About the Company

Lords Chloro Alkali Ltd. (LCAL) was incorporated in 1979 and got listed on BSE Limited in the year 1982. The Company is engaged in production of wide ranges of chemicals i.e. Caustic Soda, Chlorine, Hydrogen, HCL, Stable Bleaching Powder and Tri Chloro Ethylene, mainly catering to the markets in North India. LCAL is having an advanced technology plant situated at SP-460, Matsya Industrial Area, Alwar Rajasthan with the production capacity of 210 TPD. The Company is planning to enhance Caustic Soda capacity to 300 TPD in next year and also add chlorine derivatives in the current year.

The company is strategically located in North India. The demand for Caustic Soda and Chlorine, two major products of the Company, is more than the production in the region resulting in ready market for the Company offering opportunities for expansion. The shortfall in the region is met through material coming from western parts of India which has a higher logistics cost.

The major consuming sectors for LCAL are paper, soap, dyes, chemicals and plastic industries based in UP, Haryana, Rajasthan, Punjab & Delhi.

The Mission of the Company is to provide customer with high quality products and services through sustained good business practices, latest technology and ethical ways of manufacturing

Managing Director's message

Dear Members,

In the beginning, I would like to pray for people who have suffered losses due to pandemic and wish for everyone to be safe and sound in future.

“Teamwork is the ability to work together toward a common vision. It is the fuel that allows common people to attain uncommon results”

It is a privilege for me to share my thoughts with you as your Company's Managing Director. The COVID-19 pandemic has caused pain and suffering for so many, and we have seen stark reminders of the serious social and environmental challenges demanding our collective actions. Through the year, our support to customers and communities in helping them emerge from the COVID pandemic remained unwavering. I am proud of the commendable efforts and character displayed by all the team members of Lords Chloro family. The company took timely and essential measures for well-being of its employees by implementing COVID preventive work practices and by ensuring vaccination of 100% staff and workers to handle the pandemic for any disruptions or any threat to health or life.

As an organization we have been constantly evolving, challenging ourselves to raise the bar on innovation and strengthening our core, to transform into a more agile and future-ready organization. We had started financial year 2021-22 with a very positive thought on growth and had planned for the execution of strategies to improve technology, environment, product range to bring in cost efficiency and better profitability but had to defer the plans due to the second wave of COVID pandemic and the resultant downturn in the economy. Your company will start implementing these plans from the fourth quarter of the current year and is looking forward to a great 2022-23 due to bounce back in the economy.

The company has already initiated the techno commercial study to increase capacity by 100 tpd and add chlorine derivatives. The projects will get started partially in this year and balance in the coming year. This will add significantly to the top and bottom line of your company.

The Global scenario has significantly improved after rapid vaccination in many countries. India is also witnessing a steep fall in cases and witnessing a very healthy growth in demand. The company is very confident of producing at full capacity in the year 21-22 with much better profitability. During the year company will also add Sodium Hypo to its product line. The work on Stable Bleaching Powder has also begun and the project will be started by the first quarter of next year. Company is closely watching the improving state of economy and will take further expansion and product decisions during the year.

We also remain committed to ensure the highest standards of corporate governance in true spirit.

On behalf of the Board, I would like to thank all our customers, suppliers, Bankers and the government for their support to the Company. I convey my sincere appreciation to Team Lords Chloro Alkali Limited for its performance and thank all the shareholders for their trust reposed in us.

With Warm Regards
Ajay Virmani
Managing Director

2. COVID 19 PANDEMIC

The year started with COVID-19 pandemic as a global challenge, creating disruption across the world. The physical and emotional wellbeing of employees continues to be a top priority for the Company, with several initiatives to support employees and their families during the pandemic. The performance of the Company was impacted by the COVID-19 pandemic, which spread during the peak business season, affecting end user demand. The Company observed all the government advisories and guidelines thoroughly and made adequate preparations to meet any contingency.

3. PERFORMANCE AND STATE OF COMPANY AFFAIRS

Your Company has been able to produce 59150 tons of Caustic during the year against 65011 MT in the previous year. The working of the company was

severely affected due to pandemic as the major consuming sectors like textiles and papers were operating at much below capacity. Also the Government guidelines were for mandatory complete lock down from 1st April to most part of May, which resulted in total loss of production for two months. After restart at the end of May, the prices of the products of your company were under tremendous pressure which affected the top and the bottom line. The pandemic was getting under control by the fourth quarter and vaccination was also out in the market that gave a boost to the market sentiment. The second wave did affect the sentiment in the current year 2021-22 but the management is delighted to inform that the operations of the company were not hindered for even a day in the second wave. The company also made sure that 100% staff and workers were vaccinated to handle the pandemic for any disruptions or any threat to health or life. The business outlook currently is very promising.

