The red tie man,

in the leading car is an astute representation of JM Financial Group, while his car mirrors the insightful strategies and pioneering initiatives of the Group, which has positioned it to have a competitive edge in the market. A robust performance record, diversified business portfolio and a trusted reputation as a credible brand has enabled JM Financial to exert confidence in its abilities and optimise existing market opportunities. We remain committed to unlocking value for our stakeholders by leveraging expertise, experience and excellence and are firmly placed to race towards a vibrant tomorrow.

RACING TOWARDS TOMORROW

The last four decades have been instrumental in consolidating our position as a leading player in the financial services industry on the basis of our expertise, experience and excellence. We are leveraging our core strengths of strong client relationships, market strategies, insightful analytics and ability to offer customised solutions to diversify our bouquet of services. We remain deeply committed to providing bespoke business solutions to our clients.

Our journey towards a dynamic tomorrow is ably backed by our proven mettle and consistently

growing market capabilities as we envision new paths and develop innovative strategies. During FY 2017-18, we demonstrated healthy growth and traversed a higher growth curve.

During FY 2017-18, we strengthened our business verticals and forayed into new client offerings. We commenced our retail housing finance operations after receiving the licence from National Housing Bank. We also ventured into SME Lending (comprising loans to, NBFCs and Education Institutions Lending sector).

At the same time, we nurtured our talent pool and fortified our technology-driven processes, which have helped us in keeping pace with the improving business scenario and build a sustainable roadmap for delivering value to our clients.

By adopting a diversified business model and armed with the determination to maintain our competitive edge in the market, we are indeed 'racing towards tomorrow' — towards our goals.

OUR VALUES

Client Focus

We always put the interest of our clients before our own. We understand our client needs, seek new opportunities for them, address them and deliver unique solutions as per their expectations. The success of our clients is the biggest reward for us.

Integrity

Integrity is fundamental to our business. We adhere to moral and ethical principles in everything we do as professionals, colleagues and corporate citizens. Our reputation based on our high standards of integrity is invaluable.

Innovation

We understand our clients' needs and develop solutions for the most complex or the simplest, the biggest or the smallest financial transactions, whether for individuals or institutions. Creativity and innovation are key factors to everything we do. We encourage new ideas which help us address unique opportunities.

Partnership

Our relationships with all our stakeholders reflect our spirit of partnership. Clients see us as trusted advisors, shareholders see us as partners and employees see us as family. We respect, trust and support all our stakeholders.

Team Work

We believe extensive teamwork is what makes it possible for us to work together towards a common goal. We value and respect each individual's commitment to group effort.

Implementation

Our expertise, experience and our continuous focus on the quality of execution ensures effective implementation of our strategies.

Performance

We believe in development of our people and continuously hone our skills, setting higher targets of performance for ourselves. We strive to attract, develop and retain the best talent. We recognise and reward talent based on merit.

MANAGEMENT INSIGHT

Mr. Vishal Kampani
Managing Director

JM Financial Group

India continues to be an economic bright spot backed by key financial reforms and the outlook looks promising. During FY 2017-18, we witnessed improved profitability and maintained an upward growth trajectory. We continue to identify and leverage newer opportunities on the horizon with our diversified bouquet of products and services and are geared to capitalise on the growing trend of technology and innovative disruptions to stay ahead for an exciting journey towards tomorrow.

Ms. Dipti Neelakantan
Chief Operating Officer

JM Financial Group

The Indian Economy has started showing signs of revival post adapting to major economic reforms like demonetisation and introduction of GST. We are also seeing continued uptick in rural consumption. These indicators give us confidence about the rise in demand for services from all our business segments. With calibrated thrust for growth in width as well as depth of our service offerings, we remain confident of sustained growth in our business and earnings.

BUSINESS HIGHLIGHTS

JM Financial is a prominent player in India’s financial services sector with a diversified portfolio and a strong track record of being a trusted partner to its clients. With consistent performance delivering growth and profitability, culture of innovation and prudent approach, the Group is well positioned to benefit from industry trends.

Our businesses are divided into four broad segments: a) Investment Banking and Securities Business; b) Fund Based Activities; c) Alternative Asset Management; and d) Asset Management.

During FY 2017-18, we reported our highest-ever yearly and quarterly operating profit. With our foray into new businesses like housing finance, SME lending and real estate consulting, we will continue to leverage emerging opportunities and will grow in the years ahead.

Investment Banking and Securities Business

Our investment banking and securities business revolves around ideation, innovation and relationship management. As a full service investment banking franchise with pan-India presence across diverse product range, we have a strong track record of over four decades. Our enduring relationships with large and emerging corporates in India allows us to participate in a variety of transactions, which include equity capital markets, debt capital markets, mergers and acquisitions and private equity syndication. Our investment banking and securities business is largely dependent on the health of capital markets in India.

Investment Banking

Mergers & Acquisitions

We were ranked No.1 in the Indian M&A League Table during FY18* and that has reinforced our proven leadership in the M&A space. At JM Financial, we witnessed increased activities and further leveraged our expertise to execute complex projects, identifying optimal transaction partners for our clients. During FY 2017-18, we were advisors to the following marquee transactions:

Ranked No.1 in the Indian M&A League Table during FY18*

(Source: JM Financial Estimates).

We acted as advisor to the following clients in private equity advisory:

- Catholic Syrian Bank for investment of ₹ 1,180 crore from Fairfax India
- Eton Park Capital Management for exit of ₹ 659 crore in Reliance Nippon Life Asset Management Limited to IIFL Special Opportunities Fund and Valiant Partners
- Wisemore Advisory (promoter entity of ReNew Power) for structured finance from Piramal Finance

BUSINESS HIGHLIGHTS

Institutional Equities

We offer brokerage services in both cash and derivatives segments to Indian and global institutional clients through our Institutional Equities business. Our objective is to provide high-quality differentiated research with a focus on new stock ideas, intensive client servicing and efficient trade execution, complemented by hassle-free post trade settlement.

We continue to generate differentiated research spanning stock ideas, thematic and sector reports, macro and investment strategy notes, among others. This helps us maintain a strong two-way relationship with our existing and ever-growing institutional client base. We are the preferred choice of our clients and consistently rank top among broker partners for several foreign and domestic institutional investors. We ensure to provide end-to-end delivery through full-service sale, trading, research and corporate access services.

We are looking forward to grow our derivatives product and coverage in FY 2018-19 to further augment our position in institutional equities business. We will capitalise on the tailwinds caused by the government's initiatives towards dismantling Double Taxation Avoidance Agreements (DTAAs) with most jurisdictions; and further driving the 'on-shoring' of the Indian equities derivatives market by restricting listing of Indian derivatives onto offshore exchanges.

Investment Advisory and Distribution

Our Investment Advisory and Distribution business has three main divisions: Wealth Management, Equity Brokerage and Independent Financial Distribution.

Wealth Management Group (WMG)

The Wealth Management Group, at JM Financial, caters to ultra-high net-worth and high net-worth investors, corporates, banks and institutions. We believe the key to our growth is our ability to offer the best product solution to our clients through open product architect. We provide a complete range of financial and custody solutions to clients including family office, advisory and execution services through in-house and third party products, which makes us an unbiased trusted advisor. At present, we offer our services in seven major cities of India, while we cover the other cities through our hub and spoke model.

Key Highlights of FY 2017-18

- Our assets under advice, distribution and management grew by 34% from ~₹ 23,664 crore as on March 31, 2017 to ~₹ 31,808 crore as on March 31, 2018

Mr. Rajeev Chitrabhanu, MD & CEO (left) and Mr. Subodh Shinkar, MD & COO (extreme right), Investment Advisory and Distribution presenting award at the Achievers Awards Event

- We observed further improvement in the quality of our asset mix by garnering better yielding equity and debt assets, which now stands at ~81% of assets under management (AUM) compared to ~70% in the previous year

Moving forward, we will focus on refining the quality of asset mix, improving productivity of wealth advisors and increasing AUM by adding net new money from existing and prospective clients. Besides, we will further expand our team size in key geographies where we have presence and invest in technology to improve our customer experience

BUSINESS HIGHLIGHTS

Equity Brokerage Group (EBG)

Our Equity Brokerage Group offers research-based equity advisory and trading services to high net-worth individuals, corporates and retail clients. It has a strong presence in 113 cities across India through a network of branches and franchisees that helps us in achieving a de-risked business model and a wide spread presence.

We service over 46,000 active clients with a team of 198 advisors spread across the country. The emergence of discount broking players in the last few years has forced even traditional full service brokers to build an online platform for cost-sensitive retail/high-trading customers.

Key Highlights of FY 2017-18

- Continued to invest in people, research capabilities and online technology platforms, which will help us to grow cost effectively
- Recorded 33% of clientele volume contributions through online trading

Independent Financial Distribution Group (IFDG)

Our Independent Financial Distribution Group (IFDG) has a network of over 8,400 active Independent Financial Distributors (IFDs). The IFDs distribute various financial products such as mutual funds, fixed deposits, IPOs, bonds to retail and high net worth customers across the country.

Key Highlights of FY 2017-18

- Mobilised more than ₹ 3,500 crore in various company fixed deposits and bonds; over ₹ 3,800 crore in public issues of equity under retail category; and more than ₹ 2,000 crore in various mutual fund schemes
- Continued to invest in technology platforms to service IFDs more efficiently
- The new online platform for investments in Mutual Funds and IPOs launched last year has been well received by IFDs and observed a steady increase of business transactions through the online platform that helped handle higher business volumes

BSE Awards 2017

JM Financial Services Limited was recognised amongst the Top Performers in the Equity Broking Segment (Retail Trading)

We were recognised amongst the Top Performers in Primary Market Segment (Equity – IPO/FPO Bids - Members)

We were recognised amongst the Top National Distributors in Mutual Fund Segment

NSE Award 2017

JM Financial Services Limited awarded Market Achievers Award in the 'Highest IPO Bidding-Non-Institutional' category

JM Financial Services Limited chosen as India's best Large-Size companies to Work 'Investments' category

International Operations

We have established subsidiaries/step down subsidiaries in Mauritius, Singapore and USA to offer our overseas clients/investors services in these jurisdictions.

Fund Based Activities

Our fund-based activities involve commercial real estate lending, structured financing, capital market related lending and asset reconstruction business. The business also includes trading in corporate bonds and government securities and identifying, acquiring and selling down debt assets through a range of structured products. It also includes our new initiatives; Housing Finance Business and SME Business.

LOAN BOOK GROWTH

[₹ in Crore]

FY 17-18	14,772
FY 16-17	11,343
FY 15-16	7,215
FY 14-15	5,388
FY 13-14	2,979

Commercial Real Estate

Key Highlights of FY 2017-18

- Our loan book grew to ₹ 9,268 crore as on March 31, 2018 from ₹ 8,106 crore as on March 31, 2018
- Expanded client relationships to 77 groups across India
- Recorded CAGR of 48% over the last three years
- We ventured into two new geographies — NCR and Kolkata

Strategy going forward

- Leveraging our long-standing relationships in the industry and provide financing solutions to meet requirements
- Increase exposure to existing clients, along with addition of high-quality new clients
- Continue diversification of the loan book across existing geographies
- Provide financing solutions to real estate developers with focus on project financing

BUSINESS HIGHLIGHTS

Structured Finance

The Structured Finance business achieved good momentum in FY 2017-18 propelled by increasing refinancing and new money requirements of corporates due to (a) challenges in the banking system and (b) absence of capital to fund growth and strategic objectives of corporates.

Key Highlights of FY 2017-18

- Closed over 20 transactions comprising medium- to long-tenor structured deals and promoter financings to companies across various sectors — consumer, industrials, pharmaceutical, engineering, infrastructure, services and others — with a loan book of

₹ 2,705 crore as on March 31, 2018 comprising a portfolio of good credits with credible promoters in resilient sectors

- Added significant balance sheet progress on single transactions at attractive pricing

Our key differentiator in the Structured Finance Group (SFG) business versus other Non-Banking Financial Companies (NBFCs) is our ability to be a valued financing partner for the long term, with a reputed investment banking and capital markets franchise. Therefore, we offer a comprehensive advisory cum financing platform to clients. While risk-return is

based on lending criterion, the credit rigour is akin to that of a private equity investment team, with a relationship approach instead of mere transaction orientation.

Going forward, the focus will be on driving business and profitability with stronger client partnerships, robust credit assessment and portfolio monitoring. It will further steer competitiveness on pricing terms and maximise yield across the portfolio.

Asset Reconstruction

At JM Financial ARC, we continue to focus on acquisition of corporate accounts having revival and restructuring potential. On the resolution front, we aggregated and restructured dues of few large accounts across various sectors like pharmaceuticals, ceramics, plywood and so on. Typical restructuring of these accounts was envisaged through infusion of additional finance, conversion of part loan into equity and monetisation of some assets to generate liquidity and optimise operations. We are also witnessing increased traction in recoveries from small and medium sized accounts and expect the same to continue.

Mr. Vivek Grover, MD & COO, JM Financial ARC (extreme right) attending the Asset Resolution Conference of Indian Banks' Association

Amendments likely to impact Asset Reconstruction business

Current legal and regulatory environment provides impetus to timely resolution of stressed accounts because of favourable initiatives by Reserve Bank of India (RBI) and Government of India. Some such initiatives are being amended with regard to Insolvency and Bankruptcy Code (IBC) allowing ARCs, among others, to become resolution

applicants in Corporate Insolvency Resolution Process (CIRP) filed under IBC before NCLT. The exemption provided by RBI allows ARCs to hold more than 26% in the post converted equity of the borrower company. The revised guidelines issued by RBI for Resolution of Stressed Asset directs banks to start insolvency proceedings on accounts

with debt of ₹ 2,000 crore and more if stress is not resolved within 180 days. These amendments are expected to have a positive impact on the industry in the long run and shall also lead to speedy recovery due to early involvement of ARCs in the resolution process.

Our investment strategy focusses on acquiring good quality assets having revival potential at the right price and limiting the downside risk by ensuring sufficient underlying security value. Our investment approach is based on a disciplined due diligence process that measures risk while also identifying various measures to increase value from

our investments. We are closely working with diverse sector-specific professionals and sector-specialised firms for revival of the acquired units.

Going forward, we will continue to focus on cash investments. However, we are also committed to meet the requirements of seller Banks/NBFCs

be it in terms of only cash or cash cum security receipts depending upon their respective requirements based on anticipated recoveries, so that they can also participate in the upside.

Housing Finance Business

We forayed into retail housing finance in FY 2017-18 with a focus on affordable housing. Affordable housing remains a large and under-penetrated market in India with government policies catalysing the market. We endeavour to cater to this segment, which is currently under-served by banks and traditional HFCs.

Key Highlights of FY 2017-18

- Focussed on setting up the core team, processes and operations and have already put together senior team members with more than 100 man-years' experience behind them

- Established operations at five locations in Maharashtra and Gujarat
- Processed more than 1,000 loan applications and garnered over 200 customers in the past four months

We believe, with our core systems and operations in place we are well positioned to build on the strong platform that we laid in FY 2017-18.

BUSINESS HIGHLIGHTS

SME Business

The SME vertical broadly covers three sub categories – Credit to SMEs, NBFC lending and Education Institution Loans (EIL).

- **SME Loans:** With an objective to contribute to this dynamic and growing sector, we launched the SME loans business, which includes collateral based lending to manufacturing, services and trading entities to help them meet their working capital needs. The SME loans business covers both term loans and line of credit to the sector with a distinct focus on right fit product built around current and projected cash flows of the borrower
- **Education Institution loans:** India offers tremendous growth potential in private education with over 40% of its population falling under education seeking population. We have forayed into the Education Institution financing segment in select geographies. Education Institution Loans would be offered to private education institutions for brown-field expansion and for augmentation of working capital
- **NBFC lending:** India is witnessing an era of evolution where digital transactions and deeper credit penetration has increased multifold, leading towards high growth for formal credible financing. We believe NBFCs with proximity to specific regions have potential opportunity for the underserved and last mile delivery to the credit. We are selectively partnering with such NBFCs, which have domain expertise by providing them with loans

India offers tremendous growth potential in private education with over 40% of its population falling under education seeking population.

Alternative Asset Management

Private Equity Fund

JM Financial India Fund (the Fund) is an India-focussed private equity fund. It provides growth capital to dynamic, fast growing companies in India. The Fund raised capital of ₹ 952 crore through its domestic and offshore schemes and invested the corpus in 13 companies across various sectors.

The Fund has successfully exited from nine of its portfolio companies (including two partial exits) and has returned an aggregate of 98% of the capital contributions as on March 31, 2018. The Fund is currently working to seek exit opportunities for the balance portfolio.

JM Financial India Fund II

JM Financial India Fund II (Fund II) is established as a trust under the Indian Trust Act, 1882 and registered with the Securities and Exchange Board of India (SEBI), under the SEBI (Alternative Investment Funds) Regulations, 2012 as a Category II AIF.

Similar to the Fund, Fund II is an India-focussed private equity fund, which concentrates on investing in dynamic and fast-growing small to mid-market companies in India. The Fund II has completed one investment and is actively evaluating further investment opportunities.

Real Estate Fund

JM Financial Property Fund (the Property Fund) is a real estate focussed private equity fund that has invested in residential, hospitality and mixed use development assets at individual project or at holding level in development companies. The Property Fund through

its domestic and offshore schemes had raised total capital contribution of ₹ 401 crore, which is completely invested. Till date the Property Fund has made an aggregate distribution of ₹ 290 crore, which is 72% of the total capital contribution in rupee terms.

The Property Fund will continue to focus on exploring exit opportunities for its outstanding portfolio investments.

Asset Management

Mutual Fund

JM Financial Mutual Fund (JMF MF) has been operational for over two decades in the Asset Management business in India with ~₹ 16,365 crore of average AUM as on quarter ending March 31, 2018.

We offer a bouquet of 15 mutual fund schemes across the risk-return spectrum that caters to the specifics of both institutional and individual investors.

With schemes in various categories such as Equity-oriented schemes, Equity-linked Savings Scheme, Debt-based schemes (in both short-term debt and long-term debt), Hybrid Schemes and Specialised Schemes such as Arbitrage, we provide a wide range of retail and corporate investment solutions. In fact, JMF MF was one of the first few fund houses in the country to launch and create a niche in the Arbitrage category. Our risk and fund management framework allows us to effectively manage both risk and investments while generating high quartile returns across the product categories.

JM Financial Asset Management Ltd., the asset management company of the Mutual Fund has established its presence across all demographics and has a pan-India presence with 14 branches, 81 investor service centres and over 15,000 distributors.

Mutual fund industry touched an all-time high

The AAUM of the mutual fund industry touched an all-time high of ₹ 23 trillion in the quarter ending March 31, 2018. The robust performance of the industry comes on the back of growing investor awareness and increased inflows in both the equity as well as debt-oriented funds. Indian markets rallied to near recent high led by strong domestic institutional investor flows as economic fundamentals continue to remain strong.

The average assets under management (AAUM) of JM Financial Mutual Fund for FY2017-18 were at ~₹ 14,822 crore with Equity AAUM ~₹ 8,847 crore and Debt AAUM of ~₹ 5,975 crore.

Real Estate Consultancy Services

Tech-enabled Real Estate Consultancy

In April 2017, we launched our new business named 'Dwello' which operates within the primary residential real estate space. Dwello assists home buyers to make right decisions at every step from initiation to completion of their home buying journey and also helps real estate developers to source home buyers for their projects.

The value proposition of Dwello is backed by technology, data analytics and use

of online and social media marketing. Dwello is expanding to different areas within Mumbai. We believe that our existing real estate relationships and our expertise in closing transactions will help us further build this business and expand geographically.

With a vision to create a technologically advanced real estate consulting company, we believe Dwello will be able to add significant value to our customers.

Dwello assists home buyers to make right decisions at every step from initiation to completion of their home buying journey and also helps real estate developers to source home buyers for their projects.

CLIENTS' SPEAK

Mr. Rajeev Piramal

Vice Chairman & Managing Director
Peninsula Land Limited

JM Financial has always offered Peninsula Group unique solutions for funding requirements. We have been associated with them for over five years now and can vouch that they understand real estate and its funding requirements very well, and their team turns around proposals very quickly. In the past five years, we have closed many financial transactions involving complex funding structures and the team has always been supportive. The team is committed, knowledgeable, dedicated and demonstrates very high ethical standards. We wish them success and look forward to our continued association. We also expect that our relationship will now extend to other offerings provided by JM Financial.

Mr. Parag Munot

Managing Director
Kalpataru Group

JM Financial stands out for its professionalism, responsiveness and funding expertise. Its keen understanding of the market and unique client needs enables it to offer a custom financing solution that makes an impactful difference to the business. We are truly happy with our business relations and long-term partnership with JM Financial.

