Alankit Assignments Limited, Unit: Nahar Spinning Mills Limited, Alankit House, 4E/2, Jhandewalan Extension, New Delhi-110055.
21. The Register of Directors' and Key Managerial Personnel and their shareholding maintained under Section 170 of the Companies Act, 2013, the Register of contracts or arrangements in which the Directors are interested maintained under Section 189 of the Companies Act, 2013 will be available for inspection in electronic mode during the AGM. All other documents referred to in the Notice will be available for inspection in electronic mode without

any fee by the members from the date of circulation of this Notice up to the date of AGM i.e. September 29, 2021. Members seeking to inspect such documents can send an email to secnsm@owmnahar.com.

22. Pursuant to the provisions of Section 108 of the Companies Act, 2013 read with Rule 20 of the Companies (Management and Administration) Rules, 2014 (as amended) and Regulation 44 of SEBI (Listing Obligations & Disclosure Requirements) Regulations 2015 (as amended), and MCA Circulars dated April 08, 2020, April 13, 2020 and May 05, 2020 the Company is providing facility of remote e-voting to its Members in respect of the business to be transacted at the AGM. For this purpose, the Company has entered into an agreement with Central Depository Services (India) Limited (CDSL) for facilitating voting through electronic means, as the authorized e-Voting's agency. The facility of casting votes by a member using remote e-voting as well as the e-voting system on the date of the AGM will be provided by CDSL.

23. The members who have voted through remote e-voting will be eligible to attend the AGM but they will not be eligible to vote at the AGM.

24. PROCESS FOR THOSE SHAREHOLDERS WHOSE EMAIL / MOBILE NO. ARE NOT REGISTERED WITH THE DEPOSITORIES FOR OBTAINING LOGIN CREDENTIALS FOR E-VOTING FOR THE RESOLUTIONS PROPOSED IN THIS NOTICE:

- i. **For Physical Shareholders** - please provide necessary details like Folio No., Name of shareholder, scanned copy of the share certificate (front and back), PAN (self-attested scanned copy of PAN card), AADHAR (self-attested scanned copy of Aadhar Card) by email to secnsm@owmnahar.com or rta@alankit.com.
- ii. **For Demat shareholders** - please update your email id & mobile no. with your respective Depository Participant (DP).
- iii. **For Individual Demat shareholders** - Please update your email id & mobile no. with your respective Depository Participant (DP) which is mandatory while e-Voting & joining virtual meetings through Depository.

25. INSTRUCTIONS FOR SHAREHOLDERS FOR REMOTE E-VOTING AND E-VOTING DURING AGM AND JOINING MEETING THROUGH VC/OAVM MODE ARE AS UNDER:

- (i) The voting period begins on 26th September, 2021 (9:00 a.m.) and ends on 28th September,

2021 (5:00 p.m.). During this period, shareholders of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date (record date) of 22nd September, 2021, may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.

- (ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the time of meeting.
- (iii) Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

- (iv) In terms of SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

Pursuant to abovesaid SEBI Circular, Login method for e-Voting and joining virtual meetings for Individual shareholders holding securities in Demat mode is given below:

INDIAN ACCOUNTING STANDARD

The Company has adopted Indian Accounting Standards (Ind AS) and the financial statements have been prepared as per the Indian Accounting standard Rules, 2015, as prescribed under Section (133) of the Companies Act, 2013 read with relevant Rules issued thereunder and the other Accounting Principles generally accepted in India.

OPERATIONAL REVIEW AND STATE OF AFFAIR

We would like to inform you that Company operates in a single segment i.e. "TEXTILE" as such disclosure requirements as per Indian Accounting Standard (Ind AS) 108 issued by the Institute of Chartered Accountants of India, New Delhi, are not applicable.

Before reviewing the operational performance, we would like to inform you that your Company has been awarded **Gold Trophies for the Highest Exports of Cotton Yarn in "Counts 50s and below" and "Processed Yarns" by TEXPROCIL for the year 2019-20.**

As the members are aware that the outbreak of Covid-

19, a Global Pandemic in March, 2020 impacted the business environment all over the world. The subsequent lockdown and opening of lockdown in stages significantly affected the company's performance in the first half of the Financial Year under review. The company's top line as well as bottom line was severely impacted during the said period and it suffered losses. However with the opening of Global economies and improvement in the Global demand, the company's performance started improving from October, 2020 onwards and the company has been able to put up a reasonably good performance during the year under review. The company achieved a total income from operations of Rs. 2118.83 crores as against Rs. 2089.98 crores showing an increase of 1.38% over the previous year. Likewise, the exports at Rs. 1146.34 crores have also shown an increase of 3.55 % over the previous year. On profitability front, the company substantially improved its performance and earned a profit before tax of Rs. 53.53 crores as against loss of Rs. 78.06 crores in the previous year. After providing tax of Rs. 12.12 crores, Company earned a net profit of Rs. 41.41 crores as against loss of 53.06 crores. The Company's Reserves (other equity) stands at Rs. 879.86 crores as on 31st March, 2021.

Your management is quite hopeful that with the opening of major economies of the world and recovery in global demand, company will be able to achieve decent growth in coming period after taking care of the safety and the well being of its workers/employees.

COVID-19 PANDEMIC

We would like to share with you the prevailing COVID-19 situation. The second wave of Covid-19, a Global pandemic in April-May, 2021 again impacted the economic activities. However, the Government efforts to vaccinate its citizens in a big way has resulted reduction in the Covid cases. Your management also arranged Vaccination camps at the factories and offices of the company so that each and every employee/staff gets vaccinated.

