SCALING HEIGHTS TOUCHING HEARTS

74th ANNUAL REPORT 2013-14

Building A Better Future

With a new majority government in place, people at large and the Cement Industry in particular, have renewed hope for revival of the economy as well as the Industry. The slowdown of the economy during the last three years had adversely impacted the infrastructure development and thereby dented the healthy growth of the Cement Industry.

We at JK Lakshmi Cement share this vision and our optimism in the future of the country has been strengthened further, which has led to the reinforcing of our pledge to play a humble part in creating a better tomorrow. We are more confident than ever that we would not deviate from our chosen path of growth, notwithstanding the temporary period of economic uncertainty.

In keeping with this mission, we expect to commission our new cement plant at Durg, Chattisgarh in the current financial year besides having recently expanded our cement grinding capacities at Jhajjar in Haryana and Jaykaypuram in Rajasthan.

The futuristic construction material, AAC Blocks in which we ventured in the last fiscal year will now have a bigger market space to operate in.

At JK Lakshmi Cement, we are not only focused on increasing our growth capacity, but also the wellbeing of communities across the country. It is this vision of 'inclusive growth' that has motivated us to work relentlessly through various Corporate Social Responsibility initiatives. We hope to take these initiatives to the next level in the coming year, so that in our quest for progress, we not only scale newer heights but also touch millions of hearts.

Chairman & Managing Director's Message

The country's unflinching faith in democracy and the growing maturity of Indian Voters got reinforced with a record turnout of the electorate in the recently concluded General Elections. History was created when a single party majority was elected after a long gap of 30 years on the agenda of Change, Economic Growth and Infrastructure Development. It is hoped that the new Government would take up its agenda and deliver on its promises to the electorate especially the younger population who constitute, what is largely believed to be India's demographic advantage.

The country's GDP, which has continuously gone down since 2010-11 is likely to start rising again with about 5.6% in 2014-15 and to higher single-digit growth in the coming couple of years. The expected growth in the Indian economy augurs well for the country as a whole and the core sector including Cement Industry in particular.

The government's commitment to providing housing, water and electricity to every citizen is indeed very laudable and has the potential to create nearly a double-digit growth in the cement consumption. The per capita cement consumption of the country which presently is about 185 kg per capita would therefore rise to about 400 kg by 2022 which would be in line with the per capita consumption in emerging nations like Brazil, China, etc.

Your Company has been pursuing an aggressive growth plan during the last 3 years despite not so conducive environment on account of subdued growth of the economy specially the core sector. The Company is therefore confident that when its expanded capacity fructifies, the economy will offer enough opportunities for its absorption.

The Company is gradually stitching up various projects to expand its capacity, and is on the threshold of

commissioning its Greenfield project at Durg in Chattisgarh. Its capacity has already gone up to 6.65 million MT from 5.29 million MT and is expected to increase to about 9.3 million MT by end of next fiscal. This capacity will further get enhanced to nearly 12 million MT by end of FY16 on completion of other ongoing projects.

It is indeed a matter of great satisfaction that the Company's innovative steps to be a market leader in its segment have yielded positive results. JK Lakshmi Cement has emerged to be one of the least cost producers of cement in the country. The efficiency parameter of the Company with respect to power consumption and fuel consumption continues to be one of the best in the Industry.

To uphold its commitment to clean energy, the Company during the year, has set up a 6 MW Solar Power Plant in Rajasthan. It will also enable the Company to meet its renewable energy obligation.

Customer satisfaction has been on our priority agenda. The Company has continuously strived and offered the highest quality products and has been gradually enlarging the scope of its offerings. The commissioning of Autoclaved Aerated Concrete (AAC) Block plant at Jhajjar in Haryana is a step forward in this direction.

The increased demand in cement construction in the coming years would correct the present imbalance between supply and demand. This should ease the pressure on pricing which has been a major dampener in the performance of the Company, particularly in the last year. I am confident that the Company would scale new heights and its investment in growth initiatives would yield rich dividends to all its stakeholders in the years to come.

I am extremely thankful to all our customers, shareholders, channel partners, business associates, financial institutions and all our employees who are an integral part of our stakeholder community, for their invaluable support and confidence. Their continued faith and support has enabled this Company to scale heights, year after year.

The Indian Cement Industry has faced at close quarters, uncertainties and challenges arising out of a slow growth of the country's economy, caused by a combination of global recession with domestic uncertainty in decision making, delays in government clearances, especially environment-related. This has led to a fall in the growth of Indian economy, particularly the core sector and infrastructure development.

The cement sector had to bear the brunt as manifested in the falling cement consumption from 12.0% during FY10 to just 3% during FY14 that resulted in the idling of its capacities.

The capacities built by cement companies during the last 3-4 years, with the hope of continued double-digit growth, ended up only widening the demand and supply gap leading to fierce competition and unremunerative pricing in the market place. Consequently, the margins of cement companies fell and we were no exception.

However, it is heartening to note that despite adverse circumstances and a flat growth in our marketing zone, we were able to grow our business by achieving an increase of 7% in our cement volumes. This has enabled us to achieve capacity-utilisation of 99% which is distinctly higher than our peers in the Industry. The Company has achieved new milestones in its efficiency improvement. Its fuel consumption touched a new low during the year. The power generation from the Company also touched a new high thereby reducing our cost of operations besides enabling us to meet our renewable energy obligation.

With the completion of expansion of its cement grinding facility at Jhajjar in Haryana, the Company's cement producing capacity has increased by nearly 26%. Coupled with the brown-fielding of its cement mills in the mother

plant at Jaykaypuram, the Company's clinkerisation capacity has also been enhanced by 3.3 lac MT.

