OPERATIONS :

Revenue & Profits – Standalone :

The Company has achieved net revenue of ₹ 8,584.35 lakh as compared to ₹ 8,738.66 lakh in the previous year. The export sales were ₹ 5,603.19 lakh as compared to ₹ 5,946.69 lakh in the previous year. The gross profit before tax grew by 3 per cent to ₹ 2,039.83 lakh as compared to ₹ 1,553.33 lakh in the previous year. The operating expenses decreased by 2 per cent to ₹ 6,702.84 lakh as compared to ₹ 6,851.25 lakh in last year.

Revenue & Profits – Consolidated :

During the year under review, the Company has achieved net turnover of ₹ 10,768.55 lakh as compared to ₹ 10,840.52 lakh in the previous year. The gross profit before tax grew by 40 per cent to ₹ 2,573.53 lakh as compared to ₹ 1,836.62 lakh. The operating expenses decreased by 4% to ₹ 8,315.20 lakh as compared to ₹ 8,598.26 lakh in last year.

MACRO ECONOMIC SCENARIOS & BUSINESS PERFORMANCE :

The Indian economy grew by 7.1 per cent in FY 2016-17, making India the fastest growing major economy in the world as per the report of Central Statistics Organisation (CSO) and International Monetary Fund (IMF). The currency crunch that followed the demonetization of high-value notes was widely believed to have impacted consumption and driven down economic growth in Oct-Dec quarter.

Global GDP growth is projected around 3.5 per cent boosted by fiscal initiatives in the major economies. The forecast is broadly unchanged since last year, however consumption, investment, trade and productivity remain subdued. Geopolitical pressures and weak capital investment are weighing on medium-term prospects across many emerging markets and developing economies. Fiscal stimulus in major economies may boost global growth above expectations in the short term, but the likelihood of such policy remains uncertain. The risks to growth forecasts remain tilted to the downside from heightened policy uncertainty in major economies.

With a global supply chain, your company, achieved 80 % of its business (on a consolidated basis) in the crucible market and the remaining in the foundry accessories business; mainly in non-ferrous and ferrous foundries. In line with macroeconomic trends, your company saw double digit growth in the Indian subcontinent, with sales outside of the region dropping steadily as economic worries overtook our export markets.

FUTURE BUSINESS OUTLOOK

In 2017-18, we expect to see strong demand for our products and services in the Indian subcontinent and the Middle East, with flat or declining demand in the markets of Europe, Rest of Asia, North America and South Africa.

In the Indian sales region, our consistent focus on product portfolio management, end customer connections, application engineering and sales effectiveness, coupled with the positive sentiment in the Indian economy will assure us of sales growth in the coming year.

Your company will continue to focus on non-traditional growth opportunities outside the core business in the Indian and export markets.

PRODUCT QUALITY AND RECOGNITION :

Your Company always strives to provide the highest quality product to their customer ensuring consistency in performance, safety, delivering more value and innovation by continuous focus on research and development. The Company encourages employees and customers to provide regular feedback and active participation by various means to develop quality of product and continuous improvement. This commitment is rooted in our corporate values and is essential to our continued growth and success.

Your Company continued to remain ISO 9001 certified for Quality Management System Standards certified from LUCIDEON Management System for continuously demonstrating the focus on product quality and services, to meet statutory and regulatory norms and to increase customer satisfaction throughout its operations.

PUBLIC DEPOSIT :

During the year, the Company has not accepted any public deposits under the provisions of the Companies Act, 2013.

FINANCE AND TAXATION :

During the Financial year 2016-17, your Company has continued it's effort to liquidate the accumulated balances lying in CENVAT credit account as per provision of Excise laws. This has been a significant achievement in reducing accumulated balances in CENVAT Credit Account and bringing the cash in circulation for working capital of the company.

The Company has applied for Advance Pricing Agreement (APA) before the CBDT & Govt. of India for International Inter company related party transactions with Associated Enterprises (AE) during March, 2016. The APA is an arrangement between the taxpayer and the tax authority covering future transactions, with a view to avoid the potential transfer pricing disputes in a co-operative manner. Once APA agreement is completed, your company will have certainty with respect to tax outcome of international transactions, by agreeing in advance the arm's length pricing, or pricing methodology to be applied. Under APA specific rollback provisions enable to attain certainty in transfer prices of international transactions for up to 9 years (including 4 years rollback provisions) in total. Besides this the APA has a persuasive value on all open transfer pricing litigations of past years. During the year we have received initial questionnaire from the APA authority and have submitted our replies. We are awaiting for communication from APA authority for site visit etc.

During the year our Income Tax assessment for the FY 2011-12, FY2012-13 and FY2013-14 has been completed. For FY 2011-12 and FY2012-13 the Transfer Pricing Authority raised objection w.r.t. management cross charges and your company has filed appeal before ITAT & CIT (Appeal) respectively.

On Indirect Tax front the Central Excise & Service tax department has issued three SCN (Show Cause Notices) in light of their findings after Excise departmental Audit. Your Company is not in agreement of Departmental findings and have submitted replies for SCN before the appropriate authority.

During the year the Company has completed VAT assessment for the FY 2012-13 and received order from the Authority with refund of VAT.

Your Company has started preparation for seamless transition from existing tax regime to GST regime. We are working towards updating SAP ERP system and updating of various master data in system in line with GST requirement.

RESPONSIBILITY BUSINESS PROGRAMME (RBP) AND LEGAL GOVERNANCE :

The Responsible Business Programme (RBP) is the Group ethics and compliance programme comprise of policies, training, risk assessment, monitoring and assurance. The training content covers human rights, anti-bribery and ethics, anti-trust and contract risk management and is refreshed on an annual basis.

