**a. REVIEW OF OPERATIONS:**

In spite of world wide disturbances coupled with domestic challenges, company has made Rs 50.40 crore increase in operating revenue (23.11 % increase in its revenue when compared to last year) ie from Rs 218 crores (FY 23-24) to Rs 269 crores in FY 24-25. The gross production volume stood at 86.82 Lakhs Kgs (including purchase done for trading of 4.70 lakhs kgs) during the financial year 2024-25 as against 71.50 Lakhs Kgs of last year.

The sale volume for the FY 2024-25 stood at 88.89 Lakh Kgs as compared to 69.91 Lakh Kgs of last year. Raw material rate decrease is very marginal when compared to steep decrease in selling price during the year and sale had to be made at a lower price to sustain the competitive market conditions. However Company's quality of yarn in value added segment has been well appreciated by the customers and the Company is receiving moderate volume of orders for value added counts.

During the year 24-25, capacity utilisation was in the range of 85 to 90 % due to uncertainties in off take that prevailed for quite some time. Further, even though solar power plant was available fully, the power generated could be used only to the extent of yarn production capacity usage as mentioned above. Power generated from green energy source namely Wind mill and Solar power to the extent of 305.42 lakhs Kilo Watt Units have subscribed to the overall power requirements for the manufacture of yarn and this has enabled to sustain the power cost per unit. However due to increased production during the year (from 65.4 lakhs kgs in 23-24 to 82.12 lakhs kgs in 24-25), quantitative power consumption has increased and net work charges imposed by Govt resulting in Net power cost increase from Rs 12 crores to 18 crores.

**b. WAY FORWARD:**

Following almost three years of slump in demand and rising production costs, textile mills in Tamil Nadu are looking at gradual market improvement and better performance in the years to come

Spinning Industry is said to have gone a highly challenging phase during financial year 2023-24 and 24-25 due to weak demand for yarn and high inventory levels across the value chain. There was a steady improvement in yarn demand for the last nine months, driven by inventory exhaustion across the value chain and a 10% reduction in installed spindles across India, which helped restore supply-demand balance to some extent. The textile mills were able to sell their monthly production and old stocks are getting exhausted. While the larger mills were currently operating 95% capacity, others were operating 70% to 80%.

However, margins remain under pressure due to the price gap between domestic and international cotton and rising conversion costs. We remain hopeful that sustained demand will gradually lead to margin improvement from this fiscal.

Also textile mills that had financial resources are planning for investing in modernisation and automation to improve efficiency in the medium term. A sustained growth in demand would enable the mills to invest in next level of modernisation.

According to Southern India Mills' Association, of the 24 million spindles in Tamil Nadu nearly 19 million were in operation. Of these, one third is being operated by 100% renewable energy sources through captive use. Another five million spindles should improve the production efficiency and competitiveness to survive in the long term.

Further we have to go for synthetic yarn and many more value added yarns. The opportunities were high for the textile industry as there were free trade agreements. The mills should focus on multiple factors such as value added yarns, modernisation, and fibres to become sustainable in the long run.

A rebound in exports and favorable domestic demand are expected to drive India's cotton yarn industry to a 7 to 9% revenue growth in the current fiscal, up from a modest 2-4% growth in the previous fiscal. Uptick in volumes will primarily drive this growth, supported by modest increase in yarn prices.

The market is expecting significant growth due to the increasing demand for textiles in developing economies. This trend is driven by the expanding middle class population in these regions, leading to a rise in consumer spending on textiles. Fashion trends continue to influence the textile market, with consumers seeking innovative and unique textiles for their clothing and home decor needs. Furthermore, innovations in the textile industry, such as the integration of advanced technologies and sustainable production methods, are enhancing product quality and appeal. However, the market faces challenges related to health hazards associated with the production process.

In the context of expecting significant growth as said above and to give fillip to the expectation, the Union govt has come out with a development plan to go about Rs 1900 crores textile park Under Pradhan mantri Mega Integrated textile region and apparel park coming up in about 1052 acre site at Virudhunagar district in TN and this is expected to host next generation textile manufacturing eco system focused on technical textiles and integrated processing units. It is one of seven PM MITRA parks being developed nationwide under the centre's flagship scheme aimed at catalysing India's textile sector support and investment incentives. The project was formalized during the year 2023 and is targeted for completion in the year 2026 with state govt projecting Rs 10,000 crore in investment and creation of one lakh jobs.

## INDEPENDENT AUDITOR'S REPORT

**To**  
**The Members of**  
**Sambandam Spinning Mills Limited**

### **Report on the Audit of the Standalone Financial Statements**

#### **Opinion**

1. We have audited the accompanying Standalone financial statements of **Sambandam Spinning Mills Limited** ("the Company"), which comprise the Standalone Balance Sheet as at 31<sup>st</sup> March 2025, the Standalone Statement of Profit and Loss (including Other Comprehensive Income), the Standalone Statement of Changes in Equity and the Standalone Statement of Cash Flows for the year then ended on that date and notes to the financial statements, including a summary of material accounting policies and other explanatory information (hereinafter referred to as the "Standalone financial statements").
2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31<sup>st</sup> March 2025, its loss including other comprehensive income, the changes in equity and its cash flows for the year ended on that date.

#### **Basis for Opinion**

3. We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the Standalone financial statements under the provisions of the Act, and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics issued by the Institute of Chartered Accountants of India. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the Standalone financial statements.

#### **Key Audit Matters**

4. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Standalone financial statements of the current period. These matters were addressed in the context of our audit of the Standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the matter described below to be the key audit matter to be communicated in our report.

Key Audit Matters	Auditor's Response
<p><b>Revenue Recognition</b></p> <p>(Refer to the accompanying Note 2(c) of Material Accounting Policies and Note 28 of accompanying Notes to the Standalone financial statements)</p> <p>The Company's revenue is mainly derived from sale of products viz. yarn and yarn related products.</p> <p>Revenue from sale of products is recognized when the performance obligations are satisfied and the control of the products is being transferred to debtors as per the terms of contract agreed.</p> <p>Revenue is recognized when collectability of the resulting receivable is reasonably assured.</p> <p>we have identified Revenue recognition as a key audit matter as revenue recognition is a key performance indicator of the Company given the inherent area of audit risk</p>	<p><b>Principal Audit Procedures</b></p> <p>In the view of the significance of the matter, our audit procedures mainly comprised of test of controls and substantive procedures including the following:</p> <ol style="list-style-type: none"> <li>We assessed the appropriateness of whether the accounting policy for revenue recognition was in line with relevant Ind AS – 115 “Revenue from Contracts with Customers”.</li> <li>We performed procedures to assess the design and implementation of internal controls established by the management and tested the operating effectiveness of relevant controls relating to revenue recognition.</li> <li>We have performed testing with the sample of revenue transaction to ensure whether specific revenue transactions before and after the reporting date have been recognized in the appropriate period by comparing the transactions selected with relevant underlying documents including goods delivery notes, shipping documents, customer acknowledgement/proof of acceptance and the other terms of sales.</li> <li>We have also tested the journal entries affecting revenue recognition on a sample basis to identify any unusual or irregular items and validated subsequent credit notes and sales returns up to the date of this report to ensure the appropriateness and accuracy of the recognition of revenue.</li> <li>Based on the above procedures, no material exception on the revenue recognition has been observed.</li> </ol>
<p><b>Information other than the Standalone Financial Statements and Auditor's Report thereon</b></p> <ol style="list-style-type: none"> <li>The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the Management discussion and analysis, Board's Report including Annexures to Board's Report, Corporate Governance and Shareholder's Information, but does not include the Standalone financial statements and our auditor's report thereon.</li> <li>The other information is expected to be made available to us after the date of this auditor's report. Our opinion on the Standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.</li> <li>In connection with our audit of the Standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Standalone financial statements, or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement, if any, of this other information, we are required to report that fact. We have nothing to report in this regard.</li> </ol>	

**Responsibilities of Management and those Charged with Governance for the Standalone Financial Statements**

8. The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Standalone financial statements that give a true and fair view of the financial position, financial performance (including other comprehensive income), changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Ind AS. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.
9. In preparing the Standalone financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.
10. Those Board of Directors is also responsible for overseeing the Company's financial reporting process.

