## ABOUT US

Universal Autofoundry Limited is a renowned global manufacturer and exporter specializing in the production of Cast Iron and Ductile Iron castings. Our products cater to various industries, including automobiles, earth movers, agriculture, railways, and international markets.

We offer castings in three different conditions: Machined, Semi Machined, and as cast, all of which can be customized with surface treatments to meet our customers' specific requirements. Our diverse range of components, such as Suspension Brackets, Differential Housings, Hubs, Brake Drums, Flywheels, Adjuster Nuts, Pulleys, Dampers, and more, are widely utilized in the commercial vehicle and engineering sectors.

Spanning over an expansive about 30,000 square meters, Universal Autofoundry houses state-of-the-art manufacturing facilities. We boast a fully integrated casting and machining operation, ensuring efficient production in an environmentally friendly foundry and machine shop. Our capabilities extend to the supply of intricate, cored, and fully machined cast components, with weights ranging from 4 to 125 kilograms. The casting capacity of the Universal Group reaches an impressive 42,000 metric tons per year.

Quality is of utmost importance to us, and we have obtained certifications including ISO 9001, IATF16949, ISO 14001, ISO 45001, as well as the prestigious A class approval from railways RDSO, reaffirming our commitment to excellence in all aspects of our operations.

## CHAIRMAN'S MESSAGE

**“Success is not final, failure is not fatal:  
It is the courage to continue that counts.”  
– Winston Churchill**

Dear Valued Shareholders,

I am delighted to present to you our 16th Annual Report for Financial Year (FY) 2024-25. This year has been a remarkable year for all of us here at Persistent. We emerged more resilient and reinvigorated, and our confidence in our capabilities is reflected not only in our numbers but also in the trust that our clients have placed in us. I am grateful to our clients, partners, team members, and other stakeholders for their relentless collaboration to make this happen.

Last year, we were able to steer through the challenges of the unpredictable market conditions effectively and achieve strong growth. We did this by aligning to our clients' vision, focusing relentlessly on growth, and maintaining a strong operational rigour. This is a testament to the unwavering determination of our teams to help our clients succeed in their respective industries.

During the year your Company started commissioning 3.60 MW AC (5 MWp DC) Captive Solar PV Power Generation Plant located at Bikaner which has started its commercial production w.e.f. 24.07.2025. Undoubtedly it will be going to boost the production capacity and sustain ability growth of the Company.

Our unwavering commitment to continuous transformation and innovation remains a cornerstone of our strategy. Over the past year, we have made substantial improvements in how we serve our customers and approach the market in critical areas of our business. These strategic enhancements have not only fortified our current position but have also laid a solid foundation for future growth.

Looking ahead, the opportunities before us are abundant and promising. The expanding automobile sector, buoyed by the Production Linked Incentive (PLI) scheme and significant investments, heralds a bright future for our industry. The Medium and Heavy Commercial Vehicle (M&HCV) industry and tractor production in India are also on positive

growth trajectories, driven by increased industrial activity, agricultural output, and infrastructure development. These trends are set to create substantial demand for our high-quality casting products.

Our focus on innovation, quality, and customer satisfaction will continue to be the driving forces behind our success. We are confident in our ability to capitalize on these growth opportunities and deliver superior products and services to our clients. By

leveraging our strengths and staying ahead of industry trends, we are well-positioned to achieve sustainable growth and profitability.

Moving ahead, I am bullish about our prospects and confident in our ability to navigate the evolving landscape successfully. We remain committed to executing on our strategic priorities, driving sustainable growth and delivering value to our stakeholders. Our journey is just beginning, and with your continued support, the future looks brighter than ever.

I would like to express my heartfelt gratitude to our employees for their dedication and resilience during these challenging times. Their unwavering commitment and hard work have been instrumental in our success. We remain committed to ensuring the well-being of our employees, recognizing that their health and satisfaction are crucial to our collective success.

On behalf of the Board of Directors and the Management Team, I extend my sincere thanks to you, our shareholders, for your overwhelming trust and confidence. Your support has been a driving force, motivating us to pursue an agenda that aligns with the long-term interests of the company. We are optimistic that our mutual relationship will continue to prosper in the years to come.

Sincerely,

**Vimal Chand Jain**

The Board of Directors recommends the Ordinary Resolution set out at Item No. 3 of the Notice for approval by the Members.

### Item No. 4:

The Board of Directors, at its Meeting held on May 15, 2025, upon the recommendation of the Audit Committee has approved the appointment and remuneration of M/s Girdhar Choudhary & Co. (FRN: 103888), Cost Accountant, Udaipur as Cost Auditors of the Company for conducting the audit of the cost records of the Company,

for the financial year ending on 31st March, 2026 at a remuneration of Rs 35,000/-. Pursuant to Section 148 of the Companies Act, 2013 read with the Companies (Audit and Auditors) Rules, 2014, Members of a Company are required to ratify the remuneration to be paid to the Cost Auditors of the Company. Accordingly, consent of the Members is sought for passing an ordinary resolution as set out at Item No. 4 of the Notice for ratification of the remuneration payable to the Cost Auditors for the Financial Year ending 31st March, 2026 as approved by the Board of Directors.

None of the Directors, Key Managerial Personnel of the Company and their relatives are concerned or interested, financial or otherwise, in the said Resolution. The Company has disclosed all the related information and to the best of understanding of the Board of Directors, no other information and facts are required to be disclosed that may enable members to understand the meaning, scope and implications of the items of business and to take decision thereon.

The Board of Directors recommends the Ordinary Resolution set out at Item No. 4 of the Notice for approval by the Members.

### Item No. 5:

The Companies Act, 2013 aims to ensure transparency in the transactions and dealings between related parties of the company. The provisions of Section 188(1) of Companies Act, 2013 and listing regulations that govern the related party transactions, requires that for entering into any contract or arrangement as mentioned herein below at ANNEXURE 1 with the related party, the company must obtain prior approval of the Board of Directors and in case transactions exceeding prescribed amount, prior approval of shareholders is required.

