## CMD/VCMDs Message

### *Dear Friends,*

We are happy to report satisfactory financial results for the year. The external environment has been challenging with sharp drop in prices of Chemicals, Plastics and Cement in H2 '15. Sugar business is witnessing record –ve margins with sharp drop in prices due to the oversupply situation. The Farm Inputs business experienced challenges due to deficient monsoon.

We are alive to this situation and are taking several steps to mitigate the effects thereof to the extent possible. Cost control continues to be a focus area across all our businesses, specially the commodity businesses.

In Sugar it is important for the Govt. to set a fair and viable regulatory framework, for which the industry is pursuing with the Govt. We continue to work extensively with farmers and are ensuring timely payments for improving the quantity and quality of cane supplies.

Bioseed, Fenesta and Farm Solutions are focusing on high turnover growth with deeper customer engagement, wider product portfolio and extended geographic reach. We are confident of continuous growth in these businesses over the medium term.

We have taken up expansion of Chlor Alkali capacity by 465 TPD (from 780 TPD to 1245 TPD) with corresponding addition of 60 MW of power generation capacity. In the Sugar business we are expanding power co-generation capacity by 17 MW. These projects are estimated to cost

Rs. 659 crores, to be completed by H2 '17 and will strengthen our cost competitiveness and provide volume / profit growth.

Our Employees are our assets and have been instrumental in driving the Company's performance year on year. The Company has always striven to offer a positive, supportive, open and high performance work culture where innovation and risk taking is encouraged, performance is recognized and employees are motivated to realize their true potential.

Your company remains committed towards ensuring highest standards of Corporate Governance. We continue to adopt best practices to ensure highest levels of accountability and transparency.

As a responsible corporate citizen, we understand the need to give back to society. We are actively engaged in initiatives in the areas of education, health, infrastructure etc. and remain committed to meaningfully contribute to the society.

We would like to take this opportunity to thank all our stakeholders – members of the board, business associates, employees, suppliers, government agencies, lenders and shareholders – who have contributed to the growth and development of our company over the years. Their continued support motivates us to create superior value in future for all our stakeholders.

With best wishes,

(Vikram S. Shriram)

## Performance Review

The company reported a satisfactory financial performance for the year despite challenges it faced from external environment in second half of the year, on account of falling prices of most of its products and a weak monsoon. Margins of Chloro-vinyl products witnessed significant decline and Sugar had high negative margins. Fall in Chloro-vinyl prices was driven by global decline in commodity prices and that of Sugar due to oversupply situation in the Country. Bioseed, Farm solutions and Fenesta improved their performance.

Company's Balance Sheet stood strong with reasonable cash generation and stable Debt levels.

1. Net Revenues stood at Rs. 5,639 crores, down by 8.8% YoY. This decline in revenues was primarily driven by lower sales of Sugar and of Bulk fertilisers during the year.
  - **Sugar:** Revenues during FY 15 declined by 31% YoY to Rs. 1,037 crores primarily due to lower sales volume, a result of lower production in SS 2013-14.
  - **Shriram Farm Solutions:** Revenues in FY 15 went down by 20% YoY to Rs. 1,417 crores. This was due to lower volumes of bulk fertilisers, which was in line with the market conditions.
  - **Bioseed:** Revenue was up by 25% YoY to Rs 570 crores in FY 15 driven by strong domestic operations on the back of robust growth in sales volumes of BT cotton during the year especially in south central region. Stabilizing international operations also contributed to revenue growth during the year.
  - **Fertilizer:** Revenue increased by 16% YoY to Rs 726 crores due to higher gas prices during the year and increase in reimbursement of conversion costs by Rs 500 / MT w.e.f April 1, 2015.
2. Profit before interest, exceptional items and tax (PBIT) stood at Rs 340 crores vs. Rs. 421 crores in the previous year

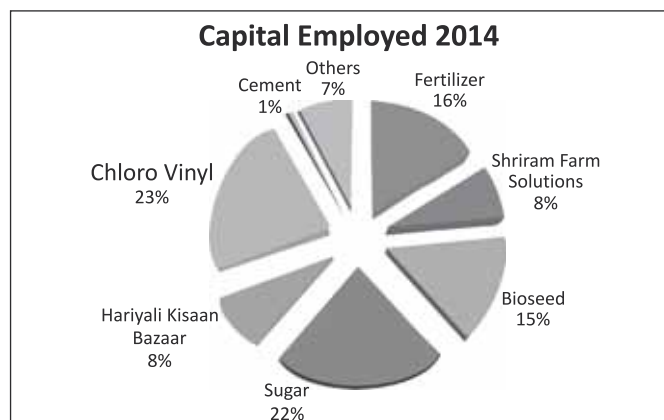

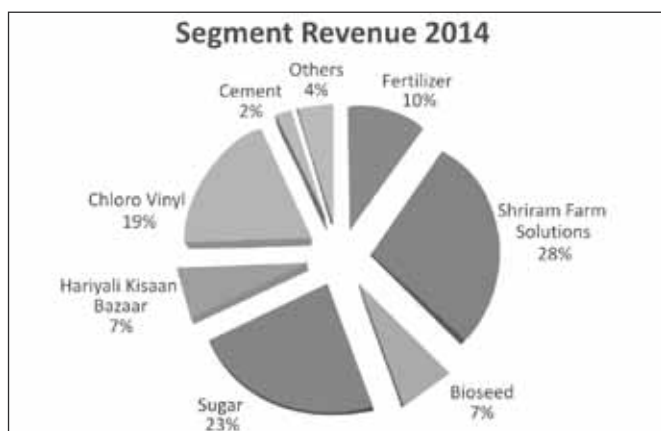

## PBIT Consolidated (before exceptional items)

<b>Grand Total</b>	<b>340.1</b>		<b>421.0</b>	

- **Chloro-Vinyl:** PBIT went down by 15% to Rs. 317 crores primarily driven by decline in realizations amid increase in input costs.
  - **Sugar:** Sugar business' loss intensified to Rs. 68 crores in FY 15 up from a loss of Rs 5 crores last year. This was primarily on account of steep fall in realizations from Sept 2014 onwards, leading to inventory write-down of Rs. 98 crore.
  - **Shriram Farm Solutions:** PBIT increased to Rs. 87 crores, up 8% YoY, driven by higher margins in bulk fertilizers during the year.
  - **Fertilizer:** PBIT in FY 15 was higher by 61% YoY at Rs. 37.4 crores on account of increase in reimbursement for conversion costs during the year and higher Energy savings. High level of subsidy outstanding continued to put downward pressure on earnings.
  - **Bioseed:** PBIT in FY 15 increased to Rs 32.1 crore from Rs 4.2 Crore last year due to robust performance of Domestic operations and lower losses in international operations.
  - **Cement:** PBIT loss stood at Rs. 5.1 crores vs. a PBIT loss of Rs. 0.3 crores in FY 14. The business's lower earnings were on account of higher input costs during the year.
3. **Finance Costs** – Finance costs during FY 15 declined by 25% to Rs. 112 crores due to decline in average debt during the year.

- Net Profit stood at Rs. 211 crores vis-a-vis Rs. 242 crores in the last year.
- The Board of Directors has recommended a dividend of 110% for the year as compared to 100% in the previous year.
- Net Debt stood at Rs. 688 crores as compared to Rs. 683 crores in FY 14.

#### Business Mix

## Business – Wise Performance Review and Outlook

### Agri - Businesses

#### Fertilizer (Urea)

The company's Urea plant, that operates out of its integrated manufacturing complex at Kota, Rajasthan, is one of the oldest plants in the country with a reassessed capacity of 3,79,500 TPA. The company markets its products under the "Shriram Urea" brand. "Shriram Urea" is a trusted name and enjoys high brand equity amongst the farmers. The Company has an extensive distribution network over the entire Northern and Central India. The plant has a dual feed option of Natural gas as well as Naphtha. Currently it is operating on 100% Natural gas.

#### Business Performance

The Revenue, PBIT and Capital employed for this business for FY 15 along with the quantitative data is as follows:

Particulars	FY 15 (Rs/Crores)	FY 14 (Rs/Crores)
Sales	726.2	625.4
PBIT	37.4	23.2
Capital employed	441.8	389.8

Year	Sales (MT)	Realizations (Rs./MT)
FY 15	397,589	18,067
FY 14	403,608	15,419
% Change	(1.5)	17.2

Increase in revenue during FY 15 was primarily driven by higher gas prices, which are a pass through. The increase in profitability during the year was on account of increase in reimbursement for conversion costs by Rs 500 / MT w.e.f. April 1, 2014 and energy savings during the year. While a positive step for the industry, this increase does not fully compensate the cost increases. The earnings of this business are expected to be under pressure with increasing conversion costs compounded by high level of subsidy outstanding.

In FY 15 the Company converted 162,300 MT of Urea into Neem Coated Urea. The Govt. of India's announcement in March 2015, that mandated domestic manufacturers to produce neem coated Urea of at least 75% of their capacity, would lead to higher conversion going forward.