**Auditor's Responsibilities for the Audit of the Standalone Financial Statements**

11. Our objectives are to obtain reasonable assurance about whether the Standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone financial statements.
12. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
  - (a) Identify and assess the risks of material misstatement of the Standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
  - (b) Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
  - (c) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
  - (d) Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
  - (e) Evaluate the overall presentation, structure and content of the Standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

13. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
14. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
15. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### **Report on Other Legal and Regulatory Requirements**

16. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Companies Act, 2013, we give in the "**Annexure - A**" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
17. As required by Section 143(3) of the Act, we report that:
  - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
  - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
  - (c) The Standalone Balance Sheet, the Standalone Statement of Profit and Loss (including Other Comprehensive Income), the Standalone Statement of Changes in Equity and the Standalone Cash Flow Statement dealt with by this Report are in agreement with the books of account.
  - (d) In our opinion, the aforesaid Standalone financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standard) Rules, 2015 as amended.
  - (e) On the basis of the written representations received from the directors as on 31<sup>st</sup> March 2025 taken on record by the Board of Directors, none of the directors is disqualified as on 31<sup>st</sup> March 2025 from being appointed as a director in terms of Section 164(2) of the Act.
  - (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "**Annexure - B**".
  - (g) With respect to the matter to be included in the Auditors' Report under Section 197(16) of the Act:  
In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of Section 197 of the Act.
  - (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
    - (i) The Company has disclosed the impact of pending litigations on its financial position in its Standalone financial statements – Note 43 to the Standalone financial statements.
    - (ii) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses as at 31<sup>st</sup> March 2025.
    - (iii) There has been no delay in transferring amounts required to be transferred to the Investor Education and Protection Fund by the Company.

- (iv) a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities ("Intermediaries") with the understanding, whether recorded in writing or otherwise, that the Intermediary shall whether directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Company or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- b) The management has represented, that, to the best of its knowledge and belief, no funds have been received by the Company from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall whether directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Funding Party or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
- c) Based on such audit procedures as considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under subclause (i) and (ii) of Rule 11 contain any material misstatement.
- (v) The Company has not declared or paid any dividend during the year.
- (vi) a) Based on our examination which included test checks, the company and its associate has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility. The audit trail function has operated throughout the year for all relevant transactions recorded in the software. During the course of our audit, we did not come across any instance of audit trail feature being tampered with.
- b) Further, the audit trail has been preserved by the Company as per the statutory requirements for record retention.

#### **ANNEXURE - "B" TO THE INDEPENDENT AUDITOR'S REPORT**

Referred to in paragraph 17(f) of the Independent Auditor's Report of even date to the members of Sambandam Spinning Mills Limited on the Standalone financial statements for the year ended 31<sup>st</sup> March 2025

#### **Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

1. We have audited the internal financial controls over financial reporting of Sambandam Spinning Mills Limited ("the Company") as of 31<sup>st</sup> March 2025 in conjunction with our audit of the Standalone financial statements of the Company for the year ended on that date.

##### **Management's Responsibility for Internal Financial Controls**

2. The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

##### **Auditor's Responsibility**

3. Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

#### **Meaning of Internal Financial Controls Over Financial Reporting**

6. A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:
  - a) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
  - b) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorization of management and directors of the company; and
  - c) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

#### **Inherent Limitations of Internal Financial Controls Over Financial Reporting**

7. Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

#### **Opinion**

8. In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31<sup>st</sup> March 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

**2. Material Accounting Policies:**

This note provides a list of the material accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

**a) Basis of Preparation of Financial Statements****(i) Compliance with Indian Accounting Standards (IND AS)**

These financial statements of the Company have been prepared in accordance with Indian Accounting Standards ("Ind AS") notified under Section 133 of the Companies Act, 2013 (the Act) read with Companies (Indian Accounting Standards) Rules 2015, as amended and other relevant provisions of the Act. The financial statements comply in all material aspects with Ind AS notified under the Act read with other relevant provisions of the Act.

The accounting policies are applied consistently to all the periods presented in the financial statements.

**(ii) Historical Cost Convention**

The financial statements have been prepared on a historical cost basis, except the following:

- \* Certain financial assets and liabilities that are measured at fair value.
- \* Defined benefit plans – plan assets measured at fair value.

The fair value measurements are categorized into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, as described below:

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset/liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices)

Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs)

**(iii) Current and Non - Current Classification**

All assets and liabilities have been classified as current or non current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act 2013.

Deferred Tax assets and liabilities are classified as Non-current assets and liabilities.

The company has identified Twelve months for the classification as current and non current.

**(iv) Rounding of amounts**

All amounts disclosed in the financial statements and notes have been rounded off to the nearest two decimal places of lakhs as per the requirement of Schedule III, unless otherwise stated.

**Statement of Material Accounting Policies forming part of the Standalone Financial Statements for the year ended March 31, 2025 (Contd...)**

**b) Foreign Currency Translation**

**(i) Functional and presentation currency**

Items included in the financial statements are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The financial statements are presented in Indian Rupee (Rs), which is the Company's functional and presentation currency.

**(ii) Transactions and balances**

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognized in the Statement of Profit and Loss.

**c) Revenue Recognition**

Revenue from contracts with customers is recognised on transfer of control of promised goods or service to a customer at an amount that reflects the consideration to which the company is expected to be entitled to in exchange for those goods or services. The company recognises the revenue at the amount of transaction price on the satisfaction of performance obligation. Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation. The transaction price of goods sold and services rendered is net of variable consideration on account of various discounts and schemes offered by the Company as part of the contract.

Revenue is recognised only to the extent that is highly probable that the amount will not be subject to significant reversal when uncertainty relating to its recognition is resolved.

**Sale of products**

Timing of recognition – Revenue from sale of products is recognized when the performance obligations are satisfied and the control of the products is transferred to customers based on the terms of contract. Revenue is recognised when collectability of the resulting receivable is reasonably assured.

Measurement of revenue -Revenue is measured based on the transaction price, which is the consideration, net of customer incentives, discounts, variable considerations, payments made to customers as specified in the terms of contract with customers. A receivable is recognized when the goods are dispatched, delivered or upon formal customer acceptance depending on terms of contract with the customer.

**Rendering of services**

Revenue from services is recognized in accordance with the specific terms of contract on performance when the collectability of the resulting receivable is reasonably assured.

**Income from energy generated**

Revenue from energy generated through windmills is recognised based on the contractual rates with the customers and the credit granted by the regulatory authorities to the said customers for units generated.

**Other Operating revenues**

Other operating revenues comprise of income from ancillary activities incidental to the operations of the company and is recognised when the right to receive the income is established as per the terms of the contract.

**d) Other Income**

Other income comprising of interest income and rental income are accounted on accrual basis.

Dividend income from investments is recognised when the company's right to receive payment has been established (provided that it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably).

Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable (provided that it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably).

**Statement of Material Accounting Policies forming part of the Standalone Financial Statements for the year ended March 31, 2025 (Contd...)**

**e) Government Grants**

Grants from the government (including export incentives) are recognised only where there is a reasonable assurance that the grant will be received and the Company will comply with all attached conditions.

Government grants are recognised in profit and loss account on a systematic basis over the periods in which they accrue. Income is deferred in case the Income is recognized in future periods.

**f) Current Tax**

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities.

Current tax is the amount of income tax payable in respect of taxable profit for the year. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period. The Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

**Deferred Tax**

Deferred tax is provided using the balance sheet method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date. Deferred tax liabilities are recognised for all taxable temporary differences.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized. Unrecognised deferred tax assets are re-assessed at each reporting date and recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted at the reporting date. Deferred tax is recognised in Statement of Profit and Loss, except to the extent relates to items recognised in Other Comprehensive Income, in which case, it is recognised in Other Comprehensive Income. Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against Current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

**g) Leases  
As a lessee :**

The Company recognizes a right-of-use asset (ROU) and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease. Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU Assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives.

They are subsequently measured at cost less accumulated depreciation and impairment losses. Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the useful life of the asset or the balance lease term of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable.

**Statement of Material Accounting Policies forming part of the Standalone Financial Statements for the year ended March 31, 2025 (Contd...)**

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of the leases. Lease Liabilities are re-measured with a corresponding adjustment to the related right of use asset if the company changes its assessment if whether it will exercise an extension or a termination option. Lease liability and ROU asset shall be separately presented in the Balance Sheet and Lease payments shall be classified as financing cash flows.

**As a lessor :**

The Company classifies the lease when it does not transfer substantially all the risks and rewards of ownership of an asset as operating leases. The rental income under operating lease is recognised in the Statement of Profit and Loss on a straight-line basis over the term of the lease. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term.

**h) Property, Plant and Equipment**

Property, Plant and Equipment are measured at cost net of tax / duty credit availed less accumulated depreciation and accumulated impairment losses, if any. Freehold land is not depreciated.

Cost includes related taxes, duties, freight, insurance etc., attributable to acquisition and installation of assets and borrowing cost incurred up to the date of commencing operations, but excludes duties and taxes that are recoverable from taxing authorities.

Subsequent cost are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefit associated with the item will flow to the company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. Cost in the nature of repairs and maintenance are recognised in the Statement of Profit and Loss during the reporting period in which they are incurred.

Assets which are not ready for their intended use and other capital work in progress are carried at cost, comprising direct cost, related incidental expenses and attributable interest. Advances given towards acquisition of Property, Plant and Equipment outstanding at each balance sheet date are disclosed as Capital Advances under Other Non-Current Assets.

**Transition to Ind AS**

On transition to Ind AS, the Company has elected to continue with the carrying value of all its property, plant and equipment.

