The Indian economy is expected to embark on higher economic growth trajectory in FY18 owing to proactive measures taken by the government as well as favorable economic conditions expected to prevail during the course of the year. The main driving forces in FY18 would be Increased government spending in infrastructure, Pick up in private investment, Good monsoon, Expected surge in consumer spending with pent up demand being satiated. Certain threats, however, prevail in terms of upside risk to inflation, increasing global commodity prices especially crude oil prices, slower growth in investment and credit, rising bad loans issue and uncertain trade prospects with appreciating rupee and uncertain global economic conditions. Globally, protectionism adopted by the US and higher interest rates by the Fed, revival in European countries and higher growth in China causing diversion of funds from India could counter the prospective growth story of the country.

We have audited the internal financial controls over financial reporting of Munjal Auto Industries Limited ("the Company") as of March 31, 2017 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

### Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). ### Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and both issued by the Institute of Chartered Accountants of India. ### Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal

financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

#### Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

## 1. Significant Accounting Policies

### Company Overview

Munjral Auto Industries Limited is a manufacturing Company engaged in manufacture of Exhaust systems, Wheels, Rims, Fuel tanks and other components for Auto Industries.

### 1.1 Basis of Preparation of Financial Statement

These financial statements are prepared in accordance with Indian Generally Accepted Accounting Principles (GAAP) under the historical cost convention on the accrual basis and comply with mandatory accounting standards which are applicable under the provisions of the Companies Act, 2013. Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use, or as otherwise disclosed.

### 1.2 Use of Estimates

The preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported balances of assets and liabilities and disclosures relating to contingent liabilities as at the date of the financial statements and reported amounts of income and expenses during the period. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as the Management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

### 1.3 Revenue Recognition

Revenue is primarily derived from Sales of auto components.

- a) Sales are accounted inclusive of excise duty but net of Sales tax / Value added tax.
- b) Sales are recognized when substantial risk and rewards of ownership are transferred to customers.

Interest income is recognized on time proportion basis.

Dividend Income is recognized when the right to receive dividend is established

### 1.4 Provisions and Contingent liabilities

A provision is recognized if, as a result of a past event, the Company has a present legal obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by the best estimate of the outflow of economic benefits required to settle the obligation at the reporting date. Where no reliable estimate can be made, a disclosure is made as contingent liability. A disclosure for a contingent liability is also made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. Where there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

### 1.5 Employees Benefits

#### a. Gratuity

Liabilities with regard to the Gratuity Plan are determined by actuarial valuation at each balance sheet date using the projected unit credit method. Actuarial gains / losses are charged to revenue in the year in which they arise. The Company contributes to a scheme administered by the Life Insurance Corporation of India to discharge the liabilities to the employees by policy taken for this purpose with LIC of India in the name of "Munjral Auto Industries Limited Employees' Gratuity Trust".

#### b. Other long term employee benefits :

Other long-term employee benefit viz., leave benefit is recognized as an expense in the Statement of Profit and Loss as and when it accrues. The Company determines the liability using the Projected Unit Credit Method with actuarial valuation carried out as at the balance sheet date. Actuarial gains and losses in respect of such benefit are charged to the Statement of Profit and Loss.

c. Superannuation

The Company makes contribution to a scheme administered by the Life Insurance Corporation of India to discharge superannuation liabilities to the employees. The Company has no obligations to the Plan beyond its monthly contributions.

d. Provident Fund

Both the employees and the Company make monthly contributions to the provident fund equal to a specified percentage of the covered employees' salary. Contributions of the Company are recognized as expense in profit and loss account as and when these are incurred.

1.6 Fixed assets, Intangible Assets and Capital Work in Progress

Fixed assets are stated at cost, less accumulated depreciation and impairment, if any. Capital work-in-progress comprises of the cost of fixed assets that are not yet ready for their intended use at the reporting date. Intangible assets are recorded at the consideration paid for acquisition of such assets and are carried at cost less accumulated amortization and impairment.

Cost of leasehold land has been amortised over lease period.

1.7 Depreciation and Amortization

Depreciation has been provided as per straight-line method in the manner and at the rates specified in Schedule II of the Companies Act, 2013 except that in case of expenditure on software. In the opinion of management useful life of fixed assets broadly correspondence to life as specified in schedule II of the Companies Act, 2013 and the depreciation provided accordingly. Cost of software is amortised over 3 to 10 years considering its useful life.

1.8 Foreign Currency Transactions

Transactions in Foreign Currency are recorded at the rate of exchange prevailing on the date of the transaction. Monetary items denominated in foreign currencies outstanding at the year-end are restated in Indian Rupees at the rates prevailing on the date of the balance sheet.

Any gain or loss on account of exchange difference either on a settlement of the obligation or on a translation is recognized in the statement of Profit & Loss.

1.9 Income Taxes

Income tax is accrued in the same period that the related revenue and expenses arise. A provision is made for income tax annually, based on the tax liability computed, after considering tax allowances and exemptions. Provisions are recorded when it is estimated that a liability due to disallowances or other matters is probable. Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives rise to future economic benefits in the form of tax credit against future income tax liability, is recognized as an asset in the Balance Sheet if there is convincing evidence that the Company will pay normal tax after the tax holiday period and the resultant asset can be measured reliably. The Company offsets, on a year on year basis, the current tax assets and liabilities, where it has a legally enforceable right and where it intends to settle such assets and liabilities on a net basis.

