ANNUAL PERFORMANCE EVALUATION :

Pursuant to the provisions of the Act, a formal annual evaluation needs to be made by the Board of its own performance and that of its Committees and Individual directors. Schedule IV to the Act states that the performance evaluation of the independent directors shall be done by the entire Board of Directors, excluding the director being evaluated. The Board works with the Nomination and Remuneration Committee to lay down the evaluation criteria.

The Board has carried out evaluation of its own performance, of all the directors individually as well as the working of its Audit Committee, Nomination and Remuneration Committee and Stakeholders' Relationship Committee of the Company. The Board has devised questionnaire to evaluate the performances of each of Executive, Non-Executive and Independent Directors. Such questions are prepared considering the business of the Company and the expectations that the Board have from each of the Directors. The evaluation framework for assessing the performance of Directors comprises of the following key areas:

- i. Attendance at Board Meetings and Committee Meetings;
- ii. Quality of contribution to Board deliberations;
- iii. Strategic perspectives or inputs regarding future growth of Company and its performance;
- iv. Providing perspectives and feedback going beyond information provided by the management.

MEETINGS OF THE BOARD:

The Board meets at regular intervals to discuss and decide on Company's / business policy and strategy apart from other Board businesses. A tentative annual calendar of the Board and Committee Meetings is informed to the respective Directors in advance to facilitate them to plan their schedule and to ensure their meaningful participation in the meetings. However, in case of a special and urgent business need, the Board's approval is taken by passing circular resolutions, as permitted by the law, which are confirmed in the subsequent meeting of the Board of Directors.

The notice of meeting of the Board of Directors and Committees are given well in advance to all the Directors of the Company. Usually, meetings of the Board are held in Kolhapur, Maharashtra. The agenda of the Board / Committee meetings is circulated 7 days prior to the date of the meeting as per Secretarial Standard -1(SS-1) issued by ICSI. The agenda for the Board and Committee meetings includes detailed notes on the items to be discussed at the meeting to enable the Directors to take an informed decision.

During the year under review the Board of Directors met 4 (Four) times, the details of which are given in the Report on Corporate Governance forming part of this Annual Report. The intervening gap between two consecutive meetings was within the period prescribed by SS-1 issued by ICSI and the Act.

DIRECTORS' RESPONSIBILITY STATEMENT:

ANNEXURE IV

SECRETARIAL AUDIT REPORT

FOR THE FINANCIAL YEAR ENDED 31ST MARCH 2018

[PURSUANT TO SECTION 204(1) OF THE COMPANIES ACT, 2013 AND RULE 9 OF THE COMPANIES (APPOINTMENT AND REMUNERATION PERSONNEL) RULES, 2014]

To,
The Members,
Menon Bearings Limited
Kolhapur

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by Menon Bearings Limited (CIN:L29130PN1991PLC062352) and having its registered office at G-1, MIDC Gokul shirgaon, Kolhapur - 416234 (hereinafter called 'the Company'). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, we hereby report that in our opinion, the Company has, during the audit period covering the financial year ended on 31st March, 2018 complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter.

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31st March 2018 according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings **(Not applicable to the Company during the audit period)**;
- (v) The following Regulations prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):
 - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - (c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009;
 - (d) The Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014 **(Not applicable to the Company during the audit period)**;
 - (e) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008 **(Not applicable to the Company during the audit period)**;

- (f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
- (g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009 **(Not applicable to the Company during the audit period);**
- (h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998 **(Not applicable to the Company during the audit period);** and
- (i) The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015;

(vi) There are no laws that are specifically applicable to the Company based on their sector/industry.

We have also examined compliance with the applicable clauses of the Secretarial Standards issued by The Institute of Company Secretaries of India;

During the period under review, the Company has complied with the provisions of the Act, Rules, Regulations, Standards etc. mentioned above;

We further report that

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors except that the vacancy caused by resignation of woman director on 15th February 2018 was yet to be filled at the end of the reporting year; however the said vacancy has been filled within the stipulated time limit as on the date of this report. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all directors to schedule the Board Meetings; agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

Majority decision is carried through while the dissenting member's views are captured and recorded as part of the minutes.