**Depreciation/Amortisation methods, estimated useful lives and residual value**

Depreciation is calculated using the straight-line basis and the rates arrived are based on the useful lives prescribed in Schedule II to the Companies Act, 2013, except in respect of the following assets, where useful life is different than those specified in Schedule II to the Companies Act are used:

Asset Description	Life of the asset (in year's)
Plant and equipment (continuous process plant)	Over its useful life of 18 years as Technically assessed
Wind energy convertors	Over its useful life of 18 years as Technically assessed

The company follows the policy of charging depreciation on pro- rate basis on the assets acquired during the year. Leasehold asset's are amortised over the period of lease or useful life whichever is less. The residual values are not more than 5% of the original cost of the asset. The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period. An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

**Statement of Material Accounting Policies forming part of the Standalone Financial Statements for the year ended March 31, 2025 (Contd...)**

**Derecognition**

An item of Property, plant and equipment is derecognised upon disposal / when no future economic benefits are expected to arise from the continued use of assets. Gains or losses on disposal are determined by comparing proceeds with the carrying amount.

**i) Intangible assets**

**i) Recognition**

Intangible assets are recognised only when future economic benefits arising out of the assets flow to the enterprise and are amortised over their useful life.

**ii) Amortization methods and periods**

The Company amortizes intangible assets on a straight line method over their estimated useful life not exceeding 5 years. Software is amortised over a period of three years.

**j) Impairment of Assets**

Property, plant and equipment and intangible assets are tested for impairment annually whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An Impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash-generating units). Non- financial assets other than good that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

**k) Biological Assets:**

**Livestock - Cattles**

Livestock are measured at fair value less cost to sell. Costs to sell include the transportation charges for transporting the cattle to the market but excludes finance costs and income taxes. Changes in fair value of livestock are recognised in the Statement of Profit and Loss. Costs such as vaccination, fodder and other expenses are expensed as incurred.

**l) Cash Flow Statement & Cash and Cash Equivalents**

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

For the purpose of presentation in the Cash flow statement, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

**m) Trade Receivables**

Trade receivables are recognised initially at transaction price.

**n) Inventories**

Raw materials and stores, work-in-progress, finished goods are stated at the lower of cost and net realizable value.

Cost of raw materials comprise of cost of purchase.

Cost of work-in-progress and finished goods comprises direct materials, direct labour and an appropriate proportion of variable and fixed overhead expenditure, the later being allocated on the basis of normal operating capacity.

**Statement of Material Accounting Policies forming part of the Standalone Financial Statements for the year ended March 31, 2025 (Contd...)**

Cost of inventories also include all other cost incurred in bringing the inventories to their present location and condition. Costs are assigned to individual items of inventory on weighted average basis. Costs of purchased inventory are determined after deducting rebates and discounts.

Net realizable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

**o) Investment in Associates**

The investment in associates are carried in the financial statements at historical cost except when the investment is classified as held for sale in which case it is accounted in accordance with Ind AS 105 - "Non – current assets held for sale and discontinued operations".

Investments in associates carried at cost are tested for impairment in accordance with Ind AS 36. Any impairment loss reduces the carrying value of the investment. The impairment losses so recognised is limited to the carrying value of the investment.

**p) Financial Instruments**

A financial instrument is a contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the relevant instrument.

Financial Instruments are initially measured at fair value other than trade receivables which is recognized at transaction value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

**Financial Assets**

**i) Classification**

The company classifies its financial assets in the following measurement categories:

- a) those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and
- b) those measured at amortised cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in Statement of profit or loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the Company has made an irrevocable election at the time of initial recognition to account for equity investment at fair value through other comprehensive income.

The Company reclassifies debt investments only when its business model for managing those assets changes.

**ii) Initial Recognition**

All financial assets are recognised initially at fair value, plus in the case of financial assets not at recorded at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial assets. However, trade receivables that do not contain a significant financing component are measured at transaction price.

**Statement of Material Accounting Policies forming part of the Standalone Financial Statements for the year ended March 31, 2025 (Contd...)**

**iii) Subsequent measurement**

Subsequent measurement of debt instruments depends on the Company's business model for managing the assets and the cash flow characteristics of the asset. There are three measurement categories into which the Company classifies its debt instruments:

**Amortised cost :**

Assets that are held for collection of contractual cash flows where those cash represents the solely payments of principal and interest are measured at amortised cost. A gain or loss on a debt investment that is subsequently measured at amortised cost and is not part of a hedging relationship is recognised in profit or loss when the asset is derecognized or impaired. Interest income from these financial assets is included in finance income using the effective interest rate method.

**Fair Value through Other Comprehensive Income (FVOCI) :**

Assets that are held for collection of contractual cash flows and for selling the financial assets, where the asset's cash flows represent solely payments of principal and interest, are measured at fair value through other comprehensive income (FVOCI). Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognised in profit and loss. When the financial asset is derecognized, the cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss and recognised in other gains / (losses). Interest income from these financial assets is included in other income using the effective interest rate method.

**Fair Value through Profit or Loss (FVTPL) :**

Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss. A gain or loss on debt investment that is subsequently measured at fair value through profit or loss is recognised in profit or loss and presented net in the statement of profit and loss in the period in which it arises. Interest income from these financial assets is included in other income.

**Equity instruments :**

The Company subsequently measures all equity investments (other than investment in associates) at fair value. Dividends from such investment are recognised in profit or loss as other income when the Company's right to receive payments is established.

Changes in the fair value of financial assets at fair value through profit or loss are recognised in the other income.

**iv) Impairment of Financial Assets**

The Company assesses the expected credit losses associated with its assets carried at amortised cost in accordance with Ind AS 109. The Company recognises impairment losses on its financial assets based on whether there has been a significant increase in credit risk. The Company applies the simplified approach in accordance with Ind AS 109 Financial Instruments on trade receivables, where lifetime impairment losses is recognised at each reporting date, right from initial recognition of the receivables.

The Company recognises impairment loss on other financial assets measured at fair value at amortised cost, the Company determines if there has been a significant increase in credit risk of the financial asset since initial recognition. If the credit risk has not increased significantly, an amount equal to 12 month expected credit losses is measured as loss allowance. However, if credit risk has increased significantly, an amount equal to lifetime expected credit losses is measured and recognised as loss allowance.

**Statement of Material Accounting Policies forming part of the Standalone Financial Statements for the year ended March 31, 2025 (Contd...)**

**v) Derecognition of Financial Assets**

A financial asset is derecognized only when

- a) The company has transferred the rights to receive cash flow from the financial asset or
- b) The rights to receive the cash flows of the financial assets have expired

**q) Derivatives**

The Company enters into certain derivative contracts to hedge risks which are not designated as hedges. Such contracts are accounted at fair value through profit or loss and are included in profit and loss account.

**r) Offsetting financial instruments**

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis or realize the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counter party.

**Financial Liabilities**

**Classification as debt or equity**

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

**Initial Recognition and Measurement**

All financial liabilities are initially recognised at the value of respective contractual obligations. The Company's financial liabilities includes loans and borrowings, trade and other payables are recognised at net of directly attributable transaction costs

**Subsequent Measurement**

All financial liabilities are subsequently measured at amortised cost using the effective interest rate method.

**Derecognition of Financial Liabilities**

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another financial liability from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original financial liability and the recognition of a new financial liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

**s) Borrowing costs**

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalized during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing cost eligible for capitalization.

Other borrowings costs are expensed in the period in which they are incurred.

**Statement of Material Accounting Policies forming part of the Standalone Financial Statements for the year ended March 31, 2025 (Contd...)**

**t) Provisions and Contingencies**

Provisions for legal claims and returns are recognised when the company has a present legal or constructive obligation as a result of past event, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognised for future operating losses

When the effect of time value of money is material, the provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provisions due to the passage of time is recognized as finance costs.

A contingent liability is disclosed whenever there is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events is not recognised as it is not probable to determine the reliability and outflow of resources that will be required to settle the obligation.

**u) Employee benefits**

**(i) Short-term obligations**

All employee benefits that are expected to be settled within 12 months in which the employees render the related service are classified as short-term employee benefits and are recognized in respect of employee's services up to the end of the reporting period. The liabilities are presented as current employee benefit obligations in the balance sheet.

**(ii) Other long-term employee benefit obligations**

The liabilities for earned leave is not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. Therefore they are measured at the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligations. Remeasurements as a result of the experience adjustments and changes in actuarial assumptions are recognized in profit or loss.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an the unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

**(iii) Post-employment obligations**

The company operates the following post-employment schemes:

- (a) Defined benefit plans such as gratuity; and
- (b) Defined contribution plans such as provident fund and employee state insurance.

**Gratuity obligations**

The liability or assets recognized in the balance sheet in respect of gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value plan assets. This cost is included in employee benefit expense in the statement of profit and loss.

Remeasurement of gains and losses arising from experience adjustments and changes in actuarial assumptions are recognized directly in Other Comprehensive Income in the period in which they occur.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognized immediately in profit or loss.

**Statement of Material Accounting Policies forming part of the Standalone Financial Statements for the year ended March 31, 2025 (Contd...)**

**Defined contribution plans**

The company pays provident fund and employee state insurance contributions to publicly administered funds as per local regulations. The Company has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plan and the contributions are recognized as employee benefit expense when they are due.

