REMOTE E-VOTING THROUGH ELECTRONIC MEANS

THE INTRUCTIONS OF SHAREHOLDERS FOR REMOTE E-VOTING:

Step 1 : Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

Step 2 : Access through CDSL e-Voting system in case of shareholders holding shares in physical mode and non-individual shareholders in demat mode.

- (i) The voting period begins on Friday, August 11, 2023 (09.00 a. m. IST) and Sunday, August 13, 2023. (05.00 p.m. IST) During this period shareholders' of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date (record date) of Monday, August 07, 2023 may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
- (ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
- (iii) Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to **all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants**. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

Step 1: Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

2. OPERATIONS

During the year under review, your Company has three manufacturing facilities at Chakan Unit-1, Chakan Unit-2, Pune (Maharashtra) and Pantnagar (Uttarakhand).

All major customers (Auto OEMS) including anchor customer Tata Motors Limited, recorded growth in all the segments. This along with introduction of new products such as battery tray and Cooling Tubes, has enabled the Company to achieve growth in revenue by 26.6 % over last year.

3. OPPORTUNITIES:

a) Growth in Automotive demand:

The following factors will contribute to growth in automotive demand, including introduction of new models by the Automotive OEMs.

- i. India's GDP is likely to grow during 2023-24 by 6.7% as per latest estimate by RBI. The demand for passenger cars is likely to grow with the increase in demand for personal mobility, with rise in disposable income.

Automotive Stampings and Assemblies Limited

- ii. Considering the focus of the government on infrastructure and growth in GDP, demand for commercial vehicles will be on rise.
 - iii. The government has introduced 'Production Linked Incentive (PLI)' which proposes financial incentives of up to 18% to boost domestic manufacturing of advanced automotive technology products and attract investments in the automotive manufacturing value chain.
 - iv. In order to promote environmental initiative, the Government has given lot of incentives for electric vehicles (EVs).
- b) **Affiliation with market leader:**

The Company's major customer is Tata Motors Limited, a leading player in Indian automotive market. It has increased its market share of passenger vehicles to 13.11% in FY 2022-23 from 5% in FY 2019-20. Tata Motors has and continues to focus on new models in passenger vehicle segment, including electric vehicles.

- c) **Manufacturing capability:**

The components manufactured by the Company require development of tooling and dies and appropriate manufacturing process. The Company has an established supplier base to supply parts. During the year, the Company has started manufacturing of 'Battery Tray' and 'Aluminium Cooling Tube' as part of Govt's Atma Nirbhar Bharat initiatives.

In the upcoming year, company will be focussing on getting new business from TML for it's PV and CV segments. Also, the Company has won new order for critical parts in "Battery Thermal Management Systems" and "Heavy fabrication parts required in lift axle in M&H CV" segments. The Company has further decided to set up manufacturing facilities at Jamshedpur and Sanand, to cater to the customer needs.

4. RISKS AND CONCERNS:

- a) **Concentrated Customer Base:**

The Company derives majority of its revenue from one customer and is striving to increase the share of business with them. The Company continues to diversify its customer base on a continuous basis by focusing on business development activities to increase the customer base and with existing customers where share is low i.e. with Non TML OEM in all segment i.e. EV, PV, CV and export as well .

- b) **Rising input costs:**

The products manufactured by the Company consume mainly steel, where prices continue to fluctuate. While the Customer adjusts the price fluctuation, there is continuous pressure for reduction in conversion and other costs. Also, the minimum wages at Pune region has been inflated significantly in the current year. The Company has on going improvement initiatives, mainly conversion cost reduction, supply chain efficiency improvement and material yield improvement.

- c) **Skill Availability:**

The availability of trained manpower is a challenge particularly in the scenario of growing demand. Your Company focuses on recruitment and in-house skill development to address this Challenge. The Company has also undertaken the initiative to induct apprentices in large numbers and impart training to them for ensuring the required skill availability.

- d) **Supply chain:**

The pandemic COVID-19 has disrupted the supply chain mainly for Auto OEM and also has consequential impact on our manufacturing processes. With continuous efforts, the Company has been able to establish the supplier base in the vicinity of manufacturing plant and taking all necessary measures to minimize the impact.

Your Company has systems in place to identify, assess, monitor and mitigate various risks. Major risks identified by the businesses and functions are systematically addressed through mitigating actions on a continuing basis. These are discussed regularly at the Board meetings.

5. DISCUSSION ON FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE:

EBITDA	3,485.09	1,814.37	4.21%	2.98%

Note - Exceptional item

- During the previous year FY 2021-22, the Company has concluded the transfer of land and building at Halol plant and has recognised a gain of Rs 485.78 Lakhs. Further, the Company has recognised expenses of Rs 660.11 Lakhs towards cost of transfer of the identified plant and equipment to other manufacturing facilities; write off of certain property, plant and equipment having no continuing use, one-time termination compensation to employees relating to Halol plant and certain other expenses, consequent to its closure.
- The Company sold land at Chakan plant along with buildings for a consideration of Rs. 10,100 Lakhs during the previous year. The Company has taken on lease for 15 years, building and a portion of land, on which the operations of the Company will continue. Consequently, the right to use of asset of Rs. 743.88 Lakhs and lease liability of Rs. 3,427.16 Lakhs are recognized in books. Net gain of Rs. 6,172.75 Lakh has been recognised in the Statement of Profit and Loss Account for FY 2021-22"
- In respect of (a) and (b) above, a net gain of Rs. 5,998.42 Lakhs has been recognized as an Exceptional item in the Statement of Profit and Loss Account for FY 2021-22. Out of sale proceeds, the Company repaid the borrowings of Rs. 10,971.60 Lakhs.

Automotive Stampings and Assemblies Limited

Explanation for other items -

- a) Sales have increased by Rs. 22,059.43 Lakhs over last year (approximately 26.6%). As explained above, the improved performance of Automotive industry and consequent higher off-take by our OEM customer along with start of supply of new products has contributed to the increase. Also, apart from volume increase, significant change in steel prices during the year has resulted in back to back fluctuations in our sales prices.
- b) The percentage of material consumption to sales has improved during this year, mainly due to product mix and cost saving measure
- c) The percentage of employee cost to sales has lowered as compared to last year mainly due to increase in sales in FY 2022-23. Despite the minimum wages for Pune area gone up significantly, improvement is attributable to continuous focus on productivity and rationalization measures.
- d) The percentage of other expenses to sales has improved from previous year FY 2021-22 mainly due to higher sales. Despite an increase owing to additional subcontract cost for new program and inflation in power cost [fuel adjustment charge], improvement is mainly attributable to continuous focus on control on the fixed expenses and cost saving programmes.
- e) Finance cost has improved substantially due to reduction in borrowings by utilizing proceeds of land sale of last year which was partially offset by the increase in rate of interest owing to increased repo rate. The Company has also managed working capital requirements effectively.
- f) The operating profit margin (EBITDA) has improved mainly due to volume growth in sales. In order to improve operating margin, there had been continuous efforts towards volume increase from the existing and new customers. Besides there had been a continued focus on on various initiatives including cost optimization through operational efficiency, and rationalization of existing operations.

KEY FINANCIAL RATIOS

Sr. No	Ratios	FY 2022-23	FY 2021-22	% Change
1	Debtors Turnover (times of sales)	24.30	22.43	8.3%

FAMILIARISATION PROGRAMME FOR DIRECTORS:

The Directors (Independent and Non-Independent) interacted with Senior Management Personnel and are given all the documents sought by them for enabling a good understanding of the Company, its various operations and the industry of which it is a part.

The role, rights, duties and responsibilities of Independent Directors have been incorporated in the Letters of Appointment issued to them. The amendments / updates in statutory provisions are informed from time to time.

The information w.r.t. the nature of industry in which the Company operates and business model of the Company, etc. is made known through various presentations on operational performance, strategy, budgets & business forecasts, etc. to the Board.

The above initiatives help the Directors to understand the Company, its business and the regulatory frame work in which the Company operates to effectively fulfil their role as Directors of the Company.

The details of the Familiarization programme have been uploaded on the Company's website: www.autostampings.com

POLICIES W.R.T. (A) DETERMINING QUALIFICATIONS, ATTRIBUTES AND INDEPENDENCE OF A DIRECTOR; (B) EVALUATION OF INDIVIDUAL DIRECTORS, THE BOARD & ITS COMMITTEES; AND (C) BOARD DIVERSITY:

The Company has adopted the Guidelines on Board Effectiveness ("Governance Guidelines" or "guidelines") which inter-alia cover Board Effectiveness Review, the Composition & Role of the Board and Nomination, appointment, induction & development of Directors. These Guidelines cover (a) the criteria for determining qualifications, attributes and independence of a Director; (b) formulation of criteria for evaluation of independent directors, the Board and its Committees; and (c) a policy on Board diversity.

Policy with respect to qualifications, attributes and independence of a Director:

- A Director will be considered as an "Independent Director" (ID) if the person meets with the criteria for 'Independent Director' as laid down in the Act and Listing Regulations.
- IDs should be thought/practice leaders in their respective functions/ domains in order to contribute to the overall skill-domain mix of the Board.
- IDs are expected to abide by the 'Code for independent directors' as outlined in the Act.

The Code specifies the guidelines of professional conduct, role and function and duties of independent directors.

EVALUATION OF INDIVIDUAL DIRECTORS, THE BOARD & ITS COMMITTEES:

Pursuant to the provisions of the Act, Listing Regulations and Guidance Note on Board Evaluation issued by SEBI vide Circular dated January 5, 2017, the Board has carried out the annual performance evaluation for FY 2022-23 of its own performance, the Directors individually as well as the evaluation of the working of its Committees viz. 'Audit Committee', 'Nomination and Remuneration Committee', 'Corporate Social Responsibility Committee', 'Stakeholders Relationship Committee' and Risk Management Committee.

➤ EVALUATION OF INDIVIDUAL DIRECTORS:

- The review of the performance of all the Directors (including the Chairman) was also evaluated for FY 2022-23 by the Nomination and Remuneration Committee.
- The performance review of the Non-Independent Directors was evaluated for FY 2022-23 in the meeting of the 'Independent Directors'.
- Performance evaluation of Independent Directors was done by the entire board, excluding the Independent Director being evaluated.