Mr. Sundeep Sikka

Executive Director & CEO
Reliance Nippon Life Asset Management Limited

On behalf of Reliance AMC, I would like to thank the entire team at JM Financial for the impressive work done to successfully close our landmark transaction, the first IPO by Asset Management Company of ₹ 1,542 crore. The strong commitment and dedication displayed by JM Financial team in ensuring an exceptional debut of Reliance AMC on the stock exchanges was truly admirable.

Mr. Shivkumar Reddy

Managing Director & Promoter
Pearl Distilleries Limited

JM Financial was very thorough in understanding the fundamentals of our business and their knowledge base of benchmarking with the best in our business vertical was of immense help in improving our performance parameters. Also, the standards of professionalism exhibited by JM Financial helped us raise our standards considerably, which was a big value addition to our existing business processes.

OUR PEOPLE. OUR PRIDE.

We care about our people and believe they are our most important asset. We recruit individuals and nurture them to build a team. At JM Financial, our people strategy ensures that we focus on creating the right culture through employee engagement, talent management and performance management.

TALENT MANAGEMENT

We believe our team's commitment towards attaining our organisational goals plays a critical role in our overall performance. Thus, talent management remains one of the most important aspects for our business. We believe our people are our partners and stakeholders and helps to keep us competitive in the market.

EMPLOYEE DEVELOPMENT

At JM Financial, it is a key priority to build and develop the talent pool with relevant competencies. Thus, it is essential to encourage an environment of continuous learning. We promote both on-the-job and classroom trainings for employees' skill development and progress, which also serve as motivational points. Our skill development programmes involve both behavioural and technical skills.

During FY 2017-18, we organised several workshops and training programmes, which included behavioural programmes such as Eye for Detail, HR Analytics, Effective Communication and Time Management. Our technical training programmes in FY 2017-18 involved MS Office, Cash Flow Based Financial Analysis, Financial Modelling, Credit Risk Modelling and Key Account Management.

EMPLOYEE ENGAGEMENT

At JM Financial, we endeavour to engage our people through various forums, which encourage employee interactions and communications; thus, improving work relationships. We make all major festivals like Independence Day, Diwali, Women's Day memorable with engagement events that draw active participation from our people. Additionally, we organised staff outings to enhance team building and reinforce inter-team functionalities. We further encourage our people to participate in cultural programmes like the Music Club, Yoga Club and the Photography fest (All India Corporate Photography Contest) and various sporting activities. Besides, we actively promote and sponsor participation of both male and female colleagues in various corporate tournaments like football and cricket.

During FY 2017-18, we participated in employee engagement surveys such as Great Place to Work and People Matters' Awards. We were recognised as one of the best places to work in the 'Great Place to Work 2017' Survey.

We were also selected for the Final Round in People Matters League Awards 2018 in the Category: Best in Building Careers.

EMPOWERING PEOPLE. INSPIRING HOPE.

At JM Financial, our objective is to be an enabler in developing capacities of underserved communities and helping them achieve greater self-reliance. Our social initiatives are implemented by JM Financial Foundation and Kampani Charitable Trust – our two philanthropic arms — that help us catalyse social development projects at the grassroots.

JM Financial Foundation was set up in 2001 with an objective of providing relief and rehabilitation to the then victims of a major natural calamity. It has been supporting several commendable initiatives, under philanthropic giving and employees volunteering.

We are implementing long-term social initiatives in some of the most underdeveloped regions of Maharashtra, Madhya Pradesh, Bihar, Jharkhand and Gujarat. These need-based interventions are designed keeping in mind the communities' willingness, abilities and existing resources. Premised on this perspective, we undertake our social initiatives under the aegis of Integrated Rural Transformation Programme in the aforementioned geographies.

In compliance with the provisions of Section 108 of the Act, Rule 20 of the Companies (Management and Administration) Rules, 2014 and Regulation 44 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended the Company provides to its Members, the facility to exercise their right to vote on resolutions proposed to be considered at the Thirty Third AGM by electronic means and the business may be transacted through e-voting services. The facility of casting the votes by the members using the electronic voting system from a place other than venue of the AGM ("remote e-voting") will be provided by Karvy Computershare Private Limited (Karvy).
 - II. The facility for voting through ballot paper shall also be made available at the AGM and the Members attending the meeting shall be able to exercise their right to vote at the meeting through ballot paper in case they have not cast their vote by remote e-voting.
 - III. Members who have cast their vote by remote e-voting prior to the AGM may also attend the AGM but shall not be entitled to cast their vote again.
 - IV. The remote e-voting period commences on Saturday, July 14, 2018 (9:00 a.m.) and ends on Tuesday, July 17, 2018 (5:00 p.m.). During this period, the Members of the Company, holding shares either in physical form or in dematerialised form, (as on the cut-off date of Wednesday, July 11, 2018) may cast their votes by remote e-voting. The remote e-voting module shall be disabled by Karvy for voting thereafter.
 - V. Once the vote on a resolution is cast by a member through e-voting, the concerned member shall not be allowed to change it subsequently or cast the vote again.
 - VI. A person who is not a member as on the cut-off date should treat this Notice of AGM for information purpose only.
 - VII. The process and manner for remote e-voting is as under:
 - A. Members whose email IDs are registered with the Company/DPs will receive an email from Karvy informing them of their User ID and Password. Once a Member receives the email, he or she will need to go through the following steps to complete the e-voting process:
 - (i) Launch internet browser by typing the URL: <https://evoting.karvy.com>
 - (ii) Enter the login credentials (i.e. User ID and Password) which will be sent separately. However, if you are already registered with Karvy for e-voting, you can use your existing User ID and Password for casting your vote. If required, please visit <https://evoting.karvy.com> or contact toll free number 1800-3454-001 for your existing password.
 - (iii) After entering these details appropriately, click on "LOGIN".
 - (iv) You will now reach password change Menu wherein you are required to mandatorily change your password. The new password shall comprise minimum 8 characters with at least one upper case (A-Z), one lower case (a-z), one numeric (0-9) and a special character (@,#,\$,etc.). The system will prompt you to change your password and update your contact details like mobile number, email address, etc. on first login. You may also enter a secret question and answer of your choice to retrieve your password in case you have forgotten

your password. It is strongly recommended that you do not share your password with any other person and that you take utmost care to keep your password confidential.

- (v) You need to login again with the new credentials.
- (vi) On successful login, the system will prompt you to select the E-Voting Event Number for JM Financial Limited.
- (vii) On the voting page, enter the number of shares (which represents the number of votes) as on the cut-off date under "FOR/AGAINST" or alternatively, you may partially enter any number in "FOR" and partially in "AGAINST" but the total number in "FOR/AGAINST" taken together should not exceed your total shareholding as on the cut-off date. If you do not want to cast your vote, select "ABSTAIN".
- (viii) Members holding shares under multiple folios/demat accounts shall choose the voting process separately for each of the folios/demat accounts.
- (ix) Voting has to be done for each item of the Notice separately. In case you do not desire to cast your vote on any specific item it will be treated as abstained.
- (x) You may then cast your vote by selecting an appropriate option and click on "SUBMIT".
- (xi) A confirmation box will be displayed. Click "OK" to confirm else "CANCEL" to modify. Once you confirm your vote on the Resolution(s), you will not be allowed to modify your vote. During the voting period, members can login any number of times till they have voted on the Resolution(s).
- (xii) Corporate/Institutional Members (i.e. other than Individuals, HUF, NRIs, etc.) are also required to send scanned certified true copy (PDF Format) of the Board Resolution/Power of Attorney/Authority Letter, etc., together with attested specimen signature(s) of the duly authorised representative(s), to the Scrutiniser at e-mail ID: jayshreedagli@gmail.com or shareholdergrievance@jmfl.com. They may also upload the same in the e-voting module in their login. The scanned image of the above mentioned

documents should be in the format "Corporate Name_EVENT NO."

- B. In case a member receives physical copy of the Notice of AGM (for those members whose email IDs are not registered or who have requested the physical copy):
 - (i) Initial password is provided in below format at the bottom of the Attendance Slip for the AGM :

XIII. A person whose name is recorded in the register of members or in the register of beneficial owners maintained by the depositories as on the cut-off date, viz., Wednesday, July 11, 2018, only, shall be entitled to avail the facility of remote e-voting or voting at the AGM through ballot paper.

XIV. Ms. Jayshree S Joshi, Company Secretary (Membership No. FCS 1451), Proprietress of Jayshree Dagli & Associates, Company Secretaries, Mumbai, is appointed as the Scrutiniser by the Board of Directors of the Company to scrutinise the e-voting process in a fair and transparent manner.

XV. Voting shall be allowed at the end of discussion on the resolutions on which voting is to be held with the assistance of Scrutiniser, by use of ballot paper for all those members who are present at the AGM but have not cast their votes by availing the remote e-voting facility.

XVI. The Scrutiniser shall, after the conclusion of voting at the AGM, count the votes cast at the meeting and thereafter unblock the votes cast through remote e-voting in the presence of at least two witnesses not in the employment of the Company and shall make a consolidated Scrutiniser's report of the total votes cast in favour or against, if any, to the Chairman or to a person authorised by the Chairman in writing, who shall countersign the same and declare the result of the voting forthwith.

XVII. The voting result declared along with the report of the Scrutiniser shall be placed on the website of the Company, viz., www.jmfl.com and on the website of Karvy immediately after the declaration of result by the Chairman or by a person, duly authorised for the purpose. The results shall also be immediately forwarded to the BSE Limited and National Stock

Exchange of India Limited where the equity shares of the Company are listed.

XVIII. Subject to receipt of requisite number of votes, the Resolutions as stated in this Notice shall be deemed to have been passed on the date of the AGM i.e., Wednesday, July 18, 2018.

12. The Company has paid the annual listing fees for the financial year 2018-19 to BSE Limited and National Stock Exchange of India Limited.

13. Members are entitled to make nomination in respect of the shares held by them in physical form. Members desirous of making nominations may send their request in Form No. SH-13 in duplicate to the Registrar and Share Transfer Agents (RTA) of the Company. Members may obtain a blank Form No. SH-13 upon request to the Company or its RTA.

14. Securities and Exchange Board of India has mandated the submission of Permanent Account Number (PAN), bank account details and documents pertaining to address proof by every participant in the securities market. Members holding shares in physical form are requested to submit their PAN, bank account details and documents pertaining to address proof to the Company or to its RTA, if not submitted earlier.

15. The Company has made necessary arrangements for the Members to hold their shares in dematerialised form. Those members who are holding shares in physical form are requested to dematerialise their shares by approaching any of the registered DPs. In case any member wishes to dematerialise his/her/its shares and needs any assistance, he/she/it may write to the Company Secretary at the Registered Office of the Company.

16. Payment of dividend through Electronic Clearing Services (ECS)/ National Automated Clearing House (NACH):

All companies are mandatorily required to use ECS/NACH facility wherever available for payment of dividend, wherein the dividend amount would be directly credited to the Members' respective bank accounts.

Members holding shares in electronic form are informed that bank particulars registered in their respective demat accounts will be used by the Company for payment of

dividend. The Company or its RTA cannot act on any request received directly from the members holding shares in electronic form for any change of bank particulars or bank mandates. Such changes are to be advised only to their respective DPs. All Members holding shares in electronic form are, therefore, requested to update their correct bank details with their DPs to ensure receipt of dividend through ECS/NACH mode. Members holding shares in physical form and desirous of either registering their bank particulars or changing bank particulars already registered in their respective folios for payment of dividend, are requested to write to the Company or to its RTA.

17. Members are requested to immediately notify any change in their address to:

- their DPs in case they hold shares in electronic form; and
- RTA or the Company (along with their bank account details) in case they hold shares in physical form so as to enable the Company to despatch the dividend pay orders or the communication relating to the ECS/NACH at the changed address.

Request To Members

Members are requested to send their queries, if any, relating to the financial statements, shareholding, etc., to the Company Secretary/Chief Financial Officer at the Registered Office of the Company, on or before Wednesday, July 11, 2018, so that the answers/details can be kept ready at the Annual General Meeting.

Annexure to Notice

Statement to be annexed to Notice pursuant to Section 102 of the Companies Act, 2013

Item Nos. 5 & 6

Pursuant to the Regulation 23(4) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (hereinafter referred to as "the Listing Regulations"), all related party transactions shall require prior approval of the Audit Committee and all material transactions with related parties shall also require approval of the members of a public listed company through a resolution and the concerned related parties shall abstain from voting on such resolution. Additionally, as per the provisions of Section 188 of the Companies Act, 2013 (hereinafter referred to as "the Act") read with Rule 15 of the Companies (Meetings of Board and its Powers) Rules, 2014 (including any statutory modification(s) or re-enactment(s) thereof for the time being in force), all related party transactions beyond the thresholds mentioned in sub-rule (3)(a) of the said Rule 15, shall require prior approval of the members at a general meeting.

"Material Related Party Transaction" under the Listing Regulations means any transaction(s) entered into individually

In view of the above, it is proposed to obtain Members' approval for the following transactions which may be entered into by the Company with its related parties from time to time:

Sr. No.	Name of the Related Party	Nature of Relationship	Nature of Transaction	Amount (₹ in Crore)*
1.	JM Financial Credit Solutions Limited	Subsidiary Company	Loans/Inter-corporate Deposits/Investment, purchase and/or sale of securities, transfer of assets, providing/ availing of services, etc.	Up to ₹ 500 Crore

* The ceiling on the amounts of transactions specified as above would mean the transactions, if any, entered into and remaining outstanding at any point of time during a financial year.

The Members at the Thirty Second Annual General Meeting had accorded their approval, inter alia, to give loans/inter corporate deposits/investment, purchase and/or sale of securities to JM Financial Credit Solutions Limited (JM Financial Credit Solutions) and JM Financial Asset Reconstruction Company Limited (JM Financial ARC) for an amount of up to ₹ 500 Crore each. Pursuant to the said approval, the Company has done transactions with JM Financial Credit Solutions for an amount aggregating ₹ 8.77 Crore and with JM Financial ARC for an amount aggregating ₹ 304.82 Crore during the financial year 2017-18. Apart from the above, no other transactions have been entered into by the Company with these companies.

or taken together with previous transactions during a financial year exceeding 10% of the annual consolidated turnover of a listed company as per its last audited financial statements. The annual consolidated turnover of the Company for the financial year 2017-18 is ₹ 3,234.89 Crore. Accordingly, any transaction(s) by the Company with its related party exceeding ₹ 323.49 Crore (10% of the Company's annual consolidated turnover) shall be considered as material transaction and hence, prior approval of the Members will be required for the same.

The Company has made investments in its group companies and it may also make further investments and/or lends funds in/to its group entities from time to time including JM Financial Credit Solutions Limited and JM Financial Asset Reconstruction Company Limited as and when they require funds for their business activities/working capital needs.

The Company has a net worth of ₹ 2,378.03 Crore and it enjoys credit rating CRISIL A1+ from Crisil Limited, ICRA A1+ and ICRA AA (stable) from ICRA Limited and CARE A1+ from CARE Limited for its borrowings.

JM Financial Credit Solutions is a Non-Banking Finance Company registered with Reserve Bank of India and engaged in lending activities focused on Real Estate Financing which includes loan against commercial real estate/properties. As on March 31, 2018, the Company holds 50.01% equity stake of the total share capital in JM Financial Credit Solutions. Out of the remaining 49.99% stake, 48.62% is held by INH Mauritius 1, a company whose sole voting shareholder is controlled by Mr. Vikram Shankar Pandit and 1.37% is held by Ms. Aparna Murthy Aiyar.

JM Financial ARC is a Securitisation Company registered with Reserve Bank of India and engaged in acquisition of

non-performing and distressed assets (NPAs) from Banks and Financial Institutions. As on March 31, 2018, the Company holds 57.07% equity stake of the total share capital in JM Financial ARC, and the remaining 42.93% stake is held by other investors.

The above transactions, which are enabling in nature, have been approved by the Audit Committee of the Board of the Company at their meeting held on May 2, 2018, in terms of the requirements of Regulation 23(3) of the Listing Regulations.

The Board commends passing of the Ordinary Resolutions set out at item nos. 5 and 6 of the Notice.

Mr. Darius E Udawadia, also a Director of JM Financial Credit Solutions, may be deemed to be interested in the ordinary resolution at item no. 5 of the Notice.

None of the other Directors/Key Managerial Personnel of the Company and their relatives is, in any way concerned or interested, financially or otherwise, in the Ordinary Resolutions set out at item nos. 5 and 6 of the Notice.

Item No. 7

Pursuant to Sections 23, 42, 71 and other applicable provisions of the Act, if any, read with Rule 14 of the Companies (Prospectus and Allotment of Securities) Rules, 2014 and the Companies (Share Capital and Debentures) Rules, 2014, a company shall not make a private placement or public issue of its securities unless the proposed offer of securities or invitation to subscribe to the securities has been previously approved by the members of a company by a special resolution. In case of any offer or invitation to subscribe to Non-Convertible Debentures (NCDs), it shall be sufficient if such company passes the special resolution only once in a year for all such offers or invitations during one year period from the date of passing such special resolution by the members of a company.

The Company had obtained the approval of Members by way of Special Resolution passed at the Thirty Second Annual General Meeting held on Monday, July 24, 2017 for raising of funds of up to ₹ 5,000 Crore (Rupees Five Thousand Crore Only) by way of issue of NCDs, in one or more tranches. Pursuant to the said approval, the Company so far has not raised any amount by way of issue of NCDs. In order to facilitate the raising of funds, if any, by way of issue of NCDs, it would be necessary to have the approval of members without any break.

The resolution proposed at item no. 7 of the Notice is to seek enabling approval from the members. If the NCDs are issued in pursuance of this resolution, the proceeds thereof would be utilised by the Company, inter-alia, for grant of loans to its subsidiaries and/or group companies or for the acquisition of securities of its subsidiaries and/or group companies and for the general corporate purposes of the Company. Accordingly, consent of the Members is sought for issuing the NCDs aggregating up to ₹ 5,000 Crore (Rupees Five Thousand Crore Only) by passing the Special Resolution set out at item no. 7 of the Notice. This resolution will enable the Board of the Company to raise monies through the issue of NCDs, as and when required during the period of one year commencing from date of passing of the resolution as proposed above.

The Board commends passing of the Special Resolution set out at item no. 7 of the Notice.

None of the Directors/Key Managerial Personnel of the Company or their relatives is, in any way, concerned or interested, financially or otherwise, (except to the extent of the NCDs that may be offered to, and taken up by them), in the resolution as set out at item no. 7 of the Notice.

Item No. 8

As the Members may be aware, Mr. Ashith Kampani, brother of Mr. Nimesh Kampani, is currently classified as part of the Promoters' Group. Mr. Ashith Kampani, was holding 88 equity shares of the Company which he disposed off before the end of December 2017. At present, Mr. Ashith Kampani does not hold any equity shares in the Company and is not involved in any of the businesses of the Company. Accordingly, he has requested the Board of Directors of the Company to reclassify himself from part of the Promoters' Group to Non-Promoters' Group/Public category.

Pursuant to Regulation 31A of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (hereinafter referred to as "the Listing Regulations") any person who is part of the Promoters' Group and is desirous of being reclassified as part of the Public category, may by a request to a company get himself/herself/itself reclassified subject to compliance with certain conditions stipulated therein and obtaining approval of the Board of Directors and members of a company and concerned stock exchanges.

Annexure to Notice (Contd.)

For information of the Members, Mr. Ashith Kampani does not directly or indirectly, exercise any control, over the affairs of the Company. He does not have any special rights through formal or informal arrangements with the Company or promoters or any person(s) forming part of the Promoters' Group. He has not been a Director or Key Managerial Personnel of the Company since July 2012. Members may note that the proposed reclassification is not pursuant to Regulation 31A(5) or (6) of the Listing Regulations. However, as a matter of abundant caution, it is proposed to seek the approval of the Members for the proposed reclassification.

Based on the above and taking into consideration the request of Mr. Ashith Kampani, the Board has approved the said reclassification.

In terms of Regulation 31A of the Listing Regulations, re-classification of promoters requires the approval of members of the Company.

The Board commends passing of the Special Resolution set out at item no. 8 of the Notice.

Mr. Nimesh Kampani, (being a relative of Mr. Ashith Kampani) and his relatives, may be deemed to be concerned or interested in the said resolution.

None of the other Directors/Key Managerial Personnel of the Company, or their relatives is, in any way, concerned or interested, financially or otherwise, in the Special Resolution set out at item no. 8 of the Notice.

Directors' Report (Contd.)

ANNEXURE I

Dividend Distribution Policy

1. Introduction:

Regulation 43A of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 requires every listed entity to formulate a dividend distribution policy.

Accordingly, the Dividend Distribution Policy has been formulated by the Board of Directors of JM Financial Limited ('the Company').

2. Policy – Objective and Considerations:

It is the Policy of the Board of Directors of the Company (hereinafter referred to as "the Board"), to reward the shareholders regularly by sharing profits earned by the Company by way of dividend. The Board may also consider declaration of bonus shares at appropriate time by capitalising accumulated profits and permissible reserves of the Company.

