Our Founder & Chairman Shri Ram Avtar Bhageria

Our Founder & Chairman Sh. Ram Avtar Bhageria popularly known as "Babuji" in staff and family circles was an ordinary man, who went on to achieve extra ordinary things in life. Hailing from a small town – "Chirawa", Jhunjhunu Distt., Rajasthan, he moved to capital city of Delhi. He had completed his graduation – a rare thing in those days, from Shri Ram College of Commerce. As was the norm those days, he got married in the year 1952. He had, in his genes, a flair for business. In spite of meager family means, he did not opt for a job. To fulfill his ambitions, he started a small unit to manufacture socks in the year 1954.

Those days, the yarns for the socks were imported. It was only in 1962 that Nylon 6 production was set up by an Indian Company. He sensed an opportunity. His intimate knowledge of different type of yarns and its weaving possibilities led him to become a prominent trader. Soon his business expanded in and around Delhi... North India. In a few years, he became a prime dealer of synthetic yarns for several

companies like J.K. Synthetics, JCT, Modipon etc. After establishing his business firmly in and around Delhi, he opened up an operation in Surat also which was emerging as a textile hub.

As his children grew up and completed their education, he was emboldened enough to make a foray into manufacturing. He set up a small plant at Noida, UP to manufacture Nylon and Polyester Yarn in the year 1994. Soon another plant was set up at Dadra. This plant gradually expanded from 15 TPD to now 130 TPD. Next venture that followed was at Dahej, Gujarat where a modern state of art Yarn facility with continuous polymerization was set up. So, during his life time, starting from scratch, with fierce ambition, vision and courage he created a company with turnover around Rs.1500 crore and employing around 1700 people.

He was a self-made man. One of the most beautiful things of his life was that he left behind no regrets. He did all that he wanted to do and left nothing unsaid to

all those he loved. In his business life, he was a brilliant, shining star perhaps the best among the peers. His knowledge, focus, work ethics, magnetic personality and a sense of fair play were extraordinary.

He had instinct to smell opportunity and translated into business propositions. His ability to learn, to adapt, to change and to always try to do the best was admirable. He was simply an exceptional human being. His journey of five decades was arduous but adventurous and successful.

During his life time, he found enough time, energy and resources for philanthropic activities. A trust was set up to provide financial support to poor and meritorious children in the native town/village. He was a good sportsman and had a special liking for tennis. He had been the president of many prestigious clubs and RWAs.

He lived and enjoyed life in all aspects. His determination, sense of fair play and values will continue to guide us in years to come.

Success doesn't just happen, it is planned for.

At Filatex, the success in all these years came through diligent planning and clinical execution.

- Enhancing product range
- Adding higher margin products.
- Improving capacity utilization
- Consistency in product quality

The result of these was visible in our profit growth in FY2016-17.

While the Polyester Filament Industry (PFY) grew about 8% in FY2016-17, Filatex strengthened its revenues by 21%; profit after tax increased 57%.

Corporate Identity

Filatex India Limited has established a respectable position in Polyester Filament Yarn industry in India.

The company is manufacturing an increasing proportion of value added yarns with versatile applications

The company is balancing its product portfolio and de-bottle necking its capacity to enhance margins.

The company's success is derived from astute capital investments and prudent financial management.

Filatex India Limited

Transition Manufacturing

1.0
1990 - 1995

Noida Plant

- A pioneer in manufacturing of Monofilament yarns in the Indian markets
- Capacity of 500 MT p.a. to manufacture Polyester, nylon and polypropylene monofilament yarns from chips

Product Diversification

2.0
1996 - 2011

Dadra Plant

- Diversified into Polyester POY and Textured Yarn
- Polypropylene Multi filament Dope Dyed Yarns
- Fully Drawn Yarns (FDY)
- Texturizing Machines
- Narrow Woven Fabric Looms

Our products

Polyester Partially Oriented Yarns (POY): Intermediate product, post Texturizing used for producing all kinds of Fabrics.

Drawn Textured Yarn (DTY): Produced by processing POY through a texturing process. Immediate products used for manufacturing Fabrics.

Polypropylene Multifilament Crimp Yarns: Different shades and deniers, the range being used for Socks, Under Garments and Sports Wear.

Monofilament Yarns: Superior technology from Reifenhäuser GmbH, Germany. Used in zippers, fishing nets, sports strings, magic fasteners etc.

Fully Drawn Yarns (FDY): Type of Fully drawn polyester filament yarn which is used for producing all kinds of Fabrics.

Polyester Chips: Industrial intermediate product used to manufacture Polyester Yarn.

Narrow Woven Fabric: Used in manufacture of Carpets, Rugs, Tapes and Ribbons.

Backward Integration

3.0

2012-2015

Dahej Plant

- Fully Integrated – From Raw Material to Finished Products
- Poly-Condensation plant envisaging 600 TPD and 250 TPD POY and 350 TPD of Polyester Chips

Forward Integration

4.0

2016

Dahej Plant

- Commenced production of 115 TPD of FDY
- Added 42 Texturizing Machines to improve Product Mix (Key input for DTY is POY)
- Commenced production of 200 TPD in Sep 2016

Dear Shareholders,

It is a privilege to present the annual review of performance of the company for FY2016-17. I am pleased to inform that the company has performed well and in spite of a challenging year, we have achieved a profitable growth. The company has reported a revenue of Rs 1,550.6 Cr, a growth of 21% Y-o-Y basis. EBIDTA of Rs 132.8 Cr registered an increase of 52% YoY basis. The positive divergence between revenue growth and profit growth indicates the robustness of company's business model and competitive position.

The growth in our numbers extended into our financial ratios. The Company reported an increase of 1.8% in EBIDTA margin to 8.6% and 0.60% increase in PAT margin to 2.7%.

We believe success does not just happen. It has to be diligently planned for. This is our mantra, our buzz word. Diligent planning, well within our resources, gives us the courage to strategize our growth plans.

This improvement is a result of well-conceived and equally well executed plans. Our strategy of adding value added products has given strength both to top line and the

bottom line. During the year FY2016-17, the overall polymer production increased by around 24% on YoY basis. The increase in polymer production was on account of full utilization in FDY & POY lines. Both POY & FDY lines were run at almost 100% capacity. To add value to POY, new DTY machines were commissioned in second quarter. DTY machines have achieved 90% capacity utilization and a major part of DTY production is being exported. The demand for POY/DTY in domestic market was good and a judicious product mix was kept to serve both domestic and export market.

Let me add that today not only us, but other Indian companies are also cost and quality competitive as compared to China, specially, in DTY segment as this process is rather labour intensive. The labour costs in China are three and a half times the India cost. So this has given Indian Companies an opportunity to make inroads into global markets. Last year we exported around 39,083 MTs which in terms of value is around Rs. 300 crores. A large export volume firms up the domestic demand as well as prices which augers well for domestic manufacturers.

Future Growth Plan

The company had planned to add Bright Polymerisation facility, as bright yarn is gaining increasing acceptance in non-apparel application as well. This too is a brown field project, a logical expansion at the same site. Our total capacity of polymer will increase by 300 TPD, which would be in addition to 600 TPD semi dull polymer.

The company has achieved "Financial Closure" for funding the project. After completing Basic engineering & design, the procurement activities and civil construction work are in full swing. All long delivery items and critical equipment have been ordered. The deliveries would start coming from September onwards. Fabrication and Erection contractors are also at site. The structural and fabrication work has already been started. The company plans to achieve completion in a phased manner beginning from end of Jan 2018 and full completion by the end of March 2018.

After commissioning of the bright polymer facility, the company will have a full range of product basket of filament yarn – POY, DTY & FDY both in semi-dull & bright segment in all varieties of coarse and fine deniers. The facilities at Dadra plant be utilized to produce colour yarns, special yarns made from own /bought out chips, customized to its customer needs.

Realigning Our Priorities.

As our daily volumes will go up, we have focused on improving our packaging, warehousing and material handling capabilities. Intensive training modules have been prepared to train workers and supervisors.

Other process and manufacturing systems are well established, robust and safety compliant. Our teams review the same and keep doing fine tuning. We value employee safety and strive for "Zero Accident" work environment. With equal zeal, we follow compliance to all environmental protection codes and regulations.

Another pleasant aspect which I must add is the distinct change in the culture of the company. We have grown from "Hand on" management to professional management. The company values it's "human resources" as a critical factor for its success and values it as precious, if not more, as the state of art technology. Alongwith professional management, next generation of the well-educated and qualified family members have also stepped in and are working their way up bottoms up approach.