**(iv) Bonus plans**

The Company recognizes a liability and an expense for bonuses. The Company recognizes a provision where contractually obliged or where there is a past practice that has created a constructive obligation.

**v) Earning per share**

**(i) Basic earnings per share**

Basic earnings per share is calculated by dividing:

- a) The profit / (loss) attributable to owners of the company
- b) By the weighted average number of equity shares outstanding during the financial year.

The weighted average number of equity shares outstanding during the period and for all periods presented is adjusted for events, other than the conversion of potential ordinary shares, that have changed the number of ordinary shares outstanding without a corresponding change in resources.

**(ii) Diluted earnings per share**

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- a) The profit / (loss) for the period attributable to the owners of the company
- b) The weighted average number of equity shares outstanding during the financial year, is adjusted for the effects of the all the dilutive potential equity shares.

**w) Non-Current Assets held for sale:**

The Company classifies non-current assets as held for sale if their carrying amounts will be recovered principally through a sale rather than through continuing use of the assets and a sale is considered highly probable.

Non-current assets classified as held for sale are measured at the lower of their carrying amount and the fair value less cost to sell. Non-current assets are not depreciated or amortized while they are classified as held for sale.

**x) Critical estimates and Judgements**

The preparation of financial statements requires the use of accounting estimates which, by definition, will seldom equal the actual results. Management also needs to exercise judgement in applying the Company's accounting policies.

This note provides an overview of the areas that involved a higher degree of judgement or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements is included in relevant notes together with information about the basis of calculation for each affected line item in the financial statements.

The areas involving critical estimates or judgements are:

1. Estimation of defined benefit obligation
2. Useful lives of fixed assets

Estimates and judgements are continually evaluated. They are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Company and that are believed to be reasonable under the circumstances.

**Movement of Deferred Tax Expenses/(Income) during the year:**

Deferred tax assets and liabilities are recognized for the future tax consequences of temporary differences between the carrying values of assets and liabilities and their respective tax bases, and unutilized business loss, depreciation carry forwards and tax credits. Such deferred tax assets and liabilities are computed separately for each taxable entity and for each taxable jurisdiction.

Deferred tax assets are recognized to the extent that it is probable that future taxable income will be available against which the deductible temporary differences, unused tax losses, depreciation carry-forwards and unused tax credits could be utilized.

The major components of deferred tax liabilities arising on account of timing differences are as follows:

**Note 41 : Disclosure under IND AS 19:****A. Defined Contribution Plans**

The Company has defined contribution plans like Provident Fund and Employee State Insurance Scheme for the eligible employees of the Company in which both employees and the Company make monthly contributions at a specified percentage of the covered employees' salary for the benefit of employees. The total expenses recognised in Statement of Profit and Loss is Rs. 221.67 Lakhs (for the year ended 31.03.2024 Rs. 202.16 lakhs)

**B. Defined Benefit Plans  
Gratuity**

The Company has an obligation towards Gratuity, a defined benefit retirement plan covering eligible employees. The plan provides for a lump-sum payment to vested employees at retirement, death, while in employment or on termination of employment of an amount equivalent to 15 days salary payable for each completed year of service. Vesting occurs upon completion of five years of service. The Company accounts for the liability for gratuity benefits payable in the future based on an Actuarial valuation. The Company makes annual contributions to a funded Company Gratuity scheme administered by the SBI Life Insurance Company Limited.

The Company's liability towards Gratuity (funded), other retirement benefits and Compensated absences are actuarially determined at each reporting date using the projected unit credit method.

These plans typically expose the Company to actuarial risks such as: investment risk, interest rate risk and salary risk.

**Investment risk** - The present value of the defined benefit plan liability is calculated using a discount rate determined by reference to the market yields on government bonds denominated in Indian Rupees. If the actual return on plan asset is below this rate, it will create a plan deficit.

**Interest risk** - A decrease in the bond interest rate will increase the plan liability. However, this will be partially offset by an increase in the return on the plan's debt investments.

**Longevity risk** - The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

**Salary risk** - The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

The following table sets out the details of the defined benefits obligation and amount recognised in the financial statements.

**Principal Actuarial Assumptions**

#### Sensitivity Analysis

Significant actuarial assumptions for the determination of the defined obligation are discount rate and expected salary increase. The sensitivity analysis below have been determined based on reasonably possible changes of the respective assumption occurring at the end of the reporting period, while holding all other assumptions constant. The defined benefit obligation increases/decreases are as follows:

Discount Rate +100 Basis points - Decreases by	73.97	67.64
Discount Rate -100 Basis points - Increases by	87.32	75.81
Salary Escalation Rate +100 Basis points - Increases by	84.36	72.29
Salary Escalation Rate -100 Basis points - Decreases by	72.59	65.56

The sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

Furthermore, in presenting the above sensitivity analysis, the present value of the defined benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same as that applied in calculating the defined benefit obligation liability recognised in the balance sheet.

There was no change in the methods and assumptions used in preparing the sensitivity analysis from previous year.

The Company expects to make a contribution of Rs. 198.09 Lakhs (as at March 31, 2024 : Rs. 101.75 Lakhs) to the defined benefit plans during the next financial year.

**Note 54 : Financial Instruments****Capital Management**

The Company manages its capital to ensure that the Company will be able to continue as going concerns while maximising the return to stakeholders through the optimisation of the debt and equity balance. Capital includes paid up Equity capital, securities premium and all other reserves attributable to the equity shareholders of the Company. Debt refers to Long Term Borrowings, Short Term Borrowings and interest accrued thereon for the purpose of Capital Management of the Company.

The Company determines the amount of capital required on the basis of annual operating plans and long-term product, other strategic investment plans. The funding requirements are met through equity, non-convertible debt securities, and other long-term/short-term borrowings.

The capital structure of the Company consists of net debt (Borrowings as detailed in Notes 17 and 22 offset by cash and cash equivalents) and total equity of the Company. The Company monitors the capital structure on the basis of total debt to equity ratio and maturity profile of the overall debt portfolio of the Company.

**Financial Risk Management Objectives**

The treasury function provides services to the business, co-ordinates access to domestic financial markets, monitors and manages the financial risks relating to the operations through internal risk reports which analyze exposures by degree and magnitude of risks. These risks include market risk (including interest rate risk), credit risk and liquidity risk.

The Company seeks to minimize the effects of these risks by using derivative financial instruments to hedge risk exposures. The use of financial derivatives is governed by the Company's policies approved by the board of directors, which provide written principles on foreign exchange risk, the use of financial derivatives, and the investment of excess liquidity. The Company does not enter into or trade financial instruments, including derivative financial instruments, for speculative purposes.

**Notes annexed to and forming part of the Standalone Ind AS Financial Statements (Rupees in Lakhs)**

Particulars	As at 31.03.2025	As at 31.03.2024
-------------	---------------------	---------------------

**Market risk**

Market risk is the risk that changes in market prices, liquidity and other factors that could have an adverse effect on realisable fair values or future cash flows to the Company. The Company's activities expose it primarily to the financial risks of changes in foreign currency exchange rates and interest rates as future specific market changes cannot be normally predicted with reasonable accuracy.

**Interest rate risk management**

The Company is exposed to interest rate risk because it borrow funds at floating interest rates.

**Interest rate sensitivity analysis:**

The sensitivity analysis below have been determined based on the exposure to interest rates for non-derivative instruments at the end of the reporting period. For floating rate liabilities, the analysis is prepared assuming the amount of the liability outstanding at the end of the reporting period was outstanding for the whole year. A 25 basis point increase or decrease is used when reporting interest rate risk internally to key management personnel and represents management's assessment of the reasonably possible change in interest rates.

If interest rates had been 25 basis points higher/lower and all other variables were held constant, the Company's loss for the year ended March 31, 2025 would decrease/increase by Rs. 22.29 Lakhs (March 31, 2024: decrease /increase by Rs. 26.84 Lakhs). This is mainly attributable to the Company's exposure to interest rates on its variable rate borrowings.

**C. Equity price risk**

Equity price risk is related to the change in market reference price of the investments in equity securities. The fair value of some of the Company's investments in available-for-sale securities exposes the Company to equity price risks. In general, these securities are not held for trading purposes. The details of such investments in equity instruments are given in Note No. 5.

**Equity price sensitivity analysis**

The fair value of equity instruments as at March 31, 2025 was Rs. 202.09 Lakhs (March 31, 2024: Rs. 220.05 Lakhs). A 5% change in prices of equity instruments held as at March 31, 2025 would result in an impact of Rs. 0.13 Lakhs on equity (March 31, 2024 : Rs. 0.16 Lakhs).

**Foreign Currency risk**

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rate. The Company's exposure to the risk of changes in foreign exchange rate relates primarily to the Company's foreign currency denominated financial assets and financial liabilities.

The Company does not have foreign currency exposure at the end of the reporting period.

**Liquidity risk management:**

Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements.

The Company has obtained fund and non-fund based working capital lines from various banks.

The Company also constantly monitors funding options available in the debt and capital markets with a view to maintaining financial flexibility.