The Company is an operating cum holding company. It is a SEBI registered Category I Merchant Banker undertaking the business of capital markets, fund raising, mergers & acquisitions, advisory business, etc. The Company is also in investment management business for Private Equity funds. Additionally, it also has investments in its subsidiaries. The subsidiaries of the Company are engaged in various businesses, namely, Non-Banking Financial Services, Asset Reconstruction, Equity Research, Equity Broking to Institutional and Non Institutional Investors, Wealth Management Advisory, Depository Participantship, Asset Management, etc.

Thus, the overall performance of the Company is dependent on its own financial performance as well as the performance of its subsidiary companies and the decision of the Board of Directors of such subsidiaries to recommend/declare dividend out of the concerned company's profits.

In the above background, the Board would consider recommendation/declaration of dividend based on the consolidated profits of the Company. Since the applicable regulations require the accounts to be prepared on the basis of consolidation of the performance of all operating businesses, it is easy to appreciate the earnings in totality and accordingly decide the quantum of dividend for shareholders.

The Board will also consider retention of capital to maintain a healthy financial position to support liquidity, capital adequacy and/or future growth of the Company as well as its various subsidiary companies.

3. Utilisation of Retained Earnings:

Being in the financial services industry, the Company follows the practice of sharing a part of its earnings with employees in the form of performance linked compensation. Accordingly, the earnings that are available for distribution to shareholders and other corporate needs are determined after the payment of performance linked compensation and corporate taxes.

The Board would consider dividend distribution on the basis of applicable provisions of the Companies Act, 2013 and their assessment of the need to retain resources for growth of various businesses, capital adequacy and liquidity maintenance. The Board will endeavor to maintain a Dividend pay-out in the range of at least 25% to 30% of consolidated profits after tax (PAT). The Company and its subsidiaries will pay applicable Dividend Distribution Tax on the dividends declared and paid.

The Board may amend the pay-out range, whenever considered appropriate by it, keeping in mind the aforesaid factors. The Board may also consider paying a Special Dividend under certain circumstances such as extraordinary profits, if any, achieving a milestone in the journey of the Company, etc.

If for any year, there is inadequacy of profits, liquidity constraint in the economy and similar situations and there is a need to preserve resources based on these considerations and in this scenario if the Board is of the opinion that the Company should preserve its resources, it may recommend/declare a lower or no dividend. The Board may also decide to recommend/declare a lower or no dividend in case it has made a decision whereby the Shareholders have been rewarded by a corporate action such as issue of bonus shares, buy-back of shares, etc.

4. Frequency of Dividend Distribution:

In normal course, the Board would consider one interim dividend in addition to final dividend for a financial year. The considerations applied for both types of dividend will be same as enumerated above. The interim dividend

will be usually paid based on the financial performance of 6 to 9 months and final dividend based on the financial performance of the full year.

5. Types of Capital:

The Company has only equity share capital as on date. If in future, the Company issues preference share capital and if dividend is declared by the Board, the preference share capital will have priority to receive dividend in accordance with the terms of its issue before any dividend is paid in respect of equity share capital in accordance with the applicable provisions of the Companies Act, 2013 and the Articles of Association of the Company.

6. Disclosure of this Policy:

The Company shall disclose this policy on its website and in its Annual Report.

7. Amendment to this Policy:

The Board may amend this Policy as and when deemed fit. Any and all provisions of this Policy shall be amended as needed due to business and economic conditions or regulatory changes or arising out of any merger/ amalgamation, from time to time.

ANNEXURE III (A)

Policy on Selection and Appointment of Directors

Objective:

Pursuant to the provisions of Section 178 of the Companies Act, 2013 (hereinafter referred to as "the Act"), the Nomination and Remuneration Committee of a company is required to formulate the criteria for determining the qualifications, positive attributes and independence of a director proposed to be appointed as a director on the board of the company.

This Policy document records the criteria for selection and appointment of directors on the Board of the Company.

Scope:

This Policy is applicable to selection and appointment of directors on the Board of the Company.

Criteria for selection of Directors:

The Nomination and Remuneration Committee (hereinafter referred to as "the Committee") of the Board of the Company to keep the following criteria in mind while assessing the suitability of an individual as a director on the Board of the Company:

- Demonstration of independence, integrity, high personal and professional ethics;
- Ability and willingness to commit sufficient time to the responsibilities as a Board member;
- Understanding of the Company's/Group's business and related industry;
- General understanding of marketing, finance and other disciplines relevant to the business of the Company/Group;
- Educational and professional background – professional qualification and/or experience of having run a business at senior management and decision making level;
- Age giving sufficient experience as well as length of service available;
- Ability to assess the conflict of interest, if any;
- Personal accomplishments and ability to influence decisions.

The above are the broad parameters for assessing the candidate's suitability. The Committee has the discretion to apply additional or different criteria as it may deem fit.

The Committee may also consider the contributions that a board candidate can be expected to make to the collective functioning of the Board based upon the totality of the candidate's credentials, experience and expertise, the composition of the Board at the time and other relevant circumstances.

The Committee will also keep in mind regulatory requirements in this regard. For example, a person cannot serve on more than seven public listed company boards in addition to the Company. Also a person who serves as the Managing Director/Chief Executive Officer (or equivalent position) of any company cannot serve on the Board of more than three additional public listed companies.

The Company may appoint or re-appoint any person as the Managing Director and/or Whole-time Director for a term not exceeding five years at a time. Further, they shall not be re-appointed earlier than one year before the expiry of their term.

An Independent Director can hold office for a term up to five consecutive years on the Board of the Company and he is eligible for re-appointment on passing of a special resolution by the Company and disclosure of such appointment in the Board's report.

No Independent Director can hold office for more than two consecutive terms of five years each, but such Independent Director is eligible for appointment after expiry of three years of ceasing to become an Independent Director. Provided that an Independent Director shall not, during the said period of three years, be appointed in or be associated with the Company in any other capacity, either directly or indirectly.

The Committee shall assist the Board in ensuring Board nomination process with the diversity of gender, thought, experience, knowledge and perspective in the Board.

Persons to be considered for appointment as directors are selected by the Nomination and Remuneration Committee in accordance with the policies and principles above and under the Act and the Listing Agreement. The invitation to join the Board may be extended by the Chairman of the Board.

Directors' Report (Contd.)

ANNEXURE III (B)

Policy on Performance Evaluation and Remuneration of the Directors

Scope:

- All members of the Board of Directors.

Objective

- To assist in the process of assessing the participation and contribution in the Board level deliberations by the directors of JM Financial Limited.
- To monitor and evaluate the attainment of the Board objectives.
- To provide the Directors an opportunity to reflect on and assess their areas of strength and development.

Evaluation Process for Independent Directors:

JM Financial Group follows annual evaluation for its Key Managerial Persons and other eligible employees including the senior management team. A process modelled on this method has been designed for evaluation of Directors. Under this process, the Company Management team will:

- help define criteria for evaluations;
- formulate the process for evaluating and rating Directors;
- design the evaluation templates/questionnaire and implementation process;
- coordinate and collate feedback received from each Director;
- analyse feedback received from each Director and prepare summary thereof;
- share the evaluation summary with the Chairman of the Nomination and Remuneration Committee;
- share the feedback with the Chairman of the Board.

The above process will be implemented and controlled from the Chairman's office and the summary will be prepared without attributing any comment to the person who made it. Such summary of observations will be shared with the directors in confidence.

Key Evaluation Criteria

- Providing effective leadership and strategic guidance to the management;
- Understanding the Business, including the Risks and regulatory landscape;
- Attendance at, and active engagement in the discussion of business performance, competitive landscape and strategies;
- Development and monitoring of leadership teams, Compliance focus and insistence on ethical business practices;
- Nudging for long term focus areas such as Succession Planning, Business Continuity Planning, etc;
- Management of conflicts in Board discussion;
- Management of Conflict of Interest.

Criteria for determination of Remuneration of Directors

The Non-executive Director(s) and Independent Director(s) will receive remuneration by way of sitting fees for attending meetings of the Board and/or Committee thereof, as decided by the Board, from time to time, subject to the limits specified under the Companies Act, 2013 (hereinafter referred to as "the Act") including any amendments thereto. In addition to the sitting fees, the Non-executive Director(s) and Independent Director(s) may also be paid commission as may be determined by the Board subject to the limits specified under the Act.

The remuneration of Non-executive Director(s) and Independent Director(s) will be governed by the role assumed, number of meetings of the Board and the committees thereof attended by the directors, the position held by them as the Chairman and member of the committees of the Board and overall contribution to the business. Besides these, the determination of remuneration of independent directors will also depend on the external competitive environment, track record, individual performance of the directors and performance of the Company as well as the industry standards.

The compensation structure for Executive Director(s) consists of two parts – Fixed and Variable:

● Fixed compensation

The objective of fixed compensation is to ensure internal and external parity. The fixed component is reviewed annually and a market aligned fixed compensation structure is proposed.

● Variable compensation

Apart from the fixed component, Executive Director is eligible for a performance linked variable compensation component i.e. 'Discretionary Bonus'. The payout of this component depends on Executive Director's individual performance and performance of the Company and/or the Group.

The compensation strategy of the Company is meritocracy based and the remuneration policy is designed to encourage high performance culture while aligning itself to the highly competitive business environment.

The compensation structure of the Executive Director(s) is also reviewed by the Nomination and Remuneration Committee and approved by the Shareholders of the Company.

The Fixed and Variable compensation of Executive Director(s) is determined on the basis of:

- Market benchmarking
- Individual performance
- Performance of the Company

Notes:

- The percentage change in the shareholding of the Promoter/Promoters' Group is partly due to an increase in the paid up share capital of the Company consequent upon allotment of 40,122,706 equity shares under qualified institutions placement and allotment of an aggregate of 3,232,438 equity shares pursuant to exercise of stock options by the eligible employees during the year and partly due to acquisition of equity shares by SNK Investments Private Limited (100,000 equity shares) and Mr. Vishal Kampani (236,353 equity shares) from the open market.
- JM Financial Trustee Company Private Limited, part of the promoter group, acquired 1,130,000 equity shares from the open market during the year.
- Mr. Ashith Kampani, through market sale, disposed off his entire shareholding in the Company in December 2017.

Management Discussion and Analysis

Current strong growth momentum not enough to assure sustainable growth in the medium-term

Prompted by the recovery in investment in advanced economies, sustained growth in emerging Asia, a rebounding emerging Europe and revival of several commodity exporters, global growth is expected to record 3.8% YoY in 2017 vs. 3.2% in 2016. This momentum is expected to sustain until 2019 (with a growth forecast of 3.9% YoY) aided by i) expansionary fiscal policies in the US and its international spillovers, ii) accommodative financial conditions and iii) favourable market sentiment. Recent fears of global trade wars and its implications on global growth have been downplayed after the International Monetary Fund (IMF) not only retained the 2018 global growth forecast but also raised world trade volume growth estimate to 5.1% YoY, 50bps higher than its Jan'18 update. Amid these favourable projections, the IMF highlighted the need for policies and reforms to strengthen global growth in the medium-term in light of downside risks such as a) reversal of the pro-cyclical policies (especially of the US), b) recent threat to international trade and c) geopolitical tensions.

Indian Economy

Due to events such as Demonetization and GST, the Indian economy was overtaken by China (6.9% YoY) as the fastest growing economy among the Emerging and Developing Asian economies in FY18. According to the Central Statistical Office's (CSO) second advanced estimates, India's growth rate is expected at 6.6% in FY18, slower than 7.1% in FY17, due to moderation of growth in private consumption (6% YoY vs. 7.3% in FY17; 56% share) and government spending (11% vs. 12% in FY17). Capital formation (33% share in GDP) is expected to record the highest growth (10% YoY) since the construction of the new GDP series (2011-12 onwards). For FY19, however, sustained capital formation would depend on revival of investments, which in turn would depend on the pace of resolution of stressed assets and stabilising of GST. As per the IMF, India would regain its spot as the fastest growing economy in the world in FY19, with growth at 7.4% YoY.

It should be noted that while government spending is a significant factor governing growth (11% share in GDP), abiding to the norms laid by the Fiscal Responsibility & Budget Management Act (FRBM) is important to support medium-term growth. As per the revised estimates laid in the Union Budget 2018-19, the Centre will breach its gross fiscal deficit (GFD) target of 3.2% by 30 basis points, due to higher than budgeted expenditure without an adequate increase in revenues. According to our

study of state budgets 2018-19 (17 states; 90% of India's GDP), states too, would breach their budgeted GFD target of 2.7% by 26bps. This would bring the general government fiscal slippage to 56bps, with a GFD-to-GDP ratio of 6.5% in FY18. Going forward, the consolidated GFD-to-GDP target is estimated at 5.9% in FY19 (3.2% for the Centre; 2.6% for the states).

Inflation

The Reserve Bank of India (RBI) has put forth its objective of inflation targeting as a priority, while supporting growth. The Monetary Policy Committee (MPC), of the RBI remained neutral in its policy stance throughout FY18, with the medium-term target for CPI inflation at 4% (+/- 2%). Headline CPI inflation began declining from Mar'17-from 3.89% to an all-time low of 1.46% in Jun'17. Despite the sizeable fall in inflation rate, the RBI continued to maintain a hold on policy rates due to upside risks lingering around inflation. It was only in Aug'17, that the RBI cut rates by 25bps. RBI's policy decision has resulted in an annual inflation rate of 3.6% for FY18 (vs. 4.5% in FY17). Going forward, the RBI has projected inflation for a) 1HFY19 at 4.7-5.1%, and b) around 4.4% in the second half, with upside risks emerging due to uncertainties from around a) a revised MSP formula, b) the staggered impact of HRA revisions by state governments, c) fiscal slippages by Centre and states, d) the monsoon (which now been estimated to be 97% normal), e) expectations of higher input and output prices by manufacturing firms and f) volatility in crude prices.

Monetary conditions

Credit growth touched double-digits after picking up in 2HFY18. As on Feb'18, credit growth stood at 9.8% YoY, driven by personal loans (20% YoY), agriculture & allied activities (9% YoY) and services (14% YoY). Industry credit uptake however remained subdued at 1%YoY, being dragged by non-ferrous metals (-12% YoY) and infrastructure (-2%). As on March 31, 2018, CRR stood at 4%, SLR at 19.5%, repo rate at 6.0%, reverse repo at 5.75% and MSF/bank rate at 6.25%. The Indian rupee remained fairly resilient versus other emerging market peers, on account of strong capital inflows and reserve build-up by the RBI. The exchange rate during FY18 averaged INR 64.5 per USD, ranging from INR 63.4/USD on January 5, 2018 to INR 65.7/USD on September 27, 2017. As on March 30, 2018, foreign exchange reserves stood at a record high of USD 424 bn vs. USD 370 bn in FY17.

Discussion on Businesses and Operational Performance

The Mumbai Bench of the Hon'ble National Company Law Tribunal, vide its Order dated December 14, 2017, sanctioned the Scheme of Amalgamation between JM Financial Institutional Securities Limited and JM Financial Investment Managers Limited and JM Financial Limited. The aforesaid scheme has been filed with the Registrar of Companies, Mumbai, Maharashtra and the same has become effective from January 18, 2018. Consequent to the Scheme becoming effective, our Company has ceased to be a Core Investment Company. While continuing to hold same equity ownership and control as prior to the amalgamation over its operating subsidiary companies, the Company is engaged in operating businesses as a SEBI registered Category I Merchant Banker and as the Investment Manager for our private equity funds.

The corporate structure of JM Financial Group ("the Group") is presented below:

The Company is the only entity in the Group whose equity shares are listed on the stock exchanges. In view of the above structure, the way to understand the business performance of the Company is to analyse the standalone businesses and the businesses of its Group Entities. The core business area of the Group remains financial services. Various businesses in the Group are divided in four reportable segments. These are:

- **Investment banking and securities business:** Our

investment banking, wealth management and securities business revolves around ideation, innovation and relationship management. This business includes advisory and execution services of diverse nature to corporates, institutions, governments and government owned corporations, banks, providing wealth advisory services, margin financing, broking services and distribution of financial products in an open architecture environment to retail investors/High Networth Individuals (HNIs) through

Management Discussion and Analysis (Contd.)

a large network of franchisees and Independent Financial Distributors (IFDs). Our investment banking and securities business is largely dependent on the health of capital markets in India.

- **Fund based activities:** We provide fund based activities through our Non-Banking Financial Companies (NBFCs) which inter alia, are as follows;
 - Commercial real estate lending to real estate developers
 - Structured financing solutions group catering to the funding requirements of our corporate clients
 - Capital market related lending to our broking and wealth management clients
 - Asset reconstruction business catering to the acquisition and resolution of distressed assets
- **Alternative asset management** comprising private equity and real estate fund management and
- **Asset management** comprising mutual fund management business.

Our business segments are discussed in detail below:

Investment Banking and Securities Business

Investment Banking Business

Investment banking business is amongst the oldest businesses within the JM Financial group. We are a full service investment banking franchise present across products viz. equity capital markets, debt capital markets, mergers and acquisitions and private equity syndication with a strong track record of over four decades. We have deep relationships into large and emerging corporates in India and have acted as their trusted advisors for decades. These relationships have strengthened over time and have enabled us to be the advisor of choice for managing marquee clients. Our expertise and relationships have helped us handle some of the most complex and largest transactions in India. We have also led innovative structuring and executed complex, challenging transactions and restructuring of corporate groups and businesses. We have leveraged our relationships and expertise built through our investment banking platform in our fund based businesses.

A positive economic and a conducive business and regulatory environment is expected to provide growth opportunities for our

investment banking business as corporates look for avenues of fund raising as well as consider inorganic growth and restructurings to implement their strategy. We will continue to focus on ideation with deeper, wider and sharper coverage and to synergistically use our balance sheet resources to expand our revenue base and gain profitable market share. Cross selling of products within the various businesses will be at the forefront of all our strategies. We will continue to strive for client centric solutions and use our strong relationships to provide them with increased product offerings to meet their requirements.

 - Fairness opinion to Adani Power Limited on slump sale of the Mundra power generating business.

Securities Business

Our securities business includes our Institutional Equities Business which serves our institutional clients and our Equity Brokerage Group which serves individual and corporate clients. Our Institutional Equities business offers broking services in both cash and derivatives segments to Indian and global institutional clientele. We strive to provide high quality differentiated research with a focus on new stock ideas, intensive client servicing and efficient trade execution, complemented by hassle free post trade settlement.

The global institutional equities industry is going through a catharsis of sorts led by technology, shift in assets under management from active fund management houses to passive fund management houses and global regulatory changes such as MIFD II, affecting service level agreements and pricing.

Such structural changes continue to impact yields on secondary markets businesses globally, across market participants. Despite these head-winds, our securities business clocked a robust growth for the financial year FY 18 over FY 17. We expect challenges on the yield front to continue into the foreseeable future across industry participants; and hence a wider distribution reach, continuous augmentation of execution technology, wider and deeper research coverage strategies are being continuously implemented to ensure we maintain the momentum in our secondary institutional equities business.

While the global backdrop of securities yields remains challenged; the strong growth in domestic asset under management at home grown asset management companies bodes well for our firm. As a well-recognized full service investment bank, the firm's institutional business continues to generate differentiated research spanning stock ideas, thematic and sector reports, macro and investment strategy notes amongst others; thereby maintaining a strong two-way relationship with its existing and ever growing institutional client base. The firm continues to be positioned by many of its institutional clientele in their top tier rankings. Research analysts of the equities business continue to garner improved vote share and a full service sales –trading – research and corporate access service ensures end-to-end delivery, well appreciated by the firm's clientele.

To further augment its position in its institutional equities business, the firm expects to significantly grow its derivatives product and coverage in FY 19 to take advantage of the tailwinds emanating out of the government's initiatives towards dismantling most Double Taxation Avoidance Agreements (DTAAs) with most jurisdictions; and further driving the 'on-shoring' of the Indian equities derivatives market by restricting listing of Indian derivatives onto offshore exchanges.

The Equity Brokerage Group offers research based equity advisory and trading services to high net-worth individuals, corporate and retail clients. The Equity Brokerage Group has its presence in 113 top cities in India through network of branches and franchisees. The combination of branches and franchisee has helped us in achieving a de-risked business model and a

wide spread presence. This group services over 46,000 active clients with team of 198 advisors spread across the country. The emergence of discount broking players in last few years have forced even traditional full service brokers to build online platform for cost sensitive retail/high trading customers. During the year we have continued to invest in people, research capabilities and online technology platform which will help us to grow this business cost effectively. The new Mobile Trading App launched at the end of the last year has been well received and we are seeing a steady increase in trading volumes through the mobile app. During the FY 2017-18, 33% of our clientele volume was contributed through online trading. We will continue to focus on strengthening our branch network in Tier 1 cities and Franchisee Network in Tier 2 & 3 cities. Our focus will be to gain more market share in high yielding cash segment delivery based business by offering suitable products, pricing, research ideas and execution capabilities to our broking customers. We also provide securities backed lending in the form of margin financing through JM Financial Capital Limited.