On the strength of its well established systems, the Company has been accredited with ISO 9001:2008 BS OSHAS 18001:2007 and ISO 140001:2004. Our products meet the stringent requirements of OKEOTEX which is desirable for global acceptance.

With continued support and co-operation of our long standing customers, dedicated employees, business partners, bankers and all stake holders, we remain committed to the utmost to the future and our efforts will be dedicated to uplift the performance of Indian Textiles in global markets.

Madhu Sudhan Bhageria

(Chairman & Managing Director)

The company had planned to add Bright Polymerisation facility, as bright yarn is gaining increasing acceptance in non-apparel application as well. This too is a brown field project, a logical expansion at the same site. Our total capacity of polymer will increase by 300 TPD, which would be in addition to 600 TPD semi dull polymer.

This is how we have grown over the years

Our commitment

At Filatex, it will be our endeavor to enhance the company's reputation of customer focus and its ability to create value for its stakeholders.

We are confident that our business strategies and implementation efforts will fructify into increase in both revenues and profit.

Target FY 2021-22

- Double the net revenue to Rs. 3,000 crore
- Increase operating margin
- Expected EBIDTA 13-14%

Main contributors

- Increase in share of value-added products
- Utilisation of Polymer capacity to its max
- Balance the product mix between domestic/exports to maintain margin

Intended investments

- Increase automation through ERP
- Recruit, train and retain people
- Facilitate bottom-up idea generation for increased employee motivation

Measuring our performance ambition

- Profitable growth

PAT margin: Grew 0.6% in FY2016-17 – from 2.1% in 2015-16 to 2.7% in FY2016-17

EBIDTA margin: Grew 1.8% in FY2016-17 – from 6.8% in FY2015-16 to 8.6% in FY2016-17

- Consistent value creation

Return on capital employed (returns exclude other income and exceptional items): Grew 3% in FY2016-17 – from 11.1% in FY2015-16 to 14.1% in FY2016-17

- Financial mechanics

Cost of debt: 7.5%, FY2016-17

Debt-equity ratio: 0.82 as on 31 March 2017

Interest cover: 4.5 times as on 31 March 2017

Note:

As sizeable funds deployed in the company's business are in the form of unsecured loans infused by friends, relatives & associates of the promoters to subordinate external debt and keeping in view of basic feature of these loans viz. subordination, long term nature, lower rate of interest and deferability / plough back in interest and repayment, these loans are taken as quasi-equity and repayable on non-preferred basis only if sufficient accruals are available in the long-term. Accordingly, unsecured loans are taken as quasi-equity and excluded in the calculation of debt.

Filatex - Raising the bar

Need: Customers need a wide range of synthetic textile yarns

Response: Filatex is widening its products portfolio

portfolio

- Extension into value-added products to cover full range
- Provides a complete polyester filament yarn basket to customers
- Provide high-quality yarn consistently

Need: Customers need to work with reliable yarn manufacturers

Response: Filatex showcased extreme efficiency in timely delivery

delivery

- Strengthened its delivery schedule network
- Improvement in packaging.
- The textured yarn capacity was commissioned on schedule despite the prevailing monsoonal challenge.
- Empowered the team with authority and responsibility for redressal of customer complaints

Need: Growing competition

Response: Filatex expanded market reach to global levels
better product mix

product mix

- Increase in the proportion of revenues from value-added products
- Value-added products strengthened exports to 19.4% of revenues in FY2016-17
- Exporting to 28 countries across the globe.

Need: Growing competition

Response: Empowering workers and managers

empower- ing

- Empowered employees and involved them in active decision-making
- Special focus on employee skill development through regular training
- Encouraged ideas bottom up to keep the team motivated and engaged

Filatex is transforming faster than ever

- From one manufacturing location to three.
- From one product to multiple products portfolio.
- From promoter-driven to a combination of promoters and professionals.
- From commodity offering to a specialized products offering.

Sectoral context

Use of man made fibre growing faster than cotton

Increasing application in lifestyle apparels

Growing use in non-apparels applications like automobile upholstery and home furnishing

Growing aspirations in line with increasing per capita incomes

Addressing sectoral realities

Invested in ISO certified units

Strong brand respected for quality and reliability

Embarked on process automation

Extensive employee empowerment

Introduction of value-added products

Effective business model

Increase in operating margin

Rising exports with better margins

Robust Balance Sheet with a long-term debt-equity

Presence across the value-chain; captive production of intermediaries

From a promoter-driven organization to a combination of professionals and promoters

- There has been extensive delegation in decision-making from the promoters to professionals coupled with accountability

- The company invested in employee skill development and training

From commodity presence to value-addition

- Invested in bright FDY commanding higher delta over POY

- Nearly 61% of the Company's revenues were derived from value-added segments in FY2016-17 as against 36% in FY2015-16).

- The Company intends to raise the proportion of niche value-added products.

From a limited product basket to a one-stop shop

- The Company commenced with the manufacture of Monofilament Yarn and has now extended to Bright FDY

- The Company manufactures a large product range for downstream users

- The Company's portfolio comprises intermediary products to multiple yarn varieties

From a largely domestic company to global presence

- Export revenues, including deemed exports and export incentives, were Rs. 102.13 crore in FY2015-16, which increased to Rs 300.26 crore in FY2016-17

- High value yarns generated export demand and higher realisations

- Exports are likely to increase to 25% of the Company's revenues by FY2020-21

Enhancing profit of the Company

- Improved profitability
- Increased capacity of value-added products
- Growing focus on accruals to fund expansions

- Focus on commissioning plants faster than benchmarks, saving time

Industry positioning

GLOBAL TEXTILE INDUSTRY

The increase of the world fibre consumption was 1.5% up to 99million tons in 2016. Oil based synthetic fibres had the biggest share with 62.7%, Cellulosic and protein based fibre constitute the balance 37.3%, break-up of this balance being cotton (24.3%), wood based cellulose fibres around (6.6%), other natural fibre (5.3%) and wool (1.1)%.

Polyester fibre has gradually become the fibre of choice with in the textile industry, owing to its price, physical properties, and versatility. Today polyester fibre market accounts for about half of total global fibre market. In 2016, demand for polyester fibre is dominated by polyester yarn, which accounted for 68% of overall consumption.

Polyester has overtaken cotton as the dominant fibre, but the cost and availability still does & plays a significant role in the inter-fibre substitution. Crude oil price and cotton prices will affect the demand for respective fibre in the world. Increase in demand for apparels, home textiles and technical textiles is sustainable as the macro economic scenario has recovered. Home furnishings constitute second largest end use sector contributing about 25% volume produced globally.

INDIAN TEXTILE INDUSTRY

The textile and apparel industry can be broadly divided into two segments - yarn & fibre and processed fabric including garments/made-ups. India accounts for 14% world production of all textile fibres and yarn (largest producer of jute and second largest producer of silk and cotton). The major applications of polyester fibres is production of fabric which further used in apparel, home furnishing, technical textile, kids wear and women wears.

The main competitor to polyester continues to be cotton. A recent "CARE" rating reports 5% decline in India's cotton yarn production for FY2016-17 at 3939 million kg as compared 4138 million kg FY2015-16. Easy availability of man-made fibre at competitive rates has led to slower growth of cotton yarn production. Polyester now has become the yarn for the masses.

The textile industry, by its vary nature,is labour intensive. Currently, Indian labour costs are around one third to that of Chinese labour. This has resulted in Indian products being price competitive in international market. The export of texturizing yarn has grown significantly and

as a consequence the demand and prices in domestic market have also firmed. India, as a country, is in strong position to capture increasing share in the yarn market. To be able to compete aggressively, some initiatives from "Government of India " are necessary by way of ensuring availability of key raw materials, uninterrupted & stable power supply at competitive rates and availability of low cost funds for operations. Besides this, in order to boost more investment for new capacities/modernization, "Government of India" has announced initiative like introducing mega package for power loom sector, encourage "India Handloom", revised and restructured technology upgradation fund scheme.

In 2016, Government of India already approved the implementation of GST which likely to show positive sign in the growth of economy

India has been able to capture some share in PFY export markets in the past five years, especially in Brazil and Turkey, which also accounted for 41% of global trade in textured polyester yarn. India ate into Indonesia and China's share of PFY exports to these destinations, as a 25% depreciation in the rupee between 2010 and 2015 rendered its exports cheaper.

