Flag bearer in Paper Industry

- Average NSR for the Q2 improved 8.4\% over Q1 FY23. Rise in input costs i.e., coal, wood and imported pulp prices, have helped in upward price-corrections getting absorbed in the market across all segments.
- Various new initiatives like Digitalization of S\&OP processes through implementation of CRM system, improvised machine shut planning have enhanced operational efficiency.
- Cost reduction initiatives like complete elimination of certain chemicals' consumption as well as reducing packaging cost have delivered results in Q2.
- Various sustainability initiatives like reduction of lime sludge generation by $50 \%$ would reduce additional operational cost of its disposal.

## MARKET OUTLOOK

- Writing \& Printing paper (WPP) demand is expected to increase on account of the single-use plastic ban despite heavy cost pressure in the domestic market due to imports and price corrections by B-grade mills.
- The tissue segment is expected to perform better in Q3, with major tissue consumption centers being fully operational.
- The board segment market is expected to be subdued due to lower demand and competitive low-priced imports.
- With the reopening of most paper consumption centres and subsiding high input prices, the short to medium term outlook for the Indian paper industry appears to be positive.
- Export demand from Europe/USA will remain low due to recession impact as well as competitive pricing from China \& Indonesia

Q1 FY23

- Collection of fallen pine tree leaves (Perul), which may cause wildfire during summer, utilized as fuel in our Boilers. 124 MT Perul received and processed during Q2, FY23. Also created employment ( 2500 Beneficiaries)
- Campaign for illumination of single use plastic at District Nainital \& Champawat during August-22.

- Construction of houses ( 6 nos.) has completed at Bindukhatta, Lalkua.
- Installation of India mark hand pumps (2 nos.) to provide safe drinking water to nearby residents.( Beneficiaries - About 60 nos.)
- Construction of 10 nos. toilets for poor people at Bhindukhatta.

## ABrla Century <br> Textiles

World's $2^{\text {nd }}$ and India's $1^{\text {st }}$ LEED V4 certified Textile Mfg. Co.

- Demand for printed segment was stable on account of long delivery period and higher cost of yarn-dyed fabrics.
- Developed Cost-effective FIR (Far Infrared Reflective) functional fabric with ABSTC. Patent to be shortly filed in USA jointly with ABSTC.
- As a part of CSR drive, Dev foundation engaged for development of Vermi Compost for organic farming among 200 farmers.

#### Abstract

\section*{MAJOR TAKEAWAYS - Textile business is facing challenging times; however, apparel fabric demand has been stable in the domestic market. Export enquiries / orders declined considerably due to high inflation and expected low demand in USA and EU.

- Launched 'GYAANPATH', a training center for employees to pursue various ESG based GVC courses.

## MARKET OUTLOOK

- Rising interest rates, increased borrowing costs, along with high spike in Gas charges are weighing on economic activity of the final home textile consumers in USA and European Union.
- Prices will be under pressure due to decreasing cotton rates and expected low demand in international markets.
- Overall Indian economy is doing well and in our main market i.e. domestic in apparel division, we expect steady demand and regular business from Q4.