In the light of provisions of Companies Act, 2013 and Securities Exchange Board of India (Listing Obligation & Disclosure Requirements) Regulations, 2015 the Board of Directors of your company has approved the transactions provided at Annexure 1 along with annual limit that your company may enter into with the related parties (as defined under section 2(76) of the Companies Act, 2013).

None of the Directors, Key Managerial Personnel of the Company and their relatives are concerned or interested, financial other than Mr. Vimal Chand Jain, Mr. Vinit Jain and Mr. Vikram Jain. The Company has disclosed all the related information and to the best of understanding of the Board of Directors, no other information and facts are required to be disclosed that may enable members to understand the meaning, scope and implications of the items of business and to take decision thereon.

The Board of Directors recommends the Special Resolution set out at Item No. 5 of the Notice for approval by the Members.

### Item No. 6:

At the Nomination and Remuneration Committee Meeting dated 06th August, 2025 and Board of Directors Meeting dated 06th August, 2025, the directors of the Company approved the re-appointment of Mr. Vimal Chand Jain (DIN: 00295667) as Chairman & Managing Director of the

Company for the period of five years with effect from 06.08.2025 on such terms and conditions as approved by the Board of Directors and the Nomination and Remuneration Committee during the Meeting.

Further, Mr. Vimal Chand Jain (DIN: 00295667) has been appointed by the shareholders on 29th September, 2020 for the term of 5 Years and the same has been completed on 09th July 2025. Hence on the basis of his experience and eligibility the NRC and the Board has recommended for fresh appointment as Chairman and Managing Director (CMD) for the term of 5 years w.e.f. 06.08.2025 which requires the approval of members by way of a special resolution. Keeping in view that Mr. Vimal Chand Jain has rich and varied experience in the industry and has been involved in the operations of the Company over a long period of time; it would be in the interest of the Company to appoint the employment of Mr. Vimal Chand Jain (DIN: 00295667) as Chairman and Managing Director.

Except Mr. Vimal Chand Jain, Chairman and Managing Director, Mr. Vinit Jain and Mr. Vikram Jain, Wholetime Directors, none of Key Managerial Personnel of the Company or their respective relatives is concerned or interested, financially or otherwise, in the resolution set out in Item No. 6.

This explanation together with the notice is and should be treated as abstract of the terms of appointment of Mr. Vimal Chand Jain (DIN: 00295667), Chairman & Whole Time Director of the Company and a Memorandum as to the nature of the concern in the said appointment, as required under Section 190 of the Companies Act, 2013.

Information required on the matter pursuant to Section II, Part II of Schedule V to the Companies Act, 2013 and Regulation 36 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements)

Regulations, 2015 is given in Annexure.

**Item No. 7:**

As per Section 197 of the Companies Act, 2013 as amended by Companies (Amendment) Act, 2017 which has become effective since September 12, 2018, total managerial remuneration payable by the Company to its directors, including managing director and whole-time director and its manager in respect of any financial year may exceed 11% (eleven per cent) of the net profits of the Company calculated as per the Section 198 of the Companies Act, 2013, provided that the same has been approved by the shareholders of the Company by way of Special Resolution. Pursuant to the recommendation of Nomination and Remuneration Committee, the Board of Directors of the Company in its meeting held on Wednesday, August 06, 2025 recommended to revise overall managerial remuneration payable in any financial year to Rs. 225 lakh per annum which is beyond the limits prescribed under Section 197 and Schedule V of the Companies Act, 2013 w.e.f. FY 2025-26.

In accordance with proviso to Schedule V, Part II, Section II (A), it is proposed to pay the remuneration in excess of the limits prescribed in Section II (A) of Part II of Schedule V, accordingly Board of Directors of the Company recommends the passing of the Special Resolutions as set out in item No. 7 of the Notice.

Except Mr. Vimal Chand Jain, Chairman and Managing Director, Mr. Vinit Jain, Mr. Vikram Jain and Mr. Gajendra Kumar Tyagi, Wholetime Directors, none of Key Managerial Personnel of the Company or their respective relatives is concerned or interested, financially or otherwise, in the resolution set out in Item No. 7.

### 2. Industry Structure and Development

Foundries are pivotal to the casting industry, functioning as facilities where metals are melted, molded, and solidified to produce metal castings.

Indian foundry and casting sector is going through rapid technology transformation with automation, simulation tools, and sophisticated robotics being applied. Computer-aided design (CAD) and computer-aided manufacturing (CAM) systems make processes more efficient by reducing defects and increasing accuracy in casting. Furthermore, application of 3D printing technology to form patterns and mold production helps reduce product development time. Adoption of advanced melting and molding technology enhances efficiency as well as saves material wastage. These technologies result in enhanced quality, faster production, and enhanced competitiveness in both local and international markets. With the momentum for intelligent manufacturing with Industry 4.0 on the go, Indian foundries are embracing data analytics and predictive maintenance tools, making processes even more streamlined and reducing downtime.

India's foundry industry is the world's second largest, producing an estimated 12 million tonnes of castings annually. This sector is experiencing consistent growth, driven by rising demand from various industries like automotive, engineering, and infrastructure. The industry is comprised of approximately 4,500 foundries, employing over half a million people directly and indirectly.

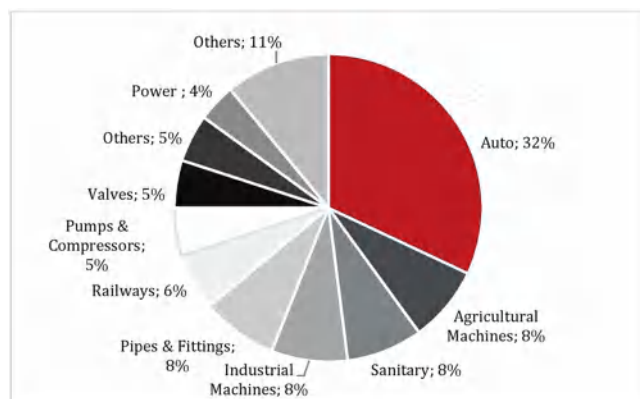

## World Casting Production (Million tonner per annum)

Source: Production-Census 2021-22, Modern Casting, USA

The India iron casting market size reached USD 4.5 Billion in 2024. Looking forward, IMARC Group expects the market to reach USD 6.5 Billion by 2033, exhibiting a growth rate (CAGR) of 4.3% during 2025-2033. The rising automotive and infrastructure development, growing industrial machinery demand, and expanding export opportunities. Technological advancements in casting processes, coupled with cost-effective production capabilities and supportive government policies, further boost market growth. Increasing global sourcing from India also strengthens the industry's momentum.

