“EXECUTION

The discipline of getting things done”

- Bossidy Charan and Burck

Optimizing Execution

Execution - as some may say, is the art of doing things. The focus this year for Ashiana is to optimize the art of doing things. This focus is required as we are now moving from a small scale to a mid scale zone.

The economies are changing and so are the managerial dynamics. Starting from 24 units way back in 1979, this year we crossed the mark of delivering 9050 happy homes till date. The project sizes have changed from 200-300 homes per project to 1000-1500 homes per project. 1673 homes got booked this year as compared to 515 homes four years back. Construction scale has also almost doubled in the last three years. This rapid growth has been unprecedented in our history and has stretched our execution capability. All this suggests putting in place a system to measure and monitor the progress that can greatly enhance the impact of the planning process for all of the sub divisions.

Execution is "the missing link between aspirations and results," and as such, making it happen is the business leader's most important job. It is not merely managing the tactical side of business but developing a discipline to learn. We feel, to manage the core business processes of strategy, people and operations, the following building blocks need to be in place: leaders with the right behavior; a culture that rewards execution; and a reliable system for having the right people in the right jobs.

“I don't think it matters what the idea is, almost. You need great execution.”

- Felix Dennis

Strategy: Talking about the strategy first, we formulated our strategic plan three years back and now it is reviewed every year. The plan delves into the vision, mission, target segment of the Company and the ten year action plans. It then lists the focus areas for next three years further breaking it down to yearly goals and quarterly tasks. Every year the review starts with the management team anticipating the big challenges and spotting important trends in the industry. Performance of year gone by is then discussed, along with the big achievements and also the bottlenecks.

These goals are then summarized in form of corporate targets, and shared with the organization, which serves as the basis for more detailed strategic planning at the division and business-unit levels. Key focus areas are identified every year and specific individuals are made owners to execute them with the help of sub-teams. One top priority area is outlined and all others are aligned to that thought.

People: In the first quarter of FY 2013-14, Ashiana launched a Leadership Development Programme (LDP) for its employees. We designed a three step process for implementing LDP:

a) Development of skills and competencies to do the present job, efficiently.

b) Development of skills and competencies required to undertake greater responsibilities.
c) Providing employees the opportunity to take on greater responsibility.

Other initiatives included

- Employee motivation through presentations and communication boards
- Structured quarterly conversations between a manager and his subordinate along with individual development plans for them
- Book reading through clubs, monthly reviews etc.
- Fast track growth of engineers through a formal program
- Skill training program for unskilled manpower
- Structured training in 3 steps spread over 5-7 years, to enable supervisors to independently take on Site Engineer's role & responsibilities
- Improved hiring process

We are confident that these initiatives of Ashiana will not only provide professional development opportunities to employees but shall also fuel the growth of Ashiana through home grown managers at all levels.

“Execution is everything”

- Jeff Bridges

Operations: We have, in earlier editions, talked about our business model and the way it helps us in scaling and sustaining the growth. We will now discuss how the different divisions of Company drive this model. Sales have had the record performance year - 1673 homes translating to 22.17 lakhs sq. ft. of saleable area. To maintain this growth momentum and not get lost, we have identified key parameters which affect our sales. Referral sales being 56% of our sales is the biggest contributor to our performance. Referral sales tell us the amount of customer satisfaction and trust which gets built over the years. The numbers show that our customers who had a buying experience with us are satisfied and encourage others to do the same. For us it is critical to ask questions like - Do we take care of our existing customers? How do we make sure they keep repeating the same behavior? We believe that success in this endeavor - is driven by understanding what they like and why. To ensure this, we have a regular customer feedback system. We take customer feedback at three levels - while booking by Sales Executives, at the time of possession by Customer Relationship Engineers and after possession by Top Level Management

Another question that arises is, that do our customers have information to make referral sale recommendations. We are putting in systems to ensure regular information to our existing customers about upcoming projects.

Cumulative Referral Sales - 2013-14
(As a % of total bookings)

Also, another important factor which helps getting sales is the conversion ratio. Conversion ratio is the ratio of site visits to bookings. Improving that ratio means getting more bookings with same number of visits. We ensure that by proper data segregation, we target the right audience at the first place, understand their requirements and then provide them the options that best fit their aspirations. Enquiries and site visits are important numbers for us to track and improvise on a continuous basis.

“In the military, as in any organization, giving the order might be the easiest part. Execution is the real game.”

- Russel Honore

To execute this growing level of sales, we also need enough inventories to sell. All approvals need to be received on time to launch new projects. One key area, therefore, this year will be to prioritize and optimize the system in place to apply for approvals adequately, to get all drawings for sanctions well prepared to avoid any delays and hence fuel the growth.

Also, the inventories will get exhausted at a faster pace now, so we have to look for new projects both in existing and new locations. Last year we developed a structure around land acquisition team which will now execute strategies for locating new cities and projects which fit well in our target segment. We aim to identify a new city every year for launching new projects. This will also counter the risks involved related to the regulatory framework and other market risks which prevent growth certain times for individual projects and cities. To track and measure the same, we have interim milestones like number of potential cities to research and the land offers made in these cities. These are also tracked on monthly basis.

Getting the land, applying for approvals and selling it is just half the job. The other critical half is to deliver the quality as promised and that too on time. There is a lot which goes in, right from Design to Architectural Layouts to Landscaping to Construction and finally the Maintenance.

Starting from architecture, our team is involved right from the day a new project is identified to design and structure the homes as per the requirements of the end user. Surveys to understand the target customers, feedback from existing customers, new technologies available in the market etc. - all these are considered while designing every new project. Co-ordination

between architecture and marketing teams with the aim to communicate the right product as planned and between architecture & engineering to deliver as communicated are very important processes.

When the designs have been finalized, it is the constant endeavor of our engineering team to execute them on ground and to get the best available products in the market in that price bracket. We have almost doubled our construction capability in last three years to 17.87 lakhs sq. ft. this year. The plan for next year is to further get this upto 22 lakhs so that it catches up with the figure of homes booked. One of the things which the entire construction industry is facing quite a bit is the increasing construction cost and labor shortage. The operating plan will strictly be a number exercise if we don't pay attention to productivity or quality. To cater to the labor shortage, we have been training our labor to do skilled jobs. The skill training, the supervisors' training and all mentioned above helps us in getting in-house skilled labor and at the same time helping them grow in their individual careers.

“Vision without execution
is a daydream.”

- Thomas Jefferson

We have also been focusing on optimizing the labor productivity. Our labor efficiencies have increased by more than 50% in the last three years, which is a huge achievement. We want to improve this figure consistently and we keep tracking the same.

In-house construction helps us do things more effectively where we can improvise on the construction techniques, put in check systems to ensure quality and save on margins at the same time. As a Company, we all get a lot of pleasure from constantly learning new things. Last year, we adopted a new form of construction using pre-fab structures called Aluminum Formwork System. Aluminum Formwork panels can be designed for any condition/component of the building. This system is unique as all the components in a building, including slabs, floors, walls, columns, beams, staircases, balconies and window hoods are made of concrete and there is no need for block works or brick works. We will be using this technology in our new project Ashiana Surbhi at Bhiwadi.

When homes are built and delivered to customers, customer feedback is obtained at that time to ensure that homes are delivered as promised. There is also a handing-over process which is regularly monitored when the responsibility passes from construction to maintenance department.

Ashiana Maintenance Services does the facility management for all projects, which is internally treated as more of a department than a subsidiary. They have their tracking numbers to measure customer satisfaction, cost controls and the property services. Effective monitoring systems like MIS and follow-up reports ensure timely, economical and efficient maintenance. On-site and off-site training further ensures a pool of skilled manpower that is sensitive to the needs of the residents.

Maintenance also provides resale and rental services to facilitate easy exits for customers. Over time, all of this also creates brand loyalty which helps us in selling subsequent projects to referrals from the current inhabitants of the projects.

“Success doesn't necessarily come from breakthrough innovation but from flawless execution.”

- Navin Jain (Founder - World Innovation)

To bind all these processes are the support operations like Accounts, Customer Service, Human Resources and Information Technology. Accounts as a process, helps maintaining the financial discipline within the organization. Be it payments to vendors or labor contractors right on time, or the salaries of employees. These might seem insignificant processes but go a long way in building reputation of the Company and helps getting the right people at right time, to execute the planned strategies. Another example can be of the Customer Service Department assisting customers post sales in managing their installments well in time to avoid interest charges or other grievance handling procedures. For most of the people buying homes, it is one of the largest investments of their portfolio and proper information on time eases their decision making at subsequent levels.

To summarize, by this theme of execution, we are checking that all the strategies and plans are made and implemented keeping reality in mind. To achieve these goals we have the right set of people as and when required and all the systems and procedures are in place. **For execution is not complete, unless the other three pillars are well in place – people, strategy and operations.**

Our Purpose

To bring a smile of satisfaction on people's faces.

Vision:

- To nurture an environment which brings a smile of satisfaction to people who meet us, who live in homes built by us, work with us, supply to us and invest in us.

Mission:

- To develop & maintain homes which are functional, aesthetically pleasing and environment friendly for the middle income group.
- To create retirement communities where senior citizens can lead active, fun filled and a secured life with dignity.

What core values mean to us:

- **Happiness All Around** : importance to all; freedom to work & speak; being able to make a mistake; family-like environment and good interpersonal relationships.
- **Transparency** : honesty; sharing information regularly; self-belief and delivery on time.
- **Going the Extra Mile** : passion for everything we do; continuous improvement and adaptability to change.
- **Never Give Up** : fulfilling commitment.

Happiness All Around

Shamsher, Site Accountant at Marine Plaza, noticed a worker regularly reporting late for work. He accosted the worker who told him that he walked from home, (6 km everyday) to reach the site. This led him to reach late and at the same time he could also not work late in the evening.

Shamsher realized the helplessness of the individual and decided to help him in whatever manner he could.

Accordingly when Shamsher received his next salary he bought a second hand bicycle for this worker. The latter was overjoyed and extremely grateful for this kind gesture from Shamsher.

**Mr. Shamsher Singh, Site Accountant
Ashiana Marine Plaza, Jamshedpur**

Going The Extra Mile

On 16 Dec 2013 at 1830 hrs Mrs. Partibha Singla, resident of Utsav Bhiwadi, called the Help desk, that there is an emergency in their flat. Immediately, Mr. Rajesh (Plumber) rushed to the flat & noticed that hot water pipe of geyser was burst and water was coming out near the switch board. Rajesh shown his presence of mind and switched off the main power supply and cut off the water supply. Mrs. Singla was very scared of the incident and was unable to move from her bed. Water was splashed all over in the flat. Meanwhile he console Mrs. Singla not to worry about the incident, he did not wait for any one and moved all the stuff from the floor. After that he took a wiper and wiped the entire floor without any assistance. Mrs. Singla was very happy and thanked Rajesh for this great job.

**Mr. Rajesh, Plumber
Ashiana Utsav, Bhiwadi**

Transparency

Kamlesh is a Supervisor at Rangoli Gardens. A true Ashianaite, Kamlesh embodies the Ashiana Core Values in body & spirit.

A while back, Kamlesh attempted to withdraw ₹ 600/- from the ATM. By mistake the ATM dished out ₹ 16,000/-

He was pleasantly surprised at receiving the additional amount. The SMS he received from the bank also debited only ₹ 600/- to his account.

Even though he was happy at this bounty, Kamlesh's conscience was restless. So, he visited the bank, informed the manager about the mistake made by the ATM and returned the excess amount.

**Mr. Kamlesh Kumar, Supervisor
Rangoli Gardens, Jaipur**

Never Give up

About a fortnight back, a customer visited the site sales office along with his family. Due to this, the office floor got dirtied. Once the customer left, the office needed to be swept and mopped again; but the house-keeping staff had already left for lunch.