Long-term outlook

CRISIL Research expects total PFY demand to record 7-8% CAGR during FY2015-16 to FY2020-21 (vis-à-vis 7% CAGR in the past five years), driven by exports. Exports of textured yarn shot up to 16% CAGR in the past five years on account of a low base and favourable exchange rates. In the long term, it is expected that textured yarn

exports could continue to grow steadily, substituting direct POY exports. On the other hand, domestic demand is expected to post 6-7% CAGR. Demand for PFY from apparel manufacturers (account for nearly 82% of overall domestic demand) is expected to grow at 5.5-6.0% CAGR, as apparel demand posts a 5-6% CAGR in the next five years.

Moreover, demand from new applications such as sportswear, underwear, and bedding will enhance demand. Cost and other advantages could also help PFY substitute cotton and other fibres as has been the trend globally.

GROWTH DRIVERS

Affordability: Polyester is wrinkle-free material with wide use in formal wear within the apparel industry. The fibre does not shrink and is often blended with other fibres to make it water-resistant. Polyester does not lose lustre over time.

Increasing per capita income: India's per capita disposable income increased from Rs. 73,476 in fiscal 2012 to Rs. 107,817 in Fiscal 2016 (base year Fiscal 2012, at current prices, inclusive of other current transfers (net) from rest of the world). Increasing disposable income increased demand for value-added products. The demand for premium apparel is likely to increase adding to the 'look good' factor, catalyzing polyester demand.

Rapid urbanisation: According to projections, an estimated 140 million Indians could move to cities by 2020 and 700 million by 2050. Besides, the number of cities with population above one million could nearly double with increase in the number of mega-cities (above five million) to 10 by 2021 and 36 by 2051. Urbanization is expected to result in a growing demand for fashionable products, durable garments and fabric that meet aesthetic requirements. (Source: livemint.com, CII Booz IU report)

Changing aspirations: Increase in income levels, shift in employment patterns, exposure to global trends and increase in discretionary spending resulted in changing consumer aspirations. With increasing incomes and nuclear families, discretionary spending has risen, catalyzing the demand for home furnishings, fashionable garments and sportswear.

Emerging workforce: India has the second largest workforce in the world with 860 million 15–64 year

olds, which constitutes approximately 66% of the total population. More than 50% of the population comprises the youth, either working or in academics. Polyester is increasingly used in formal wear garments, strengthening consumption.

Anti-dumping: Exports to China were only USD 9 billion in FY2015-16, but imports totalled USD 61.7 billion. India is probing an inspection and likely to impose an anti-dumping policy that could drive the domestic synthetic yarn sector. Anti-dumping duties provide a level playing field to the local industry against cheap imports.

Budget boost: The government allocated Rs 200 crores under Pradhan Mantri Paridhan Rojgar Protsahan Yojna (PMRPY). This new scheme provides the Employee Pension Scheme contribution of 8.33% of the employers for all new employees enrolling in EPFO under PMRPY for the first three years of their employment. Integrated Scheme for Skill Development for the textile sector received Rs. 174 crores for under-skilled factory workers. Apart from this funding, the textile sector was allocated Rs 6,230 crore in Union Budget 2017-18. [<http://www.textileexcellence.com>]

GST: The new indirect tax regime is expected to enhance compliance, uniform tax rates and structure with the removal of cascading taxes resulting in lower transaction costs. The polyester yarn industry is likely to benefit. Major yarn producers are likely to cater the fabric and garment sector after rationalization of GST. Now, Fabric and Garment sector will see a good investment from organized sector.

Downstream consumers

Apparel

Polyester Filament Yarns are extensively used in apparels – Trousers, Shirts, Suitings & Sarees. PFY is a strong filament that can withstand strong & repetitive movements. Colour Fastness of Polyester Fiber is excellent. Its wear resistant, water resistant, wrinkle resistant and hydrophobic properties make it ideal for all kinds of apparels.

Home Textiles & Furnishings

Fully Drawn Yarn of Polyester are being used for Home Furnishings, Fashion Fabrics, Terry Towels, Bed Sheets, Curtains & Carpets. Other growing applications are Upholstery Fabrics. Stain resistance makes it ideal for carpets.

Sportswear

The preferred material for sportswear is Polyester Yarn. Sports leisure clothings require a fabric that's not only strong & durable but also abrasion resistant. Ease of washing & corrosion resistance make them easy to maintain with longer usage life.

Women wear & under Garments

In these garments, seam softness is critical. The Textured Micro Denier have met the expected requirements and are being used in Lingerie, Performance garments – Active wear, Yoga wear, low shrinkage to ensure no seam distortion after washing & soft feel make these yarns ideal choice.

Miscellaneous

XI. The Results declared alongwith the report of the Scrutinizer shall be placed on the website of the Company and on the website of NSDL immediately after the declaration of result by the Chairman or a person authorized by him in writing. The results shall also be immediately forwarded to stock exchanges.

EXPLANATORY STATEMENT PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013 ("Act")

Item No. 3

This Explanatory Statement is provided though not strictly required as per Section 102 of the Act.

In accordance with the provisions of Section 139 of the Companies Act, 2013 read with Rule 6 of the Companies (Audit and Auditors) Rules, 2014, M/s Amod Agrawal & Associates, the present Auditors of the Company complete their term as Auditors for more than 10 years.

M/s Arun K. Gupta & Associates, Chartered Accountants, having Registration No. 000605N, being eligible for appointment under the provisions of the Companies Act, 2013 and furnished their consent to act as the Statutory Auditors, in terms of the second proviso to Section 139 of the Act and also provided a certificate to the effect that their appointment, if made, shall be in accordance with the criteria and conditions laid down under Section 141 of the Act.

In view of the above, the Board of Directors, on the recommendations of the Audit Committee, in its meeting held on 9th May, 2017, has appointed M/s Arun K. Gupta & Associates (Firm Registration No. 000605N) as the Statutory Auditors to hold office for a term of five years commencing from the Company's financial year 2017-18 to hold office from the conclusion of the 27th Annual General Meeting of the Company till the conclusion of the 32nd Annual General Meeting to be held in 2022 subject to the approval of the Members at the ensuing Annual General Meeting on such remuneration plus service tax/GST, out-of-pocket expenses etc. as decided by the Board of Directors.

The appointment would also subject to ratification of their appointment by the Members at every intervening Annual General Meeting held after this Annual General Meeting.

Accordingly, consent of the Members of the Company is sought for appointment of M/s Arun K. Gupta & Associates as Statutory Auditors as set out at Item No. 3.

Your Directors recommend passing of the Resolutions at Item No. 3 as an ORDINARY RESOLUTION.

None of the Directors of the Company, Key Managerial Personnel of the Company and their relatives are deemed to be concerned or interested in this resolution.

Item No. 4

The Board, on the recommendation of the Audit Committee, in its meeting held on 9th May, 2017 has approved the appointment and remuneration of the Cost Auditors, M/s Bahadur Murao & Co., to conduct the audit of the cost records of the Company for the financial year ending 31st March 2018. In accordance with the provisions of Section 148 of the Companies Act, 2013, and rules made thereunder, the remuneration payable to the Cost Auditors has to be ratified by the Members of the Company.

Accordingly, consent of the Members is sought for ratification of the remuneration payable to the Cost Auditors for the financial year ending 31st March 2018 as

set out at Item No. 4 by passing an Ordinary Resolution.

Your Directors recommend passing of the Resolutions at Item No. 4 as an ORDINARY RESOLUTION.

None of the Directors of the Company, Key Managerial Personnel of the Company and their relatives are deemed to be concerned or interested in this resolution.

DIVIDEND

In view of the challenging times being faced by the Man Made Fibres Industry and to conserve the resources, the Board has not recommended any dividend on the equity shares for the year 2016-17.

OPERATIONS

During the year under review, the Company achieved turnover of Rs. 155059 lacs as compared to Rs. 127823 lacs in the previous year resulting in increase of 21.31%. Increase in turnover is due to successfully completion

of commercial production for manufacture of 115 TPD of Polyester Fully Drawn Yarn and capacity expansion of value added product - Draw Textured Yarn (DTY) 200 TPD. Consequently, during the year under review, the Company has earned net profit of Rs. 4120 lacs as compared to net profit of Rs. 2627 lacs in the previous year resulting into an increase of 57%.

