 15. As per Regulation 40 of SEBI (LODR) Regulations, 2015, as amended, securities of listed companies can be transferred only in dematerialized form except in case of request received for transmission or transposition of securities.

In view of the above and to eliminate all risks associated with physical shares and for ease of portfolio management, members holding shares in physical form are requested to consider converting their holdings to dematerialized form. Members can contact the Company or Company's Registrar and Transfer Agent: M/s. Alankit Assignments Limited for assistance in this regard.

16. The Company provides the facility of paying dividend through Electronics Clearing System (ECS). The members desirous of availing the facility of electronic credit of dividend are requested to ensure that their correct bank details alongwith 9 digit MICR code of their Bank is updated in the records of the Depository Participant (DP). Members, who hold the shares in physical form, should contact the Registrar & Transfer Agent or the Company in this regard. In order to prevent fraudulent encashment of dividend warrants, members are requested to provide their correct bank account details to their DP in case of electronic holding and to the Registrar & Transfer Agent or the Company in case of physical holding.
17. To avail the facility of nomination, Members are requested to send us duly filled and signed Nomination Form (Form No. SH-13).
18. Members holding shares in physical form, in identical order of names, in more than one folio are requested to send to the Company or Registrar and Share Transfer Agent: M/s. Alankit Assignments Limited, the details of such folios together with the share certificates for consolidating their holdings in one folio. A consolidated share certificate will be issued to such Members after making requisite changes.
19. In case of joint holders, the Member whose name appears as the first holder in the order of names as per the Register of Members of the Company will be entitled to vote at the AGM.
20. The Securities and Exchange Board of India (SEBI) has mandated the submission of the Permanent Account Number (PAN) and Bank Details by every participant in the securities market. Members holding shares in electronic form are requested to submit their PAN to their Depository Participant(s). Members holding shares in physical form are requested to submit their self attested copy of PAN card and bank details alongwith Original cancelled cheque leaf/attested bank passbook showing name of account holder and address, to the Company's Registered Office at 376, Industrial Area-A, Ludhiana – 141 003 / Registrar and Share Transfer Agents, M/s. Alankit Assignments Limited, Unit: Nahar Poly Films Limited, Alankit House, 4E/2, Jhandewalan Extension, New Delhi-110055.
21. The Register of Directors' and Key Managerial Personnel and their shareholding maintained under Section 170 of the Companies Act, 2013, the Register of contracts or arrangements in which the Directors are interested maintained under Section 189 of the Companies Act, 2013 will be available for inspection in electronic mode during the AGM. All other documents referred to in the Notice will be available for inspection in electronic mode without any fee by the members from the date of circulation of this Notice up to the date of AGM i.e. September 29, 2021. Members seeking to inspect such documents can send an email to secnel@owmnahar.com.
22. Pursuant to the provisions of Section 108 of the Companies Act, 2013 read with Rule 20 of the Companies (Management and Administration) Rules, 2014 (as amended) and Regulation 44 of SEBI (Listing Obligations & Disclosure Requirements) Regulations 2015 (as amended), and MCA Circulars dated April 08, 2020, April 13, 2020 and May 05, 2020 the Company is providing facility of remote e-voting to its Members in respect of the business to be transacted at the AGM. For this purpose, the Company has entered into an agreement with Central Depository Services (India) Limited (CDSL) for facilitating voting through electronic means, as the authorized e-Voting's agency. The facility of casting votes by a member using remote e-voting as well as the e-voting system on the date of the AGM will be provided by CDSL.
23. The members who have voted through remote e-voting will be eligible to attend the AGM but they will not be eligible to vote at the AGM.
24. **PROCESS FOR THOSE SHAREHOLDERS WHOSE EMAIL/MOBILE NO. ARE NOT REGISTERED WITH THE DEPOSITORIES FOR OBTAINING LOGIN CREDENTIALS FOR E-VOTING FOR THE RESOLUTIONS PROPOSED IN THIS NOTICE:**
 1. For Physical shareholders - please provide necessary details like Folio No., Name of shareholder, scanned copy of the share certificate (front and back), PAN (self-attested scanned copy of PAN card), AADHAR (self-attested scanned copy of Aadhar Card) by email to secnel@owmnahar.com or rtal@alankit.com
 2. For Demat shareholders - please update your email id & mobile no. with your respective Depository Participant (DP).
 3. For Individual Demat shareholders – Please

update your email id & mobile no. with your respective Depository Participant (DP) which is mandatory while e-Voting & joining virtual meetings through Depository.

25. INSTRUCTIONS FOR SHAREHOLDERS FOR REMOTE E-VOTING AND E-VOTING DURING AGM AND JOINING MEETING THROUGH VC/OAVM AREAS UNDER:

- (i) The voting period begins on 26th September, 2021 (9:00 a.m.) and ends on 28th September, 2021 (5:00 p.m.). During this period, shareholders of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date (record date) of 22nd September, 2021, may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
(ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting.
(iii) Pursuant to SEBI Circular No. SEBI/HO/CFD/ CMD/CIR/P/2020/242 dated December 9, 2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting

process.

- (iv) In terms of SEBI circular no. SEBI/HO/CFD/ CMD/CIR/P/2020/242 dated December 9, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. **Annexure-VI****MANAGEMENT DISCUSSION AND ANALYSIS****MACROECONOMIC OVERVIEW**

The outbreak of COVID-19, a global pandemic impacted the economic and social activity all over the world. The widespread impact of the Covid-19 on the business environment caused significant disturbance on the economic front and decelerated the global growth. According to the International Monetary Fund's World Economic Outlook published in April, 2021, the global economy declined by 3.3%, with advanced economies shrinking by 4.7%. However, with the improvement in the Covid-19 situation and opening of Global economies global growth has been projected at 6% in 2021 moderating to 4.4% in 2022.

The Indian Economy too, was severely impacted because of the Covid-19 Pandemic. The economic implications of the COVID-19 pandemic are far reaching and has caused significant disturbance and slowdown of economic activity which in turn drastically affected India's real Gross Domestic Production (GDP). The Government and policy makers acted promptly and announced complete lockdown from 24th March, 2020 for 21 days which was further extended as per the prevailing situation in the country. The lockdown restrictions forced the industry to temporarily suspend their operations. However, with the improvement in the Covid-19 situation, the Government started opening the lockdown in stages so that the economy is put on the path of recovery as well as growth.

In compliance with the lockdown restrictions, your company also suspended the business operations of the company which in turn affected the business performance of the company during the year. We are pleased to inform that with the improvement in the business, BOPP Film demand has started picking up. We are of the opinion that in the short term, the economic growth might appear to be weak but it is likely to stabilize and recover quickly. The increase in the global demand augurs well for the industry and will support the sustained improvement in the export

performance of the Company. We are hopeful that the Government through its monetary policy and other policy initiatives will support the industry so that it could meet the worst period and emerge as a winner.

INDUSTRY STRUCTURE AND DEVELOPMENTS

BOPP film is one of the most popular raw materials used by the flexible packaging industry all over the world. The growth in demand for BOPP Film has been substantial in both developed as well as emerging markets due to its recyclable nature and applicability in various of non- food and food products. The flexible packaging market in India is poised to grow by USD 12.72 billion during 2021-2025, progressing at a CAGR of almost 11% during the forecast period. (Source: *prnewswire.com*).

BOPP films are used in pharmaceuticals, food & beverages, retails, textile, cosmetic industry and self-adhesive tapes, thus contributing to the growth in consumption of packaging films. Several technical and economic factors have made the flexible packaging industry as one of the most dynamic sector. Increase in consumer awareness, demand for hygiene & quality goods, convenience-based products, boom in e-commerce especially in food and beverages, modernization of retail, urbanization of cities, rising income levels and changes in consumption pattern of the consumers has enhance the flexible packaging business. Environmental regulation paving the way for flexible packaging requirements is driving the market as using flexible packaging instead of rigid packaging result in remarkable benefit to the environment.

