Letter to Shareholders

Dear Fellow Shareowners,

I am delighted to inform you that we have again delivered outstanding performances on both financial and operational parameters across all our businesses. F.Y. 2017-2018 turned out to be a watershed year in the history of Airan.

The story continues and we are writing a new chapter of growth every year, while this year may be regarded as a marvellous start to a Golden Decade. In a domain full of volatility, indecision, intricacy and abstruseness, these triumphs are indeed commendable.

The presentation of 23rd Annual Performance Report for the financial year 2017-2018 is an opportunity for us to showcase our achievements. The company is growing at a faster momentum and establishing new benchmarks year by year. The growth of the company is essentially because of the continued faith by all the stakeholders including customers, suppliers, bankers, employees and the shareholders. I thank and congratulate everyone at Airan for this feat.

The implementation of GST is well taken by our company and improved factors on the part of compliances and other formalities. By and large, it turned out to be a positive move as far as our company is concerned.

Again, this year the company has attained an all-round improvement in its performance, specifically in consolidating and concentrating on the higher margin businesses and achieving operational efficiency through process-reengineering while adhering to all the statutory compliances and reporting requirements. The main focus was on information security, which is a global concern nowadays. The company is implementing and abiding by all the InfoSec policy guidelines, including Business Continuity Plan (BCP) etc.

Airan believes that new technologies and data power will help unleash the potential of India's human capital. While the company is endeavouring to grow organically on its own, this year, the company has set up / taken over three wholly owned subsidiaries (WOS) to grow inorganically as well.

I would like to thank all my colleagues for their dedication, innovation and hard work. By setting new standards in the businesses, we operate in, our team is delivering on our mission to generate sustainable value for our stakeholders. These efforts also help us to deliver inclusive growth converging in to Value Creation and make life better for everyone.

I earnestly appreciate the Board of Directors for their guidance. I would further like to express my gratitude to all our stakeholders for their continuing faith in Airan.

With best wishes,
Sincerely,

Sandeep Agrawal
Managing Director

A Company's internal financial control over financial reporting includes those policies and procedures that

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of the management and directors of the company;
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Control over Financial Reporting

Because of the inherent limitations of internal financial control over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to fraud or error may occur and not be detected. Also, projections of any evaluation of the internal financial control over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the ICAI.

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company and its subsidiary companies, which are companies incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ('the Guidance Note') issued by the Institute of Chartered Accountants of India and the Standards on Auditing, prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Company and its subsidiary companies, which are companies incorporated in India.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of the management and directors of the company;

- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Control over Financial Reporting

Because of the inherent limitations of internal financial control over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to fraud or error may occur and not be detected. Also, projections of any evaluation of the internal financial control over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the Company and its subsidiary companies, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2018, based on the internal control over financial reporting criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.