### Industry Overview and Outlook

India is the second largest producer and consumer of Urea in the world. Urea is the most preferred fertilizer and constitutes over 70% of entire fertilizer consumption in the country. Urea is the preferred choice of farmers in India on account of its low farm gate price (fixed by government) and high nitrogen content. The demand and consumption of Urea has been growing and the gap in demand/supply is currently being met by imports. During FY 15, total Urea production in India stood at ~ 22.6 Mn MT. 8.7 Mn MT of Urea was imported into India during the year to meet the domestic demand.

In May 2015, the Govt. of India notified the New Urea Policy 2015 for the period from June 2015 to March 2019.

### Our Strategy

The company continues to make efforts towards energy efficiency and reducing energy consumption

along with reduction / containment of fixed expenses.

### Shriram Farm Solutions

Shriram Farm Solutions business provides the farming community a complete range of farm inputs which include the 'Value Added' inputs such as Seeds (GM, Hybrid and OP), Crop Care Chemicals (Insecticide, Fungicide and Herbicide), Soluble Fertilizers, Micro-Nutrients etc and Bulk Fertilizers like DAP, MOP and SSP. The Company sells these Agri-Inputs under brand "Shriram" which is known for quality and has a strong brand image within the farming community. The Company's philosophy for this business is not only limited to providing wide range of quality inputs, but also to provide customized solutions which include providing customized inputs by leveraging local knowledge and creating package of practices which will help farmers in enhancing their productivity and profitability levels. The business is supported by a strong distribution network which is present in 17 states, reaching ~ 0.4 million farmers and ~ 30,000 retailers.

The business has developed a strong extension program called the SKVP (Shriram Krishi Vikas Program). This program, apart from being an Agronomy services platform providing latest technology and practices to the farmers and the Channel, also focuses on meeting its social responsibilities. Some of the activities include education programs for girl child, providing scholarships along with vocational training for women.

We believe, that new technologies/practices need to be disseminated to the farmers which will help them in increasing yields/ profitability by meeting challenges of drought, pests etc. The company lays strong emphasis on strengthening its customer interface which will help in capturing the evolving trends in Agriculture and leverage technology to enhance performance of the Business, the Channel and the Farmer.

### Business Performance

The Revenue, PBIT and Capital employed for this business for FY 15 are as follows:

Particulars	FY 15 (Rs/Crores)	FY 14 (Rs/Crores)
Sales	1416.7	1,779.4
PBIT	87.2	81.0
Capital employed	155.0	186.4

- Revenues in FY 15 stood at Rs. 1,417 crores, down from Rs. 1,779 crores last year. This was led by lower volumes of bulk fertilizers, which was in line with the market conditions. Performance of our 'Value Added' inputs vertical was stable despite erratic weather in both Kharif and Rabi seasons.
- PBIT for FY 15 was up by 8% YoY at Rs. 87 crores due to higher margins in the bulk business during the year.

### Industry Overview and Outlook

2014-15 was a challenging year for the Agri-Input industry because of two key developments. Firstly, the significant drop in agricultural commodity prices and secondly, weak monsoon in 2014 along with erratic rainfall led to lower farmer productivity leading to strained cash flows in the market. These factors led to moderation in growth of the Agrochemicals industry during the year.

In terms of bulk fertilizers, the year 2014-15 began with subdued levels of fertilizer inventory. The domestic consumption level was almost stagnant for most products and there was a marginal shift to NPK complexes in south and western India states. The poor output prices of most Kharif crops led to depressed cashflow and consequently, moderated demand for higher priced fertilisers.

The Indian Meteorological Department has forecast a below normal monsoons in Kharif 2015, which can adversely impact growth prospects of the Agri-inputs industry during the year. However, we are confident that this industry will witness healthy growth in medium-long term due to strong demand for food in the next few years given the macro factors such as population growth, rising per capita income etc. As

per industry estimates, the demand for food will touch ~ 330 Mn MT by 2020 and supply is projected to be about 280 Mn MT, resulting in shortage of ~ 50 Mn MT. With land area under agriculture stagnant at 140 Mn h.a, the country would need to improve the levels of productivity which would include adoption of superior Agri input products along with other initiatives.

### Our Strategy

The business is taking several steps including strengthening the market development program, enhancing its product portfolio based on customer feedback, entering into new geographies, strengthening the supply chain and leveraging technology. We believe that these steps will enable the business to achieve healthy growth in the medium term especially in the 'Value Added' segment.

### Bioseed

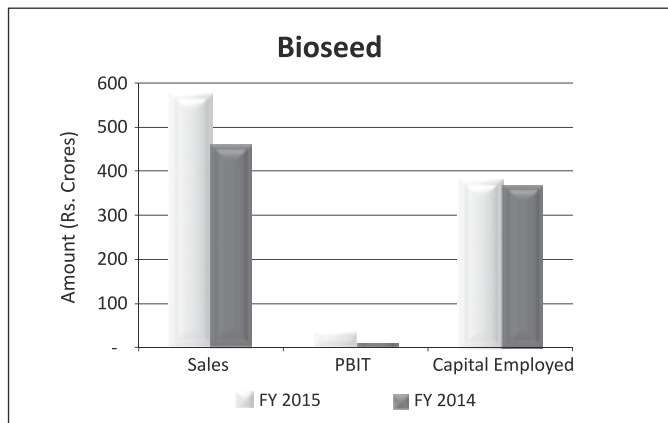

The Bioseed business provides high quality hybrid seeds that help farmers improve their profitability and productivity. Bioseed business is vertically integrated with presence across Research, Production, Processing and Marketing. The business' product portfolio includes both Field and Vegetable crops. In field crops, the business offers Bt Cotton, Corn, Paddy, Bajra and Jowar hybrid seeds. In Vegetable crops, it is present in Tomato, Chillies, Okra, Brinjal, Gourds among others. The business, apart from being presents in India (in both Field and Vegetable Crops), is also present in Corn in Philippines and Vietnam and has started commercial activities in Indonesia. The company has created robust physical infrastructure that includes R&D facilities, processing and cold storage facilities etc. to support this business.

The Company's sustained focus on R&D activities positions it strongly to meet its medium term growth targets. We continue to invest about 8% of revenues into research for developing new products, which has led to a healthy product pipeline. The product development is focused on providing high yielding hybrids including traits such as disease tolerance, salinity and drought tolerance among others. The company has entered into various strategic alliances in the area of R&D to further strengthen its capabilities in this domain.

We are also focused on Agri-extension activities, working very closely with the farming community to create demand and enable developing a strong brand.

## Business performance

Particulars	FY 15 (Rs/Crores)	FY 14 (Rs/Crores)
Sales	570.3	457.7
PBIT	32.1	4.2
Capital employed	380.0	370.0

Bioseed Revenues in FY 15 increased by 25% driven by growth in the domestic business on the back of robust increase in sales volumes of Bt Cotton hybrid seeds, especially in the Central and Southern markets. Sales of Corn hybrid seeds, however, declined in FY 15 impacted primarily by the decrease in corn acreage during the year. Stabilizing international operations also supported revenue increase during the period.

Overall earnings improved led by higher profits in domestic business and lower losses in international operations.

### Our Strategy

We are focused on continuous investment in R&D to ensure long term sustainable growth in the business. This would enable us to develop a healthy pipeline of superior products which meet the evolving needs of the farming community such as tolerance to climate variations, disease and pests. The company is continuously taking all necessary steps to strengthen conventional breeding as well as biotechnology related initiatives. The business has taken several steps to strengthen its Biotech program so as to leverage that opportunity as and when it arises in India and overseas. The Company has an applied biotechnology research program which is focused on supporting breeding programs through the use of latest molecular and bio-informatics tools as well as on developing GM

and Non GM traits to meet various farming challenges.

The business is augmenting its product portfolio and intensifying marketing efforts to drive growth in the International operations, which is expected to take a couple of years.

### Sugar

DCM Shriram is a major player in the domestic sugar industry. The company operates four sugar units located at Ajbapur (10,500 TCD), Rupapur (6,500 TCD), Hariawan (8,000 TCD) and Loni (8,000 TCD) with a total crushing capacity of 33,000 TCD. These four units have a total power cogeneration capacity of 94.5 MW of which 51.5 MW of power can be exported.

### Business Performance

The Revenue, PBIT and Capital Employed for this business for FY 15 along with the quantitative data is as follows:

Particulars	FY 15 (Rs/Crores)	FY 14 (Rs/Crores)
Sales	1,037.1	1,500.2
PBIT	(68.5)	(5.4)
Capital employed	784.9	550.3

Year	Sales (Lac Quintals)*	Realizations (Rs./Qtl)
FY 15	29.2	2,967
FY 14	42.8	3,006
% Shift	(31.9)	(1.3)

\* Free Sugar

Particulars	Unit of Measurement	2014-15	2013-14
<b>Sugar Season</b>			
Cane Crushed	Lac Quintals	299	321
Recovery Rate	%	9.90	9.92
Sugar Produced	Lac Quintals	29.6	31.8
<b>Financial Year</b>			
Cane Crushed	Lac Quintals	314	354
Recovery Rate	%	9.94	9.83
Sugar Produced	Lac Quintals	31.4	34.9

- Revenues at Rs 1,037 crores were down 31% mainly due to lower sugar volumes. Losses intensified due to continuous and steep decline in prices from Sep 2014 that triggered inventory losses aggregating to Rs 98 crores during the year. Present low prices are expected to persist given the oversupply situation in the market
- Cane crush during SS 2014-15 stood at 299 lac Qtls, down from 321 lac Qtls in the previous season. This was on account of lower sugarcane acreage and lower yields in the region due to adverse agro climatic conditions.
- During the SS 2014-15 recovery in our sugar business remained in line with last year at 9.9%. We have intensified efforts and are taking all the steps to further improve cane quantity and quality in the coming year.