Raising awareness of and educating employees on Group compliance policies and the applicable laws and regulations is a fundamental part of the RBP. During the year, your Company has given Updates on RBP 2016 to all sales and marketing managers and relevant employees on the topic of Competition Laws, Ethics Policy and Contract Risk Management.

Your Company has continued vigilance on Export Compliance Policy where Company sells the product to regulated countries. Whenever the Company receives any customer enquiry from the regulated countries, the same is screened from the compliance software for any restriction on the concerned party for exporting of goods in the said country. Further, in order to capture more vigilance on third parties, distributors and sales agent, the details of the relevant parties has been recorded in the Third Party compliance software called TRACEsort and accordingly the due diligence reports are generated. The third parties falling under certain risk categories are subject to due diligence in the year 2017.

HUMAN RESOURCES :

Your Company is consistently striving to raise the bar of excellence in people, policies, practices, systems and organisation. We believe that Morgan employees are critical to its success and the workforce comprises people with highly unique skills and abilities.

During the year, your company has organised nearly 76 functional and leadership training programs for nurturing existing people's talent and motivating them to attain organisation goals. The employee turnover was around 10.21 as at end of March 31, 2017 as compared to 12.36 in the previous year.

As per initiatives of Morgan's Global Graduate Training Programme, your Company has recruited three graduate trainees in quality and operation excellence functions. This training programme will build current and future capability, and will give access to international assignments and opportunities.

Further, as a commitment towards customer focus and diversification of business, during the year various training program has been given to sales and marketing personnel such as 'Corporate Etiquettes & Professional Presence', 'Customer Orientation' etc.

Independent Auditors' Report To the Members of Morganite Crucible (India) Limited

Report on the Standalone Financial Statements

We have audited the accompanying standalone financial statements of Morganite Crucible (India) Limited (“the Company”), which comprise the Balance Sheet as at 31 March 2017, the Statement of Profit and Loss and the Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 (“the Act”) with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these standalone financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the standalone financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the standalone financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the standalone financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the standalone financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2017, and its profit and its cash flows for the year ended on that date.

Emphasis of Matter

We draw attention to Note 37 to the standalone financial statements, which more fully explains that during the previous year, the Company had paid managerial remuneration to Late Hitesh Saiwal - Managing Director amounting to Rs. 10,207,067 which was in excess of the limits specified in section 197 read with Schedule V of the Act by Rs. 7,300,563. The Company had made an application to the Central Government for approval of excess remuneration paid. The Central Government had directed the Company to file an application for waiver of such excess remuneration paid along with the approval from the Board, Nomination and Remuneration Committee and members of the Company. The Company has obtained the approval from the Board, Nomination and Remuneration Committee and members of the Company and accordingly application has been made to the Central Government. Our opinion is not qualified in respect of this matter.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143 (3) of the Act, we report that :
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
 - d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - e) On the basis of the written representations received from the directors as on 31 March 2017 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2017 from being appointed as a director in terms of Section 164 (2) of the Act.
 - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B"; and
 - g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us :

- i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements – Refer Note 26 to the standalone financial statements.
- ii. The Company did not have any material foreseeable losses on long-term contracts including derivative contracts.
- iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
- iv. The Company has provided requisite disclosures in the standalone financial statements as to holdings as well as dealings in Specified Bank Notes during the period from 8 November 2016 to 30 December 2016. Based on audit procedures and relying on the management representation we report that the disclosures are in accordance with books of account maintained by the Company and as produced to us by the Management - Refer note 45 to the standalone financial statements.

Annexure B to the Independent Auditors' Report

Referred to in paragraph 2(f) in Report on Other Legal and Regulatory Requirements of the Independent Auditors' Report to the members of the Morganite Crucible (India) Limited on the standalone financial statements for the year ended 31 March 2017.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Act

We have audited the internal financial controls over financial reporting of Morganite Crucible (India) Limited (“the Company”) as of 31 March 2017 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Control Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately

and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Control Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to the standalone financial statements

for the year ended 31 March 2017

(Currency: Indian Rupees)

1. Background

Morganite Crucible (India) Limited ('the Company') was incorporated on 13 January 1986 and its shares are listed on the Bombay Stock Exchange (BSE). The Company is engaged in the business of manufacturing and selling of silicon carbide and clay graphite crucibles and its accessories.

2. Significant accounting policies

The accounting policies set out below have been applied consistently to the periods presented in these financial statements.

2.1 Basis of preparation of financial statements

These financial statements have been prepared and presented on the accrual basis of accounting and comply in all material respects with the applicable accounting standards specified under section 133 of the Companies Act, 2013 ('the Act'), read with Rule 7 of the Companies (Accounts) Rules, 2014 and other accounting principles generally accepted in India, to the extent applicable. The financial statements are presented in Indian rupees.

2.2 Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles ('GAAP') in India requires management to make estimates and assumptions that affect the reported amount of assets, liabilities, revenues and expenses and disclosure of contingent liabilities on the date of the financial statements. The estimates and assumptions used in the accompanying financial statements are based upon management's evaluation of the relevant facts and circumstances as of the date of financial statements which in management's opinion are prudent and reasonable. Actual results may differ from the estimates used in preparing the accompanying financial statements. Any revision to accounting estimates is recognised prospectively in current and future periods.

2.3 Current–non-current classification

All assets and liabilities are classified into current and non-current

Assets

An asset is classified as current when it satisfies any of the following criteria :

- (a) it is expected to be realised in, or is intended for sale or consumption in, the company's normal operating cycle;
- (b) it is held primarily for the purpose of being traded;
- (c) it is expected to be realised within 12 months after the reporting date; or
- (d) it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date.