Your Company is having an ultra-modern BOPP Film Plant with a capacity of 30000 TPA in the state of Madhya Pradesh and is selling its products in domestic as well as export markets. The company is known for delivering quality product & services in international market. The company is enhancing its existing capacity by adding 2nd line of BOPP film with a capacity of 30000 TPA, thus having a total

capacity of 60000 TPA. The new capacity is expected to start by December, 2021/January, 2022.

OPPORTUNITIES AND THREATS

The future of the global BOPP film market looks promising because of continuous growth in the packaged foods market around the world due to its core functional characteristic as cost effective barrier protection. BOPP films are increasingly adopted in the fields of applications, like packaging, labelling, and lamination. These films are preferred substrates for food packaging globally, owing to their inherent moisture barrier properties, sealability, high clarity and graphic reproduction, and shelf appeal. The rise of e-commerce in food and beverages, consumer awareness, coupled with the improved economic environment and the increased disposable income, resulted in increased consumption of the packaged goods that require packaging, which protects the products from contamination and damages. The BOPP Films market is expected to grow due to the increasing demand from the food packaging sector and FMCG companies. COVID-19 pandemic have made people further conscious of the food products they consume. The food industry has increased its focus towards better and safe packaging for its consumers, resulting in robust demand for packaging material. It has also helped pro-longing the shelf life of products. In fact, this validates the increasing demand for packaged consumer goods. Besides, there is an increasing trend of using eco-friendly or recyclable materials in packaging.

BOPP films is a preferred material in packaging that generates high yield and more cost effective than other substrates of packaging. Additionally, the rising demand for an enhanced shelf life of food products has resulted in a greater demand for high moisture barriers in packaging films. This will boost sales of BOPP films for packaging in the coming years. Apart from conventional Tape/Textile and food packaging market, the new applications of BOPP films are emerging which will further improve the prospectus of the industry. The enormous untapped market for BOPP Films in emerging

economies is also expected to give growth opportunities for BOPP film Industry.

Though the BOPP Films industry continues to witness a reasonable growth on account of favorable factors but it is not immune from normal business threats and challenges. Because of the competitive plastic films, Industry faces stiff competition both from international as well as domestic manufactures. The Company has identified certain risks which may affect the performance of the Company. These include operational risks such as fluctuation in the prices of the raw materials which include crude, fluctuation in foreign exchange rates, Labour problems, regulatory risks, Government Policy etc. We are of the opinion that none of identified risk is such that which may threaten the existence of the Company.

FUTURE OUTLOOK

During the year under review, the Covid-19 pandemic impacted the BOPP industry. The second wave of Covid-19 in April - May, 2021 is also posing short term disturbance for the industry. However the proactive policies support from the Government coupled with Fiscal/Monetary policy of RBI has given a relief to the industry which will further push the prospect of the BOPP industry. The industry has immense potential and can contribute to the growth of the country but it needs more support so that it can enhance its competitive advantage in terms of technology upgradation so as to achieve sustained growth. The Industry on their part is also continuously modernizing and upgrading its Technology to maintain its core competence and convert it into the competitive edge over others.

We are quite hopeful that with the improvement in the global demand and opening of the global economies of the world will definitely give a push to the prospects of the packaging industry. We are looking at the future with optimism and expect that situation will improve for better in the current financial year.

RISK AND CONCERNS

The raw material which plays a major component in

the cost of making Bopp Film is "Polypropylene". Any changes in the raw material prices and decrease in finished good product prices may affect the performance of the company. Though the Company has endeavored to monitor and mitigate these risks.

The company's main source of income will be from selling of BOPP film, a substrate in packaging material in plain and metalized form to further converters. Any adverse impact on the operations of the packaging converters may impact the company's revenues and its profitability. The increase in demand for newer options in packaging is also affecting the growth of BOPP films industry.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Company is maintaining an efficient and effective system of Internal Financial Control for facilitating accurate compilation of financial statements. The company's Internal Control system is designed to ensure operational efficiency, protection and conservation of resources, accuracy and promptness in financial reporting and compliance with procedures, laws and regulations. The Company's Internal Control system commensurate with the nature of its business and the size of its operations. In order to further strengthen the Internal Control system and to automate the various processes of the business, company is making use of Enterprises Resource Planning (ERP).

The Company has also appointed Piyush Singla & Associates, Chartered Accountants Firm, as Internal Auditors of the Company for the financial year 2021-22. The Company is also having Internal Audit Department to test the adequacy and effectiveness of Internal Control Systems laid down by the Management and suggests improvement in the systems. Internal Audit Reports are discussed with the Management. During the year, Company's Internal Controls were tested and no reportable weakness in the system was observed.

Apart from this, an Audit Committee consisting of three non-executive directors has been constituted.

All the significant audit observation and follow up action thereon are taken care of by the Audit Committee. The Audit Committee met four times during the financial year under review. The Company has also established a Vigil Mechanism as per section 177(9) of Companies Act, 2013 read with Rule 7 of the Companies (Meeting of Board and its Powers) Rules, 2014.

SEGMENT WISE OR PRODUCT WISE PERFORMANCE AND FINANCIAL/OPERATIONAL PERFORMANCE

The Company is operating in single segment i.e. BOPP Films as such disclosure requirements of Ind AS-108, issued by the Institute of Chartered Accountants of India are not applicable on the company. During the year, the Company has achieved a total income of Rs. 30861.28 Lakhs with a net profit of Rs. 5143.63 Lakhs. The detailed performance has already been discussed in the Directors' Report under the column "Financial Review".

MATERIAL DEVELOPMENTS IN HUMAN RESOURCES/INDUSTRIAL RELATIONS

Beyond Balance Sheet lies Company's singly biggest Asset Human Resources. The Company is of firm belief that the Human Resources are the driving force that propels a Company towards progress and success. The Company continued its policy of attracting and recruiting the best available talent so that it can face business challenges ahead. The Company also offers attractive compensation packages to retain and motivate the professionals so that they can give their best.

We would also like to inform you that during the challenging period of COVID-19 pandemic, Company has taken all possible steps to take care of the safety, security and health of the workers/ employees. The Company provided masks, hand sanitizer, regular body temperature checkup facility at the factory as well as office premises. The Company has also ensured that Company's factories and offices are sanitized at regular interval to safeguard its worker/ employees. The total permanent employee's strength of the Company

was 253 as on 31st March, 2021. The industrial relation continued to remain cordial during the year.

SIGNIFICANT CHANGES IN KEY FINANCIAL RATIOS

(In %)

Ratio	31.03.2021	31.03.2020
Gross Profit Ratio	28.07%	21.17%
Net Profit Ratio	22.58%	16.06%
Interest Coverage Ratio	209.92%	165.46%
Current Ratio	2.79%	5.52%
Debt Equity Ratio	0.14%	0.00%
Return on Net Worth	24.36%	25.25%
Net Capital Turnover Ratio	92.70%	63.62%

Gross Profit, Net Profit and Return on Net worth have been increased. The prices of commodity in which the company is dealing is based on international crude prices. Since, the price of crude is volatile. It is normal for the company to have a variance in Gross profit or net profit margin as sometimes the effect of increase / reduction of prices of inputs are not fully transferred to the customers due to prevailing market conditions. Debt/ Equity

Ratio have been changed due to increase in debt during the year. The earnings of the company utilised for reduction of working capital limits, therefore less interest charged by banks leads to increase in interest coverage ratio. The company has utilised its current assets for expansion of its existing capacity which leads to reduction of its current ratio, but the ratios reflects good liquidity position and is well within the acceptable industry norms.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF
NAHAR POLY FILMS LIMITED

Report on the Audit of Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of Nahar Poly Films Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2021, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, the profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Standalone Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. There is no key audit matters to be communicated in our report.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Board's Report including annexures to the Board's Report and Management Discussion & Analysis Report, but does not include the standalone financial statements and our auditors' report thereon. The Board's Report including annexures to the Board's Report and Management Discussion & Analysis Report is expected to be made available to us after the date of this auditors' report.

