I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by VISHAL BEARINGS LIMITED (hereinafter called the "Company"). The Secretarial Audit was conducted in a manner that provided us with a reasonable basis for evaluating corporate conduct/statutory compliances and expressing our opinion thereon.

Based on my verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the company has, during the audit period covering the financial year ended on 31st March, 2025 ('Audit Period') complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms & returns filed, and other records maintained by the company for the financial year ended on 31st March 2025 according to the provisions of:

- i) The Companies Act, 2013 (the Act) and the rules made there under issued by the Ministry of Corporate Affairs from time to time;
- ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made there under to the extent applicable;
- iii) The Depositories Act, 1996 and the Regulations and Byelaws framed there under;
- iv) Foreign Exchange Management Act, 1999 and the rules and regulations made there under to the extent applicable;
- v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act') as amended:
 - a) The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015; (SEBI LODR)
 - b) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - c) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - d) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018;
 - e) The Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021;
(was not applicable to the company during the period under review)
 - f) The Securities and Exchange Board of India (Issue and Listing of Non-

- Convertible Securities) Regulations, 2021;
(was not applicable to the company during the period under review)
- g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2021;
(was not applicable to the Company during the period under review);
- h) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993;
(was not applicable to the Company during the period under review)
- i) The Securities and Exchange Board of India (Buyback of Securities), Regulations, 2018
(was not applicable to the company during the period under review)
- vi) The Following Industry Specific Laws:
 - a) Factories Act, 1948
 - b) Contract Labour (regulation & Abolition) Act, 1970
 - c) Industrial Laws
 - d) Environmental and Prevention of pollution Laws
 - e) Legal Metrology Act, 2009
 - f) Competition Act, 2002

I have also examined compliance with the applicable clauses of the Secretarial Standards (SS – 1 and SS – 2) issued by the Institute of Company Secretaries of India. During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, and Standards, as mentioned above to the extent applicable to them.

I further report that The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Independent Directors. Adequate notices were given to all the directors and members to schedule the Board and Committee meetings respectively, agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meetings.

All decisions at the Board and Committee meetings were taken unanimously as recorded in the minutes of the meetings of the Board of Directors or Committees of the Board, as the case may be.

I further report that there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

STATEMENT OF CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION AND FOREIGN EXCHANGE EARNINGS AND OUTGO

[PURSUANT TO SECTION 134(M) OF THE COMPANIES ACT, 2013 READ WITH THE COMPANIES (ACCOUNTS) RULES, 2014]

A. CONSERVATION OF ENERGY:

(i) Steps taken or impact on conservation of energy:

The Company is committed to sustainable practices and continues to take proactive steps to enhance energy conservation and operational efficiency across all its plants and offices.

1. Installation of rooftop solar systems
2. The company's electricity consumption is controlled with efficient monitoring mechanisms and employee training in energy conservation.
3. Electrical infrastructure in the company is fully geared to automatically conserve the valuable energy resources.
4. Electricity consumption has always been under control with judicious consumption.

(ii) Steps taken by the company for utilizing alternate sources of energy:

VBL has invested in the solar project (rooftop) and became fully operational.

(iii) Capital Investment in energy conservation equipments: None

B. TECHNOLOGY ABSORPTION:

(i) Efforts made towards technology absorption:

Installation of latest machines/equipment

In-house seminars, discussion with Experts and training for improving technology

(ii) Benefits derived like product improvement, cost reduction, product development or import substitution:

Modification of processes are continuous process to improve productivity, product quality and reducing the consumption of energy and reduction of manpower.

(iii) In case of imported Machinery

No technology has been imported by the Company during the year.

C. FOREIGN EXCHANGE EARNINGS AND OUTGO:

Total foreign exchange earnings during the year	:	-	Rs.66.98
Total foreign exchange used for operations	:	-	-

Value of imports calculated on CIF basis by the company during financial year in respect of

Raw materials & Parts	-	Rs.3782.56

ANNUAL REPORT ON CORPORATE SOCIAL RESPONSIBILITY (CSR) ACTIVITIES

(Pursuant to Section 135 of the Companies Act, 2013 and Companies (Corporate Social Responsibility Policy) Rules, 2014)

BRIEF OUTLINE ON CSR POLICY OF THE COMPANY

The Company is committed on adopting responsible and sustainable business practices that integrate economic performance with environmental stewardship and social well-being. Our CSR philosophy is rooted in the belief that long-term business success is inseparable from the well-being of communities and ecosystems in which it operates.

Our CSR Policy aims to provide a dedicated approach to community development in the areas of education, healthcare, women empowerment, environmental sustainability, rehabilitating the destitute, preserving Indian art and culture, rural development, and disaster relief. We contribute to serving the development of people by shaping their future with meaningful opportunities, thereby accelerating the sustainable development of society while preserving the environment and making our planet a better place today and for future generations.

We aim to make a meaningful contribution towards building a resilient, equitable, and sustainable future for all.

FOCUS AREAS

- Promoting education and enhancing vocational skills
- Promoting healthcare, including preventive healthcare
- Promoting gender equality by empowering women
- Environmental sustainability and ecological balance
- Destitute care and rehabilitation

MANAGEMENT DISCUSSION AND ANALYSIS

Pursuant to Regulation 34(3) and Para B of Schedule V of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and the amendments thereof, details of the Management discussion and analysis are given below:

INTRODUCTION

The Vishal Company designs and manufactures a growing portfolio of engineered bearings products, and related services. With more than a century of knowledge and innovation, the Company continuously improves the reliability and efficiency of global machinery and equipment to move the world forward.

Vishal's Engineered Bearings segment features a broad range of product designs serving original equipment manufacturers (OEMs) and end-users worldwide. Vishal is an authority on tapered roller bearings and leverages its position by applying engineering know-how and technology across its entire bearing portfolio, which includes tapered, spherical and cylindrical roller bearings; plain bearings, metal-polymer bearings and rod end bearings; thrust and specialty ball bearings; and housed or mounted bearings.

Vishal creates value by understanding customer needs and applying its know-how to serve a broad range of customers in attractive markets and industries across the globe. The Company's business strengths include its product technology, end-market diversity, geographic reach and after-market mix. Vishal collaborates with OEMs to improve equipment efficiency with its engineered products and captures subsequent equipment replacement cycles by selling largely through independent channels in the aftermarket.

GLOBAL ECONOMY

The global roller bearings market size was valued at USD 21.05 billion in 2018 and is projected to reach USD 32.45 billion by the end of 2032, exhibiting a CAGR of 2.9% during the forecast period.

The growing usage of heavy machinery and equipment, mainly in manufacturing facilities and automotive industry, is supplementing the market trend. Adoption of high-performance industrial machinery and demand for customized machines for conducting complex operations and task specificity is driving the market growth. Generally, roller bearings are featured with antifriction components that reduce friction, high resistance, which leads to increase mobility, increase higher load capacity, and life span of machines. Furthermore, machine tools that are used across construction, mining, and agricultural sectors require high precision roller bearings to sustain heavy loads and reduce energy consumption.

Therefore, the demand for large diameter roller bearings is projected to increase across these sectors. Similarly, the rise in investment projects in mining, infrastructure development, and the increasing number of offshore wind farms is closely linked to the growth of roller bearings market. The key manufacturing players are investing in their research and development activities and launching new advanced solutions to their existing product line to strengthen their market reach and maintain their position in the competitive market.

INDIAN ECONOMY

Over the past decade, India has transitioned from being the 10th largest economy globally to securing its position as the fourth-largest economy, with a GDP of US\$ 4.19 trillion in the year 2025. This ascent represents a remarkable phase of metamorphic growth, reflecting the nation's strong macroeconomic fundamentals and resilience in the face of global

challenges, including the aftermath of the COVID-19 pandemic, geopolitical tensions, and commodity price volatility.

India's economy continued to demonstrate robust growth amidst global headwinds. With GDP expected to grow between 6.80% and 7.00% in FY 2024-25, the manufacturing sector remains a critical pillar of development.

ROLLER BEARING INDUSTRY

Roller Bearings are a type of rolling-element bearing that uses cylinders (rollers) to maintain the separation between the moving parts of the bearing (as opposed to using balls as the rolling element). The purpose of a roller bearing is to reduce rotational friction and support radial and axial loads. Compared to ball bearings, roller bearings can support heavy radial loads and limited axial loads (parallel to the shaft).

Global core Roller Bearing manufacturers include SKF, Schaeffler etc. The top 5 companies hold a share of about 60%. Europe is the largest market, with a share about 24%, followed by China and North America with the share about 23% and 19%.

The global Roller Bearing market is valued at US\$ 19220 million in 2020. The market size will reach US\$ 29630 million by the end of 2027, growing at a CAGR of 5.4% during 2021-2027.

Bearings are antifriction components that help improve the mobility of components. Different types of bearings are manufactured depending on the task specificity, such as roller bearing, sensor bearings, plain bearings, ball bearings, and others. Roller bearings are equipped with cylindrical rollers with high radial load capacity. The increase in demand for roller bearings is directly related to the growth in production of high-performance industrial machinery.

Increase in usage of heavy machinery in the construction industry and high demand for application specific bearings drive the market. Rise in investment projects in mining, infrastructure development, and transport infrastructure development fuel the growth of the market. Moreover, increase in number of offshore wind farms results in greater adoption of roller bearings. However, roller bearings incur high installation costs and complex maintenance operations are few factors that are expected to hamper the growth of the market.

