FORWARD-LOOKING STATEMENTS

In this Annual Report, we have disclosed forward looking information to enable investors to comprehend our prospects and take investment decisions. This report and other statements - written and oral - that we periodically make contain forward looking statements that set out anticipated results based on the management's plans and assumptions. We have tried, wherever possible, to identify such statements by using words such as 'anticipate', 'estimate', 'expects', 'projects', 'intends', 'plans', 'believes', and words of similar substance in connection with any discussion of future performance. We cannot guarantee that these forward looking statements will be realised, although we believe we have been prudent in our assumptions. The achievements of results are subject to risks, uncertainties and even inaccurate assumptions. Should known or unknown risks or uncertainties materialise, or should underlying assumptions prove inaccurate, actual results could vary materially from those anticipated, estimated or projected. Readers should keep this in mind. We undertake no obligation to publicly update any forward looking statement, whether as a result of new information, future events or otherwise.

The next one year will catapult us to new levels of progress as we surge forward on the path from exceptional to exponential growth.

It's a progressive charter built on the foundations we have strengthened over the past one year.

For BLS International, FY 2015-16 has been an exciting year underlined by focused initiatives and extraordinary developments:

- Led by our unique strategy, we augmented the reach of our passport/visa/attestation services across new geographies of growth.
- Leveraging our synergistic strengths, we made a power-packed foray into the e-governance space, bagging our first major project from the Punjab state.

Today, even as we continue to augment our strengths in our existing business of passport, visa and attestation services, we are fully powered to capitalize on the humungous prospects in the digital arena.

- Driven by our unique expertise and unrivalled experience in handling the processing needs of millions of people around the world, we are ideally positioned to make the most of the opportunities being unleashed by the expanding vistas of tourism globally.
- Harnessing the `e' power which will steer the next phase of India's progress through the Digital India campaign, we are set to take a major digital leap into the future.

The future beckons us with all its opportunities, and we are well prepared to surge forward at the back of our intrinsic strengths and futuristic approach.

Harnessing the `e` power with our unique business strategy

We have come a long way, indeed, in our journey of exceptional growth and expansion, since we were awarded the Portugal embassy contract for providing services in India – the first ever for an Indian company. Today, having successfully bagged e-governance project from the Punjab e-Governance Society (Government of Punjab) through competitive bidding, we stand at the cusp of mapping exponential growth by harnessing the extraordinary growth opportunity being unveiled by the Digital India campaign.

OUR UNIQUE BUSINESS MODEL

Our unique business strategy lends us a niche position in the industry. We enter into contracts directly with Foreign Ministries, which require extensive past experience, resulting in very few players meeting the eligibility conditions for bidding globally.

We work mainly on a user-pay revenue model, whereby we receive our service fee directly from visa applicants, in addition to the visa fees which are remitted to the diplomatic mission.

OUR SERVICE PROPOSITION

- We serve the various diplomatic missions by managing all administrative and non-judgmental tasks related to the entire life cycle of a visa application process.

- We enable missions to focus on the key aspects of the visa application and conduct interviews, where we assist in scheduling interviews.
- We are enlisted with 25 missions spread across Asia, Africa, Europe, Middle East, North America.
- We are also an authorized Service Provider for attestation of documents by the Ministry of External Affairs, India. We accept documents from individuals and representatives on behalf of MEA and facilitate the MEA process of attestation by leveraging a judicious mix of technological solutions and skilled experts.
- We serve the Embassy of the State of Kuwait and High Commission of Malaysia and several others in the field of Visa/Attestation of Documents/Apostille in India.

We have forayed into the e-governance space in India by bagging the Punjab e-governance project.

WE DELIVER HOLISTIC AND DIFFERENTIAL SOLUTIONS THROUGH:

- Dedicated visa & passport application centers
- Attestation services

- Web-based modules for appointment scheduling

- online payment collection

A JOURNEY MAPPED BY NEW MILESTONES OF SUCCESS

2005

The Company established itself into an efficient service provider in the field of Passport and Visa Services with a unique business model and focussed on growth parameters on Global front by grabbing its first International project of Embassy of Portugal, New Delhi.

2008

Expanding Globally, BLS grabbed its first contract for an Indian mission abroad (Kuwait).

2009-12

Added 11 Indian missions abroad and Kuwait High Commission in New Delhi, Malaysia & UAE.

2013

Initiated foreign missions abroad (4 missions for an EU country), added 7 Indian missions abroad, including high volume locations of US and Canada.

2015

Added foreign Embassy working for foreign Government, Kenya

2016

The Company got listed on Metropolitan Stock Exchange on 4th March, 2016, and further on NSE on 14th June, 2016. The Company forayed into e-governance with Punjab Sewa Kendra project.

Unparalleled Growth

The year 2015-16 witnessed the BLS progressive trajectory being dotted by outstanding milestones to post unprecedented scale of growth. From expanding global reach to strengthening domestic delivery systems, we crossed several notable landmarks of success by harnessing the new wave of opportunities across each segment of our business.

TOUCHING NEW HEIGHTS IN FY2015-16

Financial year 2015-16 turned out to be an iconic year for BLS International, as we touched new heights of success through a series of initiatives and developments.

- We signed a contract with the Department of Immigration and Passport of Ministry of Home Affairs of Bangladesh for outsourcing of Bangladesh visa in India.
- We opened our UAE visa center in Dhaka, Bangladesh, with our staff running the visa center successfully since December 2015.
- We signed a contract with the Hungarian Ministry of Foreign Affairs for outsourcing of Hungarian visas in Baku, Azerbaijan. Our Hungarian visa center in Baku is operating in a disabled friendly building and is providing biometrics services too, since January 2016.
- We received authorization for Algerian visa submissions with the Algerian embassy in New Delhi
- We renewed our service contracts with Russia and Singapore

AND THE ICING ON THE CAKE WAS: THE PUNJAB SEWA KENDRA PROJECT

Secured from the Punjab e-Governance Society through competitive bidding, the e-governance project paves the way for BLS International Services Limited to harness the expansive e-opportunity offered by the Digital India campaign. This is the first of its kind project in India, we shall engage ourselves in delivering to the people of Punjab more than 243 services which come within the ambit of the Punjab Right to Services Act, 2011.