If we refer sector wise consumers of casting then, the automobile sector is the largest consumer of casting products in India, accounting for nearly one-third of total consumption.

### 3. Opportunities and Threats

India's casting industry is set to grow due to the expanding automobile sector, supported by the PLI scheme and significant investments. By FY28, the auto industry will invest USD 7 billion to localize components, reducing imports.

The Medium and Heavy Commercial Vehicle (M&HCV) industry is poised for growth, with CRISIL forecasting a 2-4% CAGR from FY24 to FY29, driven by industrial activity, agricultural output, and infrastructure development. Tractor production in India is expected to grow at a 4% CAGR, reaching approximately 1,326,000 units by FY29. This growth is driven by the agricultural sector's significance, government initiatives, technological advancements, and evolving farming practices. Challenges like dependence on monsoon and rural infrastructure investment remain which needs to be addressed for sustained tractor demand, supporting India's agricultural economy.

However, casting industry may face the following threats:

- **Fluctuating Raw Material Prices:**

The iron casting industry is susceptible to price volatility in raw materials like iron ore, impacting production costs and profitability.

- **Intense Competition:**

Competition from alternative materials like plastics and aluminum, as well as from other foundries, can put pressure on pricing and market share.

- **Supply Chain Disruptions:**

Disruptions in the supply chain, due to factors like natural disasters, geopolitical instability, or pandemics, can impact production schedules and delivery times.

- **Energy Intensive Production:**

The iron casting process can be energy-intensive, leading to higher operational costs and potentially impacting sustainability goals.

- **Economic Downturns:**

Economic recessions or slowdowns can reduce demand for iron castings across various industries, impacting market growth

- **Shifting Consumer Preferences:**

Changes in consumer preferences, such as a move towards electric vehicles or sustainable products, can impact demand for specific types of castings.

Addressing these issues is crucial for maintaining competitiveness and ensuring sustainable growth in a dynamic and challenging market environment.

#### 4. Company Overview

The company is a globally recognized manufacturer and exporter specializing in Grey Iron, Ductile Iron, and SG Iron Casting. Our extensive product portfolio serves diverse industries including automotive, agriculture, railways, earthmoving, and international markets. The comprehensive range of components, such as Suspension Brackets, Differential Housings, Hubs, Brake Drums, Flywheels, Adjuster Nuts, Pulleys, and Dampers, play pivotal roles in commercial vehicles and engineering applications. The company has three integrated manufacturing facilities with a combined built-up manufacturing area of around 30000 sq. meters.

The company supplies intricate, cored, and fully machined cast components weighing from 5 to 150 Kgs, with a casting capacity of 42000 metric tons per year.

The company maintains long-standing partnerships with a diverse array of esteemed clients in prominent sectors.

#### 5. Segment-wise and Product-wise Performance

During the financial year 2024-25, total sales for the Company registered a decline from Rs. 20321.02 Lakh in 2023-24 to Rs. 19388.90 Lakh in 2024-25. ## INDEPENDENT AUDITOR'S REPORT

### TO THE MEMBERS OF UNIVERSAL AUTOFOUNDRY LIMITED

#### Report on the Audit of the Ind AS Financial Statements

#### Opinion

We have audited the accompanying financial statements of UNIVERSAL AUTOFOUNDRY LIMITED (the "Company"), which comprise the Balance Sheet as at March 31, 2025, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date and a summary of significant accounting policies and other explanatory information (hereinafter referred to as the "the financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025 and its profit, total comprehensive income, changes in equity and its cash flows for the year ended on that date.

#### Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing ("SA"s) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

#### Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the matters described below to be the key audit matters to be communicated in our report:

S. No.	Key Audit Matter	Auditor's Response
1.	Revenue Recognition: Revenue from contracts with customers is recognized when control of the goods are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods. Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts, rebates, scheme allowances, price concessions, incentives, and returns, if any, as specified in the contracts with the customers. The risk is, therefore, that revenue may not be recognized in the correct period or that revenue and associated profit is misstated.	Our audit procedures included the following: <ul style="list-style-type: none"> <li>Understanding the policies and procedures applied to revenue recognition, as well as compliance thereof, including an analysis of the effectiveness of controls related to revenue recognition processes employed by the Company.</li> <li>On sample basis, examining supporting documents for the sales transaction occurring during the year and near the end of the accounting period including the credit notes issued after period end to verify the occurrence and accuracy of revenue, whether revenue recording was consistent with the conditions, and whether it was in compliance with the Company's Policy.</li> <li>Performed analytical procedure to identify the unusual trends and also tested journal entries recognized in revenue focusing on unusual or irregular transactions.</li> <li>On sample basis, examining supporting documents/approvals and calculation of discounts, claims, rebates etc.</li> </ul>

### Emphasis of Matter

1. We draw attention to Foot Note No. 20 to the financial statement, wherein it has stated that some of the balances of vendors are not completely reconciled for the reasons as stated in the said note.
2. We draw attention to Note No. 9 & 20 to the financial statement, we had sent positive external confirmation requests through electronic mode, however there are only fewer confirmations received than anticipated. In respect to trade payables and trade receivables are subject to confirmation from respective parties and consequential reconciliation/adjustment arising there from, if any, however management anticipated that there is no material impact due to such reconciliation and confirmations.

Our report is not modified for the above matter.

### Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility and Sustainability Report, Corporate Governance and Shareholder's Information, but does not include the said statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

### **Report on Other Legal and Regulatory Requirements**

1. As required by the Companies (Auditor's Report) Order, 2020 (the "Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. A. As required by Section 143(3) of the Act, based on our audit we report that:
  - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
  - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
  - c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the books of account.
  - d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.
  - e) On the basis of the written representations received from the directors as on March 31, 2025 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164(2) of the Act.
  - f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to financial statements.
  - g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

- B. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

- i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements. Refer note no. 35 contingent liabilities to the financial statements.
- ii. The Company does not have any long-term contracts requiring a provision for material foreseeable losses.
- iii. The Company does not have any amounts required to be transferred to the Investor Education and Protection Fund.
- iv. (a) The Management has represented that, to the best of its knowledge and belief, other than as disclosed in the note to the Financial Statements, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
- (b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
- (c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
- v. No dividend has been declared or paid during the year by the Company. The Board of Directors of the Company has not proposed any dividend for the financial year 2024-2025.
- vi. The reporting under Rule 11(g) of the Companies (Audit & Auditors) Rules, 2014:  
Based on our examination, which included test checks, except for the instances mentioned below, the company has used accounting software for maintaining its books of account for the financial year ended March 31, 2025 which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the respective software and audit trail records have been preserved by the company as per the statutory requirements.  
a. However, we note that the inventory records are maintained outside the accounting software, in Excel spreadsheets which does not have audit trail functionality. Accordingly, in respect of inventory records, the provisions relating to audit trail as per Rule 11(g) are not complied with.

## ANNEXURE 'B' TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of Universal Autofoundry Limited of even date)

We have audited the internal financial controls over financial reporting of **UNIVERSAL AUTOFOUNDRY LIMITED** ('the Company') as of 31st March, 2025 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

### Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

### Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance 168 Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

### Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

### Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Cash flows are reported using the indirect method, whereby profit for the year is adjusted for the effect of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cashflows. The cash flows from operating, investing and financing activities of the Company are segregated. The Company considers all highly liquid investments that are readily convertible to known amounts of cash to be cash equivalents.

## Notes to Financial Statements for the year ended March, 31, 2025

### 1. Corporate information

Universal Autofoundry Limited (the "Company") is a public limited Company incorporated in India with its registered office is B-307, Road No. 16, VKI Area, Jaipur-302013, Rajasthan, India. The Company is listed on BSE. The Company is engaged in business of manufacturing & sales of C.I. Castings. The Company has three manufacturing plants located in India at Jaipur & Sikar both in the State of Rajasthan.

These Financial Statements were approved and adopted by Board of Directors of the Company in their meeting held on May 15, 2025.

### 2. Statement of Compliance and Basis of Preparation

#### 2.1 Statement of Compliance and Basis of Preparation

These financial statements are prepared in accordance with Indian Accounting Standard (Ind AS) under the historical cost convention on accrual basis except for certain financial instruments which are measured at fair values, the provisions of the Companies Act, 2013 ("the Act") and guidelines issued by the Securities and Exchange Board of India (SEBI). The Ind AS are prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and relevant amendment rules issued thereafter.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use. The material accounting policy information used in preparation of the audited condensed standalone interim financial statements have been discussed in the respective notes.

As the year-to-date figures are taken from the source and rounded to the nearest digits, the figures reported for the previous quarters might not always add up to the year-to-date figures reported in this statement.

The financial statements are presented in INR and all values are rounded to the nearest lakhs except when otherwise indicated.

These Ind AS financial statements have been approved by the board of directors on 15.05.2025.

#### 2.2 Functional and presentation currency

These financial statements are presented in Indian Rupees (INR), which is the Company's functional currency. All amounts disclosed in the Financial Statements and notes have been rounded off to the nearest lakhs (with two places of decimal) as per the requirement of Schedule III, unless otherwise stated

#### 2.3 Current v/s Non-Current Classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is: -

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Company classifies all other liabilities as noncurrent.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

#### 2.4 Use of estimates and judgments

The preparation of the financial statements in conformity with Ind AS requires the management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the

## Notes to Financial Statements for the year ended March, 31, 2025

financial statements and reported amounts of revenues and expenses during the period. The application of accounting policies that require critical accounting estimates involving complex and subjective judgments and the use of assumptions in these financial statements have been disclosed in Note no. 2.4. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates and judgements are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the standalone financial statements.

### 3. Material Accounting Policies

A summary of the material accounting policies applied in the preparation of the financial statements are as given below. These accounting policies have been applied consistently to all periods presented in the financial statements, unless otherwise stated below.

#### 3.1 Property, Plant and Equipment

##### 3.1.1. Initial recognition and measurement

An item of property, plant and equipment's recognized as an asset if and only if it is probable that future economic benefits associated with the item will flow to the company and the cost of the item can be measured reliably.

Items of property, plant and equipment are initially recognized at cost. Subsequent measurement is done at cost less accumulated depreciation/amortization (other than freehold land) and accumulated impairment losses. Cost includes expenditure that is directly attributable to bringing the asset to the location and condition, inclusive of non-refundable taxes & duties, necessary for it to be capable of operating in the manner intended by management.

When parts of an item of property, plant and equipment have different useful lives, they are recognized separately.

Items of spare parts, stand-by equipment and servicing equipment which meet the definition of property, plant and equipment are capitalized. Other spare parts are carried as inventory and recognized in the statement of profit and loss on consumption.

##### 3.1.2. Subsequent costs

Subsequent expenditure is recognized as an increase in the carrying amount of the asset when it is probable that future economic benefits deriving from the cost incurred will flow to the enterprise and the cost of the item can be measured reliably.

The cost of replacing part of an item of property, plant and equipment is recognized in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Company and its cost can be measured reliably. All other expenses on existing property, plant and equipment, including day-to-day repair and maintenance expenditure and cost of replacing parts, are charged to profit and loss account for the period in which such expense are incurred.

##### 3.1.3. De-recognition

Property, plant and equipment is derecognized when no future economic benefits are expected from their use or upon their disposal. Gains and losses on de-recognition of an item of property, plant and equipment are determined by comparing the proceeds from disposal, if any, with the carrying amount of property, plant and equipment, and are recognized in the statement of profit and loss.

