44th ANNUAL REPORT 2024-25

PRODUCT PROFILE

Over the years we have created a strong product portfolio along with robust quality for our consumers. Our stringent quality control measures ensure that we do not compromise on raw material quality and process integrity.

We are in the business of Chemical products which include Boric Acid Technical Grade Powder & Granular, Boric Acid IP Grade (Indian Pharmacopoeia Grade), Di-Sodium Octaborate Tetrahydrate (**DOT**), Boron Oxide and Lithium Hydroxide Monohydrate.

Boric Acid Technical Grade Granular: We were the first in the country to be awarded BIS certification for manufacturing Boric Acid Technical Grade. Used in fused products i.e. glass, glass fibre ceramics, frits, glazed, porcelain enamels. It is also used as fluxes and metallurgical operations like welding, brazing, paste fluxes and soldering fluxes etc. It is also used as catalysts in cyclohexane and hydrocarbon oxidation.

Boric Acid IP Grade: We are the sole manufacture of IP grade Boric Acid in the country and have a valid FDA license. IP Grade is used in eye wash, ointments, foot powder, shampoo, skin cream, mouth wash and in veterinary formulations.

Boric Acid Technical Grade Powder: We were the first in the country to be awarded BIS certification for manufacturing Boric Acid Technical Grade Used as fluxes and in metallurgical operations like welding and brazing. It is also used as fire retardant, as catalysts in cyclohexane and hydrocarbon oxidation. Other uses are condensers, dishwashing products, and lubricants. It is also used in nuclear applications and in agricultural as micronutrients in fertilizers.

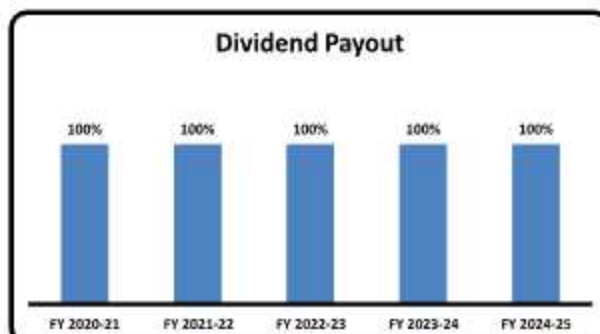

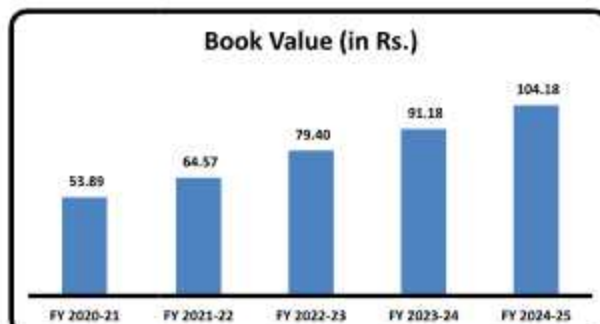

Disodium Octaborate Tetrahydrate (D.O.T.): We possess a valid Fertilizer license for manufacturing Disodium Octaborate Tetrahydrate (D.O.T.), which is an important value added Agriculture Boron Micronutrient Fertilizer, developed using in-house developed technology. Used in the manufacture of solution or suspension fertilizers, formulations of high-performance liquids containing Boron or with combination of other nutrients for spraying on soil or through irrigation, formulation of soluble micronutrients powders for foliar spraying, as fire retardant in cellulosic materials such as cotton batting, paper, fabric, wooden composites etc., in fire retardant treatments for clothing, drapes or curtains, rugs, ironing board covers, fire fighter clothing and fire-retarded paper products, in water-based systems for corrosion inhibition, lubrication, or thermal oxidative stabilization, in manufacture of water treatment chemicals, used as an additive to reduce abrasiveness and to control viscosity in cleaning products such hand cleaners, polishes, and waxes, cleaning compounds.

Boron Oxide: It is a higher value added Boron product. It is used in industries like refractories as an advanced binding agent. In glass, ceramics, and enamels it enhances thermal resistance, mechanical strength, and durability.

Lithium Hydroxide Monohydrate: It is used in manufacturing lubricant greases, dyestuff and speciality resins. It is also used in batteries of electric vehicles (EVs).

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

The Directors present their report on the specified matters to the extent relevant or within limits that in their opinion are imposed by the company's own competitive position, as under: -

Industry structure and development

No reliable and published data is available specifically on boron product industry. As boron ores are not found in India, thus the basic inputs must be essentially imported.

Opportunity, threats, risks and concerns

As, the basic input of boron ores are imported, thus timely availability of basic inputs at competitive prices in desired quality, composition and quantities has been, continues to be and expected to remain a matter of concern, risk and threat. The company is continuously engaged in exploring and developing alternative sources for imported raw material to minimize the risk.

Segment wise or product-wise performance

The company is operating in a single reportable segment i.e. manufacturing and selling of Chemicals. The disclosures requirement of the Indian Accounting Standard (AS) 108 "operating Segment" notified under Section 133 of the Companies Act, 2013 read with Rule 7 of the Companies (Accounts) Rule, 2014 are not applicable.

Outlook

The domestic market for chemical products manufactured by the company is expanding every year and the Company can sell more quantity, as its products are well known for their quality.

The company remains a market leader by far for Boric Acid in India. It was the first manufacturer to receive certification from Bureau of Indian Standard (BIS) and is manufacturing boric acid according to the relevant BIS standard. In addition, the company remains the sole manufacturer of Boric Acid Pharmaceutical grade (I.P.) in India and holds license from FDA. All the grades of Boric Acid manufactured by the company command a premium as compared to the competitors' products.

Di-Sodium Octaborate Tetrahydrate (DOT), an important value-added Boron micronutrient fertilizer listed in the schedule to the Fertilizer Control Order (FCO), manufactured by the company using in-house developed technology, has been well accepted in the market, commanding a premium. The product has been found to be much superior to imported products in the comparative studies undertaken by The Indian Institute of Technology (IIT) and the Council of Scientific & Industrial Research (CSIR). The company has also been granted the necessary licenses for manufacturing this product. Since the Indian soil is largely deficient in Boron, the Indian Government is actively encouraging use of Boron in Agriculture for enhancing yield and quality of crops. The market is growing, and the company expects increasing volumes in future.

The company has also commenced initial dispatches of another higher value-added product i.e. **Boron Oxide**. The product has been well accepted by the user industry. Since the market for this product is growing rapidly, the company is very bullish on this product.

Internal control system and their adequacy

The Company has proper and adequate systems of internal controls to provide reasonable assurance that all assets are safeguarded; prevention and detection of fraud and errors, the accuracy and completeness of the

accounting record, timely preparation of reliable financial disclosures, transactions are authorized and recorded correctly to ensure compliance with policies and statutes.

Based on the framework of internal financial controls and compliance system established and maintained by the Company, the work performed by the internal, statutory and secretarial auditors, including the audit of internal financial controls over financial reporting by the statutory auditors and the reviews performed by management and the relevant board committees, including the audit committee, the board is of the opinion that the Company's internal financial control were adequate and effective during the financial year 2025.

Internal control systems have been found to be adequate and commensurate with the size and nature of the business of the company and are reviewed from time to time for further improvement.

Discussion on financial performance with respect to operational performance

The net sales in current year stood at Rs. 17,526.11 Lakhs as compared to Rs.19,130.30 Lakhs in previous year, which is lower by 8.39% due to reduction in sales quantity.

Financial Performance with respect to operational performance:

Particulars	2022-23	%	2023-24	%	2024-25	%
Gross revenue from operations	21,496.93		19,130.30		17,526.11	
Profit before tax & depreciation	7,010.15	33%	5,376.12	28%	6,046.68	35%
Profit before tax	6,854.61	32%	5,147.79	27%	5,782.80	33%
Profit after tax	5,039.38	23%	3,841.24	20%	4,188.20	24%
Net worth	25,480.55		28,938.93		33,078.93	

Human Resources Development & Management

The Company emphasizes to build a culture that provides well being of the employees and encourages them to attend and participate in various development programmes/training which will enable them to learn and develop, being crucial to it's long term success.

The Company is continuously working to create an environment of empowerment through well-defined policies that reflect empathy, celebrate meritocracy, and provide ample professional and personal development opportunities.