Working in close coordination with more than 17 government departments, we offer a single window for government services through more than 2000 Punjab Sewa Kendras, to be manned by a total of 4,000 personnel, to whom we shall provide the necessary training. Strategically located within a distance of 2.5 kms from one another, across the state, the Sewa Kendras will facilitate the citizens of the state in availing government services at their doorsteps. Software for the project is already operational and will be rolled out in phases over the next few months.

The project opens the doors for us to bid for similar e-governance projects that are expected to come up for tendering in some other states of India in the coming quarters.

GLOBAL OUTSOURCING OPPORTUNITY

On the global front, our passport and visa service is ready to be scaled up manifold with the boost in tourism the world over.

AS PER UNWTO DATA

- With more than one billion tourists travelling to an international destination every year, tourism has become a leading economic sector, contributing 10% of global GDP and 6% of the world's total exports.
- Based on the current trend and outlook, UNWTO projects international tourist arrivals to grow by 4% worldwide in 2016.
- Global tourism is expected to almost double, to 1.8 billion by 2030.
- Though Europe has traditionally been the largest market for international tourist arrivals, the UNWTO forecast suggests that, in the next decade or so, the Asia Pacific region will not be far behind.

With new opportunities being unveiled across the various segments of our business, the stage is set for our progression from exceptional to exponential growth in the years to come.

- Tourist arrivals in the Asia Pacific region are estimated to increase from 82 million in 1995 to 535 million in 2030.
- In fact, the sub-region with the largest number of tourist arrivals worldwide in 2030 is expected to be North-East Asia.

Though the industry has shown significant growth, with 30 million visa/passport applications being currently managed by specialized service providers, only 30% of the market is yet covered by outsourcing. However, key drivers such as cost savings for diplomatic missions and improvement in service efficiency are contributing to the expansion of the outsourcing service from developed countries like the US and EU, to several developing/middle income high population countries in Middle-East, South Asia, South East Asia, Central Asia. With staff shortages and cost disadvantages to cope with, more and more diplomatic missions are now opting for the outsourcing model – a trend that is likely to pick up further as tourism explodes into big business.

With 70% of the industry still non-outsourced, the demand potential likely to arise in the next few years is large. Given the niche nature of this industry, with very few key players in the market, this translates into huge opportunity for companies such as BLS, which are well equipped to handle potential of this magnitude.

ICT OPPORTUNITY IN E-GOVERNANCE

Within India, too, the opportunity matrix for BLS is continuously expanding with the Government's e-governance model. With several states, such as Haryana, Delhi and Orissa, ready to replicate the Punjab e-governance model, with the focus on leveraging IT to provide government services to citizens in more efficient manner.

Steering growth in this arena would be the Government's Digital India program, which encompasses:

Similar e-governance outsourcing opportunities are also opening up in various South East Asian countries, which are looking to integrate ICT with various functions of the government to streamline service delivery to their citizens.

Unmatched Strengths

Our robust strengths along with unique business model makes BLS ideally positioned to harness the burgeoning opportunities in the passport/visa service space, as well as e-governance. We have, in the past 10 years, acquired strong expertise, with customer-orientation steering our business strategy.

Led by the far-sighted vision of our leadership team, and driven by the dedicated hard work of our people, we have developed a robust business model that makes us ideally

positioned to capture the large opportunities in passport and visa facilitation, as well as e-governance services.

Our strong relationships with key decision makers also serve as a critical business enable us, globally, with our process-driven approach contributing to our core strengths. Our excellent track record in terms of service quality, faster turnaround of locations/applications, sustained high growth of operations and cost efficiency are other vital pegs in our wheels of progress.

WE DELIVER HOLISTIC AND DIFFERENTIAL SOLUTIONS THROUGH:

UNIQUE & HIGHLY SCALABLE MODEL

We have developed proprietary systems and processes, which we have used to successfully develop and expand our business across geographies, cultures and languages. Process and cost efficiencies are in-built in our model, which we are continually enhancing to align with the contemporary global needs of our clients.

All premises and assets are secured through electronic and physical measures, which include secure data center for hosting of web server, latest firewall and antivirus at all workstations, no local storage allowed, CCTV and remote monitoring channels at various locations, motion sensor system, alarm systems etc. Integrity of all our personnel is ensured through stringent background screening and adherence to a Code of Business Conduct. Our biometric data collection service is also fully secure and encrypted, with data purge to ensure that there are no data remains in our application system after the collection of the passport/visa.

DOCUMENT SERVICES

BLS provides extensive documents services and helps to store, retrieve, manage, control and distribute critical business and government documents in a secure manner.

WELL DIVERSIFIED PRODUCT SUITE

Given the niche nature of our business, we have developed a diversified product suite encompassing Visa Application Software and financial modules. Our digital landscape is all set to deliver more products and solutions as we expand our presence in the e-governance space.

EXCEPTIONAL CUSTOMER ORIENTATION

Timely delivery of quality service continues to be at the forefront of our customer-oriented business model. We have a 120-member multilingual call center to serve as a backbone for our customer interaction across the globe. The location enables response consistency, thereby upholding the highest BLS standards of quality and efficiency. A full-fledged team currently supports operations with the help of team leaders, quality auditors and training personnel to constantly monitor performance. Kids Corner, Form Filling Facilitation etc are some of the innovative solution services provided to customers at our VACs.

EXPERT GLOBAL RESOURCE POOL

We have in place a young and energetic team guided by experienced Board members. Our well-structured Human Resource function supports our business through promotion of organizational efficiency, process optimization and various employee engagement programs aimed at boosting productivity levels.

Our HR department is focused on the training and development of employees in the key areas of customer service and technical & managerial capacity building in order to meet the future talent requirement and organizational needs. This includes:

Interpersonal Skill Training, Induction Training, Soft Skill Training, Safety Training, Managerial Training etc.

Our workforce comprises skilled and competent people, with due care taken to ensure that the right personnel are chosen for the right job. Employees are kept motivated and incentivized through a series of positive initiatives, and they are also provided the right skill-set aimed at customer orientation. Our people are equipped to design and implement customized solutions to help our clients meet their prescribed goals.

Innovation and productivity is encouraged, with the Company's HR policy formulated to attract and retain highly skilled employees by providing them an environment conducive to their growth.

