## Chairman's Message

Albert David Limited is a trusted, flagship Pharmaceutical Company of the 'Kothari Group' with over 80 years of successful operations. 'Kothari Group' is a prominent, highly diversified business group headquartered in Kolkata with operations across India and overseas.

### The Year Gone By

Indian pharma companies have been going through a tough phase for the past couple of years. Some of the reasons being significant competitive intensity, pricing pressure in export markets, lower prices and regulatory hurdles in domestic markets etc. Further, despite being a late bloomer, China has proved itself as a growth engine for the biopharma industry posting double digit growth.

Most global pharma companies have initiated restructuring programs to reposition their companies, focusing their efforts on refocusing R&D, optimising manufacturing plants, reducing employee costs, and divesting poorly-performing or sub-scale businesses.

### Structural Changes

In order to strengthen the brand marketing, your Company has undertaken many proactive steps which include restructuring the marketing team at the highest levels and launch of a separate division for focused brands. On the way forward, your Company plans to take more initiatives including strengthening its branded and generics business.

### Dividend

Backed by the strategic changes being taken by your Company and the positive performance outlook, Albert David Limited Board has proposed a dividend of Rs.6/- per equity share of Rs.10/- each.

### Future Outlook

The Indian pharma industry has adjusted to the disruptions of demonetization and GST in the last two years and has reverted to a steady low double-digit growth. The industry is expected to grow at 11-12% in near future, driven by a mix of strong volume growth and price increase, increasing lifestyle diseases, higher penetration in rural markets and rising health insurance coverage. Given that, pharma companies need to tread their path with caution in view of several risks the sector faces vis.-a-vis. unfavorable results of facility inspections and delay in product approval by USFDA, chances of more products being added to NLEM list and FDC ban.

I, on behalf of Albert David Limited Board, express my appreciation and gratitude to all our shareholders and we look forward to your continued trust and support.

### A K Kothari

Executive Chairman

## Managing Director & CEO's Message

*Dear Shareholders,*

It gives me great pleasure to address you after more than two years of association with Albert David Limited.

### **The Market Scenario**

The Healthcare industry in India is rapidly evolving from a product centric industry to a product-cum-service driven sector largely driven by chronic diseases segments viz. cardiovascular, diabetes and lifestyle diseases. The Indian pharma industry has been ranked 3rd in terms of volume and 14th in terms of value, globally. The domestic formulations segment is expected to grow at 11-12%. The Government of India too has announced policy initiatives viz. increase in Budget allocation for the healthcare sector, National Health Policy 2017 and Pharma Vision 2020 which will hopefully further improve the focus and priority on healthcare in India.

Simultaneously, the Indian Pharma Industry is also facing fresh challenges. Ayushman Bharat and Jan Aushadhi Schemes have been launched with a lot of publicity by the GOI. DPCO/NPPA/FDC fresh notifications continue to be announced. All these will pose specific challenges to the Indian Pharma Industry.

### **Our Current Status**

We, as a company, continued to take initiatives to address the changing business environment. We are taking all necessary steps not only to face the market challenges but also to perform impressively under the current scenario. After satisfactorily crossing the transitional hurdles of GST and demonetization in the last two years, during the FY 2018-19 we have achieved net sales and net profit (from continuing operations) of Rs.312.70 Cr. and Rs.17.72 Cr. against Rs.287.11 Cr. and Rs.13.48 Cr. respectively during the previous year.

We took many strategic initiatives in 2018-19, derived from our in-depth pan Corporate / pan Function review, and aligned to our future strategic and growth plans. We, at Albert David, took several decisive steps to make our operations lean & integrated, further tuned our production & marketing efforts and continued our transformative efforts to address the next phase of opportunities, control our costs and increase our margins.

A few of the key initiatives taken are as follows:

- i. Strengthening our new ERP system and SOPs across functions to support sustained and robust growth
- ii. Creation of a separate division for our focused brands and restructured the marketing division
- iii. Organizational restructuring pan-India and streamlining overheads

### **The Way Forward**

India, the third largest drug manufacturer in the world by volume and largest provider of generic drugs accounting for 20% global exports, enjoys the exalted position of being the 'Pharmacy to the world'. Generic drug export has been growing at around 24% per year for the last couple of years. On the domestic front, the IPM (Indian Pharma Market) is expected to reach USD 55 bn by 2020, with the potential to reach USD 70 bn in an aggressive growth scenario. Besides, with patents worth around USD 10,500 (India estimate) expiring in the period between 2018-2022 and the GOI's exemplary stand against blind patent protection, there is ample opportunity for the industry to grow. But there are also head-winds for the Indian Pharma Industry viz. Ayushman Bharat & Jan Aushadhi Schemes of GOI, DPCO & NPPA fresh notifications, any new FDC list etc.

We are keeping an eye on the industry developments & prospects and are preparing ourselves for the same.

Few of the key areas / initiatives we are continuing to work on are:

- i. Firming up our 'mid-long term' Strategic Plan
- ii. Improving our overall operational efficiency through right identification and optimization of all resources
- iii. Identifying & tapping available market potential through an efficient, re-structured approach
- iv. Further re-alignment of our EMB operations
- v. Professionalising & strengthening our ADL Board

I, on behalf of Albert David Limited, can assure you that we are moving towards a stronger and brighter future. I am thankful to all members of our Albert David Limited family – our customers, partners, fellow employees and above all you, our shareholders, for reposing your continued faith and support.

Warm regards!

**T S Parmar**

Managing Director & CEO

The Company's Management is responsible for preparation and maintenance of secretarial and other records and for devising proper systems to ensure compliance with the provisions of applicable laws and Regulations.

Based on our verification of the books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, we hereby report that in our opinion, the Company has, during the audit period covering the financial year ended on 31<sup>st</sup> March, 2019, generally complied with the statutory provisions listed hereunder and also that the Company has proper Board processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31<sup>st</sup> March, 2019, to the extent applicable, according to the provisions of:

- i) The Companies Act, 2013 (the Act) and the rules made thereunder;
- ii) The Securities Contracts (Regulation) Act, 1956 and Rules made thereunder;
- iii) The Depositories Act, 1996 and Regulations and Bye-laws framed thereunder;
- iv) The Foreign Exchange Management Act, 1999 and the Rules and Regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct investment and External Commercial Borrowings;
- v) The Regulations and Guidelines prescribed under the Securities & Exchange Board of India Act, 1992 ("SEBI Act") or by SEBI, to the extent applicable:
  - a) The Securities & Exchange Board of India (Substantial Acquisition of Shares and Takeover) Regulations, 2011;
  - b) The Securities & Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
  - c) The Securities & Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009 and the Securities & Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018;
  - d) The Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014;
  - e) The Securities & Exchange Board of India (Issue and listing of Debt securities) Regulations, 2008;

- f) The Securities & Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993;

  - h) The Securities & Exchange Board of India (Buyback of Securities) Regulations, 2018;
  - i) The Securities & Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.
- vi) Other than fiscal, labour and environmental laws which are generally applicable to all manufacturing companies, the following laws/acts are also, inter alia, applicable to the Company:
- a) The Drugs And Cosmetics Act, 1940 and Rules made there under
  - b) The Narcotic Drugs And Psychotropic Substances Act, 1985
  - c) The Food Safety And Standards Act, 2006
  - d) The Patents Act, 1970
  - e) The Trade Marks Act, 1999

We have also examined compliance with the applicable clauses of the Secretarial Standards issued by The Institute of Company Secretaries of India.

During the period under review the Company has generally complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

We further report that:

- a) The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.
- b) Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.
- c) None of the directors in any meeting dissented on any resolution and hence there was no instance of recording any dissenting member's view in the minutes.

We further report that there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

We further report that during the audit period the shareholders of the Company have approved the appointment of Mr. T. S. Parmar as Managing Director & CEO of the Company for the period from 1<sup>st</sup> April, 2018 to 31<sup>st</sup> March, 2023.

**B. TECHNOLOGY ABSORPTION:****(i) Efforts made towards technology absorption**

The company always keeps track of the latest development in the field of technology and remains in continuous touch with foreign manufacturers/machine suppliers for updation of latest development in the pharmaceutical industry. Efforts are being made to adopt latest technology to upgrade its units for effective cost control and meet market demand.