4. MARKETING

The Demand for caustic soda in India was estimated at 4.2 Million TPA in 2020-2021. The Year has seen low demand due to unfavorable economic conditions arising out of COVID pandemic. Financial year 2020-2021 seen decline in nation's GDP, caustic soda and chlorine are considered as basic raw material for various industries and demand of both products is linked to GDP growth. Production capacity was not fully utilized this year that resulted in less production on global levels in comparison to last year. The marketing of the goods produced was a challenge this year due to less demand from consuming sectors but there has been a big rebound in demand by the end of the financial year and all sectors which consume your company's products, like paper, textiles, aluminum and soaps, are running at almost full capacity.

5. FUTURE OUTLOOK

The Global scenario has significantly improved after rapid vaccination in many countries. India is also witnessing a steep fall in cases and witnessing a very healthy growth in demand . The company is very confident of producing at full capacity in the year 21-22 with much better profitability. During the year company will also add Sodium Hypo to its product line. The work on Stable Bleaching Powder has also begun and the project will be started by the first quarter of next year. Company is closely watching the improving state of economy and will take further expansion and product decisions during the year.

Management Discussion and Analysis

1. Industry structure and developments

According to reports, the global Chemical Industry witnessed a sea change due to the Covid-19 outbreak; there was a shift in the global supply chain. Indian Chemical Industry was expected to grow further. It was on a steady rise and was expected to reach greater heights. However the deadly Covid-19 outbreak had a very significant impact on the business. The nationwide lockdown that started in March 2020 had immediate negative impact on the economy. According to reports, it caused a very sharp decline in GDP for the Q1 of FY 2020-21. The phased unlocking led to some normalcy and moderate growth was witnessed in Q2 and Q3 of FY 2020-21. As per reports, the Indian economy grew at 1.6% in the Q4 of FY 2020-21, however the second wave of infections hit the economy hard leading to further shrink in the economy.

2. Opportunities and Threats

The Company has built sophisticated manufacturing facilities at its Plant having installed capacity of 275 MT per day of Caustic Soda situated in Alwar at Matsya Industrial Area, Alwar (Rajasthan) which is located at a distance of about 160 KMs from Delhi having locational advantage in chlora –alkali deficit region. The Company is strategically located in the heart of North India where the demand for its products is more than the supply. We supply our products to paper, soap, dyes, chemicals, and plastic industries based at the western part of the UP, Haryana, Punjab, Rajasthan & Delhi. Further Company is also working on a few new products for captive consumption of Chlorine for which environment clearance has already been taken.

During the year, the domestic caustic soda prices remained at multi-year lows. This was due to drop in international prices during the previous year. Further the demand slowdown in the domestic market coupled with increase in domestic capacities has led to significant pricing pressures in the domestic market. We expect the prices to stabilize from here and positive momentum in domestic prices is expected to be seen from second half of next financial year.

3. Segment-wise or product-wise performance

The Company is operating in only one segment i.e. Chloro Alkali. The Company has increased its production capacity to 210 TPD. Now all the electrolyzers are based on new technology which is more reliable, energy efficient and has made the Company to stay in the market. Company has a plan to increase the Caustic soda capacity to 300 TPD in near future. Further your Company is also working on a few new products for captive

consumption of Chlorine for which environment clearance has already been taken. Due to Covid-19 pandemic project of captive chlorine consumption plant could not be taken up this year but your company is actively considering one or two new products to be launched next year. But revival is now seen in the economy, the prices and the demand for all the Chloro-Alkali products are likely to improve during 2021-22.

4. Outlook

Economic condition around the globe seems to remain weak due to ongoing pandemic scenario. Measures taken by Government will bring down the spread of COVID which in turn result in opening of the markets and increased demand pattern, however full impact of pandemic on Indian economy is not predictable. Company is all set to capitalize on the growing demand in chemical sector supported by Government initiatives. Demand for company's products will probably increase in second half of the coming year. Company is targeting to achieve optimum production level and sales realization in coming year. Sodium hypochlorite and other chlorine derivatives are to be added in existing product line to avoid price fluctuations of chlorine market to some extent.

5. Risks and concerns

The Company is engaged in the manufacturing of hazardous chemical i.e. caustic soda through highly technical process and having industrial safety risk, environmental and other regulatory risks. The Company is following the standard safety measures and very conscious of adhering to the norms to keep air and water pollution under check and is systematically bringing in technology and awareness in the staff and workers to be sensitive to mother Earth. We are continuously making endeavors to have safe operations by training and conducting various safety audits/ mock drills.