We also keep our employees motivated through various rewards and recognition programs, including 'Recognition of Best Employee of the Month'.

MD's Message

Dear Shareholders

For BLS International, it has been an iconic journey underlined by excellent growth and mapped by outstanding milestones. In just over a decade since inception, we have touched exceptional levels of growth, which we are now ready to scale exponentially.

2015-16 has been significant year for your Company, and one which laid the foundations for diversified growth of unprecedented measure. We secured our first e-governance project in India to foray into a new business that promises to unleash extraordinary growth potential for your Company in the years to come. In terms of sheer numbers, we posted a revenue growth of more than 12% to report a total income of Rs. 5,054.59 millions approximately, with EBIDTA margins growing 27.88% and PAT at 30.95% over the previous fiscal on consolidated basis.

HARNESSING GROWTH IN THE TOURISM SECTOR

Our impressive performance during the year came at the back of the exceptional growth opportunities unleashed in the tourism sector globally. The year 2015 witnessed the sixth consecutive year of above average growth in terms of international tourist arrivals, with a record total of 1,184 million tourists travelling the world. This reflects a 4% growth and an increase of 50 million tourists that travelled to an international destination during the year, according to the UNWTO.

We successfully harnessed this growth potential to bag several new contracts and notch many new milestones during the year. These including outsourcing of Bangladesh visa in India, opening of new UAE visa center in Bangladesh, contract with Hungary for opening a visa center in Baku and authorization for Algeria visa submissions in New Delhi. Our service contracts for Russia and Singapore were also renewed

during the year, endorsing the strength of our business model and the success of our customer-centric approach.

What we see ahead is even greater growth potential, which we are well positioned to capitalize. Today, with global presence spanning over 25 countries and 8 client governments, and a total of 16 million applications processed till date, BLS International has an unrivalled edge in a growing market, which continues to offer huge potential for expansion with 70% of it yet non-outsourced and growing international tourism likely to further boost demand in this niche space.

Our core strengths, encompassing a dedicated global resource pool, and backed by our technological competencies, cost and process efficiencies, superior track record and customer-centric approach, equip us with the necessary wherewithal to continue to leverage the growth opportunities in this segment, where we stand tall among the handful of companies globally to pre-qualify for large tenders.

HARNESSING THE E-GOVERNANCE OPPORTUNITY

Exceptional growth in our existing business apart, FY16 proved to be a milestone year for your Company for another reasons too. Our foray into the e-governance space in India has opened up new vistas for our growth and expansion, going forward. The fact that we won the Punjab sewa kendra project through competitive bidding, in the face of stiff competition, endorses our strength as a leading player in the digital space. More importantly, it has created an additional stream of revenue for us without negating the robustness of our unique, cash-rich business model.

Let me elaborate a little more on this landmark feat. Our foray into the e-governance space is completely aligned to our existing business model, which is asset-light and backed by a positive cash flow. This, coupled with the Government focus

“ Our impressive performance during the year came at the back of the exceptional growth opportunities unleashed in the tourism sector globally. ”

on promoting e-governance, makes it a virtually risk-free business proposition.

The Punjab project is, of course, just the beginning of the huge e-governance opportunity that is set to open up in India. We see more and more state governments adopting the e-governance model to take key services to the doorsteps of their citizens in the next few years as part of the Digital India initiative. And with our expertise and experience in the digital arena, we see ourselves ideally positioned to harness the 'e' power not just within India but also in various South East Asian countries which are getting ready to follow the same path to better governance.

FROM EXTRAORDINARY TO EXPONENTIAL GROWTH

Given the opportunity matrix that exists across our business segments, we see the Company moving proactively from extraordinary growth of the past years towards exponential growth in the coming years. Financial year 2016-17 has already begun on a high note, with BLS International Services getting listed on the National Stock Exchange (NSE) and Company has got In Principal Approval for Listing from Bombay Stock Exchange(BSE).

Listing on country's major stock Exchanges such as NSE and Metropolitan Stock Exchange has been an important milestone for your Company, which now reposes responsibility towards new shareholders and enhanced corporate governance across the stakeholders of the Company. With this development, our focus on augmenting shareholder value has gone up multifold and we shall continue to build on it going forward.

With a vision to transform the organization into a Multi Billion Dollar Entity, your Board of Directors are continuously focusing on increasing our consular service offerings, targeting more Client Governments globally, and strengthening our domestic operations through e-Governance. Diversification remains the key to our growth strategy as we look at new areas of expansion.

With opportunities galore and the policy environment favorable to the growth of our business, I see in the next few years the realization of our vision to become the global industry leader in our niche space.

ON A CONCLUDING NOTE

On this positive note, and with our strategy focused on market-leading growth and expansion, I am confident that we shall accomplish our goals with the dedicated hard work of our employees and the visionary leadership of the management team. I would like to take this opportunity to thank them for their continued support to the Company.

I would also like to express my gratitude, and that of the Board, to all our clients, partners, government agencies, bankers and other stakeholders without whose cooperation we could not have charted the kind of growth we have achieved. I am confident that we shall together take this progressive journey forward and further, to reach new horizons of progress.

Thank you
Yours sincerely

Management Discussion And Analysis Report

BLS International is one of the world's largest outsourcing and technology services specialists for governments and their diplomatic missions worldwide. The Company's services encompass managing visa and passport-issuance related administrative and non-judgemental tasks for its client governments. Being a trusted provider of solutions and services to its client governments, the Company enables diplomatic missions to focus singularly on the critical decision-making function of the visa issuance process - i.e. whether an applicant should or should not be granted a visa.

The business model for consular support outsourcing was created in India in 2001, as an opportunity (and response) to help governments and their diplomatic missions to cope with the burgeoning workload of increasing travel, stricter security norms (both internal as well as external), as well as provide increased efficiency. BLS International entered the business in 2005 by being a service provider to the Embassy of Portugal. Over the past ten years, through deep domain experience and expertise, BLS has successfully expanded its client government base to include India, Denmark, Bangladesh, etc. Steered by a combination of technological prowess and comprehensive understanding of client requirements, BLS is efficiently managing the tedious and time consuming administrative part of the visa issuance process. This benefits client governments immensely as they can concentrate their resources on the crucial judgemental part of the visa issuance process.

