3. MANAGEMENT DISCUSSION AND ANALYSIS

(i) Introduction

The Company is involved in manufacturing activities comprising printing of capital market stationery, commercial printing such as text books, annual reports etc., security printing like MICR cheques, dividend warrants, shares and debenture certificates, railway tickets and coupons, computer stationery, telephone cards (scratch cards), smart cards, recharge coupons and note books etc. The Company is also engaged in packaging activities which include flexible packaging material of multi-layer film laminates, paper board mono cartons, liner carton, display cartons and outer corrugated boxes etc.

There was some reduction in total income and profitability of printing division. However, overall profit margin was better. The performance of the Packaging segments during the year was not up to the mark inspite of increase in total income. This was mainly due to increase in raw material prices and other costs and very high currency movements during the year under Report resulting in wide circulation in raw material prices. The operating profit increased to ₹ 13.87 Crores in the year under report from ₹ 12.43 Crores in previous year.

ii) Review of Operations

The Turnover of the Company was higher at ₹ 211.31 Crores for the year as against ₹ 189.91 Crores in the previous year, registering an increase of 11.27%.

The Turnover of different divisions of the Company was as under:

Division	(₹ In Crores)	
	Current Year	Previous Year
Printing Division	59.77	50.34
Flexible Packaging Division	104.55	95.88
Paper Board Carton Division	46.99	43.69

(iii) Segment Wise Performance

The Business of Company falls under two Segments viz.

(a) Printing (b) Packaging**(a) Printing Division**

The Turnover of Printing Division Increased by 18.73% compared to the previous year. In current year with increased capacity utilization, turnover of this division should improve further.

(b) (i) Flexible Packaging: The turnover of Flexible Packaging Division of the Company increased by 9.04% compared to previous year. In current year with increased capacity utilization, turnover of this division should improve further.

(ii) Paper Board Carton Division: The turnover of the Paper Board Carton Division increased by 7.55 % compared to previous year.

The Company is keenly interested in inducting new technology aimed at upgrading its existing facilities to remain as one of the leading players in the printing and packaging industry. The Company's main thrust now is in paper and paper board related printing and packaging business to safeguard its business interest against any government legislation to curb plastic related packaging on the grounds of environmental pollution. The Company is committed to promote eco-friendly packaging for which it has installed automatic Board to Kraft fluting Lamination Machines. All these machineries and equipment's will help the Company to enhance its business opportunity in value added printing and packaging sector and in export market.

(iv) Future Prospects / Outlook

The present scenario of the printing industry is fragmented and is dominated by a few big players. The printing and packaging industry has lately improved after receiving initial shock of financial crisis in the year 2008-09. There is strong belief that this business improvement will sustain in the future too. The printing and packaging industry is a service provider and it is co-related with the GDP growth of the country as well as the growth of country's educational sector. Since the GDP growth of the country is pegged at 7%, it provides a lot of encouragement for growth of printing and packaging industry. In the present business scenario and with robust GDP growth, the Company is expecting 10% to 15% growth in its business, at least, for next three years. Besides, India's printing and packaging industry has upgraded to international standard in the last five years and thus provides a lot of export business opportunities for the sector. India is gradually establishing itself as a business

sourcing hub for developed countries in printing and packaging materials. Initially, it was China and now India is competing with that country in this sector. Today, the printing and packaging industry export growth is significant compared to last five years. Orient Press has also increased its share of business in exports and will continue to do so in the future. We expect at least 10% growth in this field. Orient Press is constantly upgrading its technology to cater to this market and we expect that in three years our 25% to 30% earnings will be from the export sector which today stands at 20.92%. Exports are growing by 10% and your company is upgrading its technology to cater to this market. Your Company has also received the "Export House" status from the Govt. of India for its consistent export performance.

(v) Industry Structure

Though the printing and packaging industry is one of the biggest employers in the country, the nature of the industry is not organized and it has not been termed as an "Unorganized Industry" by the Government of India. The number of players in our industry is close to 1,30,000 units ranging widely from the highly organized sector to a very small proprietary units. Due to this diversified structure of the industry, growth and profitability are affected by unhealthy competition.

The packaging industry enjoys continuous growth in demand year after year, necessitating large investments for technology up-gradation and automation of manual operations. However fragmented nature of the industry, consequent unhealthy competition put pressures on margins, increasing payback periods for investments. As demand from the larger customers is consistently increasing, it is expected the organized segment will secure larger market share and better margins.

(vi) Opportunities and Threats**(a) Opportunities**

Scenario for future opportunities is bright. In the case of printing segment, the enactment of RIGHT TO EDUCATION, by the Parliament, much larger and increasing allocation of budgetary resources by the Central and State Governments, demand for text books and note books is robust. With government change at center, activities in financial sector have increased and in turn this should help to revive IPO market.

Government is determined to introduce new legislation to curb food adulteration and enforce higher standards of safe and hygienic

ORIENT PRESS LIMITED

packaging. This will result in greater opportunities for the entire packaging industry. Your Company is geared up to meet this challenge and is planning to expand its production capacity in the packaging field to capitalize on this new business opportunity.

(b) Threats

Uncertainty regarding new policies or rules to be enforced for use of plastics in packaging and their impact on the pattern of demand for various types of packaging.

(vii) Risks and Concern

Adverse or sudden changes in policies of environmental protection affecting use of plastics in packaging, international market conditions for petrochemicals affecting raw material prices and unstable demand scenario affecting export volumes and realizations are risk factors which can impact growth and profitability of the industry and your Company.

(viii) Internal Control Systems and their Adequacy

In our opinion there are adequate internal control procedures commensurate with the size of the Company and the nature of its business with regard to the purchase of stores, raw materials, plant and machinery, equipment and other assets and for the sale of goods as well. However the Company is in the process of introducing more systems to strengthen its internal controls.

(ix) Material Developments in Human Resources /Industrial Relations Front

Directly/indirectly your Company is providing employment to more than 500 persons at various levels at its factories and the Corporate Office. Its industrial relations continue to remain cordial.

4. FINANCE

Certificate of Auditors regarding compliance of the conditions of Corporate Governance as stipulated in Clause 49 of the Listing Agreement of the Stock Exchanges is also attached and forms part of this Report.