The broad criteria followed for evaluation of the performance of Individual Directors as per SEBI Guidance Note includes:

- A. Details of professional qualifications;
- B. Details of prior experience, especially the experience relevant to the Company;
- C. Knowledge and Competency;
- D. Fulfilment of functions;
- E. Ability to function as a team;
- F. Initiative;
- G. Availability and attendance;
- H. Commitment;
- I. Contribution;
- J. Integrity; and
- K. Independence.

The Board and the Nomination and Remuneration Committee reviewed the performance of individual directors on the basis of above criteria. Additionally, for the Chairman, the key aspects of the role have been considered like: (a) Efficient leadership, decisive, courteous, professionalism, coordinate the discussion and steer the meeting effectively; (b) Impartial in conducting discussions, seeking views and dealing with dissent; and (c) Communicating effectively with all stakeholders and enable meaningful relationships as required.

➤ **EVALUATION OF BOARD:**

- Areas for evaluation as per the guidance note on Board Evaluation as per SEBI Guidance Note :

The performance of the Board was evaluated by the Board after seeking inputs from all the directors on the basis of criteria such as:

- A. Structure of the Board;
- B. Meetings of the Board;
- C. Functions of the Board; and
- D. Board & Management.

The performance of the Committees was evaluated by the Board after seeking inputs from the Committee members on the basis of criteria such as:

- A. Mandate and composition;
- B. Effectiveness of the Committee;
- C. Structure of the Committee and meetings;
- D. Independence of the Committee from the Board; and
- E. Contribution to decisions of the Board.

➤ **Meeting of Independent Directors:**

During the year under review, the Independent Directors met on March 17, 2023 and:

1. Reviewed the performance of Non-Independent Directors and the Board as a whole for FY 2022-23 and Chairman of the Company, taking into account the views of executive directors and non-executive directors.; and
2. Assessed the quality, quantity and timeliness of flow of information between the Management and the Board.

Automotive Stampings and Assemblies Limited

All the Independent Directors were present at the Meeting.

In the Board meeting that followed the meeting of the Independent Directors and meeting of Nomination and Remuneration Committee, the performance of the Board, its Committees, and individual Directors was also discussed. The performance of the Chairman was evaluated for FY 2022-23 by the 'Nomination and Remuneration Committee' and the Board.

Board Diversity:

The Board ensures that a transparent Board nomination process is in place that encourages diversity of thought, experience, knowledge, perspective, age and gender. It is ensured that the Board has an appropriate blend of functional and industry expertise.

REMUNERATION POLICY FOR DIRECTORS, KEY MANAGERIAL PERSONNEL AND SENIOR MANAGEMENT / OTHER EMPLOYEES AS APPROVED BY THE BOARD AS PER PROVISIONS OF ACT AND LISTING REGULATIONS:

Remuneration for Independent Directors and Non-independent Non-executive Directors:

1. Independent Directors ("ID") and Non-independent Non-executive Directors ("NED") may be paid sitting fees (for attending the meetings of the Board and of Committees of which they may be Members) and commission within regulatory limits.
2. Within the parameters prescribed by law, the payment of sitting fees and commission will be recommended by the 'Nomination and Remuneration Committee' and approved by the Board.
3. Overall remuneration (sitting fees and commission) should be reasonable and sufficient to attract, retain and motivate Directors aligned to the requirements of the Company (taking into consideration the challenges faced by the Company and its future growth imperatives).
4. Overall remuneration should be reflective of size of the Company, complexity of the sector/industry/ Company's operations and the Company's capacity to pay the remuneration.
5. Overall remuneration practices should be consistent with recognized best practices.
6. Quantum of sitting fees may be subject to review on a periodic basis, as required.
7. The aggregate commission payable to all the NEDs and IDs will be recommended by the 'Nomination and Remuneration Committee' to the Board based on Company performance, profits, return to investors, shareholder value creation and any other significant qualitative parameters as may be decided by the Board.
8. The 'Nomination and Remuneration Committee' will recommend to the Board the quantum of commission for each Director based upon the outcome of the evaluation process which is driven by various factors including attendance and time spent in the Board and committee meetings, individual contributions at the meetings and contributions made by Directors other than in meetings.
9. In addition to the sitting fees and commission, the Company may pay to any Director such fair and reasonable expenditure, as may have been incurred by the Director while performing his/ her role as a Director of the Company. This could include reasonable expenditure incurred by the Director for attending Board/ Board Committee Meetings, General Meetings, Court Convened Meetings, Meetings with Shareholders/ Creditors/ Management, site visits, induction and training (organized by the Company for Directors) and in obtaining professional advice from independent advisors in the furtherance of his/ her duties as a Director.

Remuneration for Managing Director ("MD")/ Executive Directors ("ED")/ Manager / Chief Executive Officer / Senior Management / KMP / rest of the employees:

- The extent of overall remuneration should be sufficient to attract and retain talented and qualified individuals suitable for every role. Hence remuneration should be:
 - Market competitive (market for every role is defined as companies from which the Company attracts

- talent or companies to which the Company loses talent)
- Driven by the role played by the individual,
- Reflective of size of the Company, complexity of the sector/ industry/ Company's operations and the Company's capacity to pay
- Consistent with recognized best practices; and
- Aligned to any regulatory requirements.
- In terms of remuneration mix or composition:
 - The remuneration mix for the MD/ EDs/ Manager/ Chief Executive Officer is as per the contract approved by the Shareholders. In case of any change, the same would require the approval of the Shareholders.
 - Basic/ fixed salary is provided to all employees to ensure that there is a steady income in line with their skills and experience.
 - In addition to the basic/ fixed salary, the Company provides employees with certain perquisites, allowances and benefits to enable a certain level of lifestyle and to offer scope for savings and tax optimization, where possible. OTHER SHAREHOLDERS RELATED INFORMATION:

Regulation 39(4) & Schedule VI of Listing Regulations w.r.t. Unclaimed Shares

As per the Scheme of Arrangement (demerger) of 2001 between the Company and JBM Auto Limited (formerly known as JBM Auto Components Limited), the shareholders of the Company were required to surrender the original share certificates of the Company for exchange of new share certificates of both the Companies. The Company had pending share certificates of those shareholders who had not submitted their share certificates in terms of the scheme of arrangement for exchange and also of those shareholders in whose case new share certificates remained undelivered.

In compliance with the amendment to Clause 5A of Listing Agreement, the Company has opened a demat account in the name of Automotive Stampings and Assemblies Limited - Unclaimed Securities Suspense Account for the purpose of transferring the unclaimed shares. As per the said circular, the shares which remained unclaimed even after three reminders, were dematerialized and transferred to the above said demat account in FY 2015-16.

As and when any shareholder approaches the Company or the Registrar and Transfer Agent (RTA) to claim the above said shares, after proper verification, the shares lying in the Unclaimed suspense account shall either be credited to the demat account of the shareholder or the physical certificates shall be delivered after re-materializing the same, depending on what has been opted by the shareholder.

Disclosure with respect to shares lying in suspense account:

Particulars	Shareholders	Shares
Aggregate number of shareholders and the outstanding shares in the suspense account lying as on April 1, 2022.	123	16638
Number of shareholders who approached the Company for transfer of shares from suspense account during the period.	-	-
Number of shareholders to whom the shares were transferred from the suspense account during the period.	-	-
Aggregate number of shareholders and the outstanding shares in the suspense account lying as on March 31, 2023.	123	16638

The voting rights on such shares shall remain frozen till the rightful owner claims the shares.

Procedure for dematerialization of shares:

Shareholders seeking demat of their shares need to approach their Depository Participants (DP) with whom they maintain a demat account. The DP will generate an electronic request and will send the physical share certificate to Registrar and Share Transfer Agent (“the Registrar”) of the Company. Upon receipt of the request and share certificate, the Registrar will verify the same. Upon verification, the Registrar will request National Securities Depository Ltd. (NSDL)/Central Depository Services (India) Ltd. (CDSL) to confirm the demat request. The demat account of the respective shareholder will be credited with equivalent number of shares. In case of rejection of the request, the same shall be communicated to the shareholder.

DIVIDEND INFORMATION

- The amount of the dividend remaining unpaid or unclaimed for a period of seven years from the date of transfer to unpaid dividend account of the Company shall be transferred to the Investor Education and Protection Fund (the "Fund") set up by the Government of India.
- Accordingly, the dividend upto the financial year ended March 31, 2012 which remained unpaid or unclaimed over a period of seven years had been transferred by the Company to Investor Education and Protection Fund (IEPF) in the FY 2019-20. Now, Company has no dividend amount which remains unpaid or unclaimed.
- Further in accordance with Section 124(6) of the Act read with Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016 as amended from time to time, amongst other matters, all shares in respect of which dividend has remained unclaimed or unpaid for seven consecutive years or more are required to be transferred to the Demat Account of the IEPF Authority. Accordingly, all the shares in respect of which dividends were declared upto the financial years ended March 31, 2012 and remained unpaid or unclaimed were transferred to the IEPF Demat Account. The Company has sent notices to all such members in this regard and thereafter transferred the shares to the IEPF during financial year 2019-20. The details of unpaid / unclaimed dividend and number of shares liable to be transferred are available on website: www.autostampings.com
- Members are requested to note that no claim shall lie against the Company in respect of any amount of dividend remaining unclaimed / unpaid for a period of seven years from the dates they became first due for payment. However, Shareholders may claim from IEPF Authority both unclaimed dividend amount and the shares transferred to IEPF Demat Account as per the applicable provisions of Companies Act, 2013 and Rules made thereunder. The Member/Claimant is required to make an online application to the IEPF Authority in Form IEPF-5 (available on www.iepf.gov.in) along with requisite fees as decided by the IEPF Authority from time to time. The Member/Claimant can file only one consolidated claim in a financial year as per the IEPF Rules.
- In order to help Members to ascertain the status of Unclaimed Dividends, the Company has uploaded the information in respect of Unclaimed Dividends on the website of Investor Education and Protection Fund: www.iepf.gov.in and on the website of the Company: www.autostampings.com.

While the Registrar and Share Transfer Agents of the Company has already written to the shareholders informing them about the due dates of transfer to IEPF for these payments, attention of the shareholders is again drawn to this matter through Annual Report.

TO THE MEMBERS OF Automotive Stampings and Assemblies Limited

1. This certificate is issued in accordance with the terms of our engagement letter dated 3 April 2023.
2. We have examined the compliance of conditions of Corporate Governance by Automotive Stampings and Assemblies Limited ("the Company"), for the year ended 31 March 2023, as stipulated in regulations 17 to 27, clauses (b) to (i) of regulation 46(2) and paragraphs C, D and E of Schedule V of the Securities Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 as amended from time to time ("Listing Regulations") pursuant to the Listing Agreement of the Company with Stock Exchanges.

