-fossil fuel in total capacity to 40% by 2030. The Ministry of New and Renewable Energy (MNRE) has set an ambitious target to set up renewable energy capacities to the tune of 175GW by 2022, of which about 100GW is planned for solar, 60GW for wind and other for hydro and bio among other. The outlook remains same.

3. RISKS AND CONCERNS:

Your company being in the business of generation of solar and wind energy have risks with land acquisition, tariff bidding, government policies etc. The Company has sufficient risk management policies in place that act as an effective tool in minimising the various risks that the businesses are exposed to during the course of their day-to-day operations as well as in their strategic actions.

4. INTERNAL CONTROL SYSTEM AND ITS ADEQUACY:

The Company has adequate Internal Control Systems and Procedures with regard to purchase of Stores, Raw Materials including Components, Plant and Machinery, equipment, sale of goods and other assets. The company has clearly defined roles and responsibilities for all managerial positions and all operating parameters are monitored and controlled. The Company designs and maintains accounting and internal control systems to provide reasonable assurance at reasonable cost that assets are safeguarded against loss from unauthorized use or disposition, and that the financial records are reliable for preparing financial statements and maintaining accountability for assets.

The company has an Internal Audit System commensurate with its size and nature of business. M/s Sekhar & Co., a firm of Chartered Accountants, are acting as Internal Auditors of the Company. Periodic reports of Internal Auditors are reviewed in the meeting of the Audit Committee of the Board. Compliance with laws and regulations is also ensured and confirmed by the Internal Auditors of the company. Standard operating procedures and guidelines are issued from time to time to support best practices for internal control.

REPORT ON CORPORATE GOVERNANCE

1. COMPANY'S PHILOSOPHY ON CORPORATE GOVERNANCE:

Commitment to good corporate governance practices serves as the foundation for long term success of Surana Telecom and Power Limited ('STPL' or 'the Company'). STPL views corporate governance more as way of business life than a mere legal obligation. Corporate Governance has been the hallmark of the Company's identity long before the term became a part of the corporate lexicon. Integrity, transparency, fairness, accountability and compliance with the law are embedded in the Company's business practices, ensuring ethical and responsible leadership at the Board as well as at the Management level. Your Company strongly believes that the solid Corporate Governance practices, which have evolved from the dynamic culture and positive thought processes, have been key enablers in infusing stakeholders' trust and confidence, attracting and retaining financial and human capital, and in meeting societal aspirations. The Company has rigorously abided by the core principles of Corporate Governance, which have been the bedrock of its two-fold governance, with the Board of Directors and the Committees of the Board at the apex level and the management structure at the operational level. The Board and its Committees guide, support and complement the management team, which in turn assumes accountability and endeavours to achieve the set objectives and enhances stakeholder value.

2. BOARD OF DIRECTORS:

a) Composition and Category of Directors:

The Board of Directors is entrusted with the ultimate responsibility of the management, general affairs, direction and performance of the Company and has been vested with requisite powers, authorities and duties.

In terms of compliance with Regulation 17 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, "SEBI Listing Regulations", the Company endeavors to have an optimum combination of Executive and Non-Executive Directors to maintain the independence of the Board and separate the functions of Governance and Management through Board and Committees.

1. The Corporate Governance Report prepared by Surana Telecom and Power Limited (hereinafter the "Company"), contains details as required by the provisions of Chapter IV of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended ("the Listing Regulations") ('Applicable Criteria') with respect to Corporate Governance for the year ended 31st March, 2022. This report is required by the Company for annual submission to the Stock Exchange and to be sent to the Shareholders of the Company.

MANAGEMENT'S RESPONSIBILITY

2. The preparation of the Corporate Governance Report is the responsibility of the management of the Company including the preparation and maintenance of all relevant supporting records and documents. This responsibility also includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the Corporate Governance Report.
3. The management along with the Board of Directors of the Company are also responsible for ensuring that the company complies with the conditions of Corporate Governance as stipulated in the Listing Regulations, issued by the Securities and Exchange Board of India.

AUDITORS' RESPONSIBILITY

4. Pursuant to the requirements of the Listing Regulations, our responsibility is to express a reasonable assurance in the form of an opinion whether the Company has complied with the specific requirements of the Listing Regulations referred to in paragraph 3 above.
5. We conducted our examination of the Corporate Governance Report in accordance with the Guidance Note on Reports or Certificates for Special Purposes (Revised) and the Guidance Note on Certification of Corporate Governance, both issued by the Institute of Chartered Accountants of India ("ICAI"). The Guidance Note on Reports or Certificates for Special Purposes (Revised) requires that we comply with the ethical requirements of the Code of Ethics issued by the Institute of Chartered Accountants of India.
6. We have complied with the relevant applicable requirements of the Standard on quality Control (SQC) 1, Quality Control for firms that perform Audits and Reviews of Historical Financial Information, and Other Assurance and Related Services Engagements.
7. The procedures selected depend on the auditor's judgement, including the assessment of the risks associated in compliance of the Governance Report with the applicable criteria. The procedures include, but not limited to, verification of secretarial records and financial information of the Company and obtained necessary representations and declarations from directors including independent directors of the Company.
8. The procedures also include examining evidence supporting the particulars in the Corporate Governance Report on attest basis. Further, our scope of work under this report did not involve us performing audit tests for the purposes of expressing an opinion on the fairness or accuracy of any of the financial information or the financial statements of the Company taken as a whole.

OPINION

9. Based on the procedures performed by us as referred in paragraph 7 and 8 above and according to the information and explanations given to us, we are of the opinion that the Company has complied with the conditions of Corporate Governance as stipulated in the Listing Regulations, as applicable for the year ended 31st March, 2022, referred to in paragraph 1 above.

OTHER MATTERS AND RESTRICTION ON USE

10. This Certificate is neither an assurance as to the future viability of the company nor the efficiency or effectiveness with which the management has conducted the affairs of the Company.

This Certificate is addressed to and provided to the members of the Company solely for the Purpose of enabling it to comply with its obligations under the Listing Regulations and should not be used by any other person or for any other purpose. Accordingly, we do not accept or assume any liability or any duty of care or for any other purpose or to any other party to whom it is shown or into whose hands it may come without our prior consent in writing. We have no responsibility to update this Certificate for events and circumstances occurring after the date of this certificate.

