IMPORTANT NOTES:

1. The Explanatory Statement pursuant to Section 102 of the Companies Act, 2013 ("the Act") setting out material facts concerning the business under Item Nos. 4 to 6 of the accompanying Notice is annexed hereto. The Board of Directors of the Company at its meeting held on 19th May, 2025 considered that the special business under Item Nos. 4 to 6 being considered unavoidable, be transacted at the 36th AGM of the Company.
2. General instructions for accessing and participating in the 36th AGM through VC/OAVM Facility and voting through electronic means including remote e-Voting:
 - a. Pursuant to General Circulars issued by the Ministry of Corporate Affairs (MCA) and Securities and Exchange Board of India (SEBI) from time to time and in compliance with the provisions of the Act and the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("Listing Regulations"), the 36th AGM of the Company is being conducted through VC/OAVM Facility, which does not require physical presence of members at a common venue. The deemed venue for the 36th AGM shall be the registered office of the Company situated at Plot No. 54D, Kandivli Industrial Estate, Kandivli (West), Mumbai – 400 067.
 - b. In terms of the circulars issued by MCA since the physical attendance of Members has been dispensed with, there is no requirement of appointment of proxies. Accordingly, the facility of appointment of proxies by Members under Section 105 of the Act will not be available for the 36th AGM. However, in pursuance of Section 112 and Section 113 of the Act, representatives of the Members may be appointed for the purpose of voting through remote e-Voting and for participation in the 36th AGM through VC/OAVM Facility and e-Voting.
 - c. The Members can join the AGM in the VC/OAVM mode between 30 minutes before and 15 minutes after the scheduled time of the commencement of the Meeting by following the procedure mentioned in the Notice. The facility of participation at the AGM through VC/OAVM will be made available for 1000 members on first come first serve basis. This will not include large shareholders (shareholders holding 2% or more shareholding), Promoters, Institutional Investors, Directors, Key Managerial Personnel, the Chairpersons of the Audit Committee, Nomination and Remuneration Committee, Stakeholders Relationship Committee and Auditors etc. who are allowed to attend the AGM without restriction of first come first serve basis.
 - d. Since the AGM will be held through VC/OAVM Facility, the Route Map of the AGM venue, proxy form and attendance slip is not annexed in this Notice.
 - e. Pursuant to the provisions of Section 108 of the Companies Act, 2013 read with Rule 20 of the Companies (Management and Administration) Rules, 2014 (as amended) and Regulation 44 of SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015 (as amended), and the Circulars issued by the Ministry of Corporate Affairs from time to time, the Company is providing facility of remote e-Voting to its Members in respect of the business to be transacted at the AGM. For this purpose, the Company has entered into an agreement with National Securities Depository Limited (NSDL) for facilitating voting through electronic means, as the authorized agency. The facility of casting votes by a member using remote e-Voting system as well as voting on the date of the AGM will be provided by NSDL.
 - f. In line with the circulars issued by MCA and SEBI, the Notice of the 36th AGM will be available on the website of the Company at www.resonancesl.com and on the website of BSE Limited at www.bseindia.com and also on the website of NSDL at www.evoting.nsdl.com.
 - g. Attendance of the Members participating in the 36th AGM through VC/OAVM Facility shall be counted for the purpose of reckoning the quorum under Section 103 of the Act.
 - h. The Register of Directors and Key Managerial Personnel and their shareholding, maintained under Section 170 of the Act, and the Register of Contracts or Arrangements in which the directors are interested, maintained under Section 189 of the Act, will be available electronically for inspection on the website of the Company by the members during the AGM. All documents referred to in the Notice will also be available for electronic inspection without any fee by the members from the date of circulation of this Notice up to the date of AGM. Members seeking to inspect such documents can send an email to investors@resonancesl.com.
 - i. Members of the Company under the category of Institutional Investors are encouraged to attend and vote at the AGM through VC. Corporate members intending to authorize their representatives to participate and vote at the meeting are requested to send a certified copy of the Board resolution / authorization letter to the Company or upload on the VC portal / e-voting portal.
 - j. Pursuant to the provisions of Section 108 of the Act read with Rule 20 of the Companies (Management and

Administration) Rules, 2014 (as amended), Secretarial Standard on General Meetings (SS-2) issued by the Institute of Company Secretaries of India (“ICSI”) and Regulation 44 of Listing Regulations read with circulars issued by MCA and SEBI in this regard, the Company is providing remote e-Voting facility to its Members in respect of the business to be transacted at the 36th AGM and facility for those Members participating in the 36th AGM to cast vote through e-Voting system during the 36th AGM.

- k. AGM has been convened through VC/OAVM in compliance with applicable provisions of the Companies Act, 2013 read with circulars issued by MCA and SEBI from time to time.
3. The Instructions for Members for Remote E-Voting and joining General Meeting are as under:-
 - a. MANAGEMENT DISCUSSION AND ANALYSIS

Financial Performance and Operations Review

Sales and other income for the financial year under report amounted to ₹ 7,878.69 lacs as compared with ₹ 5,623.43 lacs for the previous year, an increase of 40.10 %.

The operations of the Company have resulted in a net profit of ₹ 656.62 lacs as compared to a net profit of ₹ 296.84 lacs in the previous financial year, a increase of 121.20%.

The Financial performance of the Company during the financial year has improved mainly due to higher sales of Di Picolinic Acid, Zinc Picolinate, 2,6 Lutidine, Pyrazinamide and Isoniazid as compared to its sales in the preceding financial years. Your Company has also increased its exports business by exploring to newer markets geographically. Increase in sales of Pyrazinamide and Isoniazid is mainly due to government tenders received by our customers.

The erratic supply of imported raw material of another major product impacted its production and sales. Otherwise, the business growth and profitability of the Company would have been even better.

INTRODUCTION

Your Company is into the business of manufacturing and marketing of pyridine and pyridine derivatives, picolines and some bulk drugs. The major income derived by your Company is from manufacturing and marketing of Pyridine, Collidines and their derivatives.

