32nd Annual Report 2018-19

Forward-looking statement

In this Annual Report, we have disclosed forward-looking information to enable investors to comprehend our prospects and take investment decisions. This Report and other statements - written and oral - that we periodically make contain forward-looking statements that set out anticipated results based on the management's plans and assumptions. We have tried, wherever possible, to identify such statements by using words such as 'anticipate', 'estimate', 'expects', 'projects', 'intends', 'plans', 'believes', and words of similar substance in connection with any discussion of future performance. We cannot guarantee that these forward-looking statements will be realised, although we believe we have been prudent in our assumptions. The achievements of results are subject to risks, uncertainties and even inaccurate assumptions. Should known or unknown risks or uncertainties materialise, or should underlying assumptions prove inaccurate, actual results could vary materially from those anticipated, estimated or projected. Readers should keep this in mind. We undertake no obligation to publicly update any forward-looking statement, whether as a result of new information, future events or otherwise.

Delivering through differentiation

In today's transformational business environment, diversity is the way forward for a fulfilling customer experience. At Hester Biosciences (Hester), we acknowledge this reality and are strengthening the diversity of our offerings.

Our broad portfolio of products, backed by in-house manufacturing, research and strong service, form the backbone of our continuing success. On the back of our well-connected marketing network domestically and internationally, we aspire to further expand our footprint and grow our product portfolio to cater to all sectors of animal healthcare. Focusing on our customers' evolving needs inspires our most inventive solutions. We are, therefore, committed to creating long-term value for all our stakeholders through decisive steps on strengthening operations, supplementing success and creating growth avenues for our partners. Walking on these steps has led us on a journey to create sustainable, profitable growth through a risk-focused business model.

Marching forward on the journey of growth, we are focused on bolstering capabilities and capacities to capitalise on

the emerging market opportunities. Our R&D expertise, customer-centric approach and commitment to superior quality are the principal business drivers that help us deliver continuously on our mission of providing better health for human beings through healthier animals.

We have invested persistently in our operations, workforce, technology and distribution channels during the year. We are strengthening scale, and enriching our product basket and services to meet the critical requirements of a global client base. Our strategies are translating into positive outcomes across markets – a testimony that our efforts are in the right direction.

We will continue to offer customised, responsible solutions to our customers through our state-of-the-art offerings, thereby incorporating the value of diversity in our business.

Introducing Hester

Staying ahead of competition through diversification

Hester Biosciences is one of India’s leading animal healthcare companies and second-largest poultry vaccine manufacturer.

Our products, across the four verticals of Poultry Vaccines, Animal Vaccines, Poultry Health Products and Animal Health Products, aim at improving the health of animal species, and monitoring and preventing animal diseases. We are a WHO GMP, GLP, ISO 9001:2015, ISO 14001:2015 and OHSAS 18001:2007 certified Company. Our R&D department is recognised and approved by the Department of Scientific & Industrial Research (DSIR).

We have a diverse product portfolio, with over 50 vaccines and 35 health products. Our products are registered with various countries and international agencies, have received wide acceptance and are marketed across India as well as in several other countries internationally. Over the years,

we have regularly launched new products according to the varying needs of our customers, changes in the disease pattern and have expanded our geographical presence in various countries, including Africa. Our joint venture with Golchha Organisation, Hester Biosciences Nepal Private Limited (HBNPL), is engaged in the manufacturing of large animal vaccines, complementing the Indian operations.

Leveraging our key strengths of cutting-edge R&D capabilities, we are well-prepared to unlock the untapped potential of the growing animal vaccine market across the globe.

Our Key Strengths

Diversified product portfolio

Hester offers 46 types of poultry vaccines in single and combination varieties: 3 types of large animal vaccines, and a large range of medicines, feed supplements and disinfectants for poultry as well as large animals. The products are a strategic mix of volume and value proportions.

Modern and regulatory compliant capacities

Hester owns and operates Asia's largest single-location animal biological manufacturing facility in Gujarat, benchmarked with international quality compliance standards. We also have another plant in Kathmandu, Nepal. Through our robust framework, we implement uniform manufacturing standards across all our facilities to achieve standardised product quality for all our markets.

Robust compliance

We have progressively reinforced our compliance in line with the demanding standards in regulated markets. We are strengthening this culture of compliance through consistent investments in people, technologies and processes.

Strong R&D capabilities

Research is a key catalyst that drives our vision of becoming a respected, profitable and integrated global animal healthcare company. Our dedicated R&D team is committed to this vision. They provide a spectrum of services encompassing technical service, applications, development and research. Leveraging global knowledge across markets, our team develops processes and products to create a diverse range of cost-effective vaccines.

Experienced promoters and a dynamic team

Promoters with 36+ years of experience drive our team of over 400 dedicated employees with their vision and strategies for value creation in an evolving regulatory scenario. Our key operational personnel have extensive knowledge and understanding of the global generic pharmaceutical business environment. They are also skilled to innovate and organically scale up the business.

CEO and MD's Message

Delivering sustainable growth

Encouraging performance has been supported by our commitment to quality, manufacturing excellence and strong supply chain capabilities.

Dear Shareholders,

As always, I am pleased to present the performance of your Company for FY 2018-19.

FY 2018-19 in retrospect

Your Company reported net sales of ₹ 1,711.87 million in FY 2018-19 compared to ₹ 1,352.53 million in the previous year, thereby registering a growth of 27%. Domestic sales grew by 31.30% and exports grew by 8.87%. The overall sales growth was as per forecast. The lesser growth in exports was covered up by domestic sales. Exports continued to face similar problems as those of last year due to external reasons. The tendering for PPR vaccine from FAO still remained slower.

Your Company recorded a net profit after tax of ₹ 438.52 million in FY 2018-19 as against ₹ 305.58 million in the previous year, a growth of 44%. The growth in profit was substantially higher than the growth in sales. Like in the previous year, this can be attributed to operational improvements, prudent product mix changes and credit control.

EBIDTA margins improved from 36.67% in FY 2017-18 to 39.58% in FY2018-19. ROCE strengthened from 24.98% to 28.10%, thereby revalidating our commitment to make a better use of resources throughout the year.

The year saw other contributions:

- The African animal vaccine manufacturing project is well on track.

- We embarked on a new mass immunisation program in backyard animals in UP and Bihar, besides continuing the program in Odisha, Chhatisgarh and in Jharkhand. All these activities are being carried on by our Veterinary Social Business Division.
- An elaborate marketing and distribution network has been created in Nepal, thereby paving the way to start domestic sales from Hester Nepal.
- New products were introduced in the Animal Healthcare division.

The lessons of FY 2017-18 surely helped us in FY 2018-19. Better planning, better forecasting, keeping in mind unforeseen external circumstances made us much more stronger. This added strength will help us in years ahead.

Preparing for the future

Self Reliance

Through Texas Lifesciences, our Company which manufactures animal health products, we are near to achieving self-reliance in manufacturing our own animal health products. This has eased our supply and quality issues. While we are still in the process of shifting all the manufacturing of our products to Texas Lifesciences, newer products too are being added at the same time, which are being produced there.

Geographical diversity

While continuing to reach-out deeper within India, we have laid the foundation for geographical diversity by focusing on Africa. Our own depots in Tanzania and in Kenya and distributors in a few other countries mainly in Eastern and Southern Africa will lead us into reducing dependency on any one area or one region or one country. Product registrations are well on way and in two years time this geographical diversity would be well visible. We have now embarked on creating a very strong marketing and distribution network in Nepal. Through Hester Nepal, we are increasing our domestic sales, thereby reducing the dependency on the international PPR vaccine tender business. Additional vaccines and health products have been registered in Nepal.

Divisional focus

In order to achieve product diversity, your Company has started focusing on the large animal vaccines and health products. Success in this endeavor was clearly seen with the contribution of poultry health care division reducing from 84% in FY 2017-18 to 76% in FY 2018-19. This endeavor continues.

As you all may be aware, The Government of India, in its first cabinet meeting after the formation of the new government, took a decision (besides taking many others), to focus on animal health. It announced an initiative to control Foot and Mouth Disease (FMD) and Brucella disease in animals.

₹

Your Company recorded a net profit after tax of ₹ 438.52 million in FY 2018-19 as against ₹ 305.58 million in the previous year, a growth of 44%.

The government cleared an outlay of ₹ 13,342 crores (₹ 133.42 billion) for this initiative.

The end result achievable through this initiative is immunisation of animals against FMD and Brucella disease, improvement in the health of animals, primarily improving milk yields (due to better animal health) and less disease incidences. Farmers in India will also be benefitted economically as well as in terms of their own health.

Hester will be a contributor in the Brucella disease eradication program by way of making the vaccine available across the country through the initiative of the Government. Hester has already geared-up to ensure that it is able to supply the required quantities in the coming year.

In conclusion, our team's dedication helped us towards increasing our market share in India, towards creating higher international awareness and towards improving the financial working. The year FY 2018-19 ended as a good year with our team gaining additional confidence towards meandering Hester to the next level!

Regards,

Rajiv Gandhi
CEO & MD

Strategic review

Our priorities

We have a clear strategy for growth, which centres on enhancing our current portfolio, developing the animal health business, deepening our investment in product development and expanding our international business. We have several platforms in place to ensure sustainable growth, including a well-distinguished strategy of products, strong set of capabilities focused on product selection and cost optimisation, and a highly capable team with proven track record.

Build an international business

Our focus areas for international market are Africa and Asia. Registration of our products in different new regions is under progress. We are also registering additional vaccines to expand the business in countries where we are already present. Further, we are expanding our distribution network via subsidiaries in selected African countries. This network will distribute our products from India, Nepal and Tanzania plants and will be a key factor for higher growth in international business in the coming years.

in FY 2018-19 for which
we may get approval in
FY 2019-20

Grow the large animal business

We plan to grow the large animal vaccines and animal healthcare business, which has huge potential within India and globally. Our expansion strategy in this segment is based on new product launches and increase in share of our existing products. We have several enablers in place to ensure sustainable growth, including a well-differentiated strategy of products, strong set of capabilities focused on product selection and cost optimisation, and a highly capable team with proven track record. We are making sizeable investments in IT infrastructure, concentrating on data integrity, management and security.

Optimise market penetration of our product portfolio

Efficient and reliable product sourcing, manufacturing and supply

Portfolio expansion through a growing product pipeline

Improve productivity

Our customers expect us to deliver quality products at highly competitive prices. To achieve this, we are focusing on becoming stronger through productivity enhancement. We plan to reinforce our competencies in the realms of cost efficiencies, sales force productivity, R&D and plant productivity, in line with the evolving market and regulatory environment.