Investment Advisory and Distribution

Our Investment Advisory and Distribution caters to corporates, ultrahigh net-worth and high net worth investors, banks and institutions through our wealth management and independent financial distribution division (IFD). We offer a wide range of products and services to our clients ranging from fixed income products, portfolio management services and distribution of financial products including public issues, mutual funds, alternative assets, corporate bonds and fixed deposits products. We operate in an open architecture model for distribution and are among the largest distributors of third party products in India.

The Wealth Management Group caters to ultra-high net-worth and high net-worth investors, corporates, banks and institutions. We follow the asset allocation model and provide a complete range of financial and custody solutions to clients including family office, advisory and execution services. During the year, our Asset under advice, distribution and management grew by 34% from ~₹23,664 Crore as on March 31, 2017 to ~₹31,808 Crore as on March 31, 2018. During the year we have observed further improvement in the quality of our asset mix by garnering better yielding Equity & Debt assets which now stands at ~81% of our AUM as compared to ~70% in previous year. Wealth business is currently being offered in 7 major cities in India and other cities are covered through Hub & Spoke model with team of 56 advisors.

With a network of over 8,400 active Independent Financial Distributors (IFDs) our Independent Financial Distribution Group (IFDG) distributes various financial products such as mutual funds, fixed deposits, IPOs, bonds to retail and high net worth customers across the country. We are amongst the top players in terms of distribution of Mutual Funds, IPOs and Fixed Deposits through IFDs. During the FY 2017-18, we have mobilised more than ₹3,500 Crore in various company fixed deposits and bonds and we are amongst top mobilizer of 54EC Bonds for NHA1 & REC. We have also mobilised more than ₹ 3,800 Crore in public issues of equity under retail category and mobilised more than ₹2,000 Crore in various mutual fund schemes. During the year we have continued to invest in technology platform to service IFDs in a more efficient manner. The new online platform for investments in Mutual Funds and IPOs launched last year has been well received by IFDs and we are seeing steady increase of business transactions in online platform which is helping us to handle higher business volumes. We will continue to focus on garnering more equity Assets through SIPs and periodic contests, maintain our leadership position in Fixed Deposit and improve our ranking for IPO.

The Average Assets Under Management (AUM) in Mutual Fund Industry have increased by ~22% from ~₹ 18,63,156 Crore as on March 2017 to ~₹ 22,74,923 Crore as on March 2018. Corporate investors AUM have increased by ~14% from ~₹ 882,144 Crore as on March 2017 to ~₹ 10,05,501 Crore as on March 2018, HNI Investors AUM have increased by ~34% from ~₹ 472,872 Crore as on March 2017 to ~₹ 633,031 Crore as on March 2018 and Retail investors AUM have increased by ~40% from ~₹ 384,656 Crore as on March 2017 to ~₹ 537,262 Crore as on March 2018. AUM in direct plan and associate distributors have increased by ~22% from ~₹ 912,231 Crore as on March 2017 to ~₹ 11,08,524 Crore

as on March 2018 and AUM with Non associate distributors has increased by ~23% from ~₹ 950,925 Crore as on March 2017 to ~₹ 11,66,399 Crore as on March 2018.

Our investment advisory and distribution segment is expected to benefit from the growing trend of investments getting channelized into organized financial instruments. Improving demographics and increase in income levels is expected to augur well for our investment advisory and distribution business. We have successfully been able to cross sell other products of the group (such as investment banking products) to our wealth clients. Further, we also provide our funding and broking platforms to our wealth clients thereby providing a holistic solution to the clients.

Astute Investments, a partnership firm in which JM Financial Services Limited and JM Financial Commtrade Limited, wholly owned subsidiaries of the Company are partners, focuses on taking advantage of the arbitrage opportunities available in the market targeting very low risk profits.

In the Commodity broking business our focus is to provide research based advice to clients on bullion, base metals, crude and other commodities. The commodity business average daily market volume has decreased by 5.87% from ~₹25,136 Crore in FY 2016-17 to ~₹23,659 Crore in FY 2017-18. During the year we have maintained our market share in commodity market volumes. National Spot Exchange Limited (NSEL) suspended its trading and settlement operations from July 31, 2013. We had an outstanding amount to be recovered from NSEL of ₹15.03 Crore on account of our own arbitrage book as on March 31, 2018. Our clients had also invested in the products offered by NSEL and had an outstanding recoverable amount of ₹61.07 Crore from NSEL as on March 31, 2018. We are closely in touch with authorities for a final resolution in this regard.

International Operations

We have established subsidiaries/step down subsidiaries in Mauritius, Singapore and USA to cater to and service overseas clients/investors and to carry out permitted business activities in these jurisdictions.

Our Investment Banking and Securities business is subject to threats which include

- macro-economic factors such as abnormal monsoon, geopolitical tensions, global economic threats impacting the business and capital market environment

- business specific threats such as increased intensity of competition from players across the industry creating downward pressure on fees, commissions and brokerages, regulatory challenges, technology innovations, amongst others

Fund Based Activities

Our loan book as of March 31, 2018 stood at ₹ 14,772 Crore as compared to ₹ 11,343 Crore as of March 31, 2017. Our gross NPA stood at 0.6% as of March 31, 2018 as compared to 0.1% as of March 31, 2017.

Our lending businesses continue to focus on steady profitable growth with stringent underwriting standards. It is our endeavor to diversify our real estate portfolio both by number of accounts and geography to mitigate concentration risk. We continue to leverage our existing client relationships to grow our corporate and capital market loan books. The distressed assets space is gaining traction on the back of regulatory push and government's resolve to provide better business environment for the domestic financial system. We continue to focus on resolution of our existing portfolio and acquisitions of corporate accounts with underlying businesses that have a potential to revive. We have a unique advantage of using our investment banking expertise for resolutions of the acquired distressed assets. We continue to explore new avenues of financing going forward to further diversify our borrowing profile and strive to improve our credit ratings to achieve the benefit of lower cost of funds. We leverage our fund based activities to build new revenue streams for our other businesses within the group. While the opportunity in the fund based activities is large, there is always a looming threat of the loans turning into NPAs and resolutions getting delayed. We are facing challenges from new entrants with large balance sheets, existing players and yield compression. In light of extant guidelines, Asset Reconstruction Companies may be required to contribute higher cash component which may require further growth capital. Global distressed asset funds are increasingly

seeing an opportunity in this space and competition can be expected to increase from new domestic players as well as global funds.

Progress on New Initiatives:

Housing Finance Business

As part of our strategy to gradually diversify from wholesale lending into retail lending, we commenced our retail housing finance operations during FY 18. We received our HFC license from National Housing Bank (NHB) in November 2017. The focus of this business will primarily be on the affordable housing segment which we believe is likely to drive the housing market in India.

We plan to primarily target home buyers in Tier II & III towns and have initially started operations in the western region e.g. Maharashtra and Gujarat. We have five clusters operational across these two states. We have hired experienced professionals and are currently putting robust systems and processes in place.

With c.20 million housing shortage by 2022 and a mortgage-to-GDP ratio of c.9%, under-penetration of India's housing finance market is well documented. These figures are even lower for affordable segment such as Economically Weaker Segment (EWS) and Low Income Group (LIG). India's housing finance landscape is skewed towards the formal organized segment of the borrowers. 85% of the home borrowers today are salaried with documented income proofs. However, 60-65% of the workers in the urban area are employed in the unorganized space with cash salaries. Besides, the self-employed segment – which constitute c.50% of the addressable urban market – also remain under-served and therefore has limited competition. Our focus will be primarily on these under-served segments. Our intent is to differentiate on the back of technology and data driven approach to assess the credit worthiness of this segment.

Some of the recent initiatives of the government to address the needs of affordable housing segment include increasing the carpet area and re-defining income definitions for Credit Linked Subsidy Scheme (CLSS) eligibility, providing infrastructure status to this segment in the previous budget and reducing the risk weights for housing loans.

Slower rate of job creation in Tier II and III towns could adversely impact housing demand, rising competition could result in shrinking yields and higher NPAs and external shocks such as

demonetization could impact informal segment of the economy thus impacting the repayment capability of people employed in this segment.

SME business

The SME vertical broadly covers three sub categories – Credit to SMEs, NBFC lending and Education Institution Loans (EIL).

- SME Loans:** The Indian economic growth story is fuelled by over 50 million MSMEs (Micro Small and Medium Enterprise) which contribute to about 8% of GDP, 45% of total manufacturing output and 40% of the total exports from India. Its impact can be gauged from the fact that it provides employment to over 80 million citizens with a spread of 36 million units across India. The critical factor for the success of this sector is availability of credit both in terms of quantum and timely support. With an objective to contribute to this dynamic and growing sector, we launched the SME loans business which includes collateral based lending to manufacturing, services and trading entities to help them meet their working capital needs. The SME loans business covers both term loans and line of credit to the sector with a distinct focus on right fit product built around current and projected cash flows of the entity.
- Education Institution loans:** India offers tremendous growth potential in private education with over 40% of its population falling under education seeking population. This growth in private education is going to be driven by an increase in Gross Enrolment ratios across all levels segments of education and a migration from public to private education owing to a greater demand for quality education. While demand for higher education is going to be centered more towards Metro & Tier-I cities due to students migrating towards cities to seek job opportunities post completion of higher education, a large part of growth in private schools is likely to be focused in Tier II and III cities. It is estimated that private school infrastructure is likely to see an incremental investment of 10 lakh Crore by 2030 and higher education an additional 3 Lakh Crore over this period. This is likely to provide a tremendous opportunity for deployment of capital in Educational Institution over the next 15-20 years. With this compelling backdrop, we have forayed into the Education Institution financing segment in select geographies. Education Institution Loans would be offered to private education institutions for brown-field expansion and for augmentation of working capital.
- NBFC lending:** India is seeing a cusp of evolution where digital transactions and deeper credit penetration has increased

multi fold, leading towards high growth for formal credible financing. This has created a new opportunity for many NBFCs. We believe NBFCs who have proximity to region are having a potential opportunity for the underserved and last mile delivery to the credit. We are selectively partnering with such NBFCs which have domain expertise by providing them with loans.

New Age Technology Backed Real Estate Consultancy Services

In April 2017, we launched our new business named 'Dwello' which operates within the primary residential real estate space. We are building this business with a team of young, professional and trained real estate consultants. Dwello assists home buyers to make right decisions at every step from initiation to completion of their home buying journey. Dwello helps real estate developers to source home buyers for their projects.

The value proposition of Dwello is backed by technology, data analytics and use of online and social media marketing. Our sophisticated algorithms offer accurate recommendations by sifting through vast knowledge banks comprising real time market data and historical decisions of many home buyers, curated by experts. Dwello is expanding to different areas within Mumbai. We believe that our existing real estate relationships and our expertise in closing transactions will help us further build this business and expand geographically.

With a vision to create a technologically advanced real estate consulting company, we believe Dwello will be able to add significant value to our customers.

Real Estate Lending

The Real Estate Lending business of JM Financial is focused on offering a solution based approach to its clients in the real estate sector by catering to the various financing requirements of its clients and by keeping in mind the typical nature of the industry. We consider our clients as partners and aspire to have significant mind share of our clients when it comes to financing requirements/solutions.

The various product offerings have evolved over a period of time based on our wide based experiences across geographies and our close association with our clients:

- **Project Funding:** Project Funding is the most important aspect of real estate funding and our focus is to ensure that it continues to be the largest proportion of our product

offering in this sector. Post Introduction of Real Estate Regulation and Development Act, 2016 (hereinafter referred to as "RERA") the importance of project based funding has increased significantly as pre-launch sales, which used to fund construction in the past, are not possible.

- **Loan against Ready Property:** The last few years have seen significant mis-match in the cash flow positions of clients. By offering loans against their ready assets, we try to bridge the time gap between funding requirement and sales of assets.
- **Project Acquisition Funding:** Post-RERA, there are many larger developers who are looking at opportunistic buying of various ongoing projects of smaller sized developers. Further, developers are also looking at selective land purchases for growth. We have been and would continue to remain relevant to our clients in this product offering as growth in the next decade would be significantly defined by such decisions made by the prominent developers.
- **Structured Finance:** We also provide unique solutions to clients such as providing exits to Private Equity Investments, Corporate Funding, etc. We have the flexibility to cross-collateralize existing securities and provide innovative structuring flexibilities to developers.

As on March 31, 2018, our total loan book stood at ₹ 9,268 Crore as compared to ₹8,106 Crore as of March 31, 2017. This growth has been aided by successfully adding two new geographies this year i.e. Kolkata and National Capital Region along with expansion of the book in the existing geographies like Mumbai and Bengaluru. We will continue to diversify across all our territories to ensure the city-wide concentration remains low.

The Real Estate Industry has been through turbulent times over the past few years, however with the onset of RERA, Goods and Services Tax and Benami Property Act, the sector is stabilizing with growth being driven by higher consumer confidence. This provides us the opportunity to leverage our strengths such as strong and long term client relationships, experienced team, client oriented approach and tap various new opportunities such as increase in project funding, higher requirement of institutional sources of funding, consolidation amongst developers.

We intend to leverage on our long standing relations with our clients and provide financing solutions to meet their requirements, without diluting our underwriting standards. We also intend to increase exposure to existing clients along with addition of high-

Management Discussion and Analysis (Contd.)

quality new clients and continue to diversify the loan book across existing geographies and explore new geographies which may become relevant and attractive post RERA.

Structured Finance Group

The Structured Finance Group (SFG) aims to provide customised financing solutions under the following broad categories:

- a. **Structured Lending** – We aim to offer a comprehensive financing package to operating businesses to refinance existing debt, top-up working capital funding and fund growth capex. These solutions are primarily offered to good quality companies in growth sectors, with strong track record of promoters and management with an aim to provide an optimum capital structure suited to the long term prospects of such companies.
- b. **Promoter Funding** – We aim to offer financing to Promoter holding companies against listed share securities or mortgage of properties to meet their strategic requirements i.e. equity funding for acquisitions or capex, stake accretion in group companies, investments, buying out of private equity investors and promoter debt refinancing.
- c. **Acquisition Financing** – We offer competitive INR funding solutions to companies acquiring domestic assets, where banks restricted by regulation from providing financing for the equity investment.
- d. **Bridge Financing to Capital Market Exit** – We can offer efficient financing structures to companies for short tenor structured as a bridge to IPO or private equity infusion; alternatively, structured debt financing can be a medium term solution for such companies to raise capital without equity dilution.

The Corporate loan book for March 31, 2018 stood at 2,705 Crore, compared to ₹ 1,561 Crore as at March 31, 2017. The Group closed several highly structured, medium to long tenor financings to companies across sectors such as consumer, industrials, pharma, engineering, metals and mining, infrastructure and the services sector. The SFG has successfully been able to capitalise on the opportunity created by the waning presence of banks in the credit space and partnered with reputed clients with well established businesses looking for flexible capital structure solutions. Similarly, SFG underwrote a few Promoter financing transactions as Bridge to IPO deals, taking advantage of the

booming equity markets and complemented by JM Financial group's expertise. In addition, the Group leveraged its long standing financing relationships with top business houses in India and closed a number of simple corporate / security backed lending transactions.

Our key differentiator in the SFG franchise is therefore our ability to be a valued relationship oriented financing partner, with a strong investment banking franchise, having pioneered innovation in the equity markets over the years and therefore inherently having a deep appreciation of risk-return across sectors and economic cycles. The business imputes risk-return appropriate for balance sheet lending transactions and is hence very competitive in its risk pricing, however the credit rigour is actually akin to that of a sophisticated private equity investment team, with a partnership approach instead of mere transaction orientation.

For FY 2018-19, SFG focus will be to drive business and profitability with stronger client partnerships, intensive credit assessment, better structuring and portfolio monitoring, while still being competitive on pricing terms and maximising yield across the portfolio.

Capital Market Lending

Our MTF / IPO division caters primarily to the capital markets segment. Financing business in the area of loan against shares, margin funding, ESOP financing, loan against bonds/ mutual funds, sponsored financing, loans against property continued to see good traction in last year. Through our MTF / IPO division we cater largely to our wealth and broking clients. With upturn in the capital markets in first three quarters, especially the primary market, we ramped up our IPO funding book with total funding of ₹49,419 Crore across 69 public issues during the FY 2017-18. We have also been financing clients for applications in select primary equity issuances mainly on the BSE-SME platform which enables listing of the SME's.

In the last quarter, with the Budget presented by the government in February 2018, there was an impact on the market sentiment with the introduction of the Long Term Capital Gain Tax on sale of equity shares and equity oriented mutual funds. This was followed with the multi crore scam associated with a few Nationalised Banks which dented the value of PSU Banks. All these factors coupled with the increase in the borrowing rates especially at the shorter end affected the equity market sentiments and investors who were looking to leverage.

As of March 31, 2018 our total capital markets loan book stood at ₹ 2,334 Crore as compared to ₹ 1,516 Crore as of March 31, 2017.

Credit Rating

CRISIL re-affirmed the CRISIL A1+ (highest grade) rating for our Commercial Paper program which indicates a very strong degree of safety with regards to timely payment of financial obligations and CRISIL AA/Stable rating for long term NCD issuances and bank loan rating, which indicates high degree of safety with regards to timely payment of interest and principal on the instruments. Both these instruments are considered to carry a very low credit risk.

ICRA reaffirmed the rating of ICRA A1+ (highest grade) for issuance of Commercial Paper and ICRA AA/Stable rating for long term NCD issuances and bank loans and PP-MLD ICRA AA for long term principal protected equity linked debenture program. All these instruments indicate a very high degree of safety with regards to timely payment of financial obligations and considered to carry very low credit risk.

India Ratings and Research (IND-Ra) affirmed IND AA with a Stable Outlook rating for Non-Convertible Debentures (NCDs) and bank loans. The agency has also affirmed JM Financial Credit Solutions' Commercial Papers at IND A1+.

During the financial year ended March 31, 2018 CARE had assigned the CARE A1+ (highest grade) rating for our Commercial Paper program which indicates a very strong degree of safety with regards to timely payment of financial obligations and CARE AA/Stable rating for long term NCD issuances, which indicates high degree of safety with regards to timely payment of interest and principal on the instruments. Both these instruments are considered to carry a very low credit risk.

Asset Reconstruction Business

Asset quality concerns have been increasing over the years as the growth in stressed assets has outpaced credit growth in the banking system. The regulators have increased their efforts to push banks to identify and resolve the asset quality problem.

The revised guidelines for expeditious resolution of bad loans dated February 12, 2018 issued by the RBI harmonise the existing guidelines in consonance with Insolvency and Bankruptcy Code (IBC). With the new guidelines in place, there will be no multiple regulatory frameworks as all the existing schemes such as CDR,

SDR, S4A, and 5:25 are now defunct. The Joint Lenders Forum (JLF), which had been set up to coordinate resolution of large consortium loans, has also been disbanded.

The new framework puts down strict timelines over which insolvency proceedings must be initiated. These timelines will broaden the scope of resolving the overall quantum of debt on a fast track basis and shall come into effect starting March 1, 2018. For accounts with an exposure of ₹2,000 Crore or more, banks will have to ensure that a resolution plan is implemented within 180 days of default. If the resolution plan is not implemented within 180 days, the account must be referred to NCLT under IBC within 15 days. For large accounts where a resolution plan is being implemented, the account should not be in default at any point during the specified period of one year, failing which the lenders shall refer the account to NCLT under IBC. For accounts with exposure of ₹100 Crore to ₹2,000 Crore, a timeline for resolution will be announced over a two-year period.

The notified disclosure requirements will bring in more transparency, boost the confidence of investors in the financials of banks and change the way banks do business. It shall provide a level playing field for all stressed accounts and shall also lead to early detection of stressed accounts which shall fall in the SMA2/NPA category.

The resolution process is likely to become more efficient in light of the recent IBC amendment which allows Asset Reconstruction Companies (ARCs), among others, to become a resolution applicant and the exemption provided by RBI for ARCs to participate beyond the shareholding limit of 26% in the post converted equity of the borrower company will act as a stronger tool for ARCs to deal with NPA situation.

The gross non-performing assets ratio (GNPAs) of Scheduled Commercial Banks increased from 9.6 percent in March 2017 to 10.2% in September 2017. Stressed advances, defined as GNPAs plus restructured standard advances, increased to 12.2% in September 2017 from 12.1% in March 2017. In September 2017, the stressed advances of public sector banks were at 16.2%, private sector banks at 4.7% and foreign banks at 4.1%.

