INN  VATION

Chairman's Message

Dear Shareholders,

On behalf of Surya family, I extend my best wishes to all of you.

I feel, it is an honor and privilege to spearhead one of the top Lighting, Steel & Pipes Company in India as its Chairman.

Having established our credentials as a leading player in both steel pipes and lighting businesses in India, we continue to define, refine and redefine our product mix, processes and solutions capability by proactive innovation and research. We continue to sharpen our axes by imbibing new technical know-how, building strong relationship and establishing 'SURYA' as a reputed brand.

We have already embarked on the next phase of growth. LED business is the call of the hour and Surya LED is the luminaire of the future which transforms the nature of lighting. With our wide luminaire range of LED and further inspired by Prime Minister's "Make in India" project, we aim to expand our market share considerably in the coming years. We indeed feel proud when industry recognized "Surya, for the Art of LED Lighting".

Encouraged by the success of Surya Fans, Surya launched feature rich, contemporary range of Electrical Home Appliances during the year.

Responsible growth also emanates from being a credible corporate. Over the years, we have made consistent efforts to strengthen the corporate governance. We have an independent Board, comprising highly experienced and respected professionals who have played a key advisory role in our growth.

At Surya Roshni, we continue to focus on our duties as a corporate citizen. Before CSR found a place in the corporate dictionary it was already textured in Surya's value system. We are committed to spend on CSR activities for the larger benefit of the society through Surya Foundation.

Surya continuously challenged its limits and thus has established a stronger foundation, upon which we are envisioning a brighter future to unfold. The path is steep. The challenges are frequent. The resolve is steady. The foundation is stronger. The future is brighter.

JP Agarwal
Chairman
Surya Roshni Limited

At Surya, we are fired by the ambition of making a difference to every life we touch, through our branded products. Our foray in the appliances and fans segment bears testimony to this commitment of the Surya team. Our India-specific appliances range includes: Dry Iron, Steam Iron, Mixer Grinder, Juicer Mixer Grinder, Induction Cooktop, Sandwich Maker, Toaster, Water Heater, among others. Both our fans and appliances are cost effective, efficient, elegant and innovative. Our valued customers dream of a better and beautiful world. And with every product offering the Surya group makes, we help to make this Indian Dream a happy reality.

MD's Message

Dear Members,

You would be pleased to know that your company has performed with commendable success during the FY 2014-15, consolidating its position of enduring strength. In spite of a soft economic scenario, we countered every challenge to augment our value proposition vis-à-vis quality management, product portfolio, market presence and customer relationship. We have set new benchmarks and synergized our business goals worldwide, led by our dynamic Chairman, Mr Jaiprakash Agarwal.

We are among the leading players in each of our chosen business spheres and reflect the same status in terms of capacities and innovation. As proactive players we have always managed to stay at the top. A case in point would be the evolving technologies in the lighting segment where we adapted to change and developed LED Lighting Technology and commenced in-house production of indoor and outdoor LED products. From LED bulbs to downlighters, street lights, etc., we today exemplify our business signature-phrase: **"Surya - The Art of LED Lighting"**.

The last Fiscal saw us stand out from the crowd and deliver a wider, deeper and value added product portfolio. We understood the opportunities and devised appropriate solutions to address the prevailing market sensibilities. We capitalized on our in-house R&D expertise and introduced breakthrough solutions. STIC is one of the best R&D centres in India which has been focussing on innovation in LED Technology.

We have not only climbed the value chain to offer world class products to our customers but also expanded our horizons in recent years. Our foray into the fan segment has added new dimensions to the fan market. At the same time we have strengthened our position in the recently introduced appliances range.

During the Fiscal 2014-15 the performance of Lighting Division was promising. Indeed, I feel happy to inform you all that Surya Roshni is growing more rapidly than the industry as a whole. This I credit to our exponentially widening range of lighting products which fits the imagination of our valued customers. The steel division also performed well. With, stable government at the Centre and a greater focus on infrastructure, I am determined that the Steel division will return back to its old glory in times to come.

We acknowledge the invaluable contributions of all our customers, suppliers, bankers for their support, and our employees for their unstinted commitment.

Surya is confident to emerge as a significant industry major. Because, to become global leaders one needs to stay energized, motivated and absolutely focused. All of us at Surya aim to achieve this vision and chart a proactive and progressive course which befits our role as visionaries of the world.

INDUSTRY STRUCTURE, DEVELOPMENT & OUTLOOK

Outlook for lighting industry

Lighting is always a prime necessity in the modern world. It is an important component in the industrial growth of a country and vital at the domestic front for a good living. With the increase in residential houses, the demand for lighting and consequently the lighting industries are growing at tremendous pace. With a general improvement in the power condition both in urban and rural areas and anticipated increase in spending on infrastructure development both in public and private sectors in the coming years, the demand of regular lighting products is expected to increase by leaps and bounds.