Diversifying ahead

Powerful and strong trends are driving demand for animal health products and services and fuelling the industry's 5-6% CAGR. These include human population growth, a rising middle class in emerging markets, and a steady migration of people from rural communities to urban centres.

Hester has a wide portfolio of 49 vaccines and 50+ health products addressing the preventive, curative and growth needs of poultry and large animals. Our focus is on growing further in the animal healthcare division to reduce dependency on the poultry segment. Our aim is to aggressively increase the territorial reach, penetrate the existing market and introduce new products. The animal healthcare division is a lucrative market and is expected to grow significantly.

Therefore, as part of our growth strategy, we are expanding our product portfolio to empower customers with a wide range of choices. It is our aspiration to make Hester a name synonymous with the animal healthcare segment across the globe.

Opportunity landscape

The future of animal healthcare products looks attractive, driven by increasing pet ownership and a growing demand for livestock. Growing animal healthcare awareness is positively impacting the market. Veterinary spending on pets has grown steadily in the recent years and is only expected to increase. Meanwhile, farmers across the world are looking for ways to keep their livestock healthier. As rapidly spreading diseases in animals can compromise the food supply and the economy of any country or region, animal healthcare awareness is given due importance. Further, electronic, print and digital media are also educating the world about animal healthcare. With favourable growth trends over the foreseeable future, the animal healthcare sector offers some intriguing investment opportunities.

Aiming for greater heights

We set up a facility in Nepal to complement our India operations.

Rt. Hon'ble Prime Minister of Nepal Shri K.P. Sharma Oli and their Finance Minister Dr. Yuba Raj Khatriwada visited the Nepal Plant. The operation of Hester Biosciences in Nala is assisting farmers in livestock production, and is in turn contributing towards economic growth, increase in household income and urbanisation in the country. The facility has been built as per GMP standards and norms, with an annual capacity to manufacture 1.24 billion doses of live and inactivated vaccines.

Key highlights

Started activity with GALVmed for establishment of supply chain for smallholder farmers

Won the USAID- funded project for the development and marketing of Thermo-tolerant PPR vaccine

Planning to initiate the registration process of Classical Swine Fever vaccine from Nepal

103%

Export target achieved

5

Received market authorisation from the Nepal drug authority

3

Received market manufacturing permission from the Nepal drug authority

Key product wins

- Hester will produce and distribute 400,000 thermostable vaccine doses to prevent PPR in Nepal, improving the incomes of 100,000 Nepali herders by reducing the mortality and morbidity of goats and sheep. The main purpose is to extend the reach of the PPR vaccine to remote areas by commercialising a thermostable formulation that is easily transported without refrigeration to increase resiliency in farming communities.
- The Company participated in FAO tenders for Afghanistan and supplied 11,100,000 doses of PPR Nigeria 75/1 strain.
- It exported 13,000,000 doses of PPR Nigeria 75/1 strain to Algeria through government tenders.
- Hester is the only global organisation who can supply two most acceptable strains of PPR vaccine, Sungri from India and Nigeria 75/1 strain from the Nepal facility.

Future strategy

- Nepal facility to be projected as the hub for small ruminant vaccines
- To collaborate with the Department of Livestock Services for the production of the Foot and Mouth Disease (FMD) vaccine
- PPR registration, FAO tenders and government tenders are the focus areas for export from Nepal. The Company is also working on the registration of additional vaccines, other than PPR, from Nepal
- Registrations are under process in four different countries and approvals are expected in FY 2019-20

First-of-its-kind veterinary social business

At Hester, we believe in the 4A principle: ‘aware smallholder farmers can achieve great heights if appropriate products and services are made available to them at affordable prices.’ Therefore, our veterinary social business is relentlessly working to create awareness and ensure mass access of veterinary vaccines and other health and nutritional products through a reliable supply chain. We partnered with GALVmed and launched a campaign to sensitise farmers about animal health and management.

Objective:

Facilitating mass access to quality vaccines and health products in rural areas through a sustainable supply chain

Reducing mortality in smallholder farmers’ poultry through the Newcastle Disease vaccination

Creating awareness among smallholder livestock keepers for preventive animal healthcare

Approach

- The campaign is one of our initiatives to kickstart a new programme that aims to provide over two million smallholder farmers with animal health products in the Indian states of Uttar Pradesh and Bihar, and in Nepal over a period of five years.
- During the campaign period, the Hester and Gaon Connection teams conducted at least 10 village meetings per month in different districts of eastern Uttar Pradesh. Experts from livestock and agriculture sectors joined these events enthusiastically to give holistic solutions to issues affecting smallholder livestock farmers as they usually do crop farming.
- To date, 12 Pashu Chaupal events have been convened, reaching over 1,000 farmers in the districts of eastern Uttar Pradesh (Azamgarh, Varanasi, Gorakhpur, Kaushambi, Chandauli, Barabanki, Sitapur, Prayagraj and Faizabad). During such meetings, the experts highlight the importance of regular deworming and vaccinations of livestock and poultry against diseases such as PPR and Goat Pox in goats, PPR in sheep and the Newcastle disease in poultry, along with good nutrition and management practices.
- Audio-visual awareness tools such as short videos are used to aid in learning. Dedicated sessions on addressing questions from farmers are also held, where experts give advice in a variety of subjects covering livestock and crop.

Impact

- Initially, the farmers were hesitant to adopt vaccination, but gradually accepted when they observed that after regular vaccination, the disease outbreaks were not recurring and that in turn, led to a rise in bird population.
- Farmers are now consuming their own 'desi' bird instead of broiler and layer. By seeling the local poultry breed, they are also earning well.
- Many vaccinators are now earning more than ₹ 5,000-₹ 10,000, thereby improving their lifestyle, and are able to send their children to good schools, purchase two-wheelers and are financially comfortable compared to the pre-project days.

Outlook

- First year (FY 2018-19) of the veterinary social business was based on the transformation of the team, while the second year (FY 2019-20) is targeted as 'Year of Growth'. Improving the productivity per person is the main target for FY 2019-20.
- Awareness creation of vaccines (PPR and Goat Pox) along with feed supplement for small ruminants will be the focus area in GALVmed project areas (UP and Bihar).
- 'More business per customer' is the key strategic message to entire veterinary social business team.

Key initiatives

- Increased product range
- Increased margins for channel partners
- Increased the number of awareness creation activities
- Incentivised the service providers
- Utilised existing rural government channels
- Conducted periodic sero-monitoring for disease surveillance and impact measurement
- Engaged in innovative partnerships:

Capacity building

Risk management

An integrated risk management architecture

Hester leverages its deep domain and management insights to undertake proactive countermeasures that strengthen viability across verticals, products, geographies and market cycles.

We have implemented an integrated risk management approach through which we review and assess significant risks on a regular basis to ensure that there is a robust system of internal controls in place. We take a proactive approach to recognising, assessing and mitigating risks with the aim of protecting our employees and consumers, and safeguarding the interests of the Company and its shareholders in the constantly changing environment in which the Company operates. The Company is governed by a strong compliance ethic and has set up various response mechanisms that mitigate environmental, operational and business risks and minimise impact on business.

Competition risk

Our products face intense competition from those of other pharmaceutical companies in India and abroad. Moreover, introduction of new products by competitors may impair our competitive advantage and lead to erosion of revenues.

Risk mitigation

We monitor market activity prior to launch of competitor products and develop a marketing response strategy to mitigate competitor impact.

Product quality

Patients, consumers and healthcare professionals trust the quality of our products at the point of use. Any failure to guarantee product quality is an enterprise risk, which is relevant across all our global operations. Failure to deliver major products due to pipeline delays or newly launched products not meeting revenue expectations also threatens our business.

Risk mitigation

We have adopted a Quality Management System (QMS) that defines corporate quality standards and systems for the Company as a whole to ensure operations comply with GMP requirements globally. The QMS also supports delivery of consistent and reliable products. With respect to all new product launches, a detailed marketing plan is established and progress against the plan is regularly monitored.

Changing global political and economic conditions

We face the risk of exposure to various external political and economic conditions as well as natural disasters that may hit our work performance and capability to achieve our objectives. Additionally, we operate across a broad range of markets, which are susceptible to natural disasters.

Risk mitigation

The extent of our product portfolio and geographic footprint supports in mitigating our coverage to any specific localised risk to a certain degree. External uncertainties are carefully measured when developing strategy and reviewing performance.

Regulatory risk

We conduct our business in a highly regulated environment, which is designed to ensure the safety, efficacy, quality and ethical promotion of pharmaceutical products. Failure to adhere to regulatory standards or to implement changes in those standards could affect our ability to register, manufacture or promote our products.

Risk mitigation

Our internal control framework is designed to ensure that we comply strictly to legal and regulatory requirements through constant evaluation. We have implemented several mechanisms to monitor and support our compliance with legal and regulatory requirements.

We are cognisant of the effects of these risks on our business and have kept them under review.

The paid-up equity share capital as on 31 March 2019 stood at ₹ 85.07 million.

REVIEW OF OPERATIONS

The financial year saw an increase in sales by 27 per cent and an increase in bottom line by 44 per cent.

The growth in sales was as per forecast while the growth in bottom line was more than the forecast.

For better management, we restructured the divisions of the company. The divisions now are follows:

- Poultry Healthcare
- Animal Healthcare
- Veterinary Social Business

The poultry healthcare division, comprising of vaccines and health products, witnessed a growth of 14.71 per cent, an increase in sales to ₹ 1,306.20 million from ₹ 1,138.74 million in the previous year. The growth has been more than the growth on the poultry industry, thereby indicating that we have improved our market share.

The animal healthcare division witnessed a growth of 98.70 per cent, an increase in sales to ₹ 354.85 million as against ₹ 178.58 million in the previous year. This growth has come evenly between vaccines and health products. Vaccines growth has come mainly through government tenders while health products have given a good growth in the trade market.

Exports sales registered a growth of 8.87 per cent, an increase in sales to ₹ 138.26 million as against ₹ 126.99 million in the previous year. Exports were below forecasts. The attributable factors were mainly external. Delay in registrations and slow international tender movements were the main causes. Our pursuit continues to consolidate international business and we hope to make big strides in this financial year as well as next year.