6. Internal control systems and their adequacy

The Company has well-established and robust internal control systems in place that are commensurate with the nature of its businesses, size & scale and complexity of its operations. Roles and responsibilities are clearly defined and assigned. The Company has also put in place adequate internal financial controls with reference to the financial statements by adopting accounting policies which are in line with the Accounting Standards as prescribed. The Management periodically reviews the financial performance of the Company against the approved plans across various parameters and takes necessary action, wherever necessary.

7. Discussion on financial performance with respect to operational performance

The total revenue from operations was Rs. 15,410.12 Lakhs during the year which was 24.34% decreased as compared to total revenue from

operations of Rs. 20,368.88 Lakhs previous year. The revenue was impacted due to reduction in price and demand of caustic soda in India which was due the slow economy growth in manufacturing/production in India. Covid-19 pandemic has also impacted financial and operation performance during the first quarter and thereafter announcement of countrywide lockdown.

8. Human Resources

Company continues to focus on training its employees on a continuous basis. The Company is having a very harmonious relationship with its work force and constantly work for their intellectual and financial betterment.

Independent Auditors' Report

To The Members of Lords Chloro Alkali Limited Report on the Audit of the Financial Statements Opinion

We have audited the accompanying financial statements of Lords Chloro Alkali Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2021, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, and its loss including other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the *Code of Ethics* issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matters

We draw attention to:

- a) Note No.17 to the financial statements, wherein, in connection with our audit, we noted that the Company had not been able to meet certain compliances of 'Financial Covenants' as given in the Loan Agreement, dated 29 May 2019 executed with HDFC Bank Ltd. Due to non-compliance with the financial covenants, the company has reclassified its 'Borrowings' of Rs. 617.99 lakhs from 'Non-current liabilities' to 'Current liabilities' as at 31 March 2021.
- b) Note No. 45 of the financial statements, which describes the possible effect of uncertainties relating to COVID-19 pandemic on the Company's financial performance as assessed by the management.

Our opinion is not modified in respect of the above stated matters.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matter described below to be the key audit matters to be communicated in our report.

Key Audit Matter	Auditor's Response
Borrowings	
<p>As at March 31, 2021, the Company had a borrowing liability of Rs. 6,059.98 Lakhs representing 63.32% of total liabilities. Borrowings as a percentage of the total assets size of the Company is 33.75% as at March 31, 2021.</p> <p>The borrowings are under agreements with terms and conditions detailed in Note No. 17 of the financial statements.</p> <p>Given the size of the borrowings balance and the importance of the capital structure for continued growth, the accounting for the Company's borrowings is considered a key audit matter.</p>	<p>Our audit procedures in respect of this area included:</p> <ul style="list-style-type: none"> • We read the agreements between the Company and its financiers to understand the terms associated with the facilities. • We obtained confirmations from the Company's banks/financial institutions to confirm all significant borrowings, including amounts, tenure and conditions. • Where debt is regarded as non-current, we tested whether the Company has the unconditional right to defer payment such that there were no repayments required within 12 months from the balance date. • We further considered whether the disclosures related to the borrowings in the financial statements are appropriate in all material respects.

Information Other than the Financial Statements and Auditors' Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditors' report thereon. The Annual Report is expected to be made available to us after the date of this auditors' report.

Our opinion on the financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with

the financial statements or our knowledge obtained during the course of our audit, or otherwise appears to be materially misstated.

When we read the Annual Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance (including other comprehensive income), changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian accounting Standards (Ind AS) specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risk of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit

matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditors' Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the books of account.
 - d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, as amended.
 - e) On the basis of the written representations received from the directors as on March 31, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2021 from being appointed as a director in terms of Section 164 (2) of the Act.
 - f) With respect to the adequacy of the internal financial controls with reference to the financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B" to this report.
 - g) In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
 - h) With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

- i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements- Refer Note No. 43 A to the financial statements.

Annexure 'B' To the Independent Auditors' Report

(Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date to the Members of Lords Chloro Alkali Limited)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

Opinion

We have audited the internal financial controls with reference to financial statements of Lords Chloro Alkali Limited ("the Company") as of March 31, 2021 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2021, based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed

under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls with reference to Financial Statements

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Summary of significant accounting policies and other explanatory information for the year ended 31 March 2021

1. Corporate information and statement of compliance with Indian Accounting Standards (Ind AS)

Lords Chloro Alkali Limited (“the Company”) a public limited company domiciled in India and having its registered office at SP-460, Matsya industrial area, Alwar (Rajasthan) - 301030, was incorporated under the provisions of Companies Act, 1956. The Company is primarily engaged in the business of manufacturing of caustic soda and other chemicals.

The financial statements of the Company have been prepared to comply in all material respects with accounting principles generally accepted in India, including Ind AS notified under the Companies (Indian Accounting Standards) Rules, 2015 under Section 133 of the Companies Act, 2013 (the “Act”) and other relevant provisions of the Act.