Surya Roshni brings brightness to many homes every evening in over 44 countries across the globe. Surya Roshni is one among the large producers in the field of light source and its components in India and has played the role of a technology leader by establishing new benchmarks for the industry. As a leader in the area of lighting equipments, Surya Roshni has been providing innovative and safe lighting equipments to its customers and became the first lighting company in India to introduce energy-efficient lighting solutions.

Surya, ongoing commitment and dedication have pushed the boundaries of design and technology and relentlessly innovate and create products that are not only energy efficient but also environment friendly. Surya LED is the luminaire of the future and is transforming the nature of lighting. In view of the Government initiatives towards developing **100 Smart Cities** and **"Make in India"** campaign shall help LED to grow faster and provide ample opportunities for Surya.

Surya LED Bulb has long life (up to 25,000 hours), wide

range of operating voltage (110v – 300v), free of mercury and substantial energy savings. LED Luminaire series consist of a wider basket of luminaires catering to different applications for indoor or outdoor illumination.

Surya Roshni has an exhaustive range of luminaires and accessories to meet the requirement of every segment of professional lighting that includes domestic, industrial, designer, commercial, street lights besides LEDs. To complement its foray in luminaire segment, Surya Roshni has set up with state-of-the-art manufacturing facility for High Mast Lighting Systems and Octagonal Poles.

Surya, wide range of world class energy efficient lamps, T5 lamps, Fluorescent lamps, high pressure sodium and mercury lamps, metal halides lamps to name a few are manufactured at state-of-the-art units with top of the line machinery and equipments (from FALMA-Montena S.A., Switzerland, DEMA engineering UK, GE-Hungary) to benchmarked processes and practices. Products are designed and developed after extensive in house research ensuring thereby high standards of quality.

Surya Technology & Innovation Centre (STIC) at NOIDA is Jewel in the crown of Surya stable. It is one of the best lighting laboratories in Asia. It has house the Mirror Goniophotometer from LMT-Germany and is used for developing new generation energy saving luminaires. In addition to this, Surya Roshni will provide Photometric Optical Testing facility for all kinds of luminaires.

Apart for light source manufacturing, Surya Roshni has also been a leading manufacturer of various lamps' components since last two decades and well known as quality lamp component supplier from India.

Outlook for Fan & Home Appliances

Surya Roshni, embarking successfully into the fan market by selling 8,00,000 colourful range of Ceiling, Table, Pedestal, Wall mounted fans along with the wide range of domestic exhaust fans during the year. Encouraged by the success and demand introduced value added fans like Decorative Ceiling Fans, High speed Wall and Pedestal Fans, Tower and Cabin Fans placed Surya brand amongst the best in the Fan industry.

During the year, Surya also added Home appliances business by introducing heating products like Water Heaters, Heat convectors Immersion rods in the month of October and subsequently adding Irons and Mixers. These products also have been accepted with great enthusiasm by the trade and company plans to do 40 crore business in this segment also in the current financial year.

Surya Roshni has instituted a culture of continuous quality up-gradation and a strong system to ensure that the quality meets international benchmark.

Outlook for steel pipes

India has become the global pipe manufacturing hub primarily due to the benefits of its lower cost, high quality

and geographical advantages. The global accreditations and certifications that the Indian companies possess have made them preferred suppliers for many leading infrastructure and Oil & Gas companies in the world and particularly those in Middle East, North America and Europe.

The global economy returned to sustained growth, secondly with the new stable government policies on infrastructural projects provide enormous growth opportunities which will reflect in time to come.

The domestic pipe industry is expected to accelerate as several upcoming pipeline projects expected in India and other countries along with the normal demand for replacement of existing pipe lines. The expanding infrastructure, oil & gas and construction sectors have been the main growth drivers for steel industry that includes steel pipes. Further, company has initiated steps to increase presence in infrastructure segment and thus increased structural pipe sales. The company expects growth in the structural pipe segment with annual CAGR of more than 50% in coming 4 to 5 years' time.

Apart from the global opportunity, the pipe industry has emerged with the scenario of huge demand due to start-up of held up infrastructure project and policies of new stable government in the center. All-round demand in Agriculture, Housing, Urban as well as Rural development, infrastructure requirement, Oil & Gas line pipe and city gas distribution is envisaged which will give a boost to the pipe industry in the forthcoming period.

Surya, the largest GI pipe Manufacturer in India understands in-depth the needs of its customers which guide it in adapting its technology to suit their new requirements and thus producing ½"- 104" Dia- pipes for Agriculture, Household and Oil & Gas sector. It produces API pipes for India and for Exports and recently introduced Section pipes in Steel Range to increase the product basket to achieve higher market share.

Currently, the pipe division produces both galvanized and black varieties, in sizes ranging from ½" mm to 104" mm dia and in various specifications. The large diameter pipes of 100mm and above are made in grades like API 5L grades A & B as well as 5LX42, X46, X52, X56, X60, X65 and X70 (American Petroleum Institute).

