Management Comment:

Commenting on the results, **Mr. Harpreet Singh Nibber, Chairman & Managing Director, Pritika Auto Industries Limited** said:

"I am happy to share that Q1FY26 marks a great beginning to the new financial year with impressive volumes on the back of recovering demand. Revenue in Q1 FY26 was reported at Rs. 114.61 crore, while EBITDA and PAT grew 20.93% and 36.26% year-on-year to Rs. 17.44 crore and Rs. 6.09 crore, respectively.

With demand momentum intact and volumes scaling, the focus remains on tight control of overheads, mix optimization, and disciplined working-capital management to recover EBITDA margin toward historical levels while sustaining growth.

As part of our strategic growth roadmap, we are intensifying efforts to expand our client base by engaging with new OEMs and tapping into high-potential sectors such as Railways and Defence. In parallel, we are enhancing our product portfolio with innovative, value-added components designed to meet the evolving requirements of these industries. These initiatives are expected to diversify our revenue streams, deepen long-term customer partnerships, and position us as a preferred supplier across multiple sectors.

For FY26, we are targeting revenue growth of 15–20%, supported by sustained demand from existing clients, strategic forays into Railways and Defence, and the introduction of new, high-value products. Backed by a sharp focus on operational efficiency, client diversification, and higher capacity utilisation, we are well-positioned to deliver sustainable and profitable growth in the year ahead.

The entire team of Pritika Auto Industries limited has been instrumental in bringing us thus far and I express my sincere gratitude to all the stakeholders for their support and trust."
