8.0 NEW PROJECTS & BUSINESS DIVERSIFICATIONS

In line with the Vision plan of augmenting its Production & Evacuation capacity, technology upgradation, diversification & value-added products, NMDC has taken up many ambitious projects. Some of the projects have been completed and others nearing completion. Action for new projects have been initiated. During the financial year 2016-17, the details of Projects undertaken by NMDC are summarized as under:

A	Completed Projects
1	Crushing & Downhill system of 11B - Kirandul Complex
2	Crushing Plant & Downhill Conveyor - Kumaraswamy
3	1.2 MTPA Pellet Plant - Donimalai
B	Ongoing Projects
1	3 MTPA Iron & Steel Plant - Nagarnar, Chhattisgarh
2	Doubling of KK line between Kirandul to Jagdalpur
3	Doubling of KK line between Jagdalpur to Ambagaon
4	Additional Screening Line & upgradation of existing conveyors
C	Projects awaiting Statutory clearances
1	Screening Plant III - Kirandul Complex
2	Screening Plant II - Donimalai Complex
3	15 MTPA Slurry Pipeline - Kirandul to Nagarnar
D	SPVs
1	Rail SPV (IRCON - SAIL - NMDC-CMDC)
2	State of Karnataka (Steel)
3	State of Jharkhand (Steel)
E	International Projects
1	Tanzania Gold Mine
2.	Legacy Iron Ore Limited, Australia

11B Crushing Plant with Downhill Conveyor was successfully commissioned in 2015 and is in operation now. The associated facilities like service building and telecommunication packages etc are being carried out on the risk and cost of the previous contractors.

The 4th line in Screening Plant of Deposit-10/11A was also completed in 2016-17, which helped in handling of additional ROM upto the tune of 2 MTPA.

Projects / schemes for capacity expansion

To augment the production and to improve the quality of product mix from Bailadila Sector, the schemes like SP-III Kirandul, relocating Crushing Plant-14 and Downhill conveyor, additional screening lines, Rapid Wagon Loading System (RWLS) etc are envisaged. Waste mining and increase in evacuation capacity being a major area of focus for enhancing the life of mines, the schemes like beneficiation plant in Bacheli and Slurry pipeline from Bacheli to Nagarnar has also been taken up.

In the financial year 2016-17, the Company has achieved success in terms of completion of Kumaraswamy Iron Ore Mines, Pellet Plant in Donimalai Complex. The construction activities for Kumaraswamy Crushing & Downhill conveyor was completed in 2015. The Downhill conveyor being one of its kind in India for Iron Ore conveying, due care was taken for commissioning of the conveyor and gradually operate it on full load.

The 1.2 MTPA Pellet plant at Donimalai is under advance stage of commissioning and trial run was taken up during 2016-17.

Panoramic view of the 5.2 km long single flight regenerative downhill conveyor belt at Kumaraswamy Iron Ore Mine, Donimalai, Karnataka

Panoramic view of Pellet Plant at Donimalai, Karnataka

The upcoming schemes in Donimalai Complex includes a second Screening Plant of 10 MTPA for handling the ROM from Donimalai & Kumaraswamy mines in addition to the existing Screening Plant. For improving the rake loading capacity in the Donimalai sector an additional Loading facility of 7 MTPA along with Railway Yard at Ranjitpura is being planned. Railway consultant is being appointed to prepare the TEFR & DPR.

NMDC was in the process of setting up a Dead Burnt Magnesite Plant at Katra, about 55 km from Jammu on Jammu Tikri road through its JV Company JKMD (a JV of NMDC and JKML with equity ratio 74:26). Required statutory clearances for this project was obtained and works were started.

NMDC has made an expenditure of about Rs.60 Crores in this project as of now.

But the project activities have been suspended due to the withdrawal of Environmental clearance by MoEFCC based on feedback from Shrine Board. To resume the project activities, NMDC has taken up the matter at various levels with State Govt., MoEFCC, etc.

Projects / Schemes to enhance evacuation capacity

To augment the evacuation capacity from Bailadila sector, many projects & schemes are taken up like doubling of KK line, Rowghat-Jagdarpur line, Slurry Pipeline etc. Doubling of KK line is executed by Railways as a deposit work and is in advance stage. During the year 2016-17, 33.96 km of railway line was completed in section 1 and 17.6 km was opened for traffic. The works in other two sections are also in advanced stages and is expected to be completed in 2018-19. The completion of this project will augment the evacuation capacity of Bailadila sector through Railway line from 20 MTPA to 40 MTPA.

For increasing the rake loading capacity in Kirandul an uniflow system is being planned. This will reduce the rake loading time and turnaround time of rakes. The scheme for this project has been prepared and in the process appointing a Railway consultant for preparation of TEFR and DPR.

NMDC is also participating in the Rowghat-Jagdarpur Rail line project as a major stake holder with 43% share along with SAIL, IRCON & Govt. of Chhattisgarh being other stake holders with 21%, 26% & 10% respectively. This line will be helpful in reduction of distance by about 260 Kms and facilitate NMDC in the cost competitiveness of Iron Ore supplies in Raipur region. This line will also be helpful for Steel Plant project at Nagarnar for inward & outward traffic and also provide a better customer connectivity for Iron Ore & Steel customers.

NMDC Year Wise CAPEX - in Rs. Crore Excluding Investments in JVs, Subsidiaries, Overseas, etc
(Rs. in Crore)

BRPL is a Joint Venture Company formed by NMDC Limited, SAIL, IRCON and CMDC Limited with NMDC being the major shareholder with 43% equity stake.

NMDC has taken up an ambitious project of laying Slurry Pipeline from Bailadila to Jagdalpur and further upto Visakhapatnam. The capacity of the line 15 MTPA and this will be associated with facilities like beneficiation Plant at Kirandul & Bachel, Pellet Plant at Nagarnar and Vizag. The Slurry Pipeline between Bachel to Nagarnar is being executed by NMDC and from Nagarnar to Vizag is envisaged to be executed in SPV mode. The works for Bailadila to Jagdalpur segment (140 Km) has been taken up. This project is challenging in terms of obtaining various clearances and permissions from statutory bodies and complexity of the route.

The project team along with environment department is working hard for obtaining the Environment & Forest clearances. The enabling work for Pellet Plant at Nagarnar has started and tendering actions for the technological packages have been initiated. The environment clearance for beneficiation plant at Bachel has been obtained.

Steel Plant Project

The progress in the Steel Plant in 2016-17 has been quite good as compared to the previous years in all the fields.

Civil works completed by end March'2016 was 52.6% with an addition of 17.7% during 2016-17, resulting in cumulative completion of civil work of about 70.3%.

Structural erection completed by end March'2016 was 28.3% with an addition of 21.5 % during 2016-17, resulting in cumulative completion of structural erection of about 49.8%.

Equipment erection completed by end March'2016 was 10.8% with an addition of 12.2% during 2016-17, resulting in cumulative completion of equipment erection of about 23.1%.

The CAPEX achievement during the financial year 2016-17 was Rs.2845 Crore as compared to Rs.2507 Crore during 2015-16, with an increase of 13.5%.

The value of works awarded during the Financial year 2016-17 was Rs.617.1 Crore.

The progress in the fourth quarter of 2016-17 was commendable as compared to the other quarters of the financial year.

The project team at Nagarnar is working hard to complete the construction activities by December'2017 and to start the commissioning activities progressively.

Promoting New Steel Plants through SPVs

NMDC is promoting Steel SPVs for setting up new steel plants in the state of Karnataka and Jharkhand and jointly with SAIL at Chhattisgarh. This initiative is under a collaborative approach of Ministry of Steel, GoI and respective State Government. The Steel SPVs shall acquire land, seek water and power allocation and iron ore linkage for setting up the Steel plant and then invite a strategic partner to develop and construct the Steel Plant. NMDC shall ensure the ore linkage to the SPVs through JVs with State Mining corporations.

The Steel SPV in Jharkhand has selected the site and has applied for allocation of land, water and power. In the state of Karnataka, the land acquisition is in advanced stage through KIADB. NMDC has also sought for iron ore allocation in the state of Chhattisgarh, Jharkhand and Karnataka for ore linkage to the steel SPVs.

Implementation of Mine Transport Surveillance System

An MoU was signed between CSIR-CIMFR and NMDC Limited for the following activities at the different projects of NMDC Limited, for a duration of five years:

Phase-I

1. Field assessment and implementation of Mine Transport Surveillance System.
2. Air Quality assessment and implementation of dust suppression system in Crushing, Screening and Loading Plants, Stock Piles and transfer points.

Phase-II

1. Slope stability studies
2. Cost effective and safe blasting solutions
3. Any other activity of mutual interest as per the requirement of NMDC.

Mine Transport Surveillance System (MTSS) has been chosen for implementation at KIOM Kumaraswami, DIOM Donimalai and Donimalai Pellet Plant in first phase.

The brief details of Mine Transport Surveillance System (MTSS) are as follows:

1. Weighbridge Automation
2. Centralized billing and software solution
3. In-motion weigh bridge
4. Perimeter Surveillance/ Virtual Fencing
5. GPS and RFID based tracking
6. Proximity Warning
7. CCTV Surveillance
8. Wireless Networking

Solar Power Projects

With the green energy initiative of Govt. of India focussing more on renewable energies, NMDC has taken up setting up of Solar Power projects (Rooftop & Overland) at its Office premises and at its Paloncha unit. This includes

- (a) 30 KW rooftop solar power generation at Head Office.
- (b) 1 MW rooftop solar power generation at production units of NMDC.
- (c) 5 MW overland solar power generation at SIU, Paloncha, a unit of NMDC.

The rooftop solar power unit at Head office has been commissioned and is in operation. The approval for investment decision for other two solar projects have been obtained and initiated tendering action.

Challenges in Project Execution

The major challenges faced in project implementation are due to delay in obtaining statutory clearances. The delay in obtaining statutory clearances for any particular package affect the integral commissioning of the facilities even if the upstream and downstream facilities are ready.

It is also seen that the project activities are suffering because of the poor financial conditions of the contractors, commercial dispute between the consortium members etc. Project department has taken many pro-active steps to overcome such situations by implementing time based payment mechanism, direct payment to vendors/ sub-contractors, partial taking over of works from the scope of the contractors in line with contract provisions, providing interest bearing advance etc.

8.1 OVERSEAS PROJECTS / NMDC GLOBAL

GOLD MINING PROJECT TANZANIA:

NMDC has got a Mining Lease (ML) of 38.83 km² at Bulyang 'Ombe (Ntobo), Tanzania. It is planned to setup a Pilot Plant of 12 ton per hour initially. Metallurgical Tests of samples have been done. Selection of agency for Design, Engineering and Construction of the Pilot Plant through tendering process is in progress.

8.1.1 Australia

Legacy Iron Ore, Perth, Australia

Legacy Iron Ore Ltd is an ASX listed entity based in Perth, Australia with a focus on iron ore, gold and base metals. NMDC has 78.56% equity in the Company.

Legacy is presently carrying out exploration in its 19 exploration tenements in Western Australia in Iron Ore, Gold and base metals. Legacy has 60% interest in Mt Bevan Iron Ore Project which has a JORC compliant Indicated and Inferred resource of 1.17 billion tonnes magnesite. Legacy's major gold focus lies in the South Laverton region and base metals focus lies in the Koongie Park region of Western Australia.

8.1.2 International Coal Ventures Pvt. Ltd. (ICVL)

ICVL acquired a coking / thermal coal mine in Mozambique in 2014 and operation of the same was taken over by ICVL. ICVL post acquisition of Benga mine at Mozambique made efforts to bring down its cost of production and minimize cash loss in operation, which resulted in significant reduction in cost compared to the pre acquisition era. However, with the depressed coking coal prices, the operations continued to make losses. In view of the same, mining operations was stopped from 31st December 2015.

ICVL undertook strategic review of Benga operations by an external consultant to consider re-starting of operations whilst coking coal prices remained volatile during the year. ICVL is in the process of appointing new contractors for mining and transport operations to restart the coking coal mining operations at Mozambique.

8.1.3 Venture into Strategic Raw materials

Tungsten metal is of strategic importance due to its essential requirement in defence and aerospace sector and currently India meets its entire requirement through imports. NMDC has entered into MoUs with both MIDHANI and DMRL to explore tungsten investment opportunities in India and abroad.

MoU signing between NMDC and DMRL for Preparation of Detail Project Report and Due Diligence of Tungsten Mineral Assets

8.2 Leases for minerals

8.2.1 Iron Ore

8.2.1.1 In Chhattisgarh

NMDC-CMDC Ltd., is a subsidiary of NMDC Ltd.

with equity share holding of NMDC Ltd. and CMDC Ltd. in the ratio of 51:49. This subsidiary Company has been formed to develop, mine, process, raise and sale of iron ore from Deposit No.13 & Deposit No.4 at Bailadila in South Bastar Dantewada, Chhattisgarh. The present Mining Lease Grant status of both the deposits are as follows:

8.2.1.1.1 Bailadila Iron Ore Deposit No.13

Mining lease was granted for Bailadila Iron Ore Dep-13 over an area of 413.745 Ha, in favor of NMDC Ltd. for 50 Years. Performance security has been deposited with the State Government in the form of a bank guarantee for an amount of Rs.426.69 Crores and Mine Development and Production Agreement was signed on 10.01.2017. The lease deed was executed and registered on 10.01.2017 over an area of 315.813 Ha.

ML Grant Order No.F3-84/95/12 dated 07.01.2017 of Deposit No.13, issued by "MRD Government of Chhattisgarh", Para 12 (9) (1) states that "after the execution of the lease deed, NMDC will transfer the Mining Lease to the Company "NMDC-CMDC Ltd." Accordingly, NMDC is taking, necessary steps to transfer the Mining Lease of Deposit-13 in favor of "NMDC-CMDC Ltd."

The deposit has mineable reserve of 324.69 MT of Iron Ore and the project is having EC of 10 MTPA. The development of Deposit-13 is being undertaken by NMDC-CMDC Ltd.

8.2.1.1.2 Bailadila Iron Ore Deposit No.4

As per the Minutes of FAC held on 26th December 2016, Agenda No.14 (FNo.8-72/2016- FC), FAC deferred the proposal for approval under section 2(iii) of Forest Conservation Act, 1980 till the submission of inspection report by the team headed by Addl. Director General of Forest (FC). Since obtaining FC was one of the conditions of "LoI" issued by Govt. of Chhattisgarh vide its letter No.F2-20/2005/12 Raipur dated 13.01.2012, the Mining Lease Grant order was not issued by Government of Chhattisgarh and therefore the lease deed could not be executed before the due date of 11.01.2017.

The proposal for Forest Clearance of Deposit-4 was again deliberated in the FAC meeting held on 28.02.2017 (Ref: F No.8-12/2016-FC), under agenda No.7. FAC after thorough deliberation on the inspection report submitted by the Committee headed by ADG(FC), decided not to recommend the proposal.

25.0 NMDC STRATEGIC MANAGEMENT PLAN (NMDC VISION 2025)

A long-term strategic management plan (SMP), 'Vision 2025' was formulated in 2015 as per which its Iron ore Mining capacity was envisaged to be increased to 75 million tonnes per annum (MTPA) by 2018-19 and 100 MTPA by FY 2021-22.

Since the formulation of SMP, the business environment for commodities/iron ore witnessed severe downturn, necessitating a re-look at the ambitious growth agenda. The prices of steel products and iron ore have come down

Annual Plan Meeting 2017-18

significantly and global surplus scenario is likely to prevail in the foreseeable future for both the steel and the iron ore industry globally.

Taking into account the market scenario, the SMP was reviewed by NMDC in March, 2016 and expansion targets have been re-worked 50 MTPA by 2018-19 and 67 MTPA by 2021-22.

The above expansion plan of NMDC takes into account the high prospects of the growth of the Indian Steel Industry in the coming years with several factors indicating the same, such as, thrust of the government on infrastructure development, growing urbanization, extensive plans of rail network expansion, improving power generation, etc. Low per capita steel consumption in the country at 63 kg/t vis-à-vis the world average of 208 kg/t also indicate the huge growth potential the Indian steel industry has.

Besides the expansion plan, the SMP approved by the Board in June, 2015 also envisaged introduction of systemic interventions in six strategic transformation areas - Business, Operations, Sustainability, Capital Projects, Human Resource and IT. Several initiatives in this respect are under implementation such as, License-to-Operate computer-based model (in which all the statutory approvals will be brought under one umbrella, driving cost reduction and other business-improvement initiatives, etc.

26.0 DETAIL OF DIRECTORS OR KMP APPOINTED OR RESIGNED DURING THE YEAR.

The following Director ceased to be Director on the Board of the Company:

Smt. Bharathi S. Sihag, Govt. Nominee Director w.e.f. 08.02.2017

The following Directors were appointed on the Board of the Company:

i) Shri R. Sridharan, CMD w.e.f. 07.12.2016

ii) Shri Saraswati Prasad, Govt. Nominee Director w.e.f. 08.02.2017

The Board places on record its deep appreciation for the valuable contribution made by Smt. Bharathi S. Sihag during her tenure on the Board of the Company.

27.0 AUDIT

a. Statutory Auditors

On the advice of the Comptroller and Auditor General of India, New Delhi, your Company appointed the following firms of Chartered Accountants as Statutory Auditors of the Company for the year 2016-17:

S.No.	Unit	Statutory Auditors
1	Head Office, R&D Centre, SIU & Consolidation	M/s. Tej Raj & Pal, Chartered Accountants Plot No. 1278/2256/4294 Govinda Prasad Bomikhal Bhubaneswar - 751 010, Odisha
2	Kirandul Bacheli NISP, Jagdalpur Vizag Office	M/s. O P Totla & Co., Chartered Accountants C-16, First Floor, Shyam Market, Near LIC Building, Pandri, Raipur-492 004(C.G)
3	Donimalai	M/s. Vijay Panchappa & Co. Chartered Accountants Maruti Complex II Floor Line Bazar Dharwad, Dharwad-580 001, Karnataka.
4	Panna	M/s. Amit OM & Co., Chartered Accountants 2nd Floor, Dr. Bajaj Complex 17/12, Tashkhand Marg-SP Next to PVR Campus, Civil Line Allahabad-211001(UP)

b. Cost Auditors

M/s Prasad Bharathula & Associates
 Cost and Management Consultants
 House No.2-4-911, Road No.6,
 Samatapuri Colony, Post. Saroornagar,
 Hyderabad - 500 035

c. Secretarial Auditors

M/s D. Hanumanta Raju & Co.
 Company Secretaries

30.0 AWARDS RECEIVED BY THE COMPANY

NMDC's highly mechanized two iron ore mines i.e. Bailadila Deposit - 10/11A, Bailadila Iron Ore Mine, Bachel Complex, Chhattisgarh and Donimalai Iron Ore Mine, Donimalai, Karnataka and one Diamond Mining Project, Majhgawan, Panna, Madhya Pradesh have received 5 star rating by Indian Bureau of Mines (IBM), Ministry of Mines, Government of India.

The details of awards received by the Company are as follows:

- Bailadila-10/11A, Bailadila Iron Ore Mine, Chhattisgarh; Donimalai Iron Ore Mine, Donimalai & Diamond Mining Project, Panna, MP received Five Star Rating from the IBM for Sustainable Development practices.
- Bailadila Iron Ore Complex awarded FIMI Golden Jubilee Award for excellence in Environment & CSR.
- Most Efficient PSU Award from Dalal Street Journal.
- Governance Now PSU Award for Strategic Performance under financial category from Governance Now Magazine.
- Ispat Rajbhasha Shield (First Prize) amongst PSUs of MoS for Implementation of Rajbhasha.
- India Pride Award in Mining category from Dainik Bhaskar Group.
- Kirandul, Bachel, Doniamalai & Panna Projects got Green Tech Award (Silver) in the field of Environment & CSR.

Pictures of some of the prestigious awards received during the year

- NIPM Award for Best HR Practices.
- Best CSR Practices Award and Most Caring Company Award by World CSR Congress.
- Global HR Excellence Award for Best HR Strategic Plan by Planman HR.

31.0 VIGIL MECHANISM

NMDC being a PSU, the guidelines of Central Vigilance Commission (CVC) are applicable which provides adequate safeguard against victimization of the employees. No person has been denied access to the Audit Committee. The Board of Directors at its 451st meeting held on 20.09.2012 approved the internal Whistle Blower Policy of NMDC. In terms of the said Policy, CVO NMDC has been designated as the Nodal Officer for implementation of Internal Whistle Blower Policy. The internal Whistle Blower Policy has also been uploaded on the intranet of the Company for information of all the employees. In terms of Whistle Blower Policy, the Screening Committee will comprise of CMD and Chairman of Audit Committee. No complaint has been received by the Company under Whistle Blower Mechanism for the year under review. In order to spread awareness about Whistle Blower Policy, awareness programmes were conducted during the Vigilance Awareness Week 2016 at Projects.