We further report that there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

We further report that during the audit period:

1. the Board of Directors of the Company at their meeting held on 20th July 2017, declared an interim dividend of Re.0.75/- per share in respect of 5,60,40,000 equity shares of the face value of Re.1/- each for the financial year 2017-18; and

Energy conservation measures have been implemented at all the plants and offices of the Company and special efforts are being put on undertaking specific energy conservation projects like:-

- All capacitor panels now equipped with APFC Controller for fin controlling of power factor. For last financial year 2017-18 power factor is maintained to unity continuously. Also capacitor is connected to all HPDC machine for power factor improvement.
- In foundry area Tilt GDC machines old panel and PLC are replaced with Siemens PLC to improve machine performance.

II. TECHNOLOGY ABSORPTION

Form of disclosure of particulars in respect of absorption of technology, research and development.

A.Research and Development (R&D):

1	Specific areas in which R & D is being carried out by the company	The Company is putting continuous efforts in acquisition, development, assimilation and utilization of technological knowledge through its wide advance engineering project portfolio. This has enabled the Company to keep abreast with the latest developments in product technology, manufacturing process and methods, quality assurance and improvement, marketing, management systems and benefit out of mutual experience
2	Benefits derived as a result of above	<ul style="list-style-type: none"> • Increased Customer satisfaction & sale. • Improved Brand equity. • Cost Reduction through Quality & productivity. • New product introduction.
3	Future plan of action	<ul style="list-style-type: none"> • To strengthen 5 S in entire plant. • To introduce auto gauging system for Bearing, Bush & Thrust Washers. • To motivate employees for Kaizen/Pokayoke Project. • To introduce world Class Concept for layout
4	Expenditure on R & D	a) Capital WIP: Nil b) Recurring: 40.96 Lakhs c) Total: 40.96 Lakhs Total R & D expenditure as a percentage of total turnover : 0.28%

B. Technology Absorption, Adaptation & Innovation

<p>1) Efforts in brief made towards Technology Absorption, Adaptation and Innovation</p>	<p>At Bearings Division:-</p> <ul style="list-style-type: none"> Two full fledged lines to manufacture bearings and bushes are installed with latest machines, productivity of which is almost 25% more. <p>At Menon Alkop (Division of Menon Bearings Ltd.)</p> <ul style="list-style-type: none"> Twin spindle CNC turning introduced for increasing productivity. CMM and Contracer installed to increase measurement accuracy and precision manufacturing. Solid works 3D design software installed for 3D simulation of dies and machining fixtures.
<p>2) Benefits derived as a result of above effort e.g. product improvement, cost reduction, product development etc.</p>	<ol style="list-style-type: none"> Improved productivity. Saving in cost of man power. Reuse of material resulted in to reduction of material cost Reduce the cost of electricity. Production increased by 40 % due to twin spindle CNC machine. Measurement accuracies improved due to CMM & Contracer machine. Design of die and fixture become user friendly.
<p>3) In case of imported technology (imported during last 5 years recorded from beginning of the Financial Year)</p>	<p>We have imported following machineries and the same are operating trouble free:-</p> <ul style="list-style-type: none"> During the year 2017-18 following machineries are imported : <ol style="list-style-type: none"> Heavy duty VMC Machine from USA for Tool Room; Two High Pressure Die Casting Machine from China; 400 Tons Knuckle Joint Press from Lithuania; Vertical Machining Center. During the year 2016-17 following machineries were imported: <ol style="list-style-type: none"> 400 Tons and 500 Tons cold chamber Die Casting Machine with spare parts from China. Zoller Tool Presetter from Singapore.

III. FOREIGN EXCHANGE EARNINGS AND OUTGO

Activities relating to export initiative for development of new export markets for products, services and exports.	Currently, the Company is exporting its products to U.S.A. U.K., Italy, France, China, Mexico, Brazil, etc.

Management Discussion and Analysis

Industrial Review:-

The auto components industry is an engine of growth for the Indian economy. The auto component industry contributes 2.3% to National GDP, providing direct employment to 1.5 million people. Over the years the component industry has adapted well to the changes in the policy & regulatory environment and the needs of its customers.

