The NCC Way

Legendary Greek artificer Daedalus created labyrinth which is generally considered synonymous with maze.

Maze denotes a complex and confusing series of pathways. Maze is used popularly as a game for testing and improving navigating skills and consists of tricky routes with twists and turns.

Beyond game, it becomes a business reality with many businesses often getting stuck in the complex pathways of maze formed by macroeconomic and market forces. It needs skills, attentiveness and judicious moves to get out of the fatal traps of a maze. During such maze like economic situations, capability of businesses to withstand recessionary impacts and ability to find the way is tested.

In the last few years, construction industry as a whole has been in turmoil with most of the companies in this sector finding themselves in a maze.

At NCC we took a differentiated approach by making the right decisions during these tough times and have successfully managed to come out of the intricate situation. **Rights issue, strong execution, cost cutting, tight control on receivables and being selective while bidding for projects** have helped NCC to strengthen itself and grow. Our endeavour to improve operational efficiency during hard times and delivering performance is distinctive in its own terms and indeed The NCC way to get away from the maze.

From the Desk of Chairman Emeritus

Dear Shareholders,

Greetings from NCC!

The financial year 2014-15 was a tough year for NCC mainly because of the volatile and unfavourable macroeconomic factors. During the year, the Company undertook several initiatives that helped it to successfully wade through the tough external environment. Our focus was on prudent use of resources, strong execution & managing risks that enabled the Company to withstand the difficult times.

The outcome is indeed a good performance by your company in 2014-15 on all the key performance indicators proving its mettle.

“ NCC is equipped to capitalise on the emerging opportunities. Our proven operational and strategic skills coupled with our ability to align with corporate governance and statutory compliances make us one of the most resilient infrastructure companies in India ”

For the Indian economy the year 2014-15 was a mixed bag of concerns as well as positive expectations. After coming to power in May 2014, the new government launched some initiatives for transforming the troubled infrastructure sector. However, the immediate revival of infrastructure sector would require increased public spending and structural and policy changes. Hopes of increase in public spending under the new Government are yet to fully materialise given that its current focus is on reducing fiscal deficit.

Some of the key initiatives rolled out by the Government in infrastructure segment include fast-tracking of the construction of freight corridors, Sagar Mala project (interconnecting coastal cities via road, rail, ports, etc.), development of smart cities, setting up of five Ultra Mega Power Projects (UMPPs), and the cleaning of the river Ganga. A number of road and transmission projects have also been ordered. The budgetary allocation in FY-16 for the road segment alone is increased to approximately ₹ 429 bn as against Rs 289 bn in the previous year's budget.

Considering that infrastructure is the backbone of any economy, reforming the troubled infrastructure sector needs visionary planning followed by precise implementation. The performance of a host of other sectors including agriculture, consumer goods, logistics, pharmaceuticals, tourism etc. rests on the shoulders of the country's infrastructure.

I personally believe that this government has pointed the compass in the right direction and we should see some bold reforms coupled with strong implementation coming out in due course that would revive the slowed activity in construction sector.

With GDP growth expected to be over 8% in FY-16 and economic rebound also expected to be round the corner, NCC is equipped to capitalise on the emerging opportunities. Our proven operational and strategic skills coupled with our ability to align with corporate governance and statutory compliances make us one of the most resilient infrastructure companies in India and a preferred partner for all our clients, financial institutions, associates and suppliers.

I thank our management, staff, financial institutions & suppliers for extending their support to NCC in achieving an exceptional performance.

With Best Regards

Dr.A.V.S Raju

Discussion with Managing Director

The Key differentiators of NCC

The key factors that differentiate NCC from its peers include its well diversified business portfolio, pan India presence, talented and experienced people, strong internal systems and processes, commitment to customers, brand equity and our strategic approach to business. Our business portfolio is a mix of projects from all major segments of construction industry. It helps us in reducing risks as well as capitalizing on emerging opportunities in the sector.

This year specifically, when most construction companies including NCC were struggling to tide through the tough times, we differentiated ourselves by taking swift yet calculated decisions at the right times; the most notable step was the launch of the Rights Issue that helped the Company to not only survive the testing times but also surge ahead of its peers. This is a clear reflection of the vision, ability, grit and determination of “Team NCC” to face difficult times and come out successfully. This year’s annual report deservedly and rightly comes with the theme “The NCC Way”.

Comments on FY15 performance

The financial year 2015 has been a momentous year for us and our financial performance is a reflection of the same. As I mentioned earlier, from the last couple of years, the Company was undergoing a tough phase, which continued till early this year. Liquidity crunch and highly leveraged balance sheet were our main concerns. In October 2014, the Company successfully raised funds worth ₹ 6 bn from Rights Issue, which helped us in reducing debt and stabilising our operations.