Our commitment to deliver world class products to our clients/customers in the shortest time lag enabled us to establish presence all concerns of India and globally.

The increased emphasis and thrust given by the Government on infrastructure and housing sectors and in particular improving water management and urban amenities, steel pipes have emerged as the most reliable, cost efficient and durable option which will again benefit the pipe industry. Mention must be made of the several initiatives taken by the Indian government to make available basic water supply and sanitation over large parts of the country. Along with the focus on oil and gas

sector, these initiatives serve as a big boost to the pipe industry as a whole.

Strengths, Weakness, Opportunities and Threats

Strengths

With a nationally and Internationally accepted "SURYA" Brand and pre eminent position in the Indian Steel pipes and lighting industry, SURYA is poised to capitalize on the immense opportunities unfolding in the global market giving it an edge over its peers.

It has accredited quality certifications from leading agencies and has years of successful completion of contracts on schedule. Our commitment to deliver world-class solutions to our clients in the shortest time lag enabled us to establish presence across two corners of India, leading to improved customer relationship.

The Company's management has four decades of experience in the steel pipe industry and nearly three decades of experience in Lighting Industry. The Company has expanded the business both in size and range through various initiatives. These include increasing vertical integration, broadening nationwide marketing network, expanding the high-quality product range and complete backward integration in lighting industry.

Surya, has strong and extensive dealer network & retailers from Kashmir to Kanyakumari and North East to Gujarat with more than 2,00,000 retailers sell Surya products in pan India.

Weakness

In the light source segment margins are low due to competition from established market players and many units from unorganized sector. Uncertainties of external market forces may also impact the business scenarios.

Opportunities

· Steel Tubes & Pipes

Globally, Pipes are the most economical way to transport Oil & Gas. The increasing demand of energy, especially in a developing country like India, would accelerate the demand and thereby growth momentum in the steel pipe industry. Major Oil marketing companies are planning to lay pipelines across the length and breadth of the country that would generate a huge demand of pipes. The country's domestic Gas availability is expected to increase manifold in coming years and this would require huge infrastructure for domestic pipe lines.

Government planning to develop 100 modern cities in the country will boost demand for small dia API pipe in the Country city gas distribution simultaneously the infrastructural & water/sewerage amenities will increase the demand manifold.

The scope and opportunities in the world market is large. With the well established renowned SURYA brand, the wide range of both traditional and innovative products and

an experienced export marketing, the company is confident of capturing new markets and enlarging the existing export market. This will provide larger visibility, higher volumes and increased margins in the near future.

Now with the formation of new stable Government which is strongly committed to reforms agenda and taking effective economic action aimed at spurring consumption, building infrastructure and stimulating economic growth. Rural India is expected to thrive with good agricultural crop aided by appropriate government policy. Infra sectors provide a huge opportunity in both rural and urban India. The Construction sectors and housing sectors are booming thereby providing lighting and pipe industries a good opportunity to grow.

• LED

Surya, visualized the importance of LED lighting before and started its preparation accordingly. Surya's present LED share is about 35% of the total lighting turnover in the luminaire segment. Company has already introduced 100 LED product and is likely to introduce 100 more in the time to come. Surya, strive all potential opportunities to achieve revenue of Rs. 500 crore in the LED segment in the next three years.

• Fan and Home Appliances

2014-2015 was the first complete year for fans sales and company achieved great success and sold 8,00,000 fans in the year. The acceptance of the brand Surya fans was good amongst Distributors, Retailers as well as customers.

The Indian Fan Market size at present is approx. Rs. 5000 crores. Through its strong network of 2 lakh retailers Surya, plans to capture sizeable percentage of market share and be amongst the top three players in Fans by 2019-2020.

During the year, Surya also added Home appliances business by introducing Heating products like Water Heaters, Heat convectors Immersion rods in the month of October and subsequently adding Irons and Mixers. These products also have been accepted with great enthusiasm by the trade and company has set a target of Rs. 200 crore sales in next 2 to 3 years.

Threats

Competition: Competition from spurious manufacturers, unorganized sector without quality constraints and multinational companies is always a challenge. Surya believes in confronting such challenges and transforming them into opportunities. We expect to meet these threats with better products, informed customer relationships, focused demand generation efforts and a strong business outlook.

Cost of Raw material: Metal being a major raw material in steel tubes and pipe segment, any impact in its cost may affect our contribution margins. However the company

has adopted various measures to minimize the adverse effect of volatile prices of raw materials.