INDEPENDENT AUDITOR'S REPORT

To
The Members of
M/S SURANA TELECOM AND POWER LIMITED

Report on the Audit of Standalone Financial Statements

Opinion

We have audited the accompanying Standalone financial statements of **SURANA TELECOM AND POWER LIMITED** ("the Company"), which comprise the Balance Sheet as at 31st March, 2022, the Statement of Profit and Loss including the statement of Other Comprehensive Income, the Cash Flow Statement and the statement of change in Equity for the year then ended and notes to the standalone financial statements, including the summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, and its *profit*, total comprehensive income (comprising of profit and other comprehensive income) its cash flows and changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing ("SA") specified under section 143(10) of the Act. Our responsibilities under those standards are further described in the Auditor's Responsibility for the Audit of the Standalone Financial Statements section of our report. We are independent of the company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our Audit of the Standalone Financial Statements under the provision of the Act and the Rules made there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of Standalone Financial Statements of the current period. These matters were addressed in the context of our audit of the Standalone Financial Statements as a whole and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters below to be the key audit matters to be communicated in our report.

We have determined that there are no other key matters to communicate in our reports.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including annexure to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Management Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 and the companies (Indian Accounting Standards) Rule, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of Standalone Financial Statements.

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

- 1) As required by the Companies (Auditor's Report) Order, 2022 (the "Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure B" statement on the matters Specified in paragraphs 3 and 4 of the Order.
- 2) As required by section 143(3) of the Act, based on our audit we report that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c. The Balance Sheet, the statement of Profit and Loss including the statement of Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.
 - d. In our opinion, the aforesaid financial statements comply with the Ind AS specified under section 133 of the Act.
 - e. On the basis of written representations received from the directors as on March 31, 2022 taken

on record by the Board of Directors, none of the directors is disqualified as on March 31, 2022 from being appointed as a director in terms of Section 164(2) of the Act.

- f. With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.

- g. With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration has been paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

- h. With respect to other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

- (i) The Company does not have any pending litigations which would impact its financial position.
- (ii) The Company did not have any long-term contracts including derivative contracts; as such the question of commenting on any material foreseeable losses thereon does not arise.
- (iii) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund.
- (iv) a) The Management of the company have represented to us, to the best of their knowledge and belief, no funds have been advanced or loaned or invested (either from the borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity including foreign entity ("Intermediaries"), with

the understanding, whether recorded in writing or otherwise, that the Intermediary shall directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate beneficiaries;

- b) The Management of the Company have represented to us, to the best of the knowledge and belief, no funds have been received by the company from any person or entity, including foreign entity ("Funding parties") with the understanding, whether recorded in writing or otherwise, that the Company shall directly or indirectly, lend or invest in other persons or entities identified in any manner what's the whatsoever by or on behalf of the funding party ("Ultimate beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
- c) Based on audit procedures that have been considered reasonable and appropriate in the circumstances performed by us on the Company, nothing has come to our notice that has caused us to believe that the representations are under sub clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement

ANNEXURE “A “TO THE INDEPENDENT AUDITOR’S REPORT

(Referred to in paragraph 1(f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report to the Members of SURANA TELECOM AND POWER LIMITED of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls with reference to Standalone Financial Statements of **SURANA TELECOM AND POWER LIMITED** (“the Company”) as of 31 March, 2022 in conjunction with our audit of the Standalone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (‘ICAI’). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company’s assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2022, based on the criteria for internal financial control over financial reporting established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

‘ANNEXURE ‘B’ TO THE INDEPENDENT AUDITOR’S REPORT

(Referred to in paragraph 2 under ‘Report on Other Legal and Regulatory Requirements’ section of our report to the Members of SURANA TELECOM AND POWER LIMITED of even date)

To the best of our information and according to the explanations provided to us by the company and the books of account and records examined by us in the normal course of audit, we state that:

- (i) In respect of the company’s Property, Plant and Equipment and intangible assets-
- a) A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.
 - B) The Company has not capitalized any intangible assets in the books of the Company and accordingly, the requirement to report on clause 3(i) (a) (B) of the Order is not applicable to the Company.
 - b) As explained to us, Property, Plant and Equipment have been physically verified by the management at reasonable intervals. According to the information and explanation given to us by the management, no material discrepancies have been noticed on such verification.
 - c) According to the information and explanations given to us and on the basis of our examination of the records of the company, the title deeds of immovable properties (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee) included in Property, Plant and Equipment are held in the name of company.
 - d) The Company has not revalued any of its Property, Plant and Equipment (including right of use assets) and intangible assets during the year ended March 31, 2022.
 - a) As explained to us, no proceedings have been initiated during the year or are pending against the Company as at March 31, 2022 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.
- (ii) (a) As explained to us, the inventory has been physically verified by the management during the year. In our opinion, the frequency of verification by the management is reasonable and the coverage and procedure for such verification is appropriate and discrepancies of 10% or more in aggregate for each class of inventory were not noticed in respect of such verification.
- (b) As disclosed in notes to the standalone financial statements, the Company has been sanctioned

working capital limits in excess of ₹ five crores in aggregate from banks during the year on the basis of security of current assets of the Company. The quarterly statements filed by the Company with such banks are in agreement with the books of accounts of the Company. The Company does not have any working capital limits sanctioned from financial institutions.

- (iii) During the year, the company had granted unsecured loan to six parties as covered in the register maintained under section 189 of the Companies Act, 2013, in respect of which:
- a) The Balance outstanding at the balance sheet date with respect to such loan is ₹ 4719.88 lacs.
 - b) In our opinion, the investments made and the terms and conditions of the grant of loans, during the year, prima facie, not prejudicial to the Company’s interest.
 - c) In respect of loans granted by the Company, the schedule of repayment of principal and payment of interest has not been stipulated in the agreement. Hence, we are unable to make a specific comment on the regularity of repayment of principal and payment of interest in respect of such loan.
 - d) There are no overdue amounts in respect of the loan granted to a body corporate listed in the register maintained under section 189 of the Act.
 - e) No loan granted by the Company which has fallen due during the year, has been renewed or extended or fresh loans granted to settle the over dues of existing loans given to the same parties.
 - a) As disclosed in notes to the standalone financial statements, the Company granted unsecured loan to four subsidiaries and two associate companies which is either repayable on demand or without specifying any terms or period of repayment. Following is the detail of the aggregate amount of loans or advances in the nature of loans granted to promoters or related parties as defined in clause (76) of section 2 of the Companies Act, 2013:

Aggregate amount of loan to subsidiaries - Repayable on demand	Percentage of loan granted to the total loans
₹ 2244.94 lacs	48
Aggregate amount of loan to associates- Repayable on demand	
₹ 2474.94 lacs	52

- (iv) In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of section 185 and 186 of the Act, with respect to the loans and investments made.