No material changes and commitments have occurred after the close of the year till the date of this Report, which affect the financial position of the Company.

EXPANSION

The Company has successfully completed commercial production for manufacture of 115 TPD of Polyester Fully Drawn Yarn and capacity expansion of value added product- Draw Textured Yarn (DTY) 200 TPD in September 2016.

The Company has undertaken expansion scheme for putting up additional manufacturing facilities for 190 TPD of Bright Polyester Fully Drawn Yarn, 50 TPD of Semi Dull Fully Drawn Yarn (LBS), 25 TPD of Bright Polyester POY and 85 TPD of Bright Chips is progressing well. The estimated capital outlay is approximately Rs. 340 crores that would be financed from Term Loans comprising of Rupee & Foreign Currency as well as Internal Accruals / Unsecured loans / Equity, if required.

Marginal infrastructure and utilities would be required for the above expansion. This will lead to substantial savings of upto 40% in the capital cost as compared to a new project. Expansion programme execution period is expected to be about 12-15 months as against 24-30 months required for green field project. There will also be marginal additional cost for plant operations and negligible increase in administrative & overhead expenses. The production is expected to commence in the last quarter of financial year 2017-18. Inclusion of the above mentioned value added products will enhance profitability and long term economic viability of the company.

Our product basket at Dahej facility, at present, offers Partially Oriented Yarn (POY), Fully Drawn Yarn (FDY),

Drawn Textured Yarn (DTY) & Chips in Semi Dull range. There is good demand for Bright POY, FDY, DTY & Chips. By adding Bright Polymer & Spinning capacity, our product basket will cater better to our customers. We will also be able to meet our own need of 40 TPD Bright Chips at Dadra plant, which we, presently, purchase from the market.

SUBSIDIARY COMPANY

Filatex Global Pte Limited, Singapore is a Wholly Owned Subsidiary of the Company as on date. No material transaction/ business has taken place during the financial year ended 31st March, 2017. MANAGEMENT'S DISCUSSION AND ANALYSIS

FORWARD LOOKING STATEMENT

The Management of Filatex has prepared and is responsible for the financial statements that appear in this report. These statements are in conformity with accounting principles generally accepted in India.

The statements in this Management Discussion and Analysis describing the Company's objectives, projections, estimates and expectations may be 'forward looking statements' within the meaning of applicable laws and regulations. The Management has made these statements based on its assessment, expectations and projections about the future events. Wherever possible, it has tried to identify such statements by using words such as 'anticipate', 'estimate', 'expect', 'project', 'intend', 'plan', 'believe' and words of similar substance. Such statements, however, involve known and unknown risks, significant changes in political and economic environment in India or key markets abroad, tax laws, litigation, labour relations, exchange rate fluctuations, interest and other financial costs which may cause actual results to differ materially. The Management does not guarantee that these forward-looking statements will be realised, although it believes that it has been prudent in making these assumptions. The Management undertakes no obligation to publicly update any forward-looking statements, whether as a result of new information, future events or otherwise.

GLOBAL ECONOMY

Global Economy and Prospects

Global economic activity showed signs of picking up with a long awaited cyclical recovery in investment, manufacturing and trade. World growth registered a rise from 3.1 percent in 2016 to 3.5 percent in 2017. The momentum is likely to continue and expected growth is likely to be 3.6 percent in 2018. Stronger activity and expectations of more robust global demand, coupled with agreed restrictions on oil supply, have helped commodity prices recover from their troughs in early 2016. Higher commodity prices have provided some relief to commodity exporters and helped lift global headline inflation and reduce deflationary pressures. Financial markets are buoyant and expect continued policy support in China and fiscal expansion and deregulation

in the United States. If confidence and market sentiment remain strong, short-term growth could indeed surprise on the upside.

However, these positive developments should not distract from binding structural impediments to a stronger recovery and a balance of risks that remains tilted to the downside, especially over the medium term. Structural problems such as low productivity growth and high income inequality are likely to persist. Inward-looking policies threaten global economic integration and the cooperative global economic order, which have served the world economy, especially emerging market and developing economies, well. A faster than expected pace of interest rate hikes in the United States could tighten financial conditions elsewhere, with potential further U.S. dollar appreciation straining emerging market economies with exchange rate pegs to the dollar or with material balance sheet mismatches. More generally, a reversal in market sentiment and confidence could tighten financial conditions and exacerbate existing vulnerabilities in a number of emerging market economies, including China – which faces the daunting challenge of reducing its reliance on credit growth. A dilution of financial regulation may lead to stronger near-term growth but may imperil global financial stability and raise the risk of costly financial crisis down the road. In addition, the threat of deepening geopolitical tensions persists, especially in the Middle East and North Africa and now in Korean Peninsula.

Against this backdrop, economic policies have an important role to play in staving off downside risks and securing the recovery, as stressed in previous WEOs. On the domestic front, policies should support demand and balance sheet repair where necessary and feasible, boost productivity through structural reforms, well-targeted infrastructure spending, and other supply-friendly fiscal policy measures; and support those displaced by structural transformation, such as technological change and globalization. Credible strategies are needed in many countries to place public debt on a sustainable path. Adjusting to lower commodity revenues and addressing financial vulnerabilities remain key challenges for many emerging market and developing economies.

The world also needs a renewed multilateral effort to tackle a number of common challenges in an integrated global economy.

World Economy Gaining Momentum.

Economic activity gained some momentum in the second half of 2016 especially in advanced economies. Growth picked up in the United States as firms grew more confident about future demand, and piled up inventories started contributing positively to growth (after five quarters of drag). Growth also remained solid in the United Kingdom, where spending proved resilient in the aftermath of the June 2016 referendum in favour of leaving the European Union (Brexit).

Economic performance across emerging market and developing economies has remained mixed. Whereas China's growth remained strong, reflecting continued policy support, activity has slowed in India because of the impact of the currency exchange initiative, as well as in Brazil, which has been mired in a deep recession. Activity remained weak in fuel and nonfuel commodity exporters more generally, while geopolitical factors held back growth in parts of the Middle East and Turkey. (Ref. IMF report 2017)

INDIAN ECONOMY

During the year 2016-17, the Indian economy grew at 7-7.1% as compared to 7.56% in 2015-16. In the third quarter, on 8th November 2016 Government of India, with immediate effect invalidated high value currency notes (Rs 500 and Rs 1000). The currency crunch situation had arisen and hit the consumption level, stagnant of stock/inventory in large companies, small entrepreneur cut down the production and even shut down the industry in the third quarter which led to slowing down the economy growth. As India is in robust path it may expect the growth of 7.5-7.7% in the next financial year 2017-18. Implementation of GST will have a positive sign on the growth of Indian economy.

In the Union Budget 2017-18, the Finance Minister, Mr Arun Jaitley, has reiterated the major push of the budget proposals is on growth stimulation, providing relief to the middle class, providing affordable housing, curbing black money, digitalisation of the economy, enhancing transparency in political funding and simplifying the tax administration in the country.

India has retained its position as the third largest startup base in the world with over 4,750 technology startups, with about 1,400 new start-ups being founded in 2016, according to a report by NASSCOM. Corporate earnings in India are expected to grow by over 20 percent in FY 2017-18 supported by normalization of profits, especially in sectors like automobiles and banks, while GDP is expected to grow by 7.5 percent during the same period, according to Bloomberg consensus. India's unemployment rate has declined to 4.8 percent in February 2017 compared to 9.5 percent in August 2016, as a result of the Government's increased focus towards rural jobs and the Mahatma Gandhi National Rural Employment Guarantee Act (MGNREGA) scheme.

TEXTILE INDUSTRY OUTLOOK GLOBAL TEXTILE INDUSTRY

The increase of the world fibre consumption was 1.5% up to 99 million tons in 2016. Oil based synthetic fibres had the biggest share with 62.7%, Cellulosic and protein based fibre constitute the balance 37.3%, break-up of this balance being cotton (24.3%), wood based cellulose fibres around (6.6%), other natural fibre (5.3%) and wool (1.1%).

Polyester fibre has gradually become the fibre of choice with in the textile industry, owing to its price, physical properties, and versatility. Today polyester fibre market accounts for about half of total global fibre market. In 2016, demand for polyester fibre is dominated by polyester yarn, which accounted for 68% of overall consumption.