### Industry Overview and Outlook

The Indian Sugar Industry is one of the largest with India being the second largest producer after Brazil and the largest consumer of sugar in the world. In domestic context, sugar is the second largest agro-based industry supporting over 50 million farmers along with indirect employment to rural population. It is estimated that about 7.5% of the rural population in India is involved with the sugar industry.

Indian Sugar Industry is highly fragmented with private sector, Government undertakings, Co-operatives, and unorganized players. Unorganized players are mainly involved in production of Gur and Khandsari the less refined form of sugar. The crushing period varies from region to region beginning in October/ November and goes on till April/ May in all states except in southern states like Tamil Nadu, Andhra Pradesh where it continues till July/ August.

Sugar is a controlled commodity that comes under the Essential Commodities Act, 1955. Early last year, the Government of India took some early steps towards partial decontrol of sugar industry by abolishment

of levy obligation & monthly release mechanism on the recommendations of the Rangarajan committee. However, the sugar industry still continues to be regulated with regards to the price at which mill purchases cane from the farmers. Hence there is no correlation between the selling price of Sugar and purchase price of Sugarcane. The Central Government annually announces FRP (Fair & Remunerative Price) which is binding across the country, however some State Governments like Uttar Pradesh announce SAP (State Advised Price) – a price over and above FRP. The other controls include, trade (export/ import) restrictions, minimum distance criteria, cane area reservation and quantitative restrictions on movement of by-products like molasses & ethanol.

During the current season the Government of Uttar Pradesh maintained the State Advised Price (SAP) at Rs 280 per quintal of cane to be paid in 2 instalments of Rs 240 /Qtl within 14 days of purchase and Rs 40 / Qtl at the end of crushing season. The Government also declared an incentive of Rs 40 / Qtl of cane out of which they notified Rs 11.40 / Qtl of cane in terms of rebate in society commission, purchase tax & entry tax in FY 15 and the same was accounted for in FY 15. With Sugar prices continuing at low levels it is expected that the Government should notify the balance amount, out of which in June 15 it has notified cash subsidy of Rs 8.60 / Qtl of cane crushed.

Led by surpluses in the last couple of years, both global as well as domestic markets are seeing a glut in sugar, which have led to sugar margins trading at historical lows. Depreciating Brazilian currency has also fuelled this fall as net realization to Brazilian mills in local currency has remained unaffected. For India, condition has worsened further as cane prices continue to be high on account of no linkage of cane price with the sugar prices and has led to distressed financial condition of domestic sugar mills.

Sugar production in India is estimated at around 28.3 million ton in sugar season 2014-15 up from 24.4 million ton in previous season. With consumption expected around 24.7 million ton we expect our closing stocks to increase by over 3.0 million ton compared to last sugar season and are expected to be around 11 million ton.

The Sugar industry is pursuing with Government to see how the Industry can be bailed out of this turbulent situation. The efforts have to be directed to support Sugar prices as well as to develop and implement

linkage between Sugarcane prices and Sugar prices.

### Our Strategy

The business continues its focus on improving productivity and quality of Sugarcane benefitting both farmers in terms of higher yields and mills in terms of better recoveries. This measure is being supported by dedicated cane development efforts focused at empowering and equipping our farmers with latest technologies and improved agronomy practices. The business has embarked upon an up gradation and expansion project at Ajbapur unit for cogeneration power at an estimated cost of Rs 125 crores. The capex project is progressing as per plan.

### Hariyali Kisaan Bazaar

The Company's operations are limited to fuel retailing at the existing outlets. The Company is now focused on sale of surplus properties located in rural areas.

### Business performance

The Revenue, PBIT and Capital employed for this business for FY 15 is as follows:

Particulars	FY 15 (Rs/Crores)	FY 14 (Rs/Crores)
Sales	465.5	429.1
PBIT	4.8	8.3
Capital Employed	165.2	200.2

1. Revenues during the year increased by 8% to Rs. 466 crores
2. The business witnessed a PBIT gain of Rs 4.8 crores in FY 15 primarily on account of profits generated from the sale of surplus properties

### Our Strategy

The company is focused on the sale of remaining properties, which is expected to be achieved over the next 2-3 years.

### Chloro – Vinyl Businesses

The Chloro Vinyl business involves multiple revenue streams that include Chlor Alkali (Caustic Soda and Chlorine), PVC resins, Calcium carbide and Power. These multiple revenue streams enable the company to maximize earnings per unit of power produced and lend stability to Chloro-Vinyl operations. This highly integrated business is supported by 143 MW coal based power facilities (part of 283 MW power capacity in the Company).

### Business Performance

The Revenue, PBIT and Capital employed for this business for FY 15 is as follows:

Particulars	FY 15 (Rs/Crores)	FY 14 (Rs/Crores)
Sales	1,242.3	1,220.6
PBIT	317.1	374.3
Capital employed	495.0	565.9

- Revenues from Chloro-Vinyl business stood at Rs. 1,242 crores as compared with Rs. 1,221 crores in FY 14. This increase was on account of higher revenue of the Vinyl business that was driven by higher volumes of PVC Resins vis-a-vis last year.
- The Chloro Vinyl business' earnings came under pressure due to steep decline in realizations during the second half vis-a-vis last year. Rise in key input costs also contributed to earnings moderation during the year.

### Chlor-Alkali

Chlor-Alkali industry has Caustic Soda and Chlorine as the two Co-Products that are produced in the ratio of 1:0.88. The prices of these products, especially of Caustic Soda, are influenced by international prices, exchange variations and demand supply factors.

Caustic soda is used in Alumina, Paper, Textiles, Water Treatment, Pesticides, Pharmaceutical industries etc whereas Chlorine is used in Polymers including PVC resins, Dyes and inks, Crop care chemicals, HCL etc. The growth of this business is highly correlated to the growth in the economy.

The company operates manufacturing facilities at Kota (Rajasthan) and Bharuch (Gujarat) with an aggregate

capacity of 780 TPD, which places it among top three players in the domestic Chlor-Alkali Industry. Both of our manufacturing facilities have full access to 100% captive power based on Coal. While the Kota unit is based on domestic Coal, the Bharuch plant imports its Coal requirements.

### Business Performance

The Revenue, PBIT and Capital employed for this business for FY 15 along with the quantitative data is as follows:

Particulars	FY 15 (Rs/Crores)	FY 14 (Rs/Crores)
Sales	683.4	707.1
PBIT	178.2	233.5
Capital employed	367.2	386.9

Year	Sales (MT)	Realizations (Rs./MT)
FY 15	2,60,803	23,681
FY 14	2,56,249	25,376
% Change	1.8	(6.7)

Operations at both, Kota and Bharuch facilities continued to deliver optimally driven by higher production with improving cost efficiencies. The Revenues were marginally lower by 3% at Rs. 683 crores on account of softening of prices by 7% during FY 15. PBIT was down by 24% at Rs. 178 crores primarily on account of lower realizations during the year. The business's efforts on cost rationalization have immensely helped in sustaining the performance in a scenario of rising cost of inputs.

### Industry Overview and Outlook

The Chlor-Alkali industry in India has 35 operating units with a combined installed capacity of 3.5 million TPA of Caustic Soda. The top three players comprise about 45% of the total installed capacity. The domestic demand for Caustic Soda and Chlorine in 2014-15 is estimated at about 3.2 million tons and 2.5 million tons respectively. The growth in demand for Caustic soda and Chlorine is linked to GDP growth.

### Our Strategy

The Company has embarked upon a major expansion drive at its Bharuch facility to expand Chlor-Alkali and Power Generation capacity. The Chlor-Alkali Capacity at Bharuch is being expanded to 915 TPD along with doubling of the power generation capacity. Post expansion, the combined capacity of the Company is expected at 1,245 TPD.

The Company continues to lay strong emphasis on further improving cost structures at both its manufacturing units.

### Plastics

The business involves manufacturing of PVC Resins and Calcium Carbide. The company is one of the oldest manufacturers of PVC Resins in the country with over five decades of experience in the business. The Plastic business is an integral part of the Chloro-Vinyl manufacturing facility at Kota with integration in terms of own Captive Power, Chlorine and Calcium Carbide. The Calcium Carbide manufactured by the company is partly sold and partly used for the manufacture of PVC Resins. DCM Shriram Ltd. is the only company in the country which manufactures PVC Resin through the Calcium Carbide route as against the Ethylene route which is being followed by most of the companies worldwide except in China. The Carbide route provides us complete integration from base raw material to finished resin in the Vinyl value chain.