33.0 BUYBACK OF EQUITY SHARES BY THE COMPANY

As informed in the Director's Report for the Financial Year 2015-16, approval of the shareholders of the Company was sought by way of Special Resolution through postal ballot vide Postal Ballot notice dated 7th June 2016, the results of which were declared on 4th August 2016. Public Announcement dated 4th August 2016 was published in newspapers on 8th August 2016. The Draft Letter of Offer (DLOF) was filed with SEBI on 16th August 2016 for comments. The Letter of Offer incorporating the comments along with the Tender Form was despatched on 15th September 2016 to the Shareholders as on record date i.e., 19th August 2016. Buyback offer opened on 19th September 2016 and closed on 30th September 2016.

The details of Buyback offers received are summarized as under:

Category of Investor	No. of Equity Shares reserved in Buyback	No. of Valid Bids	Total Equity Shares Validly tendered	% Response
General category of other Shareholders	75,90,22,334	2	99,11,79,425	130.59
Reserved category for Small Shareholders	4,18,03,192	44	4,993	0.01
Total	80,08,25,526	46	99,11,84,418	123.77

All Equity Shares validly tendered by Small Shareholders i.e. 4,993 Equity Shares, have been accepted in full. As regards Equity Shares tendered by Shareholders in the General Category, the Additional Equity Shares tendered by them over and above their Buyback Entitlement, have been accepted on a proportionate basis. Accordingly, out of 99,11,79,425 Equity Shares validly tendered by the Shareholders in General Category, 80,08,20,533 Equity Shares have been accepted for the Buyback Offer, out of which the share of Government of India is 80,08,20,108 Equity Shares.

The total amount utilized in the Buyback of Equity Shares is Rs.7,527,75,99,444 excluding transaction costs viz. brokerage, applicable taxes such as securities transaction tax, service tax, stamp duty, etc. Government of India received Rs.7,527,70,90,152 out of the buyback transaction.

The settlement of all valid bids have been completed by the Clearing Corporation / BSE on October 07, 2016. Demat Equity Shares accepted under the Buyback have been transferred to the Company's demat escrow account on October 7, 2016. The extinguishment of 80,08,25,526 Equity Shares accepted under the Buyback in dematerialized form has been completed on 10th October 2016. The paid-up capital of the Company post Buyback is Rs. 3,163,890,474 (pre shareholding was Rs. 3,964,716,000).

34.0 STRATEGIC DISINVESTMENT OF NMDC IRON & STEEL PLANT (NISP) AT NAGARNAR.

The Government of India has accorded in-principle approval for strategic disinvestment of NMDC's Iron & Steel Plant (NISP) at Nagarnar on 27.10.2016. The entire process of strategic disinvestment would be overseen by an Inter-Ministerial Group (IMG) constituted by Ministry of Steel. The Board of NMDC has accorded approval for engagement of the following intermediaries:

- i) M/s SBI Capital Markets Ltd. as Transaction Advisor.
- ii) M/s J. Sagar Associates as Legal Advisor.
- iii) M/s Protocol Insurance Surveyors & Loss Assessors Pvt. Ltd. as Asset Valuer.

35.0 FORMAL ANNUAL EVALUATION OF BOARD, COMMITTEES AND INDIVIDUAL DIRECTORS.

45.0 ACKNOWLEDGEMENT

Your Directors gratefully acknowledge the support, cooperation and guidance received from the Ministry of Steel, Ministry of Mines and Ministry of Forests & Environment and other Departments of Government of India and the State Governments of Andhra Pradesh, Chhattisgarh, Karnataka, Madhya Pradesh, Jharkhand and Telangana.

Your Directors acknowledge the support extended by the valued and esteemed international and domestic customers, Shareholders, stakeholders, MMTC, Chennai Port Trust, Visakhapatnam Port Trust, Railways and other Departments of the Central and State Governments. We believe that our long-term success is dependant on our domestic customer relationship and responsiveness. We will do everything possible to provide our customers better, timely and value added services.

The success of your Company is due to the commitment and dedicated efforts of the managers and employees at all levels. Your Directors place on record their appreciation and also acknowledge the support and co-operation of All India NMDC Workers' Federation and their members for the smooth functioning of the Company's operations.

CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION, FOREIGN EXCHANGE EARNINGS AND OUTGO UNDER THE COMPANIES (ACCOUNTS) RULES, 2014

A. Conservation of energy:

Low grade coal or carbonaceous plant reject (Dolochar) can be utilized through gasification process. In gasification process, solid carbonaceous material can be converted into gases through partial oxidation at high temperature. The generated gases have very high calorific value and can be used in electricity generation or any other metallurgical processes.

There are different types of gasification system are available, one of the method of gasification system is entrained type.

Project Title: Development of Entrained flow Gasification System using non-coking coal blended (F-grade) with dolochar for thermal applications. (Collaborative research work with IMMT, Bhubaneswar).

- I. The project pertains to utilization of low grade coal (F-grade) and dolochar generated during sponge iron production. The proposed research is an attempt to develop method for utilizing low grade non coking coal and dolochar in entrained type gasifiers.

II. Work completed till date:

Cold Model studies in lab scale glass apparatus was carried out, based on the cold model study, injection geometry of Reactor for fuel (Coal+dolochar), primary air, secondary air etc was designed. Further studies of variation of flow pattern within the reactor for various configurations, effect of particle size, air and fuel flow rates, char flow rates, residence time were also taken up in cold model.

Prototype system was designed and fabricated with full automation for monitoring of various parameters such as primary air flow, fuel feed rates, secondary air/steam flow rates, temperatures at various levels in the gasifier reactor through data acquisition system. Online analyzers were also installed for continuous monitoring of quality of producer gas produced. Experimental investigation with the proto type using mixer of low grade coal and dolochar in certain proportion was taken up to optimize the composition and temperature of the producer gas. During experimentation it was observed that the gasification reaction was not self sustainable, hence a oxygen pre-heater was introduced in the circuit and successfully demonstrated the technology. The tests carried out using F grade

coal and Lignite did not give very high GCV producer gas.

III. Steps will be taken by IMMT, Bhubaneswar to commercialize the result of ongoing studies

IV. Expenditure: Rs.17.0 lakh (NMDC) & Rs.75.0 lakh (SDF Ministry of Steel) for the test done.

B. Technology Absorption:

Efforts Made in Technology Absorption

1.0 TECHNOLOGY DEVELOPMENT PROJECTS:

R&D for alternative Iron making Technology:

Adoption of MATMOR technology for alternative Iron making patented by M/s ECT, Australia. MATMOR is a unique method for producing high-quality reduced iron from inexpensive, abundant Lignite (brown coal) and slimes/ mill scale or low grade iron ore. The tripartite agreement was signed between NMDC, NLC and ECT in January 2016 after getting approval from Ministry of Steel and Coal & Power.

NMDC's R&D Centre at Hyderabad:

R&D Centre is committed to maintain its excellence in undertaking product and Technology Development Missions related to ore and Minerals through continual improvement in process performance for enhanced customer satisfaction.

It undertakes R&D work related to mineral processing, flow sheet development, mineralogical studies etc. R&D Centre extends vital support to NMDC's existing mines. Expertise of R&D Centre is also being extensively used by other organizations in iron ore and allied sectors in India and abroad.

The Centre has implemented Integrated Management System comprising ISO 9001 : 2008 (Quality Management System), ISO 14001 : 2004 (Environment Management System), OHSAS 18001 : 2007 (Occupational Health and Safety Assessment System) and SA 8000 : 2008 (Social Accountability). It has Department of Scientific and Industrial Research (DSIR) recognition as in-house R&D unit. For renewal of recognition of In-house R&D application has been filed and the certificate will be received during April 2017.

It's Chemical Lab has been accredited by National Accreditation Board for Testing and Calibration Laboratories (NABL) in the field of chemical testing.

The thrust areas of NMDC Ltd.'s R&D Centre are as follows:

- Developing technologies for enhanced utilization of iron ore fines.
- Providing technical solutions to the problems related to quality and productivity of NMDC mines.
- Upgradation of processing Technology of existing process plants for better productivity and to meet the customer requirement.
- Development of Technology for utilization of mine wastes.
- Development of Value Added process and product through innovation.

NMDC, being one of the MOU signing companies, has set yearly targets for all units including R&D. In this direction R&D Centre has achieved rating of "Excellent" in the MOU performance indicator for the 2015-16. Achievements and improvements carried out in the development of new process, products, cost reduction, and quality improvement etc., of NMDC, R&D Centre during 1st April 2016 to 31st March 2017 are listed below.

2.0 Projects as per MOU system with Ministry of Steel 2016-17:

2.1 Improve the screening efficiency of Iron ore over previous year

Objectives: Performance evaluation of the secondary screens (Fines screening) in the production units and evolving remedial measures to improve the screening efficiency.

Results of Plant trials with novel design screen cloth on existing screens at NMDC plants (SP -2, Kirandul).

- The average screening efficiency of the screen fitted with novel design screen cloth are 7.79% to 39.70% higher than the screen fitted with woven wire screen cloth.
- There has been an increase of 21958 tons in the production from the line with new screen cloth (from 15.03.2017 to 25.03.2017) as compared to the line with conventional screen cloth and the average feed rate for the line with new screen cloth is about 140 TPH more than the line with woven wire screen. Till 8th April, the tonnage handled has been 1.73 lakh tons, average tonnage handled by conventional screen (with multiple times welding repair work) is 80-85000 tons.
- The screen fitted with novel design screen cloth can be run with higher feed rate than

the screen fitted with conventional screen cloth and still attain comparatively better screen efficiency.

- It is also observed that the new screen cloth apertures are not clogging/blinding even while screening 8% moisture ore at around 400 TPH to secondary screen.

3.0 In-house Programs

3.1 Development of an ecofriendly tailing disposal system by filtration of iron ore tailings and study of issues related to their transportation and storage (Phase - 4)

- The major environmental impacts from waste disposal at mine sites can be divided into two categories:
 - The loss of productive land following its conversion to a waste storage area.
 - The introduction of sediment, acidity, and other contaminates into surrounding surface and groundwater from water running over exposed problematic wastes.
- The inappropriate or unsafe management of wastes at mining operations continues to generate opposition from
 - Local communities
 - General public
 - Non-government organizations (NGO)
- NMDC R&D Centre had undertaken a developmental project titled "Development of an eco-friendly process for tailing disposal of Iron ores and study of issue related to transportation and storage" in 2013-14.

The project was envisaged to be completed in 4 phases.

- Phase-1 (2013-14)
 - Identification, characterisation and settling study of tailing samples.
- Phase-2 (2014-15)
 - Preparation of synthetic mixtures having linear variation of silica and alumina.
 - Characterization studies and settling studies of Synthetic tailing mixtures.
- Phase-3 (2015-16)
 - Pressure filtration studies with synthetic tailings.
 - Paste thickening studies with different tailing samples.

- Phase-4 (2016-17)
 - Study of Flow properties of filtered tailings and Rheology of thickened (paste) tailings.
 - Assess the transportability of filtered and paste tailings.

Objective [Phase-IV]

- To evaluate the flow properties and paste rheology of the engineered tailing samples.
- Address issues related to the storage and transportation of tailing samples.

Results

- The filtered tailings can be transported by conveyor belt and stacked up to moisture content of 20.2%, 22.6% and 26.7% respectively for samples 1, 2 & 3.
- This moisture is about 3% more than the expected filter cake moisture of all three tailing samples.
- The yield stress of the tailing samples 1, 2 and 3 at 68%, 59% and 58% solid concentration by weight are 29Pa, 70Pa and 3.7Pa respectively.
- The yield stress values indicate that the paste tailing can be transported by Centrifugal Pumps from deep bed thickener to paste disposal location.

To develop a process which can recover maximum water from the iron ore tailings and enable disposal of tailings in solid or semi-solid form which would minimize the environmental hazard and also make iron ore mining sustainable.

The tailing samples are amenable for paste thickening as well as filtration. It is possible to get a paste with 56 - 72% solids and yield stress in the range of 75 - 300 Pa. The filtration tests revealed that it is possible to produce a filter cake with moisture content ranging from 14 to 24%.

4.0 FUTURE PLANS

- Improving recovery of Iron units in slime beneficiation Plant of Donimalai.
- To improve the screening efficiency of secondary screens by at least 3% of existing plants at Kirandul, Bachel and Donimalai.
- Development of dry beneficiation processes for iron ore fines below 1mm.
- Characterization of overburden from Kirandul Complex, Bachel Complex and Donimalai Complex for exploring their utilization.
- Enhancing the separation efficiency of magnetic separation by adding external agent.
- Development of cold bonded iron ore pellets.
- Study on abrasive wear and frictional characteristics of liner materials used in Iron ore storage and handling.
- Evaluation of Applications for Nano iron / iron oxide particles of Blue Dust and Lean Grade Iron Ore Slimes in Batteries and sensors.
- Process development for preparation of Silica Sol from Lean Grade Iron Ore Slimes by Hydrometallurgical route

5.0 R&D EXPENDITURE, TURNOVER AND PAT YEAR WISE LAST THREE YEARS

**Annexure - II****Report on Corporate Governance****1. A brief statement on Company's philosophy**

NMDC, a Navaratna Company, believes in financial prudence, customer satisfaction, transparency, accountability and commitment to values. The good governance it practices is based on its stated belief and the guidelines of the Government of India issued from time to time should go a long way in enhancing value for all those who are associated with the Company: shareholders, customers, suppliers, creditors, Government of India, State Governments, Governmental agencies/departments and the society at large. The Board of Directors have approved the Policy on Corporate Governance.

2. Board of Directors

As on 31st March 2017, the Board of NMDC comprises of Chairman-Cum-Managing Director, five Whole time / Functional Directors, two Government Nominee Directors and six Non-Executive (Independent) Directors.

a. Composition and category of Directors:**Whole-time / Functional Directors**

- i) Shri R. Sridharan, Chairman-cum-Managing Director (Addl. Charge) (w.e.f. 07.12.2016)
- ii) Smt. Bharathi S. Sihag, Chairman-cum-Managing Director (Addl. Charge) (upto 30.11.2016)
- iii) Dr. Narendra K. Nanda, Director (Technical)
- iv) Dr. T.R.K. Rao, Director (Personnel) (Addl. Charge) (upto 02.08.2016)
- v) Dr. T.R.K. Rao, Director (Commercial)
- vi) Shri P.K. Satpathy, Director (Production)
- vii) Shri D.S. Ahluwalia, Director (Finance)
- viii) Shri Sandeep Tula, Director (Personnel) (w.e.f. 03.08.2016)

Government of India Nominee Directors

- i) Shri Saraswati Prasad, Additional Secretary & Financial Adviser (AS&FA), Ministry of Steel (w.e.f. 08.02.2017)
- ii) Smt. Bharathi S. Sihag, Special Secretary & Financial Adviser (SS&FA), Ministry of Steel (upto 07.02.2017)
- iii) Shri Syedain Abbasi, Joint Secretary, Ministry of Steel

Independent Directors (Non-Executive)

- i) CA. Arun Kumar Srivastava
- ii) Smt. Bhagwati Mahesh Baldewa
- iii) Shri Rajesh Kumar Mangal
- iv) Shri Pradip Bhargava
- v) Dr. Syamal Kumar Sarkar
- vi) Shri S.M. Nigam

The Chairman-Cum-Managing Director and Functional Directors are appointed by Government of India for a period of five years or till the age of superannuation or until further orders whichever is earlier. The Directors are initially appointed by the Board as Additional Directors in terms of the provisions of the Companies Act, 2013 and thereafter by the shareholders in the Annual General Meeting. The appointment may, however, be terminated by either side on three months notice or on payment of three months salary in lieu thereof.

Government Nominee Directors representing Ministry of Steel, Government of India retire from the Board on ceasing to be official of Ministry of Steel, Government of India.

Non Executive Directors (Independent) are normally appointed for a tenure of 3 years by Govt. of India.

b. BOARD MEETINGS

Board Meeting Procedure:

The Board Meetings are convened by giving appropriate advance notice after seeking approval of the Chairman of the Board / Committee as the case may be. In order to address specific urgent needs, meetings are also convened at a shorter notice. Resolutions are also passed by way of circulation in the eventuality of exigencies or urgency.

Detailed agenda note are circulated in advance to the Board Members for facilitating meaningful, informed and focused decision at the meeting. In case of special and exceptional circumstances, additional / supplemental agenda item(s) are also permitted.

Information placed before the Board of Directors

The Board of Directors has complete access to information within the Company. The information inter alia regularly supplied to the Board includes:

- Annual Operating Plans and Budgets and any updates.
- Capital Budget, Revenue Budget and any updates.
- Quarterly / Annual Results of the Company.
- Minutes of Meeting of Audit Committee and other Committees of the Board.
- Minutes of the Meeting of Board of Directors of Subsidiary Companies.
- Major Investments in Subsidiaries, Joint Ventures and Strategic Alliances.
- Disclosure of Interest by Directors and other statutory items.
- Major expansion plans of the Company.
- Any significant development in Human Resources / Industrial Relation.

Management Discussion & Analysis Report for the year 2016-17

1. NMDC: An overview

1.1 Introduction

NMDC, incorporated in 1958, is the largest iron ore mining company in India. With iron-ore production of around 34 million tonnes per annum (MTPA) in FY'17, it has a market share of about 25% domestically (excluding captive iron ore production). Average grade of iron ore of NMDC sold in the market is ~64% Fe, which is one of the best globally.

With a Profit (before tax) of Rs.4,293 crores in FY'17, it is **one of the top profit-making 'Navratna' public sector companies in the country.** It has a net worth of Rs. 22,519 crores (as on 31st March, 2017). **It has a strong history of rewarding investors with an average dividend payment of over 800% in the last 5 years.**

NMDC continues to pursue policies and programmes to deliver long term value to all its stakeholders. NMDC has also invested substantially in the socio-economic development of the local communities, especially near its mining projects.

1.2 Operating Projects

NMDC is operating three highly-mechanised iron ore mine complexes. Two complexes are located in Dantewada (Chhattisgarh) namely Bailadila Iron Ore Mine, Kirandul Complex & Bailadiala Iron Ore Mine, Bachel Complex with yearly production of around 22 MT. One complex in Donimalai Iron Ore Complex, located in Bellary (Karnataka) produces 12 MT per annum.

NMDC is also operating a diamond mine namely Diamond Mining Project, Panna (M.P.), which is the only mechanized diamond mine in Asia, with yearly production of around 35,000 carats. NMDC also has a sponge iron unit of 200 TPD, at Paloncha (Telangana).

Apart from the above, NMDC has wide presence across the country as shown in the map.

1.3 Global Presence

- Spreading its footprint globally, NMDC has a majority stake of 78.56% in Legacy Iron Ore limited, Australia which has iron ore, gold, base metal interests (19 tenements) in Western Australia.
- ICVL, a JV company of SAIL, RINL, NTPC, CIL and NMDC acquired a coking/thermal coal mine in Mozambique. Operations were discontinued due to the depressed coking coal prices from December 2015. In view of upswing in the coking coal prices, ICVL is in the process of restarting operations at the Benga Mine.
- NMDC is in the process of setting up of a pilot-scale processing plant for gold in its mining lease in Tanzania.

1.4 Growth plan

- NMDC has made a comprehensive plan to enhance iron ore production capacity to 67 MTPA by FY'22 to meet the growing requirements of iron ore of the Indian Steel sector. The strategy focuses on growth largely through brown field expansion of existing mines and improving evacuation along with it.
- Development of a green- field mines (Deposit 13) has also been planned through Joint Venture with the Chhattisgarh State Mining development Corporation.
- NMDC is in the process of setting up a slurry pipeline in phases for evacuation of iron ore at economical cost to such locations from where the pellets /ore are made available to industry. Efforts to increase evacuation capacity through doubling of Kirandul-Kothavalasa (KK) line is also in full swing.
- NMDC is developing iron ore stockyard in Chhattisgarh for uninterrupted supplies to customers.
- For further expansion in capacity, NMDC is pursuing allocation of new iron ore deposits both through participation in auction and reservation through government dispensation route (section 17A(2A) of the revised MMDR Act, 2015).
- Besides, as a part of its diversification and forward integration plan, it is setting up a 3.0 MTPA green field Steel Plant at Nagarnar in Chhattisgarh, which is in advanced stage of construction. It also has forayed in pellet-making with a 1.2 MTPA pellet plant started trial at Donimalai. Another 2 MTPA pellet plant is in the process of being set up at Nagarnar, Chattisgarh.

1.5 Exploration & Reserve Estimation:

NMDC has a dedicated exploration wing at Raipur, which is fully equipped to undertake mineral exploration works. Besides, it has also established a well-equipped Centre for Geostatistics. NMDC has full-fledged mine planning wings at Corporate office as well as at project sites for ore body modelling & reserve estimation, with advance softwares like Surpac, Whittle & Mineshed.

1.6 Research & Development:

NMDC operates a state-of-the-art R&D centre at Hyderabad, which is declared as a "Centre of Excellence" by UNIDO. R&D undertakes various projects related to the operational problems of the units of NMDC, and provide solutions in terms of improvement in the system or change in technology, to achieve continual improvement in its processes & operations. R&D centre also provides solutions to the external agencies.