The Company has also made assessment of its liquidity position and the recoverability and carrying value of its assets. The Company has considered internal and external sources of information for making said assessment. On the basis of said assessment, the Company expects to recover the carrying amount of these assets and no material

adjustments are required in the financial statements. Given the uncertainties associated with nature, condition and duration of COVID-19, the Company will closely monitor any material changes arising out of the future economic conditions and its impact on the business of the company.

**Annexure V****CORPORATE GOVERNANCE REPORT**

This Report of Corporate Governance form part of the Annual Report.

I. COMPANY'S PHILOSOPHY ON CORPORATE GOVERNANCE

Your Company continues to practice the principle of good Corporate Governance. It is Company's firm belief that good CORPORATE GOVERNANCE is a key to success of business. The Company's philosophy envisages managing the company's affairs in fair and transparent manner with accountability in its operations so that Company's goal of creation and maximization of wealth of the shareholders could be achieved. Moreover, Good corporate Governance practices ensure that Company gain as well as retain the trust of Shareholders. The SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended (hereinafter referred to as "Listing Regulations") incorporate certain mandatory disclosure requirements which are required to be made with regard to Corporate Governance (Part C of Schedule V). Accordingly, we are pleased to report on the Corporate Governance as hereunder:-

II. BOARD OF DIRECTORS:**a. Board Composition:**

The Board of Directors is at the core of our Corporate Governance and oversees Management that protects Long term Interests of all the stakeholders. Your Management believe that well informed and Independent Board is necessary to ensure High Standard of Corporate Governance. The Regulation 17 of SEBI Listing Regulations prescribes that the Board of the Company should have the optimum combination of Executive and Non-executive directors with at least one Independent Women Director. Besides where the non-executive Chairperson is promoter of the listed entity or is related to any promoter then atleast half of the Board of Directors should consist of Independent Directors.

We are pleased to inform that Company's Board is an optimal mix of Executive, Non-Executive and Independent Directors so as to maintain its Independence in Governance and Management of the Company. The present strength of the Board as on 31st March, 2021 is Ten Directors. Mr. Dinesh Oswal is Managing Director of the Company and Sh. Jawahar Lal Oswal is Non-Executive Chairman and is one of the promoters of the Company. Accordingly, the Company's Board consists of five Independent Directors namely, Dr. Suresh Kumar Singla, Dr. Amrik Singh Sohi, Dr. Vijay Asdhir, Dr. Roshan Lal Behl and Dr. Manisha Gupta a Women Director. Dr. Roshan Lal Behl was appointed as an Independent

Director of the Company by the members on 29th September, 2020, for a period of 5 years. Sh. Kamal Oswal, Sh. Dinesh Gogna and Sh. S.K. Sharma are other Non-executive Directors of the Company. Prof. K.S. Maini, an Independent Director of the Company ceased to be the director of the Company on expiry of his term i.e. on 25th September, 2020. Thus, the Company is in compliance with all the applicable Provisions of the Listing Regulations.

Further, as per Regulation 17 (1A) of SEBI (LODR) (Amendment) Regulations 2018, notified on 9th May, 2018, no listed entity shall appoint a person or continue directorship of any person as a nonexecutive director, who has attained the age of seventy five years unless a Special Resolution is passed to that effect. We would like to inform you that Dr. Amrik Singh Sohi and Dr. Vijay Asdhir, the Independent Directors, will attain the age of seventy five years on 1st August, 2022 and 27th July, 2022, respectively. Accordingly, in compliance of Regulation 17 (1A) of SEBI (LODR) (Amendment) Regulations 2018, Company has proposed the Special Resolutions for shareholders' approval so that they can continue to be Directors of the Company even after attaining the age of seventy five years.

b. Board Meetings held and dates on which held:

As per the provisions of Section 173 of the Companies Act, 2013 and the rules made thereunder, read with Listing Regulations, every Company is required to hold minimum four number of Board Meetings every year in such a manner that not more than one hundred and twenty days shall intervene between two consecutive Board Meetings. We are pleased to report that the Company held four Board Meetings during the year i.e. on 26th June, 2020, 12th August, 2020, 10th November, 2020 and 3rd February, 2021 with a clearly defined agenda and has thus complied with the said provisions of the Act. The agenda alongwith the explanatory notes are circulated to the directors well in advance. Every Board member can suggest the inclusion of additional items in the agenda. All the Directors strive to be present at the Board Meetings.

**MANAGEMENT DISCUSSION AND ANALYSIS REPORT****Economic Scenario**

The outbreak of COVID-19, a global pandemic impacted the economic and social activity all over the world. The widespread impact of the Covid-19 on the business environment caused significant disturbance on the economic front and decelerated the global growth. According to the International Monetary Fund's World Economic Outlook published in April, 2021, the global economy declined by 3.3%, with advanced economies shrinking by 4.7%. However, with the improvement in the Covid-19 situation and opening of Global economies global growth has been projected at 6% in 2021 moderating to 4.4% in 2022.

The Indian Economy too, was severely impacted because of the Covid-19 Pandemic. The economic implications of the COVID-19 pandemic are far reaching and has caused significant disturbance and slowdown of economic activity which in turn drastically affected India's real Gross Domestic Production (GDP). The Government and policy makers acted promptly and announced complete lockdown from 24th March, 2020 for 21 days which was further extended as per the prevailing situation in the country. The lockdown restrictions forced the industry to temporarily suspend their operations. However, with the improvement in the Covid-19 situation, the Government started opening the lockdown in stages so that the economy is put on the path of recovery as well as growth.

