Forward Looking Statement

This document includes forward-looking statements pertaining to anticipated future events and the financial and operational outcomes of NGL Fine-Chem Limited ('NGL' or 'Company'). Given their nature, these forward-looking statements necessitate our Company to make assumptions and are inherently susceptible to risks and uncertainties. There exists a prominent risk that the assumptions, predictions, and other forward-looking statements may not prove to be precise. Readers are advised against placing undue reliance on these forward looking statements, as various factors could lead to disparities between assumptions and actual future results and events. Consequently, this document is subject to a disclaimer and is qualified in entirety by the assumptions, qualifications, and risk factors outlined in our Company Annual Report.

Progressing Beyond the Present

The year gone by has demanded more from NGL Fine-Chem Limited than ever before. Faced with currency disruptions in key markets, geopolitical barriers, heightened competition, and diminished demand across segments, the environment tested every facet of our operation. Market volatility, margin compression, and subdued profitability required not only resilience, but also purposeful adaptation and patience. Rather than reacting in haste, we revisited our fundamentals, took a measured approach to cost and capacity, and set in motion a programme that privileges long-term value over short-term fixes.

Throughout these uncertain times, our teams demonstrated focus and discipline, ensuring that even as short-term pressures mounted, the pursuit of operational excellence and regulatory advancement did not falter. Regulatory milestones in Europe, broadening our product and filings portfolio, and prudent recalibration of our capital investment approach all reflect our commitment to strengthening tomorrow's capabilities without compromising today's stability. We have carefully balanced ongoing expansion with financial caution, shaping our response not just to immediate shocks but to the shifts underway in the industry at large.

The true measure of the last year is not to be found in isolated setbacks or the persistence of obstacles, but in our ability to take decisive lessons from challenges and convert them into strategic intent. We emerge from this period more aware, more aligned, and more prepared. By confronting today with clarity and determination, we are laying a more resilient foundation, positioning ourselves and our partners for opportunity, growth, and renewed strength in the years to come.

This is our ethos for the year: a commitment that begins in vigilance and adaptability, but is fulfilled only by continuously progressing beyond the present.

# ABOUT THE COMPANY

# Building a Future of Excellence in Animal and Human Health

NGL Fine-Chem Limited is a leading manufacturer and exporter of Active Pharmaceutical Ingredients (APIs), advanced intermediates, and finished dosage forms, serving both animal and human health sectors. With over four decades of manufacturing excellence, NGL has established a reputation for quality, reliability, and innovation, supplying products to more than 400 customers across more than 50 countries.

The company's robust R&D capabilities, technologically advanced manufacturing facilities, and strong regulatory compliance enable it to address the evolving needs of a global clientele.

The Company's business is anchored in two principal verticals: Human APIs and Animal APIs. The Company is a market leader in veterinary APIs, holding significant market share in key product categories and driving growth through continuous innovation and strategic expansion. Its state-of-the-art facilities, located in Maharashtra, India, are accredited by major regulatory authorities including WHO-GMP, ISO, and cGMP, ensuring the highest standards of quality and safety.

Guided by a vision to assure consistent quality and timely delivery at competitive prices, NGL strives for excellence in customer service, product development, and sustainability. The Company's mission is to improve access to affordable healthcare worldwide by offering value-driven, innovative solutions for both human and animal health. Through a commitment to operational excellence and sustainability, NGL continues to grow, expand, and thrive in the dynamic pharmaceutical landscape.

OUR JOURNEY

# Shaping Success through Strategic Milestones

The journey of NGL Fine-Chem Limited reflects a legacy of steady progress, strategic foresight, and a commitment to excellence. Since its inception, the Company has consistently evolved, embracing new opportunities and overcoming challenges to establish itself as a trusted name and a partner of choice for the customers.

(1981-2004)

## PHASE 1: LAYING THE FOUNDATIONS

The initial years were marked by the establishment of NGL Fine-Chem Limited's core manufacturing capabilities and its emergence as a listed entity. This period set the stage for the Company's future growth, with a focus on operational excellence and the creation of a robust platform for expansion.

- 1981

Incorporated and commenced business, laying the groundwork for a future in pharmaceuticals.
- 1984

Set up the first manufacturing plant at Navi Mumbai, establishing a strong operational base.
- 1995

Listed on BSE Ltd. following a successful Initial Public Offering, providing access to capital and enhancing corporate governance.
- 2004

Acquired Alpha Organics Private Limited and Konarak Textile Industries Private Limited, marking the beginning of strategic growth through acquisitions.

(2005-2020)

## PHASE 2: GAINING LEADERSHIP IN UNREGULATED MARKETS

This phase was characterised by significant capacity enhancements, technological upgrades, and recognition for operational excellence. NGL Fine-Chem Limited solidified its position as a leader in unregulated markets, consistently investing in quality, compliance, and innovation.

- 2005

Established a new plant for manufacturing APIs and intermediates at F-11 Tarapur. Received ISO 9001:2000 certification and the Certificate of Good Manufacturing Practice from the Food & Drug Administration, Maharashtra.
- 2008

Modernised the plant at W41/42 Tarapur, further strengthening manufacturing capabilities.
- 2012

Upgraded the Navi Mumbai plant, ensuring continued compliance and operational efficiency.
- 2015

Expanded capacity at F-11 Tarapur with the addition of a formulation block. Conferred with 'Asia's Best Under Billion' Award by Forbes Asia, recognising outstanding performance.
- 2016

Achieved certification for Good Manufacturing Practices by CDSCO (WHO GMP) and received a second 'Asia's Best Under Billion' Award by Forbes Asia.
- 2017

Initiated ASMF registration in the EU for Clorsulon and Triclabendazole, marking the first steps towards international regulatory engagement.
- 2018

Converted the F-11 ETP to Zero Liquid Discharge, underscoring a commitment to environmental sustainability.
- 2019

Acquired Macrotech Polychem Private Limited as a 100% subsidiary, broadening the Company's manufacturing capabilities.
- 2020

Augmented capacity at F-11 Tarapur. Achieved certification for ISO 14001:2015 (Environmental Management Systems) and ISO 45001:2018 (Occupational Health and Safety Management).

(2021-2025)

## PHASE 3: EXPANDING INTO REGULATED MARKETS AND ADVANCED CAPABILITIES

In recent years, NGL Fine-Chem Limited has focused on expanding its footprint into regulated markets and investing in advanced manufacturing and sustainability initiatives. This phase represents a strategic shift towards higher-value markets and enhanced operational sophistication.

- 2021

- Received 'Asia's Best Under Billion' Award by Forbes Asia for the third time.
  - Expanded intermediates capacity at Macrotech, supporting product diversification.
  - Laid the strategic foundation for the greenfield expansion at the Tarapur site, securing approvals and initiating groundwork for a significant capacity addition. This marked a pivotal step in NGL Fine-Chem Limited's planned entry into regulated markets.
- 2022

- Initiated CEP filings for Triclabendazole, Flunixin Meglumine, and Marbofloxacin with EDQM.
  - Converted Macrotech ETP to Zero Liquid Discharge, reinforcing environmental stewardship.
  - Listed on NSE as of 8th July 2022, enhancing market visibility and investor access.
- 2025

Completed phase 1 of the ongoing CAPEX at Tarapur, including one clean room and associated utilities, positioning the Company for future growth in regulated exports.

## LETTER TO SHAREHOLDERS

# Preparing for the Next Phase of Performance

**RAHUL NACHANE**  
MANAGING DIRECTOR

Dear Shareholders,

It is with a sense of responsibility and forward-looking optimism that I write to you at the close of a year that has tested the resilience and adaptability of NGL Fine-Chem Limited. The past twelve months have required us to look beyond the ordinary, to challenge our assumptions, and to reaffirm our commitment to building a business that endures and evolves. In these times, our resolve has been our most valuable asset, and our ability to adapt has been central to our continued progress.

## NAVIGATING A COMPLEX LANDSCAPE

The operating environment for FY25 was shaped by a unique confluence of challenges. The year began with optimism, but soon a series of external and internal factors converged, creating persistent headwinds for our industry and our business. Currency availability issues in several African markets had a direct impact on our customers' ability to transact, while geopolitical tensions, particularly between India and Pakistan, led to a complete halt in sales to that region. In addition, the subdued incidence of animal disease outbreaks resulted in lower demand for veterinary products, further compounded by an oversupplied market and a significant increase in competitive intensity.

The competitive landscape in the industry has changed markedly. New capacities have come online both in India and abroad, with several new entrants seeking to capture a share of the veterinary API market. This has led to increased price competition, putting pressure on realisations and compressing margins. At the same time, the global market for APIs remains dominated by China, which continues to operate at a scale unmatched by other producers. The result has been a period where supply has consistently outpaced demand, leading to a challenging pricing environment across our product portfolio.

Within this backdrop, our financial performance for FY25 must be viewed in context. Revenue from operations grew by 8.7% to ₹368.26 crores, reflecting our ability to maintain volumes despite the difficult market. However, this growth did not translate into improved profitability. Our EBITDA for the year was ₹33.87 crores, with a margin of 9.2%, down from 15.7% in the previous year. Profit after tax declined to ₹21.12 crores, a decrease of 49% compared to FY24. The contraction in margins was driven primarily by lower realisations, and increased operating expenses, including costs associated with new capacity and talent acquisition for our expansion plans.

The impact of these factors was felt across our business segments. Animal APIs remained the core of our operations, contributing 92% of revenue, while our top ten products accounted for 69% of sales. Human APIs and intermediates made up a smaller proportion of the portfolio.

Our customer base remained broad, with over 400 customers globally, but the concentration of sales in a few key products and geographies exposed us to the full force of market volatility. Europe, historically a significant market, saw revenues decline due to both competitive pressures and the shift towards local manufacturing in many countries.

Despite these challenges, we have continued to invest in our product pipeline and have made progress in expanding our presence in regulated markets. We secured 3 Certificate of Suitability (CEP) approvals and 6 Drug Master File (DMF) approvals for the European market, and have initiated further filings to broaden our addressable portfolio. The process of customer onboarding in regulated markets is gradual, requiring extensive validation and stability studies, but we have already begun to see early traction.

## STRATEGIC ACTIONS AND OPERATIONAL RESILIENCE

In response to these challenging conditions, we have focused on strengthening our operational foundation and preparing the business for a return to growth. Cost management has been a central theme, with a renewed emphasis on process reengineering across our portfolio of offerings. Another key strategic priority for NGL Fine-Chem has been the execution of our capital expenditure programme, aimed at expanding our capabilities for regulated market exports. The pace of CAPEX execution was deliberately measured during the year, reflecting the high degree of uncertainty in the market and the need to preserve financial flexibility. However, as the year progressed, it became clear that diversification into regulated geographies was essential to mitigate the risks associated with overdependence on unregulated markets and to capture higher-margin opportunities.

Phase 1 of our new facility, comprising a clean room and common utilities, was successfully commercialised during the year. Validation batches are underway, and we have begun gathering the data required for regulatory filings. While the initial phase is modest in scale, it establishes a critical foundation for our ambitions in regulated exports. The second phase of the project is progressing as planned and is expected to be completed by Q3FY26. This will provide additional production lines and enable us to accelerate filings and approvals for both the European Union and, subsequently, the United States.

It is important to note that the journey to meaningful sales in regulated markets is a phased one. The process involves not only regulatory approvals but also customer validations, stability studies, and the gradual ramp-up of supply commitments. We anticipate that substantive contributions from these initiatives will begin from FY27 onwards, with the potential to deliver a step-change in profitability relative to our current business mix. The regulated markets offer a more stable demand environment and higher margins, and our strategy is to build a robust portfolio of approved products in the EU over the next two years.

From a financial perspective, the CAPEX was initially planned with a 60:40 debt-equity mix. However, in light of the slower execution and the need to maintain a conservative balance sheet, we have recalibrated the funding structure to a 40:60 debt-equity mix. This approach has allowed us to manage a modest cost overrun, with the total investment now estimated at approximately ₹160 crores, while preserving our financial strength and flexibility for future opportunities.

## STRENGTHENING OUR FOUNDATION

The progress we have made would not have been possible without the dedication and expertise of our team. We have continued to invest in our people, nurturing talent and building a culture that values learning, innovation, and accountability. Our ability to respond to challenges and pursue new opportunities is rooted in the strength of our workforce and the depth of our collective experience.

Sustainability remains a core value at NGL Fine-Chem. Our commitment to responsible business practices is reflected in our ongoing investments in environmental stewardship, community development, and employee welfare. During the year, our CSR initiatives focused on education, healthcare, and environmental conservation, supporting projects that create lasting value for society. We recognise that our long-term success depends on the trust of our stakeholders and our ability to operate in a manner that is both ethical and sustainable.

## A YEAR OF CONSOLIDATION AND READINESS

As we look to the year ahead, we do so with a clear understanding of the challenges that remain, but also with confidence in the foundations we are building. FY26 will be a year of consolidation, as we focus on completing our capital expenditure, securing regulatory approvals, and building the capacities required for our next phase of growth. The current environment may continue to present headwinds, but the actions we are taking today; across operations, strategy, and governance; are designed to position NGL Fine-Chem Limited for renewed growth and improved profitability.

**We remain committed to our purpose and to creating value for all our stakeholders. On behalf of the Board and the management team, I thank you for your continued trust and support. Together, we will navigate this period of transition and prepare for the opportunities that lie ahead.**

Yours sincerely,

**RAHUL NACHANE**  
MANAGING DIRECTOR

OUR STRENGTHS

# Pillars Powering Our Competitive Advantage

The Company’s business model is built on a foundation of diversity, integration, and operational excellence. These eight strengths collectively enable the Company to deliver sustained value, maintain industry leadership, and capture new opportunities in a dynamic global environment.

COMPREHENSIVE PRODUCT PORTFOLIO

The Company’s extensive product portfolio features 39 APIs (37 veterinary and 2 human), 4 advanced intermediates, and 12 finished dosage forms. This diversity allows us to serve a wide range of therapeutic areas, including antibiotics, anti-inflammatories, and antiparasitics. Our commitment to quality and value-driven pricing ensures we meet the evolving needs of our customers, while also mitigating risks associated with dependence on any single product category or market segment.

LEADERSHIP IN VETERINARY APIS

NGL has established a strong leadership position in the veterinary API market by consistently dominating core product categories and expanding into high-growth segments. Our strategic focus and ability to capture market share from competitors underscore our reputation for reliability and innovation. By anticipating industry trends and responding proactively to customer needs, we continue to set benchmarks and reinforce our standing as a preferred partner in the global veterinary pharmaceutical sector.

MANUFACTURING EXCELLENCE

Our four state-of-the-art manufacturing facilities are equipped with advanced technology and stringent quality controls, ensuring operational efficiency and product consistency. NGL’s robust R&D capabilities, combined with a strong emphasis on sustainability, drive ongoing process improvements. This commitment to manufacturing excellence not only enhances our competitive advantage but also ensures compliance with international standards, supporting our growth in both regulated and unregulated markets.

EXPANSIVE GLOBAL PRESENCE

The Company operates in over 51 countries, supported by multiple regulatory approvals across both regulated and unregulated markets. Our global reach is further strengthened by strategic alliances and partnerships, which enhance distribution capabilities and market access. This expansive presence allows us to diversify our revenue streams, reduce geographic risk, and capitalise on emerging opportunities in high-growth regions, reinforcing our position as a trusted global pharmaceutical supplier.

ENDURING CUSTOMER RELATIONSHIPS

We have built and maintained relationships with approximately 400 customers worldwide, founded on trust, reliability, and exceptional value. Our customer-centric approach includes tailored solutions, consistent product quality, and responsive sales support, which drive high levels of satisfaction and loyalty. These enduring partnerships not only provide business stability but also create opportunities for mutual growth and innovation, positioning NGL as a preferred supplier in a competitive marketplace.