Our opinion on the standalone financial statements does not cover the

other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit, or otherwise appears to be materially misstated. When we read the Board's Report including annexures to the Board's Report and Management Discussion & Analysis Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the IndAS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material

misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:
 - a) We have sought and obtained all the information and explanations

which to the best of our knowledge and belief were necessary for the purposes of our audit.

- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account.
- d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- e) On the basis of the written representations received from the directors as on March 31, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2021 from being appointed as a director in terms of Section 164 (2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i) The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements.
 - ii) The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts.
 - iii) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
2. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

**ANNEXURE “A” TO THE INDEPENDENT AUDITOR’S REPORT**

(Referred to in paragraph 1(f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report to the Members of NAHAR POLY FILMS LIMITED of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause(i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **NAHAR POLY FILMS LIMITED** (“the Company”) as of March 31, 2021 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Company.

Meaning of Internal Financial Controls Over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE “B” TO THE INDEPENDENT AUDITOR’S REPORT

(Referred to in paragraph 2 under ‘Report on Other Legal and Regulatory Requirements’ section of our report to the Members of **NAHAR POLY FILMS LIMITED** of even date)

i. In respect of the Company’s fixed assets:

- (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
- (b) The Company has a program of verification to cover all the items of fixed assets in a phased manner which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the program, certain fixed assets were physically verified by the management during the year.
According to information and explanation given to us, no material discrepancies were noticed on such verification.
- (c) According to the information and explanations given to us, the records examined by us and based on the examination of the conveyance deeds / registered sale deed provided to us, we report that, the title deeds, comprising all the immovable properties of land and buildings which are free hold, are held in the name of the Company as at the balance sheet date.

Nature and purpose of reserves

Securities premium account

Securities premium account comprises of the premium on issue of shares. The reserve is utilised in accordance with the specific provision of the Companies Act, 2013.

General reserve

The General reserve is used from time to time to transfer profits from retained earnings for appropriation purposes. As the General reserve is created by a transfer from one component of equity to another and is not an item of other comprehensive income, items included in the General reserve will not be reclassified subsequently to the statement of profit and loss.

Retained Earnings

Retained earnings refer to net earnings not paid out as dividends, but retained by the company to be reinvested in its core business. This amount is available for distribution of dividends to its equity shareholders.

The company offsets tax assets and liabilities if and only if it has a legally enforceable right to set off current tax assets and current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same tax authority.

Significant management judgment is required in determining provision for income tax, deferred income tax assets and liabilities and recoverability of deferred income tax assets. The recoverability of deferred income tax assets is based on estimates of taxable income and the period over which deferred income tax assets will be recovered. Any changes in future taxable income would impact the recoverability of deferred tax assets.

The company has elected to exercise an option permitted under Section 115BAA of Income Tax Act, 1961 as introduced by Taxation Laws (Amendment) Ordinance, 2019. Accordingly, the company has recognised provision current income tax and re-measured its deferred tax assets/liabilities based on the rates prescribed in the said section and the impact of tax expense of current year and re-measurement of deferred tax assets/liabilities is recognised in these financial statements.

The company is a public limited company incorporated and domiciled in India and has registered office in Ludhiana, Punjab, India and the manufacturing facility is located Near Mandideep, Bhopal, MP, India. The company has its listing of equity shares on BSE Limited and National Stock Exchange of India Limited.

The financial statements are approved for issue by the company's Board of Directors on 31-May-2021

ii) Significant Accounting Policies:

This note provides a list of the significant accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

a) Basis of Presentation:

i) Compliance with IndAS

The financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as per Companies Indian Accounting Standard Rules, 2015 notified under section 133 of the Companies Act, 2013 (the Act) and other relevant provisions of the Act.

The Financial statements of the company for the year ended 31st March 2021 have been approved by the Board of Directors at their meetings held on 31-May-2021

(ii) Accounting Convention

The accounts of the Company have been prepared on going concern basis and historical cost basis except certain financial assets and liabilities measured at fair value and defined benefit plans-assets measured at fair value.

(iii) Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakhs as per the requirement of Schedule III, unless otherwise stated.

(iv) Current/Non-current classification

All assets and liabilities have been classified as current or non-current as per Company's normal operating cycle and other criteria set out in the Schedule III to the Act.

b) Foreign currency translation

Items included in the financial statements of each of the company's entities are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The financial statements are presented in Indian rupee (INR), which is company's functional and presentation currency.

Foreign currency translations are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognised in the Statement of profit and loss.

c) Revenue recognition

Revenue is measured at the fair value of the consideration received or receivables. Amounts disclosed as revenue are inclusive of excise duty and net of returns, trade allowances, rebates and value added taxes.

The company recognises revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the entity and specific criteria have been met for each of the company's activities as described below. The company bases its estimates on historical results, taking into consideration the type of customer, the type of transaction and specific of each arrangement.

Export Incentives- Export incentives are recognised on post export basis.

Revenue recognition- Revenue from sales are recognised when significant risk and rewards of ownership of the goods has been transferred to the buyer and entity does not have the effective control over the goods sold.

d) Government Grants:

Grants from the government are recognised at their fair value when there is a reasonable assurance that the grant will be received and the company will comply with all attached conditions.

Government grant relating to income are deferred and recognised in the profit or loss over the period necessary to match them with the costs that they are intended to compensate and presented within other income. Government grants relating to purchase of property, plant and equipment are included in non-current liabilities as deferred income and are credited to profit or loss over the expected lives of the related assets and presented within other income.

e) Income Tax:

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current and deferred tax is recognised in the Statement of profit and loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In that case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

f) Trade Receivables:

Trade receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment.

g) Cash and cash Equivalents:

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, other bank balances, and bank overdrafts.

h) Inventories

Inventories are valued at cost or net realizable value, whichever is lower. However to determine the cost, the following methods are adopted:-

1. a) For Raw Material on moving weighted average method plus direct expenses.
b) For Stores and Spares on moving weighted average method plus direct expenses.
c) For Work-in-Process, cost of Raw Material plus appropriate share of manufacturing expenses / relevant Overheads / conversion cost depending upon the stage of completion.
2. For Finished goods, cost of raw material plus conversion costs, packing cost and other overheads incurred to bring the inventories to their present condition and location.
3. Further Wastage and Rejections are valued at net realizable value only.
4. Goods in Transit are valued at cost.

i) INVESTMENT AND OTHER FINANCIAL ASSETS
l) Classification

The company classifies its financial assets in the following measurement categories –

- Those to be measured subsequently at fair value (either through other comprehensive income or through Statement of profit and loss), and
- Those measured at amortised cost

The classification depends on the company's business model for managing the financial assets and the contractual terms of cash flows.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the company has made an irrevocable election at the time of initial recognition to account for the equity investment at the fair value through other comprehensive income.

ii) Measurement

At initial recognition, the company measures a financial asset at its fair value plus transaction cost that are directly attributable to the acquisition of the financial asset. In the case of a financial asset at fair value through profit or loss, transaction costs of financial assets are expensed in the Statement of profit and loss.

The company subsequently measures all equity investments at fair value. Where the company's management has

lected to present fair value gains and losses on equity investments in OCI, there is no subsequent reclassification of fair value gains and losses to profit or loss.

iii) Impairment of financial assets

Impairment exists when the carrying value of an asset or cash generating unit exceeds its recoverable amount, which is the higher of its fair value less cost of disposal and its value in use.

The company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost and FVOCI debt instruments. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For trade receivables only, the company applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

iv) De-recognition of Financial Assets:

Financial asset is derecognised only when

- The company has transferred the rights to receive cash flows from the financial asset or
- Retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

v) Income Recognition:

Interest income – Interest income from debt instruments is recognised using the effective interest rate method.

Dividend income – Dividends are recognised in profit or loss only when the right to receive payment is established.

Rental Income - Rental income is accounted for on accrual basis.