The global roller bearings market is segmented on the basis of product type, end-user industry, and geography. On the basis of product type, the market is classified into tapered, needle, spherical, cylindrical, and thrust. Based on the end-user industry, the market is divided into electrical, automotive, agriculture, construction, energy & power, and others (general engineering, aerospace). By geography, the market is analysed North America, Asia-Pacific, Europe, and LAMEA.

The key players operating in the global roller bearings industry are NTN Corp., SKF AB, Brammer, NBI Bearings, RCB Bearing, Timken, Schaeffler AG, NSK Ltd., C&U Group, and JTEKT Corporation.

ENGINEERED BEARINGS

The Vishal Bearing portfolio features a broad range of engineered bearing products, including tapered, spherical and cylindrical roller bearings; pain bearings and rod end bearings; thrust and specialty ball bearings; and housed bearings.

A bearing is a mechanical device that reduces friction between moving parts. The purpose of a bearing is to carry a load while allowing a machine shaft to rotate freely. The basic

elements of the bearing generally include two rings, called races; a set of rolling elements that rotate around the bearing raceway; and a cage to separate and guide the rolling elements. Bearings come in a number of designs, featuring tapered, spherical, cylindrical or ball rolling elements. The various bearing designs accommodate radial and/or thrust loads differently, making certain bearing types better suited for specific applications.

Selection and development of bearings for customer applications and demand for high reliability require sophisticated engineering and analytical techniques. High precision tolerance, proprietary internal geometries and quality materials provide Vishal bearings with high load-carrying capacity, excellent friction-reducing qualities and long service lives. The uses for bearings are diverse and can be found in transportation applications that include premium passenger cars and trucks, heavy trucks, helicopters, airplanes and trains.

MARKET SEGMENTATION

Manufacturing companies are emphasizing reducing the weight of the bearings in order to lessen vehicle emission and improve the efficiency of the vehicles. This significant move in the bearings industry is fueling the global roller bearings market share. The automobile industry is focusing on manufacturing light weight bearings, especially in modern cars and SUVs. Moreover, light weight bearings consist of high durability and stiffness. Integration of such bearings have widely been adopted in electric vehicles as high durability will lower the load on the engine and increase the life span of the vehicles further enlarging the market size.

Within product type, the cylindrical roller bearings held the highest market share in 2018, due to an increase in demand for heavy machinery where high speed and loads are involved. Moreover, the cylindrical bearings are designed in order to lower stress generated during operations. These bearings are widely adopted in end use verticals mainly automotive and aerospace industry as the spare and consumables are attached to the important point of contact.

Tapered roller bearings are anticipated to drive the market in the forecast period as they are specifically designed to handle radial and axial forces simultaneously. The major application of tapered bearings is integrated into medical equipment, defense equipment, etc. The adoption of spherical roller bearings is anticipated to be moderate in the forecast period owing to its ability to withstand shock loads, reliability, ease in mounting and erecting. Moreover, the application of spherical roller bearings is growing in the international market and exploring its reach to almost every industry vertical mainly automotive and aerospace sector.

INDUSTRY STRUCTURE AND DEVELOPMENT

The Company is in the Business of Ball and Roller Bearings which has applications in Automobiles, pumps, gear boxes, heavy earth moving equipments and industrial sectors. Predominantly the Company deals in Bearings required by the Automobile Industry and gear boxes. The growth of the Bearing Industry is primarily dependent on the growth of OEM and After-Sales Markets and can be more closely related with the Automotive and Industrial Sectors.

Most of the demand for bearings in the Indian Market comes from the automobiles sector, whereas the requirement for Industrial Bearings is well spread out over different varieties of bearings. There is a wide range of different kinds of bearings and in different sizes with specific purposes depending on the end application of bearings. Whereas there are many Indian players in the production of different types of bearings, most of them are producing

automobile bearings, while some are producing bearings which find use in the Industrial sector.

Roller bearings have wide ranging applications and are critical to industrial progress. With the world's industrial nations planning to move their supply chain away from China, and India likely to be one of the beneficiaries of such a move, it would continue to remain a fast-growing major economy in the world and is expected to be one of the top three global economic powers over the next decade. Market growth in the Indian mobility industry for both people and goods have a very large potential given the geographical spread and size of population- an aspirational young population spurs personal mobility while the need to establish strong supply chains between producers and markets drives growth for goods mobility. Also new vehicle models are being constantly introduced; there is expansion of the public transport systems, dedicated freight corridors for movement of farm produce.

Your Company's installed manufacturing capacity will enable it to continue offering a wide range of products to its customers once demand revives. Customer relationships and contact are the focus areas to reassure them that quality products delivered in a timely and cost-efficient manner will be our priority.

FUTURE OUTLOOK

India is rapidly emerging as a global hub for auto component design and manufacturing, driven by increased global OEM sourcing, rising indigenization, and supportive policy frameworks. Under the Self-Reliant India initiative, the industry is targeting a significant reduction in its INR 1 trillion (US\$ 13.6 billion) import bill over the next few years, creating strong growth opportunities for both existing players and new entrants. Backed by a growing middle class and favorable demographics, market demand is expected to remain robust. Between April 2000 and December 2023, the sector attracted US\$ 35.65 billion in FDI, reflecting investor confidence. The government's PLI Scheme, with an outlay of US\$ 7.8 billion specifically for the auto and components sector, is expected to generate capex of over INR 74,850 crore in five years.

Significant investment is also being made in R&D infrastructure, with both Indian and global manufacturers expanding capabilities in simulation, engineering, and digital innovation. Saturation in traditional markets has prompted component makers to explore untapped regions in East and Central India. Meanwhile, the continuation of FAME-II with an allocation of INR 1,500 crore and the rollout of the Bharat NCAP program are set to enhance vehicle safety standards and drive innovation in advanced components. By FY 2028, the auto industry aims to invest over US\$ 7 billion to localize high-value components like EV motors and automatic transmissions, aligning with the global "China Plus One" strategy and reinforcing India's role in the global automotive value chain.

- The medium to long-term outlook remains positive OEM production is expected to grow with increasing mobility demand and infrastructure-led rural development.
- Government incentives and localization policies will continue to support growth.
- The Company plans to:
 - Diversify product applications into off-road and industrial segments.
 - Invest in R&D to support the transition towards lightweight, high-performance products.

OPPORTUNITIES AND THREATS

The long-term prospects for the Indian economy remain bright owing to the growth of internal consumption. Demand for personal vehicles will be driven by the aspirations of the

rising middle class with improving purchasing power and disposable incomes. Rapid urbanization will drive the need for public transportation. As India addresses the twin challenges of inclusive growth and sustainability, even a normal monsoon, with improved availability of rural finance, will positively influence demand for motorcycles as well as agricultural tractors. The overall mobility sector is expected to benefit from continued growth in the longer term.

The domestic bearing industry is facing the following threats:

- a) The menace of spurious bearings continues to adversely affect the industry. As per estimates roughly one in every four bearings sold in the replacement market is fake/ of inferior quality presenting a threat to unsuspecting users. The problem continues owing to the slow legal process, in spite of industry-wide efforts to thwart unscrupulous suppliers.
- b) With global demand weakening resulting in idle/ low utilization of installed capacities, the industry must work on enhancing operational efficiencies and flexing costs further with supply chain readiness to help counter these additional costs.
- c) Regulatory demands on emission levels, improved safety norms, higher expectations for improved reliability of the vehicles and the need for readiness to meet requirements for the new fuel efficient and environmentally friendly vehicles may result in need for investments in newer technology, research, and development. This could cause a higher burden of fixed costs. Of course, the industry and your Company have to continuously explore ways and take all measures to produce consistently high-quality products cost effectively to counter the threat of cheap imports.

FUTURE CHALLENGES

- Adapting to fast-paced technological changes in the automotive sector.
- Sustaining margins amidst rising input costs and competitive pricing pressure.
- Managing capacity expansion and skilled workforce availability.
- Ensuring compliance with evolving emission and environmental standards.
- Sustained investment in R&D and technology for next-gen products.
- Scaling up aluminium casting operations without compromising quality

RISKS & CONCERNS

The Audit Committee and Board of Directors of the Company regularly overview external and internal risks associated with the operations of the Company and carries out its impact assessment and effective implementation of the mitigation plans and risk reporting is conducted.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Company has proper and adequate Internal Audit System in place that promotes reliable financial reporting, safeguards assets, encourages adherence to fair management and ethical conduct. REPORT ON CORPORATE GOVERNANCE

[Pursuant to Regulation 34(3) read with Schedule V of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015]

COMPANY'S PHILOSOPHY ON CORPORATE GOVERNANCE

Corporate Governance refers to, but not limited to, a set of laws, regulations, good practices, and systems that enable an organization to perform efficiently and ethically to generate long-term wealth and create value for all its stakeholders. Sound governance practices and responsible corporate behaviour contribute to superior long-term performance of an organization. Corporate Governance is the creation and enhancement of long-term sustainable value for our stakeholders through ethically driven business processes.