Our CARE credit rating was reaffirmed and assigned as follows:

- Long-term Bank Facilities rating 'A-: Stable ("A" Minus, Outlook: Stable)'
- Long-term/ Short-term Bank Facilities rating 'A-: Stable (A" Minus, Outlook: Stable)' / 'A2'
- Short-term rating 'A2'

We continue to hold the following certifications:

1. WHO - GMP
2. GLP (Good Laboratory Practices)
3. ISO 9001:2008
4. ISO 14001:2004
5. OHSAS 180001:2007
6. DSIR approved R&D Centre

THE ANNUAL REPORT ON CORPORATE SOCIAL RESPONSIBILITY (CSR) ACTIVITIES

1. A brief outline of the Company's CSR Policy, including overview of projects or programmes under taken or proposed to be undertaken and a reference to the web-link to the CSR Policy and projects or programmes.

The Company framed and adopted CSR policy in compliance with the provisions of Section 135 of Companies Act, 2013 and policy may be accessed through the web-link: <https://www.hester.in/s/Corporate-Social-Responsibility-Policy-6f83.pdf>

The CSR Policy encompasses the Company's philosophy for delineating its responsibility as a corporate citizen and lays down the guidelines and mechanism for undertaking socially useful programs for welfare and sustainable development of the community at large.

The main projects or programs proposed to be undertaken by the Company are as provided under the Schedule VII of the Companies Act, 2013. Further, The Company focuses its philanthropy primarily in geographic regions of India, where the Company has a business presence. However, the Company may contribute to causes in other parts of India, if the CSR Committee is of the opinion that such contribution is appropriate.

The CSR Committee approved the CSR spending on promotion of education, health care, improving livelihood of rural populations and so on, through charitable institutions and also directly by the Company during the FY 2018-19.

2. Composition of CSR Committee

Mr. Rajiv Gandhi	Chairman
Mr. Vishwesh Patel	Member
Ms. Grishma Nanavaty	Member

3. Average net profits of the Company for last three financial years: ₹ 340.02 million

4. Prescribed CSR expenditure [2% of the amount as in item No. 3 above]: ₹ 6.80 million

5. Details of CSR spent during the financial year:

a) Total amount spent during the financial year: ₹ 1.70 million

b) Amount unspent, if any: ₹ 5.10 million

c) Manner in which the amount spent during the financial year is detailed below:

Sr.	CSR project or activity identified	Sector in which the project is covered	Projects or programmes (1) Local areas or other (2) Specify the state or district where projects or programmes was undertaken	Amount outlay (budget) project or programme-wise	Amount spent on the projects or programmes sub-heads: (1) Direct expenditure on projects or programmes (2) Overheads	Cumulative expenditure upto the reporting date	Amount spent: Direct or through implementing agency
1	Educational Programme	Education	Mumbai (Maharashtra)	0.10	0.10	0.10	Through NGO (Shri Bhartiya Sanskruti Samvardhak Trust)
2	Educational Programme	Education	Mumbai (Maharashtra)	0.70	0.70	0.80	Through NGO (Piroja Vasunia Education Trust)
3	Environment Conservation Programme	Healthcare	Ahmedabad (Gujarat)	0.70	0.70	1.50	Through NGO (Centre for Environment Educations)
4	Swachh Bharat Abhiyan	Healthcare	Ahmedabad (Gujarat)	0.20	0.20	1.70	Through NGO (Tulsi Vallabh Nidhi)

In case the Company has failed to spend the stipulated two per cent of the average net profits of the last three financial years or any part thereof, the Company shall provide the reasons for not spending the amount in its Board report.

During the year, the Company unspent ₹ 51 Lakhs towards a project of promoting education, healthcare and environment conservation through NGOs. A few projects undertaken by the Company is an on-going one where the Company will have a continuing engagement over the years to come. The Company was in process of identifying and evaluating

projects which were in line with the CSR policy. However given the projects were still under the evaluation process, the Company could not spend a minimum of two per cent of its average profit for CSR, as defined in the Act, during the year. The Company has plans to achieve its objectives and completing the identification of projects.

A responsibility statement of the CSR Committee that the implementation and monitoring of CSR Policy is in compliance with CSR objectives and policy of the Company

The CSR Committee confirms that the implementation and monitoring of CSR Policy is in conformance with CSR objectives and policy of the Company.

SECRETARIAL AUDIT REPORT For the financial year ended 31 March 2019

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule No.9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,
The Members,
HESTER BIOSCIENCES LIMITED
CIN: L99999GJ1987PLC022333
1st Floor, Pushpak,
Panchvati Circle, Motilal Hirabhai Road,
Ahmedabad - 380 006

I have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **Hester Biosciences Limited** (hereinafter called 'the Company'). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorised representatives during the conduct of Secretarial Audit, I hereby report that in my opinion, the Company has, during the audit period covering the financial year ended on 31 March 2019 generally complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31 March 2019 and made available to me, according to the provisions of:

1. The Companies Act, 2013 ('the Act') and the rules made thereunder as applicable;
2. The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
3. The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
4. Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment and Overseas Direct Investment;
5. The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):

- a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011, as amended from time to time;
- b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015, as amended from time to time;
- c) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;

6. Secretarial Standards issued by the Institute of Company Secretaries of India (SS - 1 and SS - 2)

I have also examined compliance with the applicable Regulations of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended from time to time, pursuant to the Listing Agreement of the said Company with stock exchanges.

Further being a Pharmaceutical Company, following are some of the Acts applicable to the Company, for which examination of the relevant documents and records, on test check basis, have been carried out under:

1. Pharmacy Act, 1948
2. Drugs and Cosmetics Act, 1940 & Amendment 2008 and its Rules
3. Biological Diversity Act, 2002 & its Rules
4. The Drugs and Magic Remedies (Objectionable Advertisement) Act, 1954 and its Rules
5. The Drugs (Prices Control) Order, 1995 (under the Essential Commodities Act)
6. Drug Policy, 2002

7. Gujarat Drugs (Control) Act, 1959

During the period under review the Company has generally complied with the all material aspects of applicable provisions of the Acts, Rules, Regulations, Guidelines, Standards, etc. mentioned above. However, the Company has spent less than the prescribed threshold limit of two per cent of its average net profits for the last three financial years (as calculated in accordance with the Companies Act, 2013) towards Corporate Social Responsibility.

During the Period under review, provisions of the following Acts, Rules, Regulations, Guidelines, etc. were not applicable to the Company:

- i. The Securities and Exchange Board of India (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999 and the Securities and Exchange Board of India (Share based employee benefits) Regulations, 2014;

- iv. The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009;
- v. The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998; and
- vi. Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of External Commercial Borrowings.

I further report that,

The Compliance by the Company of applicable financial laws, like direct and indirect tax laws, has not been reviewed in this Audit since the same have been subject to review by statutory financial auditor and other designated professionals.

I further report that,

Based on the information provided by the Company, its officers and authorised representatives during the conduct

of the audit, in my opinion, adequate systems and processes and control mechanism exist in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations, standards and guidelines and general laws like various labour laws, competition law, environmental laws, etc.

I further report that,

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. There was no change in the composition of the Board of Directors that took place during the period under review.

Adequate notice is given to all Directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent generally seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

During the year, all decision in the Board Meetings were carried unanimously.

I further report that during the audit period there were no specific events/ actions in pursuance of the above referred laws, rules, regulations, standards, etc. having a major bearing on the Companys' affairs., except as stated below:

Management Discussion and Analysis

ECONOMIC ENVIRONMENT

GLOBAL

The year in review

The global economy grew by 3.6% in 2018 (Source: IMF), weighed down by weak financial market sentiments, continued trade tensions between the US and China, macroeconomic issues in Argentina and Turkey, and volatile crude prices. The US was an outlier among advanced economies, recording an acceleration to 2.9% from 2.2% in 2017, as the US dollar strengthened, unemployment stayed at the natural rate, and inflation remained low. The Eurozone slowed to 1.8% from 2.4% in 2017, largely due to sluggish domestic demand, while China grew by 6.6% versus 6.9% a year earlier.

Highlights of the key markets of the Company

- Nepal grew by 6.3% on the back of healthy momentum in the industrial and services sectors, and the government’s continued reforms.
- Africa grew by 3.5% (Source: African Development Bank) owing to strong performance of East African countries—Ethiopia, Kenya, Rwanda and Tanzania—aided by government reforms to attract more investments.
- Indonesia’s economic growth of 5.2% was driven by a pick-up in domestic consumption.

Global growth (GDP) trend

Source: International Monetary Fund, World Economic Outlook, April 2019
F: Forecasted

Outlook

While downside risks to global economic expansion remain, persistently low inflation in major economies may prompt the central banks to adopt a more accommodative policy stance. This dovish strategy could stimulate the global economy in the second half of 2019 and trigger capital inflows into emerging and developing economies, especially China and India. China may also increase the size of its economic stimulus to cushion the impact of trade tariffs and boost domestic consumption.

INDIA

The year in review

India, the world’s sixth largest economy, remained the fastest growing major economy in FY19. An uptick in private sector investment, strong gross capital formation and improved exports boosted GDP, aided by double-digit growth in private consumption and steady construction activity aided this growth. Consumer confidence improved in the second half of FY19, inching up for two straight quarters.

Retail inflation, measured by the Consumer Price Index (CPI), and wholesale inflation, measured by the Wholesale Price Index (WPI), remained in low single digits for the most part of FY19. The Reserve Bank of India (RBI) reverted to its ‘neutral’ stance from ‘calibrated tightening’ (briefly adopted between October and December 2018). The apex bank announced a 25-basis-point cut in the repo rate in its last policy review meeting of FY19 to fast-track growth and improve system liquidity. The government adopted prudent policy measures to contain fiscal deficit in a narrow band.

The Indian rupee (₹) remained tepid for most part of the year and hit a low of 74.48 against the US dollar (USD) due to higher oil prices, improving US yields, weak domestic fundamentals and outflows from domestic markets.

India’s GDP growth

Source: CSO, RBI
e = estimate; F = forecast

Key macro growth enablers

- Favourable demographics are likely to propel the Indian consumption story
- A stable and reform focussed policy framework will drive business and investment
- Government focus on improving disease control and providing financial support to new farms
- Growing demand for poultry protein

Outlook

India’s economy is likely to grow at over 7.2% in FY20, driven by wide-ranging reforms undertaken by the government such

as Goods and Services Tax (GST), Housing for All by 2022, Ease of Foreign Direct Investment (FDI) norms, among others. These reforms will help drive consumption and investment in the country.

Another reason for this stable growth is the country's low-exposure to a slowdown in global manufacturing trade growth vis-à-vis other major Asian economies and emerging markets.