In compliance with the lockdown restrictions, your company also suspended the business operations of the company which in turn affected the business performance of the company during the year. After getting the necessary approval/permission from the authorities, the company partially started its operations in April, 2020 and gradually increased the capacity utilization and reached the pre COVID-19 in August, 2020. Since then, the spinning plants are running at its full capacity. We are pleased to inform that with the improvement in the business environment and opening of major economies of the world, global demand has started picking up. We are of the opinion that in the short term, the economic growth might appear to be weak but it is likely to stabilize and recover quickly. The increase in the global demand augurs well for the textiles industry and

will support the sustained improvement in the export performance. We are hopeful that the Government through its monetary policy and other policy initiatives will support the industry so that it could meet the worst period and emerge as a winner.

INDUSTRY STRUCTURE AND DEVELOPMENTS

The Indian Textile Industry is one of the largest in the World, enjoying its presence in the entire value chain i.e. cotton, yarn, fiber and apparel. India is one of the largest manufacturer and exporter in the world and has a share of 6% of global trade in textiles. The uniqueness of the industry lies in its strength both in the organized and unorganized Sector. The Textile Industry continues to play a dominant role in the economic growth of the country. Its importance is evident from the fact that it is the largest contributor towards employment generation, Industrial Output and Export earnings. The industry is sustaining livelihoods of 45 million people by providing them employment directly and another 60 million people in allied sectors, including a large number of women and rural population contributing 7% of Industry output in value terms, 2.3% of India's GDP and contributing 12% to the country's total exports earning. (Source: Annual Report 2019-2020 of Ministry of Textiles.)

We would like to inform you that the textiles industry has been severally affected ever since the implementation of the GST, post which the imports in the sector has surged especially from low cost manufacturing destinations like Bangladesh and Sri Lanka. The industry has been additionally facing hurdles due to slackness in global demand and withdrawal of various Government incentives. The outbreak of Covid-19 pandemic further aggravated the problem for the industry and is expected to decelerate the growth projection of the textile and apparel industry in India, which was once projected to grow at a CAGR of 12% to reach USD 220 billion by 2025-26 (as per the data released by the Ministry of Textiles). Due the outbreak of the pandemic, it is expected that the domestic market is seen shrinking by around 28%-30% to USD 61 billion.

The Government is fully conscious of the importance of the textile industry and the sector is going to be its key focus area in the new policies being framed so as to achieve the target of USD 5 Trillion economy. In

budget 2021-22, the Government proposed a scheme for setting up mega textile parks in the country to enable India's textile industry to become globally competitive, attracts large investments and boost employment generation through the creation of world-class infrastructure. It also announced that seven mega textile parks will be established over three years as part of the scheme. The mega textile parks will have integrated facilities and quick turnaround time for minimizing transportation losses, eyeing big-ticket investments in the sector. With such a massive level of production in the textile sector due to unprecedented boost by the Government, the textile industry is going to be the biggest beneficiary and will help the country in becoming a Global Textile Hub. Your Management is quite optimistic that Industry with the support of favorable Government Policies and Programmes will be able to increase its share in Global Textile Markets.

In line with the global trends and to remain competitive, your company continues to modernize, upgrade and expand its capacities so that it remains globally competitive in terms of cost and quality.

OPPORTUNITIES AND THREATS

We would like to inform that presently India's share in the Global Textile export is just 6% which is minuscule as compared to China's share of 38%. Thus, the Global supply chain is heavily dependent on China, as on date. The outbreak of COVID-19 pandemic, trade tension between U.S. and China coupled with geopolitical uncertainty has severely affected Chinese Textile Exports. It has provided an opportunity to the Indian Textile industry to grab the space vacated by China in the developed world especially in US and European Union.

Moreover, a number of countries around the world have understood from the COVID-19 calamity that dependence on the one country for its textiles requirements, is not a good policy. So, in the changed business scenario they have started looking for alternative production sources other than China. India should capitalize this opportunity and present itself as a credible alternative. India certainly has an edge to be an alternative manufacturing hub for global players as two major things required to run textile Industry are cotton and skilled work force and they are abundantly available in the country. More and more overseas buyers are looking at India as the next best alternative supplier of textile products and it is expected that more

orders will shift to Indian textile industry.

The post-Covid19 era has provided a big opportunity for the online textile industry. It is expected that e-retailing will prove to be a big game changer by playing a pivotal role in the recovery of the Indian economy. This is a big opportunity and the textile industry must utilize the opportunity.

The relative success of the Spinning Industry is dependent on the availability of Raw Cotton at reasonable prices. The Raw cotton is the main Raw material (constituting approx. 60% of the total cost) for the manufacture of cotton yarn and it is dependent on the Nature i.e. Good/Bad Monsoon. So availability of raw cotton at reasonable prices is crucial for the spinning Industry. Any significant change in raw cotton prices and Monsoon can affect the performance of the Industry. With the expectation of good monsoon in the country, the future of textile industry seems to be bright.

The Textile Industry is also not free from normal business risks and threats. The Outbreak of COVID-19 pandemic severally impacted the Textile industry. The prevailing situation is still uncertain and is changing dynamically. The slowdown in the Global Trade because of the Covid-19 Pandemic has affected exports of textile products. Moreover, exports continues to face stiff challenges from the small countries like Bangladesh, Sri Lanka, Taiwan and Pakistan etc., who have got the preferred treatment from the countries of European Union and U.S. The above mentioned factors have had and will continue to have a significant bearing on the financial performance of the Industry in the coming period too.