Current assets include the current portion of non-current financial assets.

All other assets are classified as non-current.

Liabilities

A liability is classified as current when it satisfies any of the following criteria :

- (a) it is expected to be settled in the company's normal operating cycle;
- (b) it is held primarily for the purpose of being traded;
- (c) it is due to be settled within 12 months after the reporting date; or
- (d) the Company does not have an unconditional right to defer settlement of the liability for at least 12 months after the reporting date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

Current liabilities include current portion of non-current financial liabilities.

All other liabilities are classified as non-current.

Operating cycle

Operating cycle is the time between the acquisition of assets for processing and their realisation in cash or cash equivalents. Based on the nature of operations and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as a period within 12 months for the purpose of current – non-current classification of assets and liabilities.

2.4 Revenue recognition

Revenue is recognised when the property and all significant risks and rewards of ownership are transferred to the buyer and no significant uncertainty exists regarding the amount of consideration that will be derived from the sale of goods. Sales are accounted net of value added tax and trade and volume discounts, if any.

Interest income is recognized using the time proportion method, based on the underlying interest rates.

Dividend income is recognized when the right to receive dividend is established.

Export entitlements (such as Duty draw back, Focus Market Scheme) are recognized in the statement of profit and loss in the year of exports provided that there is no significant uncertainty regarding the entitlement to the credit and the amount thereof.

2.5 Fixed assets and depreciation/amortisation

(a) (i) Tangible fixed assets

Tangible assets are carried at cost of acquisition or construction less accumulated depreciation and impairment loss, if any. Cost includes inward freight, duties, taxes (to the extent not recoverable from tax authorities) and expenses incidental to acquisition and installation of the fixed assets up to the time the assets are ready for intended use. Capital work-in-progress comprises of the cost of fixed assets that are not yet ready for their intended use at the balance sheet date.

(ii) Depreciation on tangible fixed assets

Leasehold land is amortised on a straight line basis over the primary period of lease, i.e. 99 years. In respect of other assets, depreciation is provided on straight line method based on useful life prescribed in Schedule II to the Act as given below :

Gross block	Sub-asset	Useful lives (years)
Building	Office building	60 years
	Factory building	30 years
Plant and equipments	Plant and machinery	15 years
	Relining of Kiln*	6 years
	Computers	3 years
Vehicles	Vehicles	8 years
Office equipment	Office equipment	5 years
Furniture and fixtures	Furniture and Fixtures	10 years

*For these class of assets, based on internal technical assessment, the useful lives as given above are believed to best represent the period over which the assets are expected to be used. Hence, the useful life of these assets are different from the useful lives as prescribed under Part C of Schedule II of the Companies Act, 2013.

(b) Intangible fixed assets

Intangible assets comprising of Non-competition agreement, Distribution Rights and Software cost are carried at cost of acquisition less accumulated amortisation and impairment loss, if any. Non-competition agreement is amortised over its contractual period of 5 years. Distribution Rights are amortised on a straight-line basis over a period of ten years and Software cost is amortised on a straight line basis over a period of 5 years, which in management's opinion represents the period during which economic benefits will be derived from their use.

2.6 Impairment of assets

In accordance with AS 28 on 'Impairment of assets', the Company assesses at each Balance Sheet date whether there is any indication that an asset may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset. The recoverable amount is the greater of the net selling price and value in use. Value in use is the present value of the estimated future cash flows expected to arise from the continuing use of the asset and from its disposal at the end of its useful life. In assessing the value in use, the estimated future cash flows are discounted to their present value based on an appropriate discount factor. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognized in the Statement of Profit and Loss.

If at the Balance Sheet date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount subject to a maximum of depreciable historical cost.

2.7 Investments

Long term investments are stated at cost. Provision for diminution in value is made only when in the opinion of the management there is a decline other than temporary in the carrying value of such investments. Current investments are valued at lower of cost and fair value.

2.8 Employee benefits

(a) Short term employee benefits :

All employee benefits payable wholly within twelve months of rendering the service are classified as short

term employee benefits. These benefits include salary, wages and bonus, compensated absences such as paid annual leave and sickness leave. The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees is recognized during the period of rendering of service by the employee.

(b) Long term employee benefits :

(i) Defined contribution plans

The Company has defined contribution plans for post employment benefits namely Provident Fund and Superannuation Scheme which are recognised by the income tax authorities.

The Company contributes to a Government administered provident fund and superannuation fund on behalf of its employees and has no further obligation beyond making its contribution.

The Company makes contributions to state plans namely Employee's State Insurance Fund and Employee's Pension Scheme 1995 and has no further obligation beyond making the payment to them.

The Company's contributions to the above funds are charged to the Statement of Profit and Loss every year.

(ii) Defined benefit plans

Post-employment benefits :

The Company's gratuity scheme with Life Insurance Corporation of India is a defined benefit plan. The Company's net obligation in respect of the gratuity benefit scheme is calculated by estimating the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present value, and the fair value of any plan assets is deducted. The present value of the obligation under such defined benefit plan is determined based on independent actuarial valuation at the Balance Sheet date using the Projected Unit Credit Method, which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation. The obligation is measured at the present value of the estimated future cash flows. The discount rates used for determining the present value of the obligation under defined benefit plan are based on the market yields on Government securities as at the Balance Sheet date. Actuarial gains and losses are recognized immediately in the Statement of Profit and Loss.

Other long-term employment benefits :

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognized as a liability at the present value of the defined benefit obligation at the Balance Sheet date. The discount rates used for determining the present value of the obligation under defined benefit plan are based on the market yields on Government securities as at the Balance Sheet date.