**(a) Research & Development**

R&D Center of Albert David Ltd is located at 5/11, D. Gupta Lane, Kolkata-700050 and works in tandem with Company's vision and policy in today's highly dynamic Pharmaceutical industry environment, keeping both, national and global perspectives in mind. The R&D facility mainly consists of capabilities to work in areas of formulation & API development, process development, enhancing quality standards and troubleshooting issues etc. Emphasis is laid on expanding our product line in Placenta Extract based products and its possible combination with other potential therapeutic compounds which find synergy in action. Department of Scientific and Industrial Research (under the Ministry of Science and Technology) has recognized our R&D Center from 2013 onwards.

**(b) Specific areas in which R&D was carried out**

Our R&D designs and develops manufacturing processes from product development stage to finished product keeping pre-defined quality, which enables development of quality pharmaceutical products.

Miltefosine, an anti-leishmaniasis drug, is presented in capsule form under two strength. We are establishing comparable efficacy as per international requirement. ADL is in final stage of completing technical documents, which is required for regulatory acceptance. Product information like impurity studies, degradation studies and stability studies have already been undertaken. This product will be able to provide sustainable treatment option for leishmaniasis (PKDL, ML & CL) worldwide.

The other focused area of research and development remains human Placenta Extract research and its combination products. Application has been filed to incorporate the research findings on the bio-constituents present in Placentrex for revising the label claim to make it inclusive of these findings. This will help strengthen and expand the marketing efforts in taking it to medical professionals in more informed and evidence based manner. The collaborative research work with National Research Institutes and Universities of repute is in progress to further expand its therapeutic principles and application.

R&D works for analytical method development and method validation are based on approved project plans. Review of formulations and processes for existing formulations are undertaken for possible cost saving measures, whenever possible. Besides process trouble shooting, process improvements, quality improvements, reduction in quality complaints, improving product shelf life are routine work under our R&D.

**(ii) Benefits derived as a result of R&D**

- Improvement of product quality & enhancement of product life.
- Robust processes with productivity improvement.

### INDUSTRY STRUCTURE & DEVELOPMENTS

The Indian Pharmaceutical Sector is a heterogeneous mixture of both organized and unorganized entities. They range from large to medium and small units under multinational or domestic banner. Dealing on drugs constitutes two major inter-linked segments viz. bulk drugs and formulations. The domestic formulation market can be further classified into retail and institutional drug market. Formulation market in India, as elsewhere in the world, is dominated by large companies. There has been a rapid growth in production of bulk drugs and currently India is the third largest drug producer after China and Italy.

The Indian pharmaceutical industry is expected to expand at a CAGR of 22.40 per cent between 2015-2020 to reach USD 55 billion. India's pharmaceutical exports stood at USD 17.27 billion in the financial year 2018 and have reached USD 15.52 billion in financial year 2019 (upto January, 2019). Pharmaceutical exports include bulk drugs intermediates, drug formulations, biological, surgical and herbal products.

India's domestic pharmaceutical turnover reached Rs.1,29,015 Cr. (USD 18.12 billion) in 2018 from Rs.1,16,389 Cr. (USD 17.87 billion) in 2017.

### OUTLOOK

The growth in domestic market will be boosted by rise in consumer's spending, growing medical awareness, rapid urbanization and improvement in lifestyle pattern. Considering increasing healthcare insurance read with vertical shift in demand curve of drugs for treatment of cardiovascular, anti-diabetic, anti-depressants and anti-cancers, the outlook of Indian Pharmaceutical Industry seems positive.

### OPPORTUNITIES AND THREATS

The "Pharma Vision 2020" by the Government's department of pharmaceuticals aims at making India a major hub for end to end drug discovery. The sector has received cumulative FDI worth USD 15.93 billion between

April, 2000 and December, 2018. Under Budget 2019-2020, allocation to the Ministry of Health and Family Welfare increased by 13.1 percent to Rs.61,398 Cr. and the Indian Pharmaceutical Sector is expected to register better growth in the near future on account of growing domestic as well as export demand and continued growth in sale of generic products.

Indian Pharmaceutical Industry remains highly fragmented and highly competitive with about 300 large manufacturing units and about 18000 small units spread across the length and breadth of the country. The Indian pharma Companies are affected by price regulation by the NPPA (National Pharmaceutical Pricing Authority) which decides the various pricing parameters, sets prices of different drugs which often contribute to lower profitability for the companies.

### **RISK & CONCERN**

The Indian pharmaceutical industry faces plethora of Laws right from manufacture of drugs to marketing process. Further strengthening in applicable regulations may adversely impact the operations and business growth. Price control by National Pharmaceutical Pricing Authority and strict compliances under various other regulations including occasional ban on certain products from time to time by the Indian Government are areas of concern.

### **INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY**

The Company has set up internal control procedures commensurate with its size and nature of the business. These control mechanisms ensure optimum use and protection of the resources and compliances with the policies, procedure and statues. The internal control system provides for all defined policies, guidelines and authorizations and approval procedures. Its functioning are subject to test the adequacy and effectiveness of the internal control laid down by management and to suggest improvement.

### **HUMAN RESOURCES DEVELOPMENT AND INDUSTRIAL RELATIONS**

The company believes that the quality of its employees is the key to its success in the long run. As such the company is committed to provide necessary human resource development and training opportunities to equip them with skills enabling them to prevail technological advancements. Industrial relations during the year continued to be cordial and the company is committed to maintain good industrial relations through effective communication, meetings and negotiation.

The total strength of the employees of the company as on 31<sup>st</sup> March, 2019 stood at 1503.

### **SEGMENT-WISE PERFORMANCE**

Performance of the Company is not segmentable in business or geographical terms for reason referred to in Note No. 3.17 and 65 to the financial statement.

During the year under review, your Company achieved Net Sales of Rs.31,270.41 Lakhs and recorded a Gross Profit of Rs.3,582.92 Lakhs compared to previous year's Net Sales of Rs.28,710.87 Lakhs and Gross Profit of Rs.2,977.49 Lakhs.

### **CHANGE IN KEY FINANCIAL RATIOS**

None of the key financial ratios underwent material change (i.e. 25% or above) during the year vis-à-vis previous year. Return on Networth for the financial year 2018-19 is 9.80% vis-à-vis. 6.47% for the previous year and the change is attributable to increase in sales during the year over the previous year. Calculation of return on net worth for FY 2018-19 excludes Rs.934.76 lakhs (net of tax) towards profit from disposal of assets of discontinued operations.

### **CAUTIONARY STATEMENT**

The Management Discussion and Analysis Report may contain certain statements that might be considered forward looking. These statements are subject to certain risks and uncertainties. Actual results may differ materially from those expressed in the statement with crystallization of unforeseen predicaments in the sphere of Government policies, local, political and economic development, risk inherent to the Company and other factors.

# INDEPENDENT AUDITOR'S REPORT

TO  
THE MEMBERS OF ALBERT DAVID LIMITED

## Report on the Audit of the Financial Statements of Albert David Limited

### Opinion

We have audited the accompanying financial statements of *Albert David Limited* ("the Company"), which comprise the Balance Sheet as at 31<sup>st</sup> March 2019, the statement of profit and loss (including other comprehensive income), the statement of changes in Equity and the cash flow statement for the year on that date, and a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the financial statement").

In our opinion and to the best of information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the company as at March 31, 2019, the profit, comprehensive income, changes in equity and its cash flows for the year ended on that date.

### Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the company in accordance with the Code of Ethics issued by the Institute of the Chartered Accountants of India (ICAI) together with independence requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide the basis for our audit opinion on the financial statements.

### Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming of opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the matters described below to be the key audit matters to be communicated in our report.