Company's philosophy on the code of governance centres on promoting responsible business practices that prioritize the well-being of customers, stakeholders, and the environment. The Company believes that effective governance requires transparency, accountability, integrity, and assurance in all aspects of the business. To achieve this, the company's code of governance establishes clear policies and procedures for ensuring compliance with regulatory requirements and industry standards, as well as providing guidance for ethical behaviour and decision-making. The Company focuses on creating an organization intended to maximize the wealth of shareholders, establish productive and lasting relationships with all shareholders with the emphasis laid on fulfilling the responsibility towards the entire community and society. The Company's products are marketed not only in India but also across the globe. The Company is, therefore, conscious of the fact that the management and the employees need to work ethically to achieve success.

The Company is committed to the principles of good corporate governance to achieve long term corporate goals and to enhance shareholders value by managing its operations at all levels with highest degree of transparency, responsibility, and delegation with equity in all facets of its operations leading to sharp focus and operationally efficient growth. The spirit of Corporate Governance has prevailed in the Company and has influenced its decisions and policies. The strong internal control system and procedures and codes of conduct for observance by the Company's Directors and employees are conducive in achieving good corporate governance practices in the Company.

OTHER DISCLOSURE

MATERIALLY SIGNIFICANT RELATED PARTY TRANSACTIONS

The Company has not entered into any materially significant related party transaction during the year with any of the related parties which may have potential conflict with the interest of the Company. The related party transactions constitute contracts or

arrangements, made by the Company from time to time, with Companies in which Directors are interested. The Audit Committee reviews periodically the related party transactions and the Committee provided omnibus approval for related party transactions which are in ordinary course of business (repetitive in nature) and are on Arm's Length basis. All transactions covered under the related party transactions are regularly approved by the Board. There were no material transactions during the financial year 2024-25.

WHISTLE BLOWER POLICY

The Company has established a vigil mechanism by adopting a Whistle Blower Policy for Directors and employees to report genuine concerns in the prescribed manner. The Whistle Blower policy/vigil mechanism provides a mechanism for the Directors/employees to report violations, without fear of victimization, any unethical behaviour, suspected or actual fraud, violation of the Code of Conduct etc. which are detrimental to the organization's interest. The mechanism protects whistle blower from any kind of discrimination, harassment, victimization or any other unfair employment practice. It provides a mechanism for employees to approach the Chairman of Audit Committee. During the year, no such incidence was reported, and no personnel were denied access to the Chairman of the Audit Committee. The Whistle Blower Policy of the Company is available on its website.

UNCLAIMED DIVIDEND/ SHARES

Pursuant to the provisions of Section 124(5) of the Companies Act, 2013, if the dividend transferred to the Unpaid Dividend Account of the Company remains unpaid or unclaimed for a period of seven years from the date of such transfer then such unclaimed or unpaid dividend shall be transferred by the Company along with interest accrued, if any to the Investor Education and Protection Fund ('the IEPF'), a fund established under sub-section (1) of section 125 of the Act.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF 'VISHAL BEARINGS LIMITED'

Report on Audit of the Standalone Financial Statements

OPINION

We have audited the accompanying Financial Statements of Vishal Bearings Limited ("the Company"), which comprise the Balance Sheet as at 31st March 2025, the Statement of Profit and Loss (Including Other Comprehensive Income), the statement of Changes in Equity (if any), the Statement of Cash Flow for the year ended on that date and notes to the Financial Statements including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Financial Statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March 2025, and its profit (Including other comprehensive income), its Cash Flows and the Statement of Changes in Equity for the year ended on that date.

BASIS FOR OPINION

We conducted our audit of the Financial Statement in accordance with the standards on auditing ("SA's") specified under section 143 (10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's responsibilities for the audit of the Financial Statements section of our report. We are independent of the Company in accordance with the code of ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the Financial Statements under the provisions of the Act and the rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's code of ethics.

We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Financial Statements.

KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Financial Statements for the financial year ended 31st March 2025. These matters were addressed in the context of our audit of the Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Based on our audit of Financial Statements of the Company for the period under review, we did not come across any material Key Audit Matters to be communicated in our report.

EMPHASIS OF MATTER

We draw attention to Clause 2(b) of Annexure-B to this report on material differences in amounts reported in quarterly statements filed by the company as compared to the books of accounts. In the opinion of the managements of the company, the said quarterly statements need to be submitted on respective due dates, pending the finalization of books of accounts.

However, the books of accounts are to be considered as final, hence our opinion is not modified in this regards.

INFORMATION OTHER THAN THE FINANCIAL STATEMENTS AND AUDITOR'S REPORT THEREON

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility and Sustainability Report, Corporate Governance and Shareholder's Information, but does not include the Financial Statements, and our auditor's report thereon.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

RESPONSIBILITIES OF MANAGEMENT AND THOSE CHARGED WITH GOVERNANCE FOR THE FINANCIAL STATEMENTS

The Company's Management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation and presentation of these Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and Cash Flows of the Company in accordance with the accounting principles generally accepted in India, including Indian Accounting Standards ('Ind AS') Specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Management and Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Company's Board of Directors are also responsible for overseeing the Company's financial reporting process.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are

considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has an adequate internal financial controls with reference to Financial Statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management and Board of Directors.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal financial control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in

extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

1. As required by section 143(3) of the Act, based on our audit we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, Statement of Profit and Loss including Other Comprehensive Income, statement of changes in Equity and the Statement of Cash Flows dealt by this Report are in agreement with the books of account.
 - d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act read with the Companies (Indian Accounting Standard) Rules, 2015 as amended;
 - e) On the basis of the written representations received from the Directors of the Company as on March 31, 2025, taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2025, from being appointed as a director in terms of Section 164 (2) of the Act.
 - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to financial Statements.
 - g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended: In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
 - h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - 1) There were no pending litigations except for litigation as referred to Note 28 to the financial statements. However, the amount of the same would not impact the financial position of Company.
 - 2) The Company has made all material provisions, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts.
 - 3) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
 - 4)
 - a) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or

share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

- b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person(s) or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of rule 11(e), of the Companies (Audit and Auditors) Rules, 2014, as provided under (a) and (b) above, contain any material misstatement.
- 5) The Company has neither declared nor paid any dividend during the year.
- 6) Based on our examination which included test checks, except for instances mentioned below, the Company, in respect of financial year commencing from 01 April 2024 has used accounting software's for maintaining its books of accounts, which have a feature of recording audit trail (edit log) facility and the same has operated for all relevant transactions recorded in the respective software. Further, during the course of our audit, we have not come across any instance where the audit trail (edit log) facility has been tampered with, other than the consequential impact of the exception given below:

Nature of exception noted:	Details of Exception:
Instances of accounting software(s) for maintaining books of account which did not have a feature of recording audit trail (edit log) facility for all relevant transactions recorded in the software.	The software/application used for maintaining Payroll, Invoice Billing and Inventory Management does not have a feature of recording audit trail (edit log) facility both at the application level and database level.

2. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

ANNEXURE-A TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of **VISHAL BEARINGS LIMITED** of even date)

Report on the Internal Financial Controls with reference to Financial Statements under Clause(i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to financial Statements of **VISHAL BEARINGS LIMITED** ("the Company") as of March 31, 2025, in conjunction with our audit of the financial statements of the Company for the year ended on that date.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on the internal financial controls with reference to financial Statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI") and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to Financial Statement. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial reporting included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is insufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

MEANING OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO FINANCIAL STATEMENTS

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles.

A company's internal financial control with reference to financial statements includes those policies and procedures that:-

- 1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- 2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- 3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO FINANCIAL STATEMENTS

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected.

Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2025, based on the criteria for internal control with reference to financial Statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE-B TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' section of our Report to the Members of **VISHAL BEARINGS LIMITED** of even date)

In terms of the information and explanations sought by us and given by the Company and the books of accounts and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that:

1. a) in respect of the Company's Property, Plant and Equipment, Right-of-use assets and Intangible Assets;
 - (a) The company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipments except in case of certain assets of plant and machinery where the Company is in process of updating the quantitative and other details.
 - (b) The company does not have any intangible assets during or as at the end of the year, therefore the provisions of this sub-clause are not applicable to the company.
- b) The Company has a programme of physical verification of the Property, Plant and Equipment and right-of-use assets so to cover all the assets in a phased manner which, in our opinion, is reasonable having regard to the size of the Company and nature of its assets. Pursuant to the program certain items of property, plant and equipment and right-of-use assets were due for verification during the year and were physically verified by the Management during the year. According to the information and explanations given to us, no material discrepancies were noticed on such verification.
- c) With respect to immovable properties (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the Company) disclosed in the Financial Statements included in Property, Plant and Equipment, according to information and explanations given to us and based on verification of the registered sale deed/transfer deed/conveyance deed provided to us, we report that, the title deeds of such immovable properties and all other immovable properties (other than properties where the company is the lessee and the lease agreements are duly executed in favour of the lessee), disclosed in the Financial Statements included under Property, Plant and Equipment are held in the name of the Company as at the balance sheet date.
- d) The Company has not revalued its Property, Plant and Equipment (including Right of Use Assets) or Intangible assets during the year ended 31st March 2025.
- e) There are no proceedings that have been initiated during the year or are pending against the Company as at 31st March, 2025 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) as amended and rules made thereunder.
2. a) The Inventories except for goods in transit were physically verified during the year by the Management at reasonable intervals. In our opinion and according to the information and explanation given to us, the coverage and the procedure of such verification by the Management is appropriate having regard to size of the Company and nature of its operations. In respect of goods in transit, majority of the said goods have been received subsequent to the year-end. No discrepancies of 10% or more in the aggregate for each class of inventories were noticed on such physical verification of inventories when compared with books of account.

