Market Scenario and Outlook

The market is expected to grow significantly in the coming years, with forecasts projecting strong CAGR growth, making India a key manufacturing hub for high-quality optical fiber and a growing consumer of its advanced infrastructure.

The outlook for optical fiber in India is highly positive and rapidly growing, driven by the amended Bharatnet Program for connecting Gram Panchayats & villages, widespread adoption of 5G, the expansion of Fiber-to-the-Home (FTTH) services, and strong government initiatives like Digital India and Smart Cities Mission.

India's digital terrain is changing at a rapid speed. There are more than 969 million internet users in India. Widespread smartphone use, the rising popularity of online services such as streaming, e-commerce, and remote work all help to drive this explosion. As a result, India's digital infrastructure must include optical fiber since the need for fast internet / intranet.

Top Impacting Opportunities/Drivers:

Government initiative: Optical fiber demand is being raised in great part by government projects as BharatNet and the Smart Cities Mission. BharatNet connects approximately 2.50 lakh Gram Panchayats using optical fiber to close the urban-rural digital divide, therefore offering high-speed broadband to rural areas. There is a huge requirement of optical fiber cable more than 5 lakhs kms.

Implementation of 5G: The rollout of 5G technology requires substantial investment in fiber optic networks to handle increased data traffic and deliver high-speed, low-latency services. Fiber optic networks play a crucial role in 5G networks by providing high-capacity backhaul connections. They ensure fast and reliable data transmission between cell towers and core network infrastructure, thus supporting the high-speed wireless connectivity promised by 5G technology. Telecom leaders are relying on fiber optic cable to fulfill the extensive demand for 5G connectivity.

Fiber to the Home (FTTH) connectivity: FTTH is a popular integrated communication technology that uses fiber optic technology to enable faster and more effective communication. The technology connects homes to the operator through optic fiber wires. It is the most advanced technology for building the next generation of communication networks. For instance, Broadband connections are used by more than 944 million customers.

Technological advancements in the fiber optic cable technology: With ongoing technological development, the optical fiber market in India seems to have bright future.

TAMILNADU TELECOMMUNICATIONS LIMITED

Companies are looking at novel materials and approaches to improve optical fiber endurance and efficiency to transport ultra-high speed data.

Increased Investments: Significant investments are being made by both public and private sectors in building and expanding optical fiber network infrastructure.

Independent Auditor's Report

Clarification on Auditors observations is given below:

Basis for Adverse Opinion

- 1) We draw attention to Note 1(II)(a) Significant Accounting Policies & 31 which describes that the Company's financial statements have been prepared using the going concern assumption of accounting. However, the Company's accumulated losses of Rs.2,35,78,744 hundreds (including other Comprehensive Income) (Previous year Rs. 2,20,02,137 hundreds) has eroded the Net Worth of the Company, indicating the existence of material uncertainty that cast doubt about the Company's ability to continue as a Going Concern. The Company has not operated its factory since 2017, and no sales effected for more than five years. Further, as represented by the company, the machinery would involve major overhauling cost to resume operations, and the company is also unable to obtain support for supply of major raw material required for manufacture from its supplier. Also, the company has not bagged any new orders to substantiate the going concern assumption. Though the company had received a bid for granting of lease of the manufacturing facilities and factory premises, and issued Letter of Award to the lessee, the lessee had not taken over the premises and the lease income has not generated yet. Hence, considering the cumulative effect of the factors detailed above, we conclude that the Going Concern

assumption of the management in preparation of financial statements is not appropriate.

Small and Medium Enterprises Development Act, 2006.
Our opinion is not modified in respect of this matter.

- 2) In the view of the significant losses, which have been incurred by the company during the previous financial years, the carrying amount of fixed assets needs to be tested for impairment. The management has not done impairment testing and in absence of any information we are unable to comment as to whether any provision for impairment is required or not.
- 3) The following financial liability /assets referred to in the respective note of standalone financial statements, has been stated at historical cost only, irrespective of the fair value of the same, which is departure from requirement of Ind AS 113 (Fair Value Measurement) and Ind AS 109 (Financial Instruments):
 - a. Amounts due to M/s. Fujikura Limited amounting to Rs.2,10,061 hundreds (Previous Year Rs.2,07,991) (In hundreds) (Note No 16)
 - b. Trade Receivables (considered good) amounting to Rs.4,67,708 hundreds (Previous Year Rs.4,67,200) (In hundreds) (Note No 5)
 - c. Unsecured Trade payables amounting to Rs.3,67,050 hundreds (Previous Year Rs.3,60,457) (In hundreds) (Note No 15)
 - d. Short Term and Long-Term Borrowings due to Telecommunications Consultants India Ltd (Parent Company) of Rs. 33,90,692 hundreds (Previous Year Rs.32,51,640 hundreds) (Note No 12 & 14).

