- 9) Pursuant to section 124, 125 and applicable provisions of the Companies Act, 2013 read with the Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules,

2016, all unpaid or unclaimed dividends are required to be transferred by the Company to the Investor education and Protection Fund (IEPF) Authority established by the Central Government, after completion of seven years from the date of transfer to Unclaimed Dividend Account of the Company. Further, according to the Rules, the shares in respect of which dividend has not been paid or claimed by the shareholders for seven consecutive years or more shall also be transferred to the de-mat account of the IEPF Authority. The said requirement does not apply to shares in respect of which there is a specific order of Court, Tribunal or Statutory Authority, restraining transfer of the shares.

In view of this, members who have not encashed their dividends are requested to claim the same from the Company, within the stipulated timeline. Also, the members, whose unclaimed dividends/shares have been transferred to IEPF, may claim the same by making an online application to the IEPF Authority in web Form No. IEPF-5 available on [www.iepf.gov.in/www.mca.gov.in](http://www.iepf.gov.in/www.mca.gov.in) by following the steps explained at <https://www.iepf.gov.in/content/dam/iepf/pdf/steps-to-file-iepf-5-20240321.pdf>.

During the financial year 2025-26, the company would be transferring unpaid or unclaimed dividend amount for the financial year 2017-18 (Final Dividend) within 30 days from the due date of transferring the amount to IEPF i.e. 03.11.2025. Further, the Company is also required to transfer the shares in respect of which dividends have not claimed for seven consecutive years from the financial year 2017-18 (Final Dividend), to the demat account of the IEPF Authority. The Company has also given individual intimations to concerned shareholders indicating that such shares shall be transferred to IEPF Authority and also advertised in the newspapers seeking action from said shareholders. Accordingly, the concerned members are requested to claim the unclaimed dividend for the financial year 2017-18 (Final Dividend) on or before 15.10.2025.

10) Members holding shares in electronic form are hereby informed that bank particulars registered against their respective depository accounts will be used by the Company for payment of dividend. The Company or its Registrars cannot act on any request received directly from the Members holding shares in electronic form for any change of bank particulars or bank mandates. Such changes are to be advised only to the Depository Participant of the Members.

11) The members whose bank particulars are not updated with their Depositories are requested to update their details.

12) The Register of Directors and Key Managerial Personnel and their shareholding, maintained under Section 170 of the Companies Act, 2013 and the Register of Contracts or Arrangements in which the Directors are interested, maintained under Section 189 of the Companies Act, 2013 will be available for inspection by the members at the AGM. All documents referred to in the Notice will also be available for inspection without any fee by the members from the date of circulation of this Notice up to the date of AGM, i.e. September 20, 2025.

13) The Register of Members and Share Transfer Register in respect of equity shares of the Company will remain closed from 14<sup>th</sup> day of September 2025 to 20<sup>th</sup> day of September, 2025 (both days inclusive) for the purpose of Annual General Meeting.

14) In furtherance of Green Initiative in Corporate Governance by Ministry of Corporate Affairs, the Shareholders are requested to register their email id with the Company or with the Registrar and Transfer Agents.

15) Members who are holding shares in identical order or names in more than one folio are requested to write to the Company to enable the Company to consolidate their holdings in one folio.

16) Members whose shareholding is in the electronic mode are requested to direct change of address notifications and updation of Savings Bank Account details to their respective Depository Participants.

17) Members are requested to kindly notify changes including email address, if any, in their address to the R & T Agent of the Company, Satellite Corporate Services Pvt. Ltd. situated at Office No.106 & 107, Dattani Plaza, East West Indl. Compound, Safed Pool, Sakinaka, Andheri Kurla Road, Mumbai-400072. Website: [www.satellitecorporate.com](http://www.satellitecorporate.com). Phone no.022-28520461, 022-28520462, e-mail: [info@satellitecorporate.com](mailto:info@satellitecorporate.com), [service@satellitecorporate.com](mailto:service@satellitecorporate.com).

18) The Securities and Exchange Board of India (SEBI) has mandated the submission of Permanent Account Number (PAN) by every participant in securities market. The Members holding shares in electronic form are, therefore, requested to submit the PAN to their Depository Participants with whom they are maintaining their Demat accounts. The members holding shares in physical form are requested to submit their PAN and Bank Details (copy of PAN Card and original cancelled cheque leaf/attested copy of bank pass book showing name of account holder) to the RTA.

SEBI by amendment to Regulation 40 of SEBI (Listing Obligation & Disclosure Requirements) Regulations, 2015 has mandated transfer of securities in dematerialized form only, w.e.f. 01.04.2019. In view of this and to eliminate all risks associated with physical shares, members holding shares in physical form are requested to consider converting their holdings to dematerialized form. However, SEBI vide its circular no. SEBI/HO/MIRSD/MIRSD-PoD/P/CIR/2025/97 dated 2<sup>nd</sup> July, 2025 has authorized the investors for re-lodgement of transfer deeds, which were lodged prior to the deadline of 01<sup>st</sup> April, 2019 and rejected/returned/not attended due to deficiency in the documents/process/or otherwise, for a period of six months from 07<sup>th</sup> July, 2025 till 06<sup>th</sup> January, 2026.

19) Members seeking any information or clarification on the Annual Report are requested to write to the company at least ten days in advance from the date of Annual General Meeting, so as to enable the company to compile the information and provide replies at the meeting.

20) In line with the MCA General Circular No. 20/2020 dated 5/5/2020 and 02/2021 dated 13/1/2021, 02/2022 dated 5/5/2022 and SEBI Circular no. SEBI/HO/CFD/CMD1/CIR/P/2020/79 dated 12/5/2020, and subsequent circulars issued in this regard, the latest being SEBI/HO/CFD/CFD-PoD-2/P/CIR/2024/133 dated 03/10/2024 Notice of the AGM along with the Annual Report 2024-25 is being sent only through electronic mode to those Members whose email addresses are registered with the Company/ Depositories. Members may note that the Notice and Annual Report 2024-25 will also be available on the Company's website [www.pritikaautoindustries.com/annual-reports.html](http://www.pritikaautoindustries.com/annual-reports.html) websites of BSE Limited at [www.bseindia.com](http://www.bseindia.com) and NSE Limited at [www.nseindia.com](http://www.nseindia.com), and on the website of NSDL at <https://www.evoting.nsdl.com>. Even after e-communication, members are entitled to receive copy of Notice of AGM and Annual Report 2024-25 in physical form, upon making a request for the same, by post free of cost. The Shareholders may send requests to the Company's investor email id: [compliance@pritikaautoindustries.com](mailto:compliance@pritikaautoindustries.com) for the same.

21) SEBI vide Circular Nos. SEBI/HO/OIAE/OIAE\_IAD-1/P/ CIR/2023/131 dated July 31, 2023, and SEBI/HO/OIAE/OIAE\_IAD-1/P/CIR/2023/135 dated August 04, 2023, read with Master Circular No. SEBI/HO/ OIAE/OIAE\_ IAD-1/P/CIR/2023/145 dated July 31, 2023 (updated as on August 11, 2023), has established a common Online Dispute Resolution Portal ("ODR Portal") for resolution of disputes arising in the Indian Securities Market.

Pursuant to above-mentioned circulars, post exhausting the option to resolve their grievances with the RTA/ Company directly and through existing SCORES platform, the investors can initiate dispute resolution through the ODR Portal (<https://smartodr.in/login>) and the same can also be accessed through the Company's website <https://www.pritikaautoindustries.com/smart-odr.html>.

22) As per the provisions of Section 72 of the Act, the facility for making a nomination is available for the Members in respect of the shares held by them. Members who have not yet registered their nominations are requested to register the same by submitting Form No. SH- 13. If a Member desires to cancel the earlier nomination and record a fresh nomination, he may submit the same in Form No. SH-14. Members who are either not desiring to register for Nomination or would want to opt-out, are requested to fill out and submit Form No. ISR-3. The said forms can be downloaded from the Company's website at <https://www.pritikaautoindustries.com/downloads.html>. ## **EXPLANATORY STATEMENT PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013**

### **Item No. 4**

#### **To Increase the Authorized Share Capital of the Company and amend the Capital clause in the Memorandum of Association of the Company**

At present the Authorised Share Capital of the Company is Rs. 36,50,00,000/- (Rupees Thirty Six Crores and Fifty Lacs only) divided into 18,25,00,000 (Eighteen Crores and Twenty Five Lacs) equity shares of Rs. 2/- each. The paid up share capital of the Company is Rs. 33,30,25,334/- (Rupees Thirty Three Crores Thirty Lacs Twenty Five Thousand Three Hundred and Thirty Four Only) divided into 16,65,12,667 (Sixteen Crores Sixty Five Lacs Twelve Thousand Six Hundred and Sixty Seven) equity shares of Rs. 2/- each.

Considering the increased fund requirements of the Company, the Board at its Meeting held on 13<sup>th</sup> August, 2025, had accorded its approval for increasing the Authorised Share Capital from Rs. 36,50,00,000/- (Rupees Thirty Six Crores and Fifty Lacs only) to Rs. 40,00,00,000/- (Rupees Forty Crores only) divided into 20,00,00,000 (Twenty Crores) equity shares of Rs. 2/- each by creation of additional 1,75,00,000 (one crore and seventy five lacs) equity shares of Rs. 2/- each, subject to shareholders' approval. It is therefore proposed to increase the Authorised Share Capital of the Company from Rs. 36,50,00,000/- (Rupees Thirty Six Crores and Fifty Lacs only) to Rs. 40,00,00,000/- (Rupees Forty Crores only) divided into 20,00,00,000 (Twenty Crores) equity shares of Rs. 2/- each by creation of additional 1,75,00,000 (one crore and seventy five lacs) equity shares of Rs. 2/- each ranking pari passu with the existing Equity Shares in all respects as per the Memorandum and Articles of Association of the Company.

Consequently, existing Clause V of the Memorandum of Association would also require alteration so as to reflect the changed Authorised Share Capital.

The proposal for increase in Authorised Share Capital and amendment of Memorandum of Association of the Company requires approval of members at a general meeting.

None of the Directors or Key Managerial Personnel of the Company or their respective relatives, are in any way concerned or interested, financially or otherwise in the said resolution except to the extent of their shareholding in the Company. ## Chairman's Message to Shareholders

Dear Shareholders,

I am pleased to present to you the Annual Report for FY25 — a year that marked a crucial turning point for **Pritika Auto Industries Limited**. After a period of consolidation shaped by external macroeconomic headwinds, your Company has entered a new phase of growth and strategic evolution.