Key audit matter	How our audit addressed the key audit matters
<p><b>A. Revenue Recognition</b></p> <p>Revenue for the company consists primarily of sale of products.</p> <p>Revenue from the sale of products is recognized at the moment when performance obligation of the underlying products have been completed and is measured net of discounts, incentives and rebates given to the customers.</p> <p>The estimation of discounts, incentives and rebates recognized, related to sales made during the year, is material and considered to be</p>	<p><b>Our key procedures included the following:</b></p> <p>a) Assessed the appropriateness of the company's revenue recognition accounting policies, including those relating to discounts, incentives and rebates by comparing with the applicable accounting standards;</p> <p>b) Tested the operating effectiveness of the general IT control environment and key IT application controls over recognition of revenue, calculation of discounts, incentives and rebates;</p> <p>c) Performed test of details:</p> <p>i) Agreed samples of sales, discounts, incentives</p>

Key audit matter	How our audit addressed the key audit matters
<p>complex and judgmental. Therefore, there is a risk of revenue being misstated as a result of inaccurate estimates of discounts, incentives and rebates.</p> <p>Further, the company focuses on revenue as a key performance measure. Therefore, revenue was our area of focus included whether the accruals were misstated and appropriately valued, whether rebates and discounts was recorded in the correct period and whether the significant transactions had been accurately recorded in the Statement of Profit and Loss.</p> <p>Refer corresponding note for amounts recognized as revenue from sale of products.</p>	<p>and rebates to supporting documentation and approvals; and</p> <p>ii) Obtained supporting documents for sales transactions recorded either side of year end as well as credit notes issued after the year ended to determine whether revenue was recognized in the correct period.</p> <p>d) Performed focused analytical procedures:</p> <p>i) Compared the revenue for the current year with the prior year for variance/ trend analysis and where relevant, completed further inquiries and testing to corroborate the variances by considering both internal and external benchmarks, overlaying our understanding of industry; and</p> <p>ii) Compared the discounts, incentives and rebates of the current year with the prior year for variance/ trend analysis and where relevant, completed further inquiries and testing to corroborate the variances by considering both internal and external benchmarks, overlaying our understanding of industry.</p> <p>e) Considered the appropriateness of the company's description of the accounting policy, disclosures related to revenue, discounts, incentives and rebates and whether these are adequately presented in the financial statement.</p>
<p><b>B. Litigations and claims provisions and contingent liabilities</b></p> <p>As disclosed in Notes detailing contingent liability and provision for contingencies, the company is involved in direct, indirect tax and other litigations ('litigations') that are pending with different statutory authorities.</p> <p>Whether a liability is recognized or disclosed as a contingent liability in the financial statements is inherently judgmental and dependent on a number of significant assumptions and assessments.</p> <p>The amounts involved are potentially significant and determining the amount, if any, to be recognized or disclosed in the financial statements, is inherently subjective.</p>	<p><b>Our key procedures included the following:</b></p> <ul style="list-style-type: none"> <li>• Assessed the appropriateness of the company's accounting policies, including those relating to provision and contingent liability by comparing with the applicable accounting standards;</li> <li>• Assessed the company's process for identification of the pending litigations and completeness for financial reporting and also for monitoring of significant developments in relation to such pending litigations;</li> <li>• Engaged subject matter specialists to gain an understanding of the current status of litigations and monitored changes in the disputes, if any, through discussions with the management and by reading external advice received by the company, where relevant, to establish that the provisions had been appropriately recognized or disclosed as required;</li> <li>• Assessed the company's assumptions and</li> </ul>

	<p>estimates in respect of litigations, including the liabilities or provisions recognized or contingent liabilities disclosed in the financial statements. This involved assessing the probability of an unfavorable outcome of a given proceeding and the reliability of estimates of related amounts;</p> <ul style="list-style-type: none"> <li>• Performed substantive procedures on the underlying calculations supporting the provisions recorded;</li> <li>• Assessed the management’s conclusions through understanding precedents set in similar cases; and</li> </ul> <p>Considering the appropriateness of the company’s description of the disclosures related to litigations and whether these are adequately presented in the financial statements.</p>
<p><b>C. Valuation of investments and impairment thereof</b></p> <p><b>I. Non-Current Investments in Unquoted equity instruments.</b></p> <p><b>II. Current Investments in unquoted mutual funds.</b></p> <p><b>III. Fixed Deposit with Bank.</b></p>	<p><b>Our key procedures included the following:</b></p> <p>Verified with reference to latest registered valuers report;</p> <p>Valuation report based on simple average of valuation of investee on EBIDTA concept, Revaluation concept, and Discounted cash flow concept.</p> <p>Verified with reference to duly declared NAV of the investee.</p> <p>Verified with reference to banks' confirmation and computation of interest accrued thereon.</p>
<p><b>D. Evaluation of uncertain tax provisions</b></p> <p>The Company has material uncertain tax provisions including matters under dispute which involves significant judgment to determine the possible outcome of these disputes.</p> <p>Refer Note No.44(1) of the financial statements.</p> <p><b>E. Recoverability of Indirect tax receivables</b></p> <p>As at March 31, 2019, non-current assets in respect of withholding tax and others include Customs / Excise Duty / Cenvat recoverable amounting to Rs.213.02 lakhs which are pending adjudication.</p> <p>Refer Note 21 to the Financial Statements.</p>	<p><b>Principal Audit procedures</b></p> <p>Obtained details of completed tax assessments and demands for the year ended March 31, 2019 from management. We involved our internal experts to challenge the management’s underlying assumptions in estimating the tax provision and the possible outcome of the disputes. Our internal experts also considered legal precedence and other rulings in evaluating management’s position on these uncertain tax positions. Additionally, we considered the effect of new information in respect of uncertain tax positions as at April 1, 2018 to evaluate whether any change was required to management’s position on these uncertainties.</p> <p><b>Principal Audit procedures</b></p> <p>We have involved our internal experts to review the nature of the amounts recoverable, the sustainability and the likelihood of recoverability upon final resolution.</p>

### **Information other than the Financial Statements and Auditor's Report thereon**

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Corporate Governance and Shareholder's Information, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### **Management's Responsibility for the Financial Statements**

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to preparation of these financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the companies in accordance with the Ind AS and other accounting principles generally accepted in India. The respective Board of Directors of the companies are also responsible for maintenance of the adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the companies and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error..

In preparing the financial statements, the Board of Directors of the company is responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the company's financial reporting process.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the company to express an opinion on the financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the financial statements.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### **Report on Other Legal and Regulatory Requirements**

1. As required by Section 143(3) of the Act, based on our audit we report that:
  - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid financial statements.
  - b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid financial statements have been kept so far as it appears from our examination of those books.
  - c) The Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Changes in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the financial statements.
  - d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
  - e) On the basis of written representations received from the directors as on March 31, 2019 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2019 from being appointed as a director in terms of Section 164(2) of the Act.

f) With respect to the adequacy of the internal financial controls over financial reporting of the company and the operating effectiveness of such controls, refer to our separate report in "Annexure 1". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the company's internal financial controls over financial reporting.

g) With respect to the other matters to be included in Auditor's Report in accordance with the requirements of Section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to explanations given to us, the remuneration paid by the company to its directors during the year is in accordance with the provisions of Section 197 of the Act read with Schedule-V of the Act.

h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

i. The financial statements disclose the impact of pending litigations on the financial position of the company in note no.44 of financial statements.

ii. The company has not entered into long term contracts or derivative contracts.

iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the company.

2. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure 2" a statement on the matters specified in paragraphs 3 and 4 of the Order to the extent applicable.

## Annexure-1

### REPORT ON THE INTERNAL FINANCIAL CONTROLS UNDER CLAUSE (I) OF SUB-SECTION 3 OF SECTION 143 OF THE COMPANIES ACT, 2013 ("THE ACT") REFERRED TO IN PARA V (2) (F) OF OUR REPORT OF EVEN DATE.

We have audited the internal financial controls over financial reporting of **Albert David Limited** ("the Company") as of 31<sup>st</sup> March 2019 in conjunction with our audit of IND AS financial statements of the Company for the year ended on that date.

#### Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the "Guidance Note on Audit of Internal Financial Controls over Financial Reporting" issued by the Institute of Chartered Accountants of India.

These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India.

Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness.

Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk.

The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of IND AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

#### Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of IND AS financial statements for external purposes in accordance with generally accepted accounting principles.