FINANCIAL & OPERATIONAL PERFORMANCE

The Company was able to maintain itself as a leader in the Steel Tubes industry and as a strong contender in the Lighting industry. Given below are the financials of the company for the current as well as the previous year :

(Rs. in Crores)

Risk & Concerns

Steel is the raw materials and a major cost component for the tube & pipe segment and its prices have a direct bearing on the profitability. Though in recent times steel prices have been down but it posing fresh challenges to the business world wide due to demand and supply factor. The quality parameters of pipes used in the oil & gas sectors are becoming more stringent each day. Moreover, any failure of pipes after the supply to customers in the oil & gas sectors attracts heavy penalties. Company is taking utmost care to source the best quality of raw materials to ensure very high quality end products. Orders from oil & gas sector depend however upon demand and success in bidding process.

In the light source segment, technological obsolescence is an inherent business risk in a fast changing world. Speed of change and adaptability to the changing market is crucial for survival in business. Government energy policy and development of new innovative energy efficient products may render some of our existing production facilities obsolescent. Adaptability of new world class technology by adding a host of LED products and being cost effective is always the core strength of Surya to overcome the obsolescence.

Risk Management Policy

Risk Management Policy ("Policy") of Surya Roshni Limited is prepared and adopted to build a framework for risk management. Policy is aimed to develop an approach to make an assessment and management of the risks in financial, operational and project based areas in a timely manner. The main objectives of the Risk Management Policy are:

- To ensure that all the current and future material risk exposures of the Company are identified, assessed, quantified, appropriately mitigated, minimized and managed.
- To protect brand value through strategic control and operational policies;
- To establish a framework for the Company's risk management process and to ensure company- wide implementation;
- To ensure systematic and uniform assessment of risks related with different functions of the Company;
- To enable compliance with appropriate regulations, wherever applicable, through the adoption of best practices.

Board assess several types of risks which the company is exposed to from time to time which include the following:

1. Strategic Risks

2. Industry and Competition Risks

3. Risk of Cost Material Prices

4. Risk of Technical Obsolescence

5. Financial Risk

Generally, company undertakes Derivative/ Treasury Transactions with Banks as permitted by the Reserve Bank of India within the framework of the approved Risk Management Policy of the Company with a view to mitigate the underlying risk exposure or to hedge the risk pertaining to the loans/facilities obtained from various banks or Exports or Imports carried out/to be carried out or any other forex / rupee exposures in connection with the business of the Company.

The Board of the Company periodically review and evaluate the risk management system of the Company so that the management controls the risks through properly defined network. Head of Departments shall be responsible for implementation of the risk management system as may be applicable to their respective areas of functioning and report to the Board and Audit Committee. In the fiscal year under review, the revenue from operations of your Company is Rs. 2857.10 crore as compared to Rs. 3030.97 crores last year. The Profit After Tax stood at Rs. 54.09 crores as compared to Rs. 53.36 crores last year, registering a marginal increase of 1.37%.

LIGHTING DIVISION

During the year under review, Lighting Division continued to innovate and set new benchmarks. Lighting Division surpassed all the past records and achieved new milestone by recorded ever highest sales of Rs.130 Crores in the month of March, 2015, which are highest one in any single month by Lighting Division of the Company in the history of Surya Roshni. As on date, we are the second largest lighting Company of the country commanding a market share in excess of 25%.

The performance of the division during the year shows good growth. Revenue from operation of the division increased to Rs.1149.54 crores as compared to Rs.1077.19 crores last year, an increase of 6.72 % over the previous year. The higher sales have partly been accounted by new products and geographical expansion.

We became the first lighting company in India to introduce energy-efficient lighting solutions. The recently launched LED add a great amount of colour & class as well as complimenting the existing range of our products which include CFL, Tube Light, GLS, Luminaries and Accessories, High Mast Lighting Systems, Lighting Poles etc.

LED Bulb has long life (up to 50,000 hours), wide range of operating voltage (110v – 300v), free of mercury and substantial energy savings. LED Luminaire series consist of a wider basket of luminaries catering to different applications for indoor or outdoor illumination.

STEEL DIVISION

Steel Industry has continued to be passing through a hard time rough since last 3 years and the demand/supply gap has been widened in spite of the fact that steel prices fallen globally by 20% in the year. Unfortunately domestic steel prices particularly in North India has been reduced by only 15% as compared to the global melt down of over 20%. Therefore the companies face a tough competition in the market and margins are squeezed substantially. The revenue from operations of the divisions stood at Rs. 1707.56 crores as compared to Rs. 1953.79 crores in the last financial year.

The Company has initiated steps to increase presence in infrastructure segment and increased structural pipe sales by almost 63% as compared to the past year. The Company expects growth in the structural pipe segment with annual CAGR of more than 50% in coming 4/5 years. Due to the rise of demand in infrastructure sector and based on the policies of new stable government at the centre the demand for steel pipes was supposed to enhance substantially last year, but it seems that actual execution is taking some more time and hopefully the pipe and steel market should revive in second half of the current year. Till time we have to fight and keep present business intact in the market though profitability will be affected during first half of the year.