##### 3.1.4. Depreciation/amortization

Depreciation is recognised so as to amortise the cost of assets (other than freehold land and properties under construction) less their residual values over their useful lives, using the written down value method.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

The residual values, useful lives and methods of depreciation of Property, Plant and Equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Following are the useful lives as per Schedule of Companies act 2013

Asset Class	Useful Life
Factory Building	30 years
Building (Other than factory building)	60 Years
Plant and Machinery	15 Years

## Notes to Financial Statements for the year ended March, 31, 2025

Electric Installations	10 years
Furniture and Fixtures	10 Years
Office Equipment	5 Years
Vehicles	8 Years
Computer	3 Years

### 3.2. Capital work-in-progress

The cost of self-constructed assets includes the cost of materials & direct labour, any other costs directly attributable to bringing the assets to the location and condition necessary for it to be capable of operating in the manner intended by management and borrowing costs.

Expenses directly attributable to construction of property, plant and equipment incurred till they are ready for their intended use are identified and allocated on a systematic basis on the cost of related assets.

Expenses such as salary, wages, rent etc. directly related to non-commercialized project is transferred to pre-operative expenses under capital work in progress.

Depreciation is not recorded on capital work-in-progress until construction and installation is complete and the asset is ready for its intended use.

### Solar Project under work in progress:

Project Lifecycle: - 25 Years

Project Payback Period: -4-5 Years

### 3.3. Intangible assets

#### 3.3.1. Initial recognition and measurement

An intangible asset is recognized if and only if it is probable that the expected future economic benefits that are attributable to the asset will flow to the company and the cost of the asset can be measured reliably.

Intangible assets that are acquired by the Company, which have finite useful lives, are recognized at cost. Subsequent

## Notes to Financial Statements for the year ended March, 31, 2025

measurement is done at cost less accumulated amortization and accumulated impairment losses. Cost includes any directly attributable incidental expenses necessary to make the assets ready for its intended use.

### 3.3.2. Subsequent costs

Subsequent expenditure is recognized as an increase in the carrying amount of the asset when it is probable that future economic benefits deriving from the cost incurred will flow to the enterprise and the cost of the item can be measured reliably.

### 3.3.3 De-recognition

An intangible asset is derecognized when no future economic benefits are expected from their use or upon their disposal. Gains & losses on de-recognition of an item of intangible assets are determined by comparing the proceeds from disposal, if any, with the carrying amount of intangible assets and are recognized in the statement of profit and loss.

### 3.3.4. Amortization

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognised on a written down value basis over their estimated useful lives. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis. Cost of computer software capitalised is amortised over its useful life which is estimated to be a period of three years.

### 3.4 Borrowing Costs

Borrowing costs that are directly attributable to the acquisition, construction or production of qualifying assets are capitalized as part of cost of such asset until such time the assets are substantially ready for their intended use. Qualifying assets are assets which necessarily take substantial period of time to get ready for their intended use or sale.

Capitalization of borrowing costs ceases when substantially all the activities necessary to prepare the qualifying assets for their intended uses are complete. Borrowing costs consist of (a) interest expense (b) finance charges and (c) exchange differences arising from foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs.

Income earned on temporary investment of the borrowings pending their expenditure on the qualifying assets is deducted from the borrowing costs eligible for capitalization.

All other borrowing costs are recognized as an expense in the year in which they are incurred.

### 3.5 Inventories

Raw materials, stores, work-in-progress and finished goods are stated at the lower of cost and net realizable value. Cost of raw materials and stores comprises cost of purchases and other costs incurred in bringing the inventories to their present location and condition. Cost of work-in-progress and finished goods comprises direct materials, direct labour and an appropriate proportion of variable and fixed overhead expenditure, the latter being allocated on the basis of normal operating capacity.

Costs of inventories also include all other costs incurred in bringing the inventories to their present location and condition. Inventories are valued on the basis of FIFO method. Costs of purchased inventory are determined after deducting rebates and discounts. Net realizable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

### 3.6 Cash and Cash Equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

### 3.7 Government Grants

Government grants are recognised where there is reasonable assurance that the grant will be received and all attached conditions will be complied with. When the grant relates to an expense item, it is recognised as income on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed. When the grant relates to an asset, it is recognised as income in equal amounts over the expected useful life of the related asset.

When the Company receives grants of nonmonetary assets, the asset and the grant are recorded at fair value amounts and released to profit or loss over the expected useful life in a pattern of consumption of the benefit of the underlying asset i.e. by equal annual instalments.

Government grants such as sales tax incentive, export benefit schemes are recognized in the statement of Profit and Loss as a part of other operating revenues whereas grants related to power incentives and interest subsidies are netted off from the

## Notes to Financial Statements for the year ended March, 31, 2025

related expense.

### 3.8 Provisions, Contingent Liabilities & Contingent Assets

#### 3.8.1 Provisions

Provisions are recognised when the company has a present obligation (legal or constructive) as a result of a past event, it is probable that the company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation.

When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

#### 3.8.2 Contingent Liability

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The company does not recognize a contingent liability but discloses its existence in the financial statements.

#### 3.8.3 Contingent Assets

A contingent asset is not recognized in the standalone financial statements. However, it is disclosed, where an inflow of economic benefits is probable. When the realization of income is virtually certain, then the asset is no longer a contingent asset, and is recognized as an asset.

**3.8.4 Provisions, contingent liabilities and contingent assets are reviewed at each balance sheet date.**

### 3.9 Foreign Currency Transactions

The Company's financial statements are presented in INR, which is also the Company's functional currency.

Transactions in foreign currencies are initially recorded by the Company at INR spot rate at the date the transaction first qualifies for recognition. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date.

Exchange differences arising on settlement or translation of monetary items are recognised in profit or loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions.

### 3.10 Revenue from contract with customers

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services. The Company has generally concluded that it is the principal in its revenue arrangements, because it typically controls the goods or services before transferring them to the customer.