2.9 Inventories

Inventories which comprises of raw materials, work-in-progress, finished goods, stores and spares are valued at lower of cost and net realisable value. Cost is determined under the moving average price method and includes all costs incurred in bringing the inventories to their present location and condition. Finished goods and Work-in progress include appropriate proportion of costs of conversion. Fixed production overheads are allocated on the

basis of normal capacity of production facilities. Valuation of work-in-progress is based on stage of completion. Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale.

2.10 Foreign currency

i) Foreign currency transactions

Foreign currency transactions are recorded at the exchange rates prevailing on the dates of the transactions. Exchange differences arising on foreign currency transactions settled during the year are recognized in the Statement of Profit and Loss of that year. Monetary assets and liabilities denominated in foreign currencies at the balance sheet date are translated at the closing exchange rates. The resultant exchange differences are recognized in the Statement of Profit and Loss.

ii) Derivative financial instruments

The Company holds derivative financial instruments to hedge its foreign currency exposure. Derivatives are measured at fair value and changes therein are recognized in Statement of Profit and Loss.

2.11 Operating leases

Lease arrangements, where the risks and rewards incidental to ownership of an asset substantially vests with the lessor, are recognised as operating leases. Lease payments under operating lease are recognised as an expense in the Statement of Profit and Loss on a straight line basis.

2.12 Taxes on Income

Income-tax

Income tax expense comprises current tax and deferred tax charge or credit (reflecting the tax effects of timing differences between accounting income and taxable income for the period). Current tax provision is made based on the tax liability computed after considering tax allowances and exemptions, in accordance with the Income tax Act, 1961.

Deferred tax

Deferred tax charge or credit and the corresponding deferred tax liability or asset is recognized for timing differences between the profits/losses offered for income taxes and profits/ losses as per the financial statements. Deferred tax assets and liabilities are measured using the tax rates and tax laws that have been enacted or substantively enacted at the Balance Sheet date. Deferred tax assets are recognised only to the extent there is reasonable certainty that the assets can be realised in future; however, where there is unabsorbed depreciation or carry forward of losses, deferred tax assets are recognised only if there is a virtual certainty of realisation of such assets. Deferred tax assets are reviewed as at each balance sheet date and written down or written-up to reflect the amount that is reasonably/virtually certain (as the case may be) to be realised.

2.13 Earnings per share ('EPS')

Basic EPS is computed by dividing the net profit attributable to shareholders by the weighted average number of equity shares outstanding during the year.

Diluted EPS is computed using the weighted average number of equity and dilutive equity equivalent shares outstanding during the year-end, except where the results would be anti dilutive.

2.14 Provisions and contingencies

Provision is recognised in the Balance Sheet when the Company has a present obligation as a result of a past event, and it is probable that an outflow of economic benefits will be required to settle the obligation and reliable estimation can be made of the amount required to settle the obligation. Contingent liabilities arising from claims, litigation, assessment, fines, penalties etc. are disclosed when there is a possible obligation or a present obligation as a result of a past event where it is not probable that an outflow of economic benefits will be required to settle the obligation, and the amount can be reasonably estimated. When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosures is made.

2.15 Cash and cash equivalents

Cash and cash equivalents comprise cash at bank and in hand and short term investments with an original maturity of three months or less.

Rights, preferences and restrictions attached to equity shares

The Company has only one class of equity shares having a par value of Rs. 10 per share. Each holder of equity shares is entitled to one vote per share. The Company declares and pays dividends in Indian rupees. The dividend proposed by the Board of Directors is subject to the approval of the shareholders in the ensuing Annual General Meeting.

During the year ended 31 March 2016, the Company had recognised dividend of Rs. 4 per equity share amounted to Rs. 13,480,096, including dividend distribution tax of Rs 2,280,096 as appropriation towards distribution to equity shareholders.

The Board of Directors at their meeting held on 25 May 2017 has recommended payment of a final dividend of Rs. 8 per equity share for the financial year ended 31 March 2017 amounting to Rs. 26,986,326 including dividend distribution tax Rs. 4,586,326, subject to the Shareholders' approval at the forthcoming Annual General Meeting. However, the liability of proposed dividend of Rs. 26,986,326 is not recorded in these financial statement as appropriation towards distribution to equity shareholders since the Central Government in consultation with National Advisory Committee on Accounting Standards, has amended the Companies (Accounting Standards) Rules, 2006, through a notification issued by the Ministry of Corporate Affairs dated 30 March 2016. The Companies (Accounting Standards) Rules, 2016 is effective from financial year 2016-17 onwards (Refer to para 8.5 of AS-4 - Contingencies and Events occurring after the Balance Sheet date).

In the event of liquidation of the Company, the holders of equity shares will be entitled to receive remaining assets of the Company, after distribution of all preferential amounts. The distribution will be in proportion to the number of equity shares held by the shareholders.

46 Transfer Pricing

The Company has developed a comprehensive system of maintenance of information and documents as required by the transfer pricing legislation under section 92-92F of the Income Tax Act, 1961. The management is of the opinion that its international transactions are at arm's length so that the aforesaid legislation will not have any impact on the financial statements, particularly on the amount of tax expense and that of provision for taxation.