2.1.2 India

India has emerged as the world's fastest economy, with policies and reforms by the Government supporting higher growth. Prudent fiscal regime and calibrated monetary policy has reigned in inflation and strengthened macro-economic stability. Lower crude oil prices globally have also helped Indian economy reduce current account deficit and boost the overall economy of the country.

India's economy is estimated to grow by 7.1% in FY 2016-17 as per Central Statistics Office (CSO) from 7.9% recorded in the previous financial year. The growth momentum of the Indian economy is expected to rise with measures by the Government in areas such as, taxation (Goods & Service Tax), ease of doing business, Foreign Direct Investment (FDI) reforms, etc. Another major factor helping India's economy is the expected lower global oil prices, which has a significant impact on the country's import bill, improving fiscal condition.

The thrust of Government of India to enhance spending on infrastructure augurs well for the Steel industry and thereby, the iron ore sector.

2.2 Iron Ore Industry Outlook:

● Global:

The steel industry witnessed a major growth cycle in the last two decades, driven by China's growth. It, in-turn, stimulated a massive increase in global iron ore production, more than doubling from 950 million tonnes per annum (Mtpa) in 2000 to over 2200 Mtpa in 2016. These market fundamentals incentivized new iron ore producers to enter the industry, and encouraged existing players to expand their operations, to meet this unprecedented demand. However, the iron ore industry is currently passing through a phase where supply is exceeding demand globally and this surplus scenario is likely to continue in the coming years. As a result, the prices of iron ore have come down in the recent past and are likely to remain subdued in the near future.

Top-5 iron ore producing countries (usable ore basis)

	2015	2016
Australia	817	825
Brazil	397	391
China*	375	353
India	156	160
Russia	101	100
World Total (rounded)	2,280	2,230

Source: USGS

Global iron ore production decreased to 2.23 billion tonnes (usable ore basis) in 2016, from 2.28 billion tonnes in 2015. Australia continued to be highest producer with an estimated production of 825 million tonnes in 2016. India was the fourth largest iron ore producer.

Defying market expectations, average price of iron ore (62% Fe CFR China) at USD 58/t in 2016 was higher than the corresponding figure of USD 55/t in 2015. In H1 2017 too, average price at \$75/t has remained robust on account of record production of crude steel, especially in China, leading to increased demand of iron ore.

Going ahead, however, demand and prices are likely to come under pressure with expectation of Chinese steel production stagnating and competition from scrap as a feedstock.

● India:

Source: Steel Mint

- Production of Iron Ore in India at 190 MT in FY'17 was 22% higher than FY'16. Exports from the country also increased to 24 MT during the year, which was 4 times than FY'16. Most of the export from India was to China of low grade ore (58% Fe and below), which has lower export duty of 10%.
- Indian iron ore production is likely to grow in line with domestic steel production. Going forward, domestic supplies are likely to grow substantially till 2020 as non-captive miners, with their leases expiring by 2020 (as per MMDR Amendment Act, 2015), are likely to maximize production.

India's Iron Ore reserves and resource

Reserves/Resource	Reserves (MT)	% of total	Resource (MT)	% of total	Total (MT)
Hematite (01.04.2013)	6607	32.11%	13969	67.89%	20576
Magnetite (--do--)	35	0.30%	10713	99.70%	10747
	6642		24682		31323

- NMDC is bullish on the growth prospects of India's steel industry with its competitive advantages and the impetus being given by the government to the steel sector. The recently published National Steel Policy 2017 aims to achieve a steel production capacity of 300 mtpa by 2030-31, on the back of envisaged growth in domestic steel demand in all key sectors, such as, infrastructure, housing, automobile, etc. It is on account of this growth potential that India's steel industry is being viewed as 'a bright spot' globally. Low per capita steel consumption in the country at 63 kg/t vis-à-vis the world average of 208 kg/t also indicates the huge growth potential of the Indian steel industry.

Salient features of National Steel Policy, 2017

- Aspires to achieve 300MTPA of steel making capacity, with additional investment of Rs.10 lakh crores by 2030-31.
- Seeks to increase per capita steel consumption to the level of 160 Kgs by 2030-31 from existing level of around 60 Kg.
- Facilitate setting up of SPVs in mineral rich states of Odisha, Chhattisgarh, Jharkhand and Karnataka, for optimal growth.
- Iron Ore and Coking coal requirement of 437 MTPA and 161 MTPA respectively has been projected by 2030-31.
- Greater emphasis on time-bound development of iron ore blocks in the country.
- Coking coal import has been envisaged to be brought down from the existing 85% to 65%.

3. NMDC - Opportunities & Threats

a) Opportunities

- Envisaged growth in domestic steel production on account of factors mentioned below would lead to higher demand of Iron Ore in the country:
 - Growth in steel intensive sectors such as housing, infrastructure, automotive, consumer durables in the coming years.
 - Growing urbanization of the Indian economy coupled with rising income levels of the burgeoning Indian middle class.
 - Government initiatives such as Make-in-India, Freight corridors, 100 Smart cities, Rural electrification and Housing for all by 2022.
 - Continuous thrust by the government to use domestically manufactured iron and steel products in government procurement.
 - Restrictions on steel imports in the country on account of measures being taken by Govt. of India such as anti-dumping duty, MIP etc. would also help domestic steel production to rise.
- Grow business through Special Purpose Vehicles (SPVs) envisaged in mineral rich states. Play an important role in both the Steel and Mining SPVs being set up in these states.
- Acquisition of Strategic and critical mineral assets based on business potential and national interest.
- NMDC being one of the agencies nominated to undertake exploration activities is investing to intensify exploration for mapping of minerals across the country, which could open new avenues for the Company to grow.

b) Threats

- i) Quantum jump of production of merchant miners in the country, particularly Odisha, may lead to oversupply situation in the near term.
- ii) Backward integration by Steelmakers into iron ore mining through auction route will significantly shrink the market of the Company.
- iii) Indian iron ore industry will continue to be uncompetitive on a global level due to higher rates of royalty and other levies such as DMF, NMET, Export duty etc. as well as significantly higher logistic costs.
- iv) Increasing regulatory pressure on environment, safety and sustainability.
- v) Disturbances due to Maoist activities in Bailadila region from where majority of NMDC's production comes.
- vi) NMDC may be affected by government actions, including the imposition of tariffs and duties, speculative trades, regulatory issues arising due to judicial verdicts, the development of products substitutes or replacements, recycling practices, an increase in capacity or an oversupply of the company's products in its main markets.
- vii) Huge surplus steel capacity in most regions including China will continue to exert downward pressure on steel prices and thereby iron ore prices.
- viii) Lowering of the global iron ore prices coupled with low seaborne freight rates have made imports competitive for coastal based plants particularly on west-coast.

It would be pertinent to note that iron ore mining industry in India is expected to witness enhanced competition over the next few years. On the one hand, domestic iron ore production is on the rise, with production increasing by over 20% in the last two financial years (Iron ore production in India including captive: FY'17- 190 MT; FY'16-155 MT) and this trend is likely to continue in the near term. On the other hand, the threat of higher iron ore imports looms large, especially on the west coast, with lower global prices and lower seaborne freight rates. Additionally, with domestic steelmakers now having the option to integrate backwards with acquisition of iron ore mines through auction route under MMDR Amendment Act 2015, the market for merchant miners may be affected adversely in the medium to long-term.

NMDC's business would continue to be affected by developments impacting the demand-supply scenario of iron ore in both the global and domestic markets.

5. Discussion on financial performance with respect to operational performance

During the year under review, the Company's revenue from operations increased by 37% from Rs 6,457 crores to Rs 8,830 crores mainly on account of:

- Increase in Sales quantity by 24% from 288 Lakh Tons to 356 Lakh Tons.
- Realization was higher by 11% during this period from Rs 2,194/- per ton to Rs 2,444/- per ton.

Though there is a fall in other income which is mainly due to the reduction in Bank deposits on account of Buyback of Rs 7,528 crores in the month of Sep 2016 resulting in reduction of interest income and also on account of fall in interest rates, the positive impact of Share Buyback on Earning Per Share is visible due to this capital restructuring.

There is an improvement in EBITDA even after making the provisions on account of Service Tax on Royalty for Rs 158.60 crores, enhanced Mine Closure Obligations for Rs.258.66 crores, provision of Wage revision of employees which is due from 01st Jan 2017 and provision for revision in amount of gratuity for enhanced entitlement in line with the recommendations of the committee so constituted by the Government.

Details on financial performance with respect to operational performance are given in detail in the Directors' Report.

6. Outlook for NMDC

NMDC proposes to augment its production capacity of iron ore to 67 million tonnes by 2021-22. It has also embarked on value addition projects by setting up pelletization plants by utilizing slimes and 3.0 MTPA integrated steel plant in Chhattisgarh.

Government of India has charted a road map to augment India's Steel production capacity to 300 Mtpa by 2030-31. To fulfill this vision, NMDC proposes to act as a facilitator and developer of green field steel plants by creating Special Purpose Vehicles (SPVs) in the mineral rich states of Jharkhand, Karnataka and Chhattisgarh.

NMDC also proposes to invest in strategic and critical raw materials which are required by our nation for long term supply security. In line with this strategy, NMDC has entered into MoUs with MIDHANI & DMRL to explore opportunities for investment in Tungsten mineral assets in India and abroad.

NMDC is committed to focus on maintaining cost competitiveness in global and domestic market in a scenario where prices are expected to remain subdued.

Along with robust strategic planning to support its growth agenda, NMDC continues to enhance organizational capabilities and other enablers to achieve its short-term and long-term objectives.

7. Risks and Concerns

NMDC is exposed to sharp fluctuations in demand for its products and volatility in prices. Weaker commodity price outlook would continue to impact NMDC over the next few years till the global and domestic markets recover.

MM(D&R) Amendment Act, 2015 poses increased risks for NMDC as its major customers now have the option to acquire captive mines in mineral rich states. Two of NMDC's major customers have already acquired iron ore mines in the state of Odisha and Karnataka through auction route. More auctions of iron ore mines are likely to come up in the near future for the end-users. This is likely to adversely impact the market for NMDC over the medium to long term.

One of the major risks that NMDC is facing is the disturbances due to Maoist activities in Bailadila region. The Company is in contact with the Government agencies at all levels for support and protection of its employees and installations. The initiatives taken by the Government of Chhattisgarh and the Central Government are expected to find a solution to the risk at the earliest.

Timely enhancement of evacuation capacity in line with production plans also remains a potential risk. This could impact production and inventory levels for NMDC.

8. Internal control systems and their adequacy

NMDC has put in place all the necessary internal control systems. Necessary disclosure in respect of Internal Control Systems and their adequacy has been made in Annexure-C to the Independent Auditors' Report dated 11.07.2017 which forms part of the Annual Report.

9. Material developments in Human Resources/ Industrial Relations front, including number of people employed.

Human capital of NMDC has been its key driving factor and its greatest asset. The company has made concerted efforts in keeping the workforce highly engaged and motivated. On one hand, continuous improvement is made to improve the quality of life at the townships with investments in parks, community halls, upgradation/construction of new quarters, clubs, gymnasium, facilities for different sports such as tennis, badminton, table-tennis, cricket, etc. On the other, training and skill upgradation forms an important area where first assessment is made to understand employee needs and concerns and then, appropriate training programmes are organized throughout the year. As a result of the all-round measures being taken by the company, attrition from NMDC has been marginal, in spite of remote locations of the NMDC mines.

It is worth highlighting that industrial relations have been cordial all along during the year. Any difference is sorted out through bipartite discussions at appropriate fora. The cooperation and support of workmen represented by All India NMDC Workers Federation (AINMDCWF) in this regard is praiseworthy.

Keeping in view the various diversification projects viz. Steel Plant and Pellet Plant, the company has taken initiative to train /retrain its existing manpower and also to go for fresh induction. More than 200 Executive Trainees joined in 2016 - 17 and were provided on-the- job and off-the-job training in order to prepare them for taking up the challenges of working in NMDC's production projects, upcoming Steel Plant as well as any new venture that Company may like to take up.

During the last five years, the number of people on rolls as on 31st March is as follows:

2012-13	:	5,777
2013-14	:	5,664
2014-15	:	5,490
2015-16	:	5,773
2016-17	:	5,572

10. Sustainability

NMDC has invested in 'Sustainability' right since its inception. It is on this account that NMDC has been able to create a favourable business environment in the areas it operates and has developed a strong local understanding of community concerns and local sensitivities. NMDC's efforts in sustainability have been rewarded with 5-star rating to three of its mechanized mines.

The four major pillars of Sustainability on which NMDC focuses on are environment, health, safety & society.

10.1 Environment:

- The Company is organizing monitoring studies covering all environmental parameters by recognized laboratories. All environmental parameters continued to be well within the limits in FY'17 as per the studies carried out. Continuous Ambient Air Quality Monitoring Stations have been installed at Bachel project (2 no.s) and Kirandul project (1 no) for recording of Ambient air quality parameters such as PM10, PM2.5, SO2, NOx and CO in real time.
- Carbon footprint studies were conducted in 2016-17 and Green-House Gas emissions have been disclosed in Carbon disclosure project.
- A reputed agency like FIMI, New Delhi has been engaged this year to carry out Sustainable Mining Audit for iron ore mines located at Bachel and Kirandul.
- During 2016-17, Water Audit was also carried out at all projects of NMDC and recommendations of audit are under implementation by projects to conserve water and to improve the efficiency of motors / pumps, arrest leakages, etc.
- The Company is undertaking environmental pollution control work such as de-silting of check dams / check bunds, tailing dams, construction of buttress walls at toe of waste dumps and geo-coir matting on waste rock dumps for stabilization of dumps.
- About 90 wells are being monitored at NMDC projects to monitor underground water level, which also covers the quality analysis in all 4-seasons of the year. Studies have revealed that there has been an increasing trend in the ground water due to hydraulic loading by the existing check dams and check bunds. Limited usage of ground water and continuous recharge has also helped in the process.
- Bio-diversity conservation of Bailadila Iron Ore Mines has been taken up as thrust area and NMDC has contributed Rs.28.15 crore to Compensatory Afforestation Fund Management and Planning Authority account (CAMPA) for implementation through the Forest Department.
- To enhance the green cover in the region, NMDC has contributed Rs. 25 Cr during this year to Hariyar Kosh for undertaking block plantation in the State of Chhattisgarh.
- To ensure environmentally safer treated waste water from households in township, NMDC has set-up Sewage Treatment Plant with advanced technology (Sequential Batch Reactor) at Bachel (2 MLD). Work is in progress at Kirandul (3 MLD) & Donimalai (3 MLD) townships.

10.2 Health & Safety

Health & Safety continue to be our priority with employees & contract workers at our projects adhering to the SOPs & safety norms. NMDC appreciate that safety is a journey & is committed to continually improve its performance & set high standards.

NMDC provides extensive safety training programmes to inculcate safety habits & mindset at work to its employees. In order to ensure that safety systems are upto date & also comply with the latest safety regulations, a cross-project internal safety audit has been started in NMDC. NMDC also gives thrust on improved safety performance through focus on Risk assessment studies, Multi disciplinary audit of projects, periodic safety inspections, Training etc. Our safety records are testimony to NMDC's effort in this regard.

NMDC's Safety Aspects

- **No NMDC fatality in last 5 years**
- Severity rate came down to 0.20 in 2016-17 from 0.34 in 2015-16 (SR=Mandays lost per 1000 mandays worked).

NMDC strives to ensure that workers are not exposed to occupational hazards that negatively affect their health. NMDC also has well equipped hospitals with capable medical teams available 24/7 to support the health & well being of the workers & the broader community. Occupational health doctors are regularly sent for training to update their knowledge.

10.3 Corporate Social Responsibility

- **CSR is raison d'être of NMDC and not just a part of business strategy.** NMDC's CSR programmes are carried out in areas which are remote, backward and face serious law and order problems due to left-wing extremism. The area is among the most backward regions of India and inhabited predominantly by Scheduled Tribes and Scheduled caste population who are poor, underprivileged, deprived, suffer malnutrition and devoid of support for their socio-economic needs. It is only because of its strong focus on social responsibility programmes aiming at enhancing the quality of life of the local communities that NMDC has been successfully mining in these areas.

NMDC is the model PSE in the field of CSR and its model of stakeholder consultation mechanism for implementation of its CSR has been recommended by Department of Public Enterprises, Government of India for emulation by all other CPSEs.

The Company is investing substantially in developing social infrastructure such as educational institutes, sanitation, healthcare, drinking water, infrastructure development and employable skill development, integrated village development, etc. primarily in peripheral areas of its operations.

Section E: Principle-wise Performance

Principle 1: Ethics, transparency and accountability

1. Does the policy relating to ethics, bribery and corruption cover only the Company? Yes /No. Does it extend to the Group/Joint Ventures/ Suppliers/Contractors/NGOs /Others?

Yes, NMDC and its subsidiaries are committed to working with stakeholders in government, business and civil society to promote good governance, responsible use of mineral wealth and to prevent corruption. NMDC has also signed the Integrity Pact (IP) with Transparency International India (TII). Also, The Vigilance department at NMDC guides and facilitates for impartial, fair and transparent decision making and gives priority to preventive vigilance, with proactive attitude.

2. **How many stakeholder complaints have been received in the past financial year and what percentage was satisfactorily resolved by the management?**

About 77 shareholder complaints have been received in the financial year 2016-17 and all of them have been successfully resolved. NMDC has formulated its Whistle Blower Policy to achieve the highest possible standards of ethical, moral and legal business conduct and also to strengthen its commitment to open and transparent communication.

Principle 2: Businesses should provide goods and services that are safe and contribute to sustainability throughout their life cycle

1. **List up to 3 of your products or services whose design has incorporated social or environmental concerns, risks and / or opportunities.**

NMDC employs sustainable mining practices and production processes for all its three products viz; Iron Ore, Diamond and Sponge Iron. It ensures to implement appropriate environmental measures in all its mining operation phases to safeguard the environmental parameters such as air, water, land, noise and biodiversity. NMDC wishes to embark on low carbon growth trajectory in its operations. Few of the measures taken in this respect are : recycle and reuse of water for beneficiation, construction of ameliorative measures like buttress walls, Afforestation in Bailadalia region, secondary waste treatment at Bachel, Bailadila for recycling of treated water in the process, digging contour trenches and biological reclamation of rock waste dumps to minimize land erosion and, construction of check dams, effluent treatment plant, sewage treatment plant for treating effluents to avoid water pollution.

Along with safeguarding the environment, NMDC also supports the local community along its mining belts. It has a well defined CSR policy run by the CSR department. The CSR team consults the local community around its mining belts and identifies the major focus areas for implementing various CSR activities. It has contributed to the society by implementing activities like building of residential schools and hostels, operating 'hospitals on wheels', conducting medical camps and providing free treatment to local tribal's, electrification of villages and many more such initiatives.

2. **For each such product, provide the following details in respect of resource use (energy, water, raw material etc) per unit of product (optional):**

- i. Reduction during sourcing / production / distribution achieved since the previous year.

NMDC believes in optimum consumption of its electricity, fuel oil, lubricant oil and water. It sets targets for specific consumption of water and energy, to achieve the target it conducts energy audits for all its project sites. The energy audits also help to identify and prioritise energy efficient technological measures and savings opportunities. The specific energy consumption at the project sites is seen to be improving with the implementation of few of the energy efficient, measures. Even though the specific water consumption is low as compared to electricity, NMDC believes in water management, the secondary waste water treatment at most of the project sites is treated, recycled and used in the process.

- ii. Reduction during usage by consumers (energy, water) achieved since the previous year

The volume of NMDC's final product is bulk in nature and gets complex to track the reduction during usage by consumer. However, it sensitizes the use of water and energy where ever possible.

3. **Does the Company have procedures in place for sustainable sourcing (including transportation)? If yes, what percentage of your inputs was sourced sustainably? Also, provide details thereof, in about 50 words or so.**

Yes, NMDC employs sustainable sourcing practices. Annexure - VII

Global Compact - Communication on ProgressED/EPS/GC/03
20.07.2017

Dear Stakeholders,

With the support of business and other stakeholders, the UN Global Compact's governance framework was adopted by the United Nations on 12 August 2005 following a year-long international process. The resulting governance framework distributes governance functions among several entities so as to engage participants and stakeholders at the global and local levels in making decisions and giving advice on the matters of greatest importance to their role and participation in the UN Global Compact and to reflect the initiative's public-private and multi-stakeholder character.

The UN Global Compact's General Assembly mandate is to "promote responsible business practices and UN values among the global business community and the UN System."

The aim of UN Global Compact, is to mobilize a global movement of sustainable companies and stakeholders to create the world we want. To make this happen, the UN Global Compact supports companies to do business responsibly by aligning their strategies and operations with Ten Principles on human rights, labour, environment and anti-corruption; and Take strategic actions to advance broader societal goals, such as the UN Sustainable Development Goals, with an emphasis on collaboration and innovation.

NMDC has in the past contributed towards achieving the Ten Principles and will definitely play an important role in coming years also to continue to support them. It should be our collective endeavor to support the UN Global Compact and its principles.