2. Basis of preparation and significant accounting policies

Basis of preparation

The financial statements have been prepared on accrual and going concern basis under historical cost convention except for certain financial instruments and plan assets, which are measured at fair values.

The significant accounting policies and measurement bases have been summarised below.

Current versus non-current classification

All assets and liabilities have been classified as current or non-current as per the Company’s normal operating cycle and as per terms of agreements wherever applicable. Deferred tax assets and liabilities are classified as non-current assets and non-current liabilities, as the case may be.

a. Revenue recognition and presentation:

Revenue arises mainly from the sale of manufactured and traded goods.

To determine whether to recognize revenue, the Company follows a 5-step process:

1. Identifying the contract with a customer
2. Identifying the performance obligations
3. Determining the transaction price
4. Allocating the transaction price to the performance obligations
5. Recognizing revenue when/as performance obligation(s) are satisfied.

Summary of significant accounting policies and other explanatory information for the year ended 31 March 2021

Revenue is measured at fair value of consideration received or receivable, after deduction of any trade discounts, volume rebates and any taxes or duties collected on behalf of the government which are levied on sales such as goods and service tax, etc.

Revenue is recognized either at a point in time or over time, when (or as) the Company satisfies performance obligations by transferring the promised goods or services to its customers.

Sale of goods

Revenue from sale of goods is recognised when the control of goods is transferred to the buyer as per the terms of the contract, in an amount that reflects the consideration the Company expects to be entitled to in exchange for those goods. Control of goods refers to the ability to direct the use of and obtain substantially all of the remaining benefits from goods.

Interest income

Interest income is recognised on time proportion basis taking into account the amount outstanding and rate applicable. For all financial assets measured at amortised cost, interest income is recorded using the effective interest rate (EIR) i.e. the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the net carrying amount of the financial assets.

Dividend

Dividend are recognised in profit or loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the Company, and the amount of the dividend can be measured reliably.

b. Inventories

Finished goods, works-in-process, raw material, stores& spares and packing material are valued at lower of cost and net realisable value. Cost of inventory has been arrived at by using the weighted average cost formula. Cost of inventory comprises. The costs of purchase of inventories comprise the purchase price, import duties and other taxes (other than those subsequently recoverable by the entity from the taxing authorities), and transport, handling and other costs directly attributable to the acquisition of finished goods, materials and services. Trade discounts, rebates and other similar items are deducted in determining the costs of purchase. Stock of scrap is valued at estimated realizable value. Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

Summary of significant accounting policies and other explanatory information for the year ended 31 March 2021**c. Income taxes**

Tax expense recognised in the statement of profit and loss comprises the sum of deferred tax and current tax not recognised in Other Comprehensive Income (OCI) or directly in equity.

Current tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income-tax Act, 1961. Current tax relating to items recognised outside statement of profit and loss is recognised outside statement of profit and loss (i.e. in OCI or equity depending upon the treatment of underlying item).

Deferred tax liabilities are generally recognised in full for all taxable temporary differences. Deferred tax assets are recognised to the extent that it is probable that the underlying tax loss, unused tax credits or deductible temporary difference will be utilised against future taxable income. This is assessed based on the Company's forecast of future operating results, adjusted for significant non-taxable income and expenses and specific limits on the use of any unused tax loss or credit. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date. Deferred tax relating to items recognised outside the statement of profit and loss is recognised outside statement of profit and loss (in OCI or equity depending upon the treatment of underlying item).

d. Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

e. Foreign currency transactions

The financial statements are presented in Indian Rupee ('INR' or 'Rs.') which is also the functional currency of the Company.

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities

Summary of significant accounting policies and other explanatory information for the year ended 31 March 2021

denominated in foreign currencies at year end exchange rates are generally recognised in profit or loss.

Foreign exchange differences regarded as an adjustment to borrowing costs are presented in the statement of profit and loss, within finance costs. All other foreign exchange gains and losses are presented in the statement of profit and loss on a net basis within other income/ expenses, as the case maybe.

f. Financial instruments

Initial recognition and measurement

Financial assets and financial liabilities are recognized when the Company becomes a party to the contractual provisions of the financial instrument and are measured initially at fair value adjusted for transaction costs, except for those carried at fair value through profit or loss which are measured initially at fair value. Subsequent measurement of financial assets and financial liabilities is described below:

Non-derivative financial assets

Subsequent measurement

i. Financial assets carried at amortised cost – a financial asset is measured at the amortised cost, if both the following conditions are met:

- The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method.

ii. Fair value through profit or loss – Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss and is not part of a hedging relationship is recognised in profit or loss and presented net in the statement of profit and loss within other gains/(losses) in the period in which it arises. Interest income from these financial assets is included in other income.

