Management Comment On The Financial Performance Of Q2 & H1 FY26

“Q2 FY26 has been another strong quarter for Emerald Finance, reflecting sustained growth momentum across our key business segments. We have onboarded 145 corporates on our Earned Wage Access platform till date and successfully launched the ‘Emerald EWA’ mobile app on Google Play, further enhancing digital accessibility for our corporate partners and their employees. Our gold loan syndication business continued to gain strong traction, achieving disbursements of ₹115 + crore during Q2 FY26. This reflects the growing confidence of our partners and the scalability of our asset-light, technology-driven model.

India’s financial ecosystem continues to experience strong tailwinds, supported by digital adoption, rising formal credit penetration, and policy-driven inclusion initiatives. NBFCs and fintechs are at the forefront of this evolution, and Emerald is well positioned within this landscape through its technology led, asset-light model and inclusive financial approach.”
