of Kitex Group of Companies

“ Our businesses are deeply aligned with our corporate ethos and innovation. We constantly endeavour to operate at the forefront of new technologies. We at Kitex have been unceasingly investing in developing new products, technology and modernisation. ”

A caring legacy

At Kitex, enriching people through caring is inherent in our business model. Since the inception of the company our founder M.C Jacob made ‘caring’ the basic motto and today we believe that caring is the very winning formula of our company. Over the years we have realised that when our actions are filled with caring, business, employee & community relations are strengthened.

Our founder Late Mr. Meckamkunnel Chacko Jacob (M.C.Jacob) was moved by the plight of the farmers who worked in his father's fields. That's when he decided to set up an aluminium-based unit in 1968 with an employee strength of eight. This was the first baby step to put Kizhakkambalam, then a remote village in Kerala into a hub of industrial activities.

The Anna-Kitex group of companies he founded, since then took wings and grew multifold. By the time he departed from this world in 2011, the group had become a diversified business conglomerate having interests in Aluminium, Spices, Textiles and Apparels. The group provided scores of people livelihood by giving employment as well as through its regular social interventions.

Chairman's Statement

Dear Shareholders

Our performance in FY16-17 has not been encouraging as we had a subdued topline due to delayed dispatches, foreign exchange fluctuations and delay in implementing our manufacturing automation. Our margins were impacted primarily due to increase in employee costs.

Despite these unanticipated events impacting our performance, our initiatives to move to the next level is intact as most of our operational initiatives to enhance our process competence and efforts to expand our markets are progressing in line with our strategic goals.

Our Performance

During the year under review, your Company has recorded its revenue from operations as Rs. 54,590.13 lakhs which is at par with Rs. 54,581.67 in the previous year. Profit before taxation is Rs. 14,270.11 lakhs. against last year's figure of Rs. 17,105.50. Net profit after tax is Rs. 9254.08 lakhs. The Basic Earnings per Equity Share (of face value of Re.1/-) is Rs. 19.48 compared to Rs. 23.60 in the previous year.

Review of operations

Our associate firm Kitex USA LLC has posted a initial turnover of around Rs. 80 lakhs (\$ 1,28,818.41) and gross profit of around Rs. 5.5 Lakhs (\$ 8,815.41) for the year ended March 31, 2017. Your Company has consigned its product worth Rs. 20.01 Crores to its associate during the year. Going forward to increase our brand equity in US markets, we opened a world class design studio in New Jersey in the month of April 2017. Major US Clients are investing considerable amounts on designing. The newly inaugurated Studio gives designing services based on their unique requirements purely as a value addition. This value addition enables your company's clients in cost saving and thereby better our business relations with them. Further we have started direct business with WALMART & TARGET.

In the previous annual report I had mentioned about our initiatives to upgrade and increase our manufacturing capacity. While our goal was to commission this upgraded facility in FY16-17, we were not able to achieve this milestone due to more time required for customization of the automation process. This was unforeseen however our automation partner along with our technical team has successfully completed major part of the trials and its almost ready for commissioning. We have increased our skilled work force during the year under review and the new financial year also comes with this people advantage.

Sustainability

During the year we carried out our sustainability initiatives related to energy and environment with more vigour. We continue with our corporate social responsibility initiatives and during the year have taken up many new initiatives touching upon food security, education, health, drinking water and livelihood.

I take this opportunity to thank our employees, customers, bankers, investors suppliers and Government for reposing their trust in the management. We assure you our commitment for continued growth.

Regards

Sabu M. Jacob

Global Economy

As per IMF, Global growth, currently estimated at 3.1 percent in 2015, is projected at 3.4 percent in 2016 and 3.6 percent in 2017. The pickup in global activity is projected to be more gradual than in the October 2015 World Economic Outlook (WEO), especially in emerging market and developing economies.

In advanced economies, a modest and uneven recovery is expected to continue, with a gradual further narrowing of output gaps. The picture for emerging market and developing economies is diverse but in many cases challenging. The slowdown and rebalancing of the Chinese economy, lower commodity prices, and strains in some large emerging market economies will continue to weigh on growth prospects in 2016-17. The projected pickup in growth in the next two years—despite the ongoing slowdown in China—primarily reflects forecasts of a gradual improvement of growth rates in countries currently in economic distress, notably Brazil, Russia, and some countries in the Middle East, though even this projected partial recovery could be frustrated by new economic or political shocks.

