CHAIRMAN'S LETTER "A Year of Consolidation"

Dear Shareholders,

It gives me great pleasure in reporting that we were able to exhibit strong revenue numbers in a challenging economic environment. These numbers are that much more impressive when you take into account that this was our first full year reporting sales. This is just the catalyst we needed as we look to strengthen our credentials as a key player in the Mechanical Power industry.

The major highlights of our performance during the year are detailed below (all figures are reported in ₹ in Lacs):

FY 15 Performances

- Consolidated revenue 22,186.38
- PIX's EBITDA 3,839.50
- Profit After Tax (PAT) 391.03

FY 15 Financial Highlights

- Net Debt 13,443.06
- Interest and Financing cost increased by 23.35% compared to previous year.
- Capital Expenditure made during the year 2631.18 lower than previous year by 19.15%.

As a business, we viewed 2014/15 as a year of consolidation. We commenced production at our brand new state-of-the-art facility at Nagalwadi, Nagpur. We demerged our joint venture in the UK to form our wholly owned subsidiary, PIX Transmissions Europe Ltd.

I see lot of potential for the products of the company both in India and abroad. We are putting all efforts to consolidate our position in the market. The cutting edge technology adoption in manufacturing and packing will improve quality of products and save costs. We are making our plant fully automated to save cost and improve upon production and productivity. We have hired best talents available in the industry both in production and marketing and expect reasonable growth in the production, sales which in turn will improve upon top line and bottom-line.

We are optimistic of turnaround of the global economy vis a vis Indian economy and growth and development of the automobile industry, machinery manufacturers and agriculture which will bring positive impact in our turnover and profitability.

The global scenario is changing day by day with cut throat competition and constrained margin is hampering product marketability. The products are marketable if it is innovative and falling in special category. The product research and development and quality control will only save us in grave situation and we are hopeful that our products will improve over the period of time and pass through the testing phase through which industry is passing.

We would like to thank all our investors for their continued support and encouragement, and our employees for committing their talent and tenacity to our success. We look forward to reporting continued strong performance going forward.

Yours Sincerely,

Amarpal Sethi
Chairman & Managing Director

The year 2014-15 commenced with hopes of economic recovery. The progress of the corporate sector is encouraging. The international market is looking optimistic. The global economic recovery is gaining momentum. India's economy is poised to return to its high growth path.