Management's responsibility

3. The compliance of conditions of Corporate Governance as stipulated under the listing regulations is the responsibility of the Company's Management including the preparation and maintenance of all the relevant records and documents. This responsibility includes the design, implementation and maintenance of internal control and procedures to ensure the compliance with the conditions of Corporate Governance stipulated in the Listing Regulations.

Auditor's responsibility

4. Our examination was limited to procedures and implementation thereof, adopted by the Company for ensuring the compliance of the conditions of the Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.
5. Pursuant to the requirements of the Listing Regulations, it is our responsibility to provide a reasonable assurance whether the Company has complied with the conditions of Corporate Governance as stipulated in Listing Regulations for the year ended 31 March 2023.
6. We conducted our examination of the above corporate governance compliance by the Company in accordance with the Guidance Note on Reports or Certificates for Special Purposes (Revised 2016) and Guidance Note on Certification of Corporate Governance both issued by the Institute of the Chartered Accountants of India (the "ICAI"), in so far as applicable for the purpose of this certificate. The Guidance Note requires that we comply with the ethical requirements of the Code of Ethics issued by the ICAI.
7. We have complied with the relevant applicable requirements of the Standard on Quality Control (SQC) 1, Quality Control for Firms that Perform Audits and Reviews of Historical Financial Information, and Other Assurance and Related Services Engagements.

Opinion

8. In our opinion and to the best of our information and according to the explanations given to us, we certify that the Company has complied with the conditions of Corporate Governance as stipulated in the above-mentioned Listing Regulations.
9. We state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the management has conducted the affairs of the Company.

INDEPENDENT AUDITOR’S REPORT

TO THE MEMBERS OF AUTOMOTIVE STAMPINGS AND ASSEMBLIES LIMITED

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Automotive Stampings and Assemblies Limited (the “Company”) which comprise the balance sheet as at 31 March 2023, and the statement of profit and loss (including other comprehensive income), statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 (“Act”) in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2023, and its profit and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Going Concern

See Note 4.2 to financial statements

The Key Audit Matter	How the matter was addressed in our audit
<p>As of 31 March 2023, the Company’s total liabilities exceeded its total assets by INR 2,734.22 lakhs. Note 4.2 to the financial statements explains, how the Company has formed a judgement, the going concern basis is correct in preparing the financial statements.</p> <p>The company has made their assessment of going concern by preparing a cash flow forecast in which few key assumptions were applied. These key assumptions are forecasts of revenue, gross margins, capital expenditure, bank financing facilities and the financial support from the Holding company. We identified going concern as a key audit matter considering a significant degree of judgement is involved in forecasting the future cash flows of the Company which are inherently uncertain.</p>	<p>Our audit procedures to assess the going concern assumption included the following:</p> <ul style="list-style-type: none"> ● Obtained an understanding of the business planning process and assessed the design, implementation, and operating effectiveness of key internal controls over the assessment of going concern and preparation of cash flow forecasts. ● Assessed the assumptions in the cash flow forecasts like future revenue, gross margins, and capital expenditure with reference to historical and current performance, internal investment plans, and other available external information. ● Analyzed the accuracy and reliability of cash flow forecasts made by company in prior years by comparing them with the current year’s results. ● Assessed the availability of banking and other financing facilities and arrangements along with terms mentioned in the underlying agreements. ● Inspected financial support letter from the Holding Company and considered its ability to provide such financial assistance from the available financial information

Automotive Stampings and Assemblies Limited

Revenue Recognition

See Note 2.2 to financial statements

The Key Audit Matter	How the matter was addressed in our audit
<p>The Company's revenue is derived from the sale of sheet metal stampings, welded assemblies, and modes for the automotive industry. The Company recognises revenue when the control is transferred to the customer.</p> <p>We identified the recognition of revenue as a key audit matter because revenue is one of the key performance indicators of the Company. Therefore, it is subject to risk of misstatement to meet the targets and expectations.</p>	<p>Our audit procedures to assess the recognition of revenue included the following:</p> <ul style="list-style-type: none"> ● Obtained an understanding of the systems, processes and controls implemented by the Company for measurement recognition of Revenue. ● Evaluated the Company's revenue recognition accounting policies by comparing with applicable accounting standards. ● Evaluating the design, implementation, and operating effectiveness of key internal controls over the existence, accuracy, and timing of revenue recognition. ● Performed substantive testing by selecting samples (using statistical sampling) of revenue transactions recorded during the year by testing the underlying documents which included sales invoice, shipping documents and proof of deliveries, to assess whether these are recognised in the appropriate period in which control is transferred. ● Tested on a sample basis, revenue transactions recorded before and after the financial year end date to assess whether revenue is recognised in the financial period in which control is transferred. ● Tested journal entries on revenue recognised during the year, by considering specified risk based criteria, to identify unusual or irregular items. ● Assessed the adequacy of disclosure made in the the financial statements with respect to revenue recognised during the year as required by applicable Ind AS.

Other information

The Company's Management and Board of Directors are responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and auditor's report thereon. The annual report is expected to be made available to us after the date of this auditor's report.

Our opinion on the financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

Management's and Board of Directors' Responsibilities for the Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the state of affairs, profit/ loss and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting in preparation of financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we

Automotive Stampings and Assemblies Limited

are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. (A) As required by Section 143(3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The balance sheet, the statement of profit and loss (including other comprehensive income), the statement of changes in equity and the statement of cash flows dealt with by this Report are in agreement with the books of account.
 - d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.
 - e) On the basis of the written representations received from the directors as on 31 March 2023 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2023 from being appointed as a director in terms of Section 164(2) of the Act.
 - f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".

- (B) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- a) The Company has disclosed the impact of pending litigations as at 31 March 2023 on its financial position in its financial statements - Refer Note 37 to the financial statements.
 - b) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - c) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
 - d) (i) The management has represented that, to the best of its knowledge and belief, as disclosed in the Note 49(e) to the financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (ii) The management has represented that, to the best of its knowledge and belief, other than as disclosed in the Note 49(f) to the financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Parties ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (iii) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (i) and (ii) above, contain any material misstatement.
- (e) The Company has neither declared nor paid any dividend during the year.
- (f) As proviso to rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable for the Company only with effect from 1 April 2023, reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 is not applicable.

Automotive Stampings and Assemblies Limited

(C) With respect to the matter to be included in the Auditor's Report under Section 197(16) of the Act:

In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) of the Act which are required to be commented upon by us.

Annexure A to the Independent Auditor's Report on the Financial Statements of Automotive Stampings and Assemblies Limited for the year ended 31 March 2023

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

- i. (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.
(B) The Company has maintained proper records showing full particulars of intangible assets.
- (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has a regular programme of physical verification of its Property, Plant and Equipment by which all property, plant and equipment are verified every year. In accordance with this programme, all property, plant and equipment were verified during the year. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. No discrepancies were noticed on such verification.
- (c) The Company does not have any immovable property (other than properties where the Company is the lessee and the leases agreements are duly executed in favour of the lessee). Accordingly, clause 3(i)(c) of the Order is not applicable.
- (d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not revalued its Property, Plant and Equipment (including Right of Use assets) or intangible assets or both during the year.
- (e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no proceedings initiated or pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.
- ii.(a) The inventory, except goods-in-transit, has been physically verified by the management during the year. For goods-in-transit subsequent evidence of receipts has been linked with inventory records. In our opinion, the frequency of such verification is reasonable and procedures and coverage as followed by management were appropriate. No discrepancies were noticed on verification between the physical stocks and the book records that were more than 10% in the aggregate of each class of inventory
- (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets. In our opinion, the quarterly returns or statements filed by the Company with such banks or financial institutions are in agreement with the books of account of the Company.
- iii. According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any investments, provided guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, limited liability partnerships or any other parties during the year. Accordingly, provisions of clauses 3(iii)(a) to 3(iii)(f) of the Order are not applicable to the Company.
- iv. According to the information and explanations given to us and on the basis of our examination of records of the Company, the Company has neither made any investments nor has it given loans or provided guarantee or security and therefore the relevant provisions of Sections 185 and 186 of the Companies Act, 2013 ("the Act") are not applicable to the Company. Accordingly, clause 3(iv) of the Order is not applicable.
- v. The Company has not accepted any deposits or amounts which are deemed to be deposits from the public. Accordingly, clause 3(v) of the Order is not applicable.
- vi. We have broadly reviewed the books of accounts maintained by the Company pursuant to the rules prescribed by the Central Government for maintenance of cost records under Section 148(1) of the Act in respect of its manufactured goods and are of the opinion that prima facie, the prescribed accounts and records have been made and maintained. However, we have not carried out a detailed examination of the records with a view to determine whether these are accurate or complete.

Automotive Stampings and Assemblies Limited

- viii. According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not surrendered or disclosed any transactions, previously unrecorded as income in the books of account, in the tax assessments under the Income Tax Act, 1961 as income during the year.
- ix. (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not defaulted in repayment of loans and borrowing or in the payment of interest thereon to any lender.
- (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not been declared a wilful defaulter by any bank or financial institution or government or government authority.
- (c) According to the information and explanations given to us by the management, the Company has not obtained any term loans during the year. Accordingly, clause 3(ix)(c) of the Order is not applicable.
- (d) According to the information and explanations given to us and on an overall examination of the balance sheet of the Company, we report that no funds raised on short-term basis have been used for long-term purposes by the Company.
- (e) The Company does not hold any investment in any subsidiaries, associates or joint ventures (as defined under the Act) during the year ended 31 March 2023. Accordingly, clause 3(ix)(e) is not applicable.
- (f) According to the information and explanations given to us and procedures performed by us, we report that the Company has not raised loans during the year on the pledge of securities held in its subsidiaries, joint ventures or associate companies (as defined under the Act).
- x. (a) The Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments). Accordingly, clause 3(x)(a) of the Order is not applicable.
- (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, clause 3(x)(b) of the Order is not applicable.
- xi. (a) Based on examination of the books and records of the Company and according to the information and explanations given to us, no fraud by the Company or on the Company has been noticed or reported during the course of the audit.
- (b) According to the information and explanations given to us, no report under sub-section (12) of Section 143 of the Act has been filed by the auditors in Form ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government.
- (c) We have taken into consideration the whistle blower complaints received by the Company during the year while determining the nature, timing and extent of our audit procedures.
- xii. According to the information and explanations given to us, the Company is not a Nidhi Company. Accordingly, clause 3(xii) of the Order is not applicable.