The total number of permanent employees of the company is 106. There are no other reportable material developments in the matter of human resources and industrial relations, which were cordial throughout the year.

Risk and Concerns

The risks faced by the company are raw material risk, quality risk, competition risk, foreign exchange risk, realization risk, cost risk.

The risk management committee has mitigation plan against above risk. Company is continuously engaged in exploring and developing alternative sources of imported raw material to mitigate the risk of raw material. Highest quality parameters are set to produce the chemical products; also ensure that there should be continuous supply of material to the customers which will mitigate the quality and competition risk. To mitigate the foreign exchange risk, company prefers to buy material on receipt of documents. If there is import of raw material on credit basis, the same is hedged.

ANNEXURE - V
Secretarial Audit Report
For the Financial Year Ended 31st March, 2025

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule No. 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,

The Members of

Indo Borax & Chemicals Ltd

CIN: L24100MH1980PLC023177

302, Link Rose, Linking Road,

Santacruz (West), Mumbai 400054

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **Indo Borax & Chemicals Limited** (hereinafter called the Company). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the Company has, during the audit period ended on 31st March, 2025, complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by Indo Borax & Chemicals Limited ("**The Company**") for the period ended on 31st March, 2024 according to the provisions of:

- I. The Companies Act, 2013 (**the Act**) and the Rules made thereunder;
- ii. The Securities Contracts (Regulation) Act, 1956 ('**SCRA**') and the Rules made thereunder;
- iii. The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder
- iv. Foreign Exchange Management Act, 1999 and the Rules and Regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- v. The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('**SEBI Act**') to the extent applicable to the Company :-
 - a. The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - b. The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 1992;
 - c. The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client; and
 - d. The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998; (not

applicable to the company as there was no reportable event during the financial year under review)

- e. The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.

VI. Other laws specifically applicable to the company namely:

1. Water (Prevention and Control of Pollution) Act, 1974;
2. Air (Prevention and Control of Pollution) Act, 1981;
3. Indian Boiler Act, 1923 and rules issued thereunder;
4. The Electricity Act, 2003 and rules issued thereunder.

I have also examined compliance with the applicable clauses of the following:

- i) Secretarial Standards issued by The Institute of Company Secretaries of India with respect to Meeting of Board of Directors (SS-1) and General Meetings (SS-2).
- ii) The Listing Agreements entered into by the Company with the BSE Limited and the National Stock Exchange of India Limited read with the SEBI (Listing Obligation and Disclosure Requirements) Regulations 2015

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, and Listing Agreements etc.

Further I would like to comment that company had given ICD of Rs. 509.0 Lakhs to Radius Estate Projects Private Limited (formerly known as Vishwarop Realtors Private Limited) is in the process of corporate insolvency process under The Insolvency and Bankruptcy Code, 2016 (IBC) for the outstanding amount of Rs. 509.04 lakhs. The outcome of the NCLT has not yet received. Due to uncertainty in realization of the said debt, company has not provided interest on the said loan.

I further report that:

The Board of Directors of the Company is duly constituted with proper balance of Executive and Non-Executive Directors and Independent Directors. Adequate notice was given to all Directors at least seven days in advance to schedule the Board Meeting. Agenda and detailed notes on agenda were sent in advance, and a system exists for seeking and obtaining further information and clarification on the agenda items before the meeting and for meaningful participation at the meeting.

Decisions at the Board Meetings, as represented by the management, were taken unanimously. I further report that as per the explanations given to me and the representations made by the management and relied upon by me there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

**Independent Auditor's Report**

To the Members of INDO BORAX & CHEMICALS LIMITED

Report on the Financial Statements

Opinion

We have audited the standalone financial statements of INDO BORAX & CHEMICALS LIMITED ("the Company") which comprises the Balance Sheet as at March 31, 2025, the Statement of Profit and Loss, (including Other Comprehensive Income), statement of changes in Equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, and its total comprehensive income (comprising of profit and other comprehensive income), its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit matter :

We have determined that there are no key audit matters to communicate in our report.

Emphasis of Matter

We draw your kind attention to the Note No. 44 to the standalone financial statement; The Company has given Inter Corporate Deposit in the nature of loan to one of the party, which has filed the application for corporate insolvency resolution process under The Insolvency and Bankruptcy code, 2016.

The company has filed its claim as financial creditors as per the regulation 8 of the IBC code for the said outstanding amount. The company is awaiting the outcome from National Company Law Tribunal (NCLT). Due to uncertainty in realization of the said debt and pending decision of NCLT company continues not to provide interest on the said loan for the financial year ended 31-03-2025.

Our opinion is not modified in respect of this matter.

Other Information:

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual Report

- Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
- In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
- If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("The Act") with respect to the preparation of these Ind AS standalone financial statements that give a true and fair view of the financial position, financial performance, (including Other Comprehensive Income), changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of unless the Board of Director either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- (i) Identify and assess the risks of material misstatement of the standalone financial statements,

whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- (ii) Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the Company has in place an adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- (iii) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures in the standalone financial statements made by the Management.
- (iv) Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the company to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Stand alone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- (v) Evaluate the overall presentation, structure and content of the Ind AS financial statements, including the disclosures, and whether the Standalone consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

- 1) As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we

give in the Annexure "A" statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

- directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Company or
 - provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries;
- (ii) The management has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall:
- directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Funding Party or
 - provide any guarantee, security or the like from or on behalf of the Ultimate Beneficiaries; and
- (iii) Based on such audit procedures that we considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) contain any material misstatement.
- e) The dividend declared or paid during the year by the Company is in compliance with Section 123 of the Act.
- f) Based on our examination which included test checks, the company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with.

**ANNEXURE 'B' TO THE INDEPENDENT AUDITOR'S REPORT****REFERRED TO IN PARAGRAPH 1(F) OF EVEN DATE ON THE STANDALONE FINANCIAL STATEMENTS OF INDO BORAX & CHEMICALS LIMITED****Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

In conjunction with our audit of the standalone financial statements of Indo Borax & Chemicals Limited (the "Company") as at and for the year ended 31 March 2025, we have audited the internal financial controls over financial reporting Internal Financial Controls Over Financial Reporting of the Company as of that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI).

These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing deemed to be prescribed under section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness.

Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence, we have obtained is sufficient and appropriate to provide a basis for our adverse audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting:

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial

statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

**Summary of Material Accounting Policies and Other Explanatory Information for the year ended 31st March 2024****Corporate Information**

Indo Borax & Chemicals Limited (the Company) is a public limited company incorporated and domiciled in India. The registered office is at 302, Link Rose, Linking Road, Santacruz (West), Mumbai - 400054. The Company is engaged in manufacturing of Boron products and Lithium.

a) General information and Compliance with Ind AS:

These financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs pursuant to section 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016.

The financial statements have been prepared on accrual and going concern basis. The accounting policies are applied consistently to all the periods presented in the financial statements, including the preparation of the opening Ind AS Balance Sheet as at 1st April, 2016 being the 'date of transition to Ind AS'. All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria as set out in the Division II of Schedule III to the Companies Act, 2013. Based on the nature of products and the time between acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current or non-current classification of assets and liabilities.

Authorisation of financial statements

The financial statements of the Company for the year ended 31st March, 2025 were approved for issue in accordance with the resolution of the Board of Directors on 13th May, 2025.

b) Current versus non current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is classified as current when it is:

- i. Expected to be realised or intended to sold or consumed in normal operating cycle,
- ii. Held primarily for the purpose of trading,
- iii. Expected to be realised within twelve months after the reporting period, or
- iv. Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is classified as current when:

- i. It is expected to be settled in normal operating cycle
- ii. It is held primarily for the purpose of trading
- iii. It is due to be settled within twelve months after the reporting period, or
- iv. There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. Deferred tax assets and liabilities are classified as non-current assets and liabilities.

c) Property, Plant and Equipment:

Property, plant and equipment are stated at their cost of acquisition. The cost comprises purchase price, borrowing cost if capitalisation criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company. All other repair and maintenance costs are recognised in statement of profit and loss as incurred.