Emphasis of Matter

- 1) We draw attention to Note No. 48 of the other explanatory notes to the financial statements which states the reason for non-recognition of amounts due to the holding Company viz., Telecommunications Consultants India Limited amounting to Rs.1,70,22,370 hundreds (Previous Year – Rs.1,57,85,738 hundreds) at Fair Value in accordance with Ind AS 109. Our opinion is not modified in respect of this matter.
- 2) Attention is invited to Note Nos. 5, 7, 9, 15, 16 & 17 of the notes to financial statements, where the balances carried in the Trade receivables, Other Financial Assets, Other Current assets, Trade payables, Other Financial liabilities, and Other Current Liabilities are subject to confirmation from all parties (other than Telecommunications Consultants India Limited) as stated in Note No. 29. Our opinion is not modified in respect of this matter.
- 3) Attention is invited to Note No. 45 of the other explanatory notes to the financial statements which states that the Company has not received information from vendors regarding their status under the Micro,

Company's Reply to Basis of Adverse Opinion Para 1 of Going Concern Assumption.

The accounts of TTL are drawn up on the basis of going concern concept since the company and the promoters of the company are taking various efforts for revival of TTL.

One of the proposals is monetization of TTL premises including vacant land along with diversification of business. TTL has total 9.78 acres of land in Maraimalai nagar, near Chennai. Factory area is 4.27 acres with a framed structure built up area of 53265 Sq.ft and vacant land area is 5.51 acres. In this regard a Request for Proposal (RFP) for has been floated for Grant of Lease of the Manufacturing Facilities and Premises of Tamilnadu Telecommunications Factory located in Maraimalai Nagar, near Chennai, Tamil Nadu.

With the approval from competent authority Letter of Award has been issued to the party on 24.05.2023. Electricity connection has been restored on 12.04.2024. After signing of Lease cum revenue sharing agreement, TIDCO vide its letter Dt. 10.10.2023 informed TTL to refrain from proceeding further with the proposal of leasing and not to execute / register the lease. The Lessee did not take over the factory. The lease has been cancelled.

The Company is exploring other possible avenues to generate revenue.

Business partners are being explored for fresh investment in the company for revival of the factory and in the new areas of business.

Promoter TCIL has initiated the proposal of sale of entire stake of TCIL in TTL through DIPAM as per the revised procedure for strategic disinvestment in CPSEs. DIPAM has given the In-principal approval and the same has been communicated to Department of Telecom, Ministry of Communication. Tenders for Transaction Adviser and Legal adviser were floated by TCIL and were uploaded in websites of TCIL & TTL in April-25. This strategic disinvestment will pave the way for revival of the company by the prospective buyers.

It is pertinent to mention that State-run telco BSNL has finalized a tender worth around Rs.65,000 crore to implement the third phase of the Bharat Net project during the FY 24-25. The tender is part of the Rs 1.39-lakh crore revamped Bharat Net project, cleared by the Cabinet in August 2023. The tender aims to connect and upgrade existing 164,000-gram panchayats and connect around 47,000-gram panchayats under the new model and there is a huge requirement of optical fiber cable more than 4,60,000 KMs.

Considering the huge scope of Optical Fiber cable supply during the immediate future due to implementation of

TAMILNADU TELECOMMUNICATIONS LIMITED

BharatNet project and with the support of promoters, the accounts are prepared on going concern basis for this financial year 2024-25.

As mentioned in our financials, TTL is regularly borrowing from our holding company TCIL for its raw material support and working capital support for running day to day operations. The balances of current liabilities and trade payable pertaining to related party /our holding company TCIL as on 31/03/2025 are given below:

(i) Current liabilities – short term borrowing	: Rs in hundreds
(a) Bridge Loan	: Rs. 11,65,730/-
(b) Working capital support loan	: Rs. 22,24,962/-
(ii) Trade payable – Sundry creditors for raw material support	: Rs. 58,94,795 /-
(iii) Other current liabilities – interest accrued	: Rs.77,36,883/-
Total Rs in hundreds	: Rs.170,22,370/-

Amounts due to Fujikura Limited amounting to Rs.2,10,061 hundreds

Trade Receivables (considered good) amounting to Rs.4,67,708 hundreds

Unsecured Trade Payables amounting to Rs.3,67,050 hundreds

This is to state that the above items are reviewed and monitored on day to day basis in both TTL and TCIL. The balances are periodically reconciled with TCIL and also approved by board of directors of TTL.