A few other key measures that were taken by the Company to improve performance include tighter controls on receivables, cost cutting at various levels and selective bidding for projects. All this helped the Company to achieve a topline growth of around 36% and PAT improvement of 176% in FY15 over FY14. EBITDA margin also improved from 6.6% in FY14 to 7.8% in FY15. The Company’s topline performance exceeded all expectations partly on account of the EPC contract of Krishnapatnam Power Project, which contributed a turnover of ₹ 31 bn to the topline.

Status of Asset Monetisation

From the stake sale transaction in Krishnapatnam Power Project to SembCorp, the Company is expecting to realise the balance monies in FY16. The Government has issued a memorandum that allows the original promoters of a power plant to exit if significant level of investment has been made in the project. The Company is also on an active lookout for monetising two of its road BOT assets in FY16.

The above monetisation events would bring in additional liquidity into the Company that would be used partly towards reducing debt and partly to meet the working capital requirement.

On Emerging Opportunities

The success of the Government’s “Make in India” initiative inevitably requires support of strong infrastructure, specifically in the transportation segment, both roads and railways. This would throw up good opportunities for construction companies like us.

“ We have come out relatively unscathed in the recent meltdown in the construction and infrastructure space and are at a sweet spot to capture the emerging opportunities ”

A A V Ranga Raju
Managing Director

As an EPC player, we also see opportunity in government’s ‘100 smart cities’ initiative, proposed 5 Ultra Mega Power Projects (UMPPs), and in development of the new state capital of the state of Andhra Pradesh. Increased allocation for roads in Budget FY16 compared to last fiscal year would generate more opportunities in road sector.

Readiness of NCC to capitalise on opportunities

With more than three decades of relevant experience, the Company is well positioned in the market to take on new opportunities. Our pan India presence, track record of completing projects with high quality and within time, experience of executing large complex projects, and experienced & talented management team and workforce are some of the factors that enable us to capitalise on the new market opportunities.

We have come out relatively unscathed in the recent meltdown in the construction and infrastructure space and are at a sweet spot to capture the emerging opportunities.

Goals for FY16 and beyond

In FY16, the Company is expecting a slight dip in its topline as the contribution from the EPC works of Krishnapatnam Power Project will be lower. However, this dip is temporary in nature and from next year onwards, I expect a topline growth of at least 10%.

We are targeting to further improve our EBITDA, and are also focusing on reducing interest cost, which would help in improving the net profit.

A. Standalone

You will be glad to note that notwithstanding the difficult phase through which the Indian Construction Industry is passing your Company posted a turnover of ₹ 82969.43 million for the year ended 31st March, 2015 as against ₹ 61173.02 million in 2013-14. Gross Profit increased from ₹ 5583.88 million in 2013-2014 to ₹ 8444.21 million in 2014-15. After deducting financial charges of ₹ 5735.59 million, providing a sum of ₹ 1118.33 million towards depreciation and ₹ 472.37 million for income tax, the operations resulted in a net profit of ₹ 1117.92 million as against ₹ 405.15 million in 2013 -14.

After deducting financial charges of ₹ 7371.19 Million, providing for depreciation of ₹ 2765.93 Million and provision for tax of ₹ 512.06Million, the operations resulted in a net profit of ₹ 614.81Million as against ₹ 103.52 million in the previous year.

During the year the Company has successfully raised an amount of ₹ 5987 Million through issue of 29,93,47,778 Equity Shares of ₹ 2/- each at a premium of ₹ 18/- on Rights basis. The Issue received very good response from the shareholders and was oversubscribed to the extent of 1.14 times. We thank all the Shareholders for supporting the Company in times of great difficulties for the Construction Industry. Substantial portion of the amount raised through the Rights Issue was utilized for repayment of the Short Term Loans and NCDs, thereby the Company was able to reduce its debt and interest burden.

Proposed Dividend

Keeping in view the working capital requirements of the Company and the tight liquidity situation the Construction and Infrastructure Industry is passing through and the need for conserving the limited resources, your Board recommends Dividend of ₹ 0.40 per Equity Share of ₹ 2/- each (20%) for the consideration and approval of the members of the Company at the forthcoming Annual General Meeting. Management Discussion & Analysis

MACRO ECONOMIC REVIEW

The Indian GDP grew¹ at 7.3% in FY15 as against 6.9% in FY14. Industry growth increased to 5.9% and services sector growth increased to 10.6% in FY15. Agricultural sector growth slipped to 1.1% mainly on account of erratic monsoon.