FUTURE PROSPECTS

LIGHTING DIVISION

Electric light, once considered as night time substitute for day light, becomes 24x365 hours companion in all of human activities. Lighting is always a prime necessity in the modern world. With the increase in residential houses, the demand for lighting and consequently the lighting industries are growing at tremendous pace. With growing demand for lighting products, the Lighting industry make valuable contribution in the growth and progress of our economy.

Surya Roshni brings brightness to many homes every evening in over 44 countries across the globe as it has an exhaustive range of luminaries and accessories to meet the requirements of every segment of the society.

SuryaRoshni's, ongoing commitment and dedication have pushed the boundaries of design and technology and relentlessly innovate and create products that are not only energy efficient but also environment friendly. Surya LED is the luminaire of the future and is transforming the nature of lighting, Company move up to the next level of Energy Savings and rightly recognized as **"Surya , the Art of LED Lighting"**. In view of the Government

initiatives towards developing “**100 Smart Cities**” and inspired by Prime Minister “**Make in India**” project, Surya start in-house production of indoor and outdoor LED product, LED Bulb, LED candle lamps, LED coloured lamps, down lighter, Street Lights fittings and thus developed LED (a green technology). This energy efficient luminary is available in many mounting options to offer a flexible LED lighting solution which took the LED market by storm.

Surya, understands in-depth the needs of its customers which guide it in adapting its technology to suit their new requirements and thus offered a vast range of product line - up including Tube Lights, GLS, CFL Lamps, wide range of LED's, HPSV / Metal Halide Lamps, Street Lighting and High Mast etc and thereby participate in the growing infrastructure sector.

India, being home to the largest working population is witnessing a surge in office lighting and home lighting solutions. Through whole hearted efforts and better commitment at all levels and having large distributor strength across pan - India, we at Surya will be provide a more healthy growth and profitability in the years to come.

LUMINAIRE BUSINESS GROUP (“LBG”)

Financial year 2014-15 was a fairly good year for Surya LBG and the growth was in line with the industry growth. Surya LBG has made significant progress in acquiring new customers which has helped in the overall performance.

LED business is the order of the day and Surya LBG has added a host of LED products in it's product portfolio. Surya, present LED share is around 35% of the total lighting turnover in the luminaire segment. LBG is well equipped to meet the challenges of LED technology and the ever increasing customer expectations. The complete range of products including LED products helps us in providing the much desired total lighting solution. The most advanced Surya R&D center ensures that highly efficient and top quality products are delivered.

Our country wide dealer network is our strength and this helps us to be present in every nook and corner of India and provide after sales supports to the clients.

Current Financial Year 2015 -16 is a promising year for LBG with major focus on LED business, EPC business and major government and industrial segment. LBG is well poised to register a healthy growth both in top line as well as bottom line.

RESEARCH AND DEVELOPMENT CENTRE

Being a leader of lighting industry in India, Surya has conclusively embarked upon to bring the revolution in the world of lighting by setting up a state of the art lighting laboratory & research centre, Surya Technology & Research Centre (STIC), at Noida. It is a jewel in the crown of Surya.

STIC is equipped with the most advanced photometric laboratory which houses High speed automatic Mirror Gonio-Photometer from LMT, Germany --- the best equipment available for measurement of light & optical design of lighting systems.

For the last few years, STIC Noida has focused on research of LED luminaries and has created a wide product portfolio for both indoor & outdoor applications.

Since any LED System is solid state lighting (SSL) which necessarily incorporate major contribution from lighting electronics design in conjunction with thermal, optical and mechanical design, STIC has adequately invested in expert human resource and design / testing equipment's. STIC has computer aided design (CAD) facilities with advanced software for thermal and mechanical simulations. Testing facilities of Thermal, Mechanical, Environmental and all kinds of Electrical & Safety parameters of luminaries are available at STIC.

STIC has been recognized as an R & D Centre by DSIR (Department of Scientific & Industrial Research, Ministry of Science & Technology) and also it has been listed as one of the best testing laboratories in India by BEE (Bureau of Energy Efficiency), for the measurement complying BIS Standard / International Standard of LED Lighting system. Further Photometric Laboratory and Testing has received NABL accreditation. Last but not least, STIC is a Green Building with LEED Platinum certification and process of accreditation is going on.

With all this, Surya is proliferating with the Research, Design & Development of the most energy efficient, safe, reliable& environment-friendly lighting products and providing guidance and direction towards evolving a “Green India”.

FAN DIVISION

Surya Roshni launched Fans in Indian market in January 2014 under its brand name Surya and achieved great acceptance with more than 20,000 distributors of their lighting products.

2014-2015 was the first complete year for fans sales and Company achieved great success and sold 8,00,000 fans in the year. The acceptance of the brand Surya fans was good amongst distributors, retailers as well as customers.