A company's internal financial control over financial reporting includes those policies and procedures that:

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;

- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

### **Inherent Limitations of Internal Financial Controls over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### **Opinion**

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 3<sup>1st</sup> March 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

# NOTES TO THE FINANCIAL STATEMENTS

## for the year ended 31<sup>st</sup> March, 2019

### 1. CORPORATE AND GENERAL INFORMATION

Albert David Limited (“the Company”) is a public limited company incorporated in 1938 and domiciled in India and has its listing on the BSE Limited and National Stock Exchange of India. The Company belongs to a renowned industrial house of Kolkata, the “Kothari Group”. The registered office of the Company is situated in Kolkata. The Company’s principal business is manufacturing and trading of Pharmaceutical Formulations, Infusion Solutions, Herbal Dosage Forms and Bulk Drugs by way of domestic sale or export.

The financial statements of the Company for the year ended 31<sup>st</sup> March 2019 has been approved by the Board of Director in their meeting held on 29<sup>th</sup> May 2019.

### 2. BASIS OF PREPARATION & PRESENTATION OF FINANCIAL STATEMENT

#### 2.1. Statement of Compliance

These financial statements have been prepared in accordance with the Indian Accounting Standards (“Ind AS”) as prescribed by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 (“the Act”), read with the Companies (Indian Accounting Standards) Rules, 2015 (as amended), other relevant provisions of the Act and other accounting principles generally accepted in India.

The Company has consistently applied the accounting policies used in the preparation of its financial statement from 1<sup>st</sup> April, 2016, i.e. the date of “First Time Adoption of Indian Accounting Standards” under INDAS-101.

#### 2.2. Basis of Measurement

The Company maintains accounts on accrual basis following the historical cost convention, except for followings :

- Certain Financial Assets and Liabilities are measured at Fair value/ Amortised cost (refer accounting policy regarding financial instruments);
- Derivative Financial Instruments measured at fair value;
- Defined Benefit Plans – plan assets measured at fair value.

#### 2.3. Functional and Reporting Currency

The Financial Statements are presented in Indian Rupee (INR), which is the functional currency of the Company and the currency of the primary economic environment in which the Company operates. All financial information presented in INR have been rounded off to the nearest lakhs as per the requirements of Schedule III, unless otherwise stated.

#### 2.4. Use of Estimates and Judgements

The preparation of financial statements in conformity with Ind AS requires judgements, estimates and assumptions to be made that affect the reported amount of assets and liabilities, disclosure of contingent liabilities on the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Difference between the actual results and estimates are recognized in the period in which the results are known/ materialized.

#### 2.5. Presentation of Financial Statements

The Balance Sheet and the Statement of Profit and Loss are prepared and presented in the format prescribed in the Division-II, Schedule III to the Companies Act, 2013 (“the Act”). The Statement of Cash Flows has been prepared and presented as per the requirements of Ind AS 7 “Statement of Cash flows”. The disclosure requirements with respect to items in the Balance Sheet and Statement of Profit and Loss, as prescribed

## NOTES TO THE FINANCIAL STATEMENTS (CONTD.)

in the Division-II, Schedule III to the Act, and various stipulations of Ind AS or any other act are presented by way of notes forming part of the financial statements along with the other notes required to be disclosed under the notified Accounting Standards and the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (as amended from time to time).

### 2.6. Operating Cycle for current and non-current classification

All assets and liabilities have been classified as current or non-current depending on the Company's normal operating cycle and other criteria set out in the Division-II, Schedule III of the Companies Act, 2013 and Ind AS 1. The Company has ascertained its operating cycle as twelve months for the purpose of current and non-current classification of assets and liabilities.

**An asset is classified as current when it is :**

- Expected to be realized or intended to sold or consumed in normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realized within twelve months after the reporting period; or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All the other assets are classified as non-current.

**A liability is current when :**

- It is expected to be settled in normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period; or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Company classifies all other liabilities as non-current. Deferred Tax Assets and Liabilities are classified as non-current assets and liabilities respectively.

### 2.7. Measurement of Fair Values

A number of the Company's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either :

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

## NOTES TO THE FINANCIAL STATEMENTS (CONTD.)

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the input that is significant to the fair value measurement as a whole :

- **Level 1** — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- **Level 2** — Inputs other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- **Level 3** — Inputs which are unobservable inputs for the asset or liability.

External valuers are involved for valuation of significant assets & liabilities. Involvement of external valuers is decided by the management of the company considering the requirements of Ind AS and selection criteria include market knowledge, reputation, independence and maintenance of professional standards.

### 3. ACCOUNTING POLICIES

A summary of the significant accounting policies applied in the preparation of the financial statements are as given below. These accounting policies have been applied consistently to all the periods presented in the financial statements.

#### 3.1. INVENTORIES

Inventories are valued at the lower of cost and net realizable value (NRV). Cost is measured by including, unless specifically mentioned below, cost of purchase and other costs incurred in bringing the inventories to their present location and condition. NRV is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

**Cost formulae are as follows :**

<b>Particulars</b>	<b>Cost Formula</b>
Raw Material, Consumable Stores, Spares, Packing Materials and Trading Goods	On FIFO basis.
Finished Goods & Work-in-Progress	At cost of input (on FIFO basis) plus labour and related manufacturing overhead including depreciation.
Scrap Materials	At net realizable value.

#### 3.2. CASH AND CASH EQUIVALENTS

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short term deposits with an original maturity of three months or less, which are subject to an insignificant risk of change in value.

For the purpose of the statement of cash flows, cash and cash equivalents includes cash on hand, term deposits and other short-term highly liquid investments, net of bank overdrafts/cash credit as they are considered an integral part of the Company's cash management. Bank overdrafts/cash credit are shown within short term borrowings in the Balance sheet.

#### 3.3. INCOME TAX

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses. Current and deferred tax is recognised in the statement of profit & loss, except to the extent that it relates to items recognised in other comprehensive income or directly attributable to other equity. In these cases, the tax is also recognised in other comprehensive income or in statement of change in other equity, respectively.

## NOTES TO THE FINANCIAL STATEMENTS (CONTD.)

### 3.3.1. Current Tax :

Current tax liabilities (or assets) for the current and prior periods are measured at the amount expected to be paid to (recovered from) the taxation authorities using the tax rates (and tax laws) that have been enacted or substantively enacted, at the end of the reporting period.

### 3.3.2. Deferred Tax

- Deferred Tax assets and liabilities is measured at the tax rates that are expected to apply to the period when the asset is realized or the liability is settled based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.
- Deferred tax is recognized in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes (i.e., tax base). Deferred tax is also recognized for carry forward of unused tax losses and unused tax credits.
- Deferred tax assets are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized.
- The carrying amount of deferred tax assets is reviewed at the end of each reporting period. The Company reduces the carrying amount of a deferred tax asset to the extent that it is no longer probable that sufficient taxable profit will be available to allow the benefit of part or that entire deferred tax asset to be utilized. Any such reduction is reversed to the extent that it becomes probable that sufficient taxable profit will be available.
- Deferred tax relating to items recognized outside the Statement of Profit and Loss is recognized either in other comprehensive income or in statement of change in equity. Deferred tax items are recognized in correlation to the underlying transaction either in OCI or directly in equity.
- Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Company intends to settle its current tax assets and liabilities on a net basis.

## 3.4. PROPERTY, PLANT AND EQUIPMENT

### 3.4.1. Tangible Assets

#### 3.4.1.1. Recognition and Measurement :

- Property, plant and equipment held for use in the production or/and supply of goods or services, or for administrative purposes, are stated in the balance sheet under cost model i.e., cost, less any accumulated depreciation and accumulated impairment losses (if any), except for freehold land which are carried at historical cost.
- Cost of an item of property, plant and equipment acquired comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting any trade discounts and rebates, any directly attributable costs of bringing the assets to its working condition and location for its intended use and present value of any estimated cost of dismantling and removing the item and restoring the site on which it is located. Such costs includes borrowing cost if recognition criteria are met.
- If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.
- Profit or loss arising on the disposal of property, plant and equipment are recognized in the Statement of Profit and Loss.

## NOTES TO THE FINANCIAL STATEMENTS (CONTD.)

### 3.4.1.2. Subsequent Measurement :

- Subsequent costs are included in the asset's carrying amount, only when it is probable that future economic benefits associated with the cost incurred will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced.
- Major Inspection/ Repairs/ Overhauling expenses are recognized in the carrying amount of the item of property, plant and equipment as a replacement if the recognition criteria are satisfied. Any Unamortized part of the previously recognized expenses of similar nature is derecognized.