With passage of time, the spectrum of services offered by BLS has also broadened to enable the Company emerge as an end-to-end solution provider. Today, the company has developed a highly differentiated solutions portfolio that includes dedicated visa and passport application centers, verification and attestation services, web based modules (for appointment scheduling and online payment collection), biometrics solutions development, etc. Moreover, with a focus towards building a robust organization that thinks ahead of

it's time, BLS has tied up with the world's leading technology providers to ensure technology expertise and ingenuity for its diverse services.

INDUSTRY STRUCTURE AND DEVELOPMENTS

In just over a decade of existence, the consular support industry is relatively young. Nevertheless, in this short time period, the industry has witnessed significant changes. The outsourcing pattern, for one, has seen a paradigm shift. While the Western nations were the first to outsource, and initially outsourced Embassy tenders piecemeal, the recent trend has been of global/regional tenders. Eastern nations are also following suit and are becoming significant markets as world travel traffic grows and travel to these nations increases.

At the same time, security has become even more important, with biometric data capture (alongside visa application) being used to verify/validate visa applications. Indian government has already initiated the process, as have select European nations.

Other trends include mobile biometric capture as well as Joint Visa Application Centers.

OPPORTUNITIES

Replicating Model in New Geographies – BLS has already been serving the Ministry of External Affairs (MEA). This provides the Company with the biggest competitive advantage to extend the learnings and experience of this proven model in international countries. With new accounts expected under its belt in the coming years, this should lead to a manifold increase in wider business opportunities.

- **Joint Visa Application Centers** – BLS with its strong domain knowledge in this niche area is exploring the opportunity of setting up Joint Visa Application Centers at Schengen (specific European) countries. This would bring in tremendous economies of scale and boost profitability.

- **Global/Regional Contracts of Eastern countries** - Another significant opportunity on the horizon is the upcoming global/regional contracts of Eastern countries (such as Republic of Korea, Thailand and China). Harnessing this opportunity would reinforce the Company's position as the preferred **visa outsourcing** partner for diplomatic missions globally.
- **Leveraging Visa Consultancy business** – The Company is acknowledged as a superior, differentiated service provider offering improved facilities. This provides significant opportunity to move up the value chain. In this regard, the Visa consultancy business offers good scope to monetize the legacy of brand **BLS**, given the company's current status as a pure-visa support player vis-à-vis conventional travel agents.
- **Capitalizing on E-Governance Credentials** - The Company has made its presence felt strongly in the e-Governance domain; given its strong prior credentials in this domain, it is well-positioned to capture a significant share of the lucrative e-Governance market through collaboration with the right partners.

We've made our presence felt strongly in the e-Governance domain, and given our strong prior credentials (in the governance sector).

SEGMENT WISE AND PRODUCT WISE PERFORMANCE

Visa/Passport & OCI Application Centers

Visa/Passport & OCI Application Centers (VACs) are running as service centers. They are situated according to the relevant government's requirements in specific city locations. They accept visa applications directly from applicants or via travel agents, ensure all documentation is in order, complete basic administrative processing work – including data entry, appointment scheduling and biometric enrolment – and pass on the applications to the relevant diplomatic mission. They are also involved in delivery of passport and documents back to applicants. Computers, photocopiers and passport photo machines are available at the centers as required. Many VACs also offer VIP lounges and other services to enhance the overall experience for visa applicants.

BLS International works predominantly with a user-pay revenue model where it receives its service fee directly from visa applicants, in addition to the visa fees which are remitted to the diplomatic mission.

In some countries BLS International operates with a Facility Management Partner (FMP) for regulatory reasons. BLS International employ key managers and maintains complete control over the entire operation.

Other related offerings:

Attestation

BLS is a trusted partner to the Ministry of External Affairs, New Delhi. As one of the significant licensed attestation agencies,

it helps manage the administrative function of the attestation process for Government of India. BLS has a network of offices operating in all major cities of India and abroad.

BLS Visa Consultancy

As a forward integration, BLS has ventured into providing visa consultancy services for various countries. The current rollout has been initiated within national borders but the Company is optimistic for expanding services to new geographies as the service gains new attraction.

BLS Embassy Notification Services

Travel in a foreign country can have a component of security risk involved. One way of mitigating this risk is by informing the specific Embassy (in the destination country). BLS thus serves as secure bridge for foreign travelers.

BUSINESS OUTLOOK

BLS prides itself in maintaining long, robust relationships with clients. With a stable client relation with the Indian Government, the Company is now focused on expanding its international client base. To realize this business goal, the Company has already made key hires to this purpose. Further, for its existing clients the Company will continue to introduce technology backed innovations and focused services to increase portfolio of offerings. This will go a long way in deepening relationships with existing clients.

RISK AND CONCERNS

- As a business handling sensitive national data, the Company is susceptible to online as well as physical

attacks To facilitate effective mitigation of this risk, the Company uses a strong security framework (offline as well as online), as evidenced by its ISO certifications.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

At BLS, the Internal Controls System is designed to prevent operational risks through a framework of internal controls and processes. Processing visa application requires strict adherence to security and quality standards. Given the highly sensitive domain (as well as its direct relation to national security), BLS International places a lot of emphasis on security – data security as well as physical security – and works as per highest international security standards. Over

the last 10 years, BLS International has invested in cutting-edge data security and quality assurance technology. The very high priority it gives to security has been further highlighted by its investment in a state-of-the-art monitoring system.

The Company's uncompromising commitment for safeguarding critical information is also evident from the stringent controls and processes in place to monitor and control operations across the world. BLS International also follows strict guidelines while recruiting employees. Its global operations are certified with ISO 9001:2008 for Quality Management System and ISO 27001:2005 for Information Security Management System.

8. BUSINESS OUTLOOK

In Indian business scenario the consular support industry is relatively young (at around a decade and half) but has witnessed significant changes. The western nations were the first to outsource, and initially outsourced Embassy tenders piecemeal, but the recent trend has been of global/regional tenders. Eastern

nations are also following suit and are becoming significant markets as world travel traffic grows and travel to these nations increases.

At the same time, security has become even more important, with biometric data capture (alongside visa application) being used to verify/validate visa applications. BLS has tied up with world's leading technology providers to ensure specific technology expertise in this domain.