COST LEADERSHIP THROUGH INTEGRATION

NGL’s fully integrated operations, drive significant cost efficiencies and operational flexibility. This integration enables us to optimise processes, streamline supply chains, and achieve economies of scale, resulting in competitive pricing for our customers. By maintaining strict cost controls without compromising on quality, the Company sustains strong profitability and reinforces its position as a cost leader in the industry.

ENTRY INTO REGULATED MARKETS

Expanding into regulated markets will significantly strengthen NGL’s business model, enabling access to high-value opportunities and enhancing our global reputation. The demanding stringent regulatory requirements will help us further improve on our commitment to quality and compliance, while also driving continuous improvement across the organisation. This strategic focus positions us to further expand its footprint in regulated geographies, unlock new revenue streams, and build lasting credibility with international partners and customers.

# Steering Growth with Vision and Expertise

1

**MR DHANANJAY MUNGALE**

CHAIRMAN AND  
INDEPENDENT DIRECTOR

Mr Dhananjay Mungale is a highly respected banker and finance professional with over 25 years of international leadership experience in investment, corporate, and private banking, including senior roles at Bank of America and DSP Merrill Lynch. Since 1999, he has served as an independent director on the boards of several prominent Indian companies, and currently holds directorships at Kalpataru Projects International Limited, DSP Asset Managers Private Limited, and Mahindra Logistics Limited, among others. Mr Mungale also advises private equity organisations and investment committees in India and London, and actively mentors emerging talent in the fintech sector. He holds degrees in Commerce and Law from the University of Mumbai and is an Associate Member of the Institute of Chartered Accountants of India.

2

**MR RAHUL NACHANE**

MANAGING DIRECTOR

Mr Rahul Nachane brings 36 years of expertise in the pharmaceutical industry, underpinned by qualifications as a Chartered Accountant and a Master of Management Studies. He has been a full-time Director at NGL Fine-Chem Limited since 1992 and has played a pivotal role in marketing, production, and general management since 1989. Mr Nachane's leadership ensures the Company consistently meets stakeholder expectations while advancing strategic objectives. He also serves as a Director at Macrotech Polychem Private Limited, Tele Access E-Services Private Limited, Nupur Remedies Private Limited, and Vetfar Pharmaceuticals Private Limited.

3

**MR RAJESH LAWANDE**

WHOLE-TIME DIRECTOR  
AND CHIEF FINANCIAL  
OFFICER

Mr Rajesh Lawande has 22 years of experience in the pharmaceutical sector, with an academic background including an M.Sc. in Chemistry from IIT Bombay and a PGDM from IIM Lucknow. Since joining NGL Fine-Chem Limited in 2002, he has led the Company's research and development, market expansion, and sales and manufacturing functions. Mr Lawande's strategic approach and technical expertise are instrumental in driving innovation and operational excellence. He also holds directorships at Macrotech Polychem Private Limited, Nupur Remedies Private Limited, and Vetfar Pharmaceuticals Private Limited.

4

**MR JAYARAM SITARAM**

INDEPENDENT DIRECTOR

Mr Jayaram Sitaram is a seasoned consultant and business leader with 32 years of experience in strategic and managerial roles. He holds a bachelor's degree in Mechanical Engineering from VJTI Mumbai, an M.S. in Engineering from Villanova University (USA), and an MBA from the Wharton School, University of Pennsylvania. Mr Jayaram has held key leadership positions, including Country Head of Lionbridge India and Managing Director of Praxis Technologies, and is also a Director at Praxis Business Ventures Private Limited. His expertise in consulting, operations, and technology adds significant value to the Board.

5

**MRS SARALA MENON**

NON-EXECUTIVE  
INDEPENDENT WOMAN  
DIRECTOR

Mrs Sarala Menon brings 37 years of experience in manufacturing and supply chain management, with a strong focus on industrial operations and continuous improvement. She holds a degree in Chemical Engineering from the National Institute of Technology, Warangal, and an MBA from NMIMS, Mumbai. Mrs Menon previously served as Executive Vice President at Colgate-Palmolive India, overseeing multiple production facilities and driving operational excellence. Her leadership in quality, safety, and customer service is a key asset to the Company.

6

**MRS AJITA NACHANE**

NON-EXECUTIVE  
WOMAN DIRECTOR

Mrs Ajita Nachane has 31 years of experience in sales and marketing, supported by a graduate degree in Commerce and a Master's in Management Studies. She is the founder and CEO of Tele Access E-Services Private Limited, a leading business process outsourcing company serving the banking, financial services, and FMCG sectors. Mrs Nachane's entrepreneurial vision and expertise in customer engagement and market expansion are invaluable to NGL Fine-Chem Limited's continued growth. She also serves as a Director at Tele Access E-Services Private Limited.

CORPORATE SOCIAL RESPONSIBILITY

# Empowering Communities through Purposeful Action

At NGL Fine-Chem Limited, Corporate Social Responsibility (CSR) is integral to our commitment to sustainable growth and community development. Our CSR strategy is built around making a tangible difference in the lives of individuals and communities, with a focus on initiatives that foster environmental sustainability, promote education, advance healthcare, and empower women. Through targeted investments and collaborative efforts, we strive to create long-term value for society while upholding the highest standards of corporate citizenship.

SUSTAINABILITY INITIATIVES

# Building a Responsible and Resilient Enterprise

At NGL Fine-Chem Limited, sustainability is embedded in our governance structures and operational priorities. In a dynamic industry landscape, we continue to strengthen our approach to environmental management, employee wellbeing, and ethical business practices.

Our initiatives are aligned with applicable standards and regulatory expectations, and we remain focused on progressive improvements across environmental, social, and governance (ESG) dimensions.

### LEADERSHIP AND GOVERNANCE

At NGL, sustainability is integrated into our broader governance philosophy. The Board periodically reviews relevant ESG policies and performance to ensure compliance with evolving regulatory requirements and good industry practices.

Our operations adhere to globally recognised standards, including cGMP, WHO GMP, ISO 9001:2008 for quality management, ISO 45001:2018 for occupational health and safety across all sites, and ISO 14001:2015 for environmental management at one site. These frameworks help us uphold high levels of integrity, accountability, and responsible stakeholder engagement.

### ENVIRONMENTAL RESPONSIBILITY

We have adopted several environmental management practices to reduce our ecological footprint. Investments have been made in effluent treatment and solvent recycling systems across operational locations. We are actively working towards improving energy efficiency and minimising water usage across processes. One of our sites is certified for environmental management (ISO 14001:2015), and solvent recycling is mandatory across operations.

Our sourcing strategy gives preference to local procurement, which accounted for approximately 76% of our input materials in FY25. While we have initiated steps towards achieving carbon neutrality, these are currently evolving targets under implementation.

### Initiatives

We place strong emphasis on employee welfare and safety. All permanent employees and workers are covered under health and accident insurance schemes. Training programmes on occupational health, safety protocols, and skill development were conducted during the year and covered 100% of employees and workers.

At the leadership level, we continue to make progress on gender representation. Women constitute one-third of our Board of Directors and key managerial personnel.

### EMPLOYEE WELLBEING AND INCLUSION

We are committed to conducting business with integrity. Our Code of Conduct for Board and Senior Management provides the foundation for ethical governance.

The Whistle Blower Policy enables employees and other stakeholders to raise concerns without fear of retaliation. All grievance mechanisms are publicly disclosed on our website and monitored through appropriate channels.

# Management Discussion and Analysis

## GLOBAL ECONOMY

The global economy is poised for a period of subdued expansion in 2025, amid heightened uncertainties and persistent headwinds. The International Monetary Fund’s (IMF) April 2025 World Economic Outlook projects global GDP growth at approximately 2.4% for 2025, while the World Bank’s March 2025 report offers a slightly more optimistic estimate of 2.7% (IMF, April 2025; World Bank, March 2025). Both projections reflect a slowdown from the estimated 2.9% growth recorded in 2024, underscoring the fragile nature of the ongoing recovery.

A primary drag on the global outlook is the resurgence of trade barriers and ongoing policy uncertainty. The IMF notes that tariff levels have reached heights “not seen in a century,” as trade tensions between major economies have escalated. The effective US tariff rate has increased sharply, prompting retaliatory measures from trading partners. These protectionist policies are straining global supply chains, raising production costs, and deterring investment. The United Nations, in its mid-2025 update, also attributes its downgrade of global growth to mounting trade tensions and policy unpredictability, which have compounded the slowdown in trade and investment (UN DESA, 2025).

Growth disparities across regions are expected to widen further in 2025. Advanced economies are experiencing significant slowdowns as the post-pandemic rebound fades and financial conditions tighten. For instance, the IMF forecasts U.S. GDP growth to decelerate to 1.8%

in 2025, compared to 2.8% in 2024. The Euro Area is projected to grow by less than 1% amid weak demand and ongoing energy price pressures (IMF, April 2025). In contrast, emerging markets and developing economies are expected to outperform, with Emerging and Developing Asia projected to grow by approximately 4.5%. India, in particular, stands out with projected growth in the mid-6% range, making it one of the fastest-growing large economies globally (IMF, April 2025). Collectively, emerging markets are expected to grow at around 3.7% in 2025, more than twice the pace of advanced economies (IMF, April 2025).

Persistent supply chain bottlenecks, particularly in sectors such as semiconductors and critical minerals, could reignite inflation and disrupt manufacturing output. Additionally, climate change is emerging as a tangible economic threat, with the World Bank warning that more frequent extreme weather events and rising adaptation costs are formidable headwinds for both developing and advanced economies alike (World Bank, 2025). On the financial front, major central banks are only gradually easing monetary policy, keeping financing costs elevated and posing risks for highly indebted nations.

Investments in supply chain diversification, infrastructure, and climate adaptation are seen as essential to building resilience and sustaining long-term growth (World Bank, 2025). Overall, while global growth remains positive, the outlook for 2025 is one of caution and moderate expansion, with opportunities concentrated in regions able to navigate the prevailing headwinds effectively.

## INDIAN ECONOMY

India continues to distinguish itself as a bright spot in the global economic landscape, with robust growth prospects despite external challenges. The Reserve Bank of India (RBI) projects GDP growth of approximately 6.5% for FY26. For FY25, India’s real GDP is estimated to have grown by about 6.5%, maintaining its status as the fastest-growing major economy (RBI, 2025). This performance, while moderating from the exceptional 9.2% rebound in the previous year, reflects the economy’s resilience amid global headwinds and is underpinned by strong domestic demand and improving macroeconomic stability.

India’s sectoral performance has been broadly encouraging. The agricultural sector rebounded in FY25, supported by a favourable monsoon and timely policy interventions. The industrial sector, particularly manufacturing, has also demonstrated robust recovery, with manufacturing output growing by 12.3% in real terms in FY24-the highest rate in over a decade-driven by the Production-Linked Incentive (PLI) schemes and rising capacity utilisation (Press Information Bureau, 2025).

The services sector, the mainstay of the Indian economy, continues to drive growth. Services output is on track to grow by about 7.2% in FY2024-25, following an 8–9% growth in the previous year (RBI, 2025).. This broad-based growth across agriculture, industry, and services underlines the sustained growth of the Indian economy.

Furthermore, the policy environment has remained supportive, with the government recommitting to fiscal consolidation. The fiscal deficit is targeted to decline to 4.8% of GDP in FY25 and further to 4.4% in FY26, supported by robust tax revenues and rationalised expenditures (Union Budget, 2025-26). On the inflation front, headline consumer price inflation moderated to around 4.5–5.0% in 2024-25, down from over 6% a year earlier, with the IMF projecting CPI inflation to average 4.8%-well within the RBI’s 2–6% target band (IMF, April 2025).

Looking ahead, downside risks persist, particularly from global factors such as a sharper slowdown in major economies or further trade barriers. However, India’s diversified export base and ongoing structural reforms in infrastructure, taxation, logistics, and the financial sector provide resilience.

India enters FY26 on a strong footing, with growth underpinned by resilient domestic demand, proactive policy management, and entrenched macroeconomic stability. Barring major external shocks, India is poised to remain the fastest-growing large economy, offering attractive opportunities and serving as a pillar of strength in an otherwise slowing global economy (IMF, April 2025; UN DESA, 2025; Economic Survey 2024-25).

## GLOBAL ANIMAL HEALTHCARE MARKET

The global animal healthcare market is undergoing significant expansion, driven by a combination of rising global protein consumption, increasing pet ownership, and the growing importance of animal health in food safety and public health. According to Grand View Research (2025), the global animal health market was valued at USD 61.2 billion in 2024 and is projected to reach USD 103.4 billion by 2030, reflecting a compound annual growth rate (CAGR) of 7.8% during 2025-2030.

## MARKET DRIVERS AND TRENDS

The primary drivers of growth in the animal healthcare sector include the rising incidence of zoonotic and food-borne diseases, a greater emphasis on preventive care, and the intensification of livestock production to meet global food demand. Allied Market Research (2024) notes that the increased focus on food safety and productivity has led to higher investments in veterinary pharmaceuticals, vaccines, diagnostics, and feed additives. The companion animal segment is also growing rapidly, supported by higher rates of pet adoption and increased spending on veterinary care, particularly in North America and Europe.

Innovation is a key feature of the sector. Pharmaceutical Technology highlights the growing investment in research and development, which is yielding new vaccines, biologics, and precision medicine solutions. The adoption of digital technologies, such as telemedicine, wearable health devices, and data analytics, is improving both animal health outcomes and operational efficiency (MediTech Insights, 2024).

## Regional Outlook

North America remains the largest market, with a well-established animal health infrastructure and high levels of R&D expenditure. However, the Asia-Pacific region is expected to record the fastest growth, with rising incomes, expanding livestock populations, and government initiatives as key factors. Europe also continues to be a significant market, driven by stringent animal welfare regulations and advanced veterinary practices.

MD & A (CONTD.)

GLOBAL VETERINARY API MANUFACTURING MARKET

The global veterinary active pharmaceutical ingredient (API) manufacturing market is growing in response to rising demand for animal health products and increasing regulatory scrutiny on quality and safety. GlobeNewswire reports that the veterinary API market was valued at USD 7.8 billion in 2023 and is projected to reach USD 11.7 billion by 2029, representing a CAGR of 6.9% during 2024-2029.

Growth Drivers and Industry Trends

The market is driven by the growing prevalence of animal diseases, the intensification of livestock farming, and the need for effective disease prevention and treatment. According to Mordor Intelligence (2024), antibiotics, anti-infectives, anti-parasitics, and vaccines are among the most in-demand veterinary APIs. The trend towards preventive healthcare and the emergence of new diseases have further increased the need for high-quality APIs.

Regulatory compliance remains a central focus, with manufacturers investing in advanced production processes to meet the stringent requirements of major markets such as the United States and the European Union. There is also a marked shift towards outsourcing API production to specialised manufacturers, particularly in India and China, where cost efficiencies and technical expertise are driving growth.

Regional Outlook

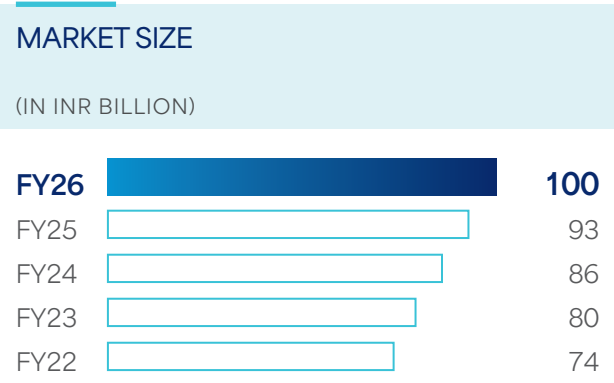

The Asia-Pacific region is projected to be the fastest-growing market, supported by expanding livestock populations, rising awareness of animal health, and increasing investment in veterinary infrastructure. North America and Europe continue to be important markets, driven by high standards of animal care and sustained R&D activity.