**Liquidity tables :**

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The tables have been drawn up based on the undiscounted cash flows of Financial Liabilities based on the earliest date on which the Company can be required to pay.

We have audited the accompanying Consolidated financial statements of **Sambandam Spinning Mills Limited** ("the Company") and its associate which comprise the Consolidated Balance Sheet as at 31<sup>st</sup> March 2025, and the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year then ended on that date and notes to the Consolidated financial statements, including a summary of material accounting policies and other explanatory information (hereinafter referred to as "the Consolidated financial statements").
2. In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of the reports of the other auditors on the separate financial statements of the associate, as were audited by the other auditors, the aforesaid Consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the consolidated state of affairs of the Company and its associate as at 31<sup>st</sup> March 2025, the consolidated loss including other comprehensive income, the consolidated changes in equity and its consolidated cash flows for the year ended on that date.

#### **Basis for Opinion**

3. We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Company and its associate in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the Consolidated financial statements under the provisions of the Act, and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the Consolidated financial statements.

#### **Key Audit Matters**

4. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Consolidated financial statements of the current period. These matters were addressed in the context of our audit of the Consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the matter described below to be the key audit matter to be communicated in our report.

Key Audit Matters	Auditor's Response
<p><b>Revenue Recognition</b></p> <p>(Refer to the accompanying Note 2(c) of Material Accounting Policies and Note 28 of accompanying Notes to the Consolidated financial statements)</p> <p>The Company's revenue is mainly derived from sale of products viz. yarn and yarn related products.</p> <p>Revenue from sale of products is recognized when the performance obligations are satisfied and the control of the products is being transferred to debtors as per the terms of contract agreed.</p> <p>Revenue is recognized when collectability of the resulting receivable is reasonably assured.</p> <p>We have identified Revenue recognition as a key audit matter as revenue recognition is a key performance indicator of the Company given the inherent area of audit risk,</p>	<p><b>Principal Audit Procedures</b></p> <p>In the view of the significance of the matter, our audit procedures mainly comprised of test of controls and substantive procedures including the following:</p> <ol style="list-style-type: none"> <li>We assessed the appropriateness of whether the accounting policy for revenue recognition was in line with relevant Ind AS – 115 “Revenue from Contracts with Customers”.</li> <li>We performed procedures to assess the design and implementation of internal controls established by the management and tested the operating effectiveness of relevant controls relating to revenue recognition.</li> <li>We have performed testing with the sample of revenue transaction to ensure whether specific revenue transactions before and after the reporting date have been recognized in the appropriate period by comparing the transactions selected with relevant underlying documents including goods delivery notes, shipping documents, customer acknowledgement/proof of acceptance and the other terms of sales.</li> <li>We have also tested the journal entries affecting revenue recognition on a sample basis to identify any unusual or irregular items and validated subsequent credit notes and sales returns up to the date of this report to ensure the appropriateness and accuracy of the recognition of revenue.</li> <li>Based on the above procedures, no material exception on the revenue recognition has been observed.</li> </ol>

**Information Other than the Consolidated Financial Statements and Auditor's Report thereon**

- The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Corporate Governance and Shareholder's Information, but does not include the Consolidated financial statements and our auditor's report thereon.
- The other information is expected to be made available to us after the date of this auditor's report. Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
- In connection with our audit of the Consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Consolidated financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. Based on the work we have performed on other information, if we conclude that there is a material misstatement, if any, of this other information, we are required to report that fact. We have nothing to report in this regard.

**Responsibilities of Management and those Charged with Governance for the Consolidated Financial Statements**

8. The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Consolidated financial statements that give a true and fair view of the financial position, financial performance (including other comprehensive income), changes in equity and cash flows of the Company and its associate in accordance with the accounting principles generally accepted in India, including the Ind AS. The respective Board of Directors of the Company and its associate are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and its associate and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements.
9. In preparing the Consolidated financial statements, the Board of Directors is responsible for assessing the Company and its associate's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors either intends to liquidate the Company or its associate or to cease operations, or has no realistic alternative but to do so.
10. The respective Board of Directors of the Company and its associate are responsible for overseeing the Company's financial reporting process.

**Auditor's Responsibilities for the Audit of the Consolidated Financial Statements**

11. Our objectives are to obtain reasonable assurance about whether the Consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated financial statements.
12. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
  - (a) Identify and assess the risks of material misstatement of the Consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
  - (b) Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company and its associate has adequate internal financial controls system in place and the operating effectiveness of such controls.
  - (c) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
  - (d) Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Company and its associate to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company and its associate to cease to continue as a going concern.

- (e) Evaluate the overall presentation, structure and content of the Consolidated financial statements, including the disclosures, and whether the Consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
  - (f) Obtain sufficient appropriate audit evidence regarding the financial statements of the Company and its associate to express an opinion on the Consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of financial statements of such entity included in the Consolidated financial statements of which we are the independent auditors. For the other entities included in Consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion. Our responsibilities in this regard are further described in the "Other Matters" section of our report.
13. We communicate with those charged with governance of the Company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
  14. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
  15. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### **Other Matters**

16. The Consolidated financial statements include the share of net profit after tax of Rs. 8.58 lakhs and Rs. 5.13 lakhs for the year ended 31<sup>st</sup> March 2025 and year ended 31<sup>st</sup> March 2024 respectively, as considered in the Consolidated financial statements whose financial statement have not been audited by us. These financial statements have been audited by other auditors whose reports have been furnished to us and our opinion on the Consolidated financial statements, in so far it relates to the amounts and disclosures included in respect of these associate is based solely on the reports of the other auditors.

Our opinion on the Consolidated financial statements and our report on Other Legal and Regulatory Requirements below is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors.

#### **Report on Other Legal and Regulatory Requirements**

17. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Companies Act, 2013, we give in the "**Annexure - A**" a statement on the matters specified in paragraphs 3 and 4 of the Order to the extent applicable.
18. As required by Section 143(3) of the Act, based on our audit and on the consideration of report of the other auditors on the separate financial statements of the associate as were audited by the other auditors, we report, to the extent applicable, that:
  - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid Consolidated financial statements.
  - (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid Consolidated financial statements have been kept so far as it appears from our examination of those books and reports of the other auditors.

- (c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Cash Flow Statement dealt with by this Report are in agreement with the books of account.
- (d) In our opinion, the aforesaid Consolidated financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standard) Rules, 2015 as amended.
- (e) On the basis of the written representations received from the directors of the Company as on 31<sup>st</sup> March 2025 taken on record by the Board of Directors of the Company and reports of the statutory auditor of the associate company, none of the directors of the Company and its associate company is disqualified as on 31<sup>st</sup> March 2025 from being appointed as a director in terms of Section 164(2) of the Act.
- (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company with reference to these Consolidated financial statements of the Company and its associate and the operating effectiveness of such controls, refer to our separate Report in “**Annexure - B**” to this report. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
- (g) With respect to the matter to be included in the Auditors' Report under Section 197(16) of the Act:  
  
In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of Section 197 of the Act.  
  
According to the information and explanations given to us, and based on the reports issued by other auditor of the associate company, no remuneration has been paid to its directors by the associate companies during the year.
- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
  - (i) The Company and its associate have disclosed the impact of pending litigations on its consolidated financial position of the Company and its associate in its Consolidated financial statements – Note 43 to the Consolidated financial statements.
  - (ii) The Company and its associate did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
  - (iii) There has been no delay in transferring amounts required to be transferred to the Investor Education and Protection Fund by the Company.  
  
There were no amounts which were required to be transferred to the Investor Education and Protection Fund by its associate.
  - (iv) a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company or its associate to or in any other persons or entities, including foreign entities (“Intermediaries”) with the understanding, whether recorded in writing or otherwise, that the Intermediary shall whether directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever (“Ultimate Beneficiaries”) by or on behalf of the Company or its associate or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

- b) The management has represented, that, to the best of its knowledge and belief, no funds have been received by the Company or its associates from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company or its associates shall whether directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Funding Party or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
- b) The management has represented, that, to the best of its knowledge and belief, no funds have been received by the Company or its associate from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company or its associate shall whether directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Funding Party or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
- c) Based on such audit procedures as considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under subclause (i) and (ii) of Rule 11 contain any material misstatement.
- (v) The Company has not declared or paid any dividend during the year.  
According to the information and explanations given to us, and based on the reports issued by other auditors of the associate company, no dividend has been declared or paid during the year by the associate company.
- (vi) a) Based on our examination which included test checks, the company and its associate has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility. The audit trail function has operated throughout the year for all relevant transactions recorded in the software. During the course of our audit, we did not come across any instance of audit trail feature being tampered with.
- b) Further, the audit trail has been preserved by the Company as per the statutory requirements for record retention.

### **“Annexure - B” to the Independent Auditor's Report**

Referred to in paragraph 18(f) of the Independent Auditor's Report of even date to the members of Sambandam Spinning Mills Limited on the Consolidated financial statements for the year ended 31<sup>st</sup> March 2025

#### **Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)**

1. We have audited the internal financial controls over financial reporting of Sambandam Spinning Mills Limited (“the Company”) and its associate as of 31<sup>st</sup> March 2025 in conjunction with our audit of the Consolidated financial Statements of the Company for the year ended on that date.