Scrap (i.e. empties, wastage etc. Other than production) is accounted for on sale basis.

j) Impairment of Non-Financial assets

Assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable amount. The recoverable amount is higher of an asset's fair value less costs of disposal and value in use. For the purpose of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from assets or group of assets (cash-generating units). Non-Financial assets suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

k) Non- Current Assets Held for Sale:

Non-current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use and sale is considered highly probable. They are measured at lower of their carrying amount and fair value less cost to sell, except for assets such as deferred tax assets, assets arising from employee benefits, financial assets and contractual rights under insurance contracts, which are specifically exempt.

Non-current assets are not depreciated or amortised while they are classified held for sale. Interest and other expenses attributable to the liabilities of disposal, company classified as held for sale, continue to be recognised.

l) Derivatives that are not designated as hedges

The company enters into certain derivatives/forward contracts to hedge foreign currency risks which are not designated as hedges. Such contracts are accounted for at fair value through profit or loss.

m) Property, plant and equipment

Property, plant and equipment are stated at cost, less accumulated depreciation and impairment if any. Cost directly attributable to acquisition are capitalised until the property, plant and equipment are ready for use. Depreciation methods, estimated useful lives and residual value

The company depreciates its property, plant and equipment over the useful life in the manner prescribed in the Schedule II to the Companies Act, 2013. The residual values are not more than 5% of the original cost of the assets.

n) Intangible assets

Computer software

Computer software are stated at cost, less accumulated amortisation and impairment ,if any.

Amortisation methods and periods

The company amortises the computer software with a finite useful life over the period of 5 years.

o) Trade and other payables

These amounts represent liabilities for goods and services provided to the company prior to the end of financial year

which are unpaid. The amounts are unsecured.

p) Borrowings

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using effective interest method. Borrowings are classified as current liabilities unless the company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period.

q) Borrowing costs

Borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalized as part of the cost of the asset. Other borrowing costs are recognized as an expense in the period in which they are incurred.

r) Provisions and contingent liabilities

Provisions are recognised when the company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period.

Contingent Liabilities are disclosed in respect of possible obligations that arise from past events but their existence will be confirmed by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the Company or where any present obligation cannot be measured in terms of future outflow of resources or where a reliable estimate of the obligation cannot be made.

s) Employee benefits

(i) Short term obligations

Liabilities for wages and salaries, including non-monetary benefits, if any, that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled.

(ii) Other long term employee benefit obligations

The liabilities, if any, which needs to be settled after 12 months from the end of the period in which the employees render the related services are measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of reporting period using the projected unit credit method.

(iii) Post-employment obligations

The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligations at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

Re-measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

(iv) Defined contribution plans

Contribution to Provident Fund is made in accordance with the provisions of the Employees Provident Fund and Miscellaneous Provisions Act, 1952 and is charged to the Statement of Profit and Loss.

t) Estimates and judgements

The preparation of financial statements requires the use of accounting estimates which, by definition, will seldom equal the actual results. Management has made judgements, estimates and assumptions that affect the application of accounting policies and reported amounts of assets, liabilities, income and expenses.

The areas involving critical estimates or judgements are:

- Estimation of current tax expense and payable.
- Designation of financial assets /liabilities through FVTPL.
- Estimation of defined benefit obligation.
- Recognition of deferred tax assets for carried forward tax losses.

Estimates and judgements are continually evaluated. They are based on historical experience and other factors, including expectations of future events that may have a financial impact on company and that are believed to be

reasonable under the circumstances.

u) IndAs 116-Leases:

On 30 March 2019, MCA has notified Ind AS 116, Leases. Ind AS 116 sets out the principals for the recognition, measurement, presentation and disclosure of leases and requires leases to account for all leases under a single on-balance sheet model similar to the accounting for finance leases under Ind AS 17. The standard includes two recognition exemptions for leases - leases of 'low-value' assets and short term leases (i.e., leases with lease term of 12 months or less). At commencement date of the lease, a lessee will recognise a liability to make lease payments (i.e., the lease liability) and an asset representing the right to use the underlying asset during the lease term (i.e., the right-to-use asset). Lessees will be required to separately recognise the interest expense on the lease liability and the depreciation expenses on the right-to-use asset.

Lessees will be also required to remeasure the lease liability upon the occurrence of certain events (e.g., a change in the lease term, a change in future lease payments resulting from a change in an index or rate used to determine those payments). The lessee will generally recognise the amount of the remeasurement of the lease liability as an adjustment to the right-to-use asset. It has no impact on the company.

21.2. Significant accounting judgements, estimates & assumptions

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Judgements

In the process of applying the Company's accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognised in the financial statements:

Estimates and assumptions

The key assumptions concerning the future and other key sources of estimating uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

Defined benefit plans (gratuity benefits)

The cost of the defined benefit gratuity plan and other post-employment benefits and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans operated in India, the management considers the interest rates of government bonds in currencies consistent with the currencies of the postemployment benefit obligation.

The mortality rate is based on publicly available mortality tables for the specific countries. Those mortality tables tend to change only at interval in response to demographic changes. Future salary increases and gratuity increases are based on expected future inflation rates. Further details about gratuity obligations are given in Note:-24 .

Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using other valuation techniques. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

Impairment of non-financial assets

Impairment exists when the carrying value of an asset or cash generating unit exceeds its recoverable amount, which is the higher of its fair value less costs of disposal and its value in use. The fair value less costs of disposal calculation is based on available data from binding sales transactions, conducted at arm's length, for similar assets or observable market prices less incremental costs for disposing of the asset. The value in use calculation is based on a DCF model.

The Company's Earnings Per Share ('EPS') is determined based on the net profit attributable to the shareholders' of the Company.

Note:- 23 Earnings per share (EPS) (Ind AS 33)

Basic earnings per share is computed using the weighted average number of shares outstanding during the year. Diluted earnings per share is computed using the weighted average number of common and dilutive common equivalent shares outstanding during the year including share options, except where the result would be anti-dilutive.

Earnings Per Share has been computed as under:

Profit for the year attributable to the Equity holders of the Company	5,143.63	3,289.66
Weighted-average number of equity shares for basic EPS	245.88	245.88
Earnings Per Share (Rs.) - Basic (Face value of Rs. 5 per share)	20.92	13.38
(Diluted earning per share is same as basic earning per share.)		

Proposed dividend on equity shares is subject to the approval of the shareholders of the Company at the Annual General Meeting and not recognised as liability as at the Balance Sheet date.

Note:-24 Post Retirement Benefits Plans (Ind AS 19)**Defined Benefit Plan**

The Company provides for gratuity for employees in India as per the Payment of Gratuity Act, 1972. Employees who are in continuous service for a period of 5 years are eligible for gratuity. The amount of gratuity payable on retirement/termination is the employees last drawn basic salary per month computed proportionately for 15 days salary multiplied for the number of years of service. For the funded plan the Company makes contributions to recognised funds in India. The Company does not fully fund the liability and maintains a target level of funding to be maintained over a period of time based on estimations of expected gratuity payments.

Valuation process and technique used to determine fair value

(i) The fair value of investments in government securities, debentures and quoted equity shares is based on the current bid price of respective investment as at the balance sheet date.

(ii) The fair value of investments in mutual fund units is based on the net asset value (NAV) as stated by the issuers of these mutual fund units in the published statements as at the Balance Sheet date. NAV represents the price at which the issuer will issue further units of mutual fund and the price at which issuers will redeem such units from the investors.

Level 1 : Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments. The fair value of all equity instruments which are traded in the stock exchanges is valued using the closing price as at the reporting period.

Level 2 : The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in Level 2.

Level 3 : If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities, contingent consideration and indemnification asset included in level 3.

d) Measurement of fair values

The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The following methods and assumptions were used to estimate the fair values:

(i) The management assessed that the fair values of cash and cash equivalents, other bank balances, trade receivables, other current financial assets, trade payables and other current financial liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

(ii) The fair value of non-current borrowings and security deposits that approximate to their carrying amounts as it is based on discounting future cash flows using rates currently available for debts on similar terms, credit risk and remaining maturities. They are classified as level 3 fair values in the fair value hierarchy due to the use of unobservable inputs.