FUTURE OUTLOOK

Indian Textile Industry is one of the key industry of the country and the Government through its policies and initiatives continues to give further push to the industry so that it become global competitive and increase its global share. The industry has immense potential and can contribute to the growth of the country.

During the year under review, the Covid-19 pandemic impacted the textile industry severely. The second wave of Covid-19 in April - May, 2021 is also posing short term disturbance for the industry. However the proactive policies support from the Government coupled with Fiscal/Monetary policy of RBI has given a little bit relief to the industry. The sector needs more support so that it can enhance its competitive

advantage in terms of technology upgradation so as to achieve sustained growth in Exports as well as Domestic markets. The Industry on their part is also continuously modernizing and upgrading its Technology to maintain its core competence and convert it into the competitive edge over others.

We are quite hopeful that with the improvement in the global demand and opening of the global economies of the world will definitely give a push to the prospects of the textile industry. We are looking at the future with optimism and expects that situation will improve for better in the current financial year. We expect that in this difficult period, Government will support the Spinning industry in the form of favorable Textile policies, incentives and other benefits which are of paramount importance for the future growth of the Industry.

RISK AND CONCERNS

No industry is free from normal business risk and concerns. Indian Textile Industry continues to face stiff competition from China, Bangladesh, Taiwan Sri Lanka and other emerging economies. The relative competitiveness of Industry is dependent upon the raw cotton prices, exchange rates and prevalent interest rates regime. The primary raw material for the manufacturing of yarn is cotton which is an agriculture produce. Its supply and quality are subject to forces of nature i.e. Monsoon. Any increase in the prices of raw cotton will make the things difficult for the Textile Industry resulting weak demand and thin margins. Thus availability of raw cotton at the reasonable prices is crucial for the spinning industry. Any significant change in the raw cotton prices can affect the performance of the Industry.

The high rate of interest is affecting the financial performance of the Textile Industry. The Spinning industry being more capital intensive requires huge funds, long term as well as short term in the form of working capital for its running. The Government must support the industry by providing cheap finance so that the industry remains financially viable. Though RBI has taken some remedial measures in this regard but still a lot more is required so that the Textile Industry could meet the challenges ahead.

In addition to the above, the other concerns like reduction in the duty drawback, higher transaction

costs, high cost of labour, continuously increasing prices of raw material are posing a risk to the growth of Indian Textile Industry. The Government should extend a helping hand to the existing Textile Units so that they can become globally competitive and contribute towards the growth of the country.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Company is maintaining an efficient and effective system of Internal Financial Control for facilitating accurate compilation of financial statements. The company's Internal Control system is designed to ensure operational efficiency, protection and conservation of resources, accuracy and promptness in financial reporting and compliance with procedures, laws and regulations. The Company's Internal Control system commensurate with the nature of its business and the size of its operations. In order to further strengthen the Internal Control system and to automate the various processes of the business, company is making use of Enterprises Resource Planning (ERP).

The Company has also appointed Piyush Singla & Associates, Chartered Accountants Firm, as Internal Auditors of the Company for the financial year 2021-22. The Company is also having Internal Audit Department to test the adequacy and effectiveness of Internal Control Systems laid down by the Management and suggests improvement in the systems. Internal Audit Reports are discussed with the Management. During the year, Company's Internal Controls were tested and no reportable weakness in the system was observed.

Apart from this, an Audit Committee consisting of three non executive directors has been constituted. All the significant audit observation and follow up action thereon are taken care of by the Audit Committee. The Audit Committee met four times during the financial year under review. SEGMENT WISE OR PRODUCT WISE FINANCIAL OPERATION AND PERFORMANCE

The Company is operating in single segment only i.e. Textile. We wish to inform you that the year gone by

has been a very difficult and challenging year for Textiles Industry. The COVID-19 impacted Company's normal business operations. The Company experienced lot of cancellations and renegotiations in its export and local contracts. Besides, Trade tension between U.S. and China, slackness in global as well as domestic demand and fall in the prices of products impacted Company's operational and financial performance. The Company achieved a total income from operations of Rs. 2118.83 crores as against Rs.2089.98 crores in the previous year. The exports at Rs. 1146.34 crores have also shown an increase of 3.55 % over the previous year. On profitability front, the company substantially improved its performance and earned a profit before tax of Rs. 53.53 crores as against loss of Rs. 78.06 crores in the previous year. The detailed performance has already been discussed in the Director's Report under the column 'Operational Review and State of Affairs'.

MATERIAL DEVELOPMENTS IN HUMAN RESOURCES/ INDUSTRIAL RELATIONS

Beyond Balance Sheet lies Company's singly biggest Asset Human Resources. The Company is of firm belief that the Human Resources are the driving force that propels a Company towards progress and success. The Company continued its policy of attracting and recruiting the best available talent so that it can face business challenges ahead. The Company also offers attractive compensation packages to retain and motivate the professionals so that they can give their best.

We would also like to inform you that during the challenging period of COVID-19 pandemic, Company has taken all possible steps to take care of the safety, security and health of the workers/ employees. The Company provided masks, hand sanitizer, regular body temperature checkup facility at the factory as well as office premises. The Company has also ensured that Company's factories and offices are sanitized at regular interval to safeguard its worker/ employees. The total permanent employee's strength of the Company was 10981 as on 31st March, 2021. The industrial relation continued to remain cordial during the year.