#### 3.10.1 Sale of Goods

Revenue from sale of goods is recognised at the point in time when control of the asset is transferred to the customer, generally on delivery of the goods. The Company considers whether there are other promises in the contract that are separate performance obligations to which a portion of the transaction price needs to be allocated in determining the transaction price for the sale of goods, the Company considers the effects of variable consideration, and consideration payable to the customer (if any).

#### 3.10.2 Variable Consideration

If the consideration in a contract includes a variable amount, the Company estimates the amount of consideration to which it will be entitled in exchange for transferring the goods to the customer. The variable consideration is estimated at contract inception and constrained until it is highly probable that a significant revenue reversal in the amount of cumulative revenue recognised will not occur when the associated uncertainty with the variable consideration is subsequently resolved. Some contracts for the sale provide customers with discounts. The discounts give rise to variable consideration.

#### i) Contract balances

##### a. Contract Assets

A contract asset is the right to consideration in exchange for goods or services transferred to the customer. If the Company performs by transferring goods or services to a customer before the customer pays consideration or before

## Notes to Financial Statements for the year ended March, 31, 2025

payment is due, a contract asset is recognised for the earned consideration that is conditional.

### b. Trade Receivables

A receivable represents the Company's right to an amount of consideration that is unconditional (i.e., only the passage of time is required before payment of the consideration is due).

### c. Contract Liabilities

A contract liability is the obligation to transfer goods or services to a customer for which the Company has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Company transfers goods or services to the customer, a contract liability is recognised when the payment is made or the payment is due (whichever is earlier). Contract liabilities are recognised as revenue when the Company performs under the contract.

### 3.10.3 Other Income

Interest income from a financial asset is recognized when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

Income from the sale of import licenses is recognized upon transfer of control of such licenses to the buyer, in accordance with Ind AS 115, provided there is no significant uncertainty regarding measurability and collectability.

Exchange differences arising from trade receivables or payables denominated in foreign currency are accounted for under Ind AS 21 and are presented as part of revenue or other income depending on the nature of the underlying transaction.

The gain or loss arising on disposal of property, plant and equipment is recognized in the Statement of Profit and Loss under Other Income, determined as the difference between the net disposal proceeds and the carrying amount of the asset.

Incentives on exports are recognized in books after due consideration of certainty of utilization/receipt of such incentives.

### 3.11 Employee Benefits

#### 3.11.1 Short-term employee benefits

Short-term employee benefits are expensed as the related service is provided. A liability is recognized for the amount expected to be paid if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

Accumulated leave, which is expected to be utilized within the next 12 months, is treated as short-term employee benefit and this is shown under current provision in the Balance Sheet. The Company measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date.

#### 3.11.2 Post-employment benefits

##### 3.11.2.1 Defined Contribution plans

Defined contribution plans are those plans in which an entity pays fixed contribution into separate entities and will have no legal or constructive obligation to pay further amounts. Provident Fund and Employee State Insurance are Defined Contribution Plans in which the company pays a fixed contribution and will have no further obligation.

##### 3.11.2.2 Defined benefit plans

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan. Company pays Gratuity as per provisions of the Gratuity Act, 1972. The Company's net obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present value. Any unrecognized past service costs and the fair value of any plan assets are deducted. The discount rate is based on the prevailing market yields of Indian government securities as at the reporting date that have maturity dates approximating the terms of the Company's obligations and that are denominated in the same currency in which the benefits are expected to be paid. The calculation is performed annually by a qualified actuary using the projected unit credit method. When the calculation results in a liability to the company, the present value of liability is recognized as provision for employee benefit. Any actuarial gains or losses are recognized in Other Comprehensive Income ("OCI") in the period in which they arise.

### 3.12 Income Tax

#### 3.12.1 Current Tax

Tax expense comprises current tax and deferred tax. Current tax expense is recognized in the statement of profit or loss except to the extent that it relates to items recognized directly in other comprehensive income or equity, in which case it is recognized in OCI or equity. Current tax is the expected tax payable on the taxable income for the year, using tax rates

## Notes to Financial Statements for the year ended March, 31, 2025

enacted or substantively enacted and as applicable at the reporting date, and any adjustment to tax payable in respect of previous years. Current taxes are recognized under 'Income tax payable'.

### 3.12.2 Deferred Tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date. Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are recognised for all taxable temporary differences.

Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be utilised.

### 3.12.3 Minimum Alternate Tax

Minimum alternate tax (MAT) paid in a year is charged to the statement of profit and loss as current tax for the year.

The deferred tax asset is recognised for MAT credit available only to the extent that it is probable that the concerned company will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the company recognizes MAT credit as an asset, it is created by way of credit to the statement of profit and loss as credit in current tax expense and shown as part of deferred tax asset. The company reviews the "MAT credit entitlement" asset at each reporting date and writes down the asset to the extent that it is no longer probable that it will pay normal tax during the specified period.

### 3.13 Leases

At inception of contract, the Company assesses whether the Contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. At inception or on reassessment of a contract that contains a lease component, the Company allocates consideration in the contract to each lease component on the basis of their relative standalone price.

#### As lessee

#### i) Right of Use Assets

The Company recognises right-of-use assets at the commencement date of the lease. Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, lease payments made at or before the commencement date less any lease incentives received and estimate of costs to dismantle. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets.

The Company presents right-to-use assets within the same line item as that within which the corresponding underlying assets would be presented if they were owned by the Company.

#### ii) Lease Liabilities

At the commencement date of the lease, the Company recognises lease liabilities measured at the present value of lease payments to be made over the lease term. In calculating the present value of lease payments, the Company generally uses its incremental borrowing rate at the lease commencement date if the discount rate implicit in the lease is not readily determinable.

#### iii) Short term leases and low value of assets

The Company applies the short-term lease recognition exemption to its short-term leases. It also applies the lease of low-value assets recognition exemption that are considered to be low value. Lease payments on short term leases and leases of low value assets are recognised as expense on a straight-line basis over the lease term.