#### **Management's Responsibility for Internal Financial Controls**

2. The respective Board of Directors of the Company and its associate are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

#### **Auditor's Responsibility**

3. Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters section below, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

### Meaning of Internal Financial Controls Over Financial Reporting

6. A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:
- pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
  - provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorization of management and directors of the company; and
  - provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

### Inherent Limitations of Internal Financial Controls Over Financial Reporting

7. Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### Opinion

8. In our opinion, to the best of our information and according to the explanations given to us, the Company and its associate have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31<sup>st</sup> March 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

### Other Matters

9. Our report under section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting with reference to these Consolidated financial statements of the Company, in so far as it relates to associate is based on the corresponding reports of the auditors of such associate.

The Board of Directors approved the consolidated financial statements for the year ended 31st March 2025 at their Board meeting held on 24th May 2025.

**2. Material Accounting Policies:**

This note provides a list of the material accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

**a) Basis of Preparation of Financial Statements****(i) Compliance with Indian Accounting Standards (IND AS)**

These financial statements of the Company have been prepared in accordance with Indian Accounting Standards ("Ind AS") notified under Section 133 of the Companies Act, 2013 (the Act) read with Companies (Indian Accounting Standards) Rules 2015, as amended and other relevant provisions of the Act. The financial statements comply in all material aspects with Ind AS notified under the Act read with other relevant provisions of the Act.

The accounting policies are applied consistently to all the periods presented in the financial statements.

**(ii) Historical Cost Convention**

The financial statements have been prepared on a historical cost basis, except the following:

- \* Certain financial assets and liabilities that are measured at fair value.
- \* Defined benefit plans – plan assets measured at fair value.

The fair value measurements are categorized into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, as described below:

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset/liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices)

Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs)

**(iii) Current and Non - Current Classification**

All assets and liabilities have been classified as current or non current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act 2013.

Deferred Tax assets and liabilities are classified as Non-current assets and liabilities.

The company has identified Twelve months for the classification as current and non current.

**(iv) Rounding of amounts**

All amounts disclosed in the financial statements and notes have been rounded off to the nearest two decimal places of lakhs as per the requirement of Schedule III, unless otherwise stated.

**Statement of Material Accounting Policies forming part of the Consolidated Financial Statements for the year ended March 31, 2025 (Contd...)**

**b) Foreign Currency Translation**

**(i) Functional and presentation currency**

Items included in the financial statements are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The financial statements are presented in Indian Rupee (Rs), which is the Company's functional and presentation currency.

**(ii) Transactions and balances**

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end and exchange rates are generally recognized in the Statement of Profit and Loss.

**c) Revenue Recognition**

Revenue from contracts with customers is recognised on transfer of control of promised goods or service to a customer at an amount that reflects the consideration to which the company is expected to be entitled to in exchange for those goods or services. The company recognises the revenue at the amount of transaction price on the satisfaction of performance obligation. Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation. The transaction price of goods sold and services rendered is net of variable consideration on account of various discounts and schemes offered by the Company as part of the contract.

Revenue is recognised only to the extent that is highly probable that the amount will not be subject to significant reversal when uncertainty relating to its recognition is resolved.

**Sale of products**

Timing of recognition – Revenue from sale of products is recognized when the performance obligations are satisfied and the control of the products is transferred to customers based on the terms of contract. Revenue is recognised when collectability of the resulting receivable is reasonably assured.

Measurement of revenue -Revenue is measured based on the transaction price, which is the consideration, net of customer incentives, discounts, variable considerations, payments made to customers as specified in the terms of contract with customers. A receivable is recognized when the goods are dispatched, delivered or upon formal customer acceptance depending on terms of contract with the customer.

**Rendering of services**

Revenue from services is recognized in accordance with the specific terms of contract on performance when the collectability of the resulting receivable is reasonably assured.

**Income from energy generated**

Revenue from energy generated through windmills is recognised based on the contractual rates with the customers and the credit granted by the regulatory authorities to the said customers for units generated.

**Other Operating revenues**

Other operating revenues comprise of income from ancillary activities incidental to the operations of the company and is recognised when the right to receive the income is established as per the terms of the contract.

**d) Other Income**

Other income comprising of interest income and rental income are accounted on accrual basis.

Dividend income from investments is recognised when the company's right to receive payment has been established (provided that it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably).

Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable (provided that it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably).

**Statement of Material Accounting Policies forming part of the Consolidated Financial Statements for the year ended March 31, 2025 (Contd...)**

**e) Government Grants**

Grants from the government (including export incentives) are recognised only where there is a reasonable assurance that the grant will be received and the Company will comply with all attached conditions.

Government grants are recognised in profit and loss account on a systematic basis over the periods in which they accrue. Income is deferred in case the Income is recognized in future periods.

**f) Current Tax**

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities.

Current tax is the amount of income tax payable in respect of taxable profit for the year. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period. The Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

**Deferred Tax**

Deferred tax is provided using the balance sheet method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date. Deferred tax liabilities are recognised for all taxable temporary differences.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized. Unrecognised deferred tax assets are re-assessed at each reporting date and recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted at the reporting date. Deferred tax is recognised in Statement of Profit and Loss, except to the extent relates to items recognised in Other Comprehensive Income, in which case, it is recognised in Other Comprehensive Income. Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against Current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

**g) Leases  
As a lessee :**

The Company recognizes a right-of-use asset (ROU) and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease. Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU Assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives.

They are subsequently measured at cost less accumulated depreciation and impairment losses. Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the useful life of the asset or the balance lease term of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable.

**Statement of Material Accounting Policies forming part of the Consolidated Financial Statements for the year ended March 31, 2025 (Contd...)**

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of the leases. Lease Liabilities are re-measured with a corresponding adjustment to the related right of use asset if the company changes its assessment if whether it will exercise an extension or a termination option. Lease liability and ROU asset shall be separately presented in the Balance Sheet and Lease payments shall be classified as financing cash flows.

**As a lessor :**

The Company classifies the lease when it does not transfer substantially all the risks and rewards of ownership of an asset as operating leases. The rental income under operating lease is recognised in the Statement of Profit and Loss on a straight-line basis over the term of the lease. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term.

**h) Property, Plant and Equipment**

Property, Plant and Equipment are measured at cost net of tax / duty credit availed less accumulated depreciation and accumulated impairment losses, if any. Freehold land is not depreciated.

Cost includes related taxes, duties, freight, insurance etc., attributable to acquisition and installation of assets and borrowing cost incurred up to the date of commencing operations, but excludes duties and taxes that are recoverable from taxing authorities.

Subsequent cost are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefit associated with the item will flow to the company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. Cost in the nature of repairs and maintenance are recognised in the Statement of Profit and Loss during the reporting period in which they are incurred.

Assets which are not ready for their intended use and other capital work in progress are carried at cost, comprising direct cost, related incidental expenses and attributable interest. Advances given towards acquisition of Property, Plant and Equipment outstanding at each balance sheet date are disclosed as Capital Advances under Other Non-Current Assets.

**Transition to Ind AS**

On transition to Ind AS, the Company has elected to continue with the carrying value of all its property, plant and equipment.

**Depreciation/Amortisation methods, estimated useful lives and residual value**

Depreciation is calculated using the straight-line basis and the rates arrived are based on the useful lives prescribed in Schedule II to the Companies Act, 2013, except in respect of the following assets, where useful life is different than those specified in Schedule II to the Companies Act are used:

Asset Description	Life of the asset (in year's)
Plant and equipment (continuous process plant)	Over its useful life of 18 years as Technically assessed
Wind energy convertors	Over its useful life of 18 years as Technically assessed

The company follows the policy of charging depreciation on pro- rate basis on the assets acquired during the year. Leasehold asset's are amortised over the period of lease or useful life whichever is less. The residual values are not more than 5% of the original cost of the asset. The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period. An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

**Statement of Material Accounting Policies forming part of the Consolidated Financial Statements for the year ended March 31, 2025 (Contd...)**

**Derecognition**

An item of Property, plant and equipment is derecognised upon disposal / when no future economic benefits are expected to arise from the continued use of assets. Gains or losses on disposal are determined by comparing proceeds with the carrying amount.

**i) Intangible assets**

**i) Recognition**

Intangible assets are recognised only when future economic benefits arising out of the assets flow to the enterprise and are amortised over their useful life.

**ii) Amortization methods and periods**

The Company amortizes intangible assets on a straight line method over their estimated useful life not exceeding 5 years. Software is amortised over a period of three years.

**j) Impairment of Assets**

Property, plant and equipment and intangible assets are tested for impairment annually whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An Impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash-generating units). Non- financial assets other than good that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

**k) Biological Assets:**

**Livestock - Cattles**

Livestock are measured at fair value less cost to sell. Costs to sell include the transportation charges for transporting the cattle to the market but excludes finance costs and income taxes. Changes in fair value of livestock are recognised in the Statement of Profit and Loss. Costs such as vaccination, fodder and other expenses are expensed as incurred.