As we celebrate the Golden Jubilee of the Pritika Group, marking 50 years of excellence since our humble beginnings in 1974 under the visionary leadership of Mr. R.S. Nibber, it is a moment of immense pride to reflect on our journey. From manufacturing small forgings to becoming one of the leading suppliers of precision machined components for tractors and heavy commercial vehicles, our commitment to quality, innovation, and customer satisfaction has remained unwavering. The year also witnessed a significant milestone with the Company achieving its highest-ever monthly dispatch volume, reflecting strong traction from OEM clients and a resurgence in demand from the agricultural sector. In addition, we secured multiple long-term contracts with leading industry players, including major orders from a prominent tractor manufacturer and various component-specific projects. These agreements not only validate our product quality and reliability but also provide long-term revenue visibility and strengthen our position as a preferred partner in the OEM supply chain. The commencement of commercial production for multiple high-value components such as hydraulic lift housings, axle housings, differential housing assemblies, and hydraulic blocks across several facilities further strengthens our position as a preferred supplier. These achievements reinforce our strategic roadmap for growth, diversification, and sustained operational excellence as we step confidently into the next phase of our journey.

We reported strong financial and operational performance in Q4 FY25, with revenue reaching ₹101.66 crore, a year-on-year increase of over 23%. EBITDA rose by nearly 26%, and PAT surged by 71%—a testament to our sharpened focus on cost efficiencies, quality improvement, and robust client servicing.

Our strategic initiatives this year focused on three key areas: **client base expansion**, **product portfolio enhancement**, and **sectoral diversification**. In addition to serving our long-term partners in the tractor and commercial vehicle segment, we have initiated engagements with new OEMs and started exploring the **Railways and Defence** sectors. The goal is not just growth but sustainable value creation through diversification and innovation.

Looking forward, we are targeting **15–20% revenue growth in FY26**, anchored by increased capacity utilization, entry into high-potential verticals, and deeper OEM relationships. We are confident that our lean cost structure, technological capabilities, and experienced team will allow us to convert these opportunities into enduring value.

None of this would have been possible without your continued trust and support. I would like to thank our employees, partners, and customers for their resilience and commitment, and you, our shareholders, for your faith in our vision.

Warm regards,

Harpreet Singh Nibber  
Chairman & Managing Director

### **2. INDUSTRIAL SCENARIO**

#### **Indian Economy Outlook**

India's economic performance in FY25 has demonstrated resilience amid global uncertainties, with real GDP growth estimated between 6.3% and 6.5%. This steady growth trajectory is underpinned by robust domestic demand, strategic public investments, and a rebound in key sectors.

Deloitte's May 2025 outlook projects India's GDP growth in the range of 6.3% to 6.5% for FY25, with expectations of 6.5% to 6.7% for FY26. This optimistic forecast is attributed to tax incentives boosting consumer spending and strong domestic demand. However, potential headwinds include global trade uncertainties and the impact of international tariff regimes.

EY's assessment aligns with this outlook, projecting India's real GDP growth at 6.4% for FY25 and 6.5% for FY26. The firm emphasizes the importance of well-calibrated fiscal strategies that support human capital development while maintaining fiscal prudence to enhance long-term growth prospects.

On the supply side, the agriculture sector is projected to grow by 3.8%, bolstered by favorable monsoon conditions and enhanced productivity in horticulture, livestock, and fisheries. The industrial sector is expected to expand by 6.2%, supported by growth in construction activities and utilities. The services sector continues to be a significant contributor, maintaining its upward trajectory.

### **Indian Auto-Components Industry**

Amid speculation about a possible 25 per cent tariff imposition on imports by the US, the Indian automotive component industry is expected to maintain a steady growth trajectory and expand by 8-10 per cent in FY26. The sector, which saw a 14 per cent growth in FY24, is projected to witness a more moderate expansion of 7-9 per cent in FY25.

Credit rating agency ICRA forecasts that this growth will be driven by strong export performance, increasing localization of electric vehicle (EV) components, and rising demand in the aftermarket.

The auto component sector will incur capital expenditure (capex) of Rs 25,000-30,000 crore in FY26, focusing on capacity expansion, localization, and technological advancements, including EV components, ICRA estimates.

Demand from domestic Original Equipment Manufacturers (OEMs), which contribute over half of the industry's revenue, is expected to grow, aided by premiumisation and higher value addition. The replacement market is also set to grow by 5-7 per cent in FY25 and 7-9 per cent in FY26, fuelled by an increase in vehicle age, the rising popularity of used cars, and preventive maintenance trends.

### **Indian Agricultural Tractor Market**

The Indian agricultural tractor market is a large and growing sector, driven by the country's predominantly agrarian economy and increasing mechanization of farming practices. The market is expected to reach a value of USD 15.3 billion by 2034, with a compound annual growth rate (CAGR) of 7.0%. Key factors contributing to this growth include government initiatives to boost agricultural productivity, rising rural incomes, and the increasing use of tractors for non-agricultural purposes like construction and transport.

The market is dominated by Indian OEMs like Mahindra & Mahindra Limited, TAFE, International Tractors Ltd (Sonalika), and Escorts Limited. International players like Deere & Company and CNH also have a notable presence. Government initiatives, including subsidies and support for farm mechanization, contribute to market growth.

The industry is experiencing significant capital investments in manufacturing infrastructure, reflecting confidence in the market's growth potential. Major manufacturers are expanding their production facilities to meet the growing demand and incorporate advanced manufacturing technologies. In March 2024, Sonalika Tractors invested in two new plants in Hoshiarpur, Punjab, including a tractor assembly facility and a high-pressure foundry plant. Similarly, Escorts Kubota Ltd announced plans to invest approximately Rs 4,500 crore in a new manufacturing plant in Rajasthan, aiming to double their domestic tractor production capacity to 3.4 lakh units annually. These investments underscore the industry's commitment to enhancing production capabilities and maintaining technological leadership in the global market. **Source:** <https://www.mordorintelligence.com/industry-reports/india-agricultural-tractor-machinery-market>.

### **Agricultural Tractors Market Outlooks**

Industry poised to farm significant growth in CY2025. Having closed CY2024 with a strong performance in December (99,292 units, up 25.7% YoY), the Indian tractor industry has entered CY2025 on a bullish note. According to Hemant Sikka, President – Farm Equipment Sector, Mahindra & Mahindra, “Sentiments have remained positive in December on account of positive cash flow momentum from the kharif harvest. Additionally, favorable reservoir levels have resulted in strong sowing for the rabi season, further bolstering

demand for tractors. Looking ahead, the tractor industry is poised for significant growth, underpinned by positive agricultural sentiments and favorable terms of trade for farmers.”

FADA too is optimistic about growth this year and states that dealers across vehicle categories sense resurgence in market confidence, fuelled by improved rural liquidity, evolving government policies and a wave of new product launches. Despite financing headwinds and heightened competition, many retailers believe that focused marketing strategies, robust supply chains and better alignment with customer preferences will create a foundation for sustained expansion.

#### **ECONOMIC OVERVIEW**

##### **Indian Economy Outlook**

India's economic performance in FY25 has demonstrated resilience amid global uncertainties, with real GDP growth estimated between 6.3% and 6.5%. This steady growth trajectory is underpinned by robust domestic demand, strategic public investments, and a rebound in key sectors.

Deloitte's May 2025 outlook projects India's GDP growth in the range of 6.3% to 6.5% for FY25, with expectations of 6.5% to 6.7% for FY26. This optimistic forecast is attributed to tax incentives boosting consumer spending and strong domestic demand. However, potential headwinds include global trade uncertainties and the impact of international tariff regimes.

EY's assessment aligns with this outlook, projecting India's real GDP growth at 6.4% for FY25 and 6.5% for FY26. The firm emphasizes the importance of well-calibrated fiscal strategies that support human capital development while maintaining fiscal prudence to enhance long-term growth prospects.

On the supply side, the agriculture sector is projected to grow by 3.8%, bolstered by favorable monsoon conditions and enhanced productivity in horticulture, livestock, and fisheries. The industrial sector is expected to expand by 6.2%, supported by growth in construction activities and utilities. The services sector continues to be a significant contributor, maintaining its upward trajectory.

Inflationary pressures have moderated, with retail headline inflation softening to 4.9% during April–December 2024. The Reserve Bank of India anticipates aligning consumer price inflation with the target of around 4% in FY26. Fiscal indicators remain robust, evidenced by an 8.2% growth in capital expenditure between July and November 2024. Additionally, gross FDI inflows increased by 17.9% year-on-year, reaching USD 55.6 billion in the first eight months of FY25. Foreign exchange reserves stood at USD 640.3 billion as of December 2024, sufficient to cover 10.9 months of imports and approximately 90% of external debt.

Looking ahead, India's economic prospects remain favorable, supported by structural reforms, infrastructure development, and a focus on self-reliance. The government's commitment to enhancing the manufacturing sector and fostering innovation positions the country for sustained growth, with aspirations to ascend to the position of the world's third-largest economy in the coming years.

### **Indian Auto-Components Industry**

The automotive components industry experienced a 11% YoY growth, reaching Rs. 3.32 lakh crore (US\$ 38.4 billion) in the first half of FY25.

India has become the fastest-growing economy in the world in recent years. This fast growth, coupled with rising incomes, a boost in infrastructure spending and increased manufacturing incentives, has accelerated the automobile industry. The two-wheeler segment dominated the automobile industry because of the Indian middle class, with automobile sales standing at 23.85 million units in FY24.

Significant demand for automobiles also led to the emergence of more original equipment and auto components manufacturers. As a result, India developed expertise in automobiles and auto components, which helped boost international demand for Indian automobiles and auto components. Hence, the Indian automobile industry has a considerable impact on the auto component industry.

In 2024, India produced 100,000 electric cars and 900,000 electric two-wheelers. However, Internal Combustion Engine (ICE) vehicles still dominate with 20 million two-wheelers and 5 million cars produced.

India's auto component industry is an important sector driving macroeconomic growth and employment. The industry comprises players of all sizes, from large corporations to micro entities, spread across clusters throughout the country. The auto components industry accounted for 2.3% of India's GDP and provided direct employment to more than 1.5 million people. By 2026, the automobile component sector will contribute 5-7% of India's GDP.

Automotive Mission Plan (2016-26) projects to provide direct incremental employment to 3.2 million by 2026.

The industry is a leader in exports and provides jobs to over 3.7 crore people. In FY24, the export value of auto components/parts was estimated at US\$ 21.2 billion. North America, which accounts for 33% of total exports, increased by 5%, while Europe and Asia, which account for 32% and 24% of total exports, increased by 12% and growth for Asia remained flat, respectively. The key export items included drive transmission and steering, engine components, body/chassis, suspension and braking etc.

## **Indian Agricultural Tractor Market**

The Indian agricultural tractor market is a large and growing sector, driven by the country's predominantly agrarian economy and increasing mechanization of farming practices. The market is expected to reach a value of USD 15.3 billion by 2034, with a compound annual growth rate (CAGR) of 7.0%. Key factors contributing to this growth include government initiatives to boost agricultural productivity, rising rural incomes, and the increasing use of tractors for non-agricultural purposes like construction and transport.

The market is dominated by Indian OEMs like Mahindra & Mahindra Limited, TAFE, International Tractors Ltd (Sonalika), and Escorts Limited. International players like Deere & Company and CNH also have a notable presence. Government initiatives, including subsidies and support for farm mechanization, contribute to market growth.