The differences that result between the profit considered for income taxes and the profit as per the financial statements are identified, and thereafter a deferred tax asset or deferred tax liability is recorded for timing differences, namely the differences that originate in one accounting period and reverse in another, based on the tax effect of the aggregate amount of timing difference. The tax effect is calculated on the accumulated timing differences at the end of an accounting period based on enacted or substantively enacted regulations. Deferred tax assets in situation where unabsorbed depreciation and carry forward business loss exists, are recognized only if there is virtual certainty supported by convincing evidence that sufficient future taxable income will be available against which such deferred tax asset can be realized. Deferred tax assets, other than in situation of unabsorbed depreciation and carry forward business loss, are recognized only if there is reasonable certainty that they will be realized. Deferred tax assets are reviewed for the appropriateness of their respective carrying values at each reporting date.

Deferred tax in respect of Haridwar Unit availing deduction under section 80IC of Income Tax Act, 1961 in respect of timing differences which reverse during tax holiday period, are not recognized to the extent the income is subject to deduction.

## 1.13 Inventories

Inventories other than scrap are valued at cost or net realisable value whichever is lower. Cost includes cost of purchases and other cost incurred in bringing the inventory to their present location and condition. Cost is ascertained on weighted average method. Net realisable value is estimated selling price in ordinary course of business, less estimated cost necessary to make the sale.

Cost of Work in Process and Finished Goods include cost of materials and other inputs plus appropriate share of labour and overheads. Excise duty is included in the value of finished goods inventory.

## 1.14 Impairment of Assets

The Carrying amounts of fixed assets are reviewed at each balance sheet date to ascertain whether there is any indication of impairment in their value caused by any internal / external factors. An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount, recoverable amount being the greater of the assets' net selling price and value in use.

## 1.15 Operating Leases

Lease charges paid for operating leases are charged to profit and loss account on a straight-line basis over the lease term. Initial direct expenses at the time of inception of lease are charged to Profit & Loss Account.

### 2.28 ADDITIONAL INFORMATIONS

- A The Company as well as various industrial units in Waghodia have disputed their liability to pay octroi duty and hence the company deposited the amount of Rs. 15.45 lacs under protest which is held in a separate bank account in the name of Sarpanch, the Waghodia Gram Panchayat and the Company as the second party under a Court directive. By virtue of a subsequent notification of the State Government of Gujarat, the company, like other industrial units in the notified area of Waghodia, is not required to pay the octroi Duty from 19<sup>th</sup> July, 1997. The company believes it has no liability for octroi duty even for the earlier period. Therefore, the said amount of Rs.15.45 lacs (Previous Year Rs.15.45 lacs) is included in Balance Sheet under the head "Loans & Advances" and no provision is made for liability of octroi in this respect. In the absence of clarity regarding rights of respective parties, interest credited by the bank amounting to Rs.20.11 lacs (Previous Year: Rs.18.39 lacs) on the aforesaid amount till 31<sup>st</sup> March 2017 is not accounted for.

Explanatory statement under Section 102 of the Companies Act, 2013.

Item No. 5

Most of the provisions of the Companies Act, 2013 ('the Act') are now in force. The existing Articles of Association ("AoA") of the Company are based on the Companies Act, 1956. Not only several regulations in the existing AoA contain references to the specific Sections of the Companies Act, 1956, but some regulations in the existing AoA are no longer in conformity with the Act. Hence the existing set of AoA of the Company requires alteration or deletions. It is therefore considered expedient to replace the existing set of AoA with an entirely new set of AoA to align the AoA of the Company with the provisions of the Act. The proposed new draft AoA is being uploaded on the Company's website [www.munjalauto.com](http://www.munjalauto.com) for information of the shareholders and also kept available for inspection during 10 a.m. to 12 noon on all working days up to the date of the meeting.

Your Directors recommend and seek your approval to the resolution as set out in item no. 5 of the accompanying notice by way of Special Resolution.

None of the Directors / Key Managerial Personnel or their relatives shall be deemed to be concerned or interested in the resolution.

Item No. 6

The Equity Shares of your Company are listed and actively traded on National Stock Exchange of India Limited (NSE) and BSE Limited (BSE). In order to provide liquidity to the equity shareholders of the Company by increasing the available number of equity shares in the market as also to reward them by allotting bonus shares to them, your Directors' at their meeting held on 22<sup>nd</sup> May, 2017 have recommended issue of 1 (One) Bonus Equity Share of Rs. 2/- each for every 1 (One) fully paid up equity shares of Rs. 2/- each held.

On being approved, the Bonus shares are proposed to be allotted from free reserves/ surplus of the Company by capitalization of a sum not exceeding Rs. 10,00,00,000 (Rupees Ten Crores only). By allotment of 5,00,00,000 Bonus Equity shares of Rs. 2/- each, the paid up equity share capital of the Company would stand increased from Rs. 10,00,00,000 to Rs. 20,00,00,000.

These fully paid up bonus shares will be distributed to those members whose name shall appear on its register of members or in the respective beneficiary account or with their respective Depository Participants, on the Record Date to be determined by the Board of Directors of your Company for the purpose of issue of Bonus shares in proportion of one Bonus Equity share for every one existing equity share held by them respectively on the Record Date.

The bonus shares so allotted shall rank paripassu in all respects with the existing equity shares of the Company except that they shall not be entitled to any Dividend or Bonus Shares that may be declared before the record date.

The proposal for issuance of Bonus Shares is beneficial to the members of the Company as well as to the Company.

Clause-I of the Articles of Association permits the Company to issue Bonus shares inter alia on being approved by the members.

Hence your Directors seek your approval to the resolution as set out in item no. 6 of the accompanying notice by way of Ordinary Resolution.

None of the Directors / Key Managerial Personnel or their relatives shall be deemed to be concerned or interested in the resolution except to the extent of their shareholding if any.