Subsequent measurement (depreciation and useful lives):

Depreciation on property, plant and equipment is provided on straight line method on assets located in Factory premises. The company has followed written-down value method of providing depreciation with respect to assets located at Head Office. The Depreciation is computed on the basis of useful lives (as set out below) prescribed in Schedule II the Act:

The amortisation period and the amortisation method for finite-life intangible assets is reviewed at each financial year end

and adjusted prospectively, if appropriate.

Description of Asset	Estimated useful life (in years)
Office Building	60
Factory Building	30
Plant and equipment	20
Office equipment	5
Computers	3
Electric installation	10
Furniture and fixtures	10
Vehicles	8

Leasehold improvements have been amortised over the estimated useful life of the assets or the period of lease, whichever is lower. The residual values, useful lives and method of depreciation are reviewed at each financial year end and adjusted prospectively, if appropriate.

De-recognition

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the income statement when the asset is derecognised.

Transition to Ind AS

On transition to Ind AS, the Company has elected to continue with the carrying value of all its property, plant and equipment recognised as at 1st April, 2016 measured as per the provisions of previous GAAP and use that carrying value as the deemed cost of property, plant and equipment.

d) Impairment of non-financial assets

At each reporting date, the Company assesses whether there is any indication based on internal/external factors, that an asset may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount and the reduction is treated as an impairment loss and is recognised in the statement of profit and loss. All assets are subsequently reassessed for indications that an impairment loss previously recognised may no longer exist. An impairment loss is reversed if the asset's or cash-generating unit's recoverable amount exceeds its carrying amount.

The impairment losses and reversals are recognised in statement of profit and loss.

e) Investments in Subsidiary

Investments in subsidiary is carried at cost less accumulated impairment losses, if any. Where an indication of impairment exists, the carrying amount of the investment is assessed and written down immediately to its recoverable amount. On disposal of investments in subsidiary, the difference between net disposal proceeds and the carrying amounts are recognized in the Statement of Profit and Loss.

f) Financial instruments**Financial assets****Initial recognition and measurement**

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the financial instrument and are measured initially at fair value adjusted for transaction costs.

Subsequent measurement

- Financial instruments at amortised cost – the financial instrument is measured at the amortised cost if both the following conditions are met

The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. All the debt instruments of the company are measured at amortised cost.

**Trade Receivables and Loans :**

Trade receivables are initially recognised at fair value. Subsequently, these assets are held at amortised cost, using the effective interest rate (EIR) method net of any expected credit losses. The EIR is the rate that discounts estimated future cash income through the expected life of financial instrument.

Mutual Funds, Equity investment, bonds and other financial instruments :

Mutual Funds, Equity investment, bonds and other financial instruments in the scope of Ind As 109 are measured at fair value through other comprehensive income (FVTOCI).

Financial liabilities**Initial recognition and measurement**

All financial liabilities are recognised initially at fair value and transaction cost that is attributable to the acquisition of the financial liabilities is also adjusted. These liabilities are classified as amortised cost.

Subsequent measurement

Subsequent to initial recognition, these liabilities are measured at amortised cost using the effective interest method.

These liabilities include borrowings.

De-recognition of financial liabilities

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de- recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

g) Impairment of financial assets

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss for financial assets.

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive. When estimating the cash flows, the Company is required to consider.

- i. All contractual terms of the financial assets (including prepayment and extension) over the expected life of the assets.
- ii. Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

Trade receivables

The Company applies approach permitted by Ind AS 109, financial instruments, which requires expected lifetime losses to be recognised from initial recognition of receivables.

Other financial assets

For recognition of impairment loss on other financial assets and risk exposure, the Company determines whether there has been a significant increase in the credit risk since initial recognition and if credit risk has increased significantly, impairment loss is provided.

h) Inventories

Raw Material: Lower of cost or net realisable value. Cost is determined on first in first out ('FIFO') basis.

Work in progress, are valued at lower of cost and net realisable value. Cost of work in progress and manufactured finished goods comprises direct material, cost of conversion and other costs incurred in bringing these inventories to their present location and condition.

Finished goods: Lower of cost or net realisable value. Cost is determined on FIFO basis, includes direct material and labour expenses and appropriate proportion of manufacturing overheads based on the normal capacity for manufactured goods.

Net realisable value is the estimated selling price in the ordinary course of business less estimated costs of completion and estimated costs of necessary to make the sale.

i) Foreign Currency Transactions**Initial recognition**

The Company's financial statements are presented in INR, which is also the Company's functional currency. Transactions in foreign currencies are recorded on initial recognition in the functional currency at the exchange rates prevailing on the date of the transaction.

Measurement at the balance sheet date

Foreign currency monetary items of the Company, outstanding at the balance sheet date are restated at the year-end rates.

Non-monetary items which are carried at historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined.

Treatment of exchange difference

Exchange differences that arise on settlement of monetary items or on reporting at each balance sheet date of the Company's monetary items at the closing rate are recognised as income or expenses in the period in which they arise.

j) Income taxes

Tax expense recognised in statement of profit and loss comprises the sum of deferred tax and current tax not recognised in Other Comprehensive Income ('OCI') or directly in equity.

Current income-tax is measured at the amount expected to be paid to the tax authorities in accordance with the Indian Income-tax Act. Current income-tax relating to items recognised outside statement of profit and loss is recognised outside statement of profit and loss (either in OCI or in equity).

Deferred income-tax is calculated using the liability method. Deferred tax liabilities are generally recognised in full for all taxable temporary differences. Deferred tax assets are recognised to the extent that it is probable that the underlying tax loss, unused tax credits or deductible temporary difference will be utilised against future taxable income. This is assessed based on the Company's forecast of future operating results, adjusted for significant non-taxable income and expenses and specific limits on the use of any unused tax loss or credit. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date. Deferred tax relating to items recognised outside statement of profit and loss is recognised outside statement of profit and loss (either in OCI or in equity).

k) Cash and cash equivalents

Cash and cash equivalents comprise cash in hand, demand deposits with banks/corporations and short-term highly liquid investments (original maturity less than 3 months) that are readily convertible into known amount of cash and are subject to an insignificant risk of change in value.

l) Post-employment, long term and short term employee benefits

i) Short Term Employee Benefits

All employee benefits payable within twelve months of receiving employee services are classified as short-term employee benefits. These benefits include salaries and wages, bonus and ex-gratia.

ii) Defined contribution plans

Employee benefits in the form of contribution to Provident Fund managed by Government authorities, Employees State Insurance Corporation and Labour Welfare Fund are considered as defined contribution plan and the contributions are charged to the Profit and Loss Account of the year when the contributions to the respective funds are due.

iii) Defined benefit plans

Retirement benefit in the form of Gratuity benefit is considered as defined benefit obligation and is provided for on the basis of an actuarial valuation.

iv) Gratuity

The Company has an obligation towards gratuity, a defined benefit retirement plan covering eligible employees. The plan provides for payment to vested employees at retirement, death while in employment or on termination of employment of an amount based on the respective employee's salary and the tenure of employment. Vesting occurs upon completion of given years of service. The company makes contribution to employees group gratuity fund established by Life Insurance Corporation of India. Actuarial gains and losses arising from changes in actuarial assumptions are recognised in the Profit and Loss account in the period in which they arise.

**m) Operating expenses**

Operating expenses are recognised in profit or loss upon utilisation of the service or as incurred.

n) Borrowing costs

Borrowing costs directly attributable to the acquisitions, construction or production of a qualifying asset are capitalised during the period of time that is necessary to complete and prepare the asset for its intended use or sale. Other borrowing costs are expensed in the period in which they are incurred and reported in finance costs.

o) Fair value measurement

The Company measures financial instruments, at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either

- i. In the principal market for the asset or liability, or
- ii. In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

p) Provisions, contingent assets and contingent liabilities

Provisions are recognised only when there is a present obligation, as a result of past events, and when a reliable estimate of the amount of obligation can be made at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates. Provisions are discounted to their present values, where the time value of money is material. Contingent liability is disclosed for

- i. Possible obligations which will be confirmed only by future events not wholly within the control of the Company or
- ii. Present obligations arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made.

Contingent assets are not recognized. However, when inflow of economic benefit is probable, related asset is disclosed.

q) Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period is adjusted for events including a bonus issue.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

r) Significant management judgement in applying accounting policies and estimation uncertainty

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the related disclosures.

