Notes:

- The Register of Beneficial Owners and Register of Members and Share Transfer Books of the Company will remain closed from Sunday, 16th September, 2018 to Saturday, 22nd September, 2018 (both days inclusive).
- 2. The Explanatory Statement setting out the material facts, pursuant to Section 102 of the Companies Act, 2013, in respect of the Special Business under Item No. 5 of the accompanying Notice is annexed hereto.
- 3. A MEMBER ENTITLED TO ATTEND AND VOTE AT THE ANNUAL GENERAL MEETING IS ENTITLED TO APPOINT PROXY / PROXIES TO ATTEND AND VOTE ON POLL INSTEAD OF HIMSELF / HERSELF AND SUCH PROXY / PROXIES NEED NOT BE A MEMBER OF THE COMPANY.

Proxies, in order to be effective, should be duly completed, stamped and signed, must be deposited at the Registered Office of the Company not less than Forty Eight hours before the commencement of the Meeting.

A person can act as a proxy on behalf of Members not exceeding fifty and holding in aggregate not more than ten percent of the total share capital carrying voting rights. A Member holding more than ten percent of the total share capital of the Company carrying voting rights may appoint a single person as proxy and such person shall not act as a proxy for any other person or shareholder.

- 4. Corporate Members intending to send their authorized representatives are requested to send to the Company a duly certified copy of the Resolution passed by the Board of Directors authorizing their representatives to attend and vote at the Annual General Meeting.
- 5. Equity Dividend, if approved by the Members at the Annual General Meeting, will be paid to the Equity Shareholders whose names appear in the Register of Member as on Saturday, 15th September, 2018, or Register of Beneficial Owners at the close of business hours on Saturday, 15th September, 2018, as per details furnished by the Depositories for this purpose.
- Pursuant to Regulation 36 (3) of the Securities and Exchange Board of India (Listing Obligation and Disclosure Requirements) Regulations, 2015 and Secretarial Standard -2 on General Meeting, the details of Directors seeking appointment / re-appointment are provided in the "Annexure A" forming part of this Notice.
- 7. In order to enable the Company to remit dividend electronically through National Electronic Clearing Services (NECS), National Electronic Fund Transfer (NEFT), etc. Members are requested to provide / update details of their bank accounts indicating the name of the bank, branch, account number, nine-digit MICR code and IFSC code (as appearing on the cheque) along with photocopy of the cheque / cancelled cheque. The said information should be submitted to the Company, if the shares are held in physical form and to the concerned Depository Participants ('DP'), if the shares are held in electronic form.
- 8. Pursuant to the provisions of Section 72 of the Companies Act, 2013, Members holding shares in physical form and desirous of making a nomination in respect of their shareholding in the Company are requested to submit details to the Registrar and Transfer Agent of the Company, in the prescribed Form SH -13. Members holding shares in demat form may contact their respective DP for recording of nomination.

- In case of joint holders attending the Meeting, the Member whose name appears as first holder in the order of names as per Register of Members of the Company will be entitled to vote.
- 10. Members holding shares:
 - (a.) in electronic (Demat) form are advised to inform the particulars of their bank account, change of address and E-mail ID to their respective DP only. The Company or its Registrar and Share Transfer Agent ('RTA') i.e. Universal Capital Securities Pvt. Ltd. cannot act on any request received directly from the Members holding shares in demat mode for changes in any bank mandates or other particulars etc., and such instructions are required to be given directly by the Members to their DP.
 - (b.) in physical form are advised to inform the particulars of their bank account, change of address and E-mail ID to RTA.
- Members, whether holding shares in electronic or physical mode, are requested to quote their DP ID & Client ID or Folio No. for all correspondences with the Company / RTA.

 - (a) change their residential status on return to India permanently.
 - (b) furnish particulars of bank account(s) maintained in India with complete name, branch, account type, account number and address of the bank with PIN Code No., if not furnished earlier.
- Members holding shares under different Folio Nos. in the same names are requested to apply for consolidation of Folios and send relevant Share Certificates to the Company's RTA for doing the needful.
- 14. The Securities and Exchange Board of India (SEBI) has mandated submission of Permanent Account Number ('PAN') by every participant in securities market. Members holding shares in dematerialized form are therefore requested to submit the PAN to their respective DP. Members holding shares in physical form can submit their PAN details to the Company / RTA.
- 15. Members are requested to note that in case of transfer of shares held in physical form, submission of photocopy of PAN card of the transferee(s) along with the Transfer Deeds and Share Certificate(s) at the time of lodgment of transfer of share is mandatory.

However SEBI has decided that securities of listed companies can be transferred only in dematerialized form from a cut-off date, notified (5th December, 2018). In view of the above and to avail various benefits of dematerialisation, Members are advised to dematerialise shares held by them in physical form.

- 16. Pursuant to the provisions of Section 124(5) of the Companies Act, 2013, the Company will transfer the unclaimed dividend to the Investor Education and Protection Fund (IEPF) established by the Central Government after the expiry of seven years from the date of transfer to unpaid & unclaimed dividend account.
- 17. Members, who have a valid claim to any unclaimed dividend which are not yet transferred, may claim the same from the Company immediately.

Also, pursuant to Section 124(2) of the Companies Act, 2013, the Company has uploaded details of unpaid and

unclaimed amounts lying with the Company in respect of dividends declared, on the website of the Company viz. <u>www.orientpressltd.com</u>.

- 18. All relevant documents referred to in the accompanying Notice and in the Explanatory Statement are open for inspection by the Members at the Registered Office of the Company situated at Plot No. L-31, MIDC, Tarapur Industrial Area, Bursar-401506, Dist. - 19. Register of Directors and Key Managerial Personnel and their shareholding, maintained under Section 170 of the Act and the Register of Contracts or Arrangements in which the Directors are interested, maintained under Section 189 of the Act will be available for inspection by the members at the AGM.
- 20. Pursuant to the provisions of Sections 101 and 136 of the Companies Act, 2013 read with relevant Rules made thereunder, companies can serve Annual Reports and other communications through electronic mode to those Members who have registered their E-mail ID either with their DP or the Company. The Annual Report for the Financial year ended 31st March, 2018 is being sent by electronic mode to those Members whose E-mail IDs are registered with the Company / Depositories, unless a Member has requested for a physical copy of the same.

Physical copies of the Annual Report are being sent by the permitted mode to those Members who have not registered their E-mail IDs. The Annual Report for the year ended 31st March, 2018 is available on the Company's website <u>www.orientpressltd.com</u>.