According to the information and explanations given to us, Company has been sanctioned working capital limits in excess of 5 Crore, in aggregate, at points of time during the year, from banks or financial institutions on the basis of security of current assets. the quarterly returns or statements filed by the Company with such banks are in agreement with the books of account of the Company of the respective quarters showing deviation from actual position which is noted below:

3. The Company has not made investments in, provided guarantee or security and granted loans or advances in the nature of loans, secured or unsecured, to Companies, Firms, Limited Liability Partnerships or any Other Parties during the year, in respect of which;
- The Company has not provided any loans or advances in the nature of loans, secured or unsecured, or stood guarantee or provided security to Companies, Firms, Limited Liability Partnerships or Other Parties during the year. Hence reporting under clause 3(iii)(a) of the order is not applicable to the Company.
 - The Company has not made investments, provided guarantees, security, and granted loans and advances in the nature of loans to Companies, Firms, Limited Liability Partnerships or Other Parties during the year. Hence reporting under clause 3(iii)(b) of the order is not applicable to the Company.
 - The Company has not granted loans and advances in the nature of loans to Companies, Firms, Limited Liability Partnerships or Other Parties during the year. Hence reporting under clause 3(iii)(c) of the order is not applicable to the Company.
 - The Company has not granted loans or advance in the nature of loans to Companies, Firms, Limited Liability Partnerships or Other Parties during the year. Hence reporting under clause 3(iii)(d) of the order is not applicable to the Company.
 - No loans granted by the Company which has fallen due during the year, have been renewed or extended or fresh loans granted to settle the overdue of existing loans given to the same parties. Hence reporting under clause 3(iii)(e) of the order is not applicable to the Company.

f) According to information and explanations given to us and based on the audit procedures performed, the Company has not granted any loans either repayable on demand or without specifying any terms or period of repayment to Companies, Firms, Limited Liability Partnerships or Other Parties during the year. Hence reporting under clause 3(iii) (f) of the order is not applicable to the Company.

4. In our opinion and according to the information and explanations given to us, the Company has not granted loans or provided guarantees or securities to parties covered under section 185 of the Companies Act, 2013 ("the Act"). The Company has complied with the provision of section 186 of the Act, in respect of the loans granted investments made and guarantees and securities provided, as applicable. Hence reporting under clause 3(iv) of the order is not applicable to the Company.

5. As explained to us and on the basis of our audit review, the acceptance of the average loans or deposits during the year under review by the company from promoters/promoter's relatives is covered under the exclusion mentioned under rule 2(1) (C) of the Companies (Acceptance of Deposit's) Rules, 2014 and accordingly said acceptance of the deposits within the meaning of sections 73 to 76 of the Companies Act, 2013 and the Companies (Acceptance of Deposit's) Rules 2014 and the rules made thereunder to the extent applicable. Hence, the requirement to report on clause 3(v) of the Order is not applicable to the Company.

6. We have broadly reviewed the books of account maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended, prescribed by the Central Government for the maintenance of cost records under section 148(1) of the Companies Act, 2013, related to the manufacturing activities and are of the opinion that prima facie, the prescribed cost records have been made and maintained by the Company. We have however, not made a detailed examination of the cost records with a view to determining whether they are accurate or complete.

7. In Respect of Statutory Dues:

a) As per information and explanation available to us, the Company has generally been regular in depositing undisputed statutory dues, including Goods and Service tax, Provident Fund, Employee's State Insurance, Income Tax, Sales Tax, Service Tax, Duty of Customs, Duty of Excise, Value Added Tax, Cess and other material statutory dues applicable to it with the appropriate authorities.

b) Details of statutory dues referred to in sub-clause (a) above which have not been deposited as on 31st March, 2025 on account of disputes are given below:

Name of the Statute	Nature of Dues	Amounts (INR in Lacs)	Period to which the amount relates	Forum where the dispute is pending
Good and Services Tax Act, 2017	Goods and Service Tax	6.82	FY-2021-2022	GST Appellate Authority

8. According to the information and explanation given to us, there were no transactions relating to previously unrecorded income that were surrendered or disclosed as income in the tax assessments under the Income Tax Act, 1961 (43 of 1961) as income during the year. Hence reporting under clause 3(viii) of the order is not applicable to the Company.

9. (a) Based on our audit procedures and as per information and explanation given to us by the management of the Company, we are in our opinion, that the Company has

not defaulted in the repayment of loans or other borrowings or in the payment of interest thereon to any lender during the year.

- (b) The Company has not been declared wilful defaulter by Bank or Financial Institution or Government or any Government Authority or Other lender during the year.
 - (c) c) To the best of our knowledge and belief, in our opinion, terms loans availed by the Company were, applied by the Company during the year for the purpose for which the loans were obtained.
 - d) On an overall examination of the Financial Statements of the Company, funds raised on short term basis have, prima facie, not been used during the year for long-term purposes by the Company.
 - e) On an overall examination of Financial Statement of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, Joint ventures or associates companies. Hence, reporting under clause 3(9)(e) of the Order is not applicable to the Company.
 - f) The Company has not raised any loans during the year on the pledge of securities Held in its subsidiaries, Joint ventures or associates companies. Hence, reporting under clause 3(9)(f) of the Order is not applicable to the Company.
- 10.** (a) The Company has not raised any money by way of initial public offer or further public offer (including debt instruments) during the year. Hence reporting under clause 3(10)(a) of the Order is not applicable to the Company.
- (b) During the year, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally). Hence reporting under clause 3(10)(b) of the Order is not applicable to the Company.
- 11.** (a) Based upon the audit procedures performed for the purpose of reporting the true and fair view of the Financial Statements and according to the information and explanations given by the management, no fraud by the Company or no material fraud on the Company has been noticed or reported during the year.
- (b) To the best of our knowledge, no report under sub-section (12) of Section 143 of the Companies Act, 2013 has been filed by Cost Auditor or Secretarial Auditor or us, in Form ADT- 4 as prescribed under Rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report.
- (c) To the best of our knowledge and as represented to us by the management, there are no whistle blower complaints received by the Company during the year and upto the date of this report.
- 12.** The company is not a Nidhi Company and hence reporting under clause 3(12) of the Order is not applicable to the Company.
- 13.** In our opinion and according to the information and explanations given to us, the Company is in compliance with sections 177 and 188 of the Companies Act, 2013, where applicable, for all transactions with related parties and details of related party transactions have been disclosed in the Financial Statements, as required by the applicable accounting standards.
- 14.** (a) According to the information and explanations given to us, in our opinion, the Company has an adequate internal audit system commensurate with the size and nature of its business.

- (b) We have considered the internal audit reports issued during the year and till the date of the audit report covering period upto 31st March, 2025.
- 15.** In our opinion, based on the audit procedure performed and according to the information and explanations given to us during the year, the Company has not entered into any non-cash transactions with its directors or persons connected with its directors and hence the provision of section 192 of the Companies Act, 2013, is not applicable to the Company.
- 16.** (a) The provisions of section 45-IA of the Reserve Bank of India Act, 1934 (2 of 1934) are not applicable to the Company. Hence reporting under clause 3(16)(a) of the Order is not applicable to the Company.
- (b) The Company has not conducted any Non-Banking Financial or Housing Finance activities and is not required to obtain Certificate of Registration (CoR) for such activities from Reserve Bank of India as per the Reserve Bank of India Act, 1934. Hence, reporting under clause 3(16)(b) of the Order is not applicable to the Company.
- (c) The Company is not a Core Investment Company (CIC) as defined in the regulations made by Reserve Bank of India. Hence reporting under clause 3(16)(c) of the Order is not applicable to the Company.
- (d) According to the information and explanations given to us, there is no Core Investment Company (CIC) within the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016). Hence reporting under clause 3(16)(d) of the Order is not applicable to the Company.
- 17.** The Company has not incurred cash losses during the financial year covered by our audit and the immediately preceding financial year.
- 18.** There has been the resignation of the statutory auditors during the year and we have taken into consideration the issues, objections or concerns raised, if any, by the outgoing auditors.
- 19.** On the basis of the financial ratios disclosed in the Note 46(A) to the Financial Statements, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the Financial Statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- 20.** (a) According to the information and explanations given to us and based on the audit procedures performed, there are no unspent amounts towards Corporate Social Responsibility (CSR) on other than ongoing projects requiring a transfer to a Fund specified in Schedule VII to the companies act in compliance with second proviso to sub section (5) of section 135 of the said Act. Hence reporting under clause 3(xx)(a) of the Order is not applicable to the Company.

- (b) There are no unspent amounts in respects of ongoing projects, that are required to be transferred to a special account in compliance of provision of sub section (6) of section 135 of Companies Act, 2013. Hence reporting under clause 3(xx)(b) of the Order is not applicable to the Company.

- 21.** The Company does not have any subsidiaries, Joint ventures or associates companies. Hence reporting under clause 3(xxi) of the Order is not applicable to the Company.