Outlook

Challenges for the sector include raw material price volatility, complex regulatory environments, and the need for continuous investment in quality assurance and innovation. However, the long-term outlook remains positive, with sustained demand for animal health products and ongoing innovation in veterinary pharmaceuticals.

INDIAN ANIMAL HEALTHCARE MARKET

The Indian animal healthcare market has demonstrated sustained growth and increasing strategic importance, both as a pillar of national food security and as a driver of rural economic development. In 2024, the market was valued at INR 86.2 billion (USD 1.01 billion) and is projected to more than double, reaching INR 169.6 billion by 2033, representing a compound annual growth rate (CAGR) of 7.41% over the forecast period (IMARC Group, 2024).

India's animal healthcare market is primarily production-animal centric, with livestock and poultry segments accounting for approximately 83% of total market revenues in 2023 (ResearchAndMarkets, 2024). India is the world's largest milk producer and among the top producers of eggs, poultry, and fish, underscoring the criticality of animal health in ensuring food safety and supporting the livelihoods of over 60% of rural households (Expert Market Research, 2025). The sector's growth is underpinned by the rising prevalence of zoonotic and food-borne diseases, which has driven demand for vaccines, anti-infectives, and diagnostics.

Government initiatives have played a pivotal role in market expansion. The National Animal Disease Control Programme, which targets diseases such as foot-and-mouth disease (FMD) and brucellosis, has achieved significant milestones, with over 238 million animals vaccinated for FMD between April 2023 and January 2024, covering more than 80% of the targeted population (Expert Market Research, 2025). The Department of Animal Husbandry and Dairying's introduction of Standard Veterinary Treatment Guidelines and efforts to address antimicrobial resistance have further supported the adoption of quality veterinary care.

Companion Animal Segment

While production animals dominate, the companion animal segment is witnessing rapid growth. The pet population in India exceeded 38 million in 2024, up from 22.1 million in 2022, with dogs comprising 90% of this segment. Urbanisation, rising disposable incomes, and changing attitudes towards pet ownership are driving demand for preventive care, advanced diagnostics, and specialised treatments. The segment's growth is reflected in the increasing establishment of veterinary clinics, pet hospitals, and retail chains in urban centres.

Product and Channel Insights

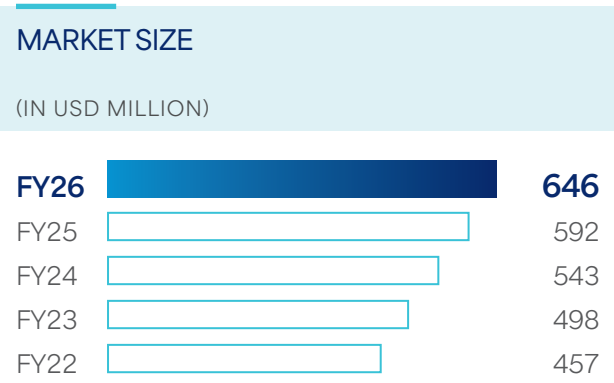

Pharmaceuticals remain the largest product category, accounting for 42.96% of market revenue in 2023. The demand for parasiticides, anti-infectives, and anti-inflammatories is rising, fuelled by disease outbreaks and the need for targeted therapies. The vaccines segment is also expanding, supported by mass immunisation programmes and greater awareness of disease prevention.

INDIAN VETERINARY API MANUFACTURING MARKET

India has established itself as a significant global manufacturer of veterinary active pharmaceutical ingredients (APIs)-the essential bulk drugs and chemical intermediates used in the production of finished animal health medicines.

In 2023, India's veterinary API output was valued at approximately USD 498 million (Grand View Research, 2024). Industry forecasts indicate a strong growth trajectory, with the market expected to expand at a compound annual growth rate (CAGR) of 8.5-9%, reaching around USD 905 million by 2030. This trajectory implies a projected rise from about USD 540 million in 2024 to approximately USD 590 million in 2025, keeping India on track to nearly double its veterinary API production over the decade.

GROWTH DRIVERS AND INDUSTRY DYNAMICS

Several factors are fuelling this strong momentum:

Rising Global and Domestic Demand

The global veterinary API market is projected to increase from USD 7.9 billion in 2024 to approximately USD 11.2 billion by 2029 (CAGR ~8.6%). This global expansion, driven by greater livestock health needs and growing pet care expenditure, is creating opportunities for Indian API producers to serve both domestic and international customers. Domestically, the growth of India's veterinary formulations market is directly translating into higher API requirements, with high-growth product segments including antiparasitics, antibiotics, and nutritional additives.

India's Competitive Manufacturing Base

India's well-established pharmaceutical manufacturing ecosystem, with a large base of US FDA-approved bulk drug plants and technical expertise in chemistry, extends a competitive edge to veterinary APIs. Indian manufacturers, many of whom also produce human APIs, leverage economies of scale and cost efficiencies to supply veterinary drug ingredients globally at competitive prices. The country is a major producer of anthelmintics, anti-protozoals, anti-infectives, and feed-grade vitamins for animal health (CRISIL, 2024).

Export Opportunities and Outsourcing Trends

Exports account for 75-80% of output for leading Indian veterinary API companies, with key markets in Europe, Asia-Pacific, the Middle East, Latin America, and Africa (CRISIL, 2024). India is increasingly viewed as a reliable alternative to China, aligning with the global "China-plus-one" procurement strategies of multinational animal health companies. The trend towards outsourcing API manufacturing is also benefitting Indian firms, as global companies seek cost-competitive and diversified supply chains.

Policy Support and Infrastructure

The Indian government's Production-Linked Incentive (PLI) scheme and the Animal Husbandry Infrastructure Development Fund (AHIDF) have provided direct and indirect support for veterinary API manufacturing (PIB, 2024). These policies have enabled new investments in API plants and have streamlined regulatory approvals, improving the overall operating environment.

Product Mix and Technological Evolution

There is a gradual shift towards more complex and specialty APIs, such as nutraceuticals, feed supplement ingredients, and biotechnology-derived products. Indian firms are expanding into areas such as amino acids, enzymes, probiotics, and high-potency APIs for newer veterinary drugs, as well as components for animal vaccines. Advanced process capabilities and cGMP compliance are becoming increasingly important for tapping into these emerging segments.

MD & A (CONTD.)

INDUSTRY STRUCTURE

The sector is fragmented, with a mix of dedicated animal health API companies and diversified bulk drug manufacturers. A few dominant players have built long-term relationships with global veterinary drug companies, especially in antiparasitic, antibacterial, and feed additive categories (CRISIL, 2024). The industry is export-led, with many facilities GMP-certified for international markets. Operationally, veterinary API production shares similarities with human APIs, including dependence on imported raw materials-primarily from China.

Operating Context and Challenges  
INTENSIFYING COMPETITION AND PRICING PRESSURES

The industry faced significant pricing pressure due to intense competition from both domestic and Chinese manufacturers. China accounted for roughly 70% of India’s API imports by value (Financial Express, 2024), enabling aggressive pricing that undercut Indian producers. Over the past year, common API products saw price declines of up to 40% in India and export API prices dropped by over 25%, largely due to price cuts by Chinese suppliers (Pathfinders Training, 2024; CRISIL Ratings, 2024). This price war eroded realisations and squeezed margins, despite government efforts to spur domestic production through the PLI scheme (Financial Express, 2024).

CUSTOMER DESTOCKING AND DEMAND SLOWDOWN

Many formulation companies and distributors reduced API purchases to run down high inventories built during the pandemic. This “inventory destocking phase” persisted through early FY2023-24, leading to a short-term dip in orders, under-utilised production lines, and depressed sales volumes. By early 2024, inventories normalised and order flow began to recover, but the impact was widely felt across the sector.

CURRENCY VOLATILITY IN EXPORT MARKETS

Export-oriented manufacturers faced acute currency devaluation and dollar liquidity issues in key markets such as Egypt, Pakistan, Turkey, and across Africa. In some African markets, Indian pharmaceutical imports fell by up to 50% due to weakened local currencies and payment delays (Pharmabiz, 2024). The Reserve Bank of India introduced special rupee vostro accounts to facilitate trade, but currency volatility continued to dampen export growth and created working capital stress.

INPUT COST INFLATION AND SUPPLY CHAIN VOLATILITY

The industry contended with high input cost inflation and supply chain disruptions, especially for China-dependent intermediates. India’s bulk drug import bill reached approximately ₹37,700 crores (USD 4.7 billion) in FY2023-24, with nearly 70% sourced from China (Financial Express, 2024). Fluctuations in Chinese raw material prices, elevated freight rates, and longer lead times further added to cost volatility (Pharmabiz, 2024). Government efforts to localise critical intermediates are ongoing, but progress remains gradual (Pathfinders Training, 2024).

Outlook

The medium-term outlook for the Indian veterinary API manufacturing sector is positive, with the market expected to grow at 8-9% annually through FY26 and beyond (Grand View Research, 2024; GlobeNewswire, 2024). Growth will be driven by strong domestic and export demand, policy support, and India’s proven pharmaceutical capabilities. Companies that invest in supply chain resilience, compliance, and product diversification are well positioned to capture opportunities and mitigate risks. India is poised to strengthen its status as a leading global source of veterinary APIs, complementing its role in human generics and contributing to pharmaceutical self-reliance and export growth.

COMPANY OVERVIEW

NGL Fine-Chem Limited, stands as a distinguished leader in the animal healthcare sector, with a legacy spanning over four decades. The Company specialises in the development and manufacture of Active Pharmaceutical Ingredients (APIs), intermediates, and finished dosage forms, catering predominantly to the veterinary segment. NGL holds a significant market share in key veterinary API products, underpinned by a steadfast commitment to quality, value-driven pricing, and customer-centric solutions. This focus has enabled NGL to maintain a dominant presence in both domestic and international markets.

In addition to its core strength in animal health, NGL has established a strong foothold in the human API segment, further diversifying its product portfolio and reinforcing its position within the broader pharmaceutical industry. The Company operates state-of-the-art manufacturing facilities, supported by a robust research and development framework that drives continuous innovation and ensures adherence to the highest standards of quality.

NGL’s products are exported to over 51 countries, and the Company has secured numerous regulatory approvals, enabling access to both regulated and unregulated markets. With a diverse and longstanding client base, NGL is recognised for its reliable sales support and enduring customer relationships, which have been instrumental in fostering trust and loyalty. This extensive network, coupled with a proactive approach to market demands, continues to cement NGL’s reputation as a trusted and reliable partner in the global pharmaceutical landscape.

PERFORMANCE REVIEW

In FY25, Revenue from operations increased by 8.7% to ₹368.26 crores. However, this growth did not translate into improved profitability. EBITDA declined to ₹33.87 crores, resulting in a margin of 9.2%, compared to 15.7% in the previous year. Profit after tax stood at ₹21.12 crores, representing a 49% decrease year-on-year. The contraction in profitability was mainly due to lower realisations, and increased operating costs related to capacity expansion and talent acquisition.

Operationally, animal APIs continued to be the primary revenue driver, contributing 92% of total sales, with the top ten products accounting for 69% of revenue. Human APIs and intermediates maintained a strategic

but smaller presence. The Company served over 400 customers globally, though revenue concentration in select products and regions increased exposure to market volatility. European revenues declined due to heightened competition and a shift towards local manufacturing, while other international markets remained stable but subdued.

Despite these challenges, NGL Fine-Chem Limited sustained its focus on product development and regulatory progress. The Company secured 3 Certificates of Suitability and 6 Drug Master File approvals for the European market, with additional filings underway. Early engagement with new customers in regulated markets has commenced, supported by ongoing validation and stability studies. These initiatives are expected to contribute to growth in the coming years.

Looking ahead, the Company remains committed to strategic consolidation and capacity building in FY26. The capital expenditure programme is progressing, with Phase 1 of the Tarapur facility commercialised and validation batches underway. Phase 2 is on track for completion within planned timelines, with a revised funding structure prioritising financial prudence. The focus on regulated markets, particularly in the EU and US, is expected to enhance profitability and diversify revenue streams.

PRINCIPAL RISKS, POTENTIAL IMPACTS AND MITIGATION MEASURES

Risk	Description and Potential Impact	Mitigation Measures
REGULATORY AND COMPLIANCE	The pharmaceutical industry is highly regulated, with frequent changes in domestic and international regulations. Non-compliance could result in penalties, product recalls, or loss of market access, adversely impacting operations and reputation.	Continuous monitoring of regulatory changes; robust compliance protocols; regular training for staff; engagement with regulatory bodies; dedicated compliance teams to ensure timely adherence to evolving standards and requirements.
QUALITY ASSURANCE	Any deviation from stringent quality standards may result in product recalls, regulatory action, or reputational damage, potentially leading to loss of customer trust and market share.	Implementation of rigorous quality control systems; regular audits; adherence to cGMP and international quality standards; investment in state-of-the-art testing infrastructure; fostering a culture of quality across all levels.
SUPPLY CHAIN DISRUPTION	Disruption in the procurement of raw materials or logistics may lead to production delays, increased costs, or inability to meet customer demand, affecting revenue and client relationships.	Diversification of supplier base; strategic inventory management; long-term contracts with key suppliers; development of alternate sourcing strategies; close monitoring of supply chain risks and contingency planning.
MARKET COMPETITION	Intensifying competition from domestic and global players may exert downward pressure on prices and margins, and may result in loss of market share if not addressed proactively.	Continuous investment in R&D and innovation; focus on cost optimisation; expansion of product portfolio; strengthening customer relationships; proactive market intelligence and benchmarking against peers.
TECHNOLOGICAL CHANGES	Rapid technological advancements may render existing processes or products obsolete, potentially impacting competitiveness and growth prospects.	Ongoing investment in research and development; adoption of advanced manufacturing technologies; continuous upskilling of workforce; collaboration with research institutions and technology partners.
FOREIGN EXCHANGE FLUCTUATIONS	With significant exports, volatility in currency exchange rates can impact revenue realisation and profitability.	Active hedging strategies; natural hedging through import-export balancing; close monitoring of currency movements; maintaining a diversified geographic revenue base to spread risk.
GEOPOLITICAL AND MACROECONOMIC	Geopolitical tensions, trade restrictions, or economic downturns in key markets may adversely affect demand, disrupt operations, or impact financial performance.	Geographical diversification of markets; flexible supply chain and distribution strategies; proactive engagement with local partners; regular scenario planning and risk assessments.
INTELLECTUAL PROPERTY RISKS	Infringement or inadequate protection of intellectual property may lead to loss of competitive advantage, legal disputes, or revenue leakage.	Strong IP protection policies; regular monitoring and enforcement of IP rights; investment in patent filings and legal support; employee training on confidentiality and IP awareness.
ENVIRONMENTAL, HEALTH & SAFETY	Breaches in environmental, health, or safety standards may result in regulatory penalties, operational shutdowns, or reputational harm, impacting stakeholder trust and business continuity.	Strict adherence to EHS regulations; regular audits and training; investment in safety infrastructure; implementation of best practices in waste management and pollution control; fostering a safety-first culture.
TALENT MANAGEMENT	Inability to attract, develop, and retain skilled personnel may hamper innovation, operational efficiency, and long-term growth.	Comprehensive talent acquisition and retention strategies; continuous learning and development programmes; performance-linked incentives; fostering a positive and inclusive work environment.
PRODUCT PORTFOLIO CONCENTRATION	Over-reliance on a limited number of products or markets may expose the Company to significant revenue volatility in case of adverse developments affecting those products or geographies.	Ongoing diversification of product portfolio; entry into new therapeutic areas and geographies; regular portfolio review and strategic planning; investment in pipeline development.

7. The AGM/EGM has been convened through VC/OAVM in compliance with applicable provisions of the Companies Act, 2013 read with MCA Circular No. 14/2020 dated April 8, 2020 and MCA Circular

No. 17/2020 dated April 13, 2020 and MCA Circular No. 20/2020 dated May 05, 2020.