The world market of Pyridine, Collidines and their derivatives and other dependent products / sub-market is valued around USD 600 millions and is growing at a CAGR of about 5%. Pyridine is segmented by types such as Pyridine, Beta picoline, Alpha picoline, Gamma picoline. Pyridine is used in several applications such as agrochemicals, Pharmaceuticals, latexes, food and allied industries. Pyridine is also used in different applications such as a solvent and as a denaturant for alcohol antifreezyl mixture, ethyl alcohol and fungicides. Pyridine is also used to manufacture vitamins, medicines, food flavouring, dyes, adhesives, pesticides, herbicides, etc. Nearly half of pyridines produced is used to produce pesticides and herbicides. The increasing usage of Pyridine in these applications is expected to drive the market for pyridine and pyridine derivatives.

The Asia-Pacific region is anticipated to be the largest market for the pyridine derivatives because of the significant share of the region in agrochemicals and pharmaceuticals market where these products are used extensively.

BUSINESS STRATEGY

The Company's business module is export oriented, although the Company has many local valued customers. Our core business strategy is our positioning as an integrated Product Development Company focusing on Pyridine, Collidines and its derivatives. Resonance has proven capabilities in integrated product development. The Company has, in many of its products, successfully researched test batches at the laboratory, at pilot plant and finally at commercial scales at its manufacturing facility. Company's knowledge of organic chemistry and expertise in catalysis are key strengths that have stood by the Company through time. The Company also achieved successful results from R&D in plant processes in terms of better yields and resulting cost reduction.

The Company has a strong and established business relationship with its clients across Pharmaceuticals, Agrochemicals and Specialty Ingredients industries. The Company's manufacturing facility continue to adhere to cGMP and is ISO 9000:2015 certified.

The Company's products are also Kosher, Halal and FSSC certified.

MANUFACTURING

The Company has been continuously working on its products and has achieved higher yields than in the past in many key products which played a crucial role in maintaining Company's business competitiveness by keeping material cost under control inspite of spiraling inflationary trends in the economy. The Company has also successfully reduced time cycles of larger columns by in-house methods and capabilities in many key products.

Your Company's manufacturing facility has taken a huge EHS improvement drive in the recent past and has since successfully become a zero liquid discharging unit.

RESEARCH & DEVELOPMENT

The Company takes pride in innovation and excellence covering the different plant processes for reaction and distillation. The Company's in-house R&D Center is continuously working in the field of catalysis for fluidized bed and fixed bed catalytic reactions.

The Company's R&D Center at Tarapur is recognized by Department of Scientific and Industrial Research, Government of India. The Company is undertaking major projects to

develop alternate and efficient process for making pyridine based products.

KEY FINANCIAL RATIOS

	Financial Ratios	March 31, 2025	March 31, 2024
1.	Debtors Turnover Ratio	4.36	4.31
2.	Inventory Turnover Ratio	2.23	1.78
3.	Interest Coverage Ratio	35.60	17.90
4.	Current Ratio	6.76	4.32

7.	Net Profit Margin (%)	11.16%	5.35%
8.	Return on Net Worth (%)	13.12%	5.51%

Due to higher sales, income and improved margins, the financial ratios have improved, vis-à-vis, previous financial year.

OPPORTUNITIES, THREATS, RISK AND CONCERNS

Vision: To be recognized as domestic and internationally integrated specialty chemicals Company through Innovation, Quality and Competence.

Strength of RSL: The strength of RSL will always be its quality commitment to all its renowned customers and competitive prices as compared to market trend, audit clearances, quality documents, updated certification and having our own backward integration process which very few companies in India have.

Opportunities for RSL: RSL is in the process of adding many intermediates in its product list. RSL is also reaching out to its end users in many major countries with its product range after knowing the end application thoroughly.

Weakness and Threats to RSL: Lack of some raw crude from the global supply chain has hindered volumes of some of the products in the financial year under report. Ban/restriction on use of Pyridine in many countries is also a cause of concern.

HUMAN RESOURCE MANAGEMENT

At Resonance, we believe that our success is the end results of the achievement of our team. The Company's performance metrics are clearly defined and for real achievers the Company offers an accelerated career growth unhindered by any hierarchy. Resonance offers a merit led environment where talent is respected and achievements are rewarded. Our management structure allows genuine appreciation of good work and the Company believes in delegating responsibilities.

We continuously empower our team members to better themselves and offer clear career paths for advancement. The Company takes extreme pride in its greatest resource and asset - the employees. Our constant endeavors have been towards encouraging a culture of employee recognition and motivation and we are able to achieve this through well designed policies and processes like rewards and recognition and other various employee benefit schemes. We ensure that there is full adherence to the code of business conduct and fair business practices by all our employees.

All safety and protective apparels are provided to the employees working in our manufacturing set-up. Regular safety training is also provided to all employees. External professional experts were hired to work with managers to create easy-to understand safety procedures, protocols and training.

INTERNAL CONTROL SYSTEMS AND RISK MANAGEMENT STRATEGY

The Company has an adequate internal control system including suitable monitoring procedures commensurate with its size and the nature of the business. The internal control systems provide for all documented policies, guidelines, authorisation and approval procedures. The statutory auditors while conducting the statutory audit, review and evaluate the internal controls and their observations are discussed with the Audit Committee of the Board.

CAUTIONARY STATEMENT

The statements in the Management Discussion and Analysis Report describing the Company's objectives, projections, estimates, expectations may be 'Forward looking statements' within the meaning of the applicable laws and regulations. Actual results could differ materially from those expressed or implied. - Parameter fine tuning on newly modified catalyst to obtain optimized reaction output.
- Optimization in down streaming process of ammoxidation reaction.

- II. Benefits derived as a result of above.