2. SIGNIFICANT ACCOUNTING POLICIES

(i) Basis of preparation and Presentation of Financial Statements

The Financial Statements of the Vishal Bearings Limited have been prepared in compliance with all material aspects with the Indian Accounting standards ('Ind AS') notified under section 133 including the Rules notified under the relevant provisions of the Companies Act, 2013, (as amended from time to time) and Presentation and disclosure requirements of Division II of Schedule III to the Companies Act, 2013, (Ind AS Compliant Schedule III) as amended from time to time.

The Accounting Policies adopted in the preparation of these financial statements are consistent for all the period presented.

The Company follows indirect method prescribed in "Ind AS 7 – Statement of Cash Flows, for presentation of its cash flows.

(ii) Basis of Measurement

The Financial statements of the Company have been prepared on the accrual basis and going concern on a historical cost convention basis except for certain financial instruments that are measured at fair value at the end of each reporting period.

(iii) Functional Currency and rounding of amounts

The Company's Financial Statements are presented in Indian National Currency Rupees (INR) which is the functional currency of the Company, and all values are rounded to the nearest Lakhs (Rs.00,000) except when otherwise indicated.

(iv) Current Vs. Non-Current Classification

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in Schedule III of the Act. Based on the nature of products/activities and production cycle, the company has ascertained its operating cycle as a period not exceeding 12 months for the purpose of classification of its assets and liabilities as current and non-current.

An assets treated as current when it is:

- Expected to be realised or intended to be sold or consumed in entity's normal operating cycle, or
- Held primarily for the purpose of trading, or
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

A liability is treated as current when it is:

- Expected to be settled in entity's normal operating cycle, or
- Held primarily for the purpose of trading, or
- Due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other assets and liabilities are classified as non-current assets and liabilities.

Deferred tax assets and deferred tax liabilities are classified as non-current assets and non-current liabilities.

(v) Property, Plant and Equipment (including Capital Work-in-Progress) and Depreciation

Freehold land is carried at historical cost. All other items of property, plant and equipments are stated at historical cost less depreciation and accumulated impairment losses, if any. Historical costs include the cost of acquisition inclusive of all attributable cost of bringing the assets to their working condition.

Subsequent costs incurred for significant parts of an item of PPE, having different useful lives are accounted for as a separate items(Major Components) of PPE and other costs are included in the asset's carrying amount, only when it is possible that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to standalone statement of profit and loss during the reporting period in which they are incurred.

Capital work in progress is carried at cost, less any recognised impairment loss. Depreciation of these assets commences when the assets are in the location and condition necessary for them to be capable of operating in the manner intended by management use. Advances given towards acquisition or construction of PPE outstanding at each reporting date are disclosed as Capital Advances under "Other non-current Assets".

An item of PPE is de-recognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of PPE is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the Statement of Profit and Loss.

The cost of assets not ready for intended use, as on the reporting date, is shown under capital work-in-progress.

Schedule II to the Companies Act, 2013 prescribes useful lives for property, plant and equipment and allows Companies to use higher/lower useful lives and residual values if such useful lives and residual values can be technically supported and justification for difference is disclosed in the standalone financial statements. The management believes that the depreciation rates currently used fairly reflect its estimate of the useful lives and residual values of property, plant and equipment.

(vi) Depreciation / Amortization

Depreciation/ amortisation on property, plant and equipments has been provided as per Written Down Value (WDV) method considering the useful life assessed/ remaining useful life, taking into account the nature of the asset, the estimated use of the asset on the basis of management's best estimation of getting economic benefits from that class of assets.

Leasehold assets are amortised over the period of lease using straight-line method (SLM) and included in depreciation and amortization in statement of profit and loss statement.

The estimated useful life is reviewed periodically, with the effect of any changes in estimate being accounted for on a prospective basis.

Depreciation on additions/disposals during the year has been provided on pro-rata basis with reference to the Numbers of days utilized.

Such class of assets and their estimated useful lives are as under:

Type of Asset	Useful Life as per management's estimate
Factory Building	30 Years
Plant & Machinery *	20 Years
Furnace	15 Years
Electrification	15 Years
Furniture & Fixtures	10 Years
Computers	3 Years
Computer Software	6 Years
Refrigerator	5 Years
EPBX System	15 Years
Air Conditioner	5 Years
Fax Machine	15 Years
Water Filter	15 Years
Mobile & Telephone	15 Years
CCTV System	15 Years
Weighing Scale Machine	15 Years
Motor Cars	8 Years
Motorcycles	10 Years
Windmill Plant & Machinery	22 Years
Leasehold Land	20 Years
Electronically Operated Vehicles	08 Years

In none of the cases, residual value of an assets is more than 5% of the original cost of the assets.

** For this class of assets, based on internal assessment and independent technical evaluation carried out by chartered engineer, the useful life is

estimated to be 20 years from the date of put to use, whereas the useful life for said class of assets as per Schedule II is 15 years.

Gains/losses arising from disposals of assets are measured as the difference between the net disposal proceeds and the carrying value of the asset on the date of disposal and are recognised in the statement of profit and loss, in the period of disposal.

(vii) Investment Properties

Property that is held for long-term rental yields or for capital appreciation or both, and that is not used by the Company for business purposes, is classified as investment property. Investment property is measured initially at its cost, including related transaction costs and where applicable borrowing costs. Subsequent expenditure is capitalised to the asset's carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to the company and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed when incurred. When part of an investment property is replaced, the carrying amount of the replaced part is derecognised.

Investment properties are depreciated using the straight-line method over their estimated useful lives. Investment properties generally have a useful life of 25-40 years. The useful life has been determined based on technical evaluation performed by the management's expert.

(viii) Leases

Measurement and recognition of leases

The Company assesses at contract inception whether a contract is, or contains, a lease. A lease is defined as 'a contract, or part of a contract, that convey the right to use an asset (the underlying asset) for a period of time in exchange for consideration'.

To apply this definition, the Company assesses whether the contract meets three key criteria which are whether:

- The contract contains an identified asset, which is either explicitly identified in the contract or implicitly specified by being identified at the time the asset is made available to the Company.
- The Company has the right to obtain substantially all of the economic benefits from use of the identified asset throughout the period of use, considering its rights within the defined scope of the contract.
- The Company has the right to direct the use of the identified asset throughout the period of use. The Company assesses whether it has the right to direct 'how and for what purpose' the asset is being used throughout the period of use.

Company as a Lessee

The Company's lease asset classes primarily consist of leases for land, buildings and machinery. The Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Company recognizes lease liabilities to make lease payments and right-of-use assets representing the right-to-use the underlying assets.

a) Right-of-use assets

The Company recognizes a right-of-use asset at the lease commencement date, (i.e. the date the underlying assets is available for use). The right-of-use asset are measured at cost, less any accumulated depreciation/amortization and accumulated impairment losses, if any and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognized, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received.

Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets. The useful life of Right-of-use assets 20 years.

b) Lease Liabilities

At the commencement date of the lease, the Company recognizes lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees.

The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for terminating the lease, if the lease term reflects the Company exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognized as expenses in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Company uses the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of the leases. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is re-measured, if there is a modification, a change in the lease term, a change in the lease payments (e.g. changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

c) Short-term leases and leases of low-value assets

The Company has elected to account for short-term leases (12 Months or less) and leases of low-value assets using the exemption / practical expedient given under "Ind AS 116 – Leases". Instead of recognising a right-of-use asset and lease liability, the payments in relation to these are recognised as an expense in profit or loss on a straight-line basis over the lease term or on another systematic basis if that basis is more representative of the pattern of the Company's benefit.

Company as a Lessor

Leases for which the Company is a lessor are classified as finance or operating lease. Lease income from operating leases where the Company is a lessor is

recognised in income on a straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases. The respective leased assets are included in the balance sheet based on their nature.

(ix) Intangible Assets and amortization

Intangible assets are carried at cost less accumulated amortisation and accumulated impairment losses, if any. Cost includes expenditure that is directly attributable to the acquisition of the intangible assets.

Identifiable intangible assets are recognised when it is probable that future economic benefits attributed to the asset will flow to the Company and the cost of the asset can be reliably measured. Intangible assets with definite useful lives are amortised on a straight-line basis so as to reflect the pattern in which the asset's economic benefits are consumed.

Gains or losses arising from de-recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset on date of disposal and are recognised in the statement of profit and loss when the asset is derecognised. Amortisation is provided pro rata from the date of addition or upto the date of disposal, as the case may be.

(x) Assets held-for-sale

Non-current assets or disposal groups comprising of assets and liabilities are classified as 'held for sale' when all the following criteria are met –

- i) If carrying amount will be recovered principally through a sale transaction rather than through continuing use.
- ii) Available for immediate sale in present condition
- iii) Sale must be highly probable (>90%)
 - a. Management committed to a plan to sell with necessary approval
 - b. Active program to find a buyer initiated
 - c. Assets actively marketed for sale at reasonable price to its current fair value
 - d. Significant changes to plan are unlikely
 - e. The sale transaction is expected to be completed within one year

Assets held for sale are measured at the lower of their carrying amount and the fair value less costs to sell. Assets classified as held for sale are presented separately in the balance sheet and are not depreciated post such classification.

(xi) Impairment of Financial and Non-Financial Assets

In case of financial assets

The impairment provisions for Financial Assets are based on assumptions about risk of default and expected cash loss rates. The Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on Company's past history, existing market conditions as well as forward-looking estimates at the end of each reporting period.

