Sub: - Investor Presentation

Dear Sir/Madam

Please find attached herewith Investor Presentation of the Company w.r.t. Financial Results of the Company for Q2 and H1 FY21, for your record and further dissemination.

Kindly take the same on record.

Thanking You,

Yours Sincerely

For Salasar Techno Engineering Limited

Pramod Kumar Kala

(Chief Financial Officer)

CIN No.- L23201DL2001PLC174076

### **Disclaimer**

This presentation and the accompanying slides (the "Presentation"), which have been prepared by Salasar Techno Engineering Limited (the "Company"), have been prepared solely for information purposes and do not constitute any offer, recommendation or invitation to purchase or subscribe for any securities, and shall not form the basis or be relied on in connection with any contract or binding commitment whatsoever. No offering of securities of the Company will be made except by means of a statutory offering document containing detailed information about the Company.

This Presentation has been prepared by the Company based on information and data which the Company considers reliable, but the Company makes no representation or warranty, express or implied, whatsoever, and no reliance shall be placed on, the truth, accuracy, completeness, fairness and reasonableness of the contents of this Presentation. This Presentation may not be all inclusive and may not contain all of the information that you may consider material. Any liability in respect of the contents of, or any omission from, this Presentation is expressly excluded.

Certain matters discussed in this Presentation may contain statements regarding the Company's market opportunity and business prospects that are individually and collectively forward-looking statements. Such forward-looking statements are not guarantees of future performance and are subject to known and unknown risks, uncertainties and assumptions that are difficult to predict. These risks and uncertainties include, but are not limited to, the performance of the Indian economy and of the economies of various international markets, the performance of the industry in India and world-wide, competition, the company's ability to successfully implement its strategy, the Company's future levels of growth and expansion, technological implementation, changes and advancements, changes in revenue, income or cash flows, the Company's market preferences and its exposure to market risks, as well as other risks. The Company's actual results, levels of activity, performance or achievements could differ materially and adversely from results expressed in or implied by this Presentation. The Company assumes no obligation to update any forward-looking information contained in this Presentation. Any forward-looking statements and projections made by third parties included in this Presentation are not adopted by the Company and the Company is not responsible for such third party statements and projections.

## **Recent Developments**

- Secured 6 tenders from Prasar Bharti
  - Scope: Design, Supply, Erection,
     Testing and commissioning of 100M
     self-supporting lattice steel tower
  - **Value:** Rs 13.45 cr
- Received 2<sup>nd</sup> order under 2-year supply agreement with American Tower Corporation (ATC) for supply of towers in 5 African countries South Africa, Kenya, Uganda, Nigeria and Ghana in Q1
  - Scope: Supply telecom towers to Burkina Faso and Nigeria
  - Value: USD 1 Mn

- Secured order from AVAADA Clean
  Project Private Limited
  - Scope: Supply of Solar ModuleMounting Structure for their300MW Plant at Bikaner Rajasthan
  - Value: Rs 7.40 cr
- Won EPC order for Railway
  Electrification at Pratapgarh &
  Janghai Stations of Lucknow Division
  - Scope: Design, Supply, Erection,
     Testing and Commissioning of 25 KV
     AC Single phase OHE in connection
     with yard remodeling
  - Value: Rs 10.56 cr

- Secured order from Western Railway, Vadodara
  - Scope: Design, supply, erection, testing and commissioning of 25 KV AC OHE between Dabhoi Badoli Section
  - **Value:** Rs 16.7 cr
- Secured order from Northern Railway, New Delhi
  - Scope: Design, supply, erection, testing and commissioning of 25KV
     AC single phase OHE in connection with Raibareli yard remodelling
  - Value: Rs 6.54 cr

## Company Overview

## Diversified product portfolio

### Transmission Line Towers

Manufacturing and deployment of transmission towers for EPC business, Turnkey Projects, supplying structures to other EPC contractors

#### **Solar Structures**

Manufacturing, fabrication and deployment of solar module mounting structures

#### **Telecom Towers**

Production of towers and monopoles that are designed as per time-tested Ramboll designs, in-house IIT certified designs, or tailored as per customer design

### Railway Electrification

Design, supply, erection, testing & commissioning of railway electrification including normal height OHE, High Rise OHE & TSS Works

### **Utility Poles**

Production of custom-made poles of the highest quality equipped with technologies like LED lights, CCTV cameras, pollution sensors, Wi-Fi routers

45K

**Telecom Towers** 

475KM

**Power Transmission lines** 

**217TKM**\*

**Railway Track electrification** 

\* Track Kilometres

## Technology driven facilities

## 3 State-of-art Steel Structure Manufacturing and Galvanising Facilities

Location: District Hapur (UP)
Unit-I, Jindal Nagar
Unit-II, Khera, Pilkhuwa
Unit-III, Khera, Pilkhuwa

1,30,000 Square yards
Installed Capacity:
1,00,000 MT of Steel
Galvanizing

Raw Materials:

Steel Shape and Section
Zinc (for Galvanising)

Nuts and Bolts

Machinery:
CNC Machines
Industrial Machinery
Hydra & Cranes

**Total Area:** 

# Technical Tie-up with Ramboll, Denmark

To manufacture lighter and lower costing tower structures and high mast poles. Their designs reduce the cost by 20% compared to conventional angular towers.