Company started with standard and economy segment in Ceiling fans and complete range of table, wall, pedestal and exhaust fans, but encouraged by the success and demand in the market, added Value added fans, like decorative ceiling fans, high speed wall and pedestal fans, tower and cabin fans, which will give edge to the brand image and place the Surya brand amongst the best in the fan industry.

Surya has taken a target of selling 15,00,000 fans in the year 2015-2016 and plan to add many more value added niche products in the range.

During the year, Surya also added Home Appliances business by introducing heating products like water heaters, heat convectors immersion rods in the month of October and subsequently adding irons and mixers. These products also have been accepted with great enthusiasm by the trade and company plans to do Rs. 40 crore business in this segment also in the current financial year.

STEEL DIVISION

India has become the Global Pipe manufacturing hub primarily due to the benefits of its low costs, higher quality and geographical advantages. The global accreditations and certifications that the Indian companies possess have made them proffered suppliers for many leading Oil & Gas companies in the world and particularly those in Middle East, North America and Europe. The expanding infrastructure, Oil & Gas construction sectors have been the main growth drivers for steel industry that includes steel pipes.

Apart from the global opportunity, the pipe industry has emerged with the scenario of huge demand due to start-up of held up infrastructure project and policies of new stable government at the centre. All-round demand in agriculture, housing, urban as well as rural development, infrastructure requirement, Oil & Gas line pipe and city gas distribution is envisaged which will give a boost to the pipe industry in the forth coming period.

Surya, the largest GI pipe manufacturer in India understands in-depth the needs of its customers which guide it in adapting its technology to suit their new requirements and thus producing ½"- 104" Dia- pipes for agriculture, household and Oil & Gas sector. ANNEXURE-III TO BOARD'S REPORT

Particulars of Energy Conservation, Technology Absorption and Foreign Exchange Earnings and Outgo as per Section 134(3)(m) read with Companies(Accounts) Rules 2014 and forming part of the Directors' Report for the year ended 31st March, 2015.

I. CONSERVATION OF ENERGY

Energy conservation dictates how efficiently a company can conduct its operations. Surya Roshni Limited has recognized the importance of energy conservation in decreasing the deleterious effects of global warming and climate change. The Company has undertaken various energy efficient steps that strengthen the Company's commitment towards becoming an environment friendly organization.

a) Energy conservation measures taken :

At Steel Division, Bahadurgarh :

- Energy Audit was conducted in the Bahadurgarh Plant in Steel Division for Energy Conservation.
- Replacement of LED Lamp in place of High Voltage Lamps.
- Replacement of High Power Motors with low Power Motors.
- Change over of Boiler from 5 Ton to 3 Ton.
- Saving in Electricity Cost by purchase of Electricity through Open Excess/Power Trading.
- Plugging of Leakages of Compressed Air in Pipe and CR plant.
- Saving of energy is achieved upto 5 unit/MT and 10 unit/MT in Pipe Plant and CR Plant respectively through effective use of energy.

At Malanpur Unit of Lighting Division :

- Saving of energy achieved by use of Propane in place of RLNG in Cap & Glass Production .
- Power purchase through IEX trading in place of Electricity Board.
- Convert H.P Air to L.P Air by replacing Roots Blower into Trilobe Blower and thus save energy in terms of Compressed Air.,
- Replace 20 HP Raw water pump into 10 HP water pump for Quencher and thus saves energy.
- Air Circulatory Blower at Ribbon LEHR converted from Delta to Star Mode and thus saves energy.
- Replacement of Tube Light by CFL inside the plant saves energy.
- Reduce compressed air pressure by use of 1KG / CM2 in cap section for press and Vitrite M/c and thus saves energy.

At Kashipur Unit of Lighting Division :

- Heat Recovery System introduced in FTL 1st & 2nd Chain in Baker m/c and recovered heat used in FTL coating resulted in saving of approx.200 Scm natural gas.
- Replacement of 50HP with 30 HP Blower in compressor room and thus saves energy.

AUDITOR'S CERTIFICATE**Auditor's certificate on compliance with the conditions of Corporate Governance under Clause 49 of the Listing Agreement**

To the members of
Surya Roshni Limited

We have examined the compliance of conditions of corporate governance by Surya Roshni Limited ("the company") for the year ended 31st March, 2015, as stipulated in Clause 49 of the Listing Agreement of the company with the stock exchanges.

The compliance of the conditions of corporate governance is the responsibility of the management. Our examination was limited to the procedures and implementation thereof, adopted by the company, for ensuring the compliance of the conditions of corporate governance. It is neither an audit nor an expression of opinion on the financial statements of the company.

In our opinion and to the best of our information and according to the explanations given to us, we certify that the company has complied with the conditions of corporate governance as stipulated in the abovementioned Listing Agreement.

We state that no investor grievances are pending for a period exceeding one month against the company as per the records maintained on behalf of the company by SEBI approved Registrar & Transfer Agent by the company.