- 21. Members desiring any information relating to the accounts are requested to write to the Company at an early date so as to enable the management to keep the information ready at the meeting.
- 22. Members who have not registered their e-mail addresses so far, are requested to register their e-mail addresses for receiving all communication including Annual Report, Notices, Circulars, etc. from the Company electronically.
- Members, Proxies and Authorised Representatives are requested to bring the copy of their Annual Report and the Attendance Slip, duly completed and signed mentioning therein details of their DP ID and Client ID/ Folio No. at the Annual General Meeting.
- 24. A route map showing the directions to reach the venue of the 30th AGM is annexed in the end of the AGM Notice forming part of this Annual Report as per requirements of the "Secretarial Standard-2" on General Meetings.
- 25. The requirement to place the matter relating to appointment of Auditors for ratification by members at every Annual General Meeting is done away with vide notification dated 7th May, 2018 issued by the Ministry of Corporate Affairs, New Delhi. Accordingly no resolution is proposed for ratification of appointment of Auditors, who were appointed in the Annual General Meeting held on 23rd September, 2017.

E-voting:

Pursuant of Section 108 of the Companies Act, 2013 read with Rule 20 of Companies (Management and Administration) Rules, 2015, and Regulation 44 of Securities Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, the Company is pleased to provide 'remote e-voting'

MANAGEMENT DISCUSSION AND ANALYSIS

1. Introduction

The Company is involved in manufacturing activities comprising printing of capital market stationery, commercial printing such as text books, annual reports etc., security printing like MICR cheques, dividend warrants, shares and debenture certificates, railway tickets and coupons, computer stationery, telephone cards (scratch cards), smart cards, recharge coupons and note books etc. The Company is also engaged in packaging activities which include flexible packaging material of multi-layer film laminates, paper board mono cartons, liner carton, display cartons and outer corrugated boxes etc.

There was increase in profitability of printing division but there was decrease in the profitability of packaging division. However, overall profit margin was better. The operating profit increased to ₹ 17.24 Crores in the year under report from ₹ 15.83 Crores in previous year.

2. Review of Operations

The Gross Turnover of the Company was higher at ₹226.12 Crores for the year as against ₹202.39 Crores in the previous year, registering an increase of 11.72%.

The Turnover of different divisions of the Company was as under:

Division	Current Year	Previous Year
Printing Division	88.20	68.29
Flexible Packaging Division	105.98	94.69
Paper Board Carton Division	31.94	39.41

(₹ In Crores)

3. Segment Wise Performance

The Business of Company falls under two Segments viz.

- (a) Printing (b) Packaging
- (a) Printing Division

The Turnover of Printing Division of the Company increased by 29.16% compared to the previous year. In the current year turnover of this division should improve further.

- (b) (i) Flexible Packaging: The turnover of Flexible Packaging Division of the Company increased by 11.92% compared to the previous year. In the current year turnover of this division should improve..
 - (ii) Paper Board Carton Division: The turnover of the Paper Board Carton Division of the Company decrease by 18.95% compared to previous year. The division was operated below of its production capacity due to severe competition from the unorganized sector and un-remunerative selling price. In the current year turnover of this division should improve.

The Company is keenly interested in inducting new technology aimed at upgrading its existing facilities to remain as one of the leading players in the printing and packaging industry. The Company's main thrust now is in paper and paper board related printing and packaging business to safeguard its business interest against any government legislation to curb plastic related packaging on the grounds of environmental pollution. The Company is committed to promote eco-friendly packaging for which it has installed automatic Board to Kraft fluting Lamination Machines. All these machineries and equipment's will help the Company to enhance its business opportunity in value added printing and packaging sector and in export market.

4. Future Prospects / Outlook

The present scenario of the printing industry is fragmented and is dominated by a few big players. The printing and packaging industry has lately improved after receiving initial shock of financial crisis in the year 2008-09. There is strong belief that this business improvement will sustain in the future too. The printing and packaging industry is a service provider and it is co-related with the GDP growth of the country as well as the growth of country's educational sector. Since the GDP growth of the country is pegged at 7%, it provides a lot of encouragement for growth of printing and packaging industry. In the present business scenario and with robust GDP growth, the Company is expecting 10% to 15% growth in its business, at least, for next three years. Besides, India's printing and packaging industry has upgraded to international standard in the last five years and thus provides a lot of export business opportunities for the sector. India is gradually establishing itself as a business sourcing hub for developed countries in printing and packaging materials. Initially, it was China and now India is competing with that country in this sector. Today, the printing and packaging industry export growth is significant compared to last five years. Orient Press is constantly upgrading its technology to cater to this market and we expect that in three years our 20% to 25% earnings will be from the export sector which today stands at 11.31%. Your company is upgrading its technology to cater to this market. Your Company has also received the "Export House" status from the Govt. of India for its consistent export performance.

5. Industry Structure

Though the printing and packaging industry is one of the biggest employers in the country, the nature of the industry is not organized and it has not been termed as an "Unorganized Industry" by the Government of India. The number of players in our industry is close to 1,30,000 units ranging widely from the highly organized sector to a very small proprietary units. Due to this diversified structure of the industry, growth and profitability are affected by unhealthy competition.

The packaging industry enjoys continuous growth in demand year after year, necessitating large investments for technology up-gradation and automation of manual

operations. However fragmented nature of the industry, consequent unhealthy competition put pressures on margins, increasing payback periods for investments. As demand from the larger customers is consistently increasing, it is expected the organized segment will secure larger market share and better margins.

6. Opportunities and Threats

(a) Opportunities

Scenario for future opportunities is bright. In the case of printing segment, the enactment of RIGHT TO EDUCATION, by the Parliament, much larger and increasing allocation of budgetary resources by the Central and State Governments, demand for text books and note books is robust. With government change at center, activities in financial sector have increased and in turn this should help to revive IPO market.

Government is determined to introduce new legislation to curb food adulteration and enforce higher standards of safe and hygienic packaging. This will result in greater opportunities for the entire packaging industry. Your Company is geared up to meet this challenge and is planning to expand its production capacity in the packaging field to capitalize on this new business opportunity.

(b) Threats

Uncertainty regarding new policies or rules to be enforced for use of plastics in packaging and their impact on the pattern of demand for various types of packaging.

7. Risks and Concern

Adverse or sudden changes in policies of environmental protection affecting use of plastics in packaging, international market conditions for petrochemicals affecting raw material prices and unstable demand scenario affecting export volumes and realizations are risk factors which can impact growth and profitability of the industry and your Company.