Note 29: Financial Risk management objectives and policies

The Company's principal financial liabilities comprise loans and borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations and to support its operations. The Company's financial assets include loans, trade and other receivables, and cash & cash equivalents that derive directly from its operations.

The Company is exposed to market risk, credit risk and liquidity risk. The company's senior management oversees the management of these risks. The company's senior management is supported by a financial risk committee that advises on financial risks and the appropriate financial risk governance framework for the Company. This financial risk committee provides assurance to the Company's senior management that the Company's financial risk activities are governed by appropriate policies and procedure and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. The Board of Directors reviews and agrees policies for managing each risk, which are summarised as below:

(A) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk and currency risk. Financial instruments affected by market risk include loans and borrowings, deposits and payables/receivables in foreign currencies.

a) Market risk- Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long term debt obligations with floating interest rates. The Company is carrying its borrowings primarily at variable rate.

	As at 31 March 2021	As at 31 March 2020
Variable rate borrowings	5,554.16	358.91
Fixed rate borrowings	-	-
Total Borrowings	5,554.16	358.91

Interest rate sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of borrowings affected. With all other variable held constant, the Company's profit before tax is affected through the impact on floating rate borrowings, as follows:

50 bps decrease would increase the profit before tax by	27.77	1.79
50 bps increase would decrease the profit before tax by	(27.77)	(1.79)

b) Market risk- Foreign currency risks

The Company is exposed to foreign exchange risk arising from foreign currency transactions, primarily with respect to the US Dollar, EURO and GBP. Foreign exchange risk arises from recognised assets and liabilities denominated in a currency that is not the functional currency of the Company. Considering the low volume of foreign currency transactions, the Company's exposure to foreign currency risk is limited and the Company hence does not use any derivative instruments to manage its exposure. Also, the Company does not use forward contracts and swaps for speculative purposes.

	As at 31 March 2021		As at 31 March 2020	
	Foreign Currency	INR	Foreign Currency	INR
Trade receivables

Foreign currency sensitivity

The following table demonstrate the sensitivity to a reasonably possible change in exchange rates, with all other variables held constant. The impact on the Company's profit before tax is due to changes in the fair value of monetary assets and liabilities. The Company's exposure to foreign currency changes for all other currencies is not material.

Foreign Currency Sensitivity

5% decrease in USD rate would Increase (decrease) the profit before tax by	-7.82	-13.46
5% increase in USD rate would Increase (decrease) the profit before tax by	7.82	13.46
5% decrease in GBP rate would Increase (decrease) the profit before tax by	268.47	0.51
5% increase in GBP rate would Increase (decrease) the profit before tax by	-268.47	-0.51

c) Foreign Currency Exposure (Forward Booking)

The foreign currency exposure of the company as on reporting date is as under. The company does not use forward contracts for speculative purpose.

Forward Contract against exports

USD	-	10.00 Lakhs
-----	---	-------------

d) Market risk- Price risks

The Company's exposure to equity securities price risk arises from investments held by the Company and classified in the balance sheet either at fair value through other comprehensive income or at fair value through profit and loss. To manage its price risk arising from investments in equity instruments, the Company diversifies its portfolio.

Price sensitivity

The table below summarizes the impact of increases/decreases of the BSE index on the Company's equity and Gain/Loss for the period. The analysis is based on the assumption that the index has increased by 5 % or decreased by 5 % with all other variables held constant, and that all the Company's equity instruments moved in line with the index.

- Impact on total comprehensive income

500 bps in BSE Sensex 30 increase would Increase the profit before tax by	359.09	89.38
500 bps in BSE Sensex 30 decrease would decrease the profit before tax by	(359.09)	(89.38)

(B) Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company's exposure to credit risk is influenced mainly by cash and cash equivalents, trade receivables and financial assets measured at amortised cost. The Company continuously monitors defaults of customers and other counterparties and incorporates this information into its credit risk controls.

**(a) Credit risk management**

The Company assesses and manages credit risk based on internal credit rating system. Internal credit rating is performed for each class of 'financial instruments with different characteristics. The Company assigns the following credit ratings to each class of financial assets based on the assumptions, inputs and factors specific to the class of financial assets.

(i) Low credit risk on financial reporting date

(ii) Moderate credit risk

(iii) High credit risk

The Company provides for expected credit loss based on the following:

Asset group	Basis of categorisation	Provision for expected credit loss
Low credit risk	Cash and cash equivalents, other bank balances, loans, trade receivables, Investments and other financial assets	12 month expected credit loss
Moderate credit risk	Trade receivables and other financial assets	Life time expected credit loss or 12 month expected credit loss
High credit risk	Trade receivables and other financial assets	Life time expected credit loss fully provided for

Financial assets that expose the entity to credit risk –	As at 31 March 2021	As at 31 March 2020
Low credit risk on reporting date		
Trade receivables	1,129.71	930.57
Cash and cash equivalents	94.28	35.37
Other bank balances	31.46	22.72
Loans(current)	4.06	3.73
Loans(non-current)	219.66	202.14
Other financial asset (current)	2,217.15	3,517.15

Cash & cash equivalents and bank deposits

Credit risk related to cash and cash equivalents and bank deposits is managed by only accepting highly rated banks and diversifying bank deposits and accounts in different banks across the country.

Trade receivables

Credit risk related to trade receivables are mitigated by taking Credit insurance for domestic sales/letter of credit for export sales, which results in low credit risk. The Company closely monitors the credit-worthiness of the debtors through internal systems that are configured to define credit limits of customers, thereby, limiting the credit risk to pre-calculated amounts. The Company assesses increase in credit risk on an ongoing basis for amounts receivable that become past due and default is considered to have occurred when amounts receivable become one year past due.

Gross carrying amount of trade receivables	As at 31 March 2021	As at 31 March 2020
Not due nor impaired	1129.59	918.28

180-365 days past due	0.00	0.00
More than one year	0.11	0.00
Total	1129.71	930.57

Loans and Other financial assets measured at amortised cost

Loans and other financial assets measured at amortized cost includes Security deposits and others. Credit risk related to these other financial assets is managed by monitoring the recoverability of such amounts continuously.

(C) Liquidity risk

Liquidity risk is the risk that the Company may not be able to meet its present and future cash and collateral obligations without incurring unacceptable losses. The Company's objective is to, at all times maintain optimum levels of liquidity to meet its cash and collateral requirements. The Company closely monitors its liquidity position and deploys a robust cash management system. It maintains adequate sources of financing including bilateral loans, debt and overdraft from domestic banks at an optimised cost. It also enjoys strong access to domestic capital markets across equity.

(a) Financing arrangements

Note:- 32 Capital Management

The Company's capital management objectives are to ensure the Company's ability to continue as a going concern as well as to provide an adequate return to shareholders by pricing products and services commensurately with the level of risk.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The Company monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The Company includes within net debt, interest bearing loans and borrowings, trade payables, less cash and cash equivalents and other bank balances.

	As at 31 March 2021	As at 31 March 2020
Borrowings	5,839.53	358.91
Trade payables	6,313.02	558.18

Capital and net debt	40,159.56	18,497.63
Gearing ratio	29.95%	4.64%

In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements.

Breaches in meeting the financial covenants would permit the bank to immediately call loans and borrowings. There have been no breaches in the financial covenants of any interest-bearing loans and borrowing in the current period. No changes were made in the objectives, policies or processes for managing capital during the years ended 31 March 2021 and 31 March 2020.

**INDEPENDENT AUDITOR'S REPORT**

TO THE MEMBERS OF

NAHAR POLY FILMS LIMITED**Report on the Consolidated Ind AS Financial Statements****Opinion**

We have audited the accompanying consolidated Ind AS financial statements of Nahar Poly Films Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2021, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated Ind AS financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated Ind AS financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, the profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated Ind AS financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Consolidated Ind AS Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the consolidated Ind AS financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the consolidated Ind AS financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional

judgment, were of most significance in our audit of the consolidated Ind AS financial statements of the current period. These matters were addressed in the context of our audit of the consolidated Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. There is no key audit matters to be communicated in our report.