Polyester has overtaken cotton as the dominant fibre, but the cost and availability still does & plays a significant role in the inter-fibre substitution. Crude oil price and cotton prices will affect the demand for respective fibre in the world. Increase in demand for apparels, home textiles and technical textiles is sustainable as the macro economic scenario has recovered. Home furnishings constitute second largest end use sector contributing about 25% volume produced globally.

INDIAN TEXTILE INDUSTRY

Indian Textile Industry continues to be the second largest employer in the economy, the first being agriculture. Textile sector is one of the largest contributors to Indian exports with approximately 11% of total export. Indian

Textile Industry contributes around 14% to overall index of Industrial Production.

The textile and apparel industry can be broadly divided into two segments - yarn & fibre and processed fabric including garments/made-ups. India accounts for 14% world production of all textile fibres and yarn (largest producer of jute and second largest producer of silk and cotton). The major applications of polyester fibres is production of fabric which further used in apparel, home furnishing, technical textile, kids wear and women wears. Technical Textile can be considered as emerging demand of polyester fibres.

The main competitor to polyester continues to be cotton. A recent "CARE" rating reports 5% decline in India's cotton yarn production for 2016-17 at 3939 million kg as compared 4138 million kg 2015-16. Easy availability of man-made fibre at competitive rates has led to slower growth of cotton yarn production. Polyester now has become the yarn for the masses.

In the year 2016, Government decision to demonetize high value currency notes (Rs 500 & Rs 1000) on 8th novemeber caused severe cash crunch. It had an adverse impact for the short period on textile industry as end user segment is extremely fragmented and carried out its business transaction on cash basis. The demand was dull during Q3 and the situation improved gradually in final quarter as the money supply increased.

The textile industry, by its vary nature,is labour intensive. Currently, Indian labour costs are around one third to that of Chinese labour. This has resulted in Indian products being price competitives in international market. The export of texturizing yarn has grown significantly and as a consequence the demand and prices in domestic market have also firmed. India, as a country, is in strong position to capture increasing share in the yarn market. To be able to compete aggressively, some initiatives from "Government of India" are necessary by way of ensuring availability of key raw materials, uninterrupted & stable power supply at competitive rates and availability of low cost funds for operations. Besides this, in order to boost more investment for new capacities/modernization, "Government of India" has announced initiative like introducing mega package for power loom sector,

encourage "India Handloom", revised and restructured technology upgradation fund scheme.

In 2016, Government of India already approved the implementation of GST which likely to show positive sign in the growth of economy. Under GST, 5% uniform rate is likely to be maintain for textile industry.

FILATEX INDIA LIMITED – the Company.

Filatex India Limited is one of the major filament yarn manufacturer having three manufacturing facilities. The locations are at Dahej (Gujarat), Dadra (Union Territory of D&NH) and Noida (UP). The plant at Dahej is an integrated facility with continuous polymerisation. The products basket includes Polyester Filament Yarn, Polypropylene Filament Yarn, Draw Texturised Yarn, Fully Drawn Yarn, Textile Grade Chips, and Narrow Customized Fabrics & Monofilament Yarns.

| Production Capacity of the Product | Production Capacity TPA | Capacity Under Expansion |
|------------------------------------|-------------------------|--------------------------|

PRODUCTION PERFORMANCE

During the year 2016-17, the overall polymer production increased by around 24% on YoY basis. The increase in polymer production was on account of full utilization in FDY & POY lines. Both POY& FDY lines were run at almost 100% capacity. To add value to POY, new DTY lines were commissioned in second quarter. DTY lines have achieved 90% capacity utilization and a major part of DTY production is being exported. The demand for POY in domestic market was good and a judicious product mix was kept to service both domestic and export market.

FINANCIAL PERFORMANCE (2015-2016)

Net income from business operation was Rs 156200 crores which is around 21.19% more than last year on YoY basis. The various factors like increase in selling price, increase in production and also increase in export. The performance in third quarter (Q3) was affected by the demonetization which led to slow demand and consequently inventory pile up. Apart from Q3, the performance during the year was good. Due to almost full utilization of POY and FDY Capacity, the operating profit improved to Rs. 144 crores, an increase of 47% on YoY basis.

Profit before tax also improved by 2.28 times YOY basis, to an amount of Rs. 59 crores.

Profit after Tax also improved by 1.57 times as compared to last year.

OVERALL PERFORMANCE

In spite of volatile and fluctuating raw material prices, which are linked to crude and caused inventory losses, the overall performance of the company improved. The operating profit increased to Rs 144 crores, gain of 47% YoY basis. This was achieved primarily by improving the product range. Addition of "Texturising Capacity" has opened up access to a larger market, spread all over the country & abroad. Filatex has begun export of texturised yarn. The company has achieved exports of 35,359 MT of polyester products. We now have our footprints in 31 countries across the world. During the current financial

year, export realisation on account of Polyester yarns was around Rs. 275 Cr.

GROWTH PLAN

The company had planned to add Bright Polymerisation facility, as bright yarn are gaining increasing acceptance in non apparel application as well.

The company has achieved "Financial Closure" for funding the project. The "Breaking Ground" was in January 17 to start the civil works. Basic engineering & design for the plant has been completed. All long delivery items and critical equipment have been ordered. The company plans to achieve completion in a phased manner beginning from end of December 2017 and full completion by the end of February 18.

After commissioning of the bright polymer facility, the company will have a full range of product basket of filament yarn – POY, DTY & FDY both in semidull & bright segment in all varieties of coarse and fine deniers. The facilities at Dadra plant be utilized to produce colour yarns, special yarns made from non/bought out chips, customized to its customer needs.

SWOT ANALYSIS

STRENGTHS

- Over four decades of experience in synthetic yarns
- Amongst India's most cost efficient polyester yarn manufacturers
- Proven track record of operations
- A very short learning curve for new expansion.
- Favourable location of plants in proximity to major consumption centres as well as ports
- Well established distribution network. Good and committed relationship with customers.
- Qualified and experienced professionals with rich and proven experience
- Well established systems for process and plant management, accredited for ISO and OEKO-TEX

CHALLENGES AND THREATS

- Adverse volatility in raw material prices can affect the performance.
- Uncertain availability of PTA from domestic suppliers on account of their frequent breakdowns can reduce capacity utilization at times.

- iii) Low bargaining power against large suppliers of key raw materials

Independent Auditors' Report

To the members of

FILATEX INDIA LIMITED

Report on the Financial Statements

1. We have audited the accompanying financial statements of Filatex India Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2017, the Statement of Profit and Loss, the Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

2. The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements to give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

3. Our responsibility is to express an opinion on these financial statements based on our audit.
4. We have taken into account the provisions of the Act and the Rules made thereunder including the

accounting standards and matters which are required to be included in the audit report.

5. We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act and other applicable authoritative pronouncements issued by the Institute of Chartered Accountants of India. Those Standards and pronouncements require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.
6. An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view, in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.
7. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Opinion

8. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Act in the manner so required and, give a true and fair view in conformity with the accounting principles generally accepted in India,

of the state of affairs of the Company as at March 31, 2017, and its profit and its cash flows for the year ended on that date.

Report on Other Legal and Regulatory Requirements

9. As required by 'the Companies (Auditor's Report) Order, 2016', issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act (hereinafter referred to as the "Order"), and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in the Annexure-A, a statement on the matters specified in paragraphs 3 and 4 of the Order.
10. As required by Section 143 (3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - (c) The Balance Sheet, the Statement of Profit and Loss, and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
 - (d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - (e) On the basis of the written representations received from the directors as on March 31, 2017 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2017 from being appointed as a director in terms of Section 164 (2) of the Act.
 - (f) With respect to adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".

- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our knowledge and belief and according to the information and explanations given to us:

- i) The Company has disclosed the impact, if any, of pending litigations as at March 31, 2017, on its financial position in its financial statements - Refer Note 30 to the financial statements;
- ii) The Company has made provision as at March 31, 2017, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts.
- iii) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company during the year ended March 31, 2017.
- iv) The Company has provided requisite disclosures in the financial statements as to holdings as well as dealings in Specified Bank Notes during the period from 8th November, 2016 to 30th December, 2016. Based on audit procedures and relying on the management representation we report that the disclosures are in accordance with the books of account maintained by the Company and as produced to us by the Management- Refer Note 37 to financial statements.