INDUSTRY INSIGHT

Global animal healthcare industry

The size of the global animal healthcare market was estimated at \$27 billion in 2017 and is forecast to grow at a CAGR of 4% between 2018 and 2024 (Source: Global Market Insights). The rising prevalence of different communicable diseases in animals and the subsequent increase in the cases of zoonotic diseases in humans have boosted demand for animal vaccines globally.

Growth enablers for the industry

- **Rising global demand for animal protein**
- **Increasing trend of Zoonotic diseases to drive demand for vaccines**
- **Natural resources constraints driving need for more efficient food production**
- **Livestock rearing is a prominent source of income in some economies**
- **Increased pet ownership and spending**
- **Higher focus on food safety and food security**

Outlook

The global veterinary vaccines market is driven by the vulnerability of animals to fatal and chronic diseases and the rapidly changing patterns of diseases among animals. Veterinary vaccines have also reduced the amount of drug treatments to control established diseases and, in many instances, have prevented long-term suffering and death.

Structural trends such as rising awareness on animal health, early disease detection and the increased use of preventive medicines are likely to act as key catalysts for demand for veterinary vaccines in the coming years.

Improving demand for animal protein, including milk, meat, eggs and fish, and growing expenditure on healthcare of companion animals are expected to boost the global veterinary vaccines market.

Indian animal healthcare industry

The Indian animal health industry has played a major role in safeguarding the animal husbandry interests of the nation.

The size of the Indian animal healthcare industry is estimated to almost double from ₹39,200 million in 2016 to ₹75,000 million in 2020. During this period, dairy healthcare products are expected to record a 12-15% CAGR while poultry could grow at 8-10%. The companion animal and other segments are expected to record a CAGR of 18-20% and 8-10%, respectively, during this period. This high growth could be attributed to a robust livestock sector which has been buoyed by strong domestic consumption and technology intervention, coupled with the emerging risk of diseases of economic and zoonotic significance.

Growth enablers for the industry

- **Rising disposable income boosting spends on protein diet**
- **Spends on animal health shifting towards preventive care**
- **Higher access to and awareness about animal healthcare products**
- **Various government programmes to improve livestock health**
- **Discovery of new treatments and new additions, particularly biological and preventive care products**
- **Rising spends on animal healthcare due to increasing share of organised players and higher MSP of farmers**
- **Significant export opportunities**
- **Growing number of veterinary professionals**

Outlook

Animal husbandry in India has undergone significant changes over the years, thanks to the adoption of innovative technologies used for the prevention and cure of farm and companion animals. There has been a paradigm shift in the business approach of animal health companies—from therapeutics to preventive and productivity enhancement to overall healthcare of animals now. The animal health industry

has evolved and propelled animal husbandry to new heights, catapulting India at the top of milk and egg production.

REVIEW OF THE BUSINESS

Business overview

Hester Biosciences Limited (Hester) is the second largest poultry vaccine manufacturer and one of the leading animal healthcare companies in India. Independent Auditors' Report

TO THE MEMBERS OF HESTER BIOSCIENCES LIMITED

REPORT ON THE STANDALONE FINANCIAL STATEMENTS

OPINION

We have audited the accompanying standalone financial statements of **HESTER BIOSCIENCES LIMITED** ("the Company"), which comprise the Balance Sheet as at 31 March 2019, and the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Changes in Equity and the Cash Flow Statement for the year then ended, and notes to the financial statements including a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "Standalone Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2019, and its profit including other comprehensive income, the changes in equity and its cash flows for the year ended on that date.

BASIS FOR OPINION

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditors' Responsibility for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

INFORMATION OTHER THAN THE FINANCIAL STATEMENTS AND AUDITORS' REPORT THEREON

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Directors report, but does not include the Standalone Financial Statements and our Auditors' Report thereon.

Our opinion on the Standalone Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Standalone Financial Statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

MANAGEMENTS' RESPONSIBILITY FOR THE STANDALONE FINANCIAL STATEMENTS

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Indian Accounting Standards (IND AS) prescribed under Section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, and other accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting the frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Companies' financial reporting process.

AUDITORS' RESPONSIBILITY FOR THE AUDIT OF THE STANDALONE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- 1) Identify and assess the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- 2) Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- 3) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- 4) Conclude on the appropriateness of managements' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Companies' ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- 5) Evaluate the overall presentation, structure and content of the Standalone Financial Statements, including the

disclosures, and whether the Standalone Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

OTHER MATTER

The Ind AS Financial Statements of the Company for the year ended 31 March 2018, included in these standalone financial statements, have been audited by the predecessor auditor who expressed an unmodified opinion on those financial statements on 14 May 2018.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

1. As required by the Companies (Auditors' Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the "Annexure A", a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - (c) The Balance Sheet, the Statement of Profit and Loss including other comprehensive Income, the Statement of Changes in Equity and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
 - (d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards prescribed under Section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, as amended.
 - (e) On the basis of the written representations received from the Directors as on 31 March 2019 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2019 from being appointed as a director in terms of Section 164 (2) of the Act.

- (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure B".
- (g) With respect to the other matters to be included in the Auditors' Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and according to the information and explanation given to us by the management, the remuneration paid/provided during the Current Year by the Company to its directors is in accordance with the provisions of Section 197 read with Schedule V of the Act. The remuneration paid/provided to any director is not in excess of the limit laid down under Section 197 of the Act.
- (h) With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
- i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements – Refer Note 37 to the standalone financial statements;
 - ii. The Company did not have any long-term contracts including derivative contracts for which there are any material foreseeable losses; and
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

Annexure B to the Independent Auditors' Report

Referred to in Paragraph 2(f) on Report on Other Legal and Regulatory Requirements of Our Report of even date of Hester Biosciences Limited for the year ended 31 March 2019

REPORT ON THE INTERNAL FINANCIAL CONTROLS UNDER SECTION 143(3)(I) OF THE COMPANIES ACT, 2013 ("THE ACT")

We have audited the internal financial controls over financial reporting of HESTER BIOSCIENCES LIMITED ('the Company') as of 31 March 2019 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

MANAGEMENTS' RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting with reference to these standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. The Guidance Note and those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial Controls over financials reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting with reference to these standalone financial statements and their operative effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that material weakness exists and testing and evaluating the design and operating effectiveness of internal controls based on the assessed risk. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis of our audit opinion on the internal financial control system over financial reporting with reference to these standalone financial statements.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

A Company's internal financial controls over financial reporting with reference to these standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting include those policies and procedures that:

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use or disposition of the Company's assets that could have material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

Because of the inherent limitations of internal financial controls over financial reporting with reference to these standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not to be detected. Also, projections of any evaluation of the internal financial controls over financial reporting with reference to these standalone financial statements to future periods are subject to the risk that the internal financial controls over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

In our opinion, to the best of our information and according to the explanation given by the management, the Company has, in all material respects, an adequate internal financial control

system over financial reporting with reference to these standalone financial statements and such internal financial controls over financial reporting with reference to these standalone financial statements were operating effectively as at 31 March 2019, based on the internal controls over financials reporting criteria established by the Company considering the essential components of internal controls stated in the Guidance Note.

1 CORPORATE INFORMATION

Hester Biosciences Limited is a public limited company domiciled in India and listed on BSE Limited (BSE) and The National Stock Exchange of India Limited (NSE). The Company is engaged in manufacturing of Poultry vaccines and Large Animal Vaccines and trading of Poultry and Large animal health products having its manufacturing set up at Merda Adraj village, Mehsana District, Gujarat.

2 SIGNIFICANT ACCOUNTING POLICIES

a. BASIS OF PREPARATION:

The financial statements have been prepared on the historical cost basis except for following assets and liabilities which have been measured at fair value amount:

- i) Defined benefit plans - plan assets measured at fair value
- ii) Biological assets - measured at fair value less cost to sell

The financial statements of the Company have been prepared to comply with the Indian Accounting standards ('Ind AS'), including the rules notified under the relevant provisions of the Companies Act, 2013.

b. USE OF ESTIMATES:

The preparation of financial statements in conformity with GAAP requires the management to make estimates and assumption that affect the reported amounts of assets and liabilities, disclosures of contingent assets and liabilities at the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates. Difference between the actual results and the estimates are recognised in the periods in which the results are known/ materialised.

c. REVENUE RECOGNITION:

Revenue from sale of goods is recognised when the significant risks and rewards of ownership have been transferred to the buyer, recovery of the consideration is probable, the associated cost can be estimated reliably, there is no continuing effective control or managerial involvement with the goods, and the amount of revenue can be measured reliably. Sale of goods is recorded net of returns, trade discounts, rebates, VAT/Sales

Tax, Service Tax, Goods and Service Tax but inclusive excise duty.

Revenue from services are recognised as the related services are performed.

Interest income primarily comprises of interest from term deposits with banks and on loans to subsidiary companies. Interest income is recorded using the Effective Interest Rate (EIR). EIR is the rate that exactly discounts the estimated future cash receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset.

d. PROPERTY PLANT & EQUIPMENTS:

Property, Plant and Equipment are stated at cost of acquisition or construction less accumulated depreciation and accumulated impairment losses. The cost of Property, Plant and Equipment comprises of its purchase price, non-refundable taxes & levies, freight and other incidental expenses related to the acquisition and installation of the respective assets.

Subsequent expenditure related to an item of Property, Plant and Equipment is added to its book value only if it increases the future benefits from the existing asset beyond its previously assessed standard of performance. All other expenses on existing assets, including day-to-day repair and maintenance expenditure and cost of replacing parts, are charged to the Statement of Profit and Loss for the period during which such expenses are incurred except for high values which are capitalised.

Gains or losses arising from de-recognition of Property, Plant and Equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit and Loss when the asset is derecognised.

Capital assets under erection/installation are stated at cost in the Balance Sheet as "Capital Work-in-Progress".

Advances paid towards the acquisition of property, plant and equipment outstanding at each reporting date is disclosed as capital advances under other non current assets. The cost of property, plant and equipment not ready to use before such date

Notes Forming Part of Financial Statements

for the year ended 31 March 2019

are disclosed under capital work-in-progress.
Assets not ready for use are not depreciated.

e. INTANGIBLE ASSETS:

Intangible assets that are acquired by the Company and that have finite useful lives are measured at cost less accumulated amortisation and accumulated impairment losses.