### Business Performance

The Revenue, PBIT and Capital employed for this business for FY 15 along with the quantitative data is as follows:

Particulars	FY 15 (Rs/Crores)	FY 14 (Rs/Crores)
Sales	558.8	513.5
PBIT	138.9	140.8
Capital employed	127.8	179.0

Year	PVC Resins		Carbide	
	Sales (MT)	Realizations (Rs./MT)	Sales (MT)	Realizations (Rs./MT)
FY 15	62,789	70,460	22,431	42,580
FY 14	53,301	69,853	29,850	41,957
% Change	17.8	0.9	(24.9)	1.5

The Revenue for this business was higher by 9% at Rs. 559 crores driven by higher Volumes and higher average realizations of PVC resins. PBIT from this business was lower by 1.4% at Rs. 139 crores due to increase in cost of power, however several cost initiatives were undertaken by company in last couple of years helped to improve the cost economies of this business w.r.t Power and Carbon materials, helping the business to sustain reasonable margins. The prices of PVC resin witnessed significant decline in the third quarter and have improved from fourth quarter onwards in line with trend of Crude Oil prices.

## Industry Overview & Outlook

PVC Resin is a widely used raw material owing to its safe, healthy, convenient and aesthetical advantage for applications in urban infrastructure, Electronic products, Consumer products, Irrigation etc. It is a thermoplastic with 57% chlorine and 43% carbon, making it excellent fire resistant material. More than 70% of PVC resins are used for producing PVC pipes in India. The Indian PVC market is expected to grow in line with GDP growth of our country. In FY 15, growth in the domestic PVC industry is estimated at a higher pace than the 2% growth witnessed during the previous year.

India's PVC resin industry's capacity currently stands at around 1.3 million Metric Ton per annum (MTPA). As against this, domestic demand has been growing steadily and has reached ~ 2.5 MTPA. The gap of ~ 1.2 MTPA is being met by the import of PVC resin in India.

The continued focus of the Govt. on building infrastructure as envisaged in the 12th Five Year Plan – development of smart cities, rural housing and Agri-asset creation, rapid urbanization and other initiatives like investments in rural sanitation is expected to fuel growth of the PVC industry in India over the next few years.

The prices of PVC have import price parity and have a positive correlation with Crude oil prices.

For Calcium Carbide, continuous increase in usage of desulphurization (DS) Compound in the Steel Industry remains the key growth driver. Increased focus of Government on infrastructure sector will result in growth in steel industry and is likely to have a positive impact on the growth in demand for Calcium Carbide in India.

## Our Strategy

The company is focused on maximizing product volumes given the higher net back per unit of Power from the sale of PVC Resin and Calcium Carbide and on continuing with its cost reduction measures to support the business' profitability.

## Cement

The company operates a 400,000 TPA cement plant at its integrated Kota facility and uses the 'Wet' process to manufacture cement. The company leverages the Calcium hydroxide sludge, which is generated in the process of manufacturing PVC resins through

calcium carbide route, to manufacture Cement in an environmentally friendly manner.

The Company produces high quality, premium grade Portland Cement. The Cement is characterized by light colour, superior strength and early setting properties. These characteristics have made "Shriram Cement" to be considered as a premium brand especially in markets like Delhi/NCR and Rajasthan.

## Business Performance

The Sales, PBIT and Capital employed for FY 15 along with quantitative data stands as follows

Particulars	FY 15 (Rs/Crores)	FY 14 (Rs/Crores)
Sales	137.1	130.6
PBIT	(5.1)	(0.3)
Capital Employed	9.6	14.4

Particulars	Sales (MT)	Realizations (Rs./MT)
FY 15	390,316	2,860
FY 14	367,535	2,791
% change	6.2	2.5

The Revenues from the Cement business was higher by 5% at Rs. 137 crores on account of higher volumes and higher average realizations during the year. The business' earnings were however impacted by increase in input costs resulting in increase of PBIT loss to Rs 5.1 crores in FY 15 as compared with a loss of Rs 0.3 Crores in FY 14.

## Our strategy

The Company continues to focus its efforts on improving efficiencies, optimizing costs and selling its products in the premium range.

## Other Businesses

### Fenesta Building Systems

Fenesta Building Systems is India's largest UPVC windows solutions provider, specializing in the design, manufacture, installation and service of precision-engineered made-to-order UPVC window and door systems. Fenesta is an end to end service provider right from extrusion of UPVC profiles to installation of windows. The company operates in two segments, i.e 'Retail' and 'Projects (Institutional)'.

During the last one year, 'Retail' Business has shown tremendous growth with established Direct Sales Team as well as Dealer Network. Our Retail Sales Model is also improving with Dealer-Direct Partnership in focused territories to Maximize Sales and launch of nine Fenesta Signature Studios. 'Project' segment also has now started witnessing signs of improvement. Enhanced sales & operational performance, improved customer service and launch of new products during last year have started yielding results. Fenesta is now "The Superbrand" in Windows & Doors Industry in India.

### Our Strategy

In 'Retail', our strategy revolves around quality engagement with customers, influencers & business partners through structured programs. We expect the outreach Programs that are instituted to give returns over the next few quarters. At the same time, we are committed towards improving Product & Service Quality and Customer Satisfaction. The business is taking several steps in capability building and enhancing productivity & efficiencies across all the Business Operations.

In 'Projects' our focus continues to be on profitable execution. Project booking has improved significantly in second half of the last year, with concrete efforts to rebuild the segment under way, we expect it to keep improving in the year ahead.

### PVC Compounds

The business is housed in a Company called Shriram Axiall Private Limited which is a 50:50 Joint venture with Axiall LLC USA. It is the largest commercial PVC Compounder in India. PVC Compounding business is approximately 5 lac MT per year in India. However only 60-65% business lies with organized players including self compounders. Compounded PVC finds its uses in wires, cables, automotive profiles, rigid

transparent applications etc. The business is equipped with modern compounding technologies and testing equipments that enables it to provide a vast range of high quality PVC Compounds to customers in different industries. The business' manufacturing plant has state of the art product development facility known as iPAC (Innovative Plastic Application Center) which provides the company an edge in terms of faster development of new products and service to the customer.

The Strategy platform for growth of the Joint venture is the transfer of technology from Axiall LLC, USA to India and focus on new engineered Vinyl applications in India. The Joint Venture is working on expanding its product domain into new applications during the coming year.

### Business Performance

In FY 15, the business's sales volumes went up by 19% vis-a-vis last year. During the year, the Company expanded its geographical reach in Western and Southern India and plans to further increase its presence in FY 16.

The company's adherence to the best manufacturing practices, cost reduction initiatives and focus on introduction of new products will lead the business on the path of sustainable growth in the medium to long term.

### Human Resources and Industrial/Employee Relations

### State of Company's Affairs/Performance

The Company recorded a satisfactory performance despite challenging second half of the year, which witnessed a sharp fall in realizations of almost all its products in line with global trends.

The Company's total revenues during the year declined by 8.7% to Rs. 5,691 Crores due to lower sales volumes of bulk Fertilisers and Sugar.

EBITDA in FY 15 stood at Rs.450 Crores vs. Rs.559 Crores last year. This decline in the Company's EBITDA was primarily on account of lower earnings of the Company's Sugar and Chloro-Vinyl businesses. The Sugar business' earnings was due to the steep fall in sugar realizations from September, 2014 onwards. The Company had to write down the sugar inventory

by Rs.98 Crores in line with the prevailing prices. Sharp fall in realizations of Company's Chloro-Vinyl products and rise in key input costs in second half of the year led to lower earnings during the year.

The impact of lower earnings in Sugar and Chloro-Vinyl businesses was partly moderated by improvement in earnings of Bioseed, Fertiliser and Farm Solutions businesses. Earnings of the Company's Bioseed business were boosted by strong domestic operations and lower losses in International business during the year. The Fertiliser and Farm Solutions business' earnings were positively impacted by increase in reimbursement of conversion costs and higher margins in bulk Fertilisers, respectively. The Fenesta business achieved operating breakeven for the full year.

The Company's finance costs for the year stood lower at Rs.112 Crores vs. Rs.149 Crores last year. Net Debt stood at Rs.688 Crores vs. Rs.683 Crores last year.

Net Profit for FY 15 stood at Rs.211 Crores as compared to Rs.242 Crores in the previous period.

During the year, the Company announced capex projects totaling Rs.659 Crores aimed at expanding Chlor-Alkali capacity at the Bharuch plant and for expansion and upgradation of Co-gen power capacity in the Sugar business. These projects are expected to contribute to the Company's growth from the second half of FY 17.

  - (i) the Chairman and Managing Director;
  - (ii) the Company Secretary;
  - (iii) the Chief Financial Officer; and
  - (iv) such other officer as may be prescribed under the applicable statutory provisions/regulations and approved by Board from time to time.
- g) **"Senior Management Personnel"**:- shall mean the personnel of the Company who are members of its Core Management team, excluding the Board of Directors, comprising

all members of management that are one level below the Executive Directors, including the functional heads.