Other trends include mobile biometric capture as well as joint visa application centers.

BLS entered the business in 2005 with the Embassy of Portugal. The basic idea was that it could offer to take on the tedious administrative part of the visa issuance process. This would relieve the missions of this very time consuming administrative task and allow them to focus on the key decision making task – i.e. whether an applicant should or should not be granted a visa.

Over the years, BLS International has serviced a host of client governments including Denmark, India, Bangladesh, etc. In the past 10 years, the company has developed a highly differentiated solutions portfolio including dedicated visa and passport application centers, verification and attestation services, web based modules (for appointment scheduling and online payment collection), biometrics solutions development, online electronic travel advisory assistance, etc.

9. AWARD & RECOGNITION

SECRETARIAL AUDIT REPORT

FOR THE FINANCIAL YEAR ENDED 31st MARCH, 2016

[Pursuant to section 204(1) of the Companies Act, 2013 and Rule No. 9 of the Companies (Appointment and Remuneration Personnel) Rules, 2014]

To,
The Members,
BLS International Services Limited
G-4B-1 Extension, Mohan Co- Operative Indl. Estate
Mathura Road, New Delhi-44
CIN- L51909DL1983PLC016907

I have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **BLS International Services Limited** (hereinafter called "the company"). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of **BLS International Services Limited's** books, papers, minute books, forms and returns filed and other records maintained by the company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the company has, during the audit period covering the financial year ended on 31st March 2016, complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance- mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the company for the financial year ended on 31st March, 2016 according to the provisions of:

- i) The Companies Act, 2013 (the Act) and the rules made thereunder;
- ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;

Independent Auditor's Report

TO THE MEMBERS OF BLS INTERNATIONAL SERVICES LIMITED REPORT ON THE STANDALONE FINANCIAL STATEMENTS

We have audited the accompanying standalone financial statements of BLS INTERNATIONAL SERVICES LIMITED ("the Company"), which comprise the Balance Sheet as at March 31, 2016, the Statement of Profit and Loss and Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

MANAGEMENT'S RESPONSIBILITY FOR THE STANDALONE FINANCIAL STATEMENTS

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation and presentation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on these standalone financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

OPINION

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India of the state of affairs of the Company as at 31 March 2016 and its profit and its cash flows for the year ended on that date.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the Annexure A, a statement on the matters specified in the paragraph 3 and 4 of the Order.
2. As required by section 143 (3) of the Act, we report that:
 - (a) we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) in our opinion proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - (c) the Balance sheet, the Statement of profit and loss and the Cash flow statement dealt with by this Report are in agreement with the books of account;

- (d) in our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014;
- (e) on the basis of the written representations received from the directors as on 31 March 2016 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2016 from being appointed as a director in terms of Section 164 (2) of the Act;
- (f) with respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in “Annexure B”; and
- (g) with respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

- i. the Company does not have any pending litigations which would impact its financial position;
- ii. the Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;

Annexure – B to the Auditors' Report

REPORT ON THE INTERNAL FINANCIAL CONTROL UNDER CLAUSE (I) OF SUB SECTION 3 OF SECTION 143 OF THE COMPANIES ACT, 2013 (“THE ACT”)

We have audited the internal financial controls over financial reporting of BLS International Services Limited (“the Company”) as of 31 March 2016 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

MANAGEMENT’S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (“ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

AUDITORS’ RESPONSIBILITY

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Significant Accounting Policies and Notes to Accounts

For the year ended 31st March, 2016

CORPORATE INFORMATION

"BLS International Services Limited (the 'Company') is an ISO 9001:2008 certified Public Limited Company, actively engaged in providing outsourcing and administrative task of Visa, Passport and Consular services to various Diplomatic Missions across the world. Further from financial year ended March 31, 2012 onwards, the company also started tasks related to Attestation and Apostille on behalf of Ministry of External Affairs, New Delhi (INDIA)."

1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

These financial statements are prepared in accordance with Indian Generally Accepted Accounting Principles (GAAP) under the historical cost convention on the accrual basis. GAAP comprises mandatory accounting standards as prescribed under Section 133 of the Companies Act, 2013 ('Act') read with Rule 7 of the Companies (Accounts) Rules, 2014 the provisions of the Act (to the extent notified) and guidelines issued by the Securities and Exchange Board of India (SEBI). Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or are vision to an existing accounting standard requires a change in the accounting policy hitherto in use.

a. Use of estimates

The preparation of the financial statements in conformity with Indian Generally Accepted Accounting Principles (GAAP) requires management to make estimates and assumptions that affect the reported amounts of revenues and expenses during the reporting period, reported balances of assets and liabilities, and disclosure of contingent assets and liabilities as at the date of the financial statements. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from those estimates. The key estimates made by the Company in preparing these financial statements include provisions for doubtful debts, future obligations under employee retirement benefit plans and the useful lives of assets. Any revision to accounting estimates is recognized prospectively in current and future periods.

b. Revenue recognition

"Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

i) Revenue from services"

Revenue from visa facilitation services, document handling services and allied services is recognised as income as and when services are rendered to customers.

ii) Interest income

Revenue is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable.

iii) Dividend Income

Dividend income is accounted for when the right to receive the dividend is established.

c. Tangible fixed assets

Fixed assets are stated at cost of acquisition less accumulated depreciation and impairment loss (if any). All significant costs relating to the acquisition and installation of fixed assets are capitalized. Expenditure on account of modification/alteration in the fixed assets, which increases the future benefit from the existing asset beyond its previous assessed standard of performance, is capitalized to the cost of asset.

d. Depreciation on tangible assets

Depreciation on fixed assets is provided as per the guidance set out in the schedule II to the Companies Act, 2013. Depreciation is charged on written down value method based on estimated useful life of assets after considering the residual value of assets as set out in the in schedule II to the Companies Act, 2013.

e. Investments

"Investments that are by their nature readily realisable and intended to be held for not more than a year from the date on which such investments are made are classified as current investments. All other investments are classified as long-term investments. Current investments are carried at lower of cost and market value determined on an individual investment basis. Long-term investments are carried at cost; however, provision for diminution in value, other than temporary, is made in the financial statements. Profit or loss on sale of investments are computed with reference to the average cost of investment."