Automotive Stampings and Assemblies Limited

- xiii. In our opinion and according to the information and explanations given to us, the transactions with related parties are in compliance with Section 177 and 188 of the Act, where applicable, and the details of the related party transactions have been disclosed in the financial statements as required by the applicable accounting standards.
- xiv. (a) Based on information and explanations provided to us and our audit procedures, in our opinion, the Company has an internal audit system commensurate with the size and nature of its business.
- (b) We have considered the internal audit reports of the Company issued till date for the period under audit.
- xv. In our opinion and according to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or persons connected to its directors and hence, provisions of Section 192 of the Act are not applicable to the Company.
- xvi. (a) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi)(a) of the Order is not applicable.

- (c) The Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, clause 3(xvi)(c) of the Order is not applicable.
- (d) According to the information and explanation given to us by the management, the Group has five CICs which are registered with the Reserve Bank of India and one CIC which is not required to be registered with the Reserve Bank of India.
- xvii. The Company has not incurred cash losses in the current and in the immediately preceding financial year.
- xviii. There has been no resignation of the statutory auditors during the year. Accordingly, clause 3(xviii) of the Order is not applicable.
- xix. We draw attention to Note 4.2 to the financial statements which explains that as of 31st March 2023, the total liabilities exceeded its total assets by INR 2,734.22 Lacs, mainly attributable to losses incurred in earlier years. The Company had taken steps to augment funds and also improve the business performance. The Company continues to make assessment of the current and budgeted financial performance. On the basis of this assessment, available bank financing facilities and the financial support from the Holding company, the Company expects to meet the liabilities in the normal course of business. On the basis of the above and according to the information and explanations given to us, on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date.

We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

- xx. The requirements as stipulated by the provisions of Section 135 are not applicable to the Company. Accordingly, clauses 3(xx)(a) and 3(xx)(b) of the Order are not applicable.

Automotive Stampings and Assemblies Limited

Annexure B to the Independent Auditor's Report on the financial statements of Automotive Stampings and Assemblies Limited for the year ended 31 March 2023

Report on the internal financial controls with reference to the aforesaid financial statements under Clause (i) of Sub-section 3 of Section 143 of the Act

(Referred to in paragraph 2(A)(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

We have audited the internal financial controls with reference to financial statements of Automotive Stampings and Assemblies Limited ("the Company") as of 31 March 2023 in conjunction with our audit of the financial statements of the Company for the year ended on that date. In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2023, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's and Board of Directors' Responsibilities for Internal Financial Controls

The Company's Management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with Reference to Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Notes to financial statement

(All figures in INR Lakhs, unless otherwise stated)

Note 1 : Company overview

Automotive Stampings and Assemblies Limited ('the Company') is engaged in the business of manufacturing sheet metal stampings, welded assemblies and modules for the automotive industry. The Company primarily operates in India. The equity shares of the Company are listed on the Bombay Stock Exchange (BSE) and the National Stock Exchange (NSE). The Company's Registered office is at - TACO House, Plot No- 20/B FPN085, V. G. Damle Path, Off Law College Road, Erandwane, Pune: 411004, Maharashtra, India.

Note 2 : Significant accounting policies

This note provides a list of the significant accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

The accounting policies applied in these financial statements are the same as those applied in the financial statements as at and for the year ended 31 March 2023.

2.1 Basis of preparation of financial statements

(i) Compliance with Ind AS

The financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 notified under Section 133 of Companies Act, 2013, (the 'Act') and other relevant provisions of the Act.

The financial statements are approved for issue by the Company's Board of Directors on April 28, 2023.

(ii) Basis of measurement

The financial statements have been prepared on a historical cost basis, except for the following items:

- certain financial assets and liabilities (including derivative financial instruments) that are measured at fair value;
- net defined benefit (asset)/ liability – fair value of plan assets less present value of defined benefit obligations

(iii) Functional and presentation currency

These financial statements are presented in Indian Rupees (INR), which is also the Company's functional currency. All amounts have been rounded off to the nearest Lakh except share data, unless otherwise indicated.

(iv) Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- expected to be realised or intended to be sold or consumed in normal operating cycle
- held primarily for the purpose of trading
- expected to be realised within twelve months after the reporting period, or
- cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

Notes to financial statement

(All figures in INR Lakhs, unless otherwise stated)

A liability is current when:

- it is expected to be settled in normal operating cycle
- it is held primarily for the purpose of trading
- it is due to be settled within twelve months after the reporting period, or
- there is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

(v) Operating cycle

Operating cycle is the time between the acquisition of assets for processing and their realisation in cash or cash equivalents. The Company's normal operating cycle is less than twelve months.

(vi) Measurement of fair values

A number of the Company's accounting policies and disclosures require the measurement of fair values for both financial and non financial assets and liabilities. In determining the fair value of its financial instruments, the Company uses a variety of methods and assumptions that are based on market conditions and risks existing at each reporting date and has an established control framework with respect to measurement of fair values. The Chief Financial Officer and persons entrusted have overall responsibility for overseeing all significant fair value measurements, including Level 3 fair values and assessments that these valuations meet the requirements of Ind AS. The methods used to determine fair value include discounted cash flow analysis, available quoted market prices and dealer quotes. All methods of assessing fair value result in general approximation of value, and such value may never actually be realised.

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

Level 1: Quoted prices (unadjusted) in active markets for identical assets and liabilities.

Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

The team regularly reviews significant unobservable inputs and valuation adjustments. If third party information, such as broker quotes or pricing services, is used to measure fair values, then the team assesses the evidence obtained from the third parties to support the conclusion that these valuations meet the requirements of Ind AS, including the level in the fair value hierarchy in which the valuations should be classified.

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

Further information about the assumptions made in measuring fair values is included in note 44- Financial risk management.

2.2 Revenue recognition

The Company recognizes revenue when 'control' of the promised goods underlying the particular performance obligation is transferred to the customer in an amount that reflects the consideration it expects to receive in exchange for those goods. Control of products passes to the customers, at a point in time which is usually upon delivery of goods to the customer / carrier appointed by the customer. Invoices are usually payable within 30 – 90 days. Revenue excludes taxes collected from customers on behalf of the government.

(i) Sale of goods including scrap sales:

For contracts that permit the customer to return an item, under Ind AS 115 revenue is recognised to the extent that it is probable that a significant reversal in the amount of cumulative revenue recognised will not occur. Therefore, the amount of revenue recognised is adjusted for expected returns, which are estimated based on the historical data. Returned goods are exchanged only for new goods – i.e. no cash refunds are offered. In such circumstances, a refund liability and a right to recover returned goods asset are recognised. The amount disclosed as revenue is net of Goods and Services Tax collected on behalf of third parties.

(ii) Sale of tools:

Tooling contracts are the fixed price contracts to build a specific tool (asset). Under these contracts a performance obligation is satisfied when control of such assets underlying the particular performance obligation is transferred to the customer. Hence, revenue from tooling contracts is recognized when such tools are transferred to the customers since the customer receives and consumes the benefits at the end of the contract.

Generally, the Company receives short-term tooling advances from its customers which are utilised for providing advance to supplier of the tool. Using the practical expedient in Ind AS 115, the Company does not adjust the promised amount of consideration for the effects of any significant financing component.

(iii) Sale of services:

In contracts involving the rendering of services related to refurbishment, revenue is measured using the proportionate completion method and are recognized net of goods and service tax as applicable.

(iv) Other Income:

Interest Income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable and dividend income from investments in shares is recognised when the owner's right to receive the payment is established.

(v) Contract liabilities:

A contract liability is the obligation to transfer goods or services to a customer for which the Company has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Company transfers goods or services to the customer, a contract liability is recognised when the payment is made or the payment is due (whichever is earlier). Contract liabilities are recognised as revenue when the Company performs as per the contract obligation.

2.3 Foreign currency transactions and translation

Transactions in foreign currencies are translated into the respective functional currencies of the Company at the exchange rates at the dates of the transactions or an average rate if the average rate approximates the actual rate at the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rate at the reporting date. Non-monetary assets and liabilities that are measured at fair value in a foreign currency are translated into the functional currency at the exchange rate when the fair value was determined. Non-monetary items that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of the transaction. Foreign currency exchange differences are generally recognised in profit or loss, except foreign currency exchange differences arising from the translation of the following items which are recognised in OCI

All other foreign exchange gain and losses are presented in the statement of profit and loss on net basis within other income / other expenses.

2.4 Property, plant and equipment

The cost of an item of property, plant and equipment shall be recognised as an asset if, and only if it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. Items of property, plant and equipment (including capital-work-in progress) are measured at cost, which includes capitalised borrowing costs, less accumulated depreciation and any accumulated impairment losses. Freehold land is carried at historical cost less any accumulated impairment losses. Cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located. The cost of a self-constructed item of property, plant and equipment comprises the cost of materials and direct labour, any other costs directly attributable to bringing the item to working condition for its intended use, and estimated costs of dismantling and removing the item and restoring the site on which it is located. If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment. Any gain or loss on disposal of an item of property, plant and equipment is recognised in profit or loss.

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Company and the cost of the item can be measured reliably. The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for provision are met.

Depreciation methods, estimated useful lives and residual value:

Depreciation is calculated on the cost of items of property, plant and equipment less their estimated residual values using the straight-line method over their estimated useful lives, and is generally recognised in the statement of profit and loss. Freehold land is not depreciated

Depreciation methods, useful lives and residual values are reviewed at each reporting date and adjusted if appropriate. Based on technical evaluation and consequent advice, the management believes that its estimates of useful lives as given above best represent the period over which management expects to use these assets. Estimates in respect of certain items of plant and equipment were revised in the year ended 31 March 2023. Depreciation on additions/(disposals) is provided on a pro rata basis i.e. from/ (upto) the date on which asset is ready for use/ (disposed off).

- Press Machines	15 (on a single shift basis)	20
- Other plant and equipment	15 (on a single shift basis)	10 to 18

- Improvements to leased premises are depreciated over the balance tenure of leasehold land.”
- Leasehold land is amortized on a straight line basis over the period of the lease.

The assets' residual values, useful lives and method of depreciation are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with carrying amount and are recognized as income or expense in the statement of profit and loss.