8. Internal Control Systems and their adequacy

The Company has an Internal Control System, commensurate with the size, scale and complexity of its operations. CERTIFICATE OF CORPORATE GOVERNANCE

To the Members of

Orient Press Limited

We have examined the compliance of conditions of Corporate Governance by Orient Press Limited ('the Company') for the year ended March 31, 2018, as per Regulations 17 to 27, clauses (b) to (i) of Regulation 46(2) and Paragraph C, D and E of Schedule V of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('Listing Regulations'). The compliance of conditions of Corporate Governance is the responsibility of the management. Our examination was limited to a review of the procedures and implementation thereof, adopted by the Company for ensuring the compliance of the conditions of the Corporate Governance as stipulated in the said clause. It is neither an audit nor an expression of opinion on the financial statements of the Company.

We conducted our examination in accordance with the Guidance Note on Reports or Certificates for Special Purposes (Revised 2016) issued by the Institute of Chartered Accountants of India (the 'ICAI'). The Guidance Note requires that we comply with the ethical requirements of the Code of Ethics issued by the ICAI. We have complied with the relevant applicable requirements of the Standard on Quality Control ('SQC') 1, Quality Control for Firms that performs Audits and Reviews of Historical Financial Information and other Assurance and Related Service Engagements.

In our opinion and to the best of our information and according to the explanations given to us and the representations made by the management, we certify that the Company has complied with the conditions of Corporate Governance as specified in Regulation 17 to 27, clause (b) to (i) of Regulation 46(2) and Paragraph C, D and E of Schedule V of the Listing Regulations, as applicable.

We further state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the management has conducted the affairs of the Company.

This certificate is issued on the request of the company for the purpose of complying with the aforesaid Regulations only.

INDEPENDENT AUDITOR'S REPORT

To the Members of ORIENT PRESS LIMITED Report on the Standalone Financial Statements

1. We have audited the accompanying standalone IND AS financial statements of **ORIENT PRESS LIMITED** ("the Company"), which comprise the Balance Sheet as at 31st March, 2018, and the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Standalone Ind AS Financial Statements

2. The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (IND AS) prescribed under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone IND AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

- 3. Our responsibility is to express an opinion on these standalone IND AS financial statements based on our audit. In conducting our audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under. We conducted our audit of the standalone IND AS financial statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the standalone IND AS financial statements are free from material misstatement.
- 4. An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the standalone IND AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone IND AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the standalone IND AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the

accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the standalone IND AS financial statements.

5. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone Ind AS financial statements.

Opinion

6. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone IND AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2018, and its profit, total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Other Matter

 Corresponding figures of the Standalone Financial Statements of the company for the year ended March 31, 2017 have been audited by another auditor who expressed an unmodified opinion vide their Independent Audit report dated May 29, 2017

Our opinion on the standalone IND AS Financial Statements is not modified in respect of this matter

Report on Other Legal and Regulatory Requirements

- 8. As required by Section 143(3) of the Act, based on our audit we report, to the extent applicable that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Cash Flow Statement and the Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.
 - d) In our opinion, the aforesaid standalone Ind AS financial statements comply with the Indian Accounting Standards prescribed under Section 133 of the Act.
 - e) On the basis of the written representations received from the directors as on 31st March, 2018 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2018 from being appointed as a director in terms of Section 164(2) of the Act.
 - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
 - g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our

information and according to the explanations given to us:

(Referred to in paragraph 7(f) under "Report on Other Legal and Regulatory Requirements section of our report to the members of **ORIENT PRESS LIMITED** of even date)

We have audited the internal financial controls over financial reporting of Orient Press Limited ("the Company") as of 31st March, 2018 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2018, based on the criteria for internal control over financial reporting established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

The financial statements were authorised for issue by the Board of Directors of the company on 30^{th} May, 2018.

ii) Basis of measurement

The financial statements have been prepared on a historical cost convention basis except for certain financial assets and financial liabilities (including financial instruments) which have been measured at fair value at the end of each reporting period as explained in the accounting policies stated below.

iii) Critical accounting estimates and judgments

The preparation of the financial statements is in conformity with Ind-AS requires management to make estimates, judgments and assumptions. These

estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements. Refer Note No. 3 Information about significant areas of estimation/ uncertainty and judgments in applying accounting policies that have the most significant effect on the financial statements.

2.b Significant Accounting policies

i) Current versus non-current classification

The Company has classified all its assets and liabilities under current and non-current as required by Ind AS 1- Presentation of Financial Statements. The asset is treated as current when it is:

- Expected to be realized or intended to be sold or consumed in normal operating cycle;
- Held primarily for purpose of trading;
- Expected to be realized within twelve months after the reporting period; or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is treated as current when:

- It is expected to be settled in normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period; or

The Company's functional currency is the Indian Rupee. These financial statements are presented in Indian Rupees and all values are rounded to the nearest lakhs, except when otherwise stated.

NOTES ON FINANCIAL STATEMENTS FOR THE YEAR ENDED ON 31st MARCH, 2018

ii) Revenue Recognition and Other Income

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being received. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment including excise duty collected which flows to the Company on its own account but excluding taxes or duties collected on behalf of the government.

The Company follows specific recognition criteria as described below before the revenue is recognized.

- Sale of goods/Services
 - Revenue from sales of goods is recognised when the significant risk and rewards of ownership are transferred to the customers based upon agreed terms and the Company retains no effective control of the goods transferred to a degree usually associated with ownership and no significant uncertainty exists regarding the determination of the amount of consideration or its associated costs, that will be derived from the sales of goods.
 - Sales are net of returns, deductions, rate differences and discounts.
 - Income from delivery /courier charges and income from jobs is recognised on the basis of dispatch of goods.
 - Revenue is measured at the fair value of the consideration received or receivable. The amount recognised as revenue is exclusive of Service Tax, Value Added Taxes (VAT), and Goods and Service Tax (GST) and is net of discounts.