During the year, we concluded 22 transactions with outstanding dues of around ₹3,639 Crore acquired by issuing Security Receipts worth ₹1,483 Crore. Till March 31, 2018, we have acquired total outstanding dues of ₹ 32,349 Crore at a gross consideration of ₹ 14,761 Crore. Resolution strategies were

Management Discussion and Analysis (Contd.)

initiated for majority of the assets acquired. Accounts worth ₹ 2,048 Crore were restructured and Security Receipts worth ₹ 362 Crore were redeemed during the year. The outstanding Security Receipts stood at ₹ 12,965 Crore as on March 31, 2018.

During the year we restructured the debt of a few large accounts such as Shirdi Industries Ltd (approved under NCLT), Arch Pharmed Labs Ltd and Nitco Ltd by re-sizing debt to a sustainable level through conversion of part debt into equity, monetization of assets, infusion of additional funds etc. We also keep a control on the cashflows and operations of the companies through Trust Retention Account (TRA)/ Escrow Account and have also appointed external agencies to closely monitor the developments in these accounts on real time basis.

We work closely with diverse sector-specific experienced professionals and sector-specialised firms for revival of the acquired accounts. JMFARC will continue to focus on cash investments, however, we are also committed to meet the requirements of seller Banks/NBFCs be it in terms of only cash or cash cum security receipts depending upon their respective requirements based on anticipated recoveries, so that they can also participate in the upside. The growing NPA market comprises of assets having good restructuring potential and the available market opportunities will provide space for growth in our current Asset Under Management (AUM)

With RBI's continuous thrust on controlling the high level of stressed assets in the banking industry, it is expected that banks will continue to offload NPAs to ARCs, thereby increasing opportunities for ARCs to participate in the NPA market. The new framework initiated by the regulatory authorities will have a positive impact on the asset-value unlocking process in the long term and will facilitate a much-needed fillip to the overall growth of the industry.

Credit Ratings

ICRA has assigned the rating of ICRA AA- with stable outlook for the NCD program of JMFARC and the rating of ICRA A1+ to the commercial paper programme of JMFARC.

CARE has assigned the rating of CARE AA- Stable for NCD program of JMFARC and rating of CARE A1+ to the commercial paper programme.

CRISIL has assigned rating of CRISIL A1+ to the commercial paper programme of JMFARC.

Debt Trading

During the year, we carried out transactions in Government securities and Non SLR securities.

Operational Performance

JM Financial India Fund ("the Fund") is an India focused private equity fund, focused on providing growth capital to dynamic, fast growing companies in India. The Fund raised capital of ₹ 952 Crore through its domestic and offshore schemes and invested the corpus in thirteen companies across various sectors. The Fund has successfully exited from nine of its portfolio companies (including two partial exits) and has returned an aggregate of 98% of the capital contributions. The Fund is presently working to seek exit opportunities for the balance portfolio.

JM Financial India Fund II ("Fund II") is established as a trust under the Indian Trust Act, 1882 and registered with the Securities and Exchange Board of India ("SEBI"), under the SEBI (Alternative Investment Funds) Regulations, 2012 as a Category II AIF. Similar to the first Fund, Fund II is an India focused private equity fund, focused on providing growth capital to dynamic and fast growing small to mid-market companies in India. The Fund II has completed one investment and is actively evaluating other investment opportunities.

We continue to focus on exits from investments in our existing funds and are in advanced stages of launching the new private equity fund (Fund II). The primary objective of the Fund II (sector agnostic with focus on investments in sectors such as Financial Services, Consumer, Infrastructure Services, IT/ITeS and Manufacturing) is to achieve superior risk adjusted returns, by investing growth capital in small to mid-market Indian companies. We believe that the small to mid-market opportunity is relatively less crowded, allowing for attractive investment opportunities in early stage companies that are in their first phase of expansion. We see a clear segmentation of investment strategies among peers. On one side, there are several early stage funds, primarily focused on technology investments in the sub US\$ 5 million investment size; and on the other end there are large private equity players that invest over US\$50 million, each, in growth to late stage companies who have already built significant size. We believe that this segmentation has left the small to mid-market opportunity (which the Fund II is targeting) relatively less crowded, allowing for attractive investment opportunities in early to growth stage companies that are in their first phase of expansion.

JM Financial Property Fund ("the Property Fund") is a real estate focused private equity fund that has invested in residential, hospitality and mixed use development assets at individual project or at holding level in development companies. The

Property Fund through its domestic and offshore schemes had raised total capital contribution of ₹ 401 Crore, which is fully invested. Till date the Property Fund has made an aggregate distribution of ₹ 290 Crore which is 72% of the total capital contribution in rupee terms. The Property Fund has Assets under Management (AUM) of ₹ 155 Crore as of March 31, 2018. The Property Fund continues to focus on exploring exit opportunities for its outstanding portfolio investments. During the year, the offshore scheme of the Property Fund has received consent from its investors to extend the tenure by another 2 years till January 24, 2020.

Our Alternative Asset management business may face challenges in terms of our ability to raise funds and being able to exit portfolio companies at desired valuations. Further, our portfolio investments are subject to business specific and macro-economic threats.

Asset Management (Mutual Fund)

We offer a wide range of investment options that cover the entire risk spectrum, catering to the diverse needs of the Institutional and the Non-institutional Investors. The average assets under management (AAUM) of JM Financial Mutual Fund for FY2017-18 were at ₹ 14,822 Crore with Equity AAUM around ₹ 8,847 Crore and Debt AAUM around ₹ 5,975 Crore.

Our mutual fund business continues to focus on profitable growth. Our PAT/AAUM ratio stood at 0.39% for financial year 2017-18.

The AAUM of the mutual fund industry touched an all-time high of ₹ 23 trillion for the quarter ending March 31, 2018. The robust performance of the industry comes on the back of growing investor awareness and increased inflows in both the equity as well as debt-oriented funds. Indian markets rallied to near recent high led by strong domestic institutional investor flows as economic fundamentals continue to remain strong.

Management Discussion and Analysis (Contd.)

India's benchmark indices S&P BSE Sensex rose 11.3% in FY 2017-18. It also touched an all-time high of 36,000 in January 2018 and NIFTY rose 10.2% during FY 2017-18.

Our Asset Management business is subject to the macro-economic environment both in India and globally which could impact the flow of funds into the mutual fund sector. Further there are certain business challenges such as increased competition affecting market share and fees, higher commissions to distributors, regulatory changes and redemption pressures.

Other expenses	368.95	276.44
Total	1,926.37	1,387.53

Employee Benefits Expense

The increase in employee costs by about 26.43% is mainly on account of annual compensation increase, increase in headcount and expansion of operations.

Finance Cost

The increase in finance cost is on account of increase in the borrowings to support fund based activities. Group borrowing stood at ₹ 14,674 Crore as against ₹ 10,802 Crore in the previous year. Group level gearing increased to 2.57x vis- a-vis 2.49x.

Depreciation and Amortisation Expenses

The increase in depreciation and amortisation expenses by about 12.23% is on account of normal increase in capital expenditure including new offices acquisition during the year.

Other Expenses

Other expenses comprise sub-brokerage, fees & commission and administrative costs. The sub-brokerage, fees & commission mainly relates to secondary market and distribution business. These expenses increased by 12.27% in the current year. Administrative costs mainly comprise establishment expenses. These expenses increased by 44.08% primarily attributable to increase in provisions and write-offs towards loans and investments in the current year.

The long-term borrowing (including current maturities of long term borrowings) stood at ₹ 9,706 Crore versus ₹ 5,424 Crore a year earlier. This was achieved by availing long-term secured loans from banks and Non-Convertible Debentures from debt capital markets. Company improved the long: short ratio to 66:34 versus 50:50 of last year.

Management Discussion and Analysis (Contd.)

The group's short-term borrowing as on March 31, 2018 stood at ₹ 4,968 Crore compared to ₹ 5,378 Crore as at the previous year end.

The group continues to explore variety of new avenues of financing to further diversify its borrowing profile.

The financial services industry is subject to continuously evolving legislative and regulatory environment, due to increasing globalisation, integration of world markets, newer and more complex products & transactions and an increasingly stringent regulatory framework. Risk is an integral part of the business and almost every business decision requires the management to balance risk and reward. The ability to manage risks across geographies, products, asset classes, customer segments and functional departments is of paramount importance for the hindrance free growth of every organisation.

The Group provide a wide range of services and products to participants in the Indian capital markets and also offer capital markets financing, broking services, distribution of initial public offerings, mutual funds, distribution of other financial products, and investment banking services. Presence of JM Financial Group in several businesses, asset classes and geographies, exposes it to various risks. The risk also emanates from various businesses of operating entities within the Group.

At JM Financial, the risk is managed through risk management architecture as well as through policies and processes approved by the Board of Directors and the Firm Management, encompassing independent identification, measurement and management of risk across various businesses of the Group. We have formulated comprehensive risk management policies and processes to

identify, evaluate and manage the risks that are encountered during conduct of business activities in an effective manner.

A team of experienced and competent professionals, at business level as well as group level, identify and monitor these risks on an on-going basis and evolve processes/systems to monitor and control the same to keep the risks to minimum levels. On-going monitoring by our officials helps in identifying the risks at an early stage. There is a continuous focus on the maker-checker processes. Detailed regulatory as well as regular inspections also help test our processes and compliances.

We are exposed to a variety of risks, including liquidity risk, interest rate risk, market credit risk, operational risk, regulatory and compliance risk, business and continuity risk and legal risk. We have established a system of risk management and internal controls consisting of an organizational risk management framework, policies, risk management system tools and procedures that we consider to be appropriate for our business operations, and we have continued to enhance these systems.

A risk event update report is periodically placed before the Board of Directors of the Company. Report includes, inter alia, the risk identification, risk classification, assessment of impact, risk mitigation/remedial action and risk status. The Directors review these reports along with the course of action taken or to be taken to manage and mitigate the risks. Additionally, independent Internal Audit firms have been appointed to review and report on the business processes and policies for all operating companies of the Group. The report of internal auditors on set processes and risk events, if any, is reviewed and discussed by the Audit Committee of the Company and respective operating companies.

Various risks associated with the businesses of JM Financial Group are discussed in detail below:

Key Risk	Description/Impact of Risk	Risk Mitigation
Credit Risk	<p>The risk associated with the failure of the borrower to meet financial obligations to the lender in accordance with the agreed terms is known as Credit Risk. If any of our borrowers fail to discharge their obligations to us, it would result in financial loss.</p> <p>We are in the business of lending against mortgages and providing securities backed loans. Any material unexpected credit losses or failure of the borrowers to repay debt on time, may have an adverse and negative effect on our business.</p>	<p>A comprehensive review exercise is conducted for credit approvals, ensuring proper documentation, carrying out extensive credit appraisal, conducting periodic reviews etc., is done as a part of credit risk mitigation. Various norms for customer identification and evaluation procedure for prospective credit proposals have been stipulated as a part of risk mitigation.</p> <p>Regular portfolio risk analysis is done on various financial and policy parameters, for making required changes in the credit policy as a proactive approach to risk management.</p>
Market Risk	<p>Market risk is the risk arising from the adverse movements in market price of various securities, which may impact value of portfolio of investment in securities. The risk may pertain to interest bearing securities (interest rate risk), equities (equity price risk) and foreign exchange rate risk (currency risk).</p> <p>As a part of its operations, the Group makes investments in securities and other financial instruments from time to time. We are exposed to potential changes in the value of financial instruments held by us caused by above factors. Any decline in the price of our investments in quoted securities may affect our financial performance and position.</p>	<p>Our portfolios and collaterals/ securities are continuously monitored and also the usage of derivative instruments as a hedging mechanism minimises the impact of market risk.</p>
Liquidity Risk	<p>Liquidity risk is the risk arising due to unavailability of adequate funds at appropriate prices or tenure. It also refers to the risk that arises from the difficulty of selling an asset without a high impact cost.</p> <p>Our liquidity is mainly dependent upon our timely access to, and costs associated with raising funds. Any lack of liquidity in the market could adversely affect our ability to access funds at competitive rates. Our liquidity shall be affected due to severe liquidity crunch in the market or due to market disruptions where we cannot access public funds. Our clients may, due to certain circumstances not honour their commitments which would indirectly lead to our inability to meet the obligations.</p>	<p>We have a strong financial position and all our businesses are adequately capitalized, have good credit rating and appropriate credit lines available to address liquidity risks. We also maintain a part of our capital in liquid assets to manage any sudden liquidity needs.</p>

Management Discussion and Analysis (Contd.)

Key Risk	Description/Impact of Risk	Risk Mitigation
Operational Risk	<p>Operational risks can result from a variety of factors, including failure to obtain proper internal authorizations, improperly documented transactions, failure of operational and information security procedures, computer systems, software or equipment, fraud, inadequate training and employee errors.</p> <p>Our businesses are dependent on people and processes. Shortcomings or failure in internal processes or systems may have material adverse impact on the financial position as well as affect its operation.</p>	<p>Well defined policies, operational processes and systems have been devised for our operations. Regular audit are done by internal auditors to monitor the adherence of policies and processes. We also get systems audit carried out periodically by competent external audit firms.</p> <p>Maker/Checker mechanism has been put in place to ensure compliance with laid down systems and procedures in all areas of functioning of the Company.</p> <p>Also the Company's key management team consists of professionals of high level of commitment and the team is well versed in the key issues relevant to the holding company structure. They have a good understanding of all the group's businesses helping the group companies to grow in a compliant manner.</p>
Reputation Risk	<p>Reputation Risk is the current or prospective risk to business, earnings and capital arising from adverse perception of the organisation on the part of customers, counterparties, shareholders, investors or regulators.</p> <p>Reputation risk is a very high risk and can cause long term and sometime irreparable loss of business/ revenue.</p>	<p>We conduct our business with diligence keeping in mind the stakeholders and their needs.</p> <p>Adequate training is provided to employees to conduct their activities with utmost care and diligence keeping in mind the first class reputation and status enjoyed by the Company.</p>
Regulatory and Compliance Risk	<p>Most of our businesses as well as the Company itself operate in strongly regulated business segments.</p> <p>The risk arising out of a change in laws and regulation governing our business. It could also arise on account of inadequate addressal of regulatory requirements or differences in interpretation of regulations vis-à-vis the regulators. This risk is heightened in setting up global offices as familiarisation with global regulations and practices can take time as well as lead to risk of inadequate understanding.</p> <p>In recent times, these risks have spread to tax laws and unexpected demands being raised by various tax authorities.</p> <p>New laws or regulations or changes in the enforcement of existing laws and regulations may adversely affect the business/revenue/profits.</p> <p>Non-compliance with regulations may invite strictures, penalties and even punitive action from the Regulators.</p>	<p>We have a team of experienced professionals reporting to Group Head – Compliance, Legal & Company Secretary which takes care of compliance with applicable laws, rules, regulations and guidelines affecting our businesses.</p> <p>We also take external advice and appoint well qualified professionals in respective functions in various offices. All the new guidelines, circulars, notifications are complied with. Formulation of the policies as well as its implementation is taken due care of.</p> <p>Internal audit is carried out by external professional firms to monitor compliance with best practices, approved policies and applicable regulations.</p> <p>Our business team is strongly supported by our Corporate Functions team to quickly calibrate our actions in event of change in regulatory environment.</p>

Key Risk	Description/Impact of Risk	Risk Mitigation
Competition Risk	<p>The industry in which the Company operates is growing at a rapid pace and is exposed to tremendous competition at the national as well as international level. Strong growth prospects combined with liberalization of financial services sector have prompted the entry of newer foreign and domestic financial services companies.</p> <p>We operate in a highly competitive market and face significant competition from other players in the financial services industry and from companies seeking to attract our customers' financial assets. Entry of new players has increased the competition faced by us. It may also lead to attrition of our key personnel.</p>	<p>Diversified and innovative product and services are offered to keep the customers and other stakeholders intact as well as continuous research and development helps in mitigating the competition risk.</p> <p>Fair and transparent practices help the entity gain competitive advantage over other entities.</p> <p>Our human resource policies and a healthy positive work environment help us attract and retain best talent on a continuous basis.</p>
Business Continuity Risk	<p>In the event of disruption in the conduct of business due to incidents like fire, natural calamity, breakdown of infrastructure, acts of terrorism etc. we are exposed to the risk of loss of data, clients and/or business that can adversely affect our financial results.</p>	<p>We have in place Business Continuity Plan (BCP) to mitigate the impact of any such exigencies. We continuously test check the processes laid out under the BCP and review the same. The records with respect to confidential data are preserved and are secured.</p>

Internal Control Systems and their Adequacy

We have adequate internal control systems to commensurate with the nature of business and size of operations for ensuring:

- orderly and efficient conduct of business,
- adherence to company's policies and procedures;
- safeguarding of all our assets against loss from unauthorised use or disposal;
- prevention and detection of frauds and errors,
- accuracy and completeness of accounting records,
- timely preparation of reliable financial information; and
- compliance with applicable laws and regulations.

Policies, guidelines and procedures are in place to ensure that all transactions are authorised, recorded and reported correctly as well as provide for adequate checks and balances.

Adherence to these processes is ensured through frequent internal audits. The internal control system is supplemented by an extensive program of internal audit and reviews by the senior management. We have appointed independent internal audit firms for the Company and all our operating subsidiary companies to assess and improve the effectiveness of risk

management, control and operations and processes. To ensure independence, the internal audit function has a reporting line to the Audit Committee of the Board.

Internal audit team is empowered to examine the adequacy of and compliance with policies, plans and statutory requirements.

The senior management regularly review the findings and recommendations of the internal auditors so as to continuously monitor and improve internal controls to match the organisation's pace of growth and increasing complexity of operations as well as to meet the changes in statutory and accounting requirements.

The Audit Committee of the Board of respective companies reviews the performance of the audit and the adequacy of internal control systems and compliance with regulatory guidelines. Significant deviations are brought to the notice of the Audit Committee of the Board of the respective companies and corrective measures are recommended for implementation. The Audit Committee of Board provides necessary oversight and directions to the internal audit function and periodically reviews the findings and ensures corrective measures are taken. This system enables us to achieve efficiency and effectiveness of operations, reliability and completeness of financial and management information and compliance with applicable laws and regulations.

Corporate Social Responsibility (CSR) and Other Giving Activities

JM Financial is committed to responsible community development through an integrated and inclusive growth approach. Against this backdrop, we continue to intensively engage with few of the most under-developed geographies and communities, to recognize and build upon their capacities for a better quality of life.

Our engagement is effectuated and executed at the grassroots by JM Financial Foundation and Kampani Charitable Trust – our two philanthropic arms, devoted to compassionate community giving for several decades. Our CSR initiatives, budget allocations and expenditures are planned, implemented and monitored, in line with the CSR Policy as framed and adopted by JM Financial Limited and all JM Financial Group entities.

In conformity with our CSR Policy and in light of the provisions of the Companies Act, 2013, the CSR Committees of the JM Financial Group entities have approved and contributed a total budget of ₹ 15.65 Crore in the Financial Year 2017-18 (₹ 11.41 Crore in FY 2016-17) to JM Financial Foundation, to be allocated to CSR initiatives approved by the respective CSR Committees.

JM Financial Limited is an operating cum holding company, operating in the financial services industry through several subsidiary and associate companies, managing their operations and presence through 70 branches across 34 locations across the country.

During the course of the year, as planned, JM Financial initiated its focused long-term interventions towards Integrated Rural Transformation Programme in identified areas of the states of Maharashtra, Madhya Pradesh, Bihar, Jharkhand and Gujarat. These areas have been an elective choice, considering their high degree of deprivation, vulnerabilities, and weaker socio-economic conditions and pressing developmental needs, as compared to many other regions in the country. While our purpose in CSR is to build the capacities of the communities, our implementation methodology adopted is to catalyze the collective efforts of communities, local Government institutions and civil society organizations for higher and sustained impact. Adopting such methodology within the said states, JM Financial has initiated long-term support to the CSR projects as described below. The details on the funds committed and utilized towards each of these projects are outlined in Annexure V to the Director's Report for this year.

LONG-TERM CSR PROJECTS

- MAHARASHTRA

In the state of Maharashtra, JM Financial plans to undertake long-term rural development interventions in **Mokhada block** – a socio-economically under developed region in **Palghar district**. In its preparatory phase, a detailed, scientific assessment was undertaken in 10 of the most far-flung villages, adjacent to each other in Jawhar and Mokhada blocks in the said district. The primary objective was to assess vital indicators in the areas of health, education, water & sanitation, livelihoods and women empowerment, to form a robust premise for a comprehensive village development plan. The assessment was planned in consensus with the district-level Government authorities. The findings from the assessment highlight that water and livelihoods are central to the furtherance of socio-economic well-being of the households and a critical need requiring intervention in Mokhada block.

The main sources of water being protected & unprotected wells, public taps and hand-pumps, 69% households depend on protected wells as the only source. The assessment findings has helped JM Financial determine a structured action plan driving comprehensive development in the aforementioned region.