- (v) In our opinion and according to the information and explanations given to us, the Company has neither accepted any deposits from the public nor accepted any amounts which are deemed to be deposits within the meaning of sections 73 to 76 of the Companies Act and the rules made thereunder, to the extent applicable. Accordingly, the requirement to report on clause 3 (v) of the Order are not applicable to the Company.
- (vi) We have broadly reviewed the cost records maintained by the company prescribed by the Central Government of India under section 148(1) of the Act and are of the opinion that prima facie the prescribed accounts and records have been maintained. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.
- (vii) According to the information and explanations given to us, in respect of statutory dues:
- According to the information and explanations given to us and based on the records of the company examined by us, the company is generally regular in depositing the undisputed statutory dues, including Provident Fund, , Employees' State Insurance, Income-tax, Sales-tax, Wealth Tax, Service Tax, Custom Duty, Excise Duty and other statutory dues, as applicable, with the appropriate authorities in India;
 - According to the information and explanations given to us and based on the records of the company examined by us, no undisputed amounts payable in respect of Provident Fund, Income Tax, Sales Tax, Wealth Tax and other material statutory dues for a period of more than six months from the date they become payable, except the following disputed statutory liabilities have not been deposited in view of pending Appeals.

Name of Statute	Nature of dues	(Amount involved in dispute /Amount not paid)	Period to which it relates	Forum where dispute is pending
Central Excise Act, 1944,	Excise Duty	22,74,049/-	2013	CESTAT Hyderabad III

- (viii) According to the records of the company examined by us and as per the information and explanation given to us, there were no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961).
- (ix) (a) According to the records of the company examined by us and as per the information and explanations given to us, the company has not defaulted in repayment of loans or other borrowings or in the payment of interest thereon to any financial institution or banks or lender.
- (b) According to the records of the company examined by us and as per the information and explanations given to us, The Company has not been declared willful defaulter by any bank or financial institution or government or any government authority.
- (c) According to the records of the company examined by us and as per the information and explanations given to us, the term loans were applied for the purpose for which the loans were obtained.
- (d) According to the records of the company examined by us and as per the information and explanations given to us, on an overall examination of the financial statements of the Company, no funds raised on short-term basis have been used for long-term purposes by the Company.
- (e) According to the records of the company examined by us and as per the information and explanations given to us, on an overall examination of the financial statements of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries or associate companies.
- (f) According to the records of the company examined by us and as per the information and explanations given to us, the Company has not raised loans during the year on the pledge of securities held in its subsidiaries or associate companies. Hence, the requirement to report on clause (ix) (f) of the Order is not applicable to the Company.
- (x) (a) According to the information and explanations given to us and based on our examination of the records of the company, the Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) during the year and hence reporting under clause 3(x) (a) of the Order is not applicable.
- (b) According to the information and explanations given to us and based on our examination of the records of the company, during the year, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) during the year under audit and hence reporting under clause 3(x) (b) of the Order is not applicable.
- (xi) (a) According to the information and explanations given to us, no material fraud by the Company or on the Company by its officers or employees has been noticed or reported during the course of our audit.
- (b) According to the information and explanations given to us, during the year and upto the date of this audit report, no report under sub-section (12) of section 143 of the Companies Act, 2013 has been filed by the secretarial auditor or by us in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government.

- (c) According to the information and explanations given to us, during the year there are no whistle blower complaints received by the company during the year.
- (xii) The Company is not a Nidhi Company and hence reporting under clause (xii) of the Order is not applicable.
- (xiii) According to the information and explanations given to us and based on our examination of the records of the company, transactions with the related parties, are in compliance with Section 177 and 188 of the Companies Act, 2013, where applicable and details of such transactions have been disclosed in the Financial Statements as required by the applicable accounting standards.
- (xiv) (a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.
- (b) We have considered the internal audit reports for the year under audit, issued to the Company during the year and till date, in determining the nature, timing and extent of our audit procedures.
- (xv) In our opinion during the year the Company has not entered into any non-cash transactions with its directors or persons connected with its directors. Hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.
- (xvi) (a) In our opinion, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause 3(xvi) (a), (b) and (c) of the Order is not applicable.
- (b) According to the information and explanations given to us and based on our examination of the records of the company, the Company has not conducted any Non-Banking Financial or Housing Finance activities without obtained a valid Certificate of Registration (CoR) from the Reserve Bank of India as per the Reserve Bank of India Act, 1934.
- (c) According to the information and explanations given to us and based on our examination of the records of the company, the Company is not a Core Investment Company as defined in the regulations made by Reserve Bank of India. Accordingly, the requirement to report on clause 3(xvi) (c) of the Order is not applicable to the Company.
- (d) In our opinion, there is no core investment company within the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) and accordingly reporting under clause 3(xvi) (d) of the Order is not applicable.
- (xvii) In our opinion, there is no cash loss in the financial year and in the immediately preceding financial year.
- (xviii) There has been no resignation of the statutory auditors of the Company during the year.
- (xix) On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- (xx) According to the information and explanations given to us and based on our examination of the records of the company, there are no unspent amounts that are required to be transferred to a fund specified in Schedule VII to the companies Act (the Act), in compliance with second proviso to sub section 5 of section 135 of the Act. Accordingly reporting under clause 3(xx) (a) and (b) of the Order is not applicable.

SIGNIFICANT ACCOUNTING POLICIES AND KEY ACCOUNTING ESTIMATES AND JUDGEMENTS

1. Corporate Information

Surana Telecom and Power Limited ("the Company") is a Public Limited Company registered under the Companies Act, 1956. It is listed on the Bombay Stock Exchange (BSE) and the National Stock Exchange (NSE). It was incorporated on 14.08.1989 having its registered office at 5th Floor, Surya Towers, Sardar Patel Road, Secunderabad, Telangana- 500003. The Company is into the business of manufacturing/Trading of Solar related Products, Generation of Solar Power and Wind Power.

2. Basis of preparation

The financial statements are separate financial statements prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time). For all periods up to and including the year ended March 31, 2022, the Company prepared its financial statements in accordance with accounting standards notified under the section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules, 2014 (Indian GAAP). These financial statements have been prepared and presented under the historical cost convention, on the accrual basis of accounting except for certain financial assets and financial liabilities that are measured at fair values at the end of each reporting period, as stated in the accounting policies set out below. The accounting policies have been applied consistently over all the periods presented in these financial statements

3. Use of estimates and judgments:

The preparation of the financial statements in conformity with Ind AS requires the management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements

4. Significant Accounting Policies:

(a) Revenue Recognition

Revenue is recognized and measured at the fair value of the consideration received or receivable, to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

Other income:

Other income is comprised primarily of interest income, dividend income, gain / loss on investments and exchange gain/loss on forward and options contracts and on translation of other assets and liabilities. Interest income is

recognized using the effective interest method. Dividend income is recognized when the right to receive payment is established.