In case of non-financial assets

The carrying amounts of non-financial assets are reviewed at each reporting date to determine if there is any indication of impairment based on internal/external

factors. Assessment of indication of impairment of an asset is made at the year end. An impairment loss is recognized wherever the carrying amount of an assets or cash generated units (CGU's) exceeds its recoverable amount. The recoverable amount the assets is the greater of the asset's net selling price and its value in use, Impairment loss is recognised in the statement of profit and loss.

In assessing value in use, the Company measures its 'value in use' on the basis of estimated discounted cash flows of projections based on current prices. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

If the recoverable amount of an asset increases in subsequent periods, the previously recognized impairment loss may be reversed, but only to the extent that the asset's carrying amount does not exceed its recoverable amount. However, the carrying value after reversal is not increased beyond the carrying value that would have prevailed by charging usual depreciation / amortisation if there were no impairment.

If there is a change in the circumstances that led to the recognition of the impairment loss, and the recoverable amount of the CGU increases in subsequent periods, the impairment loss can be reversed.

The management has tested for impairment for the assets that are subject to potential impairment by comparing the asset's recoverable amount with it's carrying amount. However, no impairment losses occurred.

(xii) Inventories

Raw material and components:

Inventories comprise of all costs of purchase, conversion and other costs incurred in bringing the inventories to their present location and condition. Trade discount, rebates and other similar items are deducted in determining the cost of purchase.

Raw materials are valued at the lower of cost or net realisable value. Cost is ascertained on a moving weighted average basis, except for goods in transit which is ascertained on a specific identification basis.

Work-in-progress ("WIP") and Finished goods ("FG"):

Inventories of Work-in-progress (WIP) and finished goods (FG) are carried at the lower of cost or net realizable value. Cost of work-in-progress and finished goods, comprises material, labour and production overheads. Fixed production overheads are allocated on the basis of normal capacity of production facilities.

Net realisable value of work-in-progress and finished goods is determined with reference to the estimated selling price less estimated cost of completion and estimated costs necessary to make the sale of related finished goods as applicable.

Stores, spares and tools

Stores, spares and tools other than obsolete and slow-moving items are carried at cost.

(xiii) Foreign Currency Transactions

Initial Recognition

The functional currency of the Company is Indian National Rupee (INR) which is also the presentation currency. All other currencies are accounted for as foreign

currency. Transactions denominated in foreign currencies are initially recorded at the exchange rate prevailing at the date of transaction.

Conversion

In the financial statements of the Company, transactions in currencies other than the functional currency are translated into the functional currency at the exchange Rates ruling at the date of the transaction. Monetary assets and liabilities denominated in other currencies are translated into the functional currency at exchange rates prevailing on the reporting date. Non-monetary assets and liabilities denominated in other currencies and measured at historical cost or fair value are translated at the exchange rates prevailing on the dates on which such values were determined.

Exchange Differences

All the foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies are recognised in the Statement of Profit and Loss in the year in which they arise, except The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e. translation differences on items whose fair value gain or loss is recognised in other comprehensive income ("OCI") or standalone statement profit and loss are also recognised in OCI or profit and loss, respectively).

Foreign currency translation differences relating to liabilities incurred for purchasing of fixed assets from foreign countries are adjusted in the carrying cost of fixed asset for differences up to the stage where assets are in the location and condition necessary for it to be capable of operating in the manner intended by management use. whereas differences arising thereafter to be recognized in the profit and loss account.

(xiv) Revenue Recognition

Sale of goods/rendering of services (Including Revenue from contracts with customers)

The company's revenue from contracts with customers is mainly from the sale of Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services and as per terms of contract, which usually on dispatch/ delivery of the goods or services.

The company considers whether there are other promises in the contract that are concluded as separate performance obligations to which a portion of the transaction price needs to be allocated. In determining the transaction price for the sale of goods, the company considers the effects of variable consideration, the existence of significant financing components, non-cash consideration, and consideration payable to the customer (if any).

Revenue is recognised net of discounts, volume rebates, outgoing sales taxes/ goods and service tax and other indirect taxes. Revenues from sale of by-products are included in revenue.

Variable Consideration:

This includes discounts, incentives, volume rebates, etc... If the consideration in a contract includes a variable amount, the Company estimates the amount of consideration to which it will be entitled in exchange for transferring the goods to the customer. The variable consideration is estimated at the time of completion of performance obligation and constrained until it is highly probable that a significant revenue reversal in the amount of cumulative revenue recognised will not occur when the associated uncertainty with the variable consideration is subsequently resolved.

Contract Balances

Contract Assets: A Contract asset is the right to consideration in exchange for goods or services transferred to the customer. If the Company performs its obligation by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration that is conditional.

Contract Liability: A contract liability is the obligation to transfer goods or services to a customer for which the Company has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Company transfers goods or services to the customer, a contract liability is recognised when the payment is made or the payment is due (whichever is earlier). Contract liabilities are recognised as revenue when the Company performs under the contract.

As these are contracts that the company expects, and has the ability, to fulfil through delivery of a non-financial item, these are presented as advance from customers and are recognised as revenue as and when control of respective commodities is transferred to customers under the agreements. The portion of the advance where either the company does not have a unilateral right to defer settlement beyond 12 months or expects settlement within 12 months from the balance sheet date is classified as current liability.

Sales Return can be made by Customers having contractual right to return goods only when authorized by the Company. An estimate is made of goods that will be returned and a liability is recognized for this amount using best estimate based on accumulated experience.

Interest Income

Interest income from the debt instruments is recognised, by reference to the amortised cost and at the effective interest rate applicable.

Dividend Income

Dividend are recognised in standalone statement of profit or loss only when the right to receive payment is established, provided it is probable that the economic benefits associated with the dividend will flow to the Company, and the amount of the dividend can be measured reliably.

Power generation Income

Power generation income is recognised net of power consumption expense (or expense is net off power generation income), on the basis of electrical units generated and eligible for captive consumption or captive consumed or sold as shown in the power generation reports issued by the concerned authorities.

Insurance Claim

Receipt of insurance claim booked as income on settlement of claim and right to Receive the same is established. When the company receives insurance claim for an asset destroyed or damaged, amount adjusted from WDV of asset or from purchase cost of new asset.

(xv) Employee Benefits

A) Short term employee benefits:

All employee benefits payable within twelve months from the end of the period in which services are rendered are classified as short term employee benefits. Benefits such as salaries, wages, and short term compensated absences, etc. and the expected cost of bonus, ex-gratia are recognised in the period in which the employee renders the related service.

B) Long-term employee benefits:

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related service are recognised as a liability at the present value of the estimated future cash outflows expected to be made by the Company in respect of services provided by employees up to the balance sheet date.

C) Post employment benefits:

i. Defined Contribution Plans:

The company's provident funds are defined contribution plans. The contribution paid/ payable under the schemes is recognised during the period in which the employee renders the related service.

Provident Fund and family pension fund are charged to the standalone statement of profit and loss as incurred.

The Company's contribution to the statutory provident fund is determined based on a Specific percentage of the eligible employees' salary and contributions are charged to the standalone statement of profit and loss of the year, when the contributions to the respective funds are due. The Company does not have any obligation other than the contribution payable to the respective funds.

ii. Defined Benefits Plans:

All employees are covered under Employees' Group Gratuity Scheme, which is a defined benefit plan.

The Company has an obligation towards gratuity, a defined benefit retirement plan covering eligible employees. The plan is governed by the Payment of Gratuity Act, 1972 and provides lumpsum payment to eligible employees at retirement, death while in employment or termination of the employment of an amount equivalent to 15 days salary payable for each completed year of service.

The Company contributes to a fund maintained with an Insurance Company on the basis of the year end liability towards future payments of gratuity to employees, on actuarial valuation basis and the charge for current year is debited to the standalone statement of profit and loss. Actuarial gains or losses arising on the measurement of defined benefit obligation and experience adjustments are charged to other comprehensive income. All

other costs/reversals are recognised in the standalone statement of profit and loss.

iii. Bonus:

The Company provides a bonus to its those employees which are eligible for entitlement of bonus as per the Payment of Bonus Act, 1965 and treatment of bonus expenses is charged to the statement of profit and loss account on an accrual basis.

(xvi) Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

A) Financial Assets

Initial recognition and measurement

Financial assets are recognized initially at fair value (either through other comprehensive income or through statement of profit and loss), and those measured at amortised cost.

Transaction costs that are directly attributable to the acquisition of financial assets (other than financial assets not recorded at fair value through profit and loss) are added to the fair value of financial assets. Transaction costs directly attributable to the acquisition of financial assets at fair value through profit and loss are recognised immediately in Statement of Profit and Loss.

The classification depends on the Company's business model for managing the financial assets and the contractual terms of the cash flows.

Subsequent measurement

For the purposes of subsequent measurement, financial assets are classified into below categories:

- Financial assets at amortized cost;
- Financial assets including derivatives at fair value through profit or loss (FVTPL)
- Financial assets at fair value through other comprehensive income (FVTOCI)

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

(i) Financial assets at amortized cost:

After initial recognition, financial assets are subsequently measured at amortized cost using effective interest rate (EIR) method, if it meets both of the following conditions and is not designated as at FVTPL:

- The financial asset is held within a business where the objective is to hold these assets in order to collect contractual cash flows; and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

This category is the most relevant to the company. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the profit or loss. The losses arising from impairment are recognised in the profit or loss.