The industry is witnessing a remarkable technological revolution, particularly in the realm of sustainable and smart farming solutions. In January 2024, Tractors and Farm Equipment Limited (TAFE) marked a significant milestone by introducing electric tractors equipped with auto-steer and advanced farm management systems. This innovation reflects the industry's commitment to environmental sustainability and technological advancement. Similarly, in February 2024, Sonalika Tractors launched a new range of 10 H.P. advanced heavy-duty tractors under the "Tiger" series, featuring cutting-edge technologies like CRDS and HDM+ engines, demonstrating the industry's focus on innovation and efficiency.

The industry is experiencing significant capital investments in manufacturing infrastructure, reflecting confidence in the market's growth potential. Major manufacturers are expanding their production facilities to meet the growing demand and incorporate advanced manufacturing technologies. In March 2024, Sonalika Tractors invested in two new plants in Hoshiarpur, Punjab, including a tractor assembly facility and a high-pressure foundry plant. Similarly, Escorts Kubota Ltd announced plans to invest approximately Rs 4,500 crore in a new manufacturing plant in Rajasthan, aiming to double their domestic tractor production capacity to 3.4 lakh units annually. These investments underscore the industry's commitment to enhancing production capabilities and maintaining technological leadership in the global market. ### ***Segment Analysis: Engine Power***

#### ***30-50 HP Segment in India Agricultural Tractors Market***

The 30-50 HP segment dominates the India Agricultural Tractors market, commanding approximately 86% market share in 2024, while also being the fastest-growing segment with a projected growth rate of around 7% during 2024-2029. This segment's prominence can be attributed to its optimal balance of power and cost-effectiveness for Indian farming conditions. With the average size of household ownership decreasing and farm holdings seeing a downward trend, these compact tractors prove viable and efficient for small farm holdings while being key to increasing productivity. The segment's growth is further supported by continuous product innovations from major manufacturers. For instance, in November 2022, VST Tillers Tractors Ltd and Zetor Tractors launched new tractor models with 40 & 50 HP engine capacities, addressing the specific needs of Indian farmers. The low cost of these tractors compared to higher horsepower variants, coupled with their fuel efficiency and versatility in handling various agricultural tasks, makes them particularly attractive to small and marginal farmers who constitute the majority of India's farming community.

India Agricultural Tractors Market: Market Share by Engine Power Segment (2024)

Source: Mordor Intelligence

### Remaining Segments in Engine Power Segmentation

The other segments in the market include Under 30 HP, 51-80 HP, and Above 80 HP tractors, each serving specific agricultural needs. The Under 30 HP segment caters to small-scale farming operations and specialized applications like horticulture and gardening, offering compact and manoeuvrable solutions for smaller land holdings. The 51-80 HP segment serves medium to large-scale farming operations, providing enhanced power for heavy-duty agricultural tasks and specialized farming applications. The Above 80 HP segment, while representing a smaller portion of the market, plays a crucial role in large-scale commercial farming operations and specialized agricultural applications requiring significant power output. These segments complement each other by addressing diverse farming requirements across different land holding sizes and agricultural applications throughout India.

### Segment Analysis: Drive Type

#### Two Wheel Drive Segment in India Agricultural Tractors Market

The Two Wheel Drive segment dominates the India Agricultural Tractors market, holding approximately 86% market share in 2024. These tractors are predominantly used in dry farming conditions where fields are not excessively muddy, sloped, or wet, making them ideal for operations like sowing seeds, spraying fertilizers and pesticides, and topping pastures. Two-wheel drive tractors have gained significant popularity among small and marginal farmers due to their cost-effectiveness, affordability, and improved maneuverability. These tractors are particularly efficient in fuel consumption, typically using between 2 to 5 Liters per hour depending on engine size and working conditions. Major manufacturers like Sonalika, Mahindra and Mahindra, John Deere, Swaraj, and Eicher have strengthened their market position by offering innovative two-wheel drive tractors that cater specifically to the Indian agricultural landscape. The segment's dominance is further reinforced by these tractors' ability to handle basic farming activities effectively while maintaining lower operational costs compared to their four-wheel counterparts.

### **Four Wheel Drive Segment in India Agricultural Tractors Market**

The Four-Wheel Drive segment is emerging as the fastest-growing category in the India Agricultural Tractors market, projected to grow at approximately 7% CAGR from 2024 to 2029. These tractors are specifically engineered for challenging terrains and demonstrate superior performance in harsh, wet, and muddy farmland conditions. The segment's growth is driven by their versatility in performing multiple agricultural tasks beyond basic farming activities, including crop protection, loading, and construction work, thereby reducing the need for additional equipment purchases. Four-wheel drive tractors are particularly valued for their ability to efficiently operate several heavy-duty implements like cultivators and loaders, contributing to increased overall productivity while maintaining quality standards. Major manufacturers are actively investing in research and development to enhance these tractors' capabilities, as evidenced by John Deere's launch of the 5045 D PowerPro 4WD in 2023, which specifically addresses the needs of Indian farmers by improving agricultural efficiency and reducing labor requirements.

### **Segment Analysis: Application**

#### **Row Crop Tractor Segment in India Agricultural Tractors Market**

The Row Crop Tractor segment dominates the India Agricultural Tractors Market, holding approximately 34% market share in 2024. These agricultural tractor machineries are specifically tailored to grow crops that meet all agricultural demands, such as plowing, harrowing, levelling, pulling seed drills, weed control, and running various machines like water pumps and belt pulley threshers. The segment's prominence is driven by the increasing unavailability of farm laborers and growing mechanization of agriculture. Row-crop tractors are provided with replaceable driving wheels of different tread widths and have high ground clearance to prevent crop damage. The increasing demand for power, precision, handling, and efficiency has shaped the development of the row crop tractor segment in India. Major players in the market are investing heavily in R&D work to develop innovative equipment and maintain a strong market foothold, with several new models being introduced featuring advanced technologies like integrated car-like headlamps, compact packaging with underhood mufflers, stylish SMC bonnets, and digital clusters. Additionally, the segment is projected to grow at the fastest rate of approximately 7% during 2024-2029, driven by these tractors' versatility as all-rounders and their effectiveness as substitutes for manual labor.

#### **Remaining Segments in Application Segmentation**

The other segments in the India Agricultural Tractors market include Orchard Tractors and Other Applications. Orchard tractors are specifically designed for creating and maintaining lawns, gardens, fruit crops, vines, and specialized agricultural operations. These utility tractors are light and compact, with a small turning radius drive that provides better traction for operation across terrains. The Other Applications segment encompasses utility tractors, which are general-purpose machines used for various agricultural operations, including small- and medium-sized farms and specialty agricultural industries such as dairy and livestock. These tractors are designed for tasks such as plowing and driving other types of equipment through their drives, offering features like compact design, user-friendly interfaces, and limited space requirements. Both segments contribute significantly to the market's diversity by catering to specific agricultural needs and operational requirements across different farming applications.

## RESOURCES AND LIQUIDITY

As on March 31, 2025, the consolidated net worth stood at Rs. 256.66 crore and the consolidated debt was at Rs. 169.32 crore.

The net debt to equity ratio of the Company stood at 0.66 as on March 31, 2025.

## BUSINESS PERFORMANCE

Pritika registered growth of 4.32% in revenue clocking a turnover of Rs.356.89 cr in FY25. The Company produced 40,286 tons of machined casting during the year. About 92-93% of the revenue was contributed by the tractor components segment while the rest was from the commercial vehicle segment. With capacity in place, Pritika is focusing on higher production and better utilization in future, based on a good order book. The Company is also adding high-value products and trying to improve operational efficiencies, while expanding export revenues.

The Company is dealing in single segment i.e. manufacturing of Automotive Components / parts.

## DEVELOPMENTS IN BUSINESSES DURING THE YEAR:

During the year, Company commenced commercial production of a range of critical tractor components, including hydraulic lift housings, axle housings, differential assemblies, and various structural and precision-engineered parts, for leading global and domestic OEMs. In addition, we secured multiple long-term contracts with leading industry players, including major orders from a prominent tractor manufacturer and various component-specific projects. These orders, secured from multiple prominent tractor manufacturers, reflect long-term engagements and span across a multi-year horizon. The contracts offer strong revenue visibility and reinforce the Company's position as a trusted supplier of high-quality components to the agricultural equipment sector. The ramp-up in production for these projects marks a strategic milestone in broadening our OEM customer base and enhancing our footprint in the tractor component market.

## KEY FINANCIAL RATIOS:

EBITDA margin and PAT Margins improved 67 bps and 177 bps, respectively, as compared to immediately previous year ended 31<sup>st</sup> March 2024.

Return on Networth has decreased to 6.05% in FY2025.

There were no significant change i.e. 25% or more in the key Financial Ratio except the following:

Particulars	Year ended 31.03.2025	Year ended 31.03.2024	Change
Net Profit Margin %	4.97%	3.93%	26.49%

The change in the above ratio is due to profit on sale of investment in equity shares.

## RISKS AND CONCERNS

The company encounters various risks, both internal and external, as it conducts its daily operations and works towards its long-term goals. A comprehensive policy is developed, and dedicated risk workshops are conducted for each business vertical and key support functions. These workshops focus on identifying, assessing, analyzing, and either accepting or mitigating risks to a level deemed acceptable within the organization's risk appetite. The risk policy undergoes periodic reviews to ensure its effectiveness and relevance.

The Company faces the following Risks and Concerns:

### **Economy and Market Risk**

The Company's expansion is closely tied to the cyclical nature of the agricultural and automotive sectors. The fluctuations in the Indian commercial vehicle and tractor industries directly influence the demand for associated components. Given the significant impact of the automotive sector on economic growth, any downturn in the overall economy would have repercussions on the commercial vehicle industry.

### **Credit Risk**

Pritika has established a credit policy to handle its credit exposure, including procedures for credit limit requests and approvals. The company conducts thorough research on clients' financial health and project potential. It diligently follows up with clients to ensure payments are made according to schedule. The company has optimized its processes to create a targeted and proactive receivables management system, ensuring collections are received on time.

### **Interest Rate Risk**

The company has effectively handled its debt-equity ratio by employing a combination of loans and internal cash flows. It has also efficiently managed its working capital to maximize cost optimization in terms of overall interest expenses.

### **Contractual Risk**

Pritika adheres to a rigorous procedure for assessing the legal risks associated with contracts and determining its legal obligations according to relevant contract laws. It meticulously evaluates worst-case scenarios and, as a strategic measure with input from advisors, incorporates stringent terms to limit liabilities to the fullest extent feasible.

### **Competition Risk**

As is typical across industries, growth prospects bring about increased competition. We encounter competition at various levels, including from domestic and multinational firms. Pritika has established distinct advantages in project execution, quality, and timely delivery, making it resilient against competitive pressures. Additionally, the company maintains a competitive edge through ongoing investments in technology and employee development. Our robust and enduring client base, consisting of both large and mid-sized enterprises, contributes to a healthy order backlog and shields the company from this risk. We also mitigate this risk through our focus on infrastructure quality, customer-centric approach, and innovative solutions tailored to customer needs, supported by competitive pricing and an assertive marketing strategy. Our disciplined project management practices, along with prudent financial and human resource management and cost control measures, further strengthen our resilience against competitive challenges. Therefore, we anticipate minimal impact from this risk.