(b) Property, Plant and Equipment

Property, plant and equipment are stated at cost of acquisition or construction net of accumulated depreciation and impairment loss (if any). All significant costs relating to the acquisition and installation of property, plant and equipment are capitalized. Such cost includes the cost of replacing part of the property, plant and equipment and borrowing costs for long-term construction projects if the recognition criteria are met. When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognized in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognized in statement of profit and loss as incurred. The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognized. The identified components are depreciated over their useful lives, the remaining asset is depreciated over the life of the principal asset.

Depreciation for identified components is computed on straight line method based on useful lives, determined based on internal technical evaluation. Freehold land is carried at cost.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

(c) Investment Properties

Property that is held for long-term rental yields or for capital appreciation or both is classified as investment property. Investment Property is measured at its cost, including related transaction costs and where applicable borrowing costs. Subsequent expenditure is capitalised to the asset's carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to the company and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed when incurred. When part of an investment property is replaced, the carrying amount of the replaced part is derecognized. Investment Properties are depreciated using the straight-line method as per the provisions of Schedule II of the Companies Act, 2013 or based on useful life estimated on the technical assessment.

(d) Intangible Assets

Intangible assets are recognised when it is probable that the future economic benefits that are attributable to the asset will flow to the enterprise and the cost of the asset can be measured reliably.

(e) Depreciation and amortization:

Depreciation is provided on the straight-line method over the useful lives as prescribed under Part C of Schedule II of the Companies Act 2013. Depreciation for assets purchased/sold during a period is proportionately charged.

(f) Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is: -

- Expected to be realised or intended to be sold or consumed in normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period
- All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.
- The Company classifies all other liabilities as non-current.

(g) Financial assets

Financial assets comprise of cash and cash equivalents.

Initial recognition:

All financial assets are recognised initially at fair value. Purchases or sales of financial asset that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the company commits to purchase or sell the assets.

Subsequent Measurement:

- (i) Financial assets measured at amortised cost: Financial assets held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and the contractual terms of the financial assets give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding are measured at amortised cost using effective interest rate (EIR) method.

The EIR amortization is recognised as finance income in the Statement of Profit and Loss.

The Company while applying above criteria has classified the following at amortised cost:

- a) Trade receivable
- b) Cash and cash equivalents
- c) Other Financial Asset

Impairment of Financial Assets:

Financial assets are tested for impairment based on the expected credit losses.

De-recognition of Financial Assets:

A financial asset is primarily de-recognised when the rights to receive cash flows from the asset have expired or the Company has transferred its rights to receive cash flows from the asset.

(h) Impairment of Non-Financial Assets

At each reporting date, the Company assesses whether there is any indication that an asset may be impaired. Where an indicator of impairment exists, the company makes a formal estimate of recoverable amount. Where the carrying amount of an asset exceeds its recoverable amount the asset is considered impaired and is written down to its recoverable amount.

Recoverable amount is the greater of fair value less costs to sell and value in use. It is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets, in which case, the recoverable amount is determined for the cash generating unit to which the asset belongs.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

(i) Cash and Cash equivalents

Cash and cash equivalents comprise cash at bank and in hand and short-term investments with an original maturity of three months or less. Deposits with banks are subsequently measured at amortized cost and short term investments are measured at fair value through statement of profit & loss account.

(j) Financial liabilities**Initial recognition and measurement:**

All financial liabilities are recognised initially at fair value and transaction cost that is attributable to the acquisition of the financial liabilities is also adjusted. These liabilities are classified as amortised cost. A preference share that provides for mandatory redemption by the issuer for a fixed or determinable amount at a fixed or determinable future date, or gives the holder the right to require the issuer to redeem the instrument at or after a particular date for a fixed or determinable amount, is a financial liability.

Subsequent measurement:

These liabilities include are borrowings and deposits. Subsequent to initial recognition, these liabilities are measured at amortised cost using the effective interest method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss. This category generally applies to borrowings.

De-recognition of financial liabilities:

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

(k) Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective asset. All other borrowing costs are expensed in the period they occur. Borrowing costs consist of interest, exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost and other costs that an entity incurs in connection with the borrowing of funds. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization.

(l) Employee Benefits

Employee benefits are charged to the Statement of Profit and Loss for the year.

Provident Fund

Retirement benefits in the form of Provident Fund are defined contribution scheme and such contributions are recognised, when the contributions to the respective funds are due. There are no other obligation other than the contribution payable to the respective funds.

Gratuity

The Company has not created any gratuity fund. However adequate provisions have been made in the accounts for gratuity liability. The benefit vests upon completion of five years of continuous service and once vested it is payable to employees on retirement or on termination of employment. In case of death while in service, the gratuity is payable irrespective of vesting.

Compensated absences

Liability in respect of compensated absences becoming due or expected to be availed within one

year from the balance sheet date is recognised on the basis of undiscounted value of estimated amount required to be paid or estimated value of benefit expected to be availed by the employees.

Short-term employee benefits

Expense in respect of other short term benefits is recognised on the basis of the amount paid or payable for the period during which services are rendered by the employee.

(m) Income Taxes

Income tax expense is comprised of current and deferred taxes. Current and deferred tax is recognized in net income Current income taxes for the current period, including any adjustments to tax payable in respect of previous years, are recognized and measured at the amount expected to be recovered from or payable to the taxation authorities based on the tax rates that are enacted or substantively enacted by the end of the reporting period.

Deferred income tax

Deferred income tax assets and liabilities are recognized for temporary differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax base using the tax rates that are expected to apply in the period in which the deferred tax asset or liability is expected to settle, based on the laws that have been enacted or substantively enacted by the end of reporting period. Deferred tax assets and liabilities are not recognized if the temporary difference arises from goodwill or from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the taxable income nor the accounting income.

Minimum Alternative Tax (MAT)

MAT credit is recognised as an asset only when and to the extent there is convincing evidence that the company will pay normal income tax during the specified period. In the year in which the MAT credit becomes eligible to be recognized as an asset in accordance with the recommendations contained in Guidance Note issued by the Institute of Chartered Accountants of India, the said asset is created by way of a credit to the statement of profit and loss and shown as MAT Credit Entitlement. The company reviews the same at each balance sheet date and writes down the carrying amount of MAT Credit Entitlement to the extent there is no longer convincing evidence to the effect that company will pay normal Income Tax during the specified period.

