**STATEMENT PURSUANT TO SECTION 102(1) OF THE COMPANIES ACT, 2013 ("THE ACT")**

The following Statement sets out all material facts relating to the Special Business mentioned in the Notice:

**ITEM NO. 4**

**Context**

In terms of Sections 4, 13, and all other applicable provisions, if any, of the Companies Act, 2013 ("the Act") (including any statutory modification(s), amendment(s), substitution(s), or re-enactment(s) thereof for the time being in force), the consent of the members of the Company by way of special resolution is required to amend the Memorandum of Association ("MOA") of the Company.

Accordingly, as per the provisions of Section 13 and other applicable provisions of the Act and rules framed thereunder, it is proposed to alter the MOA as per the details in the resolution above.

**Rationale**

In line with evolving global trend and the growing emphasis on sustainability, the Company proposes to expand its business operations to include the design, development, and manufacturing of advanced Electric Motor Unit ('EMU'). This product is envisioned to cater to a wide range of applications where conventional engine powered machinery poses challenges, particularly in noise and emission sensitive environments such as educational institutions, hospitals, indoor facilities and residential construction zones.

At present, the production of such motor unit does not fall within the scope of the Company's existing Memorandum of Association. In order to formally pursue this new line of business, it is proposed to amend the Memorandum of Association by inserting a new clause under the Objects section to reflect the new objectives, authorizing the Company to undertake the design, development, and production of EMU and components thereof.

Accordingly, the Board of Directors at its meeting held on August 12, 2025, approved the proposal to insert Clause 5 in the Main Objects of the Memorandum of Association of the Company and to amend the existing Clause 5 (now being renumbered as Clause 6) consequently In terms of Sections 13 and other applicable provisions of the Companies Act, 2013 read with the rules made thereunder, approval of the members of the Company is required by way of special resolution for amending the Memorandum of Association.

None of the Directors or Key Managerial Personnel of the Company, either directly or through their relatives, are in any way, concerned or interested, whether financially or otherwise, in the resolution as set out at Item No. 4 of this Notice.

The Board of Directors recommend the special resolution set out at Item No. 4 of this Notice for approval of the members of the Company.

#### ITEM NO. 5

##### Context and rationale

In terms of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) (Third Amendment) Regulations, 2024, a listed entity shall appoint Secretarial Auditor with the approval of its shareholders in its Annual General Meeting. Accordingly, in terms of the aforesaid requirement and subject to the approval of the Shareholders, the Board of Directors of the Company upon the recommendation of the Audit Committee approved the appointment of M/s TVA & Co. LLP (TVA), a firm of Practicing Company Secretaries, (Firm Registration No. AAE-9329 & ICSI Unique Code: L2015UP000900), as Secretarial Auditors of the Company for a period of 5 (Five) consecutive years beginning from FY 2025-26 till FY 2029-30, at a remuneration of Rs. 1 Lakh (Rupees One Lakh only) in respect of Secretarial Audit to be undertaken for the FY 2025-26. The remuneration for the subsequent financial years during the tenure of their appointment, shall be decided by the Audit Committee/ Board. Besides the audit services as aforesaid, the Company would also obtain certifications and other professional services, as permissible/ mandatorily required from TVA, as the Secretarial Auditors under applicable laws. The fees for such services will be in addition to the remuneration/fees mentioned above as may be mutually agreed with the Secretarial Auditors.

M/s TVA & Co. LLP, a Peer Reviewed Firm of Practicing Company Secretaries, is an advisory and consulting firm having Pan India network with specialization in Secretarial Compliances. TVA has a dedicated team of Company Secretaries and they offer services across corporate laws, SEBI regulations, FEMA compliances and allied services. The proposed fee is based on the knowledge, expertise, industry experience and the time and efforts required to be put in by the Secretarial Auditors.

The Company has received consent and eligibility letter from the proposed auditor to act as the Secretarial Auditors of the Company, in accordance with the provisions of Regulation 24A of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and Section 204 of the Companies Act, 2013 and the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014. Accordingly, consent of the members is being sought for passing an Ordinary Resolution as set out at Item No. 5 of this Notice

for appointment of M/s TVA & Co. LLP as Secretarial Auditors of the Company for a period of 5 (Five) consecutive years.

None of the Directors/ Key Managerial Personnel of the Company/ their relatives are, in any way, concerned or interested, financially or otherwise, in the Resolution set out at Item No. 5 of the Notice.

The Board recommends the Ordinary Resolution set out at Item No. 5 of the Notice for approval by the shareholders.

#### ITEM NO. 6

##### Context and rationale

Upon recommendation of the Audit Committee, the Board of Directors of the Company in its meeting held on May 19, 2025 has, based upon the eligibility and consent to act as such, re-appointed the Cost Accountants, M/s. Rakesh Singh & Co., as the Cost Auditors for conducting the cost audit of the Company for the financial year ending March 31, 2026 at a remuneration of ₹ 1,50,000/- (Rupees One Lakh Fifty Thousand only) (plus applicable Taxes and reimbursement of out-of-pocket expenses).

Pursuant to Section 148 of the Act read with the Companies (Audit and Auditors) Rules, 2014, Members of the Company are required to ratify the remuneration to be paid to the Cost Auditors of the Company.

Accordingly, consent of the Members is sought by way of Ordinary Resolution as set out at Item No. 6 of the Notice for ratification of the remuneration to be paid to the Cost Auditors for conducting the audit of the cost records of the Company for the financial year ending March 31, 2026.

None of the Directors, Key Managerial Personnel of the Company and their Relatives are, in any way, concerned or interested, financially or otherwise, in the said Resolution.

The Board recommends the Resolution under Item No. 6 of the Notice for approval of the Members as an Ordinary Resolution.

#### Item Nos. 7 & 8

##### Context

##### Entering into material Related Party Transactions with Honda Motor Co., Ltd., Japan

Pursuant to the provisions of Regulation 23(4) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations"), material related party transactions require approval of the shareholders through ordinary resolution. 'Material Transaction' for this purpose means, transaction(s) entered/to be entered into individually or taken together with previous transactions during a financial year,

- **In respect of Royalty** - any transaction involving payments to a related party, if the aggregate value of such transactions, whether individual or cumulative within a financial year, exceeds five percent (5%);
- **Other transactions** - exceeds Rs. 1,000 crore or 10%; of the annual consolidated turnover of the listed entity as per its last audited financial statements, whichever is lower.

Members may kindly note that Honda Motor Co. Ltd., Japan ('HM'), Holding Company, is a Related Party of the Company in terms of Section 2(76) of the Act and Regulation 2(1)(zb) of the SEBI Listing Regulations. The Company as part of its ordinary course of business has entered into/proposes to enter into agreements/ arrangements/ transactions with HM. Since the aggregate number of foreseen contract(s)/transaction(s) to be entered into with HM during FY 2026-27 shall exceed the aforementioned thresholds, it is proposed to seek approval of Members for the same.

Members are kindly informed that, the Audit Committee and the Board of Directors at their respective meetings held on August 12, 2025, approved and recommended the aforementioned proposal for approval of Members by way of an ordinary resolution. Details required to be furnished as per the SEBI Listing Regulations are as outlined in the item No. 7 & 8 of the Notice respectively.

The Company has established a comprehensive policy and process for the approval of Related Party Transactions (RPTs). Prior to granting approval for proposed transactions, the Audit Committee is provided with all relevant details along with a justification for each individual RPT. This enables the Committee to make well-informed and objective decisions.

Further, the Audit Committee receives quarterly updates on all related party transactions undertaken during the period. This ensures ongoing oversight and transparency in line with regulatory expectations.

The Audit Committee comprises a majority of Independent Directors, which strengthens the integrity of the approval process by facilitating unbiased and impartial judgment on each transaction.

#### **Rationale - Item No. 7**

The Company has entered into a suite of strategic agreements with Honda Motor Co., Ltd., Japan ("Licensor"/Holding Company), including a Technical Collaboration Agreement, Trademark Agreement, Distributorship Agreement, and other ancillary arrangements (collectively referred to as the "Agreements").

Under these Agreements, the Company has been granted exclusive territorial rights as well as continued access and licenses to:

1. Manufacture and sell HONDA-branded products;
2. Use HONDA trademarks in association with the licensed products;
3. Access and apply proprietary technical and non-technical know-how, technology, and other related intellectual property developed by HONDA;
4. Receive implementation support for the licensed know-how;
5. Avail employee training and capability-building programs.

These rights and services are essential to the Company's business model and daily operations.

In accordance with the aforementioned, the Company is liable to pay royalty to the Licensor at a mutually agreed rate. The key terms of this material Related Party Transaction have been duly reviewed and approved by the Audit Committee, in compliance with the Companies Act, 2013, and applicable SEBI (LODR) Regulations.

All such royalty payments are made in the ordinary course of business and adhere to the arm's length principle, ensuring transparency, fairness, and regulatory alignment.

The Audit Committee shall continue to review and monitor this transaction on a quarterly basis, ensuring it remains within the limits previously approved by the members. In the event of any 'material modification', as defined under the Company's Policy on Related Party Transactions and determined by the Audit Committee, the revised terms will be presented to the shareholders for approval in accordance with Regulation 23(4) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("Listing Regulations").

The material related party transactions as set out in Item Nos. 7 of this Notice have been unanimously approved by the Independent Directors on the Audit Committee.

Following the recommendation of the Audit Committee, the Board of Directors proposes that the shareholders grant approval, by way of an Ordinary Resolution, for the payment of royalty to HM for the Financial Year 2026-27.

Pursuant to provisions of Regulation 23 of the SEBI (LODR) Regulations, 2015, all Material Related Party Transactions require approval of the Members through an Ordinary Resolution where none of the Related Parties can vote to approve such transactions whether the entity is a Related Party to the particular transaction or not. Therefore, approval of the Members of the Company is sought through an Ordinary Resolution.

All the relevant information and material facts pertaining to the transaction as stated in item No. 7 above, forms part of this statement.

None of the Directors and/ or Key Managerial Personnel of the Company and/or their respective relatives are concerned or interested either directly or indirectly, in the Resolutions mentioned at Item No. 7 of the Notice.

However, Mr. Shigeki Iwama, Mr. Vinay Mittal, Mr. Akihiro Sakurai and Yasuhiro Takabatake may deem to be concerned/interested in their capacity being nominees of Honda Motor Co. Ltd., Japan.

The Board recommends the ordinary resolutions set forth in Item No. 7 of the Notice for the approval of the Members.

#### **Rationale - Item No. 8**

To ensure continued availability of high-quality products to Indian society, along with the resulting benefits to the Company and its shareholders, the Company has consistently engaged in material transactions with Honda Motor Co. Ltd., Japan since its inception. These transactions involve the sale and purchase of goods and materials, as well as the provision and availing of various services.

Looking ahead, the Company intends to enter into and/or continue such Material Related Party Transactions, contracts, arrangements, or agreements with Honda Motor Co. Ltd., Japan. This is in line with the Company's commitment to operational excellence and product integrity.