Significant management judgements and estimates

The following are significant management judgements and estimates in applying the accounting policies of the Company that have the most significant effect on the financial statements.

Recognition of deferred tax assets – The extent to which deferred tax assets can be recognised is based on an assessment of the probability of the future taxable income against which the deferred tax assets can be utilised.

Evaluation of indicators for impairment of assets – The evaluation of applicability of indicators of impairment of assets requires assessment of several external and internal factors which could result in deterioration of recoverable amount of the assets.

Recover ability of advances/receivables – At each balance sheet date, based on historical default rates observed over expected life, the management assesses the expected credit loss on outstanding receivables and advances.

Defined benefit obligation (DBO) – Management's estimate of the DBO is based on a number of critical underlying assumptions such as standard rates of inflation, medical cost trends, mortality, discount rate and anticipation of future salary increases. Variation in these assumptions may significantly impact the DBO amount and the annual defined benefit expenses.

Fair value measurements – Management applies valuation techniques to determine the fair value of financial instruments

(where active market quotes are not available). This involves developing estimates and assumptions consistent with how market participants would price the instrument. Management uses the best information available. Estimated fair values may vary from the actual prices that would be achieved in an arm's length transaction at the reporting date.

Useful lives of depreciable/amortizable assets – Management reviews its estimate of the useful lives of depreciable / amortizable assets at each reporting date, based on the expected utility of the assets. Uncertainties in these estimates relate to technical and economic obsolescence.

s) Revenue recognition

Sales of goods

The Company derives revenues primarily from sale of manufactured goods, traded goods and related services.

The core principle of Ind AS 115 is that an entity should recognise revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. Specifically, the standard introduces a 5-step approach to revenue recognition.

Revenue is recognized on satisfaction of performance obligation upon transfer of control of products to customers in an amount that reflects the consideration the Company expects to receive in exchange for those products.

Step 1 : Identify the contract(s) with a customer

Step 2 : Identify the performance obligation in contract

Step 3 : Determine the transaction price

Step 4 : Allocate the transaction price to the performance obligations in the contract

Step 5 : Recognise revenue when (or as) the entity satisfies a performance obligation

Under Ind AS 115, an entity recognises revenue when (or as) a performance obligation is satisfied, i.e. when 'control' of the goods or services underlying the particular performance obligation is transferred to the customer. The Company has completed its evaluation of the possible impact of Ind AS 115 and has adopted the standard from 1st April, 2018.

Interest Income

Interest income is recognised on an accrual basis using the effective interest method.

Dividend

Dividends are recognised at the time the right to receive the payment is established.

t) Segment Information

The managing committee is considered to be the 'Chief Operating Decision Maker' (CODM) as defined in IND AS 108. The Operating Segment is the level at which discrete financial information is available. The CODM allocates resources and assess performance at this level. The Company has one operating segment i.e. Chemical Manufacturing which includes Boron Products and Lithium Hydroxide.

u) Accounting for Lease

Company as a lessee

The Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low value assets. The Company recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

As per Ind AS 116, the lessee needs to recognise depreciation on rights of use assets and finance costs on lease liabilities in the statement of profit and loss.

Leases where the lessor effectively retains substantially all the risks and benefits of ownership of the leased item are classified as operating leases. Operating lease payments are recognised as an expense in the Statement of Profit and Loss on a straight-line basis over the lease term unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

Company as a lessor

Leases in which the Company does not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases. Rental income arising is accounted for on a straight-line basis over the lease terms. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned.

v) Government Grants

Government grants / subsidies received towards specific fixed assets have been deducted from the gross value of the concerned fixed assets. Capital Subsidies under MP MSME Protsahan Scheme, 2017 is recognised to the extent the claims are accepted and settled.

(iii) Fair value of investment property as on 31st March, 2025 is Rs.9093/- Lakhs (9088/- Lakhs)

The company obtains independent valuations for its investment in properties. The best evidence of fair value is current prices in an active market for similar properties. Where such information is not available, the company consider information from a variety of sources including:

- current prices in an active market for properties of different nature or recent prices of similar properties in less active markets, adjusted to reflect those differences.
- discounted cash flow projections based on reliable estimates of future cash flows.
- capitalised income projections based upon a property's estimated net market income, and a capitalisation rate derived from an analysis of market evidence.

The fair values of investment in commercial properties have been determined by Independent Valuer H. Mehta & Associates. The main inputs used are the rental growth rates, expected vacancy rates, terminal yields and discount rates based on comparable transactions and industry data. All resulting fair value estimates for investment properties are included in level 3.

Note 38 - Financial instruments
i) Fair values hierarchy

Financial assets and financial liabilities measured at fair value in the statement of financial position are grouped into three levels of a fair value hierarchy. The three levels are defined based on the observability of significant inputs to the measurement, as follows:

Level 1 : quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2 : The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity specific estimates.

Level 3 : inputs for the asset or liability that are not based on observable market data (unobservable inputs).

ii) risk management

The Company's activities expose it to market risk, liquidity risk and credit risk. This note explains the sources of risk which the entity is exposed to and how the entity manages the risk and the related impact in the financial statements :

Risk	Exposure arising from	Measurement	Management
Credit risk	Cash and cash equivalents, trade receivables, derivative financial instruments, financial assets measured at amortised cost	Aging analysis	Bank deposits, diversification of asset base, credit limits and collateral.

Market risk - security price	Investments in equity, Mutual fund	Sensitivity analysis	Portfolio diversification

The Company's risk management is carried out by a central treasury department of the Company under policies approved by the Board of Directors. The Board of Directors provide written principles for overall risk management, as well as policies covering specific areas, such as foreign exchange risk, interest rate risk, market risk, credit risk and investment of excess liquidity.

A) Credit Risk:

Credit risk is the risk that a customer or counter party to a financial instrument will fail to perform or pay amounts due to the Company causing financial loss. It arises from cash and cash equivalents, deposits with banks and financial institutions, security deposits, loans given and principally from credit exposures to customers relating to outstanding receivables. The

Company's maximum exposure to credit risk is limited to the carrying amount of financial assets recognised at reporting date. The Company continuously monitors defaults of customers and other counterparties, identified either individually or by the Company, and incorporates this information into its credit risk controls. Where available at reasonable cost, external credit ratings and/or reports on customers and other counterparties are obtained and used. The Company's policy is to deal only with creditworthy counterparties.

In respect of trade and other receivables, the Company is not exposed to any significant credit risk exposure to any single counterparty or any company of counterparties having similar characteristics. Trade receivables consist of a large number of customers in various parts of India. The Company has very limited history of customer default, and considers the credit quality of trade receivables that are not past due or impaired to be good.

The credit risk for cash and cash equivalents, mutual funds, bank deposits, loans and derivative financial instruments is considered negligible, since the counterparties are reputable organisations with high quality external credit ratings.

Company provides for expected credit losses on financial assets by assessing individual financial instruments for expectation of any credit losses. Since the assets have very low credit risk, and are for varied natures and purpose, there is no trend that the company can draw to apply consistently to entire population. For such financial assets, the Company's policy is to provide for 12 month expected credit losses upon initial recognition and provides for lifetime expected credit losses upon significant increase in credit risk. The Company does not have any expected loss based impairment recognised on such assets considering their low credit risk nature, though incurred loss provisions are disclosed under each sub-category of such financial assets.

Detail of trade receivables that are past due is given below :

Particulars	As at 31-Mar-25	As at 31-Mar-24

B) Liquidity risk:

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due. Due to the nature of the business, the Company maintains flexibility in funding by maintaining availability under committed facilities.

Management monitors rolling forecasts of the Company's liquidity position and cash and cash equivalents on the basis of expected cash flows. The Company takes into account the liquidity of the market in which the entity operates. In addition, the Company's liquidity management policy involves projecting cash flows in major currencies and considering the level of liquid assets necessary to meet these, monitoring balance sheet liquidity ratios against internal and external regulatory requirements and maintaining debt financing plans.

Financing arrangements

The Company had obtained credit facility of Rs. 1035 Lakhs from Kotak Mahindra Bank Ltd, however the same has not been utilized.