As another customer was shortly scheduled to visit the office and an unkempt office would give a poor impression, Uday immediately picked up a broom and swept & mopped the office floor and tidied it up for the customer's visit.

**Mr. Uday Pratap Singh, Executive (Sales)
Ashiana Utsav, Lavasa**

⬇ Letter from Managing Director

Dear Shareholders,

This year has been a great year marking a specific turn in the business. From launching a project or two in a year, we launched five new projects this year and also added a new location to our portfolio. Though the external environment looked challenging and financial markets were volatile, we have had by far the best year with bookings of 22.17 lakhs sq. ft. and a record construction of 17.87 lakhs sq. ft. We are now much more confident about our project execution skills and have started constructing a lot more. Our labor efficiencies have increased and we have been able to shrink delivery timelines by 2-3 months. The maintenance services along with property services division also had a splendid year.

Fiscal year 2013-14 started with the launch of our mega project Ashiana Town in Bhiwadi, where we reaped the results of the diligent preparations done during the intervening period between Ashiana Aangan and Ashiana Town. Whatever pent-up demand generated in the mean while, helped us do record bookings in the month of July. We were able to smoothly mobilize the manpower requirements of Ashiana Town as a result of the preparation and hard work put in last year. In all, we saved four crucial months due to good planning.

In the second quarter, we launched Gulmohar Gardens in Jaipur and the commercial segment in Rangoli Gardens, Jaipur. Ashiana Dwarka in Jodhpur, Ashiana Navrang in Halol and Vrinda Gardens in Jaipur were launched subsequently during the year. Launching and executing new projects and at the same time, maintaining rhythm in existing ones required us to deliver what we have never done before. I believe the whole idea of experimenting and learning has been very important. Our confidence to take on more in the future has been bolstered.

Having created homes with care and attention to detail, it is very important to maintain these properties. Proper maintenance increases the life of homes and enhances their capital values; besides providing comfortable living and peace of mind to current inhabitants. Constantly growing sales and maintenance numbers show that our customers who have had a buying experience with us are satisfied and encourage others to do the same. To make sure they keep repeating the same behavior, we have a regular customer feedback system. It helps us in continuously understanding our customer's expectations and improving our products accordingly. No wonder, this year more than 55% of our buyers are from references.

This year, we also relooked at our system of training and development. We are of the firm opinion that sustainable growth is possible only by the contribution of a happy and capable team. New initiatives like management conversations, engineer fast tracking, supervisor training, leadership development program and book reading culture have been initiated.

In this excitement of growth, one thing that has become stronger is our core values. Numerous core value stories run around in daily/weekly/monthly huddles which happen at different levels and departments. Employees narrate stories of their co-workers demonstrating the following core values - 'Never Give Up', 'Going Extra Mile', 'Happiness All Around' and 'Transparency'.

I would like to thank the entire Ashiana family who have worked day and night to deliver quality products, improved services and overcame difficult challenges. Along with tough targets to achieve, our teams have been involved in various Corporate Social Responsibility activities which have got us the Think Media Award for outstanding Corporate Social Responsibility work in the Real Estate Sector. We value this honor and will continue to work in this direction.

The year 2014-15 is a challenging year for the entire economy. We, at Ashiana, have taken this as a year of consolidation and wish to put our energies into increasing both sales and execution capabilities. This, along with our strong balance sheet, healthy project pipeline, diverse geographical presence, a clearly defined strategy and a committed team of young Ashianites will make us better positioned for future growth.

I feel good about what we've done, and even more excited about what we want to do.

2013-14 was indeed an incredible year. I am grateful to our customers for their business and trust, to each other for our hard work and to our shareholders for their support and encouragement.

With best wishes,

Q&A with Joint Managing Director ↓

In the year gone by, while your sales guidance was 23 lakhs sq. ft. you were only able to achieve 22 lakhs sq. ft. Are there any specific reasons?

At the project level, two projects Treehouse Residences in Bhiwadi and Ashiana Utsav in Lavasa did not perform as expected. In Treehouse Residences, we had difficulties in selling as the average size of the house is larger than what we normally build and the ticket size is more than one crore rupees. In this year, however, as the project nears possession, sales are expected to improve.

In Lavasa, the sales have been slow ever since we started. However, as the possession of first phase has now started and customers are coming in, we expect the sales to pick up soon. Other reasons are delay of couple of months in some of the projects due to delayed approvals.

All said and done, we have still achieved 22.13 lakhs sq. ft. and there has been decent growth over the last year.

The accounting revenues have shown a YoY degrowth. What is the reason for the same even though your sales and construction volumes show a YoY growth?

We have been consistently pointing out that since 31st March 2012 we have changed our accounting policy. Currently all of our ongoing projects follow contract based completion method of accounting. In this method, revenues are recognized when the possession is offered in any project. Earlier we used to follow a construction linked accounting method where the revenue got recognized with percentage of completion of the phase.

As the construction cycle of a typical phase is around 24-30 months from the launch date, the initial phases of ongoing projects are now nearing possession and will be recognizing revenues starting 2014-15. Our accounting profits therefore, after declining for the last two years, should start going up this year onwards.

You have gained significant sales traction in the Jaipur market besides Bhiwadi. What has worked for you in this market and can such success be replicated over time?

INSET PHOTO: Actual view of Ashiana Treehouse Residences, Bhiwadi

Customer centricity and focus on middle income housing are the two major drivers that can be counted on, for success in these markets.

Customer centricity is maintained through timely deliveries and control on quality because of in-house construction, building transparency and feedback system. In-house sales team, quality upkeep and enhanced lifestyle provided by our facility management services are other factors which enhance customer satisfaction.

The other thing is focus on middle income housing. We believe that over last three decades, we have well understood the nuances of the product that we sell and the requirements of the target segment we serve. This helps us command premium in markets like Bhiwadi and Jaipur where we have been for a while now. As a strategy, we want to leverage that expertise in different locations over time. Halol (or neighboring areas in Gujarat) is one such market where we think we will be able to generate that momentum over time.

One of the most interesting aspects of the business model is the high Return on Equity (ROE). Given that you are making significant investments in land banks at inflated prices to sustain your growth, will these ROE be maintained?

Three things that help us maintain the ROE levels are: a) At any point in time, we want to keep land inventory just enough to fuel our required growth. Land is acquired keeping in mind the burn rate (% of land consumed from the total available land inventory) which is currently maintained 15-20%.

INSET PHOTO: Actual view of Rangoli Gardens, Jaipur

b) We predominantly like to keep capital deployment low in land as compared to the total cost. Therefore, we either purchase land in locations where cost of land as a percentage to total cost is lower or we partner with land owners by way of area sharing, profit sharing or revenue sharing.

c) We constantly look out for shrinking our delivery timelines to improve cash conversion cycle. Phasing of projects also helps in faster churning of cash cycle and hence improves returns.

I would also like to highlight a couple of points that may reduce our profitability in the coming years. For the past few years, we were paying taxes under MAT due to the tax incentives on certain kinds of housing that we executed. Going forward these incentives will exhaust and we will be taxed at full rate 2015-16 onwards.

Investors find it difficult to judge the operational performance of the Company from the reported numbers, because of different accounting standards across projects and lumpiness of sales. What metrics should they track to judge the performance of the Company?

Since we have moved to a possession based accounting, our reported numbers will look very lumpy.

As a Company, we really would look at our business from a long term perspective. In the short term, we are focused much more on our cash flows than our accounting top line and bottom line.

We internally track the following metrics:

- Area Booked
- Area Delivered
- Pre-tax operating cash flows
- Average Sales realizations

We have started updating our quarterly presentation with these numbers so that it gives a fair idea to investors about our progress.

You went through a big rebranding exercise last year. How has that played out?

Our rebranding has been a huge success. The brand has created a very distinct recall value for the Company, and a logo that stands out for its clarity and

symbolism. We are really happy, that we went for this exercise, and look forward to nurturing it further, over the years.

You have been able to shrink your delivery timelines. How have you been able to achieve that?

Over the time, we have built a reputation for delivering our projects on time. We have been able to reduce project timelines of launch to delivery from 30-36 months to 24-30 months. Our ability to squeeze timelines has been driven by our constant focus on process improvements. Each activity has been broken into sub-tasks and built into a process with timelines and responsibilities that are clearly delineated.

Another practice is supervisors setting their own goals. That way they feel much more accountable to meet and over-achieve these targets. The practice of making payments to our vendors and contractors on time has helped built credibility with them. This has ensured that in the regular course of business, materials & labor on our sites are available on time.

You have developed a reputation for being a customer-centric organization. What is the philosophy behind this and what have you been able to achieve?

Customer has always been the boss for us. Without his favorable attitude towards us, we would never have been able to achieve our goals. This is the ethos on which our father, Mr. O. P. Gupta, built the Company. We want to be the brand of choice to our existing and potential customers.

This thought propels us to think through the things that

will make our customers happy. We have a big focus on facility management and we work hard to cut down our response time to any issue that comes up. We try to build communities in all our projects, and engage residents in regular events, festivals and other group activities to improve lifestyle in these projects.

With the rapid escalation in land prices over the last decade, you may no longer get access to incremental cheap land parcels. How will you tackle this issue and still aim to build homes that fit the budget of the middle class?

We have always believed that it is the selling price of finished homes in a particular market that will determine the land prices, which is a raw material for them. In the short term a market may get overheated with land prices shooting up, but this itself lays the seeds of reduced demand and in turn slow moving inventory and ultimately correction in land prices.

Also, over time, we have diversified into having presence in over seven cities – Bhiwadi, Jaipur, Jamshedpur, Jodhpur, Lavasa, Neemrana & Halol. In the long run, this will allow us to grow at a decent pace, without really compromising on margins.

Recent rulings by courts have raised doubts in people's minds about regulatory oversight and mismanagement in the approval process. Do you see this as a real risk? If not, then how do you provide comfort to your customers on having all regulatory approval before the units are handed over?

Clearly, there are too many regulatory laws that govern our industry. Real Estate being a state subject has a

whole plethora of central, state, district and city level guidelines that juxtapose with each other and at times seem conflicting. Lack of clean titles in many markets increases uncertainties & makes it difficult for both developers and end customers to make informed decisions.

We partner with land owners in new markets by way of area sharing, profit sharing or revenue sharing. Land owners those who have local expertise and know-how of regulatory procedures in the pre-development stages of the project. This helps us with getting the approvals quickly in new markets, reduces the amount of investment required and also limits the title and developments risks to a large extent.

For our potential customers, the best way to get comfort is to see our delivery track record and speak to our existing customers.

There is a sense of foreboding in the real estate sector with overall sales falling down. How do you plan to counter that, given your sales target for this year is 24 lakhs sq. ft.?

It is true that the overall sentiment went down last year, due to slowing growth in the economy. This has slowed sales across the industry.

For the first six months, we did not see any kind of slowdown and infact sales outpaced our expectations. Our numbers were impacted a bit in the third quarter and then picked up in last quarter of FY 2013-14.

The target will be really challenging for us in the coming year. We have a number of new projects lined up and are confident of getting a good response. We

are also increasing our focus on marketing and sales and aim to reach out to more potential customers over the year.

We are very optimistic about the long term performance of our business model. The short term outlook is a bit cloudy but we are hopeful of beating last year's numbers.

Govt has made Corporate Social Responsibility spending mandatory. How does that change things for you?

At Ashiana, Corporate Social Responsibility is part of our regular activities. Key focus areas for us have been Education, Skill Training, Environment and Healthcare. It is not something that we do because we have to do, but because we want to do it.

We have adopted schools around our project sites helping improve the infrastructure in those schools. The Company till date has trained 1200 unskilled laborers to do semi skilled/ skilled jobs, planted more than 5000 trees in various locations.

This year we donated rickshaws to needy individuals funded by contributions of our employees.