SIGNIFICANT CHANGES IN KEY FINANCIAL RATIOS

The SEBI LODR (Listing Obligation and disclosure

requirements) (Amendment) Regulations, 2018 has mandated that Company should provide detail of Significant Changes in Key Sector Financial ratios. We would like to inform you that in the following key financial ratios there have been Significant Change as compared to the last year:

Particulars	Financial Year 2020-21	Financial Year 2019-20
INTEREST COVERAGE RATIO EBIDT/Finance Cost	3.08	1.06
DEBT EQUITY RATIO Long term debt/Equity	0.24	0.24
OPERATING PROFIT MARGIN RATIO Gross Profit/Turnover	10.97	5.12
NET PROFIT MARGIN RATIO Net Profit/Turnover	1.96	-2.55
CHANGE IN RETURN ON NET WORTH PAT/Net worth	22.45	-17.84

As the members must be aware that the year 2020-21 was a very difficult period for the textile industry because of the Covid-19 Pandemic, the subsequent lockdown and opening of lockdown in stages significantly affected the company's performance in the first half year of the Financial Year under review. The company's top line as well as bottom line was severally impacted during the said period and it suffered losses. However with the opening of Global economies and improvement in the Global demand, the company's performance started improving from October, 2020 onwards and the company has been able to put up a reasonably good performance during the year under review. The change in the interest coverage ratio, Operating Profit Margin Ratio, Net Profit Margin Ratio and Change in Return on Net Worth is because of the improvement in the financial performance of the company as compared to the previous year.

CAUTIONARY STATEMENT

Though the statement and views expressed in the above said report are on the basis of best judgment but the actual future results might differ from whatever is stated in the report.

Opinion

We have audited the accompanying financial statements of Nahar Spinning Mills Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2021, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("IndAS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, the profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Key Audit Matters

Key audit matters are those matters that, in our

professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. There is no key matters to be communicated in our report.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Board's Report including annexures to the Board's Report and Management Discussion & Analysis Report, but does not include the standalone financial statements and our auditors' report thereon. The Board's Report including annexures to the Board's Report and Management Discussion & Analysis Report is expected to be made available to us after the date of this auditors' report.

Our opinion on the standalone financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit, or otherwise appears to be materially misstated. When we read the Board's Report including annexures to the Board's Report and Management Discussion & Analysis Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This

responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as

fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(l) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account.
 - d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - e) On the basis of the written representations received from the directors as on March 31, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2021 from being appointed as a director in terms of Section 164 (2) of the Act.
 - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.

- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

- i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements.
 - ii. The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

2. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of NAHAR SPINNING MILLS LIMITED of even date)

Report on the Internal Financial Controls Over

**Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)**

We have audited the internal financial controls over financial reporting of **NAHAR SPINNING MILLS LIMITED** (“the Company”) as of March 31, 2021 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial

controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Company.

Meaning of Internal Financial Controls Over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

**Opinion**

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

**26. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES:****I. Background**

Nahar Spinning Mills Limited (the "Company") incorporated as a Private Limited company in 1980 and became a Public Limited company in 1983. Nahar Spinning Mills Limited is engaged in the business of manufacture of cotton yarn/blended yarn and hosiery knitwears. The company is a public Limited company domiciled in India and is incorporated under the provisions of Companies Act applicable in India, Its shares are listed in recognized stock exchanges of India. The registered office of the company is located at 373, Industrial Area 'A', Ludhiana.

II. Significant accounting policies

This note provides a list of the significant accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

(a) Basis of Preparation**(i) Compliance with Ind AS**

The financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as per Companies Indian Accounting Standard Rules, 2015 notified under section 133 of the Companies Act, 2013 (the Act) and other relevant provisions of the Act. The Financial statements of the company for the year ended 31 March, 2021 have been approved by the Board of Directors at their meetings held on 31st May, 2021.

The financial statements of the company have been prepared on going concern basis and historical cost basis except certain financial assets and liabilities measured at fair value and defined benefit plans- assets measured at fair value.

The Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

(ii) Rounding off amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakhs as per the requirement of Schedule III, unless otherwise stated.

(iii) Current/Non-current classification :

All assets and liabilities have been classified as current or non-current as per Company's normal operating cycle and other criteria set out in the Schedule III to the Act.

(b) Foreign currency translation

Items included in the financial statements of each of the company's entities are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The financial statements are presented in Indian rupee (INR), which is company's functional and presentation currency.

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognised in the Statement of profit and loss.

(c) Revenue recognition**(i) Revenue arises mainly from the sale of manufactured and traded goods.**

To determine whether to recognise revenue, the Company follows a 5-step process:

1. Identifying the contract with a customer
2. Identifying the performance obligations
3. Determining the transaction price
4. Allocating the transaction price to the performance obligations
5. Recognising revenue when/as performance obligation(s) are satisfied.

Revenue is measured at fair value of consideration received or receivable, after deduction of any

trade discounts, volume rebates and any taxes or duties collected on behalf of the government which are levied on sales such as goods and service tax, etc.

Revenue is recognised either at a point in time or over time, when (or as) the Company satisfies performance obligations by transferring the promised goods or services to its customers

Sale of goods

Revenue from sale of goods is recognised when the control of goods is transferred to the buyer as per the terms of the contract, in an amount that reflects the consideration the Company expects to be entitled to in exchange for those goods. Control of goods refers to the ability to direct the use of and obtain substantially all of the remaining benefits from goods.

Rendering of services

Revenue from services is recognised as and when the services are rendered and on the basis of contractual terms with the parties.