Other Operating Revenue

- Benefits available against exports are estimated at net realizable value and accounted for in the year of exports.Profit / Loss on sale of Licences granted / Status holder incentive Scrip is accounted in the year of such sale.
- Other Income
 - Other income comprises of Interest income earned on financial assets that are not designated as at fair value through profit or loss, Dividend income, Other gains or losses, Other non-operating income
 - Interest income from financial assets is recognized when it is probable that the economic benefit will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on time basis by reference to the principal outstanding and at the effective rate applicable, which is the rate exactly discounts estimated future

cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

- Dividend income from investment is recognized when the shareholder's right to receive payment has been established (provided that it is probable that the economic benefit will flow to the Company and the amount of income can be measured reliably).
- Profit on redemption of investment is recognized by upon exercise of power by the company to redeem the investment held in any particular security / instrument (noncurrent as well as current investment).

iii) Foreign Currency-Transactions and Balances

Transactions in foreign currencies are recorded at the exchange rate prevailing on the date of transaction. Monetary assets and liabilities Denominated in foreign currencies are translated at the functional currency closing rates of exchange at the reporting date. Exchange differences arising on settlement or translation of monetary items are recognized in consolidated statement of profit and loss except to the extent of exchange differences which are regarded as an adjustment to interest costs on foreign currency borrowings that are directly attributable to the acquisition or construction of qualifying assets, are capitalized as cost of assets.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the transaction. Non-monetary items carried at fair value that are denominated in foreign currencies are translated at the exchange rates prevailing at the date when the fair value was determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognized in OCI or profit or loss are also recognized in OCI or profit or loss, Respectively). Foreign exchange differences regarded as an adjustment to borrowing costs are presented in the consolidated statement of profit and loss, within finance costs. All other finance gains / losses are presented in the consolidated statement of profit and loss on a net basis.

iv) Employee Benefits

Short-term obligations

Liabilities for wages and salaries, including nonmonetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employee's services up to the end of the reporting period and are measured at the undiscounted amounts of the benefits expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

NOTES ON FINANCIAL STATEMENTS FOR THE YEAR ENDED ON 31st MARCH, 2018

Other Long-term employee benefit obligations

The liabilities for compensated absences (annual leave) which are not expected to be settled wholly within 12 months after the end of the period in which the employee render the related service are presented as non-current employee benefits obligations. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the Projected Unit Credit method. The benefits are discounted using the market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligations. Re-measurements as aresult of experience adjustments and changes in actuarial assumptions (i.e. actuarial losses/ gains) are recognised in the Statement of Profit and Loss.

The obligations are presented as current in the balance sheet, if the Company does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

Post-employment obligations

The Company operates the following postemployment schemes:

(i) Defined benefit plans such as gratuity

Defined benefit plan - Gratuity Obligations

The Company provides for gratuity, a defined benefit plan (the "Gratuity Plan") covering eligible employees in accordance with the Payment of Gratuity Act, 1972. The Gratuity Plan provides a lump sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of employment.

The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is actuarially determined using the Projected Unit Credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have a terms approximating to the terms of the obligation. The net interest cost, calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of the plan assets, is recognised as employee benefit expenses in the statement of profit and loss.

Re-measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the other comprehensive income in the year in which they arise and are not subsequently reclassified to Statement of Profit and Loss.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in profit or loss as past service cost.

v) Tax Expenses

The tax expense for the period comprises current and deferred tax. Taxes are recognised in the statement of profit and loss, except to the extent that it relates to the items recognised in the comprehensive income or in Equity. In which case, the tax is also recognised in the comprehensive income or in Equity.

Current tax:

Current tax payable is calculated based on taxable profit for the year. Current tax is recognized based on the amount expected to be paid to or recovered from the tax authorities based on applicable tax laws that have been enacted or substantively enacted by the balance sheet date. Management periodically evaluates positions taken in the tax return with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax:

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit.

Deferred tax liabilities are generally recognized for all taxable temporary timing difference. Deferred tax assets are recognized for deductible temporary differences to the extent that it probable that taxable profit will be available against which the deductible temporary difference can be utilized.

The carrying amount of deferred tax assets is reviewed at each reporting date and adjusted to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted on the reporting date. Current and deferred tax for the year are recognized in profit or loss, except when they relate to items that are recognized in

NOTES ON FINANCIAL STATEMENTS FOR THE YEAR ENDED ON 31st MARCH, 2018

other comprehensive income or directlyin equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity respectively.

Minimum Alternate Tax (MAT) Credit:

MAT Credit is recognized as an asset only when and to the extent there is convincing evidence that thecompany will pay normal income tax during the specified period. the year in which MAT credit become eligible to be recognized as an asset in accordance with the recommendations contained in Guidance Note issued by the Institute of Chartered Accountants of India, the said asset is created by way of a credit to the statement of Profit and Loss and shown as MAT credit Entitlement. The company reviews the same at each balance sheet date and writes down the carrying amount of MAT Credit Entitlement to the extent there is no longer convincing evidence to the effect that Company will paynormal income tax during the specified period.

vi) Property, Plant and Equipment

All items of property, plant and equipment are stated at cost, net of recoverable taxes, trade discount and rebates less accumulated depreciation and impairment losses, if any. Such cost includes purchase price, borrowing cost and any cost directly attributable to bringing the assets to its working condition for its intended use.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost can be measured reliably. When significant parts of plant and equipment are required to be replaced at intervals, the company depreciates them separately based on their specific useful lives. All other repairs and maintenance costs are recognized as expense in the statement of profit and loss account as and when incurred.

Expenses incurred relating to project, net of income earned during the project development stage prior to its intended use, are considered as pre - operative expenses and disclosed under Capital Work- in-Progress.

Depreciation on Property, Plant and Equipment has been provided on straight line method and computed with reference to the Useful lifeof respective assets specified and in the manner prescribed in Schedule II of the Companies Act,2013 including pro rata depreciation on additions/deletions made during the year.

Depreciation on additions/ deletions to fixed assets is calculated pro-rata from/ up to the date of such additions/ deletions.

The carrying values of property, plant and equipment are reviewed for impairment when events or changes in circumstances indicate that the carrying value may not be recoverable. The residual values, useful life and depreciation method are reviewed at each financial year-end to ensure that the amount, method and period of depreciation are consistent with previous estimates and the expected pattern of consumption of the future economic benefits embodied in the items of property, plant and equipment.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on disposal or retirement of an item of property, plant and equipment is determined as the difference between sale proceeds and the carrying amount of the asset and is recognised in profit and loss account.

The management believes that the estimated useful lives are realistic and reflects fair approximation of the period over which the assets are likely to be used. At each financial year end, management reviews the residual values, useful lives and method of depreciation of property, plant and equipment and values of the same are adjusted prospectively where needed.