2.5 Intangible asset

Intangible assets that are acquired by the Company are measured initially at cost. After initial recognition, an intangible asset is carried at its cost less any accumulated amortization and any accumulated impairment loss. Subsequent expenditure is capitalized only when it increases the future economic benefits from the specific asset to which it relates. Intangible assets are amortized on a straight line basis over their estimated useful lives ranging from 3-5 years. The amortization period and amortization method are reviewed as at each Balance Sheet date. If the expected useful life of the asset is significantly different from previous estimates, the amortization period is changed accordingly and the effects are given prospectively. Gains or losses arising from the retirement or disposal of an intangible asset are determined as the difference between the net disposal proceeds and the carrying amount of the asset and recognized as income or expense in the Statement of Profit and Loss.

2.6 Non-current assets classified as held for sale

Non-current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use and a sale is considered highly probable. They are measured at the lower of their carrying amount and fair value less cost to sell. An impairment loss is recognised for any initial or subsequent write down of the asset to fair value less cost to sell. A gain is recognised for any subsequent increase in fair value less cost to sell of an asset, but not in excess of any cumulative impairment loss previously recognised. A gain or loss not previously

Notes to financial statement

(All figures in INR Lakhs, unless otherwise stated)

recognised by the date of sale of the non-current asset is recognised at the date of de-recognition. Non-current assets are not depreciated or amortized while they are classified as held for sale. Non-current assets classified as held for sale are presented separately from the other assets in the balance sheet.

2.7 Borrowings

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it relates.

Borrowings are removed from the balance sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss as other gains/(losses). Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least twelve months after the reporting period.

2.8 Borrowing cost

Borrowing cost are interest and other cost (including exchange differences relating to foreign currency borrowings), to the extent that, they are regarded as an adjustment to the interest cost

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalized during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

Investment income earned on the temporary investment of specific borrowing pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization. Other borrowing costs are expensed in the period in which they are incurred.

2.9 Leases

At inception of a contract, the Company assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- the contract involves the use of an identified asset – this may be specified explicitly or implicitly and should be physically distinct or represent substantially all of the capacity of a physically distinct asset. If the supplier has a substantive substitution right, then the asset is not identified;
- the Company has the right to obtain substantially all of the economic benefits from use of the asset throughout the period of use; and
- the Company has the right to direct the use of the asset. The Company has this right when it has the decision-making rights that are most relevant to changing how and for what purpose the asset is used. In rare cases where the decision about how and for what purpose the asset is used is predetermined, the Company has the right to direct the use of the asset if either:

Notes to financial statement

(All figures in INR Lakhs, unless otherwise stated)

- the Company has the right to operate the asset; or
- the Company designed the asset in a way that predetermines how and for what purpose it will be used. This policy is applied to contracts entered into, or changed, on or after April 01, 2019.

Company as a lessee

At inception or on reassessment of a contract that contains a lease component, the Company allocates the consideration in the contract to each lease component on the basis of their relative standalone prices. However, for the leases of land and buildings in which it is a lessee, the Company has elected not to separate non-lease components and account for the lease and non-lease components as a single lease component.

Ind AS 116 requires lessee to determine the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Company makes an assessment on expected lease term on lease by lease basis and thereby assesses whether it is reasonably certain that any option to extend or terminate the contract will be exercised. The Company has considered all relevant facts and circumstances to determine whether the option to extend the lease shall be exercised. This includes but is not limited to the fact that certain assets have been leased to us by related parties for operations directly linked to them. The Company recognises a Right-Of-Use (ROU) asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received. The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The estimated useful lives of right-of-use assets are determined on the same basis as those of property and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Company's incremental borrowing rate. Generally, the Company uses its incremental borrowing rate as the discount rate. The Company determines its incremental borrowing rates by obtaining interest rates from various external financing sources and makes certain adjustment to reflect the terms of lease and type of the assets leased.

Lease payments included in the measurement of the lease liability comprise the following:

- fixed payments, including in-substance fixed payments;
- variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date;
- amounts expected to be payable under a residual value guarantee; and
- the exercise price under a purchase option that the Company is reasonably certain to exercise, lease payments in an optional renewal period if the Company is reasonably certain to exercise an extension option, and penalties for early termination of a lease unless the Company is reasonably certain not to terminate early.

Notes to financial statement

(All figures in INR Lakhs, unless otherwise stated)

The lease liability is measured at amortised cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Company's estimate of the amount expected to be payable under a residual value guarantee, or if the Company changes its assessment of whether it will exercise a purchase, extension or termination option or if there is a revision in-substance fixed lease payment.

When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero. Lease liability and ROU asset have been separately presented in the balance sheet and lease payments have been classified as financing cash flows. The Company has applied a single discounting rate to a portfolio of leases of similar assets.

Sale and leaseback of Assets

Ind As 116 requires, The Company shall apply Ind AS 116 which says the requirements for determining when a performance obligation is satisfied in Ind AS 115 to determine whether the transfer of an asset is accounted for as a sale of that asset.

- (a) the seller-lessee shall measure the right-of-use asset arising from the leaseback at the proportion of the previous carrying amount of the asset that relates to the right of use retained by the seller-lessee. Accordingly, the seller-lessee shall recognise only the amount of any gain or loss that relates to the rights transferred to the buyer-lessor.
- (b) the buyer-lessor shall account for the purchase of the asset applying applicable Standards, and for the lease applying the lessor accounting requirements in this Standard.

If the fair value of the consideration for the sale of an asset does not equal the fair value of the asset, or if the payments for the lease are not at market rates, an entity shall make the following adjustments to measure the sale proceeds at fair value:

- (a) any below-market terms shall be accounted for as a prepayment of lease payments; and
- (b) any above-market terms shall be accounted for as additional financing provided by the buyer-lessor to the seller-lessee.

Short-term leases and leases of low-value assets

The Company has elected not to recognise right-of-use assets and lease liabilities for short-term leases that have a lease term of twelve months or less and leases of low-value assets. The Company recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

2.10 Inventories

Raw materials and stores, work-in-progress, finished goods are stated at the lower of cost and net realizable value. Cost of raw materials comprises cost of purchases. Cost of work-in-progress and finished goods comprises direct materials, direct labour and an appropriate proportion of variable and fixed overhead expenditure, the latter being allocated on the basis of normal operating capacity. Cost of inventories also include all other costs incurred in bringing the inventories to their present location and condition. Costs are assigned to individual items of inventory on the price of weighted average basis. Costs of purchased inventory are determined after deducting rebates and discounts. Net realizable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale. The net realisable value of work-in-progress is determined

Notes to financial statement

(All figures in INR Lakhs, unless otherwise stated)

with reference to the selling prices of related finished goods. Raw materials, components and other supplies held for use in the production of finished products are not written down below cost except in cases when a decline in the price of materials indicates that the cost of the finished products shall exceed the net realisable value. The comparison of cost and net realisable value is made on an item-by-item basis.

2.11 Employee benefits

(i) Short-term obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within twelve months after the end of the period in which the employees render the related service are recognized in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

(ii) Other long-term employee benefit obligations

The liabilities for earned leave are not expected to be settled wholly within twelve months after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognized in profit or loss.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

(iii) Post-employment obligations

The Company operates the following post-employment schemes:

- (A) defined benefit plans such as gratuity; and
- (B) defined contribution plans

(A) Defined benefit plans

(i) Gratuity obligations

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan. The Company's net obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in the current and prior periods, discounting that amount and deducting the fair value of any plan assets.

The calculation of defined benefit obligations is performed annually by a qualified actuary using the projected unit credit method. When the calculation results in a potential asset for the Company, the recognised asset is limited to the present value of economic benefits available in the form of any future refunds from the plan or reductions in future contributions to the plan ('the asset ceiling'). To calculate the present value of economic benefits, consideration is given to any applicable minimum funding requirements

Remeasurements of the net defined benefit liability, which comprise actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling (if any, excluding interest), are recognised immediately in OCI. The Company determines

Notes to financial statement

(All figures in INR Lakhs, unless otherwise stated)

the net interest expense income) on the net defined benefit liability (asset) for the period by applying the discount rate determined by reference to market yields at the end of the reporting period on government bonds. This rate is applied on the net defined benefit liability (asset), both as determined at the start of the annual reporting period, taking into account any changes in the net defined benefit liability (asset) during the period as a result of contributions and benefit payments. Net interest expense and other expenses related to defined benefit plans are recognised in profit or loss.

When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service ('past service cost' or 'past service gain') or the gain or loss on curtailment is recognised immediately in profit or loss. The Company recognises gains and losses on the settlement of a defined benefit plan when the settlement occurs

(ii) Other long-term employee benefits - compensated absences

Accumulated absences expected to be carried forward beyond twelve months is treated as long-term employee benefit for measurement purposes. The Company's net obligation in respect of other long-term employee benefit of accumulating compensated absences is the amount of future benefit that employees have accumulated at the end of the year. That benefit is discounted to determine its present value. The obligation is measured annually by a qualified actuary using the projected unit credit method. Remeasurements are recognised in profit or loss in the period in which they arise.

(B) Defined contribution plans

A defined contribution plan is a post-employment benefit under which an entity pays a specific contribution to a separate entity and has no obligation to pay any further amounts. Retirement benefit in the form of provident fund and superannuation fund are a defined contribution schemes and the contributions are charged to the statement of profit and loss during the period in which the employee renders the related service. The Company makes specific contribution towards government administered Provident Fund scheme. The Company has no obligation, other than the contribution payable to these funds. Prepaid contributions are recognized as an asset to the extent that a cash refund or a reduction in future payments is available. The company makes specified contributions towards government administered provident fund scheme.

(iv) Termination benefits

Termination benefits in the nature of voluntary retirement benefits are recognized as an expense when as a result of a past event, the Company has a present obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. If benefits are not expected to be settled wholly within twelve months of reporting date then they are discounted.

2.12 Financial instruments

Financial assets and liabilities are recognized when the Company becomes a party to the contractual provisions of the instruments and are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or liabilities on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognized immediately in profit or loss.

Notes to financial statement

(All figures in INR Lakhs, unless otherwise stated)

(i) Classification

The Company classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss) (FVTOCI / FVTPL), and
- those measured at amortized cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income

Financial liabilities are classified as measured at amortized cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held- for- trading, or it is a derivative or it is designated as such on initial recognition.