All transactions with Honda Motor Co. Ltd., Japan will remain in compliance with the arm's length principle as outlined under the Companies Act and the SEBI (LODR) Regulations, 2015, ensuring fairness and transparency.

The proposed transactions are in the interest of the business growth, brand usage and technical support and are within the framework of Transfer Pricing guidelines.

The majority of proposed transactions are in the nature of sale of finished products, purchase of finished goods for sale in domestic market, purchase of critical and proprietary parts/components to manufacture finished products, export commission, model fee, reimbursement received and paid, including warranty expenses, technical guidance fees, etc. related to and necessary for business operations of the Company.

The Company periodically gets a study done from outside agency to assess the transactions from arm's length perspective.

The material related party transactions as set out in Item Nos. 8 of this Notice have been unanimously approved by the Independent Directors on the Audit Committee.

Pursuant to provisions of Regulation 23 of the SEBI (LODR) Regulations, 2015, all Material Related Party Transactions require approval of the Members through an Ordinary Resolution where none of the Related Parties can vote to approve such transactions whether the entity is a Related Party to the particular transaction or not. Therefore, approval of the Members of the Company is sought through an Ordinary Resolution.

All the relevant information and material facts pertaining to the transaction as stated in item No. 8 above, forms part of this statement.

None of the Directors and/ or Key Managerial Personnel of the Company and/or their respective relatives are concerned or interested either directly or indirectly, in the Resolutions mentioned at Item No. 8 of the Notice.

However, Mr. Shigeki Iwama, Mr. Vinay Mittal, Mr. Akihiro Sakurai and Yasuhiro Takabatake may deem to be concerned/interested in their capacity being nominees of Honda Motor Co. Ltd., Japan.

The Board recommends the ordinary resolutions set forth in Item no. 8 of the Notice for the approval of the Members.

### Results of Operations and the state of Company's affairs

Your Company achieved aggregate revenue from operations of Rs. 79,423 Lakhs in 2024-25 (as against Rs. 98,907 Lakhs in 2023-24). This marks a reduction of 20% over the previous year. The Profit Before Tax has reduced by 13%.

To expand its product line, the Company has recently launched battery-operated handheld power equipment (DCHH) and new category of power products under the brand 'HI'. The Company believes that this shall give it an edge in the market among other competitors by having a very broad range of Power Products suiting to every segment of the customers.

Discussion on the performance and state of the Company's affairs has been covered as part of the Management Discussion and Analysis which forms part of this Report and is annexed as **Annexure-A**.

### 2. Dividend

#### Interim Dividend

The Board of Directors, at its meeting held on February 10, 2025, declared an interim (special) dividend of Rs. 10/- (Rupees ten only) i.e. (100%) on Equity Shares of face value of Rs. 10/- each fully paid up for the FY 2024-25.

#### Final Dividend

Your Directors are pleased to propose a final dividend at the rate of Rs. 21.50 (Rupees Twenty-One and Fifty paise only) per equity share of the face value of Rs. 10/- each (215%), for financial year ended March 31, 2025. Dividend pay-out has been determined in accordance with the Company's dividend distribution policy. Dividend will be payable subject to approval of members at the ensuing Annual General Meeting and the deduction of tax at source to those Shareholders whose names appear in the Register of Members as on the Record Date.

### 3. Dividend Distribution Policy

Pursuant to the requirements of Regulation 43A of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('Listing Regulations'), the Dividend Distribution Policy of the Company is available on the Company's website at

<https://www.hondaindiapower.com/admin/public/uploads/document/h4N92dvHS0.pdf>

### 4. Share capital

During the year under review, there was no change in the share capital of the Company.

### 5. Depository System

As per SEBI Listing Regulations, all Company shares are compulsorily tradable in electronic form. Accordingly, the Company will no longer process requests for transfer of securities in physical form. Requests for transmission, transposition, duplicate share certificates, split, and consolidation must be made in dematerialized form only. In such cases, the Company will issue a Letter of Confirmation, which should be submitted to your Depository Participant (DP) to credit the securities electronically.

To benefit from the advantages of the Depository system and to mitigate the risk of fraud, shareholders holding physical shares are encouraged to convert them to demat form through either of the Depositories.

The Company has secured a special contingency insurance policy that provides for risk associated with the issuance of duplicate share certificates and claims related to IEPF.

In line with SEBI's directive to strengthen due diligence for dematerialization, the Company has provided a static database of shareholders holding physical shares to the Depositories, enhancing system integrity and facilitating the validation of dematerialization requests.

### 6. Transfer of unclaimed dividend to Investor Education and Protection Fund

In accordance with the Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016, and Amendments Rules, 2017, the Company is required to transfer shares on which dividends have remained unpaid or unclaimed for seven consecutive years or more to the Investor Education and Protection Fund (IEPF) Suspense Account. The Company has duly transferred such shares to the Demat Account of the IEPF Authority and uploaded the relevant details on our website: <https://www.hondaindiapower.com/investors/dividend-and-iepf>.

Members can claim these shares and any accrued benefits from the IEPF Authority by following the prescribed procedure.

Additionally, dividends unpaid for seven years from the date of transfer to the unpaid dividend account are also required to be transferred to the IEPF, as per Sections 124 and 125 of the Companies Act. Details of such unclaimed dividends are available on our website:

<https://www.hondaindiapower.com/investors/dividend-and-iepf>.

Shareholders who have not claimed their dividends for the past seven years are requested to contact the Company's Registrar and Share Transfer Agent to claim them.

During the year, 100 jointly held shares belonging to two shareholders were transferred to the unclaimed suspense account. There were no shares lying unclaimed at the beginning of the year.

## 7. Environment Protection and Safety

Your Company is committed to further reducing CO<sup>2</sup> emissions by 3% during financial year 2025-26. This goal is supported by a dedicated Safety & Environmental team that oversees the implementation of robust environmental sustainability practices across all operations. We continuously update our operational standards and environmental management systems to meet the targets, extending these practices to our major suppliers and service providers as well.

We actively promote sustainable development by managing resources efficiently and ensuring our products comply with all relevant regulatory standards. Our comprehensive health and safety management system covers and takes care of all employees across the Company.

Through regular safety meetings, suggestion schemes, and proactive participation from our Associates, we foster a culture of safety and environmental responsibility, ensuring a secure and healthy working environment for all stakeholders.

## 8. Conservation of Energy, Technology Absorption and Foreign Exchange Earnings and Outgo

Information on Conservation of Energy, Technology absorption and Foreign Exchange earnings and outgo pursuant to Section 134(3)(m) of the Act, read with Rule 8(3) of the Companies (Accounts) Rules, 2014 is given in **Annexure - B** to this Report.

## 9. Occupational health and safety

The Company has established a comprehensive Health, Safety, and Environment (HSE) policy supported by regular awareness programmes, HSE management system and a strong monitoring framework to ensure its effectiveness. Our approach follows the 'Plan-Do-Check-Act' cycle, driving continuous improvement across all operations. The policy is available on website of the Company at:

<https://www.hondaindiapower.com/admin/public/uploads/document/s25R4zrdv5.pdf>

The HSE management system encompasses risk assessments in key areas, including workplace safety, fire hazards, process safety, machinery risks, and occupational health. Regular audits are conducted to evaluate the Company's HSE performance and ensure compliance with all regulatory requirements, reinforcing our commitment to a safe and sustainable work environment.

## 10. Annual Return

Pursuant to Section 92(3) of the Companies Act, 2013 ('the Act') Annual Return for previous Financial Years and draft Annual Return for the Financial Year 2024-25, to be filed with the Registrar of Companies ('ROC'), Ministry of Corporate Affairs, pursuant to Rule 12 (1) of the Companies (Management and Administration) Rules, 2014 is available on website of the Company at

<https://www.hondaindiapower.com/investors/Annual%20Return>

## 11. Details of Board and Committee Meetings

The Directors actively participate in Board and Committee Meetings, offering valuable guidance and advice to the Management on key business areas, including policy direction, governance, and compliance. This proactive involvement ensures the Board plays a crucial role in strategic decision-making.

During the year, the Board met six times, with the intervals between meetings complying with the timelines prescribed under the Companies Act, SEBI Listing Regulations, and relevant Circulars from the Ministry of Corporate Affairs and SEBI. The Board has consistently accepted all recommendations of the Audit Committee during the year under review.

For detailed information on the Board's Committees, please refer to the Corporate Governance Report included in this Annual Report.

## 12. Managing the Risks of Fraud, Corruption and Unethical Business Practices

Your Company is committed to upholding the highest standards of integrity, transparency, and accountability in all its operations. To support this commitment, the Company has established a comprehensive Whistle Blower Policy, which serves as a formal vigil mechanism for all stakeholders, including employees, suppliers, customers, and other relevant parties.

This Policy enables stakeholders to report genuine concerns regarding unethical behaviour, actual or suspected fraud, violations of the Company's Code of Conduct, or any other misconduct. It reflects the Company's strong stance against any form of wrongdoing and reinforces our dedication to good corporate governance.

The Whistle Blower Mechanism is designed to ensure that concerns are addressed effectively and confidentially. In exceptional cases where the issue requires higher-level intervention, the Policy provides for escalation directly to the Chairman of the Audit Committee, ensuring that serious concerns receive the attention they deserve.

To safeguard the integrity of the reporting process, the Policy incorporates sufficient protection against victimization of whistleblowers.

For detailed information, the Whistle Blower Policy is available on the Company's website at:

<https://www.hondaindiapower.com/admin/public/uploads/document/fE65sfbg4p.pdf>

## 13. Risk Management

Operating in a dynamic, uncertain, and complex environment, your Company recognizes the critical importance of effective risk management to safeguard its assets, ensure business continuity, and create long-term value for stakeholders. To address these challenges, the Company has established a robust Risk Management Framework tailored to its size and operational complexity.

This framework is designed in compliance with regulatory requirements and aligns with industry best practices, reflecting our proactive approach to risk management. The primary objective is to foster a culture of accountability and competence across the organization, ensuring that risks are identified, assessed, and managed effectively at all levels.

The Risk Management Framework encompasses key activities, including:

- **Risk Identification:** Systematic identification of potential risks across all business functions.
- **Risk Assessment and Prioritization:** Evaluation of risks based on their impact and likelihood to prioritize management efforts.

- **Risk Monitoring and Review:** Continuous monitoring of identified risks and periodic reviews to adapt to changing circumstances.
- **Risk Control:** Implementation of measures to mitigate or eliminate risks, ensuring they remain within acceptable limits.
- **Risk Response Planning:** Development of strategic response plans to address high-priority risks effectively.

This comprehensive approach enables the Company to manage risks proactively, minimizing their potential impact and enhancing decision-making processes.

For more details, the Company's Risk Management Policy is available on our website at:

<https://www.hondaindiapower.com/admin/public/uploads/document/rghiGWR896.pdf> .