It may not be out of place to mention that all the realizations from TTL clients are routed through Escrow account which is auto credited to TCIL's Account for which standing instructions have been given to bank. Moreover, charge has been created in favour of TCIL against fixed assets and current assets of TTL for all the TCIL loans, advances and liabilities towards raw material supply. The loans are repayable on demand basis.

Ind AS 109 requires all financial assets/liabilities to be recognised initially at fair value and subsequently at amortised cost it satisfies the criteria with reference to Ind As 32 Para 11 and para 4.2.1 of Ind As 109. Since these financial assets/liabilities are current in nature, there is immaterial finance cost/income involved, therefore, as a general practice, demand deposits are carried at cost and not at fair value/amortised cost.

In view of the commitment to pay to TCIL, the holding company/ related party on demand basis, and the company is taking a conservative approach, management assume book value of current liabilities at a amortized cost i.e instead to

book profit by discounting liabilities the company prefers to go and disclose liabilities with full amount under law of prudence.

Company's Reply to Para 2 of Emphasis of Matter regarding balances carried in the debtors, creditors, advances & deposits payable/recoverable are subject to confirmation from all parties (other than Telecommunications Consultants India Limited)

Wherever possible the Company is getting confirmation. Since TTL does not have fund to pay to the Creditor including M/s.Fujikura, the company does not ask for balance confirmation from any Creditors which will trigger to make payment.

Company's Reply to Para 3 of Emphasis of Matter regarding Company has not received information from vendors regarding their status under the Micro, Small and Medium Enterprises Development Act, 2006.

As stated in Notes to Accounts No.45, the Company has not received information from the vendors regarding their status under the Micro, Small and Medium Enterprises Development Act, 2006.

Cost Auditors:

As per the provisions of the Companies (Cost Records and Audit) Rules, 2014, the operation of the company is not falling within the scope of cost audit. Hence cost auditor was not appointed for the financial year 2024-25.

INDEPENDENT AUDITOR'S REPORT

To
The Members,
Tamilnadu Telecommunications Limited
Chennai.

Report on the Standalone Financial Statements**Adverse Opinion**

We have audited the accompanying standalone financial statements of Tamilnadu Telecommunications Limited, (the "Company") which comprise the Balance Sheet as at March 31, 2025, the Statement of Profit and Loss (including the Statement of Other Comprehensive Income) for the year then ended, the Cash Flow Statement for the year then ended, the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, because of the significance of the matter discussed in the Basis for Adverse Opinion section of our report, the aforesaid standalone financial statements do not give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2025, the Loss and total comprehensive loss, its cash flows and the changes in equity for the year ended on that date.

Basis for Adverse Opinion

- 1) We draw attention to Note 1(II)(a) Significant Accounting Policies & 31 which describes that the Company's financial statements have been prepared using the going concern assumption of accounting. However, the Company's accumulated losses of Rs.2,35,78,744 hundreds (including other Comprehensive Income) (Previous year Rs. 2,20,02,137 hundreds) has eroded the Net Worth of the Company, indicating the existence of material uncertainty that cast doubt about the Company's ability to continue as a Going Concern. The Company has not operated its factory since 2017, and no sales effected for more than five years. Further, as represented by the company, the machinery would involve major overhauling cost to resume operations, and the company is also unable to obtain support for supply of major raw material required for manufacture from its supplier. Also, the company has not bagged any new orders to substantiate the going concern assumption. Though the company had received a bid for granting of lease of the manufacturing facilities and factory premises, and issued Letter of Award to the lessee, the lessee had not taken over the premises and the lease income has not generated yet.

Hence, considering the cumulative effect of the factors detailed above, we conclude that the Going Concern assumption of the management in preparation of financial statements is not appropriate.