With warm regards,

Yours sincerely,

R. Sridharan
Chairman-Cum-Managing Director

Principle 1:

Business should support and respect the protection of internationally proclaimed human rights.

Commitment

Being a Company registered in India, NMDC owes allegiance to the Constitution of India, which resolves to secure to all its citizens justice, liberty, equality and fraternity and which also encompasses the fundamental human rights as envisioned in the Universal Declaration of Human Rights. NMDC stands committed to support and respect the protection of internationally proclaimed human rights.

Systems

Though there is no specific provision as such for human rights in the Manual on Personnel Management of the Company, the sub-stratum of the Manual ensures that its employees enjoy the fundamental human rights.

NMDC has in its management system provisions for health, safety, housing and education. Comprehensively covering all these aspects, NMDC has appropriate systems in place.

Actions

Health

- NMDC gives full and free medical care to its employees and the eligible members of their families.
- Under the NMDC Contributory Scheme for post-retirement medical facilities, the retired employees and their spouses get medical care for a nominal life-time membership.

Safety

- Being basically a mining organization, NMDC attaches greater importance for safety of the employees. In its mining projects, NMDC has its own Training Centres equipped with the infrastructure as required under the Mines Vocational Training Rules. These centres cater to the needs of basic training, refresher training, and training for skilled trades and also for those injured on duty.
- Sufficient number of workmen inspectors are nominated/appointed for mining operations, mechanical installations and electrical installations in terms of the statutory requirement.

- Occupational Health Centres have been provided in the projects.
- Doctors have been given specialized training in occupational health.
- Periodical medical examinations of employees are done in accordance with the prescribed schedule.
- Safety appliances such as safety shoes, helmets, rain suits, goggles, etc, are provided to employees periodically.
- Every month safety committee meetings are conducted and accident analysis is discussed and remedial measures implemented.

Housing

- NMDC provides accommodation for the employees and the members of their families on nominal rents.
- NMDC provides house building advances for its employees to build their own houses at such locations in India as suitable to them.

Education

- NMDC trains its employees regularly to update themselves, professionally, managerially and technically.
- NMDC encourages its employees to better their educational and professional qualification by giving suitable incentives, study leave, etc.
- NMDC takes care of the school education of the employees' children in its projects and gives incentives and scholarships for their higher education. As its projects are located in remote areas, NMDC has arranged for quality schooling facilities at the projects itself.
- The schooling facilities available at the project are extended to the children of the surrounding villages as well.

Performance during the year 2016-17

- NMDC is providing complete health care to its employees and the members of their families.
- The injury frequency rate was 1.13.

Business should support a pre-cautionary approach to environmental challenges.

Commitment

As a responsible corporate citizen, NMDC Ltd believes in maintaining ecological balance and NMDC is committed to ensure that its environmental systems and practices are aligned with international best practices such as the ISO: 14001-Environmental Management System standard. All major production projects of NMDC i.e. Bailadila Deposit-5,10/11A, Bailadila Deposit-14/11C, Donimalai Iron Ore Project and Diamond Mining Project, Majhgawan, Panna have accredited with Integrated Management System including SA-8000. This standard enables NMDC to manage its environmental impacts while adhering to the requirements not only of the standard itself but also to those of national and international norms, legislation, and regulations. It also forms the foundation for continuous improvement in environmental performance.

Sustainable Development Policy

1. We, at NMDC, aim at being responsible miners with commitment to sustainable development in all our locations. We ensure that the sustainable development ethos are considered and integrated in all our decision making processes and business planning.
2. We believe that market competitiveness on a long run can be achieved only by adopting the best practices of health, safety and environmental management, community management, and actively engaging our stakeholders in addition to the economic performance of the organization.
3. We comply in full with the laws and regulations where we operate. We aspire to be a benchmark by adopting international standards in the field of Sustainable Development.

4. NMDC Sustainability Policy is integrated with Environmental Policy, Occupational Health and Safety Policy, Community Development Policy and together they provide the broad framework for driving business in a responsible manner.

System:

In order to ensure pollution-free environment, NMDC has built the following programmes into the day-to-day working of the mines:

- Environmental norms as laid down by the Ministry of Environment and Forests, and the State and the Central Pollution Control Boards are meticulously followed.
- Regular physical monitoring for all environmental parameters, like micro-meteorology, ambient air quality, surface and ground water quality and ground water levels, work zone and ambient noise levels and soil quality through recognised environmental laboratories of MoEFCC/CPCB.
- Detailed Bio diversity conservation studies, carbon foot print, Energy audits, Water audit, SMI audit, etc.
- Environment up gradation works like afforestation at project sites, participating in C.G. Hari Har programme (road side tree plantation), reclamation of waste rock dumps and mined out areas.
- Disaster Management Plans for the tailing dams at the projects.
- Protection measures for explosives' magazines at the projects.

Actions

- A separate department for environment management, headed by a General Manager has been positioned to extensively monitor and effectively implement environment management programmes.
- Separate Cells at production projects have been set up with qualified and experienced Environment Scientists/Engineers.
- Expert organizations in the area have been engaged to measure and report periodically the various parameters.

Pollution Control Measures Covered

- Judicious and scientific planning of direct excavation, waste rock dumping and silting infrastructure areas.
- Restricting use of forestlands to the barest minimum level.
- Constructing ameliorative measures like buttress walls, digging contour trenches, biological reclamation of waste rock dumps, etc. to minimize land erosion.
- Construction of check dams, Effluent Treatment Plant, Sewage Treatment Plant for treating effluents from service centers, Auto shops, etc to avoid water pollution.
- Constructed Sewage Treatment Plant with SBR technology at Bachel at a cost of Rs. 6.61 Cr for treatment of township domestic waste water. Similar STPs are under construction at Donimalai, Kirandul also.
- Regular water sprinkling and grading of haul roads, scientific and massive afforestation for abating air pollution.
- Create green belts; densify open scrublands, good arboriculture, and follow avenue plantation practices for improving the overall environment as well as aesthetic value.
- Importance of value index of the region is envisaged and also to eradicate effects of visual intrusion by proper land scaping.
- Regular maintenance of Heavy Earth Moving Machineries and OCSL Plant equipments and adopting good housekeeping practices there by reducing noise pollution.
- Monitor all environmental parameters such as PM10, PM2.5, SO2, NOx, CO, Fugitive dust emissions in ambient air, water quality as per

IS standards in respect of oxidation pond, discharge water from auto shops and service centers, tailing dam discharge water etc., on regular basis following the statutory acts and their amendments of the GOI viz.,

- Regular monitoring of ground water levels and quality.
- Preparation and timely submission of six-monthly reports to MOEF, GOI Regional offices and annual environmental audit reports to respective state pollution control boards.
- Creating environment awareness amongst all the employees and their children and the local population through celebration of Mines Environment & Mineral Conservation (MEMC) week under the aegis of Indian Bureau of Mines & World Environment Day celebrations.
- Basic and refresher Training of employees for environmental consciousness by conducting regular classes under mines Vocational Training Rules.
- Undertake of peripheral village community development works like improving roads, constructing school buildings, community halls, distributing books and stationery, extending schooling and medical facilities available in the project townships to the local people including adivasis as well.
- Providing safe drinking water to the township dwellers and extending drinking water supply to population of neighbouring villages.
- Obtaining consents for establishment and operation of mines / plants from the respective state pollution control boards.
- Obtaining environmental clearances for new / expansion projects from central Govt.
- Obtaining forestland clearances for renewal / fresh grant of mining leases.
- Massive afforestation drive through social forestry division of the local forest department.
- Stabilization of all the passive waste rock dumps and mined out areas.

Performance during the year 2016-17

Environmental clearances from MoEF&CC New Delhi

- Obtained Final Forest clearance for diversion of 315.813 Ha forest land for Bailadila Deposit-13, Kirandul on 9/1/17 from MOEF&CC, New Delhi and lease deed was executed on 10/1/2017.

- Tiria water supply line, NISP, Nagarnar: Stage-1 F.C. obtained on 29/7/16 from MOEFCC, RO, Nagpur. Tree felling permission obtained on 16/2/17 from State Forest Deptt. Final F.C. obtained on 4/4/17 from MOEFCC.
- Slurry pipeline project: Approval under Wildlife (P) Act obtained on 13/2/17 from MOEFCC.
- Transmission line of Pellet plant, Donimalai: Final F.C obtained on 1/2/17 from RO, MOEFCC, Bangalore.
- Screening Plant-III, Kirandul: E.C obtained from MOEFCC on 28/3/17 regarding area requirement of 74.236 Ha instead of 65.936 Ha.
- F.C obtained on 14/2/17 for tree felling permission in 8.3Ha forest land of Bailadila Deposit-14 NMZ M.L.

Principle 8:

Business should undertake initiatives to promote greater environmental responsibility.

Commitment

NMDC stands committed to promoting greater environmental responsibility in mining and processing of minerals in its mines for sustained development.

NMDC's Sustainable Development Policy states, we shall therefore endeavor to:

1. We, at NMDC, aim at being responsible miners with commitment to sustainable development in all our locations. We ensure that the sustainable development ethos are considered and integrated in all our decision making processes and business planning.
2. We believe that market competitiveness on a long run can be achieved only by adopting the best practices of health, safety and environmental management, community management, and actively engaging our stakeholders in addition to the economic performance of the organization.
3. We comply in full with the laws and regulations where we operate. We aspire to be a benchmark by adopting international standards in the field of Sustainable Development.
4. NMDC Sustainability Policy is integrated with Environmental Policy, Occupational Health and Safety Policy, Community Development Policy and together they provide the broad framework for driving business in a responsible manner.

Systems

- Environmental aspects are carefully considered

and appropriately incorporated at the planning stage of a project itself.

- Training programmes are arranged for employees on environmental awareness.

Actions

- NMDC has implemented IMS covering ISO14001: EMS, 9001 and OSHAS 180001 and SA-8000 in its major production mines.
- Water used for washing of ore is reclaimed for re-use.
- The electricity generated in the downhill conveyors is fed back into the grid, thereby reducing the draw of electricity from the main grid at its projects in Bailadila and Donimalai.
- Distributed/displayed printed copies of the Environmental Policy of the Company among its employees and local communities.

Performance during the year 2016-17

- As against the permissible limit of 120 microns per cu m of SO₂ and Nox in ambient air, the actual values at NMDC's mines were less than 30 microns per cu.m and carbon monoxide was observed to be below the detectable limit of the approved instruments.
- About 25% of the annual consumption of different lubricants in NMDC mines was disposed off to agencies duly authorized for recycling as per HWM Rules and its amendments issued by the Ministry of Environment and Forests, Government of India.

Principle 9:

Business should encourage the development and diffusion of environmentally friendly technologies.

Commitment

NMDC stands committed to encouraging the development and diffusion of environment-friendly technologies.

NMDC's Environmental Policy states

- Prevent and control environmental pollution due to mining and associated activities by adopting safe, scientific and environmental friendly methods of mining and mineral processing for applicable legal requirements like forest, environmental and other statutory clearances.
- Maintain the machineries in excellent condition to ensure minimum impact of their operation on environment.

Systems/Actions

- Dust collectors are provided to the drills to control fugitive emissions at source.
- Wet drilling is adopted to mitigate the effect of dust on the work force.
- Main mine haul roads air regularly graded and water mixed with additives is sprinkled to suppress dust.

- Jet sprinklers are provided at all strategic and transverse points to control dust during crushing and transportation of ore at the plant.
- Closed conveyor belt system is provided to control dust generation and spreading during ore transportation.
- Rubber screens and rubber linings are provided at transfer points and along conveyor system to control noise and dust generation.

Performance during the year 2016-17

The environmental monitoring studies indicated that levels of PM10 & PM2.5 are well below the permissible levels prescribed by MOEFCC/CPCB.

Sustainable Development Performance

Under S.D. programme, the Company has installed Sewage Treatment Plant with SBR technology at Bacheli at a cost of Rs. 6.61 Cr for treatment of township domestic waste water. The Company has taken up GHG assessment for the year 2015-16 and disclosed GHG emissions in Carbon disclosure project. The similar studies for the year 2016-17 are also taken up for GHG assessment and disclosure in CDP.

Principle 10:

Business should work against corruption in all its forms, including extortion and bribery.

Commitment

Independent Auditor's Report

To
The Members
NMDC Limited
Hyderabad

Report on the Standalone Ind AS Financial Statements

We have audited the accompanying standalone Ind AS Financial Statements of NMDC Limited ("the Company"), which comprises the Balance Sheet as at 31st March 2017, the Statement of Profit and Loss (Including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended and a summary of significant accounting policies and other explanatory information (herein after referred to as "Standalone Ind AS Financial Statements") which supersedes our earlier Independent Auditor's report dated 25th May 2017 in the light of the observations of the Comptroller and Auditors General of India u/s 143 (6) (b) of the Companies Act, 2013 read with subsection 5 of Section 143.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors are responsible for the matters stated in Section 134 (5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone Ind AS Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in the equity of the company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act, read with relevant rules issued there under.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate

internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone Ind AS Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on those standalone Ind AS Financial Statements based on our audit.

We have taken into account the provisions of the Act, the Accounting and Auditing Standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the standalone Ind AS Financial Statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the standalone Ind AS Financial Statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone Ind AS Financial Statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the standalone Ind AS Financial Statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates

made by the Company's Directors, as well as evaluating the overall presentation of the standalone Ind AS Financial Statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone Ind AS Financial Statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone Ind AS Financial Statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including the Ind AS, of the financial position of the Company as at March 31, 2017, and its financial performance including other comprehensive income, its Cash Flow and Changes in Equity for the year ended on that date.

Other Matter

1. The comparative financial information of the Company on the transition date opening Balance Sheet as at 1st April 2015 included in these Standalone Ind AS Financial Statements are based on the previously issued statutory Financial Statements prepared in accordance with the Companies (Accounting Standards) Rules, 2006 audited by the predecessor auditor whose report dated 23.05.2015 for the year ended 31st March 2015, expressed an unmodified opinion on the said standalone Financial Statements, as adjusted for the differences in the accounting principles adopted by the Company on the transition to the Ind AS which have been audited by us.
2. We did not audit the Financial Statements/information of 6 branches included in the standalone Financial Statements of the Company whose Financial Statements / financial information reflect total assets of Rs.18,031.42 Crore as at 31st March, 2017 and total revenues of Rs.8,887.37 Crore for the year ended on that date, as considered in the standalone Financial Statements. The Financial Statements/information of these branches has been audited by the branch auditors whose reports have been furnished to us and our opinion in so far as it relates to the

amounts and disclosures included in respect of these branches, is based solely on the report of such branch auditors.

Our opinion is not qualified in respect of this matter.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") as amended issued by the Central Government of India in terms of sub-Section (11) of Section 143 of the Act, we give in the "ANNEXURE A" a statement on the matters specified in the paragraphs 3 and 4 of the Order.
2. As required by Section 143 (5) of the act, we give in "ANNEXURE - B", a statement on the matters specified by the Comptroller and Auditor General of India for the Company.
3. As required by Section 143 (3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books and reports of other auditors.
 - c) The reports on the accounts of the branch offices of the Company audited under Section 143 (8) of the Act by branch auditors have been sent to us and have been properly dealt with by us in preparing this report.
 - d) The Balance Sheet, the Statement of Profit and Loss and the statement of Cash Flow and statement of the Changes in Equity dealt with by this report are in agreement with the books of account;
 - e) In our opinion, the aforesaid standalone Ind AS Financial Statements comply with the Accounting Standards specified under Section 133 of the Act, read with relevant rules issued there under;
 - f) As per notification No. GSR 463(E) dated 5th June 2015 issued by the Ministry of

TEJ RAJ & PAL

CHARTERED ACCOUNTANTS

Corporate Affairs, Government of India, Section 164(2) of the Companies Act, 2013 is not applicable to the Company;

- g) With respect to the adequacy of the internal financial controls over financial reporting of the company and the operating effectiveness of such controls, refer to our separate report in "ANNEXURE - C".
- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its standalone Ind AS Financial Statements;
 - ii. The Company has made provisions, as required under the applicable law or accounting standards, for material

foreseeable losses, if any, on long-term contracts;

- iii. There are no amounts required to be transferred, to the Investor Education and Protection Fund by the Company.
- iv. The Company has provided requisite disclosures in its standalone Ind AS Financial Statements as to holdings as well as dealings in specified bank notes during the period from 8th Nov 2016 to 30th Dec 2016 and these are in accordance with the books of accounts maintained by the Company.

“Annexure A” to the Independent Auditor’s Report

Referred to in paragraph 1 under the heading 'Report on Other Legal & Regulatory Requirement' of our report of even date to the Financial Statements of the Company for the year ended March 31, 2017:

- (1) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
- (b) The Company is in the process of carrying out physical verification of fixed assets, a regular programme of physical verification of its fixed assets by which all the fixed assets are physically verified by the management over a period of three years. In our opinion the periodicity of the physical verification is reasonable having regard to the size of the company and the nature of fixed assets. In accordance with this program, certain fixed assets were verified during the year and no material discrepancies have been noticed on such verification.
- (c) As the physical verification is in process, the shortage/excess arising out of the same will be dealt with in the books on completion of verification. According to the information and explanations given to us and on the basis of our examination of the records of the Company, as to whether the title deeds of immovable properties are held in the name of the Company, our observations are listed below:

“Annexure C” to the Independent Auditor’s Report of Even Date on the Financial Statements of NMDC Limited

Report on the Internal Financial Controls under Clause (i) of Sub-Section 3 of Section 143 of the Companies Act, 2013 ("the Act").

We have audited the internal financial controls over financial reporting of NMDC Limited ("the Company") as of 31st March 2017 in conjunction with our audit of the Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Board of Directors is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143 (10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical

requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Financial Statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable

**TEJ RAJ & PAL**

CHARTERED ACCOUNTANTS

assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the Financial Statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the group has maintained, in all

material respects, adequate internal financial controls over financial reporting and such internal financial control over financial reporting were operating effectively as of March 31st 2017 based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by The Institute of Chartered Accountants of India.

COMMENTS OF THE COMPTROLLER AND AUDITOR GENERAL OF INDIA UNDER SECTION 143(6)(b) OF THE COMPANIES ACT, 2013 ON THE FINANCIAL STATEMENTS OF NMDC LIMITED, HYDERABAD FOR THE YEAR ENDED 31 MARCH 2017.

The preparation of financial statements of NMDC Limited, Hyderabad for the year ended 31 March 2017 in accordance with the financial reporting, framework prescribed under the Companies Act, 2013 (Act) is the responsibility of the management of the Company. The Statutory Auditor appointed by the Comptroller and Auditor General of India under Section 139(5) of Act is responsible for expressing opinion on the financial statements under Section 143 of the Act based on the independent audit in accordance with the standards on Auditing prescribed under Section 143(10) of the Act. This is stated to have been done by them with their Audit Report dated 11 July 2017.

I, on behalf of the Comptroller and Auditor General of India, have conducted a supplementary audit under Section 143(6)(a) of the Act of the financial statements of NMDC Limited, Hyderabad for the year ended 31 March 2017. This supplementary audit has been carried out independently without access to the working papers of the Statutory Auditors and is limited primarily to inquiries of the Statutory Auditor and Company personnel and a selective examination of some of the accounting records. On the basis of my audit, nothing significant has come to my knowledge, which would give rise to any comment upon or supplement to Statutory Auditor's report.

Significant Accounting Policies and Notes on Accounts

Transition to Ind AS

The Company's standalone financial statements for the quarter ended June 30, 2016 are the first interim standalone financial statements prepared in accordance with Ind AS.

The adoption of Ind AS was carried out in accordance with Ind AS 101, using April 1, 2015 as the transition date. Ind AS 101 requires that all Ind AS standards and interpretations that are effective for the first Ind AS Standalone Financial Statements for the quarter ended June 30, 2016, be applied consistently and retrospectively for all fiscal years presented.

All applicable Ind AS have been applied consistently and retrospectively wherever required. The resulting difference between the carrying amounts of the assets and liabilities in the standalone financial statements under both Ind AS and Indian GAAP as of the transition date have been recognized directly in equity at the transition date.

1. Significant Accounting Policies

1.1 Basis of Preparation

(a) Statement of Compliance

The standalone financial statements has been prepared in accordance with Indian Accounting Standards ("Ind AS") notified under the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016 and other relevant provisions of the Act.

For all the periods up to and including the year ended March 31, 2016 the Company prepared its financial statements in accordance with accounting standards notified under the section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules, 2014 (Indian GAAP). These financial statements are the first, the Company has prepared in accordance with Ind AS. Refer to note on transition to Ind AS for information on how the Company adopted Ind AS.

(b) Basis of measurement

The standalone financial statements have been prepared on a historical cost convention and on an accrual basis, except for the following material items that have been measured at fair value as required by relevant Ind AS:

- i. Certain financial assets and liabilities measured at fair value (refer accounting policy on financial instruments);
- ii. Defined benefit and other long-term employee benefits.

(c) Functional and presentation currency

The standalone financial statements are presented in Indian rupees, which is the functional currency of the Company and the currency of the primary economic environment in which the entity operates. All financial information presented in Indian rupees has been rounded to the nearest crore except share and per share data.