### RAMBOLL

Ramboll Telecom is a world leader in designing telecom and high mast Poles. With the experience of designing towers for last sixty years, their designs are time-tested and proven for performance

## **Experienced management team**

Mr. Alok Kumar B.Sc from Punjab University, Chandigarh

With experience spanning over 4 decades in trading, manufacturing and fabrication of iron & steel, Mr. Kumar is behind the group's spirit and commitment to deliver products and services of uncompromising quality and integrity

Mr. Shashank Agarwal B.E. (Mech.) from MIT, Manipal

With 25+ years of experience, Mr. Agarwal is a first generation entrepreneur who has been instrumental in building Salasar into one of the leading players in the sector. He is involved in all aspects of business and has been the driving force in creating the brand and image of Salasar

#### **Board of Directors:**

- Shalabh Agarwal
  Director
- Tripti Gupta
  Director
- Anil Kumar Jain
  Non-Executive and Independent Director

- Amit Jain
  Non-Executive and Independent Director
- Sanjay Chandak
  Non-Executive and Independent Director
- Vijay Kr jain
  Non-Executive and Independent Director

### **Key Management:**

Pramod Kumar Kala Chief Finance Officer

## Strong client base

- 1 Approved vendor for Power Grid Corporation Ltd.
- Qualified to bid for Rural Electrification projects
- Qualified by CORE (Central Organization for Railway Track Electrification)

## Industry Opportunities

## Industry opportunity - Telecom

### Mobile and Internet penetration

- The proportion of unique mobile subscribers to the total population is expected to reach around 63% in 2025 from 58% in July 2018
- With the increase in the mobile phone penetration and reducing data costs in India, it is expected that the current internet user base that stands at 687 Mn might get doubled in the next 5 years

#### **5G Rollout Plans & 4G Penetration**

- Increase in the 4G penetration to provide 4G access to ~80%\* of India's mobile subscriber base by 2024
- 5G rollout likely to attract ~USD 30 Bn<sup>^</sup> in collective capital expenditures over a period of next 5 years by the top three telecom operators in India
- With the positive outlook of the telecom sector it would be lucrative to move beyond traditional telecom business to wider digital consumer space like content and mobile banking solutions

Increased Demand for Telecom Tower Infrastructure pan India

### Government Initiatives that will provide a boost to the Telecom Infrastructure Segment

- The Government of India planned to roll out a new National Telecom Policy 2018 in lieu of rapid technological advancement in the sector over the past few years. The policy intends to attract investments worth USD 100 Bn in the sector by 2022
- The Department of Information Technology intends to set up over 1 Mn internet-enabled common service centers across India as per the National e-Governance Plan

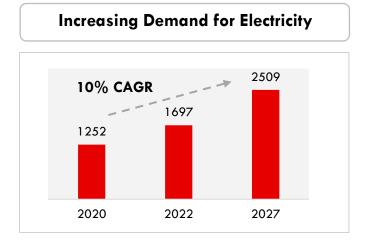

## Industry opportunity - Power & Railway

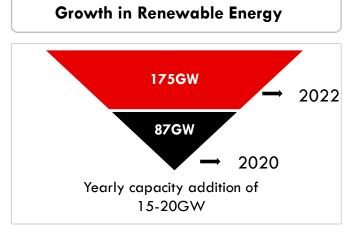

### Increased demand for power transmission infrastructure development

- Power consumption is estimated to reach up to 1,894.7 TW in 2022
- Increased demand for power transmission infrastructure development due to increasing inter regional power demand supply gap

#### **Government Initiatives**

- The Union Budget 2020-21 has allocated USD 2.27 Bn to the Ministry of Power
- Additional USD 786.95 Mn to Deen Dayal Upadhyay Gram Jyoti Yojana (DDUGJY) to provide power transmission infrastructure for rural electrification.

### Railways Electrification orders are on a rapid growth; aiming to double their capacity

- The railways have set a 100% electrification target by the next four years
- The Government is going to come up with a 'National Rail Plan' to enable the country to integrate its rail network and develop a multi-modal transportation network. Current Railway capex for 2020-21 is INR 1.5 Lakh Cr. expected to grow at CAGR of 18% for the next 10 years
- Electrification of 6,000 Km route is targeted, with wiring of the entire broad gauge network now envisaged for completion by 2023-24

## **Growth Strategy**

## **Growth strategy**

- New business manufacturing of structures for Road and Railway overbridges (ROBs) of 1,000 MT per month at a Capex of ~Rs 20 Cr during FY21. The capex will be funded from the subscription amount of warrants issued and internal accruals. The manufacturing will start by the end of FY21 and is expected to generate revenue of ~Rs 100 Crore yearly from next year. The company is already in the process of ordering the machines and the construction/erection of shed and other covered areas for the new plant has already started
- Tapping industry opportunities by expanding product portfolio and optimal utilization of existing capacity
- **Expanding tower designs** and leveraging on their tie-ups with Ramboll to provide value to the clients
- Strong focus on the export market to increase its share in the foreign market. Increasing market share domestically by targeting new customers and expanding relationships with the existing ones.
- Innovating and manufacturing differentiated products like camouflaged towers, monopoles, etc. to provide for the evolving infrastructural needs of the society
