MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Industry structure and Developments

Global Economic Overview

The global economy in 2024 demonstrated resilience despite facing multiple challenges including geopolitical uncertainties due to various ongoing wars and tariff uncertainty. Subdued GDP in key developed economies also played a significant part in pulling down global economy and trade. The OECD projected steady global GDP growth of 3.1% in 2024, matching the 3.1% achieved in 2023, with expectations for a slight uptick to 3.2% in 2025. This moderate but stable growth trajectory reflected the ability to navigate through complex headwinds.

India's real GDP growth reached approximately 6.5% in FY/ 2024–25, driven by strong private consumption. India is expected to remain the world's fastest growing major economy, with GDP growth of 6.4–6.5% in FY/ 2025–26 and stable projections into FY/ 2026–27

Gulf Cooperation Council (GCC) economies grew around 2.8–3.3% in 2024, driven heavily by non-oil sectors such as manufacturing, construction, and tourism, which together composed over 70% of real GDP. Growth was constrained by geopolitical instability, trade disruptions, and prolonged oil production cuts.

The United States saw real GDP growth likely to be a solid 2.0 percent in 2025 from a brisk 2.8 percent in 2024. This can vary significantly based on the decision of the political leadership on economic policy including the continuing of higher tariffs and heightened uncertainties.

Southeast Asia grew at 4.3/ % in 2024, with ASEAN countries collectively around 4.2/ %. Growth is expected to slow slightly to 4.0/ %, with Asia Pacific region moderating from 4.6% in 2024 to 3.9% in 2025.

Eurozone GDP growth is forecast at 0.8/ % in 2024. It is expected to record H"/ 1.2/ % growth in 2025, while the EU overall may reach 6/ % GDP growth

Global Jewellery Trade 2024

The global jewellery market emerged as a resilient sector in 2024, demonstrating moderate growth despite broader economic uncertainties. The Global Jewellery Market size was valued at \$371 Billion in 2024 and is projected to grow to \$565 Billion at a CAGR of 4.8% through 2033.

The jewellery trade benefited from several key drivers in 2024, including rising disposable incomes in emerging markets, evolving fashion trends, cultural celebrations requiring traditional jewellery, and growing interest in luxury accessories. The market also saw increased focus on sustainable and ethically sourced materials including emergence of lab grown diamonds, reflecting changing consumer preferences especially in advanced economies.

The trade demonstrated resilience despite facing multiple challenges including persistent price rise concerning key raw material i.e. gold and silver. Also, fluctuations in pricing for diamonds, impact of Lab grown diamonds and overall geopolitical uncertainties due to wars and tariff uncertainty has also played a significant impact in the overall jewellery demand.

3. Geopolitical Risks

- Sanctions, mining regulations, and global trade disruptions (e.g., Russia sanctions on Alrosa).

Outlook

Global Economic Outlook

The global economic outlook presents a mixed picture with recent upward revisions offering cautious optimism. According to the latest IMF projections, global growth is forecast at 3.0% for 2025 and 3.1% for 2026, representing an upward revision from earlier forecasts.

The January 2025 IMF World Economic Outlook had initially projected 3.3% growth for both 2025 and 2026, but the July 2025 update shows a more conservative due to fast changing geo-political situation and uncertainty in trade tariffs. The global economy faces a critical juncture amid policy shifts and intensifying downside risks.

Global Jewellery Market Forecast

The global jewellery market demonstrates resilience and moderate growth prospects across multiple zones. The market size is projected to grow from \$242.79 billion in 2025 to reach between \$343.90-\$482.22 billion by 2030-2032, depending on the research methodology. Most estimates converge on a compound annual growth rate (CAGR) of 4.7-5.10% during the forecast period.

The 2025 revenue projections show the jewellery market reaching approximately \$370 trillion globally, with an expected annual growth rate of 5.02% through 2029.

India Economic & Jewellery Forecast 2025-2026

India stands out as the world's fastest-growing major economy with impressive revised forecasts. The IMF has upgraded India's GDP growth forecast to 6.4% for both 2025 and 2026, up from earlier projections of 6.2% for 2025 and 6.3% for 2026. This upward revision reflects a more benign external environment than previously anticipated.

For the fiscal year framework, India is projected to maintain potential real GDP growth of 6.5% over FY26-28, positioning it to become the world's third-largest consumer market and third-largest economy by 2026. India's nominal GDP is expected to increase from \$4 trillion in FY25 to over \$6 trillion by FY30.