We have regularly run cleaning drives in the areas surrounding our housing projects, actively encouraging our residents to participate. This helps build a sense of community and bonding among our customers and employees. We won three awards & recognitions for outstanding Corporate Social Responsibility work in the real estate sector this year.

Management Discussion & Analysis

Economy

The economic and the fiscal conditions still leave a lot to be desired, as the recovery over the previous year was nothing but incremental. The government had initially projected the growth rate to be over 5% for the FY 2013-14 but had to revise the estimates to 4.9% after the performance of first two quarters. Expansion during the fiscal year was hurt mainly due to the contraction in the key mining and manufacturing sectors. The manufacturing sector, arguably the backbone of a sound economy, is in a precarious situation after an estimated 0.2% decline, a phenomenon observed for the first time since 1991-92. The mining sector also showed a considerable negative growth. This contraction and the sluggish growth can be attributed to factors like slowing investments, pessimism in the market, domestic structural constraints, stubbornly high inflation throughout the year and indecisiveness in decisions, approvals and clearances. Interest rates continued to be high with extremely tight liquidity conditions prevailing in the market.

The sluggish and negative growth in certain sectors coupled with stubbornly high inflation levels had a severe impact on medium and small scale enterprises. New job creation was weak. Aggregate demand in the economy fell with massive over capacity in the system right across FMCG, Commercial Vehicles and Cement. However, the core inflation presented a palatable picture during the January-February period where it remained at almost a 24 month low level. The Indian

rupee, which plunged to all-time low of 68.85 in August last year, has since then recovered to trade in 60-levels against the US dollar. Going ahead, the World Bank has projected a growth rate of 5.7% for the FY 2014-15 on account of optimistic clearances of important investment projects.

Industry

The real estate sector continued to remain fragile in FY14 as the industry is facing headwinds such as slow rate of approvals, recent regulatory changes in key micro markets pertaining to development control rules, inflation impacting cost structure, declining demand due to increased prices, etc.

Industry in general is facing liquidity crunch. A new housing project is normally funded through a mix of internal accruals, customer advances and debt. Funds from internal accruals are limited due to current sluggish demand in real estate sector, impacting the cash flows from ongoing projects. Thus, debt becomes the principal source of funding for the project. The total exposure of banks calculated as percentage increase in lending towards the real estate sector has also followed a declining trend. Also, funds from NBFCs and PE investors are fading away as the returns have been on the lower side and many PE investors are struggling to exit at decent returns.

Due to all these factors coupled with slowdown in the economy, the sales have started stagnating and this in turn has impacted the marginal players with leveraged balance sheet.

Actual view of Ashiana Aangan, Bhiwadi
COMFORT HOMES

Actual view of Ashiana Utsav, Lavasa
SENIOR LIVING

This is largely because the risk perception, timeline delays and unclear exit routes have shaken consumer's confidence. Also the real estate has not been accorded the much due status of an industry losing out on timely incentives and favorable decisions.

But if we look at a long term view, construction industry in India is the second largest employment generator, after agriculture employing about 7.6 million people in 2013 and contributing to 6.3% of the GDP in the same period. According to LIC Housing Finance Ltd. estimates, 78% of the amount spent on construction of a housing unit in India gets added back directly to India's GDP.

Rapid urbanization and the trend towards nuclear families have reduced the average size of a household and dramatically increased the demand for affordable housing for the burgeoning Indian middle class. According to Cushman & Wakefield Research, demand for urban housing will scale up by nearly 12 million units by 2017 based on just the current growth of population. Around 23% of this total demand will be generated in the top eight cities of India. By 2021, the urban population is expected to increase to nearly 500 million, totaling to about 35% of the total population of India. Hence, the total housing demand in the country by 2017 could be as high as 88.78 million units.

The success of the industry players will depend on how effectively they are able to expand to tier-2 cities and deliver user accepted products at affordable prices.

Needless to say that large volume of funding and infrastructure development is required to achieve both social and economic objectives.

The GDP contribution at the present level of 6.3% is measly when compared to 15.5% in the US. Therefore, if the housing shortage is met there will be an increased growth rate along with the natural increased contribution. Needless to say government policies, infrastructure development and increased funding will go a long way in realizing the potential of housing sector.

Operational Review

Ashiana continues to operate in the middle income housing segment with presence in:

Comfort Homes: Housing for the middle income group in upcoming industrial areas and in towns with population of more than 10 lakhs in India.

Senior Living:

- Active Senior Living for people over 55 years of age in the middle income group in cities having population of more than 25 Lakhs or satellites of metros.
- Assisted Living for people in advanced age who require assistance in performing their daily living routine chores by the name 'Care Homes' in senior living complexes.

Artistic view of Ashiana Dwarka, Jodhpur

At Ashiana the relationship with the customer is a lifelong one and does not end with the formal handover of the flat, which is to say that we are committed to providing quality maintenance to all the properties through **Ashiana Maintenance Services Limited**; a wholly owned subsidiary of Ashiana Housing Limited. In addition, all the customers can avail the services of resale and rental after they have bought into Ashiana.

On the operational front, the year was good one. Despite weak market conditions, we had an excellent year with bookings of 22.13 lakhs sq. ft. (1673 units), which is almost a 19% jump from the 18.65 Lakhs sq. ft. achieved in FY 2013. The average realization per sq. ft. was ₹ 2,926 making the value of area booked to ₹ 647.56 crores for the year as compared to ₹ 503.35 crores last year.

The leading indicators to sales in housing are site visits and sales enquiries. Realizing that the site visits play a very important role in the decision making process of actual users, the Company has been focusing on improving the quality of site-visits, provided training to the sales staff and customers feedback. Other factors which contributed into better bookings were timely delivery of phases in all the projects, right design and right pricing of the products keeping in mind comfort & affordability of home buyers.

The equivalent area constructed (EAC) for the period was 17.87 lakhs sq. ft., which was a humongous jump

of around 46% from the previous year's level of 12.27 lakhs sq. ft.

Project Launches

This year we have launched five new projects and also added a new location to our portfolio. The year saw a slew of major launches and also the biggest and most ambitious project of Ashiana till date.

Gulmohar Gardens, Jaipur: was launched in May 2013 with a total saleable area of 10.94 lakhs sq. ft. This project is in partnership with Manglam group and situated near Chokhi Dhani in Jaipur. It comprises of 3 & 4 BHK villas with staff room and 2-BHK apartments in G+2 independent floors. The project got a nice start and 77% of the area launched in first two phases has already been booked till March 13. The third phase was also opened in Feb-13.

Ashiana Town, Bhiwadi: The biggest project of Ashiana till date was launched in July 2013, with a saleable area of 39 lakhs sq. ft. The land is situated in Village Thada, Bhiwadi, Rajasthan and will house three projects. The first one being Ashiana Town Beta with a total saleable area of 16.68 lakhs sq. ft. and comprises of 2 & 3 BHK units. Construction of Ashiana Town Beta has commenced and the entire project in general has evoked tremendous response from target customers. On the second parcel of three, we are planning to launch a senior living project.

Rangoli Plaza, Jaipur: It is a part of the 26 acres

Rangoli Gardens township which is located near Vaishali Nagar. Rangoli Plaza offers the convenience of shopping to residents of Rangoli Gardens and nearby locales. situated on 80 feet wide road, it has retail space of over 70,420 sq. ft. on ground & first floor. With the 2 level parking, it will be a good destination for shopping & entertainment in Jaipur.

Ashiana Dwarka, Jodhpur: The project has a saleable area of 5.27 lakhs sq. ft. approximately. Here the initial trends in bookings were quite slow on account of delayed launch but are expected to pick up and reach the normal levels once the project starts keeping dates with the further developments.

Ashiana Navrang, Halol: This project is the first venture of Ashiana in Gujarat. The operations were started after getting the requisite permissions. Halol is home to many large companies such as Sun Pharma, HNG Float Glass, General Motors, SETCO, CEAT, Windar Renewable Energy, Siemens and so on. It is located 40 kms from Vadodra and 150 kms from Ahmedabad and well connected to key industrial centers such as Ahmedabad (via India's first Expressway), Bharuch and Surat, along NH8. The project has a saleable area of 6.71 lakhs sq. ft. The project has over 66% of bookings till date as referral sales giving us the confidence on the way we have built our brand over the past years.

Vrinda Gardens, Jaipur was launched in the last quarter at Jagatpura, Jaipur. The total salable area in project is approx 14.62 lakhs sq. ft. The structure is

Stilt + 12 floors having 2 & 3 BHK apartments.

Ongoing Projects Overview

In the ongoing project's list, this year we added five new projects and removed five. Ashiana Aangan in Bhiwadi, Brahmananda in Jamshedpur and Amarbagh in Jodhpur, all got sold and handed over completely. Utsav Jaipur also has been removed from here as the project has been handed over and more than 90% of the units have been booked. Marine Plaza (the commercial and retail project) on land at Sonari, Jamshedpur has been removed from here due to sales being stopped.

Construction work in Marine Plaza was stopped by the Jamshedpur Notified Area Committee (JNAC) along with works in approx. fifty other projects in Jamshedpur. In response to Company's writ petition, the Hon'ble High Court of Jharkhand, by its interim order, has permitted the Company to carry out further construction subject to the condition that the Company shall not create any third party right in the project. A sum of ₹ 1845.57 lakhs has been incurred by the Company on this project till the close of this year. The Company, however, is not carrying out any construction in the project and the matter is subjudice.

The projects that have been added to the list are the new launches as described above. The booking details and construction status of the ongoing projects is as follows:

As on 31st March, 2014

Project Name	Location	Type	Saleable Area (Lakhs sq. ft.)	Area Launched (Lakhs sq. ft.)	Area Booked (Lakhs sq. ft.)	Expected Completion Time
Treehouse Residences	Bhiwadi	Comfort Homes	1.28	1.28	0.59	Expected handover in Q1FY15
Ashiana Town	Bhiwadi	Comfort Homes	39.00	9.84	7.65	Expected handover of Phase I in Q3FY16. Phase II in Q4FY16 and Phase III in FY17
Rangoli Gardens	Jaipur	Comfort Homes	26.17	26.15	24.05	Phase I, II and III handed over and Phase IV in Q2FY15, phase V in Q4FY15, phase VI in Q1FY16 and phase VII in Q2FY16
Gulmohar Gardens	Jaipur	Comfort Homes	10.94	4.22	3.29	Phase I & II opened for bookings. Phase I expected to be delivered in Q1FY16 and Phase II in Q3FY16
Ashiana Utsav Lavasa	Lavasa	Senior Living	6.22	3.90	2.92	Handed over phase I, Phase II in FY15
Ashiana Anantara	Jamshedpur	Comfort Homes	4.66	4.66	3.31	Expected handover in Q2FY16
Ashiana Aangan	Neemrana	Comfort Homes	4.20	4.20	4.19	Expected handover in Q2FY16
Ashiana Dwarka	Jodhpur	Comfort Homes	5.27	1.84	0.60	Expected handover in FY16 of Phase I
Vrinda Gardens	Jaipur	Comfort Homes	14.82	4.57	1.50	Construction has commenced for first phase. Expected handover in FY17 of Phase I
Ashiana Navrang	Halol	Comfort Homes	6.71	2.46	1.49	Construction has commenced. Expected handover in Q2FY16 of Phase I
Total			119.27	63.12	49.59	

Land Acquisitions:

Land is the raw material for our projects and acquisitions were made in order to keep the sales momentum going. Two land parcels were acquired during the year:

Jaipur: Ashiana acquired a land parcel in Jaipur. The land is a converted residential land measuring approximately 12.65 acres, and is situated along the road connecting the Jaipur-Ajmer highway to SEZ (Mahindra World City) in Tehsil Sanganer, District Jaipur, Rajasthan. This land will be utilized to develop Comfort Homes with a total saleable area of approximately 12 lakhs sq. ft.