(d) Use of estimates and judgement

The preparation of standalone financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on a periodic basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected.

1.2 Summary of significant accounting policies

i) Functional and presentation currency

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which these entities operate (i.e. the "functional currency"). The

standalone financial statements are presented in Indian Rupee, the national currency of India, which is the functional currency of the Company.

ii) Foreign currency transactions and balances

Transactions in foreign currency are translated into the respective functional currencies using the exchange rates prevailing at the dates of the respective transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at the exchange rates prevailing at reporting date of monetary assets and liabilities denominated in foreign currencies are recognized in the statement of profit and loss and reported within foreign exchange gains / (losses).

Non-monetary assets and liabilities denominated in a foreign currency and measured at historical cost are translated at the exchange rate prevalent at the date of transaction.

iii) Investment in subsidiaries and joint venture

Investment in subsidiaries is measured at cost. Dividend income from subsidiaries is recognized when its right to receive the dividend is established.

iv) Financial instruments

All financial instruments are recognized initially at fair value. Transaction costs that are attributable to the acquisition of the financial asset (other than financial assets recorded at fair value through profit or loss) are included in the fair value of the financial assets. Purchase or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trade) are recognized on trade date. While, loans and borrowings and payable are recognized net of directly attributable transactions costs.

For the purpose of subsequent measurement, financial instruments of the Company are classified in the following categories: non-derivative financial assets comprising amortized cost; non derivative financial liabilities at amortized cost.

The classification of financial instruments depends on the objective of the business model for which it is held. Management determines the classification of its financial instruments at initial recognition.

Financial instrument is derecognized only when the Company has transferred its right to receive/ extinguish its obligation to pay cash flow from such financial instruments.

a) Non-derivative financial assets

Financial assets at amortized cost

A financial asset shall be measured at amortized cost if both of the following conditions are met:

- the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

They are presented as current assets, except for those maturing later than 12 months after the reporting date which are presented as non-current assets. Financial assets are measured initially at fair value plus transaction costs and subsequently carried at amortized cost using the effective interest method, less any impairment loss.

Amortized cost is represented by security deposits, cash and cash equivalents, employee and other advances and eligible current and non-current assets.

Cash and cash equivalents comprise cash on hand and in banks and demand deposits with banks which can be withdrawn at any time without prior notice or penalty on the principal.

For the purposes of the cash flow statement, cash and cash equivalents include cash on hand, in banks and demand deposits with banks, net of outstanding bank overdrafts that are repayable on demand and are considered part of the Company's cash management system.

b) Non-derivative financial liabilities

Financial liabilities at amortized cost

Financial liabilities at amortized cost represented by trade and other payables are initially recognized at fair value, and subsequently carried at amortized cost using the effective interest method.

v) Property plant and equipment:

Recognition and measurement: Normally Property, plant and equipment are measured at cost less accumulated depreciation and impairment losses, if any. Cost includes expenditures directly attributable to the acquisition of the asset. The Company has elected to apply the optional exemption to use this previous GAAP value as deemed cost at 1 April 2015, the date of transition.

Depreciation: Normally the Company depreciates property, plant and equipment over the estimated useful life of the assets as prescribed in Schedule II of the Companies Act 2013 on a straight-line basis from the date the assets are ready for intended use. Wherever the useful life is determined by technical assessment for certain assets, such assets are depreciated as per their assessed life. Assets acquired under finance lease and leasehold improvements are amortized over the lower of estimated useful life and related term. Depreciation methods, useful lives and residual values are reviewed at each reporting date.

When parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment. Subsequent expenditure relating to property, plant and equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the Company and the cost of the item can be measured reliably. Repairs and maintenance costs are recognized in the statement of profit and loss when incurred. The cost and related accumulated depreciation are eliminated from the standalone financial statements upon sale or disposition of the asset and the resultant gains or losses are recognized in the statement of profit and loss.

Fixed Assets costing Rs.5,000/- or less are fully depreciated in the year of purchase

vi) Intangible assets

Intangible assets are stated at cost less accumulated amortization and impairment. Intangible assets are amortized over their respective estimated useful lives on a straight-line basis, from the date that they are available for use. The estimated useful life of an identifiable intangible asset is based on a number of factors including the effects of obsolescence, demand, competition and other economic factors (such as the stability of the industry and known technological advances) and the level of maintenance expenditures required to obtain the expected future cash flows from the asset.

vii) Inventory

- a) Raw materials, Stores and spares (including loose tools and implements), work in process and finished products are valued at lower of cost and net realizable value of the respective units.
- b) The basis of determining the cost is

Raw materials	:	Weighted average cost
Stores and spares	:	Weighted average cost
Stores in Transit	:	At cost
Work in process and finished goods	:	Material cost plus appropriate share of labour, related overheads and levies
- c) In case of identified Obsolete/Surplus/Non-moving items necessary provision is made and charged to revenue.
- d) Stationery, Medical, Canteen, School Stores, Cotton Waste, Hospital Stores and Lab stores (excluding for R & D Lab) charged off to Revenue on procurement.
- e) No credit is taken in respect of stock of run of mine ore, embedded ore, Iron ore slimes.

**viii) Impairment****a) Financial assets**

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss.

- i) The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivable.

The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If in subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12 month ECL.

Lifetime ECLs are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12 month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date.

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e. all shortfalls), discounted at the original EIR. When estimating the cash flows, an entity is required to consider:

- ii) All contractual terms of the financial instrument (including prepayment, extension etc.) over the expected life of the financial instrument. However, in rare cases when the expected life of the financial instrument cannot be estimated reliably, then the entity is required to use the remaining contractual term of the financial instrument.
- iii) Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

ECL impairment loss allowance (or reversal) recognised during the period is recognised as income/expense in the statement of profit and loss. The balance sheet presentation for various financial instruments is described below:

Financial assets measured at amortised cost, contractual revenue receivable: ECL is presented as an allowance, i.e. as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount. Until the asset meets write off criteria, the Company does not reduce impairment allowance from the gross carrying amount.

b) Non-financial assets

The Company assesses at each reporting date whether there is any objective evidence that a non financial asset or a group of non financial assets is impaired. If any such indication exists, the Company estimates the amount of impairment loss.

An impairment loss is calculated as the difference between an asset's carrying amount and recoverable amount. Losses are recognised in profit or loss and reflected in an allowance account. When the Company considers that there are no realistic prospects of recovery of the asset, the relevant amounts are written off. If the amount of impairment loss subsequently decreases and the decrease can be related objectively to an event occurring after the impairment was recognised, then the previously recognised impairment loss is reversed through profit or loss.

The recoverable amount of an asset or cash-generating unit (as defined below) is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future

cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. For the purpose of impairment testing, assets are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or groups of assets (the "cash-generating unit").

ix) Employee benefits

a) Payments under Employees' Family Benefit Scheme:

Under the NMDC Employees' family benefit scheme, monthly payments are made till the normal date of retirement to the family members of those employees who are discharged from service due to medical reasons or death, on deposit of the amount envisaged in the scheme and liability for the payments are accounted for on the basis of actuarial valuation and the amount is administered by a separate Trust.

b) Gratuity & Provident Fund:

Gratuity payable to eligible employees is administered by a separate Trust. Payments to the trust towards contributions and other demands are made on the basis of actuarial valuation.

c) The Company's contribution to the provident fund is remitted to a separate trust based on a fixed percentage of the eligible employees' salary. Further, the Company makes good the shortfall, if any, between the return from investments of trust and the notified rate of interest on actuarial valuation basis.

d) Pension Fund:

Defined contributions to NMDC Employees' Contributory Pension Scheme are made on accrual basis at a rate as approved from time to time to a fund which is administered by a separate Trust.

e) Accrued Leave Salary:

Liability towards Accrued Leave Salary, as at the end of the year is recognized on the basis of actuarial valuation and the amount is administered by a separate trust.

f) Other Benefits:

Liability towards Long Service Award, Settlement Allowance and Post Retirement Medical Facilities to employees as at the end of the year is recognized on the basis of actuarial valuation. Such amounts towards Settlement Allowance and Post Retirement Medical Benefits are administered by a separate trust.

Actuarial gains or losses are recognized in other comprehensive income. Further, the profit or loss does not include an expected return on plan assets. Instead net interest recognized in profit or loss is calculated by applying the discount rate used to measure the defined benefit obligation to the net defined benefit liability or asset. The actual return on the plan assets above or below the discount rate is recognized as part of re-measurement of net defined liability or asset through other comprehensive income.

Remeasurements comprising actuarial gains or losses and return on plan assets (excluding amounts included in net interest on the net defined benefit liability) are not reclassified to profit or loss in subsequent periods.

x) Provisions

All the provision are recognized as per Ind AS 37. Provisions (including mine closure) are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, the receivable is recognized as an asset, if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

Provisions for onerous contracts are recognized when the expected benefits to be derived by the Company from a contract are lower than the unavoidable costs of meeting the future obligations under the contract. Provisions for onerous contracts are measured at the present value of lower of the expected net cost of fulfilling the contract and the expected cost of terminating the contract.

xi) Revenue recognition:

Revenue is recognised when the significant risks and rewards of ownership have been transferred to the customer, recovery of the consideration is probable, the associated costs and possible return of goods can be estimated reliably, there is no continuing management involvement with the goods, and the amount of revenue can be measured reliably. Revenue is measured net of returns, trade discounts and volume rebates. The timing of the transfer of risks and rewards varies depending on the individual terms of the sales agreement.

- a) **Export sales:** Export sales are recognized on the date of Bill of Lading. However, final adjustments are made in the year of receipt of discharge port analysis.
- b) **Domestic sales:** Domestic sales are accounted on the date of Forwarding Note (Rail dispatches / Lorry receipt / Delivery challan). However, in case of spot auction under electronic mode, the sale is recognized on conclusion of the auction.
- c) **Obsolete Stores & Scrap:** Income is accounted on realization basis in respect of used / surplus / obsolete / unserviceable materials / waste products and scrap.

xii) Finance income and expense

Finance income consists of interest income on funds invested, dividend income and gains on the disposal of Fair value through profit and loss account financial assets. Interest income is recognized as it accrues in the statement of profit and loss, using the effective interest method.

Dividend income is recognized in the statement of profit and loss on the date that the Company's right to receive payment is established.

Finance expenses consist of interest expense on loans and borrowings. Borrowing costs are recognized in the statement of profit and loss using the effective interest method.

Foreign currency gains and losses are reported on a net basis. This includes changes in the fair value of foreign exchange derivative instruments, which are accounted at fair value through profit or loss.

xiii) Income tax

Income tax comprises current and deferred tax. Income tax expense is recognized in the statement of profit and loss except to the extent it relates to items directly recognized in equity or in other comprehensive income.

a) Current income tax

Current income tax for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities based on the taxable income for the period. The tax rates and tax laws used to compute the current tax amount are those that are enacted or substantively enacted by the reporting date and applicable for the period. The Company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis or to realize the asset and liability simultaneously.

b) Deferred income tax

Deferred income tax is recognized using the balance sheet approach. Deferred income tax assets and liabilities are recognized for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount in financial statements, except when the deferred income tax arises from the initial recognition of goodwill or an asset or liability in

a transaction that is not a business combination and affects neither accounting nor taxable profits or loss at the time of the transaction. Deferred income tax asset are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized. Deferred income tax liabilities are recognized for all taxable temporary differences. The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilized. Deferred income tax assets and liabilities are measured at the tax rates that are expected to apply in the period when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

xiv) Earnings per share

Basic earnings per share is computed using the weighted average number of equity shares outstanding during the year.

Diluted EPS is computed by dividing the net profit after tax by the weighted average number of equity shares considered for deriving basic EPS and also weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the year, unless issued at a later date. Dilutive potential equity shares are determined independently for each year presented. The number of equity shares and potentially dilutive equity shares are adjusted for bonus shares, as appropriate.

xv) Borrowing costs

Borrowings costs directly attributable to acquisition or construction of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which it occur. Borrowing costs consists of interest and other costs that an entity incurs in connection with the borrowing of funds.

xvi) Government grants

Grants from the government are recognised when there is reasonable assurance that: (i) the Company will comply with the conditions attached to them; and (ii) the grant will be received. Government grants related to revenue are recognised on a systematic basis in the statement of profit and loss over the periods necessary to match them with the related costs which they are intended to compensate. Such grants are deducted in reporting the related expense. When the grant relates to an asset, it is recognized as income over the expected useful life of the asset. Where the Company receives non-monetary grants, the asset is accounted for on the basis of its acquisition cost. In case a non-monetary asset is given free of cost it is recognised at a fair value. When loan or similar assistance are provided by government or related institutions, with an interest rate below the current applicable market rate, the effect of this favorable interest is recognized as government rate. The loan or assistance is initially recognized and measured at fair value and the government grant is measured as the difference between the initial carrying value of the loan and the proceeds received.

Grant related to income are presented as part of profit or loss, as a deduction to the related expenses.

xvii) Exploration and Evaluation:

Exploration and evaluation expenditure comprises costs that are directly attributable to:

- researching and analysing existing exploration data;
- conducting geological studies, exploratory drilling and sampling;
- examining and testing extraction and treatment methods; and/or
- compiling pre-feasibility and feasibility studies.

Exploration expenditure relates to the initial search for deposits with economic potential.

Evaluation expenditure relates to a detailed assessment of deposits or other projects that have been identified as having economic potential. All evaluation and exploration expenses till high degree of confidence is achieved are expensed.

Evaluation expenditure are capitalised as Intangible assets when there is a high degree of confidence that the Company will determine that a project is commercially viable, that is the project will provide a satisfactory return relative to its perceived risks, and therefore it is considered probable that future economic benefits will flow to the Company.

The carrying values of capitalized evaluation expenditure are reviewed for impairment every year by management.

xviii) Stripping cost:

Development stripping cost:

Overburden and other mine waste material removed during the initial development of a mine in order to access mineral deposit are capitalized as Intangible Asset. Amortization of the same is done based on the life estimated by the management.

Production stripping cost:

Overburden and other mine waste materials which are removed throughout the production phase of mine and realised in the form of inventory are charged off to profit and loss account as production cost.

1.3:	Disputed Claims under Income Tax Act.			

The Hon'ble ITAT has delivered the orders in favour of the Company on the subject matter of alleged under invoicing pertaining to the Financial Years 2006-07 to 2009-10. The Department has filed appeals before the Hon'ble High Court and pending its decision, the amount of demands Rs 1207.14 Crore (Previous year Rs.1,652.54 Crore including interest) is included under contingent liability.

1.4: Disputed claims under' Karnataka Forest Act:

Government of Karnataka had introduced Forest Development Tax (FDT), to pay @ 12% on the sale value of iron ore with effect from 27.08.2008. NMDC preferred an appeal before Hon'ble High Court of Karnataka and the court passed an interim order directing the Company to pay 50% of FDT, consisting of 25% in cash and balance 25% in the form of Bank Guarantee. Accordingly the Company has deposited an amount of Rs.121.84 Crore (previous year Rs.121.84 Crore) in cash against the said demand which has been shown under Short term Loans and Advances and submitted bank guarantee of similar amount. The balance liability of Rs.243.69 Crore (previous year Rs.243.69 Crore) is included under disputed claims -taxes etc., under 1.1A - Contingent Liabilities.

Hon'ble High Court of Karnataka vide order dated 03.12.2015 has quashed the orders of Government of Karnataka levying the FDT and ordered refund of the tax collected within three months and accordingly the Company has lodged refund claims. However, Government of Karnataka has filed a Special Leave Petition with Hon'ble Supreme Court of India, challenging the orders of Hon'ble High Court of Karnataka. Hon'ble Supreme Court of India has accepted the same and imposed stay on refund of the FDT amount.

Meanwhile Karnataka State Govt had enacted 'Karnataka Forest (Amendment) Act 2016 vide Gazette notification dated 27.07.2016 . The amendment substituted the word 'Tax' in the principal act to 'Fee' wef 16th day of Aug 2008. Based on this the Monitoring Committee had started billing the Forest Development Fee in its invoices. Meanwhile consumers in Karnataka had filed separate Writ petitions in Hon'ble High Court of Karnataka on the above. Karnataka High Court vide its order dated 20th Sept 2016, had ordered that State Govt may restrain from collecting FDF during the pendency of the writ petition subject to the condition of furnishing the bank guarantee in respect of 25% of the demand in relation to future transactions. Karnataka State Govt had approached Hon'ble Supreme Court on this. Hon'ble Supreme Court vide its order dated 13.02.2017 had modified the order of Hon'ble High Court of Karnataka and ordered for payment of 50% of the demanded amount and furnish bond for balance amount.

The amount billed by the Monitoring Committee amounting to Rs.110.28 Crore towards newly introduced FDF has been accounted under Sales revenue. With regard to the earlier amounts the amount of Rs.243.69 Crore was included under disputed claims 1.1A. Since Rs.121.84 Crore paid was accounted under 'Loans and Advances', the same is now added to disputed claims under 1.1A totalling to Rs.365.53 Crore. The amount of Rs.121.84 Crore for which BG was given the same is included under 'Contingent Liability on BG's' at 1.2.

Note-2.32 : Mining Issues at Donimalai Complex in Karnataka:

The Monitoring Committee has retained 10% of sale proceeds for the period from 04/10/2011 to 31/03/2017 amounting to Rs.1,350 Crore (previous year Rs.1,105.05 Crore) pending finalisation of R&R plan. The amount is included under "Trade Receivables".

The Rehabilitation and Reclamation (R&R) plan prepared by ICFRE and submitted to Central Empowered Committee appointed by the Hon'ble Supreme Court of India was considered and approved. However the Monitoring Committee has not yet released the balance payment as the issue is still pending with the Hon'ble Supreme Court of India.

Based on the subsequent events, Company has reviewed the reasonability of realization of the 10% of the sales proceeds considered under the trade receivables from Monitoring Committee and under Ind AS 109, has provided for 100% of the said amount.

Interest on Outstanding Dues: As per the direction of Hon'ble Supreme Court, Monitoring Committee initially was to pay interest at the rate of 6% on the outstanding dues. However, Monitoring Committee vide its letter dt. 20.01.16 informed that it reduced the interest rate from 6% to 3% which is applicable retrospectively. Accordingly, the Company made reversal of Rs.47.66 Crore towards reduction in interest rate in the books. Thereby the total interest income receivable from Monitoring Committee as on 31.3.2017 is Rs.42.35 Crore which is included other financial assets.

Note-2.33.2 : Segment Reporting as per Ind-AS-108

A. Basis for segmentation

An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses and for which discrete financial information is available. All operating segments' operating results are reviewed regularly by the Board of Directors to make decisions about resources to be allocated to the segments and assess their performance.

The Company has two reportable segments, as described below, which are the company's strategic business units. These business units offer different products and services, and are managed separately because they require different technology and marketing strategies. For each of the business units, the company's Board reviews internal management reports on a periodic basis.

The following summary describes the operations in each of the Company's reportable segments:

B. Information about reportable segments

Information regarding the results of each reportable segment is included below. Performance is measured based on segment profit (before tax), segment revenue and segment capital employed as included in the internal management reports that are reviewed by the board of directors. Segment profit is used to measure performance as management believes that such information is the most relevant in evaluating the results of certain segments relative to other entities that operate within these industries. Inter-segment pricing is determined on an arm's length basis.

2.35.12 Financial Risk Management

a) Risk Management Framework

The Company's Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The Board of Directors has established the Risk Management Committee, which is responsible for developing and monitoring the Company's risk management policies. The committee reports regularly to the Board of Directors on its activities.

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company, through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

The Board of Directors monitors the compliance with the Company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Company.

The Company has exposure to the following risks arising from financial instruments:

Risk	Exposure arising from	Measurement	Management
Credit risk	Cash and cash equivalents, trade receivables, loans	Ageing analysis and Credit ratings	Diversification of bank deposits, credit limits and letters of credit
Liquidity risk	Borrowings and other liabilities	Rolling cash flow forecasts	Availability of deposits with differing maturities & committed borrowing facilities to facilitate the day today working capital requirements.
Market risk-currency risk	Imports giving rise to foreign currency payables	-	-

A. Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and deposits with banks.

(a) Trade receivables

"The Company sales are generally based on advance payments and through LC's. The trade receivables in the books are mainly on account of credit sales to M/s RINL Limited, CPSE under the Ministry of Steel and the Sales of Iron Ore in the State of Karnataka which is through Monitoring Committee (MC) appointed by Hon'ble Supreme Court of India."

Expected credit loss for trade receivables under simplified approach is detailed as per the below tables:

Loss allowance on 31 March 2017	1,372.71

The impairment provisions for trade receivables disclosed above are based on assumptions about risk of default and expected loss rates.

(b) Financial instruments and cash deposits

Credit risk from balances with banks is managed by the Company's treasury department in accordance with DPE guidelines & Company's policy. Investments of surplus funds are made only with scheduled commercial banks having a minimum networth of Rs.500 Crore (after adjustment of NPAs) within limits assigned to each bank. The limits are reviewed by the Company's Board of Directors on an annual basis. The limits are set to minimise the concentration of risks and therefore mitigate financial loss through counterparty's potential failure to make payments.

B. Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

Typically the Company ensures that it has sufficient cash on demand to meet expected operational expenses for a period of 60 days, including the servicing of financial obligations; this excludes the potential impact of extreme circumstances that cannot reasonably be predicted, such as natural disasters. In addition, the Company has taken fund based limits with banks to meet its short term financial obligations.

C. Market risk

Market risk is the risk that changes in market prices, such as foreign exchange rates and interest rates will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

(i) Foreign currency risk

Since majority of the Company's operations are being carried out in India and since all the material balances are denominated in its functional currency, the company does not carry any material exposure to currency fluctuation risk.

The Company's exposure to foreign currencies is minimal and hence no sensitivity analysis is presented.

**(ii) Interest rate risk**

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company quite often bridges its short term cash flow mismatch by availing working capital loans from banks against its fixed deposits. Such loans have a very short tenure and the interest rate on such loans is based upon the rates offered by banks on fixed deposits, increased by a few basis points. Since the interest rates on fixed deposits are fixed, the company does not have any interest rate risk on such loans availed on a loan to loan basis.

The Company's exposure to interest rate risk is minimal and hence no sensitivity analysis is presented.

2.35.13 Capital Management**a) Risk management**

The primary objective of the Company's capital management is to maximise the shareholder value. The Company's objectives when managing the capital are to safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders.

The Board's policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. The Board of Directors and senior management monitors the return on capital, which the Company defines as result from operating activities divided by total shareholders' equity.

For the purpose of the Company's capital management, capital includes issued equity capital and all other equity reserves attributable to the equity holders the Company has no external borrowings as on 31st March 2017.

2.35.14 First Time Adoption of Ind AS

Explanation of Transition to Ind AS

These are the Company's first standalone financial statements prepared in accordance with Ind AS. The accounting policies set out in Note 1 have been applied in preparing the financial statements for the year ended 31 March 2017, the comparative information presented in these financial statements for the year ended 31 March 2016 and in the preparation of the opening Ind AS balance sheet as at 1 April 2015 (the Company's date of transition). In preparing its opening Ind AS balance sheet, the Company has adjusted amounts reported previously in financial statements prepared in accordance with the accounting standards notified under Companies (Accounting Standards) Rules, 2006 (as amended) and other relevant provisions of the Act (Indian GAAP or previous GAAP). An explanation of how the transition from previous GAAP to Ind AS has affected the Company's Balance Sheet, Statement of Profit and Loss and Statement of Cash Flows is set out in the following tables and the notes that accompany the tables.

A. Exemptions and exceptions availed

Set out below are the applicable Ind AS 101 optional exemptions and mandatory exceptions applied in the transition from previous GAAP to Ind AS.

A.1 Ind AS optional exemptions

A.1.1 Deemed Cost

Ind AS 101 permits a first-time adopter to continue with the carrying value for all its property, plant and equipment as recognised in the financial statements as at the date of transition to Ind AS, measured as per the previous GAAP and use that as its deemed cost as at the date of transition after making the necessary adjustments for the de-commissioning liabilities. This exemption can also be used for intangible assets covered by the Ind AS 38 intangible assets and investments in subsidiaries, associates and joint ventures. Accordingly, the Company has elected to measure all of its property, plant and equipment, intangible assets and investments in subsidiaries and associates at their previous GAAP carrying value.

A.1.2 Decommissioning liabilities included in the cost of property, plant and equipment

Appendix 'A' to Ind AS 16 Changes in Existing Decommissioning, Restoration and Similar Liabilities requires specified changes in a decommissioning, restoration or similar liability to be added to or deducted from the cost of the asset to which it relates; the adjusted depreciable amount of the asset is then depreciated prospectively over its remaining useful life. A first-time adopter need not comply with these requirements for changes in such liabilities that occurred before the date of transition to Ind AS. In other words, a first-time adopter will not need to estimate what provision would have been calculated at earlier reporting dates. Instead, the decommissioning liability is calculated at the date of transition and it is assumed that the same liability (adjusted only for the time value of money) existed when the asset was first acquired/constructed.

A.1.3 Stripping Costs

The Company in accordance with Appendix B of Ind AS 16 has developed an accounting policy whereby expenditure towards overburden and other mine waste material removal during the initial development of a mine in order to access mineral deposit would be capitalised as an Intangible asset. Para D32 of Ind AS 101 provides that the first time adopter may apply the requirements of Appendix B of Ind AS 16 prospectively from the date of transition to Ind ASs.

A.2 Ind AS mandatory exemptions

A.2.1 Estimates

An entity's estimates in accordance with Ind AS' at the date of transition to Ind AS shall be consistent with the estimates made for the same date in accordance with the previous GAAP (after adjustments to reflect any difference in accounting policies) unless there is an objective evidence that those estimates were in error.

"Ind AS estimates as at 1 April 2015 are consistent with the estimates as at the same date made in conformity with the previous GAAP. The Company made estimates for the following items in accordance with Ind AS at the date of transition as there were not required under previous GAAP. Impairment of financial assets (Trade Receivables) based on the expected credit loss model.

A.2.2 Classification and measurement of financial assets (other than equity instruments)

Ind AS 101 requires an entity to assess classification and measurement of financial assets on the basis of the facts and circumstances that exists at the date of transition to Ind AS.

A.2.3 De-recognition of financial assets and financial liabilities

Ind AS 101 requires a first time adopter to apply the de-recognition provisions for Ind AS 109 prospectively for transactions occurring on or after the date of transition to Ind AS. However, Ind AS 101 allows first time adopter to apply the derecognition requirements provided that the information needed to apply Ind AS 109 to financial assets and financial liabilities derecognised as a result of past Ind AS 101 retrospectively from the date of entity's choosing, transactions was obtained at the time of initially accounting for the transactions.

The Company has elected to apply the de-recognition provisions of Ind AS 109 prospectively from the date of transition to Ind-AS.

B. Reconciliation between previous GAAP and Ind AS

Ind AS 101 requires an entity to reconcile equity, total comprehensive income and cashflows for prior periods. The following tables represent the reconciliations from previous GAAP to Ind AS.

C. Notes to first-time adoption
Note 1 : Spares

As per Ind AS 16, spares meeting the definition of Property, Plant and Equipment have been capitalised on the date such spares were ready for their intended use. As a result, inventories as on 31st March 2016 decreased by Rs.14.91 Crore (1st April 2015 : Rs.9.15 Crore), property plant and equipment as on 31st March 2016 increased by Rs.2.64 Crore (1st April 2015 : decreased by Rs.1.77 Crore) and depreciation for the year ended 31st March 2016 increased by Rs.8.81 Crore. Under the previous GAAP, such spares were charged to statement of profit and loss account under 'cost of materials consumed' as and when such spares were issued on the floor. The amount of Rs.6.76 Crore charged to consumption account for the year ended 31st March 2016 in respect of above spares was reversed upon transition to IND AS resulting in a net decrease in equity by Rs.2.09 Crore as on 31st March 2016 (decreased for Rs.7.37 Crore as on 1st April 2015).

Note 2 : Asset Retirement Obligation

The cost of an item of property plant and equipment under Ind AS 16 includes an initial estimate of the obligation in respect of costs of dismantling and removing the item and restoring the site on which such item is located ("decommissioning liabilities" or "asset retirement obligation"). Accordingly on transition to Ind AS as on 1st April 2015, property plant and equipment was increased by Rs.0.69 Crore with a corresponding increase in provision representing the discounted value of the aforementioned obligation. Additional depreciation for the year ended 31st March 2016 on account of asset retirement obligation was Rs.0.04 Crore. Further, impact on finance cost for the year ended 31st March 2016 due to unwinding of the above provision was Rs.0.11 Crore.

Note 3 : Deferred Tax

Deferred Tax has been recognised on the adjustments made on transition to Ind AS.

Note 4 : Funding of Mine Closure Obligation

Under the previous GAAP, mine closure obligation estimated by the company as on the reporting date was relected net off the fund maintained with LIC for financing such expenditure in future on closure of mines in the absence of any specific guidance in this regard. Appendix A of Ind AS 37 states that the contributor shall recognize its obligation to pay decommissioning costs as a liability and recognize its interest in the fund separately unless the contributor is not liable to pay decommissioning costs even if the fund fails to pay. Accordingly, the fund balance with LIC as on 31st March 2016 of Rs.324.97 Crore (1st April 2015 : Rs.299.51 Crore) was shown under 'Other Non Current Assets' and consequently the non current provisions was grossed up to this extent, thus having no resultant impact on total equity.

Note 5 : Expenditure on Enabling Facilities

The Company has charged off expenditure incurred by it towards enabling facilities such as doubling of railway line as the control criteria for recognition of asset was not being met. This has resulted in a decrease in total equity as on 31st March 2016 by Rs.166.44 Crore (1st April 2015 : Rs.102.12 Crore).

Note 6 : Impairment of Financial Assets - Trade Receivables

As per Ind AS 109, the company is required to apply expected credit loss model for recognising the allowance for doubtful debts. As a result, the allowance for doubtful debts increased by Rs.295.50 Crore as at 31 March 2016 (1 April 2015 – Rs.804.51 Crore). Consequently, the total equity as at 31 March 2016 decreased by Rs.295.50 Crore (1 April 2015 – Rs.804.51 Crore) and profit for the year ended 31 March 2016 decreased by Rs.295.50 Crore.

**Note 7 : Grossing up of assets and liabilities**

Ind AS 1 states that an entity shall not offset assets and liabilities unless required by other Ind AS or when offsetting reflects substance of the transaction or event. The company by virtue of order/notice was required to pay FDT under protest to the regulatory authority. A portion of such amount was recovered from the suppliers and the net amount was disclosed under loans and advances under the previous GAAP. Applying the above guidance, the company has disclosed the amounts received from the suppliers March 2016 : Rs.114.70 Crore (April 2015 : Rs.114.70 Crore) separately from amounts paid under protest. Accordingly, other non current assets and other financial liabilities under Ind AS as at 31st March 2016 and 1st April 2015 increased by Rs.114.70 Crore.

Note 8 : Proposed dividends

Under the previous GAAP, dividends proposed by the board of directors after the balance sheet date but before the approval of the financial statements were considered as adjusting events. Accordingly, provision for proposed dividend including dividend tax was recognised as a liability. Under Ind AS, such dividends including dividend tax are recognised when the same is approved by the shareholders in the general meeting. Accordingly, the liability for proposed dividend including dividend tax of Rs.620.34 Crore as at 1st April 2015 included under provisions has been reversed with corresponding adjustment to retained earnings. Consequently, the total equity increased by an equivalent amount.

Note 9 : Prior Period Items

Under previous GAAP, prior period items identified in a particular period were disclosed separately in computing the net profit for that period. Under Ind AS, prior period items are recognised by restating the comparative amounts for the period to which the error pertains. Where the error pertains to a period prior to the earliest reporting period, adjustments are made to the opening balances of assets, liabilities and equity of the earliest reporting period. As a result as on March 16 on account of prior period items, other equity stands increase by Rs 16.04 Crore (April 15 : reduced Rs.16.04 Crore), assets have decrease by Rs.14.26 Crore (April 15 : increase Rs.14.26 Crore) and liabilities have been reduced by Rs.1.78 Crore (April.15 : increased by Rs.1.78 Crore).

Note 10 : Excise Duty

Under the previous GAAP, revenue from sale of products was presented exclusive of excise duty. Under Ind AS, revenue from sale of goods is presented inclusive of excise duty as the excise duty is collected by the company as a principal unlike other indirect taxes. The excise duty paid is presented on the face of the statement of profit and loss as part of expenses. This change has resulted in an increase in total revenue and total expenses for the year ended 31 March 2016 by Rs.1.47 Crore. There is no impact on the total equity and profit.

Note 11 : Fair Valuation of accommodation given to employees on concessional rent

The company has allotted staff quarters to some of its employees at nominal rent. Employee benefits as per Ind AS 19 also include non monetary benefits like housing provided to the employees in relation to their service. Accordingly Employee benefit expense on this account has increased by Rs.9.40 Crore with a corresponding increase in notional rental income.

Note 12 : Remeasurement of post employment benefit obligations

Under Ind AS, remeasurements i.e. actuarial gains and losses and the return on plan assets, excluding amounts included in the net interest expense on the net defined benefit liability are recognised in other comprehensive income instead of profit or loss. Under the previous GAAP, these remeasurements were forming part of the profit or loss for the year. As a result of this change, the profit for the year ended March 31, 2016 decreased by Rs.22.63 Crore. There is no impact on the total equity as at 31 March 2016.

Note 13 : Discontinued Operation

Under the previous GAAP, the concept of disposal group held for sale did not exist. Accordingly, assets and liabilities of disposal group had not been presented as held for sale. The Company had disclosed land and vehicles held for sale under 'Other current assets' in accordance with AS 10 Accounting for Fixed Assets. Ind AS 105 Non-current Assets Held for Sale and Discontinued Operations requires disposal group to be identified as held for sale if the carrying amount will recovered principally through a sale transaction rather than through continuing use and a sale is considered highly probable. Ind AS 105 lays down detailed guidelines and criteria in this regard. Based on the assessment performed by the management, it has been determined that the assets and liabilities of Lalapur unit should be presented as held for sale under Ind AS. Consequently, the assets and liabilities of disposal group held for sale have been presented separately from the other assets and other liabilities respectively in the balance sheet. There is no impact on the total equity or profit as a result of this adjustment. Further, the operations of this business have been presented as discontinued operations under both Ind AS and previous GAAP in the statement of profit and loss.

Reconciliation of Net profit as previously reported (referred to as "Previous GAAP") and the total comprehensive income as per Ind-AS is mentioned in the table below.

Independent Auditor's Report

To
The Members
NMDC Limited
Hyderabad

Report on the Consolidated Ind AS Financial Statements

We have audited the accompanying Consolidated Ind AS Financial Statements of NMDC Limited ("the Holding Company") and its subsidiaries (collectively refer to as "the Company" or "the Group"), its associates and jointly controlled entities, which comprise the Consolidated Balance Sheet as at 31st March 2017, the Consolidated Statement of Profit and Loss (including other comprehensive income), the Consolidated statement of cash flows and the Consolidated Statement of Changes in Equity for the year then ended and a summary of significant accounting policies and other explanatory information (herein after referred to as "Consolidated Ind AS Financial Statements") which supersedes our earlier Independent Auditor's report dated 25th May 2017 in light of the observations of the Comptroller and Auditors General of India u/s 143 (6) (b) of the Companies Act, 2013 on "Other Matter" of the earlier audit report.

Management's Responsibility for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation of these Consolidated Ind AS Financial Statements in terms of the requirements of the Companies Act, 2013 ("the Act") that give a true and fair view of the Consolidated financial position, Consolidated financial performance including other comprehensive income, Consolidated cash flows and Consolidated changes in the equity of the Group including its Associates and Jointly controlled entities, in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act, read with relevant rules issued there under.

The respective Board of Directors of the companies included in the group including its Associates and Jointly controlled entities, are responsible for maintenance of adequate accounting records in

accordance of provisions of the Act for safeguarding the assets of the Group including its Associates and Jointly controlled entities, and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of Ind AS Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the Consolidated Ind As Financial Statements by the Directors of the Holding Company, as aforesaid.

Auditor's Responsibility

Our responsibility is to express an opinion on these Consolidated Ind AS Financial Statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the Consolidated Ind AS Financial Statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the Consolidated Ind AS Financial Statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Consolidated Ind AS Financial Statements, whether due to fraud or error. In making those risk assessments, the auditor

TEJ RAJ & PAL
CHARTERED ACCOUNTANTS

considers internal financial control relevant to the company's preparation of the Consolidated Ind AS Financial Statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Directors, as well as evaluating the overall presentation of the Consolidated Ind AS Financial Statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Consolidated Ind AS Financial Statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Consolidated Ind AS Financial Statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including the Ind AS, of the Consolidated financial position of the Group, its associates and jointly controlled entities as at March 31, 2017, and their Consolidated financial performance including other Comprehensive Income, their Consolidated Cash Flow and Consolidated Changes in Equity for the year ended on that date.

Other Matter

1. The comparative financial information of "The Group including its Associates and Jointly controlled entities" on the transition date opening balance sheet as at 1st April 2015 included in these standalone Ind AS Financial Statements are based on the previously issued statutory financial statement prepared in accordance with the Companies (Accounting Standards) Rules, 2006 audited by the predecessor auditor whose report dated 23.05.2015 for the year ended 31st March 2015, expressed an unmodified opinion on the said Standalone Financial Statements, as adjusted for the differences in the accounting principles adopted by the Company on the transition to the Ind AS which have been audited by us.
2. We did not audit the Financial Statements / financial information of three subsidiaries, whose Financial Statements / financial information reflect total assets of Rs.72.60 Crores as at 31st March, 2017, total revenues of nil and net cash out flows amounting to Rs.8.20 Crores for the

year ended on that date, as considered in the Consolidated Financial Statements. The Consolidated Financial Statements also include the Group's share of net loss of Rs.63.73 Crores for the year ended 31st March, 2017, as considered in the Consolidated Financial Statements, in respect of two associates, whose Financial Statements / financial information have not been audited by us. These Financial Statements / financial information have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the Consolidated Financial Statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, jointly controlled entities and associates and our report in so far as it relates to the aforesaid subsidiaries, jointly controlled entities and associates, is based solely on the reports of the other auditors.

Legacy Iron Ore Limited is one of these subsidiaries located in Australia whose Financial Statements and other financial information have been prepared in accordance with accounting principles generally accepted in Australia and which have been audited by other auditor under generally accepted auditing standards applicable in Australia. The Company's management has converted the Financial Statements of such subsidiary located in Australia from accounting principles generally accepted in Australia to accounting principles generally accepted in India. We have audited these conversion adjustments made by the Company's management.

Our opinion in so far as it relates to the balances and affairs of such subsidiary located outside India is based on the report of other auditor and the conversion adjustments prepared by the management of the Company and audited by us.

3. We did not audit the Financial Statements / financial information of four subsidiaries and five jointly controlled entities, whose Financial Statements / financial information reflect total assets of Rs.762.72 Crores as at 31st March, 2017, total revenue nil and net cash out flows amounting to Rs.9.41 Crores for the year ended on that date, as considered in the Consolidated Financial Statements. The Consolidated Financial Statements also include the Group's share of net loss of Rs.0.58 Crores for the year ended 31st March, 2017, as considered in the

"Annexure B" to the Independent Auditor's Report of Even Date on the Financial Statements of NMDC Limited

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act").

In conjunction with our audit of the Consolidated Ind As Financial Statements of the Company as of and for the year ended 31.03.2017, we have audited the internal financial controls over financial reporting of NMDC Limited ("the Holding Company") and its subsidiary companies which are incorporated in India as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding Company and its Subsidiary Companies, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143 (10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and

the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Financial Statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and Directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of

**TEJ RAJ & PAL**

CHARTERED ACCOUNTANTS

unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the Financial Statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the group has maintained, in all material respects, adequate internal financial controls

over financial reporting and such internal financial control over financial reporting were operating effectively as of March 31st 2017 based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by The Institute of Chartered Accountants of India.

COMMENTS OF THE COMPTROLLER AND AUDITOR GENERAL OF INDIA UNDER SECTION 143(6)(b) OF THE COMPANIES ACT, 2013 ON THE CONSOLIDATED FINANCIAL STATEMENTS OF NMDC LIMITED, HYDERABAD FOR THE YEAR ENDED 31 MARCH 2017

The preparation of consolidated financial statements of NMDC Limited, Hyderabad for the year ended on 31 March 2017 in accordance with the financial reporting framework prescribed under the Companies Act, 2013 (Act) is the responsibility of the management of the company. The Statutory Auditor appointed by the Comptroller and Auditor General of India under Section 139(5) read with Section 129(4) of the Act is/are responsible for expressing opinion on these financial statements under Section 143 read with Section 129(4) of the Act based on the independent audit in accordance with the Standards on Auditing prescribed under Section 143(10) of the Act. This is stated to have been done by them vide their Audit Report dated 11 July 2017.

I, on the behalf of the Comptroller and Auditor General of India, have conducted a supplementary audit under Section 143(6)(a) read with Section 129(4) of the Act of the consolidated financial statements of NMDC Limited, Hyderabad for the year ended on 31 March 2017. We conducted a supplementary audit of the financial statements of NMDC Limited, Hyderabad, but did not conduct supplementary audit of the financial statements of subsidiaries, associate companies and jointly controlled entities listed in Annexure for the year ended on that date. Further, section 139(5) and 143(6)(b) of the Act are not applicable to the subsidiary Legacy Iron Ore Limited, Perth, Australia and joint venture Kopano-NMDC Minerals (Proprietary) Limited, South Africa being private entities incorporated in Foreign countries under the respective laws, for appointment of their Statutory Auditors nor for conduct of supplementary audit. Accordingly, C&AG has neither appointed Statutory Auditors nor conducted the supplementary audit of these companies. This supplementary audit has been carried out independently without access to the working papers of the Statutory Auditors and is limited primarily to inquiries of the Statutory Auditor and company personnel and a selective examination of some of the accounting records.

On the basis of my audit, nothing significant has come to my knowledge, which would give rise to any comment upon or supplement to Statutory Auditor's report.

Significant Group Accounting Policies

Transition to Ind AS

The Company's standalone financial statements for the quarter ended June 30, 2016 are the first interim standalone financial statements prepared in accordance with Ind AS.

The adoption of Ind AS was carried out in accordance with Ind AS 101, using April 1, 2015 as the transition date. Ind AS 101 requires that all Ind AS standards and interpretations that are effective for the first Ind AS Standalone Financial Statements for the quarter ended June 30, 2016, be applied consistently and retrospectively for all fiscal years presented.

All applicable Ind AS have been applied consistently and retrospectively wherever required. The resulting difference between the carrying amounts of the assets and liabilities in the standalone financial statements under both Ind AS and Indian GAAP as of the transition date have been recognized directly in equity at the transition date.

1. Significant accounting policies

1.1 Basis of preparation

(a) Statement of compliance

The standalone financial statements have been prepared in accordance with Indian Accounting Standards ("Ind AS") notified under the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016 and other relevant provisions of the Act.

For all the periods up to and including the year ended March 31, 2016 the Company prepared its financial statements in accordance with accounting standards notified under the section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules, 2014 (Indian GAAP). These financial statements are the first, the Company has prepared in accordance with Ind AS. Refer to note on transition to Ind AS for information on how the Company adopted Ind AS.

(b) Basis of measurement

The standalone financial statements have been prepared on a historical cost convention and on an accrual basis, except for the following material items that have been measured at fair value as required by relevant Ind AS:

- i. Certain financial assets and liabilities measured at fair value (refer accounting policy on financial instruments);
- ii. Defined benefit and other long-term employee benefits.

(c) Functional and presentation currency

The standalone financial statements are presented in Indian rupees, which is the functional currency of the Company and the currency of the primary economic environment in which the entity operates. All financial information presented in Indian rupees has been rounded to the nearest crore except share and per share data.

(d) Use of estimates and judgement

The preparation of standalone financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on a periodic basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected.

(e) Principles of Consolidation

The consolidated Financial Statements have been prepared on the following basis:

- i) The consolidated financial statements are prepared to the extent possible by using uniform accounting policies for like transactions and other events in similar circumstances and are presented in the same manner as the Company's separate financial statements except as otherwise stated.
- ii) The financial statements of the Company and its subsidiary companies are combined on a line-by-line basis by adding together the book values of like items of assets, liabilities, income and expenses, after fully eliminating intra-group balances and intra-group transactions resulting in unrealized profits or losses as specified in Indian Accounting Standard 110 - "Consolidated Financial Statements".
- iii) Investments in Associates/Joint Ventures are accounted for using equity method as per Indian Accounting Standard 28 - "Investments in Associates and Joint Ventures".
- iv) Investments in Joint Operations are accounted for using the proportionate consolidate method as per Ind AS 111 'Joint Arrangements'.
- v) The difference between the cost of investment in the subsidiaries, joint ventures, and associates and the Company's share of net assets at the time of acquisition of shares in the subsidiaries, joint ventures and associates is recognized in the financial statements as Goodwill or Capital Reserve as the case may be.
- vi) Non controlling interest in net profit/loss of the subsidiaries for the year is identified and adjusted against the income of the group in order to arrive at the net income attributable to the shareholders of the Company.
- vii) Non controlling interest in the net assets of consolidated subsidiaries is identified and presented in the consolidated balance sheet separately from liabilities and equity of the Company's shareholders.
- viii) The financial statements of Legacy Iron Ore Ltd, Australia have been prepared in accordance with Australian Accounting Standards and the relevant Australian Laws and also on accrual basis and according to the historical cost basis assuming the Company is a going concern and converted in Indian Rupees considering as non-integral operation as per Indian Accounting Standard 21 - "The Effects of Changes in Foreign Exchange Rates" for the purpose of Consolidated Financial Statements.

1.2 Summary of significant accounting policies

i) Functional and presentation currency

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which these entities operate (i.e. the "functional currency"). The standalone financial statements are presented in Indian Rupee, the national currency of India, which is the functional currency of the Company.

ii) Foreign currency transactions and balances

Transactions in foreign currency are translated into the respective functional currencies using the exchange rates prevailing at the dates of the respective transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at the exchange rates prevailing at reporting date of monetary assets and liabilities denominated in foreign currencies are recognized in the statement of profit and loss and reported within foreign exchange gains / (losses).

Non-monetary assets and liabilities denominated in a foreign currency and measured at historical cost are translated at the exchange rate prevalent at the date of transaction.

iii) Investment in subsidiaries and joint venture

Investment in subsidiaries is measured at cost. Dividend income from subsidiaries is recognized when its right to receive the dividend is established.

**iv) Financial instruments**

All financial instruments are recognized initially at fair value. Transaction costs that are attributable to the acquisition of the financial asset (other than financial assets recorded at fair value through profit or loss) are included in the fair value of the financial assets. Purchase or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trade) are recognized on trade date. While, loans and borrowings and payable are recognized net of directly attributable transactions costs.

For the purpose of subsequent measurement, financial instruments of the Company are classified in the following categories: non-derivative financial assets comprising amortized cost; non derivative financial liabilities at amortized cost.

The classification of financial instruments depends on the objective of the business model for which it is held. Management determines the classification of its financial instruments at initial recognition.

Financial instrument is derecognized only when the Company has transferred its right to receive/ extinguish its obligation to pay cash flow from such financial instruments.

a) Non-derivative financial assets**Financial assets at amortized cost**

A financial asset shall be measured at amortized cost if both of the following conditions are met:

- the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

They are presented as current assets, except for those maturing later than 12 months after the reporting date which are presented as non-current assets. Financial assets are measured initially at fair value plus transaction costs and subsequently carried at amortized cost using the effective interest method, less any impairment loss.

Amortized cost is represented by security deposits, cash and cash equivalents, employee and other advances and eligible current and non-current assets.

Cash and cash equivalents comprise cash on hand and in banks and demand deposits with banks which can be withdrawn at any time without prior notice or penalty on the principal.

For the purposes of the cash flow statement, cash and cash equivalents include cash on hand, in banks and demand deposits with banks, net of outstanding bank overdrafts that are repayable on demand and are considered part of the Company's cash management system.

b) Non-derivative financial liabilities**Financial liabilities at amortized cost**

Financial liabilities at amortized cost represented by trade and other payables are initially recognized at fair value, and subsequently carried at amortized cost using the effective interest method.

v) Property plant and equipment:

Recognition and measurement: Normally Property, plant and equipment are measured at cost less accumulated depreciation and impairment losses, if any. Cost includes expenditures directly attributable to the acquisition of the asset. The Company has elected to apply the optional exemption to use this previous GAAP value as deemed cost at 1 April 2015, the date of transition.

Depreciation: Normally the Company depreciates property, plant and equipment over the estimated useful life of the assets as prescribed in Schedule II of the Companies Act 2013 on a straight-line basis from the date the assets are ready for intended use. Wherever the useful life is determined by technical assessment for certain assets, such assets are depreciated as per their assessed life. Assets acquired under finance lease and leasehold improvements are amortized over the lower of estimated useful life and related term. Depreciation methods, useful lives and residual values are reviewed at each reporting date.

When parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment. Subsequent expenditure relating to property, plant and equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the Company and the cost of the item can be measured reliably. Repairs and maintenance costs are recognized in the statement of profit and loss when incurred. The cost and related accumulated depreciation are eliminated from the standalone financial statements upon sale or disposition of the asset and the resultant gains or losses are recognized in the statement of profit and loss.

Fixed Assets costing Rs.5,000/- or less are fully depreciated in the year of purchase.

vi) Intangible assets

Intangible assets are stated at cost less accumulated amortization and impairment. Intangible assets are amortized over their respective estimated useful lives on a straight-line basis, from the date that they are available for use. The estimated useful life of an identifiable intangible asset is based on a number of factors including the effects of obsolescence, demand, competition and other economic factors (such as the stability of the industry and known technological advances) and the level of maintenance expenditures required to obtain the expected future cash flows from the asset.

vii) Inventory

- a) Raw materials, Stores and spares (including loose tools and implements), work in process and finished products are valued at lower of cost and net realizable value of the respective units.
- b) The basis of determining the cost is
 - Raw materials : Weighted average cost
 - Stores and spares : Weighted average cost
 - Stores in Transit : At cost
 - Work in process and finished goods : Material cost plus appropriate share of labour, related overheads and levies
- c) In case of identified Obsolete/Surplus/Non-moving items necessary provision is made and charged to revenue.
- d) Stationery, Medical, Canteen, School Stores, Cotton Waste, Hospital Stores and Lab stores (excluding for R & D Lab) charged off to Revenue on procurement.
- e) No credit is taken in respect of stock of run of mine ore, embedded ore, Iron ore slimes.

viii) Impairment

a) Financial Assets

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss. The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivable.

The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If in subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12 month ECL.

Lifetime ECLs are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12 month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date.

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e. all shortfalls), discounted at the original EIR. When estimating the cash flows, an entity is required to consider:

- (i) All contractual terms of the financial instrument (including prepayment, extension etc.) over the expected life of the financial instrument. However, in rare cases when the expected life of the financial instrument cannot be estimated reliably, then the entity is required to use the remaining contractual term of the financial instrument.
- (ii) Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

ECL impairment loss allowance (or reversal) recognised during the period is recognised as income/expense in the statement of profit and loss. The balance sheet presentation for various financial instruments is described below:

Financial assets measured at amortised cost, contractual revenue receivable: ECL is presented as an allowance, i.e. as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount. Until the asset meets write off criteria, the Company does not reduce impairment allowance from the gross carrying amount.

b) Non-financial assets

The Company assesses at each reporting date whether there is any objective evidence that a non financial asset or a group of non financial assets is impaired. If any such indication exists, the Company estimates the amount of impairment loss.

An impairment loss is calculated as the difference between an asset's carrying amount and recoverable amount. Losses are recognised in profit or loss and reflected in an allowance account. When the Company considers that there are no realistic prospects of recovery of the asset, the relevant amounts are written off. If the amount of impairment loss subsequently decreases and the decrease can be related objectively to an event occurring after the impairment was recognised, then the previously recognised impairment loss is reversed through profit or loss.

The recoverable amount of an asset or cash-generating unit (as defined below) is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. For the purpose of impairment testing, assets are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or groups of assets (the "cash-generating unit").

ix) Employee benefits

a) Payments under Employees' Family Benefit Scheme:

Under the NMDC Employees' family benefit scheme, monthly payments are made till the normal date of retirement to the family members of those employees who are discharged from service due to medical reasons or death, on deposit of the amount envisaged in the scheme and liability for the payments are accounted for on the basis of actuarial valuation and the amount is administered by a separate Trust.

b) Gratuity & Provident fund:

Gratuity payable to eligible employees is administered by a separate Trust. Payments to the trust towards contributions and other demands are made on the basis of actuarial valuation.

- c) The Company's contribution to the provident fund is remitted to a separate trust based on a fixed percentage of the eligible employees' salary. Further, the Company makes good the shortfall, if any, between the return from investments of trust and the notified rate of interest on actuarial valuation basis.

d) Pension Fund

Defined contributions to NMDC Employees' Contributory Pension Scheme are made on accrual basis at a rate as approved from time to time to a fund which is administered by a separate Trust.

e) Accrued Leave Salary:

Liability towards Accrued Leave Salary, as at the end of the year is recognized on the basis of actuarial valuation and the amount is administered by a separate trust.

f) Other Benefits:

Liability towards Long Service Award, Settlement Allowance and Post Retirement Medical Facilities to employees as at the end of the year is recognized on the basis of actuarial valuation. Such amounts towards Settlement Allowance and Post Retirement Medical Benefits are administered by a separate trust.

Actuarial gains or losses are recognized in other comprehensive income. Further, the profit or loss does not include an expected return on plan assets. Instead net interest recognized in profit or loss is calculated by applying the discount rate used to measure the defined benefit obligation to the net defined benefit liability or asset. The actual return on the plan assets above or below the discount rate is recognized as part of re-measurement of net defined liability or asset through other comprehensive income.

Remeasurements comprising actuarial gains or losses and return on plan assets (excluding amounts included in net interest on the net defined benefit liability) are not reclassified to profit or loss in subsequent periods.

x) Provisions

All the provision are recognized as per Ind AS 37. Provisions (including mine closure) are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, the receivable is recognized as an asset, if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

Provisions for onerous contracts are recognized when the expected benefits to be derived by the Company from a contract are lower than the unavoidable costs of meeting the future obligations under the contract. Provisions for onerous contracts are measured at the present value of lower of the expected net cost of fulfilling the contract and the expected cost of terminating the contract.

xi) Revenue recognition:

Revenue is recognised when the significant risks and rewards of ownership have been transferred to the customer, recovery of the consideration is probable, the associated costs and possible return of goods can be estimated reliably, there is no continuing management involvement with the goods, and the amount of revenue can be measured reliably. Revenue is measured net of returns, trade discounts and volume rebates. The timing of the transfer of risks and rewards varies depending on the individual terms of the sales agreement.

- a) Export sales: Export sales are recognized on the date of Bill of Lading. However, final adjustments are made in the year of receipt of discharge port analysis.
- b) Domestic sales: Domestic sales are accounted on the date of Forwarding Note (Rail dispatches) / Lorry receipt / Delivery challan. However, in case of spot auction under electronic mode, the sale is recognized on conclusion of the auction.
- c) Obsolete Stores & Scrap: Income is accounted on realization basis in respect of used / surplus / obsolete / unserviceable materials / waste products and scrap.

**xii) Finance income and expense**

Finance income consists of interest income on funds invested, dividend income and gains on the disposal of Fair value through profit and loss account financial assets. Interest income is recognized as it accrues in the statement of profit and loss, using the effective interest method.

Dividend income is recognized in the statement of profit and loss on the date that the Company's right to receive payment is established.

Finance expenses consist of interest expense on loans and borrowings. Borrowing costs are recognized in the statement of profit and loss using the effective interest method.

Foreign currency gains and losses are reported on a net basis. This includes changes in the fair value of foreign exchange derivative instruments, which are accounted at fair value through profit or loss.

xiii) Income tax

Income tax comprises current and deferred tax. Income tax expense is recognized in the statement of profit and loss except to the extent it relates to items directly recognized in equity or in other comprehensive income.

a) Current income tax

Current income tax for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities based on the taxable income for the period. The tax rates and tax laws used to compute the current tax amount are those that are enacted or substantively enacted by the reporting date and applicable for the period. The Company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis or to realize the asset and liability simultaneously.

b) Deferred income tax

Deferred income tax is recognized using the balance sheet approach. Deferred income tax assets and liabilities are recognized for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount in financial statements, except when the deferred income tax arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profits or loss at the time of the transaction. Deferred income tax asset are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized. Deferred income tax liabilities are recognized for all taxable temporary differences. The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilized. Deferred income tax assets and liabilities are measured at the tax rates that are expected to apply in the period when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

xiv) Earnings per share

Basic earnings per share is computed using the weighted average number of equity shares outstanding during the year.

Diluted EPS is computed by dividing the net profit after tax by the weighted average number of equity shares considered for deriving basic EPS and also weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the year, unless issued at a later date. Dilutive potential equity shares are determined independently for each year presented. The number of equity shares and potentially dilutive equity shares are adjusted for bonus shares, as appropriate.

xv) Borrowing costs

Borrowings costs directly attributable to acquisition or construction of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost

of the asset. All other borrowing costs are expensed in the period in which it occurs. Borrowing costs consists of interest and other costs that an entity incurs in connection with the borrowing of funds.

xvi) Government grants

Grants from the government are recognised when there is reasonable assurance that: (i) the Company will comply with the conditions attached to them; and (ii) the grant will be received. Government grants related to revenue are recognised on a systematic basis in the statement of profit and loss over the periods necessary to match them with the related costs which they are intended to compensate. Such grants are deducted in reporting the related expense. When the grant relates to an asset, it is recognized as income over the expected useful life of the asset. Where the Company receives non-monetary grants, the asset is accounted for on the basis of its acquisition cost. In case a non-monetary asset is given free of cost it is recognised at a fair value. When loan or similar assistance are provided by government or related institutions, with an interest rate below the current applicable market rate, the effect of this favorable interest is recognized as government rate. The loan or assistance is initially recognized and measured at fair value and the government grant is measured as the difference between the initial carrying value of the loan and the proceeds received.

Grant related to income are presented as part of profit or loss, as a deduction to the related expenses.

xvii) Exploration and Evaluation:

Exploration and evaluation expenditure comprises costs that are directly attributable to:

- researching and analysing existing exploration data;
- conducting geological studies, exploratory drilling and sampling;
- examining and testing extraction and treatment methods; and/or
- compiling pre-feasibility and feasibility studies.

Exploration expenditure relates to the initial search for deposits with economic potential.

Evaluation expenditure relates to a detailed assessment of deposits or other projects that have been identified as having economic potential. All evaluation and exploration expenses till high degree of confidence is achieved are expensed.

Evaluation expenditure are capitalised as Intangible assets when there is a high degree of confidence that the Company will determine that a project is commercially viable, that is the project will provide a satisfactory return relative to its perceived risks, and therefore it is considered probable that future economic benefits will flow to the Company.

The carrying values of capitalized evaluation expenditure are reviewed for impairment every year by management.

In respect of legacy Iron Ore Ltd.

Mineral tenements are carried at cost, less accumulated impairment loss. Mineral exploration and evaluation is accumulated in respect of each identifiable area of interest. These costs are only carried forward to the extent that they are expected to be recouped through the successful development of the area of interest or sale of that area of interest, or exploration and evaluation activities have not reached a stage of that area of interest or exploration and evaluation activities have not reached a stage which permits a reasonable assessment of the existence or otherwise of economically recoverable reserves and active or significant operations on or in relation to, the area of interest are continuing.

Accumulated costs in relation to an abandoned area of interest are written off in full against profit in the year in which the decision to abandon that area is made. A regular review is undertaken of each area of interest to determine the appropriateness of continuing to carry forward costs in relation to that area of interest.

**xviii) Stripping cost:****Development stripping cost:**

Overburden and other mine waste material removed during the initial development of a mine in order to access mineral deposit are capitalized as Intangible Asset. Amortization of the same is done based on the life estimated by the management.

Production stripping cost:

Overburden and other mine waste materials which are removed throughout the production phase of mine and realised in the form of inventory are charged off to profit and loss account as production cost.

- ii) In respect of Associate companies, the consolidated financial statements are drawn by considering the unaudited financial statements for the period ending 31/03/2017 except International Coal Venture Limited (ICVL) and Neelachal Ispat Nigam Limited (NINL).
- iii) In respect of Joint Venture i.e. Kopano-NMDC Minerals (Proprietary) Limited, South Africa, the consolidated financial statements are drawn by considering the latest available unaudited financial statements of 2015-16. In respect of other joint ventures companies the consolidated financial statements are drawn by considering the unaudited financial statements for the period ending 31/03/2017.

M/s Jharkhand National Mineral Development Corporation Limited and M/s NMDC-CMDC Limited has been considered as Joint Venture as per the provisions of IND-AS 110, wherein the promoters collectively control the Companies and act together to direct the activities. Accordingly, the consolidated financial statements are drawn using Equity Method from the transition date i.e. 01-04-2015, which in the earlier GAAP was consolidated as Subsidiary Companies.

- iv) A decision was earlier taken to go ahead with setting up of 30000 TPA dead burnt magnesite plant at Panthal, Jammu. Environment clearance was granted vide Ministry of Environment & Forests (MOEF) vide their letter dated 03.05.2011. Major works were awarded during 2015-16. However MOEF vide their letter dated 28.10.2016 had withdrawn the environment clearance granted earlier and all the works have been suspended. As there appears to be no immediate sign of resumption of activity, the Equity amount of Rs.28.51 Crore and Advances to an extent of Rs.13.86 Crore (adjusted for free cash & bank balance) has been provided for.
- v) The Government of Karnataka vide its Order No. CI 264 SPI 2009, Bengaluru dated: 10.07.2015 has approved the proposal of NMDC to transfer the project approval in favour of Karnataka Vijayanagar Steel Limited, a wholly owned subsidiary of M/s NMDC Ltd.

KVSL Board in its meeting held on 30.03.2016 has approved that the expenditure made till date in the books of NMDC on the project shall be transferred to Karnataka Vijayanagar Steel Limited.

Accordingly, KVSL recognized a liability of an amount of Rs.638.65 Crore (Previous year Rs.637.20 Crore paid by NMDC to Karnataka Industrial Area Development Board (KIADB) towards advance for acquisition of 2968 acres of land for setting up of Steel Plant.

Note-2.31.2 : The following subsidiary/JV/Associate companies are not consolidated for the following reasons:

- a) The accounts of the subsidiary company i.e. NMDC SARL, Madagascar as the Company is under closure and in the process of winding up.
- b) The accounts of the associate Company Romelt-SAIL (India) Limited, New Delhi as the Company is in the process of winding up and suffers from significant impairment in its ability to transfer funds to the investor.

1.2 Disputed Claims under Income Tax Act.

The Hon'ble ITAT has delivered the orders in favour of the Company on the subject matter of alleged under invoicing pertaining to the Financial Years 2006-07 to 2009-10. The Department has filed appeals before the Hon'ble High Court and pending its decision, The amount of demands Rs.1207.14 Crore (Previous year Rs.1652.54 Crore including interest) is included under contingent liability.

1.3 Disputed claims under ' Karnataka Forest Act:

Government of Karnataka had introduced Forest Development Tax (FDT), to pay @ 12% on the sale value of iron ore with effect from 27.08.2008. NMDC preferred an appeal before Hon'ble High Court of Karnataka and the court passed an interim order directing the Company to pay 50% of FDT, consisting of 25% in cash and balance 25% in the form of Bank Guarantee. Accordingly the Company has deposited an amount of Rs.121.84 Crore (previous year Rs.121.84 Crore) in cash against the said demand which has been shown under Short term Loans and Advances and submitted bank guarantee of similar amount. The balance liability of Rs.243.69 Crore (previous year Rs.243.69 Crore) is included under disputed claims-taxes etc., under 1.1A - Contingent Liabilities.

Hon'ble High Court of Karnataka vide order dated 03.12.2015 has quashed the orders of Government of Karnataka levying the FDT and ordered refund of the tax collected within three months and accordingly the Company has lodged refund claims. However, Government of Karnataka has filed a Special Leave Petition

with Hon'ble Supreme Court of India, challenging the orders of Hon'ble High Court of Karnataka. Hon'ble Supreme Court of India has accepted the same and imposed stay on refund of the FDT amount.

Meanwhile Karnataka State Govt had enacted 'Karnataka Forest (Amendment) Act 2016 vide Gazette notification dated 27.07.2016. The amendment substituted the word 'Tax' in the principal act to 'Fee' wef 16th day of Aug 2008. Based on this the Monitoring Committee had started billing the Forest Development Fee in its invoices. Meanwhile consumers in Karnataka had filed separate Writ petitions in Hon'ble High Court of Karnataka on the above. Karnataka High Court vide its order dated 20th Sept 2016, had ordered that State Govt may restrain from collecting FDF during the pendency of the writ petition subject to the condition of furnishing the bank guarantee in respect of 25% of the demand in relation to future transactions. Karnataka State Govt had approached Hon'ble Supreme Court on this. Hon'ble Supreme Court vide its order dated 13.02.2017 had modified the order of Hon'ble High Court of Karnataka and ordered for payment of 50% of the demanded amount and furnish bond for balance amount.

The amount billed by the Monitoring Committee amounting to Rs.110.28 Crore towards newly introduced FDF has been accounted under Sales revenue. With regard to the earlier amounts the amount of Rs.243.69 Crore was included under disputed claims 1.1A. Since Rs.121.84 Crore paid was accounted under 'Loans and Advances', the same is now added to disputed claims under 1.1A totalling to Rs.365.53 Crore. The amount of Rs.121.84 Crore for which BG was given is shown under 'Contingent Liability on BG's' at 1.2.

Note-2.33 : Mining issues at Donimalai Complex in Karnataka

The Monitoring Committee has retained 10% of sale proceeds for the period from 04/10/2011 to 31/03/2017 amounting to Rs.1,350 Crore (previous year Rs.1,105.05 Crore) pending finalisation of R&R plan. The amount is included under "Trade Receivables".

The Rehabilitation and Reclamation (R&R) plan prepared by ICFRE and submitted to Central Empowered Committee appointed by the Hon'ble Supreme Court of India was considered and approved. However the Monitoring Committee has not yet released the balance payment as the issue is still pending with the Hon'ble Supreme Court of India.

Based on the subsequent events, Company has reviewed the reasonability of realization of the 10% of the sales proceeds considered under the trade receivables from Monitoring Committee and under Ind AS 109, has provided for 100% of the said amount.

Interest on Outstanding Dues: As per the direction of Hon'ble Supreme Court, Monitoring Committee initially was to pay interest at the rate of 6% on the outstanding dues. However, Monitoring Committee vide its letter dt. 20.01.16 informed that it reduced the interest rate from 6% to 3% which is applicable retrospectively. Accordingly, the Company made reversal of Rs.47.66 Crore towards reduction in interest rate in the books. Thereby the total interest income receivable from Monitoring Committee as on 31.3.2017 is Rs.42.35 Crore which is included other financial assets.

Note-2.34.2 : Segment Reporting as per Ind-AS-108

A. Basis for segmentation

An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses and for which discrete financial information is available. All operating segments' operating results are reviewed regularly by the Board of Directors to make decisions about resources to be allocated to the segments and assess their performance.

The Company has two reportable segments, as described below, which are the Company's strategic business units. These business units offer different products and services, and are managed separately because they require different technology and marketing strategies. For each of the business units, the company's Board reviews internal management reports on a periodic basis.

The following summary describes the operations in each of the Company's reportable segments:

B. Information about reportable segments

Information regarding the results of each reportable segment is included below. Performance is measured based on segment profit (before tax), segment revenue and segment capital employed as included in the internal management reports that are reviewed by the board of directors. Segment profit is used to measure performance as management believes that such information is the most relevant in evaluating the results of certain segments relative to other entities that operate within these industries. Inter-segment pricing is determined on an arm's length basis.

2.35.11 Financial Risk Management

a) Risk Management Framework

The Company's Board of Directors has overall responsibility for the establishment and oversight of the Company's Risk Management Framework. The Board of Directors has established the Risk Management Committee, which is responsible for developing and monitoring the Company's risk management policies. The committee reports regularly to the Board of Directors on its activities.

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company, through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

The Board of Directors monitors the compliance with the Company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Company.

The Company has exposure to the following risks arising from financial instruments:

Risk	Exposure arising from	Measurement	Management
Credit risk	Cash and cash equivalents, trade receivables, loans	Ageing analysis and Credit ratings	Diversification of bank deposits, credit limits and letters of credit
Liquidity risk	Borrowings and other liabilities	Rolling cash flow forecasts	Availability of deposits with differing maturities & committed borrowing facilities to facilitate the day today working capital requirements.
Market risk-currency risk	Imports giving rise to foreign currency payables*	-	-

* The import of spares through Foreign LC's are not material in value accordingly the management does not apprehend any major management of currency risk. Though the Company exports iron ore through MMTC, it is not directly exposed to foreign currency risk as such transactions are effected in the Company's functional currency.

This note presents information about the Company's exposure to each of the above risks, the Company's objectives, policies and processes for measuring and managing risk, and the Company's management of capital.

Further quantitative disclosures are included throughout these financial statements.

A. Credit risk :

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and deposits with banks.

(a) Trade receivables:

The Company sales are generally based on advance payments and through LC's. The trade receivables in the books are mainly on account of credit sales to M/s RINL Limited, CPSE under the Ministry of Steel and the Sales of Iron Ore in the State of Karnataka which is through Monitoring Committee (MC) appointed by Hon'ble Supreme Court of India.

Expected credit loss for trade receivables under simplified approach is detailed as per the below tables:

The impairment provisions for trade receivables disclosed above are based on assumptions about risk of default and expected loss rates. The Company has used judgment in making these assumptions and selecting the inputs to the impairment calculation, based on Company's past history at the end of each reporting period.

- (b) **Financial instruments and cash deposits:** Credit risk from balances with banks is managed by the Company's treasury department in accordance with DPE guidelines & Company's policy. Investments of surplus funds are made only with scheduled commercial banks having a minimum net worth of Rs.500 Crore (after adjustment of NPA;s) within limits assigned to each bank. The limits are reviewed by the Company's Board of Directors on an annual basis. The limits are set to minimise the concentration of risks and therefore mitigate financial loss through counterparty's potential failure to make payments.

B. Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

Typically the Company ensures that it has sufficient cash on demand to meet expected operational expenses for a period of 60 days, including the servicing of financial obligations; this excludes the potential impact of extreme circumstances that cannot reasonably be predicted, such as natural disasters. In addition, the Company has taken fund based limits with banks to meet its short term financial obligations.

C. Market risk

Market risk is the risk that changes in market prices, such as foreign exchange rates and interest rates will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

- (i) **Foreign currency risk:** Since majority of the Company's operations are being carried out in India and since all the material balances are denominated in its functional currency, the Company does not carry any material exposure to currency fluctuation risk.

The Company's exposure to foreign currencies is minimal and hence no sensitivity analysis is presented.

- (ii) **Interest rate risk:** Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company quite often bridges its short term cash flow mismatch by availing working capital loans from banks against its fixed deposits. Such loans have a very short tenure and the interest rate on such loans is based upon the rates offered by banks on fixed deposits, increased by a few basis points. Since the interest rates on fixed deposits are fixed, the Company does not have any interest rate risk on such loans availed on a loan to loan basis.

The Company's exposure to interest rate risk is minimal and hence no sensitivity analysis is presented.

2.35.12 Capital Management

a) Risk management

The primary objective of the Company's capital management is to maximise the shareholder value. The Company's objectives when managing the capital are to safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders, and

The Board's policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. The Board of Directors and senior management monitors the return on capital, which the Company defines as result from operating activities divided by total shareholders' equity. The Board of Directors and senior management also monitor the level of dividends to ordinary shareholders by adhering to its dividend policy.

For the purpose of the Company's capital management, capital includes issued equity capital and all other equity reserves attributable to the equity holders.

Ind AS 101 permits a first-time adopter to continue with the carrying value for all its property, plant and equipment as recognised in the financial statements as at the date of transition to Ind AS, measured as per the previous GAAP and use that as its deemed cost as at the date of transition after making the necessary adjustments for the commissioning liabilities. This exemption can also be used for intangible assets covered by the Ind AS 38 intangible assets and investments in subsidiaries, associates and joint ventures. Accordingly, the Company has elected to measure all of its property, plant and equipment, intangible assets and investments in subsidiaries and associates at their previous GAAP carrying value.

A.1.2 Decommissioning liabilities included in the cost of property, plant and equipment

Appendix 'A' to Ind AS 16 Changes in Existing Decommissioning, Restoration and Similar Liabilities requires specified changes in a decommissioning, restoration or similar liability to be added to or deducted from the cost of the asset to which it relates; the adjusted depreciable amount of the asset is then depreciated prospectively over its remaining useful life. A first-time adopter need not comply with these requirements for changes in such liabilities that occurred before the date of transition to Ind AS. In other words, a first-time adopter will not need to estimate what provision would have been calculated at earlier reporting dates. Instead, the decommissioning liability is calculated at the date of transition and it is assumed that the same liability (adjusted only for the time value of money) existed when the asset was first acquired/constructed.

A.1.3 Stripping Costs

The company in accordance with Appendix B of Ind AS 16 has developed an accounting policy whereby expenditure towards overburden and other mine waste material removal during the initial development of a mine in order to access mineral deposit would be capitalised as an Intangible asset. Para D32 of Ind AS 101 provides that the first time adopter may apply the requirements of Appendix B of Ind AS 16 prospectively from the date of transition to Ind ASs.

A.2 Ind AS mandatory exemptions

A.2.1 Estimates

An entity's estimates in accordance with Ind AS' at the date of transition to Ind AS shall be consistent with the estimates made for the same date in accordance with the previous GAAP (after adjustments to reflect any difference in accounting policies) unless there is an objective evidence that those estimates were in error.

"Ind AS estimates as at 1 April 2015 are consistent with the estimates as at the same date made in conformity with the previous GAAP. The Company made estimates for the following items in accordance with Ind AS at the date of transition as there were not required under previous GAAP. Impairment of financial assets (Trade Receivables) based on the expected credit loss model."

A.2.2 Classification and measurement of financial assets (other than equity instruments)

Ind AS 101 requires an entity to assess classification and measurement of financial assets on the basis of the facts and circumstances that exists at the date of transition to Ind AS.

A.2.3 De-recognition of financial assets and financial liabilities

Ind AS 101 requires a first time adopter to apply the de-recognition provisions for Ind AS 109 prospectively for transactions occurring on or after the date of transition to Ind AS. However, Ind AS 101 allows first time adopter to apply the derecognition requirements provided that the information needed to apply Ind AS 109 to financial assets and financial liabilities derecognised as a result of past Ind AS 101 retrospectively from the date of entity's choosing, transactions was obtained at the time of initially accounting for the transactions.

The Company has elected to apply the de-recognition provisions of Ind AS 109 prospectively from the date of transition to Ind-AS.

B. Reconciliation between previous GAAP and Ind AS

Ind AS 101 requires an entity to reconcile equity, total comprehensive income and cashflows for prior periods. The following tables represent the reconciliations from previous GAAP to Ind AS.

C. Notes to first-time adoption**Note 1 : Spares**

As per Ind AS 16, spares meeting the definition of Property, Plant and Equipment have been capitalised on the date such spares were ready for their intended use. As a result, inventories as on 31st March 2016 decreased by Rs.14.91 Crore (1st April 2015 : Rs.9.15 Crore), property plant and equipment as on 31st March 2016 increased by Rs.2.64 Crore (1st April 2015 : decreased by Rs.1.77 Crore) and depreciation for the year ended 31st March 2016 increased by Rs.8.81 Crore. Under the previous GAAP, such spares were charged to statement of profit and loss account under 'cost of materials consumed' as and when such spares were issued on the floor. The amount of Rs.6.76 Crore charged to consumption account for the year ended 31st March 2016 in respect of above spares was reversed upon transition to IND AS resulting in a net decrease in equity by Rs.2.09 Crore as on 31st March 2016 (decreased for Rs.7.37 Crore as on 1st April 2015).

Note 2 : Asset Retirement Obligation

The cost of an item of property plant and equipment under Ind AS 16 includes an initial estimate of the obligation in respect of costs of dismantling and removing the item and restoring the site on which such item is located ("decommissioning liabilities" or "asset retirement obligation"). Accordingly on transition to Ind AS as on 1st April 2015, property plant and equipment was increased by Rs.0.69 Crore with a corresponding increase in provision representing the discounted value of the aforementioned obligation. Additional depreciation for the year ended 31st March 2016 on account of asset retirement obligation was Rs.0.04 Crore. Further, impact on finance cost for the year ended 31st March 2016 due to unwinding of the above provision was Rs.0.11 Crore.

Note 3 : Deferred Tax

Deferred Tax has been recognised on the adjustments made on transition to Ind AS.

Note 4 : Funding of Mine Closure Obligation

Under the previous GAAP, mine closure obligation estimated by the company as on the reporting date was relected net off the fund maintained with LIC for financing such expenditure in future on closure of mines in the absence of any specific guidance in this regard. Appendix A of Ind AS 37 states that the contributor shall recognize its obligation to pay decommissioning costs as a liability and recognize its interest in the fund separately unless the contributor is not liable to pay decommissioning costs even if the fund fails to pay. Accordingly, the fund balance with LIC as on 31st March 2016 of Rs.324.97 Crore (1st April 2015 : Rs.299.51 Crore) was shown under 'Other Non Current Assets' and consequently the non current provisions was grossed up to this extent, thus having no resultant impact on equity.

Note 5 : Expenditure on Enabling Facilities

The company has charged off expenditure incurred by it towards enabling facilities such as doubling of railway line as the control criteria for recognition of asset was not being met. This has resulted in a decrease in equity as on 31st March 2016 by Rs.166.44 Crore (1st April 2015 : Rs.102.12 Crore).

**Note 6 : Impairment of Financial Assets - Trade Receivables**

As per Ind AS 109, the company is required to apply expected credit loss model for recognising the allowance for doubtful debts. As a result, the allowance for doubtful debts increased by Rs.295.50 Crore as at 31 March 2016 (1 April 2015 – Rs.804.51 Crore). Consequently, the total equity as at 31 March 2016 decreased by Rs.295.50 Crore (1 April 2015 – Rs.804.51 Crore) and profit for the year ended 31 March 2016 decreased by Rs.1,100.01 Crore.

Note 7 : Grossing up of assets and liabilities

Ind AS 1 states that an entity shall not offset assets and liabilities unless required by other Ind AS or when offsetting reflects substance of the transaction or event. The company by virtue of order/notice was required to pay FDT under protest to the regulatory authority. A portion of such amount was recovered from the suppliers and the net amount was disclosed under loans and advances under the previous GAAP. Applying the above guidance, the company has disclosed the amounts received from the suppliers (March 2016 : Rs.114.70 Crore; April 2015 : Rs.114.70 Crore) separately from amounts paid under protest. Accordingly, other non current assets and other financial liabilities under Ind AS as at 31st March 2016 and 1st April 2015 increased by Rs.114.70 Crore.

Note 8 : Proposed dividends

Under the previous GAAP, dividends proposed by the board of directors after the balance sheet date but before the approval of the financial statements were considered as adjusting events. Accordingly, provision for proposed dividend including dividend tax was recognised as a liability. Under Ind AS, such dividends including dividend tax are recognised when the same is approved by the shareholders in the general meeting. Accordingly, the liability for proposed dividend including dividend tax of Rs.620.34 Crore as at 1st April 2015 included under provisions has been reversed with corresponding adjustment to retained earnings. Consequently, the total equity increased by an equivalent amount.

Note 9 : Prior Period Items

Under previous GAAP, prior period items identified in a particular period were disclosed separately in computing the net profit for that period. Under Ind AS, prior period items are recognised by restating the comparative amounts for the period to which the error pertains. Where the error pertains to a period prior to the earliest reporting period, adjustments are made to the opening balances of assets, liabilities and equity of the earliest reporting period. As a result as on March 16 on account of prior period items, other equity stands reduced by Rs.3.42 Crore (April 15 : Rs.16.04 Crore), assets have reduced by Rs.3.42 Crore (April 15 : Rs.14.26 Crore) and liabilities have been reduced by Rs.1.78 Crore (April, 15 : increased by Rs.1.78 Crore).

Note 10 : Excise Duty

Under the previous GAAP, revenue from sale of products was presented exclusive of excise duty. Under Ind AS, revenue from sale of goods is presented inclusive of excise duty as the excise duty is collected by the Company as a principal unlike other indirect taxes. The excise duty paid is presented on the face of the statement of profit and loss as part of expenses. This change has resulted in an increase in total revenue and total expenses for the year ended 31 March 2016 by Rs.1.47 Crore. There is no impact on the total equity and profit.

Note 11 : Fair Valuation of accommodation given to employees on concessional rent

The company has allotted staff quarters to some of its employees at nominal rent. Employee benefits as per Ind AS 19 also include non monetary benefits like housing provided to the employees in relation to their service. Accordingly Employee benefit expense on this account has increased by Rs.9.40 Crore with a corresponding increase in notional rental income.

Note 12 : Remeasurement of post employment benefit obligations

Under Ind AS, remeasurements i.e. actuarial gains and losses and the return on plan assets, excluding amounts included in the net interest expense on the net defined benefit liability are recognised in other comprehensive income instead of profit or loss. Under the previous GAAP, these remeasurements were forming part of the profit or loss for the year. As a result of this change, the profit for the year ended March 31, 2016 decreased by Rs.22.63 Crore. There is no impact on the total equity as at 31 March 2016.

Note 13 : Discontinued Operation

Under the previous GAAP, the concept of disposal group held for sale did not exist. Accordingly, assets and liabilities of disposal group had not been presented as held for sale. The company had disclosed land and vehicles held for sale under 'Other current assets' in accordance with AS 10 Accounting for Fixed Assets.

Ind AS 105 Non-current Assets Held for Sale and Discontinued Operations requires disposal group to be identified as held for sale if the carrying amount will be recovered principally through a sale transaction rather than through continuing use and a sale is considered highly probable. Ind AS 105 lays down detailed guidelines and criteria in this regard. Based on the assessment performed by the management, it has been determined that the assets and liabilities of Lalapur unit should be presented as held for sale under Ind AS. Consequently, the assets and liabilities of disposal group held for sale have been presented separately from the other assets and other liabilities respectively in the balance sheet. There is no impact on the total equity or profit as a result of this adjustment. Further, the operations of this business have been presented as discontinued operations under both Ind AS and previous GAAP in the statement of profit and loss.

Note : 14 Business combinations

As per Ind AS 101, at the date of transition, an entity may elect not to restate business combinations that occurred before the date of transition. If the entity restates any business combinations that occurred before the date of transition, then it restates all later business combinations, and also applies Ind AS 110, Consolidated Financial Statements, from that same date. The Group has opted not to restate any business combinations before the date of transition.

Note : 15 Non-controlling interests

Ind AS 110 requires that total comprehensive income should be attributed to the owners of the parent and the NCI even if this results in the NCI having a negative balance. Ind AS 101 requires this requirement to be applied prospectively from the date of transition to Ind AS. However, if an entity elects to apply Ind AS 103 retrospectively to past business combinations, it has to also apply Ind AS 110 from the same date.

The Group has elected to not apply Ind AS 103 retrospectively to business combinations that occurred before the date of transition and hence this requirement is applied prospectively.