Transition to Ind AS

On transition to Ind-AS, the Company has elected to continue with the carrying value of all of its property, plant and equipment recognised as at April 1, 2016 measured as per the previous GAAP as the deemed cost of the property, plant and equipment.

vii) Intangible Assets and Amortization

- Intangible assets are recognised when the entity controls the asset, it is probable that future economic benefits attributed to the asset will flow to the entity and the cost of the asset can be reliably measured. At initial recognition, intangible assets are recognised at cost. Intangible assets are stated at cost of development or consideration paid for acquisition less accumulated amortisation and accumulated impairment loss, if any.
- Softwares are stated at cost of acquisition and are amortized on straight line basis over a period of five years irrespective of the date of acquisition.

viii) Investment properties

Investment properties are properties that is held for long-term rentals yields or for capital appreciation (including property under construction for such purposes) or both, and that is not occupied by the Company, is classified as investment property.

Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at cost less accumulated impairment loss, if any.

Though the Company measures investment property using cost based measurement, the fair value of investment property is disclosed in the notes.

Fair values are determined based on an annual evaluation performed by an accredited external independent valuer.

NOTES ON FINANCIAL STATEMENTS FOR THE YEAR ENDED ON 31st MARCH, 2018

Investment properties are derecognised either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognised in profit and loss in the period of derecognition.

Transition to Ind AS

The Company has elected to continue with the carrying value for all of its investment property as recognised in its Indian GAAP financial statements as deemed cost at the transition date, viz., 1 April 2016.

ix) Borrowing Costs

General and specific borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. All other borrowing costs are recognised in Statement of Profit and Loss in the period in which they are incurred.

x) Impairment of Non-Financial Assets

The Company assesses at each reporting date as to whether there is any indication that any property, plant and equipment and intangible assets or group of assets, called cash generating units (CGU) may be impaired. If any such indication exists the recoverable amount of an asset or CGU is estimated to determine the extent of impairment, if any. When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the CGU to which the asset belongs.

An impairment loss is recognized in the Statement of Profit and Loss to the extent, asset's carrying amount exceeds its recoverable amount. The recoverable amount is higher of an asset's fair value less cost of disposal and value in use. Value in use is based on the estimated future cash flows, discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and risk specific to the assets. The impairment loss recognized in prior accounting period is reversed if there has been a change in the estimate of recoverable amount.

xi) Inventories

- Raw Material, Store & Spares, Packing Materials and Fuel are valued at cost or net realisable value whichever is lower. The cost includes the purchase price as well as incidental expenses such as freight and is net of Cenvat/VAT/GST benefit available, if any.
- Finished Goods, Stock in trade and Work-inprogress are valued at cost or net realisable value whichever is lower. Cost includes appropriate allocation of overheads.

- Waste/Scrap are valued at net realisable value.
- The cost of Cylinder Base shell which is treated as Inventories up to 31st march,2016 and reclassified as Property, Plant and Equipment, w.e.f 1st April 2016 is amortised over a period of 8 years from the date of purchase and its inventory and amortization is shown under Inventories and Cost of Material Consumed respectively up to 31st march, 2016.
- Cost is arrived at on first-in-first-out (FIFO) basis.

xii) Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognized when the company has present obligation (legal or constructive) as a result of past event and it is probable that outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. The expense related to a provision is presented in the statement of profit and loss net of any reimbursement/contribution towards provision made.

Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

Contingent Liability:

Contingent liability is disclosed in the case;

- When there is a possible obligation which could arise from past event and whose existence will be confirmed only by the occurrence or nonoccurrence of one or more uncertain future events not wholly within the control of the Company or;
- A present obligation that arises from past events but is not recognized as expense because it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation or;
- The amount of the obligation cannot be measured with sufficient reliability.

Contingent asset:

Contingent asset is disclosed in case a possible asset arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company.

Provisions, contingent liabilities, contingent assets and commitments are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

xiii) Leases

Lease rental paid/received on assets taken/given under operating lease are recognized as expenses/income on accrual basis in accordance with the respective lease agreements.

xiv) Cash and Cash Equivalents

Cash and cash equivalents includes cash on hand,

NOTES ON FINANCIAL STATEMENTS FOR THE YEAR ENDED ON 31st MARCH, 2018

balances with bank in current accounts (Other than earmarked) and fixed deposits with bank (free from any encumbrances).

xv) Financial instruments

The Company recognizes financial assets and financial liabilities when it becomes party to the contractual provision of the instrument.

Part I - Financial Assets

Initial recognition and measurement

Financial assets are initially measured at its fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets (other than financial assets at fair value through profit or loss) are added to or deducted from the fair value of the concerned Financial assets, as appropriate, on initial recognition.

Transaction costs directly attributable to acquisition of financial assets at fair value through profit or loss are recognized immediately in profit or loss. However, trade receivable that do not contain a significant financing component are measured at transaction price.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in four categories:

- Financial Assets at amortised cost
- Financial Assets at FVTOCI (Fair Value through Other Comprehensive Income)
- Financial Assets at FVTPL (Fair Value through Profit or Loss)
- Equity investments

Financial Assets at amortised cost:

A Financial Assets is measured at the amortised cost if both the following conditions are met:

- The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

This category is the most relevant to the Company. After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the profit or loss. The losses arising from impairment are recognised in the profit or loss.

Financial Assets at FVTOCI (Fair Value through Other Comprehensive Income)

A Financial Assets is classified as at the FVTOCI if following criteria are met:

The objective of the business model is achieved both by collecting contractual cash flows (i.e. SPPI) and selling the financial assets

Financial instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI). However, the Company recognizes interest income, impairment losses and reversals and foreign exchange gain or loss in the statement of profit and loss. On de-recognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to the statement of profit and loss. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

Financial Assets at FVTPL (Fair Value through Profit or Loss)

FVTPL is a residual category for financial instruments. Any financial instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL.

In addition, the Company may elect to designate a financial instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch'). The Company has not designated any financial instrument as at FVTPL.

Financial instruments included within the FVTPL category are measured at fair value with all changes recognized in the Statement of Profit and Loss.

Equity investments

All other equity investments are measured at fair value, with value changes recognised in Statement of Profit and Loss.

a) De-recognition

A financial asset is primarily derecognized when rights to receive cash flows from the asset have expired or the Company has transferred its contractual rights to receive cash flows of the financial asset and has substantially transferred all the risk and reward of the ownership of the financial asset.

b) Impairment of financial assets

In accordance with Ind AS 109, the Company uses 'Expected Credit Loss' (ECL) model, for evaluating impairment of financial assets other than those measured at fair value through profit and loss (FVTPL).

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original effective interest rate.

NOTES ON FINANCIAL STATEMENTS FOR THE YEAR ENDED ON 31st MARCH, 2018

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial asset. 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months from the reporting date.