Sohna: Ashiana entered into a development agreement on revenue sharing model on a land parcel measuring 13.34 acres on Sohna Road, Gurgaon. It will be utilized to develop Comfort Homes with a total saleable area of approximately 11.50 lakhs sq. ft.

Land Name & Location	Land Area (Acres)	Estimated Saleable Area (Isf)	Proposed Development
Ashiana Surbhi, Bhiwadi	4.91	4.63	Comfort Homes
Ashiana Umang, Jaipur	12.65	12.00	Comfort Homes
Ashiana Aangan Neemrana (Ph-II)	4.00	4.00	Comfort Homes
Ashiana Utsav, Kolkata	10.13	7.50	Senior Living
Milakpur Land, Bhiwadi*	40.63	31.00	Comfort Homes/ Senior Living
Sohna Road, Sohna	13.34	11.50	Comfort Homes
	85.66	70.63	

*Company's land at Milakpur Gujar, Alwar (Rajasthan) admeasuring 15.02 hectares, appearing in these accounts at book value of ₹ 338.97 lakhs, is under acquisition, 12.834 hectares for residential purposes and 2.186 hectares for development of road, by the Government of Rajasthan. Company's writ petition is pending before the Hon'ble High Court of Rajasthan against acquisition of 12.834 hectares. A compensation of ₹ 3597.88 lakhs has been declared by the Government which and interest thereon shall be considered in the accounts on finality and receipt. Till that time it appears in future land bank details.

This year we are looking at adding one more city in the land bank. The idea is to identify a new city every year for launching new projects. This will also counter the risks involved related to the regulatory framework and other market risks which prevent growth certain times for individual projects and cities. To track and measure the same, we have interim milestones like number of potential cities to research in a year, the time taken for turning around potential land acquisition offers and the total land acquisition offers made in these cities. All these metrics are tracked on a monthly basis.

Financial Review

For the year ending 31st March, 2014, Consolidated Sales and Other Income was recorded as ₹ 12,280 lakhs as against ₹ 16,412 lakhs during the previous year. Further, consolidated Profit after Tax closed at ₹ 2,186 lakhs for FY 2013-14 as compared to ₹ 3,315 lakhs in FY 2012-13.

Net worth of the Company has grown 15 times in ten years from ₹ 19.38 crores as on 31st March 2005 to ₹ 284.46 crores as on 31st March 2014 without any dilution of equity or leveraging balance sheet. The current Debt-Equity ratio for the Company is 0.03:1 as on 31st March, 2014.

As disclosed earlier, revenue recognition and profits are weak for FY13-14 as the Company is in transition phase to contract completion method of accounting from percentage of completion method.

This method of accounting more accurately reflects the assets and liabilities of the Company. This will make it easy to understand the operating cash flows of the Company, which is one of the most important parameter to appreciate the financial health of the Company. It also better reflects the margins of the Company, as they are directly linked to the delivered homes and square footage and not subject to future estimations of project cost. The full effect of new method will start reflecting in the financials FY 2014-15 onwards.

The best way for now is to look at key growth drivers: sales booked, construction done and operating cash flows generated.

The Company deployed ₹ 85.18 crores in land acquisitions this year as compared to ₹ 65.15 crores previous year. Out of this major amount is towards purchase of land (₹ 54.78 crores) and rest in advance

Modified Cash Flow Statement (Consolidated)

For the year ended 31st March, 2014

Particulars	2013-2014 ₹	2012-2013 ₹

...Management Discussion & Analysis

paid for acquisitions. The pipeline will serve the future growth in the coming years.

Total cash and cash equivalents at the end of the year amounted to ₹ 113.80 crores as compared to ₹ 95.94 crores previous year. This provides us sufficient funds to acquire additional land and expand further.

Recommended Dividend for the year 2013-14 is ₹ 0.5 per share. Also authorized share capital of the Company be subdivided into 9,30,49,775 number of shares of ₹ 2/- each.

Use of cash flows and low dividend payout

Over the years, the Company's business model has been quite successful and has resulted in increased sales, brand awareness and improved cash flows.

The Company's operating cash flows have exceeded over ₹ 100 crores for the last two years, and they will continue to improve over the coming years. While the cash flow has improved dramatically over the last few years, as a Company we still get constrained at times when we are looking at land deals to sustain our future project launches.

Just to explain this in more detail, in FY2013-14 we

*Land Multiple is a measure which we track internally to predict and maintain the sufficient land inventory to achieve the targeted growth in sales and construction over the years. As a strategy, Company focuses on maintaining a land inventory of 5-7 times execution capabilities. Land multiple for any given period can be calculated as:

$$\text{Land Multiple} = \frac{\text{Total Developable Land Area}}{\text{Equivalent area Constructed in the corresponding period}}$$

sold 22.13 lakhs sq. ft. and constructed over 17.87 lakhs sq. ft. Better bookings and construction also resulted in reduction of developable and saleable inventory. Land Multiple* at the end of the year was 7.73 ensuring that we have sufficient land bank for well execution of our growth targets without facing shortage of land at any given point

In the coming FY 2014-15, we are targeting to sell 24 lakhs sq. ft. and construct another 22 lakhs sq. ft.

So effectively to sustain 4.13 lakhs sq. ft. of incremental construction we will have to build land inventory of 24.5 lakhs (average of 6 times the incremental sales) over the next year. To fund this incremental requirement is where our cash flows are used and hence limits our ability to have generous dividend payouts. Therefore to a large extent, while your Company has industry leading return on equity and healthy cashflows, most of it is used to fund the future growth of the Company.

Initiatives

One big initiative was the extensive digital marketing exercise that we undertook last year.

We have greatly extended our reach, across the digital platforms. We have built our Facebook and LinkedIn pages, and got active on the Twitter Handle. Our overall

marketing budget has remained constant at ₹ 11-12 crores for the last three years, though we are able to sell almost double the square footage that we sold in these three years. We have built an online chat feature that helps any visitor on our website. This has greatly helped us reach out to the interested buyer.

Another initiative that we have taken is to staff the senior and mid level vacancies through internal hires. As the Company was growing rapidly, new roles were emerging and an easy way out was to hire new people.

There was a need to show a growth path to our existing employees to build their loyalty over the long term, and keep them motivated to perform to the best of their abilities. The management also felt that while we were growing there was a distinct danger that the new recruits may not buy into our management ethos and Company's culture, and hence dilute it. So it made a lot of sense to hire from existing employees.

This was rolled out Company wide, with a lot of training workshops and internal communication. This initiative has resulted in many success stories, where people have moved into roles they never dreamed of, and motivated many others to perform well and be eligible for such opportunities as they come up.

Innovation

Innovation is an ongoing process and not necessarily driven by the corporate head office. Many of our project

sites come up with ideas that get adopted in the entire Company, over time.

Aluminum Formwork System is a new concept that we are working on. It is a comparatively new technology in India, saves cost, time and improves the quality of construction. Aluminum Formwork is successfully used in Japan, Singapore, Malaysia and the Middle East for construction of apartments and buildings, both low and high rise. For repetition of building layouts and for above-the-plinth work, Aluminum Formwork panels can be designed for any condition/component of building such as bay windows, stairs, balconies and special architectural features. This system is unique as all the components in a building, including slabs, floors, walls, columns, beams, staircases, balconies and window hoods are made of concrete and there is no need for block works or brick works. As all the periphery of resulting structure/component is concrete and at the same time we can control the concrete quality, the durability of the structure increases. It gives form finish, eliminates the need for external and internal plaster and the walls can be directly painted with a minimal skim coat, all these ultimately resulting in cost saving. We did some research to calculate the benefit in terms of cost and time. Based on that feedback we are launching a project in Bhiwadi, trying these concepts for the first time and now working to make it a success.

The Company doesn't try to be innovative just to follow a fad. We try to encourage new ideas and take

feedback. As long as anyone champions the idea with conviction and is able to articulate the benefits, the whole management team supports the idea to make it a success.

Corporate Social Responsibility

We have been working towards Corporate Social Responsibility from many years. Key areas of focus being education, skill training, environment and healthcare.

Education

Average of 300 students were provided basic education and involved in activities like craft making, drawing, storytelling etc. under the Phoolwari Scheme across all construction sites. Mid-day meals were provided through the Ekta project and we were also able to send around 110 students to Government upper primary school. We undertook development and maintenance at Government schools in Jaipur and Bhiwadi, delivering two new classrooms in the former and a computer lab in the latter to implement education through digital learning or ICT.

Skill training

Skill trainings were organized across all our sites, with a proper syllabus and examination for all courses leading to a certification by CIDC. At Lavasa we are doing it through 'Kushal' which is working under NSDC

and CREDAI. In all 242 people were trained. Women empowerment was executed through training 25 women trainees in different trades namely Tiles Grouting, Care Giver and Mason.

Environment

This year we planted around 1600 plants across all our locations. Donations were given to the needy under the 'Joy Of Giving' through contributions by residents and employees. 'Save Water' is the underlying motto for all the installed rain water harvesting systems across all locations. STP ensures recycling of water and using it for purposes like gardening etc. Also water wastage is minimized by undertaking regular checks to avoid leakage, and water meters are installed at construction sites to keep a check on the daily usage. We are also involved in collecting garbage from the residential projects and recycling the degradable portion into manure amounting to around 100 kgs in 3 months.

Our efforts have also been recognized at different platforms for Corporate Social Responsibility:

Received Bhamashah Award from Government of Rajasthan for educational works in 2013

Honored by Bharat Vikas Parishad, Jaipur for Corporate Social Responsibility initiatives in 2013

Think Media Inc awarded us for "Outstanding Corporate

Social Responsibility Work in the Real Estate Sector"

Risks

The key risks & challenges that the Indian real estate industry is facing today is

Lack of clear land titles

This is a very serious issue and can result in long litigations and delays in the launch of project.

As a strategy the Company looks to partner with land owners for land parcels where the titles are clear and most of the approvals are in place. The agreements are structured in such a manner that the financial commitment of the Company increases only on achievement of certain milestones.

Absence of Title Insurance

Title Insurance ensures that the current owner is safe from past claims and creates a legal protection for the property ownership. India currently does not have a structure in place and that has resulted in many claims and counter claims on the ownership of properties and much litigation around it.

The Urban Development Ministry has proposed to incorporate Title Insurance in the proposed Real Estate Management Bill thereby making ownership of property far more credible and secure.

Shortage of labor

There has been a huge shortage of labor at project sites over the last 2-3 years. Due to success of the government MGNREGA scheme and development of Eastern India, there has been a big reduction in the migratory labor from states like Bihar, West Bengal & Odisha.

The Company ensures that it pays all wages on time, so that the people who need the money for their day-to-day expenses have regular access to it. Because of these best practices the Company has fared better than many of its competitors. Also, we are working to improve living conditions of laborers to attract and retain them.

Rising manpower and material costs

The wages have been growing in double digits and coupled with the shortage of labor has resulted in time and cost overruns in many projects across India. Also the material costs have gone up quite dramatically over the last 5 years. The Company per sq. ft. cost of saleable area has grown from ₹ 700 per sq. ft. 5 years back to over ₹ 1300 per sq. ft. currently.

The Company has worked to ensure that the projects are delivered on time and is constantly working on areas to increase labor productivity, training unskilled labor for skilled jobs etc. Because of this discipline, we have been able to retain manpower and materials close to budgeted costs and ensured there were no significant cost overruns in any of our projects.

Approvals and procedural difficulties

Despite real estate and construction being one of the key contributors of economic growth, with secondary and tertiary linkages in terms of employment, GDP growth, there is no well defined regulatory regime for this sector. There is an urgent and important need for better governance. One of the foremost demands of the real estate industry across the country is to facilitate fast-track and transparent system of project approval procedures.

According to a recent World Bank report 'Doing Business 2013', while India has reduced the amount of time taken to process building permit applications, the country still ranks at 182 of 185 countries in the 'dealing with construction permits' category.

Outlook

We aim to sell 24 lakhs sq. ft. of residential area and build 22 lakhs sq. ft. in FY 14-15. We have initiated a number of steps to build our organization and have started seeing the results of our efforts, over the last few years. We have been able to cut down the time from launch-to-delivery of projects and we have also increased labor productivity. There has been a gradual acknowledgment of the brand, which has allowed us to command a premium for our products and lead to improved profitability. We are looking to enter one new city this year and consolidate our position in the markets which we have entered in the last couple of years.

We remain cautiously optimistic about the coming year. While there has been a definite slowdown in the sales since the last quarter of FY 2013-14, the overall positive sentiment has raised the hopes of increased GDP growth over the next year and gives consumers the confidence to make large investment decisions like purchasing a house.

A strong and consistent growth plan for Ashiana-averaging 25% YoY would see the manpower grow from the current 453 to 2300 by 2025. The corresponding growth of maintenance services would take the sq. ft. under maintenance to approximately 11 crore sq. ft. and manpower to 2150. The statistics of the good to great companies suggests that a whopping 95.24% of their CEOs are in-grown and developed with the organization.

The culture and ethos of an organization can be best kept up by its own members and external hires in managerial roles may tamper with it. Succession plan is the bedrock of this exercise and it is ensured by giving the employees ample scope to hone their critical skills. Along with the development of the existing skills there are means in place to identify and nurture new skills, which will go a long way in ensuring holistic development. Also, rewarding high quality employees with opportunities of growth will result in employee retention and also create leaders who are competent enough to uphold the integral values.

Geographical expansion to fuel growth will require decentralizing decision making and consequently empowered and capable on ground managers. Also, finding middle level managers who are capable and in sync with Company's values is very difficult.

PROCESS

Train the trainer: The executive team is trained to further train their direct reportees. In fact, the senior team is guided through strategic planning by Business Coach - Kevin Lawrence. The trainers are trained in leadership behavior, motivating teams, interpersonal skills, delegation, planning & organizing and managing performance.

Management Conversation: These are structured quarterly conversations that are undertaken between a manager and his subordinate. What started off as an exercise for executive team and their direct reports has now blossomed into something bigger covering 190 employees in this year. Job descriptions, skills and competencies, KPIs and core values are the mainstay and dealt with adequately.

Individual development plan: Two competencies pertinent to the job description of the employee are developed in each quarter with actionable "To Do's" clearly defined and timelines established along with a monitoring rhythm. A strength and a weakness are identified from among the critical skills, the strength is to be developed further and the weakness into an 'allowable weakness'.

Fast tracking of engineers: Induction at the entry level is increased with intake of Graduate Trainee Engineers who are given exposure to all aspects of real estate project construction activities. Self-monitoring of daily, weekly, monthly and yearly target achievements is undertaken to fulfil the objectives of expansion.

Supervisor Training: A 3 step structured training is imparted spread over 5-7 years to enable supervisors to independently take on site engineer's roles & responsibilities. Both technical theory and practical grooming are therefore imparted proportionately. Incentive pay and technical designations for the

successful and hardworking are in place to ensure that they are kept motivated.

BUZZ CREATION

A multi-pronged strategy has been adopted to ensure high visibility and recall. The media employed are varied and include: Monthly meetings; A training team; Daily quotes through emails; Posters and boards displayed at all branches, sites & at the head office, related to the growth opportunities, success stories and innovative IDPs; Recognition of employees during the monthly meetings and quarterly presentations at branches; Close monitoring of conduct of Management Conversations.

We are sanguine that this people initiative will not only provide professional development opportunities but will also fuel the growth of Ashiana through a home-grown dedicated team.

Directors' Report

To the member(s),

Your Directors have pleasure in presenting the 28th Annual Report together with the audited statement of accounts for the year ending 31st March, 2014.

1. FINANCIALS

The financial results of the Company for the year ended 31st March, 2014 are as follows:-

₹ in Lakhs

Sl. No.	Particulars	Current Year 2013-14	Previous Year 2012-13
1.	Sales and other income	8,863.48	13,112.90
2.	Profit before Depreciation	2,536.15	4,006.03
3.	Depreciation	302.99	256.11
4.	Profit after Depreciation but before Taxation	2,233.15	3,749.92
5.	Provision for Taxation	(20.94)	540.26
6.	Profit after Depreciation and Taxation	2,144.92	3,209.66
7.	Surplus brought forward from previous year	2,135.14	1,737.80
8.	Profit available for Appropriation	4,280.06	4,947.46
9.	Proposed Dividend	465.25	418.72
10.	Tax on Proposed Dividend	57.35	43.59
11.	Transfer to General Reserve	1,500.00	2,350.00
12.	Balance Surplus carried to Balance Sheet	2,257.45	2,135.14

As the Company is under transition to contract completion method of accounting from percentage of completion method therefore, the revenue and profits are relatively weak in FY 13-14. From FY 14-15 profitability should improve.

2. OPERATIONS

A brief summary of on-going projects

Project Name & Location	Type	Saleable Area (lakhs sq. ft.)	Area Booked as on 31-03-2014 (lakhs sq. ft.)

Annexure-1

Secretarial Audit Report

To the members of ASHIANA HOUSING LIMITED

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by ASHIANA HOUSING LIMITED (hereinafter called the Company). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on our verification of the books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, we, hereby, report that in our opinion, the Company has, during the audit period covering the financial year ended on 31st March 2014 complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter.

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31st March 2014 according to the provisions of:

- (i) The Companies Act 1956, Companies Act, 2013 (the Act) and the Rules made thereunder
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the Rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv) Foreign Exchange Management Act, 1999 and the Rules and Regulations made there under to the Extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-
 - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 1992;
 - (c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009;
 - (d) The Securities and Exchange Board of India (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999;
 - (e) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008;
 - (f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
 - (g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009; and
 - (h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998;

We have also examined compliance with the applicable clauses of the following:

- (i) Secretarial Standards issued by the Institute of Company Secretaries of India (ICSI).
- (ii) The Listing Agreements entered into by the Company with Bombay Stock Exchange and National Stock Exchange.

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

We further report that the Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. No changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all Directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

Majority decisions are carried through, while the dissenting members' views are captured and recorded as part of the minutes.

We further report that there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, Rules, Regulations and Guidelines.

We further report that during the audit period there were no specific events /actions having a major bearing on the Company's affairs in pursuance of the above referred laws, rules, regulations, guidelines, standards, etc.

Auditors' Certificate

To the members of ASHIANA HOUSING LIMITED

We have examined the compliance of conditions of corporate governance by Ashiana Housing Limited for the year ended 31st March 2014 as stipulated in clause 49 of the Listing Agreement of the said Company with stock exchanges in India.

The compliance of conditions of corporate governance is the responsibility of the management. Our examination was carried out in accordance with the Guidance Note on Certification of corporate governance (as stipulated in Clause 49 of the Listing Agreement), issued by the Institute of Chartered Accountants of India and was limited to procedures and implementation thereof, adopted by the Company for ensuring compliance of the conditions of corporate governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.

In our opinion and to the best of our information and according to the explanations given to us, and the representations made by the directors and the management, we certify that the Company has complied with the conditions of corporate governance as stipulated in the above mentioned Listing Agreement.

We further state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the Management has conducted the affairs of the Company.

Conservation of Energy & Technology Absorption

Statement of Particulars under Section 217(1) (e) of the Companies Act, 1956 read with the Companies (Disclosure of Particulars in the Report of Board of Directors) Rules, 1988 forming part of Directors' Report for the year ended 31st March, 2014.

1. Conservation of Energy:

The Company's energy consumption is minimal. We continually strive to reduce energy consumption in our developments by following the enhanced energy conservation measures. Company's projects are created with following energy conserving feature:

- a. Gearless lifts - It saves power consumption because it runs on Permanent Magnet Synchronous Technology. Due to removal of gear box, it reduces pollution. Hence it is called as Green Elevator. It also reduces power loss in speed reduction.
- b. Solar geysers - We are installing/fitting solar energy heated water into the geysers of individual apartments. This activity reduces consumption of power required for heating water during winter.
- c. Use of LED lights - We have replaced all sodium vapor or metal halide lights fixtures by CFL and LED lights which consumes much lower energy.
- d. We leave minimum open paved hard space. We cover area by grass/shrubs/ground which consumes solar energy and supply oxygen. This affects ambient temperature within the premise.
- e. We plan, design and plant trees along the roads, so that cars can be parked under their shade and remain cool. Due to this, the energy consumed by the A.C. to cool the car is also reduced.
- f. We prefer to use multiple number of Diesel Generators set instead of very large capacity Diesel Generator Sets and synchronize them to optimize power generation, power usage and oil consumption.

2. Technology Absorption:

- a. We have adopted "Wall Form" shuttering system in one of our new projects. By adopting this modern technology we would be able to construct building faster, since all external and internal walls are reinforced concrete and to be cast along with the slabs. Therefore, it is a monolithic and efficient structure. This save time and enhances quality.
- b. We have taken different efforts to lower the generation of construction debris. Due to efforts in last few years the construction debris generated in our projects has become half of its previous quantities. Therefore, the construction site is now more environment friendly as the overall energy consumption to manage this construction debris is now coming low.
- c. We have installed FAB reactor based STP where power consumption is less in comparison to conventional extended aerated system.
- d. We have adopted semi automatic irrigation system in our projects which reduces water wastage and manpower.

On behalf of the Board of Directors

Corporate Governance (Forming part of Directors' Report)

1. Company's Philosophy on Code of Governance

The Company firmly believes in good Corporate Governance and has made Corporate Governance a practice and continuous process of development right across the Company. The Company's philosophy on corporate governance envisages the attainment of the highest levels of transparency and accountability in the functioning of the Company and conduct of business.

The Company's corporate philosophy is focused on its people who are the most important assets. The Company values its employee's integrity, creativity and ability who in turn demonstrate the highest ethical standard and responsibility towards the shareholders. The Company believes that over a period of time all its operations and actions must serve the underlying goal of enhancing overall shareholder value.

Our Company is in compliance with the guidelines on Corporate Governance stipulated under various clauses of Listing Agreement with stock exchanges and in this regards, we submit a report on the matters mentioned in the said clauses and practices followed by the Company.

2. Board of Directors

The Company has optimum combination of Executive and Non-Executive Directors. The Board consists of eight Directors out of which three are Executive Directors, five are Non-Executive & Independent Directors. None of the Directors on the Board is a member of more than 10 Committees and Chairman of more than five Committees (as specified in the Clause 49 of the Listing Agreement), across all the companies in which they are Director. The necessary disclosures regarding Committee positions have been made by the Directors.

As per the declaration received by the Company, none of the Directors are disqualified under section 274(1)(g) of the Companies Act, 1956 read with Companies (Disqualification of Director under 274(1)(g) of the Companies Act, 1956) Rules 2003.

(a) The composition of the Board of directors as on 31st March, 2014 is as under:

Sl. No.	Name of Director	Executive/ Non Executive	No. of other Directorship	No. of other Committee Membership
1.	Vishal Gupta	Executive	9	—
2.	Ankur Gupta	Executive	9	—

(o) Compliance with Non Mandatory Requirements

As per clause 49 of the listing agreement it is the discretion of the Company to implement non-mandatory requirements subject to disclosure of the same, along with the compliance of mandatory requirements, in the annual report of the Company. The status of compliance of non-mandatory requirements is as follows:

- i) **The Board:** The Board of Directors elect one of the Executive Directors, as its Chairman for every Board meeting. Therefore, the provisions relating

to Non-Executive Chairman are not applicable to the Company.

- ii) **Remuneration Committee:** The Company has a duly constituted "Remuneration Committee". The Committee consists of three Non-Executive Independent Directors. Other details are given in this section.
- iii) **Shareholder Rights:** Shareholders of the Company are provided with an Investor Update, containing operational and financial highlights of the Company, on quarterly and annual basis instead of sending to house of every shareholder a half yearly financial performance including significant events in the last six months. These Investor Updates are also updated in the Investor Relations section on the website of the Company at www.ashianahousing.com and are also sent to the Bombay Stock Exchange and National Stock Exchange immediately after the announcement of quarterly and annual financial results.
- iv) **Audit Qualifications:** The audited financial statements of the Company for the financial year 2013-14 do not contain any qualifications and the audit report does not contain any adverse remarks.
- v) **Training of Board Members:** The Company has a system of updating regularly about every material business and regulatory requirements affecting the Company.
- vi) **Mechanism of evaluating Non-Executive Board Members:** The Company does not follow a formal evaluation mechanism for reviewing the performance of Non-Executive Independent Directors of the Company.
- vii) **Whistle Blower Policy:** The Company has a whistle blower policy which forms part of the Code of Conduct for Directors and Senior Management and is also given in the Investor Relations section on the website of the Company at www.ashianahousing.com.

CEO/CFO Certificate 

The Board of Directors
 Ashiana Housing Ltd.
 Unit No. 304, 305, Southern Park,
 Saket, New Delhi - 110 017

We, Vishal Gupta, Managing Director and Manojit Sengupta, G.M. - Finance & Accounts, hereby certify to the Board that:

- a. We have reviewed financial statements and the cash flow statement for the year and that to the best of our knowledge and belief :
 - i. these statements do not contain any materially untrue statement or omit any material fact or contain statements that might be misleading;
 - ii. these statements together present a true and fair view of the Company's affairs and are in compliance with existing accounting standards, applicable laws and regulations.
- b. There are, to the best of our knowledge and belief, no transactions entered into by the Company during the year which are fraudulent, illegal or violative of the Company's code of conduct.
- c. We accept the responsibility for establishing and maintaining internal controls for financial reporting and that we have evaluated the effectiveness of internal control systems of the Company pertaining to financial reporting and we have disclosed to the auditors and the Audit Committee, deficiencies in the design or operation of such internal controls, if any, of which we are aware and the steps we have taken or propose to take to rectify these deficiencies.
- d. We have indicated to the auditors and the Audit committee:
 - i. significant changes in internal control over financial reporting during the year;
 - ii. significant changes in accounting policies during the year, if there is any, and that the same have been disclosed in the notes to the financial statements; and
 - iii. instances of significant fraud of which we have become aware and the involvement therein, if any, of the management or an employee having a significant role in the Company's internal control system over financial reporting.

Auditors' Report

To the Members of ASHIANA HOUSING LIMITED

Report on the Financial Statements

We have audited the accompanying financial statements of ASHIANA HOUSING LIMITED, which comprise the Balance Sheet as at 31st March, 2014, the Statement of Profit and Loss and Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the Accounting Standards notified under the Companies Act, 1956 read with the General Circular 15/2013 dated 13th September, 2013 of the Ministry of Corporate Affairs in respect of Section 133 of Companies Act, 2013. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:

- (a) in the case of the Balance Sheet, of the state of affairs of the Company as at 31st March, 2014 ;
- (b) in the case of the Statement of Profit and Loss, of the profit for the year ended on that date; and
- (c) in the case of the Cash Flow Statement, of the cash flows for the year ended on that date.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2003 issued by the Central Government of India in terms of sub-section (4A) of section 227 of the Act, we give in the Annexure a statement on the matters specified in paragraphs 4 and 5 of the said Order.
2. As required by section 227(3) of the Act, we report that:
 - a) we have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;

- b) In our opinion, proper books of account as required by law have been kept by the Company so far as appears from our examination of those books;
- c) The Balance Sheet, Statement of Profit and Loss and Cash Flow Statement dealt with by this Report are in agreement with the books of account and with the returns received from branches visited by us;
- d) In our opinion, the Balance Sheet, Statement of Profit and Loss and Cash Flow Statement comply with the Accounting Standards notified under the Companies Act, 1956 read with the General Circular 15/2013 dated 13th September, 2013 of the Ministry of Corporate Affairs in respect of Section 133 of Companies Act, 2013;
- e) On the basis of written representations received from the Directors as on 31st March, 2014, and taken on record by the Board of Directors, none of the Directors is disqualified as on 31st March, 2014, from being appointed as a Director in terms of clause (g) of sub-section (1) of section 274 of the Companies Act, 1956;
- f) Since the Central Government has not issued any notification as to the rate at which the cess is to be paid under section 441A of the Companies Act, 1956 nor has it issued any Rules under the said section, prescribing the manner in which such cess is to be paid, no cess is due and payable by the Company.

← Annexure to the Auditors' Report

Referred to in our Report of even date for the year ended 31st March, 2014

1. a) The Company is maintaining proper records showing full particulars including quantitative details and situation of fixed assets.
- b) According to the information and explanation given to us, all the fixed assets have not been physically verified by the management during the year but there is a regular program of verification which, in our opinion, is reasonable having regard to the size of the Company and nature of its assets. As explained, no material discrepancies were noticed on such verification.
- c) In our opinion and according to the information and explanations given to us, the Company has not disposed substantial part of its fixed assets during the year.
2. a) According to the information and explanations given to us, the management has physically verified the inventory during the year. In our opinion, the frequency of verification is reasonable.
- b) In our opinion, the procedures of physical verification of inventories followed by the management are reasonable and adequate in relation to the size of the Company and the nature of its business.
- c) On the basis of our examination of the records of inventory, we are of the opinion that the Company is maintaining proper records of inventory. The discrepancies noticed on verification between the physical stocks and the book records were not material.
3. The Company has not taken/granted any loans, secured or unsecured, from/to Companies, parties or other concern covered in the register maintained under Section 301 of the Companies Act, 1956.
4. In our opinion and according to the information and explanations given to us, there are adequate internal control procedures commensurate with the size of the Company and the nature of its business with regard to purchases of inventory and fixed assets and with regard to the sale of constructed units and services. During the course of our audit, we have not observed any continuing failure to correct major weakness in internal controls.
5. a) According to the information and explanations given to us, we are of the opinion that the particulars of contracts and arrangements referred to in Section 301 of the Companies Act, 1956 that need to be entered into the register maintained under that Section have been so entered.
- b) In our opinion and according to the information and explanations given to us, the transactions that were made in pursuance of contracts or arrangements that need to be entered into the register maintained in pursuance of Section 301 of the Companies Act, 1956 and aggregating during the year to ₹ 500,000/- or more, in respect of each party, have been made at prices which are reasonable having regard to the prevailing market prices at the relevant time.
6. In our opinion and according to the information and explanations given to us, the Company has not accepted any deposits from the public.
7. In our opinion, the Company has an internal audit system commensurate with the size and nature of its business.
8. As certified by a Cost Accountant, the Company has maintained cost records for the year under review, as prescribed under section 209(1)(d) of the Companies Act, 1956 read with Companies (Cost Accounting records) Rules, 2011 to the extent applicable to the Company. We have, however, not made a detailed examination of such records.
9. a) According to the records of the Company, generally the Company is regular in depositing with appropriate authorities undisputed statutory dues including provident fund, investor education and protection fund, employees' state insurance, income tax, sales tax, wealth tax, service tax, custom duty, excise duty, cess and other material statutory dues, as applicable, and no such statutory dues were outstanding as at the last day of the financial year under review for a period of more than six months from the date they became payable.

- b) There are no dues of Income Tax, Sales Tax, Wealth Tax, Service Tax, Customs Duty, Excise Duty and Cess, as applicable, which have not been deposited on account of any dispute, except the following:

Name of the Statute	Amount (₹ in lakhs)	Relating to the year	Forum where dispute pending
Income Tax Act, 1961	18.54	2010-2011	Deputy Commissioner of Income Tax
Finance Act, 1994	89.20	2007-08 to 2010-11	Customs, Excise and Service Tax Appellate Tribunal, New Delhi

10. The Company does not have accumulated losses. The Company has not incurred any cash loss during the financial year covered by our audit and in the immediately preceding financial year.
11. In our opinion and according to the information and explanations given to us, the Company has not defaulted in repayment of dues to a financial institution, bank or debenture holder.
12. As per information and explanations provided to us the Company has not granted any loans and advances on the basis of security by way of pledge of shares, debentures and other securities.
13. In our opinion, the Company is not a chit fund or a nidhi/mutual benefit fund/ society.
14. The Company is not dealing or trading in shares, securities, debentures and other investments. However, Investments of the Company are held in its own name.
15. According to the information and explanations given to us, the Company has not given any guarantee for loans taken by others from Banks or Financial Institutions as at the close of the year.
16. In our opinion and according to the information and explanation given to us, term loan have been applied for the purpose for which they were obtained.
17. According to the information and explanations given to us and on an overall examination of the balance sheet of the Company, we report that the no funds raised on short- term basis have been used for long-term investment.
18. The Company has not made any preferential allotment of shares to parties and companies covered in the register maintained under section 301 of the Companies Act, 1956.
19. During the period covered by our audit report, the Company has not issued any debentures.
20. The Company has not raised money by public issues during the financial year concerned.
21. According to the information and explanations given to us, no fraud on or by the Company has been noticed or reported during the course of our audit.

31 SIGNIFICANT ACCOUNTING POLICIES AND OTHER NOTES TO THE ACCOUNTS

1) SIGNIFICANT ACCOUNTING POLICIES

a) BASIS OF ACCOUNTING

The Financial Statements are prepared on accrual basis under historical cost convention in accordance with the generally accepted accounting principles in India, the Accounting Standards prescribed in the Companies (Accounting Standard) Rules, 2006 and the relevant applicable provisions of the Companies Act, 1956 and the Companies Act, 2013.

All assets and liabilities have been classified as current or non-current, wherever applicable, as per the normal operating cycle of the Company as set out in the Schedule VI to the Companies Act, 1956.

b) USE OF ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires estimates/assumption to be made that affect the reported amount of assets and liabilities on the date of financial statements and the reported amount of revenues and expenses during the reporting period. Difference between actual results and estimates are recognized in the period in which the results are known/materialised.

c) FIXED ASSETS

i) Fixed assets are valued at cost less depreciation/amortization.

ii) Capital work-in-progress is valued at cost.

iii) Intangible Assets under Development is valued at cost.

Cost includes purchase price and all other attributable cost of bringing the assets to working condition for intended use.

d) DEPRECIATION AND AMORTIZATION

i) Depreciation on tangible assets is provided on straight line basis in accordance with the provisions of Schedule XIV of the Companies Act, 1956.

ii) Intangible assets are amortized over the period of useful life of the assets as estimated by the management.

e) INVESTMENTS

i) Long term investments are carried at acquisition cost. Provision for diminution, if any, in the value of long term investments is made to recognize a decline, other than of a temporary nature.

ii) Investments intended to be held for less than one year are classified as current investments and are carried at lower of cost and market value.

iii) Value of Intangible capital rights created in favor of the Company in the process of Real Estate activities, being not determinate, are not shown in the books of accounts

f) INVENTORIES

Inventories are valued as follows:

Construction Material and Hotel & Club consumables

At Lower of cost and net realizable value. However, materials and other items are not written down below cost if the constructed units/food and beverages in which they are used are expected to be sold at or above cost. Cost is determined on FIFO basis.

Leasehold/Freehold Land and Development Rights

At Lower of cost and net realizable value.

Unsold Completed Construction and work in Progress

At Lower of cost and net realizable value. Cost includes direct materials, labor and project specific direct and indirect expenses and pro-rata unrealized cost from development of EWS/LIG units.

g) REAL ESTATE PROJECTS

i) Revenue in respect of the projects undertaken on or after 1st April, 2011 and the projects undertaken between 1st April, 2006 and 31st March, 2011, which did not reach the level of completion as considered appropriate by the management within 31st March, 2011, as discussed in [b] below, is accounted for (i) on delivery of absolute physical possession of the respective units on completion, or (ii) on deemed possession of the respective units on completion or (iii) on physical possession for fit-out, as considered appropriate by the management based on circumstantial status of the project.

ii) Revenue in respect of projects undertaken between 1st April, 2006 and 31st March, 2011, which did not reach the level of construction as considered appropriate by the management within 31st March, 2011 is recognized on the "Percentage of Completion Method" (POC) of accounting and represents value of units contracted to be sold to the extent of actual work done against total estimated cost of execution. The corresponding cumulative amount at the close of the year appears under 'Current Liabilities' as deduction from 'Advance from customers'.

The estimates of saleable area and Construction cost are reviewed periodically by the management and effect of any change in estimates is recognized in the period such changes are determined.

iii) Selling Expenses related to specific Projects/Units are being charged to Profit and Loss Account in the year in which Sale thereof is offered for taxation.

iv) Interest on delayed payments and other charges are accounted for on certainty of realization.

h) HOTEL & CLUB

Revenue from rooms, food and beverages, club and other allied services, is recognized upon rendering of the services.

i) OTHER INCOME

Other income is accounted on accrual basis except where the receipt of income is uncertain.

j) FOREIGN CURRENCY TRANSACTIONS

Income and Expenditure in foreign currency is converted into rupee at the rate of exchange prevailing on the date of the transactions. All payables and receivables related to foreign currency transactions outstanding at the year end are translated at exchange rates prevailing at the year end. The resultant translation differences are recognized in the Profit & Loss Account.

k) EMPLOYEE BENEFITS

i) Short term employee benefits:

All employee benefits payable within twelve months of rendering the service are classified as short term employee benefits. Such short term employee benefits are recognized at actual amounts due in the period in which the employee renders the related service.

ii) Post-employment benefits:

a) Defined Contribution Plans:

Payments made to defined contribution plans such as Provident Fund are charged as an expense as they fall due.

b) Defined Benefit Plans:

Provision for Gratuity and Leave Pay is determined on the actuarial valuation carried out at the balance sheet date in accordance with the provisions of Accounting Standard 15. Actuarial gains and losses are recognized in the Statement of Profit & Loss.

l) BORROWING COST

i) Interest and other financial charges incurred in connection with borrowing of funds, which are incurred for specific projects of the company are charged to Work in Progress as a part of the cost of such projects.

ii) Other borrowing cost are recognized as expense in the Profit and Loss Account.

m) TAXES ON INCOME

i) Current Tax is determined as the amount of tax payable in respect of taxable income for the year.

ii) Deferred Tax is recognized, subject to consideration of prudence, in respect of deferred tax Assets/Liabilities arising on timing differences, being the difference between taxable income and accounting income that originate in one period and are capable of reversal in one or more subsequent period. Deferred tax in respect of differential income due to accounting of sales on percentage completion basis, being not determinate, is not recognized.

n) EARNINGS PER SHARE

The Basic earnings per share ("EPS") is computed by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of equity shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

o) IMPAIRMENT OF ASSETS

Impairment Loss in the value of assets, as specified in Accounting Standard - 28 is recognized whenever carrying value of such assets exceeds the market value or value in use, whichever is higher.

p) PROVISIONS AND CONTINGENT LIABILITIES

A provision is recognized when the Company has a present obligation as a result of past results and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation. Provisions are recognized at the best estimate of the expenditure required to settle the present obligation at the balance sheet date.

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources.

2) Contingent Liability, not provided for, in respect of:

- a) Claims not acknowledged as debts
- | | |
|--------------------|--------------------------------|
| Cess - Sonari land | ₹ 54.28 lakhs (₹ 45.91 lakhs) |
| Bank Guarantee | ₹ 1375.00 lakhs (₹ 0.25 lakhs) |
| Service Tax | ₹ 89.00 lakhs (₹ Nil) |
| Income Tax | ₹ 39.14 lakhs (₹ Nil) |
- b) Contested claim of the Government of Rajasthan for refund of State Capital Subsidy including interest ₹ 55.79 lakhs (₹ 55.79 lakhs) against which the Company has deposited ₹ 55.79 lakhs (₹ 55.79 lakhs) under protest.
- c) Contested claim of Secretary, UIT, Bhiwadi for payment of Completion Certificate Charges amounting to ₹ 12.53 lakhs (₹ 12.53 lakhs) against which the Company has deposited ₹ 12.53 lakhs (₹ 12.53 lakhs) under protest.
- d) Contested claim of a customer pursuant to the order of the District Consumer Forum ₹ 10 lakhs (₹ 2.66 lakhs) against which the Company has deposited ₹ 2.66 lakhs (₹ 2.66 lakhs) under protest.
- e) Contested claim of Employee State Insurance Corporation ₹ 4.28 lakhs (Nil) against which the Company has deposited ₹ 1.07 lakhs (Nil) under protest.

3) Company's land at Milakpur Gujar, Alwar (Rajasthan) admeasuring 15.02 hectares, appearing in these accounts at book value of ₹ 338.97 lakhs, is under acquisition, 12.834 hectares for residential purposes and 2.186 hectares for development of road, by the Government of Rajasthan. Company's writ petition is pending before the Hon'ble High Court of Rajasthan against acquisition of 12.834 hectares. A compensation of ₹ 3597.88 lakhs has been declared by the Government which and interest thereon shall be considered in the accounts on finality and receipt.

4) Construction work in Company's commercial project 'Marine Plaza' on land at Sonari, Jamshedpur, sub-leased by Tata Steel Ltd., was stopped by the Jamshedpur Notified Area Committee (JNAC) alongwith works in approx. fifty other projects in Jamshedpur. In response to Company's writ petition, the Hon'ble High Court of Jharkhand, by its interim order, has permitted the Company to carry out further construction subject to the condition that the Company shall not create any third party right in the project. A sum of ₹ 1845.57 lakhs has been incurred by the Company on this project till the close of this year. The Company, however, is not carrying out any construction in the project and the matter is subjudice.

5) Company's projects Ashiana Anantara, Jamshedpur, Ashiana Navrang, Halol, and Ashiana Dwarka, Jodhpur are being developed under Development Agreement with respective land owners on revenue sharing/area sharing basis.

6) Estimated amount of contract remaining to be executed on capital account and not provided for amounts to ₹ 12.64 lakhs (P.Y. 182.86); against which the Company has given advance of ₹ 4.68 lakhs (P.Y. 15.10 lakhs).

- 7) a) In view of non confirmation/response from the suppliers regarding their status as SSI units, the amount due to Small Scale Industrial undertaking can not be ascertained.
- b) Due to non receipt of confirmation/response from the suppliers for compliance under the Micro, Small and Medium Enterprises Development Act, 2006, the Company is unable to provide the information required under the said act.

	2013-2014	2012-2013
	₹	₹
8) Expenditure in Foreign Currency:		
Traveling Expenses	5,870,089	2,956,286
Medical Expenses	-	2,356,802
Consultant/Professionals Fee (including reimbursement)	1,309,511	-
Fee and membership expenses	61,638	-
Conference and Meeting expenses	1,317,975	1,008,599

9) The Company has acquired Rampura Business Division along with land admeasuring 2.29 hectares situated at Rampura village, District Alwar, Rajasthan from its subsidiary namely M/s MG Homecraft LLP by way of slump sale during the year, and assets and liabilities acquired thereof have been considered in these accounts accordingly. The company plans to launch project 'Ashiana Surbhi' on the aforesaid land.

10) The original documents relating to the customers of the Company's projects namely "Ashiana Town" & "Ashiana Treehouse Residences" at Bhiwadi and "Ashiana Aangan" at Neemrana, were seized by the Central Excise (Anti-Evasion), Jaipur on the 16th September, 2013. In view of this, photocopies of such documents, to the extent available, were produced to the statutory auditors for verification.

11) The disclosure required under Accounting Standard -15, Employees Benefit, notified in the Companies (Accounting Standard) Rules, 2006 are given below, based on the Actuarial Report certified by a Practicing Actuary.

	2013-2014	2012-2013

14) The earning per share has been calculated as specified in Accounting Standard 20 on "Earnings Per Share" prescribed by Companies (Accounting Standards) Rules, 2006 and related disclosures are as below :

	2013-2014	2012-2013
a) Amount used as numerator in calculating basic and diluted EPS: Profit after tax (₹ in lakhs)	2,144.92	3209.66
b) Weighted average number of equity shares used as the denominator in calculating EPS (Nos. in lakhs). Opening Balance	930.50	930.50
	930.50	930.50

15] These accounts have been prepared as per Guidance note on "Recognition of Revenue by Real Estate Developers" in respect of projects undertaken between 1st April, 2006 and 31st March, 2011, which have reached the level of construction as considered appropriate by the management within 31st March, 2011.

Since, in terms of provisions of the Income Tax Act, 1961 the income accrues upon delivery of physical possession/ deemed possession of constructed unit and as deduction u/s 80IB(10) is claimed by the Company after completion of construction, 'Net Profit' for computing Total Income under the said Act is as follows: -

	₹	₹
Net Profit as per Profit & Loss Account		212,397,474
Less:- Sales Real Estate- ongoing projects	(7,187,677)	
Less: Ongoing project expenses adjusted	<u>1,769,456</u>	<u>(8,957,133)</u>
		221,354,607

Add:- As per Income Tax Act:

Sales Real Estate – ongoing projects completed (upon delivery of physical possession)	19,082,446	
Less: Cost of Sales	<u>11,069,846</u>	8,012,600
Net Profit for Income Tax Purpose		<u>229,367,207</u>

- 16] Unabsorbed MAT credit to be allowed in future years amounts to ₹ 259,668,593/- (₹ 259,668,593/-)
- 17] On the basis of physical verification of assets, as specified in Accounting Standard - 28 and cash generation capacity of those assets, in the management perception there is no impairment of such assets as appearing in the balance sheet as on 31st March, 2014.
- 18] During the year, the company has incurred ₹ 60.95 lakhs (P.Y. ₹ 79.00 lakhs) towards Corporate Social Responsibility which has been charged to the respective heads of accounts.
- 19] a) Previous year figures above are indicated in brackets.
b) Previous year figure have been regrouped/rearranged, wherever found necessary.

Auditors' Report

To the Board of Directors of **ASHIANA HOUSING LIMITED**

Report on the Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of ASHIANA HOUSING LIMITED and its subsidiaries, which comprises the consolidated Balance Sheet as at 31st March, 2014, the consolidated Statement of Profit and Loss and consolidated Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Company in accordance with the Accounting Principles generally accepted in India. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:

- (a) in the case of the consolidated Balance Sheet, of the state of affairs of the Company as at 31st March, 2014;
- (b) in the case of the consolidated Statement of Profit and Loss, of the profit for the year ended on that date; and
- (c) in the case of the consolidated Cash Flow Statement, of the cash flows for the year ended on that date.

NOTES TO THE ACCOUNTS

33 SIGNIFICANT ACCOUNTING POLICIES AND OTHER NOTES TO THE ACCOUNTS

1) SIGNIFICANT ACCOUNTING POLICIES

a) PRINCIPLES OF CONSOLIDATION

The Consolidated Financial Statements include the financial statements of Ashiana Housing Limited and its subsidiaries. The Consolidated Financial Statements of the Group have been prepared in accordance with Accounting Standard AS - 21 'Consolidated Financial Statements' issued by the Institute of Chartered Accountants of India ('ICAI') and notified pursuant to the Companies (Accounting Standards) Rules, 2006. The Consolidated Financial Statements are prepared on the following basis:

- Consolidated Financial Statements normally include consolidated Balance Sheet, consolidated statement of Profit & Loss, consolidated statement of Cash flows and notes to the Consolidated Financial Statements and explanatory statements that form an integral part thereof. The Consolidated Financial Statements are presented, to the extent possible, in the same format as that adopted by the parent for standalone financial statements.
- The Consolidated Financial Statements include the financial statements of the Company and all its subsidiaries.
- The Consolidated Financial Statements have been combined on a line-by-line basis by adding the book values of like items of assets, liabilities, income and expenses after eliminating inter-group balances / transactions and resulting elimination of unreleased profits in full. The amounts shown in respect of reserves comprise the amount of the relevant reserves as per the balance sheet of the parent Company and its share in the post-acquisition increase in the relevant reserves of the entity to be consolidated.
- Minority interest represents the amount of equity attributable to minority shareholders / partners at the date on which investment in a subsidiary is made and its share of movements in equity since that date.

- e) Notes to the Consolidated Financial Statements represents notes involving items which are considered material and are accordingly duly disclosed. Materiality for the purpose is assessed in relation to the information contained in the Consolidated Financial Statements. Further, additional statutory information disclosed in separate financial statements of the subsidiary and / or a parent having no bearing on the true and fair view of the Consolidated Financial Statements have not been disclosed in the Consolidated Financial Statements.
- f) Partnership firms, being Company's jointly controlled entities, consolidation whereof is not feasible in view of nature of their capital structure and respective partnership arrangements, are not considered in these Financial Statements.

b) BASIS OF ACCOUNTING

The Financial Statements are prepared on accrual basis under historical cost convention in accordance with the generally accepted accounting principles in India, the Accounting Standards prescribed in the Companies (Accounting Standard) Rules, 2006 and the relevant applicable provisions of the Companies Act, 1956 and the Companies Act, 2013.

All assets and liabilities have been classified as current or non-current, wherever applicable, as per the normal operating cycle of the Company as set out in the Schedule VI to the Companies Act, 1956.

c) USE OF ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires estimates/ exemptions to be made that affect the reported amount of assets and liabilities on the date of financial statements and the reported amount of revenues and expenses during the reporting period. Difference between actual results and estimates are recognized in the period in which the results are known/ materialized.

d) FIXED ASSETS

- i) Fixed assets are valued at cost less depreciation/amortization.
- ii) Capital work-in-progress is valued at cost.
- iii) Intangible Assets under Development is valued at cost.

Cost includes purchase price and all other attributable cost of bringing the assets to working condition for intended use.

e) DEPRECIATION AND AMORTIZATION

- 1 Depreciation on tangible asset is provided on straight line basis in accordance with the provision of Schedule XIV of Companies Act, 1956 except that depreciation on the Fixed Assets held by Subsidiary Partnership Firms and Limited Liability Partnership firms, is provided at the rate as specified in Income Tax Rules, 1962.
- 2 Intangible assets are amortized over the period of useful life of the assets as estimated by the management except that depreciation on intangible assets held by Subsidiary Partnership Firms and Limited Liability Partnership firms, is provided at the rate as specified as Income Tax Rule, 1962.

f) INVENTORIES

Inventories are valued as follows:

Construction Material and Other consumables	At Lower of cost and net realizable value. However, materials and other items are not written down below cost if the constructed units/food, beverages etc. in which they are used are expected to be sold at or above cost. Cost is determined on FIFO basis.
Leasehold and Freehold Land	At Lower of cost and net realizable value.
Unsold Completed Construction and Work in Progress	At Lower of cost and net realizable value. Cost includes direct materials labor and project specific direct and indirect expenses and pro-rata unrealized cost from development of EWS/LIG units, except in subsidiary partnership firms wherein all expenses are included in such cost.

g) REAL ESTATE PROJECTS AND SALES

- a) Revenue in respect of the projects undertaken on or after 1st April, 2011 and the projects undertaken between 1st April, 2006 and 31st March, 2011, which did not reach the level of completion as considered appropriate by the management within 31st March, 2011, as discussed in (b) below, is accounted for (i) on delivery of absolute physical possession of the respective units on completion, or (ii) on deemed possession of the respective units on completion or (iii) on physical possession for fit-out, as considered appropriate by the management based on circumstantial status of the project.
- b) Revenue in respect of projects undertaken between 1st April, 2006 and 31st March, 2011, which did not reach the level of construction as considered appropriate by the management within 31st March, 2011 is recognized on the "Percentage of Completion Method" (POC) of accounting and represents value of units contracted to be sold to the extent of actual work done against total estimated cost of execution. The corresponding cumulative amount at the close of the year appears under 'Current Liabilities' as deduction from "Advance from customers".

The estimates of saleable area and Construction cost are reviewed periodically by the management and effect of any change in estimates is recognized in the period such changes are determined.

- c) Selling Expenses related to specific projects/units are being charged to Profit and Loss account in the year in which sale thereof is offered for taxation.
- d) Revenue from rooms, food and beverages, club and other allied services, is recognized upon rendering of the services.
- e) Project maintenance charges and Other income is accounted for on accrual basis except where the receipt of income is uncertain.
- f) Interest on delayed payments and other charges are accounted for on certainty of realization.

h) OTHER INCOME

Other income is accounted on accrual basis except where the receipt of income is uncertain.

i) TAXES ON INCOME

- a) Current Tax is determined as the amount of tax payable in respect of taxable income for the year.
- b) Deferred Tax is recognized, subject to consideration of prudence, in respect of deferred tax Assets/Liabilities arising on timing differences, being the difference between taxable income and accounting income that originate in one period and are capable of reversal in one or more subsequent period. Deferred tax in respect of differential income due to accounting of sales on percentage completion basis, being not determinate, is not recognized.

j) INVESTMENTS

- a) Long term investments are carried at acquisition cost. Provision for diminution, if any, in the value of long term investments is made to recognize a decline, other than of a temporary nature.
- b) Investments intended to be held for less than one year are classified as current investments and are carried at lower of cost and market value.
- c) Value of Intangible capital rights created in favor of the Company in the process of Real Estate activities, being not determinate, are not shown in the books of accounts.

k) FOREIGN CURRENCY TRANSACTIONS

Income and Expenditure in foreign currency is converted into rupee at the rate of exchange prevailing on the date of the transactions. All payables and receivables related to foreign currency transactions outstanding at the year end are translated at exchange rates prevailing at the year end. The resultant translation differences are recognized in the Profit & Loss Account.

l) EMPLOYEE BENEFITS

- (a) Short term employee benefits:
All employee benefits payable within twelve months of rendering the service are classified as short term employee benefits. Such short term employee benefits are recognized at actual amounts due in the period in which the employee renders the related service.
- (b) Post-employment benefits:
 - i) Defined Contribution Plans:
Payments made to defined contribution plans such as Provident Fund are charged as an expense as they fall due.
 - ii) Defined Benefit Plans:
Provision for Gratuity and Leave Pay is determined on the actuarial valuation carried out at the balance sheet date in accordance with the provisions of Accounting Standard 15. Actuarial gains and losses are recognized in the Statement of Profit & Loss.

m) IMPAIRMENT OF ASSETS

Impairment Loss in the value of assets, as specified in Accounting Standard -28 is recognized whenever carrying value of such assets exceeds the market value or value in use, whichever is higher.

n) PROVISIONS AND CONTINGENT LIABILITIES

A provision is recognized when the Company has a present obligation as a result of past results and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation. Provisions are recognized at the best estimate of the expenditure required to settle the present obligation at the balance sheet date.

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources.

2] Contingent Liability, not provided for, in respect of:

- a) Claims not acknowledged as debts
- | | | |
|--------------------|-----------------|-----------------|
| Cess - Sonari land | ₹ 54.28 lakhs | (₹ 45.91 lakhs) |
| Service Tax | ₹ 95.92 lakhs | (₹ 6.92 lakhs) |
| Bank Guarantee | ₹ 1375.00 lakhs | (₹ 0.25 lakhs) |
| Entry Tax | ₹ 9.35 lakhs | (₹ 9.35 lakhs) |
| Income Tax | ₹ 51.59 lakhs | (₹ 12.45 lakhs) |
- b) Contested claim of the Government of Rajasthan for refund of State Capital Subsidy including interest ₹ 55.79 lakhs (₹ 55.79 lakhs) against which the Company has deposited ₹ 55.79 lakhs (₹55.79 lakhs) under protest.
- c) Contested claim of Secretary, UIT, Bhiwadi for payment of Completion Certificate Charges amounting to ₹ 12.53 lakhs (₹12.53 lakhs) against which the Company has deposited ₹ 12.53 lakhs (₹ 12.53 lakhs) under protest.
- d) Contested claim of a customer pursuant to the order of the District Consumer Forum ₹ 10 lakhs (₹ 2.66 lakhs) against which the Company has deposited ₹ 2.66 lakhs (₹ 2.66 lakhs) under protest.
- e) Contested claim of Employee State Insurance Corporation ₹ 4.28 lakhs (Nil) against which the Company has deposited ₹ 1.07 lakhs (Nil) under protest.
- f) Contested demand of Entry Tax ₹ 9.35 lakhs (₹ 9.35 lakhs), against which Company has deposited ₹ 2.00 lakhs (₹ 2.00 lakhs) under protest.
- 3] Company's land at Milakpur Gujar, Alwar (Rajasthan) admeasuring 15.02 hectares, appearing in these accounts at book value of ₹ 338.97 lakhs, is under acquisition, 12.834 hectares for residential purposes and 2.186 hectares for development of road, by the Government of Rajasthan. Company's writ petition is pending before the Hon'ble High Court of Rajasthan against acquisition of 12.834 hectares. A compensation of ₹ 3597.88 lakhs has been declared by the Government which and interest thereon shall be considered in the accounts on finality and receipt.
- 4] Construction work in Company's commercial project 'Marine Plaza' on land at Sonari, Jamshedpur, sub-leased by Tata Steel Ltd., was stopped by the Jamshedpur Notified Area Committee (JNAC) along with works in approx. fifty other projects in Jamshedpur. In response to Company's writ petition, the Hon'ble High Court of Jharkhand, by its interim order, has permitted the Company to carry out further construction subject to the condition that the Company shall not create any third party right in the project. A sum of ₹ 1845.57 lakhs has been incurred by the Company on this project till the close of this year. The Company, however, is not carrying out any construction in the project and the matter is subjudice.
- 5] Company's projects Ashiana Anantara, Jamshedpur, Ashiana Navrang, Halol, and Ashiana Dwarka, Jodhpur are being developed under Development Agreement with respective land owners on revenue sharing/area sharing basis.
- 6] Estimated amount of contract remaining to be executed on capital account and not provided for amounts to ₹ 12.64 lakhs (₹182.86 lakhs) against which the Company has given advance of ₹ 4.68 lakhs (₹ 15.10 lakhs).
- 7] In accordance with Accounting Standard 17 "Segment Reporting" as prescribed under Companies (Accounting Standards) Rules, 2006, the Company has determined its business segment as Real Estate Business. Since there are no other business segments in which the Company operates, there are no other primary reportable segments. Therefore, the segment revenue, segment results, segment assets, segment liabilities, total cost incurred to acquire segment assets, depreciation charge are all as is reflected in the financial statements.
- 8] Related parties and transactions with them as specified in the Accounting Standard 18 on "Related Parties Disclosures" prescribed under Companies (Accounting Standards) Rules, 2006 has been identified and given below on the basis of information available with the Company and the same has been relied upon by the auditors.

Om Prakash Gupta
1947 - 2013

Founder - Ashiana Housing Limited

As a visionary, you enhanced the quality of life for everyone. You gave middle income housing a unique stature in India; Pioneered retirement housing that went beyond security and comfort; Created free training centres for unskilled and semi-skilled workers. Your concern and affection for customers, residents, vendors and staff members was always evident in your perceptive, queries and insightful actions.

You will continue to inspire us with your vision, mission & principles. We pledge to build upon what you started.