Contractual maturities of financial liabilities

The tables below analyse the Company's financial liabilities into relevant maturity groupings based on their contractual maturities for all non-derivative financial liabilities. The amounts disclosed in the table are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying amounts as the impact of discounting is not significant.

Refer Note No. 20 for the Trade payables bifurcation.

C) Market risk - foreign exchange

The Company is exposed to foreign exchange risk arising from foreign currency transactions, primarily with respect to US Dollar. Foreign exchange risk arises from recognised assets and liabilities denominated in a currency that is not the Company's functional currency. The Company, as per its overall strategy imports raw materials on the basis of market demand. The Company does not use forward contracts and swaps for speculative purposes.

Sensitivity

The sensitivity to profit or loss from changes in the exchange rates arises mainly from financial instruments denominated in USD. In case of a reasonably possible change in INR/USD exchange rates of +/- 2% (previous year +/- 2%) at the reporting date, keeping all other variables constant, there would have been an impact on profits of INR 239.67 Lakhs (previous year INR 143.56 Lakhs).

D) Interest rate risk
i) Liabilities

The Company's policy is to minimise interest rate cash flow risk exposures on long-term financing. At 31 March 2025, the Company is exposed to changes in market interest rates through bank borrowings at variable interest rates.

Interest rate risk exposure

Below is the overall exposure of the Company to interest rate risk:

(Amounts are in lakhs unless stated otherwise)

Particulars	As at 31-Mar-25	As at 31-Mar-24
Variable rate borrowing	-	-
Fixed rate borrowing	-	-
Total Borrowings	-	-

Sensitivity

The sensitivity to profit or loss in case of a reasonably possible change in interest rates of +/- 50 basis points (previous year: +/- 50 basis points), keeping all other variables constant, would have resulted in an impact on profits by INR 0.006 Lakhs (Previous year INR 0.002 Lakhs)

ii) Assets

The Company's financial assets are carried at amortised cost and are at fixed rate only. They are, therefore, not subject to interest rate risk since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

E) Price risk
Exposure from investments in mutual funds :

The Company's exposure to price risk arises from investments in mutual funds held by the Company and classified in the balance sheet as fair value through other comprehensive income. To manage its price risk arising from investments in mutual funds, the Company invest only in liquid Funds.

Sensitivity

The sensitivity to profit or loss in case of an increase in price of the instrument by 5% keeping all other variables constant would have resulted in an impact on profits by INR 569.35 Lakhs (previous year INR 429.88 Lakhs).

Exposure from trade payables:

Company generally import on advance payment or on payment at the time of receipt documents. If there is any transaction of imports on credit basis, then such transaction is hedged.

Note 41 - Capital Management:

The Company's capital management objectives are: to ensure the Company's ability to continue as a going concern, to provide an adequate return to shareholders. The company monitors capital on the basis of the carrying amount of equity less cash and cash equivalents as presented on the face of balance sheet.

The Management assesses the Company's capital requirements in order to maintain an efficient overall financing structure while avoiding excessive leverage. This takes into account the subordination levels of the Company's various classes of debt. The Company manages the capital structure and makes adjustments to it in the light of changes in the economic conditions and the risk characteristics of the underlying assets.

The company monitors the capital on the basis of following ratios:

**Dividends
Equity shares**

(i) Final dividend for the year	-	3,20,90,000
(ii) Dividends not recognised at the end of the reporting period	3,20,90,000	-

**Independent Auditor's Report****To the Members of INDO BORAX & CHEMICALS LIMITED****Report on the Audit of the Consolidated Financial Statements****Opinion**

We have audited the accompanying consolidated financial statements of INDO BORAX & CHEMICALS LIMITED (hereinafter referred to as the 'Holding Company') and its subsidiaries (Holding Company and its subsidiary together referred to as "the Group"), which comprise the consolidated Balance Sheet as at March 31, 2025, and the consolidated statement of Profit and Loss, the consolidated statement of changes in equity and the consolidated cash flows Statement for the year then ended, and notes to the consolidated financial statements, material accounting policy information and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of their consolidated state of affairs of the Company as at March 31, 2025, of consolidated profit/loss, consolidated changes in equity and its consolidated cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by ICAI, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit matter:

We have determined that there are no key audit matters to communicate in our report.

Other Information:

The Holding Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Holding Company's annual report, but does not include the consolidated financial statements and our auditors' report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed and based on the work done/ audit report of other auditors, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Emphasis of Matter

We draw your kind attention to the Note No. 45 to the consolidated financial statement; The Group has given Inter Corporate Deposit in the nature of loan to one of the party, which has filed the application for

corporate insolvency resolution process under The Insolvency and Bankruptcy code, 2016.

The Group has filed its claim as financial creditors as per the regulation 8 of the IBC code for the said outstanding amount. The Group is awaiting the outcome from National Company Law Tribunal (NCLT). Due to uncertainty in realization of the said debt and pending decision of NCLT Group continues not to provide interest on the said loan for the financial year ended 31-03-2025.

Our opinion is not modified in respect of this matter.

Management's and Board of Directors' Responsibility for the Consolidated Financial Statements :

The Holding Company's Board of Directors is responsible for the preparation and presentation of these consolidated financial statements in term of the requirements of the Companies Act, 2013 that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group including its Associates and Jointly controlled entities in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act. The respective Board of Directors of the companies included in the Group and of its associates and jointly controlled entities are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group and of its associates and jointly controlled entities are responsible for assessing the ability of the Group and of its associates and jointly controlled entities to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group and of its associates and jointly controlled entities are responsible for overseeing the financial reporting process of the Group and of its associates and jointly controlled entities.

Auditor's Responsibility for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- (i) Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- (ii) Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, under Section 143(3)(i) of the Act, we are also responsible for expressing an opinion on whether the Holding Company has in place an adequate internal financial controls with reference to consolidated financial statements in place and the operating effectiveness of such controls
- (iii) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management
- (iv) Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- (v) Evaluate the overall presentation, structure and content of the Ind AS financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- (vi) Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by the other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable,

related safeguards.

From the matters communicated with those charged with governance, the auditor determines those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. In accordance with the requirements of SA 701, the auditor describes these matters in the auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, the auditor determines that a matter should not be communicated in the auditor's report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication

Other Matters

- a) We did not audit the financial statements of subsidiary whose financial statements reflect total assets of Rs. 1185.65 lakh as at 31st March, 2025, total revenues of Rs. 83.33 lakh and net cash flows amounting to Rs. 83.33 lakh for the year ended on that date, as considered in the consolidated financial statements. The consolidated financial statements also include the Group's share of net profit/loss after tax of Rs. 62.33 lakh for the year ended 31st March, 2025, as considered in the consolidated financial statements, in respect of above mention associates, whose financial statements have not been audited by us. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiary and our report in terms of sub-sections (3) and (11) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiary, is based solely on the reports of the other auditors.

**ANNEXURE 'A' TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE CONSOLIDATED FINANCIAL STATEMENTS OF INDO BORAX & CHEMICALS LIMITED****Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended March 31, 2025, We have audited the internal financial controls over financial reporting of Indo Borax & Chemicals Limited (hereinafter referred to as "the Holding Company") and its subsidiary company, which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding company, its subsidiary company, which is the company incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI)]. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the ICAI and the Standards on Auditing, prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Company and its

subsidiary companies, which are companies incorporated in India.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company, its subsidiary companies, and its associate companies which are companies incorporated in India have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Summary of Material Accounting Policies and Other Explanatory Information for the year ended 31st March 2025
Corporate Information

Indo Borax & Chemicals Limited (the Company) is a public limited company incorporated and domiciled in India. Its shares are listed on Stock Exchange in India. It has formed its subsidiary Indoborax Infrastructure Private Limited. The registered office is at 302, Link Rose, Linking Road, Santacruz (West), Mumbai - 400054. The Company is engaged in manufacturing of Boron products.

