Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of MISHTAAN FOODS LIMITED Company Limited (“the Company”) as of March 31, 2017 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (‘ICAI’) These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal

financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

SIGNIFICANT ACCOUNTING POLICIES

1. ACCOUNTING CONVENTIONS

These Financial Statements are prepared in accordance with Indian Generally Accepted Accounting Principles (GAAP) under the historical cost convention on the accrual basis. GAAP comprises mandatory Accounting Standards as prescribed under Section 133 of the Companies Act, 2013 ('the Act') read with Rule 7 of the Companies (Accounts) Rules, 2014, the provisions of the Act (to the extent notified) and guidelines issued by the Securities and Exchange Board of India (SEBI). Accounting Policies have been consistently applied except where a newly-issued Accounting Standards initially adopted or a revision to an existing Accounting Standard requires a change in the Accounting Policy hitherto in use. Subsidiary outside India maintain its accounts based on Generally Accepted Accounting Standards of respective countries.

2. USE OF ESTIMATES

The preparation of Financial Statements requires the management of the Company to make estimates and assumptions that affect the reported balance of Assets and Liabilities and disclosures relation to the Contingent Liabilities as at the date of the Financial Statements and reported amounts of income and expense during the year. Examples of such estimates include provisions for doubtful receivables, employee benefits and provision for income taxes. Future results could differ due to changes in the estimates and the difference between the actual results and the estimates are recognized in the period in which the results are known/materialize.

3. PRINCIPLES OF CONSOLIDATION

The Financial Statements of Mishtann Agro Private Limited are consolidated with "Mishtann Foods Limited" in which board of Director hold management Control (Shareholding NIL% by Mishtann Foods Limited) incorporated in India as at March 31, 2017 have been prepared on the following basis; The Financial Statements of the Company and its Subsidiary have been consolidated on line-by-line basis by adding together the book values of like items of Assets, Liabilities, income and expenses, after fully eliminating intra - group balances, intra group transactions and unrealized profits on stocks arising out of intra group transactions as per Accounting Standard 21 - "Consolidated Financial Statements" issued by the Institute of Chartered Accountants of India.

The Consolidated Financial Statements are prepared to the extent possible using uniform Accounting Policies for like transactions and other events in similar circumstances and are presented to the extent possible, in the same manner as the Companies separate Financial Statements.

4. REVENUE RECOGNITION

Revenues / Incomes and Costs / Expenditure are generally accounted on accrual basis as they are earned or incurred. Sale of Goods is recognized net of discounts and rebates on transfer of significant risks and rewards of ownership which is generally on the dispatch of goods.

5. FIXED ASSETS

Fixed Assets are stated at Cost of Acquisition as reduced by Accumulated Depreciation. Apart from taxes (Excluding CENVAT) all costs including financial costs up to the date of commissioning and attributable to the Fixed Assets, Freight and other incidental expenses related to the acquisition and installation of the respective Fixed Assets are capitalized.

Capital Work-in-Progress is stated at the amount expended (includes taxes and duties) up to the date of Balance Sheet and includes advances paid to Suppliers and Contractors on account of Capital works.

6. DEPRECIATION

Depreciation on Fixed Assets is provided on the Written down Method over the useful life of Assets. Effective April 01, 2014, the Company depreciates its Fixed Assets over the useful life in the manner prescribed in Schedule II of the Act, as against earlier practice of depreciating at the rates prescribed in Schedule XIV of the Companies Act 1956.

7. INVENTORIES

Inventories are valued as under.

Trading Goods - at cost or Net Realizable Value whichever is lower.

Scrap - at Net Realizable Value.

8. TAXES ON INCOME

Current Tax is the amount of tax payable on the taxable income for the year as determined in accordance with the provisions of the Income Tax Act, 1961. Minimum Alternate Tax (MAT) paid in accordance with the Tax Laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an Asset if there is convincing evidence that the Company will pay normal income tax. Accordingly, MAT is recognized as an asset in the Balance Sheet when it is probable that future economic benefits associated with it will flow to the Company. Deferred Tax is recognized on timing differences, being the differences between the taxable income and the accounting income that originate in one period and are capable of reversal in one or more subsequent periods.

Deferred Tax is measured using the tax rates and the tax laws enacted or substantively enacted as at the reporting date. Deferred Tax Liabilities are recognized for all timing differences. Deferred Tax Assets are recognized for timing differences of items other than Unabsorbed Depreciation and Carry Forward Losses only to the extent that reasonable certainty exists that sufficient future taxable income will be available against which these can be realized. However, if there are Unabsorbed Depreciation and Carry Forward of Losses, Deferred Tax Assets are recognized only if there is virtual certainty that there will be sufficient future taxable income available to realize the Assets. Deferred Tax Assets and Liabilities are offset if such items relate to taxes on income levied by the same governing Tax Laws and the Company has a legally enforceable right for such set off. Deferred Tax Assets are reviewed at each Balance Sheet date for their reliability.

9. EARNINGS PER SHARE (EPS)

Basic Earnings Per Share are calculated by dividing the net profit or loss for the period attributable to Equity Shareholders by the Weighted Average number of Equity Shares outstanding during the year.

10. CASH FLOW STATEMENTS

The Companies Act, 2013 does not lay down any format for preparation of Cash Flow Statement; Companies will need to follow AS 3 in this regard. However, the Listing Agreement requires the indirect method for preparing Cash Flow Statements. Hence, Cash Flow Statement has been prepared by following the Indirect Method and in accordance with the provisions of AS 3.

11. IMPAIRMENT OF ASSETS

The Carrying Values of Assets/ Cash Generating Units at each Balance Sheet date are reviewed for impairment. If any indication of impairment exists, the recoverable amount of such Assets is estimated and impairment is recognized, if the carrying amount of these assets exceeds their recoverable amount. The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the Future Cash Flows to their present value based on an appropriate discount factor. When there is indication that an impairment loss recognized for an asset in earlier accounting periods no longer exist or may have decreased such reversal of impairment loss is recognized in the Statement of Profit and Loss, except in the case of Revalued Assets and the recoverable amount is reassessed and the Assets is reflected at the recoverable amount.

12. INVESTMENTS

Investments which are readily realizable and intended to be held for not more than One year from the date on which such Investments are made, are classified as Current Investments. All other Investments are classified as Long-Term Investments. On initial recognition, all Investments are recognized at cost. The cost comprises purchase price and directly attributable Acquisition charges such as brokerage, fees and duties.

Current Investments are carried in the Financial Statements at lower of cost and fair value determined on an Individual Investment Basis. Long-Term Investments are carried at cost. However, provision for diminution in value is made to recognize a decline other than temporary in the value of Investments. On disposal of an Investment, the difference between its carrying amount and net disposal proceeds is charged or credited to the Statement of Profit and Loss.

13. CONTINGENCIES

A Contingent Liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is probable that an outflow of resources will not be required to settle the obligation. However if the possibility of outflow of resources, arising out of present obligation, is remote, it is not even disclosed as Contingent Liability. A Contingent Liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a Contingent Liability but discloses its existence in the notes to Financial Statements. Contingent Assets are neither recognized nor disclosed in the Financial Statements. Loss contingencies arising from claims, litigation, assessments, fines, penalties, etc., are provided for when it is probable that a liability may be incurred and the amount can be reliably estimated.

14. RETIREMENT BENEFITS