(ii) Financial assets including derivatives at fair value through profit or loss (FVTPL)

Any Financial instrument, which does not meet the criteria for categorisation as at amortised cost or as Fair value through other comprehensive income, is classified as at Fair value through profit or loss. The transaction costs directly attributable to the acquisition of financial assets classified at fair value through profit or loss are immediately recognised in the Statement of Profit and Loss.

In addition, the Company may elect to designate a debt instrument, which otherwise meets amortised cost or FVOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch'). The Company has not designated any debt instrument at FVTPL.

(iii) Financial assets at fair value through Other Comprehensive Income (FVTOCI)

Financial assets are measured at fair value through Other Comprehensive Income if these financial assets met following criteria;

- Financial assets are held within a business whose objective is achieved by both collecting contractual cash flows and selling financial assets and
- Contractual terms of the financial asset give rise to cash flows on specified dates that are 'solely payments of principal and interest' (SPPI) on the principal amount outstanding.

Debt Instruments

Debt instruments included in FVTOCI category are measured initially as well as at each reporting date at fair value. Movement in fair value is recognized in OCI. However, interest income, impairment losses and reversals and foreign exchange gain or loss are recognised in the statement of profit and loss.

On derecognition of the asset, cumulative gain or loss previously recognised in other comprehensive income is reclassified from the equity to statement of profit and loss.

Equity Instruments

Upon initial recognition, the company has opted an irrevocable option to measure the equity instruments at fair value through other comprehensive income (not to be reclassifiable to statement of profit or loss). The company subsequently measures all its equity investments as equity instruments designated at fair value through OCI. The classification is determined on an instrument-by-instrument basis. Gains and losses on these financial assets are never reclassified to profit or loss.

Dividends are recognised as other income in the statement of profit and loss when the right of payment has been established, except when the company benefits from such proceeds as a recovery of part of the cost of the financial asset, in which case, such gains are recorded in OCI. Equity instruments designated at fair value through OCI are not subject to impairment assessment.

Derecognition

A financial asset in its entirety, (or where applicable, a part of a financial assets) is primarily derecognized (i.e. removed from the company's balance sheet) when;

- The right to receive cash flows from the assets has expired or,
- The company has transferred its right to receive cash flows from the asset or retains the contractual rights to receive the cash flows of the assets has assumed an obligation to pay the received cash flows in full without material delay to a third party and the Company has transferred substantially all risks and rewards of the asset or has transferred control of the asset to a third party.

Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset will not be derecognised.

Where the Company has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

On derecognition of a financial asset in it's entirety, the differences between the carrying amounts at the date of derecognition and the consideration received is recognized in the Statement of Profit and Loss.

B) Financial Liabilities

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at amortised cost or fair value through profit or loss (FVTPL). A financial liability is classified as at FVTPL when the company intends to hold the same for trading or is a derivative or it is designated as such on initial recognition.

The Company's financial liabilities include trade payables and other payables.

Equity instruments issued by the Company are classified as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument. An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities.

The Company recognises a liability to pay dividend to equity holders of the company when the distribution is authorised, and the distribution is no longer at the discretion of the Company. As per the corporate laws in India, a distribution with respect to interim dividend is authorised when it is approved by the board of directors of the Company and final dividend is authorised when it is approved by the shareholders. A corresponding amount is recognised directly in equity.

Derecognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expired. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective amounts is recognised in the Statement of Profit and Loss.

C) Offsetting of Financial Instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the

recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the company or the counterparty.

(xvii) Borrowing Costs

General and specific borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale are capitalized as a part of the cost of the assets. Where surplus funds are available out of money borrowed specifically to finance a qualifying capital project, the income generated from such short-term investments is deducted from the total capitalised borrowing cost. All other borrowing costs are recognised as an expense in statement of profit and loss in the period in which they are incurred.

The Capitalisation of interest on borrowings related to construction or development projects is ceased when substantially all the activities that are necessary to make the assets ready for their intended use are complete or when delays occur outside of the normal course of business.

(xviii) Income Taxes

Tax expense comprises current and deferred tax.

Current Tax:

The income tax expense or credit for the period (current tax) is the tax payable on the current period's taxable income based on the applicable income tax rate and laws that have been enacted or substantively enacted by the reporting date and includes any adjustment to tax payable in respect of previous years

Deferred Tax:

Deferred tax is recognised using balance sheet method, on all temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax base used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences.

Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. Deferred tax assets are recognised only to the extent that it is more likely than not that they will be recovered.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the deferred tax assets to be recovered. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred income tax is determined using tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period and are

expected to apply in the period in which the deferred income tax liability is settled or the deferred income tax asset realized.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets include Minimum Alternate Tax (MAT) credit in accordance with the tax laws in India, which is likely to give future economic benefits in the form of availability of set off against future income tax liability. Accordingly, MAT credit is recognised as deferred tax asset in the Balance sheet when the asset can be measured reliably and it is probable that the future economic benefit associated with the asset will be realised.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the company has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the assets and settle the liability simultaneously.

Current and deferred tax is recognised in standalone statement of profit and loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

(xix) Cash and Cash Equivalents

For the purpose of presentation in the standalone statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts.

(xx) Provisions, Contingent Liabilities and Contingent Assets

Provisions represent liabilities for which the amount or timing is uncertain. Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and in respect of which a reliable estimate can be made of the amount of obligation. Provisions are not discounted to its present value and are determined based on best estimates required to settle the obligation at the reporting date. These are reviewed at each reporting date and adjusted to reflect the current best estimates.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made. Information on contingent liabilities is disclosed in the Notes to the standalone financial statements. Contingent assets are not recognized but disclosed in the standalone financial statements. However, when the realisation of income is virtually certain, then the related asset is no longer a contingent asset, but it is recognised as an asset.

(xxi) Exceptional Items

When items of income and expense within standalone statements of profit and loss from ordinary activities are of such size, nature or incidence that their disclosure is relevant to explain the performance of the enterprise for the period, the nature and amount of such material items are disclosed separately as exceptional items.

(xxii) Earnings per ShareBasic Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss (excluding other comprehensive income) for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. The weighted average number of equity shares outstanding during the year is adjusted for events such as bonus issue, bonus element in a right issue, shares split and reverse share splits (consolidation of shares) that have changed the number of equity shares outstanding, without a corresponding change in resources.

Diluted Earnings per shares

For the purpose of calculating diluted earnings per share, the net profit or loss (excluding other comprehensive income) for the year attributable to equity share holders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

(xxiii) Operating Segments

The company is mainly engaged in the business of manufacturing and selling of Bearing Rollers & other allied activities from which it may earn revenues and incur expenses, whose operating results are regularly reviewed by the Company's Chief Operating Decision Maker ("CODM") to make decisions for which discrete financial information is available. Based on the management approach as defined in Ind AS 108, the CODM evaluates the Company's performance and allocates resources based on an analysis of various performance indicators by business segments and geographic segments.

There are no other primary reportable segments applicable to the company and the company has only one geographical segment i.e. India.

(xxiv) Material accounting Estimates, Judgments and assumptions

The preparation of the Company's financial statements in conformity with Ind AS requires the management to make estimates and assumptions that affect the reported amounts of revenues, expenses, assets & liabilities, the accompanying disclosures, and the disclosure of contingent liabilities at the date of financial statements and the reported amounts of income and expenses during the year.

The management believes that these estimates are prudent and reasonable and are based upon the management's best knowledge of current events and actions. Actual results could differ from those estimates and difference between actual results and estimates are recognised in the periods in which the results are known materialized.

Estimates and judgements are reviewed on an ongoing basis. They are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Company and that are believed to be

reasonable under the circumstance. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods are affected.

This note provides an overview of the areas that involved a comparatively higher degree of judgement or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed.

i) Property, plant and equipment, investment properties and intangible assets:

Property, plant and equipment represents a significant proportion of the asset base of the Company. The charge in respect of periodic depreciation is derived after determining an estimate of an assets expected useful life and the expected residual value at the end of its life. The useful lives and residual values of the Company's assets are determined by the management at the time the asset is acquired and reviewed periodically, including at each financial year end. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technology.

ii) Income tax:

Significant judgments are involved in determining the provision for income taxes, including the amount expected to be paid or recovered in connection with uncertain tax positions.

iii) Contingencies:

Management has estimated the possible outflow of resources at the end of each annual reporting financial year, if any, in respect of contingencies / claim / litigations by / against the Company as it is not possible to predict the outcome of pending matters with accuracy.

iv) Deferred Taxes:

Deferred tax is recorded on temporary differences between the tax bases of assets and liabilities and their carrying amounts, at the rates that have been enacted or substantively enacted at the reporting date. The ultimate realisation of deferred tax assets is dependent upon the generation of future taxable profits during the periods in which those temporary differences and tax loss carry forwards become deductible. The Company considers the expected reversal of deferred tax liabilities and projected future taxable income in making this assessment. The amount of the deferred tax assets considered realisable, however, could be reduced in the near term if estimates of future taxable income during the carry forward period are reduced.

v) Impairment of financial assets:

At each balance sheet date, based on historical default rates observed over expected life, existing market conditions as well as forward looking estimates, the management assesses the expected credit losses on outstanding receivables. Further, management also considers the factors that may influence the credit risk of its customer base, including the default risk associated with industry and country in which the customer operates.

vi) Impairment of Non-financial assets:

Where the carrying amount of an asset or CGU exceeds its recoverable amount (fair value less costs of disposal or its value in use), the asset is considered impaired and is written down to its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less cost of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples or other available fair value indicators.

vii) Defined benefit obligation:

The cost of the defined benefit plans, compensated absences and the present value of the defined benefit obligations are based on actuarial valuation using the projected unit credit method. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

viii) Leases:

Determining the lease term of contracts with renewal and termination options – Company as lessee Ind AS 116 requires the lessee to determine the lease term as the non-cancellable term of the lease, together with any periods covered by an option to extend the lease if it is reasonably certain to be exercised, or any periods covered by an option to terminate the lease, if it is reasonably certain not to be exercised.