(n) Leases
As a lessee

Leases of property, plant and equipment where the company, as lessee, has substantially all the risks and rewards of ownership are classified as finance leases. Finance leases are capitalised at the lease's inception at the fair value of the leased property or, if lower, the present value of the minimum lease payments. The corresponding rental obligations, net of finance charges, are

included in borrowings or other financial liabilities as appropriate. Each lease payment is allocated between the liability and finance cost. The finance cost is charged to the profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

Leases in which a significant portion of the risks and rewards of ownership are not transferred to the company as lessee are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessor) are charged to profit or loss on a straight-line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

As a lessor

Lease income from operating leases where the company is a lessor is recognised in income on a straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases. The respective leased assets are included in the balance sheet based on their nature.

Lease-hold land:

Leasehold land that normally has a finite economic life and title which is not expected to pass to the lessee by the end of the lease term is treated as an operating lease. The payment made on entering into or acquiring a leasehold land is accounted for as leasehold land use rights (referred to as prepaid lease payments in Ind AS 17 "Leases") and is amortized over the lease term in accordance with the pattern of benefits provided.

(o) Provisions, contingent assets and contingent liabilities

Provisions are recognized only when there is a present obligation, as a result of past events, and when a reliable estimate of the amount of obligation can be made at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates. Provisions are discounted to their present values, where the time value of money is material.

Contingent liability is disclosed for:

- Possible obligations which will be confirmed only by future events not wholly within the control of the Company or
- Present obligations arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made.

Contingent assets are neither recognized nor disclosed. However, when realization of income is virtually certain, related asset is recognized.

(p) Fair value measurement

In determining the fair value of its financial instruments, the Company uses following hierarchy and assumptions that are based on market conditions and risks existing at each reporting date. Fair value hierarchy:

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1—Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2—Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3—Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

(q) Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders (after deducting preference dividends and attributable taxes) by the weighted average number of equity shares outstanding during the year. The weighted average number of equity shares outstanding during the year is adjusted for events of bonus issue. For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

(r) Cash dividend to equity holders of the Company

The Company recognises a liability to make cash distributions to equity holders of the Company when the distribution is authorised and the distribution is no longer at the discretion of the Company. Final dividends on shares are recorded as a liability on the date of approval by the shareholders and interim dividends are recorded as a liability on the date of declaration by the Company's Board of Directors.

40. Financial risk management objectives and policies

The Company's principal financial liabilities comprise loans and borrowings, trade and other payables. The main purpose of these financial liabilities is to finance and support Company's operations. The Company's principal financial assets include inventory, trade and other receivables, cash and cash equivalents and land advances and refundable deposits that derive directly from its operations. The Company is exposed to market risk, credit risk and liquidity risk.

A. Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises two types of risk: interest rate risk and other price risk, such as equity price risk and commodity/ real estate risk. Financial instruments affected by market risk include loans and borrowings and refundable deposits

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates. The Company manages its interest rate risk by having a balanced portfolio of fixed and variable rate loans and borrowings. The Company does not enter into any interest rate swaps.

B. Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including refundable joint development deposits, security deposits, loans to employees and other financial instruments.

Trade receivables

- i. Receivables resulting from sale of properties: Customer credit risk is managed by requiring customers to pay advances before transfer of ownership, therefore, substantially eliminating the Company's credit risk in this respect.
- ii. Receivables resulting from other than sale of properties: The firm has established credit limits for customers and monitors their balances on ongoing basis. Credit Appraisal is performed before leasing agreements are entered into with customers. The risk is also marginal due to customers placing significant amount of security deposits for lease and fit out rentals.

Financial Instrument and cash deposits

Credit risk from balances with banks and financial institutions is managed by the Company's Finance department in accordance with the Company's policy. Investments of surplus funds are reviewed and approved by the Company's Board of Directors on an annual basis. The Company's maximum exposure to credit risk for the components of the statement of financial position at 31 March 2022 and 2021 is the carrying amounts.

C. Liquidity risk

The Company's objective is to maintain a balance between continuity of funding and flexibility through the use of bank deposits and loans.

The table below summarizes the maturity profile of the Company's financial liabilities based on contractual undiscounted payments:

Borrowings	-	762.57	2,456.87	-	3,219.44
	-	762.57	2,456.87	-	3,219.44

41. Trade receivables:

The Company exposure to credit risk is influenced mainly by the individual characteristics of each customer. The demographics of the customer, including the default risk of the industry and country in which the customer operates, also has an influence on credit risk assessment. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business.

To assess whether there is a significant increase in credit risk the Company compares the risk of a default occurring on the asset as at the reporting date with the risk of default as at the date of initial recognition. It considers available reasonable and supportive forward-looking information. Especially the following indicators are incorporated:

- actual or expected significant adverse changes in business, financial or economic conditions that are expected to cause a significant change to the borrower's ability to meet its obligations.
- actual or expected significant changes in the operating results of the borrower
- significant changes in the expected performance and behavior of the borrower, including changes in the payment status of borrowers in the Company and changes in the operating results of the borrower.

Based on the above analysis, the Company does not expect any credit risk from its trade receivables for any of the years reported in this financial statements expect for the amounts disclosed as credit impaired in the below table.

42. Capital Management

For the purpose of the Company's capital management, capital includes issued equity capital, and all other equity reserves attributable to the equity holders of the Company. The primary objective of the Company's capital management is to maximize the shareholder value.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. The Company monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The Company includes within net debt, interest bearing loans and borrowings, trade and other payables, less cash and cash equivalents.

Independent Auditors' Report on Consolidated Financial Statements

To the Members of SURANA TELECOM AND POWER LIMITED

Report on Audit of Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated Financial Statements of **SURANA TELECOM AND POWER LIMITED** (herein after referred to as "The Holding Company") and four of its subsidiaries **SURANA SOLAR SYSTEMS PRIVATE LIMITED, TEJAS INDIA SOLAR ENERGY PRIVATE LIMITED, ARYAVAAAN RENEWABLE ENERGY PRIVATE LIMITED AND BHAGYANAGAR GREEN ENERGY PRIVATE LIMITED** (collectively referred to as "the Group"), comprising of the consolidated balance sheet as at 31 March 2022, the consolidated statement of profit and loss including other comprehensive income, the consolidated cash flow statement, the consolidated statement of change in Equity for the year then ended, and notes to the consolidated financial statements, including a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of other financial information of the subsidiary, the aforesaid consolidated Financial Statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group, as at 31 March 2022, and their consolidated profit including other comprehensive Income, their consolidated cash flows and consolidated statement of changes in equity for the year ended on that date.