● **MADHYA PRADESH**

In **Ujjain district** of Madhya Pradesh, JM Financial has extended one-time support to the construction of hostel facilities to provide accommodation to 96 lesser-privileged male students (grades 6 to 9). These students are part of a formal, educational set up in Abhyudaypuram Gurukul, and hail from rural Rajasthan and Gujarat.

● **BIHAR**

In the state of Bihar, in **Sikandra block** of **Jamui district**, JM Financial has initiated Project Bachpan through four pre-school learning centers in response to a pressing need, felt by the community for healthy physiological development and child-centric learning of children in the age-group of 3 to 6 years. With desired and consistent attendance, happy classrooms, daily nutritious meals cooked by mothers and activity-based teaching, 100 children in the said age group have stepped into a world of age-appropriate health, intrinsic participation in the classroom and cheerful learning.

At the core of rural transformation lies the most prominent need for sustainable livelihoods generation. Addressing this need, we have initiated two self-sustainable projects – Shri Vardhmann Mahila Griha Udyog and Integrated Livelihoods Development Centers (ILDCs) in rural Jamui district.

- Through the Griha Udyog, JM Financial has made a beginning by instituting a small-scale, kitchen-based, production unit, whereby 16 rural women from three villages in Sikandra block were mobilized and underwent an intensive 20-days' technical training in Bhavnagar, Gujarat, to make and sell khakhras (a healthy Indian snack made of whole-wheat). The training has enabled and prepared the women to earn their livelihoods through the production unit, currently operational with a monthly production capacity of over 600 kg khakhra.

- As our flagship extensive intervention, in the form of ILDCs, with a long-term plan, we have launched and operationalized 21 Livelihoods Development Centers, essentially providing round the clock primary veterinarian healthcare, cattle management services, and Artificial Insemination facilities to the community residing in 193 villages across Chakai, Jhajha and Sikandra blocks. Considering the regional traditional proficiency, these ILDCs are technically designed to enhance the milk yield of the cattle, thereby augmenting the income of the community.

In an attempt at inclusive and integrated development, JM Financial has planned and initiated an intensive Model Village Development intervention, in 13 identified villages of Sikandra block, through five, time-bound deliverables in five priority areas, namely - (a) Rights and entitlements, (b) Livelihoods & alternate agriculture, (c) Age-appropriate education, (d) Improving water & sanitation, and (e) Holistic healthcare. These priority areas would be collectively achieved by bridging the gaps experienced by the community and converging with government authorities.

● JHARKHAND

For the tribal and rural communities residing in the villages of Dumri and Pirtand blocks of Giridih district, Jharkhand, readily available and affordable community healthcare services are difficult to access, owing to some of the harshest hilly terrains and inadequate connectivity. Therefore, in an attempt to connect the villages to good quality healthcare services, JM Financial has undertaken the following two projects:

- The Government provides for Comprehensive Emergency Obstetric and New born Care (CEmONC) services at their First Referral Unit (FRU) located in Dumri block of Giridih district. By way of these services, it reaches out to over 1,00,000 population in and around Dumri. In order to help intensify and amplify maternal and child healthcare facilities and services provided at the FRU, we entered into a Public Private Partnership (PPP) with the Jharkhand Rural Health Mission Society (JRHMS) – Government of Jharkhand in March 2017. Over the months, our assistance and intervention has helped strengthen the gynecology and pediatric infrastructure and services, leading to an increase in the number of OPDs.

- As an extension of the FRU intervention, it was imperative to initiate comprehensive, door-step, preventive and curative OPD services by way of a Mobile Health Unit (MHU) to reach out to far-flung village communities. Based on this need, JM Financial started an MHU equipped with a medical officer, nurse, counsellor and support staff, reaching out to 24 villages, scattered across the hilly terrain of Dumri and Pirtand blocks. The MHU is operational six days a week. From the month of September 2017, the MHU has conducted 9,527 OPDs, treating respiratory, dermatological and gastrointestinal ailments in a timely manner which would have otherwise remained unnoticed or unattended.

● GUJARAT

In the state of Gujarat, in Bhavnagar district, JM Financial has initiated Comprehensive Village Development, which is at its initial phase of identifying and planning deliverables in the focus areas of water and sanitation, alternate livelihoods generation, mother and child healthcare and girl child education. Premised on this planning, we intend to partake in a collective effort through a focused CSR intervention under one of the Integrated Rural Transformation Programme thematic areas.

PHILANTHROPIC CAUSES SUPPORTED BY JM FINANCIAL FOUNDATION AND KAMPANI CHARITABLE TRUST

Under the aegis of our ongoing philanthropic commitment to some of the unnoticed but deserving social causes, JM Financial Foundation and Kampani Charitable Trust continue their seamless support to the areas of quality education, healthcare, art and culture, animal welfare and conservation and promotion of sports.

1. Philanthropic Giving

● Supporting quality education

Educational facilities being fundamental to learning, we provide material aid such as school uniforms, stationery, bags, fees and school infrastructure support, encouraging students for continued schooling.

School uniform distribution at a tribal school

Our children feeling happy playing with kites

● Special care for children with special needs

We also support causes that face difficulties in getting social acceptance, in that we facilitate development therapy and training for special-needs children and parents, building their intellectual and cognitive abilities, thereby enabling them to lead their lives with dignity in mainstream society.

- **Healthcare**

We stay committed to ongoing healthcare support by way of providing medical aid to patients in need and individuals suffering from critical, life threatening illnesses. Our support also includes helping in the rehabilitation of specially-abled individuals by providing equipment such as artificial limbs, calipers and wheelchairs, facilitating their independent mobility. In addition to the above, we extend our support in conducting health camps for the cause of eye treatment, diagnoses and primary healthcare services.

- **Art and culture**

Art and culture being the roots of our Indian tradition, in a small way, we extend our helping hand to the furtherance of rich Indian classical music and cultural programs.

- **Animal welfare and conservation**

In partnership with an esteemed organization, we contribute towards the protection and conservation of the endangered and enigmatic snow leopard in its natural habitat in the state of Jammu and Kashmir. This support has helped reduce human conflict, enabled the villagers to co-exist peacefully with wildlife and also sensitized them towards the pressing need to contribute towards preserving our ecological balance.

Management Discussion and Analysis (Contd.)

- Promotion of sports**

Recognizing the high potential in India's upcoming athletes and indoor sportspersons, and the need to provide them with technical training at par with global standards, we have partnered with a niche organization to support the cause of handholding such aspirants, and helping them realize their full potential to make our nation proud.

2. Employees Volunteering (Sparsh)

Employees volunteering being our culture in the organization entails some modest initiatives being continued by our employees and organization with their value-added expertise.

- Daan Utsav (a festival of giving)* - JM Financial Foundation celebrates the virtue of sharing and giving every year by organizing blood donation camps in its premises. Employees wholeheartedly continue their participation year after year and contribute by way of blood donation – the highest form of donation. We also provide a platform for the sale of products made by paraplegic adults and autistic children at our offices, thereby encouraging them and generating livelihoods support. Alongside, our employees never fail in extending their support by way of donating clothes, stationery and other utility items on the occasion of *Daan Utsav* every year.
- Project Drishti* – Through this project, JM Financial Foundation facilitates the preparation of reading and learning material for visually impaired students through the collection, integration and handing over of glossy magazine pages from across the office departments.

In an attempt to contribute towards looking after individuals in the twilight years of their lives, our employees contribute on a monthly basis towards the provision aid such as blankets, grains and medicines.

Our employees also volunteer as mentors, guiding students who attend municipal schools and are part of the formal education system.

At the beginning of this academic year, our employees expressed their keen interest in fulfilling the wishes of students attending rural public schools in Sikandra block of Jamui district, Bihar. A humble effort managed the procurement and distribution of 10,000 notebooks among students studying in over six schools.

3. Walkathon

The annual JM Financial Foundation Walkathon took place on February 11, 2018. The Walkathon – a cause that is synonymous to JM Financial Foundation’s employees’ volunteering initiatives, has once again, been successful in bringing together individuals, employees and their families in joining hands to raise funds to support the causes of education, health, sports, art and culture amongst other socio-economic requirements of our society.

The walk along 6km of South Mumbai’s seaside promenade was aimed at raising funds for the aforementioned causes and supporting the betterment of various segments of under-served communities.

Management Discussion and Analysis (Contd.)

Human Resources

At JM Financial, talent is our most valuable asset and we believe that the ultimate identity and success of our Firm lies in the excellent quality of our people and their commitment towards attaining our Organizational goal.

Human Resources function is responsible for building the Group Human Resources strategy and is supporting all our businesses by delivering best in class Human Resources partnership. Human Resources Business Partners are responsible for individual business units and support employee engagement, talent management, data analysis, employee relations & guidance, performance management, compensation & benefits and learning & development effort.

Our employees are partners and key stakeholders who keep us competitive in the market.

HR Promise

This year we launched the Human Resources Tagline

Beliefs: It articulates the core beliefs of our Human Resources function. We believe that the credibility and reputation of the firm is shaped by the collective conduct of individual employees and the tagline affirms these three beliefs at its foundation to supplement the group values.

Pragmatic

- The approach of HR is to make decisions and take actions based on the best interests of all stakeholders, guided by practical experience and observation.

Professional

- We are committed to a work environment that promotes a professional atmosphere in which all individuals are treated with respect and dignity.

Progressive

- We keep up-to-date with emerging trends and work practices to ensure our HR practices remain relevant and exclusive and are able to meet the current and future needs of the organization and employees.

Human Resources team's broad range of activities includes:

- Talent Management
- Employee Engagement
- Performance Management
- Learning & Development
- Compensation and benefits
- Succession Planning
- Rewards & Recognition
- Workforce Diversity

Talent Management

Building and developing our talent pool is our continuous and top priority and we have been successful in attracting diverse talent with sound expertise, new perspectives and experience. JM Financial has a strong brand presence in the market and our empanelled service partners help us study, survey and attract superior talent in the market.

Employee Engagement

A) Culture Club:

With an endeavour to foster & develop the JM Financial culture we have set up JM Financial culture club. The objective is to achieve high level of engagement amongst our employees through extra-curricular activities. We aim to have an environment where employees feel connected and in tune with the organization's culture by encouraging communication and creating a bond with their colleagues. We have been successful in initiating three culture clubs: Music Club, Photography Club & Yoga Club.

B) Celebrations:

At JM Financial, we firmly believe that celebration is a part of our work culture. Several occasions are celebrated, including Women's Day, Independence Day, Diwali, Christmas, Navratri, Friendship Day or employees' birthdays. Festivals bring employees closer and help improve work relationships. Celebrations provide a well-deserved break and help employees to remain engaged.

C) Sports Club

We have set up JM Financial Sports Club with the objective of creating a platform for employees to get-together and enjoy various sporting activities, foster a habit of team-work and healthy competition by using sports as a medium, promote a healthy work-life balance and an opportunity to

de-stress by engaging in sports. We participated in some exciting sports events. Our Men's and Women's soccer teams participated in inter-corporate events like – Saran Corporate Soccer 5s 2017 and Inbox Football League 2017. JM Financial Cricket Championship 2017–18 was a huge success and witnessed participation from 23 teams from within our businesses.

JM Financial Football Championship 2018 witnessed participation from 12 teams from within our businesses.

D) Vendor Helpdesk Activities:

We also have vendors setting up kiosks / helpdesks offering special packages / plans to JM Financial employees.

Performance Management

We follow a comprehensive performance evaluation process for annual reviews. Employees across levels benefit from the development oriented approach of this system. This practice helps us identify the capabilities of employees and leverage the same. It also helps us to suggest and plan development in the identified areas through training.

Learning & Development

We have an environment supporting continuous learning which we have enabled through various forums, databases and online resources. Through internal and external resources, employees are given opportunities to develop their skills and this includes behavioural and technical trainings. Training is necessary for the employees' development and progress, this motivates them to work not only at an individual level but also at an organisational level. A training feature has been initiated on the intranet where all the training programmes are posted, for easy access.

Compensation and benefits

JM Financial's compensation framework is structured to align the interests of our employees with the long-term interests of the Firm and its other stakeholders. Our compensation framework is designed to retain and motivate our human capital, reward them for their performance and attract superior talent from the industry. JM Financial also offers various benefits designed to meet the needs of our employees. These benefits are an integral part of our company and provide employees and their families' valuable support during employment with JM Financial.

Succession Planning

At JM Financial, we promote an atmosphere of inclusion by encouraging the next level of employees to take higher

responsibilities. Managers along with HR formulate a customized grooming and orientation of high potentials by carefully planning their work experiences. Their skills and capabilities are developed through further training and mentoring.

Rewards & Recognition

At JM Financial, we pride ourselves in our people and their achievements. It is therefore important to us that we recognize their hard work, dedication and commitment. Our Rewards and Recognition program provides a framework for encouraging and recognizing long service and exemplary performance of our employees. The organization has an annual Reward and Recognition Program which appreciates and recognizes talent. The reward is non-monetary in nature.

Workforce diversity

We have employees from extremely diverse backgrounds in terms of experience, culture and heritage. This goes a long way in building our inclusive culture as people from different background bring with them fresh ideas and innovations, unique styles and methods. Through this we aspire to develop a flexible, agile and high performing workforce.

Campus Hiring

HR has instituted the Management Analyst (MA) program for the Group. The program focuses on building a strong pool of professional talent, whose competencies are further developed by a 9 months orientation and rotation with various businesses. The batch of 2017-18 comprised of Chartered Accountants, management graduates from premier schools of Business and Economics professionals.

JM Financial has also initiated a Management Internship Program which aspires to establish not only its brand at campuses but also build a relationship with potential candidates that it can recruit as full time resources from the campuses. Through the program, we get an opportunity to evaluate interns for a possible Pre-Placement Offer.

Engagement Surveys

● **Great Place to Work**

As part of our endeavour to rank as an employer of choice and also identify our developmental areas, we internally conducted a dipstick study to understand our employees - what motivates them to go the extra mile, what drives loyalty and what genuinely makes and keeps them happy.

Management Discussion and Analysis (Contd.)

The findings of the survey reiterated our belief that our strongest attributes are our value systems: our open door culture, innovative practices, transparency, a sense of belonging, spirit of teamwork and the respect and credibility we hold in the industry.

JM Financial Group has been Great Place to Work-Certified™ by the Great Place to Work Institute in 2018.

- **People Matters Award**

We participated in People Matters League Awards – Total Rewards 2018, and were shortlisted to be amongst the top 3 companies in the category – Best in Building Careers.

The total employee strength of JM Financial Group stood at 1,583 as on March 31, 2018.

D. Board Procedure

The Board is provided with the relevant information including the information as stipulated under Listing Regulations viz., quarterly/half yearly unaudited financial results and the audited annual statement of accounts, corporate strategy, annual budget and capital expenditure details. The members of the Board have access to the management and the information about the Company.

The agenda items for Board/Committee meetings are finalised by the Company Secretary in consultation with the Chairman. The detailed agenda, setting out the business to be transacted at the Board/Committee meetings supported with relevant presentations, explanatory notes and executive summaries is sent to each Director at least seven days before the date of the meetings. In addition to the items which are required to be placed before the Board for its noting and/or consideration/approval, information is provided on various significant items.

With regard to matters requiring the approval of the Board, all the concerned persons communicate with the Company Secretary in advance to enable inclusion of such matters in the agenda for the Board/Committee meetings. Where it is not practicable to circulate any document or if the agenda item is of a confidential nature, the same is sent separately or tabled at the meeting, as the case may be. In special and exceptional circumstances, consideration of additional or supplementary items is taken up with the permission of the Chairman and with the consent of majority of the Directors present at the meeting. The senior officials of the Group are invited to the Board meetings in respect of the items concerning them to provide additional inputs as and when necessary.

At the Board meetings, presentations are made by the Senior Management and CEOs/Business Heads of the Company and its subsidiaries/associate, inter alia, covering the plans, performance, operations, financial performance, risk management, regulatory environment and for other issues and matters which the Board wants to be apprised of on a periodic basis. The Board members interact with the CEOs of respective subsidiary companies for clarifications/information, as and when required.

The Board periodically reviews and takes note of, inter alia, the compliance confirmations in respect of laws and regulations applicable to the Company. The compliance confirmations pertaining to respective subsidiary companies including the summary thereof are also placed before the Board of the Company for its information and noting. Additionally, the annual operating and capital expenditure plans and budgets, unaudited/audited financial results, minutes of the board meetings of the unlisted subsidiaries including the summary of the key decisions taken by their respective boards, significant transactions and arrangements entered into by the unlisted subsidiary companies, risk management update/report, minutes of meetings of the committees of the board, etc. are placed before the Board.

The draft minutes of the Board and Committee meetings are circulated amongst the Directors/Members for their perusal and comments. Suggestions, if any, received from the Directors/Members are suitably incorporated in the draft minutes, in consultation with the Chairman of the Board/Committee. Minutes are generally signed by the Chairman of the Board/Committee at the next meeting.

Report on Corporate Governance (Contd.)

The Company has an effective post meeting follow-up, review and reporting process for implementation of the decisions taken by the Board and the Committees thereof. Important decisions taken at the Board/Committee meetings are communicated to the concerned departments and persons promptly. Status of the decisions/minutes of the previous meetings is placed at the succeeding meetings of the Board/Committee for noting.

The Board periodically reviews the risk assessment and risk management processes. The framework comprises an in-house exercise on risk management review, carried out periodically by the Company, to identify and mitigate various risks faced by the Group including the Company on a day to day basis. A detailed note on risk management process is given in the risk management section of Management Discussion and Analysis report.

E. Meeting of Independent Directors

The Independent Directors met on December 18, 2017 without the presence of the Non-Executive Chairman, the Managing Director and the management team of the Company. The meeting was attended by all the Independent Directors. Unclaimed dividend

Pursuant to the provisions of Section 124 of the Companies Act, 2013 (hereinafter referred to as “the Act”) read with the Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016 (hereinafter referred to as “the IEPF Rules”), the amount of dividend which remains unclaimed or unpaid for a period of seven consecutive years from the date of transfer of such amount to the Unpaid Dividend Account opened in pursuance of sub-section (1) thereof is required to be transferred to the Investor Education and Protection Fund (IEPF) established under Section 125(1) of the Act. Accordingly, the unclaimed dividend in respect of the financial year 2010-11 is due for transfer to the IEPF in August 2018. Members, who have not yet claimed their dividend for the financial year 2010-11 and/or for any subsequent financial years, are requested to immediately claim the same from the Company or its Registrar & Share Transfer Agents.

Additionally, pursuant to Section 124(6) of the Act read with the IEPF Rules, all shares in respect of which the dividend has not been claimed for seven consecutive years or more shall be transferred by the Company in the name of IEPF Authority by way of credit to the Demat Account established by the IEPF Authority for the said purpose. Accordingly, the Company has transferred an aggregate of 11,65,283 equity shares in favour of IEPF authority in November 2017. Pursuant to this requirement, all equity shares in respect of which the dividend has not been claimed for seven consecutive years from the financial year 2010-11, (barring the equity shares that have already been transferred in November 2017) are due to be transferred by the Company in favour of IEPF Authority in August 2018. Any member whose shares are thus transferred to IEPF Authority may claim his/her/ its shares under proviso to Section 124(6) of the Act by following the process given under Rule 7 of the IEPF Rules.

In terms of the relevant IEPF Rules, the Company has uploaded the information in respect of the Unclaimed Dividends for the financial years from 2010-11 to 2015-16 and Interim Dividend for the financial year 2016-17 as on the date of the Thirty Second Annual General Meeting (AGM) held on July 24, 2017, on the website of the IEPF viz., www.iepf.gov.in and also under “Investor Relations” section on the website of the Company viz., www.jmfl.com.

Pursuant to the provisions of Sections 124 and 125 of the Act, the Company has transferred an amount of ₹ 11,46,434, being the unclaimed dividend for the financial year 2009-10 to IEPF on September 21, 2017. The details in respect of the unclaimed dividends for last seven years are as follows:

Periodic fire evacuation drills are conducted at various office locations as well as branches to sensitise employees about fire safety norms and regulations. |
| (c) Casual/Temporary/ Contractual Employees | |
| (d) Employees with Disabilities | |

Safety trainings are conducted for women employees where they are trained on situation reaction and self-defence and are also briefed on legal provisions relevant to their safety.

Various programmes, focussed on providing requisite knowledge and skills to employees, are designed to meet the changing skill requirements of the employees. These training programmes include orientation sessions for new employees, programmes conducted by various skill-enhancing, role specific functional and/or leadership programmes and other management development programmes for mid-level and senior executives. Various sessions including teach-ins and knowledge sharing sessions are organised in-house on a regular basis and employees are encouraged to attend the seminars, conferences and round tables organised by external professional bodies to facilitate skill upgradation of employees handling relevant functions.

Principle 4: Businesses should respect the interests of, and be responsive towards all stakeholders, especially those who are disadvantaged, vulnerable and marginalized

1. Has the company mapped its internal and external stakeholders?

Yes, the Group has mapped its internal and external stakeholders.