Subsequent expenditures are capitalised only when they increase the future economic benefits embodied in the specific asset to which they relate.

f. DEPRECIATION / AMORTISATION:

Depreciation on Fixed Assets is provided on Straight Line Method (SLM) method based on useful life of the assets as prescribed under Part-C of Schedule II to the Companies Act, 2013 except in respect of the following assets, where useful life is different than those prescribed in Schedule II are used. The Management estimates the useful lives for such fixed assets as under:-

Particulars	Estimated Useful Life
Furniture & Fixtures	Over a Period of 9 Years
Vehicles	Over a Period of 8 Years
Plant & Machineries, Equipments, Electrical Installation & Utilities	Over a Period of 9 Years
Office Building	Over a Period of 30 Years

**g. IMPAIRMENT OF NON-FINANCIAL ASSET-
Property, Plant and Equipment and Intangible
Assets:**

The Company assesses at each reporting date as to whether there is any indication that any Property, Plant and Equipment and Intangible Assets or group of Assets, called Cash Generating Units (CGU) may be impaired. If any such indication exists, the recoverable amount of an asset or CGU is estimated to determine the extent of impairment, if any. When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the CGU to which the asset belongs.

An impairment loss is recognised in the Statement of Profit and Loss to the extent, assets' carrying amount exceeds its recoverable amount.

The recoverable amount is higher of an assets' fair value less cost of disposal and value in use. Value in use is based on the estimated future cash flows, discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and risk specific to the assets.

Goodwill is tested for impairment annually as at year end and when circumstances indicate that the carrying value may be impaired. Impairment is determined for goodwill by assessing the recoverable amount of each CGU (or group of CGUs) to which the goodwill relates. When the recoverable amount of the CGU is less than its carrying amount, an impairment loss is recognised. Impairment losses relating to goodwill are not reversed in future periods.

h. INVESTMENTS:

Investments, which are readily realisable and intended to be held for not more than a year from the date on which such investments are made, are classified as current investments. All other investments are classified as long-term investments.

Current investments are carried in the financial statements at lower of cost and fair value determined on an individual investment basis. Long-term investments are carried at cost. However, provision for diminution in value is made to recognise a decline other than temporary in the value of the investments.

Investments in buildings that are not intended to be occupied substantially for use by, or in the operations of the Company, have been classified as investment properties. Investment properties are carried at cost less accumulated depreciation and accumulated impairment losses, if any.

i. INVENTORIES:

Inventories include raw materials, bought out components, work-in-progress and manufactured finished goods.

Finished products:

Finished products produced by the Company are valued at lower of cost and net realisable value. Cost includes direct materials, labour, a proportion of manufacturing overheads.

Work-in-Progress:

Work-in-Progress is valued at cost of direct materials, labour and other Manufacturing overheads up to estimated stage of process.

Raw materials and stores & spares:

Raw materials and stores & spares are valued at Lower of cost and net realisable value. However, materials and other items held for use in

Notes forming part of Financial Statements

for the year ended 31 March 2019

the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. The cost is determined using First In First Out (FIFO) method.

j. BORROWING COSTS:

Borrowing costs that are attributable to the acquisitions or construction of fixed assets/qualifying assets for expansion/new project are capitalised to respective fixed assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use. Other borrowing costs are charged to revenue in the year in which they are incurred.

k. FOREIGN CURRENCY TRANSACTIONS:

- i. Foreign currency transactions are recorded at the exchange rates prevailing at the time of transaction.
- ii. Monetary items representing assets and liabilities denominated in foreign currencies at the balance sheet date are translated at rates prevailing on balance sheet date.
- iii. Investments in equity capital of company registered outside India are carried in the Balance Sheet at the rates prevailing on the date of transaction.
- iv. Non-monetary items which are carried in terms of historical cost denominated in foreign currency are reported using the exchange rate at the date of transaction. Exchange differences arising as a result of the above are recognised as income or expenses in the statement of profit and loss. Exchange difference arising on the settlement of monetary items at rates different from those at which they were initially recorded during the year, or reported in previous financial statements, are recognised as income or expenses in the year in which they arise.

l. RESEARCH AND DEVELOPMENT:

Revenue expenditure on Research and Development is charged to the Statement of Profit and Loss for the year in which it is incurred. Capital expenditure on Research and Development is shown as an addition to the fixed assets and is depreciated on the same basis as other fixed assets.

m. PROVISION FOR RETIREMENT BENEFITS:

(i) Short-Term Employee Benefits:

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised as an expense during the period when the employees render the services.

(ii) Post-employment benefit plans:

a) Defined Contribution Plan:

Contribution for provident fund are accrued in accordance with applicable Statutes and deposited with the Regional Provident Fund Commissioner.

b) Defined Benefit Plan:

The Company operates two defined benefit plans for its employees, viz., Gratuity and Leave Encashment. The costs of providing benefits under these plans are determined on the basis of actuarial valuation at each year-end. Actuarial valuation is carried out for using the projected unit credit method. Actuarial gains and losses for defined benefit plan is recognised in full in the period in which they occur.

Remeasurements, comprising of actuarial gains and losses are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Remeasurements are not reclassified to profit or loss in subsequent periods.

n. EARNINGS PER SHARE:

Basic earnings per share are calculated by dividing the net profit or loss after tax for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders of the parent company and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares, which includes all stock options granted to employees.

o. CASH AND CASH EQUIVALENTS:

Cash and cash equivalents in the comprise cash on hand and balance at Bank including fixed deposits with an original maturity period of less than three months and short-term investments with an original maturity of three months or less.

p. FINANCIAL INSTRUMENTS:

(i) Financial Asset:

(a) Classification:

On initial recognition the Company classifies financial assets as subsequently measured at amortised cost, fair value through other comprehensive income or fair value through profit or loss on the basis of its business model for managing the financial assets and the contractual cash flow characteristics of the financial asset.

(b) Initial recognition and measurement:

All financial assets (not measured subsequently at fair value through profit or loss) are recognised initially at fair value plus transaction costs that are attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Group commits to purchase or sell the asset.

(c) Financial assets at amortised cost:

A 'financial asset' is measured at the amortised cost if both the following conditions are met:

- 1) the asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- 2) contractual terms of the asset give rise on specified dates to cash flows that are Solely Payments of Principal and Interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost

using the Effective Interest Rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the Statement of Profit and Loss. The losses arising from impairment are recognised in the Statement of Profit and Loss. This category generally applies to trade and other receivables.

Financial assets included within the Fair Value Through Profit and Loss (FVTPL) category are measured at fair value with all changes recognised.

(d) Derecognition:

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e. removed from the Groups' financial statements) when:

The rights to receive cash flows from the asset have expired, or

The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either:

- (i) the Company has transferred substantially all the risks and rewards of the asset, or
- (ii) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor

Notes forming part of Financial Statements

for the year ended 31 March 2019

retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

(e) Impairment of financial assets:

In accordance with Ind AS 109, the Company applies Expected Credit Loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- (i) financial assets that are debt instruments, and are measured at amortised cost e.g., loans, debt securities, deposits, and bank balance.

- (ii) trade receivables:

The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables which do not contain a significant financing component.

The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

(ii) Financial Liabilities:

(a) Classification:

The Company classifies all financial liabilities as subsequently measured

at amortised cost, except for financial liabilities measured at fair value through profit or loss. Such liabilities, including derivatives that are liabilities, shall be subsequently measured at fair value with changes in fair value being recognised in the Statement of Profit and Loss.

(b) Initial recognition and measurement:

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, at amortised cost (loans and borrowings, and payables), or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs. The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts and derivative financial instruments.

(c) Loans and borrowings:

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in Statement of Profit and Loss when the liabilities are derecognised.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the Statement of Profit and Loss. This category generally applies to interest-bearing loans and borrowings.

(d) Derecognition:

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as

Notes Forming Part of Financial Statements

for the year ended 31 March 2019

the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

q. Taxation:

(i) Current Tax:

Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantively enacted at the reporting date, and any adjustment to tax payable in respect of previous years.

(ii) Deferred Tax Provision:

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The carrying amount of deferred tax liabilities and assets are reviewed at the end of each reporting period.

(iii) Minimum Alternative Tax (MAT):

Minimum Alternative Tax (MAT) paid in accordance with the tax laws in India which gives rise to future economic benefit in the form of MAT credit entitlement for adjustment of future income tax liability, is considered as an asset only when there is convincing evidence that the Company will pay normal income tax within the specified period. Accordingly MAT is recognised as an asset in the balance sheet when the asset can be measured reliably and it is probable that the future economic benefit associated with it will fructify. Such assets are revised at each balance sheet date.

r. Grants:

Government grants are recognised when there is reasonable assurance that the Company will comply with the conditions attached to them and the grants will be received. Government grants receivable are recognised as income over the periods necessary to match them with the related

costs which they are intended to compensate, on a systematic basis.

s. Provisions and Contingent Liabilities:

A provision is recognised when an enterprise has a present obligation as a result of past event; it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates. A Contingent Liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation.

A Contingent Liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably. The Company does not recognise a contingent liability but discloses its existence in the financial statements.

t. Operating Cycle and Current/Non-current classification:

All the assets and liabilities have been classified as current or non current as per the Companies' normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013.

An asset is current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle.
- Held primarily for the purpose of trading.
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

Notes forming part of Financial Statements

for the year ended 31 March 2019

A liability is current when:

- It is expected to be settled in normal operating cycle.
- It is held primarily for the purpose of trading.
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities

u. Biological Assets:

Biological assets are measured at fair value less costs to sell, with any change therein recognised in Statement of Profit and Loss.

v. Standards Issued but not Effective:

The Companies (Indian Accounting Standards) Amendment Rules, 2019 has notified amendments to the following accounting standards. The amendments would be effective from 1 April 2019.

1. Ind AS 12, Income taxes – Appendix C on uncertainty over income tax treatments
2. Ind AS 12, Income taxes - Accounting for Dividend Distribution Taxes
3. Ind AS 23, Borrowing costs
4. Ind AS 28 – Investment in associates and joint ventures
5. Ind AS 103 and Ind AS 111 – Business combinations and joint arrangements
6. Ind AS 109 – Financial instruments
7. Ind AS 19 – Employee benefits

The Company is in the process of evaluating the impact of such amendments.

42 DISCLOSURE AS PER INDIAN ACCOUNTING STANDARD 19 (IND AS 19) ON "EMPLOYEE BENEFIT" FOR THE YEAR ENDED 31 MARCH 2019

a. Defined Contribution Plans:

The Company made contribution towards provident fund to defined contribution retirement benefit plans for qualifying employees. The provident fund plan is operated by the regional provident fund commissioner, the Company required to contribute a specified percentage of payroll cost to the retirement benefit scheme to fund the benefit.

