“Annexure B”

To Independent Auditors’ Report of even date referred to in paragraph 2(f) under the heading of “Report on Other Legal and Regulatory Requirements”

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **Manas Properties Limited (Formerly known as Manas Properties Private Limited)** (“the Company”) as of 31 March 2018 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (“the ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Any revision of accounting estimates is recognised prospectively in current and future periods.</p>

- (i) The Company follows the Percentage Completion Method of Accounting to recognize revenue in respect of civil construction projects / development of real estate.
- (ii) Determination of revenues under the Percentage Completion Method necessarily involves making estimates by the Company, some of which are of technical nature, concerning, where relevant, the percentages of completion, and the foreseeable losses to completion. The auditors have relied upon such estimates.
- (ii) Income from leasing of property is recognised on a straight line basis over the lease term.
- (iii) The commission income is recognised on accrual basis.

2.6 Other Income:

- (i) Interest income is accounted on accrual basis.
- (ii) Dividend Income is accounted for when the right to receive is established.

2.7 Fixed Assets:

- (i) Fixed assets are stated at cost less accumulated depreciation / amortization and impairment losses, if any. Cost comprises of purchase price and any attributable cost such as duties, freight, borrowing costs, erection and commissioning expenses incurred in bringing the asset to its working condition for its intended use.
- (ii) Capital work-in-progress includes the cost of fixed assets that are not ready to use at the balance sheet date and advances paid to acquire fixed assets on or before the balance sheet date.

2.8 Inventories:

Inventories are valued at lower of cost and net realizable value. Construction work-in-progress includes cost of land, premium for development rights, and interest and expenses incidental to the projects undertaken by the Company. Inventories of finished units / stock in trade, if any, are valued at cost or estimated net realizable value whichever is lower.

2.9 Investments:

- (i) Long term Investments are carried at Cost plus brokerage and other charges. Provision is made to recognise a decline, other than temporary in value of investments and is determined separately for each individual investment.
- (ii) Current investments are carried at lower of cost and fair value, computed separately in respect of each category of investment.
- (iii) Investment properties are carried individually at cost less impairment, if any.

2.10 Employee Benefits

(i) Short-Term Employee Benefits

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. Benefits such as salaries and wages, leave salary etc. and the expected cost of ex-gratia are recognized in the period in which the employee renders the related services.

(ii) Post Employment Benefits:

Defined contribution & benefit plans:

The provisions of the Employees' Provident Funds and Miscellaneous Provisions Act, 1952 and the Gratuity Act, 1972 are not applicable to the Company. The Company does not have any other retirement benefit scheme for employees.

2.11 Borrowing Cost:

Borrowing costs that are attributable to the acquisition, construction or production of qualifying assets are treated as direct cost and are considered as part of the cost of such assets. A qualifying asset is an asset that necessarily requires a substantial period of time to get ready for its intended use or sale. All other borrowing costs are recognised as an expense in the period in which they are incurred.

2.12 Segment reporting:

The accounting policies adopted for segment reporting are in conformity with the accounting policies adopted for the Company.

2.13 Leases:

Lease arrangements where the risk and rewards incidental to ownership of an asset substantially vest with the lessor are recognized as operating lease. Lease payments under operating leases are recognised as an expense on accrual basis in accordance with respective lease agreements.

2.14 Earnings per share:

The Basic EPS is computed by dividing the net profit/(loss) attributable to the equity shareholders for the year by the weighted average number of equity shares outstanding during the reporting period. Diluted EPS is computed by dividing the net profit/(loss) attributable to the equity shareholders for the year by the weighted average number of equity and dilutive equity equivalent shares outstanding during the year, except where the results would be anti-dilutive.

2.15 Taxes on Income:

- (i) Income tax expense comprises of current tax, (i.e. amount of tax for the Year determined in accordance with the Income Tax Act) and deferred tax charge or credit (reflecting the tax effects of timing differences between accounting income and taxable income for the Year).
- (ii) Tax on current income for the current Year is determined on the basis of estimated taxable income and tax credits computed in accordance with the provisions of the Income-tax Act, 1961.
- (iii) The deferred tax charge or credit and the corresponding deferred tax liabilities or assets are recognised using the tax rates that are enacted or are substantially enacted by the balance sheet date. Deferred tax assets are recognised only to the extent there is reasonable certainty that the assets can be realised in future; however, where there is unabsorbed depreciation or carried forward loss under Taxation laws, deferred tax assets are recognised only if there is virtual certainty that such assets can be realised. Deferred tax assets are reviewed at each balance sheet date and written down or written up to reflect the amount that is reasonable / virtually certain (as the case may be) to be realised.

2.16 Impairment of Assets:

The Company assesses at each balance sheet date whether there is any indication that an asset may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset. The recoverable amount is the greater of the net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value based on an appropriate discount factor. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognized in the Profit and Loss Statement. If at the balance sheet date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount subject to a maximum of depreciable historical cost.

2.17 Provision, Contingent Liabilities and Contingent Assets:

The Company creates a provision where there is present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation. A disclosure for a contingent liability is made where there is a possible obligation that may, but probably will not require an outflow of resources. When there is a possible obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.