Information Other than the Consolidated Ind AS Financial Statements and Auditor's Report thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Board's Report including annexures to the Board's Report and Management Discussion & Analysis Report, but does not include the consolidated Ind AS financial statements and our auditors' report thereon. The Board's Report including annexures to the Board's Report and Management Discussion & Analysis Report is expected to be made available to us after the date of this auditors' report.

Our opinion on the consolidated Ind AS financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated Ind AS financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated Ind AS financial statements or our knowledge obtained during the course of our audit, or otherwise appears to be materially misstated. When we read the Board's Report including annexures to the Board's Report and Management Discussion & Analysis Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Management's Responsibility for the Consolidated Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these consolidated Ind AS financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and

maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the consolidated Ind AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies

used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated Ind AS financial statements, including the disclosures, and whether the consolidated Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated Ind AS financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by

law have been kept by the Company so far as it appears from our examination of those books.

- c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account.
- d) In our opinion, the aforesaid consolidated Ind AS financial statements comply with the Ind AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- e) On the basis of the written representations received from the directors as on March 31, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2021 from being appointed as a director in terms of Section 164 (2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the

remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
- i) The Company has disclosed the impact of pending litigations on its financial position in its consolidated Ind AS financial statements.
- ii) The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts.
- iii) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

Annexure - A to the Auditors' Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Nahar Poly Films Ltd** ("the Company") as of 31 March 2021 in conjunction with our audit of the consolidated Ind AS Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Respective Board of Directors of the Holding Company and its associate company are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation

and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of

Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Ind AS Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Ind AS Financial Statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

(1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Ind AS Financial

Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the Ind AS Financial Statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company and its associate company have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

Nature and purpose of reserves
Securities premium account

Securities premium account comprises of the premium on issue of shares. The reserve is utilised in accordance with the specific provision of the Companies Act, 2013.

General reserve

The General reserve is used from time to time to transfer profits from retained earnings for appropriation purposes. As the General reserve is created by a transfer from one component of equity to another and is not an item of other comprehensive income, items included in the General reserve will not be reclassified subsequently to the statement of profit and loss.

**Retained Earnings**

Retained earnings refer to net earnings not paid out as dividends, but retained by the company to be reinvested in its core business. This amount is available for distribution of dividends to its equity shareholders.

The company offsets tax assets and liabilities if and only if it has a legally enforceable right to set off current tax assets and current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same tax authority.

Significant management judgment is required in determining provision for income tax, deferred income tax assets and liabilities and recoverability of deferred income tax assets. The recoverability of deferred income tax assets is based on estimates of taxable income and the period over which deferred income tax assets will be recovered. Any changes in future taxable income would impact the recoverability of deferred tax assets.

The company has elected to exercise an option permitted under Section 115BAA of Income Tax Act, 1961 as introduced by Taxation Laws (Amendment) Ordinance, 2019. Accordingly, the company has recognised provision current income tax and re-measured its deferred tax assets/liabilities based on the rates prescribed in the said section and the impact of tax expense of current year and re-measurement of deferred tax assets/liabilities is recognised in these financial statements.

21.1. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

i) Company overview

Nahar Poly Films Limited ('the company') is into the business of manufacturing and selling of BOPP films. The company is a public limited company incorporated and domiciled in India and has registered office in Ludhiana, Punjab, India and the manufacturing facility is located Near Mandideep, Bhopal, MP, India. The company has its listing of equity shares on BSE Limited and National Stock Exchange of India Limited.

The financial statements are approved for issue by the company's Board of Directors on 31-May-2021

ii) Significant Accounting Policies:

This note provides a list of the significant accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

a) Basis of Presentation:

i) Compliance with IndAS

The financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as per Companies Indian Accounting Standard Rules, 2015 notified under section 133 of the Companies Act, 2013 (the Act) and other relevant provisions of the Act.

The Financial statements of the company for the year ended 31st March 2021 have been approved by the Board of Directors at their meetings held on 31-May-2021

(ii) Accounting Convention

The accounts of the Company have been prepared on going concern basis and historical cost basis except certain financial assets and liabilities measured at fair value and defined benefit plans-assets measured at fair value.

(iii) Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakhs as per the requirement of Schedule III, unless otherwise stated.

(iv) Current/Non-current classification

All assets and liabilities have been classified as current or non-current as per Company's normal operating cycle and other criteria set out in the Schedule III to the Act.

b) Foreign currency translation

Items included in the financial statements of each of the company's entities are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The financial statements are presented in Indian rupee (INR), which is company's functional and presentation currency.

Foreign currency translations are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognised in the Statement of profit and loss.

c) Revenue recognition

Revenue is measured at the fair value of the consideration received or receivables. Amounts disclosed as revenue are inclusive of excise duty and net of returns, trade allowances, rebates and value added taxes.

The company recognises revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the entity and specific criteria have been met for each of the company's activities as described below. The company bases its estimates on historical results, taking into consideration the type of customer, the type of transaction and specific of each arrangement.

Export Incentives- Export incentives are recognised on post export basis.

Revenue recognition- Revenue from sales are recognised when significant risk and rewards of ownership of the goods has been transferred to the buyer and entity does not have the effective control over the goods sold.

d) Government Grants:

Grants from the government are recognised at their fair value when there is a reasonable assurance that the grant will be received and the company will comply with all attached conditions.

Government grant relating to income are deferred and recognised in the profit or loss over the period necessary to match them with the costs that they are intended to compensate and presented within other income. Government grants relating to purchase of property, plant and equipment are included in non-current liabilities as deferred income and are credited to profit or loss over the expected lives of the related assets and presented within other income.

e) Income Tax:

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current and deferred tax is recognised in the Statement of profit and loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In that case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

f) Trade Receivables:

Trade receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment.

g) Cash and cash Equivalents:

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, other bank balances, and bank overdrafts.

h) Inventories

Inventories are valued at cost or net realizable value, whichever is lower. However to determine the cost, the following methods are adopted:-

1. a) For Raw Material on moving weighted average method plus direct expenses.
b) For Stores and Spares on moving weighted average method plus direct expenses.
c) For Work-in-Process, cost of Raw Material plus appropriate share of manufacturing expenses / relevant Overheads / conversion cost depending upon the stage of completion.
2. For Finished goods, cost of raw material plus conversion costs, packing cost and other overheads incurred to bring the inventories to their present condition and location.
3. Further Wastage and Rejections are valued at net realizable value only.
4. Goods in Transit are valued at cost.

i) INVESTMENT AND OTHER FINANCIAL ASSETS

l) Classification

The company classifies its financial assets in the following measurement categories –

- Those to be measured subsequently at fair value (either through other comprehensive income or through Statement of profit and loss), and
- Those measured at amortised cost

The classification depends on the company's business model for managing the financial assets and the contractual terms of cash flows.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the company has made an irrevocable election at the time of initial recognition to account for the equity investment at the fair value through other comprehensive income.

ii) Measurement

At initial recognition, the company measures a financial asset at its fair value plus transaction cost that are directly attributable to the acquisition of the financial asset. In the case of a financial asset at fair value through profit or loss, transaction costs of financial assets are expensed in the Statement of profit and loss.

The company subsequently measures all equity investments at fair value. Where the company's management has

ected to present fair value gains and losses on equity investments in OCI, there is no subsequent reclassification of fair value gains and losses to profit or loss.

iii) Impairment of financial assets

Impairment exists when the carrying value of an asset or cash generating unit exceeds its recoverable amount, which is the higher of its fair value less cost of disposal and its value in use.

The company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost and FVOCI debt instruments. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For trade receivables only, the company applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

iv) De-recognition of Financial Assets:

Financial asset is derecognised only when

- The company has transferred the rights to receive cash flows from the financial asset or
- Retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

v) Income Recognition:

Interest income – Interest income from debt instruments is recognised using the effective interest rate method.

Dividend income – Dividends are recognised in profit or loss only when the right to receive payment is established.

Rental Income - Rental income is accounted for on accrual basis.