8. In continuation to this Ministry's General Circular No. 20/2020 dated 05.05.2020, General Circular No. 02/2022 dated 05.05.2022 and General Circular No. 10/2022 dated 28.12.2022 and after due examination, it has been decided to allow companies whose AGMs are due in the Year 2023 or 2024, to conduct their AGMs through VC or OAVM on or before 30<sup>th</sup> September, 2024 in accordance with the requirements laid down in Para 3 and Para 4 of the General Circular No. 20/2020 dated 05.05.2020.

#### **THE INTRUCTIONS OF SHAREHOLDERS FOR E-VOTING AND JOINING VIRTUAL MEETINGS ARE AS UNDER:**

**Step 1: Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.**

**Step 2: Access through CDSL e-Voting system in case of shareholders holding shares in physical mode and non-individual shareholders in demat mode.**

- (i) The voting period begins on 16<sup>th</sup> August, 2025 9:00 a.m. and ends on 18<sup>th</sup> August, 2025 5 p.m. During this period shareholders' of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date 12<sup>th</sup> August, 2025, may cast their vote electronically. The e-Voting module shall be disabled by CDSL for voting thereafter.
- (ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
- (iii) Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020, under Regulation 44 of Securities and Exchange

Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-Voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-Voting service providers (ESPs) providing e-Voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-Voting to all the demat account holders, by way of a single login credential, through their demat accounts/websites of Depositories/Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-Voting process.

#### **Step 1: Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.**

- (iv) In terms of SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

# DIRECTOR'S REPORT

The Board of Directors are pleased to present the Company's Forty Fourth Annual Report and the Company's audited financial statements (consolidated and standalone) for the financial year ended 31<sup>st</sup> March 2025.

## 1. OPERATING RESULTS

The operating results of the Company for the year ended 31<sup>st</sup> March 2025 are as follows:

(Rupees In Lakh)

	(Standalone)		(Consolidated)	
	Year ended 31.03.2025	Year ended 31.03.2024	Year ended 31.03.2025	Year ended 31.03.2024
Revenue from Operations	3,59,29.35	3,28,97.29	3,68,25.67	3,38,68.84
Profit before tax from continuing operations	23,88.27	50,70.84	27,71.42	54,41.70
Tax Expenses (Including Deferred Tax)	-5,73.99	-12,18.89	-6,59.00	-13,10.03
Profit after Tax	18,14.28	38,51.94	21,12.43	41,31.67
<b>Total Comprehensive Income for the year</b>	<b>17,89.98</b>	<b>38,36.62</b>	<b>20,88.39</b>	<b>41,16.39</b>

## 2. TRANSFER TO RESERVES

There are no transfers to any specific reserves during the year.

## 3. THE STATE OF THE COMPANY'S AFFAIRS

During the year under review, your company achieved total revenue from operations of ₹3,59,29.35 lakh (previous year ₹3,28,97.29 lakh) resulting in increase of 9.22% over the previous year. The profit after tax (including other comprehensive income) is at ₹17,89.98 lakh (previous year ₹ 3836.62 lakh resulting in decrease of 53.34%.

The growth in sales has been primarily driven by higher volumes, indicating strong demand for the company's products. However, it is noteworthy that while volumes have improved, the per unit realization for some products has declined, suggesting a pricing pressure or a shift in product mix towards lower-priced items. Despite this, the overall sales increase demonstrates the company's operational strength and market reach.

## 4. SHARE CAPITAL

During the year under review, there has been no change in the Share Capital of the Company. The authorized share capital of the Company, as on 31<sup>st</sup> March, 2025 aggregates ₹ 5,00,00,000/- (Rupees Five Crore) which is divided into 1,00,00,000 (One Crore) Equity Shares of ₹ 5/- each, whereas the issued share capital of the Company comprises of 61,78,024 equity shares of ₹ 5/- each aggregating to ₹3,08,90,120/- (Rupees Three Crore Eight Lakh Ninety Thousand One Hundred and Twenty).

## 5. DIVIDEND

Your directors recommend dividend of ₹1.75 per fully paid up equity share of ₹ 5/- each per fully paid up equity share aggregating to ₹ 108.12 lakh.

Further, as per Regulation 43A of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations"), the top 1000 listed entities based

on market capitalization are required to formulate a Dividend Distribution Policy. Accordingly, your Company has formulated its Dividend Distribution Policy, which is available on the Company's website at <https://www.nglfinechem.com/images/pdf/dividend-distribution-policy.pdf>

## 6. CASH FLOW AND CONSOLIDATED FINANCIAL STATEMENTS

As required under Regulation 34 of the Listing Regulations, a Cash Flow Statement and consolidated Financial Statement is part of the Annual Report.

## 7. FUTURE PROSPECTS

The greenfield expansion at Tarapur is under erection. The company commissioned a part of Phase I of the expansion project in March 2025. The entire expansion is scheduled for completion by January 2026.

Demand in the veterinary API (Active Pharmaceutical Ingredient) sector continues to exhibit a positive trend, although the growth rate has moderated compared to previous years. This deceleration may be attributed to market normalization post-pandemic, inventory adjustments across the supply chain, and evolving regulatory dynamics in key export markets. Despite persistent pricing pressures across several product categories, there are encouraging signs of demand recovery. This rebound in demand offers a promising opportunity for volume-led growth in the current financial year, which the company aims to leverage through strategic initiatives.

In response to these market conditions, the company is actively working on expanding its product portfolio, with a focus on adding new high-demand APIs to cater to a broader customer base. Simultaneously, significant efforts are being directed towards streamlining production processes and improving operational efficiency. These measures are aimed at optimizing manufacturing costs, enhancing margins, and strengthening the company's competitive position in both domestic and international markets. Together, these initiatives position the company to navigate

**DIRECTOR'S REPORT**

current challenges while building a foundation for sustainable growth.

**8. THE CHANGE IN THE NATURE OF BUSINESS, IF ANY**

## DIRECTOR'S REPORT

## ANNEXURE F

To the Directors' Report for the year ended 31<sup>st</sup> march 2025

## Corporate Governance Report

## 1. Company's philosophy

The Company firmly believes in and has consistently practiced good corporate governance. The Company's essential character is shaped by the values of transparency, professionalism and accountability. The Company will endeavour to improve on these aspects on an ongoing basis.

## 2. Board of Directors

The Board of Directors ('the Board') plays a crucial role in overseeing how the management serves the short and long-term interests of shareholders and other stakeholders. This belief is reflected in our governance practices, under which we strive to maintain an effective, informed and independent Board.

The Directors of the Company are persons of integrity and bring to the Board a wide range of knowledge, experience, diversity of thought and skills. The Board effectively carries out its responsibilities like providing strategic guidance to the Company, code of conduct for the executives, disclosure of information about their concerns and interests, adherence to the Code of Conduct etc. and the Board applies high ethical standards and acts with due diligence, care and in the best interest of the Company and its stakeholders.

The Board of Directors are entrusted with the ultimate responsibility of the management, general affairs, direction and performance of the Company and has been vested with requisite powers, authorities and duties.

## a. Composition of the Board of Directors and Category of Directors:

As on the date of the report, the Board of the Company comprises of Six Directors out of which one is the Promoter Managing Director, one is a Promoter Whole-Time Director and one is Woman Non-Executive Director. Out of the remaining Three Directors, one is Woman Independent Non-Executive Director and the other remaining 2 Directors are Independent Non-Executive Directors.

None of the Directors have any pecuniary or business relationship with the Company except to the extent as disclosed elsewhere in the Annual Report. No Director of the Company is either member in more than ten committees and/or Chairman of more than five committees across all Companies in which he/she is Director.

# BUSINESS RESPONSIBILITY & SUSTAINABILITY REPORT

## Director's Message

At NGL Fine-Chem Limited ("NGL" or "the Company"), sustainability is a core pillar of the business strategy, enabling the Company to thrive amid dynamic and evolving market conditions. Innovation and adaptability remain central to NGL's approach, equipping it to navigate challenges and build long-term resilience. The Company upholds the highest standards of transparency, accountability, and ethical conduct across its operations, driven by a strong commitment to purpose-led growth.

Through comprehensive and transparent reporting, NGL aims to keep its stakeholders informed about its Environmental, Social, and Governance (ESG) performance, highlighting its progress, impact, and dedication to meaningful change. This reflects the Company's unwavering focus on creating sustainable value for all its stakeholders.

Despite its progress, NGL faces significant challenges – particularly in the adoption of emerging technologies at competitive costs and in managing the transition to clean energy. In response, the Company has strengthened its sustainability initiatives over the past year.

NGL is actively working toward achieving carbon neutrality and has already attained water positivity across its operations. These efforts are supported by targeted investments in energy-efficient products and processes. The health and safety of its workforce remain a top priority, complemented by strong partnerships with waste recyclers and ongoing community development efforts through its CSR initiatives.

NGL recognises that sustainability is an ongoing journey. With a steadfast commitment to continuous improvement and transformative practices, the Company is dedicated to meeting future challenges while reinforcing its role as a responsible and sustainable corporate citizen.

To,  
The Members,  
**NGL FINE-CHEM LIMITED**

Report on the Standalone Financial Statements

## OPINION

We have audited the accompanying standalone financial statements of **M/S. NGL FINE-CHEM LIMITED** (“the Company”), which comprise the Balance Sheet as at March 31, 2025, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as “the standalone financial statements”).

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 (“the Act”) in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, (“Ind AS”) and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, the profit and total

comprehensive income, changes in equity and its cash flows for the year ended on that date.

## BASIS FOR OPINION

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor’s Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI’s Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

## KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Key Audit Report	How was the matter addressed in our audit

## INFORMATION OTHER THAN THE STANDALONE FINANCIAL STATEMENTS AND AUDITOR'S REPORT THEREON

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

## MANAGEMENT'S RESPONSIBILITY FOR THE STANDALONE FINANCIAL STATEMENTS

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act, read with the Companies (Indian Accounting Standard) Rules, 2015 as amended, and other accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern,

disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

## AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE STANDALONE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that

a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

## REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

1. As required by Section 143(3) of the Act, based on our audit we report that:
  - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account.
- d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- e) On the basis of the written representations received from the directors as on March 31<sup>st</sup>, 2025 taken on record by the Board of Directors, none of the directors are disqualified as on March 31<sup>st</sup>, 2025 from being appointed as a director in terms of Section 164 (2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Acts

- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
  - (i) The Company has disclosed the impact of pending litigations on its financial position in its Standalone Financial Statements- Refer Note 34 to the Standalone Financial Statements.
  - (ii) The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts.

- (iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
  - (iv) (a) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
  - (b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
  - (c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
  - (v) As stated in Note 55 to the standalone financial statements
    - (a) The final dividend proposed in the previous year, declared and paid by the Company during the year is in accordance with Section 123 of the Act, as applicable.
    - (b) The Board of Directors of the Company have proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The amount of dividend proposed is in accordance with section 123 of the Act, as applicable.
  - (vi) Based on our examination, which included test checks, the Company has used accounting software systems for maintaining its books of account for the financial year ended March 31, 2025 which have the feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software systems. Further, during the course of our audit we did not come across any instance of the audit trail feature being tampered with and the audit trail has been preserved by the Company as per the statutory requirements for record retention.
2. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

# Annexure - A to the Auditors' Report.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of M/S. NGL FINE-CHEM LIMITED ("the Company") as of 31<sup>st</sup> March, 2025 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

## MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

## AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included

obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

## MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

## INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

**OPINION:**

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March, 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

# Annexure - B to the Auditors' Report

The Annexure referred to in Independent Auditors' Report to the members of the Company on the standalone financial statements for the year ended 31 March 2025, we report that:

(i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment and relevant details of right-of-use assets.

(B) The Company has maintained proper records showing full particulars of intangible assets.

(b) The Company has a regular programme of physical verification of its property, plant and equipment by which property, plant and equipment are verified in a phased manner over three years. In accordance with this programme, certain property, plant and equipment were verified during the year and the material discrepancies which were noticed have been properly dealt with in the books of account. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets.

(c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties are held in the name of the Company.

(d) The company has not revalued its property, plant and equipment (including right of use assets) and intangible assets during the year.

(e) In our opinion and according to the information and explanations given to us, no proceedings has been initiated or are pending against the company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder and therefore provision of clause 3(i)(e) of the order are not applicable to the company.

(ii) (a) The inventories have been physically verified by the management at reasonable intervals during the year.

In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets

(b) The company has availed working capital limits in excess of five crore rupees during the financial year, in aggregate, from banks or

financial institutions on the basis of security of current assets. The management has been regular in furnishing returns/statements of book debts and inventories which are primary securities for the purpose of the working capital loans. In our opinion, based on the representation made by the management in note no 51 to the standalone financial statements and based upon our verification of the quarterly returns/ statements of inventories and trade receivables with the books of accounts, we have observed that, the data submitted to the bank vary with the books of accounts by 1 to 3%, due to the complexities involved in the valuation procedure. However, the management has made revised submissions at the end of each quarter and thereon the data submitted to the banks are in agreement with books of accounts.

(iii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any investments, provided guarantee or security or granted any advances in the nature of loans, secured or unsecured, to companies, firms, limited liability partnerships or any other parties during the year and therefor provisions of clause 3 (iii)(a)(A)(B)(b)(c)(d)(e)(f) of the order are not applicable.

(iv) In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of section 185 and 186 of the Act, with respect to the loans and investments made, as applicable.

(v) The Company has not accepted any deposits from the public and consequently the directives issued by the Reserve Bank of India, the provisions of sections 73 to 76 or any other relevant provisions of the Companies Act, and the Rules framed there under are not applicable and also no orders were passed by Company Law Board, National Company Law Tribunal or Reserve Bank of India or any court or any other Tribunal and therefore clause 3(v) of the order is not applicable.

(vi) We have broadly reviewed the cost records maintained by the Company pursuant to the Companies (Cost Records and audit) Rules, 2014 for the maintenance of cost records under Section 148 (1) of the Act in respect of the Company's products and are of the opinion that prima facie, the prescribed accounts and records have been made and maintained. However, we have not made a detailed examination of the said records with a view to determine whether they are accurate or complete.

- (vii) (a) According to the information and explanations given to us and on the basis of the books and records examined by us, the company is generally regular in depositing undisputed statutory dues including Goods and Services Tax, provident fund, employees' state insurance, income tax, Sales tax, service tax, duty of custom, duty of excise, value added tax, cess and other statutory dues to the appropriate authorities applicable to it.
- (b) According to the information and explanations given to us, no undisputed amounts payable in respect of Goods and Services Tax, provident fund, employees' state insurance, income tax, sales tax, service tax, duty of customs, duty of excise, value added tax, cess and any other material statutory dues were in arrears as at 31 March, 2025 for a period of more than six months from the date they became payable.
- (c) According to the information and explanation given to us, there are no material dues of Goods and Services Tax, provident fund, employees' state insurance, income tax, Sales tax, service tax, duty of custom, duty of excise, value added tax, cess and other statutory dues which have not been deposited on account of any dispute except the following stated below.