- (ii) Export Incentives- Export incentives are recognised on post export basis.
- (iii) Interest income - Interest income is recognised on accrual basis.
- (iv) Dividend income - Dividends are recognised in profit or loss only when the right to receive payment is established
- (v) Rental Income- Rental income is accounted for on accrual basis.
- (vi) Scrap (i.e empties, miscellaneous scrap etc.) is accounted for on sale basis
- (vii) Income and other Claims -Revenue in respect of claims is recognised when no Significant uncertainty exists with regard to the amount to be realised and ultimate Collection thereof .

(d) Government Grant

Grants from the government are recognised at their fair value when there is a reasonable assurance that the grant will be received and the company will comply with all attached conditions.

Government grant relating to income are deferred and recognised in the profit or loss over the period necessary to match them with the costs that they are intended to compensate and presented within other income.

Government grants relating to purchase of property, plant and equipment are included in non-current liabilities as deferred income and are recognised in the statement of profit or loss over the period of useful life of asset.

(e) Income Tax

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction by the end of the reporting period adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses. . . Deferred tax assets are reviewed at each reporting date and reduced to the extent that it is no longer probable that the related tax benefit will be realised

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis or to realise the asset and settle the liability simultaneously.

Current and deferred tax is recognised in the Statement of profit and loss, except to the extent that it relates to items recognised in other comprehensive income. In that case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

(f) Trade receivables

Trade receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment.

(g) Cash and Cash Equivalents :

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, other bank balances and bank overdrafts.

(h) Inventories

Inventories are valued at cost or net realizable value, whichever is lower. However to determine the cost, the following methods are adopted:-

1.
 - a) For Raw Material on moving weighted average method plus direct expenses.
 - b) For Stores and Spares on moving weighted average method plus direct expenses
 - c) For Work - in - Process, cost of Raw Material plus appropriate share of manufacturing expenses/ relevant Overheads/conversion cost depending upon the stage of completion.
2. For Finished goods, cost of raw material plus conversion costs, packing cost and other overheads incurred to bring the inventories to their present condition and location.
3. Further Wastage and Rejections are valued at net realizable value only.
4. Goods in Transit are valued at cost.

(i) FINANCIAL ASSETS

(i) Classification

- The company classifies its financial assets in the following measurement categories -
- Those to be measured subsequently at fair value (either through other comprehensive income or through Statement of profit and loss), and
- Those measured at amortised cost

The classification depends on the company's business model for managing the financial assets and the contractual terms of cash flows.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the company has made an irrevocable election at the time of initial recognition to account for the equity investment at the fair value through other comprehensive income.

(ii) Measurement

At initial recognition, the company measures a financial asset at its fair value plus transaction cost that are directly attributable to the acquisition of the financial asset. In the case of a financial asset at fair value through profit or loss, transaction costs of financial assets are expensed in the Statement of profit and loss.

The company subsequently measures all equity investments at fair value. Where the company's management has elected to present fair value gains and losses on equity investments in OCI, there is no subsequent reclassification of fair value gains and losses to profit or loss.

(iii) Impairment of financial assets

Impairment exists when the carrying value of an asset or cash generating unit exceeds its recoverable amount, which is the higher of its fair value less cost of disposal and its value in use.

The company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost and FVOCI debt instruments. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For trade receivables only, the company applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

(iv) Derecognition of financial assets

A financial asset is derecognised only when

- The company has transferred the rights to receive cash flows from the financial asset or
- Retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

(j) Impairment of Non-Financial assets

Assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable amount. The recoverable amount is higher of an asset's fair value less costs of disposal and value in use. For the purpose of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from assets or group of assets (cash-generating units). Non-Financial assets suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period

(k) Non- Current assets held for sale:

Non-current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use and sale is considered highly probable. They are measured at lower of their carrying amount and fair value less cost to sell, except for assets such as deferred tax assets, assets arising from employee benefits, financial assets and contractual rights under insurance contracts, which are specifically exempt

Non-current assets are not depreciated or amortised while they are classified held for sale. Interest and other expenses attributable to the liabilities of disposal, company classified as held for sale, continue to be recognised.

(l) Derivatives that are not designated as hedges

The company enters into certain derivatives/forward contracts to hedge foreign currency risks which are not designated as hedges. Such contracts are accounted for at fair value through profit or loss

(m) Property, plant and equipment

Property, plant and equipment are stated at cost, less accumulated depreciation and impairment if any. Cost directly attributable to acquisition are capitalised until the property, plant and equipment are ready for use.

Depreciation methods, estimated useful lives and residual value

The company depreciates its property, plant and equipment over the useful life in the manner prescribed in the Schedule II to the Companies Act, 2013.

- a) In Garment Division at Ludhiana, depreciation is charged on W.D.V. basis
- b) In all other units, depreciation is charged on Straight Line basis

The residual values are not more than 5% of the original cost of the assets.

Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date is classified as capital advances under other 'non-current assets' and the cost of assets not put to use before such date are disclosed under 'Capital work-in-progress'.

Subsequent expenditures relating to property, plant and equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the Company and the cost of the item can be measured reliably.

Repairs and maintenance costs are recognized in the Statement of Profit and Loss when incurred.

The cost and related accumulated depreciation are eliminated from the financial statements upon sale or retirement of the asset and the resultant gains or losses are recognized in the Statement of Profit and Loss.

Depreciation methods, useful lives and residual values are reviewed periodically, including at each financial year end.