We further state that such compliance is neither an assurance as to the future viability of the company nor the efficiency or effectiveness with which the management has conducted the affairs of the company.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF SURYA ROSHNI LIMITED, FOR THE YEAR ENDED 31ST MARCH 2015.

We have audited the accompanying standalone financial statements of SURYA ROSHNI LIMITED, which comprise the Balance Sheet as at 31st March, 2015, the Statement of Profit and Loss, the Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Standalone Financial Statements:

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility for the Standalone Financial Statements:

Our responsibility is to express an opinion on these standalone financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Opinion:

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2015, and its profit and its cash flows for the year ended on that date.

Report on Other Legal and Regulatory Requirements:

As required by the Companies (Auditor's Report) Order, 2015 ("The Order") as amended issued by the Central Government of India in terms of sec 143(11) of the Act, we give in the annexure a statement on the matters specified in paragraphs 3 and 4 of the order.

As required by Section 143(3) of the Act, we report that:.

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books

- (c) The Balance Sheet, the Statement of Profit and Loss, and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
- (d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- (e) On the basis of the written representations received from the directors as on 31st March, 2015 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2015 from being appointed as a director in terms of Section 164 (2) of the Act.

With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

- (i) The Company has disclosed the impact of pending litigations on its financial position in its financial statements as referred to in Note No. 29.1 & 29.2 and Note No. 30.8 to the financial statements.
- (ii) The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, and as required on long-term contracts including derivative contracts.
- (iii) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

ANNEXURE TO THE INDEPENDENT AUDIT REPORT TO MEMBERS OF SURYA ROSHNI LIMITED, FOR THE YEAR ENDED 31ST MARCH 2015.

1. In respect of its fixed assets:

- a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
- b) The Company has regular programme of physical verification, which, in our opinion, is reasonable having regard to the size of the Company and the nature of its business. Accordingly, the fixed assets have been physically verified by the management during the year and no material discrepancies were noticed on such verification.

2 In respect of its inventories:

- a) The Management has conducted physical verification of inventory at reasonable intervals during the year.
- b) The procedures of physical verification of inventory followed by the management are reasonable and adequate in relation to the size of the Company and the nature of its business.
- c) The Company is maintaining proper records of inventory and no material discrepancies were noticed on physical verification.

3. The Company has not granted any loans, secured or unsecured to Companies, firms or other parties covered in the register maintained under Section 189 of the Companies Act, 2013.

Accordingly paragraph 3(iii)(a) to 3(iii)(b) of the order are not applicable.

4. In our opinion and according to the information and explanations given to us, there are adequate internal control procedures commensurate with the size of the Company and the nature of its business for the purchase of inventory, fixed assets and for the sale of goods and services. During the course of our audit, we have not observed any major weaknesses in internal controls system of the Company.

5. In respect of transactions covered under the provisions of sections 73 and 76 or any other relevant provisions of the Companies Act, 2013:

The company has not accepted any fresh public deposits during the year and pre-paid all earlier public deposits during course of the financial year. No order has been passed by the Company Law Board or the National Company Law Tribunal or by any court or by any other Tribunal with regard to such deposits.

6. We have broadly reviewed the books of accounts relating to materials, labour and other items of cost maintained by the Company pursuant to the Rules made by the Central Government for the maintenance of Cost Records under Section 148(1) of the Companies Act, 2013 and we are of the opinion, that prima facie, the prescribed accounts and records have been made and maintained. However, we have not made a detailed examination of the records

7. In respect of statutory dues:

- i. The company is generally regular in depositing with appropriate authorities undisputed statutory dues including provident fund, employees' state insurance, Income Tax, Sales-tax, value added tax, wealth Tax, custom duty, excise duty, service tax, cess and other statutory dues applicable to it. Further No undisputed amount of statutory due were in arrears as at 31st March, 2015 for a period of more than six months from the date they became payable.
- ii. The particulars of disputed statutory dues that have not been deposited on account of matters pending before appropriate authorities are as under:

S.No	Name of the Statute	Nature of dues	Forum where dispute is pending	Amount (in Rs.)
1	Central Excise Act, 1944	Excise Duty - Note No.27, to the Financial Statements	CESTAT	13393777

3	Income Tax Act, 1961	Income -Tax - Note No.30.8 to the Financial Statements	CIT (Appeals)	406974683

- iii. The amount required to be transferred to investor education and protection fund in accordance with the relevant provisions of the Companies Act, 1956 (1 of 1956) and rules made thereunder has been transferred to such fund within time.
8. The Company has no accumulated losses and has not incurred any cash losses during the financial year covered by our audit or in the immediately preceding financial year.
9. Based on our audit procedures and according to the information and explanations given to us, we are of the opinion that the Company has not defaulted in repayment of dues to financial institutions, banks. The Company has not issued any debentures.
10. In our opinion and according to the information and explanations given to us, The Company has given Guarantee for loans taken by its erstwhile subsidiary company from banks for term loans of Rs. 135 Crores (present outstanding is Rs. 21 Crores). The terms and conditions of which are not pre-judicial to the interest of the Company.
11. In our opinion, the term loans have been applied for the purposes for which they were raised.
12. In our opinion and according to the information and explanations given to us, no fraud has been noticed or reported during the year.