The Company's plan to revive Udaipur Cement Works Limited (UCWL), which is now its subsidiary, has taken a step forward with UCWL commissioning its own grinding unit of 6.5 lakh MT per annum.

The Greenfield project at Durg is in its final stage where the work is on at a feverish pitch and is expected to be commissioned in the Quarter October-December this year. The new government's stated determination of giving time-bound clearances, including environmental, are steps in the right direction. We look forward with optimism that the government would give clearances for the Company's Orissa grinding unit and Surat grinding unit soon. Meanwhile, all the preparations for undertaking these projects have been put on a fast track mode.

The Company's financial performance has been affected during the year, due to the steep fall in cement prices in most of our marketing zones and the escalations in freight and logistic costs. However, we drive considerable satisfaction from the fact that we have been able to control our costs considerably because of our relentless focus on this vital aspect.

I strongly believe that an organisation grows on the firm shoulders of its people. Empowering people at all levels, continuously enhancing their capabilities and exposing them to new challenges also remain our priority as we prepare to face dynamic scenarios and growth in the market. We are also trying to ensure a seamless transition, from one generation of leaders to another, who can take the Company to the next level of growth.

Moving forward, your Company is considerably enthused by the optimism of millions of Indians that the new government will usher in a new era of change. An era of positivity, growth, development, and welfare. Cement touches the life of the common man. Huge opportunities therefore beckon the Cement Industry and we are confident of playing an important role in this exciting journey.

I would also like to thank our customers, business partners, suppliers and our esteemed shareholders, for their supreme loyalty and confidence. I hope we have been successful in keeping their faith intact in the organisation. We truly understand that a business has to grow in people's hearts to become bigger and better in the world.

TECHNOLOGICAL INNOVATION – THE KEY TO EXPANSION

The year was full of technological and innovative advancements. The construction of the Durg plant, which is nearing completion in the third quarter of FY15, was undertaken with the latest technology. The Sirohi plant witnessed capacity expansion through innovative in-house modifications. The grinding unit at Jhajjar also doubled its capacity to 13 lac MTPA with the installation of its second unit in the last quarter of FY14 that resulted in overall capacity increment from 52.93 lac MT to 66.43 lac MT for the Company.

COST EFFECTIVE IN-HOUSE TECHNOLOGICAL FEATS

The Sirohi plant increased its capacity of Kiln-1 from 3000 TPD to 4000 TPD through innovative means with minimum stoppage time. The main drive was upgraded by installing the twin-drive, which was a unique concept in the Cement Industry as it was the first time in the country, when installation was done in a running kiln. Apart from that, a new IKN cooler was also installed. Major Duct modifications were also carried out by replacing existing fans with new high efficiency fans. The uniqueness of this modification was that most of the activities were carried out using scientific approaches of lean production process.

OPTIMISATION OF CHINESE VRM AT 210 TPH AGAINST RATED CAPACITY 180 TPH

To reduce the risk of the Mill getting unstable at higher RPM, the Company decided to increase resistance in the main drive circuit. This helped in stabilising the mill at 190 TPH capacity and 94% of full mill speed after a number of in-house modifications. After a subsequent number of more innovative experiments, the nozzle ring and dam ring could be optimised, resulting in stabilisation of the mill at 200 TPH. The Company's engineers realised that there was still some margin left in the mill, however the mill fan was the major bottleneck, so a new high efficiency fan was retrofitted in the same foundation to increase production up to the desired level, i.e. 210 TPH.

INNOVATIVE COST COMPRESSION MEASURES

By utilising waste flue gases, which come out during the manufacturing process, and modifications in the boiler, we increased the steam generation to 9.5T, resulting in the generation of 1700 KWH per hour (`6 Cr/annum) of electricity.

JK Lakshmi Cement's Greenfield plant at Durg

Hot Air Recirculation in line-1 IKN cooler installed as part of the Company's Power Saving Initiative

JK Lakshmi Cement initiative to optimise Chinese VRM at 210 TPH against rated capacity of 180 TPH

Various in-house modifications in Calciner and Pyro-process resulted in saving of fuel consumption from 738 K-Cal/Kg of Clinker to 726 K-Cal/Kg of Clinker, i.e. ` 4.01 Cr/annum. The optimisation of the Coal Mill by optimism specific surface area of grinding media resulted in power saving of 3 Units/Ton-Coal i.e. around ` 54.5 Lacs.

The installation of variable frequency drives in Cement Mill & Kiln section helped us in achieving savings of about 100 KWH per hour. The replacement of old generation Slip power recovery system with a new generation one saw an improvement in Power factor from 0.80 to 0.99.

COMMISSIONING OF AAC BLOCKS PLANT

In continuing with the Company's philosophy of offering diversified products with the latest technology, it has set up a revolutionary and highly automated plant at Jhajjar, which incorporates the superior German technology of "Green Separation" and "Horizontal Autoclaving" to manufacture AAC Blocks. These Autoclaved Aerated Concrete (AAC) Blocks are futuristic and eco-friendly and are already enjoying a premium space in the minds of leading builders, developers and contractors of NCR.

PLANNING FOR THE FUTURE - INVESTING IN SOLAR ENERGY

Keeping in line with the Company's commitments towards environment friendly production processes, a 6 MW solar power plant has been commissioned in Jodhpur, Rajasthan last year. It has already started generating 10 million units per year and promises to reduce CO2 footprint by 9000 MT per year.