The Consolidated accounts for the year ended 31st March, 2025 were consolidated on the basis of audited accounts presented by the subsidiary Indoborax Infrastructure Private Limited.

a) General information and Compliance with Ind AS :

The consolidated financial statements include the financial statements of the parent company and its subsidiary (hereinafter referred as group)

Name of the Subsidiary	Principle activities	Country of Incorporation	Proportion of ownership interest in (%)	
			2024-25	2023-24
Indoborax Infrastructure Private Limited	Builders and Developers	India	100%	100%

The consolidated financial statements have been prepared in accordance with Ind AS notified by the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016. Accordingly, the consolidated financial statements for the year ended 31 March 2025 are the Group's Ind AS consolidated financial statements. For periods up to and including the year ended 31 March 2025, the Group prepared its consolidated financial statements in accordance with accounting standards notified under section 133 of the Companies Act 2013 (the 'Act'), read together with paragraph 7 of the Companies (Accounts) Rules, 2014 (Indian GAAP).

Overall Consideration

The consolidated financial statements have been prepared using the significant accounting policies and measurement bases summarised below. These were used throughout all periods presented in the financial statements, except where the Group has applied certain accounting.

Basis of preparation

The Consolidated financial statements have been prepared on accrual and going concern basis. The accounting policies are applied consistently to all the periods presented in the Consolidated financial statements. All assets and liabilities have been classified as current or non current as per the Group normal operating cycle and other criteria as set out in the Division II of Schedule III to the Companies Act, 2013. Based on the nature of products and the time between acquisition of assets for processing and their realisation in cash and cash equivalents, the Group has ascertained its operating cycle as 12 months for the purpose of current or non-current classification of assets and liabilities.

Subsidiary entity where the group exercise or controls 100% of its total share capital. The net assets and results of acquired businesses are included in the consolidated financial statements from their respective dates of acquisition, being the date on which the Group obtains control.

The consolidated financial statements have been prepared using uniform accounting policies for like transactions and other events in similar circumstances. The accounting policies adopted in the preparation of consolidated financial statements are consistent with those of previous year. The financial statements of the Company and its subsidiary have been combined on a line-by-line basis by adding together the book values of like items of assets, liabilities, income and expenses, after eliminating intra group balances, intra group transactions and the unrealised profits/losses, unless cost/revenue cannot be recovered.

b) Current versus non current classification

The Group presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is classified as current when it is:

- Expected to be realised or intended to sold or consumed in normal operating cycle,
- Held primarily for the purpose of trading,
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

**A liability is classified as current when**

- i. It is expected to be settled in normal operating cycle
- ii. It is held primarily for the purpose of trading
- iii. It is due to be settled within twelve months after the reporting period, or
- iv. There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. Deferred tax assets and liabilities are classified as non-current assets and liabilities.

c) Property, Plant and Equipment :

Property, plant and equipment are stated at their cost of acquisition. The cost comprises purchase price, borrowing cost if capitalisation criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company. All other repair and maintenance costs are recognised in statement of profit and loss as incurred.

Subsequent measurement (depreciation and useful lives) :

Depreciation on property, plant and equipment is provided on straight line method on assets located in Factory premises. The company has followed written-down value method of providing depreciation with respect to assets located at Head Office. The Depreciation is computed on the basis of useful lives (as set out below) prescribed in Schedule II the Act:

The amortisation period and the amortisation method for finite-life intangible assets is reviewed at each financial year end and adjusted prospectively, if appropriate.

Description of Asset	Estimated useful life (in years)
Office Building	60
Factory Building	30
Plant and equipment	20
Office equipment	5
Computers	3
Electric installation	10
Furniture and fixtures	10
Vehicles	8

Leasehold improvements have been amortised over the estimated useful life of the assets or the period of lease, whichever is lower. The residual values, useful lives and method of depreciation are reviewed at each financial year end and adjusted prospectively, if appropriate.

Material items such as spare parts, stand-by equipment and service equipment are classified as PPE when they meet the definition of PPE as specified in Ind AS 16 – Property, Plant and Equipment

De-recognition

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the income statement when the asset is derecognised.

d) Impairment of non-financial assets

At each reporting date, the Group assesses whether there is any indication based on internal/external factors, that an asset may be impaired. If any such indication exists, the Group estimates the recoverable amount of the asset. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount and the reduction is treated as an impairment loss and is recognised in the statement of profit and loss. All assets are subsequently reassessed for indications that an impairment loss previously recognised may no longer exist. An impairment loss is reversed if the asset's or cash-generating unit's recoverable amount exceeds its carrying amount.

The impairment losses and reversals are recognised in statement of profit and loss.

**e) Financial instruments****Financial assets****Initial recognition and measurement**

Financial assets and financial liabilities are recognised when the group becomes a party to the contractual provisions of the financial instrument and are measured initially at fair value adjusted for transaction costs.

Subsequent measurement

- i) Financial instruments at amortised cost – the financial instrument is measured at the amortised cost if both the following conditions are met:

The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. All the debt instruments of the Group are measured at amortised cost.

Trade Receivables and Loans :

Trade receivables are initially recognised at fair value. Subsequently, these assets are held at amortised cost, using the effective interest rate (EIR) method net of any expected credit losses. The EIR is the rate that discounts estimated future cash income through the expected life of financial instrument.

Mutual Funds, Equity investment, bonds and other financial instruments :

Mutual Funds, Equity investment, bonds and other financial instruments in the scope of Ind As 109 are measured at fair value through profit & loss account (FVOCI).

Financial liabilities**Initial recognition and measurement**

All financial liabilities are recognised initially at fair value and transaction cost that is attributable to the acquisition of the financial liabilities is also adjusted. These liabilities are classified as amortised cost.

Subsequent measurement

Subsequent to initial recognition, these liabilities are measured at amortised cost using the effective interest method. These liabilities include borrowings.

De-recognition of financial liabilities

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de- recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

f) Impairment of financial assets

In accordance with Ind AS 109, the group applies expected credit loss (ECL) model for measurement and recognition of impairment loss for financial assets.

ECL is the difference between all contractual cash flows that are due to the Group in accordance with the contract and all the cash flows that the Company expects to receive. When estimating the cash flows, the group is required to consider.

- i. All contractual terms of the financial assets (including prepayment and extension) over the expected life of the assets.
- ii. Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

Other financial assets

For recognition of impairment loss on other financial assets and risk exposure, the group determines whether there has been a significant increase in the credit risk since initial recognition and if credit risk has increased significantly, impairment loss is provided.

g) Inventories

Raw Material: Lower of cost or net realisable value. Cost is determined on first in first out ('FIFO') basis.

Work in progress, are valued at lower of cost and net realisable value. Cost of work in progress and manufactured finished goods comprises direct material, cost of conversion and other costs incurred in bringing these inventories to their present location and condition.

Finished goods: Lower of cost or net realisable value. Cost is determined on FIFO basis, includes direct material and labour expenses and appropriate proportion of manufacturing overheads based on the normal capacity for manufactured goods.

Net realisable value is the estimated selling price in the ordinary course of business less estimated costs of completion and estimated costs of necessary to make the sale.

h) Foreign Currency Transaction

Initial recognition

The Company's financial statements are presented in INR, which is also the Group's functional currency. Transactions in foreign currencies are recorded on initial recognition in the functional currency at the exchange rates prevailing on the date of the transaction.

Measurement at the balance sheet date

Foreign currency monetary items of the Group, outstanding at the balance sheet date are restated at the year-end rates. Non-monetary items which are carried at historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined.

Treatment of exchange difference

Exchange differences that arise on settlement of monetary items or on reporting at each balance sheet date of the Group's monetary items at the closing rate are recognised as income or expenses in the period in which they arise.

i) Income taxes:

Tax expense recognised in statement of profit and loss comprises the sum of deferred tax and current tax not recognised in Other Comprehensive Income ('OCI') or directly in equity.

Current income-tax is measured at the amount expected to be paid to the tax authorities in accordance with the Indian Income-tax Act. Current income-tax relating to items recognised outside statement of profit and loss is recognised outside statement of profit and loss (either in OCI or in equity).