- 2) In the view of the significant losses, which have been incurred by the company during the previous financial years, the carrying amount of fixed assets needs to be tested for impairment. The management has not done impairment testing and in absence of any information we are unable to comment as to whether any provision for impairment is required or not.
- 3) The following financial liability / assets referred to in the respective note of standalone financial statements, has been stated at historical cost only, irrespective of the fair value of the same, which is departure from requirement of Ind AS 113 (Fair Value Measurement) and Ind AS 109 (Financial Instruments).
 - a. Amounts due to M/s. Fujikura Limited amounting to Rs.2,10,061 hundreds (Previous Year Rs.2,07,991) (In hundreds) (Note No 16)
 - b. Trade Receivables (considered good) amounting to Rs.4,67,708 hundreds (Previous Year Rs.4,67,200) (In hundreds) (Note No 5)
 - c. Unsecured Trade payables amounting to Rs.3,67,050 hundreds (Previous Year Rs.3,60,457) (In hundreds) (Note No 15)
 - d. Short Term and Long-Term Borrowings due to Telecommunications Consultants India Ltd (Parent Company) of Rs.33,90,692 hundreds (Previous Year Rs.32,51,640 hundreds) (Note No 12 & 14)

Emphasis of Matter

- 1) We draw attention to Note No. 48 of the other explanatory notes to the financial statements which states the reason for non-recognition of amounts due to the holding Company viz., Telecommunications Consultants India Limited amounting to Rs. 1,70,22,370 hundreds (Previous Year – Rs. 1,57,85,738 hundreds) at Fair Value in accordance with Ind AS 109. Our opinion is not modified in respect of this matter.
- 2) Attention is invited to Note Nos. 5, 7, 9, 15, 16 & 17 of the notes to financial statements, where the balances carried in the Trade receivables, Other Financial Assets, Other Current assets, Trade payables, Other Financial liabilities, and Other Current Liabilities are subject to confirmation from all parties (other than Telecommunications Consultants India Limited) as stated in Note No. 29. Our opinion is not modified in respect of this matter.

- 3) Attention is invited to Note No. 45 of the other explanatory notes to the financial statements which states that the Company has not received information from vendors regarding their status under the Micro, Small and Medium Enterprises Development Act, 2006. Our opinion is not modified in respect of this matter.

Key Audit Matters

Key Audit Matters are those matters that, in our professional judgement, were of most significance in our audit of financial statements of the current period. Those matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. Except for the matters described in the Basis for Adverse opinion section, we have determined that there are no other key audit matters to communicate in our report.

Other Information

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility and Sustainability Report, Corporate Governance and Shareholder's Information but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

The Annual Report is not made available to us at the date of this auditor's report. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements.

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the state of affairs (financial position), profit or loss (financial performance including other comprehensive income), cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of

appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, Management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements.

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards of Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Standards of Auditing, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our 48 opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatement in the financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatement in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with the relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safe guards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Members of Tamilnadu Telecommunications Limited
of even date)

Report on the Internal Financial Controls Over
Financial Reporting under Clause (i) of Sub-section 3 of
Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of Tamilnadu Telecommunications Limited (“the Company”) as of March 31, 2025 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of

internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Company.

Meaning of Internal Financial Controls Over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that:

- I Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- II Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- III Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Basis for Adverse Opinion:

According to the information and explanations given to us and based on our audit, the following material weaknesses have been identified as at 31 March 2025:

TAMILNADU TELECOMMUNICATIONS LIMITED

1. The management's assumption as Going concern is inappropriate considering the existence of material uncertainty in relation to the assumption of Going Concern as described in Basis for Adverse Opinion paragraph of the Independent Auditor's Report.
2. Non-recognition of financial asset / liability at fair value as per Ind AS 109 as described in Basis for Adverse Opinion paragraph of the Independent Auditor's Report.
3. During the financial year 2024-25, the Company uses an accounting software for maintaining books of accounts, which does not have the feature of recording audit trail of each and every transaction, and does not have the feature of creating an edit log of each changes made in books of accounts along with the date when such changes were made, as required under Rule 3(1) of Companies (Accounts) Rules, 2004.

A 'material weakness' is a deficiency, or a combination of deficiencies, in internal financial control over financial reporting, such that there is a reasonable possibility that a material misstatement of the company's annual or interim financial statements will not be prevented or detected on a timely basis.