**l) Cash Flow Statement & Cash and Cash Equivalents**

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

For the purpose of presentation in the Cash flow statement, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

**m) Trade Receivables**

Trade receivables are recognised initially at transaction price.

**n) Inventories**

Raw materials and stores, work-in-progress, finished goods are stated at the lower of cost and net realizable value.

Cost of raw materials comprise of cost of purchase.

Cost of work-in-progress and finished goods comprises direct materials, direct labour and an appropriate proportion of variable and fixed overhead expenditure, the later being allocated on the basis of normal operating capacity.

**Statement of Material Accounting Policies forming part of the Consolidated Financial Statements for the year ended March 31, 2025 (Contd...)**

Cost of inventories also include all other cost incurred in bringing the inventories to their present location and condition. Costs are assigned to individual items of inventory on weighted average basis. Costs of purchased inventory are determined after deducting rebates and discounts.

Net realizable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

**o) Investment in Associates**

The investment in associates are carried in the financial statements at historical cost except when the investment is classified as held for sale in which case it is accounted in accordance with Ind AS 105 - "Non – current assets held for sale and discontinued operations".

Investments in associates carried at cost are tested for impairment in accordance with Ind AS 36. Any impairment loss reduces the carrying value of the investment. The impairment losses so recognised is limited to the carrying value of the investment.

**p) Financial Instruments**

A financial instrument is a contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the relevant instrument.

Financial Instruments are initially measured at fair value other than trade receivables which is recognized at transaction value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

**Financial Assets**

**i) Classification**

The company classifies its financial assets in the following measurement categories:

- a) those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and
- b) those measured at amortised cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in Statement of profit or loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the Company has made an irrevocable election at the time of initial recognition to account for equity investment at fair value through other comprehensive income.

The Company reclassifies debt investments only when its business model for managing those assets changes.

**ii) Initial Recognition**

All financial assets are recognised initially at fair value, plus in the case of financial assets not at recorded at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial assets. However, trade receivables that do not contain a significant financing component are measured at transaction price.

**Statement of Material Accounting Policies forming part of the Consolidated Financial Statements for the year ended March 31, 2025 (Contd...)**

**iii) Subsequent measurement**

Subsequent measurement of debt instruments depends on the Company's business model for managing the assets and the cash flow characteristics of the asset. There are three measurement categories into which the Company classifies its debt instruments:

**Amortised cost :**

Assets that are held for collection of contractual cash flows where those cash represents the solely payments of principal and interest are measured at amortised cost. A gain or loss on a debt investment that is subsequently measured at amortised cost and is not part of a hedging relationship is recognised in profit or loss when the asset is derecognized or impaired. Interest income from these financial assets is included in finance income using the effective interest rate method.

**Fair Value through Other Comprehensive Income (FVOCI) :**

Assets that are held for collection of contractual cash flows and for selling the financial assets, where the asset's cash flows represent solely payments of principal and interest, are measured at fair value through other comprehensive income (FVOCI). Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognised in profit and loss. When the financial asset is derecognized, the cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss and recognised in other gains / (losses). Interest income from these financial assets is included in other income using the effective interest rate method.

**Fair Value through Profit or Loss (FVTPL) :**

Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss. A gain or loss on debt investment that is subsequently measured at fair value through profit or loss is recognised in profit or loss and presented net in the statement of profit and loss in the period in which it arises. Interest income from these financial assets is included in other income.

**Equity instruments :**

The Company subsequently measures all equity investments (other than investment in associates) at fair value. Dividends from such investment are recognised in profit or loss as other income when the Company's right to receive payments is established.

Changes in the fair value of financial assets at fair value through profit or loss are recognised in the other income.

**iv) Impairment of Financial Assets**

The Company assesses the expected credit losses associated with its assets carried at amortised cost in accordance with Ind AS 109. The Company recognises impairment losses on its financial assets based on whether there has been a significant increase in credit risk. The Company applies the simplified approach in accordance with Ind AS 109 Financial Instruments on trade receivables, where lifetime impairment losses is recognised at each reporting date, right from initial recognition of the receivables.

The Company recognises impairment loss on other financial assets measured at fair value at amortised cost, the Company determines if there has been a significant increase in credit risk of the financial asset since initial recognition. If the credit risk has not increased significantly, an amount equal to 12 month expected credit losses is measured as loss allowance. However, if credit risk has increased significantly, an amount equal to lifetime expected credit losses is measured and recognised as loss allowance.

**Statement of Material Accounting Policies forming part of the Consolidated Financial Statements for the year ended March 31, 2025 (Contd...)**

**v) Derecognition of Financial Assets**

A financial asset is derecognized only when

- a) The company has transferred the rights to receive cash flow from the financial asset or
- b) The rights to receive the cash flows of the financial assets have expired

**q) Derivatives**

The Company enters into certain derivative contracts to hedge risks which are not designated as hedges. Such contracts are accounted at fair value through profit or loss and are included in profit and loss account.

**r) Offsetting financial instruments**

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis or realize the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counter party.

**Financial Liabilities**

**Classification as debt or equity**

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

**Initial Recognition and Measurement**

All financial liabilities are initially recognised at the value of respective contractual obligations. The Company's financial liabilities includes loans and borrowings, trade and other payables which are recognised at net of directly attributable transaction costs

**Subsequent Measurement**

All financial liabilities are subsequently measured at amortised cost using the effective interest rate method.

**Derecognition of Financial Liabilities**

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another financial liability from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original financial liability and the recognition of a new financial liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

**s) Borrowing costs**

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalized during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing cost eligible for capitalization.

Other borrowings costs are expensed in the period in which they are incurred.

**Statement of Material Accounting Policies forming part of the Consolidated Financial Statements for the year ended March 31, 2025 (Contd...)**

**t) Provisions and Contingencies**

Provisions for legal claims and returns are recognised when the company has a present legal or constructive obligation as a result of past event, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognised for future operating losses

When the effect of time value of money is material, the provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provisions due to the passage of time is recognized as finance costs.

A contingent liability is disclosed whenever there is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events is not recognised as it is not probable to determine the reliability and outflow of resources that will be required to settle the obligation.

**u) Employee benefits**

**(i) Short-term obligations**

All employee benefits that are expected to be settled within 12 months in which the employees render the related service are classified as short-term employee benefits and are recognized in respect of employee's services up to the end of the reporting period. The liabilities are presented as current employee benefit obligations in the balance sheet.

**(ii) Other long-term employee benefit obligations**

The liabilities for earned leave is not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. Therefore they are measured at the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligations. Remeasurements as a result of the experience adjustments and changes in actuarial assumptions are recognized in profit or loss.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

**(iii) Post-employment obligations**

The company operates the following post-employment schemes:

- (a) Defined benefit plans such as gratuity; and
- (b) Defined contribution plans such as provident fund and employee state insurance.

**Gratuity obligations**

The liability or assets recognized in the balance sheet in respect of gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value plan assets. This cost is included in employee benefit expense in the statement of profit and loss.

Remeasurement of gains and losses arising from experience adjustments and changes in actuarial assumptions are recognized directly in Other Comprehensive Income in the period in which they occur.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognized immediately in profit or loss.

**Statement of Material Accounting Policies forming part of the Consolidated Financial Statements for the year ended March 31, 2025 (Contd...)**

**Defined contribution plans**

The company pays provident fund and employee state insurance contributions to publicly administered funds as per local regulations. The Company has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plan and the contributions are recognized as employee benefit expense when they are due.

**(iv) Bonus plans**

The Company recognizes a liability and an expense for bonuses. The Company recognizes a provision where contractually obliged or where there is a past practice that has created a constructive obligation.

**v) Earning per share**

**(i) Basic earnings per share**

Basic earnings per share is calculated by dividing:

- a) The profit/(loss) attributable to owners of the company
- b) By the weighted average number of equity shares outstanding during the financial year.

The weighted average number of equity shares outstanding during the period and for all periods presented is adjusted for events, other than the conversion of potential ordinary shares, that have changed the number of ordinary shares outstanding without a corresponding change in resources.

**(ii) Diluted earnings per share**

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- a) The profit/(loss) for the period attributable to the owners of the company
- b) The weighted average number of equity shares outstanding during the financial year, is adjusted for the effects of the all the dilutive potential equity shares.

**w) Non-Current Assets held for sale:**

The Company classifies non-current assets as held for sale if their carrying amounts will be recovered principally through a sale rather than through continuing use of the assets and a sale is highly probable.

Non-current assets classified as held for sale are measured at the lower of their carrying amount and the fair value less cost to sell. Non-current assets are not depreciated or amortized while they are classified as held for sale.

**x) Critical estimates and Judgements**

The preparation of financial statements requires the use of accounting estimates which, by definition, will seldom equal the actual results. Management also needs to exercise judgement in applying the Company's accounting policies.

This note provides an overview of the areas that involved a higher degree of judgement or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements is included in relevant notes together with information about the basis of calculation for each affected line item in the financial statements.