Summary of significant accounting policies and other explanatory information for the year ended 31 March 2021

iii. Fair value through OCI- A financial assets measured at FVOCI if both of the following conditions are met:

- The Company's business model objectives for managing the financial assets is achieved both by collecting contractual cash flows and selling the financial assets, and
- The contractual terms of the financial assets given raise in specified dates to cash flows that are solely payments.

g. Fair value of financial instruments

In determining the fair value of its financial instruments, the Company uses a variety of methods and assumptions that are based on market conditions and risks existing at each reporting date. The methods used to determine fair value include discounted cash flow analysis, available quoted market prices and dealer quotes. All methods of assessing fair value result in general approximation of value, and such value may never actually be realized. For financial assets and liabilities maturing within one year from the Balance Sheet date and which are not carried at fair value, the carrying amounts approximate fair value due to the short maturity of these instruments.

h. Property, plant and equipment ('PPE')

Recognition and initial measurement

Property, plant and equipment are stated at their cost of acquisition. The cost comprises purchase price, taxes (non-recoverable) borrowing cost if capitalisation criteria are met and other expenses, directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discount and rebates are deducted in arriving at the purchase price. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and definition of asset is met. All other repair and maintenance costs are recognised in the statement of profit or loss as incurred.

In case an item of property, plant and equipment is acquired on deferred payment basis, interest expenses included in deferred payment is recognised as interest expense and not included in cost of asset.

Subsequent measurement (depreciation and useful life)

Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value. Depreciation on tangible fixed assets has been provided on the straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013.

Summary of significant accounting policies and other explanatory information for the year ended 31 March 2021

De-recognition of PPE

The carrying amount of an item of property, plant and equipment shall be derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of profit and loss when the asset is derecognised.

i. Capital work-in progress

Cost of material consumed and erection charges thereon along with other direct cost incurred by the Company for the projects are shown as capital work-in-progress until capitalisation. Claims for price variation / exchange rate variation in case of contracts are accounted for on acceptance / receipt of claim.

j. Impairment of non-financial assets

At each reporting date, the Company assesses whether there is any indication based on internal/external factors, that an asset may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset. The recoverable amount is higher of an asset's fair value less costs of disposal and value in use. For this purpose, assets are compared at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or company of assets (cash generating units). If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount and the reduction is treated as an impairment loss and is recognised in the statement of profit and loss. If at the balance sheet date, there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount subject to a maximum of depreciated historical cost and the same is accordingly reversed in the statement of profit and loss.

Impairment of financial assets

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss for financial assets. ECL is the weighted-average of difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive, discounted at the original effective interest rate, with the respective risks of default occurring as the weights. When estimating the cash flows, the Company is required to consider:

Summary of significant accounting policies and other explanatory information for the year ended 31 March 2021

- All contractual terms of the financial assets (including prepayment and extension) over the expected life of the assets.
- Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

Trade receivables: In respect of trade receivables, the Company applies the simplified approach of Ind AS 109, which requires measurement of loss allowance at an amount equal to lifetime expected credit losses. Lifetime expected credit losses are the expected credit losses that result from all possible default events over the expected life of a financial instrument.

Other financial assets: In respect of its other financial assets, the Company assesses if the credit risk on those financial assets has increased significantly since initial recognition. If the credit risk has not increased significantly since initial recognition, the Company measures the loss allowance at an amount equal to 12-month expected credit losses, else at an amount equal to the lifetime expected credit losses.

When making this assessment, the Company uses the change in the risk of a default occurring over the expected life of the financial asset. To make that assessment, the Company compares the risk of a default occurring on the financial asset as at the balance sheet date with the risk of a default occurring on the financial asset as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition. The Company assumes that the credit risk on a financial asset has not increased significantly since initial recognition if the financial asset is determined to have low credit risk at the balance sheet date.

De-recognition of financial assets

A financial asset is primarily de-recognised when the contractual rights to receive cash flows from the asset have expired or the Company has transferred its rights to receive cash flows from the asset.

Non-derivative financial liabilities

Subsequent measurement

Subsequent to initial recognition, all non-derivative financial liabilities are measured at amortised cost using the effective interest method.

De-recognition of financial liabilities

A financial liability is de-recognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability

Summary of significant accounting policies and other explanatory information for the year ended 31 March 2021

is replaced by another from the same lender on substantially different terms or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

k. Leases

The Company assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Company as a lessee

The Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Company recognizes lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

a) Right-of-use assets

The Company recognizes right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognized, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets.

b) Lease liabilities

At the commencement date of the lease, the Company recognizes lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate,

Summary of significant accounting policies and other explanatory information for the year ended 31 March 2021

and amounts expected to be paid under residual, value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for terminating the lease, if the lease term reflects the Company exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognized as expenses in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Company uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of the interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments or a change in the assessment of an option to purchase the underlying asset.

c) Short-term lease and lease of low-value assets

The Company applies the short-term lease recognition exemption to its short-term leases (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption that are considered to be low value. Lease payments on short-term lease and lease of low-value assets are recognized as expense on a straight-line basis over the lease term.