### **Input Cost Risk**

Changes in raw material prices, power costs, and other input expenses could impact our profitability and cost efficiency. These risks, particularly those related to raw material pricing and power availability, are potentially significant and require vigilant monitoring.

## **OPPORTUNITIES**

- Rising Agricultural Sector Growth
- Strong Order Book from OEMs
- Supportive Government Policies for Agriculture
- Expanding Commercial Vehicle Market

- Export Potential & Global OEM Partnerships
- Rural Growth and Agri Mechanization
- Backward Integration & Cost Efficiency
- Utilization of Tractors Beyond Agriculture
- Investment Opportunities and Increased FDI

## **THREATS**

- Competitive pressure from both local and global competitors
- Economic volatility and regulatory shifts affecting market demand and profitability
- Technological progress potentially rendering current products outdated
- Vulnerability of the agricultural sector to adverse weather conditions and monsoons
- Fluctuating labor and raw material expenses posing risks
- Challenges in attracting and retaining skilled workforce
- Potential slowdown across the agricultural industry

## **INTERNAL CONTROL SYSTEMS AND ADEQUACY**

For the purposes of effective internal financial control, Pritika has adopted various policies and procedures to ensure orderly and efficient conduct of its business, including adherence to company's policies, safeguarding of its assets, prevention and detection of frauds and errors, accuracy and completeness of the accounting records, and timely preparation of reliable financial information.

There has not been any significant change in such control systems. The control systems are reviewed by the management regularly. The same are also reviewed by the Statutory Auditors and Internal Auditors from time to time. Additionally, the Company has adopted various policies and procedures to safeguard its interest. These policies and procedures are reviewed from time to time. A proper reporting mechanism has been implemented in the organization for reporting any deviation from the policies and procedures. Compliance audit is conducted from time to time by external agencies on various areas of operations.

## **HUMAN RESOURCES**

Pritika has Human Relations and Industrial Relations policies in force. These are reviewed and updated regularly in line with the Company's strategic plans. The human relations team continually conducts training programs for talent development. The Company aims to develop the potential of every individual associated with it as a part of its business goal. Pritika leverages a mix of experienced as well as young talent to drive growth.

The company values its human resources as the principal drivers of change. The Company focuses on providing individual development and growth in a work culture that encourages team work and high performance.

As on March 31, 2025, the Company had a workforce of 1449 (permanent and contractual).

## **OUTLOOK**

Pritika Auto Industries remains strong, underpinned by robust order inflows, strategic client additions, and long-term business visibility. During FY25, the Company secured multiple large-scale, multi-year contracts from leading domestic and global tractor OEMs. These wins reinforce Pritika's position as a key supplier in the high-volume agricultural equipment segment and significantly enhance its order book resilience.

Company achieved record dispatch volumes and commenced commercial production of several high-value components, including axle housings, hydraulic cylinders, and intermediate housings. Capital raised through warrant conversions and preferential issues has strengthened the balance sheet, supported capacity expansion, and will fund future growth initiatives.

Looking ahead to FY26, Pritika Auto is well-positioned to capitalize on favorable industry trends, including sustained rural infrastructure development, increasing farm mechanization, and policy support under the Make-in-India initiative. Expansion into high-potential sectors such as Railways and Defence, along with the development of value-added, heavy-duty components, is expected to drive revenue diversification and margin enhancement. Company is targeting 15–20% revenue growth, supported by strong OEM demand, increasing capacity utilization, and new product additions.

Operational efficiency, backward integration, and cost optimization will continue to be focus areas to maintain profitability amid potential raw material volatility. While cyclical risks in the tractor and commercial vehicle sectors persist, a diversified client base and long-term contracts offer a strong cushion.

With a clear roadmap, modernized infrastructure, and a committed leadership team, Pritika Auto Industries is poised to deliver steady volume growth, improved operating performance, and long-term value creation for all stakeholders.

### INDEPENDENT AUDITOR'S REPORT

To the Members of PRITIKA AUTO INDUSTRIES LIMITED

#### Report on Audit of the Standalone Financial Statements

##### Opinion

We have audited the accompanying standalone financial statements of **PRITIKA AUTO INDUSTRIES LIMITED** ("the Company"), which comprise the Balance Sheet as at 31<sup>st</sup> March 2025, the Statement of Profit and Loss (including other comprehensive income), the statement of changes in equity and Cash Flow Statement for the year then ended and notes to the standalone financial statements including summary of material accounting policies and other explanatory information (hereinafter referred to as 'financial statements').

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31<sup>st</sup> March 2025, and its profit and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

##### Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SA) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Standalone Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

## **Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

During the last financial year 2023-24, the Company implemented a Scheme of Arrangement between Pritika Industries Ltd. (the Demerged Company) and Pritika Auto Industries Ltd. (the Resulting Company). This scheme was approved by National Company Law Tribunal (NCLT), Bench Chandigarh, vide its order dated 4th December 2023, pursuant to Sections 230 to 232, read with other relevant provisions of The Companies Act, 2013. The Scheme of Arrangement became effective in the books of accounts on 26th December 2023, and necessary entries have been made in the books of accounts to reflect the approval of the scheme. However, the financial information presented herewith for the financial year (FY 2023-24 and FY 2024-25) has been prepared taking into consideration the information pertaining to asset, liabilities, income, expenses and cash flows continued in the name of Pritika Industries Limited for Mohali and Bathri Unit post demerger in the books of Pritika Auto Industries Limited on account of procedural issues.

### **Effect on Financials:**

The annual financials for the year ending 31st March 2025 and 31<sup>st</sup> March 2024 include the financial figures of the demerged undertaking of Pritika Industries Ltd. vest into Pritika Auto Industries Ltd. Pursuant to the Scheme of demerger between Pritika Auto Industries Limited and Pritika Industries Limited approved by NCLT Chandigarh bench. The Revenue from operations for the year ending 31<sup>st</sup> March 2025 includes the sales made on GST Number 03AAACP9500B1Z4 and GST Number 02AAACP9500B1Z6 related to Pritika Industries Limited (Demerged Company).

## **Management's and Board of Directors' Responsibilities for the standalone Financial Statements**

The Company's management and Board of Directors are responsible for the matter stated in Section 134(5) of the Companies Act 2013 ("the Act") with respect to preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the company's financial reporting process.

### **Auditor's Responsibility for the Audit of the standalone Financial Statements**

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As Part of an audit in accordance with SA's specified under section 143(10) of the Act, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to standalone financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management and Board of Directors.
- Conclude on the appropriateness of management's and Board of Directors use of the going concern basis of accounting in preparation of standalone financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements for the financial year ended March 31, 2025 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

### **Report on Other Legal and Regulatory Requirements**

1. As required by the Companies (Auditor's Report) Order 2020 ("the Order") issued by the Central Government of India in terms of section 143(11) of the Act, we give in the **Annexure 1**, a statement on the matters specified in the paragraph 3 and 4 of the Order, to the extent applicable.
2. (A) Further to our comments in Annexure 1, as required by section 143(3) of the Act based on our audit, we report , to the extent applicable, that
  - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the accompanying standalone financial statements;
  - b. In our opinion proper books of account as required by law have been kept by the Company so far as appears from our examination of those books except for the matters stated in paragraph 2B(f) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 (as amended) ;
  - c. The Standalone financial statements dealt with by this Report are in agreement with the books of accounts.
  - d. In our opinion, the aforesaid standalone financial statements comply with the Indian Accounting Standards (Ind AS) specified under section 133 of the Act.

## **Annexure - 2**

### **Report on the Internal Financial Controls with reference to the aforesaid standalone financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)**

#### **Opinion**

We have audited the internal financial controls with reference to standalone financial statements of **PRITIKA AUTO INDUSTRIES LIMITED** (“the Company”) as of 31<sup>st</sup> March 2025 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to standalone financial statements and such internal financial controls were operating effectively as at 31 March 2025, based on the internal financial controls with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the “Guidance Note”).

#### **Management’s and Board of Directors’ Responsibility for Internal Financial Controls**

The Company’s management and Board of Directors are responsible for establishing and maintaining internal financial controls based on the criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (‘ICAI’). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### **Auditors’ Responsibility**

Our responsibility is to express an opinion on the Company’s internal financial controls with reference to standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls with reference to standalone financial statements, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the

assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to standalone financial statements.

### **Meaning of Internal Financial Controls with reference to standalone financial statements**

A company's internal financial control with reference to standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to standalone financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

### **Inherent Limitations of Internal Financial Controls with reference to standalone financial statements**

Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

**SUMMARY OF MATERIAL ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2025****Note No. 1: Notes To The Financial Statement****1 GENERAL INFORMATION**

Pritika Auto Industries Limited ( " the Company ") is a public company domiciled in India and is incorporated under the provisions of the Companies Act 1956. The registered office of the Company is in Punjab, India. The shares of the Company are listed on recognised stock exchanges in India i.e Bombay Stock Exchange ( BSE ) and National Stock Exchange (NSE ) . The Company was incorporated on 11.04.1980 and is engaged in the manufacturing of tractor and automobile components . The financial statements were approved by the board of directors on May 19 ,2025.

**Note No. 2 : BASIS OF PREPARATION ,MEASUREMENT AND MATERIAL ACCOUNTING POLICIES****2.1 Basis of Preparation and measurement**

These Standalone financial statements of the Company have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') specified under Section 133 of the Companies Act, 2013 ('Act') the Companies (Indian Accounting Standards) Rules, 2015 and other relevant provisions of the Act. The Financial statements have been prepared on a historical cost basis , except certain financial assets and liabilities and defined benefit plan-planned assets that are recognised at fair value at the end of the reporting period and on an accrual basis as a going concern . The Financial statements are presented in Indian Rupees ( INR ) , which is the functional currency of the Company and the currency of the primary economic environment in which the Company operates . The figures of the Financial Statements has been rounded off to the nearest lakhs.

All assets and liabilities have been classified as current or non current as per the Company's normal operating cycle and other criteria set out in the schedule III to the Companies Act , 2013 . Based on the nature of products and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents , the Company has determined its operating cycle atleast as twelve months for the purpose of current-non current classification of assets and liabilities. Deferred tax assets and liabilities are classified as non - current assets and liabilities. The Operating cycle is the time between the acquisition of assets/products for processing and their realisation in cash and cash equivalents . The Company has identified at least twelve months as its operating cycle .

**2.2 Use of Estimates**

The preparation of the Standalone financial statements in conformity with the generally accepted accounting principles in India requires management to make estimates and assumptions that affect the reported amount of assets and liabilities as of the Balance Sheet date , reported amount of revenue and expenses for the period and disclosure of contingent liabilities and contingent assets as on the date of Balance Sheet . The estimates and assumptions used in these Standalone Financial Statements . The actual amounts may differ from the estimates used in the preparation of the Standalone Financial Statements and the difference between actual results and the estimates are recognised in the period in which the results are known/ material.

**2.3 Fair Value Measurement**

The Company measures financial instruments at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability take place either in the principal market for the asset or liability, or in the absence of a principal market, in the most advantageous market for the asset or liability .