Unless the context otherwise requires, words and expressions used in this policy and not defined herein but defined in the Companies Act, 2013 as may be amended from time to time shall have the meaning respectively assigned to them therein.

### 4. KEY PRINCIPLES

The following principles guide the design of remuneration under this Policy:

- (i) Attract, retain and motivate the right talent, including the Directors and Employees as required to meet the goals of the Company.
- (ii) Remuneration to the Directors, KMPs, and SMPs is aligned with the short term and long term goals and performance of the Company.
- (iii) Promote the culture of meritocracy, performance and accountability. Give appropriate weightage to individual business and overall Company's performance.
- (iv) Reflect market trends and practices, competitive positions to attract the required talent.

### 5. REMUNERATION PAID TO EXECUTIVE DIRECTORS/MANAGING DIRECTORS

- (i) The Remuneration to Executive Directors will be approved by the Board of Directors based on the recommendations of the Committee, subject to the approval of shareholders and such other authorities as may be applicable. The concerned Executive Director will not participate in such discussions of the Board/Committee.
- (ii) The compliance of the relevant provisions of the Companies Act, 2013 and Listing Agreement with Stock Exchanges regarding the limits of remuneration will be ensured.
- (iii) The remuneration will include the following components :

## ANNEXURE - 5

Particulars of Energy Conservation, Technology Absorption and Foreign Exchange Earnings and outgo require under the Companies (Accounts) Rules, 2014.

### A) Conservation of energy

#### (i) the steps taken on conservation of energy;

- Periodical energy audits, pressure drop reduction measures and optimization of operating parameters have been done in the Fertiliser Plant.
- Advance Process Control System for Ammonia plant and facility for surplus ammonia sale was commissioned.
- Use of single Caustic Pump between pair of two VC reactor instead of two individual pumps. Implemented for 3 Pairs of reactor.
- Carbide breaking system was commissioned in old Cooling hall and few apron conveyors and a Jaw crusher was stopped.
- New Burnt Lime fines Briquetting machine was commissioned to optimize operations for reducing power consumption.
- Anode and Membrane replacement and conversion of Electrolyser # A and C to Zero gap technology.
- Various power saving initiatives like lower RPM motors, installation of VFD, Impeller trimming in Brine transfer pump etc. has been implemented resulting in power/energy saving.
- Project of revamp of Benfield CO<sub>2</sub> removal system in Ammonia Plant is under implementation.
- Conversion to Zero gap Technology for Electrolyser # D has been planned along with Anode and Membrane replacement.
- Cathode and Membrane replacement in Electrolyser # E.
- Optimization of plant lighting etc.
- Heat recovery from flue gas by installing air preheater;

- Replacement of Anodes in Electrolyser B & D.
- Replacement of membrane in Electrolyser C & G.
- Providing VFD in Caustic Soda Pump.
- Providing VFD in Return Brine Pump.
- Application of anti friction coating in Power Plant Cooling Tower Pump.
- Stabilisation of LTEM, a steam saving device to tap waste heat from Pan & Evaporator.
- Synchronization of 2 nos. TG (12 MW & 13 MW) at Hariawan & Loni units.

#### (ii) the steps taken by the Company for utilising alternate sources of energy;

- Use of biomass as fuel for Power Plant.
- Use of pet coke instead of Coal in Cement and power plants.
- Optimally utilisation of hydrogen (which was earlier being dissipated) in boiler as fuel, substituting coal.

#### (iii) the capital investment on energy conservation equipments

- Capital investment of Rs. 144.0 Lacs by installing Air Pre Heater for waste heat recovery from flue gas.
- Purchase of Energy Conservation equipments for Sugar Plants worth Rs.582.43 Lacs.

### B) Technology Absorption

#### (i) the efforts made towards technology absorption

- Earlier Carbide cakes were broken by dropping them from a height. This was a crude method and was causing noise and dust nuisance. A new concept was developed in house to use Back Hoe attachment of JCB machine for breaking the Carbide cake.
- This has been done by the Company as a new development and is not being practiced anywhere in world for this duty. This is now operating successfully.

- Varieties evaluation based on adaptability in our area.
- Water conservation technologies trials
  - Drip System
  - Gated Pipe
  - Land Leveling
  - Trash mulching
  - Furrow irrigation
  - Water Gel Application.
- Bio control Measures for control of Borers
  - Production of Trichogramma and Tetrastichus.
- Soil nutrient Analysis through soil testing lab
- Trials of Bio Activator
- Use of liquid fertilizer: Blago-B.

(ii) the benefits derived like product improvement, cost reduction, product development or import substitution

- Successful commissioning of Carbide breaking system for breaking of Carbide cakes will result in saving of ~ 1 kwh/MT of Carbide ie 1.1 lac kwh/year. In addition there has been saving due to higher production by ~ 100 MT/year.
- Varieties evaluation based on adaptability in our area:
  - Gain in recovery approx: 0.50%.
  - Gain in yield approx: 15-20%.
- Water conservation activities:
  - Drip Tech system-Water saving by 40% Approx.
  - Gated Pipe-Water saving by 20% Approx.
  - Land leveling-Water saving by 28% Approx.
  - Water Gel Application-Water saving by 25% Approx.
  - Furrow Irrigation-Water saving by 16% Approx.

- Bio Control Measures:
  - Use of Tetrastichus and Trichogramma is eco-friendly.
  - These measures may reduce cost by Approx 70%.
- Soil Test Based fertilizer Application in Crop:
  - Balance use of fertilizer may cut cost by Approx 7 - 8%.

(iii) in case of imported technology (imported during the last three years reckoned from the beginning of the financial year)-

**Sugar Plant**

a)	Technology Imported	Multi Bed Filtration System
b)	Year of import	2010
c)	Whether technology has been fully absorbed	Yes
d)	If technology not fully absorbed, reason for same & future plan of action	-

## Auditors Certificate on the Compliance of conditions of Corporate Governance under Clause 49 of the Listing Agreement

To the Members of  
DCM Shriram Limited  
(Formerly DCM Shriram Consolidated Limited)

We have examined the compliance of conditions of Corporate Governance by DCM Shriram Limited ("the Company") for the year ended March 31, 2015, as stipulated in clause 49 of the Listing Agreement(s) of the said Company with stock exchange(s).

The compliance of conditions of Corporate Governance is the responsibility of the management. Our examination was limited to review of the procedures and implementation thereof, adopted by the Company for ensuring the compliance of the conditions of the Corporate Governance as stipulated in the said clause. It is neither an audit nor an expression of opinion on the financial statements of the Company.

In our opinion and to the best of our information and according to the explanations given to us and the representations made by the Directors and the Management, we certify that the Company has complied with the conditions of Corporate Governance as stipulated in the above mentioned Listing Agreement(s).

We state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the management has conducted the affairs of the Company.

## Independent Auditors' Report

### To the members of DCM Shriram Limited

(Formerly DCM Shriram Consolidated Limited)

#### Report on the Standalone Financial Statements

We have audited the accompanying standalone financial statements of **DCM SHRIRAM LIMITED** ("the Company"), which comprise the Balance Sheet as at March 31, 2015, the Statement of Profit and Loss and the Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information.

#### Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

#### Auditors' Responsibility

Our responsibility is to express an opinion on these standalone financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the Company has in place an adequate internal financial controls system over financial reporting and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

#### Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2015, and its profit and its cash flows for the year ended on that date.

#### Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditors' Report) Order, 2015 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the Annexure a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143 (3) of the Act, we report that:
  - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
  - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
  - (c) The Balance Sheet, the Statement of Profit and Loss, and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
  - (d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
  - (e) On the basis of the written representations received from the directors as on March 31, 2015 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2015 from being appointed as a director in terms of Section 164 (2) of the Act.
  - (f) With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors') Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
    - i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements;
    - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
    - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