(Amounts In ₹ Lakhs)

Name of the Statute	Nature of Dues	Amount (₹)	Period to which the amount relates	Forum where dispute is pending.
Provident Fund- Contractor	Provident Fund	17.75	May, 2014 to November, 2015.	Central Government Industrial Tribunal No. 1 Mumbai
Cess	Cess Act under Navi Mumbai Municipal Corporation	26.67	2003-2004 to 2012-2013	High Court

- (viii) In our opinion and according to the information and explanations given to us, there are no transactions that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961) and hence the provision of clause 3 (viii) of the order is not applicable.
- (ix) (a) The Company has not defaulted in repayment of loan or other borrowings or in the payment of interest to any lender.
- (b) According to the information and explanations given to us and on the basis of our audit procedures, we report that the company has not been declared willful defaulter by any bank or financial institution or any other lender
- (c) According to the information and explanations given to us and on the basis of our audit procedures, the term loan taken by the company were applied for the purpose for which the loans were obtained.
- (d) On an overall examination of the financial statements of the Company, funds raised on short-term basis have, prima facie, not been used during the year for long-term purposes by the Company.
- (e) According to the information and explanations given to us and on an overall examination of the financial statements of the company, we report that the company has not taken any funds to meet the obligations of its subsidiaries, associates or joint ventures and hence the provision of clause 3 (ix)(e) of the order is not applicable.
- (f) According to the information and explanations given to us and procedures performed by us, we report that the company has not raised loans during the year on the pledge of securities held in its subsidiaries, joint ventures or associate companies and hence the provision of clause 3 (ix)(f) of the order is not applicable.
- (x) (a) During the financial year, the company has not raised any money by way of initial public offer or further public offer (including debt instruments) and therefore, the provisions of clause 3(x)(a) of the Order is not applicable.
- (b) The Company has not made any preferential allotment or private placement of shares or fully or partially or optionally convertible debentures during the year under review, therefore, the provisions of clauses 3(x)(b) of the Order are not applicable to the company.
- (xi) (a) According to information and explanations given to us, there were no fraud by the company or any fraud on the Company has been noticed or reported during the year and therefore, the provision of clause 3 (xi)(a) of the Order is not applicable.
- (b) According to information and explanations given to us, no report under sub-section (12) of section 143 of the Companies Act is required to be filed by the auditors in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government and hence the provision of clause 3 (xi)(b) of the order is not applicable.

- (c) As represented to us by the management, there are no whistle blower complaints received by the company during the year.
- (xii) In our opinion, the company is not a chit fund or a nidhi Company and therefore, the provisions of clause 3(xii)(a), 3(xii)(b) and 3(xii)(c) of the Order are not applicable to the company.
- (xiii) According to information and explanation given to us, all the transactions with related parties are in compliance with the provisions of sections 177 and 188 of Companies Act, 2013 where applicable. The details of related party transactions have been disclosed in the Ind AS financial statements, as required under the applicable Accounting Standards.
- (xiv) (a) In our opinion and based on our examination, the company has an internal audit system commensurate with the size and nature of its business.
- (b) We have considered, the internal audit reports for the year under audit, issued to the Company during the year and till date.
- (xv) During the financial year, the Company has not entered into any non-cash transactions with directors or persons connected with him and therefore, the provisions of clause 3(xv) of the Order are not applicable to the company.
- (xvi) (a) In our opinion, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause 3(xvi)(a), (b) and (c) of the Order is not applicable.
- (b) In our opinion, there is no core investment company within the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) and accordingly reporting under clause 3(xvi)(d) of the Order is not applicable.
- (xvii) In our opinion, the company has not incurred cash losses in the financial year and in the immediately preceding financial year
- (xviii) There has been no resignation of the statutory auditors during the year and accordingly provisions of clause 3(xviii) of the Order is not applicable
- (xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the company as and when they fall due.
- (xx). (a) There are no unspent amounts towards Corporate Social Responsibility (CSR) requiring a transfer to a Fund specified in Schedule VII to the Companies Act in compliance with second proviso to sub-section (5) of Section 135 of the said Act. Accordingly, reporting under clause 3(xx)(a) of the Order is not applicable for the year.
- (b) There are no amounts that remains unspent under section (5) of section 135 of the Companies Act, pursuant to any ongoing project.
- (xxi) In our opinion, there have been no qualifications or adverse remarks by the auditor in the Companies (Auditor's Report) Order (CARO) reports of the companies included in the consolidated financial statement.

# Notes forming part of Standalone Financial Statements

## for the year ended March 31, 2025

### 1. CORPORATE INFORMATION

NGL Fine-Chem Limited (The Company) is a public company domiciled in India and incorporated under the provisions of the Companies Act, 1956 (CIN: L24110MH1981PLC025884). Its shares are listed on the Bombay Stock Exchange and National Stock Exchange. The Company is a manufacturer of pharmaceuticals and intermediates for usage in veterinary and human health. The Company caters to various global companies to custom manufacture high quality pharmaceuticals.

### 2. BASIS OF PREPARATION

Standalone financial statements for the year ended March 31, 2025 are prepared in accordance with Indian Accounting Standards notified under the Companies (Indian Accounting Standards) Rules, 2015 together with comparative period data as at and for the year ended March 31, 2024.

The financial statements have been prepared on accrual basis and under the historical cost convention except for certain financial instruments which are measured at fair value. Historical cost is generally based on the fair value of consideration given in exchange of goods and services. The accounting policies are consistently applied by the Company during the period and are consistent with those used in the previous year except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

The financial statements are prepared in accordance with Indian Accounting Standards (Ind AS 34) as prescribed by Section 133 of the Companies Act 2013 ("the Act") read with the Companies (Indian Accounting Standards) Rules, 2015 and guidelines issued by the Securities and Exchange Board of India (SEBI). These financial statements do not include all the information required for a complete set of financial statements under the applicable financial reporting framework. The financial statements are presented in Indian ₹ lakh (functional currency of the Company) unless otherwise stated.

### 3. MATERIAL ACCOUNTING POLICIES

#### a) Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, considering contractually defined terms of payment and excluding taxes or duties collected on behalf of the government.

The specific recognition criteria described below must also be met before revenue is recognised.

#### Revenue from sale of goods and services

Revenue is recognized when it is probable that economic benefits associated with a transaction flows to the Company in the ordinary course of its activities and the amount of revenue can be measured reliably. Revenue is measured at the fair value of the consideration received or receivable, net of returns & trade discounts.

Revenue includes only the gross inflows of economic benefits, received and receivable by the Company, on its own account. Amounts collected on behalf of third parties such as goods and service tax are excluded from revenue.

Revenue from sale of goods and services is recognized when the following conditions are satisfied:

- i) The Company has transferred the significant risks and rewards of ownership of the goods to the buyer.
- ii) The Company retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over goods/services sold.
- iii) The amount of revenue can be measured reliably.
- iv) It is probable that the economic benefits associated with the transaction will flow to the Company.
- v) The costs incurred or to be incurred in respect of the transaction can be measured reliably.

Revenue is recognized upon transfer of control of promised products or services to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those products or services.

#### Other income

Export Duty Drawback and RodTEP incentives are accounted on accrual basis when the certainty to receive is established.

#### b) Taxes

##### Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The Company determines the tax as per the provisions of Income Tax Act 1961 and other rules specified thereunder.

Current income tax relating to items recognized outside the statement of profit and loss is recognized in other comprehensive income. Current tax items are recognized in correlation to the underlying transaction in OCI. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

# Notes Forming part of Standalone financial statements

## for the year ended March 31, 2025

### Deferred tax

Deferred tax is measured using the balance sheet approach on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences. Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised, except:

When the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction affects neither the accounting profit nor taxable profit or loss.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised, or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside the statement of profit and loss is recognised in other comprehensive income. Deferred tax items are recognised in correlation to the underlying transaction in OCI.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same tax authority.

### c) Property, plant & equipment

Property, plant & equipment represent a significant proportion of the asset base of the company. The charge in respect of depreciation is derived after determining an estimate of the asset's expected useful life and estimated residual value at the end of its life. The useful lives and residual value of the company's assets are estimated by the management at the time the asset is acquired and reviewed periodically. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technology.

Property, plant and equipment is stated at cost less accumulated depreciation and where applicable accumulated impairment losses. Property, plant and equipment and capital work in progress cost include expenditure that is directly attributable to the acquisition of the asset. The cost of self-constructed assets includes the cost of materials, direct labor and any other costs directly attributable to bringing the asset to a working condition for its intended use, and the costs of dismantling and removing the items and restoring the site on which they are located. Interest on Funds borrowed for acquisition of property, plant and equipment up to the period such property, plant and equipment is ready for use is capitalized and added to the cost of such items.

Gains and losses on disposal are determined by comparing the proceeds from disposal with the carrying amount of property, plant and equipment and are recognized net within "other income/other expenses" in the statement of profit and loss.

Depreciation in accounts is charged on Straight Line Method based on the management's estimate of useful life of each class of assets and considering the useful life prescribed by Schedule II of the Companies Act, 2013 on the cost, as reduced by the amount of Excise Cenvat, GST and VAT setoff claimed.

### Subsequent cost

The cost of replacing part of an item of property, plant and equipment is recognized in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Company and its cost can be measured reliably. The costs of the day-to-day servicing of property, plant and equipment are recognized in the statement of profit and loss.

Depreciation is provided on Straight Line Method (SLM) basis, based on the estimated useful life of the assets.

Asset Class	Estimated useful life (number of years)	Estimated life as per Companies Act
Plant and Machinery	9.67	9.67
Computers- Servers	6.00	6.00
Computer - Others	3.00	3.00
Electrical Installation	9.67	9.67
Laboratory Equipment	9.67	9.67
Buildings	30.00	30.00
Furniture and Fixtures	10.00	10.00
Vehicles	8.00	8.00
Office Equipment	5.00	5.00

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

# Notes Forming part of Standalone financial statements

## for the year ended March 31, 2025

Amortization is provided on Straight Line Method (SLM) basis, based on the estimated useful life of the assets.

### Intangible assets

Intangible assets acquired by the Company and having finite useful lives, are measured at cost less accumulated amortization and accumulated impairment losses. Cost includes expenditure that is directly attributable to the acquisition of the intangible asset.

All revenue expenses pertaining to research are charged to the profit and loss account in the year in which they are incurred. Expenditure of capital nature is capitalized as property, plant and equipment and depreciated as per the company's policy.

Amortization is provided on Straight Line Method (SLM) basis, based on the estimated useful life of the assets.

Asset Class	Estimated useful life (number of years)
Computer Software	3.00

### Subsequent expenditure

Subsequent expenditure is capitalized only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure, including expenditure on internally generated goodwill and brands, are recognized in profit or loss as incurred.

### Amortization of intangible assets with finite useful lives:

Amortization is recognized in profit and loss on a straight-line basis over the estimated useful lives of intangible assets from the date that they are available for use.

### d) Inventories

The Company estimates the net realisable value (NRV) of its inventories by taking into account estimated selling price, estimated cost of completion, estimated costs necessary to make the sale, obsolescence considering the past trend. Inventories are written down to NRV where such NRV is lower than their cost.

Stock of raw materials, consumable stores and fuel and oil are valued at lower of cost or market value, on FIFO basis. Finished goods and work in progress are valued at cost of production or market value whichever is lower.

### e) Transactions and balances

Transactions in foreign currency are translated into Indian rupees at the exchange rates at the date of the transaction.

Monetary assets and liabilities denominated in foreign currency are translated at the functional currency spot rates of exchange at the reporting date. Exchange differences arising on settlement or translation of

monetary items are recognized in the statement of profit or loss.

Non-monetary items that are measured in terms of historical cost in foreign currency are translated using the exchange rates at the date of the initial transaction. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation difference on items whose fair value gain or loss is recognized in the statement of Other Comprehensive Income (OCI) or the statement of profit or loss is also recognized in the statement of OCI or the statement of profit or loss, respectively).

Application of accounting policies that require critical accounting estimates and the assumptions having the most significant effect on the amounts recognized in the standalone financial statements are:

Valuation of financial instruments  
Useful life of property, plant and equipment  
Useful life of intangible assets  
Provisions

### f) Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- Expected to be realized or intended to be sold or consumed in normal operating cycle
- Held primarily for trading
- Expected to be realized within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when

- It is expected to be settled in normal operating cycle
- It is held primarily for trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.
- The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

# Notes Forming part of Standalone financial statements

## for the year ended March 31, 2025

The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

### g) Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

In the principal market for the asset or liability, or

In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, if market participants act in their economic best interest.

A fair value measurement of a non-financial asset considers a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the standalone financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

**Level 1** - Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

**Level 2** - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

**Level 3** - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in standalone financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The Company's Management determines the policies and procedures for both; recurring fair value measurement, such as derivative instruments and unquoted financial assets measured at fair value, and for non-recurring measurement, such as assets held for distribution in discontinued operations.

At each reporting date, the Management analyses the movements in the values of assets and liabilities which are required to be re-measured or re-assessed as per the Company's accounting policies. For this analysis, the Management verifies the major inputs applied in the latest valuation by agreeing the information in the valuation computation to contracts and other relevant documents.

The Management also compares the change in the fair value of each asset and liability with relevant external sources to determine whether the change is reasonable. For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

This note summarises accounting policy for fair value. Other fair value related disclosures are given in the relevant notes.

### h) Earnings per share

Basic earnings per share is computed by dividing the profit/(loss) after tax (including the post-tax effect of extraordinary items, if any) by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit/(loss) after tax (including the post-tax effect of extraordinary items, if any) as adjusted for dividend, interest and other charges to expense or income relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares. Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date. The dilutive potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value (i.e. average market value of the outstanding shares). Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted for share splits/reverse share splits and bonus shares, as appropriate.

### i) Borrowing costs

Borrowing costs include interest, amortization of ancillary costs incurred and exchange differences arising from foreign currency borrowings to the extent

## Notes Forming part of Standalone financial statements for the year ended March 31, 2025

they are regarded as an adjustment to the interest cost. Borrowing cost directly attributable to the cost of acquisition or construction of the fixed assets is capitalized as part of the cost of the assets, upto the date the asset is put to use. Other borrowing costs are charged to the Statement of Profit and Loss in the year in which they are incurred. Costs in connection with the borrowing of funds are charged to statement of profit and loss.

### j) Provisions and contingent liabilities

The company estimates the provisions that have present obligation as a result of past events and it is probable that outflow of resources will be required to settle the obligations. These provisions are reviewed at the end of each reporting period and are adjusted to reflect the current best estimates. The company uses significant judgements to assess contingent liabilities.

The Company recognizes a provision when there is a present legal or constructive obligation as a result of a past event, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated.

Long term provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognized as interest expense.

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. Where there is a possible obligation or a present obligation that the likelihood of outflow of resources is remote, no provision or disclosure is made.

### k) Use of estimates

The preparation of standalone financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, the disclosures of contingent assets and contingent liabilities at the date of financial statements, and the income and expenses during the reporting period. The application of accounting policies that require critical accounting estimates involving complex and subjective judgements and use of assumptions in these standalone financial statements have been disclosed appropriately. Accounting estimates could change from period to period. Actual results may differ from these estimates. Appropriate changes in estimates are made as the management becomes aware of changes in circumstances surrounding the estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates

are recognized in the period in which the estimates are revised and in future periods which are affected.

### l) Impairment of assets

Investments in subsidiaries, goodwill and intangible assets are tested for impairment at least annually and when events occur or changes in circumstances indicate that the recoverable amount of the asset or cash generating units to which they pertain is less than its carrying value. The recoverable value of cash generating units is higher of value-in-use and fair value less cost to dispose. The calculation of value in use of a cash generating unit involves use of significant estimates and assumptions which includes turnover and earnings multiples, growth rates and net margins used to calculate projected cash flows, risk adjusted discount rate, future economic and market conditions.

### m) Impairment of non-financial assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset unless the asset does not generate cash inflows that are largely independent of those from other assets or Company's assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

### n) Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

#### Financial asset

#### Initial recognition and measurement

All financial assets are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Purchase or sale of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognized on the trade date, i.e., the date that the Company commits to purchase or sell the assets.

Investment in subsidiaries are carried at cost less impairment losses, if any. Where an indication of impairment exists, the carrying amount of the investment is assessed and written down immediately to its recoverable amount.

#### Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in four categories;

# Notes Forming part of Standalone financial statements

## for the year ended March 31, 2025

at amortised cost through profit or loss  
 at amortised cost through other comprehensive income  
 at fair value through other comprehensive income  
 at fair value through profit or loss.