The principal or the most advantageous market must be accessible by the Company. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

**Non-derivative financial instruments****1. Financial assets at amortised cost**

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business model whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

## **2. Financial assets at fair value through other comprehensive income (FVTOCI)**

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business model whose objective is achieved by both collecting contractual cash flows that give rise on specified dates to solely payments of principal and interest on the principal amount outstanding and by selling financial assets. The Company has made an irrevocable election to present subsequent changes in the fair value of equity investments not held for trading in Other Comprehensive Income. Financial instruments (unquoted instruments) subsequent measurement are done through fair value through other comprehensive income (FVTOCI)

## **3. Financial assets at fair value through profit or loss (FVTPL)**

Financial assets are measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognised in profit or loss.

## **4. Financial liabilities**

Financial liabilities are measured at amortised cost using the effective interest method.

## **2.4 Property, Plant and Equipment (PPE)**

Freehold Land is carried at historical cost. All other items of Property, Plant and Equipment are recorded at cost less accumulated depreciation. The cost of acquisition of property, plant and equipment is net of duty or tax credit availed and includes purchase cost or its construction cost, inward freight and other expenses incidental to acquisition or installation and any cost directly attributable to bring the asset into the location and condition necessary for it to be capable of operating in the manner intended for its use. Cost of spares relating to specific item of an asset is capitalized. For major projects, interest and other costs incurred on / related to borrowings attributable to such projects / fixed assets during construction period and related pre-operative expenses are capitalized as part of the cost of respective assets. Cost of assets not ready to use before such date are disclosed under "Capital Work-in-Progress".

The residual values, useful live and methods of depreciation of Property, Plant and Equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Depreciation is provided using the Straight Line Method as per the useful lives of the assets at the rates prescribed under Schedule II of the Companies Act, 2013

### **Asset Useful live**

Buildings including factory buildings	30 years
General Plant and Machinery	15 years
Furniture and Fixtures	10 years
Office Equipment	5 years
Vehicles	8 years
Computers /servers and Network	3Years

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on disposal or retirement of an item of property, plant and equipment is determined as the difference between sales proceeds and the carrying amount of the asset and is recognised in profit or loss. Fully depreciated assets still in use are retained in financial statements.

## **2.5 Intangible assets**

Intangible assets are measured on initial recognition at cost and subsequently are carried at cost less accumulated amortisation and accumulated impairment losses, if any. An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses on derecognition are determined by comparing proceeds with carrying amount. These are included in profit or loss. The Company amortises intangible assets with a finite useful life using the straight-line method over the following range of useful lives:

### **Asset Useful life**

Computer software	3 years
-------------------	---------

The estimated useful life is reviewed annually by the management.

## **2.6 Capital work-in-progress and intangible assets under development**

Capital work-in-progress/intangible assets under development are carried at cost, comprising direct cost, related incidental expenses and attributable borrowing cost.

## **2.7 Impairment**

All assets other than Inventories and Investments are reviewed for impairment, wherever events or changes in circumstances indicate that the carrying amount of those assets may not be fully recoverable, in such cases the carrying amount of such assets is reduced to its estimated recoverable amount and the amount of such impairment loss is charged to the Statement of Profit and Loss.

## **2.8 Cash and cash equivalents**

The Company considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents.

Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

### **Cash flow statement**

Cash flows are reported using the indirect method, whereby net profit/ (loss) before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the company are segregated.

## **2.9 Investments**

All Quoted Investments are carried at fair value. Investments, which at the inception, have been designated to be held for a long term capital appreciation, the changes in the fair value are considered through Other Comprehensive Income. All investments other than quoted are valued at book value.

## **2.10 Inventories**

Inventories are valued at lower of cost (First in First out) and net realisable value after providing for obsolescence and other losses, where considered necessary. Cost includes all charges in bringing the goods to their present location and condition, including all taxes and other levies, transit insurance and receiving charges. Work-in-progress and finished goods include appropriate proportion of overheads and net off recoverable taxes incurred in bringing them to their respective present location and condition. Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale.

## **2.11 Revenue recognition**

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment, net of taxes or duties collected on behalf of the government.

However, Goods and Service tax (GST) is not received by the company on its own account. Rather, it is tax collected on value added to the commodity/services by the seller on behalf of the government. Accordingly, it is excluded from revenue.

The specific recognition criteria described below must also be met before revenue is recognised.

### **Sale of goods**

Revenue from the sale of goods is recognised when the goods are delivered and titles have passed, at which time all the following conditions are satisfied:

- the Company has transferred to the buyer the significant risks and rewards of ownership of the goods;
- the Company retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold
- the amount of revenue can be measured reliably;
- it is probable that the economic benefits associated with the transaction will flow to the Company; and the costs incurred or to be incurred in respect of the transaction can be measured reliably.

### **Interest Income**

Interest income from financial assets is recognized when it is probable that economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial assets to that asset's net carrying amount on initial recognition.

### **Dividend**

Dividend income from investments is recognised when the shareholder's right to receive payment has been established (provided that it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably).

### **Insurance claims**

Insurance claims are accounted for on the basis of claims admitted / expected to be admitted and to the extent that there is no uncertainty in receiving the claims.

Export benefits, incentives and licenses: Export incentives are recognised as income when the right to receive credit as per the terms of the scheme is established in respect of the exports made and where there is no significant uncertainty regarding the ultimate collection of the relevant export proceeds.

## **2.12 Operating leases including investment properties**

The Company assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

### **As a lessee**

#### **a) Right-of-use assets**

The Company recognises right-of-use assets at the commencement date of the lease (i.e. the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets.

If ownership of the leased asset transfers to the Company at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset.

#### **b) Lease liabilities**

At the commencement date of the lease, the Company recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments primarily comprise of fixed payments.

In calculating the present value of lease payments, the Group uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made.

#### **c) Short-term leases and leases of low value assets**

The Company applies the short-term lease recognition exemption to its short-term leases of office spaces and certain equipment (i.e. those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases of office equipment that are considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

### **As a lessor**

Leases in which the Company does not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases. Rental income arising is accounted for on a straight-line basis over the lease terms. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income.

## **2.13 Employee benefit expenses**

Employee benefits consist of contribution to provident fund, superannuation fund, gratuity fund and compensated absences.

### **(i) Post-employment benefit plans**

#### **Defined Contribution plans**

Payments to defined contribution retirement benefit scheme for eligible employees in the form of superannuation fund are charged as an expense as they fall due. Such benefits are classified as Defined Contribution Schemes as the Company does not carry any further obligations, apart from the contributions made.

The Company also makes contribution towards provident fund, in substance a defined contribution retirement benefit plan for qualifying employees. The provident fund is deposited with the Provident Fund Commissioner which is recognized by the Income Tax authorities.

#### **Defined benefit plans**

The Company operates various defined benefit plans- gratuity fund and Compensated absence.

The liability or asset recognised in the balance sheet in respect of its defined benefit plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the said obligation is determined by discounting the estimated future cash outflows, using market yields of government bonds that have tenure approximating the tenures of the related liability.

The interest income / (expense) are calculated by applying the discount rate to the net defined benefit liability or asset. The net interest income/ (expense) on the net defined benefit liability or as set is recognised in the Statement of Profit and loss.

Re-measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the Statement of Changes in Equity and in the Balance Sheet. Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in profit or loss as past service cost.

**Short term employee benefit**

Compensated absences which accrue to employees and which can be carried to future periods but are expected to be encashed or availed in twelve months immediately following the year end are reported as expenses during the year in which the employees perform the services that the benefit covers and the liabilities are reported at the undiscounted amount of the benefits after deducting amounts already paid. Where there are restrictions on availment of encashment of such accrued benefit or where the availment or encashment is otherwise not expected to wholly occur in the next twelve months, the liability on account of the benefit is actuarially determined using the projected unit credit method.

**2.14 Borrowing cost**

Borrowing costs are interest and ancillary costs incurred in connection with the arrangement of borrowings. General and specific borrowing costs attributable to acquisition and construction of any qualifying asset (one that takes a substantial period of time to get ready for its designated use or sale) are capitalised until such time as the assets are substantially ready for their intended use or sale, and included as part of the cost of that asset. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation. All the other borrowing costs are recognised in the Statement of Profit and Loss within Finance costs of the period in which they are incurred.

**2.15 Income tax**

Income tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the year. Current and deferred taxes are recognised in Statement of Profit and Loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity, respectively.

**Current tax**

Current tax is measured at the amount of tax expected to be payable on the taxable income for the year as determined in accordance with the provisions of the Income Tax Act, 1961.

Current tax assets and current tax liabilities are off set when there is a legally enforceable right to set off the recognized amounts and there is an intention to settle the asset and the liability on a net basis.

**Deferred tax**

Deferred income tax is recognised using the Balance Sheet approach. Deferred income tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount, except when the deferred income tax arises from the initial recognition of an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction.

Deferred tax assets are recognised only to the extent that it is probable that either future taxable profits or reversal of deferred tax liabilities will be available, against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of a deferred tax asset shall be reviewed at the end of each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilised.

Deferred tax assets and liabilities are measured using the tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period and are expected to apply when the related deferred tax asset is realised or the deferred tax liability is settled.

Deferred tax assets and liabilities are off set when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority.

**2.16 Accounting of provisions, contingent liabilities and contingent assets**

Provisions are recognized, when there is a present legal or constructive obligation as a result of past events, where it is probable that there will be outflow of resources to settle the obligation and when a reliable estimate of the amount of the obligation can be made. Where a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows. Where the effect is material, the provision is discounted to net present value using an appropriate current market-based pre-tax discount rate and the unwinding of the discount is included in finance costs.

Contingent liabilities are recognised only when there is a possible obligation arising from past events, due to occurrence or non-occurrence of one or more uncertain future events, not wholly within the control of the Company, or where any present obligation cannot be measured in terms of future outflow of resources, or where a reliable estimate of the obligation cannot be made. Obligations are assessed on an ongoing basis and only those having a largely probable outflow of resources are provided for. Contingent assets are not disclosed in the financial statements unless an inflow of economic benefits is probable.

**2.17 Earnings per share (EPS)**

Basic EPS is computed by dividing the profit or loss attributable to the equity shareholders of the Company by the weighted average number of Ordinary shares outstanding during the year. Diluted EPS is computed by adjusting the profit or loss attributable to the ordinary equity shareholders and the weighted average number of ordinary equity shares, for the effects of all dilutive potential Ordinary shares.

**2.18 Ind AS 115 Revenue from Contracts with Customers**

Ind AS 115 was issued on 28 March 2018 and supersedes Ind AS 11 Construction Contracts and Ind AS 18 Revenue and it applies, with limited exceptions, to all revenue arising from contracts with its customers. Ind AS 115 establishes a five-step model to account for revenue arising from contracts with customers and requires that revenue be recognised at an amount that reflects the consideration to which an entity expects to be entitled in exchange for transferring goods or services to a customer.

Ind AS 115 requires entities to exercise judgement, taking into consideration all of the relevant facts and circumstances when applying each step of the model to contracts with their customers.