The Investment Information and Credit Rating Agency i.e. ICRA's sample of 48 auto ancillaries, constituting around 25 per cent of the industry's turnover, witnessed revenue growth of about 13.5 per cent during Q2 FY 2017-18. The same was driven by higher realization in the backdrop of steady increase in commodity prices, whereas volumetric growth was in the mid-single digit. Overall, during H1 of FY 2017-18, the sample space grew by 9.5 per cent, which is in line with a 9-11% growth estimate for FY 2017-18.

Two Wheelers segment with 80 per cent market share is the leader of the Indian Automobile market owing to a growing middle class and the young population. Moreover, the growing interest of the companies in exploring the rural markets further aided the growth of the sector. The overall Passenger Vehicle (PV) segment has 14 per cent market share. India is also a prominent auto exporter and has strong export growth expectations for the near future. Overall automobile exports grew 15.81 per cent year-on-year during FY 2017-18. In addition, several initiatives by the Government of India and the major automobile players in the Indian market are expected to make India a leader in the two wheelers (TW) and Four Wheeler (4W) market in the world by 2020. Production of passenger vehicles, commercial vehicles, three wheelers and two wheelers grew at 14.41 per cent year-on-year between during FY 2017-18.

The domestic original equipment manufacturers (OEMs), especially 2W and PV industry which together constitute about two-third of overall domestic OEM demand, has grow at a healthy pace in FY 2017-18. Moreover, expected recovery in rural income will provide upside for sub-segments like light commercial vehicles (LCVs), motorcycles and tractors. Though PV exports indicate some aberration and thereby has some bearing on production volumes, domestic PV demand remains strong during Q2 FY 2017-18. Exports related aberration is likely to abate during coming quarters and will be more than offset by robust domestic demand.

As regards medium & heavy commercial vehicles (M & HCVs), their Q1 of FY 2017-18 demand slowdown affected ancillaries performance, but strong double digit growth during Q2 of FY 2017-18 has resulted in superior performance of ancillaries. Going forward, pickup in infrastructure activity will further drive growth in construction and mining equipment as well as the tipper segment (classified under M & HCVs). Exports, which accounts for 28 per cent of the industry's demand, with the US and Europe making up for 60 per cent, witnessed a decline. This was sharper in the US M&HCV market during H2 of CY 2015 and CY 2016. However, the trend seems somewhat reversed now with incremental order inflow for class-8 trucks being encouraging over the last six months. Exports will also be affected by rupee appreciation. Commodity prices have been rising over the last 4-5 quarters, thereby pressurising industry's profitability.

Incremental investments by auto ancillaries are primarily towards new order/platform related requirement or debottle necking of existing capacity. Few have started investing keeping in mind their requirements for BS VI (in 2020), CAFE norms and electric vehicles in 2030. Over the medium to long term, growth in the auto component industry will be higher than the underlying automotive industry growth, given the increasing localisation by OEMs, higher component content per vehicle and rising exports from India.

Futuristic Outlook:-

To realise their ambition of graduating from being a build to print to one that is art to part, the auto component manufacturers must focus on R&D to help generate IP in India and in the process, create greater returns than the cost of capital to make India an attractive destination for investments. The 'Make in India' campaign of the government has enthused the entire manufacturing sector. Focus on ease of doing business, implementation of GST and other reforms augur well for the component manufacturing industry.

After considering the increasing content per vehicle due to various technological advancement as well as regulatory measures (emission, safety regulations), the growth in the auto component industry will be relatively higher than the underlying growth in the automotive industry in the medium to long term.

The automotive mission plan (AMP) 2026, forecasts that the automotive industry will generate revenues of \$ 200 billion (13 lakh Cr) by 2026. Exports are expected to reach \$ 80 billion (5.2 lakh Cr) and the domestic replacement market is expected to reach \$ 32 billion (2 lakh Cr). Investments to the tune of \$ 25 – 30 billion (1.62 lakh Cr) are required to be carried out by the industry. The Indian auto components industry is expected to become the third largest in the world by 2025.