- Modified catalyst has resulted into increase in yield efficiency and quality of reaction output crude of lutidine & collidine based reactions.
- Better quality crude results into improved isolation of pure products.
- Optimized reaction parameters have resulted into increase in throughput without compromising yield efficiencies both for lutidine and collidine thereby reducing time cycle of overall reaction process.
- Optimization in ammoxidation distillation operation has resulted into lesser residue generation.

- III. Future Plan of Action.

- Utilization of fluid bed & fixed bed reactors by carrying out new products via catalytic reactions using the same technology.
- Optimization in down streaming operations of existing products to decrease time cycle and increase overall recovery of pure products from crude.

- (k) Hazardous Wastes (Management, Handling and Transboundary Movement) Rules, 2016; and

(vii) We have relied on the representation made by the Company, its Officers and on the reports given by designated professionals for systems and processes formed by the Company to monitor and ensure compliances under other applicable Acts, Laws and Regulations to the Company.

We have also examined compliance with the applicable clauses of the following:

- (i) Secretarial Standards issued by The Institute of Company Secretaries of India with respect to board and general meetings.
- (ii) The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 and amendments made thereunder, ('Listing Regulations').

During the audit period of the Company, no specific event/action having a major bearing on the Company's affairs in pursuance of the above-referred laws, rules, regulations, guidelines, standards, etc., came to light, except the clarification provided by the Company in response to the email dated April 16, 2024 bearing Ref No.: L/SURV/ONL/PV/KS/2024-2025/4166 from the BSE Limited, regarding significant movement in the price of the Company's securities. In this regard, the Company clarified that there were no material information(s) or material event(s) requiring disclosure under Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, that could have had a bearing on the price movement. The Company also confirmed that it has been regularly disseminating all relevant information and disclosures as and when required, in compliance with the said Regulations.

We further report that:

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice was given to all directors to schedule the Board Meetings. Agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting for meaningful participation at the meeting.

All decisions at the Board Meetings and Committee Meetings were taken unanimously as recorded in the minutes of the meetings of the Board of Directors or Committees of the Board, as the case may be.

We further report that there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines etc.

We further report that during the Audit period of the Company no specific event/action having a major bearing on the Company's Affairs in pursuance of the above referred Laws, Rules, Regulations, Guidelines, Standards etc. referred to above, except as provided in the report.

INDEPENDENT AUDITOR'S REPORT

To
**The Members of
 Resonance Specialties Limited**

Report on Ind AS Financial Statements

Opinion

We have audited the accompanying Ind AS financial statements of Resonance Specialties Limited (the "Company"), which comprise of the Balance Sheet as at March 31, 2025, the Statement of Profit and Loss, the Statement of Changes in Equity and Statement of Cash Flows for the year then ended, and a summary of material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under the Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, the profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis of Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing ("SA"s) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

1. Inventory Valuation (Finished Goods): 4CNP, Pyrazinamide, 2,6-L, 2,6-DPA-3P, 2,4,6-Collidine and chemical based inventory forms a significant part of the Company's inventory of which prices are fluctuating in nature and also depends on prices, decisions and conditions of other countries. Inventories are valued at lower of cost and net realisable value.	Auditor's Response Our audit procedures over inventory valuation included the following: Testing the design, implementation and operating effectiveness of key internal financial controls, including controls over valuation of inventory. Testing on a sample basis the accuracy of cost for inventory by verifying the actual manufacturing cost component wise. Testing the net realizable value by comparing actual cost with most recent selling price.
2. Evaluation of Contingent Liabilities (Refer note 45 – "Contingent Liabilities") There are a number of material regulatory and tax cases against the Company. Significant judgement is required in estimating / reassessing the level of provisioning and/ or disclosures. The management's assessment is supported by advice from independent legal/ tax consultants. We considered this as a Key Audit Matter as the eventual outcome of litigations is uncertain and the positions taken by the Management are based on the application of significant judgement and estimation. Any unexpected adverse outcomes could significantly impact the Company's results and financial position.	Auditors Response Our procedures included, Discussing with the management and tax and regulatory department heads to understand matters under litigation; Reading external legal opinions obtained by management, where available; Assessing management's conclusions; For Direct tax litigations, involving internal tax experts to understand the current status of tax cases and monitoring changes in the disputes by reading details received by the Company; Performing detailed procedures on the underlying calculations supporting the provisions recorded and ensuring adequacy of disclosures made. Based on the above procedures performed, we have not identified any significant exceptions relating to disclosure of contingent liabilities and accounting for provisions for litigations.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

(When we read the Annual Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance)

Responsibility of Management for the Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Ind AS Financial Statements that give a true and fair view of the financial position, profit (including other comprehensive income), changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act, read with Rule 4 of the Companies (Ind AS) Rules, 2015. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3) (i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has internal financial controls with reference to Financial Statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the Ind AS financial statements, including the disclosures, and whether the Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on other Legal and Regulatory Requirements

As required by 'the Companies (Auditor's Report) Order, 2020' ("the order"), issued by the Central Government of India in terms of sub-section (11) of [Section 143 of Companies Act, 2013](#), we give in the Annexure– A, a statement on the matters specified in paragraphs 3 and 4 of the Order to the extent applicable.

As required by section 143(3) of the Act, we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;

- b) In our opinion proper books of account as required by law have been kept by the company, so far as appears from our examination of those books;
- c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flow and the Statement of Changes in Equity dealt with by this Report are in agreement with the books of account;
- d) In our opinion, the aforesaid Ind AS financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act.
- e) On the Basis of written representations received from the Directors as on 31st March, 2025 and taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2025, from being appointed as a Directors in terms of section 164(2) of the Act;
- f) With respect to the adequacy of the internal financial controls over financial reporting of the company and the operating effectiveness of such controls, refer to our separate report in Annexure B.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
- h) With respect to the other matters to be included in the Auditor's Report and to our best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its Ind AS financial statements in Note No. 45
 - ii. The Company did not have any long-term contracts including derivatives contracts for which there were any material foreseeable losses.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
 - iv. a) The Company has represented that no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the company to or in

any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries other than those disclosed in the notes to accounts.