CONSERVING WATER THROUGH IN-HOUSE INNOVATION

Sustainable Development through Innovations continued to be the priority area at JK Lakshmi Cement - Kalol. Innovative ideas Like Water Conservation through Rainwater Harvesting and treating even the smallest quantity of water discharged from office/plant with the help of package type sewage treatment plants were carried out. The campus of Kalol grinding unit has also been equipped with a 3-tier Rainwater Harvesting arrangement.

All these efforts were in line with the Company's commitment to introduce eco-friendly practices through sustainable water development.

ATTAINING MAXIMUM GROWTH THROUGH INNOVATIVE MARKETING

As one of India's most trusted cement brands, the Company continually devises measures that interest, excite and delight its customers.

WINNING RURAL

To strengthen the brand in the minds of consumers, JK Lakshmi Cement has undertaken several marketing activities in different parts of the country. One such activity was the Personalised Shop Facia Campaign titled, 'Meri Guarantee, Mazbooti Guaranteed'. This initiative projected our dealers as JK Lakshmi Cement's brand ambassadors in rural markets. It made them feel like a part of the Company. It also motivated them and increased their level of confidence, which in turn resulted in enhanced dealer engagement, high brand visibility and improved rural marketing thrust.

This innovative campaign won accolades at the national stage when JK Lakshmi Cement was presented with the Gold Award at RMAI (Rural Marketing Association of India) Flame Awards, 2013.

The Company has always sought ingenious approaches to make its presence felt in rural India. In this respect, it introduced another initiative, 'Mazboot Pradesh, Mazbooti Guaranteed' across 600 villages in the regions of Madhya Pradesh and Uttar Pradesh during the year. This integrated marketing approach was highly appreciated by all rural customer segments and has helped in making JK Lakshmi Cement a household name. It popularised the Company among its influencers, customers and retail distribution network and also made it a name to reckon with, in the Cement Industry by virtue of sheer marketing innovation.

BUILDING RELATIONSHIPS

The Company also encouraged its dealers by way of 'Appreciation Meets' across markets, which applauded their efforts and motivated them. These meets made them aware of important marketing strategies and plans adopted by the Company. The Company organised 'Mazboot Performers' meet to award high performing dealers and create a strong bond with them. Besides, many of these dealers are also taken on regular domestic and overseas visits. These trips are a symbol of the Company's commitment to maintain a strong bonding with its indispensable dealers.

The Company also does regular Knowledge Sharing Sessions for architects and engineers, wherein experts are brought in to disseminate information about the Cement Industry.

THE SOCIAL MEDIA CONNECT

To increase brand visibility and maintain top-of-mind recall, the Company has stepped up its virtual interaction through increased consumer engagement on its Facebook page. The page which already boasts of more than 50,000 followers, was used to create virtual properties like Vastupedia, Constructopedia and Archipedia, that generated a lot of traction amongst followers. Through the creation of a Twitter account and apps like Smart Arena Contest to launch JK SMARTBLOX, the Company has added another feather to its crown.

Its official Brand Page boasts of the largest number of followers for any cement company on Facebook. This achievement has firmly established its position in the online community and made it a vanguard in the global Cement Industry. It has also aimed at meaningful virtual conversations with interactive sessions and interesting contests for the consumers. Through social media, the Company churns out engaging content regularly for its followers.

CONQUERING NEW SPHERES - LAUNCH OF JK SMARTBLOX

In its endeavour to be a one-stop solution for all construction purposes, JK Lakshmi Cement has launched JK SMARTBLOX - futuristic Autoclaved Aerated Concrete (AAC) Blocks, which are lightweight, eco-friendly and user friendly. With innovative features such as 'Hand Grips' and 'Tongue Groove', high dimensional accuracy and intelligent workability, AAC Blocks offer a varied choice of wall thickness which can be optimised to increase floor space.

Iconic buildings such as Burj Khalifa, the Taipei Trade Tower and Indianapolis University have been constructed with AAC Blocks and the Company's endeavour is to establish JK SMARTBLOX as a popular substitute to conventional red clay bricks in India.

With the planned introduction of JK SMARTBOND and JK SMARTPLASTER, JK Lakshmi Cement seeks to further expand its product basket of new-age and eco-friendly products.

RETURNS TO THE SHAREHOLDERS

Maximisation of the Returns to Shareholders has been single most focused agenda of the Company. In the pursuit of this goal, the Company has over the years taken various initiatives to maximise Returns to the Shareholders. These initiatives inter-alia include splitting of its `10/- Equity Share into 2 Equity Shares of `5/- each, Buy-Back of Equity Shares and also maintaining a consistently High Dividend Pay-out Ratio. The Company's efforts in this regard have borne fruits and Returns to the Shareholders over the last 12 months have increased considerably. The Total Shareholders' Return (TSR) has been over 100% over the last 12 months.

RATING

The Company's strong financial performance based on excellent operational efficiencies has enabled it to continue to have a Long Term Rating of 'AA-' (Double A Minus) signifying strong financial fundamentals as also its inherent strength in the Balance Sheet. Based on its liquidity position, the Company continues to enjoy the highest possible Rating of P1+ (P One Plus) for its Short Term Rating.