## ANNEXURE TO THE INDEPENDENT AUDITORS' REPORT

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

- (i) In respect of the Company's fixed assets:
  - (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
  - (b) As explained to us, the Company has a programme of physically verifying all its fixed assets over a period of three years, which in our opinion is reasonable having regard to the size of the Company and nature of its fixed assets. In accordance with this programme, some of the fixed assets were physically verified by the management during the year. The discrepancies noticed on such verification between the physical balances and the fixed assets records were not material and have been properly dealt with in the books of account.
- (ii) In respect of the Company's inventories:
  - (a) Inventories have been physically verified during the year by the Management at reasonable intervals except for inventory lying with third parties at the end of the year for which confirmations have been obtained in most of the cases.
  - (b) In our opinion and according to the information and explanation given to us, the procedures of physical verification of inventories followed by the Management were reasonable and adequate in relation to the size of the Company and the nature of its business.
  - (c) In our opinion and according to the information and explanations given to us, the Company has maintained proper records of its inventories and no material discrepancies were noticed on physical verification.
- (iii)
  - (a) According to the information and explanations given to us, the Company has, during the year, granted unsecured loans aggregating Rs 34.22 crores to two wholly owned subsidiaries covered in the register maintained under section 189 of the Act. At the year end, the outstanding loans granted to four wholly owned subsidiaries aggregates to Rs 144.17 crores.
  - (b) According to the information and explanations given to us, the parties, to whom the loans have been granted by the Company, as referred to in paragraph 3 (iii) (a) above, have been regular in repayment of principal amount as stipulated and have been regular in payment of interest where charged and for loans repayable on demand, as being not recalled during the year.
- (c) According to the information and explanations given to us, there are no overdue amounts in respect of the loans granted as referred to in paragraph 3 (iii) (a) above and interest thereon where charged.
- (iv) In our opinion and according to the information and explanations given to us, there is an adequate internal control system commensurate with the size of the Company and the nature of its business with regard to purchases of inventory and fixed assets and the sale of goods and services. During the course of our audit, we have not observed any major weakness in such internal control system.
- (v) In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of Section 73 to 76 or any other relevant provisions of the Companies Act, 2013 and the Companies (Acceptance of Deposits) Rules, 2014, as amended, with regard to the deposits accepted from the public. According to the information and explanations given to us, no order has been passed by the Company Law Board or National Company Law Tribunal or the Reserve Bank of India or any Court or any other Tribunal on the Company.
- (vi) We have broadly reviewed the cost records maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended and prescribed by the Central Government under sub-section (1) of Section 148 of the Companies Act, 2013, and are of the opinion that, *prima facie*, the prescribed cost records have been made and maintained. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.
- (vii) According to the information and explanations given to us, in respect of statutory dues:
  - (a) The Company has generally been regular in depositing undisputed statutory dues, including Provident Fund, Employees' State Insurance, Income-tax, Sales Tax, Wealth Tax, Service Tax, Customs Duty, Excise Duty, Value Added Tax, Cess and other material statutory dues applicable to it with the appropriate authorities.
  - (b) There were no undisputed amounts payable in respect of Provident Fund, Employees' State Insurance, Income-tax, Sales Tax, Wealth Tax, Service Tax, Customs Duty, Excise Duty, Value Added Tax, Cess and other material statutory dues in arrears as at March 31, 2015 for a period of more than six months from the date they became payable.

## Independent Auditors' Report (Continued)

(c) According to the information and explanations given to us and the records of the Company examined by us, there are no disputed dues of Wealth Tax and Cess matters. The details of disputed dues not paid of Excise Duty, Service Tax, Income-tax, Customs Duty and Sales Tax/ Value Added Tax dues as at March 31, 2015 are as follows:

(x) In our opinion and according to the information and explanations given to us, the terms and conditions of the guarantee given by the Company for loan taken by others from a financial institution is not, prima facie, prejudicial to the interests of the Company.

## SIGNIFICANT ACCOUNTING POLICIES AND NOTES TO THE FINANCIAL STATEMENTS

### 1. Significant accounting policies

#### i. Accounting convention

The financial statements are prepared under the historical cost convention. These statements have been prepared in accordance with the Accounting Standards specified under Section 133 of the Companies Act, 2013, read with Rule 7 of the Companies (Accounts) Rules, 2014 and the relevant provisions of the Companies Act, 2013/ Companies Act, 1956, as applicable.

#### ii. Fixed assets and depreciation

Fixed assets are stated at cost less accumulated depreciation. Cost of acquisition or construction is inclusive of freight, duties, taxes and incidental expenses and interest on loans attributable to the acquisition of assets up to the date of commissioning of assets. Capital subsidy received against specific assets is reduced from the value of relevant fixed assets.

The Company is following straight line method of depreciation in respect of buildings, plant and machinery and written down value method in respect of other assets.

Depreciation on tangible fixed assets has been provided as per useful life specified in schedule II to the Companies Act, 2013, except in the case of following assets where the life of the assets has been assessed based on past history, technical evaluation and the nature of the asset as under:

Catalyst tubes	7.6 years
Cell units	9.5 years
Brine sludge lagoon	5.7 years

Depreciation is calculated on a pro-rata basis from the date of additions, except in case of assets costing upto Rs 5000/- each, where each such asset is fully depreciated in the year of purchase.

Depreciation/amortization on intangibles is provided on straight line method as follows:

- Technical know-how	10 years
- Brand	10 years
- Software	5 years

On assets sold, discarded etc. during the year, depreciation is provided upto the date of sale/discard.

#### iii. Foreign currency transactions and derivatives

Transactions in foreign currency are recorded on initial recognition at the exchange rate prevailing on the date of the transaction.

Monetary items (i.e. receivables, payables, loans etc.) denominated in foreign currency are reported using the closing exchange rate on each balance sheet date.

The exchange differences arising on the settlement of monetary items or on reporting these items at rates different from rates at which these were initially recorded/reported in previous financial statements are recognized as income/expense in the period in which they arise except that the exchange differences arising till the commissioning of fixed assets, relating to borrowed funds and liabilities in foreign currency for acquisition of the fixed assets are adjusted to the cost of fixed assets.

In case of forward exchange contracts, the premium or discount arising at the inception of such contracts is amortised as income or expense over the life of the contract. Further, exchange difference on such contracts i.e. difference between the exchange rate at the reporting/settlement date and the exchange rate on the date of inception of contract/the last reporting date, is recognized as income/ expense for the period except that the exchange differences, including premium or discount on forward exchange contracts, arising till the commissioning of fixed assets, relating to borrowed funds and liabilities in foreign currency for acquisition of the fixed assets are adjusted to the cost of fixed assets.

### iv. Inventories

Inventories are valued at lower of cost or net realisable value. The basis for determining cost (which also includes taxes and duties wherever applicable) for different categories of inventory are as under:

Stores and spares, raw materials and stock-in-trade - Weighted average rate

Work-in-Progress and finished goods - Direct cost plus appropriate share of overheads after giving credit for other income and certain expenses like ex-gratia and gratuity.

By-products are valued at estimated net realisable value.

### v. Revenue recognition

a) Sales are recognized, net of returns and trade discounts, on transfer of significant risks and rewards of ownership to the buyer, which generally coincides with dispatch to customers. Sales include excise duty but exclude sales tax and value added tax.

b) Under the retention pricing scheme, the Government of India reimburses to the fertiliser industry, the difference between the retention price based on the cost of production and selling price (as realised from the farmers) as fixed by the Government from time to time, in the form of subsidy. The effect of variation in input costs/expenses on retention price yet to be notified is accounted for by the Company as income for the year based on its assessment of ultimate collection with reasonable degree of certainty at the time of accrual.

### vi. Investments

Long term investments are stated at cost unless there is a permanent fall in value thereof. Current investments are stated at cost or net realisable value whichever is less.

### vii. Employee benefits

Company's contributions paid/payable during the year to provident fund, superannuation fund and employees' state insurance corporation are recognised in the statement of profit and loss. For the Provident Fund Trust administered by the Company, it is liable to meet the shortfall, if any, in payment of interest at the rates declared by the Central Government, and such liability is recognised in the year of shortfall.

Provisions for gratuity and compensated absences determined on an actuarial basis at the end of the year are charged to revenue each year. The Company makes contribution to the LIC for Employees Gratuity Scheme in respect of employees of one of the divisions.

### viii. Research and development

The revenue expenditure on research and development is charged as an expense in the year in which it is incurred. Capital expenditure is included in fixed assets.

### ix. Income-tax

The Income-tax liability is provided in accordance with the provisions of the Income-tax Act, 1961.

Deferred tax is recognised, subject to the consideration of prudence, on timing differences, between taxable income and accounting income. Deferred tax assets on unabsorbed depreciation and carry forward losses are recognised on virtual certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised.

3. In accordance with past practice, the Company has taken revenue credits aggregating Rs.123.83 crores (2013-14 - Rs. 18.25 crores) for urea subsidy claims, which are pending notification/ final acceptance by 'Fertiliser Industry Coordination Committee' (FICC), Government of India, in pursuance of the Retention Price Scheme administered for nitrogenous fertilisers. Necessary adjustments to revenue credits so accrued will be made on issuance of notification by FICC, Government of India.

#### 4. Segment reporting

##### A. Business segments:

Based on the guiding principles given in Accounting Standard AS-17 "Segment Reporting", the Company's business segments include: Fertilisers (manufacturing of urea), Chloro-Vinyl (manufacturing of poly-vinyl chloride, carbide and chlor alkali products), Shriram Farm solutions (trading of di-ammonium phosphate, muriate of potash, super phosphate, other fertilisers, seeds and pesticides), Sugar (manufacturing of sugar products and co-generation of Power), Cement (manufacturing of cement), Hariyali Kisaan Bazaar (Rural retail), Bioseed (production of hybrid seeds), Others (UPVC window systems, textiles and plaster of paris). Sale of power from the power generation facilities set up for the business segments is included in their respective results.

##### B. Geographical segments:

Since the Company's activities/ operations are primarily within the country and considering the nature of products/ services it deals in, the risks and returns are same and as such there is only one geographical segment.