During the previous year the Company has applied for Advance Pricing Agreement (APA) before the Central Board of Direct Tax (CBDT) and Government of India for International Inter-company related party transactions with associated Enterprises (AE). The APA is an arrangement between the taxpayer and the tax authority covering future transactions, with a view to avoid the potential transfer pricing disputes in a cooperative manner. Once APA agreement is completed, the Company will have certainty with respect to tax outcome of international transactions, by agreeing in advance the arm's length pricing, or pricing methodology which is to be applied. Under APA specific rollback provisions enable to attain certainty in transfer prices of international transactions for up to 9 years (including 4 years rollback provisions) in total. The company has applied for Advanced Pricing Agreement (APA) in FY 2015-16, the period covered under rollback is from FY 2012-13 to FY 2015-16 and five year down the line i.e. from FY 2016-17 to 2020-21. Besides this the APA has a persuasive value on all open Transfer pricing litigations of past years. During the year, the Company received questionnaire from the CBDT and the Company has replied to the questionnaire.

The Domestic Transfer Pricing Regulations as prescribed under section 92BA of the Income Tax Act, 1961 was introduced from April 1, 2012. The Company has been consistently transacting with related parties on an Arm's Length basis in accordance with Group Transfer Pricing Policy. The Company is of the opinion that there will be no significant changes to Arm's length price under determination in order to comply with the requirement of section 92BA of Income Tax Act. Hence, there will no material impact on the financial statements.

Independent Auditors' Report

To the Members of Morganite Crucible (India) Limited

Report on the Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of Morganite Crucible (India) Limited (hereinafter referred to as 'the Holding Company' or 'the Company') and its subsidiary (together referred to as 'the Group'), comprising of the Consolidated Balance Sheet as at 31 March 2017, the Consolidated Statement of Profit and Loss and the Consolidated Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information (together referred to as 'the consolidated financial statements').

Management's Responsibility for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation of these consolidated financial statements in terms of the requirements of the Companies Act, 2013 ("the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at 31 March 2017, and their consolidated profit and their consolidated cash flows for the year ended on that date.

Emphasis of Matter

We draw attention to Note 33 to the consolidated financial statements, which more fully explains that during the previous year, the Company had paid managerial remuneration to Late Hitesh Saiwal- Managing Director amounting to

Rs.10,207,067 which was in excess of the limits specified in section 197 read with Schedule V of the Act by Rs. 7,300,563. The Company had made an application to the Central Government for approval of excess remuneration paid. The Central Government had directed the Company to file an application for waiver of such excess remuneration paid along with the approval from the Board, Nomination and Remuneration Committee and members of the Company. The Company has obtained the approval from the Board, Nomination and Remuneration Committee and members of the Company and accordingly application has been made to the Central Government. Our opinion is not qualified in respect of this matter.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143 (3) of the Act, we report, to the extent applicable that :
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
 - b) In our opinion, proper books of account as required by law relating to the preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books.
 - c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss and the Consolidated Cash Flow Statement dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
 - d) In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - e) On the basis of the written representations received from the directors of the Holding Company as on 31 March 2017 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of its subsidiary company incorporated in India, none of the directors of the Group companies incorporated in India is disqualified as on 31 March 2017 from being appointed as a director in terms of Section 164 (2) of the Act.
 - f) With respect to the adequacy of the internal financial controls over financial reporting and the operating effectiveness of such controls, based on the comments in the auditors' reports of the Holding Company and the subsidiary company incorporated in India, refer to our separate Report in "Annexure A".
 - g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us :
 - i. The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group– Refer Note 27 to the consolidated financial statements.
 - ii. The Group did not have any material foreseeable losses on long-term contracts including derivative contracts.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company. There were no amounts which were required to be transferred to the Investor Education and Protection fund by the subsidiary.
 - iv. The Company has provided requisite disclosure in its consolidated financial statements as to holdings as well as dealings in Specified Bank Notes during the period from 8 November 2016 to 30 December 2016. Based on audit procedures and relying on the management representation we report that the disclosures are in accordance with books of account maintained by the Company and as produced to us by the Management. The Subsidiary did not have any holdings or dealings in Specified Bank Notes during the period from 8 November 2016 to 30 December 2016.Refer note 37 to the consolidated financial statements.

Annexure A to the Independent Auditors' Report

Referred to in paragraph 1(f) in Report on Other Legal and Regulatory Requirements of the Independent Auditors' Report to the members of Morganite Crucible (India) Limited on the consolidated financial statements for the year ended 31 March 2017.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Act

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended 31 March 2017, we have audited the internal financial controls over financial reporting of Morganite Crucible (India) Limited (hereinafter referred to as “the Holding Company”) and its subsidiary company, which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding company and its subsidiary company, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the ICAI and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditor's in terms of their reports is sufficient and appropriate to provide a basis for our audit opinion on the Group's internal financial controls system over financial reporting.

Meaning of Internal Financial Control Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Control Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company and its subsidiary company, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

1. Background

Morganite Crucible (India) Limited ('the Company' or 'the Holding Company') was incorporated on 13 January 1986 and its shares are listed on the Bombay Stock Exchange (BSE). The Group is engaged in the business of manufacturing and selling of silicon carbide and clay graphite crucibles and its accessories.

The subsidiary considered in the consolidated financial statements is :

Name of the Company	Country of incorporation	% of holding
Diamond Crucible Company Limited	India	51%

2. Significant accounting policies

The accounting policies set out below have been applied consistently to the periods presented in these financial statements.

2.1 Basis of preparation of financial statements

The consolidated financial statements have been prepared in accordance with the generally accepted accounting principles in India under historical cost convention on accrual basis. The Company has prepared these financial statements to comply in all material respects with the applicable accounting standards specified under section 133 of the Companies Act, 2013, read together with rule 7 of the Companies (Accounts) Rules 2014.