The areas involving critical estimates or judgements are:

- 1. Estimation of defined benefit obligation
- 2. Useful lives of fixed assets

Estimates and judgements are continually evaluated. They are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Company and that are believed to be reasonable under the circumstances.

**Movement of Deferred Tax Expenses/(Income) during the year:**

Deferred tax assets and liabilities are recognized for the future tax consequences of temporary differences between the carrying values of assets and liabilities and their respective tax bases, and unutilized business loss, depreciation carry forwards and tax credits. Such deferred tax assets and liabilities are computed separately for each taxable entity and for each taxable jurisdiction.

Deferred tax assets are recognized to the extent that it is probable that future taxable income will be available against which the deductible temporary differences, unused tax losses, depreciation carry-forwards and unused tax credits could be utilized.

The major components of deferred tax liabilities arising on account of timing differences are as follows:

**Note 41 : Disclosure under IND AS 19:****A. Defined Contribution Plans**

The Company has defined contribution plans like Provident Fund and Employee State Insurance Scheme for the eligible employees of the Company in which both employees and the Company make monthly contributions at a specified percentage of the covered employees' salary for the benefit of employees. The total expenses recognised in Statement of Profit and Loss is Rs. 221.67 Lakhs (for the year ended 31.03.2024 Rs. 202.16 lakhs)

**B. Defined Benefit Plans  
Gratuity**

The Company has an obligation towards Gratuity, a defined benefit retirement plan covering eligible employees. The plan provides for a lump-sum payment to vested employees at retirement, death, while in employment or on termination of employment of an amount equivalent to 15 days salary payable for each completed year of service. Vesting occurs upon completion of five years of service. The Company accounts for the liability for gratuity benefits payable in the future based on an Actuarial valuation. The Company makes annual contributions to a funded Company Gratuity scheme administered by the SBI Life Insurance Company Limited.

The Company's liability towards Gratuity (funded), other retirement benefits and Compensated absences are actuarially determined at each reporting date using the projected unit credit method.

These plans typically expose the Company to actuarial risks such as: investment risk, interest rate risk and salary risk.

**Investment risk** - The present value of the defined benefit plan liability is calculated using a discount rate determined by reference to the market yields on government bonds denominated in Indian Rupees. If the actual return on plan asset is below this rate, it will create a plan deficit.

**Interest risk** - A decrease in the bond interest rate will increase the plan liability. However, this will be partially offset by an increase in the return on the plan's debt investments.

**Longevity risk** - The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

**Salary risk** - The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

The following table sets out the details of the defined benefits obligation and amount recognised in the financial statements.

**Principal Actuarial Assumptions**

Discount Rate	6.76%	7.22%
Salary Escalation Rate	5.00%	5.00%
Expected Return on Plan Assets	7.22%	7.47%
Attrition Rate	5.00%	5.00%

**1. Net Asset/(Liability) recognised in Balance sheet**

Present value of Defined Benefit Obligation	859.68	1,177.47
Fair value of Plan Assets	528.55	529.32
<b>Net liability arising from Defined Benefit Obligation - Funded</b>	<b>331.13</b>	<b>648.15</b>

**2. Amounts recognised in Statement of Profit and Loss in respect of these defined benefit plans are as follows:**

Current Service Cost	66.72	34.41
Net Interest Expenses	46.80	35.88
<b>Total Employer Expense recognised in Statement of Profit and Loss</b>	<b>113.52</b>	<b>70.29</b>

The Current Service Cost and the Net Interest Expense for the year are included in the Employee Benefits Expenses in Statement of Profit and Loss.

Actuarial Gain/(Loss)	1.16	(1.27)
<b>Fair Value of Plan Assets at the end of the period</b>	<b>528.55</b>	<b>529.32</b>

The Company funds the cost of the Gratuity expected to be earned on a yearly basis to SBI Life Insurance Company Limited, which manages the plan assets.

The Actual Return on Plan Assets was Rs. 37.98 Lakhs (2023-24 : Rs. 37.92 Lakhs)

#### Sensitivity Analysis

Significant actuarial assumptions for the determination of the defined obligation are discount rate and expected salary increase. The sensitivity analysis below have been determined based on reasonably possible changes of the respective assumption occurring at the end of the reporting period, while holding all other assumptions constant. The defined benefit obligation increases/decreases are as follows:

Discount Rate +100 Basis points - Decreases by	73.97	67.64
Discount Rate -100 Basis points - Increases by	87.32	75.81
Salary Escalation Rate +100 Basis points - Increases by	84.36	72.29
Salary Escalation Rate -100 Basis points - Decreases by	72.59	65.56

The sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

Furthermore, in presenting the above sensitivity analysis, the present value of the defined benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same as that applied in calculating the defined benefit obligation liability recognised in the balance sheet.

There was no change in the methods and assumptions used in preparing the sensitivity analysis from previous year.

The Company expects to make a contribution of Rs. 198.09 Lakhs (as at March 31, 2024 : Rs. 101.75 Lakhs) to the defined benefit plans during the next financial year.

**Note 54 : Financial Instruments****Capital Management**

The Company manages its capital to ensure that the Company will be able to continue as going concerns while maximising the return to stakeholders through the optimisation of the debt and equity balance. Capital includes paid up Equity capital, securities premium and all other reserves attributable to the equity shareholders of the Company. Debt refers to Long Term Borrowings, Short Term Borrowings and interest accrued thereon for the purpose of Capital Management of the Company.

The Company determines the amount of capital required on the basis of annual operating plans and long-term product, other strategic investment plans. The funding requirements are met through equity, non-convertible debt securities, and other long-term/short-term borrowings.

The capital structure of the Company consists of net debt (Borrowings as detailed in Notes 17 and 22 offset by cash and cash equivalents) and total equity of the Company. The Company monitors the capital structure on the basis of total debt to equity ratio and maturity profile of the overall debt portfolio of the Company.

**Financial Risk Management Objectives**

The treasury function provides services to the business, co-ordinates access to domestic financial markets, monitors and manages the financial risks relating to the operations through internal risk reports which analyze exposures by degree and magnitude of risks. These risks include market risk (including interest rate risk), credit risk and liquidity risk.

The Company seeks to minimize the effects of these risks by using derivative financial instruments to hedge risk exposures. The use of financial derivatives is governed by the Company's policies approved by the board of directors, which provide written principles on foreign exchange risk, the use of financial derivatives, and the investment of excess liquidity. The Company does not enter into or trade financial instruments, including derivative financial instruments, for speculative purposes.

**Notes annexed to and forming part of the Consolidated Ind AS Financial Statements (Rupees in Lakhs)**

Particulars	As at 31.03.2025	As at 31.03.2024
-------------	---------------------	---------------------

**Market risk**

Market risk is the risk that changes in market prices, liquidity and other factors that could have an adverse effect on realisable fair values or future cash flows to the Company. The Company's activities expose it primarily to the financial risks of changes in foreign currency exchange rates and interest rates as future specific market changes cannot be normally predicted with reasonable accuracy.

**Interest rate risk management**

The Company is exposed to interest rate risk because it borrow funds at floating interest rates.

**Interest rate sensitivity analysis:**

The sensitivity analysis below have been determined based on the exposure to interest rates for non-derivative instruments at the end of the reporting period. For floating rate liabilities, the analysis is prepared assuming the amount of the liability outstanding at the end of the reporting period was outstanding for the whole year. A 25 basis point increase or decrease is used when reporting interest rate risk internally to key management personnel and represents management's assessment of the reasonably possible change in interest rates.

If interest rates had been 25 basis points higher/lower and all other variables were held constant, the Company's loss for the year ended March 31, 2025 would decrease/increase by Rs. 22.29 Lakhs (March 31, 2024: decrease /increase by Rs. 26.84 Lakhs). This is mainly attributable to the Company's exposure to interest rates on its variable rate borrowings.

**C. Equity price risk**

Equity price risk is related to the change in market reference price of the investments in equity securities. The fair value of some of the Company's investments in available-for-sale securities exposes the Company to equity price risks. In general, these securities are not held for trading purposes. The details of such investments in equity instruments are given in Note No. 5.

**Equity price sensitivity analysis**

The fair value of equity instruments as at March 31, 2025 was Rs. 202.09 Lakhs (March 31, 2024: Rs. 220.05 Lakhs). A 5% change in prices of equity instruments held as at March 31, 2025 would result in an impact of Rs. 0.13 Lakhs on equity (March 31, 2024 : Rs. 0.16 Lakhs).

**Foreign Currency risk**

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rate. The Company's exposure to the risk of changes in foreign exchange rate relates primarily to the Company's foreign currency denominated financial assets and financial liabilities.

The Company does not have foreign currency exposure at the end of the reporting period.

**Liquidity risk management:**

Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements.

The Company has obtained fund and non-fund based working capital lines from various banks.

The Company also constantly monitors funding options available in the debt and capital markets with a view to maintaining financial flexibility.

**Liquidity tables :**

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The tables have been drawn up based on the undiscounted cash flows of Financial Liabilities based on the earliest date on which the Company can be required to pay.