### Financial assets at amortized cost

A financial asset is measured at the amortised cost if both the following conditions are met:

The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and

Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

This category is the most relevant to the Company. All the Loans and other receivables under financial assets (except investments) are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. Trade receivables do not carry any interest and are stated at their nominal value as reduced by impairment amount.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the statement of profit and loss. The losses arising from impairment are recognised in the statement of profit and loss. This category generally applies to trade and other receivables.

### Financial assets at fair value through the statement of profit and loss/other comprehensive income

Instruments included within the FVTPL category are measured at fair value with all changes recognized in the statement of profit and loss.

If the Company decides to classify an instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the statement of OCI. There is no recycling of the amounts from OCI to Statement of Profit & Loss, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity.

### De-recognition

A financial asset (or, where applicable, a part of a financial asset or part of a Company of similar financial assets) is primarily derecognised (i.e. removed from the Company's balance sheet) when:

The rights to receive cash flows from the asset have expired, or

The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material lay to a third party under a 'pass-through' arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

### Impairment of financial assets

The Management has evaluated the impairment provision requirement under IND AS 109 and has listed below major facts for trade and other receivables impairment provisioning:

The Company does not have any purchased or originated credit-impaired (POCI) financial assets, i.e., financial assets which are credit impaired on purchase/ origination.

Expected Credit Loss (ECL) impairment loss allowance (or reversal) recognized during the period is recognized as income/ expense in the statement of profit and loss. This amount is reflected under the head 'other expenses' in the Statement of Profit & Loss. The balance sheet presentation for various financial instruments is described below:

Financial assets measured as at amortized cost and other contractual revenue receivables- ECL is presented as an allowance, i.e., as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount. Until the asset meets write-off criteria, the Company does not reduce impairment allowance from the gross carrying amount.

Financial assets measured at FVTOCI- Since financial assets are already reflected at fair value, impairment allowance is not further reduced from its value. Rather, ECL amount is presented as 'accumulated impairment amount' in the OCI.

### Financial liabilities

#### Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through the statement of

# Notes Forming part of Standalone financial statements

## for the year ended March 31, 2025

profit or loss, loans and borrowings, trade payables and other payables.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company's financial liabilities include trade and other payables, loans and borrowings including other payables.

### Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

### Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in the statement of profit and loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by considering any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the Statement of Profit and Loss.

This category generally applies to interest-bearing loans and borrowings.

### De-recognition

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or it expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

### Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

### o) Cash and cash equivalents

For presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value. Bank overdrafts

and cash credits are shown within borrowings in current liabilities in the balance sheet.

### p) Employee benefits

The cost of the defined plans, compensated absences and the present value of the defined benefit obligation are based on actuarial valuation using the projected unit credit method. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long term nature, a defined benefit obligation is highly sensitive to changes on those assumptions. All assumptions are reviewed at each reporting date.

### Defined contribution plans (Provident Fund)

In accordance with Indian Law, eligible employees receive benefits from Provident Fund, which is defined contribution plan. Both the employee and employer make monthly contributions to the plan, which is administered by the Government authorities, each equal to the specific percentage of employee's basic salary. The Company has no further obligation under the plan beyond its monthly contributions. Obligation for contributions to the plan is recognized as an employee benefit expense in the Statement of Profit and Loss when incurred.

### Defined benefit plans (Gratuity)

In accordance with applicable Indian Law, the Company provides for gratuity, a defined benefit retirement plan (the Gratuity Plan) covering eligible employees. The Gratuity Plan provides a lump sum payment to vested employees, at retirement or termination of employment, and amount based on respective last drawn salary and the years of employment with the Company. The Company's net obligation in respect of the Gratuity Plan is calculated by estimating the amount of future benefits that the employees have earned in return of their service in the current and prior periods; that benefit is discounted to determine its present value. Any unrecognized past service cost and the fair value of plan assets are deducted. The discount rate is the yield at reporting date on risk free government bonds that have maturity dates approximating the terms of the Company's obligation. The calculation is performed annually by a qualified actuary using the projected unit credit method. When the calculation results in a benefit to the Company, the recognized asset is limited to the total of any unrecognized past service cost and the present value of the economic benefits available in the form of any future refunds from the plan or reduction in future contribution to the plan. The Company recognizes all re-measurements of net defined benefit liability/asset directly in other comprehensive income.

### Compensated absences

The employees of the Company are entitled to compensated absences. The employees can carry

# Notes Forming part of Standalone financial statements

## for the year ended March 31, 2025

forward a portion of the unutilized accrued absence and utilize it in future periods or receive cash compensation at retirement or termination of employment for the unutilized accrued compensated absence. The Company recognizes an obligation for compensated absences in the period in which the employee renders the services. The Company provides for the expected cost of compensated absence in the statement of profit and loss as the additional amount that the company expects to pay as a result of the unused entitlement that has accumulated based on actuarial valuations carried out by an independent actuary at the balance sheet date.

### q) Segment reporting

The Company has presented data relating to its segments based on its standalone financial statements which are presented in the same Integrated Annual Report. Accordingly, in terms of paragraph 4 of the Indian Accounting Standard (Ind AS 108) "Operating Segments" no disclosures related to segments are presented in these standalone financial statements.

### r) Leases

IND AS 116 requires lessees to determine the lease term as non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The company makes an assessment on the expected lease term on a lease-by-lease basis and thereby assess whether its reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the company considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of the lease and the importance of the underlying asset to the company's operations taking into account the location of the asset and the availability of alternatives. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances. After considering current and future economic conditions, the company has concluded that no changes are required to lease periods relating to existing lease contracts.

A lease that transfers substantially all the risks and rewards incidental to ownership to the lessee is classified as a finance lease. All other leases are classified as operating leases.

#### Company as a lessee

Finance leases are capitalised at the commencement of the lease at the inception date fair value of the leased property or, if lower, at the present value of the minimum lease payments. The corresponding liability to the lessor is included in the balance sheet as a finance lease obligation. Lease payments are apportioned between finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining

balance of the liability. Finance charges are recognised in profit or loss as finance costs, unless they are directly attributable to qualifying assets, in which case they are capitalised in accordance with the Company's general policy on the borrowing costs. Contingent rentals are recognised as expenses in the periods in which they are incurred.

Operating lease payments are generally recognised as an expense in the profit or loss on a straight-line basis over the lease term. Where the rentals are structured solely to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases, such increases are recognised in the year in which such benefits accrue.

#### Ind AS 116 Leases:

In March 2019, the Ministry of Corporate Affairs, issued the Companies (Indian Accounting Standards) Amendment Rules 2018, notifying Ind AS 116 "Leases" which replaces Ind AS 17 "Leases". The new standard shall require lessees to recognize the Leases on their Balance Sheet with limited exemptions related to low value asset and assets with a lease term of less than 12 months.

Lessees will use a single accounting model for all leases. Accordingly, the lessee is required to recognize "Right of Use" asset representing its right to use the underlying asset and a "Lease Liability" representing its obligations to make lease payments.

### s) Government Grants

Government grants are initially recognized at fair value if there is reasonable assurance that they will be received and the Company will comply with the conditions associated with the grant;

In case of capital grants, the amount of grant received is set off against the value of the property, plant and equipment against which the grant has been given.

In case of grants that compensate the Company for expenses incurred are recognized in Statement of Profit and Loss on a systematic basis in the periods in which the expenses are recognized.

Export benefits available under prevalent schemes are accrued in the year in which the goods are exported and there is no uncertainty in receiving the same.

### t) Recent accounting pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended March 31, 2025, MCA has not notified any new standards or amendments to the existing standards applicable to the Group.

## 37. FAIR VALUES

Fair value measurement includes both the significant financial instruments stated at amortised cost and at fair value in the statement of financial position. The carrying values of current financial instruments approximate their fair values due to the short-term maturity of these instruments and the disclosures of fair value are not made when the carrying amount of current financial instruments is a reasonable approximation of the fair value. The carrying values of the long-term financial instruments approximates the fair values as the management has considered the fair value measurement techniques using the observable data i.e. the discounting rate which was similar as to rates, tenure and the credit rating of the other instruments of the Company. The management has also considered the effect of time value of money with respect to other long term financial instruments at applicable rates.

## 38. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Company's activities expose it to a variety of financial risks: market risk, credit risk and liquidity risk. The Company's risk management assessment and policies and processes are established to identify and analyze the risks faced by the Company, to set appropriate risk limits and controls, and to monitor such risks and compliance with the same.

The Company has constituted a Risk Management Committee consisting of its directors. The Company has a robust risk management policy to identify, evaluate business risks and opportunities. This policy seeks to create transparency, minimise adverse impact on the business objectives and enhance the Company's competitive advantage.

## 39. CREDIT RISK

Credit risk arises from the possibility that customers shall not be able to settle their obligations as agreed and arises principally from the Company's receivables from customers, loans and investments. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of counterparty to which the Company grants credit terms in the normal course of business.

### Investments

The Company limits its exposure to credit risk by investing in liquid securities which primarily include mutual fund units. The Company mitigates risk from non-performance of these securities by ensuring that it does not have any significant concentration of exposures to specific industry sectors or specific country risks.

### Trade receivables

Trade receivables are typically unsecured and derived from income earned from customers. On account of adoption of Ind AS 109, the Company uses expected credit loss model to assess the impairment loss or gain, however this is modified if in the past experience of the company, there is likely mitigation of the credit risk.

## 40 MARKET RISK

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and other price risk, such as equity price risk and commodity risk. The value of a financial instrument shall change as a result of changes in the interest rates, foreign currency exchange rates, equity price fluctuations, liquidity and other market changes. Financial instruments affected by market risk include loans and borrowings, deposits and investments.

## 41 FOREIGN CURRENCY RISK

Foreign exchange risk arises on future commercial transactions and on all recognised monetary assets and liabilities, which are denominated in a currency other than the functional currency of the Company. The Company's management has set policy wherein exposure is identified, benchmark is set and monitored closely, and accordingly suitable hedges are undertaken. The Company's foreign currency exposure arises mainly from foreign exchange imports and exports, primarily with respect to USD, JPY and EUR.

### 42 INTEREST RATE RISK

Company's interest rate risk arises from borrowings. The long term borrowings are at fixed interest rate while the short term borrowing are at floating interest rate. The interest rate profile of the Company's interest-bearing financial instruments is as follows:

(Amount in ₹ lakh)

Particulars	As at March 31, 2025	As at March 31, 2024
<b>Fixed rate instruments</b>		
Financial Assets	615.76	583.01
Financial liabilities	2,927.95	230.62
<b>Variable rate instruments</b>		
Financial Assets	5,966.34	5,359.39
Financial liabilities	4,684.33	3,169.76

### Interest rate sensitivity

Interest rate risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market rates. The Company's exposure to the risk of changes in market rates relates primarily to the Company's debt obligations with floating interest rates.

(Amount in ₹ lakh)

Particulars	As at March 31, 2025	As at March 31, 2024
Long term variable interest rate borrowings	-	-
Short term variable interest rate borrowings	4,684.33	3,169.76
	<b>4,684.33</b>	<b>3,169.76</b>

### Cash flow sensitivity analysis for variable-rate instruments:

A reasonably possible change of 100 basis points in interest rates at the reporting date would have increased (decreased) profit or loss before tax by the amounts shown below. This analysis assumes that all other variables, in particular foreign currency exchange rates, remain constant:

(Amount in ₹ lakh)

Year ended	Increase/ (decrease) in basis points	Effect on profit before tax increase/ (decrease)
March 31, 2025	100	(46.84)
	(100)	46.84
March 31, 2024	100	(31.70)
	(100)	31.70

### 43 LIQUIDITY RISK

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they become due. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements.

The Company manages the liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities. The Company invests its surplus funds in bank fixed deposits and liquid schemes of mutual funds which carry limited mark to market risks. The Company also invests in equity schemes of mutual funds which carry liquidity and rate return risks.

At present, the Company expects to repay all liabilities at their contractual maturity. In order to meet such cash commitments, the operating activity is expected to generate sufficient cash inflows.

## 44 CAPITAL MANAGEMENT

For the purpose of the Company's capital management, capital includes issued equity capital, share premium and all other equity reserves attributable to the equity holders of the company. The primary objective of the Company's capital management is to maximise the value of shareholder.

The Company monitors capital using Capital Gearing Ratio, which is net debt divided by total capital. Net debt includes loans and borrowings, trade and other payables, less cash and cash equivalents.

(Amount in ₹ lakh)

Particulars	As at March 31, 2025	As at March 31, 2024
Loans and borrowings	7,217.90	3,244.24
Trade payables	5,416.47	4,720.96

<b>Capital gearing ratio (A/B)</b>	<b>0.33</b>	<b>0.24</b>

To achieve the overall objective, the Company's capital management aims to ensure that it meets the financial covenants attached to loans and borrowings. Breaches in meeting the covenants would permit the bank to immediately call loans and borrowings. There have been no breaches in the financial covenants of any loans and borrowings in the current year.

### BASIS FOR OPINION

We conducted our audit of the consolidated Ind AS financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor’s Responsibilities for the Audit of the consolidated Ind AS Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence and ethical requirements that are relevant to our audit of the consolidated Ind AS financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI’s Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the consolidated Ind AS financial statements.

### KEY AUDIT MATTERS

Key audit matters (“KAM”) are those matters that, in our professional judgment, were of most significance in our audit of the consolidated Ind AS financial statements of the current period. These matters were addressed in the context of our audit of the consolidated Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

## INFORMATION OTHER THAN THE CONSOLIDATED IND AS FINANCIAL STATEMENTS AND AUDITOR'S REPORT THEREON

The Group's Board of Directors are responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the consolidated Ind AS financial statements and our auditor's report thereon.

Our opinion on the consolidated Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated Ind AS financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

## MANAGEMENT'S RESPONSIBILITY FOR THE CONSOLIDATED IND AS FINANCIAL STATEMENTS

The Group's Board of Directors are responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to preparation of these consolidated Ind AS financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance, consolidated total other comprehensive income, consolidated cash flows and changes in equity of the Group in accordance with the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act, read with the Companies (Indian Accounting Standard) Rules, 2015 as amended, and other accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated Ind AS financial

statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the consolidated Ind AS financial statements, the management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are also responsible for overseeing the Group's financial reporting process.

## AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED IND AS FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the consolidated Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Group has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated Ind AS financial statements, including the disclosures, and whether the consolidated Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the consolidated Ind AS financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding Independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our Independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated Ind AS financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so

would reasonably be expected to outweigh the public interest benefits of such communication.

## REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

1. As required by Section 143(3) of the Act, based on our audit we report that:
  - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
  - b) In our opinion, proper books of account as required by law have been kept by the Group so far as it appears from our examination of those books.
  - c) The consolidated Balance Sheet, the consolidated Statement of Profit and Loss including Other Comprehensive Income, consolidated Statement of Changes in Equity and the consolidated Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account.
  - d) In our opinion, the aforesaid consolidated Ind AS financial statements comply with the Ind AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
  - e) On the basis of the written representations received from the directors as on March 31<sup>st</sup>, 2025 taken on record by the Board of Directors, none of the directors are disqualified as on March 31<sup>st</sup>, 2025 from being appointed as a director in terms of Section 164 (2) of the Act.
  - f) With respect to the adequacy of the internal financial controls over financial reporting of the Group and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Group's internal financial controls over financial reporting.
  - g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Group to its directors during the year is in accordance with the provisions of section 197 of the Act.

- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
- (i) The Group has disclosed the impact of pending litigations on its consolidated financial position in its consolidated Ind AS Financial Statements- Refer Note 33 to the consolidated Ind AS Financial Statements.
  - (ii) The Group has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts.
  - (iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
  - (iv) (a) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
  - (b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
  - (c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
  - (v) (a) The final dividend paid by the Company during the year in respect of the same declared for the previous year is in accordance with section 123 of the Companies Act 2013 to the extent it applies to payment of dividend.
  - (b) As stated in note 55 to the financial statements, the Board of Directors of the Company have proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The dividend declared is in accordance with section 123 of the Act to the extent it applies to declaration of dividend.
  - (vi) Based on our examination, which included test checks, the Company has used accounting software systems for maintaining its books of account for the financial year ended March 31, 2025 which have the feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software systems. Further, during the course of our audit we did not come across any instance of the audit trail feature being tampered with and the audit trail has been preserved by the Company as per the statutory requirements for record retention.

2. With respect to the matters specified in paragraphs 3(xxi) and 4 of the Companies (Auditor's Report) 2020 (the "Order"/ "CARO") issued by the Central Government in terms of Section 143(11) of the Act, to be included in the Auditor's report, according to the information and explanations given to us, and based on the CARO report issued by us for the Company and its subsidiary included in the consolidated financial statements of the Company, to which reporting under CARO is applicable, we report that there are no qualifications or adverse remarks in these CARO reports

# Annexure - A to the Auditors' Report

Report on the Internal Financial Controls over financial reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of the Group as of 31<sup>st</sup> March, 2025 in conjunction with our audit of the consolidated financial statements of the Group for the year ended on that date.

## MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The Group's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Group considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Group's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

## AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on the Group's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls

over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Group's internal financial controls system over financial reporting.

## MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

A Group's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Group's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Group; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Group are being made only in accordance with authorizations of management and directors of the Group; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Group's assets that could have a material effect on the financial statements.

## INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

In our opinion, the Group has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March, 2025, based on the internal control over financial reporting criteria established by the Group considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

# Notes forming part of Consolidated Financial Statements

## for the year ended March 31, 2025

### 1. CORPORATE INFORMATION

NGL Fine-Chem Limited (Group) together with its subsidiary - Macrotech Polychem Private Limited (Subsidiary) is hereinafter referred to as "Group". NGL Fine-Chem Limited is a public Group domiciled in India and incorporated under the provisions of the Companies Act, 1956 (CIN: L24110MH1981PLC025884). Its shares are listed on the Bombay Stock Exchange & the National Stock Exchange. The Group is a manufacturer of pharmaceuticals and intermediates for usage in veterinary and human health. The Group caters to various global companies to custom manufacture high quality pharmaceuticals. Macrotech Polychem Private Limited, a private Group domiciled in India and incorporated under the provisions of the Companies Act, 1956 (CIN: U24100MH2004PTC145189) is a 100% subsidiary of NGL Fine-Chem Limited.

### 2. BASIS OF PREPARATION

Financial statements for the year ended March 31, 2025 are prepared in accordance with Indian Accounting Standards notified under the Companies (Indian Accounting Standards) Rules, 2015 together with comparative period data as at and for the year ended March 31, 2024.

The consolidated financial statements have been prepared on accrual basis and under the historical cost convention except for certain financial instruments which are measured at fair value. Historical cost is generally based on the fair value of consideration given in exchange of goods and services. The accounting policies are consistently applied by the Group during the period and are consistent with those used in the previous year except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

The consolidated financial statements are prepared in accordance with Indian Accounting Standards (Ind AS 34) as prescribed by Section 133 of the Companies Act 2013 ("the Act") read with the Companies (Indian Accounting Standards) Rules, 2015 and guidelines issued by the Securities and Exchange Board of India (SEBI). These consolidated financial statements do not include all the information required for a complete set of consolidated financial statements under the applicable financial reporting framework. The consolidated financial statements are presented in Indian C lakh (functional currency of the Group) unless otherwise stated.

### 3. BASIS OF CONSOLIDATION

Consolidated financial statements for the year ended March 31, 2025 are prepared in accordance with Indian Accounting Standards notified under the Companies (Indian Accounting Standards) Rules, 2015 including IndAS 110 - Accounting standard on "Consolidated

Financial Statements" together with comparative period data as at and for the year ended March 31, 2024.

The parent Group consolidated entities which it owns or controls. The consolidated financial statements comprise the financial statements of the parent Group and its subsidiary. Control exists when the parent Group has power over the entity, is exposed or has rights to variable returns from its involvement with the entity; and has the ability to affect those returns by using its power over the entity. Power is demonstrated through existing rights that give the ability to direct relevant activities, those which significantly affect the entity's returns. Subsidiaries are consolidated from the date control commences till the date control ceases.

The financial statements have been consolidated on line-by-line basis by adding together the book values of like items of assets and liabilities, income and expenses after eliminating intra group balances and intra group transactions except where cost cannot be recovered. The unrealized profits or losses resulting from intra group transactions and balances have been eliminated. The financial statements of the Group and its subsidiary have been consolidated using uniform accounting policies for like transactions and other events in similar circumstances as mentioned in those policies, unless otherwise mentioned separately under these notes

### 4. MATERIAL ACCOUNTING POLICY INFORMATION

#### (a) Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Group and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, considering contractually defined terms of payment and excluding taxes or duties collected on behalf of the government.

The specific recognition criteria described below must also be met before revenue is recognised.

#### Revenue from sale of goods and services

Revenue is recognized when it is probable that economic benefits associated with a transaction flows to the Group in the ordinary course of its activities and the amount of revenue can be measured reliably. Revenue is measured at the fair value of the consideration received or receivable, net of returns & trade discounts.

Revenue includes only the gross inflows of economic benefits, received and receivable by the Group, on its own account. Amounts collected on behalf of third parties such as goods and service tax are excluded from revenue.

# Notes Forming part of Consolidated financial statements

## for the year ended March 31, 2025

Revenue from sale of goods and services is recognized when the following conditions are satisfied:

- i. The Group has transferred the significant risks and rewards of ownership of the goods to the buyer.
- ii. The Group retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over goods/services sold.
- iii. The amount of revenue can be measured reliably.
- iv. It is probable that the economic benefits associated with the transaction will flow to the Group.
- v. The costs incurred or to be incurred in respect of the transaction can be measured reliably.

Revenue is recognized upon transfer of control of promised products or services to customers in an amount that reflects the consideration which the Group expects to receive in exchange for those products or services.

### Other income

Export Duty Drawback and RodTEP incentives are accounted on accrual basis when the certainty to receive is established.

### (b) Taxes

#### Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The Group determines the tax as per the provisions of Income Tax Act 1961 and other rules specified thereunder.

Current income tax relating to items recognized outside the statement of profit and loss is recognized in other comprehensive income. Current tax items are recognized in correlation to the underlying transaction in OCI. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

#### Deferred tax

Deferred tax is measured using the balance sheet approach on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences. Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences,

and the carry forward of unused tax credits and unused tax losses can be utilised, except:

When the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction affects neither the accounting profit nor taxable profit or loss.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised, or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside the statement of profit and loss is recognised in other comprehensive income. Deferred tax items are recognised in correlation to the underlying transaction in OCI.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same tax authority.

### (c) Property, plant & equipment

Property, plant & equipment represent a significant proportion of the asset base of the Group. The charge in respect of depreciation is derived after determining an estimate of the asset's expected useful life and estimated residual value at the end of its life. The useful lives and residual value of the Group's assets are estimated by the management at the time the asset is acquired and reviewed periodically. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technology.

Property, plant and equipment is stated at cost less accumulated depreciation and where applicable accumulated impairment losses. Property, plant and equipment and capital work in progress cost include expenditure that is directly attributable to the acquisition of the asset. The cost of self-constructed assets includes the cost of materials, direct labor and any other costs directly attributable to bringing the asset to a working condition for its intended use, and the costs of dismantling and removing the items and restoring the site on which they are located. Interest on Funds borrowed for acquisition of property, plant and equipment up to the period such property, plant and

# Notes Forming part of Consolidated financial statements

## for the year ended March 31, 2025

equipment is ready for use is capitalized and added to the cost of such items.

Gains and losses on disposal are determined by comparing the proceeds from disposal with the carrying amount of property, plant and equipment and are recognized net within "other income/other expenses" in the statement of profit and loss.

Depreciation in accounts is charged on Straight Line Method based on the management's estimate of useful life of each class of assets and considering the useful life prescribed by Schedule II of the Companies Act, 2013 on the cost, as reduced by the amount of Excise Cenvat, GST and VAT setoff claimed.

### Subsequent cost

The cost of replacing part of an item of property, plant and equipment is recognized in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Group and its cost can be measured reliably. The costs of the day-to-day servicing of property, plant and equipment are recognized in the statement of profit and loss.

Depreciation is provided on Straight Line Method (SLM) basis, based on the estimated useful life of the assets.

Asset Class	Estimated useful life (number of years)	Estimated life as per Companies Act
Plant and Machinery	9.67	9.67
Computers- Servers	6.00	6.00
Computer - Others	3.00	3.00
Electrical Installation	9.67	9.67
Laboratory Equipment	9.67	9.67
Buildings	30.00	30.00
Furniture and Fixtures	10.00	10.00
Vehicles	8.00	8.00
Office Equipment	5.00	5.00

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Amortization is provided on Straight Line Method (SLM) basis, based on the estimated useful life of the assets.

### Intangible assets

Intangible assets acquired by the Group and having finite useful lives, are measured at cost less accumulated amortization and accumulated impairment losses. Cost includes expenditure that is directly attributable to the acquisition of the intangible asset.

All revenue expenses pertaining to research are charged to the profit and loss account in the year in

which they are incurred. Expenditure of capital nature is capitalized as property, plant and equipment and depreciated as per the Group's policy.

Amortization is provided on Straight Line Method (SLM) basis, based on the estimated useful life of the assets.

Asset Class	Estimated useful life (number of years)
Computer Software	3.00

### Subsequent expenditure

Subsequent expenditure is capitalized only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure, including expenditure on internally generated goodwill and brands, are recognized in profit or loss as incurred.

### Amortization of intangible assets with finite useful lives:

Amortization is recognized in profit and loss on a straight-line basis over the estimated useful lives of intangible assets from the date that they are available for use.

### (d) Inventories

The Group estimates the net realisable value (NRV) of its inventories by taking into account estimated selling price, estimated cost of completion, estimated costs necessary to make the sale, obsolescence considering the past trend. Inventories are written down to NRV where such NRV is lower than their cost.

Stock of raw materials, consumable stores and fuel and oil are valued at lower of cost or market value, on FIFO basis. Finished goods and work in progress are valued at cost of production or market value whichever is lower.

### (e) Transactions and balances

Transactions in foreign currency are translated into Indian rupees at the exchange rates at the date of the transaction.

Monetary assets and liabilities denominated in foreign currency are translated at the functional currency spot rates of exchange at the reporting date. Exchange differences arising on settlement or translation of monetary items are recognized in the statement of profit or loss.

Non-monetary items that are measured in terms of historical cost in foreign currency are translated using the exchange rates at the date of the initial transaction. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of

# Notes Forming part of Consolidated financial statements

## for the year ended March 31, 2025

the gain or loss on the change in fair value of the item (i.e., translation difference on items whose fair value gain or loss is recognized in the statement of Other Comprehensive Income (OCI) or the statement of profit or loss is also recognized in the statement of OCI or the statement of profit or loss, respectively).

Application of accounting policies that require critical accounting estimates and the assumptions having the most significant effect on the amounts recognized in the standalone financial statements are:

### Valuation of financial instruments

Useful life of property, plant and equipment

Useful life of intangible assets

Provisions.

### (f) Current versus non-current classification

The Group presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- i. Expected to be realized or intended to be sold or consumed in normal operating cycle
- ii. Held primarily for trading
- iii. Expected to be realized within twelve months after the reporting period, or
- iv. Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when

- i. It is expected to be settled in normal operating cycle
- ii. It is held primarily for trading
- iii. It is due to be settled within twelve months after the reporting period, or
- iv. There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Group classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities

The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents. The Group has identified twelve months as its operating cycle.

### (g) Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is

based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

In the principal market for the asset or liability, or

In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, if market participants act in their economic best interest.

A fair value measurement of a non-financial asset considers a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the standalone financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

**Level 1** - Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

**Level 2** - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

**Level 3** - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in standalone financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The Group's Management determines the policies and procedures for both; recurring fair value measurement, such as derivative instruments and unquoted financial assets measured at fair value, and for non-recurring measurement, such as assets held for distribution in discontinued operations.

At each reporting date, the Management analyses the movements in the values of assets and liabilities which

# Notes Forming part of Consolidated financial statements

## for the year ended March 31, 2025

are required to be re-measured or re-assessed as per the Group's accounting policies. For this analysis, the Management verifies the major inputs applied in the latest valuation by agreeing the information in the valuation computation to contracts and other relevant documents.

The Management also compares the change in the fair value of each asset and liability with relevant external sources to determine whether the change is reasonable. For the purpose of fair value disclosures, the Group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

This note summarises accounting policy for fair value. Other fair value related disclosures are given in the relevant notes.

### (h) Earnings per share

Basic earnings per share is computed by dividing the profit/(loss) after tax (including the post-tax effect of extraordinary items, if any) by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit/(loss) after tax (including the post-tax effect of extraordinary items, if any) as adjusted for dividend, interest and other charges to expense or income relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares. Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date. The dilutive potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value (i.e. average market value of the outstanding shares). Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted for share splits/reverse share splits and bonus shares, as appropriate.

### (i) Borrowing costs

Borrowing costs include interest, amortization of ancillary costs incurred and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. Borrowing cost directly attributable to the cost of acquisition or construction of the fixed assets is capitalized as part of the cost of the assets, upto the date the asset is put to use. Other borrowing costs are charged to the Statement of Profit and Loss in the year in which they are incurred. Costs in connection with the borrowing of funds are charged to statement of profit and loss.

### (j) Provisions and contingent liabilities

The Group estimates the provisions that have present obligation as a result of past events and it is probable that outflow of resources will be required to settle the obligations. These provisions are reviewed at the end of each reporting period and are adjusted to reflect the current best estimates. The Group uses significant judgements to assess contingent liabilities.

The Group recognizes a provision when there is a present legal or constructive obligation as a result of a past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated.

Long term provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognized as interest expense.

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. Where there is a possible obligation or a present obligation that the likelihood of outflow of resources is remote, no provision or disclosure is made.

### (k) Use of estimates

The preparation of standalone financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, the disclosures of contingent assets and contingent liabilities at the date of financial statements, and the income and expenses during the reporting period. The application of accounting policies that require critical accounting estimates involving complex and subjective judgements and use of assumptions in these standalone financial statements have been disclosed appropriately. Accounting estimates could change from period to period. Actual results may differ from these estimates. Appropriate changes in estimates are made as the management becomes aware of changes in circumstances surrounding the estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in future periods which are affected.

### (l) Impairment of assets

Investments in subsidiaries, goodwill and intangible assets are tested for impairment at least annually and when events occur or changes in circumstances indicate that the recoverable amount of the asset or cash generating units to which they pertain is less

# Notes Forming part of Consolidated financial statements

## for the year ended March 31, 2025

than its carrying value. The recoverable value of cash generating units is higher of value-in-use and fair value less cost to dispose. The calculation of value in use of a cash generating unit involves use of significant estimates and assumptions which includes turnover and earnings multiples, growth rates and net margins used to calculate projected cash flows, risk adjusted discount rate, future economic and market conditions.

### (m) Impairment of non-financial assets

The Group assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Group estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset unless the asset does not generate cash inflows that are largely independent of those from other assets or Group's assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

### (n) Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

#### Financial asset

##### Initial recognition and measurement

All financial assets are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Purchase or sale of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognized on the trade date, i.e., the date that the Group commits to purchase or sell the assets.

Investment in subsidiaries are carried at cost less impairment losses, if any. Where an indication of impairment exists, the carrying amount of the investment is assessed and written down immediately to its recoverable amount.

##### Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in four categories;

at amortised cost through profit or loss

at amortised cost through other comprehensive income

at fair value through other comprehensive income

at fair value through profit or loss.

