Opportunities and Threats :

[A] OPPORTUNITIES

Tea Division

- [i] Your tea gardens have the potential to achieve increased yields, produce best quality of tea through better field practices and vigorous uprooting and replanting programme leading to the Company to the path of continuous growth for the tea division.
- [ii] Possibility of value addition by marketing of packaged, instant, flavored, green, specialty and organic tea.
- [iii] Opportunities in export of tea in the market of Georgia, Ukraine, USA, Iran, UK and Germany.
- [iv] Some Gardens in Assam have Orthodox tea making facility, which fetches higher prices and margins as compared to CTC Tea.

Electrical & Engineering Division

- [i] The Engineering and Electrical Divisions' performances are linked to growth in steel, cement, power generation, transmission and distribution sectors. The Power transformer market scenario in the segment in which the company operates have shown marginal improvement and increase in order booking was achieved by the Electrical division with targeted customers.
- [ii] In order to sustain, steps are taken for reduction in total cycle time of production and post dispatch areas to maintain the required cash flow.
- [iii] The Electrical division also has designed and manufactures the highest rating of 132 KV class 63 MVA Transformers during the current financial year.
- [iv] For the past few years, the transmission and distribution sector had problems of overall under utilization of manufacturing capacity against envisaged requirements because of slippage in the planned sector augmentation in T&D. The Government is continuously taking steps for augmentation and restructuring of finance of DISOMS is expected to achieve a brighter future for T&D segment resulting in growth potential.

[B] THREATS

Tea Division

- [i] Industry is largely dependent on weather conditions. Adverse weather conditions can drastically change the bottom line.
- [ii] Determination of prices of Tea are market driven and not in the hands of the producers.
- [iii] Increased irrigation and pest management expenditure, wage cost and consequential benefits have escalated production cost significantly and sales realisation is not commensurate with increase in Cost of Production.

Electrical & Engineering Division

- [i] Due to ever increasing cost, the products manufactured at our units are not competitive. However, constant vigil of the market and change in strategy in the market product mix is being adopted for the sustainability of the units.

Segment-wise Performance :

The Company is a multi-segment Company as reported in Note No.10.12 in the Accounts.

Outlook :

Tea Division

The outlook for Indian tea industry remains subdued on concerns regarding production, rising input costs and wage related issues though domestic tea prices are stabilizing and exports are rising. Domestic consumption of tea has increased as compared to production and this may help in better price realization. However, slump in global commodity market may hit Indian tea sector to some extent.

Turnover of Tea division of your company has increased from Rs. 188.41 crores to Rs. 212.29 crores during this year. Tea exports this year was 1.92 lakh kgs with FOB Rs. 4.49 Crores compared to 1.00 lakh kgs with FOB Rs. 2.17 Crores last year, catering to markets in Georgia, Ukraine, USA, Iran, UK, Canada & Ireland and Germany. With Company's focus on quality and continuous investments in uprooting and replanting, the outlook for Tea Division is encouraging.

Electrical Division

Power sector development programme in India has now gained momentum. The power transmission & distribution system goes through distinct stage of development. In India, there will be a significant growth in the T&D systems as the per capita power consumption increases to global levels and the per capita GDP moves closer the developed nations.

Ministry of Power, Government of India had envisaged a capacity addition of 78,577 MW and 86,500 MW in the 11th and 12th plan period respectively. (Source: www.powermin.nic.in). A corresponding plan for new investment and R&D is also conceived for the Transmission and Distribution segments in line with the National Electricity Plan and the Integrated Energy Policy.

Order booking was increased by the Company with targeted customers. The Company also has designed and manufactures the highest rating of 132 KV class 63 MVA Transformers during the current financial year.

Engineering Division

Indian engineering industry which is currently not performing well due to recession in the market, continuously declining exports and slackening global demand, will be benefitting in the long term with all the latest initiatives of the government, which has rationalized customs and excise duties in products manufactured domestically. This move will help to reduce local manufacturing costs and increase competitiveness of domestic industry. Further, rising government spending on infrastructure sector will too support the industry.

Despite the recession, the Division has recorded all time high steel consumption of 867MT (+65% YOY) in 2015-16. Division's capacity utilization also reached All Time High, as number of Impellers produced in-house stands at 305(+45% YOY).

Risk and Concern :

Apart from normal risk applicable to an industrial undertaking, the Company does not foresee any serious area of concern.

Financial Performance :

The details of financial performance of the Company are appearing in the Balance Sheet and Statement of Profit & Loss for the year. During the year, the profit has decreased by 35.57%.

Internal Control Systems :

The Company has proper and adequate system of internal control.

The CEO and CFO certification provided in the relevant section of the Annual Report specify the adequacy of the internal control system and the procedures of the company.

Human Resources :

During the year, employer and employee relationship remained cordial.

Cautionary Statement :

Actual results could differ materially from those expressed or implied. Annexure - C to the Independent Auditor's Report

(Referred to in paragraph-2(f) on Other Legal and Regulatory Requirements of our Report of even date to the members of Andrew Yule and Co. Ltd. on the standalone Financial Statements of the Company for the year ended 31st March, 2016)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Andrew Yule and Company Ltd ("the Company") as of 31st March, 2016 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

ANNEXURE-A TO THE INDEPENDENT AUDITOR'S REPORT

[Referred to in Paragraph-1(f) on Other Legal and Regulatory Requirements of our Report of even date to the members of Andrew Yule & Company Limited on the Consolidated Financial Statements of the Company for the year ended 31st March, 2016.]

Report on the Internal Financial Controls under Clause(i) of Sub-section 3 of Section 143 of the Act

In conjunction with our Audit of the Consolidated Financial Statements of the Company as of and for the year ended 31st March, 2016, we have audited the Internal Financial Controls over Financial Reporting of Andrew Yule & Company Limited (hereinafter referred to as "the Holding Company") its Subsidiary Companies and its Associate Companies, which are Companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding Company, its Subsidiary Companies and Associate Companies incorporated in India are responsible for establishing and maintaining Internal Financial Controls based on the Internal Control over Financial Reporting criteria established by the Company considering the essential components of Internal Control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate Internal Financial Controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective Company's Policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's Internal Financial Controls over Financial Reporting based on our Audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by the ICAI and the Standards on Auditing, deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an Audit of Internal Financial Controls, both applicable to an Audit of Internal Financial Controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate Internal Financial Controls over Financial Reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the Internal Financial Controls System over Financial Reporting and their operating effectiveness. Our audit of Internal Financial Controls over Financial Reporting included obtaining an understanding of Internal Financial Controls over Financial Reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of Internal Control based on the assessed risk. The procedures selected depend on the Auditor's judgement, including the assessment of the risks of material mis-statement of the Financial Statements, whether due to fraud or error.

We believe that the Audit evidence we have obtained and the Audit evidence obtained by the other Auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Company's Internal Financial Controls System over Financial Reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's Internal Financial Control over Financial Reporting is a process designed to provide reasonable assurance regarding the reliability of Financial

Reporting and the preparation of Financial Statements for external purposes in accordance with generally accepted accounting principles. A Company's Internal Financial Control over Financial Reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company. (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Financial Statements in accordance with generally accepted Accounting Principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of Management and Directors of the Company and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the Financial Statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of Internal Financial Controls over Financial Reporting, including the possibility of collusion or improper management override of controls, material mis-statements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the Internal Financial Controls over Financial Reporting to future periods are subject to the risk that the Internal Financial Control over Financial Reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company, its Subsidiary Companies and its Associate Companies, which are incorporated in India, have in all material respects, an adequate Internal Financial Controls System over Financial Reporting and such Internal Financial Controls over Financial Reporting were operating effectively as at 31st March, 2016, based on the Internal Control over Financial Reporting criteria established by the Company considering the essential components of Internal Control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the ICAI, except for the two Associate Companies namely The New Beerbhoom Coal Company Limited and Katras Jheriah Coal Company Limited whose respective Auditors have given a Disclaimer of Opinion on the system of Internal Financial Controls over Financial Reporting hence in respect of the above Associate Companies, we are unable to comment on the adequacy of the Internal Financial Controls over Financial Reporting.

Other Matters

Our aforesaid report under section 143(3)(i) of the Act on the adequacy and operating effectiveness of the Internal Financial Controls over Financial Reporting in so far as it relates to three Subsidiary Companies and three Associate Companies which are Companies incorporated in India is based on the corresponding Reports of the Auditors of such Companies incorporated in India. Our opinion is not qualified in respect of this matter.