In our opinion, because of the effects of the material weaknesses described above on the achievement of the

objectives of the control criteria, the Company did not have adequate internal financial controls over financial reporting and such internal financial controls over financial reporting were not operating effectively as at 31st March 2025, based on internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Adverse Opinion

We have considered the material weaknesses identified and reported above in determining the nature, timing, and extent of audit tests applied in our audit of the financial statements of the Company as at and for the year ended March 31, 2025, and these material weaknesses have also affected our opinion on the financial statements of the Company and we have issued a Adverse opinion.

1 Financial Instruments: (Indian Rupees in Hundreds)

i Financial Risk Management:

The Company's principal financial liabilities, other than derivatives, comprise loans and borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations to support its operations. The Company's principal financial assets include loans, trade and other receivables, and cash and cash equivalents that derive directly from its operations.

The Financial Risks in a Business Entity can be classified as Market Risk, Credit Risk and Liquidity Risk. The status of these Risks at the Company is as brought out hereunder:

a) Market Risk:

Market risk is the risk that the changes in market prices such as foreign exchange rates, interest rates and equity prices will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

i) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The floating rate borrowings are determined based on SBI base rate which is the minimum rate. Since the company had borrowed only from the Holding company (TCIL), the effect of increase in interest rates will not impact the group. During the year Company did not have any floating rate borrowings.

Interest-bearing Trade payables, loans and borrowings:	As at 31.03.2025	As at 31.03.2024
Floating rate Liabilities	86,16,546	84,77,494
Fixed rate Liabilities	—	—

ii) Foreign currency risk

Exposures to currency exchange rates arise from the Company's overseas sales and purchases, which are primarily denominated in US dollars (USD). The Company has not entered into any hedging transaction to mitigate the foreign exchange fluctuation risk, the fluctuation risk is controlled by way of natural hedging.

The carrying amounts of the Company's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follows:

Particulars	Liabilities		Assets

Level 2 - The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximize the use of observable market data rely as little as possible on entity specific estimates.

Level 3 - If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

NOTE NO.31:

After restructuring as per the Sanctioned Scheme of erstwhile BIFR during 2010-11, the net worth of the Company was positive during 2010-11. However, during the year 2011-12 the net worth had again eroded. The Company was under rehabilitation period as per the erstwhile BIFR Sanctioned Scheme. Lack of executable orders and dull phase of Optical Fiber Cable (OFC) market from the year 2010-11 onwards is the reason for the poor performance.

During the year 2012-13 the Company had received order from BSNL for supply of 3206 KMs of OFC valuing Rs.15,97,011 and successfully executed the order in time and got 50% add-on order of 1602 KMs and executed during 2013-14 valuing Rs.7,98,007. These two were the only major orders executed during these two years.

Bharat Broadband Network Limited (BBNL), the Special Purpose Vehicle of the Government, had floated the tender towards the National Optic Fiber Network (NOFN) project to connect all the villages by broad band. The date of tender opening was 08.05.2013. Though the initial projection was 600000 KMs, the tender called for is to cover 404995 KMs under six packages based on geographical location. For this huge quantum, BBNL has fixed the delivery time frame of

eight months only including initial two months for preliminary arrangements. The Company has participated in one package considering its production capacity to cover the quantum in the given short delivery period. The Company has received APO and given acceptance during February, 2014 for 5800 KMs including accessories. The Value of the APO is Rs.31,90,444. BBNL has proposed to issue PO in two phases of 50% each. During April, 2014, BBNL has issued the first 50% PO for 2900 KMs including accessories valuing Rs.1,595,273. Delivery period was upto October, 2014. BBNL has issued the consignee details in full periodically for four months consignments of 1740 KMs only. For fifth month consignment, consignee details were provided for only 48 KMs out of 580 KMs. Hence consignee details are not provided for balance around 1112 KMs. BBNL has extended the delivery schedule by another six months beyond October, 2014. Hence the supply of balance around 1112 KMs and second 50% PO for 2900 KMs was anticipated during 2016-17 and 2017-18 for execution. However, BBNL did not decide on the consignees and no supply could, therefore, be made thereafter.

The Company had participated in the tender floated by BSNL for supply of 24,000 KMs of 24F HDPE DS OFC. The technical bid opened and the company has been technically qualified. Financial bid opened on 21.5.2015 which was followed by e-reverse auction but TTL could not compete in the e-reverse auction.

The company had railway orders worth Rs.10 cr during the financial year 2016-17 and 2017-18. But due to non-availability of fiber from Fujikura, Japan, the orders could not be executed.

The requirement of OFC in the country is huge; however the delay in procurement is due to various procedural matters / issues in execution of big projects by the Government Clients.

