CHAIRMAN MESSAGE

Dear Shareholders.

Last year was an exceptional year for your company. The sale of the company grew by 34.54% and PAT by 135.50%.

What is even more satisfying is the way brand "Bella Casa" has been accepted by the trade and the consumers alike. In a very short span of time, the brand has become available through thousands of outlets in wholesale, modern trade and Ecommerce.

Our apparel business has also shown excellent performance. Our efforts in generating superlative designs and maintaining consistent quality has resulted in long term supply contracts from all major retailers of the country.

We have been able to achieve this success due to our strong focus on design, quality and distribution. We plan to keep investing in these areas.

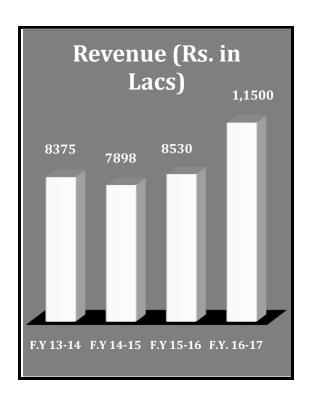

All macro indicators in economy support the hypothesis that domestic market for both fashion apparels & home decor will keep growing for many years to come. To benefit from this growth, we have decided to double our capacity. We expect the expansion to be completed by Mid-October and we should start seeing the benefits of this from the next financial year.

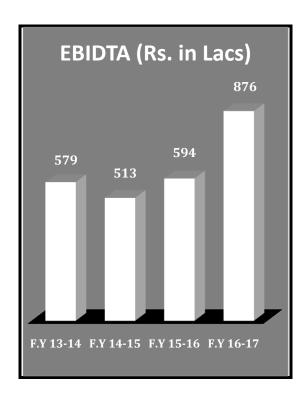

Efforts of government like demonetisation and GST are a huge positive for our company. The notion of "One country-One tax" will result in a seamless movement of goods and it will bring a lot of cost benefits.

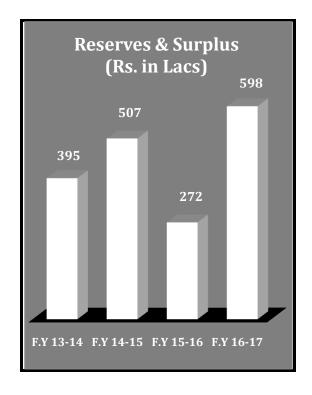

To conclude, I can confidently say that your company is at the right place at the right time and we shall leave no stone unturned to achieve best results in years to come.

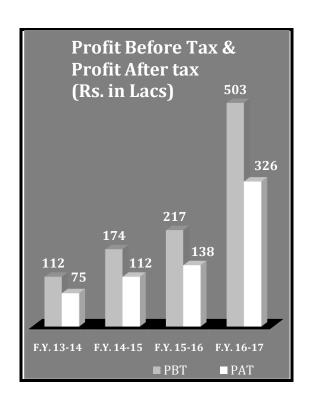

Yours sincerely, Harish Kumar Gupta Chairman & Whole-Time Director

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial control system over financial reporting and their operating effectiveness. Our audit of internal financial control over financial reporting included obtaining an understanding of internal financial control over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial controls over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.
