Our Company experienced a decline in mango sales due to crop failure. However, we've been proactive in diversifying our product portfolio to reduce dependence on agro and seasonal products. We've successfully transitioned to industrial packaging for non-agro and non-seasonal products, and our customers are satisfied with our services.

The Company now catering to a wide range of industries, including coffee, sweetmeats, dairy products, ghee, gheekins, mushrooms, pineapple, and pharma health products, with a consistent supply chain throughout the year. Furthermore, we've set up a new production line to tap into western market, which is currently operational and poised for growth this year.

During the year, the Company has taken expansion plan to increase capacity of food cans by installing additional can lines at Bangalore to cover the southern region and also Mumbai to cover western region, expecting growth over the period.

Your Company upgraded printing & Coating lines to improve quality and increase capacity to support enhanced capacity of Cans at Bangalore and Mumbai region. The existing customers have increased the volume because of the consistency in quality and services. The Company also added few global customers which has increased the export sales.

Raw material like inks & coating, packing material, gas, electricity and all consumables cost are increasing and it is a challenge to pass on cost to key customers. TRANSFER TO RESERVES:

Your Board does not propose to transfer any amounts to reserves for the financial year ended on 31st March, 2025.

CHANGE IN NATURE OF BUSINESS:

There were no changes in the nature of business during the year.

BUSINESS PERSPECTIVE:

Tin Containers Market Size was estimated at 12.38 (USD Billion) in 2024. The Tin Containers Industry is expected to grow from 12.95 (USD Billion) in 2025 to 18.58 (USD Billion) by 2034. The Tin Containers Market CAGR (growth rate) is expected to be around 4.62% during the forecast period (2025 - 2034).

A significant trend pushing the tin containers market is the need for sustainable packaging, especially in the food and beverage industry. Tin can be a good material for packaging because it can be recycled, cannot rust, and keeps products well. The growth of e-commerce and home delivery services has also contributed to this, as tin cans are suitable for packaging online orders. They have become an ideal alternative to plastic packaging due to concerns related to the environment from consumers. In a bid to make them better-looking as well as functional, manufacturers are researching improved designs and coatings on tin containers. There is also an increased use of smart packing techniques, such as RFID tags, to improve supply chain management and customer engagement.

The metal cans industry in India is coming up with some interesting and captivating packaging concepts. However, the key component is the sustainability and recyclability of the packaging material. There are contemplations of a major role of metal packaging, including metal cans and containers, in the future, as it is manufactured out of sustainable material - tinplate or tin-free steel, and follows the principles of reduce-reuse-recycle.

The global packaging business has experienced consistent growth over the last decade due to substrate choice changes, expansion of new markets, and changing ownership dynamics. Traditional packaging may continue to be replaced by flexible packaging, high-barrier films, and stand-up retort pouches may challenge rigid pack formats like metal tins and glass jars for a wide range of food products.

The highlights of the industry trend, the outlook and the opportunities ahead for the Company are exhibited in detail in the **Management Discussion and Analysis Report**.

ANNEXURE – 7 TO THE BOARD'S REPORT

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Your Directors have pleasure in presenting the Management Discussion and Analysis Report for the year ended on March 31, 2025.

ECONOMY, INDUSTRY STRUCTURE AND DEVELOPMENTS IN FOOD CANS AND BATTERY SEGMENTS:

GLOBAL ECONOMIC OVERVIEW:

In 2025, the food can market is expected to continue growing, with a projected market size of US\$9.233 billion. This growth is driven by factors like the enduring appeal of canned foods for their shelf stability and ease of preparation, as well as evolving consumer preferences for sustainability and convenient packaging. The global economy, however, faces challenges such as climate shocks, conflict, and economic instability, which can impact food production and supply chains, potentially affecting the food can market.

The food can market is projected to expand at a CAGR of 6.81% from 2025 to 2030, reaching US\$12.835 billion by 2030, according to Aggregate Global.

The global economy is expected to experience moderate growth in 2025 and 2026, with a slowdown in growth momentum, according to the European Commission. The enduring demand for canned foods, particularly in developing countries, could provide growth opportunities. Geopolitical tensions and climate events could disrupt food supply chains, impacting the availability and cost of canned goods. Consumers are increasingly concerned about the environmental impact of food packaging, which could drive demand for sustainable food can options. Fluctuations in the price of raw materials and transportation costs could lead to price volatility in the food can market.

Overall, the food can market in 2025 is expected to be a dynamic and evolving landscape, influenced by both positive growth trends and global economic challenges.

INDIAN ECONOMIC OVERVIEW:

In 2025, the Indian economy is projected to be the fourth largest in the world, exceeding Japan's nominal GDP. India is expected to grow at 6.2% in 2025 and 6.3% in 2026, driven by private consumption, particularly in rural areas. This growth outlook is relatively stable, but it is slightly lower than previous projections due to higher levels of trade tensions and global uncertainty.

With an estimated real GDP of Rs. 187.95 lakh crore in 2024-25, against the real GDP of Rs. 176.51 in 2023-24 generated by a population of over 1 billion, India is among the highest population-based economies in the world. Additionally, as per IMF projections, India's GDP growth is at 6.2% in 2024-25 and 2025-26. This means India's economic growth next fiscal year will be the fastest among major economies. Therefore, in the upcoming years, rising consumption and investments, both domestic and foreign, will contribute to the nation's growth and may also help India to rank higher in the World GDP Ranking list.

Though India's rank in the World GDP Ranking 2025 list is fifth, the per capita income is substantially low. India's per capita income of the population for 2025 is \$2,880 (Approx Rs.2.4 lakh). Multiple factors have led to low per capita income in India compared to the top GDP countries.

However, the per capita income has increased as compared to the previous years. In the financial year 2024, India's per capita income was \$2,500 (nearly Rs. 1.8 lakh) and in 2023 it was approx Rs. 1.6 lakh. On the contrary, in the financial year 2015, India's per capita income was Rs. 86,647. It has increased by almost 188% in the last 10 years. The drastic increase in population and demand for employment has significantly increased the nation's GDP per capita.

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying Ind AS financial statements of **SHETRON LIMITED** (referred to as "the Company") which comprise the Balance Sheet as at 31 March, 2025, the Statement of Profit and Loss (including other comprehensive income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the Ind AS financial statements").

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Financial Statements of the current period. These matters were addressed in the context of our audit of the Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We do not have any key audit matters to report for this financial year.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors are responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the preparation of these Ind AS financial statements in terms of the requirements of the Companies Act, 2013 that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Companies Act, 2013 read with relevant rules issued there under.

The respective Board of Directors of the companies included in the Company are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the Ind AS financial statements by the Directors of the Company, as aforesaid. The respective Board of Directors of the Company are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication

ANNEXURE “A” TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of SHETRON LIMITED of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **SHETRON LIMITED** (“the Company”) as of March 31, 2025 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Company.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

**Limitations of Internal Financial Controls over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

SIGNIFICANT ACCOUNTING POLICIES

1. Significant Accounting Policies Statement of Compliance

These financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013. The financial statements have also been prepared in accordance with the relevant presentation requirements of the Companies Act, 2013. The Company adopted Ind AS from 1st April, 2017.

Up to the year ended 31st March, 2017, the Company prepared its financial statements in accordance with the requirements of previous Generally Accepted Accounting Principles (GAAP), which includes Standards notified under the Companies (Accounting Standards) Rules, 2006. These are the Company's first Ind AS financial statements.

The date of transition to Ind AS is 1st April, 2017. Details of the exceptions and optional exemptions availed by the Company and principal adjustments along with related reconciliations are detailed in Note 36 Annexure

Basis of Preparation

The financial statements are prepared in accordance with the historical cost convention, except for certain items that are measured at fair values, as explained in the accounting policies.

Fair Value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date.

Fair value for measurement and/or disclosure purposes in these financial statements is determined on such a basis, except for share-based payment transactions that are within the scope of Ind AS 102 - Share-based Payment, leasing transactions that are within the scope of Ind AS 116 - Leases, and measurements that have some similarities to fair value but are not fair value, such as net realizable value in Ind AS 2 - Inventories or value in use in Ind AS 36 - Impairment of Assets.

The preparation of financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions that affect the application of the accounting policies and the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the year. Actual results could differ from those estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period; they are recognized in the period of the revision and future periods if the revision affects both current and future periods.

Operating Cycle

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013 and Ind AS 1 - Presentation of Financial Statements based on the nature of products and the time between the acquisition of assets for processing and their realization in cash and cash equivalents.

Property, Plant and Equipment - Tangible Assets

Property, plant and equipment are stated at cost of acquisition or construction less accumulated depreciation and impairment, if any. For this purpose, cost includes deemed cost which represents the carrying value of property, plant and equipment recognized as at 1st April, 2016 measured as per the previous GAAP. Cost is inclusive of inward freight, duties and taxes and incidental expenses related to acquisition.

In respect of major projects involving construction, related pre-operational expenses form part of the value of assets capitalized. Expenses capitalized also include applicable borrowing costs for qualifying assets, if any. All up gradation / enhancements are charged off as revenue expenditure unless they bring similar significant additional benefits.

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in the Statement of Profit and Loss.

Depreciation of these assets commences when the assets are ready for their intended use which is generally on commissioning. Items of property, plant and equipment are depreciated in a manner that amortizes the cost (or other amount substituted for cost) of the assets after commissioning, less its residual value, over their useful lives as specified in Schedule II of the Companies Act, 2013 on Straight Line method basis. Land is not depreciated.

Inventories

Inventories are stated at lower of cost and net realizable value. The cost is calculated on weighted average method. Cost comprises expenditure incurred in the normal course of business in bringing such inventories to its present location and condition and includes, where applicable, appropriate overheads based on normal level of activity. Net realizable value is the estimated selling price less estimated costs for completion and sale.

Obsolete, slow moving and defective inventories are identified from time to time and, where necessary, a provision is made for such inventories.

Foreign Currency Transactions

The functional and presentation currency of the Company is Indian Rupee.

Transactions in foreign currency are accounted for at the exchange rate prevailing on the transaction date. Gains/losses arising on settlement as also on translation of monetary items are recognized in the Statement of Profit and Loss.

Financial instruments, Financial assets, Financial liabilities and Equity instruments

Financial assets and financial liabilities are recognized when the Company becomes a party to the contractual provisions of the relevant instrument and are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities measured at fair value through profit or loss) are added to or deducted from the fair value on initial recognition of financial assets or financial liabilities. Purchase or sale of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognized on the trade date, i.e., the date when the Company commits to purchase or sell the asset.

Financial Assets

Recognition: Financial assets include Investments, Trade receivables, Advances, Security Deposits, Cash and cash equivalents. Such assets are initially recognized at transaction price when the Company becomes party to contractual obligations. The transaction price includes transaction costs unless the asset is being fair valued through the Statement of Profit and Loss.

Classification: Management determines the classification of an asset at initial recognition depending on the purpose for which the assets were acquired. The subsequent measurement of financial assets depends on such classification.

Financial assets are classified as those measured at:

- (a) amortised cost, where the financial assets are held solely for collection of cash flows arising from payments of principal and/or interest.
- (b) fair value through other comprehensive income (FVTOCI), where the financial assets are held not only for collection of cash flows arising from payments of principal and interest but also from the sale of such assets. Such assets are subsequently measured at fair value, with unrealised gains and losses arising from changes in the fair value being recognized in other comprehensive income.
- (c) fair value through profit or loss (FVTPL), where the assets are managed in accordance with an approved investment strategy that triggers purchase and sale decisions based on the fair value of such assets. Such assets are subsequently measured at fair value, with unrealised gains and losses arising from changes in the fair value being recognized in the Statement of Profit and Loss in the period in which they arise.

Trade receivables, Advances, Security Deposits, Cash and cash equivalents etc. are classified for measurement at amortised cost while investments may fall under any of the aforesaid classes. However, in respect of particular investments in equity instruments that would otherwise be measured at fair value through profit or loss, an irrevocable election at initial recognition may be made to present subsequent changes in fair value through other comprehensive income.

Financial Liabilities

Borrowings, trade payables and other financial liabilities are initially recognized at the value of the respective contractual obligations. They are subsequently measured at amortized cost. Any discount or premium on redemption /settlement is recognized in the Statement of Profit and Loss as finance cost over the life of the liability using the effective interest method and adjusted to the liability figure disclosed in the Balance Sheet. Deferred Tax Liability and Unsecured Loans from related parties are subsequently measured at fair value through profit or loss.

Financial liabilities are derecognized when the liability is extinguished, that is, when the contractual obligation is discharged, cancelled and on expiry.

Revenue

Revenue is measured at the fair value of the consideration received or receivable for goods supplied and services rendered, net of returns and discounts to customers. Revenue from the sale of goods includes excise and other duties

which the Company pays as a principal but excludes amounts collected on behalf of third parties, such as sales tax and value added tax.

Revenue from the sale of goods is recognized when significant risks and rewards of ownership have been transferred to the customer, which is mainly upon delivery, the amount of revenue can be measured reliably and recovery of the consideration is probable. Revenue from services is recognized in the periods in which the services are rendered.

Dividend Distribution

Dividends paid (including income tax thereon) is recognized in the period in which the interim dividends are approved by the Board of Directors, or in respect of the final dividend when approved by shareholders.

Employee Benefits

The Company makes contributions to both defined benefit and defined contribution schemes which are mainly administered through duly constituted and approved Trusts.

Provident Fund contributions are in the nature of defined contribution scheme. In respect of employees who are members of constituted and approved trusts, the Company recognizes contribution payable to such trusts as an expense including any shortfall in interest between the amount of interest realized by the investment and the interest payable to members at the rate declared by the Government of India. In respect of other employees, provident funds are deposited with the Government and recognized as expense.

The Company makes contribution to defined contribution pension plan. The contribution payable is recognized as an expense, when an employee renders the related service. The Company also makes contribution to defined benefit pension and gratuity plan. The cost of providing benefits under the defined benefit obligation is calculated by independent actuary using the projected unit credit method. Service costs and net interest expense or income is reflected in the Statement of Profit and Loss. Gain or Loss on account of re-measurements are recognized immediately through other comprehensive income in the period in which they occur.

The employees of the Company are entitled to compensated leave for which the Company records the liability based on actuarial valuation computed using projected unit credit method. These benefits are unfounded.

Actual disbursements made, under the Workers' Voluntary Retirement Scheme are accounted as revenue expenses.

Taxes on Income

Taxes on income comprises of current taxes and deferred taxes. Current tax in the Statement of Profit and Loss is provided as the amount of tax payable in respect of taxable income for the period using tax rates and tax laws enacted during the period, together with any adjustment to tax payable in respect of previous years.

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities and the amounts used for taxation purposes (tax base), at the tax rates and tax laws enacted or substantively enacted by the end of the reporting period.

Deferred tax assets are recognized for the future tax consequences to the extent it is probable that future taxable profits will be available against which the deductible temporary differences can be utilized.

Income tax, in so far as it relates to items disclosed under other comprehensive income or equity, are disclosed separately under other comprehensive income or equity, as applicable.

Deferred tax assets and liabilities are offset when there is legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances related to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on net basis, or to realize the asset and settle the liability simultaneously.

Claims

Claims against the Company not acknowledged as debts are disclosed after a careful evaluation of the facts and legal aspects of the matter involved.

Provisions

Provisions are recognized when, as a result of a past event, the Company has a legal or constructive obligation; it is probable that an outflow of resources will be required to settle the obligation; and the amount can be reliably estimated. The amount so recognized is a best estimate of the consideration required to settle the obligation at the reporting date, taking into account the risks and uncertainties surrounding the obligation.

In an event when the time value of money is material, the provision is carried at the present value of the cash flows estimated to settle the obligation.