**2.19 Government Grants**

Government grants are recognised where there is reasonable assurance that the grant will be received and all attached conditions will be complied with. When the grant relates to an expense item, it is recognised as income on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed. When the grant relates to an asset, it is recognised as income in equal amounts over the expected useful life of the related asset.

**2.20 Foreign currencies and operations****i.Functional and presentation currency**

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the Company operates ('the functional currency'). The financial statements are presented in Indian rupee (INR), which is the Company's functional and presentation currency. All amounts have been rounded off to the nearest lacs, unless otherwise stated.

**ii.Foreign currency transactions and balances**

Foreign currency transactions are recorded in the functional currency (Indian Rupee) by applying to the foreign currency amount the exchange rate between the functional currency and the foreign currency on the date of the transaction (spot exchange rate).

All monetary items denominated in foreign currency are converted into Indian Rupees at the year-end exchange rate. The exchange differences arising on such conversion and on settlement of the transactions are recognised in the statement of profit and loss.

Non-monetary items in terms of historical cost denominated in a foreign currency are reported using the exchange rate prevailing on the date of the transaction.

**2.21 Research and Development/ New Product Development**

Amounts paid towards technical know-how fees and other expenses for specifically identified projects/products being development expenditure is carried forward based on assessment of benefits arising from such expenditure. Such expenditure is amortized over the period of expected future sales from the related product, i.e. the estimated period of 6 years on straight line basis based on past trends, commencing from the month of commencement of commercial production.

### C) Fair value Measurement

#### (i) Fair Value hierarchy

Level 1- It includes financial instruments measured using quoted prices in active markets for identical assets or liabilities.

Level 2- Directly (i.e. as prices) or indirectly (i.e. derived from prices) observable market inputs other than Level 1 inputs; and

Level 3- If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3

There are no assets and liabilities which have been carried at fair value through the profit and loss account.

Investment in Quoted shares ,mutual fund and defined benefit obligation i.e Gratuity. which have been carried at fair value through the other comprehensive income .

The management assessed that cash and cash equivalents, trade receivables, trade payables, and other financial liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

### 40 Capital Management

The company manages its capital to ensure that entities in the Company will be able to continue as a going concern while maximising the return to stakeholders through the optimisation of the capital deployment.

The company determines the amount of capital required on the basis of annual operating plans and long-term plans and other strategic investment plans. The funding requirement are met through equity and long-term/ short-term borrowings.

The company monitors the capital structure on the basis of total debt to equity ratio and maturity of the overall debt portfolio of the Company.

In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. No changes were made in the objectives, policies or processes for managing capital during the period ended March 31, 2025.

## 52 QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Market risk is the risk of loss related to adverse changes in market prices, including interest rates and foreign exchange rates. In the normal course of business, we are exposed to certain market risks including foreign exchange rate risk and interest risk.

### (i) Liquidity risk

The financial liabilities of the company, other than derivatives, include loans and borrowings, trade and other payables. The company's principal sources of liquidity are cash and cash equivalents and the cash flow that is generated from operations. The company monitors its risk of shortage of funds to meet the financial liabilities using a liquidity planning tool. The company plans to maintain sufficient cash and deposits to meet the obligations as and when fall due.

The below is the detail of contractual maturities of the financial liabilities of the company at the end of each reporting period

(Rs. In lacs)		
Particulars	For the Year Ended March 31, 2025	For the Year Ended March 31, 2024
<b>Borrowings</b>		
expiring with in one year	6,886.15	6,564.67
expiring beyond one year	4,304.39	3,558.19
	11,190.54	10,122.86
<b>Trade payables</b>		
expiring with in one year	1,515.97	1,472.09
expiring beyond one year	-	-
	1,515.97	1,472.09
<b>Other financial liabilities</b>		
expiring with in one year	2,730.68	2,198.01
expiring beyond one year	-	-
	2,730.68	2,198.01

### (ii) Credit Risk

Credit risk refers to the risk of default on its obligation by the counterparty resulting in a financial loss. The maximum exposure to the credit risk at the reporting date is primarily from trade receivables which are typically unsecured. Credit risk on cash and bank balances is limited as the company generally invests in deposits with banks and financial institutions with high credit ratings assigned by credit rating agencies. Investments primarily include investment in shares. The objective of managing counterparty credit risk is to prevent losses in financial assets. The Company assesses the credit quality of the counterparties, taking into account their financial position, past experience and other factors. Customer credit risk is managed by the Entities's established policy, procedures and control relating to customer credit risk management. Outstanding customer receivables are regularly monitored. On account of adoption of Ind AS 109, the Company uses expected credit loss model to assess the impairment loss or gain.

The impairment analysis is performed on client to client basis at each reporting date for major customers. The company has not considered an allowance for doubtful debts in case of trade receivables that are past due but there has not been a significant change in the credit quality and the amounts are still considered recoverable.

#### Write off Policy

The financial assets are written off, in case there is no reasonable expectation of recovering from the financial asset.

### (iii) Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's debt obligations with floating interest rates.

The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's debt obligations with floating interest rates, which are included in interest bearing loans and borrowings in these financial statements. The company's fixed rate borrowings are carried at amortised cost. They are therefore not subject to interest rate risk, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

At the reporting date the interest rate profile of the Company's interest bearing financial instrument is at its fair value:

**Exposure to Interest Rate risk****(Rs. In lacs)**

<b>Particulars</b>	<b>For the Year Ended March 31, 2025</b>	<b>For the Year Ended March 31, 2024</b>
Long term debts from Banks and Financial Institutions and others	4,304.39	3,558.19
Current Maturities of long term debts	997.79	1,047.02
Short term Borrowings from Banks	5,888.36	5,517.65
Total borrowings	11,190.54	10,122.86
% of Borrowings out of above bearing variable rate of interest	100%	100%

**Interest rate Sensitivity**

A change of 50 bps in interest rate would have following impact on Profit before tax

### INDEPENDENT AUDITOR'S REPORT

To the Members of PRITIKA AUTO INDUSTRIES LIMITED

#### Report on Audit of the Consolidated Financial Statements

##### Opinion

We have audited the consolidated financial statements of **PRITIKA AUTO INDUSTRIES LIMITED** (hereinafter referred to as “the Holding Company”) and its subsidiary (Holding Company and its Subsidiary together referred to as “the Group), which comprise the Consolidated Balance Sheet as at 31<sup>st</sup> March 2025, the Consolidated Statement of Profit and Loss (including other comprehensive income), Consolidated statement of changes in equity, Consolidated statement of Cash Flow for the year then ended and notes to the consolidated financial statements including summary of material accounting policy information and other explanatory information (hereinafter referred to as ‘the consolidated financial statements’).

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 (“the Act”) in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at 31<sup>st</sup> March 2025, of its consolidated profit and other comprehensive income, consolidated changes in equity and consolidated cash flows for the year ended on that date.

##### Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

## Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

During the last financial year 2023-24, the Company implemented a Scheme of Arrangement between Pritika Industries Ltd. (the Demerged Company) and Pritika Auto Industries Ltd. (the Resulting Company). This scheme was approved by National Company Law Tribunal (NCLT), Bench Chandigarh, vide its order dated 4th December 2023, pursuant to Sections 230 to 232, read with other relevant provisions of The Companies Act, 2013. The Scheme of Arrangement became effective in the books of accounts on 26th December 2023, and necessary entries have been made in the books of accounts to reflect the approval of the scheme. However, the financial information presented herewith for the financial year (FY 2023-24 and FY 2024-25) has been prepared taking into consideration the information pertaining to asset, liabilities, income, expenses and cash flows continued in the name of Pritika Industries Limited for Mohali and Bathri Unit post demerger in the books of Pritika Auto Industries Limited on account of procedural issues.

### Effect on Financials:

The annual financials for the year ending 31st March 2025 and 31<sup>st</sup> March 2024 include the financial figures of the demerged undertaking of Pritika Industries Ltd. vest into Pritika Auto Industries Ltd. Pursuant to the Scheme of demerger between Pritika Auto Industries Limited and Pritika Industries Limited approved by NCLT Chandigarh bench. The Revenue from operations for the year ending 31<sup>st</sup> March 2025 includes the sales made on GST Number 03AAACP9500B1Z4 and GST Number 02AAACP9500B1Z6 related to Pritika Industries Limited (Demerged Company).

## Management's and Board of Directors' Responsibilities for the Consolidated Financial Statements

The Holding Company's management and Board of Directors are responsible for the matter stated in Section 134(5) of the Companies Act 2013 ("the Act") with respect to preparation of these consolidated financial statements that give a true and fair view of the consolidated state of affairs, consolidated profit/loss and other comprehensive income, consolidated changes in equity and consolidated cash flows of the Group in accordance with the Accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015 (as amended). The respective management and Board of Directors of the Companies included in the Group are responsible for the maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the management and Board of Directors of the Holding Company, as aforesaid

In preparing the consolidated financial statements, the respective management and Board of Directors of the companies included in the Group are responsible for assessing the ability of each Company to continue as a going concern, disclosing, as applicable, matters related to going concern and using the

going concern basis of accounting unless Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the Companies included in the Group are responsible for overseeing the financial reporting process of each Company.

### **Auditor's Responsibility for the Audit of the Consolidated Financial Statements**

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As Part of an audit in accordance with SA's specified under section 143(10) of the Act, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to consolidated financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management and Board of Directors.
- Conclude on the appropriateness of management's and Board of Directors use of the going concern basis of accounting in preparation of consolidated financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the appropriateness of this assumption. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the financial year ended March 31, 2025 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### **Report on Other Legal and Regulatory Requirements**

1. As required by the Companies (Auditor's Report) Order 2020 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, to be included in the Auditor's Report, according to the information and explanations given to us, and based on the CARO Reports issued by us for the company and subsidiary company included in the consolidated financial statements of the company, to which reporting under CARO is applicable, we report that there are no qualifications or adverse remarks in these CARO Reports.
2. (A) As required by section 143(3) of the Act, we report that:
  - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the aforesaid consolidated financial statements.
  - b. In our opinion proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept by the Company so far as appears from our examination of those books except for the matters stated in paragraph 2B(f) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 (as amended) ;
  - c. The Consolidated financial statements dealt with by this Report are in agreement with the books of accounts maintained for the purpose of preparation of the consolidated financial statements.
  - d. In our opinion, the aforesaid consolidated financial statements comply with the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015.