I. Borrowing costs

Borrowing costs directly attributable to the acquisitions, construction or production of a qualifying asset are capitalised during the period of time that is necessary to complete and prepare the asset for its intended use or sale. Other borrowing costs are expensed in the period in which they are incurred and reported in finance costs.

A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use. Capitalisation of borrowing costs is suspended in the period during which the active development is delayed due to, other than temporary, interruption.

m. Provisions, contingent liabilities and contingent assets

Provisions are recognised when present obligations as a result of a past event will probably lead to an outflow of economic resources and amounts can be estimated reliably. Timing or amount of the outflow may still be uncertain. A present obligation arises when there is a presence of

Summary of significant accounting policies and other explanatory information for the year ended 31 March 2021

a legal or constructive commitment that has resulted from past events, for example, legal disputes or onerous contracts. Provisions are not recognised for future operating losses.

Provisions are measured at the estimated expenditure required to settle the present obligation, based on the most reliable evidence available at the reporting date, including the risks and uncertainties associated with the present obligation. Provisions are discounted to their present values, where the time value of money is material.

Any reimbursement that the Company can be virtually certain to collect from a third party with respect to the obligation is recognised as a separate asset. However, this asset may not exceed the amount of the related provision.

All provisions are reviewed at each reporting date and adjusted to reflect the current best estimate.

In those cases where the outflow of economic resources as a result of present obligations is considered improbable or remote, no liability is recognised.

Contingent liability is disclosed for:

- Possible obligations which will be confirmed only by future events not wholly within the control of the Company or
- Present obligations arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made.

Contingent assets are not recognised. However, when inflow of economic benefits is probable, related asset is disclosed.

n. Employee benefits

Expenses and liabilities in respect of employee benefits are recorded in accordance with Indian Accounting Standard 19- Employee Benefits.

Defined benefit plans*Gratuity*

The Company operates one defined benefit plan for its employees, viz. gratuity. The cost of providing benefits under this plan is determined on the basis of actuarial valuation at each year-end using the projected unit credit method. Actuarial gain and loss for the defined benefit plan is recognized in full in the period in which they occur in other comprehensive income.

Summary of significant accounting policies and other explanatory information for the year ended 31 March 2021

Other long-term benefits

Accumulated leave expected to be carried forward beyond twelve months, is treated as long term employee benefit. Such long term compensated absences are provided for based on the actuarial valuation using the projected unit credit method at the year end. Accumulated leave, which is expected to be utilised within the next 12 months, is treated as short term employee benefit.

Liability under continuity linked key resource and deferred salary schemes is provided for on actuarial valuation basis, which is done as per the projected unit credit method at the end of each financial period.

Defined contribution plans

Provident Fund

The Company makes contribution to statutory provident fund in accordance with Employees Provident Fund and Miscellaneous Provisions Act, 1952. The plan is a defined contribution plan and contribution paid or payable is recognised as an expense in the period in which services are rendered by the employee.

Short-term employee benefits

Expense in respect of other short-term benefits is recognised on the basis of the amount paid or payable for the period during which services are rendered by the employee.

o. Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period is adjusted for events including a bonus issue.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

p. Segment reporting

Operating segments are reported in a manner consistent with the internal reporting done to the chief operating decision maker. The chief operating decision maker is responsible for allocating resources and assessing performance of the operating segments of the Company.

Summary of significant accounting policies and other explanatory information for the year ended 31 March 2021

3. Significant accounting judgments, estimates and assumptions

When preparing the financial statements, management undertakes a number of judgments, estimates and assumptions about recognition and measurement of assets, liabilities, income and expenses.

The actual results are likely to differ from the judgments, estimates and assumptions made by management, and will seldom equal the estimated results.

Information about significant judgments, estimates and assumptions that have the most significant effect on recognition and measurement of assets, liabilities, income and expenses are discussed below:

Significant judgments:

(i) Evaluation of indicators for impairment of non-financial assets

The evaluation of applicability of indicators of impairment of non-financial assets requires assessment of several external and internal factors which could result in deterioration of recoverable amount of the assets.

(ii) Recognition of deferred tax assets

The extent to which deferred tax assets can be recognised is based on an assessment of the probability of the future taxable income against which the deferred tax assets can be utilised. The recognition of deferred tax assets and reversal thereof is also dependent upon management decision relating to timing of Availment of tax holiday benefits available under the Income Tax Act, 1961 which in turn is based on estimates of future taxable profits.