#### Financial assets at amortized cost

A financial asset is measured at the amortised cost if both the following conditions are met:

The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and

Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

This category is the most relevant to the Group. All the Loans and other receivables under financial assets (except investments) are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. Trade receivables do not carry any interest and are stated at their nominal value as reduced by impairment amount.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the statement of profit and loss. The losses arising from impairment are recognised in the statement of profit and loss. This category generally applies to trade and other receivables.

#### Financial assets at fair value through the statement of profit and loss/other comprehensive income

Instruments included within the FVTPL category are measured at fair value with all changes recognized in the statement of profit and loss.

If the Group decides to classify an instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the statement of OCI. There is no recycling of the amounts from OCI to Statement of Profit & Loss, even on sale of investment. However, the Group may transfer the cumulative gain or loss within equity.

#### De-recognition

A financial asset (or, where applicable, a part of a financial asset or part of a Group of similar financial assets) is primarily derecognised (i.e. removed from the Group's balance sheet) when:

The rights to receive cash flows from the asset have expired, or

The Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material lay to a third party under a 'pass-through' arrangement; and either (a) the Group has transferred substantially all the risks and rewards of the asset, or (b) the Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

# Notes Forming part of Consolidated financial statements

## for the year ended March 31, 2025

When the Group has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Group continues to recognise the transferred asset to the extent of the Group's continuing involvement. In that case, the Group also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group has retained.

### Impairment of financial assets

The Management has evaluated the impairment provision requirement under IND AS 109 and has listed below major facts for trade and other receivables impairment provisioning:

The Group does not have any purchased or originated credit-impaired (POCI) financial assets, i.e., financial assets which are credit impaired on purchase/origination.

Expected Credit Loss (ECL) impairment loss allowance (or reversal) recognized during the period is recognized as income/ expense in the statement of profit and loss. This amount is reflected under the head 'other expenses' in the Statement of Profit & Loss. The balance sheet presentation for various financial instruments is described below:

Financial assets measured as at amortized cost and other contractual revenue receivables- ECL is presented as an allowance, i.e., as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount. Until the asset meets write-off criteria, the Group does not reduce impairment allowance from the gross carrying amount.

Financial assets measured at FVTOCI- Since financial assets are already reflected at fair value, impairment allowance is not further reduced from its value. Rather, ECL amount is presented as 'accumulated impairment amount' in the OCI.

### Financial liabilities

#### Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through the statement of profit or loss, loans and borrowings, trade payables and other payables.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Group's financial liabilities include trade and other payables, loans and borrowings including other payables.

### Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

#### Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in the statement of profit and loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by considering any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the Statement of Profit and Loss.

This category generally applies to interest-bearing loans and borrowings.

#### De-recognition

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or it expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

#### Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

### (o) Cash and cash equivalents

For presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value. Bank overdrafts and cash credits are shown within borrowings in current liabilities in the balance sheet.

### (p) Employee benefits

The cost of the defined plans, compensated absences and the present value of the defined benefit obligation are based on actuarial valuation using the projected unit credit method. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities

# Notes Forming part of Consolidated financial statements

## for the year ended March 31, 2025

involved in the valuation and its long term nature, a defined benefit obligation is highly sensitive to changes on those assumptions. All assumptions are reviewed at each reporting date.

### Defined contribution plans (Provident Fund)

In accordance with Indian Law, eligible employees receive benefits from Provident Fund, which is defined contribution plan. Both the employee and employer make monthly contributions to the plan, which is administrated by the Government authorities, each equal to the specific percentage of employee's basic salary. The Group has no further obligation under the plan beyond its monthly contributions. Obligation for contributions to the plan is recognized as an employee benefit expense in the Statement of Profit and Loss when incurred.

### Defined benefit plans (Gratuity)

In accordance with applicable Indian Law, the Group provides for gratuity, a defined benefit retirement plan (the Gratuity Plan) covering eligible employees. The Gratuity Plan provides a lump sum payment to vested employees, at retirement or termination of employment, and amount based on respective last drawn salary and the years of employment with the Group. The Group's net obligation in respect of the Gratuity Plan is calculated by estimating the amount of future benefits that the employees have earned in return of their service in the current and prior periods; that benefit is discounted to determine its present value. Any unrecognized past service cost and the fair value of plan assets are deducted. The discount rate is the yield at reporting date on risk free government bonds that have maturity dates approximating the terms of the Group's obligation. The calculation is performed annually by a qualified actuary using the projected unit credit method. When the calculation results in a benefit to the Group, the recognized asset is limited to the total of any unrecognized past service cost and the present value of the economic benefits available in the form of any future refunds from the plan or reduction in future contribution to the plan. The Group recognizes all re-measurements of net defined benefit liability/asset directly in other comprehensive income.

### Compensated absences

The employees of the Group are entitled to compensated absences. The employees can carry forward a portion of the unutilized accrued absence and utilize it in future periods or receive cash compensation at retirement or termination of employment for the unutilized accrued compensated absence. The Group recognizes an obligation for compensated absences in the period in which the employee renders the services. The Group provides for the expected cost of compensated absence in the statement of profit and loss as the additional amount that the Group expects to pay as a result of the unused entitlement that has accumulated based on actuarial valuations carried out by an independent actuary at the balance sheet date.

### (q) Segment reporting

The Group has presented data relating to its segments based on its consolidated consolidated financial statements which are presented in the same Integrated Annual Report. Accordingly, in terms of paragraph 4 of the Indian Accounting Standard (Ind AS 108) "Operating Segments" the Group has only one reportable primary business segment - namely Pharmaceuticals. However the Group has a secondary geographical segment which is disclosed in consolidated financial statements as per Ind AS 108.

### (r) Leases

Ind AS 116 requires lessees to determine the lease term as non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Group makes an assessment on the expected lease term on a lease-by-lease basis and thereby assess whether its reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the Group considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of the lease and the importance of the underlying asset to the Group's operations taking into account the location of the asset and the availability of alternatives. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances. After considering current and future economic conditions, the Group has concluded that no changes are required to lease periods relating to existing lease contracts.

A lease that transfers substantially all the risks and rewards incidental to ownership to the lessee is classified as a finance lease. All other leases are classified as operating leases.

### Group as a lessee

Finance leases are capitalised at the commencement of the lease at the inception date fair value of the leased property or, if lower, at the present value of the minimum lease payments. The corresponding liability to the lessor is included in the balance sheet as a finance lease obligation. Lease payments are apportioned between finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognised in profit or loss as finance costs, unless they are directly attributable to qualifying assets, in which case they are capitalised in accordance with the Group's general policy on the borrowing costs. Contingent rentals are recognised as expenses in the periods in which they are incurred.

Operating lease payments are generally recognised as an expense in the profit or loss on a straight-line basis over the lease term. Where the rentals are structured solely to increase in line with expected general inflation to compensate for the lessor's expected inflationary

## Notes Forming part of Consolidated financial statements for the year ended March 31, 2025

cost increases, such increases are recognised in the year in which such benefits accrue.

### **Ind AS 116 Leases:**

In March 2019, the Ministry of Corporate Affairs, issued the Companies (Indian Accounting Standards) Amendment Rules 2018, notifying Ind AS 116 "Leases" which replaces Ind AS 17 "Leases". The new standard shall require lessees to recognize the Leases on their Balance Sheet with limited exemptions related to low value asset and assets with a lease term of less than 12 months.

Lessees will use a single accounting model for all leases. Accordingly, the lessee is required to recognize "Right of Use" asset representing its right to use the underlying asset and a "Lease Liability" representing its obligations to make lease payments.

### **(s) Government Grants**

Government grants are initially recognized at fair value if there is reasonable assurance that they will be received and the Group will comply with the conditions associated with the grant;

In case of capital grants, the amount of grant received is set off against the value of the property, plant and equipment against which the grant has been given.

In case of grants that compensate the Group for expenses incurred are recognized in Statement of Profit and Loss on a systematic basis in the periods in which the expenses are recognized.

Export benefits available under prevalent schemes are accrued in the year in which the goods are exported and there is no uncertainty in receiving the same.

### **(t) Recent accounting pronouncements**

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended March 31, 2025, MCA has not notified any new standards or amendments to the existing standards applicable to the Group.

## 36. FAIR VALUES

Fair value measurement includes both the significant financial instruments stated at amortised cost and at fair value in the statement of financial position. The carrying values of current financial instruments approximate their fair values due to the short-term maturity of these instruments and the disclosures of fair value are not made when the carrying amount of current financial instruments is a reasonable approximation of the fair value. The carrying values of the long-term financial instruments approximates the fair values as the management has considered the fair value measurement techniques using the observable data i.e. the discounting rate which was similar as to rates, tenure and the credit rating of the other instruments of the Group. The management has also considered the effect of time value of money with respect to other long term financial instruments at applicables rates.

## 37. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Group's activities expose it to a variety of financial risks: market risk, credit risk and liquidity risk. The Group's risk management assessment and policies and processes are established to identify and analyze the risks faced by the Group, to set appropriate risk limits and controls, and to monitor such risks and compliance with the same.

The Group has constituted a Risk Management Committee consisting of its directors. The Group has a robust risk management policy to identify, evaluate business risks and opportunities. This policy seeks to create transparency, minimise adverse impact on the business objectives and enhance the Group's competitive advantage.

<b>At end of the year</b>	<b>11,748.98</b>	<b>8,505.86</b>

## 38. CREDIT RISK

Credit risk arises from the possibility that customers shall not be able to settle their obligations as agreed and arises principally from the Group's receivables from customers, loans and investments. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of counterparty to which the Group grants credit terms in the normal course of business.

### Investments

The Group limits its exposure to credit risk by investing in liquid securitites which primarily include mutual fund units. The Group mitigates risk from non-performance of these securities by ensuring that it does not have any significant concentration of exposures to specific industry sectors or specific country risks.

### Trade receivables

Trade receivables are typically unsecured and derived from revenue earned from customers. On account of adoption of Ind AS 109, the Group uses expected credit loss model to assess the impairment loss or gain, however this is modified if in the past experience of the Group, there is likely mitigation of the credit risk.

### Ageing of trade receivable

(Amount in ₹ lakh)

Particulars	Days			Allowance for Doubtful Debts	Total
	0-180	180-365	Above 365		
As on March 31, 2025	8,057.89	97.19	51.12	(51.12)	8,155.08
As on March 31, 2024	8,914.85	61.01	-	(14.06)	8,961.80

## 39 MARKET RISK

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and other price risk, such as equity price risk and commodity risk. The value of a financial instrument shall change as a result of changes in the interest rates, foreign currency exchange rates, equity price fluctuations, liquidity and other market changes. Financial instruments affected by market risk include loans and borrowings, deposits and investments.

## 40 FOREIGN CURRENCY RISK

Foreign exchange risk arises on future commercial transactions and on all recognised monetary assets and liabilities, which are denominated in a currency other than the functional currency of the Group. The Group's management has set policy wherein exposure is identified, benchmark is set and monitored closely, and accordingly suitable hedges are undertaken. The Group's foreign currency exposure arises mainly from foreign exchange imports and exports, primarily with respect to USD, JPY and EUR.

## 41 INTEREST RATE RISK

Group's interest rate risk arises from borrowings. The long term borrowings are at fixed interest rate while the short term borrowing are at floating interest rate. The interest rate profile of the Group's interest-bearing financial instruments is as follows:

(Amount in ₹ lakh)

Particulars	As at March 31, 2025	As at March 31, 2024
<b>Fixed rate instruments</b>

Financial liabilities	4,781.77	3,169.76

# Notes Forming part of Consolidated financial statements

## for the year ended March 31, 2025

### Interest rate sensitivity

Interest rate risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market rates. The Group's exposure to the risk of changes in market rates relates primarily to the Group's debt obligations with floating interest rates.

(Amount in ₹ lakh)

Particulars	As at March 31, 2025	As at March 31, 2024
Long term variable interest rate borrowings	-	-
Short term variable interest rate borrowings	4,781.77	3,169.76
	<b>4,781.77</b>	<b>3,169.76</b>

### Cash flow sensitivity analysis for variable-rate instruments:

A reasonably possible change of 100 basis points in interest rates at the reporting date would have increased (decreased) profit or loss before tax by the amounts shown below. This analysis assumes that all other variables, in particular foreign currency exchange rates, remain constant:

(Amount in ₹ lakh)

Year ended	Increase/ (decrease) in basis points	Effect on profit before tax increase/ (decrease)
March 31, 2025	100	-47.82
	(100)	47.82
March 31, 2024	100	-31.70
	(100)	31.70

### 42 LIQUIDITY RISK

Liquidity risk is the risk that the Group will not be able to meet its financial obligations as they become due. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements.

The Group manages the liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities. The Group invests its surplus funds in bank fixed deposits and liquid schemes of mutual funds which carry limited mark to market risks. The Group also invests in equity schemes of mutual funds which carry liquidity and rate return risks.

At present, the Group expects to repay all liabilities at their contractual maturity. In order to meet such cash commitments, the operating activity is expected to generate sufficient cash inflows.

### 43 CAPITAL MANAGEMENT

For the purpose of the Group's capital management, capital includes issued equity capital, share premium and all other equity reserves attributable to the equity holders of the Group. The primary objective of the Group's capital management is to maximise the value of shareholder.

## Notes Forming part of Consolidated financial statements for the year ended March 31, 2025

The Group monitors capital using Capital Gearing Ratio, which is net debt divided by total capital. Net debt includes loans and borrowings, trade and other payables, less cash and cash equivalents.

(Amount in ₹ lakh)

Particulars	As at March 31, 2025	As at March 31, 2024
Loans and borrowings	7,315.34	3,244.24
Trade payables	5,751.80	4,938.64

<b>Capital gearing ratio (A/B)</b>	<b>0.49</b>	<b>0.33</b>

To achieve the overall objective, the Group's capital management aims to ensure that it meets the financial covenants attached to loans and borrowings. Breaches in meeting the covenants would permit the bank to immediately call loans and borrowings. There have been no breaches in the financial covenants of any loans and borrowings in the current year.

### 55 SUBSEQUENT EVENTS

- i) The final dividend on shares is recorded as a liability on the date of approval by the shareholders. Income tax consequences of dividends on financial instruments classified as equity will be recognized according to where the entity originally recognized those past transactions or events that generated distributable profits. The Company declares and pays dividends in Indian rupees. Companies are required to pay/distribute dividend after deducting applicable taxes. The remittance of dividends outside India is governed by Indian law on foreign exchange and is also subject to withholding tax at applicable rates. Dividends declared by the Company are based on profits available for distribution. On May 22, 2025, the Board of Directors of the Company have proposed a dividend of ₹ 1.75 per share in respect of the year ended March 31, 2025 subject to the approval of shareholders at the Annual General Meeting, and if approved, would result in a cash outflow of ₹108.12 lakhs.
- ii) The Group evaluated all events and transactions that occurred after March 31, 2025 through May 22, 2025; the date on which the financial statements are issued. Based on the evaluation, the Group is not aware of any events or transactions that would require recognition or disclosure in the financial statements other than that mentioned above.

### 56 PENALTY & SANCTIONS

The Company received a Show Cause Notice from the Securities and Exchange Board of India (SEBI), pertaining to incorrect disclosures in the shareholding pattern for the quarters ended December 2002 to June 2019. The notice also cited non-compliance with Regulation 30(1) of the SEBI (Substantial Acquisition of Shares and Takeovers) Regulations, 2011 (SAST Regulations), in respect of disclosures required to be made by the promoters of the Company. In response, the Company filed a settlement application under the SEBI (Settlement Proceedings) Regulations, 2018. Pursuant to this application, as per the recommendation of the Independent High Powered Advisory Committee (HPAC), a settlement amount of ₹54,42,360 was proposed, taking into consideration the facts and circumstances of the case. This settlement amount has been paid by the company within the prescribed period.