A) Measurement

(i) Recognition and initial measurement

Trade receivables and debt securities issued are initially recognised when they are originated. All other financial assets and financial liabilities are initially recognised when the Company becomes a party to the contractual provisions of the instrument. A financial asset (unless it is a trade receivable without a significant financing component) or financial liability is initially measured at fair value plus or minus, for an item not at FVTPL, transaction costs that are directly attributable to its acquisition or issue. A trade receivable without a significant financing component is initially measured at the transaction price.

(ii) Classification and subsequent measurement

- Financial assets: - On initial recognition, a financial asset is classified as measured at:
- amortised cost;
 - FVOCI – debt investment;
 - FVOCI – equity investment; or
 - FVTPL.

Financial assets are not reclassified subsequent to their initial recognition unless the Company changes its business model for managing financial assets, in which case all affected financial assets are reclassified on the first day of the first reporting period following the change in the business model. A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:

- it is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. A debt investment is measured at FVOCI if it meets both of the following conditions and is not designated as at FVTPL

Notes to financial statement

(All figures in INR Lakhs, unless otherwise stated)

- it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

On initial recognition of an equity investment that is not held for trading, the Company may irrevocably elect to present subsequent changes in the investment's fair value in OCI. This election is made on an investment-by-investment basis

All financial assets not classified as measured at amortised cost or FVOCI as described above are measured at FVTPL. This includes all derivative financial assets. On initial recognition, the Company may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost or at FVOCI as at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise

Financial assets – Assessment whether contractual cash flows are solely payments of principal and interest

For the purposes of this assessment, 'principal' is defined as the fair value of the financial asset on initial recognition. 'Interest' is defined as consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs (e.g. liquidity risk and administrative costs), as well as a profit margin. In assessing whether the contractual cash flows are solely payments of principal and interest, the Company considers the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition. In making this assessment, the Company considers:

- contingent events that would change the amount or timing of cash flows;
- terms that may adjust the contractual coupon rate, including variable-rate features;
- prepayment and extension features; and
- terms that limit the Company's claim to cash flows from specified assets (e.g. non-recourse features).

A prepayment feature is consistent with the solely payments of principal and interest criterion if the prepayment amount substantially represents unpaid amounts of principal and interest on the principal amount outstanding, which may include reasonable compensation for early termination of the contract. Additionally, for a financial asset acquired at a discount or premium to its contractual par amount, a feature that permits or requires prepayment at an amount that substantially represents the contractual par amount plus accrued (but unpaid) contractual interest (which may also include reasonable compensation for early termination) is treated as consistent with this criterion if the fair value of the prepayment feature is insignificant at initial recognition.

(iii) Financial assets – Subsequent measurement and gains and losses

Financial assets at FVTPL:- These assets are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognised in profit or loss.

Financial assets at amortised cost:- These assets are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in profit or loss. Any gain or loss on derecognition is recognised in profit or loss.

Notes to financial statement

(All figures in INR Lakhs, unless otherwise stated)

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for-trading, it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in profit or loss. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in profit or loss. Any gain or loss on derecognition is also recognised in profit or loss.

(iv) Impairment of financial assets

The Company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortized cost and debt instruments. The impairment methodology applied depends on whether there has been a significant increase in credit risk. Note 44 (C) details how the Company determines whether there has been a significant increase in credit risk.

For trade receivables only, the Company applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognized from initial recognition of the receivables.

An impairment loss for financial assets is reversed if the reversal can be related objectively to an event occurring after the impairment loss has been recognized.

(v) Derecognition

A financial asset is derecognised only when

Financial assets

The Company derecognises a financial asset when:

- the contractual rights to the cash flows from the financial asset expire; or
- it transfers the rights to receive the contractual cash flows in a transaction in which either:
 - substantially all of the risks and rewards of ownership of the financial asset are transferred; or
 - the Company neither transfers nor retains substantially all of the risks and rewards of ownership and it does not retain control of the financial asset. The Company enters into transactions whereby it transfers assets recognised on its balance sheet but retains either all or substantially all of the risks and rewards of the transferred assets. In these cases, the transferred assets are not derecognised.

Financial liabilities

The Company derecognises a financial liability when its contractual obligations are discharged or cancelled or expire. The Company also derecognises a financial liability when its terms are modified and the cash flows of the modified liability are substantially different, in which case a new financial liability based on the modified terms is recognised at fair value. On derecognition of a financial liability, the difference between the carrying amount extinguished and the consideration paid (including any non-cash assets transferred or liabilities assumed) is recognised in profit or loss.

(vi) Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability

Notes to financial statement

(All figures in INR Lakhs, unless otherwise stated)

simultaneously.

2.13 Impairment of non-financial assets

The Company's non-financial assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated. For impairment testing, assets that do not generate independent cash inflows are grouped together into cash generating units (CGUs). Each CGU represents the smallest group of assets that generates cash inflows that are largely independent of the cash inflows of other assets or CGUs. The recoverable amount of a CGU (or an individual asset) is the higher of its value in use and its fair value less costs to sell. Value in use is based on the estimated future cash flows, discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the CGU (or the asset). An impairment loss is recognized if the carrying amount of an asset or CGU exceeds its estimated recoverable amount. Impairment losses are recognized in the Statement of Profit and Loss. Non-financial assets that suffered impairment are reviewed for possible reversal of the impairment at each reporting date. In respect of non-financial assets, an impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. The carrying value of an asset other than goodwill is increased to its revised recoverable amount, provided that this amount does not exceed the carrying value that would have been determined (net of any accumulated depreciation or amortization) had no impairment loss been recognized for the said asset in previous years. The reversal of impairment loss is recognized in the Statement of profit and loss.

2.14 Cash and cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities in the balance sheet.

2.15 Earnings/(loss) per share

- (i) Basic earnings/ (loss) per share calculated by dividing the profit attributable to owners of the Company by the weighted average number of equity shares outstanding during the financial year.
- (ii) Diluted earnings / (loss) per share adjusts the figures used in the determination of basic earnings per share to take into account:
 - the after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
 - the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

2.16 Income tax

Income tax expense comprises current and deferred tax. It is recognised in profit or loss except to the extent that it relates to a business combination, or items recognised directly in equity or in Other comprehensive income. The Company has determined that interest and penalties related to income taxes, including uncertain tax treatments, do not meet the definition of income taxes, and therefore accounted for them under Ind AS 37 Provisions, Contingent Liabilities and Contingent Assets.

(i) Current Tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year

Notes to financial statement

(All figures in INR Lakhs, unless otherwise stated)

and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax payable or receivable is the best estimate of the tax amount expected to be paid or received that reflects uncertainty related to income taxes, if any. It is measured using tax rates enacted or substantively enacted at the reporting date. Current tax assets and liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously

(ii) Deferred tax

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes. Deferred tax is also recognised in respect of carried forward tax losses and tax credits. Deferred tax is not recognised for:

- temporary differences on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss at the time of transaction;
- temporary differences related to investments in subsidiaries, associates and joint arrangements to the extent that the Company is able to control the timing of the reversal of the temporary differences and it is probable that they will not reverse in the foreseeable future; and
- taxable temporary differences arising on the initial recognition of goodwill.

Temporary differences in relation to a right-of-use asset and a lease liability for a specific lease are regarded as a net package (the lease) for the purpose of recognising deferred tax.

Deferred tax assets are recognised for unused tax losses, unused tax credits and deductible temporary differences to the extent that it is probable that future taxable profits will be available against which they can be used. Future taxable profits are determined based on the reversal of relevant taxable temporary differences. If the amount of taxable temporary differences is insufficient to recognise a deferred tax asset in full, then future taxable profits, adjusted for reversals of existing temporary differences, are considered, based on the business plans in the Company.

Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised; such reductions are reversed when the probability of future taxable profits improves.

Deferred tax is measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on the laws that have been enacted or substantively enacted by the reporting date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities. For this purpose, the carrying amount of investment property measured at fair value is presumed to be recovered through sale, and the the Company has not rebutted this presumption.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realised simultaneously.

2.17 Provisions

Provisions are recognized when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognized for future operating

Notes to financial statement

(All figures in INR Lakhs, unless otherwise stated)

losses.

Provisions for restructuring are recognized by the Company when it has developed a detailed formal plan for restructuring and has raised a valid expectation in those affected that the Company will carry out the restructuring by starting to implement the plan or announcing its main features to those affected by it.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognized even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognized as interest expense.

The measurement of provision for restructuring includes only direct expenditures arising from the restructuring, which are both necessarily entailed by the restructuring and not associated with the ongoing activities of the Company.

2.18 Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. Ind AS 108 Operating Segments requires Management to determine the reportable segments for the purpose of disclosure in financial statements based on the internal reporting reviewed by Chief Operating Decision Maker (CODM) to assess performance and allocate resources. Operating segments are defined as 'Business Units' of the Company about which separate financial information is available that is evaluated regularly by the chief operating decision-maker, or decision-making group, in deciding how to allocate resources and in assessing performance.

The Company operates in the automotive segment. The automotive segment includes all activities relating to development, design, manufacture, assembly and sale of auto component parts from which the Company derives its revenues. The management considers that these business units have similar economic characteristics like the nature of the products and services, the nature of the production processes and nature of the regulatory environment etc.

Based on the management analysis, the Company has only one operating segment, so no separate segment report is given. The principal geographical areas in which the Company operates is India.

2.19 Government grants

The Company recognises an unconditional government grant related to other government grants related to assets, including non-monetary grants, are initially recognised as deferred income at fair value if there is reasonable assurance that they will be received, and the Company will comply with the conditions associated with the grant. Grants related to the acquisition of assets are recognised in profit or loss as other income on a systematic basis over the useful life of the asset. Grants that compensate the Company for expenses incurred are recognised in profit or loss as other income on a systematic basis in the periods in which the expenses are recognised, unless the conditions for receiving the grant are met after the related expenses have been recognised. In this case, the grant is recognised when it becomes receivable.

2.20 Derivatives

The Company holds derivative financial instruments to hedge its foreign currency and interest rate risk exposures. Embedded derivatives are separated from the host contract and accounted for separately if the host contract is not a financial asset and certain criteria are met. Derivatives are initially measured at fair

Notes to financial statement

(All figures in INR Lakhs, unless otherwise stated)

value. Subsequent to initial recognition, derivatives are measured at fair value, and changes therein are generally recognised in profit or loss. The Company designates certain derivatives as hedging instruments to hedge the variability in cash flows associated with highly probable forecast transactions arising from changes in foreign exchange rates and interest rates. At inception of designated hedging relationships, the Company documents the risk management objective and strategy for undertaking the hedge. The Company also documents the economic relationship between the hedged item and the hedging instrument, including whether the changes in cash flows of the hedged item and hedging instrument are expected to offset each other.

