Our Production and sales during the year are higher than last year. Internal Rates of our Primary Input, Copper rose in the second half of the year under review.

The overall fiscal, economic and industrial climate and sentiment in the country is improving. Demand from the Electrical Equipment Sector has shown some signs of revival. Emphasis of the Government for the growth of Electric Power, Capital Goods and Infrastructure Sector continues. We are optimistic for the future growth of the Industry as the above sectors are the Principal customer of our Products.

GST is around the corner and we welcome the same. However, there may be lower demand for our Goods in the initial stages of GST as the Industry may adjust their inventories and will try to understand and experience the operational part of the new legislation. We hope that the Government will be able to sort out the initial difficulties quickly and will simplify the Rules for easier and faster implementation. In the long term, GST could be beneficial for the Industry, Trade and the Country.

Imports through all FTA's and PTA's need to be looked into by the Government so as to protect the downstream Electrical Equipment Manufacturing Industry and to ensure a level playing field. This includes the proposed RCEP Trade Agreement which is currently under negotiation.

MANAGEMENT DISCUSSION & ANALYSIS

a) Industry Structure & Development:

The Company produces Winding Wires made of Copper which are used in the manufacture of both rotating and static electrical equipments. Though there are number of players in the Industry including many in SSI sector, due to quality of our products and long standing relationship with OEM customers, we continue to remain Industry-Leader. Despite severe operational conditions prevailing in the country, we have performed well.

The overall capacity utilization of the Industry in the Country has marginally improved during the year. The Government has taken some useful measures for improving performance of Electric-Power-Sector. It may slowly percolate down-the-line.

Your Company continues to cater to the OEM sector.

Emphasis on export continues, though tariff discrimination by the some Importing Countries is faced.

b) Opportunities & Threats:

As ours is a power-deficit country, massive investment in the power sector is likely to continue. Government has ambitious plans for increasing installed capacity for electric power generation rapidly. Constraints such as high cost of finance and availability of proper grade of fuel, improving electrical transmission and distribution network are on the fast track agenda of the Government. This will induce the growth in both Electrical Equipments/ Capital goods Sector. Since your Company continuous to cater primarily to OEM Sector, the prospect for the Industry is good. As demand of electricity is substantially higher than production in our country, there is no other way, but to resort to faster growth by providing adequate resources and reorientation in the policy matters. Though the Government is seized of the issues, some genuine constraints still persist. Ultimately increasing paucity of electric power in the country shall activate the reorientation in the policy. However, it may take some more time for economic activity to accelerate.

Lower commodity and oil prices may reduce the current account deficit of our country.

The living standard of the people in the country is generally improving so also the Industrial Development & combined effect thereof will anyhow, force the accelerated growth of Electric-Power-Sector and consequently that of Electricity Equipment Manufacturing and Winding Wire Sector.

However, due to economic downturn at home for the last about 5 years, and inadequate availability of proper grade coal required, and high cost of fuel for thermal power generating Stations, implementation of such undertaking by large Private Sector firms was delayed. The Government has now given top priority to the Power sector. Imports of electrical equipment are high through FTA/PTA route, despite availability of capacity in domestic-manufacturing-sector.

Imports through all FTA's and PTA's need to be critically looked into by the Government to ensure a level playing field for the Winding Wire Industry as well as the downstream Electrical Equipment Industry. This includes the proposed RCEP Trade Agreement which is currently under negotiation.

While the proposed GST is a good measure and we welcome the same, during the initial period of implementation, some issues may be faced by Industry and Trade and it is hoped, will be, sorted quickly by the Government. Nevertheless, Consumers and Traders are likely to reduce their inventory which may affect the demand, during the initial implementation period. Also, some teething problems may be experienced being a New statue. In the long run, we expect that GST may be beneficial to trade and industry and to the Nation as a whole.

Substitution of copper by aluminum, in small rotating and static electrical equipments is increasing.

Operating conditions, during next two years may pose interesting challenges and competition may continue to be

intense; however, we are well equipped to face the same, due to our low debt-gearing and experience in the industry, barring any unforeseen developments.

c) Segment-wise or Product-wise performance:

The Company's core activity is production and sale of only one product i.e. Winding Wires made of Copper. Despite adverse operating condition, we have maintained and marginally increased production levels. Sale income is lower due to a fall in the rate of our primary input. Profit during the year under review has improved.

Our emphasis on export continues. Our insulating varnish division at Palej continues to operate satisfactorily and provides important contribution to the quality of our finished product.

d) Outlook:

Long Term outlook of the Indian Economy, and consequently, electric-power-sector is healthy.

e) Risks and concerns:

Please refer to foregoing paragraphs.

f) Internal control systems and their adequacy:

Commensurate with the size of your Company and the nature of its business, your Company has adequate internal control procedures and regular Internal Audit systems. This has been confirmed by the Auditors in their report to the members.

g) Discussion on Financial Performance with respect to Operational performance (All figures rounded off in Rupees Lacs only):

Reserve and surplus (excluding revaluation) increased to 19554 [18315].