Private consumption recorded a growth of 7.1%. Declining oil prices, weakening food inflation, improved job prospects, and a stable currency helped to lift the consumer confidence. The growth in capital formation was increased from 3.0% in 2013-14 to 4.1% in FY15.

Overall, the macroeconomic situation in India improved during 2014-15. Also, in view of the Government's commitment to reforms, the economic outlook for FY16 looks positive and a GDP growth of over 8% is expected in FY16 as per the projections of the Government.

A. INDIA'S INFRASTRUCTURE SECTOR

The infrastructure and construction sector remained stressed in FY15 and struggled to deal with structural issues and macro economic factors. Issues such as delays in land acquisition, delays in approvals, delays in payments, delays in settlement of claims, long working capital cycle etc., affected the progress of the projects and Companies. Most Companies have been struggling with liquidity crunch and with their highly leveraged balance sheets. In FY15, the tone of companies across the sector was to deleverage their balance sheets and regain financial strength. Several Companies raised funds through asset monetization, stake sale in subsidiaries, rights issues and Qualified Institutional Placements.

Despite the tough ride in FY15, the sector is likely to gradually emerge out of the difficult phase partly on account of the gradual economic recovery expected in FY16 and partly because of the initiatives taken by the new Government.

The new Government rolled out initiatives including easing of FDI norms for Construction, Railways, and Defence, liberalization of ECB policy, and providing incentives to promote Real Estate Investment Trusts (REITs) and Infrastructure Investment Trusts (InvITs).

The Reserve Bank of India (RBI) also introduced initiatives to ease funding availability to infrastructure projects such as providing incentives to banks in the form of exemption from CRR/SLR for long term bonds raised to lend to infrastructure sector, flexibility in refinancing norms for infrastructure projects by way of 5/25 structure etc. The progressive cut in repo rates by RBI was also welcomed by the industry.

In Union Budget FY 16, the Government allocated higher funds towards public sector infrastructure projects. The planned allocation for the Ministry of Road and Highways has increased significantly to ₹ 429 bn for the FY 16 from ₹ 289 bn in FY14-15. The capital outlay for railways has been increased by ₹ 101 bn to ₹ 1000bn.

The budget also proposes to set-up 5 Ultra Mega Power Projects (UMPPs) totaling 20 GW in the plug-and-play mode wherein all clearances and linkages will be obtained before the award of project. It has also proposed some large infrastructure projects like building 100 smart cities and Sardar Patel Urban Housing Mission, which will provide long term infrastructure opportunities. In the railways sector, the focus is on faster execution of Dedicated Freight Corridor (DFC) which is an important on-going project.

It also proposes to introduce Public Contract Dispute Resolution Act, which would aim at quicker resolution of litigations/disputes in infrastructure projects. Also, the Government has proposed the lowering of the corporate tax rate over the next four years.

INDEPENDENT AUDITORS' REPORT

To The Members of
NCC Limited

Report on the Standalone Financial Statements

We have audited the accompanying standalone financial statements of **NCC LIMITED** ("the Company"), which comprise the Balance Sheet as at 31 March, 2015, the Statement of Profit and Loss, the Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information, in which are incorporated the Returns for the year ended on that date audited by the branch auditors of the Company's branches at Oman, Nepal and Sri Lanka ("the branches").

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these standalone financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the Company has in place an adequate internal financial controls system over financial reporting and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Holding Company's preparation and presentation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. The Company, its subsidiaries and jointly controlled entities collectively referred to as the "Group" is engaged in the infrastructure sector and is undertaking turn-key EPC contracts as well as BOT projects on Public-Private Partnership basis. The Group's range of verticals comprises of Buildings & Housing, Transportation, Water & Environment, Irrigation, Power, Electrical, Metals, Oil & Gas and International business.

2 Significant accounting policies:

2.1 Basis of Accounting and preparation of Consolidated financial statements:

The consolidated financial statements of the Company and its subsidiaries and jointly controlled entities (together the 'Group') have been prepared in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP) to comply with the Accounting Standards specified under Section 133 of Companies Act, 2013, read with Rule 7 of the Companies (Accounts) Rules, 2014 and the relevant provisions of the Companies Act, 2013 ("the 2013 Act") /Companies Act, 1956 ("the 1956 Act"), as applicable. The consolidated financial statements have been prepared on accrual basis under the historical cost convention.