### 3.4.1.3. Depreciation and Amortization :

- Depreciation on Property, Plant & Equipment is provided on Straight Line Method in terms of life span of assets prescribed in Schedule II of the Companies Act, 2013 or as reassessed by the Company based on the technical evaluation.
- In case the cost of part of tangible asset is significant to the total cost of the assets and useful life of that part is different from the remaining useful life of the asset, depreciation has been provided on straight line method based on internal assessment and independent technical evaluation carried out by external valuers, which the management believes that the useful lives of the component best represent the period over which it expects to use those components.
- Depreciation on additions (disposals) during the year is provided on a pro-rata basis depending on the usage period of assets since/ up to the date of installation / disposal.
- Depreciation on assets built on leasehold land, which is transferrable to the lessor on expiry of lease period, is amortized over the period of lease.
- Depreciation method, useful lives and residual values are reviewed at each financial year-end and adjusted if appropriate.

### 3.4.1.4. Disposal of Assets

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between net disposal proceeds and the carrying amount of the asset and is recognized in the statement of profit and loss.

### 3.4.1.5. Capital Work in Progress

Capital work-in-progress is stated at cost which includes expenses incurred during construction period, interest on amount borrowed for acquisition of qualifying assets and other expenses incurred in connection with project implementation in so far as such expenses relate to the period prior to the commencement of commercial production.

## 3.5. LEASES

### 3.5.1. Determining whether an arrangement contains a lease

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

### 3.5.2. Company as lessor

- **Finance Lease**

Leases which effectively transfer to the lessee substantially all the risks and benefits incidental to ownership of the leased item are classified and accounted for as finance lease. Lease rental receipts

## NOTES TO THE FINANCIAL STATEMENTS (CONTD.)

are apportioned between the finance income and capital repayment based on the implicit rate of return. Contingent rents are recognized as revenue in the period in which they are earned.

- **Operating Lease**

Leases in which the Company does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. Rental income from operating leases is recognized on a straight-line basis over the term of the relevant lease except where scheduled increase in rent compensates the Company with expected inflationary costs.

### 3.5.3. Company as lessee

- **Finance Lease**

Finance Leases, which effectively transfer to the lessee substantially all the risks and benefits incidental to ownership of the leased item, are capitalized at the lower of the fair value and present value of the minimum lease payments at the inception of the lease term and disclosed as leased assets. Lease Payments under such leases are apportioned between the finance charges and reduction of the lease liability based on the implicit rate of return. Finance charges are charged directly to the statement of profit and loss. Lease management fees, legal charges and other initial direct costs are capitalized.

If there is no reasonable certainty that the Company will obtain the ownership by the end of lease term, capitalized leased assets are depreciated over the shorter of the estimated useful life of the asset or the lease term.

- **Operating Lease**

Assets acquired on leases where a significant portion of risk and reward is retained by the lessor are classified as operating leases. Lease rental are charged to statement of profit and loss on a straight-line basis over the lease term, except where scheduled increase in rent compensates the Company with expected inflationary costs.

## 3.6. REVENUE RECOGNITION

Revenue from contracts with customers is recognized on transfer of control of promised goods or services to a customer at an amount that reflects the consideration to which the Company is expected to be entitled to in exchange for those goods or services.

Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation. The transaction price of goods sold and services rendered is net of variable consideration on account of various discounts and schemes offered by the Company as part of the contract. This variable consideration is estimated based on the expected value of outflow. Revenue (net of variable consideration) is recognized only to the extent that it is highly probable that the amount will not be subject to significant reversal when uncertainty relating to its recognition is resolved.

### 3.6.1. Other Income:

**3.6.1.1. Interest Income:** For all debt instruments measured either at amortized cost or at fair value through other comprehensive income (FVTOCI), interest income is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset. For other financial assets interest is accounted for in terms of fair rate.

**3.6.1.2. Dividend Income:** Dividend income is accounted in the period in which the right to receive the same is established.

**3.6.1.3. Other Income:** Other items of income are accounted as and when the right to receive such income arises and it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably.

## NOTES TO THE FINANCIAL STATEMENTS (CONTD.)

### 3.7. EMPLOYEE BENEFITS

#### 3.7.1. Short Term Benefits

- i) Short term employee benefit obligations are measured on an undiscounted basis and are expensed as the related services are provided. Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within twelve months after the end of the period in which the employees render the related service are recognized in respect of employees' services up to the end of the reporting period.
- ii) ESI is provided on the basis of actual liabilities accrued and paid to authority.

#### 3.7.2. Other Long Term Employee Benefits

The liabilities for earned leaves that are not expected to be settled wholly within twelve months are measured as the present value of the expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the government securities (G-Sec) at the end of the reporting period that have terms approximating to the terms of related obligation. Remeasurements as the result of experience adjustment and changes in actuarial assumptions are recognized in statement of profit and loss.

#### 3.7.3. Post Employment Benefits

The Company operates the following post employment schemes :

- **Defined Contribution Plan**

Defined contribution plans such as Provident Fund, Employee State Insurance etc. are charged to the statement of profit and loss as and when incurred and paid to Authority.

- **Defined Benefit Plans (Gratuity)**

The liability or asset recognized in the Balance Sheet in respect of defined benefit plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The Company's net obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in the current and prior periods. The defined benefit obligation is calculated annually by Actuaries using the projected unit credit method.

The liability recognized for defined benefit plans is the present value of the defined benefit obligation at the reporting date less the fair value of plan assets, together with adjustments for unrecognized actuarial gains or losses and past service costs. The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. The benefits are discounted using the government securities (G-Sec) at the end of the reporting period that have terms approximating to the terms of related obligation.

Remeasurements of the net defined benefit obligation, which comprise actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling, are recognized in other comprehensive income. Remeasurement recognized in other comprehensive income is reflected immediately in retained earnings and will not be reclassified to the statement of profit and loss.

### 3.8. GOVERNMENT GRANTS

Government grants are recognised at their fair value, where there is reasonable assurance that the grant will be received and all attached conditions will be complied with. When the grant relates to an expense item, it is recognised as income on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed.

The grant relating to the acquisition/ construction of an item of property, plant and equipment are included in

## NOTES TO THE FINANCIAL STATEMENTS (CONTD.)

non-current liabilities as deferred income and are credited to profit or loss on the same systematic basis as the respective assets are depreciated over their expected life and are presented within other operating income. Alternatively, the same can be presented by deducting the grant from the carrying amount of the asset.

### 3.9. FOREIGN CURRENCY TRANSACTIONS

- Foreign currency (other than the functional currency) transactions are translated into the functional currency using the spot rates of exchanges at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rate of exchanges at the reporting date.
- Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities are generally recognized in profit or loss in the year in which they arise except for exchange differences on foreign currency borrowings relating to assets under construction for future productive use, which are included in the cost of those qualifying assets when they are regarded as an adjustment to interest costs on those foreign currency borrowings, the balance is presented in the Statement of Profit and Loss within finance costs.
- Non monetary items are not retranslated at period end and are measured at historical cost (translated using the exchange rate at the transaction date).

### 3.10. BORROWING COSTS

- Borrowing Costs consists of interest and other costs that an entity incurs in connection with the borrowings of funds. Borrowing costs also includes foreign exchange difference to the extent regarded as an adjustment to the borrowing costs.
- Borrowing costs directly attributable to the acquisition or construction of a qualifying asset are capitalized as a part of the cost of that asset that necessarily takes a substantial period of time to complete and prepare the asset for its intended use or sale.
- Transaction costs in respect of long term borrowing are amortized over the tenure of respective loans using Effective Interest Rate (EIR) method. All other borrowing costs are recognized in the statement of profit and loss in the period in which they are incurred.

### 3.11. FINANCIAL INSTRUMENTS

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

#### 3.11.1. Financial Assets

- **Recognition and Initial Measurement :**

All financial assets are initially recognized when the company becomes a party to the contractual provisions of the instruments. A financial asset is initially measured at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

- **Classification and Subsequent Measurement :**

For purposes of subsequent measurement, financial assets are classified in four categories :

- ◆ Measured at Amortized Cost;
- ◆ Measured at Fair Value Through Other Comprehensive Income (FVTOCI);
- ◆ Measured at Fair Value Through Profit or Loss (FVTPL); and
- ◆ Equity Instruments designated at Fair Value Through Other Comprehensive Income (FVTOCI).