f. Impairment of Assets

The Company assesses at each balance sheet date whether there is any indication that an asset may be impaired. If any such indication exists, the Company estimates the recoverable amount of the

Significant Accounting Policies and Notes to Accounts

For the year ended 31st March, 2016

asset. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognized in the Statement of Profit and Loss. If at the balance sheet date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount subject to a maximum of depreciated historical cost.

g. Lease

Leases where the lessor effectively retains substantially all the risks and benefits of ownership of the leased item, are classified as operating leases. Lease rentals in respect of assets taken on 'operating lease' are charged to the Statement of Profit and Loss on a straight line basis over the lease term.

h. Employee benefits

(i) Provident fund

The Company makes contributions to statutory provident fund in accordance with the Employees Provident Fund and Miscellaneous Provisions Act, 1952, which is a defined contribution plan. The Company's contributions paid/payable under the scheme is recognised as an expense in the Statement of Profit and Loss during the period in which the employee renders the related service.

(ii) Gratuity

Gratuity is a post employment benefit and is in the nature of a defined benefit plan. The liability recognised in the balance sheet in respect of gratuity is the present value of the defined benefit obligation at the balance sheet date less the fair value of plan assets, together with adjustments for unrecognised actuarial gains or losses and past service costs. The defined benefit obligation is determined by actuarial valuation as on the balance sheet date, using the projected unit credit method.

Actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions are charged or credited to the Statement of Profit and Loss in the year in which such gains or losses arise.

(iii) Other short term benefits

Expense in respect of other short term benefit is recognised on the basis of amount paid or payable for the period during which services are rendered by the employee.

i. Foreign currency transactions

(i) Initial recognition:

Foreign currency transactions are recorded at the rates prevailing on the date of transaction.

(ii) Subsequent recognition:

Foreign currency monetary items are restated at the rate prevailing on the balance sheet date. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction.

(iii) Exchange differences:

Exchange differences arising on the settlement of monetary items at rates different from those at which they were initially recorded during the year, or reported in previous year financial statements, are recognised as income or as expenses in the year in which they arise.

j. Segment reporting

(i) Identification of segments

The Company's operating businesses are organized and managed separately according to the nature of products and services provided, with each segment representing a strategic business unit that offers different products and serves different markets. The analysis of geographical segments is based on the areas in which major operating divisions of the Company operate.

(ii) Unallocated items

Unallocated items include general corporate income and expense items which are not allocated to any business segment.

(iii) Segment accounting policies

The Company prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the financial statements of the Company as a whole.

k. Income taxes

Income Tax expense comprises current and deferred tax. Current income-tax is measured at the

Significant Accounting Policies and Notes to Accounts

For the year ended 31st March, 2016

amount expected to be paid to the tax authorities in accordance with the Income-tax Act, 1961 enacted in India and tax laws prevailing in the respective tax jurisdictions where the Company operates. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date. Deferred income taxes reflect the impact of timing differences between taxable income and accounting income originating during the current year and reversal of timing differences for the earlier years. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted at the reporting date. Deferred tax liabilities are recognized for all taxable timing differences. Deferred tax assets are recognized for deductible timing differences only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. Deferred Tax Assets/Liabilities are reviewed at each reporting date based on developments during the period and available case laws, to re-assess realizations/liabilities.

i. Earnings Per Share (EPS)

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable

to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

m. Contingent liabilities and provisions

The Company makes a provision when there is a present obligation as a result of a past event where the outflow of economic resources is probable and a reliable estimate of the amount of the obligation can be made. A disclosure is made for a contingent liability when there is a:

- (i) possible obligation, the existence of which will be confirmed by the occurrence/non-occurrence of one or more uncertain events, not fully within the control of the Company;
- (ii) present obligation, where it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; and
- (iii) present obligation, where a reliable estimate cannot be made or where the possibility of outflow of resources is remote.

n. Cash and cash equivalents

Cash and cash equivalents for the purposes of cash flow statement comprise cash at bank and in hand and short-term investments with an original maturity of three months or less.

24.8 Per transfer pricing legislation under sections 92-92F of the Income Tax Act, 1961, the Company is required to use certain specific methods in computing arm's length prices of international transactions with associated enterprises and maintain adequate documentation in this respect. The legislations require such information and documentation to be contemporaneous in nature. The Company has appointed the independent consultant (the "Consultant") for conducting the Transfer Pricing Study (the 'Study') to determine whether the transactions with associated enterprises undertaken during the financial year are on an "arm's length basis". Management is of the opinion that the Company's international transactions are at arm's length and does not require transfer pricing adjustments.

Independent Auditor's Report on Consolidated Financial Statements

TO THE MEMBERS OF BLS INTERNATIONAL SERVICES LIMITED

1. REPORT ON THE CONSOLIDATED FINANCIAL STATEMENTS

We have audited the accompanying consolidated financial statements of BLS INTERNATIONAL SERVICES LIMITED (hereinafter referred to as "the Holding Company") and its Subsidiary Companies (the Holding company and its Subsidiary Companies together referred to as 'the group') and jointly controlled entity comprising of the Consolidated Balance Sheet as at March 31, 2016, the Consolidated Statement of profit and loss, the Consolidated Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information (herein after referred to as "the consolidated financial statements").

2. MANAGEMENT'S RESPONSIBILITY FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The Holding Company's Board of Directors is responsible for the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. The Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

3. AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on the consolidated financial statements based on our audit. While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

4. OPINION

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India of the consolidated state of affairs of the Group as at 31st March, 2016, and their consolidated profit and their consolidated cash flows for the year ended on that date.