**(n) Investment Properties**

Property that is held for long term rental yields or for capital appreciation or both, and that is not occupied by the company, is classified as investment property. Investment property is measured initially at its cost, including related transaction costs and where applicable borrowing costs. Subsequent expenditure is capitalised to the asset's carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to the company and cost of the item can be measured reliably.

Investment properties are depreciated using the written down value method over the useful life of 60 years.

(o) Intangible assets**Computer software**

Computer software are stated at cost less accumulated amortisation and impairment, if any.

Amortisation methods and periods

The company amortises the computer software with a finite useful life over the period of 6 years.

(p) Trade and other payables

These amounts represent liabilities for goods and services provided to the company prior to the end of financial year which are unpaid.

(q) Borrowings

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using effective interest method.

Borrowings are classified as current liabilities unless the company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period

(r) Borrowing costs

Borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalized as part of the cost of the asset. Other borrowing costs are recognized as an expense in the period in which they are incurred.

(s) Provisions and contingent liabilities

Provisions are recognised when the company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period

Contingent Liabilities are disclosed in respect of possible obligations that arise from past events but their existence will be confirmed by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the Company or where any present obligation cannot be measured in terms of future outflow of resources or where a reliable estimate of the obligation cannot be made.

(t) Employee benefits**(i) Short term obligations**

Liabilities for wages and salaries, including non-monetary benefits if any, that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled.

(ii) Other long term employee benefit obligations

The liabilities if any, which needs to be settled after 12 months from the end of the period in which the employees render the related services are measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of reporting period using the projected unit credit method.

**(iii) Post-employment obligations**

The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligations at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

(iv) Defined contribution plans

Contribution to Provident Fund is made in accordance with the provisions of the Employees Provident Fund and Miscellaneous Provisions Act, 1952 and is charged to the Statement of Profit and Loss.

(u) Estimates and judgements

The preparation of financial statements requires the use of accounting estimates which, by definition, will seldom equal the actual results. Management has made judgements, estimates and assumptions that affect the application of accounting policies and reported amounts of assets and liabilities as at the date of financial statements and reported amount of income and expenses during the period.

The areas involving critical estimates or judgements are:

- Estimation of current tax expense and payable
- Designation of financial assets /liabilities through FVTPL
- Estimation of defined benefit obligation
- Recognition of deferred tax assets for carried forward tax losses

Estimates and judgements are continually evaluated. They are based on historical experience and other factors, including expectations of future events that may have a financial impact on company and that are believed to be reasonable under the circumstances.

(v) Cash Flow Statement :

The cash flow statement is prepared in accordance with the Indian Accounting Standard (Ind AS)-7 "Statement of Cash Flows" using indirect method for operating activities.

27. Contingent liabilities not provided for

32. Significant accounting judgements, estimates and assumptions

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Judgements

In the process of applying the Company's accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognised in the financial statements:

**Estimates and assumptions**

The key assumptions concerning the future and other key sources of estimating uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

Defined benefit plans (gratuity benefits)

The cost of the defined benefit gratuity plan and other post-employment benefits and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans operated in India, the management considers the interest rates of government bonds in currencies consistent with the currencies of the post-employment benefit obligation.

The mortality rate is based on publicly available mortality tables for the specific countries. Those mortality tables tend to change only at interval in response to demographic changes. Future salary increases and gratuity increases are based on expected future inflation rates. Further details about gratuity obligations are given in Note 36.

Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using other valuation techniques. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

Impairment of non-financial assets

Impairment exists when the carrying value of an asset or cash generating unit exceeds its recoverable amount, which is the higher of its fair value less costs of disposal and its value in use. The fair value less costs of disposal calculation is based on available data from binding sales transactions, conducted at arm's length, for similar assets or observable market prices less incremental costs for disposing of the asset. The value in use calculation is based on a DCF model.

33. Financial risk management objective and policies

The Company's principal financial liabilities comprise loans and borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations and to support its operations. The Company's financial assets include loans, trade and other receivables, and cash & cash equivalents that derive directly from its operations.

The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks. The Company's senior management is supported by a financial risk committee that advises on financial risks and the appropriate financial risk governance framework for the Company. This financial risk committee provides assurance to the Company's senior management that the Company's financial risk activities are governed by appropriate policies and procedure and that financial risks

are identified, measured and managed in accordance with the Company's policies and risk objectives. The Board of Directors reviews and agrees policies for managing each risk, which are summarised as below:

(A) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: 'interest rate risk, currency risk and other price risks. Financial instruments affected by market risk include loans and borrowings, deposits and payables/receivables in foreign currencies.

a) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to 'the risk of changes in market interest rates relates primarily to the Company's long term debt obligations with floating interest rates. The company is carrying its borrowings primarily at variable rates. For floating rates borrowings, the analysis is prepared assuming the amount of the liability outstanding at the end of the reporting period was outstanding 'for the whole year . A 50 basis point Increase or decrease is used when reporting interest rate risk internally to Key management personnel and represents management's assessment of the reasonably possible change in interest rates .

	31 March 2021	31 March 2020
Variable rate borrowings	90,232.73	80,237.81
Fixed rate borrowings	17,153.99	12,162.10

Interest rate sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected. With all other variable held 'constant, the Company's profit before tax is affected through the impact on floating rate borrowings, as follows:

	Effect on Profit before tax	
	31 March 2021	31 March 2020
Increase by 50 basis points	(451.16)	(401.19)
Decrease by 50 basis points	451.16	401.19

b) Foreign currency risks

Foreign currency risk is the risk that the fair value of future cash flows of an exposure will fluctuate because of changes in International currencies as part of the business is transacted in foreign currencies and consequentially the company is exposed to foreign exchange risk. The Company's exposure in foreign currency is in loans, trade receivables and advances and trade payables.