- b) The Company has represented that no funds have been received by the company from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries other than those disclosed in the notes to accounts.

Annexure –B**ANNEXURE TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON FINANCIAL STATEMENTS OF RESONANCE SPECIALTIES LIMITED**

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting RESONANCE SPECIALTIES LIMITED ("the Company") as of March 31, 2025 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India".

These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company, has in all other material respects has, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Note: 1**Accompanying notes to financial statements for the year ended March 31, 2025****1.1 CORPORATE INFORMATION:**

Resonance Specialties Limited (Company) is incorporated under the companies Act 1956, and is listed with Bombay Stock Exchange, the main activity of company is manufacturing of Pyridine, Picoline, Cynopyridine and derivatives of the same. Bulks drugs and nutritional products are toll converted. In view of multi products manufacturing and frictional distillation in batches, overall average product cycle is around 2 to 4 months from the procurement till the disposal.

1.2 BASIS OF PREPARATION:**Compliance with Ind-AS:**

The Financial Statements of the Company have been prepared in accordance with the Indian Accounting Standards (Ind AS) notified by the Ministry of Corporate Affairs under the Companies (Indian Accounting Standards) Rules, 2015 as amended by the Companies (Indian Accounting Standards) (Amendment) Rules, 2016.

The financial statements have been prepared on a historical cost basis, except for the following assets and liabilities which have been measured at fair value:

- a) Certain financial assets and liabilities measured at fair value.
- b) Defined benefit plans - plan assets measured at fair value

The Financial Statements are presented in Indian Rupees (INR) which is the functional currency for the company. All amounts have been rounded-off to the nearest rupee, unless otherwise indicated.

Note: 2**2.1 SIGNIFICANT ACCOUNTING POLICIES:**

The following are the significant accounting policies applied by the Company in preparing its financial statements:

a) Property, Plant and Equipment:

- Property, plant and equipment are stated at cost less accumulated depreciation and impairment losses, if any. Historical cost

includes expenditure that is directly attributable to the acquisition of the item.

- Leasehold Land are a part of property, plant and equipment, such arrangements result in transfer of control and the present value of the lease payments is likely to represent substantially all of the fair value of the land.
- Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the company and the cost of item can be measured reliably.
- The gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in the Statement of Profit and Loss on the date of disposal or retirement.
- Capital Work in Progress: Assets under installation/commissioning are shown under the head Capital Work –in Progress.
- Depreciation on the property, plant and equipment is provided on the straight line value basis over the useful life of assets as specified in Schedule II to the Companies Act, 2013. Property, plant and equipment which are added / disposed off during the year, depreciation is provided on pro-rata basis with reference to the month of addition/deletion.

b) Intangible Assets

Intangible assets are stated at cost less accumulated amortization and impairment. Intangible assets are amortized over their respective individual estimated useful lives on a straight line value basis, from the date that they are available for use. The estimated useful life of an identifiable intangible asset is based on a number of factors including the effects of obsolescence, demand, competition, and other economic factors (such as the stability of the industry, and known technological advances), and the level of maintenance expenditures required to obtain the expected future cash flows from the asset. Amortization methods and useful lives are reviewed periodically including at each financial year end.

c) Current and Non-Current Classification:

The Company presents assets and liabilities in the balance sheet based on Current/Non-current classification.

An asset is classified as current when it is:

- Expected to be realized or intended to sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realized within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.
- All other assets are classified as non-current.

A liability is classified as current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period
- All other liabilities are classified as non-current.

The operating cycle is the time between the acquisition of assets for processing and their realization in cash or cash equivalents. Deferred tax Assets and Liabilities are classified as Non-Current Assets and Liabilities.

d) Cash and cash equivalents:

For the purpose of presentation in statement of cash flows, cash and cash equivalents includes cash on hand, deposit held at call with financial institution, other short term, highly liquid investments with original maturities of 3 months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdraft. Fixed Deposit in the form of

margin money for Letter of Credit and Guarantee are classified as other bank balances.

e) Financial Instruments:

Financial Assets:

➤ **Initial recognition and measurement**

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

Financial assets are classified, at initial recognition, as financial assets measured at fair value or as financial assets measured at amortised cost.

➤ **Subsequent Measurement**

For purposes of subsequent measurement financial assets are classified in two broad categories:

Financial assets at fair value

Financial assets at amortised cost.

Where assets are measured at fair value, gains and losses are either recognised entirely in the statement of profit and loss (i.e. fair value through profit or loss), or recognised in other comprehensive income (i.e. fair value through other comprehensive income).

A financial asset that meets the following two conditions is measured at amortised cost (net of any write down for impairment) unless the asset is designated at fair value through profit or loss under the fair value option.

Business model test: The objective of the Company's business model is to hold the financial asset to collect the contractual cash flows (rather than to sell the instrument prior to its contractual maturity to realise its fair value changes).

Cash flow characteristics test: The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of

principal and interest on the principal amount outstanding.

A financial asset that meets the following two conditions is measured at fair value through other comprehensive income unless the asset is designated at fair value through profit or loss under the fair value option.

Business model test: The financial asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets.

Cash flow characteristics test: The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Even if an instrument meets the two requirements to be measured at amortised cost or fair value through other comprehensive income, a financial asset is measured at fair value through profit or loss if doing so eliminates or significantly reduces a measurement or recognition inconsistency (sometimes referred to as an 'accounting mismatch') that would otherwise arise from measuring assets or liabilities or recognizing the gains and losses on them on different bases.

All other financial asset is measured at fair value through profit or loss. All equity investments are measured at fair value in the balance sheet, with value changes recognized in the statement of profit and loss, except for those equity investments for which the entity has elected to present value changes in other comprehensive income.