- e. On the basis of the written representations received from the directors of the Holding Company as on 31 March 2025 taken on record by the Board of Directors of the Holding Company and on the basis of written representations received by the management from directors of its subsidiaries which are incorporated in India, as on 31 March 2025, none of the directors of the Group companies incorporated in India is disqualified as on 31 March 2025 from being appointed as a director in terms of section 164(2) of the Act.
  - f. The modification relating to the maintenance of accounts and other matters connected therewith with respect to the consolidated financial statements are stated in paragraph 2A(b) above on reporting under section 143(3)(b) of the Act and paragraph 2B(f) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 (as amended).
  - g. With respect to the adequacy of the internal financial controls with reference to consolidated financial statements of the Holding Company and its subsidiary company incorporated in India and the operating effectiveness of such controls, refer to our separate report in “Annexure 1”; and
- (B) With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- a. The Company has disclosed the impact of pending litigations as at 31<sup>st</sup> March 2025 on its financial position in its consolidated financial statements. Refer Note 40 & 41 to the consolidated financial statements.
  - b. The Group did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
  - c. There are no amounts which were required to be transferred, to the Investor Education and Protection Fund by the Group during the year ended 31<sup>st</sup> March 2025.
  - d.
    - (i) The Management has represented that, to the best of its knowledge and belief, other than as disclosed in notes to the accounts, no funds have been advanced or loaned or invested (either from borrowed funds or share premium) by the Company to or in any other persons or entities, including foreign entities (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever (“Ultimate Beneficiaries”) by or on behalf of the Company or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
    - ii. The Management has represented that, to the best of its knowledge and belief, other than as disclosed in notes to the accounts, no funds have been received by the Company from any persons or entities, including foreign entities (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company shall directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever (“Ultimate Beneficiaries”) by or on behalf of the Funding Parties or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
    - iii. Based on the audits procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e) contain any material mis-statement.

e. The Company has not declared or paid any dividend during the year.

f. Based on our examination which included test checks, performed by us on the Holding Company and its subsidiary incorporated in India and audited under the Act, the Holding Company, and its subsidiary in respect of financial year commencing on 1<sup>st</sup> April 2024, have used accounting software for maintaining its books of account, which have a feature of recording audit trail (edit log) facility and the same have been operated throughout the year for all relevant transactions recorded in the software except that, audit trail feature was not enabled at database level for accounting software to log any direct data changes. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with in respect of the accounting software where such feature is enabled. The Audit trail has been preserved by the Company as per the Statutory requirements for record retention.

(C ) With respect to the matter to be included in the Auditors' Report under section 197(16) of the Act:

In our opinion and according to the information and explanations given to us, the remuneration paid by the Holding Company and its subsidiary company to its directors during the current year is in accordance with the provisions of section 197 of the Act. The remuneration paid to any director is not in excess of the limits laid down under section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under section 197(16) of the Act which are required to be commented upon by us.

## **Annexure - 1**

### **Report on the Internal Financial Controls with reference to the aforesaid consolidated financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)**

#### **Opinion**

In conjunction with our audit of the consolidated financial statements of Pritika Auto Industries Limited (“the Holding Company”) as of and for the year ended 31 March 2025, we have audited the internal financial controls with reference to the consolidated financial statements of the Holding Company and such companies incorporated in India under the Companies Act, 2013 which are its subsidiary companies, as of that date.

In our opinion, the Holding Company and subsidiary company has, in all material respects, adequate internal financial controls with reference to consolidated financial statements and such internal financial controls were operating effectively as at 31 March 2025, based on the internal financial controls with reference to consolidated financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the “Guidance Note”).

#### **Management’s and Board of Directors’ Responsibility for Internal Financial Controls**

The respective Company’s management and Board of Directors are responsible for establishing and maintaining internal financial controls based on the criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (‘ICAI’). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### **Auditors’ Responsibility**

Our responsibility is to express an opinion on the Company’s internal financial controls with reference to consolidated financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls with reference to consolidated financial statements, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements included

obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to consolidated financial statements.

#### **Meaning of Internal Financial Controls with reference to consolidated financial statements**

A company's internal financial control with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the consolidated financial statements.

#### **Inherent Limitations of Internal Financial Controls with reference to consolidated financial statements**

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

**SUMMARY OF MATERIAL ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2025****Note No. 1: Notes To The Financial Statement****1 GENERAL INFORMATION**

Pritika Auto Industries Limited ( " the Company ") is a public company domiciled in India and is incorporated under the provisions of the Companies Act applicable in India. The registered office of the Company is in Punjab, India. The shares of the Company are listed on recognised stock exchanges in India i.e Bombay Stock Exchange ( BSE ) and National Stock Exchange ( NSE ) . The Company was incorporated on 11.04.1980 and is engaged in the manufacturing of tractor and automobile components . The Consolidated financial statements were approved by the board of directors on May 19 ,2025.

**Note No. 2 : Basis Of Preparation , Measurement And Material Accounting Policies****2.1 Basis of Preparation and Measurement**

These Consolidated financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') specified under Section 133 of the Companies Act, 2013 ('Act') the Companies (Indian Accounting Standards) Rules, 2015 and other relevant provisions of the Act . The Consolidated Financial Statements have been prepared on historical basis , except certain financial assets and liabilities and defined benefit plans-plan assets that are recognised at fair value at the end of the reporting period and on an accrual basis as a going concern .The financial statements are presented in Indian Rupees ( INR ) , which is the functional currency of the Company and the Currency of the primary economic environment in which the Company operates.The figures of the Consolidated Financial Statements has been rounded off to the nearest lakhs.

All assets and liabilities have been classified as current or non current as per the Company's normal operating cycle and other criteria set out in the schedule III to the Companies Act , 2013 . Based on the nature of products and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents , the Company has determined its operating cycle as twelve months for the purpose of current-non current classification of assets and liabilities. Deferred tax assets and liabilities are classified as non - current assets and liabilities. The Operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents . The Company has identified twelve months as its operating cycle .

The subsidiary companies considered in these consolidated financial statements are as follows:

Name of the Company	Proportion of Ownership
Pritika Engineering Components Limited (Subsidiary )	70.81%
Meeta Castings Limited ( Step down Subsidiary)	100%

**2.2 Principles of consolidation:**

The acquisition method of accounting is used to account for business combinations by the group. The group combines the financial statements of the parent and its subsidiaries line-by-line basis by adding together like items of assets, liabilities, income and expenses, after fully eliminating intra-group balances, intra-group transactions and any unrealized profits/ losses unless the transaction provides evidence of an impairment of the transferred asset.

**2.3 Use of Estimates**

The preparation of the Consolidated financial statements in conformity with the generally accepted accounting principles in India requires management to make estimates and assumptions that affect the reported amount of assets and liabilities as of the Balance Sheet date , reported amount of revenue and expenses for the year and disclosure of contingent liabilities and contingent assets as of the date of Balance Sheet . The estimates and assumptions used in these Consolidated Financial Statements . The actual amounts may differ from the estimates used in the preparation of the Consolidated Financial Statements and the difference between actual results and the estimates are recognised in the period in which the results are known/ material.

## 2.4 Fair Value Measurement

The Company measures financial instruments at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability take place either in the principal market for the asset or liability, or in the absence of a principal market, in the most advantageous market for the asset or liability .

The principal or the most advantageous market must be accessible by the Company. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

### Non-derivative financial instruments

#### 1. Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business model whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

#### 2. Financial assets at fair value through other comprehensive income (FVTOCI)

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business model whose objective is achieved by both collecting contractual cash flows that give rise on specified dates to solely payments of principal and interest on the principal amount outstanding and by selling financial assets. The Company has made an irrevocable election to present subsequent changes in the fair value of equity investments not held for trading in Other Comprehensive Income. Financial instruments ( unquoted instruments) subsequent measurement are done through fair value through other comprehensive income (FVTOCI).

#### 3. Financial assets at fair value through profit or loss (FVTPL)

Financial assets are measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognised in profit

#### 4. Financial liabilities

Financial liabilities are measured at amortised cost using the effective interest method.

## 2.5 Property, Plant and Equipment (PPE)

Freehold Land is carried at historical cost. All other items of Property, Plant and Equipment are recorded at cost less accumulated depreciation. The cost of acquisition of property, plant and equipment is net of duty or tax credit availed and includes purchase cost or its construction cost, inward freight and other expenses incidental to acquisition or installation and any cost directly attributable to bring the asset into the location and condition necessary for it to be capable of operating in the manner intended for its use. Cost of spares relating to specific item of an asset is capitalized. For major projects, interest and other costs incurred on / related to borrowings attributable to such projects / fixed assets during construction period and related pre-operative expenses are capitalized as part of the cost of respective assets. Cost of assets not ready to use before such date are disclosed under "Capital Work-in-Progress".

The residual values, useful live and methods of depreciation of Property, Plant and Equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Depreciation is provided using the Straight Line Method as per the useful lives of the assets at the rates prescribed under Schedule II of the Companies Act, 2013

### Asset Useful live

Buildings including factory buildings	30 years
General Plant and Machinery	15 years
Furniture and Fixtures	10 years
Office Equipment	5 years
Vehicles	8 years
Computers /servers and Network	3 Years

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on disposal or retirement of an item of property, plant and equipment is determined as the difference between sales proceeds and the carrying amount of the asset and is recognised in profit or loss. Fully depreciated assets still in use are retained in Consolidated financial statements.

## **2.6 Intangible assets**

Intangible assets are measured on initial recognition at cost and subsequently are carried at cost less accumulated amortisation and accumulated impairment losses, if any. An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses on derecognition are determined by comparing proceeds with carrying amount. These are included in profit or loss. The Company amortises intangible assets with a finite useful life using the straight-line method over the following range of useful lives:

### **Asset Useful life**

Computer software 3 years

The estimated useful life is reviewed annually by the management.

## **2.7 Capital work-in-progress and intangible assets under development**

Capital work-in-progress/intangible assets under development are carried at cost, comprising direct cost, related incidental expenses and attributable borrowing cost.

## **2.8 Impairment**

All assets other than Inventories and Investments are reviewed for impairment, wherever events or changes in circumstances indicate that the carrying amount of those assets may not be fully recoverable, in such cases the carrying amount of such assets is reduced to its estimated recoverable amount and the amount of such impairment loss is charged to the Statement of Profit and Loss.

## **2.9 Cash and cash equivalents**

The Company considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents.

Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

### **Cash flow statement**

'Cash flows are reported using the indirect method, whereby net profit/ (loss) before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the company are segregated.

## **2.10 Investments**

All Quoted Investments are carried at fair value. Investments, which at the inception, have been designated to be held for a long term capital appreciation, the changes in the fair value are considered through Other Comprehensive Income. All other investments are valued at book value.

## **2.11 Inventories**

Inventories are valued at lower of cost (First in First out) and net realisable value after providing for obsolescence and other losses, where considered necessary. Cost includes all charges in bringing the goods to their present location and condition, including all taxes and other levies, transit insurance and receiving charges. Work-in-progress and finished goods include appropriate proportion of overheads and net off recoverable taxes incurred in bringing them to their respective present location and condition. Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale.

## **2.12 Revenue recognition**

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment, net of taxes or duties collected on behalf of the government.

However, Goods and Service tax (GST) is not received by the company on its own account. Rather, it is tax collected on value added to the commodity/services by the seller on behalf of the government. Accordingly, it is excluded from revenue.

The specific recognition criteria described below must also be met before revenue is recognised.

**Sale of goods**

Revenue from the sale of goods is recognised when the goods are delivered and titles have passed, at which time all the following conditions are satisfied:

- the Company has transferred to the buyer the significant risks and rewards of ownership of the goods;
- the Company retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold
- the amount of revenue can be measured reliably;
- it is probable that the economic benefits associated with the transaction will flow to the Company; and the costs incurred or to be incurred in respect of the transaction can be measured reliably.