COST COMPETITIVENESS

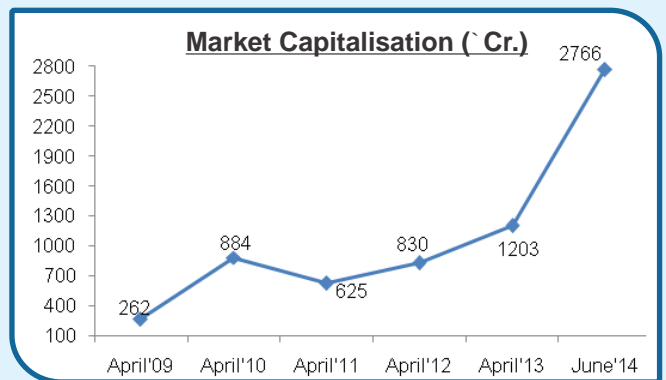

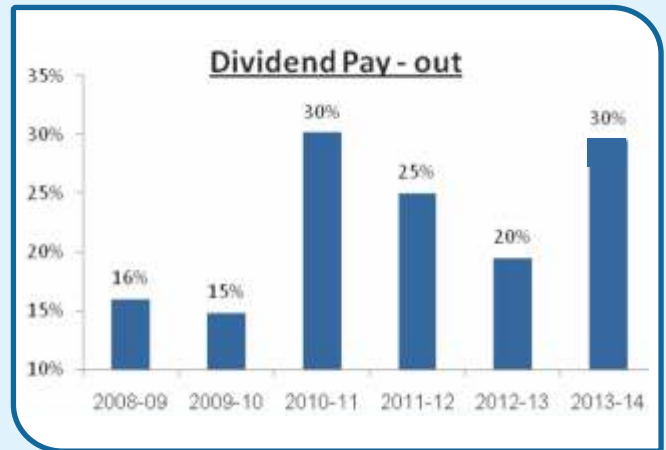

The Company's Efficiency Parameters specially the Power & Fuel Consumption are one of the lowest in the Industry. More importantly, the Power as well as Fuel Consumption per tonne of Cement have consistently been going down for the last several years. The Company has also been able to achieve Capacity Utilisation much higher than the Industry Average as well as that of the other players in our marketing zones. This has enabled the Company to become one of the 'Least Cost Producer of Cement' in the country today.

WORKING CAPITAL MANAGEMENT

Apart from being one of the least cost producers of Cement, the Company also has one of the most efficient and leanest Working Capital. The Company continues to make efforts to further reduce its Working Capital Cycle (Cash to Cash Cycle). Efficient Working Capital Management enables the Company to turn around its Current Assets faster, thereby reducing the Working Capital requirements.

FINANCIAL LEVERAGE

The Company is in the midst of expanding its Cement Capacity from 5.29 Million Tonnes as of March 2013 to over 10 Million Tonnes over the next 12-18 months. All these expansions are

Shri S. A. Bidkar, CFO, making a Presentation at the Bankers' Consortium Meeting. Also seen are Shri R. R. Gupta, Sr. VP (A&C) and Shri C. K. Bagga, VP (A&F)

being funded through a mix of Internal Accruals and Long Term Loans. As a result, the Company's Debt Equity Ratio has gone up from 1.09 as of March 2013 to 1.27 as of March 2014. However, considering the available Cash Surplus of about ₹350 Crore as of March, 2014, the Net Debt Equity position remains comfortable at less than 1:1.

INTEREST COST

Based on the excellent Long Term and Short Term Rating, the Company continues to raise funds with different maturity profiles at the best possible rates. It has a proper blend of fixed and floating rate of interest to take advantage of the changing interest rate scenario in the market. All the Long Term Loans which are on floating rate basis, have an annual reset clause. This enables the Company to continuously swap its Long Term Loans with cheaper funds on annual reset dates without any pre-payment penalty.

The Company has also been able to keep its Working Capital Borrowings at the lowest possible cost through frequent raising of Short Term Borrowings through Commercial Papers and availing Buyers' Credit, whenever possible.

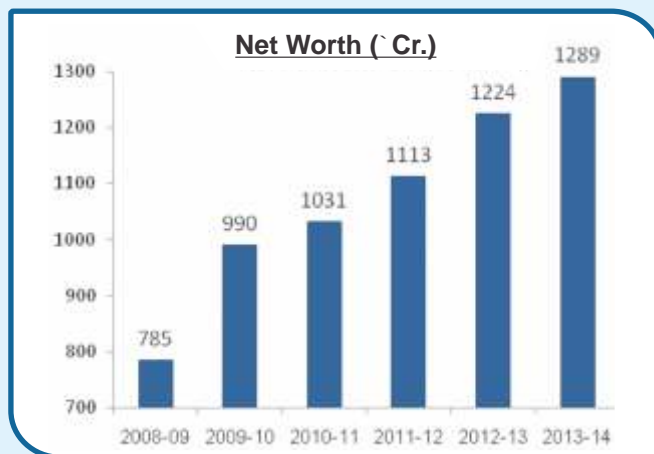

TREASURY MANAGEMENT

The size of the Company's Treasury Operations of its surplus funds is about ₹350-400 Crore. These surplus funds are being deployed in various Debt instruments of Mutual Funds, FMPs, Banks' CDs and Fixed Deposits of Banks. The Returns from the surplus funds during the year were about ₹29 Crore, which were almost tax-free due to its deployment in tax-efficient instruments and through proper tax planning. The pre-tax Returns from Treasury Operations have consistently been higher than the Cost of Borrowings.

INVESTORS' RELATIONS

The continuous interaction with the Investors' Community and other stakeholders has been a regular feature of the Company's Investors' Relation Team for the last several years. In such interactions, an in-depth analysis of Company's performance is presented alongwith its Future Growth Plans highlighting the progress on the various ongoing Capex Projects. Such communication includes Quarterly Conference Calls with the Research Analysts & Investors' Community and periodic Road Shows both in India and abroad on a regular basis. The Company is well covered by various Research Analysts specially in the mid segment category.

Investors' Grievances, if any, are addressed and resolved smoothly by a separate Cell in the shortest possible time frame.