Annexure A to Independent Auditors' Report

Referred to in paragraph 9 of the Independent Auditors' Report of even date to the members of Filatex India Limited on the financial statements as of and for the year ended March 31, 2017

- i. (a) The Company is maintaining proper records showing full particulars, including quantitative details and situation, of fixed assets.
- (b) The fixed assets have been physically verified by the management during the year in a phased manner and no material discrepancies have been noticed on such verification. In our opinion, the frequency of physical verification of fixed assets is reasonable having regard to the size of the Company and the nature of its assets.
- (c) The title deeds of free hold immovable properties are held in the name of the Company.
- ii. The management has conducted physical verification of inventory at reasonable intervals and no material discrepancies in inventory were noticed on physical verification.
- iii. The Company has not granted any loans, secured or unsecured, to companies, firms or other parties covered in the register maintained under Section 189 of the Companies Act, 2013. Therefore, the provisions of Clause 3(iii), (iii) (a), (iii)(b) & (iii)(c) of the said Order are not applicable to the Company.
- iv. In our opinion and according to the information and explanations given to us, provisions of section 186 of the Companies Act, 2013 in respect of investments made, have been complied by the Company. There are no other loans, guarantees and securities granted in respect of which provisions of section 185 and 186 of the Companies Act, 2013 are applicable.
- v. The Company has not accepted any deposits from the public.
- vi. We have broadly reviewed the books of account maintained by the Company pursuant to the rules made by the Central Govt. for the maintenance of Cost Records under sub section 1 of section 148 of the Companies Act, 2013 and are of the opinion that prima facie the prescribed accounts and records have been maintained. We have however, not made a detailed examination of these records.
- vii. Annexure 'B' to Independent Auditor's Report

REPORT ON THE INTERNAL FINANCIAL CONTROLS

We have audited the internal financial controls over financial reporting of Filatex India Limited ("the Company") as of March 31, 2017 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating

effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both

applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and

that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to financial statement for the year ended 31st March, 2017

1. NATURE OF OPERATION

Filatex India Limited (hereinafter referred to as "the Company") is a manufacturer of Polyester Chips, Polyester/ Nylon/Polypropylene Multi & Mono Filament Yarn and Narrow fabrics.

2. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

a) Basis of preparation

The financial statements of the company have been prepared in accordance with generally accepted accounting principles in India (Indian GAAP). The company has prepared these financial statements to comply in all material respects with the accounting standards notified under the Companies (Accounting Standards) Rules, 2006 (as amended), and the relevant provisions of the Companies Act, 2013. The financial statements have been prepared under the historical cost convention on an accrual basis, except where stated otherwise. The accounting policies adopted in preparation of financial statements are consistent with those of previous year.

b) Use of estimates.

The preparation of financial statements in conformity with Indian GAAP requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, at the end of the reporting period. Although, these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

c) Fixed Assets & Depreciation:

- i) Fixed Assets are stated at cost less accumulated depreciation and impairment loss, if any. Cost comprises the purchase price and any directly attributable cost of bringing the assets to its working condition for its intended use. Any trade discounts and rebates are deducted in arriving at the purchase price.

Borrowing costs relating to acquisition of fixed assets which take substantial period of time to get ready for its intended use are also included to the extent they relate to the period till such assets are ready to be put to use.

Subsequent expenditure relating to an item of fixed asset is added back for its book value only if it increases the future benefits from the existing asset beyond its previously assessed standard of performance. All other expenses on existing fixed assets, including day-to-day repair and maintenance expenditure and cost of replacing parts are charged to the statement of profit and loss account for the period during which such expenses are incurred.

Notes to financial statement for the year ended 31st March, 2017

e) Intangibles

Intangible assets, software's etc. are accounted at their cost of acquisition and amortized over their estimated economic life which is estimated at 5 years.

f) Impairment of Assets

Consideration is given at each balance sheet date to determine whether there is any indication of impairment of the carrying amount of the Company's fixed assets. If any indication exists, an asset's recoverable amount is estimated. An impairment loss is recognized whenever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is defined as value in use. In assessing value in use, the estimated future cash flows are discounted to their present value based on an appropriate discounting factor.

g) Investments

Investments that are readily realizable and intended to be held for not more than a year are classified as current investments. All other investments are classified as long-term investments. Current investments are carried at lower of cost and fair value determined on an individual investment basis. Long-term investments are carried at cost. However, provision for diminution in value is made to recognize a decline other than temporary in the value of such investments.

h) Leases

Where the company is the lessee

Leases where the lessor effectively retains substantially all the risks and benefits of ownership of the leased item are classified as operating leases. Operating lease payments are recognized as expenses in the statement of Profit & Loss Account on a straight-line basis over the lease term.

i) Foreign Currency Transactions

i) Initial Recognition:

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of transaction.

ii) Conversion

Foreign currency monetary items are reported using the closing rate. Non monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction.

iii) Exchange Differences:

Exchange differences arising on the settlement of monetary items or on reporting company's monetary items at rates different from those at which they were initially recorded during the year, or reported in previous financial statements, are recognized as income or as expenses in the year in which they arise.

In terms of the Notification No. G.S.R. 225(E) dated 31.03.2009 as amended till date issued by the Ministry of Corporate Affairs on Accounting Standard (AS-11) read with Clause 4(e) of AS-16 and Para 46A read with clarification issued by the Ministry of Corporate Affairs vide Circular No.25/2012 dated August 09, 2012 on AS-11 relating to "the effects of changes in Foreign Exchange Rates", the Company has exercised option to adjust the foreign exchange difference on long term foreign currency loans to the cost of qualifying capital assets.

iv) Forward exchange contracts not intended for trading or speculation purposes

The Company obtains forward exchange contracts to hedge its risk associated with foreign currency fluctuations. The premium or discount arising at the inception of forward exchange contract is amortized

Notes to financial statement for the year ended 31st March, 2017

as expense or income over the life of the contract. Exchange differences on such contracts are recognized in the statement of profit and loss in the year in which the exchange rates change. Any profit or loss arising on cancellation or renewal of forward exchange contract is recognized as an income or as an expense for the year.

j) Segment Reporting

Identification of Segment:

Secondary Segment

Geographical Segment

The activities of the company relate to single segment i.e manufacture and trading of synthetic Yarn and Textiles and has only one reportable segment. However, the analysis of Company's revenue generation is based on the geographical location of its customer's and does not have any identifiable "Primary Segment" for reporting.

Accordingly, the geographical location segment have been considered for disclosure as follows:

For Sales Revenue:

- Sales within India include sales to customers located within India.
- Sales outside India includes Sales to customers located outside India.

For Carrying amount of Geographical Segment Assets (i.e. receivables);

Carrying amount (receivables) of Geographical segmented assets are as follows:

- Receivables within India
- Receivables outside India

k) Inventories

Inventories are valued as follows:

Raw material, consumables and stores & spares:

Lower of cost or net realisable value. However, materials and other items held for use in the production of inventories are not written down below cost if finished products, in which they will be incorporated, are expected to be sold at or above cost. Cost is determined on Moving Weighted Average Method.

Work in Progress and Finished Goods:

Lower of cost or net realisable value. Cost includes direct materials and labour and a proportion of manufacturing overheads based on normal operating capacity. Cost of finished goods includes excise duty.

Waste

At net realizable value which is the estimated selling price in the ordinary course of business, less selling expenses.

l) Employees Benefits

The employees' gratuity fund and leave encashment schemes are the company's defined benefit plan. The present value of the obligation under such defined benefit plan is determined based on the actuarial valuation using the Projected Unit credit Method.

m) Revenue Recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be measured.

Sale of Goods

Revenue is recognized when the significant risks and rewards of ownership of the goods have been passed to the buyers. Sales are net of return, volume discount, trade discounts & sales tax /VAT including excise duty.

Notes to financial statement for the year ended 31st March, 2017

Export Benefits

Export benefits constituting duty drawback, incentives under FPS/FMS/MEIS and Duty Free Advance License are accounted for on accrual basis.

Interest Income

Interest is recognized on a time proportion basis taking into account the amount outstanding and rate applicable.

Dividend Income

Dividend income is recognized when the company's right to receive dividend is established by the reporting date.

Insurance claims

Insurance claims are recognized to the extent the company is reasonably certain of their ultimate receipt.

n) Borrowing cost

Borrowing cost attributable to acquisitions and construction of assets are capitalized as a part of cost of such assets upto the date when such assets are ready for its intended use and other borrowing cost are charged to Profit & Loss Account.

o) Accounting for Taxes on Income

Provision for tax on income is made after taking into consideration benefits admissible under the provisions of the Income-tax Act, 1961.