##### C. Segment accounting policies:

In addition to the significant accounting policies applicable to the business segments as set out in note 1 above, the accounting policies in relation to segment accounting are as under:

## NOTES TO THE ACCOUNTS (Continued)

DCM SHRIRAM LIMITED  
(Formerly DCM Shriram  
Consolidated Limited)

a) Segment revenue and expenses:

Joint revenue and joint expenses of segments are allocated amongst them on a reasonable basis. All other segment revenue and expenses are directly attributable to the segments.

b) Segment assets and liabilities:

Segment assets include all operating assets used by a segment and consist principally of operating cash, debtors, inventories and fixed assets, net of allowances and provisions, which are reported as direct offsets in the balance sheet. Segment liabilities include all operating liabilities and consist principally of creditors and accrued liabilities. Segment assets and liabilities do not include deferred income taxes. While most of the assets/ liabilities can be directly attributed to individual segment, the carrying amount of certain assets/ liabilities pertaining to two or more segments are allocated to the segments on a reasonable basis.

c) Inter segment sales:

Inter segment sales between operating segments are accounted for at market price. These transactions are eliminated in consolidation.

# Consolidated Financial Statements

## Independent Auditors' Report

*DCM SHRIRAM LIMITED  
(Formerly DCM Shriram  
Consolidated Limited)*

To the members of DCM Shriram Limited  
(Formerly DCM Shriram Consolidated Limited)

### Report on the Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of DCM SHRIRAM LIMITED (hereinafter referred to as "the Holding Company") and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group") and jointly controlled entity, comprising of the Consolidated Balance Sheet as at March 31, 2015, the Consolidated Statement of Profit and Loss, the Consolidated Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

### Management's Responsibility for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation of these consolidated financial statements in terms of the requirements of the Companies Act, 2013 (hereinafter referred to as "the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group including its jointly controlled entity in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. The respective Board of Directors of the companies included in the Group and of its jointly controlled entity are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and of its jointly controlled entity and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which has been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

### Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose

of expressing an opinion on whether the Holding Company has an adequate internal financial controls systems over financial reporting in place and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their reports referred to below in the Other Matters paragraph, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

#### ANNEXURE TO THE INDEPENDENT AUDITORS' REPORT ON THE CONSOLIDATED FINANCIAL STATEMENTS

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Our reporting on the Order includes thirteen subsidiary companies and one jointly controlled company incorporated in India, to which the Order is applicable, which have been audited by other auditors and our report in respect of these entities is based solely on the reports of the other auditors, to the extent considered applicable for reporting under the Order in the case of the consolidated financial statements.

- (i) In respect of the fixed assets of the Holding Company, subsidiary companies and jointly controlled company incorporated in India:
  - (a) The respective entities have maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
  - (b) The Holding Company, subsidiary companies and jointly controlled company incorporated in India have a program of verification of fixed assets to cover all the items in a phased manner over a period of three years which, in our opinion and the opinion of the other auditors, is reasonable having regard to the size of the respective entities and the nature of their assets. Pursuant to the program, certain fixed assets were physically verified by the Management of the respective entities during the year. According to the information and explanations given to us and the other auditors, no material discrepancies were noticed on such verification.

In case of six subsidiaries viz. Bioseed India Limited, Hariyali Services Limited (Formerly known as Hariyali Insurance Broking Limited), DCM Shriram Energy and Infrastructure Limited, DCM Hydro Energy Limited, Hariyali India Limited and DCM Shriram Thermal Energy Limited, the Company does not have fixed assets. Therefore, provisions of clause 3(i) of the Companies (Auditor's Report) Order, 2015 are not applicable.
- (ii) In respect of the inventories of the Holding Company, subsidiary companies and jointly controlled company incorporated in India:
  - (a) As explained to us and the other auditors, the inventories were physically verified during the year by the Management of the respective entities at reasonable intervals except for inventory lying with third parties at the end of the year for which confirmations have been obtained in most of the cases.
  - (b) In our opinion and the opinion of the other auditors and according to the information and explanations given to us and the other auditors, the procedures of physical verification of inventories followed by the Management of the respective entities were reasonable and adequate in relation to the size of the respective entities and the nature of their business.
  - (c) In our opinion and the opinion of the other auditors and according to the information and explanations given to us and the other auditors, the respective entities have maintained proper records of their inventories and no material discrepancies were noticed on physical verification.

In case of eleven subsidiaries viz. DCM Shriram Credit and Investments Limited, DCM Shriram Infrastructure Limited, Hariyali Rural Ventures Limited, DCM Shriram Aqua Foods Limited, Shriram Bioseed Ventures Limited, Bioseed India Limited, Hariyali Services Limited (Formerly known as Hariyali Insurance Broking Limited), DCM Shriram Energy and Infrastructure Limited, DCM Shriram Hydro Energy Limited, Hariyali India Limited and DCM Shriram Thermal Energy Limited, the respective entities does not have any inventory. Therefore, provisions of clause 3(ii) of the Companies (Auditor's Report) Order, 2015 are not applicable.

- (iii) According to the information and explanations given to us, the Holding Company, subsidiary companies and jointly controlled company incorporated in India have not granted any loans, secured or unsecured, to the companies, firms or other parties covered in the Register maintained under Section 189 of the Companies Act, 2013.
- (iv) In our opinion and the opinion of the other auditors and according to the information and explanations given to us and the other auditors, there is an adequate internal control system in the Holding Company, subsidiary companies and jointly controlled company incorporated in India, commensurate with the size of the respective entities and the nature of their business for the purchase of inventory and fixed assets and for the sale of goods and services and during the course of our and the other auditors audit, no continuing failure to correct major weaknesses in such internal control system has been observed.
- (v) In our opinion and the opinion of the other auditors and according to the information and explanations given to us and the other auditors, the Holding Company has complied with the provisions of Sections 73 to 76 or any other relevant provisions of the Companies Act, 2013 and the Companies (Acceptance of Deposits) Rules, 2014, as amended, with regard to the deposits accepted. According to the information and explanations given to us and the other auditors, no order has been passed by the Company Law Board or the National Company Law Tribunal or the Reserve Bank of India or any Court or any other Tribunal in respect of any of the respective entities. Further, the subsidiary companies and jointly controlled company incorporated in India have not accepted any deposits during the year.

- (vi) According to the information and explanations given to us and the other auditors, in our opinion and the opinion of the other auditors, the Holding Company, subsidiary companies and jointly controlled company incorporated in India have, prima facie, made and maintained the prescribed cost records, pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended prescribed by the Central Government under sub-section (1) of Section 148 of the Companies Act, 2013. Neither we nor the other auditors have, however, made a detailed examination of the cost records with a view to determine whether they are accurate or complete.

In the case of following subsidiaries viz. DCM Shriram Credit and Investments Limited, DCM Shriram Infrastructure Limited, Hariyali Rural Ventures Limited, DCM Shriram Aqua Foods Limited, Shriram Bioseed Ventures Limited, Bioseed India Limited, Hariyali Services Limited (Formerly known as Hariyali Insurance Broking Limited), Fenesta India Limited, DCM Shriram Energy and Infrastructure Limited, DCM Shriram Hydro Energy Limited, Hariyali India Limited and DCM Shriram Thermal Energy Limited and a jointly controlled entity viz. Shriram Axial Private Limited (Formerly Shriram Vinyl Polytech Limited), the cost records mentioned in Companies (Cost Records and Audit) Rules, 2014, as amended prescribed by the Central Government under sub-section (1) of Section 148 of the Companies Act, 2013 are not applicable

- (vii) According to the information and explanations given to us, in respect of statutory dues of the Holding Company, subsidiary companies and jointly controlled company incorporated in India:
  - (a) The respective entities have generally been regular in depositing undisputed statutory dues, including Provident Fund, Employees' State Insurance, Income-tax, Sales Tax, Wealth Tax, Service Tax, Customs Duty, Excise Duty, Value Added Tax, Cess and other material statutory dues applicable to the respective entities with the appropriate authorities.
  - (b) There were no undisputed amounts payable by the respective entities in respect of Provident Fund, Employees' State Insurance, Income-tax, Sales Tax, Wealth Tax, Service Tax, Customs Duty, Excise Duty, Value Added Tax, Cess and other material statutory dues in arrears as at March 31, 2015 for a period of more than six months from the date they became payable other than in the case of one subsidiary company, where liability on account of entry tax amounting to Rs. 504,698 is outstanding for a period of more than six months from the date it became payable.

(c) There are no disputed dues of Wealth Tax and Cess matters. The details of disputed dues not paid of Excise Duty, Service Tax, Income-tax, Customs Duty and Sales Tax/ Value Added Tax dues as at March 31, 2015 are as follows:

(xi) In our opinion and the opinion of the other auditors and according to the information and explanations given to us and the other auditors, the term loans have been applied by the Holding Company, subsidiary companies and jointly controlled

# Consolidated Financial Statements (Continued)

DCM SHRIRAM LIMITED  
(Formerly DCM Shriram  
Consolidated Limited)

## SIGNIFICANT ACCOUNTING POLICIES AND NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

### 1. Statement of accounting policies

#### (i) Basis of accounting

The consolidated financial statements of the DCM Shriram Limited (formerly DCM Shriram Consolidated Limited) ("the Company"), its subsidiaries and joint venture (together the 'Group') have been prepared in accordance with the Accounting Standards specified under Section 133 of the Companies Act, 2013, read with Rule 7 of the Companies (Accounts) Rules, 2014 and the relevant provisions of the Companies Act, 2013/Companies Act, 1956, as applicable. The consolidated financial statements have been prepared on accrual basis under the historical cost convention. The accounting policies adopted in the preparation of the consolidated financial statements are consistent with those followed in the previous year.