Basis For Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibility under those standards are further described in the 'Auditor's Responsibility for the Audit of the Consolidated Financial Statements' section of our report. We are independent of the Group, in accordance with ethical requirement that are relevant to our audit of consolidated financial statements in India in terms of the Code of Ethics issued by the Institute of Chartered Accountants and are relevant provision of the Act and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

We have determined that there are no key audit matters to be communicated in our report.

Other Information

The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the annual report, but does not include the Consolidated financial statements and our auditor's report thereon.

Our opinion on the Consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Consolidated financial statements or our knowledge obtain in the audit or other wise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of the other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility and those charged with Governance for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation and presentation of these consolidated Financial Statements in terms of the requirements of the Companies Act, 2013 ("the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated statement of changes in equity of the Group in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Companies Act, 2013 (hereinafter referred to as "the Act") read with Rule 7 of the Companies (Accounts) Rules, 2014 the Companies (Indian Accounting Standards) Rules, 2015, as amended. The respective Board of Directors of the Companies included in Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated Financial Statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting unless management either intends to liquidate the company or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the group are responsible for overseeing the company's financial reporting process of the Group.

Auditors Responsibilities for the audit of Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the Consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Consolidated financial statements, including the disclosures, and whether the Consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the

matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by section 143(3) of the Act, we report, to the extent applicable that:
 - i. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of aforesaid consolidated financial statements.

Annexure - A to the Auditors' Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated Financial Statements of the Company as of and for the year ended 31 March 2022, we have audited the internal financial controls over financial reporting of **SURANA TELECOM AND POWER LIMITED** ("the Holding Company") and FOUR of its subsidiaries **SURANA SOLAR SYSTEMS PRIVATE LIMITED, TEJAS INDIA SOLAR ENERGY PRIVATE LIMITED, ARYAVAAAN RENEWABLE ENERGY PRIVATE LIMITED AND BHAGYANAGAR GREEN ENERGY PRIVATE LIMITED** (together referred to as "the Group"), which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The Respective Board of Directors of the Holding Company and its subsidiary companies, to whom reporting under clause (i) of sub section 3 of section 143 of the Act in respect of the adequacy of the internal financial controls over financial reporting is applicable, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by ICAI and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company and its subsidiary companies, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls

over financial reporting were operating effectively as at 31 March 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

SIGNIFICANT ACCOUNTING POLICIES AND KEY ACCOUNTING ESTIMATES AND JUDGEMENTS

1. Corporate Information

Surana Telecom and Power Limited (“the Company”) is a Public Limited Company registered under the Companies Act, 1956. It is listed on the Bombay Stock Exchange (BSE) and the National Stock Exchange (NSE). It was incorporated on 14.08.1989 having its registered office at 5th Floor, Surya Towers, Sardar Patel Road, Secunderabad, Telangana- 500 003. The Company is into the business of manufacturing/Trading of Solar related Products, Generation of Solar Power and Wind Power

2. Basis of preparation

The financial statements are separate financial statements prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time). For all periods up to and including the year ended March 31, 2022, the Company prepared its financial statements in accordance with accounting standards notified under the section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules, 2014 (Indian GAAP). These financial statements have been prepared and presented under the historical cost convention, on the accrual basis of accounting except for certain financial assets and financial liabilities that are measured at fair values at the end of each reporting period, as stated in the accounting policies set out below. The accounting policies have been applied consistently over all the periods presented in these financial statements.

3. Basis of Consolidation

The consolidated Ind AS financial statements comprise of the M/S Surana Telecom and Power Limited and its four subsidiary companies namely, M/S Surana Solar Systems Private Limited, M/s Aryavaan Renewable Energy Private Limited, M/s Tejas India Solar Energy Private Limited, M/s Bhagyanagar Green Energy Private Limited and it's associate company namely M/s Surana Solar Limited (collectively referred to as “the company” or “the Group”) as at March 31, 2022. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Specifically, the Group controls an investee if and only if the Group has:

Power over the investee (i.e. existing rights that give it the current ability to direct the relevant activities of the investee); Exposure, or rights, to variable returns from its involvement with the investee, and the ability to use its power over the investee to affect its returns.

Generally, there is a presumption that a majority of voting rights result in control. To support this presumption and when the Group has less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including: The contractual arrangement with the other vote holders of the investee; Rights arising from other contractual arrangements; The Group's voting rights and potential voting rights, and the size of the group's holding of voting rights relative to the size and dispersion of the holdings of the other voting rights holders.

The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated financial statements from the date the Group gains control until the date the Group ceases to control the subsidiary. Consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances. If a member of the group uses accounting policies other than those adopted in the consolidated financial statements for like transactions and events in similar circumstances, appropriate adjustments are made to that group member's financial statements in preparing the consolidated financial statements to ensure conformity with the group's accounting policies. The financial statements of all entities used for the purpose of consolidation are drawn up to same reporting date as that of the parent company, i.e., year ended on 31 March 2022.

Consolidation procedure:

- (a) Combine like items of assets, liabilities, equity, income, expenses and cash flows of the parent with those of its subsidiaries. For this purpose, income and expenses of the subsidiary are based on the amounts of the assets and liabilities recognised in the consolidated financial statements at the acquisition date.
- (b) Offset (eliminate) the carrying amount of the parent's investment in each subsidiary and the parent's portion of equity of each subsidiary. Business combinations policy explains how to account for any related goodwill.
- (c) Eliminate in full intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between entities of the group (profits or losses resulting from intragroup transactions that are recognized in assets, such as inventory and fixed assets, are eliminated in full). Intragroup losses may indicate an impairment that requires

recognition in the consolidated financial statements. Ind AS 12 Income Taxes applies to temporary differences that arise from the elimination of profits and losses resulting from intragroup transactions. A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction. If the Group loses control over a subsidiary, it: Derecognises the assets (including goodwill) and liabilities of the subsidiary; Derecognises the carrying amount of any non-controlling interests; Derecognises the cumulative translation differences recorded in equity; Recognises the fair value of the consideration received; Recognises the fair value of any investment retained; Recognises any surplus or deficit in profit or loss, and Reclassifies the parent's share of components previously recognised in OCI to profit or loss or retained earnings, as appropriate, as would be required if the Group had directly disposed of the related assets or liabilities.