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

## NOTES TO THE FINANCIAL STATEMENTS (CONTD.)

- ◆ Measured at Amortized Cost: A debt instrument is measured at the amortized cost if both the following conditions are met :
  - ◆ The asset is held within a business model whose objective is achieved by both collecting contractual cash flows; and
  - ◆ The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the statement of profit or loss. The losses arising from impairment are recognised in the profit or loss. This category generally applies to trade receivables, cash and bank balances, loans and other financial assets of the company.

- ◆ Measured at FVTOCI : A debt instrument is measured at the FVTOCI if both the following conditions are met :
  - ▶ The objective of the business model is achieved by both collecting contractual cash flows and selling the financial assets; and
  - ▶ The asset's contractual cash flows represent SPPI.

Debt instruments meeting these criteria are measured initially at fair value plus transaction costs. They are subsequently measured at fair value with any gains or losses arising on remeasurement recognized in other comprehensive income, except for impairment gains or losses and foreign exchange gains or losses. Interest calculated using the effective interest method is recognized in the statement of profit and loss in investment income.

- ◆ Measured at FVTPL: FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as FVTPL. In addition, the company may elect to designate a debt instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the statement of profit and loss. Equity instruments which are, held for trading are classified as at FVTPL.
- ◆ Equity Instruments designated at FVTOCI: For equity instruments, which has not been classified as FVTPL as above, the company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable. In case the company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to P&L, even on sale of investment.

- **Derecognition:**

The Company derecognizes a financial asset on trade date only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity.

- **Impairment of Financial Assets:**

The Company assesses at each date of balance sheet whether a financial asset or a group of financial assets is impaired. Ind AS – 109 requires expected credit losses to be measured through a loss allowance. The company recognizes impairment loss for trade receivables that do not constitute a financing transaction using expected credit loss model, which involves use of a provision matrix constructed on the basis of historical credit loss experience. For all other financial assets, expected credit losses are measured at an amount equal to the 12 month expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

## NOTES TO THE FINANCIAL STATEMENTS (CONTD.)

### 3.11.2. Financial Liabilities

- **Recognition and Initial Measurement:**

Financial liabilities are classified, at initial recognition, as at fair value through profit or loss, loans and borrowings, payables or as derivatives, as appropriate. All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

- **Subsequent Measurement:**

Financial liabilities are measured subsequently at amortized cost or FVTPL. A financial liability is classified as FVTPL if it is classified as held-for-trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognized in profit or loss. Other financial liabilities are subsequently measured at amortized cost using the effective interest rate method. Interest expense and foreign exchange gains and losses are recognized in profit or loss. Any gain or loss on derecognition is also recognized in profit or loss.

- **Financial Guarantee Contracts :**

Financial guarantee contracts issued by the company are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognized initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirement of Ind AS 109 and the amount recognized less cumulative amortization.

- **Derecognition :**

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires.

### 3.11.3. Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet when there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis or realize the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the counterparty.

### 3.11.4. Derivative financial instruments:

The Company enters into derivative financial instruments viz. foreign exchange forward contracts, to manage its exposure to foreign exchange rate risks. The Company does not hold derivative financial instruments for speculative purposes.

Derivatives are initially recognised at fair value at the date the derivative contracts are entered into and are subsequently remeasured to their fair value at the end of each reporting period. The resulting gain or loss is recognised in profit or loss immediately.

### 3.12. Earnings Per Share

Basic Earnings per share (EPS) amounts are calculated by dividing the profit for the year attributable to equity holders by the weighted average number of equity shares outstanding during the year. Diluted EPS amounts are calculated by dividing the profit attributable to equity holders adjusted for the effects of potential equity shares by the weighted average number of equity shares outstanding during the year plus the weighted average number of equity shares that would be issued on conversion of all the dilutive potential equity shares into equity shares.

## NOTES TO THE FINANCIAL STATEMENTS (CONTD.)

### 3.13. Impairment of Non-Financial Assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. An asset is treated as impaired when the carrying cost of the asset exceeds its recoverable value being higher of value in use and net selling price. Value in use is computed at net present value of cash flow expected over the balance useful lives of the assets. For the purpose of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or group of assets (Cash Generating Units – CGU).

An impairment loss is recognized as an expense in the Statement of Profit and Loss in the year in which an asset is identified as impaired. The impairment loss recognized in earlier accounting period is reversed if there has been an improvement in recoverable amount.

### 3.14. Provisions, Contingent Liabilities and Contingent Assets

#### 3.14.1. Provisions

Provisions are recognized when there is a present obligation (legal or constructive) as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are determined by discounting the expected future cash flows (representing the best estimate of the expenditure required to settle the present obligation at the balance sheet date) at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognized as finance cost.

#### 3.14.2. Contingent Liabilities

Contingent liability is a possible obligation arising from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events but is not recognized because it is not possible that an outflow of resources embodying economic benefit will be required to settle the obligations or reliable estimate of the amount of the obligations cannot be made. The Company discloses the existence of contingent liabilities in Other Notes to Financial Statements.

#### 3.14.3. Contingent Assets

Contingent assets usually arise from unplanned or other unexpected events that give rise to the possibility of an inflow of economic benefits. Contingent Assets are not recognized though are disclosed, where an inflow of economic benefits is probable.

### 3.15. Intangible Assets

#### 3.15.1. Recognition and Measurement

Software which is not an integral part of related hardware is treated as intangible asset and are stated at cost on initial recognition and subsequently measured at cost less accumulated amortization and accumulated impairment loss, if any. Internally generated intangibles including research cost are not capitalized and the related expenditure is recognized in the statement of profit and loss in the period in which the expenditure is incurred. Development cost is recognized as asset when all the recognition criteria are met. However intangible assets are capitalised subject to satisfaction of basic criteria thereon i.e., identifiability, control and future economy benefit to flow concerned asset.

#### 3.15.2. Subsequent Expenditure

Subsequent costs are included in the asset's carrying amount, only when it is probable that future economic benefits associated with the cost incurred will flow to the Company and the cost of the item can be measured reliably. All other expenditure is recognized in the Statement of Profit & Loss.

## NOTES TO THE FINANCIAL STATEMENTS (CONTD.)

### 3.15.3. Amortization

- Intangible assets are amortized over a period of five years.
- The amortization period and the amortization method are reviewed at least at the end of each financial year. If the expected useful life of the assets is significantly different from previous estimates, the amortization period is changed accordingly.

### 3.15.4. Intangible Assets under Development

Intangible Assets under development is stated at cost which includes expenses incurred in connection with development of Intangible Assets in so far as such expenses relate to the period prior to the getting the assets ready for use.

### 3.16. Non-Current Assets held for sale

Non-current assets and disposal groups are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use. This condition is regarded as met only when the asset (or disposal group) is available for immediate sale in its present condition subject only to terms that are usual and customary for sales of such asset (or disposal group) and its sale is highly probable. Management must be committed to the sale, which should be expected to qualify for recognition as a completed sale within one year from the date of classification.

Non-current assets (and disposal groups) classified as held for sale are measured at the lower of their carrying amount and fair value less costs to sell. Non-current assets are not depreciated or amortised.

### 3.17. Operating Segment

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The chief operating decision maker of the Company is responsible for allocating resources and assessing performance of the operating segments and accordingly is identified as the chief operating decision maker.

The Company has identified one reportable segment "Pharmaceuticals" based on the information reviewed by the CODM.

### 3.18. Recent accounting pronouncements entailing insertion/modification of new/existing accounting standards

Ind AS 116, Lease Accounting

- a) Definition of lease (financial and operating) has undergone change pursuant to mandate of new standard negating the earlier one under Ind AS 17 (dropped) for relevant accounting treatment.
- b)
  1. Ind AS 12, Income taxes – on application of appendix C on uncertainty over income tax treatments
  2. Ind AS 23, Borrowing costs – Laying down specific borrowing cost to be considered for capitalisation
  3. Ind AS 109, Financial instruments – on treatment of prepayment features with Negative Compensation
  4. Ind AS 19, Employee benefits – Dealing with Plan Amendment, Curtailment or Settlement pertaining to defined benefit plan.