### 3.14 Earnings per Share

Basic Earnings per share (EPS) amounts are calculated by dividing the profit for the year attributable to equity holders by the weighted average number of equity shares outstanding during the year.

Diluted EPS amounts are calculated by dividing the profit attributable to equity holders adjusted for the effects of potential equity shares by the weighted average number of equity shares outstanding during the year plus the weighted average number of equity shares that would be issued on conversion of all the dilutive potential equity shares into equity shares.

### 3.15 Statement of Cash Flows

Cash flow statement is prepared in accordance with the indirect method prescribed in Ind AS 7 'Statement of Cash Flows' for operating activities.

### 3.16 Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

#### 3.16.1 Financial Assets

##### a. Initial Recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

##### b. Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in four categories:

- Financial Assets at amortised cost
- Financial Assets at fair value through other comprehensive income (FVTOCI)
- Financial Assets including derivatives and equity instruments at fair value through profit or loss (FVTPL)
- Equity instruments measured at fair value through other comprehensive income (FVTOCI)

##### c. Debt instruments at amortized cost

A 'debt instrument' is measured at the amortised cost if both the following conditions are met:

The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and

b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

##### d. Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a company of similar financial assets) is primarily derecognised when the rights to receive cash flows from the asset have expired or the Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

##### e. Impairment of Financial Instrument

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure.

- a. Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, debt securities, deposits, trade receivables and bank balance.
- b. Financial assets that are equity instruments and are measured as at FVTOCI
- c. Lease receivables under Ind AS 116
- d. Trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 115.

The Company follows 'simplified approach' for recognition of impairment loss allowance on:

- Trade receivables
- All lease receivables resulting from transactions within the scope of Ind AS 116

The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

#### 3.16.2 Financial Liabilities\

##### a. Initial Recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts,

## Notes to Financial Statements for the year ended March, 31, 2025

financial guarantee contracts and derivative financial instruments.

### b. Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Financial Liabilities at Fair Value through profit and loss.

Gains or losses on liabilities held for trading are recognised in the profit or loss. The Company has not designated any financial liability as at fair value through profit and loss

### c. Loans and borrowings

This is the category most relevant to the Company. After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

### d. Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

### 3.17 Fair Value Measurement

The Company measures financial instruments, such as, derivatives at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

In the principal market for the asset or liability, or

In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 – Quoted (unadjusted) market prices in active markets for identical assets or liabilities

Level 2 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

Level 3 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

External valuers are involved for valuation of significant assets, such as properties and significant liabilities, such as contingent consideration.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

## Notes to Financial Statements for the year ended March, 31, 2025

### 3.18 Impairment of non-financial assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating units (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or company of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

### 3.19 Segment Reporting

The main business of the Company is of manufacturing and sales of C.I. Castings. All other activities of the Company revolve around the main business. There is only one reportable segment. Hence, disclosures pursuant to Ind AS 108 Operating Segments are not applicable.

### 3.20 Operating Cycle

Based on the nature of products/activities of the Company and the normal time between acquisition of assets and their realization in cash or cash equivalents, the Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities current and noncurrent.

## 4 Major Estimates made in preparing Financial Statements

### 4.1 Useful life of property, plant and equipment and intangible assets

The estimated useful life of property, plant and equipment is based on a number of factors including the effects of obsolescence, demand, competition and other economic factors (such as the stability of the industry and known technological advances) and the level of maintenance expenditures required to obtain the expected future cash flows from the asset.

Useful life of the assets other than Plant and machinery are accordance with Schedule II of the Companies Act, 2013.

The Company reviews at the end of each reporting date the useful life of property, plant and equipment, and are adjusted prospectively, if appropriate. Intangible assets are amortized over a period of estimated useful life as determined by the management.

### 4.2. post-employment benefit plans

Employee benefit obligations are measured on the basis of actuarial assumptions which include mortality and withdrawal rates as well as assumptions concerning future developments in discount rates, the rate of salary increases and the inflation rate. The Company considers that assumptions used to measure its obligations are appropriate late and documented. However, any changes in these assumptions may have a material impact on the resulting calculations.

### 4.3. Provisions and contingencies

The assessments undertaken in recognizing provisions and contingencies have been made in accordance with Ind AS 37, 'Provisions, Contingent Liabilities and Contingent Assets. The evaluation of the likelihood of the contingent events has required best judgment by management regarding the probability of exposure to potential loss. Should circumstances change following unforeseeable developments, this likelihood could alter.

### 4.4. Allowance for credit losses on receivables

The Company determines the allowance for credit losses based on historical loss experience adjusted to reflect current and estimated future economic conditions. The Company considered current and anticipated future economic conditions relating to industries the Company deals with and the countries where it operates. In calculating expected credit loss, the Company has also considered credit reports and other related credit information for its customers to estimate the probability of default in future.

## 4A Recent Pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended March 31, 2025, MCA has not notified any new standards or amendments to the existing standards applicable to the Company.

**Sensitivity Analysis**

Significant actuarial assumptions for the determination of the defined benefit obligation are discount rate and expected salary increase rate. Effect of change in mortality rate is negligible. Please note that the sensitivity analysis presented below may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumption would occur in isolation of one another as some of the assumptions may be correlated. The results of sensitivity analysis are given below:

Defined Benefit Obligation (Base)	83.37 lakh @ Salary Increase Rate : 5%, and discount rate :6.75%
Liability with x% increase in Discount Rate	79.54x=1.00% [Change (5)%]
Liability with x% decrease in Discount Rate	87.67 x=1.00% [Change 5% ]
Liability with x% increase in Salary Growth Rate	87.71 x=1.00% [Change 5% ]
Liability with x% decrease in Salary Growth Rate	79.45 x=1.00% [Change (5)% ]
Liability with x% increase in Withdrawal Rate	83.48 x=1.00% [Change 0% ]
Liability with x% decrease in Withdrawal Rate	83.21 x=1.00% [Change 0% ]

## Notes to Financial Statements

### NOTE 38. Financial Instruments

(Amount in INR Lakhs, unless otherwise stated)

#### 38.1 Capital Management

For the purpose of the Company's capital management, equity includes issued equity capital, convertible warrant, share premium and all other equity reserves attributable to the equity holders of the Company. The primary objective of the Company's capital management is to maximize the shareholder value. The Company's Capital Management objectives are to maintain equity including all reserves to protect economic viability and to finance any growth opportunities that may be available in future so as to maximize shareholders' value. The Company is monitoring capital using debt equity ratio as its base which is debt to equity. The Company's policy is to keep debt equity ratio below two and infuse capital if and when required through issue of new shares and/or better operational results and efficient working capital management.