For trade receivables, Company applies 'simplified approach', which requires expected lifetime losses to be recognised from initial recognition of the receivables. The Company uses historical default rates to determine impairment loss on the portfolio of trade receivables. At every reporting date, these historical default rates are reviewed and changes in the forward-looking estimates are analysed.

For other assets, the Company uses 12 month ECL to provide for impairment loss where there is no significant increase in credit risk. If there is significant increase in credit risk full lifetime ECL is used.

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/ expense in the Statement of Profit and Loss under the head 'Other expenses'.

Part II - Financial Liabilities

a) Initial recognition and measurement

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts and derivative financial instruments. All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loansand borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

b) Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Company that are not designated as hedging instruments in hedge relationships as defined by Ind-AS 109. Gains or losses on liabilities held for trading are recognised in the profit or loss.

Financial liabilities designated upon initial recognition at fair value through profit or loss is designated as such at the initial date of recognition, and only if the criteria in Ind-AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risks are recognized in OCI. These gains/ loss are not subsequently transferred to statement of profit and loss. However, the Company may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the statement of profit or loss. The Company has not designated any financial liability as at fair value through profit and loss.

Loans and borrowings

This is the category most relevant to the Company. After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are de-recognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss. This category generally applies to borrowings.

c) De-recognition

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

d) Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

xvi) Fair value measurement

The Company measures financial instruments at fair value in accordance with the accounting policies mentioned above. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability or;
- In the absence of a principal market, in the most advantageous market for the asset or liability.

NOTES ON FINANCIAL STATEMENTS FOR THE YEAR ENDED ON 31st MARCH, 2018

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy that categorizes into three levels, described as follows, the inputs to valuation techniques used to measure value. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1 inputs) and the lowest priority to unobservable inputs (Level 3 inputs).

Level 1 — quoted (unadjusted) market prices in active markets for identical assets or liabilities

Level 2 — inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly

Level 3 — inputs that are unobservable for the asset or liability

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

This note summarises accounting policy for fair value. Other fair value related disclosures are given in the relevant notes.

xvii) Earnings Per Share

Basic Earnings per Share (EPS) amounts are calculated by dividing the profit for the year attributable to equity holders by the weighted average number of equity shares outstanding during the year.

Diluted earnings per share adjust the figures used in the determination of basic earnings per share to take into account:

- The after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
- Weighted average number of equity shares that would have been outstanding assuming the conversion of all the dilutive potential equity.

xviii) Segment Reporting

The Company identifies operating segments based on the internal reporting provided to the chief operating decision-maker.

The chief operating decision-maker, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the Board of Directors that makes strategic decisions.

The accounting policies adopted for segment reporting are in line with the accounting policies of the Company. Segment revenue, segment expenses have been identified to segments on the basis of their relationship to the operating activities of the segment.

Revenue, expenses, assets and liabilities which relate to the Company as a whole and are not allocable to segments on a reasonable basis, are included under "Unallocated".

3. KEY ACCOUNTING ESTIMATES AND JUDGEMENTS:

The preparation of the Company's financial statements requires the management to make judgments', estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods. The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below:

i) Income taxes and Deferred tax assets:

The Company's tax jurisdiction is India. Significant judgments are involved in estimating budgeted profits for the purpose of paying advance tax, determining the provision for income taxes, including amount expected to be paid/recovered for uncertain tax positions. Deferred tax asset is recognised for all the deductible temporary differences to the extent that it is probable that taxable profit will be available against which the deductible temporary difference can be utilized. The management assumes that taxable profit will be available while recognizing the deferred tax assets. (Refer note 25 of the financial statements)

ii) Property, Plant and Equipment:

Property, Plant and Equipment represent a significant proportion of the asset base of the Company. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life as prescribed in the Schedule II of the Companies Act, 2013 and the expected residual value at the end of its life. The useful lives and residual values of Company's assets are determined by the management at the time the asset is acquired and reviewed periodically, including at each financial year end. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technical or commercial obsolescence arising from changes or improvements in production or from a change in market demand of the product or service output of the asset.

Premium paid for Leasehold Land is amortised over primary lease period.

Cost of Cylinder Base shell is amortised over a period of 8 years from the year of its purchase as technically assessed.(Refer note 4&5 of the financial statements)

iii) Impairment of non-financial assets:

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or Cash Generating Units(CGU's) fair value less costs of disposal and its value in use. It is determined for an individual asset,

NOTES ON FINANCIAL STATEMENTS FOR THE YEAR ENDED ON 31st MARCH, 2018

unless the asset does not generate cash inflows that are largely independent of those from other assets or a group of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account, if no such transactions can be identified, an appropriate valuation model is used.

iv) Impairment of financial assets:

The impairment provisions for financial assets are based on assumptions about risk of default and expected cash loss rates. The Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

v) Recognition and measurement of defined benefit obligation:

The obligation arising from the defined benefit plan is determined on the basis of actuarial assumptions. Key actuarial assumptions include discount rate, trends in salary escalation and vested future benefits and life expectancy. The discount rate is determined with reference to market yields at the end of the reporting period on the government bonds. The period to maturity of the underlying bonds correspond to the probable maturity of the post-employment benefit obligations. (Refer note 38(i) of financial statements)

vi) Recognition and measurement of other provisions:

The recognition and measurement of other provisions are based on the assessment of the probability of an outflow of resources, and on past experience and circumstances known at the balance sheet date. The actual outflow of resources at a future date may, therefore, vary from the figure included in other provisions.

vii) Contingencies:

Management judgement is required for estimating the possible outflow of resources, if any, in respect of contingencies/claim/litigations against the Company as it is not possible to predict the outcome of pending matters with accuracy. (Refer note 38(f) of the financial statements)

viii) Allowances for uncollected trade receivable and advances:

Trade receivables do not carry any interest and are stated at their normal value as reduced by appropriate allowances for estimated amounts which are irrecoverable. Individual trade receivables are written off when management deems them not collectible. Impairment is made on the expected credit losses, which are the present value of the cash shortfall over the expected life of the financial assets. The impairment provisions for financial assets are based on assumption about risk of default and expected loss rates. Judgement in making these assumptions and selecting the inputs to the impairment calculation are based on past history, existing market condition as well as forward looking estimates at the end of each reporting period.(Refer note 38(d) of the financial statements)

Note: 37 Transition to Ind AS:

The financial statements have been prepared in accordance with the Companies (Indian Accounting Standards) Rules, 2015 (Ind-AS) prescribed under Section 133 of the Companies Act, 2013 and other recognised accounting practices and polices to the extent applicable. The Company has adopted Ind-AS on April 1, 2017 with the transition date as April 1, 2016, and adoption was carried out in accordance with Ind-AS 101 - First Time Adoption of Indian Accounting Standards. The previous period's figures have been regrouped or rearranged wherever necessary.

a) Exemptions and exception availed

Set out below are the applicable Ind AS 101 optional exemptions and mandatory exceptions applied in the transition from Previous Indian GAAP to Ind AS.

(i) Ind AS optional exemptions

1) Deemed Cost

As per Ind AS 101, an entity may elect to use carrying values of all property, plant and equipment and other intangible assets as recognised in the financial statements as at the date of transition to Ind AS, measured as per the Previous Indian GAAP and use that as its deemed cost as at the date of transition.

Accordingly, the Company has elected to measure property, plant and equipment and other intangible assets at their Previous Indian GAAP carrying values. Refer to Note 4 and 5.

2) Determining whether an arrangement contains a lease

Ind AS 101 includes an optional exemption that permits an entity to apply the relevant requirements in Appendix C of Ind AS 17 for determining whether a contract or an arrangement existing at the date of transition contains a lease. If the entity elects the optional exemption, then it assesses whether the lease contracts / arrangements existing at the date of transition contain lease are based on the facts and circumstances existing at that date except where the effect is expected not to be material. The Company has elected to apply this exemption on the basis of facts and circumstances existing as at the transition date.

(i) Ind AS mandatory exceptions

1) Estimates

Under Ind AS 101, an entity's estimates in accordance with Ind AS at 'the date of transition to Ind AS' (i.e. 1 April 2016) or 'the end of the comparative period presented in the entity's first Ind AS financial statements' (i.e. 31 March 2017), as the case may be, should be consistent with estimates made for the same date in accordance with the Previous Indian GAAP.

The Company's Ind AS estimates as at the transition date are consistent with the estimates made as at the same date made under Previous Indian GAAP. Key estimates considered in preparation of the financial statements that were not required under the Previous Indian GAAP are listed below:

- Fair valuation of financial instruments carried at FVTPL.
- Determination of the discounted value for financial instruments carried at amortised cost.

(ii) Classification and measurement of financial assets

Ind AS 101 requires an entity to assess classification and measurement of financial assets on the basis of the facts and circumstances that exists at the date of transition to Ind AS.

b) Notes to the reconciliation of equity as at 1 April 2015 and 31 March 2016 and profit and loss for the year ended 31 March 2016

1) Fair valuation of investments

Under Previous Indian GAAP, investments in equity instruments were classified as long-term investments and current investments, respectively, based on intended holding period and realisability. The long-term investments were carried at cost less provision for other than temporary decline in the value of such investments. The current investments were carried at lower of cost or fair value. Under Ind AS, these investments are required to be measured at fair value. The resulting fair value changes of these investments amounting to ₹ 64.16 Lakhs have been recognised in other equity as at the date of transition (i.e. 1 April 2016). The profit and other equity for the year ended 31 March 2017 has increased by ₹ 8.29 Lakhs due to the fair value changes.

2) Deferred tax assets / liabilities (net)

Previous Indian GAAP requires accounting for deferred tax, using the income statement approach, which focuses on differences between taxable profits and accounting profits for the period. Ind AS requires entities to account for deferred taxes using the balance sheet approach, which focuses on temporary differences between the carrying amount of an asset or liability in the balance sheet and its tax base. In addition, the various transitional adjustments lead to temporary differences. On the date of transition (i.e 1 April 2016), the net impact on deferred tax liabilities is of ₹ 60.31 Lakhs (31 March 2017: ₹ 42.67 Lakhs). The profit and other equity for the year ended 31 March 2016 have increased by ₹ 257.60 Lakhs due to differences in temporary differences.

3) Other Comprehensive Income

Under Previous Indian GAAP, there was no requirement to disclose any item of profit or loss in Other Comprehensive income. However, Ind AS requires certain items of profit or loss to be reclassified to other comprehensive income. Consequent to this, the Company has reclassified remeasurement of defined benefit plans from Statement of Profit and Loss to other comprehensive income

4) Retained earnings

Retained earnings as at 1 April 2016 has been adjusted consequent to the above Ind AS transition adjustements.

Note: 38(d) Financial Risk Management Objectives and Policies :

The Company's principal financial liabilities, other than derivatives, comprise loans and borrowings, trade and other payables, and financial guarantee contracts. The main purpose of these financial liabilities is to finance the Company's operations and to provide guarantees to support its operations directly or indirectly. The Company's principal financial assets include investments, loans, trade and other receivables, cash and cash equivalents that derive directly from its operations.

The Company is exposed to market risk, credit risk and liquidity risk. The below note explains the sources of risk which the entity is exposed to and how the entity manages the risk :

Risk	Exposure arising from	Measurement	Management
Credit Risk	Cash and cash equivalents, trade receivables, derivative financial instruments, financial assets measured at amortised cost.	Aging analysis and Credit ratings	Diversification of bank deposits and credit limits
Liquidity Risk	Borrowings and other liabilities	Rolling cash flow forecasts	Availability of committed credit lines and borrowing facilities
Market Risk - Interest rate	Borrowings at variable rates		Not used any Interest rate derivatives.
Market Risk - Price risk	Equity Instruments	Sensitivity analysis	Company maintains its portfolio in accordance with the framework set by the Risk Management policies.
Market Risk - Foreign exchange risk	Export, Import and Borrowings		Forward contracts and Currency options

Credit Risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss.

Trade receivables

Customer credit risk is managed by the Company's established policy, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed by the management on regular basis with market information and individual credit limits are defined accordingly. Outstanding customer receivables are regularly monitored and any further services to major customers are approved by the senior management. Based on the business environment in which the company operates, Management considers that Trade receivable for both local customers, foreign customers and Government parties are default if the(credit impaired) if receivables are outstanding for more than 3 years.

On account of adoption of Ind-AS 109, the Company uses expected credit loss model to assess the impairment loss or gain. The Company uses a provision matrix to compute the expected credit loss allowance for trade receivables. The provision matrix takes into account available external and internal credit risk factors and the Company's historical experience for customer. The company manages its credit risk through credit approvals, establishing credit limits & monitoring credit worthiness of customer.

NOTES ON FINANCIAL STATEMENTS FOR THE YEAR ENDED ON 31st MARCH, 2018

Financial instruments and cash deposits

Credit risk from balances/investments with banks and financial institutions is managed in accordance with the Company's treasury risk management policy. Investments of surplus funds are made only with approved counterparties and within limits assigned to each counterparty. The limits are assigned based on corpus of investable surplus and corpus of the investment avenue. The limits are set to minimize the concentration of risks and therefore mitigate financial loss through counterparty's potential failure to make payments.

Liquidity Risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they become due. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as and when required.

The Treasury Risk Management Policy includes an appropriate liquidity risk management framework for the management of the short-term, medium-term and long term funding and cash management requirements. The Company manages the liquidity risk by maintaining adequate cash reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities. The Company invests its surplus funds in bank fixed deposit and liquid schemes of mutual funds, which carry no/negligible mark to market risks.

Market Risk

Market risk comprises two types of risk: price risk, interest rate risk and currency risk. The risks may affect income and expenses, or the value of its financial instruments of the Company. The objective of the Management of the Company for market risk is to maintain this risk within acceptable parameters, while optimising returns. The Company exposure to, and the Management of, these risks is explained below:

Price risk

Equity price risk is related to the change in market price of the investments in quoted equity securities. The value of the financial instruments is not material and accordingly any change in the value of these investments will not affect materially the profit or loss of the Company.

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Since, the Company has insignificant interest bearing borrowings, the exposure to risk of changes in market interest rates is very low. The Company has not used any interest rate derivatives.

Interest rate sensitivity

No sensitivity analysis is prepared as the Company does not expect any material effect on the Company's results arising from the effects of reasonably possible changes to interest rates on interest bearing financial instruments at the end of the reporting period.

Foreing Exchange Risk

Foreign exchange risk arises on future commercial transactions and on all recognised monetary assets and liabilities, which are denominated in a currency other than the functional currency of the Company. The Company's management has set policy wherein exposure is identified, benchmark is set and monitored closely, and accordingly suitable hedges are undertaken. Policy also includes mandatory initial hedging requirements for exposure above a threshold.

The Company's foreign currency exposure arises mainly from foreign exchange imports, exports and foreign currency borrowings, primarily with respect to USD, EURO & GBP.

As at the end of the reporting period, the carrying amounts of the company's foreign currency denominated monetary assets and liabilities in respect of the primary foreign currency i.e. USD, EURO, GBP and derivative to hedge the exposure, are as follows:

			(₹ in Lakhs)
Particulars	March 31, 2018	March 31, 2017	April 1, 2016

Derivatives to hedge USD exposure			
Forward contracts	-	-	-
Option contracts	-	-	-
Total Hedge	-	-	-
Net exposure	(82.49)	(19.43)	523.52

The Company's exposure to foreign currency changes for all other currencies is not material.

Foreign currency sensitivity analysis

The following table demonstrate the sensitivity to a reasonable possible change in USD exchange rate, with all other variables held constant. The impact on the Company's profit before tax is due to changes in the fair value of monetary assets and liabilities and derivatives is as follows:

If ₹ had (strengthened) / weakened against USD by 2%

Paticulars	As At 31 March, 2018	As At 31 March,2017
(Decrease) / increase in profit for the year	(129.01)	(48.00)

Note: 38(e) Capital Management :

For the purpose of the Company's capital management, capital includes issued equity share capital, securities premium and all other reserves attributable to the equity holders of the Company. The primary objective of the Company's capital management is to maximise the value of the share and to reduce the cost of capital.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company can adjust the dividend payment to shareholders, issue new shares, etc. The Company monitors capital using a gearing ratio, which is net debt divided by total equity. The Company includes within net debt, interest bearing loans and borrowings, less cash and cash equivalents.

(iv) Related parties identified by the Management and relied upon by the Auditors.

(v) No balances in respect of related parties have been written off.

Note: 38(k) Operating lease arrangements :

The Company has taken/given various premises under cancellable operating leases. These lease arrangements are normally renewable on expiry. The rental expenses in respect of premises taken on operating leases was ₹ 61.86 Lakhs (P.Y. ₹ 53.30 lakhs) and rental income in respect of premises given on operating leases was ₹ 55.42 Lakhs (P.Y. ₹ 41.75 Lakhs).

Note: 38(I) Expenditure on Corporate Social Responsibility :

Section 135 of the Companies Act provides the threshold limit for applicability of the CSR to a Company i.e. (a) net worth of the company to be ₹ 500 crore or more; (b) turnover of the company to be ₹ 1000 crore or more; (c) net profit of the company to be ₹ 5 crore or more. Further as per the CSR Rules, the provisions of CSR are not only applicable to Indian companies, but also applicable to branch and project offices of a foreign company in India CSR Committee and Policy:

Every qualifying company requires spending of at least 2% of its average net profit for the immediately preceding 3 financial years on CSR activities. Further, the qualifying company will be required to constitute a committee (CSR Committee) of the Board of Directors (Board) consisting of 3 or more directors. The CSR Committee shall formulate and recommend to the Board, a policy which shall indicate the activities to be undertaken (CSR Policy); recommend the amount of expenditure to be incurred on the activities referred and monitor the CSR Policy of the company. The Board shall take into account the recommendations made by the CSR Committee and approve the CSR Policy of the company. The company is not meeting the Thrashold limit specified under companies Act. so CSR provision is not applicable for the current year.

Note: 38(m) Revenue recognition under Ind AS 115 :

Under Ind AS 115, an entity recognises revenue when (or as) it satisfies a performance obligation by transferring a promised good or service to a customer. A good or service is considered to be transferred when the customer obtains control. Control of the good or service refers to the ability to direct its use and to obtain substantially all of its remaining benefits (i.e., right to cash inflows or reduction of cash outflows generated by the good or service). Control also means the ability to prevent other entities from directing the use of and receiving the benefit from, a good or service.

Ind AS 115 would be applicable for accounting periods beginning on or after 1 April 2018. The application of this standard is not expected to have any significant mpact on the companies financial statements.

Note: 38(n)

In the opinion of Board of Directors, the assets other than fixed assets and non-current investments have value on realisation in ordinary course of business at least equal to the amount at which they are stated except as otherwise stated. Provision for all known and determined liabilities is adequate and not in excess of the amount reasonably required.

Note: 38(o) Previous year regrouping:

war and a start of a start at a start of a s

Previous year's figures have been regrouped / reclassed, where necessary, to confirm to current year's classification. This does not impact recognition and measurement principles followed for preparation of standalone financial statements.