#### (ii) Principles of consolidation

a) The consolidated financial statements have been prepared on the following basis:

- the financial statements of the Company and its subsidiary companies have been combined on a line-by-line basis by adding together the book values of like items of assets, liabilities, income and expenses, after fully eliminating intra-group balances and intra-group transactions resulting in unrealised profits or losses.
- the financial statement of the jointly controlled entity have been combined by using proportionate consolidation method and accordingly venture's share of each of the assets, liabilities, income and expense is included in consolidated financial statements.
- the consolidated financial statements have been prepared using uniform accounting policies for like transactions and other events in similar circumstances and are presented in the same manner as the Company's separate financial statements.
- the excess of cost to the Company of its investment in a subsidiary company over the Company's portion of the equity of the subsidiary at the date on which investment in subsidiary is made is recognised in the financial statements as goodwill and is tested for impairment. However, where the share of equity in the subsidiary companies as on the date of investment is in excess of cost of investments, it is recognised as 'Capital Reserve' and shown under the head 'Reserves and Surplus', in the consolidated financial statements.

b) The companies considered in the consolidated financial statements are:

(Formerly DCM Shriram  
Consolidated Limited)

- c) The accounts of subsidiaries namely DCM Shriram Foundation (formerly Hariyali Rural Foundation) and Shridhar Shriram Foundation, incorporated under Section 25 of the Companies Act, 1956 are not considered for consolidation since the objective of control in these companies is not to obtain economic benefits from its activities.

## (iii) Fixed assets and depreciation

### a) Owned assets

Fixed assets are stated at cost less accumulated depreciation. Cost of acquisition or construction is inclusive of freight, duties, taxes and incidental expenses and interest on loans attributable to the acquisition of assets up to the date of commissioning of assets. Capital subsidy received against specific assets is reduced from the value of relevant fixed assets.

The Company is following the straight-line method of depreciation in respect of buildings, plant and machinery and written down value method in respect of other assets.

Depreciation on tangible fixed assets has been provided as per useful life specified in schedule II to the Companies Act, 2013, except in the case of following assets where the life of the assets has been assessed based on past history, technical evaluation and the nature of the asset as under:

- catalyst tubes	7.6 years
- cell units	9.5 years
- Brine sludge lagoon	5.7 years

Depreciation is calculated on a pro-rata basis from the date of additions, except in the case of assets costing upto Rs.5000 each, where each such asset is fully depreciated in the year of purchase.

Depreciation/amortization on intangibles is provided on straight line method as follows:

- Technical know-how	10 years
- Brand	10 years
- Software	5 years

On assets sold, discarded, etc. during the year, depreciation is provided upto the date of sale/discard.

### b) Assets taken on finance lease

Fixed assets taken on finance lease on or after April 1, 2001 are stated at the lower of the fair value of the lease assets or the present value of the minimum lease payments at the inception of the lease.

In respect of fixed assets taken on finance lease, when there is reasonable certainty that the Company will obtain ownership by the end of the lease term, depreciation is provided in accordance with the policy followed by the Company for owned assets.

## (iv) Foreign currency transactions and derivatives

- a) Transactions in foreign currency are recorded on initial recognition at the exchange rate prevailing on the date of transaction.

Monetary items (i.e. receivables, payables, loans etc.) denominated in foreign currency are reported using the closing exchange rate on each balance sheet date.

The exchange differences arising on the settlement of monetary items or on reporting these items at rates different from rates at which these were initially recorded/reported in previous financial statements are recognized as income/expense in the period in which they arise except that the exchange differences arising till the commissioning of fixed assets, relating to borrowed funds and liabilities in foreign currency for acquisition of the fixed assets are adjusted to the cost of fixed assets.

In case of forward exchange contracts, the premium or discount arising at the inception of such contracts is amortised as income or expense over the life of the contract. Further exchange difference on such contracts i.e. difference between the exchange rate at the reporting/settlement date and the exchange rate on the date of inception of contract/the last reporting date, is recognized as income/ expense for the period except that the exchange differences, including premium or discount on forward exchange contracts, arising till the commissioning

of fixed assets, relating to borrowed funds and liabilities in foreign currency for acquisition of the fixed assets are adjusted to the cost of fixed assets.

- b) In case of foreign subsidiaries, the assets and liabilities have been translated into Indian Rupees at the closing exchange rate at the year end whereas revenues and expenses reflected in the statement of profit and loss have been translated into Indian Rupees at monthly average exchange rate for the reporting period. The resultant translation exchange differences are accumulated in "Foreign currency translation reserve" to be recognised as income or expense in the period in which net investment in concerned foreign subsidiary is disposed off.

## (v) Inventories

Inventories are valued at lower of cost or net realisable value. The basis for determining cost (which also includes taxes and duties wherever applicable) for different categories of inventory are as under:

Stores & spares, raw materials and stock-in-trade	- Weighted average rate.
Work-In-Progress and finished goods	- Direct cost plus appropriate share of overheads after giving credit for other income and excluding certain expenses like ex-gratia and gratuity.

Securities are valued at cost or net realisable value, whichever is lower.

By-products are valued at estimated net realisable value.

## (vi) Revenue recognition

- a) Sales are recognized, net of returns and trade discounts, on transfer of significant risks and rewards of ownership to the buyer, which generally coincides with dispatch to customers. Sales include excise duty but exclude sales tax and value added tax.
- b) Under the retention pricing scheme, the Government of India reimburses to the fertiliser industry, the difference between the retention price based on the cost of production and selling price (as realised from the farmers) as fixed by the Government from time to time, in the form of subsidy. The effect of variation in input costs/ expenses on retention price yet to be notified is accounted for by the Company as income for the year based on its assessment of ultimate collection with reasonable degree of certainty at the time of accrual.

## (vii) Investments

Long term investments are stated at cost unless there is a permanent fall in value thereof. Current investments are stated at cost or net realisable value, whichever is less.

## (viii) Employee benefits

Company's contributions paid/payable during the year to provident fund, superannuation fund and employees' state insurance corporation are recognised in the statement of profit and loss. For the Provident Fund Trust administered by the Company, the Company is liable to meet the shortfall, if any, in payment of interest at the rates declared by the Central Government and such liability is recognised in the year of shortfall.

Provisions for gratuity and compensated absences determined on an actuarial basis at the end of the year are charged to revenue each year. The Company makes contribution to the LIC for Employees Gratuity Scheme in respect of employees of one of the divisions.

## (ix) Research and development

The revenue expenditure on research and development is charged as an expense in the year in which it is incurred. Capital expenditure is included in fixed assets.

## (x) Income-tax

Current tax is determined on the basis of taxable income and tax credits computed for each of the entities in the group in accordance with the provisions of applicable tax laws of the respective jurisdiction where the entities are located.

Deferred tax is recognised, subject to the consideration of prudence, on timing differences, between taxable income and accounting income. Deferred tax assets on unabsorbed depreciation and carry forward losses are recognised on virtual certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised.

## 6. Segment reporting

### A. Business segments :

Based on the guiding principles given in Accounting Standard AS-17 "Segment Reporting" the Company's business segments include: Fertilisers (manufacturing of urea), Chloro-Vinyl (manufacturing of poly-vinyl chloride, carbide and chlor alkali products), Shriram Farm Solution (trading of di ammonia phosphate, muriate of potash, super phosphate, other fertilisers, seeds and pesticides), Cement (manufacturing of cement), Sugar (manufacturing of sugar products and co-generation of Power), Hariyali Kisaan Bazaar (Rural retail), Bioseed (production of hybrid seeds) and Others (textiles, UPVC Window Systems, plaster of paris). Sale of power from the power generation facilities set up for the business segments is included in their respective results.

### B. Geographical segments:

Since the Company's activities/operations are primarily within the country and considering the nature of products/services it deals in, the risks and returns are same and as such there is only one geographical segment.

### C. Segment accounting policies:

In addition to the significant accounting policies applicable to the business segments as set out in note 1 above, the accounting policies in relation to segment accounting are as under:

#### a) Segment revenue and expenses:

Joint Revenue and joint expenses of segments are allocated amongst them on a reasonable basis. All other segment revenue and expenses are directly attributable to the segments.

#### b) Segment assets and liabilities:

Segment assets include all operating assets used by a segment and consist principally of operating cash, debtors, inventories and fixed assets, net of allowances and provisions which are reported as direct offsets in the balance sheet. Segment liabilities include all operating liabilities and consist principally of creditors and accrued liabilities. Segment assets and liabilities do not include deferred income taxes. While most of the assets/liabilities can be directly attributed to individual segments, the carrying amounts of certain assets/liabilities pertaining to two or more segments are allocated to the segments on a reasonable basis.

#### c) Inter segment sales:

Inter segment sales between operating segments are accounted for at market price. These transactions are eliminated in consolidation.