Sources of estimation uncertainty:

(i) Provisions

At each balance sheet date, basis the management judgment, changes in facts and legal aspects, the Company assesses the requirement of provisions against the outstanding warranties and guarantees. However, the actual future outcome may be different from management's estimates.

(ii) Fair valuation of financial instruments

Management applies valuation techniques to determine the fair value of financial instruments (where active market quotes are not available). This involves developing estimates and assumptions consistent with how market participants would price the instrument.

38 Lease related disclosures

The Company has lease for office building. With the exception of short-term leases and leases of low-value underlying assets, each lease is reflected on the balance sheet as a right-of-use asset and a lease liability as a borrowings. Variable lease payments which do not depend on an index or a rate are excluded from the initial measurement of the lease liability and right of use assets. The Company classifies its right-of-use assets in a consistent manner to its property, plant and equipment.

For leases previously classified as finance leases the entity recognised the carrying amount of the lease asset and lease liability immediately before transition as the carrying amount of the right of use asset and the lease liability at the date of initial application. The measurement principles of Ind-AS 116 are only applied after that date.

Each lease generally imposes a restriction that, unless there is a contractual right for the Company to sublease the asset to another party, the right-of-use asset can only be used by the Company. Some leases contain an option to extend the lease for a further term. The Company is prohibited from selling or pledging the underlying leased assets as security. For leases over office building the Company must keep those properties in a good state of repair and return the properties in their original condition at the end of the lease.

A Lease payments not included in measurement of lease liability

The expense relating to payments not included in the measurement of the lease liability is as follows:

Particulars	31 March 2021	31 March 2020
Short-term leases	27.00	33.24
Leases of low value assets	0.56	0.56
Variable lease payments	-	-

Notes to the Financial Statements for the year ended 31 March 2021
(All amounts in INR Lakhs, unless otherwise stated)

B Total cash outflow for leases for the year ended 31 March 2021 was Rs 90.87 lakhs (Previous year 2019-20 Rs. 94.33 lakhs)

C The Company has total commitment for short-term leases as at 31 March 2021 is of Rs. Nil. (Previous year 2019-20 Rs. 1.56 lakhs)

D Maturity of lease liabilities

The lease liabilities are secured by the related underlying assets. Future minimum lease payments were as follows:

31 March 2021	Minimum lease payments due						Total
	Within 1 year	1-2 years	2-3 years	3-4 years	4-5 years	More than 5 years	
Lease payments	58.56	58.56	59.19	66.17	66.17	284.98	593.64

39A Financial instruments

(i) Fair values hierarchy

Financial assets and financial liabilities measured at fair value in the statement of financial position are classified into three Levels of a fair value hierarchy. The three levels are defined based on the observability of significant inputs to the measurement, as follows:

Level 1: Quoted prices (unadjusted) in active markets for financial instruments.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data rely as little as possible on entity specific estimates.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

(ii) Financial assets measured at fair value - recurring fair value measurements

	31 March 2021	31 March 2020	Level	Valuation techniques and key inputs
Investment in equity instruments	14.91	5.28	Level 1	Fair value of equity instruments have been determined using the quoted market price.
Investment in mutual funds	3.95	2.30	Level 1	Net asset value (NAV) obtained from an active market.
Total	18.86	7.58		

Notes to the Financial Statements for the year ended 31 March 2021
(All amounts in INR Lakhs, unless otherwise stated)
(iii) Fair value of instruments measured at amortised cost

Fair value of instruments measured at amortised cost for which fair value is disclosed is as follows:

Particulars	Level	31 March 2021		31 March 2020	
		Carrying value	Fair value	Carrying value	Fair value
Financial assets					
Investments	Level 3	0.32	0.32	0.32	0.32
Loans	Level 3	49.87	49.87	49.43	49.43
Trade receivable	Level 3	2,131.49	2,131.49	1,699.88	1,699.88
Cash and cash equivalents	Level 3	19.65	19.65	613.18	613.18
Total financial assets		2,201.33	2,201.33	2,362.81	2,362.81
Financial liabilities					
Borrowings	Level 3	6,059.98	6,059.98	6,063.94	6,063.94
Trade payables	Level 3	149.00	149.00	101.92	101.92
Other financial liabilities	Level 3	214.93	214.93	88.43	88.43
Total financial liabilities		6,423.91	6,423.91	6,254.29	6,254.29

The management assessed that cash and cash equivalents, trade receivables, other receivables, trade payables and other current financial liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments. Other non-current financial assets and non-current borrowings bear a market interest rate and hence their carrying amounts are also considered a reasonable approximation of their fair values.

39B Financial risk management

The Company's activities expose it to market risk, liquidity risk and credit risk. The Company's board of directors has overall responsibility for the establishment and oversight of the Company's risk management framework. This note explains the sources of risk which the entity is exposed to and how the entity manages the risk and the related impact in the financial statements.