If an equity investment is not held for trading, an irrevocable election is made at initial recognition to measure it at fair value through other comprehensive income with only dividend income recognized in the statement of profit and loss.

➤ **De recognition:**

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognized (i.e.

removed from the Company's statement of financial position) when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset.

➤ **Impairment of Financial Assets:**

The Company assesses impairment based on expected credit losses model to the following:

- Financial assets measured at amortized cost;
- Financial assets measured at fair value through other comprehensive income (FVTOCI);

Expected credit losses are measured through a loss allowance at an amount equal to:

- The 12- months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or
- Full lifetime expected credit losses (expected credit losses that result from default events over the life of the financial instruments).

The Company follows 'simplified approach' for recognition of impairment loss allowance on Trade receivables or contract revenue receivables.

Under simplified approach, the Company does not track changes in credit risk. Rather, it recognizes impairment loss allowance based on lifetime expected credit losses at each reporting date, right from its initial recognition.

The Company uses provision matrix to determine impairment loss allowance on the portfolio of trade receivables. The provision matrix is based on the historically observed default rates over the expected life of the trade receivables and is adjusted for forward looking estimates. At every reporting date, the historical observed default rates are updated

and changes in the forward looking estimates are analysed.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If the credit risk has not increased significantly, 12 month expected credit losses is used to provide for impairment loss. However, if the credit risk has increased significantly, lifetime expected credit losses is used. If, in subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the Company reverts to recognizing impairment loss allowance based on 12-month expected credit losses.

For assessing increase in credit risk and impairment loss, the Company combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increase in credit risk to be identified on a timely basis.

Financial liabilities:

➤ **Initial Recognition and measurement**

All financial liabilities are recognised initially at fair value and, in the case of loans, borrowings and payable, net of directly attributable transaction costs. The Company's financial liabilities include trade and other payable loans and borrowings.

➤ **Subsequent measurement**

The measurement of financial liabilities depends on their classification, as described below:

a) **Financial liabilities at fair value through profit and loss:**

It includes financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit and loss.

Financial liabilities classified as held for trading if they are incurred for the purpose

of repurchasing in the near term. Gains or losses on liabilities held for trading are recognized in the statement of profit and loss.

Financial liabilities designated upon initial recognition at fair value through profit and loss are designated upon initial recognition, and only if the criteria in Ind AS 109 are satisfied.

b) **Loans and Borrowings:**

Borrowings are initially recognised at fair value, net of transaction cost incurred. Borrowings are subsequently measured at amortized cost. Any difference between the proceeds (net of transaction cost) and the redemption amount is recognised in profit or loss over the period of the borrowings using EIR method/ Straight line method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facilities will be drawn down. In this case, the fees is deferred until the drawn down occurs. To the extent there is no evidence that it is probable that some or all of the facilities will be drawn down, the fee is capitalized as a prepayment of liquidity services and amortised over the period of the facilities to which it relates.

➤ **Derecognition of Financial Liabilities:**

Borrowings are removed from the balance sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash asset transferred or liabilities assumed, is recognised in profit or loss as other gain/ (losses).

➤ **Offsetting of financial instruments:**

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and

there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the company, or the counter party.

f) Fair value measurement:

Fair value is the price that would be received to sell an asset or settle a liability in an ordinary transaction between market participants at the measurement date. The fair value of an asset or a liability is measured using the assumption that market participants would use when pricing an asset or liability acting in their best economic interest. The Company used valuation techniques, which were appropriate in circumstances and for which sufficient data were available considering the expected loss/profit in case of financial assets or liabilities.

g) Revenue Recognition:

• **Sale of Goods**

Revenue is recognized only when there is no significant uncertainty as to its measurability or collect ability of the amount. Turnover includes sale of goods are net of discounts and claims and GST.

• **Interest income**

Interest income is accounted on accrual basis. Interest income is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable.

Interest income is included in other income in the statement of profit and loss.

• **Dividend income:**

Dividend income is accounted for when the right to receive the same is established, which is generally when shareholders approve the dividend.

h) Inventories:

In general, all inventories of finished goods, work in progress etc, are stated at lower of cost or net realizable value. Finished goods stored in tanks pending final packing are included in the finished

goods stocks and valued accordingly. Cost of inventories comprises of all cost of purchase, cost of conversion and other cost incurred in bringing the inventory of their present location and condition. Raw materials, packing material & stores and spares are stated at cost on FIFO basis.

i) Export incentives

Export benefits are accounted when there is certainty to receive the incentive from the government or on actual basis whichever is earlier.

j) Retirement and other Employee Benefits:

i. **Short term employee benefits:**

All employee benefits payable wholly within twelve months of rendering the service are classified as short term employee benefits. Short - term employee benefits are expense as the related service is provided. A liability is recognised for the amount expected to be paid if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

ii. **Gratuity:**

The Company's net obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in the current and prior periods, discounting that amount and deducting the fair value of any plan assets.

The calculation of defined benefit obligations is performed half-yearly by a qualified actuary using the projected unit credit method. When the calculation results in a potential asset for the Company, the recognised asset is limited to the present value of economic benefits available in the form of any future refunds from the plan or reductions in future contributions to the plan. To calculate the present value of economic benefits, consideration is given to any applicable minimum funding requirements.

Remeasurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance

sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Remeasurements are not reclassified to profit or loss in subsequent periods. Net interest is calculated by applying the discount rate to the net defined benefit liability or asset.

iii. **Leave Encashment:**

Entitlements to leave encashment are recognized when they accrue to employees. Privilege leave can be availed or encashed subject to a restriction on the maximum number of accumulation of leave. The Company determines the liability for such accumulated leaves using the projected unit credit method with actuarial valuations being carried out at each reporting date.

iv. **Provident Fund:**

Retirement benefit in the form of provident fund is a defined contribution scheme. The Company has no obligation, other than the contribution payable to the provident fund. The Company recognizes contribution payable to the provident fund scheme as an expense, when an employee renders the related service.

v. **Other long-term employee benefits**

The Company's net obligation in respect of long - term employee benefits is the amount of future benefit that employees have earned in return for their service in the current and prior periods. That benefit is discounted to determine its present value. Re- measurement is recognised in Statement of Profit and Loss in the period in which they arise.

k) **Borrowing Cost**

Borrowing costs specifically relating to the acquisition or construction of qualifying assets that necessarily takes a substantial period of time to get ready for its intended use are capitalized (net of income on temporarily deployment of funds) as part of the cost of such assets. Borrowing costs consist of interest and other costs that the Company incurs in connection with the borrowing of funds. All other borrowing costs are expense in the period in which they occur.

l) **Leases:**

The Company has adopted Ind AS 116 "Leases" using, under which the Company recorded the lease

liability at the present value of the remaining lease payments discounted at the incremental borrowing rate and has measured right of use asset an amount equal to lease liability adjusted for any related prepaid and accrued lease payments previously recognized.

Company as a lessee

The Company assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset. The Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. For these short-term leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease. The Company recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets as below.

Right-of-use assets

The Company recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses. Right-of-use assets are depreciated on a written down value basis over the shorter of the lease term and the estimated useful lives of the assets.

Lease Liabilities

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rate. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made.

Lease liabilities and ROU assets have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

m) Segment Reporting:

In accordance with IndAS-108 "Operating Segments" the company has only one reportable primary business segment i.e. "Chemical Manufacturing". However, the company has secondary geographical segment which is disclosed in financial statements as per Ind AS-108.

Information about secondary geographical segments as per financial statements

(₹ in Lacs)

Particulars	April To March 25	April To March 24
Segment Revenue		
- India	4,369.58	2,433.21
- Outside India	3,411.08	3,096.88
Total	7,780.66	5,530.09

n) Taxation:

Current Tax

- i. Tax on income for the current period is determined on the basis on estimated taxable income and tax credits computed in accordance with the provisions of the relevant tax laws and based on the expected outcome of assessments / appeals.
- ii. Current income tax relating to items recognised directly in equity is recognised in equity and not in the statement of profit and loss. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred Tax

- i. Deferred tax is provided using the balance sheet approach on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

- ii. The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized. Unrecognised deferred tax assets are reassessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.
- iii. Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.
- iv. Deferred tax relating to items recognised outside the statement of profit and loss is recognised outside the statement of profit and loss. Deferred tax items are recognised in correlation to the underlying transaction either in other comprehensive income or directly in equity.
- v. Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current income tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.
- vi. The break-up of the major components of the deferred tax assets and liabilities as at balance sheet date has been arrived at after setting off deferred tax assets and liabilities where the Company have a legally enforceable right to set-off assets against liabilities and where such assets and liabilities relate to taxes on income levied by the same governing taxation laws.
- vii. Deferred Tax assets are the amounts of income taxes recoverable in future periods in respect of:
 - (a) Deductible temporary differences;
 - (b) The carry forward of unused tax losses; and
 - (c) The carry forward of unused tax credits. The Company reviews the same at each

reporting date and written down the carrying amount of MAT credit entitlement to the extent there is no longer convincing evidence to the effect that the company will pay normal income tax during the specified period.

o) Earnings per share:

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

p) Provisions and contingencies:

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. If the effect of the time value of money is material, provisions are discounted using current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost. Provisions are reviewed at each balance sheet date and are adjusted to reflect the current best estimate.

Contingent liabilities are disclosed in case of:

- A present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation;
- A present obligation arising from past events, when no reliable estimate is possible;
- A possible obligation arising from past events, unless the probability of outflow of resources is remote.

Commitments include capital expenditure (net of advances) in relation to solar power plant.

Provisions, contingent liabilities, contingent assets and commitments are reviewed at each balance sheet date.

q) Impairment of Assets:

At each balance sheet date the company reviews whether there is any indication of impairment of the carrying amount of the company's fixed assets. If any indication exists, an asset's recoverable amount is estimated. An impairment loss is recognised whenever the carrying amount of an asset exceeds its recoverable amount and charged to profit & loss account in the year in which asset is identified as impaired. The recoverable amount is the greater of the net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value based on an appropriate discount factor. The impairment loss recognized in prior accounting periods is reversed if there has been a change in estimate of recoverable amount.

r) Research And Development

Revenue expenditure pertaining to Research & Development which are not for enduring benefit are charged to Profit & Loss Account. Expenditure incurred for enduring benefit for the development of the products/processes which will generate future economic benefit by the way of improvement in yield and efficiency of those products are carried over as R&D work in progress under the head 'Capital Work in Progress'. The value of process/product so developed is amortized over a period of ten years from the year of successful development.

2.2 SIGNIFICANT ACCOUNTING JUDGEMENTS, ESTIMATES AND ASSUMPTIONS

In the process of applying the Company's accounting policies, management has made the following estimates, assumptions and judgments, which have significant effect on the amounts recognized in the financial statement:

➤ **Useful lives of property, plant and equipment and intangible assets.**

Management has assessed the remaining useful lives and residual value of fixed assets. Management believes that the assigned useful life is reasonable.

➤ **Impairment of property, plant and equipment and intangible assets.**

For property, plant and equipment and intangibles an assessment is made at each reporting date to determine whether there is an indication that the carrying amount may not be recoverable or previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Company estimates the asset's recoverable amount.

A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised

➤ **Defined Benefit Obligation (gratuity benefits)**

The cost of the defined benefit plan and other post-employment benefits and the present value of such obligation are determined using actuarial valuation. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These includes the determination of the discount rate, future salary increases, mortality rates and attrition rate. Due to the complexities involved in the valuation and its long-term nature, a defined obligation is highly sensitive to changes in these assumptions. All assumption are reviewed at each reporting date.