The Company recognised ₹ 8.44 million (2017-18: ₹ 6.44 million) for provident fund contribution in the Statement of Profit and Loss. The contributions payable to this plan by the Company are at rates specified in the rules of the scheme. The Company has no further obligations under the plan beyond its monthly contributions.

b. Defined Benefit Plan:

The Company made annual contribution to the employees' Group Gratuity Cash Accumulation Scheme of the Life Insurance Corporation of India, a funded benefit plan for qualifying employees. The scheme provides for lump sum payment to vested employees at retirement, death while in employment or on termination of employment of an amount equivalent to 15 days salary payable for each completed year of service or a part thereof in excess of six months. Vesting occurs upon completion of five years of service.

The present value of define benefit obligation and the related current service cost were measured using the projected unit credit method as per actuarial valuation carried out at balance sheet date.

The following table sets out the funded status of the gratuity plan and the amount recognised by the Companys' financial statement as at 31 March 2019.

(ii) Financial risk management

The Company's activities are exposed to variety of financial risks. These risks include market risk (including foreign exchange risk and interest rate risks), credit risks and liquidity risk. The Company's overall risk management programme seeks to minimise potential adverse effects on the financial performance of the Company through established policies and processes which are laid down to ascertain the extent of risks, setting appropriate limits, controls, continuous monitoring and its compliance.

(a) Market risk:

Market risk refers to the possibility that changes in the market rates may have impact on the Company's profits or the value of its holding of financial instruments. The Company is exposed to market risks on account of foreign exchange rates and interest rates.

(i) Foreign currency exchange rate risk:

The Company's foreign currency risk arises from its foreign operations, investments in foreign subsidiaries, foreign currency transactions. The fluctuation in foreign currency exchange rates may have potential impact on the income statement and equity, where any transaction references more than one currency or where assets/liabilities are denominated in a currency other than the functional currency of the Company.

The major foreign currency exposure for the Company is denominated in USD. Additionally, transactions entered into in other currencies are not significant in relation to the total volume of the foreign currency exposures.

The following table sets forth information relating to foreign currency exposure from non-derivative financial instruments:

(Figures in ₹)

Notes forming part of Financial Statements

for the year ended 31 March 2019

For the years ended 31 March 2019 and 31 March 2018, every 1% depreciation/appreciation in the exchange rate between the Indian rupee and the respective currencies for the above mentioned financial assets/liabilities would affect the Company's net profit by approximately ₹ 0.29 million and ₹ 0.48 million respectively.

(ii) Interest Rate Risk:

Interest rate risk refers to the possibility that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rate. The company is exposed to fluctuations in interest rates in respect of rupee loans carrying a floating rate of interest.

For the years ended 31 March 2019 and 31 March 2018, a reasonable possible change of 100 basis points in interest rates at the reporting dates would have increased/(decreased) profit or loss by approximately ₹ 7.46 million and ₹ 5.56 million respectively.

(b) Credit risk:

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. Credit risk encompasses of both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration risks. The Company has adopted a policy of only dealing with creditworthy counterparties and obtaining sufficient collateral, where appropriate, as a means of mitigating the risk of financial loss from defaults. The Company uses publicly available financial information and its own trading records to rate its major customers.

All trade receivables are reviewed and assessed for default on a quarterly basis. Our historical experience of collecting receivables is that credit risk is low. Hence, trade receivables are considered to be a single class of financial assets.

(c) Liquidity Risk:

Liquidity risk refers to the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Company generates cash flows from operations to meet its financial obligations, maintains adequate liquid assets in the form of cash & cash equivalents and has undrawn short-term line of credits from banks to ensure necessary liquidity.

Independent Auditors' Report

TO THE MEMBERS OF HESTER BIOSCIENCES LIMITED

REPORT ON THE CONSOLIDATED FINANCIAL STATEMENTS

OPINION

We have audited the accompanying consolidated financial statements of **HESTER BIOSCIENCES LIMITED** (hereinafter referred to as "the Holding Company") and its subsidiaries (the Holding Company and its subsidiaries collectively referred to as "the Group"), which comprise the Consolidated Balance Sheet as at 31 March 2019, and the Consolidated Statement of Profit and Loss including Other Comprehensive Income, the Consolidated Statement of Changes in Equity and the Consolidated Cash Flow Statement for the year then ended, and notes to the financial statements including a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "Consolidated Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of reports of other auditors on separate financial statements and on the other financial information of the subsidiaries, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the Consolidated state of affairs of the Group as at 31 March 2019, and their Consolidated profit including other comprehensive income, the Consolidated changes in equity and Consolidated cash flows for the year ended on that date.

BASIS FOR OPINION

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditors' Responsibility for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

INFORMATION OTHER THAN THE FINANCIAL STATEMENTS AND AUDITORS' REPORT THEREON

The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Directors report, but does not include the Consolidated Financial Statements and our Auditors' Report thereon.

Our opinion on the Consolidated Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Consolidated Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Consolidated Financial Statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

MANAGEMENTS' RESPONSIBILITY FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The Holding Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated changes in equity and consolidated cash flows of the Group in accordance with the Indian Accounting Standards (IND AS) prescribed under Section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, and other accounting principles generally accepted in India.

The respective Board of Directors of the Companies included in Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and for preventing and detecting the frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material

misstatement, whether due to fraud or error, which have been used for the purpose of Consolidated Financial Statements by the Directors of the Holding Company, as aforesaid..

In preparing the consolidated financial statements, the respective Board of directors of the Companies Included in Group are responsible for assessing the Groups' ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of companies included in Group are also responsible for overseeing the Groups' financial reporting process.

AUDITORS' RESPONSIBILITY FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an Auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- 1) Identify and assess the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- 2) Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- 3) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- 4) Conclude on the appropriateness of managements' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Groups' ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the Consolidated Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- 5) Evaluate the overall presentation, structure and content of the Consolidated Financial Statements, including the disclosures, and whether the Consolidated Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.
- 6) Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group of which we are the independent auditors and whose financial information we have audited, to express an opinion on the Consolidated Financial Statements. For the entities included in the Consolidated Financial Statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of the Holding Company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

OTHER MATTER

The Consolidated Financial Statements of the Group for the year ended 31 March 2018, included in these consolidated financial statements, have been audited by the predecessor auditor who expressed an unmodified opinion on those financial statements on 14 May 2018.

We did not audit the financial statements and other financial information of 4 subsidiaries included in the consolidated financial results, whose financial statements reflect total assets of ₹ 1,026.47 million as at 31 March 2019, total revenue of ₹ 147.78 million for the year ended 31 March 2019 and total loss after tax of ₹ 33.59 million for the year ended 31 March 2019 as considered in consolidated financial results. These financial statements have been audited by other auditors whose report have been furnished to us by the management and our opinion on the consolidated financial statements, in so far relates to the amounts and disclosures included in respect of subsidiaries, is solely based on such report of the other auditors.

Certain of these subsidiaries are located outside India whose financial statements and other financial information have been prepared in accordance with accounting principles generally accepted in their respective countries and which have been audited by other auditors under generally accepted auditing standards applicable in their respective countries. The Company's management has converted the financial statements of such subsidiaries located outside India from accounting principles generally accepted in their respective countries to accounting principles generally accepted in India. We have audited these conversion adjustments made by the Company's management. Our opinion in so far as it relates to the balances and affairs of such subsidiaries located outside India is based on the report of other auditors and the conversion adjustments prepared by the management of the Company and audited by us.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

As required by Section 143(3) of the Act, based on our audit and on the consideration of report of the other auditors on separate financial statements and the other financial information of subsidiaries, as noted in the 'other matter' paragraph we report, to the extent applicable, that:

(a) We/the other auditors whose reports we have relied upon, have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid Consolidated Financial Statements;

- (b) In our opinion, proper books of account as required by law have been kept by the Group so far as it appears from our examination of those books and reports of the Other Auditors.
- (c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including other comprehensive Income, the Consolidated Statement of Changes in Equity and the Consolidated Cash Flow Statement dealt with by this Report are in agreement with the books of account maintained for the purpose of the Consolidated Financial Statements.
- (d) In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards prescribed under Section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, as amended.
- (e) On the basis of the written representations received from the Directors of the Holding Company as on 31 March 2019 taken on record by the Board of Directors of the Holding Company and the reports of the Statutory Auditor who are appointed under Section 139 of the Act, of its subsidiary incorporated in India, none of the directors of the Groups' companies is disqualified as on 31 March 2019 from being appointed as a director in terms of Section 164 (2) of the Act.
- (f) With respect to the adequacy of the internal financial controls over financial reporting of the Group and the operating effectiveness of such controls with reference to these Consolidated Financial Statements, refer to our separate report in "Annexure A".
- (g) With respect to the other matters to be included in the Auditors' Report in accordance with the requirements of Section 197(16) of the Act, as amended, in our opinion and according to the information and explanation given to us by the management, the remuneration paid/ provided during the Current Year by the Holding Company and its subsidiary incorporated in India to their directors is in accordance with the provisions of Section 197 read with Schedule V of the Act. The remuneration paid/ provided to any director by the Holding Company and its subsidiary incorporated in India is not in excess of the limit laid down under Section 197 of the Act.
- (h) With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014,

as amended, in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the report of the other audit on separate financial statements and also the other financial information of the subsidiaries as noted in the 'Other Matter' paragraph:

- i. The Group has disclosed the impact of pending litigations on its financial position in its consolidated financial statements – Refer Note 36 to the consolidated financial statements;
- ii. The Group did not have any long-term contracts including derivative contracts for which there are any material foreseeable losses; and
- iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Group.

Annexure A to the Independent Auditors' Report

Referred to in clause f on Report on Other Legal and Regulatory Requirements of Our Report of even date of Hester Biosciences Limited for the year ended 31 March 2019

REPORT ON THE INTERNAL FINANCIAL CONTROLS UNDER SECTION 143(3)(I) OF THE COMPANIES ACT, 2013 ("THE ACT")

We have audited the internal financial controls over financial reporting of HESTER BIOSCIENCES LIMITED (hereinafter referred to as "the Holding Company") and its subsidiaries (the Holding Company and its subsidiaries collectively referred to as "the Group") as of 31 March 2019 in conjunction with our audit of the consolidated financial statements of the Group for the year ended on that date.