Debt / Equity ratio was 0.18.

Subject to the approval by Members at the ensuing AGM, the total proposed Dividend declared is Rs. 3.50 i.e. 70 % on Fully paid equity shares of Rs. 5. The original face value of the share of Rs. 10 was split into Two Shares of Rs. 5 each with effect from 23rd March, 2016.

Finance cost 923 [1112], Depreciation and amortization expenses 1418 [1577], were lower.

Power and Fuel 2010 [1844], Freight and Transportation 1143 [1037], Other Expenses 1044 [940] increased.

Employees Benefit Expense were higher at 2070 [1746] due to full-year impact of the wage Agreement revised last year. These include contribution to provident fund and bonus etc.

Short term borrowing 3779 [2779], Trade payables 12487 [10706] and other current liabilities 2132 [1577].

Your Company's financial performance is satisfactory and profit during the year is higher.

Your Company continues to be market leader in the field of Winding Wires made of Copper in India. The Company has discharged all financial obligations in time on due dates, without any default or delay.

h) Material Developments in Human Resources / Industrial Relations including number of people employed:

Industrial relations during the year were generally satisfactory and new wage agreements with the labour at Silvassa Plants have been concluded.

i) Cautionary Statements:

Statements in this Management Discussion and Analysis describing the company objectives, estimates and expectations may be Forward Looking statements within the meaning of applicable laws and regulations. Actual performance may differ substantially or materially from those expressed or implied.

INDEPENDENT AUDITOR'S REPORT

ANNEXURE B TO INDEPENDENT AUDITORS' REPORT

Referred to in paragraph 10(g) of the Independent Auditor's Report of even date to the members of Precision Wires India Limited on the financial statements for the year ended 31st March, 2017.

Report on the Internal Financial Controls under Clauses (i) of Sub-section 3 of Section 143 of the Act

1. We have audited the internal financial controls over financial reporting of Precision Wires India Limited ("the Company") as at March 31, 2017 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

2. The Company's Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

3. Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing specified under section 143 (10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

6. A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial reporting includes those policies and procedures that,
 - (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
 - (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only accordance with authorizations of management and directors of the company; and
 - (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

7. Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2017, based on the internal control over financial reporting established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTE 24 : SIGNIFICANT ACCOUNTING POLICIES AND NOTES ON ACCOUNTS

A. SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Preparation of Financial Statements :

The financial statements are prepared under the historical cost convention in accordance with the generally accepted accounting principles in India. The applicable mandatory Accounting Standards notified under section 133 of the Companies Act, 2013 read with Rule 7 of the Companies (Accounts) Rule, 2014 have been followed in preparation of these financial statements.

2. Use of Estimates :

The preparation of financial statements in conformity with GAAP requires the management of the Company to make estimates and assumptions that affect the reported amounts of income and expenses of the period, the reported balances of assets and liabilities and the disclosures relating to contingent liabilities as of the date of the financial statements. These estimates are based upon management's best knowledge of current events and actions. Difference if any between the actual results and estimates is recognised in the period in which the results are known.

3. Fixed Assets and Depreciation :

i. Fixed Assets are stated at cost, net of Cenvat credit, where applicable, less accumulated depreciation and impairment losses. Cost includes financing and other costs incurred for bringing the assets to its working condition for the intended use. Borrowing costs related to the acquisition or construction of the qualifying fixed assets for the period up to the completion of their acquisition or construction are capitalised. Cost of fixed assets not ready for their intended use before such date are disclosed under capital work in progress.

ii. Depreciation on Fixed Assets (except those described below) is provided on the Straight Line Method at the rates not less than those specified from time to time in Schedule II to the Companies Act, 2013, which management considers as being representative of the useful economic life of such assets:

The management estimates the useful life of certain assets as follows:

Wire Enamelling Machines	8 years
Office Equipments	5 years
Computers	3 years
Furniture and Fixtures	5 years

Technology Transfer Cost is amortised over a period of 6 years.

iii. Depreciation on additions to assets or on sale of assets as the case may be is calculated pro-rata from the month of such addition or upto the month of such sale.

iv. Assets scrapped / discarded from use and held for disposal, if any are stated at lower of book value or their estimated net realisable value.

4. Impairment of Assets :

An asset is treated as impaired when the carrying cost of assets exceeds its estimated recoverable value. The recoverable amount is greater of the Assets' Net Selling Price and Value in Use. An impairment loss is charged to the Statement of Profit and Loss in the year in which an asset is identified as impaired. The impairment loss recognized in prior accounting period is reversed if there has been a change in the estimate of recoverable amount.

5. Investments :

Investments that are readily realisable and intended to be held for not more than a year are classified as current investments. All other investments are classified as long term investments. Current investments are carried at lower of cost and fair value. Long term investments are carried at cost. However, provision for diminution in value is made to recognise a decline other than temporary, if any, in the value of the investments.

6. Inventories :

i. Inventories are valued on FIFO basis at lower of cost or estimated net realisable value. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost.

ii. Cost of Work in progress includes direct materials and labour and a proportion of manufacturing overheads based on normal operating capacity.

iii. Closing stock of finished goods includes Excise duty payable thereon wherever applicable.