2.2 Principles of Consolidation

The consolidated financial statements have been prepared on the following basis:

- a) The financial statements of the Company and its subsidiary companies have been consolidated on a line-by-line basis by adding together the book values of like items of assets, liabilities, income and expenses, after fully eliminating intra-group balances, intra-group transactions and resulting unrealised profits or losses on intra-group transactions as per Accounting Standard (AS) 21 - "Consolidated Financial Statements" specified under Section 133 of Companies Act, 2013.
- b) Interest in jointly controlled entities have been consolidated by using the 'proportionate consolidation' method as per Accounting Standard (AS) 27 - 'Financial Reporting of Interests in Joint Ventures' specified under Section 133 of Companies Act, 2013.
- c) In case of associates where the Company directly or indirectly through its subsidiaries holds 20% or more of equity, Investments in associates are accounted under the equity method as per Accounting Standard (AS) 23 - "Accounting for Investments in Associates in Consolidated Financial Statements" specified under Section 133 of Companies Act, 2013.
- d) The financial statements of the subsidiaries, the jointly controlled entities and the associates used in the consolidation are drawn up to the same reporting date as that of the Company, i.e. March 31, 2015 except one Associate.
- e) The excess of cost to the Group, of its investment in the subsidiaries and the jointly controlled entities over the Group's share of equity is recognised in the consolidated financial statements as Goodwill and tested for impairment annually. The excess of the Group's share of equity of the subsidiaries and jointly controlled entities on the acquisition date, over its cost of investment is treated as Capital Reserve. The Goodwill / Capital reserve is determined separately for each subsidiary company / jointly controlled entity and such amounts are not set off between different entities.
- f) Minority interest in the net assets of the consolidated subsidiaries is identified and presented in consolidated balance sheet separately from current liabilities and equity of the company.
- g) Minority Interest in the net assets of consolidated subsidiaries consists of:
 - i) The amount of equity attributable to minorities at the date on which investment in a subsidiary is made; and
 - ii) The minorities' share of movements in the equity since the date the parent subsidiary relationship came into existence.
- h) Minority interest in the net profit for the year of consolidated subsidiaries is identified and adjusted against the profit after tax of the group.
- i) Intra-group balances and intra-group transactions and resulting unrealised profits / loss has been eliminated.
- j) In case of foreign subsidiaries being non-integral foreign operations, revenue items are consolidated at monthly average of exchange rate prevailing during the year. All assets and liabilities are converted at the rates prevailing at the end of the year. Any exchange difference arising on consolidation is recognised in "Foreign Currency Translation Reserve".
- k) The consolidated financial statements are prepared to the extent possible using uniform accounting policies for like transactions and other events in similar circumstances and are presented to extent possible, in the same manner as the Company's separate financial statements.

2.3 Investments in subsidiaries, jointly controlled entities and associates not considered for consolidation have been accounted as per Accounting Standard (AS) 13- "Accounting for Investments" specified under Section 133 of Companies Act, 2013.

35 In respect of a subsidiary NCC International Convention Centre Limited the Consortium of M/s. NCC Limited - NCC Infrastructure Holdings Limited, was awarded the Project for Development of Andhra Pradesh International Centre at New Delhi, on Public-Private - Partnership mode, by Government of Andhra Pradesh/ Infrastructure Corporation of Andhra Pradesh (INCAP) vide Letter of Award dated October 6, 2008.

In pursuance of the Letter of Award, the Consortium submitted Bank Guarantee for ₹ 50.00 million towards bid security. The Consortium also remitted an amount of ₹ 50.00 million towards Project Development Fee and requested for deferment of balance of Project Development Fee of ₹ 250.00 million at the time of execution of the Development Agreement and for submission of Performance Security at the time of achieving Financial Closure. In response, vide letter dated October 30, 2008, INCAP agreed for payment of Project Development Fee by the Consortium within 30 days and submission of Performance Security at the time of execution of the Development Agreement.

As the development of the said project entailed an estimated investment of ₹ 10,640.00 million, to avail financial assistance from Bank (s), the Consortium addressed several letters to INCAP requesting them to provide documents relating to title deeds. But, the title documents relating to the project land were not furnished by INCAP.

Subsequently, Govt. of A.P vide G.O.Ms.No.8 dated February 20, 2009 cancelled the Letter of Award (LOA) dated October 6, 2008, alleging certain defaults on the part of the Consortium. The Consortium challenged the said cancellation of the Project and filed Writ Petition (WP No.3589/2009) before the High Court of Andhra Pradesh. During the pendency of the Writ Petition, the Govt. of Andhra Pradesh/ INCAP were directed to maintain status- quo with regard to the Bank Guarantee submitted against Bid Security.