➤ **Fair value measurement of financial instruments**

When the fair value of financial asset and liabilities recorded in balance sheet cannot be measured based on quoted price in active markets, their fair value is measured using valuation techniques including the Discounted Cash Flow (DCF) model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgement include considerations of inputs such as liquidity risk, credit risks and volatility. Changes in assumption about these factors could affect the reported fair value of financial instruments.

➤ **Lease commitments – As a lessee**

When The Company evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. The application of Ind AS 116 requires company to make judgement and estimates that affect the measurement of right-of-use assets and liabilities. The Company uses significant judgement in assessing the lease term and the applicable discount rate.

The Company has entered into lease agreement of its registered office, located at 54D, Kandivali Industrial Estate, Charkop, Kandivali West, Mumbai-67. The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if

the Company is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option. In assessing whether the Company is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the Company to exercise the option to extend the lease, or not to exercise the option to terminate the lease.

The Company cannot readily determine the interest rate implicit in the lease, therefore, it uses its incremental borrowing rate (IBR) to measure lease liabilities. The IBR is the rate of interest that the Company would have to pay to borrow over a similar term, and with a similar security, the funds necessary to obtain an asset of a similar value to the right-of use asset in a similar economic environment.

➤ **Expected Credit Loss on Trade Receivables**

Trade receivables do not carry any interest and are stated at their nominal value as reduced by provision for impairment. The Company uses a provision matrix to determine impairment loss on portfolio of its domestic trade receivables. The provision matrix provides impairment for domestic trade receivables outstanding over 360 days, as per the management , where the chances of recovery are distant.

➤ **Income taxes**

Management judgment is required for the calculation of provision for income taxes and deferred tax assets and liabilities. The Company reviews at each balance sheet date the carrying amount of deferred tax assets. The factors used in estimates may differ from actual outcome which could lead to significant adjustment to the amounts reported in the financial statements.

➤ **Contingencies**

Management judgment is required for estimating the possible outflow of resources, if any, in respect of contingencies/claim/ litigation against the Company as it is not possible to predict the outcome of pending matters with accuracy.

Disclosure in accordance with Ind AS – 19 “Employee Benefits”, of the Companies (Indian Accounting Standards) Rules, 2015

Leave Encashment - The company has provided an expense of ₹ 1.41 lakhs for leave encashment as per Actuarial valuation. Total provision of ₹ 11.03 lakhs has already been provided. The expense is shown in Employee Benefit expenses in Profit and Loss Statement

Gratuity - The company provides for gratuity for employees in India as per the Payment of Gratuity Act, 1972. Employees who are in continuous service for a period of 5 years are eligible for gratuity. The amount of gratuity payable on retirement / termination is the employee's last drawn basic salary per month computed proportionately for 15 days salary multiplied for the number of years of service. The Gratuity Plan is a funded plan and the company makes contributions to recognized funds in India. The company does not fully fund the liability and maintains a target level of funding to be maintained over a period of time based on estimations of expected gratuity payments. The plan typically exposes the company to actuarial risk

The following table summarizes the components of net benefit expense recognized in the statement of profit and loss and in the balance sheet.

Turnover Rate	14.00%	25.00%
Mortality Table	IALM (2012-14) Ultimate	IALM (2012-14) Ultimate

NOTES TO FINANCIAL STATEMENT FOR THE YEAR ENDED 31ST MARCH 2025

The rate used to discount post-employment benefit obligations is determined by reference to market yields at the end of the reporting period on government bonds

Significant actuarial assumptions for the determination of the defined obligation are discount rate, expected salary increase and mortality.

Risk Exposure

Investment Risk - For funded plans that rely on insurers for managing the assets, the value of assets certified by the insurer may not be the fair value of instruments backing the liability. In such cases, the present value of the assets is independent of the future discount rate. This can result in wide fluctuations in the net liability or the funded status if there are significant changes in the discount rate during the inter-valuation period

Market risk (interest rate) - Market risk is a collective term for risks that are related to the changes and fluctuations of the financial markets. The discount rate reflects the time value of money. An increase in discount rate leads to decrease in Defined Benefit Obligation of the plan benefits & vice versa. This assumption depends on the yields on the corporate/government bonds and hence the valuation of liability is exposed to fluctuations in the yields as at the valuation date.

Longevity risk - The impact of longevity risk will depend on whether the benefits are paid before retirement age or after. Typically for the benefits paid on or before the retirement age, the longevity risk is not very material.

Actuarial risk

Salary Increase Assumption - Actual Salary increase that are higher than the assumed salary escalation, will result in increase to the obligation at a rate that is higher than expected.

Attrition/Withdrawal Assumption

If actual withdrawal rates are higher than assumed withdrawal rates, the benefits will be paid earlier than expected. Similarly if the actual withdrawal rates are lower than assumed, the benefits will be paid later than expected. The impact of this will depend on the demography of the company and the financials assumptions

“Regulatory Risk - Any Changes to the current Regulations by the Government, will increase (in most cases) or Decrease the obligation which is not anticipated. Sometimes, the increase is many fold which will impact the financials quite significantly.

NOTES TO FINANCIAL STATEMENT FOR THE YEAR ENDED 31ST MARCH 2025

1. The management assessed that fair value of cash and short-term deposits, trade receivables, trade payables and other current financial assets and liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.
2. The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

NOTE-36

FAIR VALUE HIERARCHY

This section explains the judgments and estimates made in determining the fair values of the financial instruments that are (a) recognized and measured at fair value and (b) measured at amortized cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the group has classified its financial instruments into the three levels prescribed under the accounting standard.

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs)

NOTE-37

FINANCIAL RISK FACTORS

The Company's business activities are exposed to a variety of financial risks: market/business risk, credit risk, exchange risk, etc. The Company's focus is to foresee the unpredictability of financial and business risks and seek to minimize potential adverse effects of these risks on its business and financial performance.

i. Business/ Market Risk

The primary business/market risk to the Company is the price risk and its ability to pass on the same to its customers. The Company's operations extend to a number of countries across the globe and its products pricing competitiveness is a primary factor for the acceptability of Company's products in those markets. The Company has a robust procurement process, which ensures that its pricing power is not adversely affected by price changes in the market place for its raw materials.