Deferred tax resulting from "timing difference" between book and taxable profit is accounted for using the tax rates and laws that have been enacted as on the balance sheet date. The deferred tax asset is recognized and carried forward only to the extent that there is a reasonable certainty that the assets will be realized in future.

Minimum Alternate Tax (MAT) credit is recognized as an asset only when and to the extent there is convincing evidence that the company will pay normal income tax during the specified period. In the year in which the MAT credit becomes eligible to be recognized as an asset in accordance with the recommendations contained in guidance note issued by the Institute of Chartered Accountants of India, the said asset is created by way of a credit to the statement of profit and loss account and shown as MAT Credit Entitlement. The company reviews the same at each balance sheet date and writes down the carrying amount of MAT Credit Entitlement to the extent there is no longer convincing evidence to the effect that Company will pay normal Income Tax during the specified period.

p) Provisions

A provision is recognized when an enterprise has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to its present value and are determined based on best management estimate required to settle the obligation at the Balance Sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the current management estimates.

q) Current and non-current classification

All assets and liabilities are classified into current and non-current.

Assets

An asset is classified as current when it satisfies any of the following criteria:

- (i) it is expected to be realized in, or is intended for sale or consumption in, the Company's normal operating cycle;

**Notes to financial statement** for the year ended 31st March, 2017

- (ii) it is held primarily for the purpose of being traded;
- (iii) it is expected to be realized within 12 months after the reporting date; or
- (iv) it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date.

Current assets include the current portion of non-current financial assets.

All other assets are classified as non-current.

Liabilities

A liability is classified as current when it satisfies any of the following criteria:

- (i) it is expected to be settled in the Company's normal operating cycle;
- (ii) it is held primarily for the purpose of being traded;
- (iii) it is due to be settled within 12 months after the reporting date; or

Current liabilities include current portion of non-current financial liabilities.

All other liabilities are classified as non-current.

r) Cash and Cash Equivalents

Cash and cash equivalents in the balance sheet comprise cash at bank and in hand and short-term investments with an original maturity of three months or less.

s) Contingent Liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the company or a present obligation that is not recognized because it is not probable that an outflow or resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The company does not recognize a contingent liability but discloses its existence in the financial statements.

t) Earnings Per Share (EPS)

Basic earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders (after deducting preference dividends and attributable taxes) by the weighted average number of equity shares outstanding during the year. For the purpose of calculating Diluted Earnings per Share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year and adjusted for the effects of all dilutive potential Equity Shares.

Independent Auditors' Report

To the members of

FILATEX INDIA LIMITED

Report on the Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of FILATEX INDIA LIMITED ("the Holding Company") and its subsidiary (collectively referred to as "the Group"), which comprise the Consolidated Balance Sheet as at March 31, 2017, the Consolidated Statement of Profit and Loss and the Consolidated Cash Flow Statement for the year then ended and a summary of significant accounting policies and other explanatory information (hereinafter referred to as 'the consolidated financial statements').

Management's Responsibility for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation of these consolidated financial statements in terms with the requirement of the Companies Act, 2013 ("the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act, read with rule 7 of the Companies (Accounts) Rules, 2014. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; the selection and application of the appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the

Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing, issued by the Institute of Chartered Accountants of India, as specified under Section 143(10) of the Act. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatements.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation and presentation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India of the consolidated state of affairs of the Group as at March 31, 2017 and their consolidated profit and their consolidated cash flow for the year ended on that date.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, we report, to the extent applicable, that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements;

- (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books;
- (c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss, and the Consolidated Cash Flow Statement dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements;
- (d) In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014;
- (e) On the basis of the written representations received from the directors of the Holding Company as on 31st March, 2017 taken on record by the Board of Directors of the Holding Company, none of the directors of the Group's Companies is disqualified as on 31st March, 2017 from being appointed as a director in terms of Section 164 (2) of the Act.
- (f) With respect to the adequacy and the operating effectiveness of the internal financial controls over financial reporting of the Company and its subsidiary company incorporated in India, since the subsidiary company is not incorporated in India, no separate report on internal financial controls over financial reporting of the group is being issued;
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- i. The consolidated financial statements disclose the impact, if any, of pending litigations as at March 31, 2017, on the consolidated financial position of the Group— Refer Note 30 to the consolidated financial statements.
 - ii. The group had made provision as at March 31, 2017, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the subsidiary Company.
 - iv. The Company has provided requisite disclosures in the financial statements as to holdings as well as dealings in Specified Bank Notes during the period from 8th November, 2016 to 30th December, 2016. Based on audit procedures and relying on the management representation we report that the disclosures are in accordance with the books of account maintained by the Company and as produced to us by the Management— Refer Note no. 37 to financial statements

Other Matters

The accompanying consolidated Financial statements include total assets of ₹ 7.60 lakhs as at March 31, 2017 and total revenues and net cash flows of ₹ Nil and ₹ 6.39 lakhs respectively for the year ended on that date, in respect of Filatex Global PTE Limited (Singapore) (wholly owned subsidiary), which have not been audited, of which unaudited financial statements and other unaudited financial information have been furnished to us. Our opinion, in so far as it relates amounts and disclosures included in respect of these subsidiaries, and our report in terms of sub-sections (3) and (11) of Section 143 of the Act in so far as it relates to the aforesaid subsidiary, is based solely on such unaudited financial statement and other unaudited financial information. In our opinion and according to the information and explanations given to us by the management, these financial statements and other financial information are not material to the group.

Our opinion on the consolidated financial statements, and our report on other Legal and Regulatory Requirements above, is not modified in respect of the above matters and the financial statements and other financial information certified by the Management.

Consolidated Notes to financial statement for the year ended 31st March, 2017

1. PRINCIPLES OF CONSOLIDATION

- a) The consolidated financial statement relates to Filatex India Limited and its Wholly owned Subsidiary companies. The consolidated financial statements have been prepared on the following basis:

The financial statement of the parent company and its subsidiaries have been combined on a line by line basis by adding together the book value of like items of assets, liabilities, Income and Expenses. Intragroup Balances and Intra Group Transactions and resulting unrealised profits are eliminated in full as per Accounting Standard 21, Consolidated Financial Statement notified under companies accounting standard rules, 2006 (as amended). Unrealised Losses resulting from Intra Group transactions are also eliminated unless cost cannot be recovered.

- b) Details of Subsidiary company which is considered in the consolidation and the parent company's holding therein are as under:

| S. No | Name of the Subsidiary Company | Country of Incorporation | Extent of Holding % As on March 31, 2017 | Extent of Holding % As on March 31, 2016 |
|-------|--------------------------------|--------------------------|---|---|
| 1 | Filatex Global PTE Ltd | Singapore | 100% | 100% |

- c) The parent company follows the financial year ending March 31, 2017. The Consolidated Financial statement have been prepared using uniform accounting policies for line transactions and other events in similar circumstances and are presented to the extent possible, in the same manner as the holding company's separate financial statements.

2. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

a) Basis of preparation

The financial statements of the company have been prepared in accordance with generally accepted accounting principles in India (Indian GAAP). The company has prepared these financial statements to comply in all material respects with the accounting standards notified under the Companies (Accounting Standards) Rules, 2006 (as amended), and the relevant provisions of the Companies Act, 2013. The financial statements have been prepared under the historical cost convention on an accrual basis, except where stated otherwise. The accounting policies adopted in preparation of financial statements are consistent with those of previous year.

b) Use of estimates.

The preparation of financial statements in conformity with Indian GAAP requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, at the end of the reporting period. Although, these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

c) Fixed Assets & Depreciation:

- i) Fixed Assets are stated at cost less accumulated depreciation and impairment loss, if any. Cost comprises the purchase price and any directly attributable cost of bringing the assets to its working condition for its intended use. Any trade discounts and rebates are deducted in arriving at the purchase price.

Borrowing costs relating to acquisition of fixed assets which take substantial period of time to get ready for its intended use are also included to the extent they relate to the period till such assets are ready to be put to use.

Subsequent expenditure relating to an item of fixed asset is added back for its book value only if it increases the future benefits from the existing asset beyond its previously assessed standard of performance. All other expenses on existing fixed assets, including day-to-day repair and maintenance expenditure and cost of replacing parts are charged to the statement of profit and loss account for the period during which such expenses are incurred.