The capital structure of the company consists of net debt (outside borrowings offset by cash and bank balances ) and total equity of the Company (comprising issued capital, reserves, retained earnings).

The Debt/Equity ratio at end of the reporting period was as follows.

Particulars	As at March 31, 2025	As at March 31, 2024

#### 38.3 Financial Risk Management Objectives

The Company's principal financial liabilities, comprise loans and borrowings, trade and other payables. The Company's principal financial assets include loans, trade and other receivables and cash and cash equivalents that derive directly from its operations.

The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees these risks management. The Company's senior management provides assurance that the Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the company's policies and risk objectives. All derivative activities for risk management purposes are carried out by teams that have the appropriate skills, experience and supervision. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below

The Corporate Treasury function reports quarterly to the company's risk management committee, an independent body that monitors risks and policies implemented to mitigate risk exposures.

#### 38.4 Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises of three types of risks – interest rate risk, currency risk and other price risk in a fluctuating market environment. Financial instrument affected by market risks includes loans and borrowings, deposits, FVTOCI Investments, derivatives and other financials assets. The Company has designed risk management frame work to control various risks effectively to achieve the business objectives. This includes identification of risk, its assessment, control and monitoring at timely intervals.

#### 38.4.1 Currency Risk

Foreign currency risk is the risk of impact related to fair value or future cash flows of an exposure in foreign currency, which fluctuate due to changes in foreign exchange rates. The Company is exposed to foreign currency risk on certain transactions that denominated in a currency (primarily with respect to USD and EURO) other than entity's functional currency (INR), hence exposure to exchange rate fluctuations arises. The functional currency value of cash flows will vary as a result of movements in exchange rates. The Company's exposure to foreign currency risk is nominal.

#### 38.4.2 Interest Rate Risk Management

The Company manages interest rate risk by having a balanced portfolio of fixed and variable rate of interest on loans and borrowings. Company has loans taken from banks are linked to MCLR rate of the bank, which are variable.

#### 38.4.3 Interest Rate Sensitivity Analysis

The sensitivity analysis below has been determined based on the exposure to interest rates for borrowings at the end of the reporting period. For floating rate liabilities, the analysis is prepared assuming the amount of the liability outstanding at the end of the reporting period was outstanding for the whole year. A 50 basis point increase or decrease is used when reporting interest rate risk internally to key management personnel and represents management's assessment of the reasonably possible change in interest rates.

If interest rates had been 50 basis points higher/lower and all other variables were remain constant, the company's:

i) Profit before tax for the year ended March 31, 2025 would have increased/ decreased by Rs. 20.00 lakh (March 31, 2024: decrease/ increase by Rs. 17.14 lakh)

#### 38.5 Credit Risk Management

Credit risk is the risk that counter party will not meet its obligation under a financial instrument or customer contract leading to a financial loss. The Company is exposed to credit risk mainly from trade receivables and other financial assets. The Company only deals with parties which has good credit ratings / worthiness based on company's internal assessment. The Company has not acquired any credit impaired asset. There was no modification in any financial assets.

#### 38.5.1 Trade Receivable

Customer credit is managed by each business division subject to the Company's established policy procedures and control related to customer credit risk management. The Company evaluates the concentration of risk with respect to trade receivables as low, as its customers are located in several jurisdictions and industries and operate in largely independent markets and their credit worthiness are monitored at periodical intervals. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets.

The reconciliation of ECL is as follows:

Particulars	As at March 31, 2025	As at March 31, 2024
Opening balance as on April 01,	0.00	0.00
Changes in allowance for expected credit loss	0.00	0.00
Provision / (reversal) of allowance for expected credit loss	0.00	0.00
Closing balance as at March 31,	0.00	0.00

#### 38.5.2 Other Financial Assets

Credit risk from balances with banks is managed by Company's treasury department in accordance with the Company policy.

#### 38.6 Liquidity Risk Management

The Company manages liquidity risk by continuously monitoring forecast and actual cash flows on daily, monthly and yearly basis. The Company ensures that there is a free credit limit available at the start of the year which is sufficient for repayments getting due in the ensuing year. Loan arrangements, credit limits with various banks including working capital and monitoring of operational and working capital issues are always kept in mind for better liquidity management.

The following tables detail the company's remaining contractual maturity for its financial liabilities with agreed repayment periods. The tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the company can be required to pay. The tables include both interest and principal cash flows. To the extent that interest flows are floating rate, the undiscounted amount is derived from interest rate curves at the end of the reporting period. The contractual maturity is based on the earliest date on which the company may be required to pay.

### **NOTE 42 : ASSESSMENT UNDER Ind AS 115 : REVENUE FROM CONTRACTS**

Ind AS 115 was issued on March 28, 2018 and superseded Ind AS 11- 'Construction Contracts' and Ind AS 18- 'Revenue' and it applies, with limited exceptions, to all revenue arising from contracts with its customers. Ind AS 115 establishes a five-step model to account for revenue arising from contracts with customers and requires that revenue to be recognised at an amount that reflects the consideration to which an entity expects to be entitled in exchange for transferring goods or services to a customer. Ind AS 115 requires entities to exercise judgement, taking into consideration all of the relevant facts and circumstances when applying each step of the model to contracts with their customers. In addition, the new standard results into the change in accounting policy related to revenue recognition and requires extensive disclosures.

During the current year, the Company made an evaluation of Ind AS 115 on the revenue recognition and disclosures, the adjustment and disclosure of Ind-AS 115 have been adequately made in these Ind-AS financial statements.