The Company has several lease contracts that include extension and termination options. The Company applies judgement in evaluating whether it is reasonably certain whether or not to exercise the option to renew or terminate the lease. That is, it considers all relevant factors that create an economic incentive for it to exercise either the renewal or termination. After the commencement date, the Company reassesses the lease term if there is a significant event or change in circumstances that is within its control and affects its ability to exercise or not to exercise the option to renew or to terminate (e.g., construction of significant leasehold improvements or significant customisation to the leased asset). When it is reasonably certain to exercise extension option and not to exercise termination option, the Company includes such extended term and ignore termination option in determination of lease term.

The Company cannot readily determine the interest rate implicit in the lease, therefore, it uses its incremental borrowing rate (IBR) to measure lease liabilities. The Company has taken indicative rates from its bankers and used them for Ind AS 116 calculation purposes.

ix) Provisions:

Provision is recognised when the Company has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made.

Provisions (excluding retirement obligation and compensated expenses) are not discounted to its present value and are determined based on best estimate required to settle obligation at the balance sheet date. These are reviewed at each balance sheet date adjusted to reflect the current best estimates.

x) Fair value measurements:

Management applies valuation techniques to determine fair value of financial assets and liabilities (where active market quotes are not available). This involves developing estimates and assumptions around volatility and dividend yield etc. which may affect the value of financial assets and liabilities. Estimates and judgements are continuously evaluated. These are based on historical experience and other factors including expectation of future events that may have a financial impact on the Company and that are believed to be reasonable under the circumstances.

xi) Impairments of assets:

In assessing impairment, management estimates the recoverable amounts of each asset (in case of non-financial assets) based on expected future cash flows and uses an interest rate to discount them. Estimation uncertainty relates to assumptions about future cash flows and the determination of a suitable discount rate.

xii) Allowances for slow / Non-moving Inventory and obsolescence:

An allowance for Inventory is recognised for cases where the realisable value is estimated to be lower than the inventory carrying value. The inventory allowance is an estimate taking into account various factors, including prevailing sales prices of inventory item and losses associated with usability/ obsolete / slow-moving / redundant inventory items. The Company has, based on these assessments, made adequate provision in the books.

xiii) Events after report date

Where events occurring after the balance sheet date provide evidence of conditions that existed at the end of the reporting period, the impact of such events is adjusted within the financial statements. Where the events are indicative of conditions that arose after the reporting period, the amounts are not adjusted, but are disclosed if those non-adjusting events are material.

ITEM:04

The Members may note that Securities and Exchange Board of India (SEBI) vide its notification dated 12 December 2024 amended the Regulation 24A of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, ('Listing Regulations') including any statutory modification(s) or re-enactment(s) thereof for the time being in force), read with provisions of Section 204 and other applicable provisions of the Act, if any, mandating every listed entity and its material unlisted subsidiaries incorporated in India to undertake Secretarial Audit by a Secretarial Auditor who shall be a Peer Reviewed Company Secretary duly recommended by the Board of Directors and appointed by the Members at the Annual General Meeting.

Accordingly, the Board of Directors of the Company (Board'), based on the recommendation of the Audit Committee, at its meeting held on August 26, 2025, unanimously recommended the appointment of Mr. Keyur Ghelani (ACS No. 33400 and holding Certificate of Practice No.12468), a Peer Reviewed Company Secretary in practice (Peer Review Certificate No.5905/2024), Practicing Company Secretary as the Secretarial Auditor of the Company for a term of five consecutive years commencing from April 01, 2025 to March 31, 2030, at a proposed annual remuneration of Rs.40,000/- (Rupees Forty Thousand only) for conducting secretarial audit of the Company, excluding applicable taxes, actual out of pocket expenses and travelling expenses incurred in connection with performing the secretarial audit of the Company, with the power to the Audit Committee and/or Board of Directors to alter and vary the terms and conditions of appointment, including revision of remuneration during his tenure as the Secretarial Auditor of the Company, in such manner and to such extent as may be mutually agreed with the Secretarial Auditor.

The proposed remuneration is based on knowledge, expertise, industry experience, time and efforts required to be put in by the Secretarial Auditor, which is in line with the industry benchmark. The payment for services in the nature of certifications and other professional work will be in addition to the Secretarial audit fee and shall be determined by the Audit Committee and/or the Board of Directors.

Profile of Secretarial Auditor

Mr. Keyur Ghelani is holding a valid certificate of peer review issued by the Institute of Company Secretaries of India (ICSI). Considering various parameters like capability to serve the business landscape of the Company, secretarial audit experience, market standing of the firm, clientele served, technical knowledge etc., it is recommended to appoint Mr. Keyur Ghelani, as the Secretarial Auditor of the Company.

Mr. Keyur Ghelani has consented to the said appointment and confirmed that his appointment, if made, would be within the limits specified by ICSI. He has further confirmed that he is not disqualified to be appointed as Secretarial Auditor in terms of provisions of the Companies Act, 2013, the Companies Secretaries Act, 1980 and Rules and Regulations made thereunder and the Listing Regulations read with SEBI Circular dated 31 December 2024.

Accordingly, the approval of the Members is sought for the appointment of Mr. Keyur Ghelani as the Secretarial Auditor of the Company for a term of five consecutive years commencing from April 01, 2025, to March 31, 2030, by passing an Ordinary Resolution.

The Board recommends the resolution set out at item No.4 of the Notice for approval by the Members by way of an Ordinary Resolution.

None of the Directors and Key Managerial Personnel of the Company or their relatives are concerned or interested in the above resolution.

ITEM:05

The Board, on the recommendation of the Audit Committee, reappointed appointed M/s. M.C. Bambhroliya & Associates, Cost Accountants, Rajkot (FRN: 101692) as Cost Auditors of the Company to conduct audit of the cost records of the company for the financial year ending 31st March, 2026 at a remuneration of Rs.40,000/- (Rupees Forty Thousand only) plus taxes, as applicable and out of pocket expenses on actual basis.

In accordance with the provisions of Section 148(3) of the Act read with the Companies (Audit & Auditors) Rules, 2014, the remuneration payable to the Cost Auditors has to be ratified by the members of the Company.

Accordingly, consent of the members of the Company is sought by passing an Ordinary Resolution as set out at Item no. 5 of the Notice for ratification of the remuneration payable to the Cost Auditors for the financial year ending 31st March, 2026.

The Board recommends the Ordinary Resolution as set out at Item No.5 of the Notice for approval of the members.

None of the Directors, Key Managerial Personnel of your Company or their relatives are concerned or interested, financially or otherwise, in the resolution set out at item No. 5 of the accompanying Notice of AGM.

THE INSTRUCTIONS FOR MEMBERS FOR REMOTE E-VOTING ARE AS UNDER

Pursuant to the provisions of section 108 of the Companies Act, 2013 (the Act) read with rule 20 of the Companies (Management and Administration) Rules, 2014 and the Listing Regulations as amended from time to time, the Company is pleased to offer e-voting facility to Members to exercise their votes electronically on all resolutions set forth in the notice convening the AGM scheduled to be held on Saturday, 20 September, 2025 at 3:00 p.m.

The Board of Directors of the Company have appointed Mr. keyur Ghelani of M/s. K.P. Ghelani & Associates, Practising Company Secretary, Rajkot, as the scrutiniser for conducting the remote e-voting and the voting process at the AGM in a fair and transparent manner. In terms of the requirements of the Act and the rules made there under, the Company has fixed Friday, September 12, 2025, as the cut-off date. The remote e-voting / voting rights of the Members / beneficial owners shall be reckoned on the equity shares held by them as on cutoff date, i.e., Friday, September 12, 2025.

The remote e-voting facility begins on 9.00 A.M. on Wednesday, September 17, 2025, and will end at 5.00 P.M. on Friday, September 19, 2025. During this period, the Members of the Company, holding shares either in physical form or in dematerialised form, as on the cut-off date, are entitled to avail the facility to cast their vote through remote e-voting.

The remote e-voting will not be allowed beyond the aforesaid date and time, and the e-voting module shall be disabled by KFIN upon expiry of the aforesaid period. Once the vote on a resolution is cast by the Member, he shall not be allowed to change it subsequently or cast the vote again.

Resolutions passed through e-voting would be deemed to have been passed as on the date of the AGM i.e., 20 September 2025.