Consolidated Notes to financial statement for the year ended 31st March, 2017

- ii) Depreciation has been provided on straight-line method on pro-rata basis at the rates & manner prescribed in Schedule II of the Companies Act, 2013.
 - iii) Depreciation on the amount of additions made to fixed assets due to upgradation / improvements is provided over the remaining useful life of the asset to which it relates.
 - iv) Depreciation on fixed assets added / disposed off during the year is provided on pro-rata basis.
 - v) Lease hold improvements are amortized over the primary period of lease or useful life, whichever is lower.
 - vi) Lease hold Land is amortized on straight line basis over the period of lease.
- d) Expenditure incurred during the construction period.**
- i) Indirect expenditure incurred (net of income, if any) during construction period attributable to the construction cost are capitalized as part of the construction cost.
 - ii) Capital Work in Progress is stated at cost (including borrowing cost, where applicable) incurred during construction, installation/ pre-operative period relating to items or projects in progress.
- e) Intangibles**
- Intangible assets, software's etc. are accounted at their cost of acquisition and amortized over their estimated economic life which is estimated at 5 years.
- f) Impairment of Assets**
- Consideration is given at each balance sheet date to determine whether there is any indication of impairment of the carrying amount of the Company's fixed assets. If any indication exists, an asset's recoverable amount is estimated. An impairment loss is recognized whenever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is defined as value in use. In assessing value in use, the estimated future cash flows are discounted to their present value based on an appropriate discounting factor.
- g) Investments**
- Investments that are readily realizable and intended to be held for not more than a year are classified as current investments. All other investments are classified as long-term investments. Current investments are carried at lower of cost and fair value determined on an individual investment basis. Long-term investments are carried at cost. However, provision for diminution in value is made to recognize a decline other than temporary in the value of such investments.
- h) Leases**
- Where the company is the lessee**
- Leases where the lessor effectively retains substantially all the risks and benefits of ownership of the leased item are classified as operating leases. Operating lease payments are recognized as expenses in the statement of Profit & Loss Account on a straight-line basis over the lease term.
- i) Foreign Currency Transactions**
- i) Initial Recognition:**
Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of transaction.
 - ii) Conversion**
Foreign currency monetary items are reported using the closing rate. Non monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction.
 - iii) Exchange Differences:**
Exchange differences arising on the settlement of monetary items or on reporting company's monetary items at rates different from those at which they were initially recorded during the year, or reported in previous financial statements, are recognized as income or as expenses in the year in which they arise.

Consolidated Notes to financial statement for the year ended 31st March, 2017

In terms of the Notification No. G.S.R. 225(E) dated 31.03.2009 as amended till date issued by the Ministry of Corporate Affairs on Accounting Standard (AS-11) read with Clause 4(e) of AS-16 and Para 46A read with clarification issued by the Ministry of Corporate Affairs vide Circular No.25/2012 dated August 09, 2012 on AS-11 relating to "the effects of changes in Foreign Exchange Rates", the Company has exercised option to adjust the foreign exchange difference on long term foreign currency loans to the cost of qualifying capital assets.

iv) Forward exchange contracts not intended for trading or speculation purposes

The Company obtains forward exchange contracts to hedge its risk associated with foreign currency fluctuations. The premium or discount arising at the inception of forward exchange contract is amortized as expense or income over the life of the contract. Exchange differences on such contracts are recognized in the statement of profit and loss in the year in which the exchange rates change. Any profit or loss arising on cancellation or renewal of forward exchange contract is recognized as an income or as an expense for the year.

j) Segment Reporting

Identification of Segment:

Secondary Segment

Geographical Segment

The activities of the company relate to single segment i.e manufacture and trading of synthetic Yarn and Textiles and has only one reportable segment. However, the analysis of Company's revenue generation is based on the geographical location of its customer's and does not have any identifiable "Primary Segment" for reporting.

Accordingly, the geographical location segment have been considered for disclosure as follows:

For Sales Revenue:

- Sales within India include sales to customers located within India.
- Sales outside India includes Sales to customers located outside India.

For Carrying amount of Geographical Segment Assets (i.e. receivables);

Carrying amount (receivables) of Geographical segmented assets are as follows:

- Receivables within India
- Receivables outside India

k) Inventories

Inventories are valued as follows:

Raw material, consumables and stores & spares:

Lower of cost or net realisable value. However, materials and other items held for use in the production of inventories are not written down below cost if finished products, in which they will be incorporated, are expected to be sold at or above cost. Cost is determined on Moving Weighted Average Method.

Work in Progress and Finished Goods:

Lower of cost or net realisable value. Cost includes direct materials and labour and a proportion of manufacturing overheads based on normal operating capacity. Cost of finished goods includes excise duty.

Waste

At net realizable value which is the estimated selling price in the ordinary course of business, less selling expenses.

l) Employees Benefits

The employees' gratuity fund and leave encashment schemes are the company's defined benefit plan. The present value of the obligation under such defined benefit plan is determined based on the actuarial valuation using the Projected Unit credit Method.

Consolidated Notes to financial statement for the year ended 31st March, 2017

m) Revenue Recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be measured.

Sale of Goods

Revenue is recognized when the significant risks and rewards of ownership of the goods have been passed to the buyers. Sales are net of return, volume discount, trade discounts & sales tax /VAT including excise duty.

Export Benefits

Export benefits constituting duty drawback, incentives under FPS/FMS/MEIS and Duty Free Advance License are accounted for on accrual basis.

Interest Income

Interest is recognized on a time proportion basis taking into account the amount outstanding and rate applicable.

Dividend Income

Dividend income is recognized when the company's right to receive dividend is established by the reporting date.

Insurance claims

Insurance claims are recognized to the extent the company is reasonably certain of their ultimate receipt.

n) Borrowing cost

Borrowing cost attributable to acquisitions and construction of assets are capitalized as a part of cost of such assets upto the date when such assets are ready for its intended use and other borrowing cost are charged to Profit & Loss Account.

o) Accounting for Taxes on Income

Provision for tax on income is made after taking into consideration benefits admissible under the provisions of the Income-tax Act, 1961.

Deferred tax resulting from "timing difference" between book and taxable profit is accounted for using the tax rates and laws that have been enacted as on the balance sheet date. The deferred tax asset is recognized and carried forward only to the extent that there is a reasonable certainty that the assets will be realized in future.

Minimum Alternate Tax (MAT) credit is recognized as an asset only when and to the extent there is convincing evidence that the company will pay normal income tax during the specified period. In the year in which the MAT credit becomes eligible to be recognized as an asset in accordance with the recommendations contained in guidance note issued by the Institute of Chartered Accountants of India, the said asset is created by way of a credit to the statement of profit and loss account and shown as MAT Credit Entitlement. The company reviews the same at each balance sheet date and writes down the carrying amount of MAT Credit Entitlement to the extent there is no longer convincing evidence to the effect that Company will pay normal Income Tax during the specified period.

p) Provisions

A provision is recognized when an enterprise has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to its present value and are determined based on best management estimate required to settle the obligation at the Balance Sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the current management estimates.

q) Current and non-current classification

All assets and liabilities are classified into current and non-current.

**Consolidated Notes to financial statement** for the year ended 31st March, 2017**Assets**

An asset is classified as current when it satisfies any of the following criteria:

- (i) it is expected to be realized in, or is intended for sale or consumption in, the Company's normal operating cycle;
- (ii) it is held primarily for the purpose of being traded;
- (iii) it is expected to be realized within 12 months after the reporting date; or
- (iv) it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date.

Current assets include the current portion of non-current financial assets.

All other assets are classified as non-current.

Liabilities

A liability is classified as current when it satisfies any of the following criteria:

- (i) it is expected to be settled in the Company's normal operating cycle;
- (ii) it is held primarily for the purpose of being traded;
- (iii) it is due to be settled within 12 months after the reporting date; or

Current liabilities include current portion of non-current financial liabilities.

All other liabilities are classified as non-current.

r) Cash and Cash Equivalents

Cash and cash equivalents in the balance sheet comprise cash at bank and in hand and short-term investments with an original maturity of three months or less.

s) Contingent Liabilities.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the company or a present obligation that is not recognized because it is not probable that an outflow or resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The company does not recognize a contingent liability but discloses its existence in the financial statements.

t) Earnings Per Share (EPS)

Basic earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders (after deducting preference dividends and attributable taxes) by the weighted average number of equity shares outstanding during the year. For the purpose of calculating Diluted Earnings per Share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year and adjusted for the effects of all dilutive potential Equity Shares.