The Company is hoping to get continuous orders since the OFC market has picked up. The order booking position is expected to improve as there is huge requirement of OF cable in the near future due to the impact of 5G.

Therefore, the company and its promoters were taking various efforts for revival of the company as detailed below:

- i. MOU was signed with ITI Limited (PSU) in the presence of Hon'ble Minister of Communication during the synergy meeting held on 22th February 2018 at New Delhi for contract manufacturing.
- ii. The proposal of taking over the company/utilizing capacity by BSNL was discussed with BSNL & TCIL both under Department of Telecommunication. DOT discussed in the meeting held on 07.03.2019 with regard to takeover of TTL by BSNL, it was suggested by Ministry to BSNL to utilize the capacity of TTL since BSNL requirement is 100000 km per annum against TTL capacity of 10000 Km per annum. Follow up action has been taken up by the company and TCIL.

- iii. Diversion of existing skilled employees to Fiber Optic Splicing, Survey, Optical Laying Supervision and other telecom related service contracts to maximize the utilization of existing skilled manpower has been taken care. Orders for deputation to TCIL were issued to all the employees of TTL and 60 employees joined in TCIL on deputation basis till Last Financial Year. Few employees were posted at TCIL Chennai to attend of minimum requirement of TTL factory and TTL office work.
- iv. To obtain preferential orders from Tamilnadu State PSU, for supplying Optical Fiber Cable in Tamilnadu. Management has been continuously pursuing and approaching the concerned secretaries and ministers of Government of Tamilnadu.
- v. To obtain Turnkey contracts with the help of TCIL on nomination basis from DOT / PSUs / Tamilnadu Govt. and execute the orders so that excess skilled manpower will be utilized.
- vi. TCIL management has been taking efforts to revive TTL through various correspondence and meeting with Ministers of Government of Tamilnadu and TIDCO CMD.
- vii. Department of Telecom has also been pursuing the matter and required data has been shared. EoI was floated in the year 2021 for engaging Consultant to explore various revenue generation options. Consultant was appointed for monetization of factory and factory premises. Based on the consultant report RFP was floated on 29/12/2021 was floated through company website and newspaper advertisement for "Grant of Lease of the Manufacturing Facilities and Premises of TTL". The proposal was taken to the approval of Board in their 176 Board meeting dt.20th May 2022 and in the AGM on September 2022. The selected party did not come for signing the agreement and tender was cancelled. RFP was floated again on 02.01.2023. Single party quoted. LoA was issued by TTL. After the receipt of LoA, the party withdrew from the tender process.

Again RFP (No. TTL/RFP/22-23/CHENNAI/02 dated 15.03.2023) was published on 16.03.2023 in the websites of TCIL (www.tcil.net.in) and TTL (www.ttlcofc.in) for grant of lease of manufacturing facilities and premises of TTL Factory at Maraimalai Nagar, near Chennai, Tamilnadu. It was also advertised in the leading newspapers All India English edition and Chennai Tamil edition. Single quote was received for Grant of Lease of the Manufacturing Facilities and Premises of TTL located in Maraimalai Nagar, near Chennai, Tamilnadu, on lease cum revenue sharing model basis. The bid has been accepted. With the approval from competent authority Letter of Award has been issued to the party on 24.05.2023. Electricity connection has been restored

on 12.04.2024. After signing of Lease cum revenue sharing agreement, TIDCO vide its letter Dt. 10.10.2023 informed TTL to refrain from proceeding further with the proposal of leasing and not to execute / register the lease. The Lessee did not take over the factory. The lease has been cancelled. Company is exploring other possible avenues to generate revenue.

Present status of Revival of TTL

- a) As a first step, electricity connection has been restored in the factory on 12th April 2024.
- b) Business partners are being explored for fresh investment in the company for revival of the factory and in the new areas of business.
- c) Promoter TCIL has initiated the proposal of sale of entire stake of TCIL in TTL through DIPAM as per the revised procedure for strategic disinvestment in CPSEs. DIPAM has given the In-principal approval and the same has been communicated to Department of Telecom, Ministry of Communication. Tenders for Transaction Adviser and Legal adviser were floated by TCIL and were uploaded in websites of TCIL & TTL in April-25. This strategic disinvestment will pave the way for revival of the company by the prospective buyers.

Considering the scope during the immediate future, the accounts have been prepared on going concern basis.