2.21 Cash flow statement

Cash flows are reported using the indirect method, where by profit for the period is adjusted for the effect of transaction of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payment and item of income and expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

2.22 Contingent liability and asset

Contingent liability is a possible obligation arising from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity or a present obligation that arises from past events but is not recognized because it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation or the amount of the obligation cannot be measured with sufficient reliability. The Company does not recognize a contingent liability but discloses its existence in the consolidated financial statements.

Contingent asset is not recognised in consolidated financial statements since this may result in the recognition of income that may never be realised. However, when the realisation of income is virtually certain, then the related asset is not a contingent asset and is recognized. Provisions, contingent liabilities and contingent assets are reviewed at each Balance Sheet date.

Note 3: Recent pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 31, 2023, MCA amended the Companies (Indian Accounting Standards) Rules, 2015 by issuing the Companies (Indian Accounting Standards) Amendment Rules, 2023, applicable from April 1, 2023, as below:

Ind AS 1 – Presentation of Financial Statements The amendments require companies to disclose their material accounting policies rather than their significant accounting policies. Accounting policy information, together with other information, is material when it can reasonably be expected to influence decisions of primary users of general-purpose financial statements. The Company does not expect this amendment to have any significant impact in its financial statements.

Ind AS 12 – Income Taxes The amendments clarify how companies account for deferred tax on transactions such as leases and decommissioning obligations. The amendments narrowed the scope of the recognition exemption in paragraphs 15 and 24 of Ind AS 12 (recognition exemption) so that it no longer applies to transactions that, on initial recognition, give rise to equal taxable and deductible temporary differences. The Company is evaluating the impact, if any, in its financial statements.

Ind AS 8 – Accounting Policies, Changes in Accounting Estimates and Errors The amendments will help entities to distinguish between accounting policies and accounting estimates. The definition of a change in accounting estimates has been replaced with a definition of accounting estimates. Under the new definition, accounting estimates are "monetary amounts in financial statements that are subject to

Notes to financial statement

(All figures in INR Lakhs, unless otherwise stated)

measurement uncertainty". Entities develop accounting estimates if accounting policies require items in financial statements to be measured in a way that involves measurement uncertainty. The Company does not expect this amendment to have any significant impact in its financial statements.

Note 4 : Significant accounting judgments, estimates and assumptions

The preparation of the Company's financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of income, expenses, assets, liabilities and the accompanying disclosures. Actual results may differ from these estimates.

These judgments, estimates and assumptions are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Company and that are believed to be reasonable under the circumstances.

This note provides an overview of the areas that involve a higher degree of judgments or complexities and of items which are more likely to be materially adjusted due to estimates and assumptions to be different than those originally assessed. Detailed information about each of these judgments, estimates and assumptions is mentioned below. These Judgments, estimates and assumptions are continually evaluated. They are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Company and that are believed to be reasonable under the circumstances."

Significant judgments

4.1 Contingent liabilities

The Company has received various orders and notices from tax and other judicial authorities in respect of direct taxes, indirect taxes and labour matters. The outcome of these matters may have a material effect on the financial position, results of operations or cash flows. The filing of a suit or formal assertion of a claim against the Company or the disclosure of any such suit or assertions, does not automatically indicate that a provision of a loss may be appropriate. Management regularly analyzes current information about these matters and makes provisions for probable losses including the estimate of legal expense to resolve the matters. In their assessments management considers the degree of probability of an unfavorable outcome and the ability to make a sufficiently reliable estimate of the amount of loss.

4.2 Going concern assumptions

As of 31st March 2023, the total liabilities exceeded its total assets by INR 2,734.22 Lakhs, mainly attributable to losses incurred in earlier years. The Company had taken steps to augment funds and also improve the business performance. The Company continues to make assessments of the current and budgeted financial performance. And on the basis of this assessment, available bank financing facilities and the financial support from the Holding company, the Company expects to meet the liabilities in the normal course of business.

4.3 Determination of cash generating unit (CGU) for Impairment analysis

As part of its impairment assessment for non-financial assets (i.e. property, plant and equipment), the management needs to identify Cash Generating Units i.e. lowest group of assets that generate cash flows which are independent of those from other assets. Considering the nature of its assets, operations and administrative structure, the management has defined all assets put together as a single Cash Generating Unit.

4.4 Impairment of Property, plant and equipment :

The management has assessed current and forecasted financial performance of the Company and the current market value of the assets to determine whether carrying value of property, plant and equipment has suffered any impairment. Impairment assessment is based on estimates of future financial performance

or opinions that may represent reasonable expectations at a particular point of time. Such information, estimates or opinions are not offered as predictions or as assurances that a particular level of income or profit will be achieved, that events will occur, or that a particular price will be offered or accepted. Actual results achieved may vary and the variations may be material.

4.5 Claims payables and receivable to customers

Price increase or decrease due to change in major raw material cost, pending acknowledgement from major customers, is accrued on estimated basis. Also the Company has made accruals in respect of unsettled prices for some of its other material purchase contracts, finished goods and scrap sales contracts. These accruals are made considering the past settlement arrangements with the vendors and customers respectively and the applicable metal prices from published sources. Actual results of these considerations may vary and the variations may be material.

Further, the management has assessed and believes that the timing of cash outflow pertaining to this accruals are uncertain and hence considered the same as payable on demand and classified under current liabilities.

4.6 Defined benefit plan

The cost of the defined benefit gratuity plan, other retirement benefits, the present value of the gratuity obligation and other retirement benefit obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date. The parameter most subject to change is the discount rate. In determining the appropriate discount rate, the management considers the interest rates of government bonds in currencies consistent with the currencies of the post-employment benefit obligation.

The mortality rate is based on Indian Assured Lives Mortality (2006-08) Ultimate. Those mortality tables tend to change only at interval in response to demographic changes. Future salary increases and gratuity increases are based on expected future inflation rates. Further details about gratuity obligations are given in Note 34 (A).

4.7 Fair valuation of financial instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

4.8 Impairment of financial assets

The impairment provisions for financial assets disclosed under Note 44 are based on assumptions about risk of default and expected loss rates. The Company uses judgment in making these assumptions and selecting the inputs to the impairment calculation, based on the Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

c) Performance obligations

There is no remaining performance obligation for any contract for which revenue has been recognised till period end. Further, the Company has not applied the practical expedient as specified in para 121 of Ind AS 115 as the Company do not have any performance obligations that has an original expected duration of one year or more or any revenue stream in which consideration from a customer corresponds directly with the value to the customer of the Company's performance completed to date.

d) Transaction price

The Company satisfies its performance obligations pertaining to the sale of auto components at point in time when the control of goods is actually transferred to the customers. No significant judgment is involved in evaluating when a customer obtains control of promised goods. The contract is a fixed price contract and do not contain any financing component. The payment is generally due within 30-90 days. There are no other significant obligations attached in the contract with customer.

e) Determining the timing of satisfaction of performance obligations

There is no significant judgements involved in ascertaining the timing of satisfaction of performance obligations, in evaluating when a customer obtains control of promised goods, transaction price and allocation of it to the performance obligations.

f) Determining the transaction price and the amounts allocated to performance obligations

The transaction price ascertained for the only performance obligation of the Company (i.e. Sale of goods) is agreed in the contract with the customer. There is no variable consideration involved in the transaction price except for refund due to shortages which is adjusted with revenue.

The Government of India, on September 20, 2019, vide the Taxation Laws (Amendment) Act 2019, inserted a new Section 115BAA in the Income Tax Act, 1961, which provides an option to the Company to pay income taxes at reduced tax rates as per the provisions / conditions defined in the said section. The Company has evaluated and decided to continue under the existing tax regime.

Note 34 : Employee benefits

(A) Defined benefit plans

a) Gratuity

The Company provides for gratuity for employees in India as per the Payment of Gratuity Act, 1972. Employees who are in continuous service for a period of 5 years are eligible for gratuity. The amount of gratuity payable on retirement/termination is the employees last drawn basic salary and dearness allowance per month computed proportionately for 15 days salary multiplied for the number of years of service. The gratuity plan is a funded plan and the Company makes contributions to recognised funds in India. The Company does not fully fund the liability and maintains a target level of funding to be maintained over a period of time based on estimations of expected gratuity payments.

The amounts recognised in the balance sheet and the movements in the net defined benefit obligation over the year are as follows:

	Present value of obligation	Fair value of plan assets	Net amount
Opening defined benefit obligation as at April 1, 2021	780.21	(493.25)	286.96
Current service cost	54.60	-	54.60

(Gain)/loss from change in financial assumptions	(15.34)	-	(15.34)
Experience (gains)/losses	(49.61)	-	(49.61)
Total amount recognised in other comprehensive income	(64.94)	(4.58)	(69.52)
Employer contributions	-	(2.47)	(2.47)
Benefit payments	(75.38)	-	(75.38)
Closing defined benefit obligation as at March 31, 2022	743.49	(532.93)	210.55

Notes forming part of financial statements for the year ended March 31, 2023

(All figures in INR Lakhs, unless otherwise stated)

	Present value of obligation	Fair value of plan assets	Net amount
Opening defined benefit obligation as at April 1, 2022	743.49	(532.93)	210.55
Current service cost	50.51	-	50.51
Interest expense/(income)	49.83	(38.37)	11.46
Total amount recognised in profit or loss	100.34	(38.37)	61.97
Remeasurements			
Return on plan assets, excluding amounts included in interest expense/(income)	-	2.40	2.40
(Gain)/loss from change in demographic assumptions	-	-	-
(Gain)/loss from change in financial assumptions	(39.48)	-	(39.48)
Experience (gains)/losses	32.41	-	32.41
Total amount recognised in other comprehensive income	(7.07)	2.40	(4.67)
Employer contributions	-	(62.63)	(62.63)
Benefit payments	(21.35)	-	(21.35)
Closing defined benefit obligation as at March 31, 2023	815.41	(631.54)	183.87

The net liability disclosed above relates to funded plan is as follows:

	As at March 31, 2023	As at March 31, 2022
Present value of funded obligations	815.41	743.49
Fair value of plan assets	631.54	532.93
Non - current liability recognised in Balance Sheet	183.87	210.56

Valuation in respect of gratuity has been carried out by independent actuary, as at the balance sheet date, based on the following assumptions:

	As at March 31, 2023	As at March 31, 2022
Discount rate	7.3%	6.8%
Salary escalation	8.0%	8.0%
Rate of return on plan assets	6.8%	6.7%
Attrition Rate- Management	16.0%	16.0%
Attrition Rate- Non- Management	3.0%	3.0%

Notes forming part of financial statements for the year ended March 31, 2023

(All figures in INR Lakhs, unless otherwise stated)

Note 34 : Employee benefits (continued)

Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation by the amounts shown below:

	As at March 31, 2023	As at March 31, 2022
Increase/(decrease) in present value of defined benefit obligation as at the end of the year		
(i) 1% increase in discount rate	(71.28)	(70.34)
(ii) 1% decrease in discount rate	81.82	81.44
(iii) 1% increase in rate of salary escalation	80.53	79.74
(iv) 1% decrease in rate of salary escalation	(71.52)	(70.27)

The above sensitivity analysis is based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the balance sheet. The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to the prior period.

b) The following payments are expected contributions to defined benefit plan in future years.