Scrap (i.e. empties, wastage etc. Other than production) is accounted for on sale basis.

j) Impairment of Non-Financial assets

Assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable amount. The recoverable amount is higher of an asset's fair value less costs of disposal and value in use. For the purpose of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from assets or group of assets (cash-generating units). Non-Financial assets suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

k) Non- Current Assets Held for Sale:

Non-current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use and sale is considered highly probable. They are measured at lower of their carrying amount and fair value less cost to sell, except for assets such as deferred tax assets, assets arising from employee benefits, financial assets and contractual rights under insurance contracts, which are specifically exempt.

Non-current assets are not depreciated or amortised while they are classified held for sale. Interest and other expenses attributable to the liabilities of disposal, company classified as held for sale, continue to be recognised.

l) Derivatives that are not designated as hedges

The company enters into certain derivatives/forward contracts to hedge foreign currency risks which are not designated as hedges. Such contracts are accounted for at fair value through profit or loss.

m) Property, plant and equipment

Property, plant and equipment are stated at cost, less accumulated depreciation and impairment if any. Cost directly attributable to acquisition are capitalised until the property, plant and equipment are ready for use. Depreciation methods, estimated useful lives and residual value

The company depreciates its property, plant and equipment over the useful life in the manner prescribed in the Schedule II to the Companies Act, 2013. The residual values are not more than 5% of the original cost of the assets.

n) Intangible assets

Computer software

Computer software are stated at cost, less accumulated amortisation and impairment ,if any.

Amortisation methods and periods

The company amortises the computer software with a finite useful life over the period of 5 years.

o) Trade and other payables

These amounts represent liabilities for goods and services provided to the company prior to the end of financial year

which are unpaid. The amounts are unsecured.

p) Borrowings

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using effective interest method. Borrowings are classified as current liabilities unless the company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period.

q) Borrowing costs

Borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalized as part of the cost of the asset. Other borrowing costs are recognized as an expense in the period in which they are incurred.

r) Provisions and contingent liabilities

Provisions are recognised when the company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period.

Contingent Liabilities are disclosed in respect of possible obligations that arise from past events but their existence will be confirmed by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the Company or where any present obligation cannot be measured in terms of future outflow of resources or where a reliable estimate of the obligation cannot be made.

s) Employee benefits

(i) Short term obligations

Liabilities for wages and salaries, including non-monetary benefits, if any, that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled.

(ii) Other long term employee benefit obligations

The liabilities, if any, which needs to be settled after 12 months from the end of the period in which the employees render the related services are measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of reporting period using the projected unit credit method.

(iii) Post-employment obligations

The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligations at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

Re-measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

(iv) Defined contribution plans

Contribution to Provident Fund is made in accordance with the provisions of the Employees Provident Fund and Miscellaneous Provisions Act, 1952 and is charged to the Statement of Profit and Loss.

t) Estimates and judgements

The preparation of financial statements requires the use of accounting estimates which, by definition, will seldom equal the actual results. Management has made judgements, estimates and assumptions that affect the application of accounting policies and reported amounts of assets, liabilities, income and expenses.

The areas involving critical estimates or judgements are:

- Estimation of current tax expense and payable.
- Designation of financial assets /liabilities through FVTPL.
- Estimation of defined benefit obligation.
- Recognition of deferred tax assets for carried forward tax losses.

Estimates and judgements are continually evaluated. They are based on historical experience and other factors, including expectations of future events that may have a financial impact on company and that are believed to be

reasonable under the circumstances.

u) IndAs 116-Leases:

On 30 March 2019, MCA has notified Ind AS 116, Leases. Ind AS 116 sets out the principals for the recognition, measurement, presentation and disclosure of leases and requires leases to account for all leases under a single on-balance sheet model similar to the accounting for finance leases under Ind AS 17. The standard includes two recognition exemptions for leases - leases of 'low-value' assets and short term leases (i.e., leases with lease term of 12 months or less). At commencement date of the lease, a lessee will recognise a liability to make lease payments (i.e., the lease liability) and an asset representing the right to use the underlying asset during the lease term (i.e., the right-to-use asset). Lessees will be required to separately recognise the interest expense on the lease liability and the depreciation expenses on the right-to-use asset.

Lessees will be also required to remeasure the lease liability upon the occurrence of certain events (e.g., a change in the lease term, a change in future lease payments resulting from a change in an index or rate used to determine those payments). The lessee will generally recognise the amount of the remeasurement of the lease liability as an adjustment to the right-to-use asset. It has no impact on the company.

21.2. Significant accounting judgements, estimates & assumptions

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Judgements

In the process of applying the Company's accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognised in the financial statements:

Estimates and assumptions

The key assumptions concerning the future and other key sources of estimating uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

Defined benefit plans (gratuity benefits)

The cost of the defined benefit gratuity plan and other post-employment benefits and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans operated in India, the management considers the interest rates of government bonds in currencies consistent with the currencies of the postemployment benefit obligation.

The mortality rate is based on publicly available mortality tables for the specific countries. Those mortality tables tend to change only at interval in response to demographic changes. Future salary increases and gratuity increases are based on expected future inflation rates. Further details about gratuity obligations are given in Note:-24 .

Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using other valuation techniques. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

Impairment of non-financial assets

Impairment exists when the carrying value of an asset or cash generating unit exceeds its recoverable amount, which is the higher of its fair value less costs of disposal and its value in use. The fair value less costs of disposal calculation is based on available data from binding sales transactions, conducted at arm's length, for similar assets or observable market prices less incremental costs for disposing of the asset. The value in use calculation is based on a DCF model.

The Company's Earnings Per Share ('EPS') is determined based on the net profit attributable to the shareholders' of the Company.

Note:- 23 Earnings per share (EPS) (Ind AS 33)

Basic earnings per share is computed using the weighted average number of shares outstanding during the year. Diluted earnings per share is computed using the weighted average number of common and dilutive common equivalent shares outstanding during the year including share options, except where the result would be anti-dilutive.

Earnings Per Share has been computed as under:

Profit for the year attributable to the Equity holders of the Company	6,261.43	3,727.59
Weighted-average number of equity shares for basic EPS	245.88	245.88
Earnings Per Share (Rs.) - Basic (Face value of Rs. 5 per share)	25.47	15.16

(Diluted earning per share is same as basic earning per share.)

Proposed dividend on equity shares is subject to the approval of the shareholders of the Company at the Annual General Meeting and not recognised as liability as at the Balance Sheet date.

Note:-24 Post Retirement Benefits Plans (Ind AS 19)**Defined Benefit Plan**

The Company provides for gratuity for employees in India as per the Payment of Gratuity Act, 1972. Employees who are in continuous service for a period of 5 years are eligible for gratuity. The amount of gratuity payable on retirement/termination is the employees last drawn basic salary per month computed proportionately for 15 days salary multiplied for the number of years of service. For the funded plan the Company makes contributions to recognised funds in India. The Company does not fully fund the liability and maintains a target level of funding to be maintained over a period of time based on estimations of expected gratuity payments.

Valuation process and technique used to determine fair value

(i) The fair value of investments in government securities, debentures and quoted equity shares is based on the current bid price of respective investment as at the balance sheet date.

(ii) The fair value of investments in mutual fund units is based on the net asset value (NAV) as stated by the issuers of these mutual fund units in the published statements as at the Balance Sheet date. NAV represents the price at which the issuer will issue further units of mutual fund and the price at which issuers will redeem such units from the investors.

Level 1 : Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments. The fair value of all equity instruments which are traded in the stock exchanges is valued using the closing price as at the reporting period.

Level 2 : The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in Level 2.

Level 3 : If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities, contingent consideration and indemnification asset included in level 3.

d) Measurement of fair values

The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The following methods and assumptions were used to estimate the fair values:

(i) The management assessed that the fair values of cash and cash equivalents, other bank balances, trade receivables, other current financial assets, trade payables and other current financial liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

(ii) The fair value of non-current borrowings and security deposits that approximate to their carrying amounts as it is based on discounting future cash flows using rates currently available for debts on similar terms, credit risk and remaining maturities. They are classified as level 3 fair values in the fair value hierarchy due to the use of unobservable inputs.