Risks to the global outlook remain tilted to the downside and relate to ongoing adjustments in the global economy: a generalized slowdown in emerging market economies, China's rebalancing,

lower commodity prices, and the gradual exit from extraordinarily accommodative monetary conditions in the United States. If these key challenges are not successfully managed, global growth could be derailed.

Major Developments in FY16-17

- Kitex USA LLC (50-50 Joint Investment between KCL and KGL) which signed a brand-licensing agreement with Lamaze International for the sale of infant wear in the US and Canada under the Lamaze brand has commenced its business

- Opened design centre in New Jersey

About the Industry

The textile and apparel industry can be broadly divided into two segments - yarn and fibre, and processed fabrics and apparel. India accounts for 14 per cent of the world's production of textile fibres and yarns (largest producer of jute, second largest producer of silk and cotton, and third largest in cellulosic fibre). India has the highest loom capacity (including hand looms) with 63 per cent of the world's market share.

The domestic textile and apparel industry in India is estimated to reach US\$ 141 billion by 2021 from US\$ 67 billion in 2014. Increased penetration of organised retail, favourable demographics, and rising income levels are likely to drive demand for textiles. India is the world's second largest exporter of textiles and clothing.

Textile and apparel exports from India are expected to increase to US\$ 82 billion by 2021 from US\$ 40 billion in 2014. Readymade garments remain the largest contributor to total textile and apparel exports from India. In FY15-16 the segment had a share of 40 per cent of all textile and apparel exports. Cotton and man-made textiles were the other major contributors with shares of 31 per cent and 16 per cent, respectively.

Rising government focus and favourable policies is leading to growth in the textiles and clothing industry. Opportunity Spectrum

Children's wear market is one of the most profitable segments in the global apparel industry. This segment was not affected by the meltdown on the global economy. TechNavio's analysts forecast the Baby Clothing market in the US to grow at a CAGR of 2.67 percent during the period 2014-2019. The developed and developing markets of infant garments depends on three major buying factors - the number of babies born, and the purchasing power of parents and the safety and quality standards of the apparels. The key drivers of the infant wear market are as follows.

- Organised Retail Sector: In the key markets to which Kitex supplies its products such as USA and Europe organized retail accounts for 80% share of the total retail market. This makes the shopping convenient with the added benefits of quality and safety of the products available.
- Extension of Product Lines to Baby Clothing: Existing players in the apparel market, primarily branded manufactures, are extending their lines of products to baby clothing
- Demand for Comfort and Quality: The selection of clothing for babies is done judiciously by parents as they choose the best products for their newborn

- Growing popularity of online shopping: The internet is valuable source of information for parents. The number of parent who research, deliberate, discover, and compare children's products on the internet is increasing each day (courtesy: Technavio)

Report on the Internal Financial Controls under Clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of KiteX Garments Limited (“the Company”) as of March 31, 2017 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of

Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by the ICAI and deemed to be prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally

accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE A

REFERRED TO IN PARAGRAPH 1(f) UNDER THE HEADING "REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS" OF OUR INDEPENDENT AUDIT REPORT OF EVEN DATE ON THE CONSOLIDATED FINANCIAL STATEMENTS OF KITEX GARMENTS LIMITED AND IT'S ASSOCIATE FOR THE YEAR ENDED 31ST MARCH 2017

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of Kitex Garments Limited ("hereinafter referred to as "the Company") and its associate (Kitex USA LLC), as of and for the year ended March 31, 2017, we have audited the internal financial controls over financial reporting of the Company as of that date.

Management's Responsibility for Internal Financial Controls

The Board of Directors of the company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the ICAI and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness.

Our audit of internal financial controls over financial reporting included obtaining an understanding of

internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate

because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

- a) As stated in sub-paragraph (a) of the Other Matters paragraph in our independent auditor's report, the financial statements/ financial information of the associate registered outside India are unaudited and have been furnished to us by the Management and our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting does not include reporting insofar as it relates to the said associate.