7. Excise duty / Service Tax :

Credit availed of Excise duty / Service Tax paid on inputs is reduced from the cost of material / services and is carried forward in Current Assets, Loans and Advances pending utilisation.

8. Income and Expenditure :

i. Revenue / Income and Cost / Expenditure are generally accounted on accrual basis as they are earned or incurred, except those with significant uncertainties.

ii. In cases where duty paid materials are consumed prior to duty-free import of material for manufacture of products for export, the estimated excess cost of such material over that of duty free materials is carried forward and charged to revenue on consumption of such duty-free materials.

iii. Sales are recognised at the point of despatch of goods to the customers. Sales are net of discounts, Sales Tax / VAT and Sales Returns.

iv. Interest income is recognised on time proportion basis.

v. Dividend on Investments is accounted when received.

vi. Insurance claim receivable is recognised in the year of the loss to the extent ascertainable.

NOTE 24 : SIGNIFICANT ACCOUNTING POLICIES AND NOTES ON ACCOUNTS

9. Foreign Currency Transactions :

- i. Monetary assets and liabilities related to foreign currency transactions remaining unsettled at the end of the year are translated at year end rates.
- ii. The difference in translation of monetary assets and liabilities and realised gains and losses on foreign transactions are recognised in the Statement of Profit and Loss.
- iii. Premium or discount on forward contracts are amortised over the life of the contract. Foreign Exchange Forward Contracts are re-expressed at the Balance Sheet date and Exchange difference between the spot rate at the date of contract and spot rate on the Balance Sheet date is recognised as gain/loss in the Statement of Profit and Loss Account, in terms of pronouncement of the Institute of Chartered Accountants of India.

10. Derivative Instruments :

The Company uses forward contracts to hedge its risks associated with foreign currency and commodity price fluctuations relating to firm commitment contracts and highly probable forecast transactions. The Company designates such forward contracts in hedging relationship by applying the hedge accounting principles as set out in the "Guidance Note on Accounting for Derivative Contracts" issued by ICAI. These forward contracts are stated at fair value at each reporting date. The contracts are marked to market and the gains and losses, if any, are recognised in the Statement of Profit and Loss, net of applicable deferred income taxes. Hedge accounting is discontinued when the hedging instrument expires or is sold, terminated, or exercised, or no longer qualifies for hedge accounting. For forecasted transactions, any gains or losses on the hedging instrument are recognised in the Statement of Profit and Loss as on the date of settlement of such transactions. If the forecasted transaction is no longer expected to occur, the net cumulative gain or loss are recognised as income or expense for the period.

In accordance with Accounting Standard 11 ["Effects of changes in Foreign Exchange Rates"] and Accounting Standard 16 ["Borrowing Costs"] issued by the Institute of Chartered Accountants of India, on the Buyers Credits in Foreign Currency availed from time to time up to the time of their settlement or up to the time of creating hedge there against, the Foreign Exchange Gain / Loss applicable on the amount of difference in borrowing cost in Indian Currency and borrowing cost of Buyers' Credits in Foreign Currency is accounted as "Applicable loss on foreign currency transactions and translations" under Finance Cost in the Statement of Profit and Loss.

11. Employees Benefits :

- i. Gratuity Benefits are accounted for on the basis of amount determined by actuarial valuation made by Life Insurance Corporation of India (LIC) using the Projected Unit Credit Method and are funded accordingly by the approved Trust. Contribution made to LIC is charged to Statement of Profit and Loss. Actuarial gains and losses arising from experience adjustments and change in actuarial assumptions are recognized in the Profit and Loss in the period in which they arise.
In respect of certain employees who are not covered under approved Gratuity Fund, the liability is determined on the basis of Actuarial Valuation and is charged to Statement of Profit and Loss.
- ii. The Company's provident fund and pension scheme are in form of defined contribution plans where contribution is made to funds / Government managed schemes. These are accounted on accrual basis and charged to the Statement of Profit and Loss of the year in which the employee renders the related service.
- iii. The monetary value of leave encashment benefit is provided on the basis of actuarial valuation.

12. Taxes on Income :

In accordance with Accounting Standard AS 22 - Accounting for Taxes on Income, issued by the Institute of Chartered Accountants of India, the deferred tax for timing differences between the book and tax profits for the year is accounted for using the tax rates and the laws that have been enacted or substantively enacted as of the balance sheet date. Deferred Tax assets arising from temporary timing differences are recognised to the extent there is reasonable certainty that the asset can be realised in future.

13. Provisions, Contingent liabilities and Contingent Assets:

Provisions are recognised for liabilities that can be measured only by using a substantial degree of estimation, if

- (a) the company has a present obligation as a result of a past event
- (b) a probable outflow of resources is expected to settle the obligation; and
- (c) the amount of the obligation can be reliably estimated.

Contingent liability is disclosed in case of

- (b) a present obligation when no reliable estimate is possible