The Company is in the process of evaluating the impact of such amendments.

### 4. SIGNIFICANT JUDGEMENTS AND KEY SOURCES OF ESTIMATION IN APPLYING ACCOUNTING POLICIES

Estimates and judgements are continually evaluated. They are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Company and that are believed to be reasonable under the circumstances. Information about Significant judgments and Key sources of estimation made in applying accounting policies that have the most significant effects on the amounts recognized in the financial statements is included in the following notes :

- **Recognition of Deferred Tax Assets** : The extent to which deferred tax assets can be recognized is based on an assessment of the probability of the Company's future taxable income against which the deferred tax assets can be utilized. In addition, significant judgment is required in assessing the impact of any legal or economic limits.
- **Classification of Leases** : The Company enters into leasing arrangements for various assets. The classification of the leasing arrangement as a finance lease or operating lease is based on an assessment of several factors, including, but not limited to, transfer of ownership of leased asset at end of lease term, lessee's option to purchase and estimated certainty of exercise of such option, proportion of lease term to the asset's economic life, proportion of present value of minimum lease payments to fair value of leased asset and extent of specialized nature of the leased asset.
- **Defined Benefit Obligation (DBO)** : Employee benefit obligations are measured on the basis of actuarial assumptions which include mortality and withdrawal rates as well as assumptions concerning future developments in discount rates, medical cost trends, anticipation of future salary increases and the inflation rate. The Company considers that the assumptions used to measure its obligations are appropriate. However, any changes in these assumptions may have a material impact on the resulting calculations.
- **Provisions and Contingencies** : The assessments undertaken in recognising provisions and contingencies have been made in accordance with Indian Accounting Standards (Ind AS) 37, 'Provisions, Contingent Liabilities and Contingent Assets'. The evaluation of the likelihood of the contingent events is applied best judgment by management regarding the probability of exposure to potential loss.
- **Impairment of Financial Assets** : The Company reviews its carrying value of investments carried at amortized cost annually, or more frequently when there is indication of impairment. If recoverable amount is less than its carrying amount, the impairment loss is accounted for.
- **Allowances for Doubtful Debts** : The Company makes allowances for doubtful debts through appropriate estimations of irrecoverable amount through the assessment of impairment risk. The identification of doubtful debts requires use of judgment and estimates. Where the expectation is different from the original estimate, such difference will impact the carrying value of the trade and other receivables and doubtful debts expenses in the period in which such estimate has been changed.
- **Fair value measurement of financial Instruments** : When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the Discounted Cash Flow model. The input to these models are taken from observable markets where possible, but where this not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility.
- **Sales Return** : The Company accounts for sales returns accrual by recording an allowance for sales returns concurrent with the recognition of revenue at the time of a product sale. This allowance is based on the Company's estimate of expected sales returns. The Company deals in various products and operates in various markets. Accordingly, the estimate of sales returns is determined primarily by the Company's historical experience in the markets in which the Company operates.

a	Provident Fund	623.70	631.73
b	Employee State Insurance Scheme	37.52	39.79

#### 50.2 Defined Benefit Plan :

The following are the types of defined benefit plans

##### 50.2.1 Gratuity Plan

Every employee who has completed five years or more of service is entitled to gratuity on terms not less favourable than the provisions of the Payment of Gratuity Act, 1972. The present value of defined obligation and related current cost are measured using the Projected Unit Credit Method with actuarial valuation being carried out at Balance Sheet date.

##### 50.2.2 Provident Fund

Provident Fund (other than government administered) as per the provisions of the Employees Provident Funds and Miscellaneous Provisions Act, 1952.

##### 50.2.3 Risk Exposure

In respect of its defined benefit plans, the company is exposed to a number of risks, the most significant of which are detailed below :

<b>INTEREST RATE RISK</b>	The Defined Benefit Obligation calculation uses a discount rate based on government bonds. If bonds yield fall, the defined benefit obligation will increase.
<b>SALARY GROWTH RISK</b>	The present value of defined benefit plan liability is calculated by reference to the future salaries of plan participants. An increase in the salary of plan participants will increase the plan liabilities.
<b>DEMOGRAPHIC RISK</b>	This is the risk of variability of results due to unsystematic nature of variables that include mortality, withdrawal, disability and retirement. The effect of these variables on the defined benefit obligation is not straight forward and depends upon the combination of factors drawing weightage from salary increase, discount rate and vesting criteria.

The Gratuity Scheme is invested in a Group Gratuity policy offered by Life Insurance Corporation of India. The information on the allocation of the fund into major asset classes and expected return on each major class are not readily available. The expected rate of return on plan assets is based on market expectations, at the beginning of the period, for returns over the entire life of the related obligation.

### 50.2.9 Asset-Liability Matching Strategy

The company investments are being managed by Life Insurance Company and at the year end interest is being credited to the fund value. The company has not changed the process used to manage its risk from previous periods. The Company's investments are fully secured and would be sufficient to cover its obligations.

Withdrawal Rate	4.00%	4.00%

**50.2.11** The estimates of future salary increases, considered in actuarial valuation, take account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

## NOTES TO THE FINANCIAL STATEMENTS (CONTD.)

- 50.2.12** At 31<sup>st</sup> March 2019, the weighted average duration of the defined benefit obligation was 5.49 years (previous year 5.2). The distribution of the timing of benefits payment i.e., the maturity analysis of the benefit payments is as follows :

(Rs. in Lakhs)	
Expected benefits payment for the year ending on	Gratuity
31 <sup>st</sup> March 2020	731.10
31 <sup>st</sup> March 2021	265.76
31 <sup>st</sup> March 2022	288.35
31 <sup>st</sup> March 2023	269.51
31 <sup>st</sup> March 2024	320.77
31 <sup>st</sup> March 2025 to 31 <sup>st</sup> March 2029	2061.49

- 50.2.13** The Company expects to contribute Rs.184.57 Lacs (previous year Rs.845.52 Lacs) to its gratuity fund in 2019-20.

**50.2.14 Sensitivity Analysis**

The sensitivity analyses below have been determined based on a method that extrapolates the impact on defined benefit obligation as a result of reasonable changes in key assumptions occurring at the end of the reporting period. Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation by the amounts shown below :

Particulars	(Rs. in Lakhs)	
	Gratuity	
	2018-19	2017-18
Effect on DBO due to 1% increase in Discount Rate	(213.86)	(207.88)
Effect on DBO due to 1% decrease in Discount Rate	241.01	234.34
Effect on DBO due to 1% increase in Salary Escalation Rate	231.10	224.87
Effect on DBO due to 1% decrease in Salary Escalation Rate	(209.90)	(205.96)

Although the analysis does not take account of the full distribution of cash flows expected under the plan, it does provide an approximation of the sensitivity of the assumptions shown.

## NOTES TO THE FINANCIAL STATEMENTS (CONTD.)

### 55.2 Fair Valuation Technique

Investments in mutual funds are measured using quoted market prices at the reporting date multiplied by the quantity held.

The fair value of derivative financial instruments is determined based on observable market inputs including currency spot and forward rates, yield curves, currency volatility etc. These derivatives are estimated by using the pricing models, where the inputs to those models are based on readily observable market parameters, contractual terms, period to maturity, maturity parameters and foreign exchange rates. These models do not contain a high level of subjectivity as the valuation techniques used do not require significant judgement, and inputs thereto are readily observable from market rates. The said valuation has been carried out by the counter party with whom the contract has been entered with and management has evaluated the credit and non-performance risks associated with the counterparties and believes them to be insignificant and not requiring any credit adjustments.

#### Fair value of non-current investment in equity instrument :

- (a) The company's investment in Bharat Fritz Werner Limited worth Rs.1674.55 lacs originally were subjected to fair valuation by an external valuer for 31/03/2019 which worked out to Rs.1927.09 lacs *ipso facto* entailing the difference for accountal under other comprehensive income - net of deferred tax applicable thereon.
- (b) The key assumptions of arriving at fair value remains by way of as on date discounting of future cash flow over a period of three projected years of the investee remain on the assumption of weighted average cost of capital at assumed rate of 13.95% and terminal growth rate of 3% beyond projection period.