**Interest Income**

Interest income from financial assets is recognized when it is probable that economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial assets to that asset's net carrying amount on initial recognition.

**Dividend**

Dividend income from investments is recognised when the shareholder's right to receive payment has been established (provided that it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably).

**Insurance claims**

Insurance claims are accounted for on the basis of claims admitted / expected to be admitted and to the extent that there is no uncertainty in receiving the claims.

Export benefits, incentives and licenses: Export incentives are recognised as income when the right to receive credit as per the terms of the scheme is established in respect of the exports made and where there is no significant uncertainty regarding the ultimate collection of the relevant export proceeds.

**2.13 Operating leases including investment properties**

The Company assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

**As a lessee****a) Right-of-use assets**

The Company recognises right-of-use assets at the commencement date of the lease (i.e. the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets.

If ownership of the leased asset transfers to the Company at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset.

## **b) Lease liabilities**

At the commencement date of the lease, the Company recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments primarily comprise of fixed payments. In calculating the present value of lease payments, the Group uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made.

### **c) Short-term leases and leases of low value assets**

The Company applies the short-term lease recognition exemption to its short-term leases of office spaces and certain equipment (i.e. those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases of office equipment that are considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

### **As a lessor**

Leases in which the Company does not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases. Rental income arising is accounted for on a straight-line basis over the lease terms. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income.

## **2.14 Employee benefit expenses**

Employee benefits consist of contribution to provident fund, superannuation fund, gratuity fund and compensated absences.

### **(i) Post-employment benefit plans**

#### **Defined Contribution plans**

Payments to defined contribution retirement benefit scheme for eligible employees in the form of superannuation fund are charged as an expense as they fall due. Such benefits are classified as Defined Contribution Schemes as the Company does not carry any further obligations, apart from the contributions made.

The Company also makes contribution towards provident fund, in substance a defined contribution retirement benefit plan for qualifying employees. The provident fund is deposited with the Provident Fund Commissioner which is recognized by the Income Tax authorities.

#### **Defined benefit plans**

The Company operates various defined benefit plans- gratuity fund and Compensated absence.

The liability or asset recognised in the balance sheet in respect of its defined benefit plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the said obligation is determined by discounting the estimated future cash outflows, using market yields of government bonds that have tenure approximating the tenures of the related liability.

The interest income / (expense) are calculated by applying the discount rate to the net defined benefit liability or asset. The net interest income/ (expense) on the net defined benefit liability or as set is recognised in the Statement of Profit and loss.

Re-measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the Statement of Changes in Equity and in the Balance Sheet. Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in profit or loss as past service cost.

## **2.15 Borrowing cost**

Borrowing costs are interest and ancillary costs incurred in connection with the arrangement of borrowings. General and specific borrowing costs attributable to acquisition and construction of any qualifying asset (one that takes a substantial period of time to get ready for its designated use or sale) are capitalised until such time as the assets are substantially ready for their intended use or sale, and included as part of the cost of that asset. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation. All the other borrowing costs are recognised in the Statement of Profit and Loss within Finance costs of the period in which they are incurred.

## **2.16 Income tax**

Income tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the year. Current and deferred taxes are recognised in Statement of Profit and Loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity, respectively.

### **Current tax**

Current tax is measured at the amount of tax expected to be payable on the taxable income for the year as determined in accordance with the provisions of the Income Tax Act, 1961.

Current tax assets and current tax liabilities are off set when there is a legally enforceable right to set off the recognized amounts and there is an intention to settle the asset and the liability on a net basis.

### **Deferred tax**

Deferred income tax is recognised using the Profit and loss approach. Deferred income tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount, except when the deferred income tax arises from the initial recognition of an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction.

Deferred tax assets are recognised only to the extent that it is probable that either future taxable profits or reversal of deferred tax liabilities will be available, against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of a deferred tax asset shall be reviewed at the end of each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilised.

Deferred tax assets and liabilities are measured using the tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period and are expected to apply when the related deferred tax asset is realised or the deferred tax liability is settled.

Deferred tax assets and liabilities are off set when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority.

## **2.17 Accounting of provisions, contingent liabilities and contingent assets**

Provisions are recognized, when there is a present legal or constructive obligation as a result of past events, where it is probable that there will be outflow of resources to settle the obligation and when a reliable estimate of the amount of the obligation can be made. Where a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows. Where the effect is material, the provision is discounted to net present value using an appropriate current market-based pre-tax discount rate and the unwinding of the discount is included in finance costs.

Contingent liabilities are recognised only when there is a possible obligation arising from past events, due to occurrence or non-occurrence of one or more uncertain future events, not wholly within the control of the Company, or where any present obligation cannot be measured in terms of future outflow of resources, or where a reliable estimate of the obligation cannot be made. Obligations are assessed on an ongoing basis and only those having a largely probable outflow of resources are provided for. Contingent assets are not disclosed in the financial statements unless an inflow of economic benefits is probable.

## **2.18 Earnings per share (EPS)**

Basic EPS is computed by dividing the profit or loss attributable to the equity shareholders of the Company by the weighted average number of Ordinary shares outstanding during the year. Diluted EPS is computed by adjusting the profit or loss attributable to the ordinary equity shareholders and the weighted average number of ordinary equity shares, for the effects of all dilutive potential Ordinary shares.

## **2.19 Ind AS 115 Revenue from Contracts with Customers**

Ind AS 115 was issued on 28 March 2018 and supersedes Ind AS 11 Construction Contracts and Ind AS 18 Revenue and it applies, with limited exceptions, to all revenue arising from contracts with its customers. Ind AS 115 establishes a five-step model to account for revenue arising from contracts with customers and requires that revenue be recognised at an amount that reflects the consideration to which an entity expects to be entitled in exchange for transferring goods or services to a customer.

Ind AS 115 requires entities to exercise judgement, taking into consideration all of the relevant facts and circumstances when applying each step of the model to contracts with their customers.

## **2.20 Government Grants**

Government grants are recognised where there is reasonable assurance that the grant will be received and all attached conditions will be complied with. When the grant relates to an expense item, it is recognised as income on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed. When the grant relates to an asset, it is recognised as income in equal amounts over the expected useful life of the related asset.

## **2.21 Foreign currencies and operations**

### **i.Functional and presentation currency**

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the Company operates ('the functional currency'). The financial statements are presented in Indian rupee (INR), which is the Company's functional and presentation currency. All amounts have been rounded off to the nearest lacs, unless otherwise stated.

### **ii.Foreign currency transactions and balances**

Foreign currency transactions are recorded in the functional currency (Indian Rupee) by applying to the foreign currency amount the exchange rate between the functional currency and the foreign currency on the date of the transaction (spot exchange rate).

All monetary items denominated in foreign currency are converted into Indian Rupees at the year-end exchange rate. The exchange differences arising on such conversion and on settlement of the transactions are recognised in the statement of profit and loss.

Non-monetary items in terms of historical cost denominated in a foreign currency are reported using the exchange rate prevailing on the date of the transaction.

## **2.22 Research and Development/ New Product Development**

Amounts paid towards technical know-how fees and other expenses for specifically identified projects/products being development expenditure is carried forward based on assessment of benefits arising from such expenditure. Such expenditure is amortized over the period of expected future sales from the related product, i.e. the estimated period of 6 years on straight line basis based on past trends, commencing from the month of commencement of commercial production.

### C) Fair value Measurement

#### (i) Fair Value hierarchy

**Level 1-** It includes financial instruments measured using quoted prices in active markets for identical assets or liabilities.

**Level 2-** Directly (i.e. as prices) or indirectly (i.e. derived from prices) observable market inputs other than Level 1 inputs; and

**Level 3-** If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3

**There are no assets and liabilities which have been carried at fair value through the profit and loss account.**

Investment in Quoted shares ,mutual fund and defined benefit obligation i.e Gratuity. which have been carried at fair value through the other comprehensive income .

The management assessed that cash and cash equivalents, trade receivables, trade payables, and other current liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

### 39 Capital Management

The company manages its capital to ensure that entities in the Company will be able to continue as a going concern while maximising the return to stakeholders through the optimisation of the capital deployment.

The company determines the amount of capital required on the basis of annual operating plans and long-term product and other strategic investment plans. The funding requirement are met through equity and long-term/ short-term borrowings.

The company monitors the capital structure on the basis of total debt to equity ratio and maturity of the overall debt portfolio of the Company.

In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. No changes were made in the objectives, policies or processes for managing capital during the year ended March 31, 2025.

## 50 QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Market risk is the risk of loss related to adverse changes in market prices, including interest rates and foreign exchange rates. In the normal course of business, we are exposed to certain market risks including foreign exchange rate risk and interest risk.

### (i) Liquidity risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's debt obligations with floating interest rates.

As the Company has no significant interest-bearing assets, the income and operating cash flows are substantially independent of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's debt obligations with floating interest rates, which are included in interest bearing loans and borrowings in these financial statements. The company's fixed rate borrowings are carried at amortised cost. They are therefore not subject to interest rate risk, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

The below is the detail of contractual maturities of the financial liabilities of the company at the end of each reporting period

(Rs. In lacs)		
Particulars	For the Year ended March 31, 2025	For the Year ended March 31, 2024
<b>Borrowings</b>		
expiring with in one year	9,385.60	8,336.12
expiring beyond one year	7,546.09	6,599.85
	16,931.70	14,935.97
<b>Trade payables</b>

expiring beyond one year	-	-
	2,179.76	2,049.35
<b>Other financial liabilities</b>		
expiring with in one year	3,320.29	2,658.20
expiring beyond one year	-	-
	3,320.29	2,658.20

### (ii) Credit Risk

Credit risk refers to the risk of default on its obligation by the counterparty resulting in a financial loss. The maximum exposure to the credit risk at the reporting date is primarily from trade receivables which are typically unsecured. Credit risk on cash and bank balances is limited as the company generally invests in deposits with banks and financial institutions with high credit ratings assigned by credit rating agencies. Investments primarily include investment in shares. The objective of managing counterparty credit risk is to prevent losses in financial assets. The Company assesses the credit quality of the counterparties, taking into account their financial position, past experience and other factors. Customer credit risk is managed by the Entities's established policy, procedures and control relating to customer credit risk management. Outstanding customer receivables are regularly monitored. On account of adoption of Ind AS 109, the Company uses expected credit loss model to assess the impairment loss or gain.

The impairment analysis is performed on client to client basis at each reporting date for major customers. The company has not considered an allowance for doubtful debts in case of trade receivables that are past due but there has not been a significant change in the credit quality and the amounts are still considered recoverable.

#### **Write off Policy**

The financial assets are written off, in case there is no reasonable expectation of recovering from the financial asset.

#### **(iii) Interest Rate Risk**

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's debt obligations with floating interest rates.

The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's debt obligations with floating interest rates, which are included in interest bearing loans and borrowings in these financial statements. The company's fixed rate borrowings are carried at amortised cost. They are therefore not subject to interest rate risk, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

At the reporting date the interest rate profile of the Company's interest bearing financial instrument is at its fair value:
