Packaging Solutions

Dear Fellow Partners,

In the present fast paced world where everybody is on a constant run, if you want to be at the forefront, you should be committed, innovative and flexible to changes while always keeping sight of the long term goals. This is especially true in the packaging sector where today's consumer wants packaged goods that work better, faster, smarter while being affordable.

After the effective merger of the subsidiary company - Clear Mipak Packaging Solutions Limited into the Company, Hitech has widened its activities by providing complete packaging solutions to multi-sector industries. Though while doing the same, the Company will continue to retain its focus on its existing business while exploring new business avenues. In order to truly represent the image of the Company, it has changed its name from 'Hitech Plast Limited' to 'Hitech Corporation Limited'. We believe this step will assist us to expand into greener pastures.

As intimated in our Company's last Annual Report, the manufacturing unit at Rohtak, Haryana was disrupted from 20<sup>th</sup> February, 2016 due to fire set to the said unit by agitators, resulting in irreparable damage to the property. While the Company made an alternate arrangement to meet the sales requirement, the impact of this arrangement was significant only in the last quarter. Therefore, the performance of this quarter has been satisfactory, but clearly our profitability has been affected due to the disruption of our said facility. We would like to inform you that Hitech has successfully completed the rebuilding tasks of the manufacturing facility at Rohtak by March 2017. In order to meet the growing demand of our customers in the North, we have increased the capacity of the new Rohtak facility.

We are in the midst of building an environment for a strong-growth trajectory with continuous investment towards expanding our manufacturing footprint to serve customer demands. We pledge to be innovative and responsive, while offering high quality sustainable packaging solutions. We affirm and avow our resolve to relentlessly strive to offer better customer experience by driving innovation.

Hitech has made a significant impact in the community by launching a tree plantation drive around its areas of operations and the mid-day meal programme for under-privileged children. It has also collaborated with the Ram Krishna Mission to impart life skills value education to primary, secondary and Industrial Training Institute (I.T.I) students and with INTACH (Indian National Trust for Art & Cultural Heritage) for its current initiative of cleaning the rivers of Pune to bring them back to their original natural state. We shall continue to look for ways for social interventions in the identified areas going forward.

Lastly, we take this opportunity to thank you for maintaining faith in us and make certain that we are and will continue to stay committed to scaling greater heights in all our future endeavours. We look forward to a rewarding journey ahead, together. As always, we deeply value your investments and appreciate your continued patronage.

With Regards,

Malav Dani

## ANNEXURE E TO DIRECTORS' REPORT

Details of Conservation of Energy, Technology Absorption, Foreign Exchange Earnings and Outgo are as follows:

### A) Conservation of Energy:

The steps taken for conservation of energy

The Company plans for energy conservation right from the establishment of the manufacturing unit. Our Factories are located close to our customers which helps in reducing the energy consumed during transportation.

Factory buildings are designed considering maximum use of day light, cool air ventilation without electric devices and painted keeping in view the reflection of sun rays from building roof and walls. Also, LED lights are installed in our factories which saves considerable amount of energy. The Company has taken initiative in tree plantation near factory premises which helps in keeping the areas cool and reduces the need for air coolers.

New selected moulding machinery is either servo controlled, or fully electric, consuming 30-50% less electricity than conventional older machines. Also, some older machines have been modified to use servo controlled technology. New printing technology is smaller and does not require big air cooled cabins.

The Company has invested in wind energy and are also considering use of solar power in suitable areas of operations.

Energy conservation continues to receive top priority in the Company.

#### Specific Energy conservation measures are:

1. Monitoring and analysis of energy consumption on monthly basis;
2. New moulding machines selected are always either servo controller or fully electric machines;
3. Modification of old technology machines to servo controlled machines;
4. Replacement of conventional tubes and bulbs with LED;
5. Monitoring, benchmarking and selection of energy intensive equipment only;
6. Training of Hitech workers for energy conservation and awareness;
7. Minimum use of energy by optimizing processes and material movement in factories;
8. "Machine ON" ALARM's and automatic switch of machines;
9. Replacement of old equipment with energy efficient equipment;
10. Share and implement best energy saving practices across manufacturing units;

### B) The steps taken by the Company for utilizing alternate sources of energy:

#### Windmill

Your Company has installed Windmills in some of its plants as an alternative source of energy. Further there are proposals for more investments into this area to facilitate the reduction in conventional energy usage and environmental benefits.

#### Solar energy

Your Company is evaluating the proposals for other alternative sources such as Solar Energy to supplement requirements of power needs at different plants.

The above mentioned measures have resulted in reduction in energy usage, reduction in energy cost and environmental benefits in the vicinity.

### C) The Capital Investment on energy conservation equipment: NIL

#### TECHNOLOGY ABSORPTION

#### A) The efforts made by the Company towards technology absorption

Your Company has made concerted efforts to establish a strong performance in the field of R&D vis-a-vis product and process development. It has a dedicated Technology Centre at Pune which carries out design, product and process innovations and improvements and has got its accreditation from the Department of Science and Technology, Government of India. The Centre in close cooperation with customers has been providing solutions for unique packaging designs which have enhanced the quality of the containers and have also helped in reducing the costs. The initiatives of the Centre include efficient usage of polymers in the product and reduction in production cycle time leading to savings in operating costs. This helped the Company in sustaining and strengthening the competitive position, the Company holds in rigid packaging business.

#### Specific areas in which R & D was carried out by the Company include:

- a. Technical upgradation in mould design; Multi-cavity mould and insert moulding technology.
- b. Product and Process development; Container-lid design for interchangeability, processing and material recipe for better performance and to sustain climate and temperature changes.
- c. Raw material Development; Incorporation of different additives and fillers to raw material which overcame performance degradation due to change in weather over the span of 12 months.

#### B) The Benefits derived like product improvement, cost reduction, product development or import substitution:

- a. Reduction and better variance control in the weight of the containers;
- b. Enhancing life of the mould;
- c. Better utilization of manpower;
- d. Lower production cycle time which improved productivity; and
- e. Less molding rejections

#### C) In case of imported technology (imported during the last three years reckoned from the beginning of the financial year)

Not applicable as all developments were done indigenously in the last three years.

### D) Expenditure on R & D during the year is as follows:

Particulars	₹ in lakhs
(a) Capital	8.62
(b) Revenue	387.22
<b>Total</b>	<b>395.84</b>

#### FOREIGN EXCHANGE EARNINGS AND OUTGO

Foreign exchange earned in terms of actual inflows during the year 2016-17 was ₹ 48.67 lakhs (equivalent value of various currencies).

Foreign exchange outgo in terms of actual outflows during the year 2016-17 was ₹ 15.32 lakhs (equivalent value of various currencies).

## MANAGEMENT DISCUSSION AND ANALYSIS

### PACKAGING SOLUTIONS TO MULTI SECTOR:

Hitech Corporation (formerly known as Hitech Plast) is a leading rigid plastic packaging manufacturer delivering the highest quality of innovative and sustainable products for over two decades, providing packaging solutions to multiple sectors across India including Paint & Coatings, Home Care, Personal Care, Food, Agrochemicals, Lubricants, Health Care and other allied sectors.

Hitech has focused on Research & Development, innovative product development to help strengthen its business relationships and enter newer markets. Through manufacturing facilities at 13 different locations across the country, the Company has engaged over 700 direct employees and over 1,200 indirect employees.

### OVERVIEW OF INDIAN ECONOMY

India's economic growth has been pegged at 6.7 per cent for the current fiscal year; down from 7.6 percent recorded in the last financial year.

Against the backdrop of robust macro-economic stability, the year was marked by two major domestic policy developments, the passage of the Constitutional amendment, paving the way for implementing the Transformational Goods and Services Tax (GST), and the action to demonetise the two highest denomination notes. The GST is expected to create a common Indian market, improve tax compliance and governance, and boost investment and growth; it is also a bold new experiment in the governance of India's cooperative federalism. Demonetisation has had short-term costs but holds the potential for long-term benefits. Follow-up actions to minimize the costs and maximise the benefits include: remonetisation; further tax reforms, including bringing land and real estate into the GST; reducing tax rates and stamp duties; and acting to allay anxieties about over-zealous tax administration. These actions would allow growth to return to trend in 2017-18, following a temporary decline in 2016-17.

Growth rate of industrial sector was moderate at 5.2 per cent this fiscal, from 7.4 per cent in the last fiscal. In the short-run, the change in the outlook for global interest rates as a result of the US elections and the implied change in expectations of US fiscal and monetary policy will impact on India's capital flows and exchange rates.

The per capita consumption of plastic products in India is growing and is moving towards 8% GDP growth. Crude prices have remained low globally, helping Indian manufacturers to reduce costs and better control the trade deficit, easing inflation. This has also benefited the packaging industry since the price of polymer, the basic raw material utilized by the Company has remained subdued.

With this growth, Hitech plans to move towards more advanced technologies, automation of jobs and focus on innovative product creation through Research & Development.

### BUSINESS SEGMENTS:

Hitech is developing business models to serve expanded sectors and customers in new geographies.

### PAINT INDUSTRY:

Our products mainly cater to the packaging requirements of decorative paint segments which account for over 75% of the overall paint market in India. This sector is price sensitive while being a higher margin business as compared to the industrial sector. The decorative paint market is expected to witness CAGR of 12.7 per cent and the industrial paint market CAGR of 9.5 per cent, according to Indian Paint Association.

### FMCG:

The consumer durable market is expected to grow at a CAGR of 13 per cent from FY05 to FY20. The FMCG sector has grown at an annual average of about 11 per cent over the last decade. The overall FMCG market is expected to increase at (CAGR) of 14.7 per cent to touch US\$ 110.4 billion during 2012-2020, with the rural FMCG market anticipated to increase at a CAGR of 17.7 per cent. Food products is the leading segment, accounting for 43 per cent of the overall market. Personal care (22 per cent) and fabric care (12 per cent) come next in terms of market share. Today's consumer wants packaged goods that work better, faster, and smarter. The 'need for speed' trend highlights the importance of speed as a potentially decisive purchase factor for packaged goods products in a world where distinctions between products are shrinking.

### PERSONAL AND HEALTH CARE INDUSTRY:

Some of the most intriguing new developments in the personal care packaging and cosmetics packaging centre on functionality or sustainability rather than looks, based on packaging designs. Initially, we commenced designing of products, followed by creation of shapely beautiful containers, color coding, airless pumps and elegant cartons.

Beauty and personal care packaging is expected to continue performing well over the forecast period. The increasing focus on personal grooming and hygiene among Indian consumers will remain a key driver of demand for beauty and personal care products. Total packaging unit volume sales grew by 6%, which was in line with growth witnessed in 2014. Robust demand for beauty and personal care products was sustained by the increasing focus on personal hygiene and health and wellness among Indians, particularly urban consumers. In recent years, rising aspirations have led many Indian consumers to pay more attention to personal grooming, which has bolstered spending on beauty and personal care products. Total beauty and personal care packaging volume sales are expected to grow at a CAGR of 7%. Based on the response from customers in this sector, we are in the process of developing alternate resins to penetrate deeper into this sector.

### HOME CARE:

The home care products market in India has grown due to the increased awareness about health and hygiene, as well as considerable increase in per capita disposable income. Extensive marketing campaigns as well as the launch of new product segments play a major role. Several FMCG majors have entered the homecare market with offerings across multiple product categories. Multinational players have a well-established presence and several regional players are establishing nation-wide presence.

Despite economic downturns, demand for home healthcare products is increasing, so is the requirement for packaging solutions. Plastics are the major packaging material being used by companies, driven by advantages like durability, cost benefits and versatility. New polymers like PLA, biodegradable PHA (polyhydroxyalkanoate), bio PTT (polytrimethyl terephthalate), etc. are slowly getting acceptance, however, cost remains a deterrent. Manufacturers are trying to differentiate their offerings by opting for specific packaging solutions which conveys useful information while keeping the products safe. The packaging market for this segment is set to witness high growth for the forecast period.

We are leveraging our existing partnership with one of the largest rigid packaging consumers in this business by engaging them to establish new products and also accrue due share in their organic growth.

**AGRO CHEMICAL:**

Accelerated globalization, rapid change in technology and growing consumerism have brought with it sweeping changes and abundant opportunities for petrochemical companies to grow locally and globally. Plastics application in agriculture can also lead to huge monetary benefits as well as improve the overall productivity.

Agro Pet Bottles offered find wide usage in meeting the end packaging demands of agro-based products like pickles. Further, these are also preferred for use in the pharmaceutical sector as well as meeting the end packaging needs of liquids like liquor. The bottles also feature durable construction quality and are manufactured from quality plastic, thus ensuring complete safety to the packed goods inside. These bottles are well known for features like storing food products in a hygienically safe and moisture free environment and can be made available in different color combinations like green and white.

Hitech plans to enter untapped markets in the northern Indian states by adding capacity at its Rohtak plant, this would give us the advantage of being close to our customers to increase market share.

**INDUSTRY STRUCTURE AND DEVELOPMENTS****MANUFACTURING:**

The manufacturing Unit at Rohtak, Haryana was disrupted from 20<sup>th</sup> February, 2016 due to a fire set by agitators, resulting in irreparable damage to the property. The Company made an alternate arrangement to meet the sales requirement. However, the impact of this alternate arrangement was significant only in last quarter making an impact on Hitech's operations for the current year. The property was fully insured on a reinstatement basis and the Company has submitted its claim to the Insurance Company. The surveyors appointed by the Insurance Company submitted their report based on which they are assessing the claim. We have received part of the claim while it is still under review. Hitech has successfully completed the rebuilding tasks. Consequently, the manufacturing facility at Rohtak was completed by March 2017.

Hitech has been continuously investing in expanding its manufacturing footprint to serve customer demands. Hitech's investments during the year includes: ₹ 55 crores invested in fixed assets of which ₹ 48 crs was invested in the Rohtak plant, Sananswadi ₹ 1.32 crs, SPMBR ₹ 1.34crs; Uttaranchal ₹ 2.29 crs; Baddi ₹2.52 crs, apart from ₹ 1.29 crs invested in the Research & Development unit at Pune.

**OPPORTUNITIES, RISKS AND THREATS:**

Hitech's continuous focus on its Research & Development facility has expanded the design and development of innovative products to serve its unique range of customers in various business segments. The proposed simplification in Tax regime through introducing Goods & Service Tax (GST) is likely to facilitate handling of the products across the country.

**HUMAN RESOURCES & INDUSTRIAL RELATIONS:**

We have a strong culture of customer centricity, innovation and people focus helps us cope with a challenging business environment. Hitech has embarked on several initiatives to strengthen its employee engagement. Due importance is given to enhance employee well-being and effectiveness through our daily meditation, innovative problem-solving sessions and brain storming sessions.

**ENVIRONMENT, HEALTH & SAFETY ("EHS"):**

Hitech's EHS policy considers compliance to statutory EHS requirements as the minimum performance standard. We are committed to go above and beyond to adopt stricter standards wherever appropriate. Hitech's major manufacturing facilities at Silvassa follow the ISO 9001:2008.

We give priority to the health and safety of our employees and implement employee training programs that enable workers to perform as per prescribed procedures designed to meet all EHS requirements. We hold health checkups camps for the benefit of all our employees.

**INFORMATION TECHNOLOGY:**

During the year we have worked on document management system whereby the documents are digitised alongside the transactions in the ERP system.

**RESEARCH & DEVELOPMENT:**

Hitech has a Research & Development Centre in Pune responsible for product designing, process innovation and improvements. The Centre provides solutions for unique packaging designs to enhance the quality while reducing the cost of packaging, adding value for the customer. It is accredited by the Department of Science and Technology (DSIR), Government of India which has approved our Income tax claim for the earlier years pending with the department.

**INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY:**

Hitech has a robust internal control mechanism based on an integrated cloud-based ERP system. This system commensurates with the nature of Hitech's business in addition to the size and complexity of its operations. The Audit Committee has appointed internal auditors to audit and submit a summary of the internal audit report periodically. This Committee then discusses and reviews the findings with the internal auditors as well as with senior management, including departmental heads.

**FINANCIAL PERFORMANCE:**

Our financial results and performance for the year are elaborated in the Directors' Report.

**FORWARD LOOKING STATEMENTS:**

This report contains forward looking statements, which may be identified by their use of words like 'plans', 'expects', 'will', 'anticipates', 'believes', 'intends', 'projects', 'estimates', or other words of similar meaning. All statements that address expectations or projections about the future, including but not limited to statements about the Company's strategy for growth, product development, market position, expenditures and financial results are forward looking statements. Forward looking statements are based on certain assumptions and expectations of future events.

The Company cannot guarantee that these assumptions and expectations are accurate or will be realised. The Company's actual results, performance or achievements could thus differ materially from those projected in any such forward looking statements. The Company assumes no responsibility to publicly amend, modify or revise any forward looking statements on the basis of any subsequent developments, information or events.

**Procedure for Postal ballot:**

In compliance with Section 108 and 110 and other applicable provisions of the Companies Act, 2013, read with the related rules and Listing Agreements, the Company provided electronic voting (e-voting) facility to its members. The Company engaged the services of National Securities Depository Limited (NSDL) for the purpose of providing e-voting facility to its members. The members had the option to vote either by physical ballot or through e-voting.

The Company dispatched the postal ballot notices and forms along with postage prepaid business reply envelope to its members whose names appeared on the register of members/ list of beneficiaries as on the cut-off date decided by the Board. The postal ballot notice was sent to members in electronic form to the e-mail addresses registered with the depository participants (in case of electronic shareholding)/ the Company's Registrar and Share Transfer Agent (in case of physical shareholding). The Company had also published a notice in the newspapers declaring the details of completion of dispatch and such other requirements as mandated under the Act and applicable rules.

Voting rights were reckoned on the paid-up value of the shares registered in the names of the members as on the cut-off date. Members desiring to exercise their votes by physical postal ballot forms were requested to return the forms, duly completed and signed, to the scrutinizer on or before the close of the voting period. Members desiring to exercise their votes by electronic mode were requested to vote before the close of the business hours on the last date of the e-voting.

The scrutinizer submitted his report to the Chairman, after the completion of the scrutiny, and the consolidated results of the voting by postal ballot, were then announced by the Chairman/authorized officer. The results were displayed on the Company website [www.hitechgroup.com](http://www.hitechgroup.com) and were also put on the notice board of the Company besides being communicated to the stock exchanges, depository and Registrar and Share Transfer Agent. The last date for the receipt of duly completed Postal Ballot forms or e-voting was the date on which the resolution was considered as passed.

There is no immediate proposal for passing any resolution through Postal Ballot.

**Other Information:**
**Dividends:**

The Company provides the facility of payment of dividend to the shareholders by directly crediting the dividend amount to the shareholder's Bank Account. Members are therefore urged to avail of this facility to ensure safe and speedy credit of their dividend into their Bank account through the Banks' Automated Clearing House ("ACH") and/or any other permitted mode for credit of dividend.

Members holding shares in physical form are requested to register and/or update their core banking details with the Company and those holding shares in electronic form shall register/update such details with their Depository Participants (DPs) to enable credit of the dividend to their bank accounts electronically through ACH and/or any other permitted mode for credit of dividend. Further, to prevent fraudulent encashment of dividend warrants, shareholders are requested to provide their bank account details (if not provided earlier) to the Company/its RTA (if shares held in physical form) or to DPs (if shares held in electronic form), as the case may be, for printing of the same on the dividend warrants.

Shareholders are requested to ensure that they claim the dividend(s) before transfer of the said amounts to the IEPF. Dividend warrants in respect of the dividend declared, have been dispatched to the shareholders at the addresses registered with the Company. Those shareholders who have not yet received the dividend warrants may

please write to the Company's RTA for further information in this regard. Shareholders who have not encashed the warrants are requested to do so by getting them revalidated from the Registered Office of the Company or its RTA.

**Dematerialization of shares and liquidity:**

The shares of the Company are compulsorily traded in dematerialised form and are available for trading under both the Depository Systems, viz. NSDL (National Securities Depository Limited) and CDSL (Central Depository Services (India) Limited). Nearly 96.62% of total equity shares of the Company are held in dematerialised form with NSDL & CDSL.

**Reconciliation of Share Capital Audit:**

As stipulated by the Securities and Exchange Board of India (SEBI) a qualified Practicing Company Secretary carries out Reconciliation of Share Capital Audit to reconcile the total admitted Capital with National Securities Depository Limited (NSDL) and Central Depository Services (India) Limited (CDSL) and the total issued and listed capital. This Audit is carried out every quarter and the Report thereon is submitted to the Stock Exchanges and is also placed before the Board of Directors. The audit, *inter-alia* confirms that the total listed and paid up share capital of the Company is in agreement with the aggregate of the total number of shares in dematerialized form (held with NSDL and CDSL) and the total number of shares in physical form.

**Nomination facility:**

Pursuant to the provision of Section 72 of the Companies Act, 2013, members are entitled to make a nomination in respect of shares held by them. Members holding shares in physical form and desirous of making a nomination are requested to send their requests to the Registrar and Transfer Agents of the Company. Members holding shares in electronic form are requested to give the nomination request to their respective Depository Participant directly.

**Disclosure of Commodity Price Risk and Hedging Activities.**

The Company does not have any significant exposure on commodities directly.

**Unclaimed dividend:**

In terms of Sections 205C of the Companies Act, 1956, the Company is required to transfer the amount of dividend remaining unclaimed for a period of seven years from the date of transfer to the unpaid dividend account to the Investor Education and Protection Fund ("IEPF"). Shareholders are requested to ensure that they claim the dividend(s) from the Company before transfer to the IEPF.

## Independent Auditor's Report

To the Members of **HITECH CORPORATION LIMITED (Formerly HITECH PLAST LIMITED)**

### Report on the Financial Statements

We have audited the accompanying financial statements of **HITECH CORPORATION LIMITED** ("the Company"), which comprise the Balance Sheet as at 31<sup>st</sup> March, 2017, the Statement of Profit and Loss, Cash Flow Statement for the year then ended and a summary of significant accounting policies and other explanatory information.

### Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation and presentation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

### Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31<sup>st</sup> March, 2017 and its profit and its cash flows for the year ended on that date.

### Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "**Annexure A**", a statement on the matters specified in the paragraphs 3 and 4 of the order, to the extent applicable.
2. As required by Section 143 (3) of the Act, we report that:
  - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
  - (b) In our opinion proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
  - (c) The Balance Sheet, the Statement of Profit and Loss and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
  - (d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014;

- (e) On the basis of the written representations received from the directors as on 31<sup>st</sup> March, 2017 taken on record by the Board of Directors, none of the directors is disqualified as on 31<sup>st</sup> March, 2017 from being appointed as a director in terms of Section 164 (2) of the Act.
- (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in “Annexure B” and
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements – Refer Note 26(a) to the financial statements;
  - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
  - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company;
  - iv. The Company has provided requisite disclosures in the financial statements as to holdings as well as dealings in Specified Bank Notes during the period from 8th November, 2016 to 30th December, 2016. Based on audit procedures and relying on the management representation we report that the disclosures are in accordance with books of account maintained by the Company and as produced to us by the management – Refer Note 45 to financial statements.

## Annexure - B to the Independent Auditors' Report

(Referred to in our report of even date)

### Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **HITECH CORPORATION LIMITED** ("the Company") as at 31st March, 2017 in conjunction with our audit of the Financial Statements of the Company for the year ended on that date.

#### Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

#### Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

#### Meaning of Internal Financial Controls Over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that:

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

#### Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

#### Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31<sup>st</sup> March, 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

## NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2017

### 1. Company Information:

Hitech Corporation Limited (the Company) is a public limited Company domiciled in India and incorporated under the provisions of the Companies Act, 1956. Its shares are listed on two stock exchanges in India, namely the Bombay Stock Exchange Limited (BSE) and the National Stock Exchange of India Limited (NSE). The Company is engaged in manufacturing of rigid plastic containers especially catering to customers relating to Paints, Lube and Pharmacy product as well as export market.

### 2. Significant Accounting Policies:

#### 2.1 Basis of preparation of financial statements

##### (a) Basis of Accounting:

The Financial Statements have been prepared and presented under the historical cost convention, on the accrual basis of accounting in accordance with accounting principles generally accepted in India ("Indian GAAP") and comply with the Accounting Standards prescribed in the Companies (Accounting Standards) Rules, 2006 which continue to apply under Section 133 of the Companies Act, 2013('the Act') read with Rule 7 of the Companies (Accounts) Rules, 2014 and other relevant provisions of the Companies Act, 1956 to the extent applicable.

##### (b) Use of Estimates:

The preparation of Financial Statements in conformity with Indian GAAP requires Management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosures of contingent liabilities on the date of Financial Statements and reported amounts of income and expenses during the period.

##### (c) Current / Non Current Classification:

Any asset or liability is classified as current if it satisfies any of the following conditions:

- i. it is expected to be realized or settled or is intended for sale or consumption in the Company's normal operating cycle;
- ii. it is expected to be realized or settled within twelve months from the reporting date;
- iii. in the case of an asset,
  - it is held primarily for the purpose of being traded; or
  - it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date
- iv. in the case of a liability, the Company does not have an unconditional right to defer settlement of the liability for at least twelve months from the reporting date.

All other assets and liabilities are classified as non-current.

For the purpose of current / non-current classification of assets and liabilities, the Company has ascertained its normal operating cycle as 12 months. This is based on the nature of services and the time between the acquisition of assets or inventories for processing and their realization in cash and cash equivalents.

#### 2.2. Tangible and Intangible Assets

##### (a) Tangible Fixed Assets

Tangible fixed assets are carried at the cost of acquisition or construction, less accumulated depreciation and impairment. The cost of fixed assets includes taxes (other than those subsequently recoverable from tax authorities), duties, freight and other directly attributable costs related to the acquisition or construction of the respective assets. Expenses directly attributable to new manufacturing facility during its construction period are capitalised. Know-how related to plans, designs and drawings of buildings or plant and machinery is capitalised under relevant tangible asset heads. Profit or Loss on disposal of tangible assets is recognised in the Statement of Profit and Loss.

##### (b) Intangible Assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment loss, if any. The cost of intangible assets acquired in an amalgamation in the nature of purchase is reflected at their fair value as at the date of amalgamation. Profit or Loss on disposal of intangible assets is recognised in the Statement of Profit and Loss.

##### (c) Capital Work in Progress & Capital Advances

Cost of assets not ready for intended use, as on balance sheet date, is shown as capital work in progress. Advances given towards acquisition of fixed assets outstanding at each balance sheet date are disclosed as Long Term Loans and Advances.

##### (d) Depreciation and Amortization

Depreciation on fixed assets is provided on Straight Line Method except Building, which is depreciated on Written Down Value Method. The details of estimated useful life for each category of assets are as under :

Building	: 40 years
Plant & Machinery*	: 9.67 Years
Moulds	: 4 years
Computer	: 5 years
Vehicle	: 5 years

\* Useful life of Plant and Machinery is considered based on triple shift working.

In respect of other assets, the useful life is considered as specified in Part C of the Schedule II to the Companies Act, 2013. Leasehold land and leasehold improvements are amortized over the primary period of lease. Purchase cost, user license fees and consultancy fees for major software and patent are amortized over a period of three years.

**(e) Impairment**

At Balance Sheet date, an assessment is done to determine whether there is any indication of impairment in the carrying amount of the Company's fixed assets. If any such indication exists, the asset's recoverable amount is estimated. An impairment loss is recognised whenever the carrying amount of an asset exceeds its recoverable amount.

An assessment is also done at each Balance Sheet date whether there is any indication that an impairment loss recognised for an asset in prior accounting periods may no longer exist or may have decreased. If any such indication exists the asset's recoverable amount is estimated. The carrying amount of the fixed asset is increased to the revised estimate of its recoverable amount so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset in prior years. A reversal of impairment loss is recognised in the Statement of Profit and Loss for the year.

After recognition of impairment loss or reversal of impairment loss as applicable, the depreciation charge for the asset is adjusted in future periods to allocate the asset's revised carrying amount, less its residual value (if any), on straight line basis over its remaining useful life.

**2.3 Revenue Recognition**

Revenue from sale of goods is recognised on transfer of all significant risks and rewards of ownership to the buyer. The amount recognised as sale is exclusive of sales tax/VAT and are net of returns. Sales are stated gross of excise duty as well as net of excise duty; excise duty being the amount included in the amount of gross turnover. The excise duty related to the difference between the closing stock and opening stock is recognised separately as part of changes in inventories of finished goods and work in progress.

- Revenue from service is recognised as per the completed service contract method.
- Processing income is recognised on accrual basis as per the contractual arrangements.
- Dividend income is recognised when the right to receive payment is established.
- Interest income is recognised on the time proportion basis.

**2.4 Lease Accounting**

Assets taken on operating lease:

Lease rentals on assets and premises taken on operating lease are recognised as expense in the Statement of Profit and Loss on an accrual basis over the lease term.

**2.5 Inventory**

Raw materials, work in progress, finished goods, packing materials, stores, spares and consumables are carried at the lower of cost and net realisable value. The comparison of cost and net realisable value is made on an item-by-item basis. Damaged, unserviceable and inert stocks are valued at net realizable value.

In determining cost of raw material, packing material, stores, spares and consumables, weighted average cost method is used. Cost of inventory comprises all costs of purchase, duties, taxes (other than those subsequently recoverable from tax authorities) and all other costs incurred in bringing the inventory to their present location and condition.

Cost of finished goods and work-in-progress includes the cost of raw materials, packing materials, an appropriate share of fixed and variable production overheads, excise duty as applicable and other costs incurred in bringing the inventories to their present location and condition. Fixed production overheads are allocated on the basis of normal capacity of production facilities.

**2.6 Investments**

Investments are classified into current and non-current investments. Investments that are readily realisable and intended to be held for not more than a year from the date of acquisition are classified as current investments. All other investments are classified as non-current investments. However, that part of non current investments which are expected to be realised within twelve months from balance sheet date is also presented under "Current Assets" under "Current portion of non current investments".

Current investments are stated at the lower of cost and fair value. The comparison of cost and fair value is done separately in respect of each category of investments.

Non-current investments are stated at cost. A provision for diminution in the value of non-current investments is made only if such a decline is other than temporary in the opinion of the management.

On disposal of an investment, the difference between its carrying amount and net disposal proceeds is recognised in the Statement of Profit and Loss.

**2.7 Transaction in Foreign Currency**

**(a) Initial recognition**

Transactions in foreign currencies entered into by the Company are accounted at the exchange rates prevailing on the date of the transaction. Exchange differences arising on foreign exchange transactions settled during the year are recognised in the Statement of Profit and Loss.

**(b) Measurement of foreign currency items at the Balance Sheet date**

Foreign currency monetary items of the Company are restated at the closing exchange rates. Non-monetary items are recorded at the exchange rate prevailing on the date of the transaction. Exchange differences arising out of these translations are charged to the Statement of Profit and Loss.

**(c) Forward exchange contracts**

The Company enters into forward exchange contracts to hedge against its foreign currency exposures relating to the underlying transactions and firm commitments. The Company does not enter into any derivative instruments for trading or speculative purposes.

The premium or discount arising at the inception of forward exchange contract is amortized and recognised as an expense/income over the life of the contract. Exchange differences on such contracts are recognised in the Statement of Profit and Loss in the period in which the exchange rates change. Any Profit or Loss arising on cancellation or renewal of such forward exchange contract is also recognised as income or expense for the period.

**2.8 Trade Receivables**

Trade Receivables are stated after writing off debts considered as bad. Adequate provision is made for debts considered doubtful.

**2.9 Employee Benefits**

**A. Short Term Employee Benefits**

All employee benefits payable wholly within twelve months of rendering the service are classified as short term employee benefits and they are recognised in the period in which the employee renders the related service. The Company recognises the undiscounted amount of short term employee benefits expected to be paid in exchange for services rendered as a liability (accrued expense) after deducting any amount already paid.

**B. Post-employment benefits**

*(a) Defined contribution plans*

Defined contribution plans are Provident Fund Scheme and Employee State Insurance Scheme. The Company's contribution to defined contribution plans are recognised in the Statement of Profit and Loss in the financial year to which they relate.

The Company contributes to the Government administered provident funds on behalf of its employee.

*(b) Defined benefit plans*

*Defined benefit gratuity plan.*

The Company operates a defined benefit gratuity plan for employees. The contribution is paid to a separate entity (a fund), towards meeting the Gratuity obligation.

The cost of providing defined benefits is determined using the Projected Unit Credit method with actuarial valuations being carried out at each Balance Sheet date. Past service cost is recognised immediately to the extent that the benefits are already vested, else is amortized on a straight-line basis over the average period until the amended benefits become vested.

The defined benefit obligations recognised in the Balance sheet represent the present value of the defined benefit obligations as adjusted for unrecognised actuarial gains and losses and unrecognised past service costs and as reduced by the fair value of plan assets, if applicable. Any defined benefit asset (negative defined benefit obligations resulting from this calculation) is recognised representing the unrecognised past service cost plus the present value of available refunds and reductions in future contributions to the plan.

The Company presents the above liabilities as current and non-current in the balance sheet as per actuarial valuation by the independent actuary; however, the entire liability towards gratuity is considered as current as the Company will contribute this amount to the gratuity fund within the next 12 months

**C. Other long term employee benefits:**

Entitlements to annual leave are recognised when they accrue to employees. Annual leave can be availed or encashed subject to a restriction on the maximum number of accumulation of leave. The Company determines the liability for such accumulated leaves using the Projected Unit Credit method with actuarial valuations being carried out at each Balance Sheet date.

The Company presents this liability as current and non-current in the balance sheet as per actuarial valuation by the independent actuary.

**2.10 Research and Development**

Research and Development expenditure of a revenue nature is expensed out under the respective heads of accounts in the year in which it is incurred.

Fixed Assets utilised for research and development are capitalised and depreciated in accordance with the policies stated for Tangible Fixed Assets and Intangible Assets.

**2.11 Provision for Taxation**

Tax expense comprises of current tax (i.e. amount of tax for the period determined in accordance with the Income Tax Act, 1961) and Deferred tax charge or credit (reflecting the tax effects of timing differences between accounting income and taxable income for the period).

The deferred tax charge or credit and the corresponding deferred tax liabilities or assets are recognised using the tax rates that have been enacted or substantively enacted by the balance sheet date.

Deferred Tax assets are recognised only to the extent there is reasonable certainty that the assets can be realised in future; however, where there is unabsorbed depreciation or carry forward loss under taxation laws, deferred tax assets are recognised only if there is a virtual certainty of realisation of such assets. Deferred tax assets are reviewed as at each balance sheet date to reassess realisation.

**2.12 Provisions and Contingencies**

The Company creates a provision when there exists a present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not require an outflow of resources. When there is a possible obligation or a present obligation in respect of which likelihood of outflow of resources is remote, no provision or disclosure is made.

**2.13 Earnings Per Share**

The Basic and Diluted Earnings Per Share ("EPS") is computed by dividing the profit after tax for the year by weighted average number of Equity Shares outstanding during the year.

**2.14 Proposed Dividend**

The final dividend recommended by the Board of Directors is accounted in the financial year in which it is approved by the shareholders in the Annual General Meeting.

**2.15 Borrowing Cost**

Borrowing cost includes Interest, amortization of ancillary costs incurred in connection with the arrangement of borrowings and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost.

Borrowing costs, if any, directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised. All other borrowing costs are expensed in the period they occur.

**2.16 Cash and Cash Equivalents**

Cash and cash equivalents include cash & cheques in hand, bank balances, demand deposits with banks and other short-term highly liquid investments where the original maturity is three months or less.

**2.17 Government Grant and Subsidies**

Grants in the nature of subsidy which are non-refundable are credited to the statement of profit and loss, on accrual basis, where there is reasonable assurance that the Company will comply with all the necessary conditions attached to them.

Grants in the nature of subsidy which are refundable are shown as liabilities in the Balance Sheet.