The weighted average duration of the defined benefit obligation is 10 years.

	As at March 31, 2023	As at March 31, 2022
Defined benefit obligation		
Less than a year	42.74	34.40
Between 1 - 2 years	47.74	37.59
Between 2 - 5 years	185.63	156.12
Over 5 years	537.63	391.47
Total	813.74	619.58

Category of plan assets are as follows -

	As at March 31, 2023	As at March 31, 2022
Unquoted Insurer managed funds*	100%	100%

* The Company maintains gratuity fund, which is being administered by LIC. Fund value confirmed by LIC as at March 31, 2023 is considered to be the fair value.

Contribution expected to be paid to the plan during the next financial year INR 21.33 lakhs (Previous year INR 2.31 lakhs).

Notes forming part of financial statements for the year ended March 31, 2023

(All figures in INR Lakhs, unless otherwise stated)

(B) Defined Contribution Plans

The Company has recognised the following amounts in the Statement of Profit and Loss

	As at March 31, 2023	As at March 31, 2022
Contribution to Employees' Superannuation Fund	19.61	16.72
Contribution to Provident Fund	143.47	105.75
Contribution to Labour Welfare fund	0.41	0.39
Contribution to Employees' State Insurance	15.78	7.06

(C) Risk exposure

Through its defined benefit obligations, the company is exposed to a number of risks, the most significant of which are detailed below:

1. Interest rate risk: The defined benefit obligation is calculated using a discount rate based on government bonds. If bond yields fall, the defined benefit obligation will tend to increase.
2. Salary inflation risk: Higher than expected increases in salary will increase the defined benefit obligation.
3. Demographic risk: For example, as the plan is open to new entrants, an increase in membership will increase the defined benefit obligation. Also, the plan only provides benefits upon completion of a vesting criteria. Therefore, if turnover rates increase then the liability will tend to fall as fewer employees reach vesting period.

Fair value hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level is as follows:

- Level 1 – Quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 – The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.
- Level 3 – If one or more of the significant inputs are not based on observable market data, the instrument is included in level 3.

Derivative financial instruments - foreign currency forward contracts	0.04	-	-

- The carrying amount of trade receivables, cash and cash equivalent, bank balances other than cash and cash equivalent, other current financial assets, short term borrowings, trade payables and other financial liabilities are considered to be same as their fair values, due to their short term nature.

Valuation technique used to determine fair value:

Specific valuation technique used to value financial instruments include

- Fair value of forward foreign exchange contracts is determined using forward exchange rates as at the balance sheet date
- Fair value of the remaining financial instruments is determined using discounted cash flow analysis.

Valuation processes

The finance department of the company includes a team that performs the valuations of financial assets and liabilities required for financial reporting purposes, including level 3 fair values. Discussions of valuation processes and results are held between the CFO, VP Finance and the valuation team.

Note 44 : Financial risk management

In the course of its business, the Company is exposed primarily to market risk, liquidity risk and credit risk, which may adversely impact the fair value of its financial instruments. The Company has a risk management policy which not only covers the foreign exchange risks but also other risks associated with the financial assets and liabilities such as credit risks. The risk management policy is approved by the board of directors. The risk management framework aims to:

- Create a stable business planning environment by reducing the impact of currency fluctuations on the Company's business plan.
- Achieve greater predictability to earnings by determining the financial value of the expected earnings in advance.

(A) Market risk

Market risk is the risk of any loss in future earnings, in realizable fair values or in future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the, foreign currency exchange rates, liquidity and other market changes. Future specific market movements cannot be normally predicted with reasonable accuracy.

(a) Foreign currency risk

The Company operates internationally and is exposed to foreign exchange risk arising from foreign currency transactions, primarily with respect to the USD, EUR and Others. Foreign exchange risk arises from future commercial transactions and recognised assets and liabilities denominated in a currency that is not the Company's functional currency (INR). The risk is measured through a forecast of highly probable foreign currency cash flows. The Company's risk management policy is to hedge around 50% to 70% of forecasted foreign currency sales and purchases for the subsequent 6 months. The objective of the hedges is to minimise the volatility of the INR cash flows of highly probable forecast transactions.

The Company's exposure to foreign currency risk at the end of the reporting period expressed in INR, are as follows:

	As at March 31, 2023					As at March 31, 2022				
	USD	RMB	EUR	SEK	Others	USD	RMB	EUR	SEK	Others
Financial liabilities										
Trade payables	112.75	-	2.04	-	-	58.95	-	1.93	-	-
Exposure to foreign currency risk	112.75	-	2.04	-	-	58.95	-	1.93	-	-

Notes forming part of financial statements for the year ended March 31, 2023

(All figures in INR Lakhs, unless otherwise stated)

Sensitivity

The sensitivity of profit or loss to changes in the exchange rates arises mainly from foreign currency denominated financial instruments.

Forward contracts receivable / payable

	As at March 31, 2023	As at March 31, 2022
Forward contracts payable USD	-	43.79

(b) Interest rate risk

The Company has fixed rate borrowings and variable rate borrowing. The Company's fixed rate borrowings and loans to subsidiaries and joint ventures are carried at amortised cost. They are therefore not subject to interest rate risk as defined in In AS 107, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

The Company's exposure to variable borrowing rate are as follows:

	As at March 31, 2023	As at March 31, 2022
Variable rate borrowings	-	-
Fixed rate borrowings	-	184.28
Total borrowings	-	184.28

At the end of the period the Company has following variable borrowing outstanding:

	As at March 31, 2023			As at March 31, 2022		
	Weighted average interest rate	Balance	% of total loans	Weighted average interest rate	Balance	% of total loans
Term loan from bank (in Rs.)	0.00%	-	0.00%	0.00%	-	0%

B) Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due and to close out market positions. Due to the dynamic nature of the underlying businesses, the Company treasury maintains flexibility in funding by maintaining availability under committed credit lines.

Management monitors rolling forecasts of the Company's liquidity position and cash and cash equivalents on the basis of expected cash flows. The Company's liquidity management policy involves projecting cash flows in major currencies and considering the level of liquid assets necessary to meet this. The Company invests its surplus funds in bank fixed deposit and liquid mutual funds which carry no / low mark to market risk.

Maturities of financial liabilities

The tables below analyse the Company's financial liabilities into relevant maturity groupings based on their contractual maturities for:

- all non-derivative financial liabilities, and
- net and gross settled derivative financial instruments for which the contractual maturities are essential for an understanding of the timing of the cash flows.

The amounts disclosed in the table are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances as the impact of discounting is not significant.

(C) Credit risk

Credit risk is the risk of financial loss arising from counterparty failure to repay or service debt according to the contractual terms or obligations. Credit risk encompasses both the direct risk of default and the risk of deterioration of creditworthiness. For the Company, credit risk arises from cash and cash equivalents, other balances and deposits with bank and financial institutions and trade receivables.

Credit risk management

For banks and financial institutions, only high rated banks/institutions are accepted.

For other financial assets, the Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period. To assess whether there is a significant increase in credit risk the Company compares the risk of a default occurring on the asset as at the reporting date with the risk of default as at the date of initial recognition. It considers available reasonable and supportive forwarding-looking information. Especially the following indicators are incorporated:

- actual or expected significant adverse changes in business, financial or economic conditions that are expected to cause a significant change to the counterparty ability to meet its obligations
- actual or expected significant changes in the operating results of the counterparty
- significant increase in credit risk on other financial instruments of the same counterparty
- significant changes in the value of the collateral supporting the obligation or in the quality of third-party guarantees or credit enhancements

In general, it is presumed that credit risk has significantly increased since initial recognition if the payments are more than 90 days past due.

A default on a financial asset is when the counterparty fails to make contractual payments within 365 days of when they fall due. This definition of default is determined by considering the business environment in which entity operates and other macro-economic factors.

Exposure to credit risk

The carrying amount of financial assets represents the maximum credit exposure.

None of the Company's cash equivalents, including time deposits with banks, are past due or impaired. Regarding trade receivables and other receivables, and other financial assets that are neither impaired *nor past due, there were no indications as at March 31, 2022, that defaults in payment obligations will occur.*

Financial assets that are neither past due nor impaired

None of the Company's cash equivalents, including time deposits with banks, are past due or impaired. Regarding trade receivables and other receivables, and other financial assets that are neither impaired nor past due, there were no indications as at March 31, 2022, that defaults in payment obligations will occur.

The Company follows 12 months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date) model for recognition of impairment loss on financial assets measured at amortised cost or fair value through other comprehensive income other than trade receivables.

Note 45 : Capital Management

(a) Risk management

The Company's objectives when managing capital are to:

- Safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders, and
- Maintain an optimal capital structure to reduce the cost of capital.

In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt.

The Company determines the amount of capital required on the basis of annual operating plans and long-term product and other strategic investment plans. The funding requirements are met through equity, long term borrowings and short-term borrowings. The Company's policy is aimed at combination of short-term and long-term borrowings. The Company monitors the capital structure on the basis of total debt to equity ratio and maturity profile of the overall debt portfolio of the Company.

Total debt includes all long and short-term debts and lease liabilities as disclosed in notes 21, 24 and 5 to the financial statements.