India's jewellery market shows exceptional dynamism with multiple growth projections indicating strong expansion. The market is expected to grow from \$85.5 billion currently to reach \$118-168.62 billion by 2029-2030. The most conservative estimate projects 6.01% growth from 2024-2029.

The Indian gems and jewellery market specifically shows remarkable potential representing some of the highest growth rates globally in this sector.

Key Growth Drivers and Outlook

Several factors support these positive forecasts across all three regions:

Global Drivers: Social media influence, rising disposable incomes, fashion consciousness, and demand for personalized jewellery continue to drive market expansion.

Regional Strengths: The Middle East benefits from cultural traditions, tourism, and trade hub advantages, while India leverages its massive domestic market, favourable demographics, and supportive government policies.

Market Evolution: The jewellery industry is experiencing transformation through digital channels, sustainable practices, and customization trends, supporting sustained growth across traditional and emerging markets.

The overall outlook for 2025-2026 suggests resilient economic growth globally, with India leading major economies and jewellery markets showing robust expansion across all three regions, driven by both traditional demand and evolving consumer preferences.

Risk and concerns

Risks and Concerns:

Following can be some of the risks and concerns the Company needs to be wary of:

The largely unorganized structure of the market can affect the systematic functioning of the Company.

Geo Politics and Political instability in key markets has a tremendous impact on the capital markets..

The Jewellery manufacturing in India is heavily influenced by the US Markets and key Western countries.

The major income component of the Company being exports, changes in economies or government policies of the producer or user countries may also affect the operations of the Company.

Increasing competition among the Indian Exporters as well as global competition in this industry.

Impact of Tariffs on Jewellery Trade to the USA from India

India is one of the largest exporters of diamonds and gold jewellery globally. The USA is India's largest market for jewellery exports, accounting for over 40% of India's gem and jewellery exports.

Increased Costs for Importers and reduced-price competitiveness with exports from China, Thailand, Italy, and Vietnam.

If tariffs are substantial and sustained, US buyers may reduce orders or cancel contracts. In the Long-term, Indian firms may explore setting up units in tariff-friendly countries and diversification into non-US markets (UAE, Hong Kong, Europe).

Internal Control Systems and their Adequacy:

The Company has adequate internal control procedures commensurate with the size of the Company and the nature of its business for purchase of stores, raw materials, components, plant and machinery, equipment and other assets, and for the sale of goods.

The Company also has in place an Audit Committee to have a periodic overview of the internal control procedures of the Company. The Audit committee is accessible at all times to the employees of the Company for any improvement to be recommended in the procedures in place.

We are looking for various reputed audits like SMETA, RJC to make company compliant as a workplace of the highest working standards.

The approach has proven particularly valuable in navigating current geopolitical volatility and rising trade barriers, which have had minimal impact on overall sales performance. The company maintains its commitment to expanding both product offerings and market presence to mitigate regional market fluctuations.

Indian Market Entry Initiative: Recognizing India's position as one of the world's most rapidly expanding jewellery markets, the company is actively pursuing domestic market opportunities. This strategic move aligns with the Atmanirbhar Bharat initiative and represents a prudent response to increasing global market uncertainties.

This new product category addresses growing demand for sustainable, ethically-sourced, and accessible luxury jewellery options.

Key technological initiatives include implementing artificial intelligence for design development and market trend forecasting, deploying machine learning for collection customization based on consumer preferences, investing in automation to enhance production efficiency and quality control, and utilizing advanced analytics to optimize customer engagement, inventory systems, and marketing effectiveness.

Financial Strategy: After maintaining operations through internal funding and consistent borrowing levels for nearly ten years, the company recognizes the need for expanded financial resources. Given evolving market conditions, increasing raw material costs, and product diversification requirements, management is evaluating multiple financing options to support both immediate operational needs and long-term growth objectives.