Few other trends that are favourable for the industry are as below :

- OEMs are setting up units to manufacture engines in the country, this will increase demand for engine components in the industry.
- Global OEMs have started sourcing their auto components from Indian manufacturers.
- Manufacturers are investing in the R&D processes to improve product quality and develop new products.
- Increased sourcing of global OEMs from India and increased indigenisation of OEMs will help the auto components segment.
- Manufacturers producing one product and catering to only one segment are looking to produce more products and cater to various segments. Manufacturers are also focussed on producing products with high margins.
- Increased road infrastructure and increase in incomes of people will lead to demand of automotive products, this will, in turn, help the auto ancillary industry.
- OEM & replacement demand for auto components is 1.5X and 1.2X of growth in the auto industry. The auto industry is expected to grow 12% over the next few years, implying the growth to be 15- 18% in the auto components industry in the coming years.

Concern & Threats:-

The auto component industry has been exposed to many risks of varying intensity. Three important concerns and threats auto component industry is facing are:-

- Regulatory & Infrastructure Bottleneck
- Low R&D spending and dependence on global suppliers for technology knowhow
- Rising imports from China

At the same time, increase in electricity charges all of a sudden, volatility in the prices of raw materials & other inputs, currency fluctuations, stiff competition by the entry of Multinationals and their home country partnership and just in time supplies are the major risks and challenges faced by the companies. It is forcing companies to plan operation more effectively and produce quality components at low costs.

Future Challenge:-

Some challenges need to be addressed by auto components industry along with the government, are as follows:-

- The government's thrust on electric vehicles will push the auto component players to adapt and equip themselves. The industry is currently not prepared for the same, 50% of ACMA members revenues comes from IC (internal combustion) engines. No. of players who will be able to adopt to this needs to be seen.
- The industry especially the unorganized market does not have skilled manpower.
- The entire value chain of the industry – research- design & development – production needs to develop.
- Technical school needs to be set up to train companies in areas such as quality, production and manpower management.
- Global and local OEMs have set high standards for their product requirement. Component manufacturers need to invest in technologies to meet these requirements.
- Imports are higher than the exports currently. Higher imports pose exchange risks
- Infrastructure development in areas of roads, ports & power needs to take place for the smooth functioning of the industry.
- Margins of auto component manufacturers may easily come under pressure if OEMs are unable to increase prices and have to cut costs.

The Company also believes human resources as the supporting pillars for the organization's success. As on 31st March, 2018 the Company had 224 permanent employees.

Development & Up-gradation of Technology:

All the staff members working in manufacturing departments have been advised to take different projects to;

1. Reduce rejection and wastage in Raw materials and consumables,
2. To reduce setting time and to focus on production,
3. To optimize production activities to reduce electrical energy per unit of production,
4. To work on packing to enhance preservation and safety,
5. To develop new items in shortest possible time to have early business,

This is ongoing process and projects are getting completed one by one and new projects are being undertaken. This has given increase in top as well as bottom line.

Global Approach:

The Company trusts its capabilities to capture every opportunity of business in the global arena. Your Company is globally positioned with business activities spanning 24 Countries around the globe. Exporting about 26% of its production, it enjoys strong brand equity among leading OEM's all over the world.

Forward Looking Statements:

Certain statements in the Management Discussion and Analysis Report describing the Company's objectives, projections, estimates, expectations or predictions may be "forward-looking statements" within the meaning of applicable securities laws and regulations. Actual results could differ from those expressed or implied therein. Important factors that could make a difference include raw material availability and prices thereof, cyclical demand and pricing in the Company's principal markets, changes in Government regulations and tax regime, economic developments within India and the countries in which the Company conducts business and other incidental factors.

Independent Auditor's Report

**TO
THE MEMBERS OF
MENON BEARINGS LIMITED**

Report on the Financial Statements

We have audited the accompanying Ind AS financial statements of MENON BEARINGS LIMITED ("the company"), which comprise the Balance Sheet as at 31st March 2018, the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Ind AS financial statements that give a true and fair view of the state of affairs (financial position), profit & loss (financial performance including other comprehensive income), cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act, read with Rule 4 of the Companies (Indian Accounting Standards) Rules, 2015.

This responsibility also includes the maintenance of adequate accounting records in accordance with the provision of the Act for safeguarding of the assets of the Company and for preventing and detecting the frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of internal financial control, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these Ind AS financial statements based on our audit. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit of the Ind AS financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the Ind AS financial statements are free from material misstatement. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the Ind AS financial statements that give true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the Company has in place an adequate internal financial control system over financial reporting and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by Company's Directors, as well as evaluating the overall presentation of the Ind AS financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Ind AS financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements, give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including the Ind AS;

- a) of the State of affairs (financial position) of the Company as at 31st March, 2018;
- b) of the Profit (financial performance including Other Comprehensive Income) for the year ended on that date;
- c) of the Cash Flows for the year ended on that date; and
- d) of the Changes in Equity for the year ended on that date

Report on other Legal and Regulatory Requirements

As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of Sub-section (11) of Section 143 (3) of the Companies Act, 2013 we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

As required by Section 143 (3) of the Act, we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b) In our opinion proper books of account as required by law have been kept by the Company so far as appears from our examination of those books
- c) The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income), the Cash Flow Statement and the Statement of Changes in Equity dealt with by this Report are in agreement with the books of account
- d) In our opinion, the aforesaid Ind AS financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 4 of the Companies (Indian Accounting Standards) Rules, 2015.
- e) On the basis of written representations received from the directors as on 31st March, 2018, taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2018, from being appointed as a director in terms of Section 164(2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B"
- g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rule, 2014, in our opinion and to best of our information and according to the explanations given to us :
 - i. The Company does not have any pending litigations which would impact its financial position.
 - ii. The Company did not have any long-term contracts including derivatives contracts of which there were any material foreseeable losses.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

Annexure B to Independent Auditor's Report

The Annexure referred to in our Report of even date to the members of Menon Bearings Limited on the accounts of the Company for the year ended 31st March, 2018

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Menon Bearings Limited ("the Company") as of 31st March, 2018 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (hereinafter "ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls, and both issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that;

- I. pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- II. provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and
- III. provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2018, based on;

- i. existing policies and procedures adopted by the Company for ensuring orderly and efficient conduct of business.
- ii. continuous adherence to Company's policies.
- iii. existing procedures in relation to safeguarding of Company's fixed assets, investments, inventories, receivables, loans and advances made and cash and bank balances.
- iv. existing system to prevent and detect fraud and errors.
- v. accuracy and completeness of Company's accounting records; and
- vi. existing capacity to prepare timely and reliable financial information.

Notes on Accounts for the year ended on 31st March, 2018

Note No. 1

SIGNIFICANT ACCOUNTING POLICIES

I. Basis of Preparation :

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) as prescribed by Ministry of Corporate Affairs under Companies (Indian Accounting Standards) Rules, 2015, provisions of the Companies Act, 2013, to the extent notified and pronouncements of the Institute of Chartered Accountants of India.

Disclosures under Ind AS are made only in respect of material items and in respect of the items that will be useful to the users of financial statements in making economic decisions.

The financial statements for the year ended 31st March 2018 (including comparatives) are duly adopted by the Board on 3rd May, 2018 for consideration and approval by shareholders.

II. Summary of accounting policies :

1. Overall considerations

The financial statements have been prepared applying the significant accounting policies and measurement bases summarized below.

2. Revenue Recognition

Revenue is measured at fair value of the consideration received or receivable and net of returns, trade allowances and rebates and amounts collected on behalf of third parties. It excludes excise duty Value Added Tax, Sales Tax, Service Tax and GST.

i) Sale of Products:

Revenue from sale of products is recognised when significant risks and rewards of ownership pass to the customers, as per the terms of the contract and when the economic benefits associated with the transactions will flow to the Company.

ii) Interest Income:

Interest incomes are recognized using the time proportion method based on the rates implicit in the transaction. Interest income is included in other income in the statement of profit and loss.

3. Property, plant and equipment

i) Freehold land is stated at historical cost. All other items of Property, Plant and Equipment are stated at cost of acquisition/construction less accumulated depreciation/amortization and impairment, if any. Cost includes:

- a) Purchase Price
- b) Taxes and Duties
- c) Labour cost and

- d) Directly attributable overheads incurred up to the date the asset is ready for its intended use. However, cost excludes excise duty, value added tax, service tax, and GST to the extent credit of the duty or tax is availed of.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably.

ii) **Component Accounting:**

The component of assets are capitalized only if the life of the components vary significantly and whose cost is significant in relation to the cost of the respective asset, the life of the component in assets are determined based on technical assessment and past history of replacement of such components in the assets. The carrying amount of any component accounted for as separate asset is derecognised when replaced.

iii) **Other cost:**

All other repairs and maintenance cost are charged to the statement of profit and loss during the reporting period in which they are incurred.

Profit or Losses on disposals are determined by comparing proceeds with the carrying amount. These are included in the Statement of Profit and Loss within other income/ (loss).

iv) **Depreciation and amortization:**

- a) Depreciation is recognized on a straight-line basis, over the useful life of the buildings and other equipments as prescribed under Schedule II of the Companies Act, 2013.
- b) Depreciation on tangible fixed assets is charged over the estimated useful life of the asset or part of the asset as evaluated on technical assessment on straight line method, in accordance with Part A of Schedule II to the Companies Act, 2013
- c) The estimated useful life of the tangible fixed assets on technical assessment followed by the Company is furnished below:

Description	Range of Useful lives in years
Buildings	30 - 60
Plant & Equipment	10 - 15
Furniture & Fixtures	8 - 10
Office equipments	3 - 6
Vehicles	8 - 10

Material residual value estimates and estimates of useful life are assessed as required.

- d) The residual value for all the above assets are retained at 5% of the cost. Residual values and useful lives are reviewed and adjusted, if appropriate, for each reporting period.
- e) On tangible fixed assets added/disposed off during the year, depreciation is charged on pro-rata basis for the period for which the asset was purchased and used.

v) **Ind AS Transition:**

As there is no change in the functional currency as at the date of transition, the Company has elected to adopt the carrying value of Plant, property and equipment under the erstwhile GAAP as the deemed cost for the purpose of transition to Ind AS. Capital-work-in progress, plant and equipment is stated at cost less accumulated impairment losses, if any.

4) **Impairment:**

Assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use.

In respect of assets whose impairment are to be assessed with reference to other related assets and such group of assets have independent cash flows (Cash Generating Units), such assets are grouped and tested for impairment.

Non-financial assets that suffered impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

5) **Leases:**

i) **Assets taken on Lease**

As per the terms of lease agreements there is no substantial transfer of risk and reward of the property to the Company and hence such leases are treated as operating lease. The payments on operating lease are recognized as an expense over the lease term. Associated costs, such as maintenance and insurance, are expensed.

ii) **Decommissioning charges in respect of properties like Plant and equipment, furniture fixtures and office equipment's presently located in land taken on lease are not provided for as it is impractical to estimate the sum that will be incurred at the time the lease comes to end. Further there is also likelihood of the lessor renewing the lease.**

6) **Financial Assets Classification and subsequent measurement of financial assets:**

i) **For the purpose of subsequent measurement, financial assets are classified and measured based on the entity's business model for managing the financial asset and the contractual cash flow characteristics of the financial asset at:**

a) Those to be measured subsequently at fair value either through other comprehensive income (Fair Value through Other Comprehensive Income-FVTOCI) or through profit or loss (Fair Value through Profit and Loss-FVTPL) (However there are no such items) and;

b) Those measured at amortized cost

1. **Financial assets at Amortised Cost**

Includes assets that are held within a business model where the objective is to hold the financial assets to collect contractual cash flows and the contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

These assets are measured subsequently at amortized cost using the effective interest method. The loss allowance at each reporting period is evaluated based on the expected credit losses for next 12 months and credit risk exposure.

The Company also measures the loss allowance for a financial instrument at an amount equal to the lifetime expected credit losses (ECL) if the credit risk on that financial instrument has increased significantly since initial recognition

2. Financial assets at Fair Value Through Other Comprehensive Income (FVTOCI):
There are no such assets.

3. Financial assets at Fair Value Through Profit or Loss (FVTPL):
There are no such assets.

ii. Impairment of financial assets:

All financial assets are reviewed for impairment at least at each reporting date to identify whether there is any evidence that a financial asset or a group of financial assets is impaired. Different criteria to determine impairment are applied for each category of financial assets.

iii. Derivative financial instruments and hedge accounting:

There are no such transactions.

iv. Trade receivables

The Company follows 'simplified approach' for recognition of impairment loss allowance based on lifetime Expected Credit Loss at each reporting date, right from its initial recognition.

v. Derecognition of financial assets

A financial asset is derecognised only when;

- a) The Company has transferred the rights to receive cash flows from the financial asset or
- b) The Company retains the contractual rights to receive the cash flows of the financial asset, but expects a contractual obligation to pay the cash flows to one or more recipients.
There are no such derecognitions.

7) Financial Liabilities:

i. Classification, subsequent measurement and derecognition of financial liabilities

a. Classification

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss or at amortised cost. The Company's financial liabilities include borrowings & trade and other payables.

b. Subsequent measurement

Financial liabilities are measured subsequently at amortized cost using the effective interest method. All interest-related charges and, if applicable, changes in an instrument's fair value that are reported in profit or loss are included within finance costs or finance income.

c. Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or has expired. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

8) Inventories

Inventories are valued at lower of cost or net realizable value. Net realisable value is the estimated selling price in the ordinary course of business less the estimated cost of completion and the estimated costs necessary to make the sale. Cost is ascertained on weighted average basis in accordance with the method of valuation prescribed by the Institute of Chartered Accountants of India.

i. Raw materials

Raw materials are valued at cost of purchase, net of duties (credit availed w.r.t taxes and duties) and includes all expenses incurred in bringing the materials to location of use.

ii. Work-in-process and Finished Goods

Work-in-process and finished goods include conversion costs in addition to the landed cost of raw materials.

iii. Stores and spares

Stores, spares and tools cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition.

9) Income Taxes

Tax expense recognized in the statement of profit or loss comprises the sum of deferred tax and current tax not recognized in other comprehensive income or directly in equity.

Calculation of current tax is based on tax rates in accordance with tax laws that have been enacted or substantively enacted by the end of the reporting period. Deferred income taxes are calculated using the liability method on temporary differences between tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at reporting date. Deferred taxes pertaining to items recognised in other comprehensive income (OCI) are disclosed under OCI.

Deferred tax assets are recognized to the extent that it is probable that the underlying tax loss or deductible temporary difference will be utilized against future tax liability. This is assessed based on the Company's forecast of future earnings, excluding non-taxable income and expenses and specific limits on the use of any unused tax loss or credit.

Deferred tax liabilities are generally recognized in full, although Ind AS 12 'Income Taxes' specifies some exemptions. As a result of these exemptions the Company does not recognize deferred tax liability on temporary differences relating to goodwill, or to its investments in subsidiaries.

10) Post-employment benefits and short-term employee benefits

i. Short term obligations:

Short term obligations are those that are expected to be settled fully within 12 months after the end of the reporting period. They are recognised up to the end of the reporting period at the amounts expected to be paid at the time of settlement.

ii. Other long term employee benefits obligations:

The liabilities for earned leave are not expected to be settled wholly within 12 months after end of the period in which the employees render the related service. They are, therefore, recognised and provided for at the present value of the expected future payments to be made in respect of services provided by employee up to the end of reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in Other Comprehensive Income (OCI).

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

iii. Post-employment obligation:

The Company operates the following post-employment schemes:

a) Defined contribution plan such as Gratuity & provident fund

Gratuity obligation:

The company has created The Employees Group Gratuity fund which has taken gratuity cum life insurance policy from LIC of India. Premium on said policy is calculated by LIC & Conveyed to us on the basis of Project unit credit Method. The same is accounted for in books of accounts.

Provident Fund:

The eligible employees of the Company are entitled to receive benefits in respect of provident fund, a defined contribution plan, in which both employees and the Company make monthly contributions at a specified percentage of the covered employees salary. The provident fund contributions are made to EPFO.

Bonus Payable:

The Company recognises a liability and an expense for bonus. The Company recognises a provision where contractually obliged or where there is a past practice that has created a constructive obligation.

11) Provisions and contingent liabilities

I. Provisions:

A Provision is recorded when the Company has a present legal or constructive obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation and the amount can be reasonably estimated.

Provisions are evaluated at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expenses.

ii. Contingent liabilities:

Whenever there is possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity or a present obligation that arises from past events but is not recognised because (a) it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or (b) the amount of the obligation cannot be measured with sufficient reliability are considered as contingent liability. Show cause notices are not considered as Contingent Liabilities unless converted into demand.

iii. Contingent Assets:

The Company does not recognise contingent assets. If it is virtually certain then they will be recognised as asset. These are assessed continually to ensure that the developments are appropriately disclosed in the financial statements.

12) Earnings per share:

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period is adjusted for events including a bonus issue, bonus element in a rights issue to existing shareholders, share split and reverse share split (consolidation of shares). For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are considered for the effects of all dilutive potential equity shares.

13) Cash and Cash equivalents and Cash Flow Statement:

Cash and cash equivalents comprise cash on hand and demand deposits, together with other short-term, highly liquid investments maturing within three months from the date of acquisition and which are readily convertible into cash and which are subject to only an insignificant risk of changes in value.

Cash flows are reported using the indirect method, whereby profit/(loss) before tax is appropriately classified for the effects of transactions of non-cash nature and any deferrals or accruals of past or future receipts or payments. In the cash flow statement, cash and cash equivalents include cash in hand, cheques on hand, balances with banks in current accounts and other short-term highly liquid investments with original maturities of three months or less.

14) Segment reporting:

The Company operates in one business segment namely "Auto Components". Hence reporting under this standard is not applicable.

15) Borrowing costs:

Borrowing costs directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is necessary to complete and prepare the asset for its intended use or sale. Other borrowing costs are expensed in the period in which they are incurred under finance costs.

III) Significant management judgment in applying accounting policies and estimation of uncertainty While preparing the financial statements, management has made a number of judgments, estimates and assumptions about the recognition and measurement of assets, liabilities, income and expenses.

(1) Significant management judgment

The following are significant management judgments in applying the accounting policies of the Company that have significant effect on the financial statements.

(2) Recognition of deferred tax assets

The extent to which deferred tax assets can be recognized is based on an assessment of the probability that future taxable income will be available against which the deductible temporary differences and tax loss carry-forwards can be utilized. In addition, careful judgment is exercised in assessing the impact of any legal or economic limits or uncertainties in various tax issues.

(3) Estimation of uncertainty

Information about estimates and assumptions that have the most significant effect on recognition and measurement of assets, liabilities, income and expenses is mentioned below. Actual results may be different.

a. Impairment of non-financial assets

In assessing impairment, management has estimated economic usefulness of the assets, the recoverable amount of each asset or cash-generating units based on expected future cash flows and use of an interest rate to discount them. Estimation of uncertainty relates to assumptions about economically future operating cash flows and the determination of a suitable discount rate.

b. Useful lives of depreciable assets

Management reviews its estimate of the useful lives of depreciable assets at each reporting date, based on the expected utility of the assets. Uncertainties in these estimates relate to technological obsolescence that may change the utility of assets including Intangible Assets.

c. Inventories

Management has carefully estimated the net realizable values of inventories, taking into account the most reliable evidence available at each reporting date. The future realization of these inventories may be affected by market-driven changes.

d. Defined benefit obligation (DBO)

Management's estimate of the DBO is based on a number of critical underlying assumptions such as standard rates of inflation, mortality, discount rate and anticipation of future salary increases. Variation in these assumptions may significantly impact the DBO amount and the annual defined benefit expenses (as analysed in Note .10)

e. Current and non-current classification

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of products and time between the acquisition of assets for processing and their realization in cash and cash equivalents, the Company has ascertained its operating cycle as twelve months for the purpose of current or non-current classification of assets and liabilities.