MANAGEMENTS' RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The respective Board of Directors of the Holding Company and its subsidiary incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective Companies' policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on the Groups' internal financial controls over financial reporting with reference to these consolidated financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. The Guidance Note and those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether

adequate internal financial Controls over financials reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting with reference to these consolidated financial statements and their operative effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that material weakness exists and testing and evaluating the design and operating effectiveness of internal controls based on the assessed risk. The procedures selected depend on the Auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the other matter paragraph below, is sufficient and appropriate to provide a basis of our audit opinion on the internal financial control system over financial reporting with reference to these consolidated financial statements.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

A Holding Company's internal financial controls over financial reporting with reference to these consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting include those policies and procedures that:

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Group;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accounting principles, and that receipts and expenditures of the Group are being made only in accordance with authorisations of management and directors of the respective Company; and

- (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use or disposition of the Groups' assets that could have material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

Because of the inherent limitations of internal financial controls over financial reporting with reference to these consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not to be detected. Also, projections of any evaluation of the internal financial controls over financial reporting with reference to these consolidated financial statements to future periods are subject to the risk that the internal financial controls over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

In our opinion, to the best of our information, according to the explanations given by the management and based on the consideration of report of Other Auditor, the Holding Company and its subsidiary have, in all material respects, an adequate internal financial control system over financial

reporting with reference to these consolidated financial statements and such internal financial controls over financial reporting with reference to these consolidated financial statements were operating effectively as at 31 March 2019, based on the internal controls over financials reporting criteria established by the Holding Company considering the essential components of internal controls stated in the Guidance Note.

OTHER MATTER

Our aforesaid reports under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting with reference to these consolidated financial statements, in so far as it relates to separate financial statement of one subsidiary company which is incorporated in India, is based in the corresponding report of the auditor of such subsidiary incorporated in India.

Notes Forming Part of Consolidated Financial Statements

for the year ended 31 March 2019

1. CORPORATE INFORMATION

Hester Biosciences Limited is a public limited company domiciled in India and listed on BSE Limited (BSE) and The National Stock Exchange of India Limited (NSE). The company is engaged in manufacturing of Poultry vaccines and Large Animal Vaccines and trading of Poultry and Large animal health products having its manufacturing set up at Merda Adraj village, Mehsana District, Gujarat.

2. SIGNIFICANT ACCOUNTING POLICIES

a. BASIS OF PREPARATION:

The financial statements have been prepared on the historical cost basis except for following assets and liabilities which have been measured at fair value amount

- i) Defined benefit plans – plan assets measured at fair value
- ii) Biological assets – measured at fair value less cost to sell

The financial statements of the Company have been prepared to comply with the Indian Accounting standards ('Ind AS'), including the rules notified under the relevant provisions of the Companies Act, 2013.

b. USE OF ESTIMATES:

The preparation of financial statements in conformity with GAAP requires the management to make estimates and assumption that affect the reported amounts of assets and liabilities, disclosures of contingent assets and liabilities at the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates. Difference between the actual results and the estimates are recognised in the periods in which the results are known/ materialised.

c. REVENUE RECOGNITION:

Revenue from sale of goods is recognised when the significant risks and rewards of ownership have been transferred to the buyer, recovery of the consideration is probable, the associated cost can be estimated reliably, there is no continuing effective control or managerial involvement with the goods, and the amount of revenue can be measured reliably. Sale of goods is recorded net of returns, trade discounts, rebates, VAT/Sales Tax, Service Tax, Goods and Service Tax but inclusive excise duty.

Revenue from services are recognised as the related services are performed.

Interest income primarily comprises of interest from term deposits with banks and on loans to subsidiary companies. Interest income is recorded using the Effective Interest Rate (EIR). EIR is the rate that exactly discounts the estimated future cash receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset.

d. PROPERTY PLANT & EQUIPMENTS:

Property, Plant and Equipment are stated at cost of acquisition or construction less accumulated depreciation and accumulated impairment losses. The cost of Property, Plant and Equipment comprises of its purchase price, non-refundable taxes & levies, freight and other incidental expenses related to the acquisition and installation of the respective assets.

Subsequent expenditure related to an item of Property, Plant and Equipment is added to its book value only if it increases the future benefits from the existing asset beyond its previously assessed standard of performance. All other expenses on existing assets, including day-to-day repair and maintenance expenditure and cost of replacing parts, are charged to the Statement of Profit and Loss for the period during which such expenses are incurred except for high values which are capitalised.

Gains or losses arising from de-recognition of Property, Plant and Equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit and Loss when the asset is derecognised.

Capital assets under erection/installation are stated at cost in the Balance Sheet as "Capital Work-in-Progress".

Advances paid towards the acquisition of property, plant and equipment outstanding at each reporting date is disclosed as capital advances under other non current assets. The cost of property, plant and equipment not ready to use before such date are disclosed under capital work-in-progress. Assets not ready for use are not depreciated.

Notes Forming Part of Consolidated Financial Statements

for the year ended 31 March 2019

e. INTANGIBLE ASSETS

Intangible assets that are acquired by the Company and that have finite useful lives are measured at cost less accumulated amortisation and accumulated impairment losses.

Subsequent expenditures are capitalised only when they increase the future economic benefits embodied in the specific asset to which they relate.

f. DEPRECIATION / AMORTISATION:

Depreciation on Fixed Assets is provided on Straight Line Method (SLM) method based on useful life of the assets as prescribed under Part-C of Schedule II to the Companies Act, 2013 except in respect of the following assets, where useful life is different than those prescribed in Schedule II are used. The Management estimates the useful lives for such fixed assets as under:-

Particulars	Estimated Useful Life
Furniture & Fixtures	Over a Period of 9 Years
Vehicles	Over a Period of 8 Years
Plant & Machineries, Equipments, Electrical Installation & Utilities	Over a Period of 9 Years
Office Building	Over a Period of 30 Years

g. IMPAIRMENT OF NON-FINANCIAL ASSET – Property, Plant and Equipment and Intangible Assets:

The Company assesses at each reporting date as to whether there is any indication that any Property, Plant and Equipment and Intangible Assets or group of Assets, called Cash Generating Units (CGU) may be impaired. If any such indication exists, the recoverable amount of an asset or CGU is estimated to determine the extent of impairment, if any. When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the CGU to which the asset belongs.

An impairment loss is recognised in the Statement of Profit and Loss to the extent, assets' carrying amount exceeds its recoverable amount.

The recoverable amount is higher of an assets' fair value less cost of disposal and value in use. Value in use is based on the estimated future cash flows, discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and risk specific to the assets.

Goodwill is tested for impairment annually as at year end and when circumstances indicate

that the carrying value may be impaired.

Impairment is determined for goodwill by assessing the recoverable amount of each CGU (or group of CGUs) to which the goodwill relates. When the recoverable amount of the CGU is less than its carrying amount, an impairment loss is recognised. Impairment losses relating to goodwill are not reversed in future periods.

h. INVESTMENTS:

Investments, which are readily realisable and intended to be held for not more than a year from the date on which such investments are made, are classified as current investments. All other investments are classified as long-term investments.

Current investments are carried in the financial statements at lower of cost and fair value determined on an individual investment basis. Long-term investments are carried at cost. However, provision for diminution in value is made to recognise a decline other than temporary in the value of the investments.

Investments in buildings that are not intended to be occupied substantially for use by, or in the operations of the Company, have been classified as investment properties. Investment properties are carried at cost less accumulated depreciation and accumulated impairment losses, if any.

i. INVENTORIES:

Inventories include raw materials, bought out components, work-in-progress and manufactured finished goods.

Finished products:

Finished products produced by the Company are valued at lower of cost and net realisable value. Cost includes direct materials, labour, a proportion of manufacturing overheads.

Work-in-Progress:

Work-in-Progress is valued at cost of direct materials, labour and other Manufacturing overheads up to estimated stage of process.

Raw materials and stores & spares:

Raw materials and stores & spares are valued at Lower of cost and net realisable value. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they

Notes Forming Part of Consolidated Financial Statements

for the year ended 31 March 2019

will be incorporated are expected to be sold at or above cost. The cost is determined using First in First out (FIFO) method.

j. BORROWING COSTS:

Borrowing costs that are attributable to the acquisitions or construction of fixed assets/qualifying assets for expansion/new project are capitalised to respective fixed assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use. Other borrowing costs are charged to revenue in the year in which they are incurred.

k. FOREIGN CURRENCY TRANSACTIONS:

- i. Foreign currency transactions are recorded at the exchange rates prevailing at the time of transaction.
- ii. Monetary items representing assets and liabilities denominated in foreign currencies at the balance sheet date are translated at rates prevailing on balance sheet date.
- iii. Investments in equity capital of company registered outside India are carried in the Balance Sheet at the rates prevailing on the date of transaction.
- iv. Non-monetary items which are carried in terms of historical cost denominated in foreign currency are reported using the exchange rate at the date of transaction. Exchange differences arising as a result of the above are recognised as income or expenses in the statement of profit and loss. Exchange difference arising on the settlement of monetary items at rates different from those at which they were initially recorded during the year, or reported in previous financial statements, are recognised as income or expenses in the year in which they arise.

l. RESEARCH AND DEVELOPMENT:

Revenue expenditure on Research and Development is charged to the Statement of Profit and Loss for the year in which it is incurred. Capital expenditure on Research and Development is shown as an addition to the fixed assets and is depreciated on the same basis as other fixed assets.

m. PROVISION FOR RETIREMENT BENEFITS:

(i) Short-Term Employee Benefits:

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised as an expense during the period when the employees render the services.

(ii) Post-employment benefit plans:

a) Defined Contribution Plan:

Contribution for provident fund are accrued in accordance with applicable Statutes and deposited with the Regional Provident Fund Commissioner.

b) Defined Benefit Plan:

The Company operates two defined benefit plans for its employees, viz., Gratuity and Leave Encashment. The costs of providing benefits under these plans are determined on the basis of actuarial valuation at each year-end. Actuarial valuation is carried out for using the projected unit credit method. Actuarial gains and losses for defined benefit plan is recognised in full in the period in which they occur.

Remeasurements, comprising of actuarial gains and losses are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Remeasurements are not reclassified to profit or loss in subsequent periods.

n. EARNINGS PER SHARE:

Basic earnings per share are calculated by dividing the net profit or loss after tax for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders of the parent company and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares, which includes all stock options granted to employees.

Notes Forming Part of Consolidated Financial Statements

for the year ended 31 March 2019

o. CASH AND CASH EQUIVALENTS:

Cash and cash equivalents in the comprise cash on hand and balance at Bank including fixed deposits with an original maturity period of less than three months and short-term investments with an original maturity of three months or less.

p. FINANCIAL INSTRUMENTS:

(i) Financial Asset:

(a) Classification:

On initial recognition the Company classifies financial assets as subsequently measured at amortised cost, fair value through other comprehensive income or fair value through profit or loss on the basis of its business model for managing the financial assets and the contractual cash flow characteristics of the financial asset.

(b) Initial recognition and measurement:

All financial assets (not measured subsequently at fair value through profit or loss) are recognised initially at fair value plus transaction costs that are attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Group commits to purchase or sell the asset.

(c) Financial assets at amortised cost:

A 'financial asset' is measured at the amortised cost if both the following conditions are met:

- 1) the asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- 2) contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost

using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the Statement of Profit and Loss. The losses arising from impairment are recognised in the Statement of Profit and Loss. This category generally applies to trade and other receivables

Financial assets included within the fair value through profit and loss (FVTPL) category are measured at fair value with all changes recognised.

(d) Derecognition:

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e. removed from the Groups' financial statements) when:

The rights to receive cash flows from the asset have expired, or

The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either:

- (i) the Company has transferred substantially all the risks and rewards of the asset, or
- (ii) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor

Notes Forming Part of Consolidated Financial Statements

for the year ended 31 March 2019

retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

(e) Impairment of financial assets:

In accordance with Ind AS 109, the Company applies Expected Credit Loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

(i) financial assets that are debt instruments, and are measured at amortised cost e.g., loans, debt securities, deposits and bank balance.

(ii) trade receivables:

The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables which do not contain a significant financing component.

The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

(ii) Financial Liabilities:

(a) Classification:

The Company classifies all financial liabilities as subsequently measured

at amortised cost, except for financial liabilities measured at fair value through profit or loss. Such liabilities, including derivatives that are liabilities, shall be subsequently measured at fair value with changes in fair value being recognised in the Statement of Profit and Loss.

(b) Initial recognition and measurement:

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, at amortised cost (loans and borrowings, and payables), or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts and derivative financial instruments.

(c) Loans and borrowings:

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in Statement of Profit and Loss when the liabilities are derecognised.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the Statement of Profit and Loss.

This category generally applies to interest-bearing loans and borrowings.

(d) Derecognition:

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability

Notes Forming Part of Consolidated Financial Statements

for the year ended 31 March 2019

are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

q. TAXATION:

i) Current Tax:

Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantively enacted at the reporting date, and any adjustment to tax payable in respect of previous years.

ii) Deferred Tax Provision:

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The carrying amount of deferred tax liabilities and assets are reviewed at the end of each reporting period.

iii) Minimum Alternative Tax (MAT):

Minimum Alternative Tax (MAT) paid in accordance with the tax laws in India which gives rise to future economic benefit in the form of MAT credit entitlement for adjustment of future income tax liability, is considered as an asset only when there is convincing evidence that the company will pay normal income tax within the specified period. Accordingly MAT is recognised as an asset in the balance sheet when the asset can be measured reliably and it is probable that the future economic benefit associated with it will fructify. Such assets are revised at each balance sheet date.

r. Grants:

Government grants are recognised when there is reasonable assurance that the Company will comply with the conditions attached to them and the grants will be received. Government grants

receivable are recognised as income over the periods necessary to match them with the related costs which they are intended to compensate, on a systematic basis.

s. Provisions and Contingent Liabilities:

A provision is recognised when an enterprise has a present obligation as a result of past event; it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates. A Contingent Liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation.

A Contingent Liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably. The Company does not recognise a contingent liability but discloses its existence in the financial statements.

t. Operating Cycle and Current/Non-current classification:

All the assets and liabilities have been classified as current or non current as per the Companies' normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013.

An asset is current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle.
- Held primarily for the purpose of trading.
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

Notes Forming Part of Consolidated Financial Statements

for the year ended 31 March 2019

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle.
- It is held primarily for the purpose of trading.
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

u. Biological Assets:

Biological assets are measured at fair value less costs to sell, with any change therein recognised in Statement of Profit and Loss.

v. Standards Issued but not Effective:

The Companies (Indian Accounting Standards) Amendment Rules, 2019 has notified

amendments to the following accounting standards. The amendments would be effective from 1 April 2019.

1. Ind AS 12, Income taxes - Appendix C on uncertainty over income tax treatments
2. Ind AS 12, Income taxes - Accounting for Dividend Distribution Taxes
3. Ind AS 23, Borrowing costs
4. Ind AS 28 - Investment in associates and joint ventures
5. Ind AS 103 and Ind AS 111 - Business combinations and joint arrangements
6. Ind AS 109 - Financial instruments
7. Ind AS 19 - Employee benefits

The Company is in the process of evaluating the impact of such amendments.

15.2 RIGHTS, PREFERENCES AND RESTRICTION ATTACHED TO SHARES:

The Company has only one class of equity shares having par value of ₹ 10 per share. Accordingly, all equity shares rank equally with regard to dividends and share in the Company's residual assets. The equity shares are entitled to receive dividend as declared from time to time. Each equity shareholder is entitled to one vote per share. The dividend proposed by the Board of Directors is subject to the approval of the Shareholders in the ensuing Annual General Meeting except Interim Dividend declared during the year and Company pays the same in Indian Rupees. In the event of liquidation of the Company, the equity Shareholders are eligible to receive the remaining asset of the Company, after distribution of all preferential amounts, in proportion to the number of equity shares held.

The board of directors had declared and paid an interim dividend of ₹ 2 per equity share (20%) in Q1 FY19 as well as on Q2 FY19, totaling to ₹ 4 per equity share (40%). The board has further recommended an additional final dividend of ₹ 7 per equity share (70%) for FY19, subject to the approval of the shareholders. Total Dividend therefore for FY19 would be ₹ 11 per equity share (110%) as against the ₹ 10 per equity share (100%) for FY18.

41. DISCLOSURE AS PER INDIAN ACCOUNTING STANDARD 19 (IND AS 19) ON "EMPLOYEE BENEFIT" FOR THE YEAR ENDED 31 MARCH 2019

a. Defined Contribution Plans:

The Company made contribution towards provident fund to defined contribution retirement benefit plans for qualifying employees. The provident fund plan is operated by the regional provident fund commissioner, the Company required to contribute a specified percentage of payroll cost to the retirement benefit scheme to fund the benefit.

The Company recognised ₹ 8.44 million (2017-18: ₹ 6.44 million) for provident fund contribution in the Statement of Profit and Loss. The contributions payable to this plan by the Company are at rates specified in the rules of the scheme. The Company has no further obligations under the plan beyond its monthly contributions.

b. Defined Benefit Plan:

The Company made annual contribution to the employees' Group Gratuity Cash Accumulation Scheme of the Life Insurance Corporation of India, a funded benefit plan for qualifying employees. The scheme provides for lump sum payment to vested employees at retirement, death while in employment or on termination of employment of an amount equivalent to 15 days salary payable for each completed year of service or a part thereof in excess of six months. Vesting occurs upon completion of five years of service.

The present value of define benefit obligation and the related current service cost were measured using the projected unit credit method as per actuarial valuation carried out at balance sheet date.

The following table sets out the funded status of the gratuity plan and the amount recognised by the Companys' financial statement as at 31 March 2019.

(ii) Financial risk management

The Company's activities are exposed to variety of financial risks. These risks include market risk (including foreign exchange risk and interest rate risks), credit risks and liquidity risk. The Company's overall risk management programme seeks to minimise potential adverse effects on the financial performance of the Company through established policies and processes which are laid down to ascertain the extent of risks, setting appropriate limits, controls, continuous monitoring and its compliance.

(a) Market risk:

Market risk refers to the possibility that changes in the market rates may have impact on the Company's profits or the value of its holding of financial instruments. The Company is exposed to market risks on account of foreign exchange rates and interest rates.

(i) Foreign currency exchange rate Risk:

The Company's foreign currency risk arises from its foreign operations, investments in foreign subsidiaries, foreign currency transactions. The fluctuation in foreign currency exchange rates may have potential impact on the income statement and equity, where any transaction references more than one currency or where assets/liabilities are denominated in a currency other than the functional currency of the Company.

The major foreign currency exposure for the company is denominated in USD. Additionally, transactions entered into in other currencies are not significant in relation to the total volume of the foreign currency exposures.

The following table sets forth information relating to foreign currency exposure from non-derivative financial instruments:

Particulars	(Figures in ₹)	
	31 March 2019	31 March 2018
	USD	USD
Assets		
Cash and Cash Equivalents	391,300,400	24,048,224
Trade Receivables	41,874,171	43,095,718
Total	433,174,571	67,143,942
Liabilities		
Trade Payables	12,805,221	6,287,707
Borrowings	275,963,813	-
Total	288,769,034	6,287,707
Net assets/(liabilities)	144,405,537	60,856,235

For the years ended 31 March 2019 and 31 March 2018, every 1% depreciation/appreciation in the exchange rate between the Indian rupee and the respective currencies for the above mentioned financial assets/liabilities would affect the Company's net profit by approximately ₹ 1.44 million and ₹ 0.61 million respectively.

(ii) Interest Rate Risk:

Interest rate risk refers to the possibility that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rate. The company is exposed to fluctuations in interest rates in respect of rupee loans carrying a floating rate of interest.

For the years ended 31 March 2019 and 31 March 2018, a reasonable possible change of 100 basis points in interest rates at the reporting dates would have increased/(decreased) profit or loss by approximately ₹ 7.93 million and ₹ 6.79 million respectively.

(b) Credit risk:

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. Credit risk encompasses of both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration risks. The Company has adopted a policy of only dealing with creditworthy counterparties and obtaining sufficient collateral, where appropriate, as a means of mitigating the

for the year ended 31 March 2019

risk of financial loss from defaults. The Company uses publicly available financial information and its own trading records to rate its major customers.

All trade receivables are reviewed and assessed for default on a quarterly basis. Our historical experience of collecting receivables is that credit risk is low. Hence, trade receivables are considered to be a single class of financial assets.

(c) Liquidity Risk:

Liquidity risk refers to the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Company generates cash flows from operations to meet its financial obligations, maintains adequate liquid assets in the form of cash & cash equivalents and has undrawn short-term line of credits from banks to ensure necessary liquidity.