Annexure – A to the Auditors' Report

REPORT ON THE INTERNAL FINANCIAL CONTROL UNDER CLAUSE (I) OF SUB SECTION 3 OF SECTION 143 OF THE COMPANIES ACT, 2013 ("THE ACT")

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended 31 March 2016, we have audited the internal financial controls over financial reporting of BLS International Services ("the Holding Company"), as of that date. The Holding Company does not have any subsidiary incorporated in India. All the subsidiaries being incorporated in Consolidated Financial Statements are incorporated outside India.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

In our opinion, the Holding Company has in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Consolidated Balance sheet

as at March 31, 2016

PRINCIPLES OF CONSOLIDATION:

The consolidated financial statements have been prepared in accordance with Accounting Standard (AS-21) "Consolidated Financial Statements" and Financial Reporting of Interests in Joint Ventures (AS 27) on the following basis:

- a) The Financial statements of the Company and the subsidiary company have been combined on a line by line basis by adding together the book values of like items of assets, liabilities, income and expenses, after fully eliminating intra-group balances and intra-group transactions resulting in unrealised profit or losses.
- b) As far as possible, the consolidated financial statements have been prepared using uniform accounting policies for like transactions and other events in the similar circumstances and are presented to, in the same manner as the company's separate financial statements.
- c) In the case of associates, where the company directly or indirectly through subsidiaries holds more than 20% of the equity (except where significant influence does not exist), Investments in Associates are accounted for using equity method in accordance with the Accounting Standard (AS)-23 "Accounting for Investments in Associates in Consolidated Financial Statements".
- d) The Company does not consolidate entities (associates, Joint venture etc) where significant influence/ Control is absent or where such significant influence / control is intended to be temporary or where in respect of joint venture, as per the agreements, the nature of revenue sharing is such that Consolidation is not required.
- e) The interest in Joint Ventures are reported using proportionate consolidation method i.e. by adding proportionate values of like items of assets, liabilities, income and expenses and eliminating intra group balances, transactions proportionately.

1 ACCOUNTING POLICIES

(i) Basis of Accounting

The financial statements are prepared under the historical cost convention on an accrual basis of accounting in accordance with the Generally Accepted Accounting Principles, Accounting Standards notified under Section 133 of the Companies Act, 2013 and the relevant provisions thereof.

(ii) Use of Estimates and Judgements

"In preparation of the financial statements, the management of the group is required to make

judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and the associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates. The estimates and the underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and future periods affected. Significant judgements and estimates about the carrying amount of assets and liabilities include useful lives of tangible and intangible assets, impairment of tangible assets, intangible assets including goodwill, investments, employee benefits and other provisions and recoverability of deferred tax assets."

(iii) Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the group and the revenue can be reliably measured.

i) Revenue from services

Revenue from visa facilitation services, document handling services and allied services is recognised as income as and when services are rendered to customers.

ii) Interest income

Revenue is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable.

(iv) Tangible fixed assets

Fixed assets are stated at cost of acquisition less accumulated depreciation and impairment loss (if any). All significant costs relating to the acquisition and installation of fixed assets are capitalized. Expenditure on account of modification/alteration in the fixed assets, which increases the future benefit from the existing asset beyond its previous assessed standard of performance, is capitalized to the cost of asset.

(v) Intangible Assets

Intangible assets are stated at cost less accumulated amortisation and net of impairments, if any. An intangible asset is

Consolidated Statement of Profit and Loss

for the year ended March 31, 2016

recognised if it is probable that the expected future economic benefits that are attributable to the asset will flow to the Group and its cost can be measured reliably.

(vi) Depreciation/ Amortisation

Depreciation is charged on Written Down Value method based on estimated useful life of assets. However, for the overseas subsidiaries the management follows Straight Line Method of depreciation for estimated useful life of asset. Intangible assets are amortised over their estimated useful lives.

(vii) Foreign Currency Transactions

For the purpose of consolidation, revenue items are translated at the average rate prevailing during the year. All assets and liabilities are translated at rates prevailing at the end of the year. Any exchange differences arising on consolidation is recognised in the Foreign Currency Translation Reserve.

(viii) Investments

Long-term investments are carried at cost less provision for diminution other than temporary, if any, in value of such investments. Current investments are carried at lower of cost and fair value.

(ix) Employee benefits

(i) Provident fund

The Holding Company makes contributions to statutory provident fund in accordance with the Employees Provident Fund and Miscellaneous Provisions Act, 1952, which is a defined contribution plan. The Holding Company's contributions paid/payable under the scheme is recognised as an expense in the Statement of Profit and Loss during the period in which the employee renders the related service.

(ii) Gratuity

Gratuity is a post employment benefit and is in the nature of a defined benefit plan. The liability recognised in the balance sheet in respect of gratuity is the present value of the defined benefit obligation at the balance sheet date less the fair value

of plan assets, together with adjustments for unrecognised actuarial gains or losses and past service costs. The defined benefit obligation is determined by actuarial valuation as on the balance sheet date, using the projected unit credit method.

Actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions are charged or credited to the Statement of Profit and Loss in the year in which such gains or losses arise.

(iii) Other short term benefits

Expense in respect of other short term benefit is recognised on the basis of amount paid or payable for the period during which services are rendered by the employee.

(x) Leases

Leases where the lessor effectively retains substantially all the risks and benefits of ownership of the leased item, are classified as operating leases. Lease rentals in respect of assets taken on 'operating lease' are charged to the Statement of Profit and Loss on a straight line basis over the lease term.

(xi) Earnings Per Share (EPS)

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

(xii) Deferred Tax

Deferred Tax is accounted for by computing the tax effect of timing differences, subject to the consideration of prudence in respect of deferred tax assets, which arise during the year and reverse in subsequent periods. Deferred tax is measured at substantively enacted tax rates by the Balance Sheet date.

Consolidated Balance sheet

as at March 31, 2016

(xiii) Tax on Income

Current tax on income is determined on the basis of taxable income and tax credits computed in accordance with the provisions of applicable tax laws of the respective countries.

(xiv) Impairment of Assets

The management assesses at each balance sheet date whether there is any indication that an asset may be impaired. If any such indication exists, the management estimates the recoverable amount of the asset. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognized in the Statement of Profit and Loss. If at the balance sheet date there

is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount subject to a maximum of depreciated historical cost.

(xv) Contingencies

The Group creates a provision when there is present obligation as result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, requires an outflow of resources. When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

EXPLANATORY STATEMENT

(Pursuant To Section 102 of the Companies Act, 2013)

Explanatory Statement pursuant to Section 102 of the Companies Act, 2013 in respect of the Item No. 3, 4, 5, 6,7,8 & 9 mentioned in the Notice.