The Group engages with investors, employees, clients, business partners and other social organisations, etc., on a regular basis. The process of mapping of stakeholders is an ongoing exercise and is conducted on regular basis.

2. Out of the above, has the company identified the disadvantaged, vulnerable & marginalised stakeholders?

The Group has identified the disadvantaged, vulnerable and marginalised stakeholders through need assessment and engagement with such marginalised communities under its Corporate Social Responsibility initiative/activities.

3. Are there any special initiatives taken by the company to engage with the disadvantaged, marginalised stakeholders?

JM Financial Group endeavours to make a difference in the life of vulnerable, disadvantaged and marginalised communities through its Corporate Social Responsibility initiatives, thus contributing to social well-being.

Further, JM Financial Foundation and Kampani Charitable Trust, the two philanthropic arms of JM Financial Group, on their own and in partnership with several NGOs work in addressing various challenges in the area of education, health and disaster relief. The initiatives undertaken for disadvantaged, vulnerable and marginalised stakeholders are elaborated in Principle 8. Details of the activities of JM Financial Foundation and Kampani Charitable Trust are given under the Corporate Social Responsibility section of Management Discussion and Analysis Report.

Principle 5: Businesses should respect and promote human rights

1. Does the policy of the company on human rights cover only the company or extend to the Group / Joint Ventures/ Suppliers/Contractors/NGOs/Others?

The Group does not have any specific policy on human rights. The Group adheres to all statutes which embody the principles of human rights such as non-discrimination, prevention of child labour, prevention of sexual harassment, equal employment opportunities, etc. The Group is committed to a work environment in which all individuals are treated with fairness, respect and dignity. Persons not directly connected to the Company viz., an outside vendor, consultant, supplier or client also are expected to comply with principles of human rights in all respects.

Business Responsibility Report (Contd.)

2. How many stakeholder complaints have been received in the past financial year and what percent was satisfactorily resolved by the Management?

The Company has not received any stakeholders' complaints on human rights issues during the financial year 2017-18.

Principle 6: Businesses should respect, protect and make efforts to restore the environment

1. Does the policy related to Principle 6 cover only the company or extends to the Group/Joint Ventures/Suppliers/Contractors/NGOs/others.

2. Does the company have strategies/ initiatives to address global environmental issues such as climate change, global warming, etc.? Y/N. If yes, please give hyperlink for webpage etc.

Yes. JM Financial Group strives towards imbibing green sustainable products, processes, policies and practices. We promote cost efficient environment-friendly measures and build awareness and consciousness of our environment among employees. Our offices have been designed such that they are equipped with energy efficient air conditioners, LED lights and other energy conservation measures. We have taken measures to install energy efficient equipment in our offices to reduce the consumption of electricity. To reduce paper consumption, we emphasis the use of alternate communication channels such as email and usage of digital applications. When the prints on paper need to be made, we encourage use of two sided printing. We send any permissible plastics used by the Group for recycling when discarded.

3. Does the company identify and assess potential environmental risks? Y/N

Since JM Financial Group is engaged in offering financial services, the above mentioned question is not applicable to it.

4. Does the company have any project related to Clean Development Mechanism? If so, provide details thereof, in about 50 words or so. Also, if Yes, whether any environmental compliance report is filed?

Since JM Financial Group is engaged in offering financial services, the above mentioned question is not applicable to it.

5. Has the company undertaken any other initiatives on – clean technology, energy efficiency, renewable energy, etc., Y/N. If yes, please give hyperlink for web page etc.

The Group promotes ecological sustainability and green initiatives by use of energy efficient resources. The Group also promotes reducing dependence on paper communication and encourages use of electronic means of communication which serves towards environmental protection and sustainable growth. For this purpose, the Company:

- sends its various notices and documents, including Annual Report, to its shareholders through electronic mode to their registered e-mail addresses. The Company's Annual Report for FY 2016-17 was sent via email to more than 27,000 shareholders.
- has requested shareholders to register their e-mail IDs to get Annual Reports and other communications through email instead of opting in paper mode.
- conducts the Board meetings and Committee meetings through e-Board meeting solution, wherein the agenda papers are circulated through electronic means instead of physical files with agenda printed on paper.
- has provided video conference facilities at most of its offices, thereby facilitating participation in meetings via video conference and avoid commuting and travel. This helps save the fuel on transport as well as time on travel.

The above actions of the Group will contribute towards saving environment by reduction in usage of resources.

The Group continues the practice of installing energy efficient servers, thereby causing reduction in carbon footprint.

6. Are the Emissions/Waste generated by the company within the permissible limits given by CPCB/SPCB for the financial year being reported?

JM Financial Group complies with applicable environmental regulations in respect of its office premises.

7. Number of show cause/legal notices received from CPCB/SPCB which are pending (i.e. not resolved to satisfaction) as on end of Financial Year.

No show cause or legal notices from CPCB/SPCB were received by the Company during the financial year 2017-18.

Principle 7: Businesses, when engaged in influencing people and regulatory policy, should do so in a responsible manner

1. Is your company a member of any trade and chamber or association? If Yes, Name only those major ones that your business deals with:

JM Financial Group is a member of various industry bodies and trade associations such as:

- Confederation of Indian Industry;
- Federation of Indian Chambers of Commerce and Industry;
- Indian Merchant Chambers;
- Bombay Chambers of Commerce and Industry;
- Association of Investment Bankers of India;
- Association of Mutual Funds of India;
- Association of ARCs in India;
- Indian Banks Association.

2. Have you advocated/lobbied through above associations for the advancement or improvement of public good? Yes/No; if yes specify the broad areas (drop box: Governance and Administration, Economic Reforms, Inclusive Development Policies, Energy security, Water, Food Security, Sustainable Business Principles, Others)

Our participation with various associations helps us understand the industry wide issues and thus help contribute

in developing policies that are beneficial to the stakeholders. Various employees including senior management of the Group are members of various committees constituted by regulators and industry bodies.

We support and participate in various discussions and initiatives taken by the government, regulators and the above associations in light of changing business environment for economic development and advancement of financial services industry.

Principle 8: Businesses should support inclusive growth and equitable development

1. Does the company have specified programmes/initiatives/projects in pursuit of the policy related to Principle 8? If yes details thereof.

JM Financial, along with all its relevant subsidiaries has designed and adopted a CSR Policy that provides guidelines on the activities to be undertaken, embodies the Group's CSR philosophy and underlines our objectives for the same. All such activities undertaken by the Group, are in the form of geographically focussed, structured, long-term CSR projects under the Group's CSR approach of 'Integrated Rural Transformation Programme'. As part of the said programme, the Group has undertaken and initiated its focused long-term projects in select areas in the states of Maharashtra, Madhya Pradesh, Bihar, Jharkhand and Gujarat.

In the state of Maharashtra, the Group plans to undertake a long-term, Integrated Village Development intervention in one of the most under-developed blocks of Palghar district, namely Mokhada. The Group plans to determine and implement a structured action plan driving comprehensive development in the aforementioned region.

In the state of Madhya Pradesh, the Group has extended one-time support to the construction of a hostel infrastructure to accommodate 96 students (grades 6 to 9) attending Shri Abhyudayapuram Gurukul school in Ujjain district.

In the state of Bihar, in four far-flung villages of Sikandra block, Jamui district, the Group has set up and functionalized four child-centric pre-school learning

Business Responsibility Report (Contd.)

centers for 100 children (age 3 to 6 years) under Project Bachpan, with the primary objective of addressing children's physiological development and learning needs. We have attempted to address the requirement of sustainable livelihoods generation by way of two CSR projects – Integrated Livelihoods Development Centers (ILDC) and Shri Vardhmann Mahila Griha Udyog. As a flagship extensive intervention, the Group has launched 21 livestock development centers across Chakai, Jhajha and Sikandra blocks of the aforementioned district, to provide 24*7 veterinarian healthcare, cattle management and artificial insemination services to the community in 193 villages. Through these services, the ILDCs are expected to enhance the milk yield of the cattle, thereby leading to augmentation of the income of the cattle owners. By way of the Griha Udyog, we have instituted and operationalized a small-scale, kitchen-based, production unit, whereby 16 women have been mobilized and trained to make and sell khakhras (a healthy Indian snack made of whole-wheat flour). The Group has also planned and initiated an intensive Model Village Development intervention in 13 identified villages of Sikandra block, to bring about inclusive growth and equitable development, by facilitating rights and entitlements, strengthening livelihoods and alternate agriculture, enhancing education, improving water and sanitation and providing holistic healthcare services as five priority intervention areas.

In the arduous terrains of Giridih district of Jharkhand, the Group has taken up initiatives to address community healthcare needs. Within the district, in Dumri block, we work towards enhancing the maternal and child healthcare services provided by the First Referral Unit (FRU) in the region. As an extension of the FRU intervention, we have started a Mobile Health Unit (MHU) that provides door-step preventive and curative OPD services to the community residing in 24 tribal villages of Dumri and Pirtand blocks.

In the state of Gujarat, the Group has initiated Comprehensive Village Development project with identification and planning of structured deliverables in the focus areas of water and sanitation, alternate livelihoods generation, mother and child healthcare and girl child education. This planning forms the premise for the Group to partake in a collective effort through a focused CSR intervention under the Integrated Rural Transformation Programme.

2. Are the programmes/projects undertaken through in-house team/own foundation/external NGO/government structures/any other organization?

The aforementioned projects under the Integrated Rural Transformation Programme are undertaken by JM Financial Foundation and Kampani Charitable Trust – the two philanthropic arms of the JM Financial Group, listed by the CSR Policy and committed to community giving for several decades. Through the two Trusts, the Group partners with civil society organisations and government bodies at the local, district and state levels to work collaboratively on the identified projects. Our employees also participate in the Group's CSR initiatives from time to time and contribute through their value-added skills and expertise.

3. Have you done any impact assessment of your initiative?

Systematic and regular monitoring and evaluation is fundamental to all our CSR projects undertaken in the aforementioned geographies. Each of our interventions are planned and designed on the premise of a Baseline Assessment conducted prior to their initiation. The Group tracks periodic milestones and timely achievement of deliverables by way of reports on project progression, resource utilization and monthly field visits. The aforementioned projects are long-term in nature, designed to bring about tangible, sustainable impact over longer periods of time. Commensurate with this design, the Group envisions external and internal impact assessments being undertaken at a pre-decided stage of project progression/maturity, to enable objective deliberations on the project outcomes and requisite refinements.

4. What is your company's direct contribution to community development projects- Amount in INR and the details of the projects undertaken?

JM Financial Group through its various entities has spent by way of contribution an amount of ₹ 15.65 Crore for the financial year 2017-18 towards corporate social responsibility related activities.

The Company on standalone basis has spent by way of contribution an amount of ₹ 0.12 Crore for the financial year 2017-18 towards corporate social responsibility related activities.

5. **Have you taken steps to ensure that this community development initiative is successfully adopted by the community? Please explain in 50 words, or so.**

All our projects are designed basis pressing needs felt by the community, taking into account, their resources, capabilities and capacities. Central to the implementation of our interventions is an ongoing effort at building upon the community's existing and foreseeable potential, in line with an exit strategy and sustainability plan.

Principle 9: Businesses should engage with and provide value to their customers and consumers in a responsible manner

1. **What percentage of customer complaints/consumer cases are pending as on the end of financial year.**

There is no customer complaint pending against the Company as on March 31, 2018.

2. **Does the company display product information on the product label, over and above what is mandated as per local laws? Yes/No/N.A./Remarks (additional information)**

Since JM Financial Group is engaged in offering financial services, the above question is not applicable to it. However, all necessary disclosure requirements relating to the services offered by the Group are complied with.

3. **Is there any case filed by any stakeholder against the company regarding unfair trade practices, irresponsible advertising and/or anti-competitive behaviour during the last five years and pending as on end of financial year. If so, provide details thereof, in about 50 words or so.**

No cases have been filed by any stakeholders against the Company regarding unfair trade practices, irresponsible advertising and/or anti-competitive behaviour during the last five years and pending as on the end of financial year 2017-18.

4. **Did your company carry out any consumer survey/ consumer satisfaction trends?**

The Company has not carried out any formal consumer survey to map consumer satisfaction. However, the Group always puts the interest of clients before its own interest. The Group understands its client needs, seek new opportunities for them, address them and deliver unique solutions as per their expectations. The Group promotes its products in ways that do not mislead the clients.

Independent Auditors' Report

To The Members of JM FINANCIAL LIMITED Report on the Standalone Financial Statements

We have audited the accompanying standalone financial statements of JM Financial Limited (the "Company"), which comprise the Balance Sheet as at 31st March, 2018, the Statement of Profit and Loss and the Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 (the "Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the Accounting Standards prescribed under Section 133 of the Act read with the Companies (Accounting Standards) Rules, 2006, as amended ("Accounting Standards"), and other accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these standalone financial statements based on our audit.

In conducting our audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder and the Order issued under Section 143(11) of the Act.

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we

comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the standalone financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the standalone financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the standalone financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the standalone financial statements.

We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the Accounting Standards and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2018, and its profit and its cash flows for the year ended on that date.

Independent Auditors' Report (Contd.)

ANNEXURE "A" TO THE INDEPENDENT AUDITORS' REPORT

(Referred to in paragraph 1(f) under "Report on Other Legal and Regulatory Requirements" section of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Act.

We have audited the internal financial controls over financial reporting of JM Financial Limited (the "Company") as of 31st March, 2018 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the 'Guidance Note') issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness

exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors' judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2018, based on the internal control over financial reporting

criteria established by the Company considering the essential components of internal control stated in the Guidance Note.

Significant Accounting Policies

and notes to the Financial Statements

1. Significant accounting policies

1.1 Basis of preparation of financial statements

The financial statements of the Company have been prepared on accrual basis under the historical cost convention and in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP) to comply with the Accounting Standards prescribed under Section 133 of the Companies Act, 2013 (the "Act") and the relevant provisions of the Act.

1.2 Use of estimates

The preparation of financial statements is in conformity with Indian GAAP, which requires the Management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported amounts of revenues and expenses during the year. The Management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known/materialise.

1.3 Revenue recognition

Revenue is recognised when it is earned and no significant uncertainty exists as to its realisation or collection.

Revenues from Investment Banking Services mainly includes lead manager's fee, selling commission, underwriting commission, fees for mergers, acquisitions and advisory assignments and arranger's fees for mobilising debt funds. Income is recognised net of taxes. Revenues are considered as earned and recorded when services for the transactions are determined to be completed or when specific obligations are determined to be fulfilled as set forth under the terms of the engagement.

Interest income on fixed deposit is recognised on time proportion basis.

Dividend income is recognised when the right to receive the same is established.

1.4 Fixed assets

Tangible assets

Property, plant and equipment are stated at original cost of acquisition less accumulated depreciation and impairment

losses. Cost comprises of all costs incurred to bring the assets to their present location and working condition.

Depreciation on Property, plant and equipment is provided on the straight-line method as per the useful life prescribed in Schedule II to the Act.

Intangible assets

Intangible fixed assets are stated at cost of acquisition or internal generation, less accumulated amortisation and impairment losses. An intangible asset is recognised, where it is probable that the future economic benefits attributable to the assets will flow to the enterprise and where its cost can be reliably measured. The depreciable amount of the intangible assets is allocated over the best estimate of its useful life on a straight-line basis.

The Company capitalises software and related implementation costs where it is reasonably estimated that the software has an enduring useful life. Software is depreciated over management estimate of its useful life not exceeding 5 years.

Leased assets

Assets acquired under finance lease are capitalised at the inception of lease at the fair value of the assets or present value of minimum lease payments whichever is lower. These assets are fully depreciated on a straight-line basis over the lease term or its useful life whichever is shorter.

1.5 Impairment of assets

The carrying values of assets/cash generating units at each balance sheet date are reviewed for impairment if any indication of impairment exists. If the carrying amount of the assets exceed the estimated recoverable amount, an impairment is recognised as an expense for such excess amount in the statement of profit and loss. The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor.

1.6 Investments

Long-term investments are carried individually at cost less provision for diminution, other than temporary, in the value of such investments. Current investments are carried individually, at the lower of cost and fair value. Cost of

investments include acquisition charges such as brokerage, fees and duties.

1.7 Employee benefits

Defined contribution plan

The Company's contribution to provident fund and employee state insurance scheme are considered as defined contribution plans and are charged as an expense based on the amount of contribution required to be made and when services are rendered by the employees.

Defined benefit plan

The Company's liability under the Payment of Gratuity Act, 1972 are determined on the basis of actuarial valuation made at the end of each financial year using the projected unit credit method. Actuarial gains and losses are recognised in the statement of profit and loss as income or expense in the period in which they occur.

Short term employee benefits

Short term employee benefits are recognised as expense at the undiscounted amount in the statement of profit and loss for the year in which the related services are rendered.

1.8 Operating leases

Leases, where significant portion of risk and reward of ownership are retained by the lessor, are classified as operating leases and lease rentals thereon are charged to the statement of profit and loss.

1.9 Employee stock option scheme

The stock options granted are accounted for as per the accounting treatment prescribed by the Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014 whereby the intrinsic value of the option is recognised as deferred employee compensation. The deferred employee compensation is charged to the statement of profit and loss over the period of vesting. The employee stock option outstanding account, net of any unamortised deferred employee compensation, is shown separately as part of Reserves.

1.10 Foreign currency transactions

Transactions in foreign currency are recorded at rates of exchange prevailing on the date of transaction. Foreign currency monetary items are reported using closing rate of exchange at the end of the year. The resulting exchange

gain/loss is reflected in the statement of profit and loss. Other non-monetary items, like fixed assets, investments in equity shares, are carried in terms of historical cost using the exchange rate at the date of transaction.

1.11 Borrowing costs

Borrowing costs that are attributable to the acquisition, construction or production of qualifying assets are capitalised as a part of costs of such assets. A qualifying asset is one that necessarily takes a substantial period of time to get ready for its intended use. All other borrowing costs are charged to revenue.

1.12 Earnings per share

Basic earnings per share is computed by dividing the profit/(loss) after tax by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit/(loss) after tax by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares. Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date. The dilutive potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value (i.e. average market value of the outstanding shares). Dilutive potential equity shares are determined independently for each period presented.

1.13 Taxation

Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with the applicable tax rates and the provisions of the Income Tax Act, 1961 and other applicable tax laws.

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax. Accordingly, MAT is recognised as an asset in the Balance Sheet when it is highly probable that future economic benefit associated with it will flow to the Company.

Significant Accounting Policies (Contd.)

and notes to the Financial Statements

Deferred tax is recognised on timing differences, being the differences between the taxable income and the accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted as at the reporting date. Deferred tax liabilities are recognised for all timing differences. Deferred tax assets are recognised for timing differences of items other than unabsorbed depreciation and carry forward losses only to the extent that reasonable certainty exists that sufficient future taxable income will be available against which these can be realised. However, if there are unabsorbed depreciation and carry forward of losses and items relating to capital losses, deferred tax assets are recognised only if there is virtual certainty supported by convincing evidence that there will be sufficient future taxable income available to realise the assets. Deferred tax assets are reviewed at each balance sheet date for their realisability.

1.14 Cash flow statement

The Cash Flow Statement is prepared by the indirect method set out in Accounting Standard 3 on Cash Flow Statements and presents the cash flows by operating, investing and financing activities of the Company. Cash and

cash equivalents presented in Cash Flow Statement consist of cash on hand and unencumbered bank balances.

1.15 Cash and cash equivalents (for purposes of Cash Flow Statement)

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

1.16 Provisions, contingent liabilities and contingent assets

A provision is recognised when the Company has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions (excluding retirement benefits) are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates. Contingent liabilities are disclosed in the Notes. Contingent assets are not recognised in the financial statements.

Uncalled liability on account of commitment to subscribe to investment is ₹ 285.00 lakh (previous year Nil).

2.27 Employee Stock Option Scheme (ESOS)

The Employee Stock Option Scheme ('the Scheme') provides for grant of stock options to the eligible employees and/or directors ("the Employees") of the Company and/or its subsidiaries. The Stock Options are granted at an exercise price, which is either equal to the fair market price or at a premium, or at a discount to market price as may be determined by the Nomination and Remuneration Committee of the Board of the Company.

During the financial year 2017-18, the Nomination and Remuneration Committee has granted 23,19,636 options under Series 10 (previous year 12,55,515 options-Series 9) at an exercise price of ₹ 1/- per option to the Employees, that will vest in a graded manner and which can be exercised within a specified period.

The details of options are as under:

Particulars	For the year ended	
	March 31, 2018	March 31, 2017
Outstanding at the beginning of the year	60,67,294	1,04,61,226
Add: Granted during the year	23,19,636	12,55,515

Outstanding at end of year	49,99,654	60,67,294
Exercisable at end of year	15,18,763	25,99,203

The Company follows intrinsic value based method of accounting for determining compensation cost for its stock-based compensation scheme.