4. Significant Accounting Policies:

1. Business combinations and goodwill

In accordance with Ind AS 101 provisions related to first time adoption, the Group has elected to apply Ind AS accounting for business combinations prospectively from April 1, 2016. As such, Indian GAAP balances relating to business combinations entered into before that date, including goodwill, have been carried forward with minimal adjustment. The same first time adoption exemption is also used for associates and joint ventures. Business combinations are accounted for using the acquisition method. The cost of an acquisition is measured as the aggregate of the consideration transferred measured at acquisition date fair value and the amount of any non-controlling interests in the acquiree. For each business combination, the Group elects whether to measure the non-controlling interests in the acquiree at fair value or at the proportionate share of the acquiree's identifiable net assets. Acquisition-related costs are expensed as incurred. At the acquisition date, the identifiable assets acquired and the liabilities assumed are recognized at their acquisition date fair values. For this purpose, the liabilities assumed include contingent liabilities representing present obligation and they are measured at their acquisition fair values irrespective of the fact that outflow of resources embodying economic benefits is not probable. Goodwill is initially measured at cost, being the excess of the aggregate of the consideration transferred and the amount recognized for non-controlling interests, and any previous interest held, over the net identifiable assets acquired and liabilities assumed. After initial recognition, goodwill is measured at cost less any accumulated impairment losses. For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to each of the Group's cash-generating units that are expected to benefit from the combination, irrespective of whether other assets or liabilities of the acquiree are assigned to those units.

2. Revenue Recognition

Revenue is recognized and measured at the fair value of the consideration received or receivable, to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

Effective April 1, 2018, the Company adopted Ind AS 115 "Revenue from Contracts with Customers" using the cumulative catch-up transition method, applied to contracts that were not completed as of April 1, 2018. The Company has evaluated and there is no material impact of this amendment on the Financial Statement of the Company.

Other income:

Other income is comprised primarily of interest income, dividend income, gain / loss on investments and exchange gain/loss on forward and options contracts and on translation of other assets and liabilities. Interest income is recognized using the effective interest method. Dividend income is recognized when the right to receive payment is established.

3. Property, Plant and Equipment

Property, plant and equipment are stated at cost of acquisition or construction net of accumulated depreciation and impairment loss (if any). All significant costs relating to the acquisition and installation of property, plant and equipment are capitalized. Such cost includes the cost of replacing part of the property, plant and equipment and borrowing costs for long-term construction projects if the recognition criteria are met. When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognized in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognized in statement of profit and loss as incurred. The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognized. The identified components are depreciated over their useful lives, the remaining asset is depreciated over the life of the principal asset.

Depreciation for identified components is computed on straight line method based on useful lives, determined based on internal technical evaluation. Freehold land is carried at cost.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

4. Investment Properties

Property that is held for long-term rental yields or for capital appreciation or both is classified as investment property. Investment Property is measured at its cost, including related transaction costs and where applicable borrowing costs. Subsequent expenditure is capitalised to the asset's carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to the company and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed when incurred. When part of an investment property is replaced, the carrying amount of the replaced part is derecognized. Investment Properties are depreciated using the straight-line method as per the provisions of Schedule II of the Companies Act, 2013 or based on useful life estimated on the technical assessment.

5. Intangible Assets

Intangible assets are recognised when it is probable that the future economic benefits that are attributable to the asset will flow to the enterprise and the cost of the asset can be measured reliably.

6. Depreciation and amortization:

Depreciation is provided on the straight-line method over the useful lives as prescribed under Part C of Schedule II of the Companies Act 2013. Depreciation for assets purchased/sold during a period is proportionately charged.

7. Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is: -

- Expected to be realised or intended to be sold or consumed in normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period
- All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.
- The Company classifies all other liabilities as non-current.

8. Financial assets

Financial assets comprise of cash and cash equivalents.

Initial recognition:

All financial assets are recognised initially at fair value. Purchases or sales of financial asset that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the company commits to purchase or sell the assets.

Subsequent Measurement:

- (i) Financial assets measured at amortised cost: Financial assets held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and the contractual terms of the financial assets give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding are measured at amortised cost using effective interest rate (EIR) method. The EIR amortization is recognised as finance income in the Statement of Profit and Loss.

The Company while applying above criteria has classified the following at amortised cost:

- a) Trade receivable
- b) Cash and cash equivalents
- c) Other Financial Asset

Impairment of Financial Assets:

Financial assets are tested for impairment based on the expected credit losses.

De-recognition of Financial Assets:

A financial asset is primarily de-recognised when the rights to receive cash flows from the asset have expired or the Company has transferred its rights to receive cash flows from the asset.

9. Impairment of Non-Financial Assets

At each reporting date, the Company assesses whether there is any indication that an asset may be impaired. Where an indicator of impairment exists, the company makes a formal estimate of recoverable amount. Where the carrying amount of an asset exceeds its recoverable amount the asset is considered impaired and is written down to its recoverable amount.

Recoverable amount is the greater of fair value less costs to sell and value in use. It is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets, in which case, the recoverable amount is determined for the cash generating unit to which the asset belongs.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

10. Cash and Cash equivalents

Cash and cash equivalents comprise cash at bank and in hand and short-term investments with an original maturity of three months or less. Deposits with banks are subsequently measured at amortized cost and short term investments are measured at fair value through statement of profit & loss account.

11. Financial liabilities

Initial recognition and measurement:

All financial liabilities are recognised initially at fair value and transaction cost that is attributable to the acquisition of the financial liabilities is also adjusted. These liabilities are classified as amortised cost. A preference share that provides for mandatory redemption by the issuer for a fixed or determinable amount at a fixed or determinable future date, or gives the holder the right to require the issuer to redeem the instrument at or after a particular date for a fixed or determinable amount, is a financial liability.

Subsequent measurement:

These liabilities include are borrowings and deposits. Subsequent to initial recognition, these liabilities are measured at amortised cost using the effective interest method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss. This category generally applies to borrowings.

De-recognition of financial liabilities:

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

12. Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective asset. All other borrowing costs are expensed in the period they occur. Borrowing costs consist of interest, exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost and other costs that an entity incurs in connection with the borrowing of funds. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization.

13. Employee Benefits

Employee benefits are charged to the Statement of Profit and Loss for the year.

Provident Fund

Retirement benefits in the form of Provident Fund are defined contribution scheme and such contributions are recognised, when the contributions to the respective funds are due. There are no other obligation other than the contribution payable to the respective funds.

Gratuity

The Company has not created any gratuity fund. However adequate provisions have been made in the accounts for gratuity liability. The benefit vests upon completion of five years of continuous service and once vested it is payable to employees on retirement or on termination of employment. In case of death while in service, the gratuity is payable irrespective of vesting.