**55.3** During the year ended March 31, 2019 and March 31, 2018, there were no transfers between Level 1 and Level 2 fair value measurements, and no transfer into and out of Level 3 fair value measurements.

### 55.4 Explanation to the fair value hierarchy

The Company measures financial instruments, such as, quoted investments at fair value at each reporting date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole :

**55.4.1 Level 1** Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments, traded bonds and mutual funds that have quoted price. The fair value of all equity instruments (including bonds) which are traded in the stock exchanges is valued using the closing price as at the reporting period. The mutual funds are valued using the closing NAV.

**55.4.2 Level 2** The fair value of financial instruments that are not traded in an active market (for example, traded bonds, over-the-counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

**55.4.3 Level 3** If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities, contingent consideration included in level 3.

### 56 FINANCIAL RISK MANAGEMENT : OBJECTIVE AND POLICIES

Financial management of the Company has been receiving attention of the top management of the Company. The management considers finance as the lifeline of the business and therefore, financial management is carried out meticulously on the basis of detailed management information systems and reports at periodical intervals extending from daily reports to long-term plans. Importance is laid on liquidity and working capital management with a view to reduce over-dependence on borrowings and reduction in interest cost. Various kinds of financial risks and their mitigation plans are as follows:

## NOTES TO THE FINANCIAL STATEMENTS (CONTD.)

### 56.1 Credit Risk

The credit risk is the risk of financial loss arising from counter party failing to discharge an obligation. The credit risk is controlled by analysing credit limits and credit worthiness of customers on continuous basis to whom the credit has been granted, obtaining necessary approvals for credit and taking security deposits from trade channels.

#### a. Provision for expected credit losses

The Company measures Expected Credit Loss (ECL) for financial instruments based on historical trend, industry practices and business environment in which the Company operates.

For financial assets, a credit loss is the present value of the difference between :

- (a) the contractual cash flows that are due to an entity under the contract; and
- (b) the cash flows the entity expects to receive.

The Company recognises in profit or loss, the amount of expected Credit Losses (or reversal) that is required to adjust the loss allowance at the reporting date in accordance with Ind AS 109.

In determination of allowances for credit losses on trade receivables, the Company has used a practical expedience by computing the expected credit losses based on ageing matrix, which has taken into account historical credit loss experience and adjusted for forward looking information.

#### b. The movement of Trade Receivables and Expected Credit Loss are as follows :

(Rs. in Lakhs)

Particulars	As at 31 <sup>st</sup> March, 2019	As at 31 <sup>st</sup> March, 2018
Gross carrying amount	2269.49	2744.41

Changes in loss allowance	(25.95)
Loss allowance on 31 March 2018	12.84
Changes in loss allowance	1.41
Loss allowance on 31 March 2019	14.25

### 56.2 Liquidity Risk

The Company determines its liquidity requirement in the short, medium and long term. This is done by drawings up cash forecast for short term and long term needs.

The Company manage its liquidity risk in a manner so as to meet its normal financial obligations without any significant delay or stress. Such risk is managed through ensuring operational cash flow while at the same time maintaining adequate cash and cash equivalent position. The management has arranged for diversified funding sources and adopted a policy of managing assets with liquidity monitoring future cash flow and liquidity on a regular basis. Surplus funds not immediately required are invested in certain mutual funds and fixed deposit which provide flexibility to liquidate. Besides, it generally has certain undrawn credit facilities which can be assessed as and when required; such credit facilities are reviewed at regular basis.

c The amounts are gross and undiscounted, and include contractual interest payments and exclude the impact of netting agreements (if any). The interest payments on variable interest rate loans in the tables above reflect market forward interest rates at the respective reporting dates and these amounts may change as market interest rates change. The future cash flows on derivative instruments may be different from the amount in the above tables as exchange rates change. Except for these financial liabilities, it is not expected that cash flows included in the maturity analysis could occur significantly earlier, or at significantly different amounts. When the amount payable is not fixed, the amount disclosed has been determined with reference to conditions existing at the reporting date.

### 56.3 Market Risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three type of risks: Foreign Exchange Risk, Interest Rate Risk and Other Price Risk.

#### 56.3.1 Foreign Exchange Risk

Foreign Exchange Risk is the exposure of the Company to the potential impact of movements in foreign exchange rates. The Company imports various raw materials viz. chemicals, drugs, API, packing materials viz. granules, items of stores and spares and capital goods as per its requirements from time to time and also borrows funds in foreign currencies. This results in foreign currency risk to the Company. Similarly, company's exports are also exposed to foreign currency risks.

## NOTES TO THE FINANCIAL STATEMENTS (CONTD.)

For the Foreign Exchange exposures risk management, the Company's Policy is to adopt a flexible approach in hedging its risk. For this, the Company from time to time takes the view from banks and foreign exchange experts and based upon the same and also considering macro-economic factors, forms a view and whenever deemed necessary, hedges its foreign exchange risk. The hedging strategies are taken after careful study/analysis of foreign exchange market to minimize to the extent possible, any effect of the fluctuation in foreign exchange rates.

### a Exposure to currency risk

The Company's exposure to foreign currency risk at the end of the reporting period expressed in INR, are as follows :

(Rs. in Lakhs)

Particulars	31 <sup>st</sup> March 2019		31 <sup>st</sup> March 2018

### 56.3.2 Interest Rate Risk

The Company is exposed to risk due to interest rate fluctuation on long term borrowings. Such borrowings are based on fixed as well as floating interest rate. Interest rate risk is determined by current market interest rates, projected debt servicing capability and view on future interest rate. Such interest rate risk is actively evaluated and is managed through portfolio diversification and exercise of prepayment/ refinancing options where considered necessary.

The Company is also exposed to interest rate risk on surplus funds parked in fixed deposits and interest bearing investments. To manage such risks, such investments are done mainly for short durations, in line with the expected business requirements for such funds if any.

### 56.3.3 Other Price Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market rates. The Company do not have any long-term debt obligations. Moreover, the short-term borrowings of the Company do not have a significant fair value or cash flow interest rate risk due to their short tenure.

However, the Company is also exposed to interest rate risk on surplus funds parked in mutual funds (debt oriented) measured at fair value through profit or loss.

### 56.3.4 Other Price Risk

The Company is exposed to equity price risk, which arises from mutual fund (equity oriented) measured at fair value through profit or loss. In order to deploy the surplus funds, necessary planning is done by the Finance & Accounts Department after considering the fund planning of subsequent months and overall fund position. Various investments options are evaluated within the investment options allowed by the Board to arrive at proper decision.

The Investment so made are reviewed every fortnight. To spread the concentration of funds as well as risks, investments in Mutual Funds are scattered and utmost care and vigilance is undertaken before deployment of funds for investment purpose to ensure credit worthiness of the investment and availability of such surplus invested funds to meet any unforeseen situation that may arise.

On 28<sup>th</sup> March, 2018, the Ministry of Corporate Affairs (MCA) has notified Ind AS 115 - Revenue from Contracts with Customers and certain amendment to existing Ind AS. These amendments shall be applicable to the Company from 1<sup>st</sup> April 2018

#### a) Ind AS 115-Revenue from Contracts with Customers (new)

Ind AS 115 supercedes Ind AS 11, Construction Contracts and Ind AS 18, Revenue. Ind AS 115 requires an entity to report information regarding nature, amount, timing and uncertainty of revenue and cash flows arising from contract with customers. The principle of Ind AS 115 is that an entity should recognise revenue that demonstrates the transfer of promised goods and services to the customers at an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods and services.

#### b) Ind AS 12 - Income Taxes (amendment) - Consideration of restrictive tax laws in sources of taxable profit and corresponding reversal of deductible temporary differences.

#### c) Ind AS 21 - The Effects of Changes in Foreign Exchange Rates (amendment) – on application of newly inserted appendix-B pertaining to foreign currency in connection of non monetary assets / liabilities.

The impact of the above new standards/amendments did not have material impact on the financial statements.

### 64. Effective April 1, 2018, the Company has adopted Ind AS 115 - Revenue from Contracts with Customers, using the cumulative effect method and the comparative information is not restated. The adoption of the standard did not have any material impact on the financial statements of the Company.

#### A. Revenue from contracts with customers disaggregated based on primary geographical markets, major products, type of sales and type of customers:
