# LIMITED REVIEW REPORT

"We have reviewed the accompanying Statement of Standalone Unaudited Financial Results of **HESTER BIOSCIENCES LIMITED** for the quarter and nine months ended on 31<sup>th</sup> December 2016. This statement is the responsibility of the company's management and has been approved by the Board of Directors. Our responsibility is to issue a report on these financial statements based on our review.

We conducted our review of Statement in accordance with the Standard on Review Engagements (SRE) 2410, 'Review of Interim Financial Information Performed by the Independent Auditor of the Entity' issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the financial statements are free of material misstatement. A review is limited primarily to inquiries of company personnel and an analytical procedure applied to financial data and thus provides less assurance than an audit. We have not performed an audit and accordingly, we do not express an audit opinion.

Based on our review conducted as above, nothing has come to our attention that causes us to believe that the accompanying statement of unaudited financial results prepared in accordance with applicable accounting standards and other recognized accounting practices and policies has not disclosed the information required to be disclosed in terms of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations,2015 including the manner in which it is to be disclosed, or that it contains any material misstatement.

- 2. Export sales have been slower than anticipated, would remain to be slow in this financial year. The distribution infrastructure creation mainly in Africa is as per schedule but product registrations in various countries is going on slower than anticipated, a situation beyond our internal control. This slower growth in exports would be compensated by higher domestic sales, thereby hoping to achieve the FY17 targeted sales.

- 4. Nepal plant has commenced commercial production on 15 November 2016.