SIGNIFICANT ACCOUNTING POLICIES**1. Basis of preparation of Financial Statements**

- (a) The financial statements have been prepared under the historical cost convention in accordance with the generally accepted accounting principles (GAAP) in India and the provisions of the Companies Act, 2013, as adopted consistently by the Company.
- (b) The Company recognises income and expenditure on accrual basis except those of significant uncertainties.

2. Fixed Assets

Fixed Assets are stated at cost net of CENVAT and includes amounts added on revaluation, less accumulated depreciation. All costs, including interest on borrowings attributable to acquisition of Fixed Assets upto the date of commissioning of the assets and net charges on foreign exchange contracts and adjustments arising from exchange rate variations relating to borrowings attributable to the fixed assets are capitalised.

3. Depreciation

- (i) Depreciation on Fixed assets is provided on Straight Line Method (SLM) considering specified useful / remaining useful lives of the assets as prescribed in Schedule II to the Companies Act, 2013 except in cases of Plant & Machineries relating to Tuber Plant of Lighting Division and Pipe Mills & CR Plant of Steel Division where the useful life has been assessed as 25 Years on the basis of technical evaluation.
- (ii) Depreciation on additions is being provided on pro rata basis from the date of such additions.
- (iii) Depreciation on assets sold, discarded, disabled or demolished during the year is being provided up to the date in which such assets are sold, discarded, disabled or demolished.
- (iv) Depreciation on additions / deductions on account of increase / decrease due to revaluation of foreign currency loan are provided based on the useful life of the assets.

4. Foreign Currency Transactions

- (i) The Monetary items denominated in foreign currency are translated at the exchange rate prevailing on the last day of the accounting year where the Company has entered into forward exchange contracts, the difference between the forward rate and the exchange rate at the date of the transaction is recognised in the statement of profit & loss over the life of the contract. However the difference relating to borrowings attributable to the fixed assets are capitalised
- (ii) Exchange differences arising due to repayment or restatement of monetary items denominated in foreign currency are recognised in Profit & Loss Account. However the exchange difference relating to borrowings attributable to the fixed assets are capitalized.

5. Investments

Investments that are readily realisable and intended to be held for not more than a year are classified as current investments. All other investments are classified as long-term investments. Current investments are carried at lower of cost and fair value. Long-term investments are carried at cost. However, provision for diminution in value is made to recognise a decline other than temporary in the value of the investments.

6. Employee Benefits

- i. Contribution to the provident fund with the government at pre-determined rates is a defined contribution scheme and is charged to the Profit and Loss account. There are no other obligations other than contribution to PF Schemes.
- ii. Liabilities in respect of defined benefit plan of Gratuity is determined as per actuarial valuations made by an independent actuary as at the balance sheet date. The actuarial gains or losses are recognised immediately in the profit and loss account. The contributions made by the Company through approved gratuity trust time to time are invested with Life Insurance Corporation of India and SBI Life Insurance Company Limited.
- iii. Provisions for other long term employee benefits-leave, a defined benefit scheme, is made on the basis of actuarial valuation at the end of each financial year and are charged to the profit and loss account . All actuarial gains or losses are recognised immediately in the profit and loss account.

7. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent liabilities as at the date of the financial statements and reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates. Any revision to accounting estimates is recognised prospectively in current and future periods.

8. Inventories

- (i) Raw material, Stores & Spares are valued at cost on FIFO basis.
- (ii) Finished Goods are valued at cost or net realisable value whichever is lower.
- (iii) Work in Progress are valued at cost or net realisable value whichever is lower.
- (iv) Scrap and Salvage is valued at realisable value.
- (v) Excise duty is included in value of finished goods.

9. Revenue Recognition

Sale of goods are recognised where significant risk and reward in goods is passed to customers. In case of export, sale are recognised on the basis of shipping bills date and initially recorded at the relevant exchange rates prevailing on the date of transaction.

10. Taxation

Income-Tax is accounted for in accordance with the Accounting Standard 22 "Accounting for taxes on income". Taxes comprise both current and deferred tax.

The provision for the current tax is made considering the liability estimated to arise on the results for the year in accordance with Income-Tax Act, 1961.

The deferred tax for timing differences between the book and tax profits for the year is accounted for using the tax rates and laws that have been enacted or substantively enacted as of the balance sheet date. Deferred tax assets arising from timing differences are recognised to the extent there is reasonable certainty that the assets can be realised in future. Deferred tax assets are reviewed at each balance sheet date for its realisability.