EMPLOYEE GROWTH - FOUNDATION OF AN AMBITIOUS ENTERPRISE

JK Lakshmi Cement believes and has demonstrated that energised employees create opportunities for success when they go beyond individual accountabilities, financial results and short-term wins to respond to competitive, organisational and social dynamics. Praise, Recognition, Appreciation and Celebrations, all remain a constant source of energy, which contributes to the overall growth of the Company.

The Company is committed towards driving and practicing its four cultural pillars:

NOTHING IS IMPOSSIBLE

- Innovation
- Initiative & Drive
- Risk Taking

VALUE- BASED LEADERSHIP

- Transparency
- Intellectual Integrity
- Caring for People

RESPECT FOR LEGACY

- Taking risk with people and opportunities
- Selfless alignment of aspirations with corporate value
- Socially responsible citizen and managers

RECOGNISING PERFORMANCE

- Learning Opportunities
- Role Enhancement
- Reward

PROMOTING A CULTURE OF GROWTH BY FOSTERING A GREAT WORKPLACE

and Development Centres are some such people practices which have become the DNA of the Company in formulating individual development plans and have been instrumental in attracting and retaining a growing talent pool. Emphasis is given on continuous learning and self development through inbound and outbound training programmes, study visits, etc. Employees are sent to various top notch institutes like IIMs, XLRI, Michigan Ross School of Business etc. for management development programmes corresponding to identified competencies under JK Lakshmi Cement's Emerging Leadership Model.

FOSTERING A CULTURE OF CARE - ABOVE & BEYOND CUSTOMS

The Company has a legacy of caring for its employees where the top connects with the front line employees more often in an effort to nurture aspirations, promote leadership and encourage growth of each individual.

Through 'Thought Leadership' we have initiated numerous innovative HR programmes and employee engagement activities. Employee engagement is all about being focused in what an employee does, feeling good about oneself in one's role and the organisation and acting in a way that demonstrates commitment to the organisational values and objectives.

Various events are organised to encourage positive interaction amongst the employees and their families. Some of the engagement initiatives at JK Lakshmi Cement are Cross Functional Teams, Coffee with MD, Krishna-Arjuna Initiative on the lines of holy 'Gita', Inter Company Udaan Competition to bring the best brains together to take the Company forward, Young Leaders Forum, We CARE (Cementing Aspirations through Receptive Exchange) for new joinees, personal wishes on birthday and marriage anniversary from top leadership, MET, SPARK, Boss Must Meet You, PRIDE Scheme, Open House Communication Meetings, Maha Bhoj, Hamara Udyog Hamara Dayitva, etc.

LEADING THE WAY WITH POSITIVE OUTCOME

Ensuring a tight fit of HR strategy with strategic business plan has helped the Company grow in leaps and bounds. The result of its people management practices is aptly demonstrated with the Company receiving several national and global awards and accolades including HR Excellence Award from CII and Best People Management Practices Award from Chairman JK Organisation (EZ) during the year, to name a few.

GIVING IS LIVING

The Company believes in sustainable development and realises the importance of social projects to strengthen the community. Over many years, it has established self sustaining innovations that have made societies prosperous. Its main focus areas are Integrated Family Welfare, Health, Literacy Drive, Women Empowerment, Livelihood Intervention, Sports, Environmental Protection, and Rainwater Harvesting.

A NEW FUTURE - NAYA SAVERA

After a huge response, the 'Naya Savera' Project in Jaykaypuram, Sirohi has now been extended to 16 villages and 43 hamlets covering a population of 51,000. Awareness on reproductive and child health issues was encouraged by doorstep medical visits to needy areas and rallies on adolescent reproductive and sexual health, HIV/AIDS and family planning. This has resulted in a reduced Infant Mortality Rate, a Zero Maternal Mortality Rate, 100% ante and post natal checkups for women in the villages and a high 57% usage of family planning methods in 'Naya Savera' areas.

CREATING AN EDUCATED INDIA

Since illiteracy is a massive problem in India, the Company took upon the task of motivating women and children to secure their futures in its plants like Sirohi, Durg, Kalol and Jhajjar. It launched a massive Adult Literacy Programme in Sirohi in May 2004 and so far a lot of villagers have been benefitted. It has also adopted and renovated ITI Sirohi to convert it into a "Centre of Excellence" with 100% placement.

In Durg, the Company has arranged meetings with village heads to arrange for infrastructure requirements in schools. About 900 students of government schools are studying through teachers provided by the Company. In Jhajjar, the Company provided software to government school students for their computer education. It has also sponsored 15 students for studying para medical course in the state.

HEALTH IS WEALTH

In its bid to secure a safe and healthy environment for the community, the Company has partnered with the International Labour Organisation to launch an HIV/AIDS awareness programme at Sirohi. It also partnered with the government hospital at Pindwara under the PPP model to renovate it.

The Company has also conducted about 324 health checkup camps in and around the villages of Durg. In Kalol, it has set up dispensaries in villages at regular basis as well as provided nutrition distribution of several TB patients from Gandhinagar District under the “Ann Lakshmi” yojna.

WOMEN ARE THE DRIVERS OF CHANGE

The Company recognises the role women play in bringing about positive social growth and regularly undertakes programmes to make them self-sufficient. In Sirohi, it has introduced the Skill Development Initiative, under which 44 women have been trained for sewing. CSR activities also carried out in 8 villages in and around the Greenfield site at Durg primarily focus on interventions to promote and support livelihood opportunities through its 3 Silai-Kadai training centres. Self-help groups, especially women's groups, have been formed in 7 villages and 136 members are on the path to income generation through stitching and embroidery, broom making, plate/dona making and more. For its efforts, the Company was awarded the Greentech CSR Excellence awards in Platinum and Gold Category.