Notes (Contd.)

to the Financial Statements

The estimated fair value of each stock options granted during the current year and previous year is mentioned in the table below. The fair value has been calculated by applying Black-Scholes-Merton model as valued by an independent valuer. The model inputs the share price at respective grant dates, exercise price of ₹1/-, volatility of 49.19% (previous year 51.38%), dividend yield of 1.49% (previous year 3.55%), Life of options 4.5 years (previous year 7 years), and a risk-free interest rate of 6.96% (previous year 7.80%).

Details of options granted during the current and previous financial year based on the graded vesting and fair value of the options are as under:

% of Options to be vested	No. of options granted		Vesting date		Fair value per option (₹)	
	Current year	Previous year	Current Year	Previous year	Current year	Previous year
33.33%	7,73,212	4,18,505	April 20, 2018	May 12, 2017	96.57	32.33

	23,19,636	12,55,515				

Based on the valuation report applying Black-Scholes-Merton model, the expense arising from stock option scheme on the basis of fair value method of accounting is ₹ 143.16 lakh (previous year Nil). Had the compensation been determined using the fair value method instead of intrinsic value, the Company's net profit would have been reduced by ₹ 46.85 lakh (previous year Nil) and accordingly basic and diluted earnings per share as reported would have been adjusted after giving effect to the stock-based employee compensation amount as under:

Independent Auditors' Report

TO THE MEMBERS OF JM FINANCIAL LIMITED

Report on the Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of JM Financial Limited (hereinafter referred to as the "Holding Company") and its subsidiaries (the Holding Company and its subsidiaries together referred to as the "Group") which includes the Group's share of profit in its associate, comprising of the Consolidated Balance Sheet as at 31st March, 2018, the Consolidated Statement of Profit and Loss, the Consolidated Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements")

Management's Responsibility for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation of these consolidated financial statements in terms of the requirements of the Companies Act, 2013 (hereinafter referred to as the "Act") that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group including its Associate in accordance with the Accounting Standards prescribed under Section 133 of the Act read with the Companies (Accounting Standards) Rules, 2006, as amended ("Accounting Standards"), and other accounting principles generally accepted in India. The respective Board of Directors of the companies included in the Group and of its associate are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and its associate and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. In conducting our audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are

required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their reports referred to in sub-paragraphs (a) and (b) of the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of reports of other auditors on separate financial statements of the subsidiaries and associate referred to in the Other Matters paragraph below, the aforesaid consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the Accounting Standards and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at 31st March, 2018, and their consolidated profit and their consolidated cash flows for the year ended on that date.

Other Matter

We did not audit the financial statements of ten subsidiaries whose financial statements reflect total assets of Rs. 2,559.35 crore as at 31st March, 2018, total revenues of Rs. 844.19 crore and net cash (outflows) amounting to Rs. (43.42) crore for the

year ended on that date, as considered in the consolidated financial statements. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, and our report in terms of subsection (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries, is based solely on the reports of the other auditors.

Our opinion on the consolidated financial statements above and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matter with respect to our reliance on the work done and the reports of the other auditors.

Report on Other Legal and Regulatory Requirements

As required by Section 143(3) of the Act, based on our audit and on the consideration of the report of the other auditors on separate financial statements and the other financial information of subsidiaries and associate, referred in the Other Matter paragraph above we report, to the extent applicable, that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
- (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books, returns and the reports of the other auditors.
- (c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss, and the Consolidated Cash Flow Statement dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
- (d) In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards prescribed under Section 133 of the Act.
- (e) On the basis of the written representations received from the directors of the Holding Company and taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of its subsidiary companies and associate company incorporated in India, none of the

directors of the Group companies and its associate company incorporated in India is disqualified as on 31st March, 2018 from being appointed as a director in terms of Section 164 (2) of the Act.

- (f) With respect to the adequacy of the internal financial controls over financial reporting and the operating effectiveness of such controls, refer to our separate Report in "Annexure A", which is based on the auditors' reports of the Holding company, subsidiary companies and associate company incorporated in India. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the internal financial controls over financial reporting of those companies, for the reasons stated therein.
- (g) With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group and its associate (Refer note 2.28 to the financial statements).
 - ii. The Group and its associate did not have any material foreseeable losses on long-term contracts including derivative contracts as at 31st March, 2018.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company and its subsidiary companies and associate company incorporated in India.

Independent Auditors' Report (Contd.)

ANNEXURE "A" TO THE INDEPENDENT AUDITORS' REPORT

(Referred to in paragraph (f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Act

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended 31st March, 2018, we have audited the internal financial controls over financial reporting of JM Financial Limited (hereinafter referred to as the "Holding Company") and its subsidiary companies which includes internal financial controls over financial reporting of its associate, which are companies incorporated in India, as of that date, as applicable.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding Company, its subsidiary companies and its associate, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the respective Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Holding Company, its subsidiary companies and its associate, which are companies incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal

financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors' judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors of the subsidiary companies and associate, which are companies incorporated in India, in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Holding Company, its subsidiary companies and its associate, which are companies incorporated in India.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised

acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion to the best of our information and according to the explanations given to us and based on the consideration of the other auditors referred to in the Other Matters paragraph below, the Holding Company, its subsidiary companies and its associate, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as

at 31st March, 2018, based on the internal control over financial reporting criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note.

Other Matter

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting insofar as it relates to six subsidiary companies, which are companies incorporated in India, is based solely on the corresponding reports of the auditors of such companies incorporated in India.

Our opinion is not modified in respect of the above matter.

Significant Accounting Policies

and notes to the Consolidated Financial Statements

1. Significant accounting policies

1.1 Basis of preparation of financial statements

The Consolidated Financial Statements (CFS) comprises the financial statements of JM Financial Limited (“the Company”) and its subsidiary/associate companies and partnership firm (hereinafter referred to as “Group companies” and together as “Group”). The financial statements of the Group have been prepared on accrual basis under the historical cost convention and in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP) to comply with the Accounting Standards specified under Section 133 of the Companies Act, 2013 (“the Act”) and the relevant provisions of the Act.

1.2 Use of estimates

The preparation of financial statements is in conformity with Indian GAAP which requires the management to make estimates and assumptions that affect the reported amounts of assets and liabilities (including disclosures of contingent liabilities) as at the date of the financial statements and the reported amounts of income and expenses during the year. The Management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Actual results could differ from those estimates and differences between actual results and estimates are recognised in the periods in which the results are known/ materialise.

1.3 Principles of consolidation

The financial statements of the Company and its subsidiaries have been combined on a line-by-line basis by adding together similar items of assets, liabilities, income and expenses and after eliminating intra-group balances and transactions in accordance with Accounting Standard (AS) 21 - “Consolidated Financial Statements”.

Investments in associate companies which have been accounted under the equity method as per AS 23 - “Accounting for Investments in Associates in Consolidated Financial Statements”.

The difference between the cost of investment in the subsidiaries, over the net assets at the time of acquisition of shares in the subsidiaries is recognised in the financial statements as Goodwill or Capital Reserve, as the case may be.

The difference between the proceeds from disposal of investment in subsidiaries and the carrying amount of its assets less liabilities as of the date of disposal is recognised in the consolidated statement of Profit and Loss being the profit or loss on disposal of investment in subsidiary.

The net profit of the subsidiaries for the year attributable to the share of minority interest is identified and adjusted against the income in the CFS in order to arrive at the net income attributable to the interest of shareholders of the Company. Similarly, the amount attributable to the share of minority interest in net assets of consolidated subsidiaries is identified and presented in the CFS, as part of shareholders’ fund.

1.4 Revenue recognition

Revenue is recognised at the point when there is reasonable certainty of its ultimate realisation/collection.

Revenue from Investment Banking business, which mainly includes the lead manager’s fees, selling commission, underwriting commission, fees for mergers, acquisitions & advisory assignments and arrangers’ fees for mobilising funds is recognised when services for the transactions are determined to be completed or when specific obligations are determined to be fulfilled as set forth under the terms of engagement.

Management fee is recognised at specific rates agreed for the relevant schemes applied on the daily net assets of each scheme under the asset management segment.

Brokerage income for executing clients’ transactions in the secondary market in ‘Cash’ and ‘Futures and Options’ segments are recognised on the trade date.

Fees earned from primary market operations, i.e., procuring subscription from investors for public offerings of companies are recorded on determination of the amount due, once the allotment of securities is completed. Brokerage earned for mobilising bonds, fixed deposits for companies and funds for mutual funds from investors is recorded on monthly, quarterly or annual basis as set forth in terms of the engagement.

Income from structured products including processing fees, income from depository participant business and income

from portfolio management services are recognised when the services are determined to be completed.

Income from bonds and debentures of corporate bodies and from Government securities/bonds are accounted on accrual basis.

Dividend income is recognised when the right to receive the dividend is established.

Interest income is recognised on accrual basis except in case of non-performing assets where interest is accounted on realisation. Interest on restructuring under the asset reconstruction business is accrued as per contract, net of the proportionate share of expenses incurred and management fees charged in the trust.

Processing fees received from customers under lending business is recognised as income on receipt basis.

Management fee under the asset reconstruction business from trusts / borrowers is accrued as per terms of the relevant trust deed / offer document / contract. Unrealised management fees would be reversed/ provided in earlier of the following situations based on RBI guidelines:

- If the management fees remain unrealised for more than 180 days from the end of the planning period, wherever applicable or 180 days from the date of recognition in case of trusts where the planning period is over, or
- NAV of the SRs of the trust fall below 50% of face value.

1.5 Fixed Assets

Tangible assets

Property, plant and equipment are stated at original cost of acquisition less accumulated depreciation and impairment losses. Cost comprises all costs incurred to bring the assets to their present location and working condition.

Depreciation on property, plant and equipment has been provided on the straight-line method as per the useful life prescribed in Schedule II to the Act.

Leasehold building and leasehold improvements are amortised as per the following:

Assets	Useful Life
Leasehold building	60 years or lease period whichever is lower
Leasehold improvements	10 years or lease period whichever is lower

Intangible assets

Intangible fixed assets are stated at cost of acquisition or internal generation, less accumulated amortisation and impairment losses. An intangible asset is recognised, where it is probable that the future economic benefits attributable to the assets will flow to the enterprise and where its cost can be reliably measured. The depreciable amount of the intangible assets is allocated over the best estimate of its useful life on a straight line basis.

The Group capitalises software and related implementation costs where it is reasonably estimated that the software has an enduring useful life. Software is depreciated over management estimate of its useful life not exceeding 5 years.

Leased assets

Assets acquired under finance lease are capitalised at the inception of lease at the fair value of the assets or present value of minimum lease payments whichever is lower. These assets are fully depreciated on a straight line basis over the lease term or its useful life whichever is shorter.

1.6 Impairment of assets

The carrying values of assets / cash generating units at each balance sheet date are reviewed for impairment in case any indication of impairment exists. If the carrying amount of the assets exceed the estimated recoverable amount, an impairment is recognised as an expense for such excess amount in the Statement of Profit and Loss. The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor.

1.7 Investments

Long-term investments are carried individually at cost less provision for diminution, other than temporary, in the value of such investments. Current investments are carried individually, at the lower of cost and fair value. Cost of investments include acquisition charges such as brokerage, fees and duties.

Significant Accounting Policies (Contd.)

and notes to the Consolidated Financial Statements

Investments in Security Receipts (SRs) are classified as available for sale under current assets. They are valued at lower of cost and realisable value. Latest Net Asset Value (NAV) as declared by independent rating agencies is considered to be realisable value of these investments. In case where NAV is not declared within one year from acquisition of assets or finalization of resolution strategy, whichever is earlier, cost of SRs is considered as realizable value. All these investments are aggregated for the purpose of arriving at net depreciation/appreciation of investments under the category. Net depreciation, if any shall be provided for and Net appreciation, if any, shall be ignored. In respect of SRs in trusts which have exceeded 5 years, provision is being made for specific cases equally till the completion of 8 years as per internal assessment in accordance with the provisioning policy for such SRs. Outstanding value of investments in trusts exceeding eight years have been written off as per RBI guidelines.

1.8 Securities held as a result of underwriting/stock-in-trade

The securities are valued at lower of cost or market value. Any reduction in the carrying amount of securities and any reversals of such reductions are charged or credited to the statement of profit and loss.

1.9 Employee benefits

Defined contribution plan

The Group's contribution to provident fund and employee state insurance scheme are considered as defined contribution plans and are charged as an expense based on the amount of contribution required to be made and when services are rendered by the employees.

Defined benefit plan

The Group's liabilities under the Payment of Gratuity Act, 1972 are determined on the basis of actuarial valuation made at the end of each financial year using the projected unit credit method. Actuarial gains and losses are recognised in the statement of profit and loss as income or expense in the period in which they occur.

Short-term employee benefits

Short-term employee benefits are recognised as expense at the undiscounted amount in the statement of profit and loss for the year in which the related services are rendered.

1.10 Taxation

Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with the applicable tax rates and the provisions of the Income Tax Act, 1961 and other applicable tax laws.

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Group will pay normal income tax. Accordingly, MAT is recognised as an asset in the Balance Sheet when it is highly probable that future economic benefit associated with it will flow to the Group.

Deferred tax is recognised on timing differences, being the differences between the taxable income and the accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted as at the reporting date. Deferred tax liabilities are recognised for all timing differences. Deferred tax assets are recognised for timing differences of items other than unabsorbed depreciation and carry forward losses only to the extent that reasonable certainty exists that sufficient future taxable income will be available against which these can be realised. However, if there are unabsorbed depreciation and carry forward losses and items relating to capital losses, deferred tax assets are recognised only if there is virtual certainty supported by convincing evidence that there will be sufficient future taxable income available to realise the assets.

At each balance sheet date, the Group re-assesses unrecognised deferred tax assets. It recognises unrecognised deferred tax assets to the extent that it has become reasonably or virtually certain, as the case may be, that sufficient future taxable income will be available against which such deferred tax assets can be realised. Any such write-down is reversed to the extent that it becomes reasonably or virtually certain, as the case may be, that sufficient future taxable income will be available.

1.11 Arbitrage activities

In the course of its arbitrage activities, the Group enters into transactions in the Cash-Future Arbitrage and the Index Arbitrage.

The Group has adopted the recognition and measurement principles enunciated in AS 30 – “Financial Instruments: Recognition & Measurement” to the extent it is not inconsistent with the Accounting Standards’ specified under Section 133 of the Act for the arbitrage transactions of the Group, encompassing purchase of equity shares in the cash market and selling the same in the futures market, selling of equity shares borrowed under Securities Lending and Borrowing Segment and buying the same in futures market and sale/purchase of Nifty futures, sale/purchase of equity futures of Nifty stocks, sale/purchase of Nifty/ equity stock options, etc. These are considered to be part of a portfolio of identified financial instruments that are managed as part of that group and are acquired principally for the purpose of selling/repurchasing in the near term, and hence these are treated as financial assets ‘held for trading’. Accordingly, if the net difference is a loss (being an unrealised loss), provision is made for the same in the statement of profit and loss and if the net difference is a gain (being an unrealised gain), credit is not taken for the same on the principle of prudence.

1.12 Borrowing costs

Borrowing costs that are attributable to the acquisition or construction of qualifying assets are capitalised as part of the cost of such assets. A qualifying asset is one that necessarily takes a substantial period of time to get ready for its intended use. All other borrowing costs are charged to the statement of profit and loss.

1.13 Operating leases

Leases, where significant portion of risk and reward of ownership retained by the lessor, are classified as operating leases and lease rentals thereon are charged to the statement of profit and loss.

1.14 Employee stock option scheme

The stock options granted are accounted for as per the accounting treatment prescribed by the Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014 whereby the intrinsic value of the option is recognised as deferred employee compensation. The deferred employee compensation is charged to the statement of profit and loss over the period of vesting. The employee stock option outstanding account, net of any unamortised deferred employee compensation, is shown

separately as part of Reserves.

1.15 Foreign subsidiaries

The operations of foreign subsidiaries are considered as non-integral and have been converted in ₹ in the following manner:

Revenue and expenses: At the average exchange rate during the year.

All assets and liabilities: At the exchange rate prevailing at the end of the year.

The resultant translation exchange difference are transferred to currency translation reserve.

1.16 Foreign currency transactions

Transactions in foreign currency are recorded at rates of exchange prevailing on the date of transaction. Foreign currency monetary items are reported using closing rate of exchange at the end of the year. The resulting exchange gain/loss is reflected in the statement of profit and loss. Other non-monetary items, like fixed assets, investments in equity shares, are carried in terms of historical cost using the exchange rate at the date of transaction.

1.17 Earnings per share

Basic earnings per share is computed by dividing the profit/(loss) after tax by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit/(loss) after tax by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares. Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date. The dilutive potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value (i.e. average market value of the outstanding shares). Dilutive potential equity shares are determined independently for each period presented.

Significant Accounting Policies (Contd.)

and notes to the Consolidated Financial Statements

1.18 Segment reporting

The Group identifies primary segments based on the dominant source, nature of risks and returns and the internal organisation and management structure. The operating segments are the segments for which separate financial information is available and for which operating profit/loss amounts are evaluated regularly by the Management in deciding how to allocate resources and in assessing performance.

The accounting policies adopted for segment reporting are in line with the accounting policies of the Group. Segment revenue, segment expenses, segment assets and segment liabilities have been identified to segments on the basis of their relationship to the operating activities of the segment.

Inter-segment revenue is accounted on the basis of transactions which are primarily determined based on market / fair value factors.

Revenue, expenses, assets and liabilities which relate to the Group as a whole and are not allocable to segments on reasonable basis have been included under "unallocated revenue / expenses / assets / liabilities".

1.19 Cash flow statement

The Cash flow Statement is prepared by the indirect method set out in Accounting Standard 3 on Cash Flow Statements

and presents the cash flows by operating, investing and financing activities of the Group. Cash and cash equivalents presented in Cash Flow Statement consist of cash on hand and unencumbered bank balances.

1.20 Cash and cash equivalents (for purposes of Cash Flow Statement)

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

1.21 Provisions, contingent liabilities and contingent assets

Provisions are recognised when there is a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions (excluding retirement benefits) are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates. Contingent liabilities are disclosed in the Notes. Contingent assets are not recognised in the financial statements.

2.30 Employee Stock Option Scheme (ESOS)

The Employee Stock Option Scheme ('the Scheme') provides for grant of stock options to the eligible employees and/or directors ("the Employees") of the Company and/or its subsidiaries. The Stock Options are granted at an exercise price, which is either equal to the fair market price or at a premium, or at a discount to market price as may be determined by the Nomination and Remuneration Committee of the Board of the Company.

Notes (Contd.)

to the Consolidated Financial Statements

During the financial year 2017-18, the Nomination and Remuneration Committee has granted 23,19,636 options under Series 10 (previous year 12,55,515 options-Series 9) at an exercise price of ₹1/- per option to the Employees, that will vest in a graded manner and which can be exercised within a specified period.

The details of options are as under:

Particulars	For the year ended March 31, 2018	For the year ended March 31, 2017
Outstanding at the beginning of the year	60,67,294	1,04,61,226
Add: Granted during the year	23,19,636	12,55,515
Less: Exercised and shares allotted during the year	32,24,438	55,39,478
Less: Exercised but pending allotment	33,757	8,000
Less: Forfeited/cancelled during the year	Nil	Nil
Less: Lapsed during the year	1,29,081	1,01,969
Outstanding at end of year	49,99,654	60,67,294
Exercisable at end of year	15,18,763	25,99,203

The Group follows intrinsic value based method of accounting for determining compensation cost for its stock-based compensation scheme.

The estimated fair value of each stock options granted during the current year and previous year is mentioned in the table below. The fair value has been calculated by applying Black-Scholes-Merton model as valued by an independent valuer. The model inputs the share price at respective grant dates, exercise price of ₹ 1/-, volatility of 49.19% (previous year 51.38%), dividend yield of 1.49% (previous year 3.55%), Life of options 4.5 years (previous year 7 years), and a risk-free interest rate of 6.96% (previous year: 7.80%).

Details of options granted during the current and previous financial year based on the graded vesting and fair value of the options are as under:

% of Options to be vested	No. of options granted		Vesting date		Fair value per option (₹)	
	Current year	Previous year	Current Year	Previous year	Current year	Previous year
33.33%	7,73,212	4,18,505	April 20, 2018	May 12, 2017	96.57	32.33

	23,19,636	12,55,515				

Based on the valuation report applying Black-Scholes-Merton model, the expense arising from stock option scheme on the basis of fair value method of accounting is ₹14.04 Crore (previous year ₹4.33 Crore). Had the compensation been determined using the fair value method instead of intrinsic value, the Company's net profit would have been reduced by ₹2.89 Crore (previous year higher by ₹2.78 Crore) and accordingly basic and diluted earnings per share as reported would have been adjusted after giving effect to the stock-based employee compensation amounts as under:
