Commenting on Magma Fincorp's performance, **Mr Sanjay Chamria, Vice Chairman and Managing Director**, Magma Fincorp Limited said, "the Indian economy has already begun its recovery, despite being hit hard by the pandemic. The bounce back in vehicle sales has been stronger than anticipated and demand for mobility and own housing will drive lending in 2021. Competitive intensity is also increasing and Magma's expertise in the Used vehicles, Affordable housing finance and secured SME lending will ensure we tide over it. As normalcy has returned, we remain cautiously optimistic for FY22. AUM growth may remain flat this year due to our accelerated shift to underwrite only High ROA products which will release substantial capital, improve NIM trajectory and lead to lower cost of funds."