TOWARDS A SUSTAINABLE PLANET

The Company prides itself in being a pioneer at incorporating cost-efficient energy-friendly techniques for plant operation. In this respect, the Sirohi plant has already moved towards the direction of creating a green planet by building a waste heat recovery system that does not allow waste flue gases to go into the atmosphere. The installation of the solar plant last year in Rajasthan is one more massive step taken by the Company to reiterate its consistent focus towards creating a sustainable planet.

Efforts for rainwater harvesting and recycling waste water for plant operations at Kalol have made the production process more environment-friendly. The Kalol grinding unit has also been actively involved with the Times of India Group in starting a movement called the Environment Awareness campaign.

Efforts like these are just some of the major steps taken by the Company to live up to its commitment, not just towards the community but also the environment.

Shri B.V. Bhargava, Shri N.G. Khaitan, Shri Pradeep Dinodia and Shri Ravi Jhunjunwala whose period of office is liable to determination by retirement of Directors by rotation, are also proposed to be appointed as Independent Directors of the Company to hold office for a term of five consecutive years each from their appointment at the ensuing AGM. The Company has also received declarations from the said Directors about their independence pursuant to Section 149 of the Companies Act, 2013.

The Board recommends the appointments as aforesaid.

PERFORMANCE

Financial year 2013-14 has been a year of satisfactory performance at the volume front, amidst lacklustre growth of cement industry during last four years in succession. Company registered a volume growth of 7% over the previous year as against industry's growth of about 3% and nil growth in the Company's operating zone.

Company's sales realizations were lower as compared to previous year as there was a sharp decline in the cement

prices in most of its markets. Company's ex-factory realization would have been better but for the brunt of considerable increase in the Railway freight as well as road freight costs consequent to increase in the diesel prices.

This fall in the realization has been one of the major reasons for Company's lower profitability despite improvement in the efficiency parameters and high capacity utilization i.e. 99% against industry average of 72%.

EXPANSIONS

The Company continues to believe in the inherent strength of the Indian Economy, notwithstanding the recent drop in cement demand. We therefore believe that the cement industry's future would remain bright. Your Company has thus not slackened the momentum of its growth plans through its various expansion projects.

During the year, the Company has further completed the augmentation of Kiln Capacity resulting in increase in its clinker manufacturing capacity from 42.90 lac tonnes to 46.20 lac tonnes p.a. at its integrated plant at Jaykaypuram and Cement grinding Capacity from 52.93 lac tonnes to 66.43 lac tonnes by putting up an additional Grinding Unit at Jharli in Haryana and increasing capacity at its integrated plant in Sirohi by 7 lac tonnes p.a.

Additionally, the Company is pursuing its plan of setting up Split Location Grinding Unit at Surat.

In the pursuit of investing in futuristic renewable energy resources, the Company during the year has commissioned its 6 MW Solar Power Project in Rajasthan.

Regarding the Greenfield plant at Durg, the progress of the project is now fully on track after the unfortunate incident of arson by some nearby villagers last year and is likely to become operational during the quarter October-December 2014.

The Company has taken major step forward in the revival of Udaipur Cement Works Ltd. (UCWL). The Cement Grinding section of UCWL has been commissioned during the current financial year and orders for pyro-processing equipments have been placed.

FINANCIAL MANAGEMENT

The continuous improvement in the various efficiency parameters and consistently high capacity utilization has enabled the Company to improve its various key financial ratios year after year. These strong financial fundamentals and also the comfortable liquidity position has enabled the Company to retain its Short Term Rating at 'P1+' (P One Plus) as well as Long Term Rating at 'AA-' (Double A Minus).

INDUSTRY SCENARIO

The cumulative growth in Industrial Production during FY 14 was flat over FY 13. Within the indices for industrial production, the mining and manufacturing showed a negative growth of 1.1% and 0.7% as per the Central Statistics Office, Government of India. The growth of the Indian Cement Industry has come down to about 3%, which is the lowest in the last four years as per the Index of eight core industries released by the Ministry of Commerce & Industry.

Drop in cement demand was caused mainly by general economic slowdown, low government spending on Infrastructure projects, high inflation and interest rates besides land acquisition issues. Against a demand growth of 7-8 million tonnes, capacity additions were of the order of over 35 million tonnes. This has further affected the capacity utilization of the Industry as also the demand supply situation in the country putting additional pressure on the cement prices.

NEW PRODUCTS

The Company is consistently working towards increasing its offerings to its valued customers and strengthening its position as "Total constructions solution Provider". Towards this endeavour, the Company has commenced production of AAC Blocks with the brand name "JK SMART BLOX" at its state-of-the art plant at Jharli, Haryana. The AAC blocks, though relatively new in the country, are being extensively used in the developed countries and are a preferred alternative to the traditional red clay bricks. JK Smart Blox has been able to quickly take premium position in market with its best in class product & unmatched innovative service offerings.

INTERNAL CONTROL SYSTEM

The Company has a robust internal control system in place. An independent Internal Audit Department carries out extensive audits throughout the year covering all areas of Company's significant operations. Besides the in-house strength, Company has also appointed external auditors for auditing its various Manufacturing & Marketing operations. The Company's Audit Committee regularly reviews adequacy and effectiveness of the internal control system and the operating effectiveness of such controls and monitors implementation of the audit recommendations.

The Company also has a well established Risk Management Policy. The Risk Management Committee of the Company monitors and carries out periodical reviews of the robustness of the Risk Management framework. The Committee presents mitigation plan of the risks akin to the Company and its subsidiaries to the Audit Committee and the Board of Directors.

Further, SAP and ERP systems have connected all the plants, sales offices and head office resulting into seamless data & information flow. Also, the Company has elaborate systems for Budgetary Control and Management information (MIS). A combination of these systems make internal control system of the Company impermeable.

HUMAN RESOURCES

Your Company is well known for its People Centric approach. Its HR programmes and practices have been continuously evolving to cater to the changing needs of its people and business. A number of new HR initiatives were taken during the year such as SPARK (Stimulating Passion in Achievers for Excellence in Results & Enhanced Knowledge) to tap talents at younger stage, BOSS MUST MEET YOU, to widen the base of leadership communication with employees at plants, to name a few.

This year too the Company has received several awards including Strong Commitment towards HR Excellence from CII, Best People Management Practices Award as a testimony of our promise of 'Great Place to Work Experience'. With a motivated, competent and agile workforce, the Company is

confident to achieve greater heights in its journey aimed at all-round steady growth in the coming years.

OUTLOOK & STRATEGIC IMPERATIVES

Formation of a new majority Government at Centre has raised considerable expectations for revival of large scale construction activities which augurs well for the Cement Industry. Though, it will be too early to predict an inflexion point in the tapered growth, the very structural and fundamental issues like housing shortage and infrastructure demand make the long term potential of Indian Cement industry quite promising.

While residential and commercial construction will continue to be pivotal in the growth of Cement demand, industry's real boost will come from an increase in the pace of Infrastructure creation over the next 10 years. In case of infrastructure sector, which includes roads, irrigation, water supply, power etc., the gap between the requirements and availability is a well-known fact. Higher allocation to this sector including key infrastructure development projects like Dedicated Freight Corridor (DFC) and expediting the tendering process in highway projects have the ability to generate a positive sentiment of economic growth. The share of Infrastructure in the total Cement demand is expected to grow to 40% from present 20% in the course of next decade. These pointers make your Directors confident of the long-term sustainability of the demand for cement.

Increasing urbanization, increase in number of households due to nuclearization of families and upgradation of NON-PUCCA houses to PUCCA houses would ensure a consistent cement demand from housing sector. In rural areas, the share of PUCCA homes is expected to increase from 46% to 60% and in urban area the share is expected to increase from 68% to 80%. Extending JNURM's (Jawaharlal Nehru Urban Renewal Mission) scope to more cities and incentives for construction of affordable housing would go a long way in favor of Cement Industry.

On supply side, the pace of capacity additions has slowed down during the last 2-3 years due to delays in implementation of new projects and brown-field expansions.

Though with a capacity of approx. 360 million tons PA, the industry still has over 25% surplus capacity, it is expected that the surplus would get reduced gradually in next 3 - 4 years. Improvement in utilization rates will help the Industry to manage its costs better and thereby improve upon its margins.

With these hopes the Company expects to achieve higher volumes during the year. Also on the expectation of improvement in the cement demand by the second half of the financial year 2015, some correction in the prices may take place, which had gone down considerably in FY 14. These developments have the potential to affect the Company's financials positively.

SUBSIDIARY COMPANY

During the current financial year, Udaipur Cement Works Limited (UCWL) has become a subsidiary (associate company in the previous year) of your Company by virtue of increase in the Company's Equity Shareholding from 27.72% to 75.46%, in terms of the BIFR Sanctioned Rehabilitation Scheme of UCWL.

The Annual Accounts of the wholly-owned Subsidiary, Hansdeep Industries & Trading Company Limited and UCWL, have been consolidated and the Statement pursuant to Section 212 of the Companies Act, 1956 read with General Circular No. 51/12/2007-CL-III dated 8th February 2011 of the Ministry of Corporate Affairs, containing the details of the Company's Subsidiaries is attached.

In terms of the said Circular dated 8th February 2011, copies of the Balance Sheet, Profit & Loss Account, Reports of the Board and the Auditors of the aforesaid Subsidiaries, have not been attached to the Balance Sheet of the Company. However, the annual accounts of the Subsidiary companies and the related detailed information shall be made available to the Members of the Company and that of the Subsidiaries, seeking such information at any point of time. The annual accounts of the Subsidiary companies are also available for inspection by any Member at the Head Office of the Company and that of its Subsidiaries.

AUDITORS' COMPLIANCE CERTIFICATE ON CORPORATE GOVERNANCE

To the Members of JK LAKSHMI CEMENT LIMITED

We have examined the compliance of conditions of Corporate Governance by JK LAKSHMI CEMENT LIMITED for the year ended 31st March 2014, as stipulated in Clause 49 of the Listing Agreement of the said Company with the Stock Exchanges.

The compliance of conditions of Corporate Governance is the responsibility of the management. Our examination was limited to procedures and implementation thereof, adopted by the Company for ensuring the compliance of the conditions of the Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.

In our opinion and to the best of our information and according to the explanation given to us, we certify that the Company has complied with, in all material respect, with the conditions of Corporate Governance as stipulated in the above mentioned Listing Agreement.

We further state that such compliance is neither an assurance as to further viability of the Company nor the efficiency or effectiveness with which the management has conducted the affairs of the Company.

Independent Auditors' Report

To the Members of JK LAKSHMI CEMENT LIMITED

Report on the financial statements

We have audited the accompanying financial statements of JK LAKSHMI CEMENT LIMITED, which comprise the Balance Sheet as at 31st March 2014, and the Statement of the Profit and Loss and the Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information.

Management's responsibility for the financial statements

Management is responsible for the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including accounting standards referred to in sub section (3C) of section 211 of the Companies Act, 1956 ("the Act") read with the General Circular 15/2013 dated 13th September 2013 of the Ministry of Corporate Affairs in respect of section 133 of the Companies Act, 2013. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by Institute of Chartered Accountants of India. Those standards require that we comply with the ethical requirements and plan and perform the audit to obtain the reasonable assurance about whether the financial statements are free from material misstatements.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including assessment of risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for audit opinion.

Opinion

In our opinion and best to our information and according to the explanations given to us, the financial statements read together with notes thereon give the information required by Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:

- a. In the case of the Balance Sheet, of the state of the affairs of the Company as at 31st March 2014;
- b. In case of the Statement of the Profit and Loss, of the profit for the year ended on that date; and
- c. In case of the Cash Flow Statement, of the cash flows for the year ended on that date.

Report on other legal and the regulatory requirements:

1. As required by the Companies (Auditor's Report) Order, 2003("the Order") issued by the Central Government of India in terms of sub-section (4A) of section 227 of the Act, we give in the Annexure a statement on the matters specified in the paragraphs 4 and 5 of the order.
2. As required by section 227(3) of the Act, we report that:
 - a. We have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of our audit;
 - b. In our opinion, proper books of account, as required by law, have been kept by the Company so far as appears from our examination of those books;
 - c. The Balance Sheet, Statement of Profit & Loss and Cash Flow Statement referred to in this report are in agreement with the books of account;
 - d. In our opinion, the Balance Sheet, Statement of Profit & Loss and Cash Flow Statement referred to in this report comply with the Accounting Standards referred to in sub-section (3C) of section 211 of Companies Act, 1956, read with the General Circular 15/2013 dated 13th September 2013 of the Ministry of Corporate Affairs in respect of section 133 of the Companies Act, 2013;
 - e. On the basis of the written representations received from the Directors and taken on records by the Board of Directors, we report that none of the directors of the Company is disqualified as on 31st March 2014 from being appointed as a Director of the Company in terms of clause (g) of sub-section (1) of section 274 of the Companies Act, 1956.

NOTE 1

Significant Accounting Policies

- 1.1. The financial statements are prepared in accordance with the Indian Generally Accepted Accounting Principles (GAAP) under the historical cost convention on the accrual basis. GAAP comprises mandatory accounting standards as prescribed by the Companies (Accounting Standards) Rules, 2006, the provisions the Companies Act, 2013 (to the extent notified), the Companies Act, 1956 (to the extent applicable). Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.
- 1.2. Fixed Assets are stated at cost adjusted by revaluation / business valuation.
- 1.3. Expenditure during construction/erection period is included under Capital Work-in-Progress and is allocated to the respective fixed assets on completion of construction/erection.
- 1.4. Foreign currency transactions are recorded at exchange rates prevailing on the date of transaction. Monetary Assets and liabilities related to foreign currency transactions are stated at exchange rate prevailing at the end of the year and exchange difference in respect thereof is charged to Statement of Profit & Loss . Premium in respect of forward contracts is recognized over the life of the contract.
- 1.5. Long term investments are stated at cost. Provision for diminution in the value of long term investments is made only if such a decline is other than temporary in the opinion of the management. The current investments are stated at lower of cost and quoted / fair value computed categorywise.
- 1.6. Inventories are valued at lower of cost and net realisable value (except scrap/ waste which are valued at net realisable value). The cost is computed on weighted average basis. Finished Goods and Process Stock include cost of conversion and other costs incurred in bringing the inventories to their present location and condition.
- 1.7. Revenue is recognized when significant risk and reward of ownership have been passed on to the Customer. Export incentives, Duty drawbacks and other benefits are recognized in the Statement of Profit and Loss and other revenue incentives are netted from respective head. Project subsidy is credited to Capital Reserve.
- 1.8. Revenue expenditure on Research and Development is charged to Statement of Profit and Loss and capital expenditure is added to Fixed Assets.

INDEPENDENT AUDITORS' REPORT ON THE CONSOLIDATED FINANCIAL STATEMENTS OF JK LAKSHMI CEMENT LIMITED

Report on the Consolidated Financial Statements of JK Lakshmi Cement Limited and its Subsidiaries

We have audited the accompanying Consolidated Financial Statements of JK Lakshmi Cement Limited ("the Company") and its subsidiary companies ("Group") which comprise the Consolidated Balance Sheet as at 31st March 2014, and the Consolidated Statement of Profit and Loss and Consolidated Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation of these Consolidated Financial Statements that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group in accordance with accounting principles generally accepted in India. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these Consolidated Financial Statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the Consolidated Financial Statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the Consolidated Financial Statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Group's preparation and fair presentation of the Consolidated Financial Statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the Consolidated Financial Statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for audit opinion.

Opinion

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors on the financial statements of the subsidiaries as noted below, the Consolidated Financial Statements read together with notes thereon give the information required by Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India .

- In the case of Consolidated Balance Sheet, of the state of affairs of the Group as at 31st March, 2014;
- In the case of Consolidated Statement of the Profit & Loss, of the Profit of the Group for the year ended on that date; and
- In the case of Consolidated Cash Flow Statement, of the cash flows of the Group for the year ended on that date.

Other Matters

We did not audit the financial statements of the subsidiaries. The financial statements of the subsidiaries reflect total assets of ₹135.85 crore as at 31st March 2014, revenue of ₹ 1.27 crore and net cash inflow ₹ 51.27 crore for the year ended on that date. Further the financial statements of the subsidiaries have been audited by other auditor, whose report has been furnished to us by the management and our opinion, in so far as it relates to the amounts included in respect of the said subsidiaries is based solely on the reports of the other auditor. Our opinion is not qualified in respect of other matters.