2.2 Basis of consolidation

The consolidated financial statements are prepared in accordance with the principles and procedures prescribed by AS 21-'Consolidated Financial Statements', prescribed in the Companies (Accounting Standards) Rules, 2006 issued by the Central Government, in consultation with the National Advisory Committee on Accounting Standards which continue to apply under section 133 of the Companies Act, 2013, read together with rule 7 of the Companies (Accounts) Rules 2014.

The financial statements of the Holding Company and the subsidiary have been consolidated on a line-by-line basis by adding together the book values of like items of assets, liabilities, income and expenses, after eliminating intra group balances/ transactions and resulting unrealised profits in full. Unrealised losses resulting from intra-group transactions have also been eliminated unless cost cannot be recovered. Minority interest's share of profits or losses of the subsidiary is adjusted against income of the Group to arrive at the net income attributable to the owners of the parent company. Minority interest's share in the net assets of the subsidiary is disclosed separately in the Balance Sheet.

The consolidated financial statements are prepared using uniform accounting policies for transactions and other similar events in similar circumstances across the Group.

2.3 Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles ('GAAP') in India requires management to make estimates and assumptions that affect the reported amount of assets, liabilities, revenues and expenses and disclosure of contingent liabilities on the date of the financial statements. The estimates and assumptions used in the accompanying financial statements are based upon management's evaluation of the

relevant facts and circumstances as of the date of financial statements which in management's opinion are prudent and reasonable. Actual results may differ from the estimates used in preparing the accompanying financial statements. Any revision to accounting estimates is recognised prospectively in current and future periods.

2.4 Current–non-current classification

All assets and liabilities are classified into current and non-current

Assets

An asset is classified as current when it satisfies any of the following criteria :

- (a) it is expected to be realised in, or is intended for sale or consumption in, the company's normal operating cycle;
- (b) it is held primarily for the purpose of being traded;
- (c) it is expected to be realised within 12 months after the reporting date; or
- (d) it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date.

Current assets include the current portion of non-current financial assets.

All other assets are classified as non-current.

Liabilities

A liability is classified as current when it satisfies any of the following criteria:

- (a) it is expected to be settled in the company's normal operating cycle;
- (b) it is held primarily for the purpose of being traded;
- (c) it is due to be settled within 12 months after the reporting date; or
- (d) the Company does not have an unconditional right to defer settlement of the liability for at least 12 months after the reporting date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

Current liabilities include current portion of non-current financial liabilities.

All other liabilities are classified as non-current.

Operating cycle

Operating cycle is the time between the acquisition of assets for processing and their realisation in cash or cash equivalents. Based on the nature of operations and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as a period within 12 months for the purpose of current – non-current classification of assets and liabilities.

2.5 Revenue recognition

Revenue is recognised when the property and all significant risks and rewards of ownership are transferred to the buyer and no significant uncertainty exists regarding the amount of consideration that will be derived from the sale of goods. Sales are accounted net of value added tax and trade and volume discounts, if any. Interest income is recognized using the time proportion method, based on the underlying interest rates.

Dividend income is recognized when the right to receive dividend is established.

Export entitlements (such as Duty draw back, Focus Market Scheme) are recognized in the statement of profit and loss in the year of exports provided that there is no significant uncertainty regarding the entitlement to the credit and the amount thereof.

2.6 Fixed assets and depreciation/amortisation

(a) (i) Tangible fixed assets

Tangible assets are carried at cost of acquisition or construction less accumulated depreciation and impairment loss, if any. Cost includes inward freight, duties, taxes (to the extent not recoverable from tax authorities) and expenses incidental to acquisition and installation of the fixed assets up to the time the assets are ready for intended use. Capital work-in-progress comprises of the cost of fixed assets that are not yet ready for their intended use at the Balance Sheet date.

(ii) Depreciation on tangible fixed assets

Leasehold land is amortised on a straight line basis over the primary period of lease, i.e. 99 years. In respect of other assets, depreciation is provided on straight line method based on useful life prescribed in Schedule II to the Companies Act 2013 as given below :

Gross block	Sub-asset	Useful lives (years)
Building	Office building	60 years
	Factory building	30 years
Plant and equipments	Plant and machinery	15 years
	Relining of Kiln*	6 years
	Computers	3 years
Vehicles	Vehicles	8 years
Office equipment	Office equipment	5 years
Furniture and fixtures	Furniture and fixtures	10 years

*For these class of assets, based on internal technical assessment, the useful lives as given above are believed to best represent the period over which the assets are expected to be used. Hence, the useful life of these assets are different from the useful lives as prescribed under Part C of Schedule II of the Companies Act, 2013.

(b) Intangible fixed assets

Intangible assets comprising of Non-competition agreement, Distribution Rights and Software cost are carried at cost of acquisition less accumulated amortisation and impairment loss, if any. Non-competition agreement is amortised over its contractual period of 5 years. Distribution Rights are amortised on a straight line basis over a period of ten years and Software cost is amortised on a straight line basis over a period of 5 years, which in management's opinion represents the period during which economic benefits will be derived from their use.

2.7 Goodwill on consolidation

The excess of cost to the Holding Company of its investment in the subsidiary over its portion of equity of the subsidiary, as at the date on which the investment was made, is recognized as goodwill in the consolidated financial statements. The Holding Company's portion of equity in the subsidiary is determined on the basis of the book value of assets and liabilities as per the consolidated financial statements of the subsidiary as on the date of investment. Goodwill on consolidation is amortised on a straight line basis over a period of 15 years.

2.8 Impairment of assets

In accordance with AS 28 on 'Impairment of assets', the Group assesses at each Balance Sheet date whether there is any indication that an asset may be impaired. If any such indication exists, the Group estimates the recoverable amount of the asset. The recoverable amount is the greater of the net selling price and value in use. Value in use is

the present value of the estimated future cash flows expected to arise from the continuing use of the asset and from its disposal at the end of its useful life. In assessing the value in use, the estimated future cash flows are discounted to their present value based on an appropriate discount factor. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognized in the Statement of Profit and Loss.