	As at 31st March, 2021	As at 31st March, 2020
Type of contract	USD	USD
Forward contracts against exports	238.18	309.47

iii) Price risk

The Company's exposure to price risk arises from investments held and classified in the balance sheet either as fair value through other comprehensive income or at fair value through profit or loss. To manage the price risk arising from investments, the Company diversifies its portfolio of assets.

B) Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables)

Credit risk management

The Company assesses and manages credit risk based on internal credit rating system. Internal credit rating is performed for each class of financial instruments with different characteristics. The Company assigns the following credit ratings to each class of financial assets based on the assumptions, inputs and factors specific to the class of financial assets.

- (i) Low credit risk on reporting date
- (ii) Moderate credit risk

The Company provides for expected credit loss based on the following:

Asset group	Basis of categorisation	Provision for expected credit loss
Low credit risk	Cash and cash equivalents, other bank balances, loans, trade receivables and other financial assets	12 month expected credit loss
Moderate credit risk	Trade receivables and other financial assets	Life time expected credit loss or 12 month expected credit loss

Based on business environment in which the Company operates, a default on a financial asset is considered when the counter party fails to make payments within the agreed time period as per contract. Loss rates reflecting defaults are based on actual credit loss experience and considering differences between current and historical economic conditions.

Assets are written off when there is no reasonable expectation of recovery, such as a debtor declaring bankruptcy or a litigation decided against the Company. The Company continues to engage with parties whose balances are written off and attempts to enforce repayment. Recoveries made are recognised in statement of profit and loss.

**Cash & cash equivalents and bank deposits**

Credit risk related to cash and cash equivalents and bank deposits is managed by only accepting highly rated banks and diversifying bank deposits and accounts in different banks across the country.

Trade receivables

Credit risk related to trade receivables are mitigated by taking bank guarantees/letter of credit, from customers where credit risk is high. The Company closely monitors the credit-worthiness of the debtors through internal systems that are configured to define credit limits of customers, thereby, limiting the credit risk to pre-calculated amounts. The Company assesses increase in credit risk on an ongoing basis for amounts receivable that become past due and default is considered to have occurred when amounts receivable become one year past due.

Other financial assets measured at amortised cost

Other financial assets measured at amortized cost includes loans and advances to employees, security deposits and others. Credit risk related to these other financial assets is managed by monitoring the recoverability of such amounts continuously.

(i) Trade Receivables

Customer credit risk is managed by each business location subject to the Company's established policy, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed and individual credit limits are defined in accordance with the assessment both in terms of number of days and amount.

An impairment analysis is performed at each reporting date on an individual basis for major clients. In addition, a large number of minor receivables are grouped into homogenous groups and assessed for impairment collectively. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets disclosed in Note 5.1. Trade receivables are unsecured but considered goods subject to provision made thereon.

(C) Liquidity risk

The Company monitors its risk of a shortage of funds by estimating the future cash flows. The Company's objective is to maintain a balance between continuity of funding and flexibility through the use of bank overdrafts, cash credit facilities and bank loans. The Company assessed the concentration of risk with respect to refinancing its debt and concluded it to be low. The Company has access to a sufficient variety of sources of funding and debt maturity within 12 months can be rolled over with existing lenders. The Company has access to the following undrawn borrowing facilities at the end of the reporting periods -

34 Capital management

For the purpose of the Company's capital management, capital includes issued equity capital, share premium and all other equity reserves attributable to the equity holders of the Company. The primary objective of the Company's capital management is to maximise the shareholder value.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The Company monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The Company includes within net debt, interest bearing loans and borrowings, trade payables, less cash and cash equivalents.

	31st March 2021	31st March 2020
Borrowings	1,07,386.72	92,399.91
Trade payables	3,215.35	2,782.04

Capital and net debt	2,00,286.86	1,76,724.28
Gearing ratio	0.55	0.54

In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements.

Breaches in meeting the financial covenants would permit the bank to immediately call loans and borrowings. There have been no breaches in the financial covenants of any interest-bearing loans and borrowing in the current period.

No changes were made in the objectives, policies or processes for managing capital during the years ended 31 March 2021 and 31 March 2020

Level 1 : Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments, mutual funds that have quoted price. The fair value of all equity instruments which are traded in the stock exchanges is valued using the closing price as at the reporting period. The mutual funds are valued using the closing NAV..

Level 2 : The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in Level 2.

Level 3 : If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities, contingent consideration and indemnification asset included in level 3.

c. Fair value of financial assets and liabilities measured at amortised cost

Particulars	31 March 2021		31 March 2020	
	Carrying amount	Fair value	Carrying amount	Fair value
Financial assets				
Security deposit	2,529.82	2,529.82	2,452.92	2,452.92
Total financial assets	2,529.82	2,529.82	2,452.92	2,452.92
Financial liabilities				
Borrowings(excluding current maturities of long term debts)	104,796.03	104,796.03	89,737.46	89,737.46
Retention Money	49.66	49.66	96.78	96.78
Total financial liabilities	104,845.69	104,845.69	89,834.24	89,834.24

The carrying amounts of trade receivables, trade payables, advances to employees, cash and cash equivalents and other bank balances are considered to be the same as their fair values, due to short term nature..

The fair values for security deposits were calculated based on cash flows discounted using a current lending rate. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs including counterparty credit risk.