**MANAGEMENT DISCUSSION & ANALYSIS REPORT****DOMESTIC BUSINESS****GENERATOR**

- India today is the 5<sup>th</sup> largest economy in the world and is striving to become 3<sup>rd</sup> largest economy by 2027. Government's initiative to digitalize the economy and create a world class infrastructure to support this mission has driven the need for uninterrupted power for everyone and all segments in the society. While power outages related to weather disturbances continued to fuel the demand for generators for backup power, usage of portable generators for primary applications like mobile utility vans, provision for doorstep services like mobile saloons/ pet grooming are also on the rise. A very interesting area wherein Generators have been put to use is for drone charging in the agricultural fields used for various spraying operations in line with Government's vision to "Double farmer's incomes by 2030", enabling accelerated mechanization to drive efficiency in agriculture production. As a result of these factors generator sales were at a similar level as last year.

Corporate and Institutional demand continued this year as well, due to spending on infrastructure and agriculture.

**Opportunities**

- Demand for portable generators for applications like milking, chilling, camping for leisure and recreational purposes besides weather related disturbances is expected and will help your Company to maintain its dominant position in the portable generator category and continue to offer optimal power solutions to a diverse group of customers across India.
- Economic activities and operations, especially in small and medium size businesses, with expected portable power back up, demand is on the growth path.
- The Company's promotions focus, mainly on urban, semi-urban and rural markets, to leverage lifestyle / comfort requirements from consumer, are expected to help the Company penetrate its efficient and reliable offerings.

**Concerns**

- Peak power deficit continues to be within acceptable levels, primarily due to adequate power generation. Interim demand for our products in urban areas driven by long-haul power cuts has thus been on reducing trend.
- Consumer spending remains low due to higher interest rates.

**Outlook**

- Portable power back up demand and use of generators for new potential applications will help your Company to maintain the volume and its leadership position in the generator category.

**GENERAL PURPOSE ENGINES AND WATER PUMPING SETS**

- Unseasonal and uneven distribution of monsoon led to a rise in Water Pump sales in the financial year 2024-25, especially in eastern, central, and southern markets. State and Central Government's ongoing support programs towards farming and fisheries sectors were within acceptable levels but the overall process was slow with respect to release of funds by the Government.

- Launch of new 4-inch outlet water pump model launched in August 2024, helped the Company to offer an optimal solution to farmers grappling with bulky diesel water pumps and further strengthened its market leadership position with the existing line-up of 1.5-inch, 2-inch and 3-inch water pumps.
- 2-inch water pump sales in the financial year crossed a milestone of 60K+ units which has helped the Company to maintain its leadership position in water pump segment.
- Construction segment mechanization, primarily towards small, portable and compact machines was good due to focus on overall infrastructure growth.
- In the previous financial year, your Company launched multiple models of concrete vibrator for the construction industry thereby providing a standardized solution for deflation of freshly laid concrete mix, a critical construction process. The Company is making efforts to increase its footprint in the construction segment by introducing more of such engine driven applications based on its success in other global markets and improving the efficiency and speed of construction in line with Government's direction to create a world class infrastructure to maintain the momentum of fastest growing economy in the world.
- Your Company also introduced two models of stationary sprayers having multiple applications for spraying of various plant protection liquids in the agriculture segment and for equipment washing purposes.
- The Company targeted reach in coastal areas and waterways by expanding engine driven long tail boat application for small and medium sized boats navigating the inland waterways and offshore fishing with introduction of Honda GX powered long tail boat in March 2025 thereby accelerating shift from manual to mechanized process.
- The Government's planned investment in irrigation and infrastructure projects is expected to help fuel-based engine demand. Continued supply chain requirements towards agriculture produce / products ensured demand and need for farm operation products and services. Company's demonstration activities, supported through vans and manpower deployment, for new products recently launched in the agricultural and construction markets, are well received and is helping the customers to reap the benefits of portable and cost-effective solutions for their timely land preparation, dweeding and irrigation needs besides offering portable, environment friendly and cost-effective solution in diesel dominated construction machinery segment.

**Opportunities**

- Increasing investments in infrastructure was one of the key factors bolstering the growth of the construction market in India.
- Harnessing available surface water for irrigation of agricultural crops will continue to drive demand for portable water pumps in the agricultural segment.

- Construction mechanization, through portable engines run applications and farm mechanization products such as engines, water pumps, brush cutters, power tillers and crop harvesters will accelerate shift to mechanization with decreasing farm labour and will fuel the demand of portable machinery. Expected continuity in Government support will provide much needed fillip for our product portfolio and offerings.
- Growing awareness to address environmental concerns brings in demand for more fuel-efficient 4 stroke engine powered applications.

## Concerns

- Subsidy policy by the State and Central Government and its operational complexities is a point of concern leading towards delays in purchase by end customers. Your Company endeavors to closely engage with various stakeholders in Government through its field teams to have a much deeper understanding of the process and contribute towards acceleration of the implementation of Government schemes to help farmers in their buying decision to acquire portable farm solutions for their various agricultural process.

## Outlook

- The infrastructure sector in India is expected to generate better momentum in the next few years due to increased investment in infrastructure such as national highway facilities, warehousing, airports and urban/rural housing projects.
- The Company is pursuing to develop multi-channel structure in the country across various segments to develop application related products and equipment. Tying up with small, medium and specialized partners and OEM is expected to build much-needed ecosystem of cost competitiveness and application specific product sales and services.

## BRUSH CUTTERS

- Honda's range of fuel efficient and reliable 4 stroke brush cutters are specifically suited for optimal solution for various farm activities like de-weeding and crop harvesting.
- The Company continues to offer its environment friendly 4 stroke brush cutter range for routine de-weeding operation and farm/real estate management across all major markets in India.
- Our complete portfolio of fixed shaft, flexible shaft and high-powered variants provide optimal solutions to the needs of professional users.

## Concerns

- Subsidy policy by the State and Central government and its operational complexities, is leading to delay in purchase by the end customers.
- Influx of low cost imported brush cutters mainly from China has destabilized the pricing in the market.

## TILLERS

- The Company's focus towards agriculture mechanization was strongly led with its expanding line-up of Power Tillers.

- The financial year 2024-25 was very challenging for the overall tiller market due to delay in implementation of various subsidy schemes of Central and State Governments due to complex disbursement process leading to lower end customer purchase. End customers withheld their purchases in anticipation of scheme release in season time which inadvertently got delayed.

## EXPORT BUSINESS

- Overall Export Business was 106% of the plan set in the beginning of the year.
- 2~3Kva models sales in Europe, Africa, Japan and China was major business driver amongst genset category.
- The Company successfully introduced its New 4-inch Water Pump model in Nepal.
- Water Pump and Tiller sales are showing increasing acceptability in Asia Oceania Region.

## Concerns

- Political uncertainty in certain countries may affect export business.
- Stricter CARB/EPA /CPSC regulations are impacting the prospect sales.
- Competing with global supply chains and various accessibility routes, especially in new and emerging markets, continues to place price competitiveness a major driver and challenge for success.

## Outlook

- Company is engaging with channel partners to develop and nurture the gasoline fueled Tillers, Engines and Water Pumps.

## INTERNAL CONTROL SYSTEM

Your Company remains dedicated to the continuous enhancement of its internal control systems across all business processes. It has well established robust internal controls that are appropriately scaled to the size and operations of the Company. These controls are specifically designed to:

## REPORT ON CORPORATE GOVERNANCE

### 1. Company's Philosophy on Code of Governance

The Company's governance framework is underpinned by a robust value system and a clear organizational philosophy. In addition to complying with the statutory requirements, effective governance systems and practices towards improving transparency, disclosures, internal control and promotion of ethics at workplace have been institutionalized. The Company recognizes that good governance is a continuing exercise and reiterates its commitment to pursue the highest standards of corporate governance in the overall interest of its stakeholders.

### 2. Board of Directors

The Board of Directors ('the Board') are responsible for and strive for establishing sound principles of Corporate Governance and are holding the ultimate responsibility for the overall management for long-term success of business of the Company. This belief is reflected in our governance practices, under which we strive to maintain an effective, informed and independent Board.

The Board of the Company has an optimum combination of Executive Directors, Non-Executive/ Non-Independent Directors and Independent Directors. The composition of the Board of Directors is in conformity with Regulation 17 of the SEBI Listing Regulations and Sections 149 & 152 of the Companies Act, 2013 ("Act"). During the Financial Year 2024-25, the Board comprised of qualified members who bring in the required skills, expertise and attributes that helps them to make an effective contribution to the Board and its Committees.

The Company has established systems, procedures and policies to ensure that its Board of Directors is well informed and well equipped to discharge its overall responsibilities and provide the Management with the strategic direction catering to exigency of long-term shareholders' value.

#### Board Meetings

There is a well-organized system for seeking Board approvals, which facilitates sound and informed decision making by the Board and its Committees. Agenda and other relevant reports are circulated well within the prescribed time. The quantum and quality of information supplied by the Management to the Board goes well beyond the minimum requirement stipulated under the Act, Secretarial Standards and the SEBI Listing Regulations. Where expedient, the Board also approves Resolutions by way of circulation between two successive Board meetings, as permitted by law, which are noted in the subsequent Board Meeting.

Notice of the Board or Committee Meetings is given well in advance to all the Directors. The Agenda of the Board or Committee Meetings is set by the Company Secretary in consultation with the Management of the Company. The agenda for the Meetings includes an Action Taken Report comprising of actions taken on decisions arrived at the Meetings and updates thereof.

During the Financial Year 2024-25, the Board met six times on (i) April 10, 2024, (ii) May 20, 2024, (iii) July 24, 2024, (iv) August 06, 2024, (v) November 14, 2024, (vi) February 10, 2025. The maximum interval between any two consecutive meetings did not exceed one hundred and twenty days. The requisite quorum was present for all Board meetings.

During the financial year, Resolution by Circulation was passed by the Board of Directors dated August 14, 2024.

The number of Directorship(s), Committee Membership(s) / Chairmanship(s) of all Directors is within the respective limits prescribed under the Act, and the SEBI Listing Regulations. ### 2. Does the entity have processes in place to avoid/ manage conflict of interests involving members of the Board? (Yes/No) If Yes, provide details of the same.

Yes. The Code of Conduct for Board and Senior Management team members has been adopted by the Board. If a Director has or could have such an interest, they must disclose it to the Board and refrain from participating in discussions on, casting votes for, or otherwise influencing decisions about such matters.

Each year, the Board members and management certify their compliance with the Code of Conduct. Please refer to the link for the policy <https://www.hondaindiapower.com/admin/public/uploads/document/852tcJ8g4n.pdf>

The Company receives declarations from its Directors, disclosing details of related parties/parties in which they have interest, which are placed before the Board of Directors at its meetings. These disclosures help the Company and the Board of Directors in evaluating the possibility of any present or potential conflict of interest.