Environmental and Social Commitment: The company believes that sustainable environmental practices are fundamental to creating lasting value and making meaningful societal contributions through financial support and expertise sharing. Basis for Opinion

Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the Financial Statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. No.	Key Audit matter	Auditor's Response
1.	Accuracy of recognition, measurement, presentation and disclosures of revenues and other related balances in view of Ind AS 115 "Revenue from Contracts with Customers". The revenue standard establishes a comprehensive framework for determining whether, how much and when revenue is recognized. This involves certain key judgments relating to identification of distinct performance obligations, determination of transaction price of identified performance obligation, the appropriateness of the basis used to measure revenue recognized over a period. Additionally, the standard mandates robust disclosures in respect of revenue and periods over which the remaining performance obligations will be satisfied subsequent to the balance sheet date.	PRINCIPAL AUDIT PROCEDURES Our audit procedures on adoption of Ind AS 115, Revenue from contracts with Customers ('Ind AS 115'), which is the revenue accounting standard, include - <ul style="list-style-type: none">• Evaluated the design and implementation of the processes and internal controls relating to implementation of the revenue accounting standard;• Evaluated the detailed analysis performed by management on revenue streams by selecting samples for the existing contracts with customers and considered revenue recognition policy in the current period in respect of those revenue streams;• Evaluated the changes made to IT systems to reflect the changes required in revenue recognition as per the revenue standard; and• Evaluated the appropriateness of the disclosures provided under the revenue standard and assessed the completeness and mathematical accuracy of the relevant disclosures.

Information and Other than the financial statements and Auditors' Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises of the other information included in the Management Discussion and Analysis, Board's Report including annexure to Board's Report, Corporate Governance and Shareholders' Information, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we will not express any form of assurance or conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other

information is materially inconsistent with the financial statements or other information obtained during the course of our audit, or otherwise appears to be materially misstated.

Responsibilities of Management and those charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134 (5) of the Companies Act, 2013 (hereinafter referred to as "the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, cash flows and changes in equity of the company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards ('Ind AS') specified under Section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the Audit of Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3) (i) of the Act, we are also responsible for explaining our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our Conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

Annexure B to the Independent Auditors' Report

ANNEXURE "B" REFERRED TO IN "REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS" SECTION OF OUR AUDITORS' REPORT OF EVEN DATE TO THE MEMBERS OF THE GOLKUNDA DIAMONDS AND JEWELLERY LIMITED FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2025:

Report on the Internal Financial Controls with reference to financial statement under Clause (i) of Sub-section 3 of Section 143 of the Act

We have audited the internal financial controls with reference to financial statement of The Golkunda Diamonds and Jewellery Limited ("the Company") as of March 31, 2025 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal financial control with reference to financial statements criteria established by the Company considering the essential component of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing deemed to be prescribed under Section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with respect to financial statement and their operating effectiveness. Our audit of internal financial controls with reference to financial statement included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence obtained by us sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls with reference to financial statements

A Company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control with reference to financial statements includes those policies and procedures that

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the entity are being made only in accordance with authorisations of management;
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the entity's assets that could have a material effect on the financial statements; and
- (4) also provide reasonable assurance by the internal auditors through their internal audit reports given to the organisation from time to time.

Inherent Limitations of Internal Financial Controls with reference to financial statements

Because of the inherent limitations of internal financial controls with reference to financial statement, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statement to future periods are subject to the risk that the internal financial control with reference to financial statement may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, broadly, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2025, based on the internal financial control with reference to financial statement criteria established by the Company considering the essential Component of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

25 The Ministry of Corporate Affairs ("MCA") has notified the amendments to Ind AS 116 "Leases" effective for annual periods beginning on or after April 1, 2019. Ind AS 116 'Leases' eliminates the classification of leases as either finance leases or operating leases. All leases are required to be reported on an entity's balance sheet as assets and liabilities. Leases are capitalised by recognising the present value of the lease payments and showing them either as right of use of the leased assets or together with property, plant and equipment. If lease payments are made over a period of time financial liability representing the future obligation would be recognised.

As per Ind AS 116, the lessee needs to recognise depreciation on rights of use of assets and finance costs on lease liabilities in the statement of profit and loss. The lease payments made by the lessee under the lease arrangement will be adjusted against the lease liabilities. The Company has not adopted Ind AS 116 "Lease" during the year 2024-25 and is still in the process of evaluating the impact of adoption of the same on its financial statements.

- ii) The sensitivity analysis presented above may not be representative of the actual change in the projected benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.
- iii) Furthermore, in presenting the above sensitivity analysis, the present value of the projected benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same method as applied in calculating the projected benefit obligation as recognised in the balance sheet.
- iv) There was no change in the methods and assumptions used in preparing the sensitivity analysis from prior years.