The Company also continuously forays into different markets/countries to reduce its complete dependence on any particular country or customer group.

ii. Credit risk

The company is engaged in business of manufacturing of Pyridine, Picoline, Cynopyridine and derivatives of the same. Bulks drugs and nutritional products are toll converted. Receivables are typically not secured by any form of credit support such as letters of credit, performance guarantees or escrow arrangements. Credit risk is the risk that counterparty will not meet its obligations under a financial instrument, leading to a financial loss. The Company is exposed to credit risk from its operating activities and from its financing activities, including deposits with banks and other financial instruments.

Financial assets that are potentially subject to concentrations of credit risk and failures by counter-parties to discharge their obligations in full or in a timely manner consist principally of cash, cash equivalents and other receivables. Credit risk on cash

NOTES TO FINANCIAL STATEMENT FOR THE YEAR ENDED 31ST MARCH 2025

balances with Bank are limited because the counterparties are entities with acceptable credit ratings. The exposure to credit risk for loan to related parties is limited because the related parties are entities with acceptable credit rating.

iii. Foreign currency risk

The Company has a system of regularly monitoring its currency wise exposures. The significant part of Company's receivables and payables are in US Dollars which operates as a natural hedge against each other. The Company has a policy not to borrow in a currency where it has no business exposure. The company is in the process of starting currency hedging to safeguard currency exchange losses.

iv. The unhedged foreign currency exposure is as follows:

Particulars	Currency	As at March 31, 2025		As at March 31, 2024	
		Amount in Foreign Currency	Amount in Rs Lakhs	Amount in Foreign Currency	Amount in Rs Lakhs
i. Unhedged foreign exchange liability					
Trade and Other Payables	USD	-	-	-	-
Advances Received		-	-	-	-
ii. Unhedged Receivables in foreign currency					
Trade and Other Receivables	USD	8.34	712.95	5.64	472.41
	EURO	0.41	37.29		
Advances to Suppliers	USD				

Note: The above disclosure is after considering natural hedge between receivables and payables

Sensitivity Analysis

The following tables demonstrate the sensitivity to a reasonably possible change in USD and GBP exchange rates, with all other variables held constant. 5% is the sensitivity rate which represents management's assessment of the reasonably possible change in foreign exchange rates. The sensitivity analysis includes only outstanding foreign currency denominated monetary items that are not hedged by derivative instruments and adjusts their translation at the year end for a 5% change in foreign currency rates. The sensitivity analysis includes foreign vendors. A positive number below indicates increase in profit or equity where the INR strengthens by 5% against the relevant currency. For a 5% weakening of the INR against the relevant currency, there would be a comparable impact on the profit.

Currency	% Change in Currency	Effect on Profit	
		As at March 31, 2025	As at March 31, 2024
USD	+5%	35.65	23.62
	-5%	(35.65)	(23.62)
EURO	+5%	1.86	-
	-5%	(1.86)	-

v. Interest risk

The Company has domestic borrowings mainly in the nature of bank overdraft facilities. The domestic interest risk is exposed to the changes in the RBI bank rate. The Company manages this risk by managing its working capital effectively.

vi. Estimation uncertainty relating to COVID-19 outbreak

Being manufacturers of chemical, the operations of the Company were exempted from lockdown declared by both the Central and State Governments in the wake of Covid - 19 pandemic. The Company continued with the manufacturing operations at

NOTES TO FINANCIAL STATEMENT FOR THE YEAR ENDED 31ST MARCH 2025

all its manufacturing sites albeit with challenges such as shortage of manpower, availability of materials and disruptions in the logistics and supply chain. The Company has considered the possible effects that may result due to the lockdown announced consequent to outbreak of Covid -19 on the carrying amounts of property, plant and equipment, investments, inventories, receivables and other current assets. Based on internal and external sources of information and economic forecasts, the Company expects the carrying amount of these assets will be recovered and will continue to have sufficient liquidity to fund its business operations as well as expansion plans. However, a definitive assessment of the impact, at this stage, is not possible in view of the highly uncertain economic environment and the situation is still evolving.

NOTE-38

CAPITAL MANAGEMENT

For the purpose of the Company's capital management, capital includes paid-up equity share capital and all other equity reserves attributable to the equity holders. The primary objective of the Company's capital management is to maximize the shareholders' value.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may adjust its dividend payment ratio to shareholders, return capital to shareholders or issue fresh shares. The Company monitors capital using a gearing ratio, which is net debt divided by its total capital. The Company includes within its net debt the interest bearing loans and borrowings, trade and other payables less cash and cash equivalents.

Particulars	(₹ in Lakhs)	
	As at March 31, 2025	As at March 31, 2024
Borrowings	308.85	411.59
Trade Payables	543.39	898.20
Other financial liabilities	36.74	89.38
Less: cash and cash equivalents	(60.36)	(216.11)
Net debt	828.62	1,183.06
Total Equity	1,154.40	1,154.40
Other Equity	5,247.77	4,595.20
Total equity		
Total member's capital	6,402.17	5,749.60
Capital and net debt	7,230.79	6,932.66
Gearing ratio (%)	11.46	17.07

In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. Breaches in meeting the financial covenants would permit the bank to immediately call loans and borrowings. There have been no breaches in the financial covenants of any interest-bearing loans and borrowing in the current period.

No changes were made in the objectives, policies or processes for managing the capital during the years ended March 31, 2025 and March 31, 2024.

NOTE-39

The Company offsets a financial asset and a financial liability when it currently has a legally enforceable right to set off the recognized amounts and the Company intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously. During this year the Company has not settled any such transactions.