## PRINCIPLE 2 : Businesses should provide goods and services in a manner that is sustainable and safe.

### Essential Indicators

### 1. Percentage of R & D and capital expenditure (capex) investments in specific technologies to improve the environmental and social impacts of product and processes to total R & D and capex investments made by the entity, respectively.

|       | FY (2024-25) | PY (2023-24) | Details of improvements in environmental and social impacts  |
|-------|--------------|--------------|--|
| R&D   | 0.00%        | 0.00%        | To make the products and processes meet the regulatory requirement and to be environment friendly, the Company has entered into an agreement with the Honda Motor Co. Ltd., Japan (HM) for providing the latest globally recognized technologies to the Company. Additionally, under the agreement, the Company's workforce gets training in adopting the processes and technologies in the best possible manner. The Company, in lieu thereof, pays a certain percentage of the sales value in the form of royalty to HM. Since the Company pays royalty for products/processes/ updated technology and usage of brand name, value of the percentage against the environment and social impact cannot be ascertained. |

|                                  | % of value chain partners (by value of business done with such partners) that were assessed |
|----------------------------------|---|
| Sexual harassment                | 100% (Part Suppliers)   |
| Discrimination at workplace      |   |
| Child Labour                     |   |
| Forced Labour/Involuntary Labour |   |
| Wages                            |   |
| Others                           |   |

## 5. Provide details of any corrective actions taken or underway to address significant risks / concerns arising from the assessments at Question 4 above.

Not applicable

## PRINCIPLE 6: Businesses should respect and make efforts to protect and restore the environment.

### Essential Indicators

### 1. Details of total energy consumption (in Joules or multiples) and energy intensity:

| Parameter  | FY 2024-2025<br>(Current Financial Year) | PY 2023-2024<br>(Previous Financial Year) |
|--|--|---|
| <b>From renewable sources</b>  |  |   |
| Total electricity consumption (A)  | -  | -   |
| Total fuel consumption (B)   | -  | -   |
| Energy consumption through other sources (C)   | -  | -   |
| <b>Total energy consumed from renewable sources (A+B+C)</b>  | -  | -   |
| <b>From non-renewable sources</b>  |  |   |
| Total electricity consumption (D)  | 9,322 GJ                                 | 9,750 GJ                                  |
| Total fuel consumption (E)   | 35,507 GJ                                | 36,717 GJ                                 |
| Energy consumption through other sources (F)   | -  | -   |
| <b>Total energy consumed from non-renewable sources (D+E+F)</b>  | 44,829 GJ                                | 46,467 GJ                                 |
| <b>Total energy consumed (A+B+C+D+E+F)</b>   | 44,829 GJ                                | 46,467 GJ                                 |
| <b>Energy intensity per rupee of turnover</b><br>(Total energy consumed / Revenue from operations)   | 0.56                                     | 0.47                                      |
| <b>Energy intensity per rupee of turnover adjusted for Purchasing Power Parity (PPP)</b><br>(Total energy consumed / Revenue from operations adjusted for PPP) | 0.56                                     | 0.47                                      |
| <b>Energy intensity in terms of physical output</b>  | 0.20 GJ/Unit Production                  | 0.22 GJ/Unit Production                   |

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

Yes, the assessment was carried out by E&Y during their internal audit function.

2. Does the entity have any sites / facilities identified as designated consumers (DCs) under the Performance, Achieve and Trade (PAT) Scheme of the Government of India? (Y/N) If yes, disclose whether targets set under the PAT scheme have been achieved. In case targets have not been achieved, provide the remedial action taken, if any.

The Company does not have any facilities identified as designated consumers (DCs) under the Performance, Achieve and Trade (PAT) Scheme of the Government of India.

3. Details of the following disclosures related to water:

| Parameter   | FY (2024-25)            | PY (2023-24)            |
|---|-------------------------|-------------------------|

| Total volume of water consumption (in kiloliters)   | 55,464                  | 66,452                  |
| Water intensity per rupee of turnover (Total water consumption / Revenue from operations)   | 0.70                    | 0.67                    |
| Water intensity per rupee of turnover adjusted for Purchasing Power Parity (PPP) (Total water consumption / Revenue from operations adjusted for PPP) | 0.70                    | 0.67                    |
| Water intensity in terms of physical output   | 0.25 KL/Unit Production | 0.31 KL/Unit Production |

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

Yes: Water audit done by Accredited Water Auditing Agency; M/s Laghu Udyog Bharati, New Delhi.

4. Details related to water discharged:

| <b>Total water discharged (in kiloliters)</b>                                | -                                      | -                                       |

The Company does not discharge any untreated water outside its premises. Wastewater generated is treated through an Effluent Treatment Plant (ETP) and a Sewage Treatment Plant (STP). The treated ETP water is reused for horticulture and toilet flushing. Treated STP water is also used for horticulture and is further processed through an Ultra Filtration (UF) system before being supplied to the Industrial RO plant. The remaining treated water is released as per the procedure laid down by the concerned authority.

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency?

Yes. The Company arranged water audit by M/s Laghu Udyog Bharati, New Delhi.

5. Has the entity implemented a mechanism for Zero Liquid Discharge? If yes, provide details of its coverage and implementation.

The Company has installed highly efficient wastewater treatment systems, including Sewage Treatment Plants (STP) and Effluent Treatment Plants (ETP), at its manufacturing facility. Aligned with the principles of Zero Liquid Discharge (ZLD), the facility recycles treated wastewater for gardening and toilet flushing, thereby advancing towards complete ZLD compliance.

## 6. Details of air emissions (other than GHG emissions):

| Parameter                           | Please specify unit | FY (2024-25) | PY (2023-24) |
|-------------------------------------|---------------------|--------------|--------------|
| NOx                                 | mg/NM3 (max)        | 1094         | 377          |
| SOx                                 | mg/NM3 (max)        | 275          | 109          |
| Particulate matter (PM)             | mg/NM3 (max)        | 340          | 299          |
| Persistent organic pollutants (POP) | -                   | -            | -            |
| Volatile organic compounds (VOC)    | -                   | -            | -            |
| Hazardous air pollutants (HAP)      | -                   | -            | -            |
| Others (Quantity of Emission)       | Tonnes/year         | 69859.38     | 54161.91     |

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

Yes, regular testing is being carried out through M/S Enviro International (MoEF approved lab) for environment parameters.

## 7. Details of greenhouse gas emissions (Scope 1 and Scope 2 emissions) and its intensity

| Parameter   | Unit   | FY 2024-25<br>(Current Financial Year) | PY 2023-24<br>(Previous Financial Year) |
|---|--|--|---|
| Total Scope 1 emissions (Break-up of the GHG into CO2, CH4, N2O, HFCs, PFCs, SF6, NF3, if available)  | MT-CO2   | 2009                                   | 2082                                    |
| Total Scope 2 emissions (Break-up of the GHG into CO2, CH4, N2O, HFCs, PFCs, SF6, NF3, if available)  | MT-CO2   | 1846                                   | 1866                                    |

| Total Scope 1 and Scope 2 emission intensity in terms of physical output  |  | 0.018                                  | 0.019                                   |

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

Yes. Audit was conducted by E&Y during its internal audit process.

## 8. Does the entity have any project related to reducing Green House Gas emission? If yes, then provide details.

Yes, in the year 2024-2025, the themes are being implemented to reduce the scope1 & scope 2 emissions by reduction in power and fuel consumption as per the following details:

- Thermal Painting implemented in paint shop Ovens
- Reduction in energy in consumption by VFD installation on ASU Blower & paint booth Blower.
- Reduction in Fuel consumption by optimization of burner efficiency.
- Reduction in energy consumption by installation of energy efficient
  - motor in Dry off oven.
  - pump in VAM unit.
  - pump on neutralization pit.
  - replacement of overhead light of Steel Shop with energy efficient LED lights.

## 9. Details related to waste management.

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

Yes, regular testing is being carried out through M/S Enviro International (MoEF approved lab) for hazardous waste.

#### 10. Strategy to reduce and manage hazardous and toxic chemicals.

The Company maintains a record of all potential environmental, safety, health, and business threats in a risk register. These risks are evaluated and measures are defined to eliminate, reduce, and mitigate risk to a level that is "as low as reasonably possible," which is continuously monitored. Each year, the Risk Management Officer reviews and approves the register. Hazardous waste produced by the manufacturing facility is sent to the entities approved by the State Pollution Control Board or Central Pollution Control Board for disposal.

#### 11. If the entity has operations/offices in/around ecologically sensitive areas (such as national parks, wildlife sanctuaries, biosphere reserves, wetlands, biodiversity hotspots, forests, coastal regulation zones etc.) where environmental approvals / clearances are required, specify details:

No

#### 12. Details of environmental impact assessments of projects undertaken by the entity based on applicable laws, in the current Financial Year:

No projects were implemented in FY 2024-25 which required environmental impact assessment to be undertaken.

#### 13. Is the entity compliant with the applicable environmental law/ regulations/ guidelines in India, such as the Water (Prevention and Control of Pollution) Act, Air (Prevention and Control of Pollution) Act, Environment protection act and rules thereunder.

The Company is compliant with all applicable environmental laws / regulations / guidelines in India.

| <b>Revenue from sale of products to customers including related parties</b><br><br>The Company's revenue is derived primarily from sale of portable gensets, water pumps, general purpose engines, lawn mowers, brush cutters and tillers ("goods"). Revenue from the sale of goods is recognized upon satisfaction of performance obligation which is at a point in time when the control of the goods is transferred to the customer. Revenue is a key performance metric which contains significant related party transactions.<br><br>Revenue recognition has been identified as a key audit matter as there could be an incentive or external pressures to meet expectations resulting in revenue being overstated or recognized before the control of the goods has been transferred to the customer. | In view of the significance of the matter we applied the following audit procedures in this area, among others to obtain sufficient appropriate audit evidence: <ul style="list-style-type: none"> <li>• We assessed the appropriateness of Company's accounting policies for revenue recognition by comparing with Ind AS 115 'Revenue from contracts with customers'.</li> <li>• We evaluated the design, implementation and operating effectiveness of key internal controls over recognition of revenue.</li> <li>• We performed substantive testing by selecting samples (using statistical sampling) of revenue transactions recorded during the year by testing the underlying documents which included sales invoices, shipping documents and proof of deliveries, to assess whether these are recognized in the appropriate period in which control of the goods is transferred to the customer.</li> <li>• We performed analytical procedures on variance of current year revenue in comparison to previous year revenue and where appropriate conducted further testing.</li> <li>• We tested, on a sample basis, (using statistical sampling), specific revenue transactions recorded before and after the financial year-end date to assess whether revenue is recognized in the financial period in which control of the goods is transferred to the customer.</li> <li>• For revenue from sale of goods to the related parties, we verified the Company's analysis in relation to arm's length assessment and involved our internal tax specialists.</li> <li>• We tested journal entries on revenue recognized during the year, by considering specified riskbased criteria, to identify unusual or irregular items.</li> <li>• We assessed the adequacy of disclosure made in the financial statements with respect to revenue recognized during the year as required by Ind AS 115 'Revenue from contracts with customers'.</li> </ul> |

## Other Information

The Company's Management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the financial statements and auditor's report(s) thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

## Management's and Board of Directors' Responsibilities for the Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the state of affairs, profit/ loss and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

## Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting in preparation of financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

**Report on Other Legal and Regulatory Requirements-**

**Annexure A to the Independent Auditor's Report on the Financial Statements of Honda India Power Products Limited for the year ended 31 March 2025****(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)**

- (i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.  
(B) The Company has maintained proper records showing full particulars of intangible assets.
- (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has a regular programme of physical verification of its Property, Plant and Equipment by which all property, plant and equipment are verified in a phased manner over a period of three years. In accordance with this programme, certain property, plant and equipment were verified during the year. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. No material discrepancies were noticed on such verification.
- (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties (other than immovable properties where the Company is the lessee and the leases agreements are duly executed in favour of the lessee) disclosed in the financial statements are held in the name of the Company.
- (d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not revalued its Property, Plant and Equipment (including Right of Use assets) or intangible assets or both during the year.
- (e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no proceedings initiated or pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.
- (ii) (a) The inventory, except goods-in-transit and stocks lying with third parties, has been physically verified by the management during the year. For stocks lying with third parties at the year-end, written confirmations have been obtained and for goods-in-transit subsequent evidence of receipts has been linked with inventory records. In our opinion, the frequency of such verification is reasonable and procedures and coverage as followed by management were appropriate. No discrepancies were noticed on verification between the physical stocks and the book records that were more than 10% in the aggregate of each class of inventory.
- (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not been sanctioned any working capital limits in excess of five crore rupees in aggregate from banks and financial institutions on the basis of security of current assets at any point of time of the year. Accordingly, clause 3(ii)(b) of the Order is not applicable to the Company.
- (iii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any investments, provided guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, limited liability partnerships or any other parties during the year. Accordingly, provisions of clauses 3(iii)(a) to 3(iii)(f) of the Order are not applicable to the Company.
- (iv) According to the information and explanations given to us and on the basis of our examination of records of the Company, the Company has neither made any investments nor has it given loans or provided guarantee or security and therefore the relevant provisions of Sections 185 and 186 of the Companies Act, 2013 ("the Act") are not applicable to the Company. Accordingly, clause 3(iv) of the Order is not applicable.
- (v) The Company has not accepted any deposits or amounts which are deemed to be deposits from the public. Accordingly, clause 3(v) of the Order is not applicable.
- (vi) We have broadly reviewed the books of accounts maintained by the Company pursuant to the rules prescribed by the Central Government for maintenance of cost records under Section 148(1) of the Act in respect of its manufactured goods and are of the opinion that prima facie, the prescribed accounts and records have been made and maintained. However, we have not carried out a detailed examination of the records with a view to determine whether these are accurate or complete.
- (vii) (a) The Company does not have liability in respect of Service tax, Duty of excise, Sales tax and Value added tax during the year since effective 1 July 2017, these statutory dues has been subsumed into GST. According to the information and explanations given to us and on the basis of our examination of the records of the Company, in our opinion, the undisputed statutory dues including Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax, Duty of Customs or Cess or other statutory dues have been regularly deposited by the Company with the appropriate authorities.

According to the information and explanations given to us and on the basis of our examination of the records of the Company, no undisputed amounts payable in respect of Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax, Duty of Customs or Cess or other statutory dues were in arrears as at 31 March 2025 for a period of more than six months from the date they became payable, except as mentioned below:

| Name of the statute   | Nature of the dues | Amount (Rs. in Lakhs) | Period to which the amount relates | Due date      | Date of payment | Remarks, if any |
|---|--------------------|-----------------------|------------------------------------|---------------|-----------------|-----------------|

**Annexure B to the Independent Auditor's Report on the financial statements of Honda India Power Products Limited for the year ended 31 March 2025****Report on the internal financial controls with reference to the aforesaid financial statements under Clause (i) of Sub-section 3 of Section 143 of the Act**

(Referred to in paragraph 2(A)(g) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

We have audited the internal financial controls with reference to financial statements of Honda India Power Products Limited ("the Company") as of 31 March 2025 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

**Management's and Board of Directors' Responsibilities for Internal Financial Controls**

The Company's Management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

**Auditors Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

**Meaning of Internal Financial Controls with Reference to Financial Statements**

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

**Inherent Limitations of Internal Financial Controls with Reference to Financial Statements**

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

**Opinion**

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2025, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note.

### 2. Material accounting policies

#### i) Basis of preparation of financial statements

##### (i) Compliance with Indian Accounting Standards

These financial statements have been prepared in accordance with the Indian Accounting Standards ('Ind AS') as per the Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time, notified under section 133 of the Companies Act, 2013 ('Act') and other relevant provisions of the Act.

The financial statements for the year ended 31 March 2025 were approved and authorized for issue by the Board of Directors on 19 May 2025.

##### (ii) Basis of measurement

The financial statements have been prepared on a historical cost basis, except for the following:

- defined benefit plans - plan assets measured at fair value less present value of defined benefit obligation.

##### (iii) Recent issued accounting pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On 7th May 2025, MCA issued the Companies (Indian Accounting Standards) Amendment Rules, 2025, which made certain amendments to Ind AS 21 The Effects of Changes in Foreign Exchange Rates, effective from 1 April 2025. These amendments define currency exchangeability and include guidance on estimating spot exchange rates when a currency is not exchangeable. The Company does not expect this amendment to have any significant impact in its financial statements.

#### ii) Foreign currency transaction

Functional and presentation currency

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The financial statements are presented in Indian rupee (INR), which is the Company's functional and presentation currency.

Transaction and balances

Transactions in foreign currency are translated into the functional currency using the exchange rates prevailing at the date of the transaction. Exchange differences arising on foreign currency transactions settled during the year are recognised in the Statement of Profit and Loss for the year on a net basis.

Monetary assets and liabilities denominated in foreign currencies as at the balance sheet date are translated into the functional currency at the closing exchange rates on that date. The resultant exchange differences are recognised in the Statement of Profit and Loss on a net basis.

#### iii) Critical estimates and judgements

The preparation of financial statements requires the use of accounting estimates which, by definition, will seldom equal the actual results. Management also needs to exercise judgement in applying the Company's accounting policies.

This note provides an overview of the areas that involved a higher degree of judgement or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements is included in relevant notes together with information about the basis of calculation for each affected line item in the financial statements. Revision to estimates are recognized prospectively.

##### a) Judgements:

Information about judgements made in applying accounting policies that have the most significant effects on the amounts recognised in the financial statements is included in the following notes:

- Revenue recognition - In revenue arrangements where more than one good or service is provided to the customer, transaction price is allocated between the goods and services using relative standalone selling price. The Company generally determines the standalone selling price of individual elements based on a cost plus a reasonable margin. Revision to the estimates of these standalone selling price may significantly affect the allocation of total consideration among the individual elements. Refer note 16 of financial statements.

## Notes to the financial statements for the year ended March 31, 2025

- Lease term: The Company determines the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. In evaluating the lease term, the Company considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of the lease and the importance of the underlying asset to Company's operations taking into account the location of the underlying asset and the availability of suitable alternatives. The discount rate is generally based on the incremental borrowing rate, to determine the incremental borrowing rate, the Company uses recent third-party financing options received by the Company, adjusted to lease term etc., specific to the lease being evaluated. Refer note 3(a) of financial statements.
- b) Assumptions and estimation uncertainty:  
Information about assumptions and estimation uncertainties at the reporting date that have a significant risk of resulting in a material adjustment to the carrying amounts of assets and liabilities within the next financial year is included in the following notes.
- Estimated useful life of property, plant and equipment and intangible asset – The annual depreciation and amortisation charge is sensitive to the estimated lives allocated to each type of asset. Assets lives are assessed annually and changed where necessary to reflect current circumstances considering technological change and physical conditions of the assets concerned, Note 3 & 4.
- Estimation of defined benefit obligation – Actuarial assumption, Note 25
- Estimation of provision for warranty claims – Historical warranty claim experience, Note 14
- Estimation of provision for inventory obsolescence – Historical movement of slow-moving inventory, Note 9

Estimates and judgements are continually evaluated. They are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Company and that are believed to be reasonable under the circumstances

### iv) Rounding of amounts

All amounts in Indian Rupees disclosed in the financial statements and notes thereof have been rounded off to the nearest lakhs as per the requirement of Schedule III, unless otherwise stated.

### v) Current – non-current classification

Based on the time involved between the acquisition of assets for processing and their realization in cash and cash equivalents, the Company has identified twelve months as its operating cycle for determining current and non-current classification of assets and liabilities in the balance sheet.

### vi) Property, plant and equipment

The cost of an item of property, plant and equipment shall be recognized as an asset if, and only if it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably.

Freehold land is carried at historical cost less any accumulated impairment losses, if any. All other items of property, plant and equipment (including capital work in progress) are carried at cost of acquisition or construction less accumulated depreciation and/or accumulated impairment loss, if any. The cost of an item of property, plant and equipment comprises its purchase price, including import duties and other non-refundable taxes or levies, estimated costs of dismantling and removing the item and restoring the place on which it is located and any directly attributable cost of bringing the asset to its working condition for its intended use; any trade discounts and rebates are deducted in arriving at the purchase price.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

Property, plant and equipment under construction are disclosed as capital work-in-progress.

Depreciation methods estimated useful lives and residual value.

Depreciation on Property, plant and equipment is provided on the straight-line method based on the estimated useful life of each asset as determined by the management. Depreciation for assets purchased / sold during the period is proportionately charged.

The estimated useful lives of property, plant and equipment for current and comparative periods are as follows:

| Block of Asset                                | Estimated life (Years) | As per Companies Act Schedule II |
|---|------------------------|----------------------------------|
| Factory Buildings                             | 30 Years               | 30 Years                         |
| Non-Factory Buildings                         | 60 Years               | 60 Years                         |
| Plant and equipment (Dies/Jigs and fixtures)  | 5 years                | 15 Years                         |
| Plant and equipment (Electrical Installation) | 10 Years               | 15 Years                         |
| Plant and equipment-Others                    | 15 Years               | 15 Years                         |
| Office Equipment                              | 5 years                | 5 years                          |
| Furniture and fixtures                        | 8 years                | 10 Years                         |
| Vehicles                                      | 5 years                | 8 Years                          |
| Computers (Servers)                           | 3 years                | 3 to 6 Years                     |

Based on technical evaluation and consequent advice, the management believes that its estimates of useful lives as given above best represent the period over which management expects to use these assets.

Freehold land is not depreciated.

The depreciation methods, assets useful lives and residual values are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Losses arising from retirement or gains or losses arising from disposal of assets are determined by comparing proceeds with carrying amount. These are included in the statement of profit and loss within other income.

The cost property, plant and equipment at 1 April 2016, the Company's date of transition to Ind AS, was determined with reference to its carrying value recognized as per the previous GAAP (deemed cost), as at the date of transition to Ind AS.

### vii) Intangible assets

Intangible assets that are acquired by the Company are measured initially at cost. After initial recognition, an intangible asset is carried at its cost less any accumulated amortisation and any accumulated impairment loss.

Subsequent expenditure is capitalised only when it is probable that future economic benefits associated with the specific asset will flow to the Company and the cost of the item can be measured reliably. All other expenditure is recognised in the statement of profit and loss as incurred.

Amortisation methods and periods:

Intangible assets are amortised in the Statement of Profit and Loss over their estimated useful lives using the straight-line method, from the date that they are available for use based on the expected pattern of consumption of economic benefits of the asset.

Intangible assets comprise technical knowhow - model fee and computer software.

The amortization rates are as follows:

| Block of Asset                 | Estimated life (Years) |
|--------------------------------|------------------------|
| Technical knowhow – Model fees | 5 Years                |
| Computer software              | 3 Years                |

Amortisation method and useful lives are reviewed at each reporting date. If the useful life of an asset is estimated to be significantly different from previous estimates, the amortisation period is changed accordingly. If there has been a significant change in the expected pattern of economic benefits from the asset, the amortisation method is changed to reflect the changed pattern.

An intangible asset is derecognised on disposal or when no future economic benefits are expected from its use and disposal.

The cost of Intangible assets at 1 April 2016, the Company's date of transition to Ind AS, was determined with reference to its carrying value recognized as per the previous GAAP (deemed cost), as at the date of transition to Ind AS.

### viii) Impairment of non-financial assets

Property, plant and equipment and Intangible assets are reviewed at each reporting date to determine if there is indication of any impairment. If any indication exists, the asset's recoverable amount is estimated. For assets that are not yet available for use, the recoverable amount is estimated at each reporting date. An impairment loss is recognised for the amount by which the carrying amount of an asset or cash generating unit exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. Value in use based on the estimated future cash flows, discounted to their present value using a pre-tax discount rate that reflects current market assessment of the time value of money and the risk specific to the assets or CGU. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash-generating units). Impairment losses are recognised in the Statement of Profit and Loss. An impairment loss are reviewed for possible reversal at the end of each reporting period. An impairment loss is reversed if there has been change in the estimate used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined net of depreciation or amortization if no impairment loss had been recognised.

### ix) Inventories

Inventories which comprise raw materials, work-in-progress, finished goods, stock-in-trade, stores and spares, and loose tools are carried at the lower of cost and net realisable value.

Cost of raw materials and traded goods comprises cost of purchases. Cost of work-in-progress and finished goods comprises all costs of purchase, costs of conversion and other costs incurred in bringing the inventories to their present location and condition.

In determining the cost, weighted average cost method is used. In the case of manufactured inventories and work in progress, fixed production overheads are allocated on the basis of normal capacity of production facilities.

Goods in transit are valued at purchase cost.

**Notes to the financial statements for the year ended March 31, 2025**

Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale.

The proportionate amount of additional duty of customs paid on finished goods imported for trading and lying unsold as at the year-end has been included in the value of the finished goods stock.

The net realisable value of work-in-progress is determined with reference to the selling prices of related finished products. Raw materials and other supplies held for use in the production of finished products are not written down below cost except in cases where material prices have declined and it is estimated that the cost of the finished products will exceed their net realisable value.

The comparison of cost and net realisable value is made on an item-by-item basis.

**x) Employee benefits****Short term employee benefits**

Employee benefits payable wholly within twelve months of receiving employee services are classified as short-term employee benefits. These benefits include salaries and wages, bonus, and ex-gratia. The amount of short-term employee benefits to be paid in exchange for employee services is recognised as an expense as the related service is rendered by employees.

**Post-employment benefits**

The Company operates the following post-employment schemes:

- (a) defined contribution plans such as superannuation fund, national pension scheme and employee state insurance scheme; and
- (b) defined benefit plans such as gratuity and provident fund

**Defined contribution plans**

A defined contribution plan is a post-employment benefit plan under which an entity pays specified contributions to a separate entity and has no obligation to pay any further amounts.

- (i) Superannuation fund

Under the superannuation scheme, a defined contribution plan, the Company pays fixed contributions into a separate trust and has no obligation to pay further amounts. The trust has taken up a policy with the Life Insurance Corporation of India. Benefits are paid by Life Insurance Corporation of India to the vesting employees on retirement, death, incapacitation or termination of employment. Contributions paid by the Company to the superannuation trust are charged to the statement of profit and loss. The Company has stopped the contribution to superannuation fund trust w.e.f. October 1, 2023.

- (ii) National Pension Scheme (NPS)

The Company has contributed to National Pension Scheme and is recognized as an expense in the statement of profit and loss every year.

- (iii) Employee's state insurance scheme

The Company's contribution paid / payable to State plans namely employees state insurance scheme and Employees' Pension Scheme is recognized as an expense in the statement of profit and loss every year.

**Defined benefit plans**

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets, both determined at the start of the annual reporting period. This cost is included in employee benefit expense in the statement of profit and loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions, the return on plan assets (excluding interest) and the effect of the asset ceiling (if any, excluding interest) are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in profit or loss as past service cost.

- (i) Gratuity

The Company has an obligation towards gratuity, a defined benefit retirement plan covering eligible employees. The plan provides for a lump sum payment to vested employees at retirement, death while in employment or on termination of employment of an amount based on the respective employee's salary and the tenure of employment. Vesting occurs upon completion of five years of service. The Company makes annual contributions to gratuity fund established as trust which has taken up a group policy with the Life Insurance Corporation of India. The Company accounts for the liability for gratuity benefits payable in future based on an independent actuarial valuation report using the projected unit credit method as at the year end. The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plan is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets.

(ii) Provident Fund

The eligible employees of the Company are entitled to receive benefits under the provident fund set up as an irrevocable trust. Both the employees and the Company make monthly contributions at a specified percentage of the covered employees' salary. The aggregate contributions along with interest thereon are paid at retirement, death, in incapacitation or termination of employment. The interest rate payable by the trust to the beneficiaries every year is notified by the appropriate authorities. The Company has an obligation to make good the shortfall, if any, between the return from the investments of the trust and the notified interest rate.

The annual contributions paid by the Company to the provident fund are charged off to the Statement of Profit and Loss. In addition, the Company provides for the interest shortfall, if any and is determined annually based on an independent actuarial valuation report.

Other long-term employee benefit obligations - Compensated Absences

The employees can carry-forward a portion of the unutilised accrued compensated absences and utilise it in future service periods or receive cash compensation on termination of employment. Since the compensated absences do not fall due wholly within twelve months after the end of the period in which the employees render the related service and are also not expected to be utilized wholly within twelve months after the end of such period, the benefit is classified as a long-term employee benefit. The Company records an obligation for such compensated absences in the period in which the employee renders the services that increase this entitlement. The obligation is measured based on independent actuarial valuation using the projected unit credit method. The benefits are discounted using the appropriate market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in the statement of profit and loss.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

xi) **Revenue recognition – Revenue from Contracts with Customers**

**Sale of goods**

**Timing of recognition:** The Company manufactures and sells a range of power products. Sales are recognised when control of the products has transferred, being when the products are delivered to the customers. Delivery occurs when the products have been shipped to the specific location, the risks of obsolescence and loss have been transferred to the customer, and either the customer has accepted these standard products in accordance with the sales contract, or the acceptance provisions have lapsed, or the Company has objective evidence that all criteria for acceptance have been satisfied.

The timing of transfers of control varies depending on the terms of sale. For sale of goods to domestic customers, such transfer occurs when the products are delivered to dealers and for export sales when delivered to a carrier at the port of the seller.

Receivable is recognized when the goods are delivered as this is the point in time that the consideration is unconditional because only the passage of time is required before the payment is due.

**Measurement of revenue:** Revenue is measured at the transaction price of the consideration received or receivable. Amounts disclosed, as revenue are exclusive goods and services tax (GST) and inclusive amounts collected on behalf of third parties. A refund liability (sales incentive payable) is recognized for expected volume discounts payable to customers in relation to sales made until the end of the reporting period.

The Company accounts for volume discounts and pricing incentives (sales incentive) to customers as a reduction of revenue. The discounts/incentives are assessed based on its estimate of the customer's anticipated annual purchases. The Company recognises changes in the estimated amount of obligations for discounts/incentives in the period in which the change occurs. The discounts/incentives are passed on to the customer as a reduction of payments due from the customer, on actual basis.

The Company's obligation to repair or replace faulty products under the standard warranty terms is recognised as a provision, see note 14. A contract liability is recognised on account of unsettled advances received from /due to customers.

**Sale of services**

**Timing of recognition:** In arrangements for sale of goods, the Company provides after-sales service coupons to the end customers which entitle them to avail free of cost maintenance services. When two or more revenue generating activities or deliverables are provided under a single arrangement, each deliverable that is considered to be a separate unit of account is accounted for separately. The arrangements generally meet the criteria for considering sale of goods and related services as separately identifiable performance obligation. Revenue related to the service coupons is deferred and recognised when the coupons are redeemed or expired whichever is earlier.

**Measurement of revenue:** The amount of service coupon revenue is based on the number of coupons redeemed or expired relative to the total number of coupons expected to be redeemed or expired based on relative standalone selling price of performance obligation. A contract liability is recognised on account of unexpired service coupons.

**Notes to the financial statements for the year ended March 31, 2025**

The Company does not expect to have any contracts where the period between the transfer of the promised goods or services to the customer and payment by the customer exceeds one year. Consequently, the Company does not adjust any of the transaction prices for the time value of money.

**xii) Other operating revenue:****Export incentive income**

Export benefits under various schemes notified by the government are recognized when there is reasonable assurance that they will be received, and the Company will comply with the conditions associated with the scheme.

**xiii) Interest income**

Interest income is recognised using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses.

**xiv) Financial assets****Classification**

The Company classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income, or through the statement of profit and loss), and
- those measured at amortised cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows. For assets measured at fair value, gains and losses will be recorded in the statement of profit and loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.

The Company reclassifies debt investments when and only when its business model for managing those assets changes.

**Measurement**

At initial recognition, the Company measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through the statement of profit and loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through the statement of profit and loss are expensed in statement of profit and loss.

**Debt instruments**

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Company classifies its debt instruments:

**Amortised cost:** Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. A gain or loss on a debt investment that is subsequently measured at amortised cost and is not part of a hedging relationship is recognised in the statement of profit and loss when the asset is derecognised or impaired. Interest income from these financial assets is included in finance income using the effective interest rate method.

**Fair value through other comprehensive income (FVOCI):** Assets that are held for collection of contractual cash flows and for selling the financial assets, where the asset's cash flow represent solely payments of principal and interest, are measured at fair value through other comprehensive income (FVOCI). Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognised in profit and loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to the statement of profit and loss and recognised in other income. Interest income from these financial assets is included in other income using the effective interest rate method. Foreign exchange gains and losses are presented in other income and impairment expenses in other expenses.

**Fair value through profit or loss:** Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss and is not part of a hedging relationship is recognised in the statement of profit and loss and presented net in the statement of profit and loss within other income in the period in which it arises. Interest income from these financial assets is included in other income.

Changes in the fair value of financial assets at fair value through profit or loss are recognised in other income in the statement of profit and loss. Impairment losses (and reversal of impairment losses) on equity investments measured at FVOCI are not reported separately from other changes in fair value.

**Impairment of financial assets**

The Company assesses on a forward-looking basis the expected credit loss associated with its assets carried at amortised cost and FVOCI debt instruments. The impairment methodology applied depends on whether there has been a significant increase in credit risk. Note 27 details how the Company determines whether there has been a significant increase in credit risk.

For trade receivables only, the Company applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

Derecognition of financial assets:

A financial asset is derecognised only when:

- The Company has transferred the rights to receive cash flows from the financial asset or
- retains the contractual rights to receive the cash flows of the financial asset but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the Company has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

### Trade receivables

Trade receivables are amounts due from customers for goods sold or services rendered in the ordinary course of business. Trade receivables are recognized initially at the amount of consideration that is unconditional unless they contain significant financing component, when they are recognized at fair value. The Company holds the trade receivables with the objective to collect the contractual cash flows and therefore measures them subsequently at amortized cost using the effective interest method, less loss allowance.

### xv) Financial Liabilities:

All financial liabilities are initially recognised when the Company becomes a party to the contractual provisions of the instrument. The subsequent measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at fair value through profit or loss

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied. Changes in fair value of such liability are recognized in the statement of profit and loss.

Financial liabilities at amortized cost

After initial recognition, financial liabilities are subsequently measured at amortized cost using the effective interest rate (EIR) method except for deferred consideration recognized in a business combination which is subsequently measured at fair value through profit and loss. Gains and losses are recognized in the statement of profit and loss when the liabilities are derecognized as well as through the EIR amortization process. Amortized cost is calculated by considering any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the statement of profit and loss.

Derecognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. The Company also derecognises a financial liability when its terms are modified and the cash flows of the modified liability are substantially different, in which case a new financial liability based on the modified terms is recognised at fair value.

### xvi) Offsetting financial instruments

Financial assets and liabilities are offset, and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

### xvii) Trade and other payables

These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

### xviii) Provisions

A provision is recognised if, as a result of a past event, the Company has a present legal or constructive obligation, it is probable that an outflow of economic benefits will be required to settle the obligation and the amount can be estimated reliably. Expected future operating losses are not provided for.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense. All the provisions are reviewed at each balance sheet date.

**Notes to the financial statements for the year ended March 31, 2025****Warranty costs**

Warranty costs are estimated on the basis of a past experience. Provision is made for estimated liability in respect of warranty costs in the year of sale of goods.

**xix) Contingent liabilities and contingent assets**

A contingent liability exists when there is a possible but not probable obligation, or a present obligation that may, but probably will not, require an outflow of resources, or a present obligation whose amount cannot be estimated reliably. Contingent liabilities do not warrant provisions but are disclosed unless the possibility of outflow of resources is remote. Contingent liabilities are reviewed at each Balance Sheet date. Contingent assets are neither recognised nor disclosed in the financial statements. However, contingent assets are assessed continually and if it is virtually certain that an inflow of economic benefits will arise, the asset and related income are recognised in the period in which the change occurs.

**xx) Income Taxes**

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses, if any.

The current income tax charge is calculated based on the tax laws enacted or substantively enacted at the end of reporting period in India where the Company operates and generates taxable income. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulations is subject to interpretation. It establishes provisions where appropriate based on amounts expected to be paid to the tax authorities.

Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Deferred income tax is provided in full, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. However, deferred income tax is not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit (tax loss). Deferred income tax is determined using tax rates (and laws) that have been enacted or substantively enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized; such reductions are reversed when the probability of future taxable profits improves.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority.

Current and deferred tax is recognised in the statement of profit and loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

**xxi) Leases**

A lease is a contract that contains right to control the use of an identified asset for a period of time in exchange for consideration.

As a lessee

Leases are recognized as a right-of-use asset and a corresponding liability at the date at which the leased asset is available for use by the Company. Contracts may contain both lease and non-lease components. The Company allocates the consideration in the contract to the lease and non-lease components based on their relative stand-alone prices. However, for leases of real estate for which the Company is a lessee, it has elected not to separate lease and non-lease components and instead accounts for these as a single lease component.

Assets and liabilities arising from a lease are initially measured on a present value basis. Lease liabilities include the net present value of the following lease payments:

- fixed payments (including in-substance fixed payments), less any lease incentives receivable
- variable lease payment that are based on an index or a rate, initially measured using the index or rate as at the commencement date
- amounts expected to be payable by the Company under residual value guarantees
- the exercise price of a purchase option if the Company is reasonably certain to exercise that option, and
- payments of penalties for terminating the lease, if the lease term reflects the Company exercising that option.

Lease payments to be made under reasonably certain extension options are also included in the measurement of the liability.

The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate, being the rate that the individual lessee would have to pay to borrow the funds necessary to obtain an asset of similar value to the right-of-use asset in a similar economic environment with similar terms, security and conditions. For leases with reasonably similar characteristics, the Company may adopt the incremental borrowing rate for the entire portfolio of leases.

The Company is exposed to potential future increases in variable lease payments based on an index or rate, which are not included in the lease liability until they take effect. When adjustments to lease payments based on an index or rate take effect, the lease liability is reassessed and adjusted against the right-of-use asset.

Lease payments are allocated between principal and finance cost. The finance cost is charged to profit or loss over the lease period to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

Right-of-use assets are measured at cost comprising the following:

- the amount of the initial measurement of lease liability
- any lease payments made at or before the commencement date less any lease incentives received
- any initial direct costs, and
- restoration costs.

The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any re measurement of the lease liability. The right-of-use asset is depreciated from the commencement date on a straight-line basis over the shorter of the lease term unless the lease transfers ownership of the underlying asset to the Company and useful life of the underlying asset. Leasehold land is amortized on a straight-line basis over the period of lease i.e. 90 years. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in the statement of profit and loss.

Payments associated with short-term leases of equipment and all leases of low-value assets are recognised on a straight-line basis as an expense in the statement of profit and loss. Short-term leases are leases with a lease term of 12 months or less.

### xxii) **Cash and cash equivalents**

Cash and cash equivalents in the balance sheet comprises of cash on hand, demand deposits with banks, other short term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

### xxiii) **Segment reporting**

Operating segments are reported in a manner consistent with internal reporting provided to the chief operating decision maker. The Chief Executive Officer has been identified as the chief operating decision maker assess the financial performance and position of the Company and make strategic decisions. The Company is primarily engaged in the business of "manufacturing and marketing of portable gensets, water pumps, general purpose engines, lawn mower's, brush cutters, tillers and marine engines". However, in the context of Indian Accounting Standard 108 – Operating Segments, these are considered to constitute single reportable segment.

### xxiv) **Earnings per share**

Basic earnings per share is calculated by dividing the profit for the year attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the financial year.

Diluted earnings per share adjusts the figures used in determination of basic earnings per share to consider:

The after-income tax effect of interest and other financing costs associated with dilutive potential equity shares, and the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares, except where the results would be anti-dilutive.

### xxv) **Contributed equity**

Equity shares are classified as equity. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

### xxvi) **Dividends**

Provision is made for the amount of any dividend declared, being appropriately authorised and no longer at the discretion of the entity, on or before the end of the reporting period but not distributed at the end of the reporting period.

### xxvii) **Royalty**

The Company pays / accrues for royalty in accordance with the relevant license agreement.

**xxviii) Fair value Measurement:****(a) Fair value hierarchy:**

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices (for example, listed equity instruments, traded bonds and mutual funds that have quoted price).

Level 2: The fair value of financial instruments that are not traded in an active market (for example, traded bonds, over-the-counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement. The Company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

\*Weighted average lessee's incremental borrowing rate applied to lease liabilities is 9.18%p.a. (March 31, 2024: 9.18%p.a.).

The Company's leasing activities: The Company has entered into lease agreements for lease of offices, godowns etc., generally for a period of 6 months to 5 years with renewal option and which can be terminated after lock-in-period by serving notice period as per the terms of the agreements.

In applying IndAS 116, the Company has used the following practical expedients:

- (i) Applying a single discount rate to a portfolio of leases with reasonably similar characteristics.
- (ii) Accounting for operating leases with a remaining lease term of less than 12 months as short-term leases.
- (iii) Excluding initial direct costs for the measurement of the right-of-use asset at the date of initial application.
- (iv) Excluding low value lease with respect to individual asset in a class of asset

#### Terms and rights attached to equity shares

The Company has a single class of equity shares having a par value of Rs. 10 each. Accordingly, all equity shares rank equally with regard to dividends and share in the Company's residual assets. The voting rights on a poll (not on show of hands) are in proportion to an equity shareholder's share of the paid-up equity capital of the Company. Voting rights cannot be exercised in respect of shares on which any call or other sums presently payable have not been paid.

On winding up of the Company, the holders of equity shares will be entitled to receive the residual assets of the Company, remaining after distribution of all preferential amounts in proportion to the number of equity shares held.

### (v) Sensitivity analysis

The sensitivity of the defined benefit obligation to changes in the principal assumptions are:

#### (a) Changes in defined benefit obligation of Gratuity plan due to change in discount rate

|   | March 31, 2025 | March 31, 2024 |
|---|----------------|----------------|
| i) Defined benefit obligation   | 3,148          | 2,890          |
| ii) Decrease in defined benefit obligation at 0.5% increase in discount rate  | (157)          | (139)          |
| iii) Increase in defined benefit obligation at 0.5% decrease in discount rate | 171            | 152            |

#### (b) Changes in defined benefit obligation of Gratuity plan due to change in salary growth rate

|  | March 31, 2025 | March 31, 2024 |
|--|----------------|----------------|
| i) Defined benefit obligation  | 3,148          | 2,890          |
| ii) Increase in defined benefit obligation at 0.5% increase in salary growth rate  | 168            | 150            |
| iii) Decrease in defined benefit obligation at 0.5% decrease in salary growth rate | (156)          | (139)          |

#### (c) Changes in defined benefit obligation of Provident Fund plan due to change in discount rate

|   | March 31, 2025 | March 31, 2024 |
|---|----------------|----------------|
| i) Defined benefit obligation   | 10,316         | 9,648          |
| ii) Impact on defined benefit obligation at 0.5% increase in discount rate  | (3)            | (2)            |
| iii) Impact on defined benefit obligation at 0.5% decrease in discount rate | 3              | 2              |

#### (d) Changes in defined benefit obligation of Gratuity plan and Provident fund due to changes in mortality and withdrawal rate, are negligible.

The above sensitivity analysis are based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumption the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognized in the balance sheet. The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to the prior period. Brackets represents gain.

### (vii) Risk exposure

Through its defined benefit plan, the Company is exposed to a number of risks, the most significant of which are defined below:

|                                 |  |
|---------------------------------|--|
| <b>Investment risk</b>          | If plan is funded then assets and liabilities mismatch and actual investment return on assets is lower than the discount rate assumed at the last valuation date can impact the liability. |
| <b>Discount rate</b>            | Reduction in discount rate in subsequent valuations can impact the plan's liability.   |
| <b>Mortality and disability</b> | Actual deaths and disability cases proving lower or higher than assumed in the valuation can impact the liabilities.   |
| <b>Salary increases</b>         | Actual salary increases will increase the plan's liability. Increase in salary increase rate assumption in future valuations will also increase the liability.                             |
| <b>Withdrawals</b>              | Actual withdrawals proving higher or lower than assumed withdrawals and change of withdrawal rates at subsequent valuations can impact plan's liability.                                   |

### (viii) Defined benefit liability and employer contributions

Expected provident fund contribution for the year ended March 31, 2026 is INR 420 lakhs.

Expected contribution to post-employment benefit plan i.e. gratuity for the year ended March 31, 2026 is INR 274 lakhs.

The weighted average duration of the defined benefit obligation of Gratuity plan as at March 31, 2025 is 15.62 years (March 31, 2024: 16.01 years). The expected maturity analysis of gratuity is as follows:

|                            | Less than a year | Between 1-2 years | Between 2-5 years | Over 5 years | Total        |

#### (a) Fair value of financial assets and liabilities measured at amortised cost

The following summarizes the financial instruments at fair value and classification of financial instruments into the three levels prescribed under the Indian Accounting Standards:

There are no financial assets and financial liabilities in a category measured at fair value-recurring fair value measurements.

The carrying amounts of trade receivables, cash and cash equivalents, other bank balances, trade payables, employee benefits payables, lease liabilities, interest accrued, unpaid dividends, capital creditors and security deposits received are considered to be the same as their fair values, due to their short-term nature.

The fair values for long - term deposits with banks with remaining maturity period more than 12 months were calculated based on cash flows discounted using a current interest rate. The carrying amount is considered to approximate the same to fair value as at the reporting date based on evidence obtained from banks to support the valuation.

There is no transfer of financial assets and liabilities between the levels 1,2,3 during the year.

### Note 27: Financial risk management

The Company's activities expose it to market risk, liquidity risk and credit risk. The Company's overall risk management program focuses on the unpredictability of financial markets and seeks to minimize the potential adverse effects on the Company's financial performance. This note explains the sources of risk which the entity is exposed to and how the entity manages such risk.

| Risk                                  | Exposure arising from   | Measurement                                   | Management  |
|---------------------------------------|---|---|---|
| <b>Credit risk</b>                    | Cash and cash equivalents, trade receivables, financial assets measured at amortised cost | Ageing analysis                               | Diversification of bank deposits, credit limits, letter of credit and periodic monitoring of realisable value |
| <b>Liquidity risk</b>                 | Trade payables and other liabilities  | Rolling cash flow forecasts                   | Availability of sufficient internally generated operating cash flows  |
| <b>Market risk - foreign exchange</b> | Recognised financial assets and liabilities not denominated in Indian rupee (INR)         | Cash flow forecasting<br>Sensitivity analysis | Cash flow forecasting   |

The Company's senior management oversees the management of these risks. The Company's risk management policies are established to identify and analyse the risks faced by the Company to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities.

#### (A) Credit risk

Credit risk arises from cash and cash equivalents, financial assets carried at amortised cost and deposits with banks, as well as credit exposures to customers, including outstanding receivables.

### (i) Credit risk management

#### Trade receivables and other financial assets

A default is when the counterparty fails to make contractual payments within 30 days of when they fall due in case of trade receivables and for other financial assets as prescribed by relevant terms of the contract. This definition of default is determined considering the business environment in which the Company operates and other macro-economic factors. Assets are written-off when there is no reasonable expectation of recovery, such as a trade receivables declaring bankruptcy or failing to engage in a repayment plan with the Company. Where financial assets have been written off, the Company continues to engage in enforcement activity to attempt to recover the receivable due. Where recoveries are made, these are recognized in the statement of profit and loss.

The Company extends credit to the customers considering factors such as credit track record in the market and past dealing with the Company. The Company monitors the payment track record of the customers. The Company's third party export customers are secured through letter of credit and majority of the Company's export trade receivables are outstanding but not due with its related entities, which mitigates the risk to an extent.

#### Cash and cash equivalents and deposits with banks

Credit risk related to cash and cash equivalents and bank deposits is managed by only accepting highly rated banks and diversifying bank deposits accounts in different banks across the Country.

### (ii) Provision for expected credit losses

The Company provides for expected credit loss based on the following:

#### (a) Financial assets for which loss allowance is measured using 12 month expected credit losses

The 12-month expected credit loss is a portion of the lifetime expected credit losses which results from default events that are possible within 12 months after the reporting date. At initial recognition, financial assets are considered as having negligible credit risk. The Company monitors whether there is any significant increase in credit risk since initial recognition.

#### (b) Financial assets for which loss allowance is measured using life time expected credit losses

Lifetime expected credit loss are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. Management believes that the unimpaired amounts that are 6 months past due date are still collectible in full. The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period. To assess whether there is a significant increase in credit risk the Company compares the risk of a default occurring on the asset as at the reporting date with the risk of default as at the date of initial recognition. It considers available reasonable and supportive forward-looking information. Considering the above factors the trade receivables continue to have a negligible credit risk on initial recognition and thereafter on each reporting date.

### Impairment of financial assets

The impairment provisions for financial assets disclosed above are based on assumptions about risk of default and expected loss rates. The Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on the Company past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

### (B) Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash. The Company's approach to managing liquidity is to ensure, that it will have sufficient liquidity to meet its liabilities when they are due. The Company aims to maintain the level of its cash and cash equivalents at an amount in excess of expected cash outflows on financial liabilities.

### Maturities of financial liabilities

The tables below analyse the Company's financial liabilities into relevant maturity groupings based on their contractual maturities for all financial liabilities:

The amounts disclosed in the table are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances as the impact of discounting is not significant.

### (C) Market risk

#### (i) Foreign currency risk

The Company is exposed to foreign exchange risk arising from foreign currency transactions, primarily with respect to the USD, JPY, THB, CNY and EUR. Foreign exchange risk arises from future commercial transactions and recognised assets and liabilities denominated in a currency that is not the Company's functional currency (INR). The risk is measured through a forecast of highly probable foreign currency cash flows. The Company does not have any debt other than leases in its financial statements. Therefore there is no exposure to interest risk.

#### (a) Foreign currency risk exposure

The Company's exposure to foreign currency risk at the end of the reporting period expressed in INR, are as follows:

## Notes to the financial statements for the year ended March 31, 2025

(All amounts in INR lakhs, unless otherwise stated)

### (f) Terms and conditions

Transactions relating to dividends were on the same terms and conditions that applied to other shareholders.

All other transactions were made on normal commercial terms and conditions and at arms length. All outstanding balances are unsecured and settled in cash.

### Note 31: Contingent liabilities

The Company has contingent liabilities at the year end in respect of:

|  | March 31, 2025 | March 31, 2024 |
|--|----------------|----------------|
| Claims against the Company not acknowledged as debts |                |                |
| Income tax matters                                   | 14,626         | 14,702         |
| Customs matters                                      | 4,879          | 2,173          |
| Sales tax matters                                    | 530            | 556            |
| Other matters  | 57             | 57             |

### Notes

- In respect of the matters above, the amount represents the demands received under the respective demand/ show cause notices/ legal claims, wherever applicable.
- Pending resolution of the respective proceedings, it is not practicable for the Company to estimate the timings of cash outflows, if any, in respect of the above as it is determinable only on receipt of judgements/decisions pending with various forums/authorities.
- The Company does not expect any reimbursements in respect of the above contingent liabilities.
- The Company has received a show cause notice dated May 30, 2018, from Regional Commissioner - Noida under section 7A of the Employees' Provident Fund and Miscellaneous Provisions Act 1952 challenging the salary structure used for determining the liability under the act in case of international workers. Presently the proceedings subsequent to the notice are in data collection and verification stage and no demand has been raised on the Company.  
The Company has filed a writ petition against the show cause notice and proceedings thereto, in Allahabad High court, wherein the Hon'ble High court in their order dated April 30, 2019, directed that any final order passed by the Provident Fund authorities will be subject to the disposal of the present writ petition.  
Based on the opinion obtained from external legal expert, the management has assessed that the Company has a good case in the said matter.
- The Company will continue to assess the impact of further developments relating to retrospective application of Supreme Court Judgment in case of "Vivekananda Vidyamandir And Others Vs The Regional Provident Fund Commissioner (II) West Bengal" and the related circular (Circular No. C-1/1(33)2019/Vivekananda Vidya Mandir/284) dated March 20, 2019 issued by the Employees' Provident Fund Organisation on non-exclusion of certain allowances from the definition of "basic wages" of the relevant employees for the purposes of determining contribution to provident fund under the Employees' Provident Funds & Miscellaneous Provisions Act, 1952. In the assessment of the management which is supported by legal advice, the aforesaid matter is not likely to have a significant impact and accordingly, no provision has been made in these Financial Statements.
- In view of the judgement of honourable supreme court in the case of M/s Northern operating system private limited(NOS) on manpower supply services, the Company has consulted a reputed lawyer and got its opinion. Based on the opinion the Company is of the view that the Company has no liability in this regards as the facts of the Company are different from NOS. However the Company has discharged the GST without admitting liability.
- The results of product line testing done during the financial year 2021-22 were not in confirmation with required norms in case of USA, Canada, Australia, UK, countries in EU /EFTA. In case of USA and Canada, testing results exceeded the declarations on the products but same were within the required norms in respective countries. During the year ended 31 March 2023, based on management estimate, the Company has provided a sum aggregating to Rs 1,750 lakhs towards repair and reimbursement of expenses towards inventory holding of non-confirming stock out of the sale made by the Company during financial year 2021-22 to its fellow subsidiaries in USA and Canada.  
During the previous year all the activities related to repair has been completed. No further action is necessitated in this regard.  
The total expenditure incurred by the company in this regard is Rs 1352 lakhs, consequently Rs 398 lakhs being the excess provision made during year ended 31 March 2023 has been written back and shown under "Exceptional Items" in the financial statements in the previous year.
- The Company has received order amounting to Rs 4,441.69 lakhs from Customs Department regarding classification of three parts at the time of importation. The Company has filed the appeal in CESTAT, Allahabad against the order.  
Based on the opinion obtained from external legal expert, the management has assessed that the Company has a good case in the said matter.