The Hon'ble Single Judge vide his Orders dated June 26, 2009 dismissed W.P.No 3589/2009. Challenging the said orders, the Consortium filed Writ Appeal (W A MP 1771 of 2009 in WA No. 891/2009) as stay of operation of the orders of the Single Judge was not granted, INCAP encashed the Bank Guarantee for ₹ 50.00 million, provided towards Bid Security.

As per the Request for Proposal, Project Development Fee has to be remitted by the Developer (Consortium) and in view of the cancellation of LOA by the Government of Andhra Pradesh, the consortium cannot be deemed to be Developer. Accordingly, the consortium filed a Writ Appeal (W A M P No. 1805 2009 in WA no: 81 of 2009) seeking an order for refund of Project Development Fee of ₹ 50.00 million paid to INCAP.

The appeal and the petitions are to be listed for final hearing. Based on the Legal Counsel's opinion, that the company has fair chance of success in the Writ Appeal, the management is confident of recovering the Project Development Fee of ₹ 50.00 million paid to INCAP.

In addition to the above appeal the subsidiary has filed a Civil Suit against M/s Infrastructure Corporation of Andhra Pradesh (INCAP) before the City Civil Court, Hyderabad for recovery of ₹ 135 million, which includes interest @12% per annum, calculated up to the date of filing the suit.

Pending the outcome of the Writ Appeal the accounts of the subsidiary company have been drawn up on a going concern basis and the amount of ₹ 50 million paid towards Project Development Fee to INCAP has been shown as receivable from INCAP and grouped under Other Current Assets.

NCC Infrastructure Holdings Limited (NCCIHL), the subsidiary of the Company has, during the year 2012-13, entered into a Share Purchase Agreement (SPA) with TAQA Jyothi Energy Ventures Private Ltd (TAQA) for sale of 4,144,300 equity shares of ₹ 10/- each and 7,858,900 Zero Coupon Irredeemable Fully Convertible Debentures held by it in Himachal Sorang Power Limited (HSPL).

In terms of SPA, the sale of shares to be effected in two tranches viz initial sale and subsequent sale.

Initial Sale (on the date of the SPA) envisaged transfer of:

- i) 152,810 Equity Shares of ₹ 10/- each of HSPL held by NCCIHL and
- ii) 7,858,900 Zero Coupon Irredeemable Fully Convertible Debentures of ₹ 10/- each of HSPL held by NCCIHL

Notes forming part of the Consolidated financial statements

The transfer of shares as envisaged was completed and NCCIHL has realized the proceeds for said transfer.

In respect of Subsequent Sale in which transfer of 3,991,490 Equity Shares of ₹ 10/- each of HSPL held by NCCIHL is to be effected, NCCIHL received an amount of ₹ 499.52 million from TAQA towards gross consideration of ₹ 589.52 million. The amount received (net of estimated related costs to be incurred aggregating to ₹ 172.76 million) is treated as "Advance Sales Consideration received". As at the year end, the transfer could not be effected due to various reasons as detailed below.

In terms of SPA, NCCIHL should achieve wet commissioning by March 2014 within agreed cost of ₹ 8900.00 million. In case these conditions are not met NCCIHL shall be obliged to bear all the costs above estimated cost of the project of ₹ 8900.00 million, till wet commissioning, from the gross consideration.

NCCIHL could not achieve wet commissioning due to force-majeure events such as floods, etc and TAQA has taken control of operations of HSPL effective from March 2013 by taking over the majority control in the Board of Directors of HSPL. Further, TAQA also took over the management of the project of HSPL during November 2013.

During current year, TAQA has invoked arbitration proceedings under the SPA detailing various disputes / claims. NCCIHL denied all the disputes / claims in its entirety and raised Counter Claims and admitted that it will nominate its arbitrator for resolving the matter. Response to Notice of Arbitration was also sent to TAQA and HSPL.

During the year 2012-13, NCCIHL has estimated and made a provision of ₹ 519.57 million towards its obligation to meet cost over runs, contingencies, etc. TAQA has during the current period invoked bank guarantee. The net amount of ₹ 159.57 million (net of amount of bank guarantee invoked ₹ 360.00 million, submitted by NCCIHL as security) is presented under 'Short-term provisions – Obligation on sale of investments in HSPL'.

The Management is confident, based on legal advice, that there may not be any significant impact on financial statements as a result of outcome of arbitration proceedings.

The Management, at this juncture, does not foresee any adjustments to be made in the financial statements of NCCIHL. The adjustments, if any, required will be made on completion of said arbitration proceedings.

Hence, no provision for diminution in the value of investments has been made. Further, Management is of the opinion that the advances are fully recoverable and hence no provision has been made.