Deferred income-tax is calculated using the liability method. Deferred tax liabilities are generally recognised in full for all taxable temporary differences. Deferred tax assets are recognised to the extent that it is probable that the underlying tax loss, unused tax credits or deductible temporary difference will be utilised against future taxable income. This is assessed based on the Group's forecast of future operating results, adjusted for significant non-taxable income and expenses and specific limits on the use of any unused tax loss or credit. Deferred tax assets or liability arising during tax holiday period is not recognised to the extent it reverses out within the tax holiday period. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date. Deferred tax relating to items recognised outside statement of profit and loss is recognised outside statement of profit and loss (either in OCI or in equity).

j) Cash and cash equivalents

Cash and cash equivalents comprise cash in hand, demand deposits with banks/corporations and short-term highly liquid investments (original maturity less than 3 months) that are readily convertible into known amount of cash and are subject to an insignificant risk of change in value.

k) Post-employment, long term and short term employee benefits

i) Short Term Employee Benefits:

All employee benefits payable within twelve months of receiving employee services are classified as short-term employee benefits. These benefits include salaries and wages, bonus and ex-gratia.

ii) Defined contribution plans:

Employee benefits in the form of contribution to Provident Fund managed by Government authorities, Employees State Insurance Corporation and Labour Welfare Fund are considered as defined contribution plan and the

contributions are charged to the Profit and Loss Account of the year when the contributions to the respective funds are due.

iii) Defined benefit plans

Retirement benefit in the form of Gratuity benefit is considered as defined benefit obligation and is provided for on the basis of an actuarial valuation.

iv) Gratuity:

The group has an obligation towards gratuity, a defined benefit retirement plan covering eligible employees. The plan provides for payment to vested employees at retirement, death while in employment or on termination of employment of an amount based on the respective employee's salary and the tenure of employment. Vesting occurs upon completion of given years of service. The company makes contribution to employees group gratuity fund established by Life Insurance Corporation of India. Actuarial gains and losses arising from changes in actuarial assumptions are recognised in the Profit and Loss account in the period in which they arise.

l) Operating expenses:

Operating expenses are recognised in profit or loss upon utilisation of the service or as incurred.

m) Borrowing costs

Borrowing costs directly attributable to the acquisitions, construction or production of a qualifying asset are capitalised during the period of time that is necessary to complete and prepare the asset for its intended use or sale. Other borrowing costs are expensed in the period in which they are incurred and reported in finance costs.

n) Fair value measurement

The Group measures financial instruments, at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- i. In the principal market for the asset or liability, or
- ii. In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

o) Provisions, contingent assets and contingent liabilities

Provisions are recognised only when there is a present obligation, as a result of past events, and when a reliable estimate of the amount of obligation can be made at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates. Provisions are discounted to their present values, where the time value of money is material.

Contingent liability is disclosed for

- i. Possible obligations which will be confirmed only by future events not wholly within the control of the Group or:
- ii. Present obligations arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made.

Contingent assets are not recognized. However, when inflow of economic benefit is probable, related asset is disclosed.

p) Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period is adjusted for events including a bonus issue.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

q) Business Combinations and Goodwill**Acquisition method**

Acquisitions of businesses are accounted for using the acquisition method. The consideration transferred in a business

combination is measured at fair value, which is calculated as the sum of the acquisition-date fair values of the assets transferred by the Group, liabilities incurred by the Group to the former owners of the acquiree and the equity interests issued by the Group in exchange for control of the acquiree. Acquisition related costs are recognised in the Consolidated Statement of Profit and Loss as incurred.

At the acquisition date, the identifiable assets acquired and the liabilities assumed are recognised at their acquisition date fair values. For this purpose, the liabilities assumed include contingent liabilities representing present obligation and they are measured at their acquisition fair values irrespective of the fact that outflow of resources embodying economic benefits is not probable. However, the following assets and liabilities acquired in a business combination are measured at the basis indicated below:

- a) deferred tax assets or liabilities, and the assets or liabilities related to employee benefit arrangements are recognised and measured in accordance with Ind AS 12 'Income Taxes' and Ind AS 19 "Employee Benefits" respectively;
- b) liabilities or equity instruments related to share based payment arrangements of the acquiree or share – based payments arrangements of the Group entered into to replace share based payment arrangements of the acquiree are measured in accordance with Ind AS 102 "Share-based Payments" at the acquisition date; and
- c) assets (or disposal Groups) that are classified as held for sale in accordance with Ind AS 105 "Non-current Assets Held for Sale and Discontinued Operations" are measured in accordance with that standard.

When the Group acquires a business, it assesses the financial assets and liabilities assumed for appropriate classification and designation in accordance with the contractual terms, economic circumstances and pertinent conditions as at the acquisition date. When a business combination is achieved in stages, the Group's previously held equity interest in the acquiree is remeasured to fair value at the acquisition date (i.e. the date when the Group obtains control) and the resulting gain or loss, if any, is recognised in the Consolidated Statement of Profit and Loss. Any contingent consideration to be transferred by the acquirer is recognised at fair value at the acquisition date. Contingent consideration classified as an asset or liability that is a financial instrument and within the scope of Ind AS 109 "Financial Instruments", is measured at fair value with changes in fair value recognised in Consolidated Statement of Profit and Loss. If the contingent consideration is not within the scope of Ind AS 109, it is measured in accordance with the appropriate Ind AS. Contingent consideration that is classified as equity is not re-measured at subsequent reporting dates and subsequent its settlement is accounted for within equity.

Goodwill

Goodwill is measured at cost, being the excess of the aggregate of the consideration transferred, the amount recognised for non-controlling interests, and any previous interest held, over the net identifiable assets acquired and liabilities assumed.

After initial recognition, goodwill is measured at cost less any accumulated impairment losses. For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to each of the Group's cash-generating units that are expected to benefit from the combination, irrespective of whether other assets or liabilities of the acquiree are assigned to those units.

A cash generating unit to which goodwill has been allocated is tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro-rata based on the carrying amount of each asset in the unit. Any impairment loss for goodwill is recognised in profit or loss. An impairment loss recognised for goodwill is not reversed in subsequent periods. Where goodwill has been allocated to a cash generating unit and part of the operation within that unit is disposed of, the goodwill associated with the disposed operation is included in the carrying amount of the operation when determining the gain or loss on disposal. Goodwill disposed in these circumstances is measured based on the relative values of the disposed operation and the portion of the cash-generating unit retained.

r) Revenue recognition

Sales of goods

IND AS 115: Revenue from Contracts with Customers

Revenue from Contracts with Customers Ind AS 115 establishes a single comprehensive model for entities to use in accounting for revenue arising from contracts with customers. Ind AS 115 will supersede the current revenue recognition standard Ind AS 18 Revenue, Ind AS 11 Construction Contracts when it becomes effective. The core principle of Ind AS 115 is that an entity should recognise revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. Specifically, the standard

introduces a 5-step approach to revenue recognition:

- Step 1 : Identify the contract(s) with a customer
- Step 2 : Identify the performance obligation in contract
- Step 3 : Determine the transaction price
- Step 4 : Allocate the transaction price to the performance obligations in the contract
- Step 5 : Recognise revenue when (or as) the entity satisfies a performance obligation

Under Ind AS 115, an entity recognises revenue when (or as) a performance obligation is satisfied, i.e. when 'control' of the goods or services underlying the particular performance obligation is transferred to the customer. The Company has completed its evaluation of the possible impact of Ind AS 115 and will adopt the standard from 1st April, 2018.

Interest Income

Interest income is recognised on an accrual basis using the effective interest method.

Dividend

Dividends are recognised at the time the right to receive the payment is established.

s) Segment Information

The managing committee is considered to be the 'Chief Operating Decision Maker' (CODM) as defined in IND AS 108. The Operating Segment is the level at which discrete financial information is available. The CODM allocates resources and assess performance at this level. The Company has one operating segment i.e. Chemical Manufacturing which includes Boron Products.

t) Accounting for Lease:

Group as a lessee:

The Group applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low value assets. The Company recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

As per Ind AS 116, the lessee needs to recognise depreciation on rights of use assets and finance costs on lease liabilities in the statement of profit and loss.

Leases where the lessor effectively retains substantially all the risks and benefits of ownership of the leased item are classified as operating leases. Operating lease payments are recognised as an expense in the Statement of Profit and Loss on a straight-line basis over the lease term unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

Leases where the lessor effectively retains substantially all the rights and benefits of ownership of the leased assets are classified as operating leases. At the date of commencement of lease the Group Company recognizes a right-of-use asset (ROU) and a corresponding lease liability for all lease arrangements in which it is a lease except for leases with a term of twelve months or less and low value leases. For these short term and low value leases the Group Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

The right to use assets are initially recognized at cost which comprises initial amount of the lease liability adjusted for any lease payment made at or prior to the date of the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-to- use assets are depreciated from the commencement date on straight line basis over lesser of the lease period or the useful life of the asset.

Lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable using the incremental borrowing rate for the Group.

u) Government Grants:

Government grants / subsidies received towards specific fixed assets have been deducted from the gross value of the concerned fixed assets.

(iii) Fair value of investment property as on 31st March, 2025 is Rs. 9093/- Lakhs (9088.00 Lakhs)

The company obtains independent valuations for its investment in properties. The best evidence of fair value is current prices in an active market for similar properties. Where such information is not available, the company consider information from a variety of sources including:

- * current prices in an active market for properties of different nature or recent prices of similar properties in less active markets, adjusted to reflect those differences.
- * discounted cash flow projections based on reliable estimates of future cash flows.
- * capitalised income projections based upon a property's estimated net market income, and a capitalisation rate derived from an analysis of market evidence.

The fair values of investment in commercial properties have been determined by Independent Valuer H. Mehta & Associates. The main inputs used are the rental growth rates, expected vacancy rates, terminal yields and discount rates based on comparable transactions and industry data. All resulting fair value estimates for investment properties are included in level 3.

Note 38 - Financial instruments
i) Fair values hierarchy

Financial assets and financial liabilities measured at fair value in the statement of financial position are grouped into three levels of a fair value hierarchy. The three levels are defined based on the observability of significant inputs to the measurement, as follows:

Level 1 : quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2 : The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity specific estimates.

Level 3 : inputs for the asset or liability that are not based on observable market data (unobservable inputs).

Financial assets and liabilities measured at fair value - recurring fair value measurements

ii) risk management

The Group's activities expose it to market risk, liquidity risk and credit risk. This note explains the sources of risk which the entity is exposed to and how the entity manages the risk and the related impact in the financial statements:

Risk	Exposure arising from	Measurement	Management
Credit risk	Cash and cash equivalents, trade receivables, derivative financial instruments, financial assets measured at amortised cost	Aging analysis	Bank deposits, diversification of asset base, credit limits and collateral.
Liquidity risk	Borrowings and other liabilities	Rolling cash flowforecasts	Availability of committed credit lines and borrowing facilities

The Company's risk management is carried out by a central treasury department of the Company under policies approved by the Board of Directors. The Board of Directors provide written principles for overall risk management, as well as policies covering specific areas, such as foreign exchange risk, interest rate risk, market risk, credit risk and investment of excess liquidity.

A) Credit Risk

Credit risk is the risk that a customer or counterparty to a financial instrument will fail to perform or pay amounts due to the Group causing financial loss. It arises from cash and cash equivalents, deposits with banks and financial institutions, security deposits, loans given and principally from credit exposures to customers relating to outstanding receivables. The Group's maximum exposure to credit risk is limited to the carrying amount of financial assets recognised at reporting date.

The Company continuously monitors defaults of customers and other counterparties, identified either individually or by the Company, and incorporates this information into its credit risk controls. Where available at reasonable cost, external credit ratings and/or reports on customers and other counterparties are obtained and used. The Company's policy is to deal only with creditworthy counterparties.

In respect of trade and other receivables, the Group is not exposed to any significant credit risk exposure to any single counterparty or any company of counterparties having similar characteristics. Trade receivables consist of a large number of customers in various parts of India. The Group has very limited history of customer default, and considers the credit quality of trade receivables that are not past due or impaired to be good.

The credit risk for cash and cash equivalents, mutual funds, bank deposits, loans and derivative financial instruments is considered negligible, since the counterparties are reputable organisations with high quality external credit ratings.

Group provides for expected credit losses on financial assets by assessing individual financial instruments for expectation of any credit losses. Since the assets have very low credit risk, and are for varied natures and purpose, there is no trend that the company can draw to apply consistently to entire population. For such financial assets, the Group's policy is to provide for 12 month expected credit losses upon initial recognition and provides for lifetime expected credit losses upon significant increase in credit risk. The Group does not have any expected loss based impairment recognised on such assets considering their low credit risk nature, though incurred loss provisions are disclosed under each sub-category of such financial assets.

Detail of trade receivables that are past due is given below:

B) Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due. Due to the nature of the business, the Company maintains flexibility in funding by maintaining availability under committed facilities.

Management monitors rolling forecasts of the Group's liquidity position and cash and cash equivalents on the basis of expected cash flows. The Group takes into account the liquidity of the market in which the entity operates. In addition, the Group's liquidity management policy involves projecting cash flows in major currencies and considering the level of liquid assets necessary to meet these, monitoring balance sheet liquidity ratios against internal and external regulatory requirements and maintaining debt financing plans.

Financing arrangements

The Group had obtained credit facility of Rs. 1035 Lakhs from Kotak Mahindra Bank Ltd, however the same has not been utilized.

Contractual maturities of financial liabilities

The tables below analyse the Group's financial liabilities into relevant maturity groupings based on their contractual maturities for all non-derivative financial liabilities. The amounts disclosed in the table are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying amounts as the impact of discounting is not significant.

Refer Note No. 20 for the Trade payables bifurcation.

C) Market risk - foreign exchange

The Group is exposed to foreign exchange risk arising from foreign currency transactions, primarily with respect to US Dollar. Foreign exchange risk arises from recognised assets and liabilities denominated in a currency that is not the Group's functional currency. The Group, as per its overall strategy group imports raw materials on the basis of market demand. The Group does not use forward contracts and swaps for speculative purposes.

Sensitivity

The sensitivity to profit or loss from changes in the exchange rates arises mainly from financial instruments denominated in USD. In case of a reasonably possible change in INR/USD exchange rates of +/- 2% (previous year +/- 2%) at the reporting date, keeping all other variables constant, there would have been an impact on profits of INR 239.67 Lakhs (previous year INR 143.56 Lakhs).

D) Interest rate risk
i) Liabilities

The Company's policy is to minimise interest rate cash flow risk exposures on long-term financing. At 31 March 2025, the Company is exposed to changes in market interest rates through bank borrowings at variable interest rates.

Interest rate risk exposure

Below is the overall exposure of the Group to interest rate risk:

(Amounts are in lakhs unless stated otherwise)

Particulars	As at March 31, 2025	As at March 31, 2024
Variable rate borrowing	-	-
Fixed rate borrowing	-	-

Sensitivity

The sensitivity to profit or loss in case of a reasonably possible change in interest rates of +/- 50 basis points (previous year: +/- 50 basis points), keeping all other variables constant, would have resulted in an impact on profits by INR 0.006 Lakhs (Previous year INR 0.002 Lakhs)

ii) Assets

The Group's financial assets are carried at amortised cost and are at fixed rate only. They are, therefore, not subject to interest rate risk since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates

E) Price risk
Exposure from investments in mutual funds:

The Group's exposure to price risk arises from investments in mutual funds held by the Group and classified in the balance sheet as fair value through other comprehensive income. To manage its price risk arising from investments in mutual funds, the Group invest only in liquid Funds.

Sensitivity

The sensitivity to profit or loss in case of an increase in price of the instrument by 5% keeping all other variables constant would have resulted in an impact on profits by INR 569.35 Lakhs (previous year INR 429.88 Lakhs).

Exposure from trade payables:

Group generally import on advance payment or on payment at the time of receipt documents. If there is any transaction of imports on credit basis, then such transaction is hedged.

Note 41 - Capital Management

The Group's capital management objectives are: to ensure the group's ability to continue as a going concern, to provide an adequate return to shareholder. The Group monitors capital on the basis of the carrying amount of equity less cash and cash equivalents as presented on the face of balance sheet.

The Management assesses the group's capital requirements in order to maintain an efficient overall financing structure while avoiding excessive leverage. This takes into account the subordination levels of the group's various classes of debt. The Group manages the capital structure and makes adjustments to it in the light of changes in the economic conditions and the risk characteristics of the underlying assets.

The company monitors the capital on the basis of following ratios

Dividends
Equity shares

(i) Final dividend for the year

- 320.90

(ii) Dividends not recognised at the end of the reporting period

320.90