A) Credit risk

Credit risk is the risk that a counterparty fails to discharge an obligation to the company. The company is exposed to this risk for various financial instruments, for example by granting loans and receivables to customers, placing deposits, etc. The company's maximum exposure to credit risk is limited to the carrying amount of following types of financial assets.

- cash and cash equivalents,
- trade receivables,
- loans & receivables carried at amortised cost, and
- deposits with banks

Credit risk management
Credit risk rating

The Company assesses and manages credit risk based on internal credit rating system, continuously monitoring defaults of customers and other counterparties, identified either individually or by the company, and incorporates this information into its credit risk controls. Internal credit rating is performed for each class of financial instruments with different characteristics. The Company assigns the following credit ratings to each class of financial assets based on the assumptions, inputs and factors specific to the class of financial assets.

A: Low

B: Medium

C: High

Assets under credit risk –

Credit rating	Particulars	31 March 2021	31 March 2020
Low	Loans	49.87	49.43
	Investments	0.32	0.32
	Cash and cash equivalents	19.65	613.18
	Trade receivables	2,131.49	1,699.88

Cash & cash equivalents and bank deposits

Credit risk related to cash and cash equivalents and bank deposits is managed by only accepting highly rated banks and diversifying bank deposits and accounts in different banks.

Trade receivables

Company's trade receivables are considered of high quality and accordingly no life time expected credit losses are recognised on such receivables.

Other financial assets measured at amortised cost

Other financial assets measured at amortized cost includes advances to employees. Credit risk related to these other financial assets is managed by monitoring the recoverability of such amounts continuously, while at the same time internal control system in place ensure the amounts are within defined limits.

Notes to the Financial Statements for the year ended 31 March 2021
(All amounts in INR Lakhs, unless otherwise stated)
B) Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due. Due to the nature of the business, the Company maintains flexibility in funding by maintaining availability under committed facilities. Management monitors rolling forecasts of the Company's liquidity position and cash and cash equivalents on the basis of expected cash flows. The Company takes into account the liquidity of the market in which the entity operates. In addition, the Company's liquidity management policy involves projecting cash flows in major currencies and considering the level of liquid assets necessary to meet these, monitoring balance sheet liquidity ratios against internal and external regulatory requirements and maintaining debt financing plans.

Maturities of financial liabilities

The amounts disclosed in the table are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances as the impact of discounting is not significant.

31 March 2021	Less than 1 year	1-5 year	More than 5 years	Total
Borrowings	2,488.35	3,571.63	-	6,059.98

Other financial liabilities	214.93	-	-	214.93
Total	2,852.28	3,571.63	-	6,423.91

31 March 2020	Less than 1 year	1-5 year	More than 5 years	Total
Borrowings	1,840.64	999.83	3,223.47	6,063.94
Trade payable	101.92	-	-	101.92
Other financial liabilities	88.43	-	-	88.43
Total	2,030.98	999.83	3,223.47	6,254.29

C) Market risk
a) Interest rate risk

The Company is not exposed to changes in market interest rates as all of the borrowings are at fixed rate of interest. Also the Company's fixed deposits are carried at amortised cost and are fixed rate deposits. They are therefore not subject to interest rate risk as defined in Ind AS 107, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

b) Price risk
Exposure

The Company's exposure to price risk arises from investments held and classified as FVTPL. To manage the price risk arising from investments in mutual funds and equity investment, the Company diversifies its portfolio of assets.

Sensitivity

Below is the sensitivity of profit or loss and equity to changes in fair value of investments, assuming no change in other variables:

40 Capital management

The Company's capital management objectives are

- to ensure the Company's ability to continue as a going concern
- to provide an adequate return to shareholders

Management assesses the Company's capital requirements in order to maintain an efficient overall financing structure. This takes into account the subordination levels of the Company's various classes of debt. The Company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets.

45 Impact of Covid-19:

On account of COVID-19 pandemic, nationwide lockdown was imposed by Government of India effective March 24, 2020 which extended for a couple of months in varied parts of the country and in varied forms. The outbreak of Coronavirus (COVID-19) Pandemic globally and in India has caused significant disturbance and slowdown of economic activity. Consequent to these uncertainties caused due to continuation of pandemic, the Company has considered the possible effects that may result from the pandemic relating to Covid-19 in the preparation of these financial statements and has done a detailed assessment for carrying amount of financial and non-financial assets and does not anticipate any impairment to these assets. Also, the management does not see any risks in the Company's ability to continue as a going concern and meeting its liabilities as and when they fall due. The situation though is changing rapidly giving rise to inherent uncertainty around the extent and timing of the potential future spread of COVID-19 and due to which the Company will continue to closely monitor any material changes to future economic conditions. if any.