Note 29: Financial Risk management objectives and policies

The Company's principal financial liabilities comprise loans and borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations and to support its operations. The Company's financial assets include loans, trade and other receivables, and cash & cash equivalents that derive directly from its operations.

The Company is exposed to market risk, credit risk and liquidity risk. The company's senior management oversees the management of these risks. The company's senior management is supported by a financial risk committee that advises on financial risks and the appropriate financial risk governance framework for the Company. This financial risk committee provides assurance to the Company's senior management that the Company's financial risk activities are governed by appropriate policies and procedure and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. The Board of Directors reviews and agrees policies for managing each risk, which are summarised as below:

(A) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk and currency risk. Financial instruments affected by market risk include loans and borrowings, deposits and payables/receivables in foreign currencies.

a) Market risk- Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long term debt obligations with floating interest rates. The Company is carrying its borrowings primarily at variable rate.

	As at 31 March 2021	As at 31 March 2020
Variable rate borrowings	5,554.16	358.91
Fixed rate borrowings	-	-
Total Borrowings	5,554.16	358.91

Interest rate sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of borrowings affected. With all other variable held constant, the Company's profit before tax is affected through the impact on floating rate borrowings, as follows:

50 bps decrease would increase the profit before tax by	27.77	1.79
50 bps increase would decrease the profit before tax by	(27.77)	(1.79)

b) Market risk- Foreign currency risks

The Company is exposed to foreign exchange risk arising from foreign currency transactions, primarily with respect to the US Dollar, EURO and GBP. Foreign exchange risk arises from recognised assets and liabilities denominated in a currency that is not the functional currency of the Company. Considering the low volume of foreign currency transactions, the Company's exposure to foreign currency risk is limited and the Company hence does not use any derivative instruments to manage its exposure. Also, the Company does not use forward contracts and swaps for speculative purposes.

Foreign currency sensitivity

The following table demonstrate the sensitivity to a reasonably possible change in exchange rates, with all other variables held constant. The impact on the Company's profit before tax is due to changes in the fair value of monetary assets and liabilities. The Company's exposure to foreign currency changes for all other currencies is not material.

Foreign Currency Sensitivity

5% decrease in USD rate would Increase (decrease) the profit before tax by	-7.82	-13.46
5% increase in USD rate would Increase (decrease) the profit before tax by	7.82	13.46
5% decrease in GBP rate would Increase (decrease) the profit before tax by	268.47	0.51
5% increase in GBP rate would Increase (decrease) the profit before tax by	-268.47	-0.51

c) Foreign Currency Exposure (Forward Booking)

The foreign currency exposure of the company as on reporting date is as under. The company does not use forward contracts for speculative purpose.

Forward Contract against exports

USD	-	10.00 Lakhs
-----	---	-------------

d) Market risk- Price risks

The Company's exposure to equity securities price risk arises from investments held by the Company and classified in the balance sheet either at fair value through other comprehensive income or at fair value through profit and loss. To manage its price risk arising from investments in equity instruments, the Company diversifies its portfolio.

Price sensitivity

The table below summarizes the impact of increases/decreases of the BSE index on the Company's equity and Gain/Loss for the period. The analysis is based on the assumption that the index has increased by 5 % or decreased by 5 % with all other variables held constant, and that all the Company's equity instruments moved in line with the index.

- Impact on total comprehensive income

500 bps in BSE Sensex 30 increase would Increase the profit before tax by	359.09	89.38
500 bps in BSE Sensex 30 decrease would decrease the profit before tax by	(359.09)	(89.38)

(B) Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company's exposure to credit risk is influenced mainly by cash and cash equivalents, trade receivables and financial assets measured at amortised cost. The Company continuously monitors defaults of customers and other counterparties and incorporates this information into its credit risk controls.

**(a) Credit risk management**

The Company assesses and manages credit risk based on internal credit rating system. Internal credit rating is performed for each class of 'financial instruments with different characteristics. The Company assigns the following credit ratings to each class of financial assets based on the assumptions, inputs and factors specific to the class of financial assets.

(i) Low credit risk on financial reporting date

(ii) Moderate credit risk

(iii) High credit risk

The Company provides for expected credit loss based on the following:

Asset group	Basis of categorisation	Provision for expected credit loss
Low credit risk	Cash and cash equivalents, other bank balances, loans, trade receivables, Investments and other financial assets	12 month expected credit loss
Moderate credit risk	Trade receivables and other financial assets	Life time expected credit loss or 12 month expected credit loss
High credit risk	Trade receivables and other financial assets	Life time expected credit loss fully provided for

Financial assets that expose the entity to credit risk –	As at 31 March 2021	As at 31 March 2020
Low credit risk on reporting date		
Trade receivables	1,129.71	930.57
Cash and cash equivalents	94.28	35.37
Other bank balances	31.46	22.72
Loans(current)	4.06	3.73
Loans(non-current)	219.66	202.14
Other financial asset (current)	2,217.15	3,517.15

Cash & cash equivalents and bank deposits

Credit risk related to cash and cash equivalents and bank deposits is managed by only accepting highly rated banks and diversifying bank deposits and accounts in different banks across the country.

Trade receivables

Credit risk related to trade receivables are mitigated by taking Credit insurance for domestic sales/letter of credit for export sales, which results in low credit risk. The Company closely monitors the credit-worthiness of the debtors through internal systems that are configured to define credit limits of customers, thereby, limiting the credit risk to pre-calculated amounts. The Company assesses increase in credit risk on an ongoing basis for amounts receivable that become past due and default is considered to have occurred when amounts receivable become one year past due.

Gross carrying amount of trade receivables	As at 31 March 2021	As at 31 March 2020
Not due nor impaired	1,129.59	918.28
0-90 days past due	0.01	12.29
90-180 days past due	0.00	0.00
180-365 days past due	0.00	0.00
More than one year	0.11	0.00
Total	1,129.71	930.57

Loans and Other financial assets measured at amortised cost

Loans and other financial assets measured at amortized cost includes Security deposits and others. Credit risk related to these other financial assets is managed by monitoring the recoverability of such amounts continuously.

(C) Liquidity risk

Liquidity risk is the risk that the Company may not be able to meet its present and future cash and collateral obligations without incurring unacceptable losses. The Company's objective is to, at all times maintain optimum levels of liquidity to meet its cash and collateral requirements. The Company closely monitors its liquidity position and deploys a robust cash management system. It maintains adequate sources of financing including bilateral loans, debt and overdraft from domestic banks at an optimised cost. It also enjoys strong access to domestic capital markets across equity.

(a) Financing arrangements

The Company had access to the following undrawn borrowing facilities at the end of the reporting period:

Floating rate	As at 31 March 2021	As at 31 March 2020
(i) Expiring within one year		
Secured		
-Working Capital	2,926.33	3,905.18
(ii) Expiring beyond one year

Note:- 32 Capital Management

The Company's capital management objectives are to ensure the Company's ability to continue as a going concern as well as to provide an adequate return to shareholders by pricing products and services commensurately with the level of risk.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The Company monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The Company includes within net debt, interest bearing loans and borrowings, trade payables, less cash and cash equivalents and other bank balances.

	As at 31 March 2021	As at 31 March 2020
Borrowings	5,839.53	358.91
Trade payables	6,313.02	558.18
Less: Cash and cash equivalents	(94.28)	(35.37)
Less: Other bank balances	(31.46)	(22.72)
Net debt	12,026.81	859.00
Equity	28,132.75	17,638.63
Capital and net debt	40,159.56	18,497.63
Gearing ratio	29.95%	4.64%

In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements.

Breaches in meeting the financial covenants would permit the bank to immediately call loans and borrowings. There have been no breaches in the financial covenants of any interest-bearing loans and borrowing in the current period. No changes were made in the objectives, policies or processes for managing capital during the years ended 31 March 2021 and 31 March 2020.