Compensated absences

Liability in respect of compensated absences becoming due or expected to be availed within one year from the balance sheet date is recognised on the basis of undiscounted value of estimated amount required to be paid or estimated value of benefit expected to be availed by the employees.

Short-term employee benefits

Expense in respect of other short term benefits is recognised on the basis of the amount paid or payable for the period during which services are rendered by the employee.

14. Income Taxes

Income tax expense is comprised of current and deferred taxes. Current and deferred tax is recognized in net income Current income taxes for the current period, including any adjustments to tax payable in respect of previous years, are recognized and measured at the amount expected to be recovered from or payable to the taxation authorities based on the tax rates that are enacted or substantively enacted by the end of the reporting period.

Deferred income tax

Deferred income tax assets and liabilities are recognized for temporary differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax base using the tax rates that are expected to apply in the period in which the deferred tax asset or liability is expected to settle, based on the laws that have been enacted or substantively enacted by the end of reporting period. Deferred tax assets and liabilities are not recognized if the temporary difference arises from goodwill or from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the taxable income nor the accounting income.

Minimum Alternative Tax (MAT)

MAT credit is recognised as an asset only when and to the extent there is convincing evidence that the company will pay normal income tax during the specified period. In the year in which the MAT credit becomes eligible to be recognized as an asset in accordance with the recommendations contained in Guidance Note issued by the Institute of Chartered Accountants of India, the said asset is created by way of a credit to the statement of profit and loss and shown as MAT Credit Entitlement. The company reviews the same at each balance sheet date and writes down the carrying amount of MAT Credit Entitlement to the extent there is no longer convincing evidence to the effect that company will pay normal Income Tax during the specified period.

15. Leases

As a lessee

Leases of property, plant and equipment where the company, as lessee, has substantially all the risks and rewards of ownership are classified as finance leases. Finance leases are capitalised at the lease's inception at the fair value of the leased property or, if lower, the present value of the minimum lease payments. The corresponding rental obligations, net of finance charges, are included in borrowings or other financial liabilities as appropriate. Each lease payment is allocated between the liability and finance cost. The finance cost is charged to the profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

Leases in which a significant portion of the risks and rewards of ownership are not transferred to the company as lessee are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessor) are charged to profit or loss on a straight-line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

As a lessor

Lease income from operating leases where the company is a lessor is recognised in income on a straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases. The respective leased assets are included in the balance sheet based on their nature.

Lease-hold land:

Leasehold land that normally has a finite economic life and title which is not expected to pass to the lessee by the end of the lease term is treated as an operating lease. The payment made on entering into or acquiring a leasehold land is accounted for as leasehold land use rights (referred to as prepaid lease payments in Ind AS 17 "Leases") and is amortized over the lease term in accordance with the pattern of benefits provided.

16. Provisions, contingent assets and contingent liabilities

Provisions are recognized only when there is a present obligation, as a result of past events, and when a reliable estimate of the amount of obligation can be made at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates. Provisions are discounted to their present values, where the time value of money is material.

Contingent liability is disclosed for:

- Possible obligations which will be confirmed only by future events not wholly within the control of the Company or
- Present obligations arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made.

Contingent assets are neither recognized nor disclosed. However, when realization of income is virtually certain, related asset is recognized.

17. Fair value measurement

In determining the fair value of its financial instruments, the Company uses following hierarchy and assumptions that are based on market conditions and risks existing at each reporting date. Fair value hierarchy:

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1—Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2—Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3— Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

18. Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders (after deducting preference dividends and attributable taxes) by the weighted average number of equity shares outstanding during the year. The weighted average number of equity shares outstanding during the year is adjusted for events of bonus issue. For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

19. Cash dividend to equity holders of the Company

The Company recognises a liability to make cash distributions to equity holders of the Company when the distribution is authorised and the distribution is no longer at the discretion of the Company. Final dividends on shares are recorded as a liability on the date of approval by the shareholders and interim dividends are recorded as a liability on the date of declaration by the Company's Board of Directors.

44. Financial risk management objectives and policies

The Company's principal financial liabilities comprise loans and borrowings, trade and other payables. The main purpose of these financial liabilities is to finance and support Company's operations. The Company's principal financial assets include inventory, trade and other receivables, cash and cash equivalents and land advances and refundable deposits that derive directly from its operations. The Company is exposed to market risk, credit risk and liquidity risk.

Notes forming part of the Consolidated Financial Statements

(All amounts are in Indian Rupee (lakhs) except share data and where otherwise stated)

A. Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises two types of risk: interest rate risk and other price risk, such as equity price risk and commodity/ realestate risk. Financial instruments affected by market risk include loans and borrowings and refundable deposits

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates. The Company manages its interest rate risk by having a balanced portfolio of fixed and variable rate loans and borrowings. The Company does not enter into any interest rate swaps.

B. Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including refundable joint development deposits, security deposits, loans to employees and other financial instruments.

C. Liquidity risk

The Company's objective is to maintain a balance between continuity of funding and flexibility through the use of bank deposits and loans.

The table below summarizes the maturity profile of the Company's financial liabilities based on contractual undiscounted payments:

(Amount in lakhs)

Year Ended	On Demand	3 to 12 Months	1 to 5 Years	>5 Years	Total
31-Mar-22					
Borrowings	-	779.14	1753.86	-	2,533.00
	-	779.14	1753.86	-	2,533.00
31-Mar-21					
Borrowings	-	992.40	3,493.60	-	4,486.00
	-	992.40	3,493.60	-	4,486.00

45. Trade receivables

- Receivables resulting from sale of properties: Customer credit risk is managed by requiring customers to pay advances before transfer of ownership, therefore, substantially eliminating the Company's credit risk in this respect.
- Receivables resulting from other than sale of properties: The firm has established credit limits for customers and monitors their balances on ongoing basis. Credit Appraisal is performed before leasing agreements are entered into with customers. The risk is also marginal due to customers placing significant amount of security deposits for lease and fit out rentals.

Financial Instrument and cash deposits

Credit risk from balances with banks and financial institutions is managed by the Company's Finance department in accordance with the Company's policy. Investments of surplus funds are reviewed and approved by the Company's Board of Directors on an annual basis. The Company's maximum exposure to credit risk for the components of the statement of financial position at 31 March 2021 and 2020 is the carrying amounts.

46. Capital Management

For the purpose of the Company's capital management, capital includes issued equity capital, and all other equity reserves attributable to the equity holders of the Company. The primary objective of the Company's capital management is to maximize the shareholder value.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. The Company monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The Company includes within net debt, interest bearing loans and borrowings, trade and other payables, less cash and cash equivalents.