If at the Balance Sheet date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount subject to a maximum of depreciable historical cost.

2.9 Employee benefits

(a) Short term employee benefits :

All employee benefits payable wholly within twelve months of rendering the service are classified as short term employee benefits. These benefits include salary, wages and bonus, compensated absences such as paid annual leave and sickness leave. The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees is recognized during the period of rendering of service by the employee.

(b) Long term employee benefits :

(i) Defined contribution plans

The Group has defined contribution plans for post-employment benefits namely Provident Fund and Superannuation Scheme which are recognised by the income tax authorities.

The Group contributes to a Government administered provident fund and superannuation fund on behalf of its employees and has no further obligation beyond making its contribution.

The Group makes contributions to state plans namely Employee's State Insurance Fund and Employee's Pension Scheme 1995 and has no further obligation beyond making the payment to them.

The Group's contributions to the above funds are charged to the Statement of Profit and Loss every year.

(ii) Defined benefit plans

Post-employment benefits:

The Group's gratuity scheme with Life Insurance Corporation of India is a defined benefit plan. The Company's net obligation in respect of the gratuity benefit scheme is calculated by estimating the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present value, and the fair value of any plan assets is deducted. The present value of the obligation under such defined benefit plan is determined based on independent actuarial valuation at the Balance Sheet date using the Projected Unit Credit Method, which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation. The obligation is measured at the present value of the estimated future cash flows. The discount rates used for determining the present value of the obligation under defined benefit plan are based on the market yields on Government securities as at the Balance Sheet date. Actuarial gains and losses are recognized immediately in the Statement of Profit and Loss.

Other long-term employment benefits :

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognized as a liability at the present value of the defined benefit obligation at the Balance Sheet date. The discount rates used for determining the present value of the obligation under defined benefit plan are based on the market yields on Government securities as at the Balance Sheet date.

2.10 Inventories

Inventories which comprises of raw materials, work-in-progress, finished goods, stores and spares are valued at lower of cost and net realisable value. Cost is determined under the moving average price method and includes all costs incurred in bringing the inventories to their present location and condition. Finished goods and Work-in progress include appropriate proportion of costs of conversion. Fixed production overheads are allocated on the basis of normal capacity of production facilities. Valuation of work-in-progress is based on stage of completion. Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale.

2.11 Foreign currency

i) Foreign currency transactions

Foreign currency transactions are recorded at the exchange rates prevailing on the dates of the transactions. Exchange differences arising on foreign currency transactions settled during the year are recognized in the Statement of Profit and Loss of that year. Monetary assets and liabilities denominated in foreign currencies at the balance sheet date are translated at the closing exchange rates. The resultant exchange differences are recognized in the Statement of Profit and Loss.

ii) Derivative financial instruments

The Company holds derivative financial instruments to hedge its foreign currency exposure.

Derivatives are measured at fair value and changes therein are recognized in the Statement of Profit and Loss.

2.12 Operating leases

Lease arrangements, where the risks and rewards incidental to ownership of an asset substantially vests with the lessor, are recognised as operating leases. Lease payments under operating lease are recognised as an expense in the Statement of Profit and Loss on a straight line basis.

2.13 Taxes on Income

Income-tax

Income tax expense comprises current tax and deferred tax charge or credit (reflecting the tax effects of timing differences between accounting income and taxable income for the period). Current tax provision is made based on the tax liability computed after considering tax allowances and exemptions, in accordance with the Income tax Act, 1961.

Deferred tax

Deferred tax charge or credit and the corresponding deferred tax liability or asset is recognized for timing differences between the profits/losses offered for income taxes and profits/ losses as per the financial statements. Deferred tax assets and liabilities are measured using the tax rates and tax laws that have been enacted or substantively enacted at the Balance Sheet date. Deferred tax assets are recognised only to the extent there is

reasonable certainty that the assets can be realised in future; however, where there is unabsorbed depreciation or carry forward of losses, deferred tax assets are recognised only if there is a virtual certainty of realisation of such assets. Deferred tax assets are reviewed as at each Balance Sheet date and written down or written-up to reflect the amount that is reasonably/ virtually certain (as the case may be) to be realised.

2.14 Earnings per share ('EPS')

Basic EPS is computed by dividing the net profit attributable to shareholders by the weighted average number of equity shares outstanding during the year.

Diluted EPS is computed using the weighted average number of equity and dilutive equity equivalent shares outstanding during the year-end, except where the results would be anti dilutive.

2.15 Provisions and contingencies

Provision is recognised in the Balance Sheet when the Company has a present obligation as a result of a past event, and it is probable that an outflow of economic benefits will be required to settle the obligation and reliable estimation can be made of the amount required to settle the obligation. Contingent liabilities arising from claims, litigation, assessment, fines, penalties etc. are disclosed when there is a possible obligation or a present obligation as a result of a past event where it is not probable that an outflow of economic benefits will be required to settle the obligation, and the amount can be reasonably estimated. When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosures is made.

2.16 Cash and cash equivalents

Cash and cash equivalents comprise cash at bank and in hand and short term investments with an original maturity of three months or less.

Rights, preferences and restrictions attached to equity shares

The Company has only one class of equity shares having a par value of Rs.10 per share. Each holder of equity shares is entitled to one vote per share. The Company declares and pays dividends in Indian rupees. The dividend proposed by the Board of Directors is subject to the approval of the shareholders in the ensuing Annual General Meeting.