ITEM NO. 3:

The Board of Directors, at its Meeting held on 17th June, 2016 appointed Mr. Shikhar Aggarwal (DIN 06975729) as Additional Director of the Company. The Board appointed him as Joint Managing Director under the Act for a period of five years with effect from 17th June 2016 subject to the approval of Shareholders at ensuing Annual General Meeting. Members are requested to approve the appointment of Mr. Shikhar Aggarwal (DIN 06975729) as Joint Managing Director of the Company for a period of five years with effect from 17th June 2016.

The brief profile of Mr. Shikhar Aggarwal is as under:

Mr. Shikhar Aggarwal is a Graduate from Delhi University and has been associated with the Company since 2013. He is having around three years of experience in the field

of Management and Leadership Roles. He is responsible for the overall affairs of the Company heading all verticals of the Company. He has successfully handled various business projects in Hongkong and has been responsible for completion of the same.

The Board recommends resolution set out at item No. 3 of the notice for your approval to be passed as Special Resolution. None of the Directors including their relatives are interested or concerned in the Resolution in the Company.

ITEM NO. 4:

The Board of Directors, at its Meeting held on 13th August, 2016 appointed Mr. Nikhil Gupta Aggarwal (DIN 00195694) as Additional Director of the Company. The Board appointed him as Managing Director under the Act for a period of three years with effect from 13th August 2016 subject to the approval of Shareholders at ensuing Annual General Meeting. Members are requested to approve the appointment of Mr. Nikhil Gupta (DIN 00195694) as Managing Director of the Company for a period of three years with effect from 13th August 2016.

The brief profile of Mr. Nikhil Gupta is as under:

Mr. Nikhil Gupta is Chartered Accountant by profession and has been on the Board of various Companies. He is having around four decades of experience in the field of Finance, Accounts and Compliances.

The Board recommends resolution set out at item No. 4 of the notice for your approval to be passed as Special Resolution. None of the Directors including their relatives are interested or concerned in the Resolution in the Company.

ITEM No. 5:

In view of the potential growth in business of the Company and anticipating the need of additional funds that may be required in the near future, it was considered essential to authorize the Board of Directors of the Company to borrow monies from diverse sources for various business activities/initiatives undertaken by the Company for an amount not exceeding Rs. 500Crores (Rupees Five Hundred Crores). The Board accordingly recommends the limit to the extent of Rs. 500Crores (Rupees Five Hundred Crores only) under 180(1) (c) of the Companies Act, 2013 as set out in the Resolution for approval of the Members. The Board recommends the Special Resolution set forth in Item No. 5 of the Notice for approval of the Members.

None of the Directors including their relatives are interested or concerned in the Resolution in the Company.

ITEM No. 6:

As per the provisions of Section 180(1)(a) of the Companies Act, 2013, a company shall not sell, lease or otherwise dispose of the whole or substantially the whole of the undertaking of the company or where the company owns more than one undertaking, of the whole or substantially the whole of any of such undertakings, unless approval of the Shareholders is obtained by way of a Special Resolution. In connection with

the loan/credit facilities to be availed by the Company, as and when required, through various sources for business purposes, the Company might be required to create charges over its assets, properties and licenses by way of hypothecation, mortgage, lien, pledge etc. in favour of its lenders (up to the limits approved under Section 180(1)(c) of the Companies Act, 2013), for the purposes of securing the loan/credit facilities extended by them to the Company. Accordingly, the Board recommends the Special Resolution set forth in Item No.6 of the Notice for approval of the Members.

None of the Directors including their relatives are interested or concerned in the Resolution in the Company.

ITEM No. 7:

The Existing regulations 1 to 120 of the Articles of Association are replaced by the new set of regulations 1 to 252 and adopted as new set of Articles of Association as per the requirements of Table F of Schedule I in the Companies Act, 2013. The modification in Articles of association is carried out to give effect to provisions of the Companies Act, 2013. Consent of the shareholders by way of a Special Resolution is required in this regard. The entire set of proposed articles of association is available on the website of the company. The shareholders of the Company can also obtain a copy of the same from the Secretarial Department at the registered office of the Company.

None of the Directors including their relatives are interested or concerned in the Resolution in the Company.

ITEM No. 8

M/s. BLS International FZE, is a wholly owned subsidiary of BLS International Services Limited and is a 'Related Party' within the meaning of Section 2(76) of the Companies Act, 2013 and 2 (ZB) of SEBI (LODR) Regulations 2015.

In terms of the proviso to Regulation 23 of SEBI (LODR) Regulations, 2015, all transactions with related parties, which are material in nature, are subject to the approval of the Members of the Company by way of Special Resolution and the related parties shall abstain from voting on such resolutions.

For this purpose, the term "Material transaction" means any transaction entered either individually or taken together with previous transactions during a financial year, that exceeds ten percent of the annual consolidated turnover of the Company as per the last audited financial statements of the Company.

Moreover, the estimated value of the transactions relating to ongoing sale, purchase, or receipt of products, goods and materials or availing or rendering of services and leasing of property of any kind (movable or immovable) with BLS during the financial year 2016-17 are likely to exceed the threshold prescribed under Regulation 23 of SEBI (LODR) Regulations 2015 and will be considered material and therefore would require the approval of shareholders of the Company by a Special Resolution.

The particulars of the Contracts/Arrangements/Transactions pursuant to sub- rule (3) of Rule 15 of Companies (Meetings of

Board and its Powers) Rules, 2014 read along with Regulation 23 of SEBI (LODR), Regulations, 2015 are as follows:

Details required for Omnibus Approval	
S No.	Particulars
1	The name/s of the related party - M/s. BLS International FZE
2	Nature of transaction – Rendering and Availing of Services
3	Period of transaction – One Year
4	Maximum amount of transaction that can be entered into – Rs. 50 Crore
5	The indicative base price/ current contracted price and the formula for variation in the price, if any
6	Such other conditions as they deems fit

ITEM No. 9

The Board was informed about the level of investment it is seeking to invest by way of making investments in various types of Securities, giving Loans and Guarantees. The said levels of investments are increasing beyond the limit as prescribed for Board as per Section 186 of Companies Act 2013. Therefore there was requirement of Shareholders Approvals in pursuance of Companies Act, 2013 in order to make further investments. Accordingly resolution set out at Item no. 9 is proposed for the approval of member. And the item is taken as special resolution.

None of the Directors including their relatives are interested or concerned in the Resolution in the Company.