During the year ended 31 March 2016, the Company had recognised dividend of Rs.4 per equity share amounted to Rs.13,480,096, including dividend distribution tax of Rs 2,280,096 as appropriation towards distribution to equity shareholders.

The Board of Directors at their meeting held on 25 May 2017 has recommended payment of a final dividend of Rs. 8 per equity share for the financial year ended 31 March 2017 amounting to Rs. 26,986,326 including dividend distribution tax Rs. 4,586,326, subject to the Shareholders' approval at the forthcoming Annual General Meeting. However, the liability of proposed dividend of Rs. 26,986,326 is not recorded in these financial statement as appropriation towards distribution to equity shareholders since the Central Government in consultation with National Advisory Committee on Accounting Standards, has amended the Companies (Accounting Standards) Rules, 2006, through a notification issued by the Ministry of Corporate Affairs dated 30 March 2016. The Companies (Accounting Standards) Rules, 2016 is effective from financial year 2016-17 onwards (Refer to para 8.5 of AS-4 - Contingencies and Events occurring after the Balance Sheet date).

In the event of liquidation of the Company, the holders of equity shares will be entitled to receive remaining assets of the Company, after distribution of all preferential amounts. The distribution will be in proportion to the number of equity shares held by the shareholders.

Defined contributions plans

The Group makes contributions, determined as specified percentage of employee salaries, in respect of qualifying employees towards Provident Fund, ESIC, Labour Welfare Fund and Superannuation Scheme, which is a defined contribution plan. The Group has no obligations other than to make the specified contributions. The contributions are charged to the Statement of Profit and Loss as they accrue. The amount as an expense towards contribution to Provident Fund, Superannuation Scheme and Labour welfare fund for the year aggregated to Rs. 8,185,029 (2016: Rs. 6,910,336).

Defined benefit plans
Gratuity

The Group operates post employment defined benefit plans that provide gratuity benefit. The gratuity plan entitles an employee, who has rendered at least five years of continuous service, to receive 15 days salary for each year of completed service at the time of retirement / exit. The scheme is funded by plan assets.

The following are the principal actuarial assumptions for leave encashment and gratuity at the reporting date (expressed as weighted averages) :

Particulars	31 March 2017		31 March 2016	
	Morganite (Holding Company)	Diamond (Subsidiary Company)	Morganite (Holding Company)	Diamond (Subsidiary Company)
Discount rate (per annum)	7.34%	7.00%	8.08%	7.90%
Rate of increase in compensation levels	7.00%	6.50%	7.00%	6.50%
Rate of return on plan assets	7.34%	7.00%	8.08%	7.90%
Attrition rate	2.00%	7.00%	2.00%	7.00%

- Gratuity is payable to all eligible employees of the Group on superannuation, death, and permanent disablement, in terms of the provisions of the Payment of Gratuity Act, 1972.
- The discount rate is based on the prevailing market yields Indian Government securities as at the balance sheet date for the estimated term of the obligations.
- Estimates of future salary increases, considered in actuarial valuation, take account of inflation, seniority, promotion and other relevant factors such as supply and demand in the employment market.
- The Group's gratuity fund is managed by Life Insurance Corporation of India. The plan assets under the fund are invested under approved securities.
- The Plan Assets are administered by Life Insurance Corporation of India ("LIC") as per Investment Pattern stipulated for Pension and Group Schemes Fund by Insurance and Regulatory Development Authority regulations.

31 Segment reporting

a) Business Segments:

The Group recognizes its sale of crucibles activity as its only primary business segment since its operations predominantly consist of manufacture and sale of crucibles to its customers. Accordingly, income from sale of crucibles comprises the primary basis of segmental information set out in these consolidated financial statements.

b) Geographical segments:

Geographical segment will be the secondary segment for the purpose of AS-17 (Segment reporting). Geographical revenues are allocated based on the location of customers to whom goods are sold.

41 Transfer Pricing

The Company has developed a comprehensive system of maintenance of information and documents as required by the transfer pricing legislation under section 92-92F of the Income Tax Act, 1961. The management is of the opinion that its international transactions are at arm's length so that the aforesaid legislation will not have any impact on the financial statements, particularly on the amount of tax expense and that of provision for taxation.

During the previous year the Company has applied for Advance Pricing Agreement (APA) before the Central Board of Direct Tax (CBDT) and Government of India for International Inter-company related party transactions with associated Enterprises (AE). The APA is an arrangement between the taxpayer and the tax authority covering future transactions, with a view to avoid the potential transfer pricing disputes in a cooperative manner. Once APA agreement is completed, the Company will have certainty with respect to tax outcome of international transactions, by agreeing in advance the arm's length pricing, or pricing methodology which is to be applied. Under APA specific rollback provisions enable to attain certainty in transfer prices of international transactions for up to 9 years (including 4 years rollback provisions) in total. The company has applied for Advanced Pricing Agreement (APA) in FY 2015-16, the period covered under rollback is from FY 2012-13 to FY 2015-16 and five year down the line i.e. from FY 2016-17 to 2020-21. Besides this the APA has a persuasive value on all open Transfer pricing litigations of past years. During the year, the Company received questionnaire from the CBDT and the Company has replied to the questionnaire.

The Domestic Transfer Pricing Regulations as prescribed under section 92BA of the Income Tax Act, 1961 was introduced from April 1, 2012. The Company has been consistently transacting with related parties on an Arm's Length basis in accordance with Group Transfer Pricing Policy. The Company is of the opinion that there will be no significant changes to Arm's length price under determination in order to comply with the requirement of section 92BA of Income Tax Act. Hence, there will no material impact on the financial statements.
